(a) If on the basis of a forecast of general fund revenues and expenditures, the commissioner of management and budget determines that there will be a positive unrestricted budgetary general fund balance at the close of the biennium, the commissioner of management and budget must allocate money to the following accounts and purposes in priority order:

(1) the cash flow account established in subdivision 1 until that account reaches $350,000,000;

(2) the budget reserve account established in subdivision 1a until that account reaches $810,992,000 $1,596,522,000;

The commissioner of education shall increase the aid payment percentage and reduce the property tax shift percentage by these amounts and apply those reductions to the current fiscal year and thereafter.

ARTICLE 2
OFFICE OF HIGHER EDUCATION

Section 1. Minnesota Statutes 2014, section 136A.01, is amended by adding a subdivision to read:

Subd. 4. Management of programs. (a) The commissioner may retain up to five percent of the amount appropriated to the office for a program or pass-through grant if:

The commissioner may accept donations, grants, bequests, and other funds to carry out the purposes of section 136A.01. A donation, nonfederal grant, bequest, or other fund received by the commissioner is deposited in an account in the special revenue fund.

Sec. 3. Minnesota Statutes 2015 Supplement, section 136A.121, subdivision 7a, is amended to read:

Subd. 7a. Surplus appropriation. If the amount appropriated is determined by the office to be more than sufficient to fund projected grant demand in the second year of the biennium, the office may increase the living and miscellaneous expense allowance or the tuition and fee maximums in the second year of the biennium by up to an amount that retains sufficient appropriations to fund the projected grant demand. The adjustment may be made one or more times. In making the determination that there are more than sufficient funds, the office shall balance the need for sufficient resources to meet the projected demand for grants with the goal of fully allocating the appropriation for state grants. An increase in the living and miscellaneous expense allowance under this subdivision does not carry forward into a subsequent biennium.

Sec. 4. Minnesota Statutes 2015 Supplement, section 136A.125, subdivision 2, is amended to read:

(b) The ombudsman may mediate or advocate on behalf of a client.

(c) The ombudsman may investigate the quality of services provided to clients and
determine the extent to which quality assurance mechanisms within state and county
government work to promote the health, safety, and welfare of clients, other than clients
in acute care facilities who are receiving services not paid for by public funds. The
ombudsman is a health oversight agency as defined in Code of Federal Regulations,
title 45, section 164.501.

(d) At the request of a client, or upon receiving a complaint or other information
affording reasonable grounds to believe that the rights of a client who is not capable
of requesting assistance have been adversely affected, the ombudsman may gather
information and data about and analyze, on behalf of the client, the actions of an agency,
facility, or program.

(e) The ombudsman may gather, on behalf of a client, records of an agency, facility,
or program, or records related to clinical drug trials from the University of Minnesota
Department of Psychiatry, if the records relate to a matter that is within the scope of the
ombudsman's authority. If the records are private and the client is capable of providing
consent, the ombudsman shall first obtain the client's consent. The ombudsman is
not required to obtain consent for access to private data on clients with developmental
disabilities. The ombudsman is not required to obtain consent for access to private data
on decedents who were receiving services for mental illness, developmental disabilities,
or emotional disturbance. All data collected, created, received, or maintained by the
ombudsman are governed by chapter 13 and other applicable law.

(f) Notwithstanding any law to the contrary, the ombudsman may subpoena a person
to appear, give testimony, or produce documents or other evidence that the ombudsman
considers relevant to a matter under inquiry. The ombudsman may petition the appropriate
court in Ramsey County to enforce the subpoena. A witness who is at a hearing or is part
of an investigation possesses the same privileges that a witness possesses in the courts or
under the law of this state. Data obtained from a person under this paragraph are private
data as defined in section 13.02, subdivision 12.

(g) The ombudsman may, at reasonable times in the course of conducting a review,
enter and view premises within the control of an agency, facility, or program.

(h) The ombudsman may attend Department of Human Services Review Board
and Special Review Board proceedings; proceedings regarding the transfer of patients
or residents, as defined in section 246.50, subdivisions 4 and 4a, between institutions
operated by the Department of Human Services; and, subject to the consent of the affected
client, other proceedings affecting the rights of clients. The ombudsman is not required to
obtain consent to attend meetings or proceedings and have access to private data on clients
with developmental disabilities.

(i) The ombudsman shall gather data of agencies, facilities, or programs classified
as private or confidential as defined in section 13.02, subdivisions 3 and 12, regarding
services provided to clients with developmental disabilities.

(j) To avoid duplication and preserve evidence, the ombudsman shall inform
relevant licensing or regulatory officials before undertaking a review of an action of
the facility or program.

(k) The ombudsman shall monitor the treatment of individuals participating in
a University of Minnesota Department of Psychiatry clinical drug trial and ensure that
all protections for human subjects required by federal law and the Institutional Review
Board are provided.

(l) Sections 245.91 to 245.97 are in addition to other provisions of law under which
any other remedy or right is provided.

Subd. 2. Matters appropriate for review. (a) In selecting matters for review by the
office, the ombudsman shall give particular attention to unusual deaths or injuries of a
client or reports of emergency use of manual restraint as identified in section 245D.061,
served by an agency, facility, or program, or actions of an agency, facility, or program that:

(1) may be contrary to law or rule;

(2) may be unreasonable, unfair, oppressive, or inconsistent with a policy or order of
an agency, facility, or program;

(3) may be mistaken in law or arbitrary in the ascertainment of facts;

(4) may be unclear or inadequately explained, when reasons should have been
revealed;

(5) may result in abuse or neglect of a person receiving treatment;

(6) may disregard the rights of a client or other individual served by an agency
or facility;
(7) may impede or promote independence, community integration, and productivity
for clients; or
(8) may impede or improve the monitoring or evaluation of services provided to
clients.
(b) The ombudsman shall, in selecting matters for review and in the course of the
review, avoid duplicating other investigations or regulatory efforts.
(c) The ombudsman shall give particular attention to the death or unusual injury of
any individual who is participating in a University of Minnesota Department of Psychiatry
clinical drug trial.

Subd. 2a. Mandatory reporting. Within 24 hours after a client suffers death or
serious injury, the agency, facility, or program director, or lead investigator of a clinical
drug trial at the University of Minnesota Department of Psychiatry shall notify the
ombudsman of the death or serious injury. The emergency use of manual restraint must
be reported to the ombudsman as required under section 245D.061, subdivision 8. The
ombudsman is authorized to receive identifying information about a deceased client
according to Code of Federal Regulations, title 42, section 2.15, paragraph (b).

Subd. 3. Complaints. (a) The ombudsman may receive a complaint from any
source concerning an action of an agency, facility, or program. After completing a review,
the ombudsman shall inform the complainant and the agency, facility, or program.
No client may be punished nor may the general condition of the client's treatment be
unfavorably altered as a result of an investigation, a complaint by the client, or by another
person on the client's behalf. An agency, facility, or program shall not retaliate or take
adverse action against a client or other person, who in good faith makes a complaint or
assists in an investigation. The ombudsman may classify as confidential, the identity of a
complainant, upon request of the complainant.
(b) The ombudsman shall receive a complaint from any source concerning an
action or inaction of the University of Minnesota Department of Psychiatry related
to an individual who is enrolled in a department-approved clinical drug trial. No
individual participating in the trial may be punished, nor may the general condition of
the individual's treatment be unfavorably altered, as a result of an investigation or a
complaint by the individual or the individual's advocate. The university shall not retaliate
or take adverse action against any person who in good faith makes a complaint or assists
in an investigation. The ombudsman may classify the identity of the complainant as
confidential, upon request of the complainant.

Subd. 4. Recommendations to agency. (a) If, after reviewing a complaint or
conducting an investigation and considering the response of an agency, facility, or
program and any other pertinent material, the ombudsman determines that the complaint has merit or the investigation reveals a problem, the ombudsman may recommend that the agency, facility, or program:

1. consider the matter further;
2. modify or cancel its actions;
3. alter a rule, order, or internal policy;
4. explain more fully the action in question; or
5. take other action.

