CORPORATE FRANCHISE, INDIVIDUAL INCOME, AND ESTATE TAXES

Section 1. Minnesota Statutes 2010, section 270C.01, is amended by adding a subdivision to read:

Subd. 12. **Nontax purpose.** Nontax purpose means the taxpayer's purpose for entering into a transaction other than the acquisition of the tax effects of the transaction.

Nontax purposes include a business, investment, or other nontax purpose for entering into a transaction.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 2. Minnesota Statutes 2010, section 270C.01, is amended by adding a subdivision to read:

Subd. 13. **Economic substance.** Economic substance means a transaction has an objective and substantial net effect on the taxpayer's economic position and beneficial interest and the taxpayer has a substantial nontax purpose, apart from tax effects, for entering into such transaction or series of transactions.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 3. Minnesota Statutes 2010, section 270C.01, is amended by adding a subdivision to read:

Subd. 14. **Tax effects.** The tax effects of a transaction means the state and local tax effects arising from the application of the laws of any state or local unit of government to the form of the transaction, and the federal tax effects resulting from the transaction that affect federal taxable income as defined in section 63 of the Internal Revenue Code, or both.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 4. Minnesota Statutes 2010, section 270C.01, is amended by adding a subdivision to read:

Subd. 15. **Transaction.** Transaction means any transaction or series of transactions, including any fact or set of facts, material to the reduction, deferral, nonrecognition, escape, avoidance, evasion, or any similar result of any tax or income, or the creation of any loss, deduction, or credit.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 5. Minnesota Statutes 2010, section 270C.03, subdivision 1, is amended to read:

Subdivision 1. **Powers and duties.** The commissioner shall have and exercise the following powers and duties:

(1) administer and enforce the assessment and collection of taxes;

(2) make determinations, corrections, and assessments with respect to taxes, including interest, additions to taxes, and assessable penalties;

(3) administer the tax laws according to the substance of a transaction, not the form of a transaction; in administering these laws, the commissioner must disregard the tax effects of a transaction that does not have economic substance and nontax purpose;

~~(3)~~ (4) use statistical or other sampling techniques consistent with generally accepted auditing standards in examining returns or records and making assessments;

~~(4)~~ (5) investigate the tax laws of other states and countries, and formulate and submit to the legislature such legislation as the commissioner may deem expedient to prevent evasions of state revenue laws and to secure just and equal taxation and improvement in the system of state revenue laws;

~~(5)~~ (6) consult and confer with the governor upon the subject of taxation, the administration of the laws in regard thereto, and the progress of the work of the department, and furnish the governor, from time to time, such assistance and information as the governor may require relating to tax matters;

~~(6)~~ (7) execute and administer any agreement with the secretary of the treasury or the Bureau of Alcohol, Tobacco, Firearms and Explosives in the Department of Justice of the United States or a representative of another state regarding the exchange of information and administration of the state revenue laws;

~~(7)~~ (8) require town, city, county, and other public officers to report information as to the collection of taxes received from licenses and other sources, and such other information as may be needful in the work of the commissioner, in such form as the commissioner may prescribe;

~~(8)~~ (9) authorize the use of unmarked motor vehicles to conduct seizures or criminal investigations pursuant to the commissioner's authority;

~~(9)~~ (10) maintain toll-free telephone access for taxpayer assistance for calls from locations within the state; and

~~(10)~~ (11) exercise other powers and authority and perform other duties required of or imposed upon the commissioner by law.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 6. **[270C.331] CRITERIA FOR ASSESSMENT.**

(a) In determining whether a taxpayer has a nontax purpose for entering into a transaction pursuant to section 270C.03, subdivision 1, clause (3), the commissioner may determine that a transaction has a nontax purpose only if:

(1) the expected results of a transaction are that the present value of the reasonably expected pretax profit from the transaction is substantial in relation to the present value of the expected net tax benefits that would be allowed if the transaction or series of transactions were respected;

(2) the reasonably expected pretax profit from the transaction or series of transactions exceeds a risk-free rate of return;

(3) the nontax purpose is the taxpayer's primary motivation for entering into the transaction; and

(4) the form of the transaction is a reasonable means of attaining that purpose.

Fees and other transaction expenses and foreign taxes must be taken into account as expenses in determining pretax profit. The acquisition of a financial accounting benefit is a nontax purpose only if the financial accounting benefit is unrelated to the expected tax effects of a transaction.

(b) To overcome the presumption in section 270C.33, subdivision 6, that an order of the commissioner disallowing the tax effects of a transaction because the commissioner has determined that the transaction does not have a nontax purpose and economic substance is correct and valid, the taxpayer must prove the existence of a nontax purpose and economic substance with clear and convincing evidence.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 7. Minnesota Statutes 2010, section 289A.08, subdivision 3, is amended to read:

Subd. 3. **Corporations.** (a) A corporation that is subject to the state's jurisdiction to tax under section 290.014, subdivision 5, must file a return~~, except that a foreign operating corporation as defined in section 290.01, subdivision 6b, is not required to file a return~~.

(b) Members of a unitary business that are required to file a combined report on one return must designate a member of the unitary business to be responsible for tax matters, including the filing of returns, the payment of taxes, additions to tax, penalties, interest, or any other payment, and for the receipt of refunds of taxes or interest paid in excess of taxes lawfully due. The designated member must be a member of the unitary business that is filing the single combined report and either:

(1) a corporation that is subject to the taxes imposed by chapter 290; or

(2) a corporation that is not subject to the taxes imposed by chapter 290:

(i) Such corporation consents by filing the return as a designated member under this clause to remit taxes, penalties, interest, or additions to tax due from the members of the unitary business subject to tax, and receive refunds or other payments on behalf of other members of the unitary business. The member designated under this clause is a "taxpayer" for the purposes of this chapter and chapter 270C, and is liable for any liability imposed on the unitary business under this chapter and chapter 290.

(ii) If the state does not otherwise have the jurisdiction to tax the member designated under this clause, consenting to be the designated member does not create the jurisdiction to impose tax on the designated member, other than as described in item (i).

(iii) The member designated under this clause must apply for a business tax account identification number.

(c) The commissioner shall adopt rules for the filing of one return on behalf of the members of an affiliated group of corporations that are required to file a combined report. All members of an affiliated group that are required to file a combined report must file one return on behalf of the members of the group under rules adopted by the commissioner.

(d) If a corporation claims on a return that it has paid tax in excess of the amount of taxes lawfully due, that corporation must include on that return information necessary for payment of the tax in excess of the amount lawfully due by electronic means.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 8. Minnesota Statutes 2010, section 289A.60, is amended by adding a subdivision to read:

Subd. 27a. **Noneconomic substance transaction understatement penalty.** (a) If a taxpayer has a transaction without economic substance and nontax purpose as defined in section 270C.01, a penalty equal to 20 percent of the amount of the disclosed noneconomic substance transaction understatement must be added to the tax. This subdivision applies to any income or item that is attributable to any transaction or series of transactions without economic substance and nontax purpose under section 270C.01.

(b) If a taxpayer has a transaction without economic substance and nontax purpose as defined in section 270C.01, in the case of any portion of an underpayment which is attributable to one or more nondisclosed noneconomic substance transactions, a penalty equal to 40 percent of the noneconomic substance transaction understatement must be added to the tax.

(c) For purposes of this subdivision, the term "nondisclosed noneconomic substance transaction" means a transaction described in section 270C.03, subdivision 1, clause (3),

with respect to which the relevant facts affecting the tax treatment are not adequately disclosed in the return nor in a statement attached to the return.

(d) In no event shall any amendment or supplement to a return of tax be taken into account for purposes of this subdivision to reduce the noneconomic substance transaction understatement if the amendment or supplement is filed after the date the taxpayer is first contacted by the commissioner regarding examination of the return.

