(b) If, on the basis of a November forecast of general fund revenues and expenditures, the commissioner of management and budget determines that there will be a positive unrestricted general fund balance at the close of the biennium and that the provisions of subdivision 2, paragraph (a), clauses (1), (2), (3), and (4), are satisfied, the commissioner shall transfer to the budget reserve account in the general fund the amount necessary to increase the budget reserve to the budget reserve level determined under paragraph (a). The amount of the transfer authorized in this paragraph shall not exceed 33 percent of the positive unrestricted general fund balance determined in the forecast.

EFFECTIVE DATE. This section is effective July 1, 2019.

Sec. 2. Minnesota Statutes 2018, section 16A.152, subdivision 2, is amended to read:

Subd. 2. Additional revenues; priority. (a) If on the basis of a forecast of general fund revenues and expenditures, the commissioner of management and budget determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of management and budget must allocate money to the following accounts and purposes in priority order:
(1) the cash flow account established in subdivision 1 until that account reaches $350,000,000;

(2) the budget reserve account established in subdivision 1a until that account reaches $1,596,522,000;

(3) the amount necessary to increase the aid payment schedule for school district aids and credits payments in section 127A.45 to not more than 90 percent rounded to the nearest tenth of a percent without exceeding the amount available and with any remaining funds deposited in the budget reserve;

The commissioner of education shall increase the aid payment percentage and reduce the property tax shift percentage, and increase the special education aid payment percentage by these amounts and apply those reductions to the current fiscal year and thereafter.

2017 is $6,067. The formula allowance for fiscal year 2018 is $6,188. The formula allowance
for fiscal year 2019 and later is $6,312. The formula allowance for fiscal year 2020 is $6,501.
The formula allowance for fiscal year 2021 and later is $6,631.

EFFECTIVE DATE. This section is effective for revenue for fiscal year 2020 and later.
Sec. 17. Minnesota Statutes 2018, section 126C.10, subdivision 2d, is amended to read:

Subd. 2d. Declining enrollment revenue. (a) A school district's declining enrollment revenue equals the greater of zero or the product of: (1) 28 percent of the formula allowance for that year and (2) the difference between the adjusted pupil units for the preceding year and the adjusted pupil units for the current year.

(b) Notwithstanding paragraph (a), for fiscal years 2015, 2016, and 2017 only, a pupil enrolled at the Crosswinds school shall not generate declining enrollment revenue for the district or charter school in which the pupil was last counted in average daily membership.

(c) Notwithstanding paragraph (a), for fiscal years 2017, 2018, and 2019 only, prekindergarten pupil units under section 126C.05, subdivision 1, paragraph (d)(c), must be excluded from the calculation of declining enrollment revenue.

EFFECTIVE DATE. This section is effective for revenue for fiscal year 2020 and later.

Sec. 18. Minnesota Statutes 2018, section 126C.10, subdivision 2e, is amended to read:

Subd. 2e. Local optional revenue. (a) For fiscal year 2020, local optional revenue for a school district equals $424 times the adjusted pupil units of the district for that school year. For fiscal year 2021 and later, local optional revenue for a school district equals the sum of the district's first tier local optional revenue and second tier local optional revenue.

A district's first tier local optional revenue equals $300 times the adjusted pupil units of the district for that school year. A district's second tier local optional revenue equals $424 times the adjusted pupil units of the district for that school year.

(b) For fiscal year 2020, a district's local optional levy equals its local optional revenue times the lesser of one or the ratio of its referendum market value per resident pupil unit to $510,000. For fiscal year 2021 and later, a district's local optional levy equals the sum of the first tier local optional levy and the second tier local optional levy. A district's first tier local optional levy equals the district's first tier local optional revenue times the lesser of one or the ratio of the district's referendum market value per resident pupil unit to $880,000.

A district's second tier local optional levy equals the district's second tier local optional revenue times the lesser of one or the ratio of the district's referendum market value per resident pupil unit to $510,000. The local optional revenue levy must be spread on referendum market value. A district may levy less than the permitted amount.

(c) A district's local optional aid equals its local optional revenue less minus its local optional levy, times the ratio of the actual amount levied to the permitted levy. If a district's
actual levy for first or second tier local optional revenue is less than its maximum levy limit
for that tier, its aid must be proportionately reduced.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2021 and later.

Sec. 19. Minnesota Statutes 2018, section 126C.10, subdivision 3, is amended to read:

Subd. 3. **Compensatory education revenue.** (a) The compensatory education revenue

A district's compensatory revenue equals the sum of its compensatory revenue for each
building in the district and the amounts designated under Laws 2015, First Special Session
chapter 3, article 2, section 70, subdivision 8, for fiscal year 2017. Revenue shall be paid
to the district and must be allocated according to section 126C.15, subdivision 2.

(b) When the district contracting with an alternative program under section 124D.69
changes prior to the start of a school year, the compensatory revenue generated by pupils
attending the program shall be paid to the district contracting with the alternative program
for the current school year, and shall not be paid to the district contracting with the alternative
program for the prior school year.

(c) When the fiscal agent district for an area learning center changes prior to the start of
a school year, the compensatory revenue shall be paid to the fiscal agent district for the
current school year, and shall not be paid to the fiscal agent district for the prior school year.

(d) Of the amount of revenue under this subdivision, 1.7 percent for fiscal year 2018,
3.5 percent for fiscal year 2019, and for fiscal year 2020 and later, 3.5 percent plus the
percentage change in the formula allowance from fiscal year 2019, must be used for extended
time activities under subdivision 2a, paragraph (c).

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2020 and later.

Sec. 20. Minnesota Statutes 2018, section 126C.10, subdivision 13a, is amended to read:

Subd. 13a. **Operating capital levy.** To obtain operating capital revenue, a district may
levy an amount not more than the product of its operating capital revenue for the fiscal year
times the lesser of one or the ratio of its adjusted net tax capacity per adjusted pupil unit to
the operating capital equalizing factor. The operating capital equalizing factor equals $15,740
for fiscal year 2017, $20,548 for fiscal year 2018, $24,241 for fiscal year 2019, and $22,912

Subd. 24. Equity revenue. (a) A school district qualifies for equity revenue if:

(1) the school district's adjusted pupil unit amount of basic revenue, transition revenue, first tier local optional revenue, and referendum revenue is less than the value of the school district at or immediately above the 95th percentile of school districts in its equity region for those revenue categories; and

(2) the school district's administrative offices are not located in a city of the first class on July 1, 1999.

(b) Equity revenue for a qualifying district that receives referendum revenue under section 126C.17, subdivision 4, equals the product of (1) the district's adjusted pupil units for that year; times (2) the sum of (i) $14, plus (ii) $80, times the school district's equity index computed under subdivision 27.

(c) Equity revenue for a qualifying district that does not receive referendum revenue under section 126C.17, subdivision 4, equals the product of the district's adjusted pupil units for that year times $14.

(d) A school district's equity revenue is increased by the greater of zero or an amount equal to the district's adjusted pupil units times the difference between ten percent of the statewide average amount of referendum revenue and first tier local optional revenue per adjusted pupil unit for that year and the sum of the district's referendum revenue and first tier local optional revenue per adjusted pupil unit. A school district's revenue under this paragraph must not exceed $100,000 for that year.

(e) A school district's equity revenue for a school district located in the metro equity region equals the amount computed in paragraphs (b), (c), and (d) multiplied by 1.25.

(e) For fiscal year 2020 and later for a school district not included in paragraph (e), a district's equity revenue equals the amount computed in paragraphs (b), and (c), and (d) multiplied by 1.25.

(g) A school district's additional equity revenue equals $50 times its adjusted pupil units.

A school district may spend general education revenue on extended time kindergarten and prekindergarten programs. At the school board's discretion, the district may use revenue generated by the all-day kindergarten pupil count under section 126C.05, subdivision 1, paragraph (d), to meet the needs of three- and four-year-olds in the district. A school district may not use these funds on programs for three- and four-year-old children while maintaining a fee-based all-day kindergarten program.

EFFECTIVE DATE. This section is effective for the 2020-2021 school year and later.

Sec. 23. Minnesota Statutes 2018, section 126C.17, subdivision 1, is amended to read:

Subdivision 1. Referendum allowance. (a) A district's initial referendum allowance for fiscal year 2021 and later equals the result of the following calculations:

(1) multiply the referendum allowance the district would have received for fiscal year 2015 under Minnesota Statutes 2012, section 126C.17, subdivision 1, based on elections held before July 1, 2013, by the resident marginal cost pupil units the district would have counted for fiscal year 2015 under Minnesota Statutes 2012, section 126C.05;

(2) add to the result of clause (1) the adjustment the district would have received under Minnesota Statutes 2012, section 127A.47, subdivision 7, paragraphs (a), (b), and (c), based on elections held before July 1, 2013;

(3) divide the result of clause (2) by the district's adjusted pupil units for fiscal year 2015;

(4) add to the result of clause (3) any additional referendum allowance per adjusted pupil unit authorized by elections held between July 1, 2013, and December 31, 2013;

(5) add to the result in clause (4) any additional referendum allowance resulting from inflation adjustments approved by the voters prior to January 1, 2014;

(6) subtract from the result of clause (5), the sum of a district's actual local optional levy and local optional aid under section 126C.10, subdivision 2e, divided by the adjusted pupil units of the district for that school year, and

(1) subtract $424 from the district's allowance under Minnesota Statutes 2018, section 126C.17, subdivision 1, paragraph (a), clause (5);
(2) if the result of clause (1) is less than zero, set the allowance to zero;

(3) add to the result in clause (2) any new referendum allowance authorized between
July 1, 2013, and December 31, 2013, under Minnesota Statutes 2013, section 126C.17,
subdivision 9a;

(4) add to the result in clause (3) any additional referendum allowance per adjusted pupil
unit authorized between January 1, 2014, and June 30, 2019;

(5) subtract from the result in clause (4) any allowances expiring in fiscal year 2016,
2017, 2018, 2019, or 2020;

(6) subtract $300 from the result in clause (5); and

(7) if the result of clause (6) is less than zero, set the allowance to zero.

(b) A district's referendum allowance equals the sum of the district's initial referendum
allowance, plus any new referendum allowance authorized between July 1, 2013, and
December 31, 2013, under subdivision 9a, plus any additional referendum allowance per
adjusted pupil unit authorized after December 31, 2013 after July 1, 2019, minus any
allowances expiring in fiscal year 2016 2021 or later, plus any inflation adjustments for
fiscal year 2021 and later approved by the voters prior to July 1, 2019, provided that the
allowance may not be less than zero. For a district with more than one referendum allowance
for fiscal year 2015 under Minnesota Statutes 2012, section 126C.17, the allowance calculated
under paragraph (a), clause (3), must be divided into components such that the same
percentage of the district's allowance expires at the same time as the old allowances would
have expired under Minnesota Statutes 2012, section 126C.17. For a district with more than
one allowance for fiscal year 2015 that expires in the same year, the reduction under
paragraph (a), clause clauses (1) and (6), to offset local optional revenue shall be made first
from any allowances that do not have an inflation adjustment approved by the voters.

EFFECTIVE DATE. This section is effective for revenue for fiscal year 2021 and later.

Sec. 24. Minnesota Statutes 2018, section 126C.17, subdivision 2, is amended to read:

year 2015 2021 and later, a district's referendum allowance must not exceed the annual
inflationary increase as calculated under paragraph (b) times the greatest greater of:

(1) $1,845 the product of the annual inflationary increase as calculated under paragraph
(b), and $2,079.50, minus $300;
the product of the annual inflationary increase as calculated under paragraph (b),
and the sum of the referendum revenue the district would have received for fiscal year 2015
under Minnesota Statutes 2012, section 126C.17, subdivision 4, based on elections held
before July 1, 2013, and the adjustment the district would have received under Minnesota
Statutes 2012, section 127A.47, subdivision 7, paragraphs (a), (b), and (c), based on elections
held before July 1, 2013, divided by the district's adjusted pupil units for fiscal year 2015,
minus $300;

(3) the product of the referendum allowance limit the district would have received for
fiscal year 2015 under Minnesota Statutes 2012, section 126C.17, subdivision 2, and the
resident marginal cost pupil units the district would have received for fiscal year 2015 under
Minnesota Statutes 2012, section 126C.05, subdivision 6, plus the adjustment the district
would have received under Minnesota Statutes 2012, section 127A.47, subdivision 7,
paragraphs (a), (b), and (c), based on elections held before July 1, 2013, divided by the
district's adjusted pupil units for fiscal year 2015, minus $424 for a newly reorganized
district created on July 1, 2020, the referendum revenue authority for each reorganizing
district in the year preceding reorganization divided by its adjusted pupil units for the year
preceding reorganization, minus $300; or

(4) for a newly reorganized district created after July 1, 2013, 2021, the referendum
revenue authority for each reorganizing district in the year preceding reorganization divided
by its adjusted pupil units for the year preceding reorganization.

(b) For purposes of this subdivision, for fiscal year 2016, 2022 and later, "inflationary
increase" means one plus the percentage change in the Consumer Price Index for urban
consumers, as prepared by the United States Bureau of Labor Standards, Statistics, for the
current fiscal year to fiscal year 2015. For fiscal year 2016 and later, for purposes of
paragraph (a), clause (3), the inflationary increase equals one-fourth of the percentage
increase in the formula allowance for that year compared with the formula allowance for
fiscal year 2015, 2021.

EFFECTIVE DATE. This section is effective for revenue for fiscal year 2021 and later.

Sec. 25. Minnesota Statutes 2018, section 126C.17, subdivision 5, is amended to read:

revenue equals the sum of the first tier referendum equalization revenue and the second tier
referendum equalization revenue, and the third tier referendum equalization revenue.
(b) A district's first tier referendum equalization revenue equals the district's first tier referendum equalization allowance times the district's adjusted pupil units for that year.

(c) A district's first tier referendum equalization allowance equals the lesser of the district's referendum allowance under subdivision 1 or $300 or $460.

(d) A district's second tier referendum equalization revenue equals the district's second tier referendum equalization allowance times the district's adjusted pupil units for that year.

(e) A district's second tier referendum equalization allowance equals the lesser of the district's referendum allowance under subdivision 1 or $760, minus the district's first tier referendum equalization allowance.

(f) A district's third tier referendum equalization revenue equals the district's third tier referendum equalization allowance times the district's adjusted pupil units for that year.

(g) A district's third tier referendum equalization allowance equals the lesser of the district's referendum allowance under subdivision 1 or 25 percent of the formula allowance, minus the sum of $300 and the district's first tier referendum equalization allowance and second tier referendum equalization allowance.

(h) Notwithstanding paragraph (g) (e), the third tier referendum equalization allowance for a district qualifying for secondary sparsity revenue under section 126C.10, subdivision 7, or elementary sparsity revenue under section 126C.10, subdivision 8, equals the district's referendum allowance under subdivision 1 minus the sum of the district's first tier referendum equalization allowance and second tier referendum equalization allowance.

EFFECTIVE DATE. This section is effective for revenue for fiscal year 2021 and later.

Sec. 26. Minnesota Statutes 2018, section 126C.17, subdivision 6, is amended to read:

Subd. 6. Referendum equalization levy. (a) A district's referendum equalization levy equals the sum of the first tier referendum equalization levy, and the second tier referendum equalization levy, and the third tier referendum equalization levy.

(b) If a district's actual levy for first, second, or third tier referendum equalization revenue is less than its maximum levy limit for that tier, aid shall be proportionately reduced.

(c) Notwithstanding paragraph (a), the referendum equalization aid for a district, where the referendum equalization aid under paragraph (a) exceeds 90 percent of the referendum revenue, must not exceed: (1) 25 percent of the formula allowance minus $300; times (2) the district's adjusted pupil units. A district's referendum levy is increased by the amount of any reduction in referendum aid under this paragraph.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2021 and later.

Sec. 28. Minnesota Statutes 2018, section 126C.17, subdivision 7a, is amended to read:

Subd. 7a. **Referendum tax base replacement aid.** For each school district that had a referendum allowance for fiscal year 2002 exceeding $415, for each separately authorized referendum levy, the commissioner of revenue, in consultation with the commissioner of education, shall certify the amount of the referendum levy in taxes payable year 2001 attributable to the portion of the referendum allowance exceeding $415 levied against property classified as class 2, noncommercial 4c(1), or 4c(4), under section 273.13, excluding the portion of the tax paid by the portion of class 2a property consisting of the house, garage, and surrounding one acre of land. The resulting amount must be used to reduce the district's referendum levy or first tier local optional levy amount otherwise determined, and must be paid to the district each year that the referendum or first tier local optional authority remains in effect, is renewed, or new referendum authority is approved. The aid payable under this subdivision must be subtracted from the district's referendum equalization aid under subdivision 7. The referendum equalization aid and the first tier local optional aid after the subtraction must not be less than zero.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2021 and later.
Sec. 29. Minnesota Statutes 2018, section 126C.17, subdivision 9, is amended to read:

Subd. 9. Referendum revenue. (a) The revenue authorized by section 126C.10, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the board. The referendum must be conducted one or two calendar years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under subdivision 11, paragraph (a), the referendum must be held on the first Tuesday after the first Monday in November. The ballot must state the maximum amount of the increased revenue per adjusted pupil unit. The ballot may state a schedule, determined by the board, of increased revenue per adjusted pupil unit that differs from year to year over the number of years for which the increased revenue is authorized or may state that the amount shall increase annually by the rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot must designate the specific number of years, not to exceed ten, for which the referendum authorization applies and may state that the referendum may be renewed by school board resolution subject to a reverse referendum. The ballot, including a ballot on the question to revoke or reduce the increased revenue amount under paragraph (c), must abbreviate the term "per adjusted pupil unit" as "per pupil." The notice required under section 275.60 may be modified to read, in cases of renewing existing levies at the same amount per pupil as in the previous year:

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING TO EXTEND AN EXISTING PROPERTY TAX REFERENDUM THAT IS SCHEDULED TO EXPIRE."

The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of ......., School District No. ..., be approved?"