(b) At the ombudsman's request, the agency, facility, or program shall, within a reasonable time, inform the ombudsman about the action taken on the recommendation or the reasons for not complying with it.

Subd. 5. Recommendations to University of Minnesota. If, after reviewing a complaint or conducting an investigation and considering the response of the clinical drug trial's primary investigator or the Department of Psychiatry, the ombudsman determines that the complaint has merit or the investigation reveals noncompliance with the federal protection of human subjects requirements or the requirements of the Institutional Review Board, the ombudsman shall recommend that the Board of Regents of the University of Minnesota take corrective action to remedy the violations.

program, or any person, the ombudsman shall consult with the governor and the agency, facility, program, or person concerning the conclusion or recommendation. When sending a conclusion or recommendation to the governor that is adverse to an agency, facility, program, or any person, the ombudsman shall include any statement of reasonable length made by that agency, facility, program, or person in defense or mitigation of the office's conclusion or recommendation. For purposes of this subdivision, "agency, facility, program, or any person" includes the University of Minnesota Department of Psychiatry and its employees working in clinical drug trials.

The Medical Review Subcommittee may have access to private and confidential data collected or created by the ombudsman that are necessary to fulfill the duties of the Medical Review Subcommittee under this section and may:

operation and growth of the program.

Five percent of the fiscal year 2017
appropriation specified in this subdivision
is available according to the schedule in
clauses (1) to (5) in fiscal year 2017 when
the Board of Regents of the University of
Minnesota demonstrates to the commissioner
of management and budget that the board
has met the following specified number of
performance goals:

(1) 100 percent if the board meets three, four,
or five goals;
(2) 67 percent if two of the goals are met;

the four-year, five-year, or six-year
undergraduate graduation rates, averaged
over three years, for students of color
systemwide at the University of Minnesota

average rate for fall 2014 is calculated with
the graduation rates reported in fall 2012,
2013, and 2014;
(2) increase by at least two percent the
total number of undergraduate STEM
degrees, averaged over three years, conferred
systemwide by the University of Minnesota

The Board of Regents is requested to redirect those funds to invest in direct mission activities, stem growth in cost of attendance, and to programs that benefit students; and (5) increase licensing disclosures by three percent for fiscal year 2016 over fiscal year 2015.

By August 1, 2015, the Board of Regents and the Office of Higher Education must agree on specific numerical indicators and definitions for each of the five goals that will be used to demonstrate the University of Minnesota's attainment of each goal. Sec. 10. Minnesota Statutes 2014, section 127A.51, is amended to read:

**127A.51 STATEWIDE AVERAGE REVENUE.**

By October 1 of each year the commissioner must estimate the statewide average adjusted general revenue per adjusted pupil unit and the disparity in adjusted
general revenue among pupils and districts by computing the ratio of the 95th percentile 
to the fifth percentile of adjusted general revenue. The commissioner must provide that 
information to all districts.

If the disparity in adjusted general revenue as measured by the ratio of the 95th 
percentile to the fifth percentile increases in any year, the commissioner shall recommend 
to the legislature options for change in the general education formula that will limit the 
disparity in adjusted general revenue to no more than the disparity for the previous 
school year. The commissioner must submit the recommended options to the education 
committees of the legislature by **January 15** 

For purposes of this section and section 126C.10, adjusted general revenue means 
the sum of basic revenue under section 126C.10, subdivision 2; referendum revenue under 
section 126C.17; local optional revenue under section 126C.10, subdivision 2e; and equity 
revenue under section 126C.10, subdivisions 24a and 24b.

Sec. 11. Laws 2013, chapter 116, article 7, section 19, as amended by Laws 2015, First 
Special Session chapter 3, article 7, section 6, is amended to read:

Sec. 19. **FUND OR ACCOUNT TRANSFER; FISCAL YEAR 2014 THROUGH** 
**FISCAL YEAR 2017 ONLY.**

(a) Notwithstanding Minnesota Statutes, section 123B.80, subdivision 3, for fiscal 
year 2014 through fiscal year 2017 only and later, the commissioner must approve a 
request for a fund or account transfer if the transfer does not increase state aid obligations 
to the district or result in additional property tax authority for the district. This section 
does not permit transfers from the community service fund, the food service fund, or the 
reserved account for staff development under section 122A.61.

(b) A school board may approve a fund or account transfer under paragraph (a) 
only after adopting a resolution stating the fund or account transfer will not diminish 
instructional opportunities for students.

**EFFECTIVE DATE.** This section is effective July 1, 2016.

Sec. 12. Laws 2015, First Special Session chapter 3, article 1, section 27, subdivision 
2, is amended to read:

Statutes, section 126C.13, subdivision 4:
The 2016 appropriation includes $622,908,000 for 2015 and $6,001,405,000 for 2016.

The 2017 appropriation includes $638,812,000 $641,412,000 for 2016 and $6,122,762,000 $6,152,780,000 for 2017.

Subdivision 1. Boundary realignment allowed. The school boards of Independent School Districts Nos. 152, Moorhead, and 2164, Dilworth-Glyndon-Felton, may realign their shared district boundaries according to the provisions of this section.

Subd. 2. Plan to establish new boundaries. (a) The school boards of Independent School Districts Nos. 152, Moorhead, and 2164, Dilworth-Glyndon-Felton, may jointly develop a plan to realign their shared school district boundaries over a period of years.

(b) The plan must specify and identify each group of parcels that will be transferred and the method used to determine the year during which each set of parcels is transferred. The method of transfer may include an analysis of the relative tax base of the parcels to be transferred and may make the transfers of parcels effective upon the relationship in relative tax bases.

(c) The written plan must be adopted by each school board after the board has allowed public testimony on the plan.

(d) The plan must be filed with both the county auditor and the commissioner of education.

(e) After adopting the plan, each school board must publish notice of the plan realigning district boundaries. The notice must include a general description of the area that will be affected by the proposed boundary alignment and the method by which the boundaries will be realigned. The notice must also be mailed to each property owner of record in the area proposed for realignment.

Subd. 3. Bonded debt. As of the effective date of each exchange of parcels between the two school districts, for the next and subsequent tax years, the taxable property in the newly aligned parcel is taxable for a portion of the bonded debt of the school district to which the property is attached and is not taxable for the bonded debt from the school district from which the property is detached.
Subd. 4. County auditor notified. After adoption of the plan, each school board
must provide a copy of the plan to the county auditor. The county auditor may request
any other necessary information from the school districts to affect the transfer of parcels
between the school districts. Each year, the school districts must notify the county auditor
of what block of parcels, if any, will be transferred between the two school districts. The
county auditor must notify each affected property owner of the boundary change.

Subd. 5. Report to Department of Education. Upon adoption of the plan, the
school boards must submit a copy of the plan to the Department of Education. The districts
must also provide any additional information necessary for computing school aids and
levies to the Department of Education in the form and manner requested by the department.

EFFECTIVE DATE. This section is effective the day after the school boards of
Independent School Districts Nos. 152, Moorhead, and 2164, Dilworth-Glyndon-Felton,
and their respective chief clerical officers timely comply with Minnesota Statutes, section
645.021, subdivisions 2 and 3.

Sec. 14. GLENVILLE-EMMONS SCHOOL DISTRICT; OPERATING
REFERENDUM ADJUSTMENT.

Subdivision 1. Year first effective. Notwithstanding any law to the contrary, the
operating referendum approved by the voters of Independent School District No. 2886,
Glenville-Emmons, in April 2015, is first effective for fiscal year 2017 and may run for
the number of years stated on the ballot. The total referendum authority for fiscal year
2017, including any board-approved authority, may not exceed the amount approved
by the voters.

Glenville-Emmons, may certify the levy to accompany the fiscal year 2017 operating
referendum over a three-year period beginning with taxes payable in 2017.

Sec. 15. EQUITY AID; FISCAL YEAR 2017.
For fiscal year 2017 only, the entire amount of the equity revenue adjustment under section 5 is paid through state aid.

Sec. 16. REPORT ON POSTSECONDARY ENROLLMENT OPTIONS PROGRAM.

