(b) If suspension occurs and if the policyholder or certificate holder loses entitlement to this medical assistance, the policy or certificate shall be automatically reinstated, effective as of the date of termination of this entitlement, if the policyholder or certificate holder provides notice of loss of the entitlement within 90 days after the date of the loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

If the suspended policy provided coverage for outpatient prescription drugs, reinstatement of the policy for Medicare Part D enrollees must be without coverage for outpatient prescription drugs and must otherwise provide coverage substantially equivalent to the coverage in effect before the date of suspension, and (3) premiums are classified on terms that are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had coverage not been suspended.

Subd. 1h. **Limitations on denials, conditions, and pricing of coverage.** (a) No health carrier issuing Medicare-related coverage in this state may impose preexisting condition limitations or otherwise deny or condition the issuance or effectiveness of any such coverage available for sale in this state, nor may it discriminate in the pricing of such coverage, because of the health status, claims experience, receipt of health care, medical condition, or age of an applicant where an application for such coverage is submitted: (1) prior to or during the six-month period beginning with the first day of the month in which an individual first enrolled for benefits under Medicare Part B; or (2) during the open enrollment period: if the applicant:

(i) is age 65 to 70 and the applicant is applying for coverage during the open enrollment period for the first time; and

(ii) meets the requirements under subdivision 1r, paragraph (c).

Sec. 4. Minnesota Statutes 2024, section 62A.31, subdivision 1p, is amended to read:

Subd. 1p. **Renewal or continuation provisions.** (a) Medicare supplement policies and certificates shall include a renewal or continuation provision. The language or specifications of the provision shall be consistent with the type of contract issued. The provision shall be appropriately captioned and shall appear on the first page of the policy or certificate, and shall include any reservation by the issuer of the right to change premiums. Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy or certificate, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy or certificate after the date of issue or at reinstatement or renewal that reduce or eliminate benefits or coverage in the policy or certificate shall require a signed acceptance by the insured. After the date of policy or certificate issue, a rider or endorsement that increases benefits or coverage with a concomitant increase in premium during the policy or certificate term shall be agreed to in writing and signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy, declaration page, or certificate. If a Medicare supplement policy or certificate contains limitations with respect to preexisting conditions, the limitations must appear as a separate paragraph of the policy or certificate and be labeled as "preexisting condition limitations."

(b) Issuers of accident and sickness policies or certificates that provide hospital or medical expense coverage on an expense incurred or indemnity basis to persons eligible for Medicare shall provide to those applicants a "Guide to Health Insurance for People with Medicare" in the form developed by the Centers for Medicare and Medicaid Services and in a type size no smaller than 12-point type. Delivery of the guide must be made whether or not such policies or certificates are advertised, solicited, or issued as Medicare supplement policies or certificates as defined in this section and section 62A.3099. Except in the case of direct response issuers, delivery of the guide must be made to the applicant at the time of application, and acknowledgment of receipt of the guide must be obtained by the issuer. Direct response issuers shall deliver the guide to the applicant upon request, but no later than the time at which the policy is delivered.

EFFECTIVE DATE. This section is effective August 1, 2026.
Laws 2025, First Special Session chapter 4, article 5, section 5

Sec. 5. Minnesota Statutes 2024, section 62A.31, subdivision 1r, is amended to read:

Subd. 1r. **Community rate.** (a) Each health maintenance organization, health service plan corporation, insurer, or fraternal benefit society that sells Medicare-related coverage shall establish a separate community rate for that coverage. ~~Beginning January 1, 1993,~~ No Medicare-related coverage may be offered, issued, sold, or renewed to a Minnesota resident, except at the community rate required by this subdivision. The same community rate must apply to newly issued coverage and to renewal coverage.