(e) For purposes of this subdivision, "noneconomic substance transaction understatement" means the product of:

(1) the amount of the increase, if any, in taxable income that results from a difference between the proper tax treatment of an item to which section 270C.03, subdivision 1, clause (3) applies and the taxpayer's treatment of that item as shown on the taxpayer's tax return. For purposes of this clause, any reduction of the excess of deductions allowed for the taxable year over gross income for that year, and any reduction in the amount of capital losses which would, without regard to section 1211 of the Internal Revenue Code, be allowed for that year, must be treated as an increase in taxable income; and

(2) the highest rate of tax imposable on the taxpayer under section 290.06 determined without regard to the understatement.

(f) If the noneconomic substance transaction understatement penalty is imposed under this subdivision, the noneconomic substance transaction understatement penalty applies in lieu of the penalties imposed under subdivision 27.

EFFECTIVE DATE. This section is effective for noneconomic substance transaction understatements assessed after December 31, 2012.

Sec. 9. Minnesota Statutes 2010, section 290.01, subdivision 7, is amended to read:

Subd. 7. **Resident.** (a) The term "resident" means any individual domiciled in Minnesota, except that an individual is not a "resident" for the period of time that the individual is a "qualified individual" as defined in section 911(d)(1) of the Internal Revenue Code, if the qualified individual notifies the county within three months of moving out of the country that homestead status be revoked for the Minnesota residence of the qualified individual, and the property is not classified as a homestead while the individual remains a qualified individual.

(b) "Resident" also means any individual domiciled outside the state who maintains a place of abode in the state and spends in the aggregate more than one-half of the tax year in Minnesota, unless:

(1) the individual or the spouse of the individual is in the armed forces of the United States; or

(2) the individual is covered under the reciprocity provisions in section 290.081.

For purposes of this subdivision, presence within the state for any part of a calendar day constitutes a day spent in the state. Individuals shall keep adequate records to substantiate the days spent outside the state.

The term "abode" means a dwelling maintained by an individual, whether or not owned by the individual and whether or not occupied by the individual, and includes a dwelling place owned or leased by the individual's spouse and a dwelling place owned by the individual or spouse of the individual that is leased to a person with a relationship to the individual or their spouse described in section 267(b) of the Internal Revenue Code.

(c) Neither the commissioner nor any court shall consider charitable contributions made by an individual within or without the state in determining if the individual is domiciled in Minnesota.

(d) "Part-year resident" means an individual domiciled outside the state, who is not a resident of the state under paragraph (b), who maintains a place of abode in the state for more than one-half of the tax year, and spends in the aggregate more than 60 days in the state during the period the individual was domiciled outside the state unless:

(1) the individual or spouse of the individual is in the armed forces of the United States; or

(2) the individual is covered under the reciprocity provisions in section 290.081.

For the purposes of this paragraph, a day spent in Minnesota for the primary purpose of receiving medical treatment by the taxpayer, or the spouse, child, or parent of the taxpayer, is not treated as a day spent in Minnesota. Medical treatment is treatment as defined in section 213(d)(1)(A) of the Internal Revenue Code.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010, except days spent in Minnesota prior to the date of enactment are not counted as days spent in Minnesota for purposes of paragraph (d).

Sec. 10. Minnesota Statutes 2010, section 290.01, subdivision 19b, is amended to read:

For purposes of this clause, "federal foreign tax credit" means the credit allowed under section 27 of the Internal

Revenue Code, and "carryover of subnational foreign taxes" equals the carryover allowed under section 904(c) of the Internal Revenue Code minus national level foreign taxes to the extent they exceed the federal foreign tax credit;

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts.

The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to $1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) the numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code and increased by the additions required under section 290.01, subdivision 19a, clauses (1), (5), (6), (7), (8), (9), (12), (13), (16), and (17), and reduced by the Minnesota assignable portion of the subtraction for United States government interest under section 290.01, subdivision 19b, clause (1), and the subtractions under section 290.01, subdivision 19b, clauses (8), (9), (13), (14), (15), and (17), after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

Subd. 2d. **Inflation adjustment of brackets.** (a) For taxable years beginning after December 31, ~~2000~~ 2011, the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed in subdivision 2c shall be adjusted for inflation by the percentage determined under paragraph (b). For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, ~~1999~~ 2010, and before January 1, ~~2001~~ 2012. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as adjusted must be rounded to the nearest $10 amount. If the rate bracket ends in $5, it must be rounded up to the nearest $10 amount.

(b) The commissioner shall adjust the rate brackets and by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code, except that in section 1(f)(3)(B) the word ~~"1999"~~ "2010" shall be substituted for the word "1992." For ~~2001~~ 2012, the commissioner shall then determine the percent change from the 12 months ending on August 31, ~~1999~~ 2010, to the 12 months ending on August 31, ~~2000~~ 2011, and in each subsequent year, from the 12 months ending on August 31, ~~1999~~ 2010, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the Administrative Procedure Act contained in chapter 14.

No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2011.

Sec. 19. Minnesota Statutes 2010, section 290.06, subdivision 22, is amended to read:

Subd. 22. **Credit for taxes paid to another state.** (a) A taxpayer who is liable for taxes based on net income to another state, as provided in paragraphs (b) through (f), upon income allocated or apportioned to Minnesota, is entitled to a credit for the tax paid to another state if the tax is actually paid in the taxable year or a subsequent taxable year. A taxpayer who is a resident of this state pursuant to section 290.01, subdivision 7, paragraph (b) or (d), and who is subject to income tax as a resident in the state of the individual's domicile is not allowed this credit unless the state of domicile does not allow a similar credit.

(b) For an individual, estate, or trust, the credit is determined by multiplying the tax payable under this chapter by the ratio derived by dividing the income subject to tax in the other state that is also subject to tax in Minnesota while a resident of Minnesota by the

taxpayer's federal adjusted gross income, as defined in section 62 of the Internal Revenue Code, modified by the addition required by section 290.01, subdivision 19a, clause (1), and the subtraction allowed by section 290.01, subdivision 19b, clause (1), to the extent the income is allocated or assigned to Minnesota under sections 290.081 and 290.17.

(c) If the taxpayer is an athletic team that apportions all of its income under section 290.17, subdivision 5, the credit is determined by multiplying the tax payable under this chapter by the ratio derived from dividing the total net income subject to tax in the other state by the taxpayer's Minnesota taxable income.

(d) The credit determined under paragraph (b) or (c) shall not exceed the amount of tax so paid to the other state on the gross income earned within the other state subject to tax under this chapter, nor shall the allowance of the credit reduce the taxes paid under this chapter to an amount less than what would be assessed if such income amount was excluded from taxable net income.

(e) In the case of the tax assessed on a lump-sum distribution under section 290.032, the credit allowed under paragraph (a) is the tax assessed by the other state on the lump-sum distribution that is also subject to tax under section 290.032, and shall not exceed the tax assessed under section 290.032. To the extent the total lump-sum distribution defined in section 290.032, subdivision 1, includes lump-sum distributions received in prior years or is all or in part an annuity contract, the reduction to the tax on the lump-sum distribution allowed under section 290.032, subdivision 2, includes tax paid to another state that is properly apportioned to that distribution.

(f) If a Minnesota resident reported an item of income to Minnesota and is assessed tax in such other state on that same income after the Minnesota statute of limitations has expired, the taxpayer shall receive a credit for that year under paragraph (a), notwithstanding any statute of limitations to the contrary. The claim for the credit must be submitted within one year from the date the taxes were paid to the other state. The taxpayer must submit sufficient proof to show entitlement to a credit.

(g) For the purposes of this subdivision, a resident shareholder of a corporation treated as an "S" corporation under section 290.9725, must be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to another state. For the purposes of the preceding sentence, the term "net income tax" means any tax imposed on or measured by a corporation's net income.

(h) For the purposes of this subdivision, a resident partner of an entity taxed as a partnership under the Internal Revenue Code must be considered to have paid a tax imposed on the partner in an amount equal to the partner's pro rata share of any net income

tax paid by the partnership to another state. For purposes of the preceding sentence, the term "net income" tax means any tax imposed on or measured by a partnership's net income.