The commissioner of education must include in its 2017 report to the legislature on dual credit programs the number of students participating in early middle college programs and the number of English language learners participating in each type of dual enrollment program. The commissioner must also include recommendations about how to expand participation in early middle college programs for English language learners.

Sec. 17. REVISOR'S INSTRUCTION.

The revisor of statutes shall codify section 11 in Minnesota Statutes, section 123B.79, consistent with other limitations on school district fund and account transfers and appropriately revise any statutory cross-reference consistent with that recoding.

ARTICLE 8

EDUCATION EXCELLENCE

Section 1. [119A.035] SCHOOL CRISIS RESPONSE TEAMS.

Subdivision 1. Commissioner's duties. To ensure timely responses to school crises, the commissioner must work in cooperation with the Minnesota School Safety Center to collect, maintain, and make available to schools contact information for crisis response teams throughout the state.

Subd. 2. Crisis response teams. In regions of Minnesota where an existing crisis response team has not been formed by a school district, county, or city, the commissioner, in cooperation with the Minnesota School Safety Center, must convene a working group in each region to develop a plan to form a crisis response team for that region. Team members from the public and private sectors may represent various disciplines, including school administrators, guidance counselors, psychologists, social workers, teachers, nurses, security experts, media relations professionals, and other related areas.

Sec. 2. Minnesota Statutes 2014, section 120A.22, subdivision 12, is amended to read:

Subd. 12. Legitimate exemptions. (a) A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance attending for the whole or any part of the time school is in session or participating in a physical education class during any school year. Application may be made to any member
of the board, a truant officer, a principal, or the superintendent. The school district may
state in its school attendance policy that it may ask the student's parent or legal guardian to
verify in writing the reason for the child's absence from school or not participating in a
physical education class. A note from a physician or a licensed mental health professional
stating that the child cannot attend school or participate in a physical education class
is a valid excuse. The board of the district in which the child resides may approve the
application upon the following being demonstrated to the satisfaction of that board:

(1) that the child's physical or mental health is such as to prevent attendance at
attending school or participating in a physical education class or application applying to
study for the period required, which includes:

(i) child illness, medical, dental, orthodontic, or counseling appointments;
(ii) family emergencies;
(iii) the death or serious illness or funeral of an immediate family member;
(iv) active duty in any military branch of the United States;
(v) the child has a condition that requires ongoing treatment for a mental health
diagnosis; or

(vi) other exemptions included in the district's school attendance policy;
(2) that the child has already completed state and district standards required for
graduation from high school; or

(3) that it is the wish of the parent, guardian, or other person having control of the
child, that the child attend for a period or periods not exceeding in the aggregate three
hours in any week, a school for religious instruction conducted and maintained by some
church, or association of churches, or any Sunday school association incorporated under
the laws of this state, or any auxiliary thereof. This school for religious instruction must
be conducted and maintained in a place other than a public school building, and it must
not, in whole or in part, be conducted and maintained at public expense. However, a child
may be absent from school on such days as the child attends upon instruction according to
the ordinances of some church.

(b) Notwithstanding subdivision 6, paragraph (a), a parent may withdraw a child
from an all-day, every day kindergarten program and put their child in a half-day program,
if offered, or an alternate-day program without being truant. A school board must excuse a
kindergarten child from a part of a school day at the request of the child's parent.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 3. Minnesota Statutes 2014, section 120A.42, is amended to read:

120A.42 CONDUCT OF SCHOOL ON CERTAIN HOLIDAYS.

(a) The governing body of any district may contract with any of the teachers of the district for the conduct of schools, and may conduct schools, on either, or any, of the following holidays, provided that a clause to this effect is inserted in the teacher's contract:

- Martin Luther King's birthday, Lincoln's and Washington's birthdays, Columbus Day
- and Veterans' Day. On Martin Luther King's birthday, Washington's birthday, Lincoln's birthday, and Veterans' Day at least one hour of the school program must be devoted to a patriotic observance of the day.

(b) A district may conduct a school program to honor Constitution Day and Citizenship Day by providing opportunities for students to learn about the principles of American democracy, the American system of government, American citizens' rights and responsibilities, American history, and American geography, symbols, and holidays.

Among other activities under this paragraph, districts may administer to students the test questions United States Citizenship and Immigration Services officers pose to applicants for naturalization and may formally recognize students who are able to answer 80 or more of the 100 questions correctly.

EFFECTIVE DATE. This section is effective for the 2016-2017 school year and later.

Sec. 4. Minnesota Statutes 2014, section 120B.02, is amended by adding a subdivision to read:

Subd. 3. Required knowledge and understanding of civics. (a) For purposes of this subdivision, "civics test questions" means 50 of the 100 questions that, as of January 1, 2015, United States citizenship and immigration services officers use to select the questions they pose to applicants for naturalization so the applicants can demonstrate their knowledge and understanding of the fundamentals of United States history and government, as required by United States Code, title 8, section 1423. The Learning Law and Democracy Foundation, in consultation with Minnesota civics teachers, must select by July 1 each year 50 of the 100 questions under this paragraph to serve as the state's civics test questions for the proximate school year and immediately transmit the 50 selected civics test questions to the department and to the Legislative Coordinating Commission, which must post the 50 questions it receives on the Minnesota's Legacy Web site by August 1 of that year.

(b) A student enrolled in a public school must correctly answer at least 30 of the 50 civics test questions. A school or district must record on a student's transcript whether...
and when the student answered at least 30 of 50 civics test questions correctly. A school
or district may exempt a student with disabilities from this requirement if the student's
individualized education program team determines the requirement is inappropriate and
establishes an alternative requirement. A school or district may administer the civics test
questions in a language other than English to students who qualify for English learner
services.

(c) Schools and districts may administer civics test questions as part of the social
studies curriculum. A district must not prevent a student from graduating or deny a student
a high school diploma for failing to correctly answer at least 30 of 50 civics test questions.

(d) The commissioner and public schools and school districts must not charge
students any fees related to this subdivision.

**EFFECTIVE DATE.** This section is effective for students enrolling in grade 9 in
the 2017-2018 school year or later.

Sec. 5. Minnesota Statutes 2014, section 120B.021, subdivision 1, is amended to read:

Subdivision 1. **Required academic standards.** (a) The following subject areas
are required for statewide accountability:

(1) language arts;

(2) mathematics;

(3) science;

(4) social studies, including history, geography, economics, and government and
citizenship that includes civics consistent with section 120B.02, subdivision 3;

(5) physical education;

(6) health, for which locally developed academic standards apply; and

(7) the arts, for which statewide or locally developed academic standards apply, as
determined by the school district. Public elementary and middle schools must offer at least

(b) For purposes of applicable federal law, the academic standards for language arts,
mathematics, and science apply to all public school students, except the very few students
with extreme cognitive or physical impairments for whom an individualized education
program team has determined that the required academic standards are inappropriate. An
individualized education program team that makes this determination must establish
alternative standards.
(c) Consistent with section 120B.021, subdivision 4, paragraph (g), the department must adopt the most recent Society of Health and Physical Education (SHAPE) America or other nationally recognized kindergarten through grade 12 physical education standards and benchmarks as the required Minnesota physical education academic standards. The department may modify and adapt the national standards and benchmarks to accommodate state interest so long as it maintains the purpose and integrity of the national standards. The department must post on its Web site existing assessments available in the public domain for school districts to use in assessing students' mastery of the physical education standards.

(d) District efforts to develop, implement, or improve instruction or curriculum as a result of the provisions of this section must be consistent with sections 120B.10, 120B.11, and 120B.20.

**EFFECTIVE DATE.** Paragraph (c) is effective for the 2021-2022 school year and later.

Rulemaking.** The commissioner, consistent with the requirements of this section and section 120B.022, must adopt statewide rules under section 14.389 for implementing statewide rigorous core academic standards in language arts, mathematics, science, social studies, physical education, and the arts. After the rules authorized under this subdivision are initially adopted, the commissioner may not amend or repeal these rules nor adopt new rules on the same topic without specific legislative authorization. The academic standards for language arts, mathematics, and the arts must be implemented for all students beginning in the 2003-2004 school year. The academic standards for science and social studies must be implemented for all students beginning in the 2005-2006 school year.