If approved, an amount equal to the approved revenue per adjusted pupil unit times the adjusted pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.
(b) The board must deliver by mail at least 15 days but no more than 30 days before the
day of the referendum to each taxpayer a notice of the referendum and the proposed revenue
increase. The board need not mail more than one notice to any taxpayer. For the purpose
of giving mailed notice under this subdivision, owners must be those shown to be owners
on the records of the county auditor or, in any county where tax statements are mailed by
the county treasurer, on the records of the county treasurer. Every property owner whose
name does not appear on the records of the county auditor or the county treasurer is deemed
to have waived this mailed notice unless the owner has requested in writing that the county
auditor or county treasurer, as the case may be, include the name on the records for this
purpose. The notice must project the anticipated amount of tax increase in annual dollars
for typical residential homesteads, agricultural homesteads, apartments, and
commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and
project the anticipated amount of increase over the existing referendum levy in the first
year, if any, in annual dollars for typical residential homesteads, agricultural homesteads,
apartments, and commercial-industrial property within the district.

The notice must include the following statement: "Passage of this referendum will result
in an increase in your property taxes." However, in cases of renewing existing levies, the
notice may include the following statement: "Passage of this referendum extends an existing
operating referendum at the same amount per pupil as in the previous year."

(c) A referendum on the question of revoking or reducing the increased revenue amount
authorized pursuant to paragraph (a) may be called by the board. A referendum to revoke
or reduce the revenue amount must state the amount per adjusted pupil unit by which the
authority is to be reduced. Revenue authority approved by the voters of the district pursuant
to paragraph (a) must be available to the school district at least once before it is subject to
a referendum on its revocation or reduction for subsequent years. Only one revocation or
reduction referendum may be held to revoke or reduce referendum revenue for any specific
year and for years thereafter.

(d) The approval of 50 percent plus one of those voting on the question is required to
pass a referendum authorized by this subdivision.

(e) At least 15 days before the day of the referendum, the district must submit a copy of
the notice required under paragraph (b) to the commissioner and to the county auditor of
each county in which the district is located. Within 15 days after the results of the referendum
have been certified by the board, or in the case of a recount, the certification of the results
of the recount by the canvassing board, the district must notify the commissioner of the results of the referendum.

Sec. 30. Minnesota Statutes 2018, section 126C.17, is amended by adding a subdivision to read:

Subd. 9b. Renewal by school board. (a) Notwithstanding the election requirements of subdivision 9, a school board may renew an expiring referendum approved by the voters after July 1, 2019, by board action if:

(1) the ballot for the expiring referendum included a statement that the referendum may be renewed by school board resolution subject to a reverse referendum;

(2) the per-pupil amount of the referendum is the same as the amount expiring or, for an expiring referendum that was adjusted annually by the rate of inflation, the same as the per-pupil amount of the expiring referendum, adjusted annually for inflation in the same manner as if the expiring referendum had continued;

(3) the term of the renewed referendum is no longer than the initial term approved by the voters; and

(4) the school board has adopted a written resolution authorizing the renewal after holding a meeting and allowing public testimony on the proposed renewal.

(b) The resolution must be adopted by the school board by June 15 and becomes effective 60 days after its adoption.

(c) A referendum expires at the end of the last fiscal year in which the referendum generates revenue for the school district. A school board may renew an expiring referendum under this subdivision not more than two fiscal years before the referendum expires.

(d) A district renewing an expiring referendum under this subdivision must submit a copy of the adopted resolution to the commissioner and to the county auditor no later than September 1 of the calendar year in which the levy is certified.

Sec. 31. Minnesota Statutes 2018, section 126C.17, is amended by adding a subdivision to read:

Subd. 14. Reverse referendum. (a) For purposes of this subdivision, "board-renewed referendum authority" means referendum authority renewed by the school board.

(b) A referendum on the question of revoking board-renewed referendum authority under subdivision 9b shall be called by the board upon written petition of qualified voters of the
district. A referendum to revoke a district's board-renewed referendum authority must state the authority to be revoked in total and per pupil unit. A revocation referendum may be held to revoke board-renewed referendum authority for the subsequent fiscal year and for years thereafter.

(c) A petition authorized by this subdivision is effective if:

1) signed by more than 25 percent of the registered voters of the district on the day the petition is filed with the board; and

2) filed with the board by June 1 of that year.

A referendum invoked by petition must be held on the date required in subdivision 9.

(d) The approval of more than 50 percent of those voting on the question is required to revoke board-renewed referendum authority.

Sec. 32. [127A.20] EVIDENCE-BASED EDUCATION GRANTS.

Subdivision 1. Purpose and applicability. The purpose of this section is to create a process to describe, measure, and report on the effectiveness of any prekindergarten through grade 12 grant programs funded in whole or in part through funds appropriated by the legislature to the commissioner of education for grants to organizations. The evidence-based evaluation required by this section applies to all grants awarded by the commissioner of education on or after July 1, 2019.

Subd. 2. Goals. Each applicant for a grant awarded by the commissioner of education must include in the grant application a statement of the goals of the grant. Subd. 3. Strategies and data. Each applicant must include in the grant application a description of the strategies that will be used to meet the goals specified in the application. The applicant must also include a plan to collect data to measure the effectiveness of the strategies outlined in the grant application.

Subd. 4. Reporting. Within 180 days of the end of the grant period, each grant recipient must compile a report that describes the data that was collected and evaluate the effectiveness of the strategies. The evidence-based report may identify or propose alternative strategies based on the results of the data. The report must be submitted to the commissioner of education and to the chairs and ranking minority members of the legislative committees.
with jurisdiction over prekindergarten through grade 12 education. The report must be filed with the Legislative Reference Library according to section 3.195.

(b) (e) A student identified under this subdivision must be provided with alternate instruction under section 125A.56, subdivision 1.

EFFECTIVE DATE. This section is effective July 1, 2020.

Sec. 9. Minnesota Statutes 2018, section 120B.30, subdivision 1, is amended to read:

Subdivision 1. Statewide testing. (a) The commissioner, with advice from experts with appropriate technical qualifications and experience and stakeholders, consistent with subdivision 1a, shall include in the comprehensive assessment system, for each grade level to be tested, state-constructed tests developed as computer-adaptive reading and mathematics
assessments for students that are aligned with the state's required academic standards under section 120B.021, include multiple choice questions, and are administered annually to all students in grades 3 through 8. State-developed high school tests aligned with the state's required academic standards under section 120B.021 and administered to all high school students in a subject other than writing must include multiple choice questions. The commissioner shall establish one or more months during which schools shall administer the tests to students each school year.

(1) Students enrolled in grade 8 through the 2009-2010 school year are eligible to be assessed under (i) the graduation-required assessment for diploma in reading, mathematics, or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraphs (c), clauses (1) and (2), and (d), (ii) the WorkKeys job skills assessment, (iii) the Compass college placement test, (iv) the ACT assessment for college admission, (v) a nationally recognized armed services vocational aptitude test.

(2) Students enrolled in grade 8 in the 2010-2011 or 2011-2012 school year are eligible to be assessed under (i) the graduation-required assessment for diploma in reading, mathematics, or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraph (c), clauses (1) and (2), (ii) the WorkKeys job skills assessment, (iii) the Compass college placement test, (iv) the ACT assessment for college admission, (v) a nationally recognized armed services vocational aptitude test.

(3) For students under clause (1) or (2), a school district may substitute a score from an alternative, equivalent assessment to satisfy the requirements of this paragraph.

(b) The state assessment system must be aligned to the most recent revision of academic standards as described in section 120B.023 in the following manner:

(1) mathematics;

(i) grades 3 through 8 beginning in the 2010-2011 school year; and

(ii) high school level beginning in the 2013-2014 school year;

(2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012 school year; and

(3) language arts and reading; grades 3 through 8 and high school level beginning in the 2012-2013 school year.

(c) For students enrolled in grade 8 in the 2012-2013 school year and later, students' state graduation requirements, based on a longitudinal, systematic approach to student
education and career planning, assessment, instructional support, and evaluation, include
the following:

(1) achievement and career and college readiness in mathematics, reading, and writing, consistent with paragraph (k) and to the extent available, to monitor students' continuous development of and growth in requisite knowledge and skills; analyze students' progress and performance levels, identifying students' academic strengths and diagnosing areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and, based on analysis of students' progress and performance data, determine students' learning and instructional needs and the instructional tools and best practices that support academic rigor for the student; and

(2) consistent with this paragraph and section 120B.125, age-appropriate exploration and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment without need for postsecondary remediation.

Based on appropriate state guidelines, students with an individualized education program may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

(d) Expectations of schools, districts, and the state for career or college readiness under this subdivision must be comparable in rigor, clarity of purpose, and rates of student completion.

A student under paragraph (c), clause (1), must receive targeted, relevant, academically rigorous, and resourced instruction, which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation. Consistent with sections 120B.13, 124D.09, 124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students. Students are not required to achieve a specified score or level of proficiency on an assessment under this subdivision to graduate from high school.

(e) Though not a high school graduation requirement, students are encouraged to participate in a nationally recognized college entrance exam. To the extent state funding for college entrance exam fees is available, a district must pay the cost, one time, for an
interested student in grade 11 or 12 who is eligible for a free or reduced-price meal, to take
a nationally recognized college entrance exam before graduating. A student must be able
to take the exam under this paragraph at the student's high school during the school day and
at any one of the multiple exam administrations available to students in the district. A district
may administer the ACT or SAT or both the ACT and SAT to comply with this paragraph.
If the district administers only one of these two tests and a free or reduced-price meal eligible
student opts not to take that test and chooses instead to take the other of the two tests, the
student may take the other test at a different time or location and remains eligible for the
examination fee reimbursement. Notwithstanding sections 123B.34 to 123B.39, a school
district may require a student that is not eligible for a free or reduced-price meal to pay the
cost of taking a nationally recognized college entrance exam. The district must waive the
cost for a student unable to pay.

(f) The commissioner and the chancellor of the Minnesota State Colleges and Universities
must collaborate in aligning instruction and assessments for adult basic education students
and English learners to provide the students with diagnostic information about any targeted
interventions, accommodations, modifications, and supports they need so that assessments
and other performance measures are accessible to them and they may seek postsecondary
education or employment without need for postsecondary remediation. When administering
formative or summative assessments used to measure the academic progress, including the
oral academic development, of English learners and inform their instruction, schools must
ensure that the assessments are accessible to the students and students have the modifications
and supports they need to sufficiently understand the assessments.

(g) Districts and schools, on an annual basis, must use career exploration elements to
help students, beginning no later than grade 9, and their families explore and plan for
postsecondary education or careers based on the students' interests, aptitudes, and aspirations.
Districts and schools must use timely regional labor market information and partnerships,
among other resources, to help students and their families successfully develop, pursue,
review, and revise an individualized plan for postsecondary education or a career. This
process must help increase students' engagement in and connection to school, improve
students' knowledge and skills, and deepen students' understanding of career pathways as
a sequence of academic and career courses that lead to an industry-recognized credential,
an associate's degree, or a bachelor's degree and are available to all students, whatever their
interests and career goals.

(h) A student who demonstrates attainment of required state academic standards, which
include career and college readiness benchmarks, on high school assessments under
subdivision 1a is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.

(i) As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

(j) In developing, supporting, and improving students' academic readiness for a career or college, schools, districts, and the state must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation. The commissioner, in consultation with local school officials and educators, and Minnesota's public postsecondary institutions must ensure that the foundational knowledge and skills for students' successful performance in postsecondary employment or education and an articulated series of possible targeted interventions are clearly identified and satisfy Minnesota's postsecondary admissions requirements.

(k) For students in grade 8 in the 2012-2013 school year and later, a school, district, or charter school must record on the high school transcript a student's progress toward career and college readiness, and for other students as soon as practicable.

(l) The school board granting students their diplomas may formally decide to include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.

(m) The 3rd through 8th grade computer-adaptive assessment results and high school test results shall be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner must establish empirically derived benchmarks on adaptive assessments in grades 3 through 8. The commissioner, in consultation with the chancellor of the Minnesota State Colleges and Universities, must establish empirically derived benchmarks on the high school tests that reveal a trajectory toward career and college readiness consistent with section 136F.302, subdivision 1a. The commissioner must disseminate to the public the computer-adaptive assessments and high school test results upon receiving those results.
(n) The grades 3 through 8 computer-adaptive assessments and high school tests must be aligned with state academic standards. The commissioner shall determine the testing process and the order of administration. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.

(o) The commissioner shall include the following components in the statewide public reporting system:

1. uniform statewide computer-adaptive assessments of all students in grades 3 through 8 and testing at the high school levels that provides appropriate, technically sound accommodations or alternate assessments;

2. educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

3. state results on the American College Test; and

4. state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.

(p) For purposes of statewide accountability, "career and college ready" means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.

(q) For purposes of statewide accountability, "cultural competence," "cultural competency," or "culturally competent" means the ability of families and educators to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.

Sec. 10. Minnesota Statutes 2018, section 120B.30, subdivision 1a, is amended to read:

Subd. 1a. Statewide and local assessments; results. (a) For purposes of this section, the following definitions have the meanings given them:

(2) "Fully adaptive assessments" include test items that are on-grade level and items that may be above or below a student's grade level.

(3) "On-grade level" test items contain subject area content that is aligned to state academic standards for the grade level of the student taking the assessment.

(4) "Above-grade level" test items contain subject area content that is above the grade level of the student taking the assessment and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards above the grade level of the student taking the assessment. Notwithstanding the student's grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(5) "Below-grade level" test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards below the student's current grade level. Notwithstanding the student's grade level, administering below-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(b) (a) The commissioner must use fully adaptive mathematics and reading assessments for grades 3 through 8.

(b) For purposes of conforming with existing federal educational accountability requirements, the commissioner must develop and implement computer-adaptive reading and mathematics assessments for grades 3 through 8, state-developed high school reading and mathematics tests aligned with state academic standards, a high school writing test aligned with state standards when it becomes available, and science assessments under clause (2) that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, health and physical education, and the arts. The commissioner must require:

(1) annual computer-adaptive reading and mathematics assessments in grades 3 through 8, and high school reading, writing, and mathematics tests; and

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life sciences assessment in the grades 9 through 12 span, and the commissioner must not require students to achieve a passing score on high school science assessments as a condition of receiving a high school diploma.

(c) The commissioner must ensure that for annual computer-adaptive assessments:
(1) individual student performance data and achievement reports are available within three school days of when students take an assessment except in a year when an assessment reflects new performance standards;

(2) growth information is available for each student from the student's first assessment to each proximate assessment using a constant measurement scale;

(3) parents, teachers, and school administrators are able to use elementary and middle school student performance data to project students' secondary and postsecondary achievement; and

(4) useful diagnostic information about areas of students' academic strengths and weaknesses is available to teachers and school administrators for improving student instruction and indicating the specific skills and concepts that should be introduced and developed for students at given performance levels, organized by strands within subject areas, and aligned to state academic standards.

The commissioner must ensure that all state tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

Reporting of state assessment results must:

(1) provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;

(2) include a growth indicator of student achievement; and

(3) determine whether students have met the state's academic standards.

Consistent with applicable federal law, the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for English learners.

A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student progress toward career and college readiness in the context of the state's academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.
Sec. 11. Minnesota Statutes 2018, section 120B.35, subdivision 3, is amended to read:

Subd. 3. State growth target; other state measures. (a)(1) The state's educational assessment system measuring individual students' educational growth is based on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments.

(2) For purposes of paragraphs (b), (c), and (d), the commissioner must analyze and report separate categories of information using the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized, and, in addition to "other" for each race and ethnicity, and the Karen community, seven of the most populous Asian and Pacific Islander groups, three of the most populous Native groups, seven of the most populous Hispanic/Latino groups, and five of the most populous Black and African Heritage groups as determined by the total Minnesota population based on the most recent American Community Survey; English learners under section 124D.59; home language; free or reduced-price lunch; and all students enrolled in a Minnesota public school who are currently or were previously in foster care, except that such disaggregation and cross tabulation is not required if the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student.

(b) The commissioner, in consultation with a stakeholder group that includes assessment and evaluation directors, district staff, experts in culturally responsive teaching, and researchers, must implement a growth model that uses a value added growth indicator and that compares the difference in students' achievement scores over time, and includes criteria for identifying schools and school districts that demonstrate medium and high growth under section 120B.299, subdivisions 8 and 9, and may recommend other value-added measures under section 120B.299, subdivision 3 academic progress. The model may be used to advance educators' professional development and replicate programs that succeed in meeting students' diverse learning needs. Data on individual teachers generated under the model are personnel data under section 13.43. The model must allow users to:

(1) report student growth consistent with this paragraph; and

(2) for all student categories, report and compare aggregated and disaggregated state student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data using the student categories identified under the federal Elementary and
Secondary Education Act, as most recently reauthorized, and other student categories under paragraph (a), clause (2).

The commissioner must report measures of student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data, consistent with this paragraph, including the English language development, academic progress, and oral academic development of English learners and their native language development if the native language is used as a language of instruction, and include data on all pupils enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59.

(c) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2011, must report two core measures indicating the extent to which current high school graduates are being prepared for postsecondary academic and career opportunities:

1. A preparation measure indicating the number and percentage of high school graduates in the most recent school year who completed course work important to preparing them for postsecondary academic and career opportunities, consistent with the core academic subjects required for admission to Minnesota’s public colleges and universities as determined by the Office of Higher Education under chapter 136A; and

2. A rigorous coursework measure indicating the number and percentage of high school graduates in the most recent school year who successfully completed one or more college-level advanced placement, international baccalaureate, postsecondary enrollment options including concurrent enrollment, other rigorous courses of study under section 120B.021, subdivision 1a, or industry certification courses or programs.

When reporting the core measures under clauses (1) and (2), the commissioner must also analyze and report separate categories of information using the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized, and other student categories under paragraph (a), clause (2).

(d) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2014, must report summary data on school safety and students’ engagement and connection at school, consistent with the student categories identified under paragraph (a), clause (2). The summary data under this paragraph are separate from and must not be used for any purpose related to measuring or evaluating the performance of classroom teachers. The commissioner, in consultation with qualified experts on student engagement and connection and classroom teachers, must identify highly reliable...
variables that generate summary data under this paragraph. The summary data may be used at school, district, and state levels only. Any data on individuals received, collected, or created that are used to generate the summary data under this paragraph are nonpublic data under section 13.02, subdivision 9.

