1.17 revenue basic formula allowance for the previous school year. The second tier local optional
1.18 allowance equals \$424 for fiscal years 2025 through 2027. For fiscal year 2028 and later,
1.19 the second tier local optional allowance equals the second tier local optional allowance for
1.20 the previous year times the ratio of the general education basic formula allowance for the
1.21 current year to the general education revenue basic formula allowance for the previous
1.22 school year.