Minnesota American Indian tribes and communities as related to the academic standards
during the review and revision of the required academic standards.

(b) The commissioner must ensure that the statewide mathematics assessments

(b). The commissioner must implement a review of the academic standards and related
benchmarks in mathematics beginning in the 2020-2021 school year and every ten years
thereafter.

(c) The commissioner must implement a review of the academic standards and related
benchmarks in arts beginning in the 2016-2017 school year and every ten years thereafter.

(e) The commissioner must implement a review of the academic standards and
related benchmarks in language arts beginning in the 2018-2019 school year and every
ten years thereafter.
(f) The commissioner must implement a review of the academic standards and
related benchmarks in social studies beginning in the 2019-2020 school year and every
ten years thereafter.
(g) The commissioner must adopt the most recent kindergarten through grade 12
physical education standards developed by the Society of Health and Physical Education
(SHAPE) America or other nationally recognized physical education association and
implement a review of the physical education standards and related benchmarks, consistent
with section 120B.021, subdivision 1, paragraph (c), beginning in the 2020-2021 school

learners consistent with section 120B.11, subdivision 2, clause (2). The procedures must be sensitive to underrepresented groups.

Sec. 12. Minnesota Statutes 2015 Supplement, section 120B.30, subdivision 1, is amended to read:

Subdivision 1. **Statewide testing.** (a) The commissioner, with advice from experts with appropriate technical qualifications and experience and stakeholders, consistent with subdivision 1a, shall include in the comprehensive assessment system, for each grade level to be tested, state-constructed tests developed as computer-adaptive reading and mathematics assessments for students that are aligned with the state's required academic standards under section 120B.021, include multiple choice questions, and are administered annually to all students in grades 3 through 8. State-developed high school tests aligned with the state's required academic standards under section 120B.021 and administered to all high school students in a subject other than writing must include multiple choice questions. The commissioner shall establish one or more months during which schools shall administer the tests to students each school year.

(1) Students enrolled in grade 8 through the 2009-2010 school year are eligible to be assessed under (i) the graduation-required assessment for diploma in reading, mathematics, or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraphs (c), clauses (1) and (2), and (d), (ii) the WorkKeys job skills assessment, (iii) the Compass college placement test, (iv) the ACT assessment for college admission, (v) a nationally recognized armed services vocational aptitude test.

(2) Students enrolled in grade 8 in the 2010-2011 or 2011-2012 school year are eligible to be assessed under (i) the graduation-required assessment for diploma in reading, mathematics, or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraph (c), clauses (1) and (2), (ii) the WorkKeys job skills assessment, (iii) the Compass college placement test, (iv) the ACT assessment for college admission, (v) a nationally recognized armed services vocational aptitude test.

(3) For students under clause (1) or (2), a school district may substitute a score from an alternative, equivalent assessment to satisfy the requirements of this paragraph.

(b) The state assessment system must be aligned to the most recent revision of academic standards as described in section 120B.023 in the following manner:

(1) mathematics;

(i) grades 3 through 8 beginning in the 2010-2011 school year; and

(ii) high school level beginning in the 2013-2014 school year;
(2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012
school year; and

(3) language arts and reading; grades 3 through 8 and high school level beginning in
the 2012-2013 school year.
(c) For students enrolled in grade 8 in the 2012-2013 school year and later, students' state graduation requirements, based on a longitudinal, systematic approach to student
education and career planning, assessment, instructional support, and evaluation, include
the following:
(1) an opportunity to participate on a nationally normed college entrance exam,
in grade 11 or grade 12;
(2) achievement and career and college readiness in mathematics, reading, and
writing, consistent with paragraph (i) (k) and to the extent available, to monitor students' continuous development of and growth in requisite knowledge and skills; analyze
students' progress and performance levels, identifying students' academic strengths and
diagnosing areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and, based on analysis of students' progress and performance
data, determine students' learning and instructional needs and the instructional tools and
best practices that support academic rigor for the student; and
(3) consistent with this paragraph and section 120B.125, age-appropriate exploration
and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment without need for postsecondary remediation.
Based on appropriate state guidelines, students with an individualized education program may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.
(d) Expectations of schools, districts, and the state for career or college readiness under this subdivision must be comparable in rigor, clarity of purpose, and rates of student completion.
A student under paragraph (c), clause (2), must receive targeted, relevant,
academically rigorous, and resourced instruction, which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation. Consistent with sections 120B.13, 124D.09,
124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career
or college to participate in courses and programs awarding college credit to high school
students. Students are not required to achieve a specified score or level of proficiency on
an assessment under this subdivision to graduate from high school.

(e) Though not a high school graduation requirement, students are encouraged to
participate in a nationally recognized college entrance exam. With funding provided by

the To the extent state funding for college entrance exam fees is available, a district must
pay the cost, one time, for an interested student in grade 11 or 12 to take a nationally
recognized college entrance exam before graduating. A student must be able to take the
exam under this paragraph at the student's high school during the school day and at any
one of the multiple exam administrations available to students in the district.

(f) The commissioner and the chancellor of the Minnesota State Colleges and
Universities must collaborate in aligning instruction and assessments for adult basic
education students and English learners to provide the students with diagnostic information
about any targeted interventions, accommodations, modifications, and supports they
need so that assessments and other performance measures are accessible to them and
they may seek postsecondary education or employment without need for postsecondary
remediation. When administering formative or summative assessments used to measure
the academic progress, including the oral academic development, of English learners
and inform their instruction, schools must ensure that the assessments are accessible to
the students and students have the modifications and supports they need to sufficiently
understand the assessments.

(g) Districts and schools, on an annual basis, must use career exploration elements
to help students, beginning no later than grade 9, and their families explore and plan
for postsecondary education or careers based on the students' interests, aptitudes, and
aspirations. Districts and schools must use timely regional labor market information and
partnerships, among other resources, to help students and their families successfully
develop, pursue, review, and revise an individualized plan for postsecondary education or a
career. This process must help increase students' engagement in and connection to school,

improve students' knowledge and skills, and deepen students' understanding of career
pathways as a sequence of academic and career courses that lead to an industry-recognized
credential, an associate's degree, or a bachelor's degree and are available to all students,
whatever their interests and career goals.

(h) A student who demonstrates attainment of required state academic standards,
which include career and college readiness benchmarks, on high school assessments
under subdivision 1a is academically ready for a career or college and is encouraged to
participate in courses awarding college credit to high school students. Such courses and
programs may include sequential courses of study within broad career areas and technical
skill assessments that extend beyond course grades.

(i) As appropriate, students through grade 12 must continue to participate in targeted
instruction, intervention, or remediation and be encouraged to participate in courses
awarding college credit to high school students.

(j) In developing, supporting, and improving students' academic readiness for a
career or college, schools, districts, and the state must have a continuum of empirically
derived, clearly defined benchmarks focused on students' attainment of knowledge and
skills so that students, their parents, and teachers know how well students must perform to
have a reasonable chance to succeed in a career or college without need for postsecondary
remediation. The commissioner, in consultation with local school officials and educators,
and Minnesota's public postsecondary institutions must ensure that the foundational
knowledge and skills for students' successful performance in postsecondary employment
or education and an articulated series of possible targeted interventions are clearly
identified and satisfy Minnesota's postsecondary admissions requirements.

(k) For students in grade 8 in the 2012-2013 school year and later, a school, district,
or charter school must record on the high school transcript a student's progress toward
career and college readiness, and for other students as soon as practicable.

(l) The school board granting students their diplomas may formally decide to include
a notation of high achievement on the high school diplomas of those graduating seniors
who, according to established school board criteria, demonstrate exemplary academic
achievement during high school.

(m) The 3rd through 8th grade computer-adaptive assessment results and high school
test results shall be available to districts for diagnostic purposes affecting student learning
and district instruction and curriculum, and for establishing educational accountability.
The commissioner must establish empirically derived benchmarks on adaptive assessments
in grades 3 through 8 and the high school tests that reveal a trajectory toward career and
college readiness. The chancellor of the Minnesota State Colleges and Universities must
review and confirm the benchmarks established by the commissioner show that students
are able to successfully complete credit-bearing coursework at a Minnesota state college or
university, consistent with paragraph (p). The commissioner must disseminate to the public
the computer-adaptive assessments and high school test results upon receiving those results.