(e) For purposes of statewide educational accountability, the commissioner must identify and report measures that demonstrate the success of learning year program providers under sections 123A.05 and 124D.68, among other such providers, in improving students' graduation outcomes. The commissioner, beginning July 1, 2015, must annually report summary data on:

1. the four- and six-year graduation rates of students under this paragraph;
2. the percent of students under this paragraph whose progress and performance levels are meeting career and college readiness benchmarks under section 120B.30, subdivision 1; and
3. the success that learning year program providers experience in:
   i. identifying at-risk and off-track student populations by grade;
   ii. providing successful prevention and intervention strategies for at-risk students;
   iii. providing successful recuperative and recovery or reenrollment strategies for off-track students; and
   iv. improving the graduation outcomes of at-risk and off-track students.

The commissioner may include in the annual report summary data on other education providers serving a majority of students eligible to participate in a learning year program.

(f) The commissioner, in consultation with recognized experts with knowledge and experience in assessing the language proficiency and academic performance of all English learners enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59, must identify and report appropriate and effective measures to improve current categories of language difficulty and assessments, and monitor and report data on students' English proficiency levels, program placement, and academic language development, including oral academic language.

(g) When reporting four- and six-year graduation rates, the commissioner or school district must disaggregate the data by student categories according to paragraph (a), clause (2).
A school district must inform parents and guardians that volunteering information on student categories not required by the most recent reauthorization of the Elementary and Secondary Education Act is optional and will not violate the privacy of students or their families, parents, or guardians. The notice must state the purpose for collecting the student data.

Sec. 12. Minnesota Statutes 2018, section 120B.36, subdivision 1, is amended to read:

Subdivision 1. School performance reports and public reporting. (a) The commissioner shall report student academic performance data under section 120B.35, subdivisions 2 and 3; the percentages of students showing low, medium, and high growth under section 120B.35, subdivision 3, paragraph (b); academic progress consistent with federal expectations; school safety and student engagement and connection under section 120B.35, subdivision 3, paragraph (d); rigorous coursework under section 120B.35, subdivision 3, paragraph (c); the percentage of students under section 120B.35, subdivision 3, paragraph (b), clause (2), whose progress and performance levels are meeting career and college readiness benchmarks under sections 120B.30, subdivision 1, and 120B.35, subdivision 3, paragraph (e); longitudinal data on the progress of eligible districts in reducing disparities in students' academic achievement and realizing racial and economic integration under section 124D.861; the acquisition of English, and where practicable, native language academic literacy, including oral academic language, and the academic progress of all English learners enrolled in a Minnesota public school course or program who are currently or were previously counted as English learners under section 124D.59; two separate student-to-teacher ratios that clearly indicate the definition of teacher consistent with sections 122A.06 and 122A.15 for purposes of determining these ratios; staff characteristics excluding salaries; student enrollment demographics; foster care status, including all students enrolled in a Minnesota public school course or program who are currently or were previously in foster care, student homelessness, and district mobility; and extracurricular activities.

(b) The school performance report for a school site and a school district must include school performance reporting information and calculate proficiency rates as required by the most recently reauthorized Elementary and Secondary Education Act.

(c) The commissioner shall develop, annually update, and post on the department website school performance reports consistent with paragraph (a) and section 120B.11.

(d) The commissioner must make available performance reports by the beginning of each school year.
(e) A school or district may appeal its results in a form and manner determined by the commissioner and consistent with federal law. The commissioner's decision to uphold or deny an appeal is final.

(f) School performance data are nonpublic data under section 13.02, subdivision 9, until the commissioner publicly releases the data. The commissioner shall annually post school performance reports to the department's public website no later than September 1, except that in years when the reports reflect new performance standards, the commissioner shall post the school performance reports no later than October 1.

Sec. 13. Minnesota Statutes 2018, section 121A.41, is amended by adding a subdivision to read:

Subd. 12. Nonexclusionary disciplinary policies and practices; alternatives to pupil removal and dismissal. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to removing a pupil from class or dismissing a pupil from school, including evidence-based positive behavioral interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, referrals for special education or 504 evaluations, academic screening for Title I services or reading interventions, and alternative education services.

Nonexclusionary disciplinary policies and practices require school officials to intervene in, redirect, and support a pupil's behavior before removing a pupil from class or beginning dismissal proceedings. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under sections 120B.12; 121A.031, subdivision 4, paragraph (a), clause (1); 121A.575, clauses (1) and (2); 121A.61, subdivision 3, paragraph (q); and 122A.627, clause (3).

EFFECTIVE DATE. This section is effective for the 2019-2020 school year and later.

Sec. 14. Minnesota Statutes 2018, section 121A.41, is amended by adding a subdivision to read:

Subd. 13. Pupil withdrawal agreements. "Pupil withdrawal agreements" means a verbal or written agreement between a school or district administrator and a pupil's parent or guardian to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement may be no longer than 12 months.

EFFECTIVE DATE. This section is effective for the 2019-2020 school year and later.
Sec. 15. Minnesota Statutes 2018, section 121A.45, subdivision 1, is amended to read:

Subdivision 1. **Provision of alternative programs.** No school shall dismiss any pupil without attempting to provide alternative educational services before a dismissal proceeding or a pupil withdrawal agreement, except where it appears that the pupil will create an immediate and substantial danger to self or to surrounding persons or property.

**EFFECTIVE DATE.** This section is effective for the 2019-2020 school year and later.

Sec. 16. Minnesota Statutes 2018, section 121A.46, is amended by adding a subdivision to read:

Subd. 5. **Suspensions exceeding five consecutive school days.** A school administrator must ensure that when a pupil is suspended for more than five consecutive school days, alternative education services are provided.

**EFFECTIVE DATE.** This section is effective for the 2019-2020 school year and later.

Sec. 17. Minnesota Statutes 2018, section 121A.46, is amended by adding a subdivision to read:

Subd. 6. **Minimum education services.** School officials must give a suspended pupil a reasonable opportunity to complete all school work assigned during the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback. Nothing in this subdivision limits the teacher's authority to assign alternative work for the completion of assignments during a suspension.

**EFFECTIVE DATE.** This section is effective for the 2019-2020 school year and later.

Sec. 18. Minnesota Statutes 2018, section 121A.47, subdivision 2, is amended to read:

(c) (3) state the date, time, and place of the hearing;

(d) (4) be accompanied by a copy of sections 121A.40 to 121A.56;

(e) (5) describe alternative educational services and nonexclusionary disciplinary policies and practices accorded the pupil in an attempt to avoid the expulsion proceedings; and

(f) (6) inform the pupil and parent or guardian of the right to:

(i) have a representative of the pupil's own choosing, including legal counsel, at the hearing. The district must advise the pupil's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Department of Education and is posted on its website;

(ii) examine the pupil's records before the hearing;

(iii) present evidence; and

(iv) confront and cross-examine witnesses.

EFFECTIVE DATE. This section is effective for the 2019-2020 school year and later.

Sec. 19. Minnesota Statutes 2018, section 121A.47, subdivision 14, is amended to read:

Subd. 14. Admission or readmission plan. (a) A school administrator must prepare and enforce an admission or readmission plan for any pupil who is excluded or expelled from school. The plan must address measures to improve the pupil's behavior, including and may include completing a character education program, consistent with section 120B.232, subdivision 1, and social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must require parental involvement in the admission or readmission process, and may indicate the consequences to the pupil of not improving the pupil's behavior.

(b) The definition of suspension under section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. A readmission plan must provide, where appropriate, alternative education services, which must not be used to extend the student's current suspension period. Consistent with section 125A.091, subdivision 5, a readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School officials must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening or
examination of the student as a ground, by itself, to prohibit the student from attending class
or participating in a school-related activity, or as a basis of a charge of child abuse, child
neglect or medical or educational neglect.

**EFFECTIVE DATE.** This section is effective for the 2019-2020 school year and later.

Sec. 20. Minnesota Statutes 2018, section 121A.53, subdivision 1, is amended to read:

Subdivision 1. **Exclusions and expulsions; student withdrawals; physical assaults.** Consistent with subdivision 2, the school board must report through the department electronic reporting system each exclusion or expulsion and each physical assault of a district employee by a student pupil, and each pupil withdrawal agreement within 30 days of the effective date of the dismissal action, pupil withdrawal, or assault to the commissioner of education. This report must include a statement of alternative educational services nonexclusionary disciplinary policies and practices, or other sanction, intervention, or resolution in response to the assault given the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's pupil's age, grade, gender, race, and special education status.

**EFFECTIVE DATE.** This section is effective for the 2019-2020 school year and later.

Sec. 21. Minnesota Statutes 2018, section 121A.55, is amended to read:

121A.55 POLICIES TO BE ESTABLISHED.

(a) The commissioner of education shall promulgate guidelines to assist each school board. Each school board shall establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of sections 121A.40 to 121A.56. (6) expected outcomes and graduation standards;

(7) a timeline for implementing the plan and assessing outcomes; and

(8) how results of the plan will be disseminated.

(e) Upon unanimous approval by the initial innovation zone partners and approval by the commissioner of education, the innovation zone partnership may extend membership to other partners. A new partner’s membership is effective 30 days after the innovation zone partnership notifies the commissioner of the proposed change in membership, unless the commissioner disapproves the new partner's membership.

(f) Notwithstanding any other law to the contrary, a school district or charter school participating in an innovation zone partnership under this section continues to receive all revenue and maintains its taxation authority in the same manner as prior to participation in the innovation zone partnership. Subd. 3. Innovation Research Zone Advisory Panel. (a) The commissioner must establish and convene an Innovation Research Zone Advisory Panel to review all innovation zone plans submitted for approval.

(b) The panel must be composed of nine members. The commissioner must appoint one member with expertise in evaluation and research. efforts to make schools' curricula and learning and work environments more inclusive and
respectful of students' racial and ethnic diversity and to address issues of structural inequities
in schools that create opportunity gaps and achievement gaps for students, families, and
staff who are of color or who are American Indian, consistent with the requirements for
long-term plans under section 124D.861, subdivision 2, paragraph (c).

Subd. 4. Report. Grant recipients must annually report to the commissioner by a date

(5) criminal sexual abuse conduct under section 609.342, 609.343, 609.344, 609.345, or 609.3451, subdivision 3, or;

(6) indecent exposure under section 617.23, subdivisions 2 and 3;

(7) solicitation of children to engage in sexual conduct or communication of sexually explicit materials to children under section 609.352;

(9) using minors in a sexual performance under section 617.246;

(11) any other offense not listed in this paragraph that requires the person to register as a predatory offender under section 243.166, or a crime under a similar law of another state or the United States. The board shall send notice of this licensing action to the district in which the teacher is currently employed.

(c) A person whose license to teach has been revoked, not issued, or not renewed under paragraph (b), may petition the board to reconsider the licensing action if the person's conviction for child abuse or sexual abuse is reversed by a final decision of the court of appeals or the supreme court or if the person has received a pardon for the offense. The petitioner shall attach a certified copy of the appellate court's final decision or the pardon to the petition. Upon receiving the petition and its attachment, the board shall schedule and hold a disciplinary hearing on the matter under section 214.10, subdivision 2, unless the petitioner waives the right to a hearing. If the board finds that, notwithstanding the reversal of the petitioner's criminal conviction or the issuance of a pardon, the petitioner is disqualified from teaching under paragraph (a), clause (1), the board shall affirm its previous licensing action. If the board finds that the petitioner is not disqualified from teaching under paragraph (a), clause (1), it shall reverse its previous licensing action.

(d) The Professional Educator Licensing and Standards Board or Board of School Administrators, whichever has jurisdiction over a teacher's licensure, must review and may refuse to issue, refuse to renew, or revoke a teacher's license to teach, upon receiving a certified copy of a conviction showing that the teacher has been convicted of:
(1) a qualified, domestic violence-related offense as defined in section 609.02, subdivision 16; or

(2) embezzlement of public funds under section 609.54, clause (1) or (2).

If an offense included in clause (1) or (2) is already included in paragraph (b), the provisions of paragraph (b) apply to the conduct.

e) The Professional Educator Licensing and Standards Board or Board of School Administrators, whichever has jurisdiction over a teacher's licensure, may suspend a teacher's license pending an investigation into a report of conduct that would be grounds for revocation under paragraph (b). The teacher's license is suspended until the licensing board completes its disciplinary investigation and determines whether disciplinary action is necessary.

(f) For purposes of this subdivision, The Professional Educator Licensing and Standards Board is delegated the authority to suspend or revoke coaching licenses.

Sec. 37. Minnesota Statutes 2018, section 122A.20, subdivision 2, is amended to read:

Subd. 2. Mandatory reporting. (a) A school board, a superintendent, a charter school board, a charter school executive director, or a charter school authorizer must report to the Professional Educator Licensing and Standards Board, the Board of School Administrators, or the Board of Trustees of the Minnesota State Colleges and Universities, whichever has jurisdiction over the teacher's or administrator's license, when its teacher or administrator is discharged or resigns from employment after a charge is filed with the school board under section 122A.41, subdivisions 6, clauses (1), (2), and (3), and 7, or after charges are filed that are grounds for discharge under section 122A.40, subdivision 13, paragraph (a), clauses (1) to (5), or when a teacher or administrator is suspended or resigns while an investigation is pending under section 122A.40, subdivision 13, paragraph (a), clauses (1) to (5); 122A.41, subdivisions 6, clauses (1), (2), and (3), and 7; or 626.556, or when a teacher or administrator is suspended without an investigation under section 122A.41, subdivisions 6, paragraph (a), clauses (1), (2), and (3), and 7; or 626.556. The report must be made to the appropriate licensing board within ten days after the discharge, suspension, or resignation has occurred.

The licensing board to which the report is made must investigate the report for violation of subdivision 1 and the reporting board, administrator, or authorizer must cooperate in the investigation. Notwithstanding any provision in chapter 13 or any law to the contrary, upon written request from the licensing board having jurisdiction over the license, a board, charter school, authorizer, charter school executive director, or school superintendent shall provide the licensing board with information about the teacher or administrator from the district's files, any termination or disciplinary proceeding, any settlement or compromise, or any
investigative file. Upon written request from the appropriate licensing board, a board or school superintendent may, at the discretion of the board or school superintendent, solicit the written consent of a student and the student's parent to provide the licensing board with information that may aid the licensing board in its investigation and license proceedings. The licensing board's request need not identify a student or parent by name. The consent of the student and the student's parent must meet the requirements of chapter 13 and Code of Federal Regulations, title 34, section 99.30. The licensing board may provide a consent form to the district. Any data transmitted to any board under this section is private data under section 13.02, subdivision 12, notwithstanding any other classification of the data when it was in the possession of any other agency.

(b) The licensing board to which a report is made must transmit to the Attorney General's Office any record or data it receives under this subdivision for the sole purpose of having the Attorney General's Office assist that board in its investigation. When the Attorney General's Office has informed an employee of the appropriate licensing board in writing that grounds exist to suspend or revoke a teacher's license to teach, that licensing board must consider suspending or revoking or decline to suspend or revoke the teacher's or administrator's license within 45 days of receiving a stipulation executed by the teacher or administrator under investigation or a recommendation from an administrative law judge that disciplinary action be taken.

(c) The Professional Educator Licensing and Standards Board and Board of School Administrators must report to the appropriate law enforcement authorities a revocation, suspension, or agreement involving a loss of license, relating to a teacher or administrator's inappropriate sexual conduct with a minor. For purposes of this section, "law enforcement authority" means a police department, county sheriff, or tribal police department. A report by the Professional Educator Licensing and Standards Board to appropriate law enforcement authorities does not diminish, modify, or otherwise affect the responsibilities of a school board or any person mandated to report abuse under section 626.556.

for a license. The Professional Educator Licensing and Standards Board may waive or
reduce fees for candidates based on financial need.

Subd. 8. Development, evaluation, and peer coaching for continuing contract teachers. (a) To improve student learning and success, a school board and an exclusive representative of the teachers in the district, consistent with paragraph (b), may develop a teacher evaluation and peer review process for probationary and continuing contract teachers through joint agreement. If a school board and the exclusive representative of the teachers do not agree to an annual teacher evaluation and peer review process, then the school board and the exclusive representative of the teachers must implement the state teacher evaluation plan under paragraph (c). The process must include having trained observers serve as peer coaches or having teachers participate in professional learning communities, consistent with paragraph (b).

(b) To develop, improve, and support qualified teachers and effective teaching practices, improve student learning and success, and provide all enrolled students in a district or school with improved and equitable access to more effective and diverse teachers, the annual evaluation process for teachers:
(1) must, for probationary teachers, provide for all evaluations required under subdivision 5;

(2) must establish a three-year professional review cycle for each teacher that includes an individual growth and development plan, a peer review process, and at least one summative evaluation performed by a qualified and trained evaluator such as a school administrator. For the years when a tenured teacher is not evaluated by a qualified and trained evaluator, the teacher must be evaluated by a peer review;

(4) must coordinate staff development activities under sections 122A.60 and 122A.61 with this evaluation process and teachers' evaluation outcomes;

(5) may provide time during the school day and school year for peer coaching and teacher collaboration;

(6) may include job-embedded learning opportunities such as professional learning communities;

(7) may include mentoring and induction programs for teachers, including teachers who are members of populations underrepresented among the licensed teachers in the district or school and who reflect the diversity of students under section 120B.35, subdivision 3, paragraph (b), clause (2), who are enrolled in the district or school;

(8) must include an option for teachers to develop and present a portfolio demonstrating evidence of reflection and professional growth, consistent with section 122A.187, subdivision 3, and include teachers' own performance assessment based on student work samples and examples of teachers' work, which may include video among other activities for the summative evaluation;

(9) must use data from valid and reliable assessments aligned to state and local academic standards and must use state and local measures of student growth and literacy that may include value-added models or student learning goals to determine 35 percent of teacher evaluation results;

(10) must use longitudinal data on student engagement and connection, and other student outcome measures explicitly aligned with the elements of curriculum for which teachers are responsible, including academic literacy, oral academic language, and achievement of content areas of English learners;
must require qualified and trained evaluators such as school administrators to perform summative evaluations and ensure school districts and charter schools provide for effective evaluator training specific to teacher development and evaluation;

(12) must give teachers not meeting professional teaching standards under clauses (3) through (11) support to improve through a teacher improvement process that includes established goals and timelines; and

(13) must discipline a teacher for not making adequate progress in the teacher improvement process under clause (12) that may include a last chance warning, termination, discharge, nonrenewal, transfer to a different position, a leave of absence, or other discipline a school administrator determines is appropriate.