(i) For the purposes of this subdivision, "another state":

(1) includes:

(i) the District of Columbia; and

(ii) a province or territory of Canada; but

(2) excludes Puerto Rico and the several territories organized by Congress.

(j) The limitations on the credit in paragraphs (b), (c), and (d), are imposed on a state by state basis.

(k) For a tax imposed by a province or territory of Canada, the tax for purposes of this subdivision is the excess of the tax over the amount of the foreign tax credit allowed under section 27 of the Internal Revenue Code. In determining the amount of the foreign tax credit allowed, the net income taxes imposed by Canada on the income are deducted first. Any remaining amount of the allowable foreign tax credit reduces the provincial or territorial tax that qualifies for the credit under this subdivision.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 20. Minnesota Statutes 2010, section 290.068, subdivision 1, is amended to read:

Subdivision 1. **Credit allowed.** A corporation, partners in a partnership, or shareholders in a corporation treated as an "S" corporation under section 290.9725 are allowed a credit against the tax computed under this chapter for the taxable year equal to:

(a) ~~ten~~ 15 percent of the first $2,000,000 of the excess (if any) of

(1) the qualified research expenses for the taxable year, over

(2) the base amount; and

(b) 2.5 percent on all of such excess expenses over $2,000,000.

For taxable years beginning after December 31, 2000, the amount of any remaining modification made under section 290.01, subdivision 19e, not previously deducted is a depreciation or amortization allowance in the first taxable year after December 31, 2004.

(12) For purposes of calculating the adjustment for adjusted current earnings in section 56(g) of the Internal Revenue Code, the term "alternative minimum taxable income" as it is used in section 56(g) of the Internal Revenue Code, means alternative minimum taxable income as defined in this subdivision, determined without regard to the adjustment for adjusted current earnings in section 56(g) of the Internal Revenue Code.

(13) For purposes of determining the amount of adjusted current earnings under section 56(g)(3) of the Internal Revenue Code, no adjustment shall be made under section 56(g)(4) of the Internal Revenue Code with respect to (i) the amount of foreign dividend gross-up subtracted as provided in section 290.01, subdivision 19d, clause (1), or (ii) the amount of refunds of income, excise, or franchise taxes subtracted as provided in section 290.01, subdivision 19d, clause (9)~~, or (iii) the amount of royalties, fees or other like income subtracted as provided in section 290.01, subdivision 19d, clause (10)~~.

Sec. 31. Minnesota Statutes 2010, section 290.17, subdivision 1, is amended to read:

The allocation rules apply to nonresident individuals, estates, trusts, nonresident partners of partnerships, nonresident shareholders of corporations treated as "S" corporations under section 290.9725, and all corporations not having such an election in effect. If a partnership or corporation would not otherwise be subject to the allocation rules, but conducts a trade or business that is part of a unitary business involving another legal entity that is subject to the allocation rules, the partnership or corporation is subject to the allocation rules.

(b) Expenses, losses, and other deductions (referred to collectively in this paragraph as "deductions") must be allocated along with the item or class of gross income to which they are definitely related for purposes of assignment under this section or apportionment under section 290.191, 290.20, or 290.36. Deductions definitely related to any item of gross income assigned under subdivision 2, paragraph (e), are assigned to the taxpayer's domicile.

(c) In the case of an individual who is a resident for only part of a taxable year, the individual's income, gains, losses, and deductions from the distributive share of a partnership, S corporation, trust, or estate are not subject to allocation outside this state to the extent of the distributive share multiplied by a ratio, the numerator of which is the number of days the individual was a resident of this state during the tax year of the partnership, S corporation, trust, or estate, and the denominator of which is the number of days in the taxable year of the partnership, S corporation, trust, or estate.

(d) In the case of an individual who is a part-year resident as defined in section 290.01, subdivision 7, paragraph (d), income is assigned or allocated under subdivisions 2 and 3 except a pro rata share of income recognized while the individual maintains an abode in Minnesota and is not assigned or allocated to the state under subdivision 2 or 3 is also assigned to the state. The pro rata share is the income not assigned to the state under subdivision 2 or 3 multiplied by the ratio of the number of days physically present in Minnesota while domiciled in another state during the tax year over the number of days the individual maintains an abode in Minnesota while domiciled in another state.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 32. Minnesota Statutes 2010, section 290.17, subdivision 2, is amended to read:

Subd. 2. **Income not derived from conduct of a trade or business.** The income of a taxpayer subject to the allocation rules that is not ~~derived from the conduct~~ income of a trade or business must be assigned in accordance with paragraphs (a) to (f):

(a)(1) Subject to paragraphs (a)(2) and (a)(3), income from wages as defined in section 3401(a) and (f) of the Internal Revenue Code is assigned to this state if, and to the extent that, the work of the employee is performed within it; all other income from such sources is treated as income from sources without this state.

Severance pay shall be considered income from labor or personal or professional services.

(2) In the case of an individual who is a nonresident of Minnesota and who is an athlete or entertainer, income from compensation for labor or personal services performed within this state shall be determined in the following manner:

(i) The amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota. For purposes of this paragraph, off-season training activities, unless conducted at the team's facilities as part of a team imposed program, are not included in the total number of duty days. Bonuses earned as a result of play during the regular season or for participation in championship, play-off, or all-star games must be allocated under the formula. Signing bonuses are not subject to allocation under the formula if they are not conditional on playing any games for the team, are payable separately from any other compensation, and are nonrefundable; and

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete or entertainer not listed in clause (i), for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

(3) For purposes of this section, amounts received by a nonresident as "retirement income" as defined in section (b)(1) of the State Income Taxation of Pension Income Act, Public Law 104-95, are not considered income derived from carrying on a trade or business or from wages or other compensation for work an employee performed in Minnesota, and are not taxable under this chapter.

(b) Income or gains from tangible property located in this state that is not employed in the business of the recipient of the income or gains must be assigned to this state.

(c) Income or gains from intangible personal property not employed in the business of the recipient of the income or gains must be assigned to this state if the recipient of the income or gains is a resident of this state or is a resident trust or estate.

Gain on the sale of a partnership interest is allocable to this state in the ratio of the original cost of partnership tangible property in this state to the original cost of partnership tangible property everywhere, determined at the time of the sale. If more than 50 percent of the value of the partnership's assets consists of intangibles, gain or loss from the sale of the partnership interest is allocated to this state in accordance with the sales factor of the partnership for its first full tax period immediately preceding the tax period of the partnership during which the partnership interest was sold.

Gain on the sale of an interest in a single member limited liability company that is disregarded for federal income tax purposes is allocable to this state as if the single member limited liability company did not exist and the assets of the limited liability company are personally owned by the sole member.

Gain on the sale of goodwill or income from a covenant not to compete that is connected with a business operating all or partially in Minnesota is allocated to this state to the extent that the income from the business in the year preceding the year of sale was assignable to Minnesota under subdivision 3.

When an employer pays an employee for a covenant not to compete, the income allocated to this state is in the ratio of the employee's service in Minnesota in the calendar year preceding leaving the employment of the employer over the total services performed by the employee for the employer in that year.

(d) Income from winnings on a bet made by an individual while in Minnesota is assigned to this state. In this paragraph, "bet" has the meaning given in section 609.75, subdivision 2, as limited by section 609.75, subdivision 3, clauses (1), (2), and (3).

(e) All items of gross income not covered in paragraphs (a) to (d) and not part of the taxpayer's income from a trade or business shall be assigned to the taxpayer's domicile.

(f) For the purposes of this section, working as an employee shall not be considered to be conducting a trade or business.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2011.

Sec. 33. Minnesota Statutes 2010, section 290.17, subdivision 3, is amended to read:

Subd. 3. **Trade or business income; general rule.** All income of a trade or business is subject to apportionment except nonbusiness income. Income ~~derived from carrying on~~ of a trade or business must be ~~assigned~~ apportioned to this state if the trade or business is conducted wholly within this state, ~~assigned~~ apportioned outside this state if conducted wholly without this state and apportioned between this state and other states and countries under this subdivision if conducted partly within and partly without this state. For purposes of determining whether a trade or business is carried on exclusively within or without this state:

(a) A trade or business physically located exclusively within this state is nevertheless carried on partly within and partly without this state if any of the principles set forth in section 290.191 for the allocation of sales or receipts within or without this state when applied to the taxpayer's situation result in the allocation of any sales or receipts without this state.