(n) The grades 3 through 8 computer-adaptive assessments and high school tests
must be aligned with state academic standards. The commissioner shall determine the
testing process and the order of administration. The statewide results shall be aggregated
at the site and district level, consistent with subdivision 1a.
(o) The commissioner shall include the following components in the statewide public reporting system:

1. uniform statewide computer-adaptive assessments of all students in grades 3 through 8 and testing at the high school levels that provides appropriate, technically sound accommodations or alternate assessments;

2. educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

3. state results on the American College Test; and

4. state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.

(p) For purposes of statewide accountability, "career and college ready" means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.

(q) For purposes of statewide accountability, "cultural competence," "cultural competency," or "culturally competent" means the ability and will to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.

**EFFECTIVE DATE.** This section is effective for the 2016-2017 school year and later.

Sec. 13. Minnesota Statutes 2015 Supplement, section 120B.30, subdivision 1a, is amended to read:

Subd. 1a. **Statewide and local assessments; results.** (a) For purposes of this section, the following definitions have the meanings given them.

2. "Fully adaptive assessments" include test items that are on-grade level and items that may be above or below a student's grade level.

3. "On-grade level" test items contain subject area content that is aligned to state academic standards for the grade level of the student taking the assessment.

4. "Above-grade level" test items contain subject area content that is above the grade level of the student taking the assessment and is considered aligned with state
academic standards to the extent it is aligned with content represented in state academic standards above the grade level of the student taking the assessment. Notwithstanding the student's grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(5) "Below-grade level" test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards below the student's current grade level. Notwithstanding the student's grade level, administering below-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(b) The commissioner must use fully adaptive mathematics and reading assessments for grades 3 through 8.

(c) For purposes of conforming with existing federal educational accountability requirements, the commissioner must develop and implement computer-adaptive reading and mathematics assessments for grades 3 through 8, state-developed high school reading and mathematics tests aligned with state academic standards, a high school writing test aligned with state standards when it becomes available, and science assessments under clause (2) that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, except a civics test consistent with section 120B.02, subdivision 3, health and physical education, and the arts. The commissioner must require:

1. annual computer-adaptive reading and mathematics assessments in grades 3 through 8, and high school reading, writing, and mathematics tests; and
2. annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life sciences assessment in the grades 9 through 12 span, and the commissioner must not require students to achieve a passing score on high school science assessments as a condition of receiving a high school diploma.

(d) The commissioner must ensure that for annual computer-adaptive assessments:

1. individual student performance data and achievement reports are available within three school days of when students take an assessment except in a year when an assessment reflects new performance standards;
2. growth information is available for each student from the student’s first assessment to each proximate assessment using a constant measurement scale;
3. parents, teachers, and school administrators are able to use elementary and middle school student performance data to project students' secondary and postsecondary achievement; and
48.1 (4) useful diagnostic information about areas of students' academic strengths and weaknesses is available to teachers and school administrators for improving student instruction and indicating the specific skills and concepts that should be introduced and developed for students at given performance levels, organized by strands within subject areas, and aligned to state academic standards.

48.6 (e) The commissioner must ensure that all state tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

48.9 (f) Reporting of state assessment results must:

48.10 (1) provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;

48.12 (2) include a growth indicator of student achievement; and

48.13 (3) determine whether students have met the state's academic standards.

48.14 (g) Consistent with applicable federal law, the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for English learners.

48.18 (h) A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student progress toward career and college readiness in the context of the state's academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

48.26 **EFFECTIVE DATE.** This section is effective the day following final enactment.

48.27 Sec. 14. Minnesota Statutes 2015 Supplement, section 120B.31, subdivision 4, is amended to read:

48.29 Subd. 4. **Student performance data.** In developing policies and assessment processes to hold schools and districts accountable for high levels of academic standards under section 120B.021, the commissioner shall aggregate and disaggregate student data over time to report summary student performance and growth levels and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data measured at the school, school district, and statewide level. **When collecting and reporting the performance data,** the commissioner shall use the student categories identified under the
federal Elementary and Secondary Education Act, as most recently reauthorized, and
student categories of homelessness, ethnicity, race, home language, immigrant, refugee
status, English language learners under section 124D.59, free or reduced-price lunch,
and other categories designated by federal law to organize and report the data so that
state and local policy makers can understand the educational implications of changes in
districts' demographic profiles over time, including student homelessness, as data are
available, among other demographic factors. Any report the commissioner disseminates
containing summary data on student performance must integrate student performance and
the demographic factors that strongly correlate with that performance.

**EFFECTIVE DATE.** This section is effective for the 2017-2018 school year and
later.

Sec. 15. Minnesota Statutes 2014, section 120B.35, is amended to read:

**120B.35 STUDENT ACADEMIC ACHIEVEMENT AND GROWTH.**

Subdivision 1. School and Student indicators of growth and achievement.
The commissioner must develop and implement a system for measuring and reporting
academic achievement and individual student growth, consistent with the statewide
educational accountability and reporting system. The system components must measure
and separately report the adequate yearly progress federal expectations of schools and
the growth of individual students: students' current achievement in schools under
subdivision 2; and individual students' educational growth over time under subdivision
3. The system also must include statewide measures of student academic growth that
identify schools with high levels of growth, and also schools with low levels of growth
that need improvement. When determining a school's effect, the data must include
both statewide measures of student achievement and, to the extent annual tests are
administered, indicators of achievement growth that take into account a student's prior
achievement. Indicators of achievement and prior achievement must be based on highly
reliable statewide or districtwide assessments. Indicators that take into account a student's
prior achievement must not be used to disregard a school's low achievement or to exclude
a school from a program to improve low achievement levels.

Subd. 2. Federal Expectations for student academic achievement. (a) Each
school year, a school district must determine if the student achievement levels at each
school site meet federal expectations. If student achievement levels at a school site do
not meet federal expectations and the site has not made adequate yearly progress for two
consecutive school years, beginning with the 2001-2002 school year, the district must
work with the school site to adopt a plan to raise student achievement levels to meet federal expectations. The commissioner of education shall establish student academic achievement levels to comply with this paragraph.

(b) School sites identified as not meeting federal expectations must develop continuous improvement plans in order to meet federal expectations for student academic achievement. The department, at a district's request, must assist the district and the school site in developing a plan to improve student achievement. The plan must include parental involvement components.

(c) The commissioner must:

(1) assist school sites and districts identified as not meeting federal expectations; and

(2) provide technical assistance to schools that integrate student achievement measures into the school continuous improvement plan.

(d) The commissioner shall establish and maintain a continuous improvement Web site designed to make aggregated and disaggregated student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data on every school and district available to parents, teachers, administrators, community members, and the general public, consistent with this section.

Subd. 3. State growth target; other state measures. (a)(1) The state's educational assessment system measuring individual students' educational growth is based on indicators of achievement growth that show an individual student's prior achievement.

Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments.

(2) For purposes of paragraphs (b), (c), and (d), the commissioner must analyze and report separate categories of information using the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized and, in addition to the Karen community, other student categories as determined by the total Minnesota population at or above the 1,000-person threshold based on the most recent decennial census, including ethnicity; race; refugee status; English language learners under section 124D.59; home language; free or reduced-price lunch; immigrant; and all students enrolled in a Minnesota public school who are currently or were previously in foster care, except that such disaggregation and cross tabulation is not required if the number of students in a category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student.

