## ARTICLE 1

2.3

### AGRICULTURE POLICY

2.4 Section 1. Minnesota Statutes 2024, section 17.81, is amended by adding a subdivision  
2.5 to read:

2.6 Subd. 4a. **Agrivoltaic system.** "Agrivoltaic system" means the simultaneous integration  
2.7 of farming, as defined in section 41C.02, subdivision 10, and solar energy generation on  
2.8 the same land.

2.9 Sec. 2. Minnesota Statutes 2024, section 18.77, is amended by adding a subdivision to  
2.10 read:

2.11 Subd. 3b. **Cultivated variety or cultivar.** "Cultivated variety" or "cultivar" means a  
2.12 named plant variety that is clonally propagated to maintain genetic uniformity.

2.13 Sec. 3. Minnesota Statutes 2024, section 18.77, is amended by adding a subdivision to  
2.14 read:

2.15 Subd. 11a. **Plant variety.** "Plant variety" means a more precisely defined group of plants,  
2.16 selected from within a species, with a common set of characteristics.

2.17 Sec. 4. Minnesota Statutes 2024, section 18.77, is amended by adding a subdivision to  
2.18 read:

2.19 Subd. 11b. **Propagate.** "Propagate" means to cause or continue to increase by sexual or  
2.20 asexual reproduction. Propagate includes but is not limited to germination by seed;  
2.21 regeneration of vegetative parts such as roots, stems, or leaves; and the removal of plants  
2.22 from one location and replanting at another location.

2.23 Sec. 5. Minnesota Statutes 2024, section 18.77, subdivision 12, is amended to read:

2.24 Subd. 12. **Propagating parts.** "Propagating parts" means all plant parts, ~~including seeds,~~  
2.25 that are capable of producing new plants.

2.26 Sec. 6. Minnesota Statutes 2024, section 18.77, is amended by adding a subdivision to  
2.27 read:

2.28 Subd. 18. **Reasonable grounds.** "Reasonable grounds" means a report, a complaint,  
2.29 direct observation, or circumstantial evidence, such as the nearby presence of noxious weeds,

3.1 a history of noxious weed infestation, or other evidence from which a reasonable person  
 3.2 acting in good faith might infer the presence of noxious weeds.

3.3 Sec. 7. Minnesota Statutes 2024, section 18.771, is amended to read:

3.4 **18.771 NOXIOUS WEED CATEGORIES.**

3.5 Subdivision 1. Noxious weed categories. (a) For purposes of designation under section  
 3.6 18.79, subdivision 13, noxious weed category means each of the following categories:

3.7 (1) the prohibited-eradicate noxious weeds category;

3.8 (2) the prohibited-control noxious weeds category;

3.9 (3) the restricted noxious weeds category;

3.10 (4) the specially regulated plants category; and

3.11 (5) the county noxious weeds category.

3.12 (b) The "prohibited-eradicate noxious weeds" category includes noxious weeds that  
 3.13 must be eradicated on all lands within the state. ~~Transportation of the propagating parts of~~  
 3.14 ~~prohibited-eradicate noxious weeds is prohibited except as allowed under section 18.82.~~  
 3.15 Prohibited-eradicate noxious weeds ~~may~~ and their propagating parts must not be imported  
 3.16 into Minnesota or sold or, propagated, or transported in Minnesota, except as allowed under  
 3.17 section 18.82. Noxious weeds that are designated as prohibited-eradicate noxious weeds  
 3.18 and placed on the prohibited-eradicate noxious weeds list are plants that are not currently  
 3.19 known to be present in Minnesota or are not widely established in the state. All  
 3.20 prohibited-eradicate noxious weeds must be eradicated.

3.21 (c) The "prohibited-control noxious weeds" category includes noxious weeds that must  
 3.22 be controlled on all lands within the state. ~~Transportation of the propagating parts of~~  
 3.23 ~~prohibited-control noxious weeds is prohibited~~ Prohibited-control noxious weeds and their  
 3.24 propagating parts must not be imported into Minnesota or sold, propagated, or transported  
 3.25 in Minnesota, except as allowed under section 18.82. ~~Prohibited-control noxious weeds~~  
 3.26 ~~may not be propagated or sold in Minnesota.~~ Noxious weeds that are designated as  
 3.27 prohibited-control noxious weeds and placed on the prohibited-control noxious weeds list  
 3.28 are plants that are already established throughout the state or regions of the state. At a  
 3.29 minimum, these species must be controlled in a way that prevents spread of these species  
 3.30 by seed or vegetative means.