Data on individual teachers generated under this subdivision are personnel data under section 13.43. The observation and interview notes of peer coaches may only be disclosed to other school officials with the consent of the teacher being coached.

The teacher evaluation process created under this subdivision does not create additional due process rights for probationary teachers under subdivision 5.

d) Consistent with the measures of teacher effectiveness under this subdivision:

(1) for students in kindergarten through grade 4, a school administrator must not place or approve the placement of a student in the classroom of a teacher who holds a Tier 1 or Tier 2 license, is in the improvement process referenced in paragraph (b), clause (12), or has not had a summative evaluation if, in the prior year, that student was in the classroom of a teacher who received discipline pursuant to paragraph (b), clause (13), unless no other teacher at the school teaches that grade; and

the placement of a student in the classroom of a teacher who holds a Tier 1 or Tier 2 license,
is in the improvement process referenced in paragraph (b), clause (12), or has not had a
summative evaluation if, in the prior year, that student was in the classroom of a teacher

The agreement may include a transfer of funds to the Office of Higher Education to help establish and administer the competitive grant process. The board must award grants to institutions located in various economic development regions throughout the state, but must not predetermine the number of institutions to be awarded grants under this section or set a limit for the amount that any one institution may receive as part of the competitive grant application process. All grants must be awarded by August 15 of the fiscal year in which the grants are to be used except that, for initial competitive grants awarded for fiscal year 2020, grants must be awarded by September 15. An institution that receives a grant under this section may use the grant funds over a two- to four-year period to support teacher candidates.

Subd. 4. **Account established.** A collaborative urban and greater Minnesota educator of color account is created in the special revenue fund for depositing money appropriated to or received by the board for the program. Money deposited in the account is appropriated to the board, does not cancel, and is continuously available for grants under this section.

Subd. 5. **Report.** (a) By January 15 of each year, an institution awarded a grant under this section must prepare for the legislature and the board a detailed report regarding the expenditure of grant funds, including the amounts used to recruit, retain, and induct teacher candidates of color or who are American Indian. A grant recipient must report the total number of teacher candidates of color or who are American Indian at each stage from recruitment to licensed teaching as a percentage of total candidates seeking the same licensure at the institution.

(b) The board must post a report on its website summarizing the activities and outcomes of grant recipients and results that promote sharing of effective practices among grant recipients.

Subdivision 1. Establishment. The commissioner of education must award grants under this section to school districts and charter schools throughout Minnesota to develop or expand Grow Your Own programs.

Subd. 2. Definition. For purposes of this section, "Grow Your Own programs" means programs within schools or districts in partnership with Professional Educator Licensing and Standards Board-approved teacher preparation programs designed to provide a pathway to teaching at any level from early childhood to secondary school for paraprofessionals, cultural liaisons, or other nonlicensed employees.

Subd. 3. Nonconventional teacher residency programs. (a) A school district, charter school, or cooperative unit as defined in section 123A.24 may apply for a grant under this section to fund an established and effective Professional Educator Licensing and Standards Board-approved nonconventional teacher residency program. The program must provide tuition scholarships or stipends to enable school district and charter school employees seeking a teaching license who are of color or who are American Indian to participate in a nonconventional teacher preparation program. If extra awarded grant funds are available, programs may use remaining grant funds to provide tuition scholarships to employees who are not persons of color or American Indian, who are seeking to teach in a licensure area that is identified by the board as experiencing a shortage within the economic development region where the program is located.

(b) School districts and charter schools that receive funds under this subdivision must have a program to recruit and retain candidates of color or who are American Indian and have demonstrated that at least 50 percent of past participants in the residency programs are persons of color or American Indian. The commissioner must give priority in awarding grants to programs with the highest total numbers and percentages of participants of color or who are American Indian and those that have a percentage of participants of color or who are American Indian that meets or exceeds the overall percentage of students of color or American Indian students in the district, school, or cooperative.

(c) School districts and charter schools providing financial support to new teacher candidates under this subdivision may require a commitment from the candidates, as determined by each district or school, to teach in the district or school for a reasonable amount of time not to exceed five years.
Subd. 4. Expanded Grow Your Own programs. (a) School districts, charter schools, or cooperatives as defined in section 123A.24, community-based organizations led by and for communities of color or American Indian communities, and Head Start programs under section 119A.50 may apply for grants under this subdivision to provide financial assistance, mentoring, and other assistance to enable persons of color or who are American Indian to become teachers.

(b) Grants awarded under this subdivision must be used for:

(1) tuition scholarships or stipends to eligible teaching assistants, cultural liaisons, or other nonlicensed employees of color or who are American Indian and are enrolled in a Professional Educator Licensing and Standards Board-approved teacher preparation program;

(2) developing and implementing innovative school-based residency programs or other programs emphasizing clinical experiences in a district, cooperative, or charter school for nonlicensed employees of color or who are American Indian, and who seek a teaching license in collaboration with a conventional or nonconventional Professional Educator Licensing and Standards Board-approved program;

(3) developing pathway programs that provide stipends and tuition scholarships to parents and community members of color or who are American Indian to change careers and obtain a Tier 3 license to teach in schools or other credential needed to teach in a Head Start program; or

(4) developing innovative programs that encourage secondary school students to pursue teaching, including developing and offering dual-credit postsecondary course options in schools for "Introduction to Teaching" or "Introduction to Education" courses consistent with section 124D.09, subdivision 10, and supporting future teacher clubs involving middle and high school students of color or who are American Indian to have experiential learning supporting the success of younger students or peers and to increase their interest in pursuing a teaching career.

(c) School districts, charter schools, and Head Start programs providing financial assistance to individuals under this subdivision may require a commitment from the individuals, as determined by each district or school, to teach in the district or school for a reasonable amount of time not to exceed five years.

Subd. 5. Grant procedure. (a) A school district, charter school, cooperative, or Head Start program must apply for a grant under this section in the form and manner specified by the commissioner of education. To be eligible, grant recipients must ensure that the percentage of participants of color or who are American Indian is at least equivalent to the
percentage of students enrolled in the district, school, cooperative, or program who are of
color or American Indian. If a majority of students are of color or American Indian, then a
majority of participants in the program must be persons of color or American Indian. Priority
for awarding grants must be given to programs with the highest total numbers and percentages
of participants of color or American Indian.

(b) For the 2019-2020 school year only, the commissioner must review all applications
for continuing grants from programs that received funding under Laws 2017, First Special
Session chapter 5, article 2, section 57, subdivision 23, by August 1, 2019, and must notify
grant recipients of the amount of the grants awarded by August 15, 2019.

(c) For the 2020-2021 school year and later, grant applications for new and existing
programs must be received by the commissioner no later than December 1 of the year prior
to the school year in which the grant will be used. The commissioner must review all
applications and notify grant recipients by February 1 of the amount awarded.

(d) Grant recipients must spend any amounts received under this section within 18
months of receiving the grant money.

Subd. 6. Report. Grant recipients must annually report to the commissioner of education
by the date determined by the commissioner on their activities under this section, including
the number of participants, the percentage of participants of color or who are American
Indian, and an assessment of program effectiveness, including participant feedback, areas
for improvement, the percentage of participants continuing to pursue teacher licensure, and
the number of participants hired in the school or district as teachers after completing
preparation programs. The commissioner must post on the department's website a report
that summarizes the activities and outcomes of grant recipients and what was done to promote
sharing of effective practices among grant recipients.

Sec. 51. Minnesota Statutes 2018, section 122A.70, is amended to read:

122A.70 TEACHER MENTORSHIP AND RETENTION OF EFFECTIVE
TEACHERS.

Subdivision 1. Teacher mentoring, induction, and retention programs. (a) School
districts are encouraged to develop teacher mentoring programs for teachers new to the
profession or district, including teaching residents, teachers of color, teachers who are
American Indian, teachers in license shortage areas, teachers with special needs, or
experienced teachers in need of peer coaching.
(b) Teacher mentoring programs must be included in or aligned with districts' teacher evaluation and peer review processes under sections 122A.40, subdivision 8, and 122A.41, subdivision 5. A district may use staff development revenue under section 122A.61, special grant programs established by the legislature, or another funding source to pay a stipend to a mentor who may be a current or former teacher who has taught at least three years and is not on an improvement plan. Other initiatives using such funds or funds available under sections 124D.861 and 124D.862 may include:

1. additional stipends as incentives to mentors of color or who are American Indian;
2. financial supports for professional learning community affinity groups across schools within and between districts for teachers from underrepresented racial and ethnic groups to come together throughout the school year. For purposes of this section, "affinity groups" are groups of educators who share a common racial or ethnic identity in society as persons of color or who are American Indian;
3. programs for induction aligned with the district or school mentorship program during the first three years of teaching, especially for teachers from underrepresented racial and ethnic groups; or
4. grants supporting licensed and nonlicensed educator participation in professional development, such as workshops and graduate courses, related to increasing student achievement for students of color and American Indian students in order to close opportunity and achievement gaps.

(c) Schools or districts may negotiate additional retention strategies or protection from unrequested leave of absences in the beginning years of employment for teachers of color and teachers who are American Indian. Retention strategies may include providing financial incentives for teachers of color and teachers who are American Indian to work in the school or district for at least five years and placing American Indian educators at sites with other American Indian educators and educators of color at sites with other educators of color to reduce isolation and increase opportunity for collegial support.

Subd. 2. Applications. The Professional Educator Licensing and Standards Board must make application forms available to sites interested in developing or expanding a mentorship program. A school district, a group of school districts, or a coalition of districts, teachers, and teacher education institutions; or a coalition of schools, teachers, or nonlicensed educators may apply for a teacher mentorship program grant. The Professional Educator Licensing and Standards Board, in consultation with the teacher mentoring task force, must approve or disapprove the applications. To the extent possible, the approved applications must reflect
133.1 effective mentoring, professional development, and retention components, include a variety of coalitions and be geographically distributed throughout the state. The Professional Educator Licensing and Standards Board must encourage the selected sites to consider the use of its assessment procedures.

Subd. 3. **Criteria for selection.** At a minimum, applicants must express commitment to:

133.7 (1) allow staff participation;

133.8 (2) assess skills of both beginning and mentor teachers;

133.9 (3) provide appropriate in-service to needs identified in the assessment;

133.10 (4) provide leadership to the effort;

133.11 (5) cooperate with higher education institutions;

133.12 (6) provide facilities and other resources;

133.13 (7) share findings, materials, and techniques with other school districts; and

133.14 (8) retain teachers of color and teachers who are American Indian.

Subd. 4. **Additional funding.** Applicants are required to seek additional funding and assistance from sources such as school districts, postsecondary institutions, foundations, and the private sector.

Subd. 5. **Program implementation.** New and expanding mentorship sites that are funded to design, develop, implement, and evaluate their program must participate in activities that support program development and implementation. The Professional Educator Licensing and Standards Board must provide resources and assistance to support new sites in their program efforts. These activities and services may include, but are not limited to: planning, planning guides, media, training, conferences, institutes, and regional and statewide networking meetings. Nonfunded schools or districts interested in getting started may participate. Fees may be charged for meals, materials, and the like.

Subd. 6. **Report.** By June 30 of each year after receiving a grant, recipients must submit a report to the Professional Educator Licensing and Standards Board on program efforts that describes mentoring and induction activities and assesses the impact of these programs on teacher effectiveness and retention.
Sec. 52. Minnesota Statutes 2018, section 124D.09, subdivision 10, is amended to read:

Subd. 10. **Courses according to agreements.** (a) An eligible pupil, according to subdivision 5, may enroll in a nonsectarian course taught by a secondary teacher or a postsecondary faculty member and offered at a secondary school, or another location, according to an agreement between a public school board and the governing body of an eligible public postsecondary system or an eligible private postsecondary institution, as defined in subdivision 3. All provisions of this section shall apply to a pupil, public school board, district, and the governing body of a postsecondary institution, except as otherwise provided.

(b) To encourage students, especially American Indian students and students of color, to consider teaching as a profession, participating schools, school districts, and postsecondary institutions are encouraged to develop and offer an "Introduction to Teaching" or "Introduction to Education" course under this subdivision. An institution that receives a grant to develop a course recipients under this paragraph must annually report to the commissioner in a form and manner determined by the commissioner on the participation rates of students in courses under this paragraph, including the number of students who apply for admission to colleges or universities with teacher preparation programs and the number of students of color and American Indian students who earned postsecondary credit. Grant recipients must also describe recruiting efforts intended to ensure that the percentage of participants of color or who are American Indian meets or exceeds the overall percentage of students of color or American Indian students in the school.

Sec. 53. Minnesota Statutes 2018, section 124D.861, subdivision 2, is amended to read:

Subd. 2. **Plan implementation; components.** (a) The school board of each eligible district must formally develop and implement a long-term plan under this section. The plan must be incorporated into the district's comprehensive strategic plan under section 120B.11. Plan components may include:

1. (1) innovative and integrated prekindergarten through grade 12 learning environments that offer students school enrollment choices;

2. (2) family engagement initiatives that involve families in their students' academic life and success;
professional development opportunities for teachers and administrators focused on improving the academic achievement of all students, including teachers and administrators who are members of populations underrepresented among the licensed teachers or administrators in the district or school and who reflect the diversity of students under section 120B.35, subdivision 3, paragraph (b), clause (2), who are enrolled in the district or school;

(4) increased programmatic opportunities and effective and more diverse instructors focused on rigor and college and career readiness for underserved students, including students enrolled in alternative learning centers under section 123A.05, public alternative programs under section 126C.05, subdivision 15, and contract alternative programs under section 124D.69, among other underserved students; or

(5) recruitment and retention of teachers and administrators with diverse, cultural and family liaisons, paraprofessionals, and other nonlicensed staff from racial and ethnic backgrounds represented in the student population.

(b) The plan must contain goals for:

(1) reducing the disparities in academic achievement and in equitable access to effective and more diverse teachers among all students and specific categories of students under section 120B.35, subdivision 3, paragraph (b), excluding the student categories of gender, disability, and English learners; and

(2) increasing racial and economic diversity and integration in schools and districts.

(c) The plan must include strategies to make schools' curricula and learning and work environments more inclusive and respectful of students' racial and ethnic diversity and to address issues of structural inequities in schools that create opportunity gaps and achievement gaps for students, families, and staff who are of color or who are American Indian, and program revenues may be used to implement such strategies. Examples of possible structural inequities include but are not limited to policies and practices that unintentionally result in disparate referrals and suspension, inequitable access to advanced coursework, overrepresentation in lower level coursework, participation in cocurricular activities, parent involvement, and lack of access to diverse teachers. Plans may include but are not limited to the following activities that may involve collaboration with or support from regional centers of excellence:

(1) creating opportunities for students, families, staff, and community members of color or who are American Indian to share their experiences in the school setting with school staff and administration to develop specific proposals for improving school environments to be more inclusive and respectful toward all students, families, and staff;
(2) implementing creative programs for increased parent engagement and improving relations between home and school;

(3) developing or expanding ethnic studies course offerings to provide all students with in-depth opportunities to learn about their own and others' cultures and historical experiences;

(4) examining and revising curricula in various subjects to be culturally relevant and inclusive of various racial and ethnic groups;

(5) examining academic and discipline data, reexamining institutional policies and practices that result in opportunity and achievement disparities between racial and ethnic groups, and making necessary changes that increase access, meaningful participation, representation, and positive outcomes for students of color, American Indian students, and students who qualify for free or reduced-price lunch;

(6) providing professional development opportunities to learn more about various racial and ethnic groups' experiences, assets, and issues and developing cross-cultural competence with knowledge, collaborations, and relationships needed to serve students effectively who are from diverse racial and ethnic backgrounds; and

(7) hiring more cultural liaisons to strengthen relationships with students, families, and other members of the community.

Among other requirements, an eligible district must implement effective, research-based interventions that include formative assessment practices to reduce the disparities in student academic performance among the specific categories of students as measured by student progress and growth on state reading and math assessments and as aligned with section 120B.11.

Eligible districts must create efficiencies and eliminate duplicative programs and services under this section, which may include forming collaborations or a single, seven-county metropolitan areawide partnership of eligible districts for this purpose.

Sec. 54. Minnesota Statutes 2018, section 214.01, subdivision 3, is amended to read:

Subd. 3. Non-health-related licensing board. "Non-health-related licensing board" means the Professional Educator Licensing and Standards Board established pursuant to section 122A.07, the Board of School Administrators established pursuant to section 122A.14, the Board of Barber Examiners established pursuant to section 154.001, the Board of Cosmetologist Examiners established pursuant to section 155A.20, the Board of Assessors established pursuant to section 270.41, the Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience, and Interior Design established pursuant
to section 326.04, the Private Detective and Protective Agent Licensing Board established
pursuant to section 326.33, the Board of Accountancy established pursuant to section
326A.02, and the Peace Officer Standards and Training Board established pursuant to section
626.841.

Sec. 55. [245C.125] BACKGROUND STUDY; PROFESSIONAL EDUCATOR
LICENSING AND STANDARDS BOARD.

The commissioner may contract with the Professional Educator Licensing and Standards
Board to conduct background studies and obtain background study data as required under
this chapter and chapter 122A. When required in chapter 122A, the commissioner must
conduct a national criminal history record check.