(b) A trade or business physically located exclusively without this state is nevertheless carried on partly within and partly without this state if any of the principles set forth in section 290.191 for the allocation of sales or receipts within or without this state when applied to the taxpayer's situation result in the allocation of any sales or receipts within this state. The jurisdiction to tax such a business under this chapter must be determined in accordance with sections 290.014 and 290.015.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2011.

Sec. 34. Minnesota Statutes 2010, section 290.17, subdivision 4, is amended to read:

Subd. 4. **Unitary business principle.** (a) If a trade or business conducted wholly within this state or partly within and partly without this state is part of a unitary business, the entire income of the unitary business is subject to apportionment pursuant to section 290.191. Notwithstanding subdivision 2, paragraph (c), none of the income of a unitary business is considered to be derived from any particular source and none may be allocated to a particular place except as provided by the applicable apportionment formula. The provisions of this subdivision do not apply to business income subject to subdivision 5, income of an insurance company determined under section 290.341, or income of an investment company determined under section 290.36.

(b) The term "unitary business" means business activities or operations which result in a flow of value between them. The term may be applied within a single legal entity or between multiple entities and without regard to whether each entity is a sole proprietorship, a corporation, a partnership or a trust.

(c) Unity is presumed whenever there is unity of ownership, operation, and use, evidenced by centralized management or executive force, centralized purchasing, advertising, accounting, or other controlled interaction, but the absence of these centralized activities will not necessarily evidence a nonunitary business. Unity is also presumed when business activities or operations are of mutual benefit, dependent upon or contributory to one another, either individually or as a group.

(d) Where a business operation conducted in Minnesota is owned by a business entity that carries on business activity outside the state different in kind from that conducted within this state, and the other business is conducted entirely outside the state, it is presumed that the two business operations are unitary in nature, interrelated, connected, and interdependent unless it can be shown to the contrary.

(e) Unity of ownership is not deemed to exist when a corporation is involved unless that corporation is a member of a group of two or more business entities and more than 50 percent of the voting stock of each member of the group is directly or indirectly owned by a common owner or by common owners, either corporate or noncorporate, or by one or more of the member corporations of the group. For this purpose, the term "voting stock" shall include membership interests of mutual insurance holding companies formed under section 66A.40.

(f) The net income and apportionment factors under section 290.191 or 290.20 of foreign corporations and other foreign entities which are part of a unitary business shall not be included in the net income or the apportionment factors of the unitary business, except that foreign corporations or other foreign entities that are included on a federal income tax return must be included on the combined report. Income of a foreign partnership or other foreign entity treated as a partnership included in federal taxable income, as defined in section 63 of the Internal Revenue Code of 1986, as amended through the date named in section 290.01, subdivision 19, and the proportionate amount of apportionment factors, must be included in the combined report. A foreign corporation or other foreign entity which is not included on a combined report and which is required to file a return under this chapter shall file on a separate return basis. ~~The net income and apportionment factors under section 290.191 or 290.20 of foreign operating corporations shall not be included in the net income or the apportionment factors of the unitary business except as provided in paragraph (g).~~

~~(g) The adjusted net income of a foreign operating corporation shall be deemed to be paid as a dividend on the last day of its taxable year to each shareholder thereof, in proportion to each shareholder's ownership, with which such corporation is engaged in~~

~~a unitary business. Such deemed dividend shall be treated as a dividend under section 290.21, subdivision 4.~~

~~Dividends actually paid by a foreign operating corporation to a corporate shareholder which is a member of the same unitary business as the foreign operating corporation shall be eliminated from the net income of the unitary business in preparing a combined report for the unitary business. The adjusted net income of a foreign operating corporation shall be its net income adjusted as follows:~~

~~(1) any taxes paid or accrued to a foreign country, the commonwealth of Puerto Rico, or a United States possession or political subdivision of any of the foregoing shall be a deduction; and~~

~~(2) the subtraction from federal taxable income for payments received from foreign corporations or foreign operating corporations under section 290.01, subdivision 19d, clause (10), shall not be allowed.~~

~~If a foreign operating corporation incurs a net loss, neither income nor deduction from that corporation shall be included in determining the net income of the unitary business.~~

~~(h)~~ (g) For purposes of determining the net income of a unitary business and the factors to be used in the apportionment of net income pursuant to section 290.191 or 290.20, there must be included only the income and apportionment factors of domestic corporations or other domestic entities ~~other than foreign operating corporations~~ that are determined to be part of the unitary business pursuant to this subdivision, notwithstanding that foreign corporations or other foreign entities might be included in the unitary business, except that foreign corporations or other foreign entities that are included on a federal income tax return must be included on the combined report. Income of a foreign partnership or other foreign entity treated as a partnership included in federal taxable income, as defined in section 63 of the Internal Revenue Code of 1986, as amended through the date named in section 290.01, subdivision 19, and the proportionate amount of apportionment factors, must be included in the combined report.

~~(i) Deductions for expenses, interest, or taxes otherwise allowable under this chapter that are connected with or allocable against dividends, deemed dividends described in paragraph (g), or royalties, fees, or other like income described in section 290.01, subdivision 19d, clause (10), shall not be disallowed.~~

~~(j)~~ (h) Each corporation or other entity, except a sole proprietorship, that is part of a unitary business must file combined reports as the commissioner determines. On the reports, all intercompany transactions between entities included pursuant to paragraph ~~(h)~~ (g) must be eliminated and the entire net income of the unitary business determined in

accordance with this subdivision is apportioned among the entities by using each entity's Minnesota factors for apportionment purposes in the numerators of the apportionment formula and the total factors for apportionment purposes of all entities included pursuant to paragraph ~~(h)~~ (g) in the denominators of the apportionment formula. All sales of the unitary business made within Minnesota pursuant to section 290.191 or 290.20 must be included on the separate combined report of a corporation that is a member of the unitary business and is subject to the jurisdiction of this state to impose tax under this chapter.

~~(k)~~ (i) If a corporation has been divested from a unitary business and is included in a combined report for a fractional part of the common accounting period of the combined report:

(1) its income includable in the combined report is its income incurred for that part of the year determined by proration or separate accounting; and

(2) its sales, property, and payroll included in the apportionment formula must be prorated or accounted for separately.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010, except that the new language added to paragraph (f) and the new language added to the new paragraph (g) are effective for taxable years beginning after December 31, 2011.

Sec. 35. Minnesota Statutes 2010, section 290.191, subdivision 2, is amended to read:

Subd. 2. **Apportionment formula of general application.** (a) Except for those trades or businesses required to use a different formula under subdivision 3 or section 290.341 or 290.36, and for those trades or businesses that receive permission to use some other method under section 290.20 or under subdivision 4, a trade or business required to apportion its net income must apportion its income to this state on the basis of the percentage obtained by taking the sum of:

(1) the percent for the sales factor under paragraph (b) of the percentage which the sales made within this state in connection with the trade or business during the tax period are of the total sales wherever made in connection with the trade or business during the tax period;

(2) the percent for the property factor under paragraph (b) of the percentage which the total tangible property used by the taxpayer in this state in connection with the trade or business during the tax period is of the total tangible property, wherever located, used by the taxpayer in connection with the trade or business during the tax period; and

(3) the percent for the payroll factor under paragraph (b) of the percentage which the taxpayer's total payrolls paid or incurred in this state or paid in respect to labor

performed in this state in connection with the trade or business during the tax period are of the taxpayer's total payrolls paid or incurred in connection with the trade or business during the tax period.