3.31 (d) The "restricted noxious weeds" category includes noxious weeds and their propagating  
 3.32 parts that ~~may~~ must not be imported, into Minnesota or sold, propagated, or transported in

4.1 the state, except as allowed by permit under section 18.82. Noxious weeds that are designated  
 4.2 as restricted and placed on the restricted list may be plants that are widely distributed in  
 4.3 Minnesota and for which a requirement of eradication or control would not be feasible on  
 4.4 a statewide basis using existing practices. The commissioner may establish a nursery  
 4.5 production phase-out period for species that will be designated as restricted.

4.6 (e) The "specially regulated plants" category includes noxious weeds ~~that may be native~~  
 4.7 ~~species or nonnative species~~ that have ~~demonstrated economic value~~ clearly defined benefits,  
 4.8 but also have the potential to cause harm in noncontrolled environments. Plants designated  
 4.9 as specially regulated have been determined to pose ecological, economical, or human or  
 4.10 animal health concerns. Species-specific management plans or rules that define the use and  
 4.11 management requirements for these plants must be developed by the commissioner of  
 4.12 agriculture for each plant designated as specially regulated. The commissioner must also  
 4.13 take measures to minimize the potential for harm caused by these plants.

4.14 (f) The "county noxious weeds" category includes noxious weeds that are designated  
 4.15 by individual county boards to be enforced as prohibited noxious weeds within the county's  
 4.16 jurisdiction and must be approved by the commissioner of agriculture, in consultation with  
 4.17 the Noxious Weed Advisory Committee. Each county board must submit newly proposed  
 4.18 county noxious weeds to the commissioner of agriculture for review. Approved county  
 4.19 noxious weeds ~~shall~~ must also be posted with the county's general weed notice prior to May  
 4.20 15 each year. Counties are solely responsible for developing county noxious weed lists and  
 4.21 their enforcement.

4.22 Subd. 2. Exemptions. The commissioner may designate a specific plant variety, including  
 4.23 a cultivated variety, as exempt from subdivision 1 if the commissioner finds that, based on  
 4.24 credible and sufficient documentation, the variety is bred for low seeding, the variety is  
 4.25 sterile, or, for reasons other than low seeding or sterility, the variety has low invasive  
 4.26 potential.

4.27 Sec. 8. Minnesota Statutes 2024, section 18.79, subdivision 2, is amended to read:

4.28 Subd. 2. **Authorized agents.** ~~County agricultural inspectors may administer and enforce~~  
 4.29 ~~sections 18.76 to 18.91. A county-designated employee may enforce sections 18.78, 18.82,~~  
 4.30 ~~18.83, 18.84, 18.86, and 18.87. A county must make the identity of a county-designated~~  
 4.31 ~~employee described by this subdivision available to the public.~~ County agricultural inspectors,  
 4.32 county-designated employees, local weed inspectors, and assistant weed inspectors are  
 4.33 authorized agents of the commissioner for their jurisdictions. A county agricultural inspector  
 4.34 or a county-designated employee must be responsible for the duties and enforcement of

5.1 sections 18.78 and 18.81 to 18.87. A county must make the identity of a county agricultural  
 5.2 inspector or county-designated employee available to the public. A local weed inspector or  
 5.3 the inspector's assistant must be responsible for the duties and enforcement of sections  
 5.4 18.78, subdivision 1; 18.81, subdivision 2; 18.82 to 18.84; 18.86; and, for a municipality,  
 5.5 18.87.

5.6 Sec. 9. Minnesota Statutes 2025 Supplement, section 18.79, subdivision 3, is amended to  
 5.7 read:

5.8 Subd. 3. **Entry upon land.** To administer and enforce sections 18.76 to 18.91, an  
 5.9 inspector or county-designated employee ~~shall~~ must contact a landowner through direct  
 5.10 communication prior to entering upon the land for a noxious weed inspection. If a landowner  
 5.11 cannot be contacted, an inspector or county-designated employee may enter upon land  
 5.12 without consent of the owner and without being subject to an action for trespass or any  
 5.13 damages. For the purposes of this subdivision, "direct communication" may include contact  
 5.14 with the landowner through an in-person visit, phone call, voice mail, text message, mail,  
 5.15 or email. A landowner ~~cannot~~ must not refuse an inspector or county-designated employee  
 5.16 ~~having probable cause to conduct an inspection for noxious weeds~~ who has reasonable  
 5.17 grounds, as defined in section 18.77, subdivision 18, to believe that noxious weeds may be  
 5.18 present on their lands. Within five business days of a completed inspection, the inspector  
 5.19 or county-designated employee ~~shall~~ must provide the landowner with a copy of the  
 5.20 inspection report, including further actions if applicable.