Sec. 56. Minnesota Statutes 2018, section 626.556, subdivision 10, is amended to read:

Subd. 10. Duties of local welfare agency and local law enforcement agency upon
receipt of report; mandatory notification between police or sheriff and agency. (a) The
police department or the county sheriff shall immediately notify the local welfare agency
or agency responsible for child protection reports under this section orally and in writing
when a report is received. The local welfare agency or agency responsible for child protection
reports shall immediately notify the local police department or the county sheriff orally and
in writing when a report is received. The county sheriff and the head of every local welfare
agency, agency responsible for child protection reports, and police department shall each
designate a person within their agency, department, or office who is responsible for ensuring
that the notification duties of this paragraph are carried out. When the alleged maltreatment
occurred on tribal land, the local welfare agency or agency responsible for child protection
reports and the local police department or the county sheriff shall immediately notify the
tribe's social services agency and tribal law enforcement orally and in writing when a report
is received. When a police department or county sheriff determines that a child has been
the subject of physical abuse, sexual abuse, or neglect by a person licensed by the
Professional Educator Licensing and Standards Board or Board of School Administrators,
it shall, in addition to its other duties under this section, immediately inform the licensing
board. Law enforcement must work collaboratively with the board that has jurisdiction over
the matter, including sharing documents and evidence to continue the investigation.

(b) Upon receipt of a report, the local welfare agency shall determine whether to conduct
a family assessment or an investigation as appropriate to prevent or provide a remedy for
child maltreatment. The local welfare agency:
(1) shall conduct an investigation on reports involving sexual abuse or substantial child endangerment;

(2) shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that sexual abuse or substantial child endangerment or a serious threat to the child's safety exists;

(3) may conduct a family assessment for reports that do not allege sexual abuse or substantial child endangerment. In determining that a family assessment is appropriate, the local welfare agency may consider issues of child safety, parental cooperation, and the need for an immediate response;

(4) may conduct a family assessment on a report that was initially screened and assigned for an investigation. In determining that a complete investigation is not required, the local welfare agency must document the reason for terminating the investigation and notify the local law enforcement agency if the local law enforcement agency is conducting a joint investigation; and

(5) shall provide immediate notice, according to section 260.761, subdivision 2, to an Indian child's tribe when the agency has reason to believe the family assessment or investigation may involve an Indian child. For purposes of this clause, "immediate notice" means notice provided within 24 hours.

If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or individual functioning within the family unit as a person responsible for the child's care, or sexual abuse by a person with a significant relationship to the child when that person resides in the child's household or by a sibling, the local welfare agency shall immediately conduct a family assessment or investigation as identified in clauses (1) to (4). In conducting a family assessment or investigation, the local welfare agency shall gather information on the existence of substance abuse and domestic violence and offer services for purposes of preventing future child maltreatment, safeguarding and enhancing the welfare of the abused or neglected minor, and supporting and preserving family life whenever possible. If the report alleges a violation of a criminal statute involving sexual abuse, physical abuse, or neglect or endangerment, under section 609.378, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of its investigation or assessment. In cases of alleged child maltreatment resulting in death, the local agency may rely on the fact-finding efforts of a law enforcement investigation to make a determination of whether
or not maltreatment occurred. When necessary the local welfare agency shall seek authority
to remove the child from the custody of a parent, guardian, or adult with whom the child is
living. In performing any of these duties, the local welfare agency shall maintain appropriate
records.

If the family assessment or investigation indicates there is a potential for abuse of alcohol
or other drugs by the parent, guardian, or person responsible for the child's care, the local
welfare agency shall conduct a chemical use assessment pursuant to Minnesota Rules, part
9530.6615.

(c) When a local agency receives a report or otherwise has information indicating that
a child who is a client, as defined in section 245.91, has been the subject of physical abuse,
sexual abuse, or neglect at an agency, facility, or program as defined in section 245.91, it
shall, in addition to its other duties under this section, immediately inform the ombudsman
established under sections 245.91 to 245.97. The commissioner of education shall inform
the ombudsman established under sections 245.91 to 245.97 of reports regarding a child
defined as a client in section 245.91 that maltreatment occurred at a school as defined in
section 120A.05, subdivisions 9, 11, and 13, and chapter 124E.

(d) Authority of the local welfare agency responsible for assessing or investigating the
child abuse or neglect report, the agency responsible for assessing or investigating the report,
and of the local law enforcement agency for investigating the alleged abuse or neglect
includes, but is not limited to, authority to interview, without parental consent, the alleged
victim and any other minors who currently reside with or who have resided with the alleged
offender. The interview may take place at school or at any facility or other place where the
alleged victim or other minors might be found or the child may be transported to, and the
interview conducted at, a place appropriate for the interview of a child designated by the
local welfare agency or law enforcement agency. The interview may take place outside the
presence of the alleged offender or parent, legal custodian, guardian, or school official. For
family assessments, it is the preferred practice to request a parent or guardian's permission
to interview the child prior to conducting the child interview, unless doing so would
compromise the safety assessment. Except as provided in this paragraph, the parent, legal
custodian, or guardian shall be notified by the responsible local welfare or law enforcement
agency no later than the conclusion of the investigation or assessment that this interview
has occurred. Notwithstanding rule 32 of the Minnesota Rules of Procedure for Juvenile
Courts, the juvenile court may, after hearing on an ex parte motion by the local welfare
agency, order that, where reasonable cause exists, the agency withhold notification of this
interview from the parent, legal custodian, or guardian. If the interview took place or is to
take place on school property, the order shall specify that school officials may not disclose
to the parent, legal custodian, or guardian the contents of the notification of intent to interview
the child on school property, as provided under this paragraph, and any other related
information regarding the interview that may be a part of the child's school record. A copy
of the order shall be sent by the local welfare or law enforcement agency to the appropriate
school official.

(e) When the local welfare, local law enforcement agency, or the agency responsible
for assessing or investigating a report of maltreatment determines that an interview should
take place on school property, written notification of intent to interview the child on school
property must be received by school officials prior to the interview. The notification shall
include the name of the child to be interviewed, the purpose of the interview, and a reference
to the statutory authority to conduct an interview on school property. For interviews
conducted by the local welfare agency, the notification shall be signed by the chair of the
local social services agency or the chair's designee. The notification shall be private data
on individuals subject to the provisions of this paragraph. School officials may not disclose
to the parent, legal custodian, or guardian the contents of the notification or any other related
information regarding the interview until notified in writing by the local welfare or law
enforcement agency that the investigation or assessment has been concluded, unless a school
employee or agent is alleged to have maltreated the child. Until that time, the local welfare
or law enforcement agency or the agency responsible for assessing or investigating a report
of maltreatment shall be solely responsible for any disclosures regarding the nature of the
assessment or investigation.

Except where the alleged offender is believed to be a school official or employee, the
time and place, and manner of the interview on school premises shall be within the discretion
of school officials, but the local welfare or law enforcement agency shall have the exclusive
authority to determine who may attend the interview. The conditions as to time, place, and
manner of the interview set by the school officials shall be reasonable and the interview
shall be conducted not more than 24 hours after the receipt of the notification unless another
time is considered necessary by agreement between the school officials and the local welfare
or law enforcement agency. Where the school fails to comply with the provisions of this
paragraph, the juvenile court may order the school to comply. Every effort must be made
to reduce the disruption of the educational program of the child, other students, or school
staff when an interview is conducted on school premises.

(f) Where the alleged offender or a person responsible for the care of the alleged victim
or other minor prevents access to the victim or other minor by the local welfare agency, the
juvenile court may order the parents, legal custodian, or guardian to produce the alleged
victim or other minor for questioning by the local welfare agency or the local law
enforcement agency outside the presence of the alleged offender or any person responsible
for the child's care at reasonable places and times as specified by court order.

(g) Before making an order under paragraph (f), the court shall issue an order to show
cause, either upon its own motion or upon a verified petition, specifying the basis for the
requested interviews and fixing the time and place of the hearing. The order to show cause
shall be served personally and shall be heard in the same manner as provided in other cases
in the juvenile court. The court shall consider the need for appointment of a guardian ad
litem to protect the best interests of the child. If appointed, the guardian ad litem shall be
present at the hearing on the order to show cause.

(h) The commissioner of human services, the ombudsman for mental health and
developmental disabilities, the local welfare agencies responsible for investigating reports,
the commissioner of education, and the local law enforcement agencies have the right to
enter facilities as defined in subdivision 2 and to inspect and copy the facility's records,
including medical records, as part of the investigation. Notwithstanding the provisions of
chapter 13, they also have the right to inform the facility under investigation that they are
conducting an investigation, to disclose to the facility the names of the individuals under
investigation for abusing or neglecting a child, and to provide the facility with a copy of
the report and the investigative findings.

(i) The local welfare agency responsible for conducting a family assessment or
investigation shall collect available and relevant information to determine child safety, risk
of subsequent child maltreatment, and family strengths and needs and share not public
information with an Indian's tribal social services agency without violating any law of the
state that may otherwise impose duties of confidentiality on the local welfare agency in
order to implement the tribal state agreement. The local welfare agency or the agency
responsible for investigating the report shall collect available and relevant information to
ascertain whether maltreatment occurred and whether protective services are needed.
Information collected includes, when relevant, information with regard to the person reporting
the alleged maltreatment, including the nature of the reporter's relationship to the child and
to the alleged offender, and the basis of the reporter's knowledge for the report; the child
allegedly being maltreated; the alleged offender; the child's caretaker; and other collateral
sources having relevant information related to the alleged maltreatment. The local welfare
agency or the agency responsible for investigating the report may make a determination of
Information relevant to the assessment or investigation must be asked for, and may include:

1. the child's sex and age; prior reports of maltreatment, including any maltreatment reports that were screened out and not accepted for assessment or investigation; information relating to developmental functioning; credibility of the child's statement; and whether the information provided under this clause is consistent with other information collected during the course of the assessment or investigation;

2. the alleged offender's age, a record check for prior reports of maltreatment, and criminal charges and convictions. The local welfare agency or the agency responsible for assessing or investigating the report must provide the alleged offender with an opportunity to make a statement. The alleged offender may submit supporting documentation relevant to the assessment or investigation;

3. collateral source information regarding the alleged maltreatment and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or the care of the child maintained by any facility, clinic, or health care professional and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child; and

4. information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

Nothing in this paragraph precludes the local welfare agency, the local law enforcement agency, or the agency responsible for assessing or investigating the report from collecting other relevant information necessary to conduct the assessment or investigation. Notwithstanding sections 13.384 or 144.291 to 144.298, the local welfare agency has access to medical data and records for purposes of clause (3). Notwithstanding the data's classification in the possession of any other agency, data acquired by the local welfare agency or the agency responsible for assessing or investigating the report during the course of the assessment or investigation are private data on individuals and must be maintained in accordance with subdivision 11. Data of the commissioner of education collected or maintained during and for the purpose of an investigation of alleged maltreatment in a school.
are governed by this section, notwithstanding the data's classification as educational,
licensing, or personnel data under chapter 13.

In conducting an assessment or investigation involving a school facility as defined in
subdivision 2, paragraph (c), the commissioner of education shall collect investigative
reports and data that are relevant to a report of maltreatment and are from local law
enforcement and the school facility.

(j) Upon receipt of a report, the local welfare agency shall conduct a face-to-face contact
with the child reported to be maltreated and with the child's primary caregiver sufficient to
complete a safety assessment and ensure the immediate safety of the child. The face-to-face
contact with the child and primary caregiver shall occur immediately if sexual abuse or
substantial child endangerment is alleged and within five calendar days for all other reports.

If the alleged offender was not already interviewed as the primary caregiver, the local welfare
agency shall also conduct a face-to-face interview with the alleged offender in the early
stages of the assessment or investigation. At the initial contact, the local child welfare agency
or the agency responsible for assessing or investigating the report must inform the alleged
offender of the complaints or allegations made against the individual in a manner consistent
with laws protecting the rights of the person who made the report. The interview with the
alleged offender may be postponed if it would jeopardize an active law enforcement
investigation.

(k) When conducting an investigation, the local welfare agency shall use a question and
answer interviewing format with questioning as nondirective as possible to elicit spontaneous
responses. For investigations only, the following interviewing methods and procedures must
be used whenever possible when collecting information:

(1) audio recordings of all interviews with witnesses and collateral sources; and

(2) in cases of alleged sexual abuse, audio-video recordings of each interview with the
alleged victim and child witnesses.

(l) In conducting an assessment or investigation involving a school facility as defined
in subdivision 2, paragraph (c), the commissioner of education shall collect available and
relevant information and use the procedures in paragraphs (j) and (k), and subdivision 3d,
except that the requirement for face-to-face observation of the child and face-to-face interview
of the alleged offender is to occur in the initial stages of the assessment or investigation
provided that the commissioner may also base the assessment or investigation on investigative
reports and data received from the school facility and local law enforcement, to the extent
those investigations satisfy the requirements of paragraphs (j) and (k), and subdivision 3d.

Sec. 2. Minnesota Statutes 2018, section 125A.08, is amended to read:

**125A.08 INDIVIDUALIZED EDUCATION PROGRAMS.**

(a) At the beginning of each school year, each school district shall have in effect, for each child with a disability, an individualized education program.

(b) As defined in this section, every district must ensure the following:

(1) all students with disabilities are provided the special instruction and services which are appropriate to their needs. Where the individualized education program team has determined appropriate goals and objectives based on the student's needs, including the extent to which the student can be included in the least restrictive environment, and where there are essentially equivalent and effective instruction, related services, or assistive technology devices available to meet the student's needs, cost to the district may be among the factors considered by the team in choosing how to provide the appropriate services, instruction, or devices that are to be made part of the student's individualized education program. The individualized education program team shall consider and may authorize services covered by medical assistance according to section 256B.0625, subdivision 26.

Before a school district evaluation team makes a determination of other health disability under Minnesota Rules, part 3525.1335, subparts 1 and 2, item A, subitem (1), the evaluation team must seek written documentation of the student's medically diagnosed chronic or acute health condition signed by a licensed physician or a licensed health care provider acting within the scope of the provider's practice. The student's needs and the special education instruction and services to be provided must be agreed upon through the development of an individualized education program. The program must address the student's need to develop skills to live and work as independently as possible within the community. The individualized education program team must consider positive behavioral interventions, strategies, and supports that address behavior needs for children. During grade 9, the program must address the student's needs for transition from secondary services to postsecondary education and training, employment, community participation, recreation, and leisure and home living. In developing the program, districts must inform parents of the full range of transitional goals and related services that should be considered. The program must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded. If the individualized education
program meets the plan components in section 120B.125, the individualized education
program satisfies the requirement and no additional transition plan is needed. An
individualized education program team, after affirmative approval of the parent, may
eliminate benchmarks or short-term objectives, except for students who take alternative
assessments. The individualized education program may report the student's performance
on general state or districtwide assessments related to the student's educational needs;

(2) children with a disability under age five and their families are provided special
instruction and services appropriate to the child's level of functioning and needs;

(3) children with a disability and their parents or guardians are guaranteed procedural
safeguards and the right to participate in decisions involving identification, assessment
including assistive technology assessment, and educational placement of children with a
disability;

(4) eligibility and needs of children with a disability are determined by an initial
evaluation or reevaluation, which may be completed using existing data under United States
Code, title 20, section 33, et seq.;

(5) to the maximum extent appropriate, children with a disability, including those in
public or private institutions or other care facilities, are educated with children who are not
disabled, and that special classes, separate schooling, or other removal of children with a
disability from the regular educational environment occurs only when and to the extent that
the nature or severity of the disability is such that education in regular classes with the use
of supplementary services cannot be achieved satisfactorily;

(6) in accordance with recognized professional standards, testing and evaluation materials,
and procedures used for the purposes of classification and placement of children with a
disability are selected and administered so as not to be racially or culturally discriminatory;
and

(7) the rights of the child are protected when the parents or guardians are not known or
not available, or the child is a ward of the state.

(c) For all paraprofessionals employed to work in programs whose role in part is to
provide direct support to students with disabilities, the school board in each district shall
ensure that:

(1) before or beginning at the time of employment, each paraprofessional must develop
sufficient knowledge and skills in emergency procedures, building orientation, roles and
responsibilities, confidentiality, vulnerability, and reportability, among other things, to begin
meeting the needs, especially disability-specific and behavioral needs, of the students with
whom the paraprofessional works;

(2) before beginning work alone with an individual student with a disability, the assigned
paraprofessional must be either given paid time or time during the school day to review a
student's individualized education program or be briefed on the student's specific needs by
appropriate staff;

(2) (3) annual training opportunities are required to enable the paraprofessional to
continue to further develop the knowledge and skills that are specific to the students with
whom the paraprofessional works, including understanding disabilities, the unique and
individual needs of each student according to the student's disability and how the disability
affects the student's education and behavior, following lesson plans, and implementing
follow-up instructional procedures and activities; and

(4) a minimum of eight hours of paid orientation or professional development must be
provided annually to all paraprofessionals, Title I aides, and other instructional support
staff. Four of the eight hours must be completed before the first instructional day of the
school year or within 30 days of hire. The orientation or professional development must be
relevant to the employee's occupation and may include collaboration time with classroom
teachers and planning for the school year. For paraprofessionals who provide direct support
to students, at least 50 percent of the professional development or orientation must be
dedicated to meeting the requirements of this section. Professional development for
paraprofessionals may also address the requirements of section 120B.363, subdivision 3.
A school administrator must provide an annual certification of compliance with this
requirement to the commissioner; and

(5) a districtwide process obligates each paraprofessional to work under the ongoing
direction of a licensed teacher and, where appropriate and possible, the supervision of a
school nurse.

(d) A school district may conduct a functional behavior assessment as defined in
Minnesota Rules, part 3525.0210, subpart 22, as a stand-alone evaluation without conducting
a comprehensive evaluation of the student.

Sec. 3. Minnesota Statutes 2018, section 125A.091, subdivision 3a, is amended to read:

Subd. 3a. Additional requirements for prior written notice. In addition to federal law
requirements, a prior written notice shall:
(1) inform the parent that except for the initial placement of a child in special education, the school district will proceed with its proposal for the child's placement or for providing special education services unless the child's parent notifies the district of an objection within 14 days of when the district sends the prior written notice to the parent; and

(2) state that a parent who objects to a proposal or refusal in the prior written notice may:

(i) request a conciliation conference under subdivision 7 or another alternative dispute resolution procedure under subdivision 8 or 9; or

(ii) identify the specific part of the proposal or refusal the parent objects to and request a meeting with appropriate members of the individualized education program team.