(b) For purposes of paragraph (a) and subdivision 3, the following percentages apply for the taxable years specified:

Taxable years beginning during calendar year	Sales factor percent	Property factor percent	Payroll factor percent
2007	78	11	11
2008	81	9.5	9.5
2009	84	8	8
2010	87	6.5	6.5
2011	90	5	5
2012	93	3.5	3.5
2013	96	2	2
2014 and later calendar years	100	0	0

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 36. Minnesota Statutes 2010, section 290.191, subdivision 5, is amended to read:

Subd. 5. **Determination of sales factor.** For purposes of this section, the following rules apply in determining the sales factor.

(a) The sales factor includes all sales, gross earnings, or receipts received in the ordinary course of the business, except that the following types of income are not included in the sales factor:

(1) interest;

(2) dividends;

(3) sales of capital assets as defined in section 1221 of the Internal Revenue Code;

(4) sales of property used in the trade or business, except sales of leased property of a type which is regularly sold as well as leased; and

(5) sales of debt instruments as defined in section 1275(a)(1) of the Internal Revenue Code or sales of stock~~; and~~.

~~(6) royalties, fees, or other like income of a type which qualify for a subtraction from federal taxable income under section 290.01, subdivision 19d(10).~~

(b) Sales of tangible personal property are made within this state if the property is received by a purchaser at a point within this state, and the taxpayer is taxable in this state, regardless of the f.o.b. point, other conditions of the sale, or the ultimate destination of the property.

(c) Tangible personal property delivered to a common or contract carrier or foreign vessel for delivery to a purchaser in another state or nation is a sale in that state or nation, regardless of f.o.b. point or other conditions of the sale.

(d) Notwithstanding paragraphs (b) and (c), when intoxicating liquor, wine, fermented malt beverages, cigarettes, or tobacco products are sold to a purchaser who is licensed by a state or political subdivision to resell this property only within the state of ultimate destination, the sale is made in that state.

(e) Sales made by or through a corporation that is qualified as a domestic international sales corporation under section 992 of the Internal Revenue Code are not considered to have been made within this state.

(f) Sales, rents, royalties, and other income in connection with real property is attributed to the state in which the property is located.

(g) Receipts from the lease or rental of tangible personal property, including finance leases and true leases, must be attributed to this state if the property is located in this state and to other states if the property is not located in this state. Receipts from the lease or rental of moving property including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are included in the numerator of the receipts factor to the extent that the property is used in this state. The extent of the use of moving property is determined as follows:

(1) A motor vehicle is used wholly in the state in which it is registered.

(2) The extent that rolling stock is used in this state is determined by multiplying the receipts from the lease or rental of the rolling stock by a fraction, the numerator of which is the miles traveled within this state by the leased or rented rolling stock and the denominator of which is the total miles traveled by the leased or rented rolling stock.

(3) The extent that an aircraft is used in this state is determined by multiplying the receipts from the lease or rental of the aircraft by a fraction, the numerator of which is the number of landings of the aircraft in this state and the denominator of which is the total number of landings of the aircraft.

(4) The extent that a vessel, mobile equipment, or other mobile property is used in the state is determined by multiplying the receipts from the lease or rental of the property by a fraction, the numerator of which is the number of days during the taxable year the property was in this state and the denominator of which is the total days in the taxable year.

(h) Royalties and other income not described in paragraph (a), clause (6), received for the use of or for the privilege of using intangible property, including patents, know-how, formulas, designs, processes, patterns, copyrights, trade names, service names, franchises, licenses, contracts, customer lists, or similar items, must be attributed to the

state in which the property is used by the purchaser. If the property is used in more than one state, the royalties or other income must be apportioned to this state pro rata according to the portion of use in this state. If the portion of use in this state cannot be determined, the royalties or other income must be excluded from both the numerator and the denominator. Intangible property is used in this state if the purchaser uses the intangible property or the rights therein in the regular course of its business operations in this state, regardless of the location of the purchaser's customers.

(i) Sales of intangible property are made within the state in which the property is used by the purchaser. If the property is used in more than one state, the sales must be apportioned to this state pro rata according to the portion of use in this state. If the portion of use in this state cannot be determined, the sale must be excluded from both the numerator and the denominator of the sales factor. Intangible property is used in this state if the purchaser used the intangible property in the regular course of its business operations in this state.

(j) Receipts from the performance of services must be attributed to the state where the services are received. For the purposes of this section, receipts from the performance of services provided to a corporation, partnership, or trust may only be attributed to a state where it has a fixed place of doing business. If the state where the services are received is not readily determinable or is a state where the corporation, partnership, or trust receiving the service does not have a fixed place of doing business, the services shall be deemed to be received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the services shall be deemed to be received at the office of the customer to which the services are billed.

(k) For the purposes of this subdivision and subdivision 6, paragraph (l), receipts from management, distribution, or administrative services performed by a corporation or trust for a fund of a corporation or trust regulated under United States Code, title 15, sections 80a-1 through 80a-64, must be attributed to the state where the shareholder of the fund resides. Under this paragraph, receipts for services attributed to shareholders are determined on the basis of the ratio of: (1) the average of the outstanding shares in the fund owned by shareholders residing within Minnesota at the beginning and end of each year; and (2) the average of the total number of outstanding shares in the fund at the beginning and end of each year. Residence of the shareholder, in the case of an individual, is determined by the mailing address furnished by the shareholder to the fund. Residence of the shareholder, when the shares are held by an insurance company as a depositor for the insurance company policyholders, is the mailing address of the policyholders. In

the case of an insurance company holding the shares as a depositor for the insurance company policyholders, if the mailing address of the policyholders cannot be determined by the taxpayer, the receipts must be excluded from both the numerator and denominator. Residence of other shareholders is the mailing address of the shareholder.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 37. Minnesota Statutes 2010, section 290.21, subdivision 4, is amended to read:

Subd. 4. **Dividends received from another corporation.** (a)(1) Eighty percent of dividends received by a corporation during the taxable year from another corporation, in which the recipient owns 20 percent or more of the stock, by vote and value, not including stock described in section 1504(a)(4) of the Internal Revenue Code when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer or would not be included in the inventory of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of the taxpayer's trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of the income and gains therefrom; and

(2)(i) the remaining 20 percent of dividends if the dividends received are the stock in an affiliated company transferred in an overall plan of reorganization and the dividend is eliminated in consolidation under Treasury Department Regulation 1.1502-14(a), as amended through December 31, 1989;

(ii) the remaining 20 percent of dividends if the dividends are received from a corporation which is subject to tax under section 290.341 or 290.36 and which is a member of an affiliated group of corporations as defined by the Internal Revenue Code and the dividend is eliminated in consolidation under Treasury Department Regulation 1.1502-14(a), as amended through December 31, 1989, or is deducted under an election under section 243(b) of the Internal Revenue Code; or

(iii) the remaining 20 percent of the dividends if the dividends are received from a property and casualty insurer as defined under section 60A.60, subdivision 8, which is a member of an affiliated group of corporations as defined by the Internal Revenue Code and either: (A) the dividend is eliminated in consolidation under Treasury Regulation 1.1502-14(a), as amended through December 31, 1989; or (B) the dividend is deducted under an election under section 243(b) of the Internal Revenue Code.

(b) Seventy percent of dividends received by a corporation during the taxable year from another corporation in which the recipient owns less than 20 percent of the stock,

by vote or value, not including stock described in section 1504(a)(4) of the Internal Revenue Code when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of the taxpayer's trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of income and gain therefrom.

(c) The dividend deduction provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.

The dividend deduction provided in this subdivision does not apply to a dividend from a corporation which, for the taxable year of the corporation in which the distribution is made or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 of the Internal Revenue Code.

The dividend deduction provided in this subdivision does not apply to a dividend received from a real estate investment trust, as defined in section 856 of the Internal Revenue Code.

The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code.

The dividend deduction provided in this subdivision shall not be allowed with respect to any dividend for which a deduction is not allowed under the provisions of section 246(c) of the Internal Revenue Code.

(d) If dividends received by a corporation that does not have nexus with Minnesota under the provisions of Public Law 86-272 are included as income on the return of an affiliated corporation permitted or required to file a combined report under section 290.17, subdivision 4, or 290.34, subdivision 2, then for purposes of this subdivision the determination as to whether the trade or business of the corporation consists principally of the holding of stocks and the collection of income and gains therefrom shall be made with reference to the trade or business of the affiliated corporation having a nexus with Minnesota.