5.21 Sec. 10. Minnesota Statutes 2024, section 18.81, subdivision 3, is amended to read:

5.22 Subd. 3. **Nonperformance by inspectors; reimbursement for expenses.** If local weed  
 5.23 inspectors neglect or fail to do their duty as prescribed in this section, the county agricultural  
 5.24 inspector or county-designated employee, ~~in consultation with the commissioner,~~ may issue  
 5.25 a notice to the inspector providing instructions on how and when to do their duty. If, after  
 5.26 the time allowed in the notice, the local weed inspector has not complied as directed, the  
 5.27 county agricultural inspector or county-designated employee may consult with the  
 5.28 ~~commissioner~~ county attorney or county board to perform the duty for the local weed  
 5.29 inspector. A claim for the expense of doing the local weed inspector's duty is a legal charge  
 5.30 against the municipality in which the inspector has jurisdiction. The county agricultural  
 5.31 inspector or county-designated employee overseeing the work may file an itemized statement  
 5.32 of costs with the clerk of the municipality in which the work was performed. The municipality  
 5.33 ~~shall~~ must immediately issue proper warrants to the county for the work performed. If the  
 5.34 municipality fails to issue the warrants, the county auditor may include the amount contained

6.1 in the itemized statement of costs as part of the next annual tax levy in the municipality and  
 6.2 withhold that amount from the municipality in making its next apportionment.

6.3 Sec. 11. Minnesota Statutes 2024, section 18.82, is amended to read:

6.4 **18.82 TRANSPORTATION OR POSSESSION OF NOXIOUS WEED**  
 6.5 **PROPAGATING PARTS.**

6.6 Subdivision 1. **Permits required.** Transporting noxious weed propagating parts without  
 6.7 a permit on public roads in the state or possessing noxious weed propagating parts in the  
 6.8 state without a permit is prohibited, except as provided in section 21.74.

6.9 Subd. 1a. Permits. (a) If a person wants to transport noxious weed propagating parts  
 6.10 along on a public roadway road, including materials or equipment containing the propagating  
 6.11 parts of noxious weeds, the person must secure a written permit for transportation from the  
 6.12 commissioner, an inspector, or a county-designated employee. Inspectors or  
 6.13 county-designated employees may issue permits to persons residing or operating within  
 6.14 their jurisdiction. A permit is not required for the transport of noxious weeds for the purpose  
 6.15 of destroying propagating parts at an appropriate disposal site. Anyone transporting noxious  
 6.16 weed propagating parts for the purpose of disposal at an appropriate disposal site shall must  
 6.17 ensure that all materials are contained in a manner that prevents escape during transport  
 6.18 and complies with section 115A.931.

6.19 (b) A person must obtain a permit from the commissioner before possessing noxious  
 6.20 weeds with propagating parts for research, education and outreach, or other reasons approved  
 6.21 by the commissioner.

6.22 Subd. 2. Conditions of permit issuance. The following conditions must be met before  
 6.23 a permit under subdivision 1 may be issued: Any person requesting a permit under  
 6.24 subdivision 1a must provide the following information in writing to the commissioner, an  
 6.25 inspector, or a county-designated employee for a specific jurisdiction before the  
 6.26 commissioner, inspector, or county-designated employee issues a permit under this section:

6.27 (1) any material or equipment containing noxious weed propagating parts that is about  
 6.28 to be transported along a public roadway must be in a container that is sufficiently tight and  
 6.29 closed or otherwise covered to prevent the blowing or scattering of the material along the  
 6.30 highway or on other lands or water;

6.31 (2) the destination for unloading and the use of the material or equipment containing  
 6.32 noxious weed propagating parts must be stated on the permit along with the method that

7.1 ~~will be used to destroy the viability of the propagating parts and thereby prevent the material~~  
 7.2 ~~being dumped or scattered upon land or water; and~~

7.3 ~~(3) the applicant for a permit for possession of noxious weed propagating parts must~~  
 7.4 ~~agree to follow the guidelines listed on the permit by the inspector.~~

7.5 (1) a description of the process that the person will use to ensure that the exterior of any  
 7.6 vehicle or equipment being used for transportation is free from noxious weed materials and  
 7.7 their propagating parts;

7.8 (2) a description of the manner in which the person will securely contain noxious weed  
 7.9 materials and their propagating parts to prevent the escape of noxious weed materials and  
 7.10 their propagating parts during transport in compliance with section 115A.931;

7.11 (3) a description of the specific locations where research will occur and a description of  
 7.12 how the location is designed to prevent the escape of noxious weed materials and their  
 7.13 propagating parts;

7.14 (4) a description of the established processes that the person will use to monitor and  
 7.15 protect research locations from the escape of noxious weed materials and their propagating  
 7.16 parts during research and after the research has been completed;

7.17 (5) a description of the purpose of using noxious weed materials, such as a description  
 7.18 of how the noxious weed materials will be used for education and outreach, and how  
 7.19 containers holding the materials will be designed to prevent the escape of the noxious weed  
 7.20 materials and their propagating parts;

7.21 (6) a description of the process for destroying noxious weed materials and their  
 7.22 propagating parts after the completion of use according to the permit;

7.23 (7) a description of the location where noxious weed materials and their propagating  
 7.24 parts will be destroyed after the completion of use according to the permit; and

7.25 (8) any specific information required by the commissioner.