(b) The commissioner, in consultation with a stakeholder group that includes assessment and evaluation directors, district staff, experts in culturally responsive teaching, and researchers, must implement a model that uses a value-added growth indicator and
includes criteria for identifying schools and school districts that demonstrate medium and
high growth under section 120B.299, subdivisions 8 and 9, and may recommend other
value-added measures under section 120B.299, subdivision 3. The model may be used
to advance educators' professional development and replicate programs that succeed in
meeting students' diverse learning needs. Data on individual teachers generated under the
model are personnel data under section 13.43. The model must allow users to:

(1) report student growth consistent with this paragraph; and

(2) for all student categories, report and compare aggregated and disaggregated state
student growth and, under section 120B.11, subdivision 2, clause (2), student learning
and outcome data using the nine student categories identified under the federal No
Child Left Behind Act and two student gender categories of male and female, respectively;
following appropriate reporting practices to protect nonpublic student data Elementary
and Secondary Education Act, as most recently reauthorized, and other student categories
under paragraph (a), clause (2).

The commissioner must report measures of student growth and, under section
120B.11, subdivision 2, clause (2), student learning and outcome data, consistent with
this paragraph, including the English language development, academic progress, and oral
academic development of English learners and their native language development if the
native language is used as a language of instruction, and include data on all pupils enrolled
in a Minnesota public school course or program who are currently or were previously
counted as an English learner under section 124D.59.

(c) When reporting student performance under section 120B.36, subdivision 1, the
commissioner annually, beginning July 1, 2011, must report two core measures indicating
the extent to which current high school graduates are being prepared for postsecondary
academic and career opportunities:

(1) a preparation measure indicating the number and percentage of high school
graduates in the most recent school year who completed course work important to
preparing them for postsecondary academic and career opportunities, consistent with
the core academic subjects required for admission to Minnesota's public colleges and
universities as determined by the Office of Higher Education under chapter 136A; and

(2) a rigorous coursework measure indicating the number and percentage of high
school graduates in the most recent school year who successfully completed one or more
college-level advanced placement, international baccalaureate, postsecondary enrollment
options including concurrent enrollment, other rigorous courses of study under section
120B.021, subdivision 1a, or industry certification courses or programs.
When reporting the core measures under clauses (1) and (2), the commissioner must also analyze and report separate categories of information using the nine student categories identified under the federal 2001 No Child Left Behind Act and two student gender categories of male and female, respectively, following appropriate reporting practices to protect nonpublic student data. Elementary and Secondary Education Act, as most recently reauthorized, and other student categories under paragraph (a), clause (2).

(d) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2014, must report summary data on school safety and students' engagement and connection at school, consistent with the student categories identified under paragraph (a), clause (2). The summary data under this paragraph are separate from and must not be used for any purpose related to measuring or evaluating the performance of classroom teachers. The commissioner, in consultation with qualified experts on student engagement and connection and classroom teachers, must identify highly reliable variables that generate summary data under this paragraph. The summary data may be used at school, district, and state levels only. Any data on individuals received, collected, or created that are used to generate the summary data under this paragraph are nonpublic data under section 13.02, subdivision 9.

(e) For purposes of statewide educational accountability, the commissioner must identify and report measures that demonstrate the success of learning year program providers under sections 123A.05 and 124D.68, among other such providers, in improving students' graduation outcomes. The commissioner, beginning July 1, 2015, must annually report summary data on:

1. the four- and six-year graduation rates of students under this paragraph;
2. the percent of students under this paragraph whose progress and performance levels are meeting career and college readiness benchmarks under section 120B.30, subdivision 1; and
3. the success that learning year program providers experience in:
   (i) identifying at-risk and off-track student populations by grade;
   (ii) providing successful prevention and intervention strategies for at-risk students;
   (iii) providing successful recuperative and recovery or reenrollment strategies for off-track students; and
   (iv) improving the graduation outcomes of at-risk and off-track students.

The commissioner may include in the annual report summary data on other education providers serving a majority of students eligible to participate in a learning year program.

(f) The commissioner, in consultation with recognized experts with knowledge and experience in assessing the language proficiency and academic performance of all English learners, identifies measures of language proficiency and academic performance and the data must be used in an annual report described by this section. The commissioner may include in the annual report summary data on other education providers serving a majority of students eligible to participate in a learning year program.
learners enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59, must identify and report appropriate and effective measures to improve current categories of language difficulty and assessments, and monitor and report data on students’ English proficiency levels, program placement, and academic language development, including oral academic language.

Subd. 4. Improving schools. Consistent with the requirements of this section, beginning June 20, 2012, the commissioner of education must annually report to the public and the legislature best practices implemented in those schools that demonstrate high growth compared to the state growth target are identified as high performing under federal expectations.

Subd. 5. Improving graduation rates for students with emotional or behavioral disorders. (a) A district must develop strategies in conjunction with parents of students with emotional or behavioral disorders and the county board responsible for implementing sections 245.487 to 245.4889 to keep students with emotional or behavioral disorders in school, when the district has a drop-out rate for students with an emotional or behavioral disorder in grades 9 through 12 exceeding 25 percent.

(b) A district must develop a plan in conjunction with parents of students with emotional or behavioral disorders and the local mental health authority to increase the graduation rates of students with emotional or behavioral disorders. A district with a drop-out rate for children with an emotional or behavioral disturbance in grades 9 through 12 that is in the top 25 percent of all districts shall submit a plan for review and oversight to the commissioner.

**EFFECTIVE DATE.** This section is effective for the 2016-2017 school year and later.

Sec. 16. Minnesota Statutes 2014, section 120B.36, as amended by Laws 2015, First Special Session chapter 3, article 2, section 8, is amended to read:

subdivision 1, and 120B.35, subdivision 3, paragraph (e); longitudinal data on the progress
of eligible districts in reducing disparities in students' academic achievement and realizing
racial and economic integration under section 124D.861; the acquisition of English, and
where practicable, native language academic literacy, including oral academic language,
and the academic progress of all English learners under section 124D.59, subdivisions
2 and 2a enrolled in a Minnesota public school course or program who are currently or
were previously counted as English learners under section 124D.59; the total number of
students by grade who correctly answered at least 30 of 50 civics test questions under
section 120B.02, subdivision 3; two separate student-to-teacher ratios that clearly indicate
the definition of teacher consistent with sections 122A.06 and 122A.15 for purposes
of determining these ratios; staff characteristics excluding salaries; student enrollment
demographics; foster care status, including all students enrolled in a Minnesota public
school course or program who are currently or were previously in foster care, student
homelessness, and district mobility; and extracurricular activities. The report also must
indicate a school's adequate yearly progress status under applicable federal law, and must
not set any designations applicable to high- and low-performing schools due solely to
adequate yearly progress status.

(b) The commissioner shall develop, annually update, and post on the department
Web site school performance reports.

(c) The commissioner must make available performance reports by the beginning
of each school year.

(d) A school or district may appeal its adequate yearly progress status in writing
to the commissioner within 30 days of receiving the notice of its status results in a form
and manner determined by the commissioner and consistent with federal law. The
commissioner's decision to uphold or deny an appeal is final.

(e) School performance data are nonpublic data under section 13.02, subdivision 9,
until the commissioner publicly releases the data. The commissioner shall annually post
school performance reports to the department's public Web site no later than September 1,
except that in years when the reports reflect new performance standards, the commissioner
shall post the school performance reports no later than October 1.

Subd. 2. Adequate yearly Student progress and other data. (a) All data the
department receives, collects, or creates under section 120B.11, governing the world's

Secondary Education Act, set state growth targets, and determine student growth, learning,
and outcomes under section 120B.35 are nonpublic data under section 13.02, subdivision 9, until the commissioner publicly releases the data.

(b) Districts must provide parents sufficiently detailed summary data to permit parents to appeal under Public Law 107-110, section 1116(b)(2) the most recently reauthorized federal Elementary and Secondary Education Act. The commissioner shall annually post federal adequate yearly progress data expectations and state student growth, learning, and outcome data to the department's public Web site no later than September 1, except that in years when adequate yearly progress reflects data or federal expectations reflect new performance standards, the commissioner shall post federal adequate yearly progress data on federal expectations and state student growth data no later than October 1.

**EFFECTIVE DATE.** This section is effective for the 2016-2017 school year and later, except the requirement to report civics test data is effective for the 2018-2019 school year and later.

