Sec. 2. Minnesota Statutes 2008, section 240.07, subdivision 3, is amended to read:

Subd. 3. **License issuance.** (a) If after considering the information received from the hearing and investigations, the commission determines that the applicant will conduct horse racing in accordance with all applicable laws and rules, will not adversely affect the public health, welfare, and safety, that the license will not create a competitive situation that will adversely affect racing and the public interest and that the applicant is fit to sponsor and manage racing, the commission may issue a class B license.

(b) If the commission determines that the licensee will operate a card club in accordance with all applicable law and rules and the applicant's approved plan of operation under section 240.30, subdivision 6, that the operation of a card club by the licensee will not adversely affect the public health, welfare, and safety, and that the licensee is fit to operate a card club, the commission may include with the class B license an authorization to conduct a card club at the licensee's class A racetrack as provided in section 240.30. The commission may give an interim authorization for the operation of a card club that is effective until the expiration of the licensee's class B license and may charge for the interim authorization a proportionate amount of the additional class B license fee under section 240.10.

(c) If the commission determines that the licensee will operate additional gambling activities under section 240.31 in accordance with applicable laws and rules and the applicant's approved plan of operation, and that the operation of the activity will not adversely affect the public health, welfare, and safety, and that the licensee is fit to conduct the activity, the commission may include with the class B license an authorization to conduct additional gambling activities at the licensee's class A racetrack as provided in section 240.31. The commission may give an interim authorization for the operation of the activity that is effective until the expiration of the licensee's class B license. The commission shall not authorize a class B licensee to conduct gambling activities, pursuant to section 240.31, unless the licensee has, within the preceding 12 months, conducted 75 days of live racing, consisting of not less than eight live races on each racing day, at the class A facility where the licensee conducts racing. For licensees seeking approval for the first time, the 75-day racing requirement shall be deemed to have been met if the licensee

has applied for and been granted at least 75 days of live racing to be conducted in the next race meet. The live racing requirement established by this paragraph may be adjusted by written agreement between a class B licensee and the horsepersons' organization representing the majority of all owners and trainers licensed by the commission. Any agreement entered into under this paragraph must be filed with the commission.

(d) The license is for a period of one year.

Sec. 3. [240.31] OTHER GAMES.

Subdivision 1. **Authorization.** The commission may authorize a class B operator of a class A racetrack, which is specifically authorized to conduct gambling activities in addition to pari-mutuel horse race wagering, to operate gaming machines and to conduct banked card games. For the purposes of this subdivision, a "gaming machine" means any device that may provide something of value to a person operating the device, the award of which is based, in whole or in part, upon chance.

Subd. 2. **Installation and operation permitted.** A class B licensee authorized by this section may own or lease, install, maintain, and operate gaming machines within the licensed premises of the licensee's class A racetrack, as defined in the approved class A license, if the commission has authorized the operation as provided in section 240.07, subdivision 3, paragraph (c). The commission may withdraw its authorization for operation of gaming machines at any time for a violation of a law or rule governing gaming machine operation.

Subd. 3. **Supervision.** (a) A class B licensee who operates gaming machines at the licensee's class A racetrack is responsible for conducting and supervising gaming machine play and operation; providing all necessary equipment, services, and personnel; and reimbursing the commission for costs related to gaming machine regulation and enforcement.

(b) The commission and its representatives, and the director of the Division of Alcohol and Gambling Enforcement and the division's representatives, have the right, at any time without prior notice and without a search warrant, to (1) inspect the licensee's books, records, and other indicators of total plays on and gross receipts from gaming machines on the licensed premises, (2) inspect any computer hardware or software that relate to the operation of gaming machines on the licensed premises, and (3) have unrestricted access to any part of any gaming machine on the licensed premises.

Subd. 4. **Plan of operation.** (a) The commission shall not authorize a class B licensee to operate gaming machines unless the licensee has submitted, and the commission has approved, a plan of operation for gaming machine operation. The plan

4.4 (2) designation of the licensee's employees who will have access to the interior
4.5 and exterior of gaming machines;

4.6 (3) designation of the licensee's employees who will have access to cash inserted
4.7 and removed from gaming machines;

4.8 (4) security measures and internal control systems to be adopted and implemented
4.9 by the licensee to ensure integrity of gaming machine play and security of all money
4.10 removed from gaming machines;

4.11 (5) measures to be adopted and implemented by the licensee to ensure the security
4.12 and safety of patrons of that portion of the licensed premises where gaming machines
4.13 are operated;

4.14 (6) a description of the design, manufacture, and operation of gaming machines the
4.15 licensee will own or lease and operate; and

4.16 (7) a plan for the training of all personnel who work in that portion of the licensed
4.17 premises where gaming machines are operated in the identification of problem gamblers
4.18 and appropriate action to prevent or control problem gambling.