7.26 Subd. 3. **Duration of permit; inspection; revocation.** A permit under subdivision ~~4~~ 1a  
 7.27 is valid for up to one year after the date it is issued unless otherwise specified by the  
 7.28 commissioner, inspector, or county-designated employee issuing the permit. Any person  
 7.29 receiving a permit must allow inspection by the issuing authority to ensure that all permit  
 7.30 requirements are met. The permit may be revoked if ~~an~~ the commissioner, inspector, or  
 7.31 county-designated employee determines that the applicant has not complied with this section.

8.1 Sec. 12. Minnesota Statutes 2024, section 18.83, subdivision 3, is amended to read:

8.2 Subd. 3. **Appeal of individual notice; appeal committee.** ~~(1)~~ (a) A recipient of an  
 8.3 individual notice may appeal, in writing, the order for control or eradication of noxious  
 8.4 weeds. This appeal must be filed with a member of the appeal committee in the county  
 8.5 where the land is located within two working days of the time the notice is received. The  
 8.6 committee must inspect the land specified in the notice and report back to the recipient and  
 8.7 the inspector or county-designated employee who issued the notice within five working  
 8.8 days, either agreeing with, disagreeing with, or revising the order. The decision may be  
 8.9 appealed in district court. If the committee agrees with or revises the order, the control or  
 8.10 eradication specified in the order, as approved or revised by the committee, may be carried  
 8.11 out.

8.12 ~~(2)~~ (b) The county board ~~shall~~ must appoint members of the appeal committee. The  
 8.13 membership must include a county commissioner or municipal official and a landowner  
 8.14 residing in the county. The expenses of the members may be reimbursed by the county upon  
 8.15 submission of an itemized statement to the county auditor. At its option, the county board,  
 8.16 by resolution, may delegate the duties of the appeal committee to its board of adjustment  
 8.17 established pursuant to section 394.27. When carrying out the duties of the appeal committee,  
 8.18 the zoning board of adjustment ~~shall~~ must comply with all of the procedural requirements  
 8.19 of this section.

8.20 Sec. 13. Minnesota Statutes 2024, section 18.86, is amended to read:

8.21 **18.86 UNLAWFUL ACTS.**

8.22 No person may:

8.23 (1) hinder or obstruct in any way an inspector or county-designated employee in the  
 8.24 performance of duties under sections 18.76 to 18.91 or related rules;

8.25 (2) neglect, fail, or refuse to comply with section 18.82 ~~or related rules in the~~  
 8.26 ~~transportation and use of material or equipment infested with noxious weed propagating~~  
 8.27 ~~parts;~~

8.28 (3) sell material containing noxious weed propagating parts to a person who does not  
 8.29 have a permit to transport that material or to a person who does not have a screenings permit  
 8.30 issued in accordance with section 21.74; or

8.31 (4) neglect, fail, or refuse to comply with a general notice or an individual notice to  
 8.32 control or eradicate noxious weeds.

9.1 Sec. 14. Minnesota Statutes 2024, section 18.91, subdivision 2, is amended to read:

9.2 Subd. 2. **Membership.** The commissioner ~~shall~~ must appoint and approve members;  
9.3 ~~which shall include~~ who have successfully completed the application process with the  
9.4 secretary of state, including representatives from the following:

9.5 (1) the Department of Horticultural Science at the University of Minnesota;

9.6 (2) the Department of Agronomy at the University of Minnesota;

10.2 to read:

10.3 Subd. 1d. **Active ingredient.** "Active ingredient" means an ingredient present in a  
10.4 fertilizer, soil amendment, plant amendment, or beneficial substance that is a plant nutrient  
10.5 or a soil or plant amending ingredient.

10.6 Sec. 16. Minnesota Statutes 2024, section 18C.005, subdivision 6, is amended to read:

10.7 ~~Subd. 6. **Compost.** "Compost" is a biologically stable material derived from the~~

10.19 **Subd. 25. Plant amendment.** "Plant amendment" means a substance applied to plants  
10.20 or seeds that is intended to improve germination, growth, yield, product quality, reproduction,  
10.21 flavor, or other desirable characteristics of plants, including beneficial substances and plant  
10.22 biostimulants, except fertilizers, soil amendments, agricultural liming materials, pesticides,

11.8 Subdivision 1. **Compost.** "Compost" is the product manufactured through the controlled  
 11.9 aerobic, biological decomposition of biodegradable materials. The product has undergone  
 11.10 mesophilic and thermophilic temperatures, which significantly reduces the viability of  
 11.11 pathogens and weed seeds and stabilizes the carbon such that it is beneficial to plant growth.