Sec. 17. Minnesota Statutes 2014, section 121A.53, is amended to read:

**121A.53 REPORT TO COMMISSIONER OF EDUCATION.**

Subdivision 1. **Exclusions and expulsions; physical assaults.** The school board must report through the department electronic reporting system each exclusion or expulsion and each physical assault of a district employee by a student within 30 days of the effective date of the dismissal action or assault to the commissioner of education. This report must include a statement of alternative educational services, or other sanction, intervention, or resolution in response to the assault given the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

Subd. 2. **Report.** (a) The school board must include state student identification numbers of affected pupils on all dismissal and other disciplinary reports required by the department. All dismissal and other disciplinary reports must be submitted through the department electronic reporting system.

(b) The commissioner must aggregate the district data reported under this section and include the aggregated data, including aggregated data on physical assaults of a district employee by a student, in the annual school performance reports under section 120B.36.

students, minimum consequences for violations of the rules, and grounds and procedures
for removal of a student from class. The policy must be developed in consultation
with administrators, teachers, employees, pupils, parents, community members, law
enforcement agencies, county attorney offices, social service agencies, and such other
individuals or organizations as the board determines appropriate. The policy must be
consistent with a teacher's authority for controlling and managing student behavior in the
classroom under section 122A.42. A school site council may adopt additional provisions

56.19 (a) A classroom teacher has a legitimate educational interest in knowing which
students placed in the teacher's classroom have a history of violent behavior, including any
documented physical assault of a district employee by the student, and must be notified
before such students are placed in the teacher's classroom.

56.21 (b) Representatives of the school board and the exclusive representative of the
teachers shall discuss issues related to the model policy on student records adopted under
Laws 1999, chapter 241, article 9, section 50, and any modifications adopted under Laws
2003, First Special Session chapter 9, for notifying classroom teachers and other school
district employees having a legitimate educational interest in knowing about students with
a history of violent behavior, including any documented physical assault of a district
employee by students placed in classrooms. The representatives of the school board and
the exclusive representative of the teachers also may discuss the need for intervention
services or conflict resolution or training for staff related to placing students with a history
of violent behavior in teachers' classrooms.
EFFECTIVE DATE. This section is effective for the 2016-2017 school year and later.

Sec. 20. Minnesota Statutes 2014, section 122A.07, subdivision 2, is amended to read:

Subd. 2. Eligibility; board composition. Except for the representatives of higher education, school administrators, and the public, to be eligible for appointment to the Board of Teaching a person must be a teacher currently teaching in a Minnesota school and fully licensed for the position held and have at least five years teaching experience in Minnesota, including the two years immediately preceding nomination and appointment. Each nominee, other than a public nominee, must be selected on the basis of professional experience and knowledge of teacher education, accreditation, and licensure. The board must be composed of:

(1) six teachers who are currently teaching in a Minnesota school or who were teaching at the time of the appointment and who do not qualify under clause (2) or (3), at least four of whom must be teaching in a public school;

Sec. 21. Minnesota Statutes 2014, section 122A.09, is amended by adding a subdivision to read:

Subd. 3a. Board of Teaching; duties and responsibilities clarified. Consistent with sections 15.039 and 16B.37, the Board of Teaching is responsible for licensing teachers and issuing special permissions to teach and must perform all licensure-related duties and meet all licensure-related responsibilities under this section, among other statutory licensure-related requirements. At the direction of the board, the department may perform administrative functions related to issuing teacher licenses. To the extent a conflict exists between this section and another section governing teacher licensing, the provisions of this section prevail.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 22. Minnesota Statutes 2014, section 122A.09, subdivision 10, is amended to read:

Subd. 10. **VARIANCES Permissions.** (a) Notwithstanding subdivision 9 and

section 14.05, subdivision 4, the Board of Teaching may grant a variance to its rules

upon application by a school district or a charter school for purposes of implementing

experimental programs in learning or management.

(b) To enable a school district or a charter school to meet the needs of students

enrolled in an alternative education program and to enable licensed teachers instructing

those students to satisfy content area licensure requirements, the Board of Teaching

annually may permit a licensed teacher teaching in an alternative education program to

instruct students in a content area for which the teacher is not licensed, consistent with

paragraph (a).

(c) A special education license variance issued by the Board of Teaching for a

primary employer’s low-incidence region shall be valid in all low-incidence regions.

(d) The Board of Teaching may issue a one-year professional license under

paragraph (a), which the board may renew two times, to allow a person holding a full

credential from the American Montessori Society, a diploma from Association Montessori

Internationale, or a certificate of completion from a program accredited by the Montessori

Accreditation Council for Teacher Education to teach in a Montessori program operated

by a school district or charter school.

(e) The Board of Teaching may grant a one-year waiver, renewable two times,

to allow individuals who hold a bachelor’s degree from an accredited postsecondary

institution, demonstrate occupational competency based on at least three years of full-time

work experience in business or industry, and enroll and make satisfactory progress in

an alternative preparation program leading to certification or licensure as a career and

technical education instructor or teacher to teach career and technical education courses

offered by a school district or charter school. Consistent with this paragraph and section

136F.361, the Board of Teaching must strongly encourage teacher preparation programs

and institutions throughout Minnesota to develop alternative pathways for certifying and

licensing high school career and technical education instructors and teachers, allowing

such candidates to meet certification and licensure standards that demonstrate their content

knowledge, classroom experience, and pedagogical practices and their qualifications

based on a combination of occupational testing, professional certification or licensure, and

long-standing work experience.

**EFFECTIVE DATE.** Paragraphs (d) and (e) are effective for the 2016-2017

120B.30, subdivision 1, paragraph (c), 125A.08, and other related sections, school
districts, beginning in the 2013-2014 school year, must assist all students by no later
than grade 9 to explore their educational, college, and career interests, aptitudes, and
aspirations and develop a plan for a smooth and successful transition to postsecondary
education or employment. All students' plans must:

(1) provide a comprehensive plan to prepare for and complete a career and college
ready curriculum by meeting state and local academic standards and developing career and
employment-related skills such as team work, collaboration, creativity, communication,
critical thinking, and good work habits;

(2) emphasize academic rigor and high expectations;

(3) help students identify interests, aptitudes, aspirations, and personal learning
styles that may affect their career and college ready goals and postsecondary education
and employment choices;

(4) set appropriate career and college ready goals with timelines that identify
effective means for achieving those goals;

(5) help students access education and career options;

(6) integrate strong academic content into career-focused courses and applied and
experiential learning opportunities and integrate relevant career-focused courses and
applied and experiential learning opportunities into strong academic content;

(7) help identify and access appropriate counseling and other supports and assistance
that enable students to complete required coursework, prepare for postsecondary education
and careers, and obtain information about postsecondary education costs and eligibility
for financial aid and scholarship;

(8) help identify collaborative partnerships among prekindergarten through grade
12 schools, postsecondary institutions, economic development agencies, and local and
regional employers that support students' transition to postsecondary education and
employment and provide students with applied and experiential learning opportunities; and

(9) be reviewed and revised at least annually by the student, the student's parent or
guardian, and the school or district to ensure that the student's course-taking schedule keeps
the student making adequate progress to meet state and local academic standards and high
school graduation requirements and with a reasonable chance to succeed with employment
or postsecondary education without the need to first complete remedial course work.

(b) A school district may develop grade-level curricula or provide instruction that
introduces students to various careers, but must not require any curriculum, instruction,
or employment-related activity that obligates an elementary or secondary student to
involuntarily select or pursue a career, career interest, employment goals, or related job training.

(c) Educators must possess the knowledge and skills to effectively teach all English learners in their classrooms. School districts must provide appropriate curriculum, targeted materials, professional development opportunities for educators, and sufficient resources to enable English learners to become career and college ready.

(d) When assisting students in developing a plan for a smooth and successful transition to postsecondary education and employment, districts must recognize the unique possibilities of each student and ensure that the contents of each student's plan reflect the student's unique talents, skills, and abilities as the student grows, develops, and learns.

(e) If a student with a disability has an individualized education program (IEP) or standardized written plan that meets the plan components of this section, the IEP satisfies the requirement and no additional transition plan is needed.