4.19 (b) Deviation from the standards in paragraph (a) requires prior approval of the
4.20 commission in the same manner as amendments to the plan of operation under this
4.21 subdivision.

4.22 Subd. 5. **Amendments to plan.** The licensee may amend the plan of operation and
4.23 implement those amendments only with the commission's prior approval.

4.24 Subd. 6. **Violations of plan.** (a) A violation of an approved plan of operation,
4.25 or implementation of an amendment to an approved plan of operation without the
4.26 commission's prior approval, is deemed to be a violation of law or a rule of the commission.

4.27 (b) Gaming machine play and operation are deemed to be relevant to the integrity of
4.28 horse racing activities in Minnesota for purposes of sections 240.03; 240.06, subdivision
4.29 7; 240.08; and 240.27, subdivision 1.

4.30 Subd. 7. **Removal of nonconforming machines.** The commission or its authorized
4.31 representatives, and the director of alcohol and gambling enforcement and the director's
4.32 authorized representatives, may administratively order a class B licensee to remove
4.33 from use any gaming machine that the commission or director determines to be out of
4.34 compliance with the approved plan of operation.

5.1 Subd. 8. **Minimum age for play.** A licensee may not permit a person under the age
5.2 of 18 to play a game on or win a prize from a gaming machine that the licensee operates.
5.3 Violation of this subdivision is a gross misdemeanor.

5.4 Subd. 9. **Posting of notice.** A class B licensee who has been authorized to
5.5 operate gaming machines must prominently post, in the portion of the licensed premises
5.6 where gaming machines are operated, the toll-free telephone number established by the
5.7 commissioner of human services in connection with the compulsive gambling program
5.8 established under section 245.98.

5.9 Subd. 10. **Local regulation prohibited.** Except as provided in section 240.17, a
5.10 political subdivision may not prohibit or regulate gaming machines authorized under this
5.11 section, or impose a tax on the proceeds of gaming machines authorized under this section.

5.12 Subd. 11. **Purses.** From the sum of all money received by the licensee from
5.13 gambling activities authorized under subdivision 1, less the amount paid out in prizes
5.14 and winnings and fees required, pursuant to subdivision 14, the licensee must set aside
5.15 a minimum of ten percent for purses for live horse races conducted at class A facilities
5.16 in the state. The minimum amount of purse set-aside is increased to 14 percent for any
5.17 activities conducted five years or more after the enactment of this section. Set-asides
5.18 required by this paragraph shall be transmitted to the commission, which shall establish
5.19 an account for each breed racing in the state. The commission shall allocate these funds
5.20 based on the percentage of wagering handled on each breed for races conducted at class
5.21 A facilities as compared to the total amount of wagering handled on races conducted at
5.22 class A facilities during the previous calendar year. The commission shall transfer 15
5.23 percent of the amount allocated to each breed to its breeder's fund to be distributed in the
5.24 manner provided for money generated by full racing card simulcasting, pursuant to section
5.25 240.15, subdivision 6. The commission shall routinely transfer the remaining money in
5.26 the accounts to the licensees conducting racing for each breed and direct the licensee to
5.27 augment the purses for that breed with the funds received from the commission. Purse
5.28 augmentations required pursuant to this subdivision are in addition to purse payments
5.29 otherwise established by law or contract.

5.30 Subd. 12. **Reimbursement to commission.** The commission shall require that
5.31 the licensee reimburse it for the commission's actual costs of regulating any additional
5.32 gambling activities under this section. Amounts received under this subdivision must be
5.33 deposited as provided in section 240.155, subdivision 1.

5.34 Subd. 13. **Reporting.** The class B licensee shall report all income generated by the
5.35 additional gambling activities in an annual report to the Racing Commission. The report

shall also account for all costs of operation, taxes paid, purses paid, and amounts paid to the breeder's fund.

Subd. 14. Fee. The licensee must pay to the commission an annual gambling activities fee equal to 32 percent of all money received by the licensee from gambling activities authorized under this section, less the amount paid out in prizes and winnings. The fee established by this subdivision shall be 42 percent on amounts received by a licensee in excess of \$125,000,000 in a calendar year, less the amount paid out in prizes and winnings. The licensee must pay this fee on a quarterly basis. The commission shall distribute the fee revenue it collects, on a quarterly basis, as follows:

(1) one percent of the amount paid by each licensee to the city in which the licensee is conducting games authorized, pursuant to this section;

(2) one percent to the county in which the licensee is conducting games authorized, pursuant to this section; and