Sec. 4. Minnesota Statutes 2018, section 125A.091, subdivision 7, is amended to read:

Subd. 7. Conciliation conference. A parent must have an opportunity to request a meeting with appropriate members of the individualized education program team or meet with appropriate district staff in at least one conciliation conference if the parent objects to any proposal of which the parent receives notice under subdivision 3a. A district must hold a conciliation conference within ten calendar days from the date the district receives a parent's objection to a proposal or refusal in the prior written notice request for a conciliation conference. Except as provided in this section, all discussions held during a conciliation conference are confidential and are not admissible in a due process hearing. Within five school days after the final conciliation conference, the district must prepare and provide to the parent a conciliation conference memorandum that describes the district's final proposed offer of service. This memorandum is admissible in evidence in any subsequent proceeding.

Sec. 5. Minnesota Statutes 2018, section 125A.11, subdivision 1, is amended to read:

Subdivision 1. Nonresident tuition rate; other costs. (a) For fiscal year 2015 and later, when a school district provides special instruction and services for a pupil with a disability as defined in section 125A.02 outside the district of residence, excluding a pupil for whom an adjustment to special education aid is calculated according to section 127A.47, subdivision 7, paragraphs (b) to (d), special education aid paid to the resident district must be reduced by an amount equal to (1) the actual cost of providing special instruction and services to the pupil, including a proportionate amount for special transportation, plus (2) the amount of general education revenue, excluding local optional revenue, plus local optional aid and referendum equalization aid attributable to that pupil, calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit...
excluding basic skills revenue, elementary sparsity revenue and secondary sparsity revenue, minus (3) the amount of special education aid for children with a disability under section 125A.76 received on behalf of that child, excluding cross subsidy reduction aid under section 125A.76, subdivision 2e, minus (4) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum equalization aid, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, attributable to that pupil for the portion of time the pupil receives special instruction and services outside of the regular classroom, calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit excluding basic skills revenue, elementary sparsity revenue and secondary sparsity revenue and the serving district's basic skills revenue, elementary sparsity revenue and secondary sparsity revenue per adjusted pupil unit.

Notwithstanding clauses (1) and (4), for pupils served by a cooperative unit without a fiscal agent school district, the general education revenue and referendum equalization aid attributable to a pupil must be calculated using the resident district's average general education revenue and referendum equalization aid excluding compensatory revenue, elementary sparsity revenue, and secondary sparsity revenue. Special education aid paid to the district or cooperative providing special instruction and services for the pupil must be increased by the amount of the reduction in the aid paid to the resident district. If the resident district's special education aid is insufficient to make the full adjustment, the remaining adjustment shall be made to other state aid due to the district.

(b) Notwithstanding paragraph (a), when a charter school receiving special education aid under section 124E.21, subdivision 3, provides special instruction and services for a pupil with a disability as defined in section 125A.02, excluding a pupil for whom an adjustment to special education aid is calculated according to section 127A.47, subdivision 7, paragraphs (b) to (e), special education aid paid to the resident district must be reduced by an amount equal to that calculated under paragraph (a) as if the charter school received aid under section 124E.21, subdivision 1. Notwithstanding paragraph (a), special education aid paid to the charter school providing special instruction and services for the pupil must not be increased by the amount of the reduction in the aid paid to the resident district.

(c) Notwithstanding paragraph (a) and section 127A.47, subdivision 7, paragraphs (b) to (d):

(1) an intermediate district or a special education cooperative may recover unreimbursed costs of serving pupils with a disability, including building lease, debt service, and indirect

and nonmember access fees to the resident district;

(2) a charter school where more than 30 percent of enrolled students receive special
education and related services, a site approved under section 125A.515, an intermediate
district, a site constructed according to Laws 1992, chapter 558, section 7, subdivision 7,

amount to recover any remaining unreimbursed costs of serving pupils with a disability;

(3) the billing under clause (1) or application under clause (2) must include a description
of the costs and the calculations used to determine the unreimbursed portion to be charged
to the resident district. Amounts approved by the commissioner under clause (2) must be
included in the aid adjustments under paragraph (a), or section 127A.47, subdivision 7,
paragraphs (b) to (d), as applicable.

(d) For purposes of this subdivision and section 127A.47, subdivision 7, paragraph (b),

Subdivision 1. Commissioner approval. The commissioner may approve applications
from districts initiating or significantly changing a program to provide prevention services
as an alternative to special education and other compensatory programs. A district with an
approved program may provide instruction and services in a regular education classroom,
or an area learning center, to eligible pupils. Pupils eligible to participate in the program
are pupils who need additional academic or behavioral support to succeed in the general
education environment and who may eventually qualify for special education instruction
or related services under sections 125A.03 to 125A.24 and 125A.65 if the intervention
services authorized by this section were unavailable. A pupil with an individualized education
program may participate in the program in a service area which the individualized education
program team has determined is not an educational need that results from the pupil's
disability. Pupils may be provided services during extended school days and throughout the
entire year and through the assurance of mastery program under sections 125A.03 to 125A.24
and 125A.65.
Sec. 7. [125A.755] PARAPROFESSIONAL TRAINING AID.

Beginning in fiscal year 2020, each school district, charter school, and cooperative organization serving pupils is eligible for paraprofessional training aid. Paraprofessional training aid equals $200 times the number of paraprofessionals, Title I aides, and other instructional support staff employed by the school district, charter school, or cooperative organization during the previous school year. A school district must reserve paraprofessional training aid and spend it only on the training required in section 125A.08.

Sec. 8. Minnesota Statutes 2018, section 125A.76, subdivision 1, is amended to read:

Subdivision 1. Definitions. (a) For the purposes of this section and section 125A.79, the definitions in this subdivision apply.

(c) "Essential personnel" means teachers, cultural liaisons, related services, and support services staff providing services to students. Essential personnel may also include special education paraprofessionals or clericals providing support to teachers and students by preparing paperwork and making arrangements related to special education compliance requirements, including parent meetings and individualized education programs. Essential personnel does not include administrators and supervisors.

(d) "Average daily membership" has the meaning given it in section 126C.05.

(1) reimbursed with federal funds;
(2) reimbursed with other state aids under this chapter;
(3) for general education costs of serving students with a disability;
(4) for facilities;
(5) for pupil transportation; and
(6) for postemployment benefits.

(g) "Old formula special education expenditures" means expenditures eligible for revenue under Minnesota Statutes 2012, section 125A.76, subdivision 2.

(h) For the Minnesota State Academy for the Deaf and the Minnesota State Academy for the Blind, expenditures under paragraphs (f) and (g) are limited to the salary and fringe benefits of one-to-one instructional and behavior management aides and one-to-one licensed, certified professionals assigned to a child attending the academy, if the aides or professionals are required by the child's individualized education program.

(i) "Special education aid increase limit" means $80 for fiscal year 2016, $100 for fiscal year 2017, and, for fiscal year 2018 and later, the sum of the special education aid increase limit for the previous fiscal year and $40.

(k) The "minimum aid adjustment multiplier" for fiscal year 2020 equals 1.046. For fiscal year 2021 and later, the minimum aid adjustment multiplier equals the greater of 1.02 or the minimum aid adjustment multiplier for the previous year minus 0.002.
The "minimum aid adjustment factor" for fiscal year 2020 equals the program growth factor for fiscal year 2020. For fiscal year 2021 and later, the minimum aid adjustment factor equals the product of the minimum aid adjustment factor for the previous fiscal year and the minimum aid adjustment multiplier.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2020 and later.

Sec. 9. Minnesota Statutes 2018, section 125A.76, subdivision 2a, is amended to read:

Subd. 2a. Special education initial aid. For fiscal year 2021 and later, a district’s special education initial aid equals the sum of:

(2) the cost of providing transportation services for children with disabilities under section 123B.92, subdivision 1, paragraph (b), clause (4).

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2021 and later.
Sec. 10. Minnesota Statutes 2018, section 125A.76, subdivision 2c, is amended to read:

Subd. 2c. Special education aid. (a) For fiscal year 2016 and later, a district's special education aid equals the sum of the district's special education initial aid under subdivision 2a, the district's cross subsidy reduction aid under subdivision 2e, and the district's excess cost aid under section 125A.79, subdivision 5.

(b) Notwithstanding paragraph (a), for fiscal year 2016, the special education aid for a school district must not exceed the sum of the special education aid the district would have received for fiscal year 2016 under Minnesota Statutes 2012, sections 125A.76 and 125A.79, as adjusted according to Minnesota Statutes 2012, sections 125A.11 and 127A.47, subdivision 7, and the product of the district's average daily membership served and the special education aid increase limit.

(c) Notwithstanding paragraph (a), for fiscal year 2017 and later, the special education aid for a school district must not exceed the sum of: (i) the product of the district's average daily membership served and the special education aid increase limit and (ii) the product of the sum of the special education aid the district would have received for fiscal year 2016 under Minnesota Statutes 2012, sections 125A.76 and 125A.79, as adjusted according to Minnesota Statutes 2012, sections 125A.11 and 127A.47, subdivision 7, the ratio of the district's average daily membership served for the current fiscal year to the district's average daily membership served for fiscal year 2016, and the program growth factor.

(d) Notwithstanding paragraph (a), for fiscal year 2016 and later the special education aid, excluding the cross subsidy reduction aid under subdivision 2e, for a school district, not including a charter school or cooperative unit as defined in section 123A.24, must not be less than the lesser of (1) the sum of 90 percent for fiscal year 2020, 85 percent for fiscal year 2021, 80 percent for fiscal year 2022, and 75 percent for fiscal year 2023 and later of the district's nonfederal special education expenditures plus 100 percent of the district's cost of providing transportation services for children with disabilities under section 123B.92, subdivision 1, paragraph (b), clause (4), plus the adjustment under sections 125A.11 and 127A.47, subdivision 7, for that fiscal year or (2) the product of the sum of the special education aid the district would have received for fiscal year 2016 under Minnesota Statutes 2012, sections 125A.76 and 125A.79, as adjusted according to Minnesota Statutes 2012, sections 125A.11 and 127A.47, subdivision 7, the ratio of the district's adjusted daily membership for the current fiscal year to the district's average daily membership served for fiscal year 2016, and the program growth minimum aid adjustment factor.
(e) Notwithstanding subdivision 2a and section 125A.79, a charter school in its first year of operation shall generate special education aid based on current year data. A newly formed cooperative unit as defined in section 123A.24 may apply to the commissioner for approval to generate special education aid for its first year of operation based on current year data, with an offsetting adjustment to the prior year data used to calculate aid for programs at participating school districts or previous cooperatives that were replaced by the new cooperative. The department shall establish procedures to adjust the prior year data and fiscal year 2016 old formula aid used in calculating special education aid to exclude costs that have been eliminated for districts where programs have closed or where a substantial portion of the program has been transferred to a cooperative unit.

(f) The department shall establish procedures through the uniform financial accounting and reporting system to identify and track all revenues generated from third-party billings as special education revenue at the school district level; include revenue generated from third-party billings as special education revenue in the annual cross-subsidy report; and exclude third-party revenue from calculation of excess cost aid to the districts.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2020 and later.

Sec. 11. Minnesota Statutes 2018, section 125A.76, is amended by adding a subdivision to read:

Subd. 2e. **Cross subsidy reduction aid.** (a) A school district's annual cross subsidy reduction aid equals the school district's initial special education cross subsidy for the previous fiscal year times the cross subsidy aid factor for that fiscal year.

(b) The cross subsidy aid factor equals 4.3 percent for fiscal year 2020 and 8.6 percent for fiscal year 2021 and later.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2020 and later.

Sec. 12. Minnesota Statutes 2018, section 127A.47, subdivision 7, is amended to read:

Subd. 7. **Alternative attendance programs.** (a) The general education aid and special education aid for districts must be adjusted for each pupil attending a nonresident district under sections 123A.05 to 123A.08, 124D.03, 124D.08, and 124D.68. The adjustments must be made according to this subdivision.

(b) For purposes of this subdivision, the "unreimbursed cost of providing special education and services" means the difference between: (1) the actual cost of providing special instruction and services, including special transportation and unreimbursed building...
lease and debt service costs for facilities used primarily for special education, for a pupil
with a disability, as defined in section 125A.02, or a pupil, as defined in section 125A.51,
who is enrolled in a program listed in this subdivision, minus (2) if the pupil receives special
instruction and services outside the regular classroom for more than 60 percent of the school
day, the amount of general education revenue, excluding local optional revenue, plus local
optional aid and referendum equalization aid as defined in section 125A.11, subdivision 1,
paragraph (d), attributable to that pupil for the portion of time the pupil receives special
instruction and services outside of the regular classroom, excluding portions attributable to
district and school administration, district support services, operations and maintenance,
capital expenditures, and pupil transportation, minus (3) special education aid under section
125A.76, excluding cross subsidy reduction aid under section 125A.76, subdivision 2e,
attributable to that pupil, that is received by the district providing special instruction and
services. For purposes of this paragraph, general education revenue and referendum
equalization aid attributable to a pupil must be calculated using the serving district's average
general education revenue and referendum equalization aid per adjusted pupil unit.

(c) For fiscal year 2015 and later 2020, special education aid paid to a resident district
must be reduced by an amount equal to 90 80 percent of the unreimbursed cost of providing
special education and services. For fiscal year 2021 and later, special education aid paid to
a resident district must be reduced by an amount equal to 70 percent of the unreimbursed
cost of providing special education and services.

(d) Notwithstanding paragraph (c), special education aid paid to a resident district must
be reduced by an amount equal to 100 percent of the unreimbursed cost of special education
and services provided to students at an intermediate district, cooperative, or charter school
where the percent of students eligible for special education services is at least 70 percent
of the charter school's total enrollment.

(e) Notwithstanding paragraph (c), special education aid paid to a resident district must
be reduced under paragraph (d) for students at a charter school receiving special education
aid under section 124E.21, subdivision 3, calculated as if the charter school received special
education aid under section 124E.21, subdivision 1.

(f) Special education aid paid to the district or cooperative providing special instruction
and services for the pupil, or to the fiscal agent district for a cooperative, must be increased
by the amount of the reduction in the aid paid to the resident district under paragraphs (c)
and (d). If the resident district's special education aid is insufficient to make the full
adjustment under paragraphs (c), (d), and (e), the remaining adjustment shall be made to
other state aids due to the district.
(g) Notwithstanding paragraph (a), general education aid paid to the resident district of a nonspecial education student for whom an eligible special education charter school receives general education aid under section 124E.20, subdivision 1, paragraph (c), must be reduced by an amount equal to the difference between the general education aid attributable to the student under section 124E.20, subdivision 1, paragraph (c), and the general education aid that the student would have generated for the charter school under section 124E.20, subdivision 1, paragraph (a). For purposes of this paragraph, "nonspecial education student" means a student who does not meet the definition of pupil with a disability as defined in section 125A.02 or the definition of a pupil in section 125A.51.

(h) An area learning center operated by a service cooperative, intermediate district, education district, or a joint powers cooperative may elect through the action of the constituent boards to charge the resident district tuition for pupils rather than to have the general education revenue paid to a fiscal agent school district. Except as provided in paragraph (f), the district of residence must pay tuition equal to at least 90 and no more than 100 percent of the district average general education revenue per pupil unit minus an amount equal to the product of the formula allowance according to section 126C.10, subdivision 2, times \(0.0466\), calculated without compensatory revenue, local optional revenue, and transportation sparsity revenue, times the number of pupil units for pupils attending the area learning center.

procedure for the collection and transport of any unclaimed or abandoned prescription drugs
or over-the-counter medications left in the possession of school personnel in accordance
with this subdivision. The procedure must ensure that before the transportation of any
prescription drug under this subdivision, the school district shall make a reasonable attempt

Sec. 7. [121A.35] SCHOOL SAFETY ASSESSMENT.

and evidence-based process using an integrated team approach that helps schools evaluate
and assess potentially threatening situations or students whose behavior may pose a threat
to the safety of the school, staff, or students.

Subd. 2. Policy. A school board must adopt a policy to establish safety assessment teams
to conduct school safety assessments consistent with subdivision 1. A safety assessment
policy must be consistent with district policies in sections 121A.035, 125A.027, 125A.08,
and 125A.091, and Code of Federal Regulations, title 34, sections 300.300 to 300.304, and
with any guidance provided by the Department of Public Safety's School Safety Center. A
safety assessment policy must include procedures for referrals for special education or
section 504 evaluations, and to mental health or health care providers for evaluation or
treatment when appropriate. A safety assessment policy must require notice to the parent
or guardian of a student whose behavior is assessed under this section unless notice to the
parent or guardian is not in the minor's best interest, consistent with sections 13.02,
subdivision 8, and 13.32, subdivision 2.

Subd. 3. Oversight. The superintendent of a school district must establish a committee
or individual charged with oversight of the safety assessment teams operating within the
district, which may be an existing committee established by the school board.

establish for each school a safety assessment team that includes, to the extent practicable,
school officials with expertise in counseling, school psychology, school administration, and
students with disabilities; as well as cultural liaisons; certified, licensed, or otherwise
qualified mental health and treatment professionals; and law enforcement. The team may
include human resources personnel or legal counsel if the subject of the assessment is not
a student. A safety assessment team may serve one or more schools, as determined by the
superintendent.

(b) A safety assessment team must:
(1) provide guidance to school staff, parents, and students regarding recognition of threatening or concerning behavior that may represent a threat to the community, school, staff, or students, and the members of the school to whom threatening or concerning behavior should be reported;

(2) consider whether there is sufficient information to determine whether a student or other person poses a threat;

(3) implement a policy adopted by the school board under subdivision 2;

(4) report summary data on its activities according to guidance developed by the School Safety Center; and

(5) comply with applicable special education requirements, including sections 125A.027, 125A.08, and 125A.091, and Code of Federal Regulations, title 34, sections 300.300 to 300.304.