(b) For coverage that supplements Medicare and for the Part A rate calculation for plans governed by section 1833 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., the community rate may take into account only the following factors:

- (1) actuarially valid differences in benefit designs or provider networks;

APPENDIX
Repealed Minnesota Session Laws: 26-06960

(2) geographic variations in rates if preapproved by the commissioner of commerce; ~~and~~

(3) premium reductions in recognition of healthy lifestyle behaviors, including but not limited to, refraining from the use of tobacco. Premium reductions must be actuarially valid and must relate only to those healthy lifestyle behaviors that have a proven positive impact on health. Factors used by the health carrier making this premium reduction must be filed with and approved by the commissioner of commerce; and

(4) for coverage that supplements Medicare, premium increases on an individual who enrolls in a Medicare supplement policy outside of the individual's initial enrollment period in Medicare Part B. This paragraph does not apply to individuals who enroll in a Medicare supplement policy pursuant to subdivision 1u, paragraph (b), clauses (1) to (8). The increases described in paragraph (c) apply each year an individual is enrolled in a Medicare supplement policy and are in addition to any standard increases in community rate.

(c) The premium increases permitted under paragraph (b), clause (4):

(1) apply to an individual age 65 to 70;

(2) apply to an individual who enrolls in a Medicare supplement policy pursuant to subdivision 1h, paragraph (a), clause (2);

(3) apply only the first time the individual enrolls;

(4) apply for the duration of time the policy is in force; and

(5) must equal:

(i) for an individual who enrolls during the 2026 open enrollment period, 15 percent;

(ii) for an individual who enrolls during the 2027 open enrollment period, 20 percent;

(iii) for an individual who enrolls during the 2028 open enrollment period, 25 percent;

(iv) for an individual who enrolls during the 2029 open enrollment period, 30 percent;

(v) for an individual who enrolls during the 2030 open enrollment period, 35 percent; and

(vi) for an individual who enrolls during an open enrollment period after 2029, 35 percent.

If an individual age 65 to 70 enrolls in a subsequent Medicare supplement policy that is not a replacement or renewal, the individual is not subject to the premium increases as described in paragraph (b), clause (4).

~~For insureds not residing in Anoka, Carver, Chisago, Dakota, Hennepin, Ramsey, Scott, or Washington County, a health plan may, at the option of the health carrier, phase in compliance under the following timetable:~~

~~(i) a premium adjustment as of March 1, 1993, that consists of one-half of the difference between the community rate that would be applicable to the person as of March 1, 1993, and the premium rate that would be applicable to the person as of March 1, 1993, under the rate schedule permitted on December 31, 1992. A health plan may, at the option of the health carrier, implement the entire premium difference described in this clause for any person as of March 1, 1993, if the premium difference would be 15 percent or less of the premium rate that would be applicable to the person as of March 1, 1993, under the rate schedule permitted on December 31, 1992, if the health plan does so uniformly regardless of whether the premium difference causes premiums to rise or to fall. The premium difference described in this clause is in addition to any premium adjustment attributable to medical cost inflation or any other lawful factor and is intended to describe only the premium difference attributable to the transition to the community rate; and~~

~~(ii) with respect to any person whose premium adjustment was constrained under clause (i), a premium adjustment as of January 1, 1994, that consists of the remaining one-half of the premium difference attributable to the transition to the community rate, as described in clause (i).~~

~~A health plan that initially follows the phase-in timetable may at any subsequent time comply on a more rapid timetable. A health plan that is in full compliance as of January 1, 1993, may not use the phase-in timetable and must remain in full compliance. Health plans that follow the phase-in timetable must charge the same premium rate for newly issued coverage that they charge for renewal coverage. A health plan whose premiums are constrained by clause (i) may take the constraint into account in establishing its community rate.~~

APPENDIX
Repealed Minnesota Session Laws: 26-06960

~~From January 1, 1993 to February 28, 1993, a health plan may, at the health carrier's option, charge the community rate under this paragraph or may instead charge premiums permitted as of December 31, 1992.~~

EFFECTIVE DATE. This section is effective August 1, 2026.

(1) Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy or certificate. This could result in denial or delay of a claim for benefits under the new policy or certificate, whereas a similar claim might have been payable under your present policy or certificate.

(2) State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods, or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) for similar benefits to the extent the time was spent (depleted) under the original policy or certificate.

(3) If you still wish to terminate your present policy or certificate and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy or certificate had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. (If the policy or certificate is guaranteed issue, this paragraph need not appear.)

Do not cancel your present policy or certificate until you have received your new policy or certificate and you are sure that you want to keep it.