(e) The deduction provided by this subdivision does not apply if the dividends are paid by a FSC as defined in section 922 of the Internal Revenue Code.

(f) If one or more of the members of the unitary group whose income is included on the combined report received a dividend, the deduction under this subdivision for each member of the unitary business required to file a return under this chapter is the product of: (1) 100 percent of the dividends received by members of the group; (2) the percentage

allowed pursuant to paragraph (a) or (b); and (3) the percentage of the taxpayer's business income apportionable to this state for the taxable year under section 290.191 or 290.20.

EFFECTIVE DATE. The changes made to paragraph (a) are effective for taxable years beginning after December 31, 2010, and the changes made to paragraph (c) are effective for taxable years beginning after December 31, 2011.

Sec. 38. **[290.341] INSURANCE COMPANIES; REPORT OF NET INCOME; COMPUTATION OF AMOUNT OF INCOME ALLOCABLE TO STATE.**

Subdivision 1. **Computation of net income.** (a) The net income of insurance companies taxable under this chapter is computed as follows.

(b) Each life insurance company must report to the commissioner the life insurance company taxable net income as defined in section 801(b) of the Internal Revenue Code, incorporating any elections made by the taxpayer in determining life insurance company taxable income for federal income tax purposes.

(c) Each insurance company other than a life insurance company must report to the commissioner its federal taxable income as defined in section 832 of the Internal Revenue Code, or its taxable investment income as defined in section 832 of the Internal Revenue Code, incorporating any elections made by the taxpayer in accordance with the Internal Revenue Code in determining federal taxable income or taxable investment income for federal income tax purposes.

(d) The life insurance company taxable net income, federal taxable income, or taxable investment income so reported is subject to the modifications provided in section 290.01, subdivisions 19c to 19f.

Subd. 2. **Apportionment of taxable net income.** (a) The commissioner shall compute from net income the taxable net income of insurance companies by apportioning to this state net income on the ratio of gross premiums collected by them during the taxable year from old and new business within this state, including reinsurance premiums, to the total gross premiums collected by them during that year from their entire old and new business, including reinsurance premiums; the commissioner shall add to the taxable net income so apportioned to this state the amount of any taxes on premiums paid by the company by virtue of any law of this state, other than the surcharge on premiums imposed by section 297I.06 and the surcharge imposed by section 168A.40, subdivision 3, which shall have been deducted from gross income by the company in arriving at its total net income under the provisions of section 810(b) or 832 of the Internal Revenue Code.

(b) For purposes of determining the Minnesota apportionment percentage, premiums from reinsurance contracts in connection with property in or liability arising out of

activity in, or in connection with the lives or health of Minnesota residents must be attributed to Minnesota and premiums from reinsurance contracts in connection with property in or liability arising out of activity in, or in connection with the lives or health of non-Minnesota residents must be attributed outside of Minnesota. Reinsurance premiums are presumed to be received for a Minnesota risk and are assigned to Minnesota, if:

(1) the reinsurance contract is assumed for a company domiciled in Minnesota; and

(2) the taxpayer, upon request of the commissioner, fails to provide reliable records indicating the reinsured contract covered non-Minnesota risks.

For purposes of this paragraph, "Minnesota risk" means coverage in connection with property in or liability arising out of activity in Minnesota, or in connection with the lives or health of Minnesota residents.

(c) The apportionment method prescribed by paragraph (b) must be presumed to fairly and correctly determine the taxpayer's taxable net income. If the method prescribed in paragraph (b) does not fairly reflect all or any part of taxable net income, the taxpayer may petition for or the commissioner may require the determination of taxable net income by use of another method if that method fairly reflects taxable net income. A petition within the meaning of this section must be filed by the taxpayer on a form as the commissioner requires.

Subd. 3. **Credit.** An insurance company shall receive a credit against the tax computed under sections 290.06, subdivision 1, and 290.0921, equal to any taxes based on premiums imposed by section 297I.05 and paid by the insurance company that are attributable to the period for which the tax under this chapter is imposed.

Subd. 4. **Guaranty association assessment offset.** (a) An insurance company may offset against its corporate franchise tax liability under this chapter any amount paid pursuant to assessments made for insolvencies which occur after December 31, 2010, under chapter 60C, and any amount paid pursuant to assessments made after December 31, 2010, under chapter 61B, as follows.

(b) Each such assessment must give rise to an amount of offset equal to 20 percent of the amount of the assessment for each of the five calendar years following the year in which the assessment was paid.

(c) The amount of offset initially determined for each taxable year is the sum of the amounts determined under paragraph (b) for that taxable year.

(d) Each year the commissioner of revenue shall compare total guaranty association assessments levied over the preceding five calendar years to the sum of all premium tax and corporate franchise tax revenues collected from insurance companies without reduction for any guaranty association assessment offset in the preceding calendar year,

referred to in this subdivision as "preceding year insurance tax revenues." If total guaranty association assessments levied over the preceding five years exceed the preceding year insurance tax revenues, insurance companies are allowed only a proportionate part of the corporate franchise tax offset calculated under paragraph (c) for the current calendar year. The proportionate part of the corporate franchise tax offset allowed in the current calendar year is determined by multiplying the amount calculated under paragraph (c) by a fraction, the numerator of which equals the preceding year insurance tax revenues and the denominator of which equals total guaranty association assessments levied over the preceding five-year period. The proportionate part of the premium tax offset that is not allowed is carried forward to subsequent tax years and added to the amount of corporate franchise tax offset calculated under paragraph (c) before application of the limitation imposed by this paragraph. Any amount carried forward from prior years must be allowed before allowance of the offset for the current year calculated under paragraph (c). The corporate franchise tax offset limitation must be calculated separately for (1) insurance companies subject to assessment under chapter 60C, and (2) insurance companies subject to assessment under chapter 61B. When the corporate franchise tax offset is limited by this provision, the commissioner of revenue shall notify affected insurance companies before February 1 for purposes of filing premium and corporate franchise tax returns. The guaranty associations created under chapters 60C and 61B must provide the commissioner of revenue with the necessary information on guaranty association assessments. The limitation in this paragraph is effective for offsets allowable in 2011 and thereafter.

(e) If the offset determined by the application of paragraphs (b) and (c) exceeds the greater of the insurance company's corporate franchise tax liability under this chapter prior to allowance of the credit provided by subdivision 3 or its premium tax liability under chapter 297I, then the insurance company may carry forward the excess, referred to in this subdivision as the "carryforward credit," to subsequent taxable years. The carryforward credit must be allowed as an offset against corporate franchise tax liability for the first succeeding year to the extent that the corporate franchise tax liability for that year exceeds the amount of the allowable offset for the year determined under paragraphs (b) and (c). The carryforward credit must be reduced, but not below zero, by the greater of the amount of the carryforward credit allowed as an offset against the corporate franchise tax pursuant to this paragraph or the amount of the carryforward credit allowed as an offset against the insurance company's premium tax liability under chapter 297I pursuant to section 297I.20, subdivision 1, paragraph (b), clause (4). The remainder, if any, of the carryforward credit must be carried forward to succeeding taxable years until the entire carryforward credit

has been credited against the insurance company's liability for corporate franchise tax under this chapter and premium tax under chapter 297I.

(f) A refund paid by the Minnesota life and health insurance guaranty association to member insurers under section 61B.24, subdivision 6, with respect to an assessment payment which has been offset against taxes must reduce the carryforward credit determined under paragraph (e) and, if the refund exceeds the amount of the carryforward credit, must be repaid by the insurers to the extent of the offset to the state in the manner the commissioner of revenue requires.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 39. Minnesota Statutes 2010, section 290.9201, subdivision 11, is amended to read:

Subd. 11. ~~**Exception**~~ **Exemption from withholding** ~~**for public speakers**~~ **and tax.** ~~The provisions of~~ (a) Subdivisions 7 and 8 ~~shall not be effective for~~ do not apply to:

(1) compensation paid to nonresident public speakers, if the compensation paid to the speaker is less than $2,000 or is only a payment of the speaker's expenses~~.~~; or

(2) compensation paid to an entertainment entity if the compensation paid to the entertainment entity is less than $600.