(c) Upon a preliminary determination that a student poses a threat of violence or physical harm to others, a safety assessment team must immediately report its determination to the district superintendent or the superintendent's designee, who must immediately attempt to notify the student's parent or legal guardian, and provide the parent or guardian written notice, unless notice to the parent or guardian is not in the student's best interest. The safety assessment team must consider services to address the student's underlying behavioral or mental health issues, which may include counseling, social work services, character education consistent with section 120B.232, social emotional learning, evidence-based academic and positive behavioral interventions and supports, mental health services, and referrals for special education or section 504 evaluations. Upon the request of a parent or guardian of a student who is the subject of a safety assessment, a safety assessment team must provide the parent or guardian with a copy of the data related to the safety assessment after the team determines that the threat has been addressed, consistent with subdivision 5.

(d) If the safety assessment team finds in the course of an evaluation that a student is also exhibiting suicidal ideation or self-harm, the safety assessment team must follow the district's suicide prevention policy or protocol or refer the student to an appropriate school-linked mental health professional or other support personnel. Access to information regarding a student exhibiting suicidal ideation or self-harm is subject to section 13.32, subdivision 2.

(e) Nothing in this section precludes a school district official or employee from acting immediately to address an imminent threat.
Nothing in this section modifies or affects a school district's obligations under state and federal law relating to students with disabilities.

Subd. 5. Redisclosure. (a) A safety assessment team member must not redisclose educational records or use any record of an individual beyond the purpose for which the disclosure was made to the safety assessment team. A school district employee who has access to information related to a safety assessment is subject to this subdivision.

(b) Nothing in this section prohibits the disclosure of educational records in health, including mental health, and safety emergencies in accordance with state and federal law.

Data related to a safety assessment must not be provided to law enforcement without a reasonable cause or need for law enforcement involvement or knowledge. A school district must notify a parent or guardian when data related to a safety assessment is provided to a law enforcement official who is not a member of the safety assessment team, unless notice to the parent or guardian is not in the student's best interest, consistent with sections 13.02, subdivision 8, and 13.32, subdivision 2.

EFFECTIVE DATE. This section is effective for the 2020-2021 school year and later.

Subd. 6. Total safe schools revenue. For fiscal year 2020 and later, the safe schools revenue for a school district equals the sum of the district's initial safe schools revenue and the district's cooperative safe schools revenue.

Subd. 7. Safe schools levy. (a) For fiscal year 2020 only, a district's safe schools levy equals $36 times the district's adjusted pupil units for the school year.

(b) For fiscal year 2020 only, the safe schools levy for a school district that is a member of an intermediate school district is increased by an amount equal to $15 times the district's adjusted pupil units for the school year.

(c) To obtain safe schools revenue for fiscal year 2021 and later, a district may levy an amount not more than the product of its safe schools revenue for the fiscal year times the lesser of one or the ratio of its adjusted net tax capacity per adjusted pupil unit to the safe schools equalizing factor. The safe schools equalizing factor equals 151.3 percent of the state average adjusted net tax capacity per adjusted pupil unit for all school districts in the year preceding the year the levy is certified.

(d) For purposes of this subdivision, "adjusted net tax capacity" means the value described in section 126C.01, subdivision 2, paragraph (b).

Subd. 8. Safe schools aid. For fiscal year 2020, a district's safe schools aid equals its safe schools revenue minus its safe schools levy. For fiscal year 2021 and later, a district's safe schools aid equals its safe schools revenue minus its safe schools levy, times the ratio of the actual amount levied to the permitted levy.

Subd. 9. Uses of safe schools revenue. (a) The proceeds of the levy revenue must be reserved and used for directly funding the following purposes or for reimbursing the cities and counties who contract with the district for the following purposes:
(1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace
officers and sheriffs for liaison in services in the district's schools;

(2) to pay the costs for a drug abuse prevention program as defined in section 609.101,
subdivision 3, paragraph (c), in the elementary schools;

(3) to pay the costs for a gang resistance education training curriculum in the district's
schools;

(4) to pay the costs for security in the district's schools and on school property;

(5) to pay the costs for other crime prevention, drug abuse, student and staff safety,
voluntary opt-in suicide prevention tools, and violence prevention measures taken by the
school district;

(6) to pay costs for licensed school counselors, licensed school nurses, licensed school
social workers, licensed school psychologists, and licensed alcohol and chemical dependency
counselors to help provide early responses to problems;

(7) to pay for facility security enhancements including laminated glass, public
announcement systems, emergency communications devices, and equipment and facility
modifications related to violence prevention and facility security;

(8) to pay for costs associated with improving the school climate including professional
development such as restorative practices, social-emotional learning, and other
evidence-based practices; or

(9) to pay costs for colocating and collaborating with mental health professionals who
are not district employees or contractors;

(10) by board resolution, to transfer money into the debt redemption fund to pay the
amounts needed to meet, when due, principal and interest payments on obligations issued
under sections 123B.61 and 123B.62 for purposes included in clause (7); or

(11) to pay for training for members of safety assessment teams and oversight committees
under section 121A.35.

(b) For expenditures under paragraph (a), clause (1), the district must initially attempt
to contract for services to be provided by peace officers or sheriffs with the police department
of each city or the sheriff's department of the county within the district containing the school
receiving the services. If a local police department or a county sheriff's department does
not wish to provide the necessary services, the district may contract for these services with
any other police or sheriff's department located entirely or partially within the school district's boundaries.

(c) A school district that is a member of an intermediate school district may include in its authority under this section the costs associated with safe schools activities authorized under paragraph (a) for intermediate school district programs. This authority must not exceed $15 times the adjusted pupil units of the member districts. This authority is in addition to any other authority authorized under this section. Revenue raised under this paragraph must be transferred to the intermediate school district.

Subd. 10. Reporting. A school district or charter school receiving revenue under this section must annually report safe schools expenditures to the commissioner, in the form and manner specified by the commissioner. The report must include spending by functional area, any new staff positions hired, and revenue uses under subdivision 5.

EFFECTIVE DATE. This section is effective for revenue for fiscal year 2020 and later.

Sec. 11. Minnesota Statutes 2018, section 626.556, subdivision 2, is amended to read:

Subd. 2. Definitions. As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Accidental" means a sudden, not reasonably foreseeable, and unexpected occurrence or event which:

(1) is not likely to occur and could not have been prevented by exercise of due care; and

(2) if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence or event.

(b) "Commissioner" means the commissioner of human services.

(c) "Facility" means:

(1) a licensed or unlicensed day care facility, certified license-exempt child care center, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed under sections 144.50 to 144.58, 241.021, or 245A.01 to 245A.16, or chapter 144H, 245D, or 245H;

(2) a school as defined in section 120A.05, subdivisions 9, 11, and 13; and chapter 124E; or
(d) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege sexual abuse or substantial child endangerment. Family assessment does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

(e) "Investigation" means fact gathering related to the current safety of a child and the risk of subsequent maltreatment that determines whether child maltreatment occurred and whether child protective services are needed. An investigation must be used when reports involve sexual abuse or substantial child endangerment, and for reports of maltreatment in facilities required to be licensed or certified under chapter 245A, 245D, or 245H; under sections 144.50 to 144.58 and 241.021; in a school as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E; or in a nonlicensed personal care provider association as defined in section 256B.0625, subdivision 19a.

(f) "Mental injury" means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child's ability to function within a normal range of performance and behavior with due regard to the child's culture.

(g) "Neglect" means the commission or omission of any of the acts specified under clauses (1) to (9), other than by accidental means:

(1) failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter, health, medical, or other care required for the child's physical or mental health when reasonably able to do so;

(2) failure to protect a child from conditions or actions that seriously endanger the child's physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;
(4) failure to ensure that the child is educated as defined in sections 120A.22 and
260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's
child with sympathomimetic medications, consistent with section 125A.091, subdivision
5;

(5) nothing in this section shall be construed to mean that a child is neglected solely
because the child's parent, guardian, or other person responsible for the child's care in good
faith selects and depends upon spiritual means or prayer for treatment or care of disease or
remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker,
or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of
medical care may cause serious danger to the child's health. This section does not impose
upon persons, not otherwise legally responsible for providing a child with necessary food,
clothing, shelter, education, or medical care, a duty to provide that care;

(6) prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision
2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in
the child at birth, results of a toxicology test performed on the mother at delivery or the
child at birth, medical effects or developmental delays during the child's first year of life
that medically indicate prenatal exposure to a controlled substance, or the presence of a
fetal alcohol spectrum disorder;

(7) "medical neglect" as defined in section 260C.007, subdivision 6, clause (5);

(8) chronic and severe use of alcohol or a controlled substance by a parent or person
responsible for the care of the child that adversely affects the child's basic needs and safety;
or

(9) emotional harm from a pattern of behavior which contributes to impaired emotional
functioning of the child which may be demonstrated by a substantial and observable effect
in the child's behavior, emotional response, or cognition that is not within the normal range
for the child's age and stage of development, with due regard to the child's culture.

(h) "Nonmaltreatment mistake" means:

(1) at the time of the incident, the individual was performing duties identified in the

(4) any injury to a child resulting from the incident, if treated, is treated only with remedies that are available over the counter, whether ordered by a medical professional or not; and

(5) except for the period when the incident occurred, the facility and the individual providing services were both in compliance with all licensing requirements relevant to the incident.

This definition only applies to child care centers licensed under Minnesota Rules, chapter 9503. If clauses (1) to (5) apply, rather than making a determination of substantiated maltreatment by the individual, the commissioner of human services shall determine that a nonmaltreatment mistake was made by the individual.

(i) "Operator" means an operator or agency as defined in section 245A.02.

(j) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(k) "Physical abuse" means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized under section 125A.0942 or 245.825.

Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by section 121A.582. Actions which are not reasonable and moderate include, but are not limited to, any of the following:

(1) throwing, kicking, burning, biting, or cutting a child;

(2) striking a child with a closed fist;

(3) shaking a child under age three;

(4) striking or other actions which result in any nonaccidental injury to a child under 18 months of age;
(5) unreasonable interference with a child's breathing;

(6) threatening a child with a weapon, as defined in section 609.02, subdivision 6;

(7) striking a child under age one on the face or head;

(8) striking a child who is at least age one but under age four on the face or head, which results in an injury;

(9) purposely giving a child poison, alcohol, or dangerous, harmful, or controlled substances which were not prescribed for the child by a practitioner, in order to control or punish the child; or other substances that substantially affect the child's behavior, motor coordination, or judgment or that results in sickness or internal injury, or subjects the child to medical procedures that would be unnecessary if the child were not exposed to the substances;

(10) unreasonable physical confinement or restraint not permitted under section 609.379, including but not limited to tying, caging, or chaining; or

(11) in a school facility or school zone, an act by a person responsible for the child's care that is a violation under section 121A.58.

(m) "Report" means any communication received by the local welfare agency, police department, county sheriff, or agency responsible for child protection pursuant to this section that describes neglect or physical or sexual abuse of a child and contains sufficient content to identify the child and any person believed to be responsible for the neglect or abuse, if known.

(n) "Sexual abuse" means the subjection of a child by a person responsible for the child's care, by a person who has a significant relationship to the child, as defined in section 609.341, or by a person in a position of authority, as defined in section 609.341, subdivision 10, to any act which constitutes a violation of section 609.342 (criminal sexual conduct in the first degree), 609.343 (criminal sexual conduct in the second degree), 609.344 (criminal sexual conduct in the third degree), 609.345 (criminal sexual conduct in the fourth degree), or 609.3451 (criminal sexual conduct in the fifth degree), or 609.352 (solicitation of children to engage in sexual conduct; communication of sexually explicit materials to children).

child who is identified as a victim of sex trafficking. Sexual abuse includes child sex
trafficking as defined in section 609.321, subdivisions 7a and 7b. Sexual abuse includes

subdivision 1b, paragraph (a) or (b).

(o) "Substantial child endangerment" means a person responsible for a child's care, by

(1) egregious harm as defined in section 260C.007, subdivision 14;
(2) abandonment under section 260C.301, subdivision 2;
(3) neglect as defined in paragraph (g), clause (2), that substantially endangers the child's
physical or mental health, including a growth delay, which may be referred to as failure to
thrive, that has been diagnosed by a physician and is due to parental neglect;
(4) murder in the first, second, or third degree under section 609.185, 609.19, or 609.195;
(5) manslaughter in the first or second degree under section 609.20 or 609.205;

A child is the subject of a report of threatened injury when the responsible social services agency receives birth match data under paragraph (q) from the Department of Human Services.

(q) Upon receiving data under section 144.225, subdivision 2b, contained in a birth record or recognition of parentage identifying a child who is subject to threatened injury under paragraph (p), the Department of Human Services shall send the data to the responsible social services agency. The data is known as "birth match" data. Unless the responsible social services agency has already begun an investigation or assessment of the report due to the birth of the child or execution of the recognition of parentage and the parent's previous history with child protection, the agency shall accept the birth match data as a report under this section. The agency may use either a family assessment or investigation to determine whether the child is safe. All of the provisions of this section apply. If the child is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.503, subdivision 2.

A student is eligible to apply to the school board for a computer or tablet under this subdivision if the student is currently enrolled in the school and intends to enroll in the school in the year following the receipt of the computer or tablet. If more students apply for computers or tablets than are available, the school must first qualify students whose families are eligible for free or reduced-price meals, and then dispose of the remaining computers or tablets by lottery.

(b) Tests must be conducted with certified radon testing devices as listed by either the National Radon Proficiency Program or the National Radon Safety Board. Tests must test all frequently occupied rooms with ground contact and rooms immediately above unoccupied spaces that are in contact with the ground, such as crawl spaces and tunnels.

(c) If a radon test shows that a frequently occupied room has a radon level at or above four picocuries per liter, a school district or charter school must mitigate or take corrective action, and retest after corrective measures to show radon reductions. A school district or charter school must follow the Radon Mitigation Standards for Schools and Large Buildings released by the American National Standards Institute/American Association of Radon Scientists and Technologists. The district or charter school must conduct follow-up testing within two years.

Sec. 7. Minnesota Statutes 2018, section 126C.40, subdivision 1, is amended to read:

Subdivision 1. **To lease building or land.** (a) When an independent or a special school district or a group of independent or special school districts finds it economically advantageous to rent or lease a building or land for any instructional purposes or for school storage or furniture repair, and it determines that the operating capital revenue authorized under section 126C.10, subdivision 13, is insufficient for this purpose, it may apply to the commissioner for permission to make an additional capital expenditure levy for this purpose. An application for permission to levy under this subdivision must contain financial justification for the proposed levy, the terms and conditions of the proposed lease, and a description of the space to be leased and its proposed use.

(b) The criteria for approval of applications to levy under this subdivision must include: the reasonableness of the price, the appropriateness of the space to the proposed activity, the feasibility of transporting pupils to the leased building or land, conformity of the lease to the laws and rules of the state of Minnesota, and the appropriateness of the proposed lease to the space needs and the financial condition of the district. The commissioner must not authorize a levy under this subdivision in an amount greater than the cost to the district of renting or leasing a building or land for approved purposes. The proceeds of this levy must not be used for custodial or other maintenance services. A district may not levy under this subdivision for the purpose of leasing or renting a district-owned building or site to itself.

(c) For agreements finalized after July 1, 1997, a district may not levy under this subdivision for the purpose of leasing: (1) a newly constructed building used primarily for regular kindergarten, elementary, or secondary instruction; or (2) a newly constructed building addition or additions used primarily for regular kindergarten, elementary, or secondary instruction that contains more than 20 percent of the square footage of the previously existing building.

(d) Notwithstanding paragraph (b), a district may levy under this subdivision for the purpose of leasing or renting a district-owned building or site to itself only if the amount is needed by the district to make payments required by a lease purchase agreement, installment purchase agreement, or other deferred payments agreement authorized by law, and the levy meets the requirements of paragraph (c). A levy authorized for a district by the commissioner...
under this paragraph may be in the amount needed by the district to make payments required
by a lease purchase agreement, installment purchase agreement, or other deferred payments
agreement authorized by law, provided that any agreement include a provision giving the
school districts the right to terminate the agreement annually without penalty.

(e) Except as provided in paragraph (j), the total levy under this subdivision for a district
for any year must not exceed $212 times the adjusted pupil units for the fiscal year to which
the levy is attributable.

(f) For agreements for which a review and comment have been submitted to the
Department of Education after April 1, 1998, the term "instructional purpose" as used in
this subdivision excludes expenditures on stadiums.

(g) The commissioner of education may authorize a school district to exceed the limit
in paragraph (e) if the school district petitions the commissioner for approval. The
commissioner shall grant approval to a school district to exceed the limit in paragraph (e)
for not more than five years if the district meets the following criteria:

(1) the school district has been experiencing pupil enrollment growth in the preceding
five years;

(2) the purpose of the increased levy is in the long-term public interest;

(3) the purpose of the increased levy promotes colocation of government services; and

(4) the purpose of the increased levy is in the long-term interest of the district by avoiding
over construction of school facilities.

(h) A school district that is a member of an intermediate school district or other
cooperative unit under section 123A.24, subdivision 2, or a joint powers district under
section 471.59 may include in its authority under this section the costs associated with leases
of administrative and classroom space for intermediate school district programs of the
intermediate school district or other cooperative unit under section 123A.24, subdivision
2, or joint powers district under section 471.59. This authority must not exceed $65 times
the adjusted pupil units of the member districts. This authority is in addition to any other
authority authorized under this section. The intermediate school district, other cooperative
unit, or joint powers district may specify which member districts will levy for lease costs
under this paragraph.

(i) In addition to the allowable capital levies in paragraph (a), for taxes payable in 2012
to 2023, a district that is a member of the "Technology and Information Education Systems"
data processing joint board, that finds it economically advantageous to enter into a lease

Article 6 Sec. 7.
agreement to finance improvements to a building and land for a group of school districts
or special school districts for staff development purposes, may levy for its portion of lease
costs attributed to the district within the total levy limit in paragraph (e). The total levy
authority under this paragraph shall not exceed $632,000.

(j) Notwithstanding paragraph (a), a district may levy under this subdivision for the
purpose of leasing administrative space if the district can demonstrate to the satisfaction of
the commissioner that the lease cost for the administrative space is no greater than the lease
cost for instructional space that the district would otherwise lease. The commissioner must
deny this levy authority unless the district passes a resolution stating its intent to lease
instructional space under this section if the commissioner does not grant authority under
this paragraph. The resolution must also certify that the lease cost for administrative space
under this paragraph is no greater than the lease cost for the district's proposed instructional
lease.

(j) For taxes payable in 2024 and later, a school district that qualifies for secondary
sparsity revenue under section 126C.10, subdivision 7, and operates more than two high
schools, annually may levy not more than $500 times the adjusted pupil units for the fiscal
year to which the levy is attributable for the purposes of this subdivision.

(k) Notwithstanding paragraph (a), for taxes payable in 2020 and later, a district may
levy under this subdivision for the district's proportionate share of deferred maintenance
expenditures for a district-owned building or site leased to a cooperative unit under section
123A.24, subdivision 2, or a joint powers district under section 471.59 for any instructional
purposes or for school storage.

EFFECTIVE DATE. This section is effective for taxes payable in 2020 and later.

into through action of their governing bodies, may jointly or cooperatively exercise any
power common to the contracting parties or any similar powers, including those which are
the same except for the territorial limits within which they may be exercised. The agreement
may provide for the exercise of such powers by one or more of the participating governmental
units on behalf of the other participating units.

NUTRITION AND LIBRARIES

Section 1. Minnesota Statutes 2018, section 124D.111, is amended to read:

124D.111 SCHOOL MEALS POLICIES; LUNCH AID; FOOD SERVICE ACCOUNTING.

Subdivision 1. School lunch aid computation meals policies. (a) Each Minnesota participant in the national school lunch program must adopt and post to its website, or the website of the organization where the meal is served, a school meals policy.

(b) The policy must be in writing and clearly communicate student meal charges when payment cannot be collected at the point of service. The policy must be reasonable and well-defined and maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student.

(c) The policy must address whether the participant uses a collection agency to collect unpaid school meals debt.

(d) The policy must ensure that once a participant has placed a meal on a tray or otherwise served the meal to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.
(e) The policy must ensure that a student who has been determined eligible for free and reduced-price lunch must always be served a reimbursable meal even if the student has an outstanding debt.

(f) If a school contracts with a third party for its meal services, it must provide the vendor with its school meals policy. Any contract between the school and a third-party provider entered into or modified after July 1, 2019, must ensure that the third-party provider adheres to the participant's school meals policy.

Subd. 1a. **School lunch aid amounts.** Each school year, the state must pay participants in the national school lunch program the amount of 12.5 cents for each full paid and free student lunch and 52.5 cents for each reduced-price lunch served to students.

Subd. 2. **Application.** A school district, charter school, nonpublic school, or other participant in the national school lunch program shall apply to the department for this payment on forms provided by the department.

Subd. 2a. **Federal child and adult care food program; criteria and notice.** The commissioner must post on the department's website eligibility criteria and application information for nonprofit organizations interested in applying to the commissioner for approval as a multisite sponsoring organization under the federal child and adult care food program. The posted criteria and information must inform interested nonprofit organizations about:

1. the criteria the commissioner uses to approve or disapprove an application, including how an applicant demonstrates financial viability for the Minnesota program, among other criteria;
2. the commissioner's process and time line for notifying an applicant when its application is approved or disapproved and, if the application is disapproved, the explanation the commissioner provides to the applicant; and
3. any appeal or other recourse available to a disapproved applicant.

Subd. 3. **School food service fund.** (a) The expenses described in this subdivision must be recorded as provided in this subdivision.

(b) In each district, the expenses for a school food service program for pupils must be attributed to a school food service fund. Under a food service program, the school food service may prepare or serve milk, meals, or snacks in connection with school or community service activities.
(c) Revenues and expenditures for food service activities must be recorded in the food service fund. The costs of processing applications, accounting for meals, preparing and serving food, providing kitchen custodial services, and other expenses involving the preparing of meals or the kitchen section of the lunchroom may be charged to the food service fund or to the general fund of the district. The costs of lunchroom supervision, lunchroom custodial services, lunchroom utilities, and other administrative costs of the food service program must be charged to the general fund.

That portion of superintendent and fiscal manager costs that can be documented as attributable to the food service program may be charged to the food service fund provided that the school district does not employ or contract with a food service director or other individual who manages the food service program, or food service management company. If the cost of the superintendent or fiscal manager is charged to the food service fund, the charge must be at a wage rate not to exceed the statewide average for food service directors as determined by the department.

(d) Capital expenditures for the purchase of food service equipment must be made from the general fund and not the food service fund, unless the restricted balance in the food service fund at the end of the last fiscal year is greater than the cost of the equipment to be purchased.

(e) If the condition set out in paragraph (d) applies, the equipment may be purchased from the food service fund.

(f) If a deficit in the food service fund exists at the end of a fiscal year, and the deficit is not eliminated by revenues from food service operations in the next fiscal year, then the deficit must be eliminated by a permanent fund transfer from the general fund at the end of that second fiscal year. However, if a district contracts with a food service management company during the period in which the deficit has accrued, the deficit must be eliminated by a payment from the food service management company.

(g) Notwithstanding paragraph (f), a district may incur a deficit in the food service fund for up to three years without making the permanent transfer if the district submits to the commissioner by January 1 of the second fiscal year a plan for eliminating that deficit at the end of the third fiscal year.

(h) If a surplus in the food service fund exists at the end of a fiscal year for three successive years, a district may recode for that fiscal year the costs of lunchroom supervision, lunchroom custodial services, lunchroom utilities, and other administrative costs of the food service program charged to the general fund according to paragraph (c) and charge those
costs to the food service fund in a total amount not to exceed the amount of surplus in the
food service fund.

Subd. 4. No fees. A participant that receives school lunch aid under this section must
make lunch available without charge and must not deny a school lunch to all participating
students who qualify for free or reduced-price meals, whether or not that student has an
outstanding balance in the student's meals account attributable to a la carte purchases or for
any other reason.

Subd. 5. Respectful treatment. (a) The participant must also provide meals to students
in a respectful manner according to the policy adopted under subdivision 1. The participant
must ensure that any reminders for payment of outstanding student meal balances do not
demean or stigmatize any child participating in the school lunch program, including but
not limited to dumping meals, withdrawing a meal that has been served, announcing or
listing students names publicly, or affixing stickers, stamps, or pins. The participant must
not impose any other restriction prohibited under section 123B.37 due to unpaid student
meal balances. The participant must not limit a student's participation in any school activities,
graduation ceremonies or other graduation activities, field trips, athletics, activity clubs, or
other extracurricular activities or access to materials, technology, or other items provided
to students due to an unpaid student meal balance.

(b) If the commissioner or the commissioner's designee determines a participant has
violated the requirement to provide meals to participating students in a respectful manner,
the commissioner or the commissioner's designee must send a letter of noncompliance to
the participant. The participant is required to respond and, if applicable, remedy the practice
within 30 days.

EFFECTIVE DATE. This section is effective July 1, 2019.

Sec. 2. Minnesota Statutes 2018, section 124D.1158, is amended to read:

124D.1158 SCHOOL BREAKFAST PROGRAM.

affordable morning nutrition to children so that they can effectively learn. Public and
nonpublic schools that participate in the federal school breakfast program may receive state

A breakfast after the bell program may include grab and go breakfasts, second chance breakfasts, or breakfasts in the classroom according to a plan developed by the participating school site.

Subd. 2. Program; eligibility. Each school year, public and nonpublic schools that participate in the federal school breakfast program are eligible for the state breakfast program.

Subd. 3. Program reimbursement; regular school breakfast. Each school year, the state must reimburse each participating school 30 cents for each reduced-price breakfast, 55 cents for each fully paid breakfast served to students in grades 1 to 12, and $1.30 for each fully paid breakfast served to a prekindergarten student enrolled in an approved voluntary prekindergarten program under section 124D.151 or a kindergarten student.

Subd. 3a. Program reimbursement; voluntary breakfast after the bell. (a) A school district where more than 40 percent of the students enrolled in the previous school year were eligible for free or reduced-price meals and that is required to offer a school breakfast
program under section 124D.117, at its discretion, may elect, on a site by site basis, to
receive funding for its breakfast programs under this subdivision or under subdivision 3,
but not both. In order to receive aid under this subdivision, a school district with an eligible
school site must apply to the commissioner in the form and manner specified by the
commissioner and demonstrate to the commissioner's satisfaction that the school site is not
eligible for full federal reimbursement of its meals served. A school district's application
must include:

1. documentation of engagement between the applicant school's administration and
   staff indicating support to implement a breakfast after the bell program; and
2. a description of the breakfast after the bell program model that will be used at the
   school.

(b) Each school year, the state must reimburse each participating breakfast after the bell
school an amount equal to the greater of zero, or the difference between:

Sec. 5. Minnesota Statutes 2018, section 124D.151, subdivision 5, is amended to read:

Subd. 5. Application process; priority for high poverty schools. (a) To qualify for program approval for fiscal year 2017, a district or charter school must submit an application to the commissioner by July 1, 2016. To qualify for program approval for fiscal year 2018 and later, a district or charter school must submit an application to the commissioner by January 30 of the fiscal year prior to the fiscal year in which the program will be implemented. The application must include:

(1) a description of the proposed program, including the number of hours per week the program will be offered at each school site or mixed-delivery location;
(2) an estimate of the number of eligible children to be served in the program at each
school site or mixed-delivery location; and

(3) a statement of assurances signed by the superintendent or charter school director that
the proposed program meets the requirements of subdivision 2.

(b) The commissioner must review all applications submitted for fiscal year 2017 by
August 1, 2016, and must review all applications submitted for fiscal year 2018 and later
by March 1 of the fiscal year in which the applications are received and determine whether
each application meets the requirements of paragraph (a).

(c) The commissioner must divide all applications for new or expanded voluntary
prekindergarten programs under this section meeting the requirements of paragraph (a) and
school readiness plus programs into four groups as follows: the Minneapolis and school
district; the St. Paul school districts district; other school districts located in the metropolitan
equity region as defined in section 126C.10, subdivision 28; school districts located in the
rural equity region as defined in section 126C.10, subdivision 28; and charter schools.
Within each group, the applications must be ordered by rank using a sliding scale based on
the following criteria:

(1) concentration of kindergarten students eligible for free or reduced-price lunches by
school site on October 1 of the previous school year. A school site may contract to partner
with a community-based provider or Head Start under subdivision 3 or establish an early
childhood center and use the concentration of kindergarten students eligible for free or
reduced-price meals from a specific school site as long as those eligible children are
prioritized and guaranteed services at the mixed-delivery site or early education center. For
school district programs to be operated at locations that do not have free and reduced-price
lunch concentration data for kindergarten programs for October 1 of the previous school
year, including mixed-delivery programs, the school district average concentration of
kindergarten students eligible for free or reduced-price lunches must be used for the rank
ordering;

(2) presence or absence of a three- or four-star Parent Aware rated program within the
school district or close proximity of the district. School sites with the highest concentration
of kindergarten students eligible for free or reduced-price lunches that do not have a three-
or four-star Parent Aware program within the district or close proximity of the district shall
receive the highest priority, and school sites with the lowest concentration of kindergarten
students eligible for free or reduced-price lunches that have a three- or four-star Parent

Article 8 Sec. 5. 220
Aware rated program within the district or close proximity of the district shall receive the lowest priority; and

(3) whether the district has implemented a **mixed-delivery** system.

(d) If the participation limit under subdivision 6 is higher than the participation limit for the previous year, the limit on participation for the programs as specified in subdivision 6 must initially be allocated among the five groups based on each group's share of the statewide kindergarten enrollment on October 1 of the previous school year. If the participation limit is the same as the participation limit for the previous year, the participation limit must initially be allocated among the five groups based on each group's participation limit for the previous school year. Within each group, the participation limit for fiscal years 2018 and 2019 must first be allocated to school sites approved for aid in the previous year to ensure that those sites are funded for the same number of participants as approved for the previous year. The remainder of the participation limit for each group must be allocated among school sites in priority order until that region's share of the participation limit is reached. If the participation limit is not reached for all groups, the remaining amount must be allocated to the highest priority school sites, as designated under this section, not funded in the initial allocation on a statewide basis. For fiscal year 2020 and later, the participation limit must first be allocated to school sites approved for aid in fiscal year 2017, and then to school sites approved for aid in fiscal year 2018 based on the statewide rankings under paragraph (c).

(e) Once a school site or a mixed-delivery site under subdivision 3 is approved for aid under this subdivision, it shall remain eligible for aid if it continues to meet program requirements, regardless of changes in the concentration of students eligible for free or reduced-price lunches.

(f) If the total number of participants approved based on applications submitted under paragraph (a) is less than the participation limit under subdivision 6, the commissioner must notify all school districts and charter schools of the amount that remains available within 30 days of the initial application deadline under paragraph (a), and complete a second round of allocations based on applications received within 60 days of the initial application deadline.

(g) Procedures for approving applications submitted under paragraph (f) shall be the same as specified in paragraphs (a) to (d), except that the allocations shall be made to the highest priority school sites not funded in the initial allocation on a statewide basis.

**EFFECTIVE DATE.** This section is effective for applications for fiscal year 2020 and later.
Sec. 6. Minnesota Statutes 2018, section 124D.151, subdivision 6, is amended to read:

(a) Notwithstanding section 126C.05, subdivision 1, paragraph (d), the pupil units for a voluntary prekindergarten program for an eligible school district or charter school must not exceed 60 percent of the kindergarten pupil units for that school district or charter school under section 126C.05, subdivision 1, paragraph (e).

(b) In reviewing applications under subdivision 5, the commissioner must limit the estimated state aid entitlement approved under this section to $27,092,000 for fiscal year 2017. If the actual state aid entitlement based on final data exceeds the limit in any year, the aid of the participating districts must be prorated so as not to exceed the limit.

(c) The commissioner must limit the total number of funded participants in the voluntary prekindergarten program under this section to not more than 3,160.

(d) Notwithstanding paragraph (c), the commissioner must limit the total number of participants in the voluntary prekindergarten and school readiness plus programs under Laws 2017, First Special Session chapter 5, article 8, section 9 to not more than 6,160 participants for fiscal year 2018 and 7,160 participants for fiscal year 2019.

2) are in foster care or otherwise in need of protection or services; or

3) have experienced homelessness in the last 24 months, as defined under the federal McKinney-Vento Homeless Assistance Act, United States Code, title 42, section 11434a.

(d) A scholarship is awarded for a 12-month period. If the scholarship recipient has not been accepted and subsequently enrolled in a rated program within ten months of the awarding of the scholarship, the scholarship cancels and the recipient must reapply in order to be eligible for another scholarship. A child may not be awarded more than one scholarship in a 12-month period.

(e) A child over age three who receives a scholarship and has not completed development screening under sections 121A.16 to 121A.19 must complete that screening within 90 days of first attending an eligible program. A child who receives a scholarship before age three must complete the developmental screening no later than 90 days after the child's third birthday.
(f) For fiscal year 2017 and later, a school district or Head Start program enrolling
scholarship recipients under paragraph (c) may apply to the commissioner, in the form and
manner prescribed by the commissioner, for direct payment of state aid. Upon receipt of

120B.299 DEFINITIONS.

Subdivision 1. Definitions. The definitions in this section apply to this chapter.

Subd. 2. Growth. "Growth" compares the difference in a student's achievement score at two or more distinct points in time.

Subd. 3. Value added. "Value added" is the amount of achievement a student demonstrates above an established baseline. The difference between the student's score and the baseline defines value added.

Subd. 4. Value-added growth. "Value-added growth" is based on a student's growth score. In a value-added growth system, the student's first test is the baseline, and the difference between the student's first and next test scores within a defined period is the measure of value added. Value-added growth models use student-level data to measure what portion of a student's growth can be explained by inputs related to the educational environment.

Subd. 5. Adequate yearly progress. A school or district makes "adequate yearly progress" if, for every student subgroup under the federal 2001 No Child Left Behind Act in the school or district, its proficiency index or other approved adjustments for performance, based on statewide assessment scores, meets or exceeds federal expectations. To make adequate yearly progress, the school or district also must satisfy applicable federal requirements related to student attendance, graduation, and test participation rates.

Subd. 6. State growth target. (a) "State growth target" is the average year-two assessment scores for students with similar year-one assessment scores.

(b) The state growth targets for each grade and subject are benchmarked as follows until the assessment scale changes:

1. beginning in the 2008-2009 school year, the state growth target for grades 3 through 8 is benchmarked to 2006-2007 and 2007-2008 school year data;
2. beginning in the 2008-2009 school year the state growth target for grade 10 is benchmarked to 2005-2006 and 2006-2007 school year data;
3. for the 2008-2009 school year, the state growth target for grade 11 is benchmarked to 2005-2006 school year data; and
4. beginning in the 2009-2010 school year, the state growth target for grade 11 is benchmarked to 2005-2006 and 2006-2007 school year data.

(c) Each time before the assessment scale changes, a stakeholder group that includes assessment and evaluation directors and staff and researchers must recommend a new state growth target that the commissioner must consider when revising standards under section 120B.021, subdivision 4.

Subd. 7. Low growth. "Low growth" is an assessment score one-half standard deviation below the state growth target.

Subd. 8. Medium growth. "Medium growth" is an assessment score within one-half standard deviation above or below the state growth target.

Subd. 9. High growth. "High growth" is an assessment score one-half standard deviation or more above the state growth target.

Subd. 10. Proficiency. "Proficiency" for purposes of reporting growth on school performance report cards under section 120B.36, subdivision 1, means those students who, in the previous school year, scored at or above "meets standards" on the statewide assessments under section 120B.30. Each year, school performance report cards must separately display: (1) the numbers and percentages of students who achieved low growth, medium growth, and high growth and achieved proficiency in the previous school year; and (2) the numbers and percentages of students who achieved low growth, medium growth, and high growth and did not achieve proficiency in the previous school year.

Subd. 11. Growth and progress toward proficiency. The categories of low growth, medium growth, and high growth shall be used to indicate both (1) growth and (2) progress toward grade-level proficiency that is consistent with subdivision 10.

To defer loan obligations, the person shall provide written notification to the commissioner of education and the recipients of the joint grant that originally authorized the loan. Upon approval by the commissioner and the joint grant recipients, payments shall be deferred.

The Minnesota Office of Higher Education shall approve the loan forgiveness program, loan deferral, and procedures to administer the program.