(b) Compensation paid to a public speaker or an entertainment entity that is not subject to withholding tax under this subdivision is not subject to tax under subdivision 2 unless the total compensation received by the public speaker or entertainment entity in the tax year exceeds the individual income tax filing requirements for a nonresident individual under section 289A.08, subdivision 1, paragraph (a), clause (1).

EFFECTIVE DATE. This section is effective for compensation paid or received after December 31, 2011.

Sec. 40. Minnesota Statutes 2010, section 291.005, subdivision 1, is amended to read:

Subdivision 1. **Scope.** Unless the context otherwise clearly requires, the following terms used in this chapter shall have the following meanings:

(1) "Commissioner" means the commissioner of revenue or any person to whom the commissioner has delegated functions under this chapter.

(2) "Federal gross estate" means the gross estate of a decedent as required to be valued and otherwise determined for federal estate tax purposes under the Internal Revenue Code.

(3) "Internal Revenue Code" means the United States Internal Revenue Code of 1986, as amended through March 18, 2010, but without regard to the provisions of sections 501 and 901 of Public Law 107-16.

(4) "Minnesota adjusted taxable estate" means federal adjusted taxable estate as defined by section 2011(b)(3) of the Internal Revenue Code, increased by the amount of deduction for state death taxes allowed under section 2058 of the Internal Revenue Code.

(5) "Minnesota gross estate" means the federal gross estate of a decedent after (a) excluding therefrom any property included therein which has its situs outside Minnesota, and (b) including therein any property omitted from the federal gross estate which is includable therein, has its situs in Minnesota, and was not disclosed to federal taxing authorities.

(6) "Nonresident decedent" means an individual whose domicile at the time of death was not in Minnesota.

(7) "Personal representative" means the executor, administrator or other person appointed by the court to administer and dispose of the property of the decedent. If there is no executor, administrator or other person appointed, qualified, and acting within this state, then any person in actual or constructive possession of any property having a situs in this state which is included in the federal gross estate of the decedent shall be deemed to be a personal representative to the extent of the property and the Minnesota estate tax due with respect to the property.

(8) "Resident decedent" means an individual whose domicile at the time of death was in Minnesota.

(9) "Situs of property" means, with respect to real property, the state or country in which it is located; with respect to tangible personal property, the state or country in which it was normally kept or located at the time of the decedent's death; and with respect to intangible personal property, the state or country in which the decedent was domiciled at death. For a nonresident decedent with an ownership interest in a pass-through entity with assets that include real or tangible personal property, situs of the real or tangible personal property is determined as if the pass-through entity does not exist and the real or tangible personal property is personally owned by the decedent. If the pass-through entity is owned by a person or persons in addition to the decedent, ownership of the property is attributed to the decedent in proportion to the decedent's capital ownership share of the pass-through entity.

(10) "Pass-through entity" includes the following:

(i) an entity electing S corporation status under section 1362 of the Internal Revenue Code;

(ii) an entity taxed as a partnership under subchapter K of the Internal Revenue Code;

(iii) a single member limited liability company or similar entity, regardless of whether it is taxed as an association or is disregarded for federal income tax purposes under Code of Federal Regulations, title 26, section 301.7701-3; or

(iv) a trust.

EFFECTIVE DATE. This section is effective for estates of decedents dying after December 31, 2010.

Sec. 41. Minnesota Statutes 2010, section 297I.20, subdivision 1, is amended to read:

Subdivision 1. **Guaranty association assessment offsets.** (a) An insurance company may offset against its premium tax liability to this state any amount paid for assessments made for insolvencies which occur after July 31, 1994, under sections 60C.01 to 60C.22; and any amount paid for assessments made after July 31, 1994, under Minnesota Statutes 1992, sections 61B.01 to 61B.16, or under sections 61B.18 to 61B.32 as follows:

(1) Each such assessment shall give rise to an amount of offset equal to 20 percent of the amount of the assessment for each of the five calendar years following the year in which the assessment was paid.

(2) The amount of offset initially determined for each taxable year is the sum of the amounts determined under clause (1) for that taxable year.

(b)(1) Each year the commissioner shall compare total guaranty association assessments levied over the preceding five calendar years to the sum of all premium tax and corporate franchise tax revenues collected from insurance companies, without reduction for any guaranty association assessment offset in the preceding calendar year, referred to in this subdivision as "preceding year insurance tax revenues."

(2) If total guaranty association assessments levied over the preceding five years exceed the preceding year insurance tax revenues, insurance companies must be allowed only a proportionate part of the premium tax offset calculated under paragraph (a) for the current calendar year.

(3) The proportionate part of the premium tax offset allowed in the current calendar year is determined by multiplying the amount calculated under paragraph (a) by a fraction. The numerator of the fraction equals the preceding year insurance tax revenues, and its denominator equals total guaranty association assessments levied over the preceding five-year period.

(4) The proportionate part of the premium tax offset that is not allowed must be carried forward to subsequent tax years and added to the amount of premium tax offset

calculated under paragraph (a) prior to application of the limitation imposed by this paragraph.

(5) Any amount carried forward from prior years must be allowed before allowance of the offset for the current year calculated under paragraph (a).

(6) The premium tax offset limitation must be calculated separately for (i) insurance companies subject to assessment under sections 60C.01 to 60C.22, and (ii) insurance companies subject to assessment under Minnesota Statutes 1992, sections 61B.01 to 61B.16, or 61B.18 to 61B.32.

(7) When the premium tax offset is limited by this provision, the commissioner shall notify affected insurance companies on a timely basis for purposes of completing premium and corporate franchise tax returns.

(8) The guaranty associations created under sections 60C.01 to 60C.22, Minnesota Statutes 1992, sections 61B.01 to 61B.16, and 61B.18 to 61B.32, shall provide the commissioner with the necessary information on guaranty association assessments.

(c)(1) If the offset determined by the application of paragraphs (a) and (b) exceeds the greater of the insurance company's premium tax liability under this section or its corporate franchise tax liability under chapter 290 prior to allowance of the credit for premium taxes, then the insurance company may carry forward the excess, referred to in this subdivision as the "carryforward credit" to subsequent taxable years.

(2) The carryforward credit is allowed as an offset against premium tax liability for the first succeeding year to the extent that the premium tax liability for that year exceeds the amount of the allowable offset for the year determined under paragraphs (a) and (b).

(3) The carryforward credit must be reduced, but not below zero, by the greater of the amount of the carryforward credit allowed as an offset against the premium tax under this paragraph or the amount of the carryforward credit allowed as an offset against the insurance company's corporate franchise tax liability under section 290.341, subdivision 5. The remainder, if any, of the carryforward credit must be carried forward to succeeding taxable years until the entire carryforward credit has been credited against the insurance company's liability for premium tax under this chapter and corporate franchise tax under chapter 290 if applicable for that taxable year.

(d) When an insurer has offset against taxes its payment of an assessment of the Minnesota Life and Health Guaranty Association, and the association pays the insurer a refund with respect to the assessment under Minnesota Statutes 1992, section 61B.07, subdivision 6, or 61B.24, subdivision 6, then the refund reduces the insurer's carryforward credit under paragraph (c). If the refund exceeds the amount of the carryforward credit,

the excess amount must be repaid to the state by the insurers to the extent of the offset in the manner the commissioner requires.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2010.

Sec. 42. **REPEALER.**

(a) Minnesota Statutes 2010, section 290.01, subdivision 6b, is repealed.

(b) Minnesota Statutes 2010, section 290.0678, is repealed.

(c) Minnesota Statutes 2010, section 290.9201, subdivision 3, is repealed.

EFFECTIVE DATE. Paragraph (a) is effective for taxable years beginning after December 31, 2010. Paragraph (b) is effective for taxable years beginning after December 31, 2011. Paragraph (c) is effective for compensation received after December 31, 2011.

ARTICLE 2

FEDERAL UPDATE

Section 1. Minnesota Statutes 2010, section 289A.02, subdivision 7, as amended by Laws 2011, chapter 8, section 1, is amended to read:

The credit is reduced by 10.3 percent of earned income or adjusted gross income, whichever is greater, in excess of $17,890, but in no case is the credit less than zero.

(e) For a nonresident or part-year resident, the credit must be allocated based on the percentage calculated under section 290.06, subdivision 2c, paragraph (e).

(f) For a person who was a resident for the entire tax year and has earned income not subject to tax under this chapter, including income excluded under section 290.01, subdivision 19b, clause (9) or (15), the credit must be allocated based on the ratio of federal adjusted gross income reduced by the earned income not subject to tax under this chapter over federal adjusted gross income. For purposes of this paragraph, the subtractions for military pay under section 290.01, subdivision 19b, clauses (10) and (11), are not considered "earned income not subject to tax under this chapter."

For the purposes of this paragraph, the exclusion of combat pay under section 112 of the Internal Revenue Code is not considered "earned income not subject to tax under this chapter."

(g) For tax years beginning after December 31, 2007, and before December 31, 2010, the $5,770 in paragraph (b), the $15,080 in paragraph (c), and the $17,890 in paragraph (d), after being adjusted for inflation under subdivision 7, are each increased by $3,000 for married taxpayers filing joint returns. For tax years beginning after December 31, 2008, the commissioner shall annually adjust the $3,000 by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code, except that in section 1(f)(3)(B), the word "2007" shall be substituted for the word "1992." For 2009, the commissioner shall then determine the percent change from the 12 months ending on August 31, 2007, to the 12 months ending on August 31, 2008, and in each subsequent year, from the 12 months ending on August 31, 2007, to the 12 months ending on August 31 of the year preceding the taxable year. The earned income thresholds as adjusted for inflation must be rounded to the nearest $10. If the amount ends in $5, the amount is rounded up to the nearest $10. The determination of the commissioner under this subdivision is not a rule under the Administrative Procedure Act.

(h) For tax years beginning after December 31, 2010, and before January 1, 2013, the $5,770 in paragraph (b), the $15,800 in paragraph (c), and the $17,890 in paragraph (d), after being adjusted for inflation under subdivision 7, are each increased by $5,000 for married taxpayers filing joint returns. For tax years beginning after December 31, 2010, the commissioner shall annually adjust the $5,000 by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code, except that in section 1(f)(3)(B), the word "2008" shall be substituted for the word "1992." For 2011, the commissioner shall then determine the percent change from the 12 months ending on August 31, 2008, to the 12 months ending on August 31, 2010, and in each subsequent year, from the 12 months ending on August 31, 2008, to the 12 months ending on August 31 of the year preceding the taxable year. The earned income thresholds as adjusted for inflation must be rounded to the nearest $10. If the amount ends in $5, the amount

is rounded up to the nearest $10. The determination of the commissioner under this subdivision is not a rule under the Administrative Procedure Act.

~~(h)~~ (i) The commissioner shall construct tables showing the amount of the credit at various income levels and make them available to taxpayers. The tables shall follow the schedule contained in this subdivision, except that the commissioner may graduate the transition between income brackets.

Section 1. Minnesota Statutes 2010, section 275.025, is amended to read:

275.025 STATE GENERAL TAX.

Subdivision 1. **Levy amount.** The state general levy is levied against commercial-industrial property and seasonal residential recreational property, as defined in this section. The state general levy ~~base~~ amount is ~~$592,000,000~~ $810,826,000 for taxes payable in ~~2002~~ 2012. For taxes payable in subsequent years, the levy ~~base~~ amount is increased each year by multiplying the levy ~~base~~ amount for the prior year by the sum of one plus the rate of increase, if any, in the implicit price deflator for government consumption expenditures and gross investment for state and local governments prepared by the Bureau of Economic Analysts of the United States Department of Commerce for the 12-month period ending March 31 of the year prior to the year the taxes are payable. The tax under this section is not treated as a local tax rate under section 469.177 and is not the levy of a governmental unit under chapters 276A and 473F.

The commissioner ~~shall~~ may increase or decrease the preliminary or final rate for a year as necessary to account for errors and tax base changes that affected a preliminary or final rate for either or both of the ~~two~~ preceding two years. Adjustments are allowed only to the extent that the necessary information is available to the commissioner at the time the rates for a year must be certified, and for the following reasons:

(1) an erroneous report of taxable value by a local official;

(2) an erroneous calculation by the commissioner; and

(3) an increase or decrease in taxable value for commercial-industrial or seasonal residential recreational property reported on the abstracts of tax lists submitted under section 275.29 that was not reported on the abstracts of assessment submitted under section 270C.89 for the same year.

The commissioner ~~may, but need not,~~ shall make the allowed adjustments if the total difference in the tax levied for the year affected by the error or change would ~~be less than~~ have been $100,000 or more.

Subd. 2. **Commercial-industrial tax capacity.** For the purposes of this section, "commercial-industrial tax capacity" means the net tax capacity of all taxable property classified as class 3 or class 5(1) under section 273.13, except for electric generation attached machinery under class 3 and property described in section 473.625. County commercial-industrial tax capacity amounts are not adjusted for the captured net tax capacity of a tax increment financing district under section 469.177, subdivision 2, the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425, or fiscal disparities contribution and distribution net tax capacities under chapter 276A or 473F.

Subd. 3. **Seasonal residential recreational tax capacity.** For the purposes of this section, "seasonal residential recreational tax capacity" means the net tax capacity of tier III of class 1c under section 273.13, subdivision 22, and all class 4c(1) and 4c(3)(ii) property under section 273.13, subdivision 25, except that the first $76,000 of market value of each noncommercial class 4c(1) property has a tax capacity for this purpose equal to 40 percent of its net tax capacity under section 273.13 and the net tax capacity of the excess of market value over $1,000,000 of each single unit noncommercial class 4c(1) property is excluded.

Subd. 4. **Apportionment and levy of state general tax.** ~~Ninety-five~~ 95.1 percent of the state general tax must be levied by applying a uniform rate to all commercial-industrial tax capacity and ~~five~~ 4.9 percent of the state general tax must be levied by applying a uniform rate to all seasonal residential recreational tax capacity. On or before October 1 each year, the commissioner of revenue shall certify the preliminary state general levy rates to each county auditor that must be used to prepare the notices of proposed property taxes for taxes payable in the following year. By January 1 of each year, the commissioner shall certify the final state general levy rate to each county auditor that shall be used in spreading taxes.

defined in this section. The state general residential levy amount is $44,330,000 for taxes payable in 2012. For taxes payable in subsequent years, the amount of the levy for each year is computed by multiplying the general residential levy amount for the prior year by the sum of one plus the rate of increase, if any, in the implicit price deflator for government consumption expenditures and gross investment for state and local governments prepared by the Bureau of Economic Analysts of the United States Department of Commerce for the 12-month period ending March 31 of the year prior to the year the taxes are payable. The tax under this section is not treated as a local tax rate under section 469.177 and is not the levy of a governmental unit under chapters 276A and 473F. None of the tax bases defined in this section are adjusted for the captured net tax capacity of a tax increment financing district under section 469.177, subdivision 2.

The commissioner may increase or decrease the preliminary or final rate for a year as necessary to account for errors and tax base changes that affected a preliminary or final rate for either or both of the preceding two years. Adjustments are allowed only to the extent that the necessary information is available to the commissioner at the time the rates for a year must be certified, and for the following reasons:

(1) an erroneous report of taxable value by a local official;

(2) an erroneous calculation by the commissioner; and

The commissioner shall make the allowed adjustments if the total difference in the tax levied for the year affected by the error or change would have been $100,000 or more.

By January 1 of each year, the commissioner shall determine and certify the final rate for the state general residential levy to each county auditor that shall be used in spreading taxes.