Sec. 2. Minnesota Statutes 2014, section 122A.31, subdivision 3, is amended to read:

The program must address the student's need to develop skills to live and work as independently as possible within the community. The individualized education program team must consider positive behavioral interventions, strategies, and supports that address behavior needs for children. During grade 9, the program must address the student's needs for transition from secondary services to postsecondary education and training, employment, community participation, recreation, and leisure and home living. In developing the program, districts must inform parents of the full range of transitional goals and related services that should be considered. The program must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded. If the IEP meets the plan components in section 120B.125, the IEP satisfies the requirement and no additional transition plan is needed;

(2) children with a disability under age five and their families are provided special instruction and services appropriate to the child's level of functioning and needs;

extent that the nature or severity of the disability is such that education in regular classes
with the use of supplementary services cannot be achieved satisfactorily;

(6) in accordance with recognized professional standards, testing and evaluation
materials, and procedures used for the purposes of classification and placement of children
with a disability are selected and administered so as not to be racially or culturally
discriminatory; and

(7) the rights of the child are protected when the parents or guardians are not known
or not available, or the child is a ward of the state.

(c) For all paraprofessionals employed to work in programs whose role in part is
to provide direct support to students with disabilities, the school board in each district
shall ensure that:

1) before or beginning at the time of employment, each paraprofessional must
develop sufficient knowledge and skills in emergency procedures, building orientation,
roles and responsibilities, confidentiality, vulnerability, and reportability, among other
things, to begin meeting the needs, especially disability-specific and behavioral needs, of
the students with whom the paraprofessional works;

2) annual training opportunities are required to enable the paraprofessional to
continue to further develop the knowledge and skills that are specific to the students with
whom the paraprofessional works, including understanding disabilities, the unique and
individual needs of each student according to the student's disability and how the disability
affects the student's education and behavior, following lesson plans, and implementing
follow-up instructional procedures and activities; and

3) a districtwide process obligates each paraprofessional to work under the ongoing
direction of a licensed teacher and, where appropriate and possible, the supervision of a

Sec. 13. Minnesota Statutes 2015 Supplement, section 125A.79, subdivision 1, is

Subdivision 1. Definitions. For the purposes of this section, the definitions in this
subdivision apply.

local optional revenue, plus local optional aid and referendum equalization aid for the
prior fiscal year attributable to pupils receiving special instruction and services outside the
regular classroom for more than 60 percent of the school day for the portion of time the
pupils receive special instruction and services outside the regular classroom, excluding
portions attributable to district and school administration, district support services,
operations and maintenance, capital expenditures, and pupil transportation.

The adjustments must be made according to this subdivision.

(b) For purposes of this subdivision, the "unreimbursed cost of providing special education and services" means the difference between: (1) the actual cost of providing special instruction and services, including special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, for a pupil with a disability, as defined in section 125A.02, or a pupil, as defined in section 125A.51, who is enrolled in a program listed in this subdivision, minus (2) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue, excluding local optional revenue, plus local optional aid and referendum equalization aid as defined in section 125A.11, subdivision 1, paragraph (d), attributable to that pupil for the portion of time the pupil receives special instruction and services outside of the regular classroom, excluding portions attributable to district and school administration, district support
services, operations and maintenance, capital expenditures, and pupil transportation,

minus (3) special education aid under section 125A.76 attributable to that pupil, that is

paragraph, general education revenue and referendum equalization aid attributable to a

pupil must be calculated using the serving district's average general education revenue

and referendum equalization aid per adjusted pupil unit.

(c) For fiscal year 2015 and later, special education aid paid to a resident district

must be reduced by an amount equal to 90 percent of the unreimbursed cost of providing

special education and services.

(d) Notwithstanding paragraph (c), special education aid paid to a resident district

must be reduced by an amount equal to 100 percent of the unreimbursed cost of special

education and services provided to students at an intermediate district, cooperative, or

least 70 percent of the charter school's total enrollment.

(e) Notwithstanding paragraph (c), special education aid paid to a resident district

must be reduced under paragraph (d) for students at a charter school receiving special

education aid under section 124E.21, subdivision 3, calculated as if the charter school

received special education aid under section 124E.21, subdivision 1.

(f) Special education aid paid to the district or cooperative providing special

instruction and services for the pupil, or to the fiscal agent district for a cooperative, must

be increased by the amount of the reduction in the aid paid to the resident district under

paragraphs (c) and (d). If the resident district's special education aid is insufficient to make

the full adjustment under paragraphs (c), (d), and (e), the remaining adjustment shall be

made to other state aids due to the district.

(g) Notwithstanding paragraph (a), general education aid paid to the resident district

of a nonspecial education student for whom an eligible special education charter school

receives general education aid under section 124E.20, subdivision 1, paragraph (c), must

be reduced by an amount equal to the difference between the general education aid

attributable to the student under section 124E.20, subdivision 1, paragraph (c), and the

section 124E.20, subdivision 1, paragraph (a). For purposes of this paragraph, "nonspecial

education student" means a student who does not meet the definition of pupil with a

disability as defined in section 125A.02 or the definition of a pupil in section 125A.51.

(h) An area learning center operated by a service cooperative, intermediate district,

constituent boards to charge the resident district tuition for pupils rather than to have the
general education revenue paid to a fiscal agent school district. Except as provided in paragraph (f), the district of residence must pay tuition equal to at least 90 and no more than 100 percent of the district average general education revenue per pupil unit minus an amount equal to the product of the formula allowance according to section 126C.10, subdivision 2, times .0466, calculated without compensatory revenue, local optional revenue, and transportation sparsity revenue, times the number of pupil units for pupils attending the area learning center.

120B.299 DEFINITIONS.

Subd. 5. Adequate yearly progress. A school or district makes "adequate yearly progress" if, for every student subgroup under the federal 2001 No Child Left Behind Act in the school or district, its proficiency index or other approved adjustments for performance, based on statewide assessment scores, meets or exceeds federal expectations. To make adequate yearly progress, the school or district also must satisfy applicable federal requirements related to student attendance, graduation, and test participation rates.

122A.40 EMPLOYMENT; CONTRACTS; TERMINATION.

Subd. 11. Unrequested leave of absence. The board may place on unrequested leave of absence, without pay or fringe benefits, as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. The unrequested leave is effective at the close of the school year. In placing teachers on unrequested leave, the board is governed by the following provisions:

(a) The board may place probationary teachers on unrequested leave first in the inverse order of their employment. A teacher who has acquired continuing contract rights must not be placed on unrequested leave of absence while probationary teachers are retained in positions for which the teacher who has acquired continuing contract rights is licensed;

(b) Teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed in the inverse order in which they were employed by the school district. In the case of equal seniority, the order in which teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed is negotiable;

(c) Notwithstanding the provisions of paragraph (b), a teacher is not entitled to exercise any seniority when that exercise results in that teacher being retained by the district in a field for which the teacher holds only a provisional license, as defined by the board of teaching, unless that exercise of seniority results in the placement on unrequested leave of absence of another teacher who also holds a provisional license in the same field. The provisions of this paragraph do not apply to vocational education licenses;

(d) Notwithstanding paragraphs (a), (b), and (c), if the placing of a probationary teacher on unrequested leave before a teacher who has acquired continuing rights, the placing of a teacher who has acquired continuing contract rights on unrequested leave before another teacher who has acquired continuing contract rights but who has greater seniority, or the restriction imposed by the provisions of paragraph (c) would place the district in violation of its affirmative action program, the district may retain the probationary teacher, the teacher with less seniority, or the provisionally licensed teacher;

(e) Teachers placed on unrequested leave of absence must be reinstated to the positions from which they have been given leaves of absence or, if not available, to other available positions in the school district in fields in which they are licensed. Reinstatement must be in the inverse order of placement on leave of absence. A teacher must not be reinstated to a position in a field in which the teacher holds only a provisional license, other than a vocational education license, while another teacher who holds a nonprovisional license in the same field remains on unrequested leave. The order of reinstatement of teachers who have equal seniority and who are placed on unrequested leave in the same school year is negotiable;

(f) Appointment of a new teacher must not be made while there is available, on unrequested leave, a teacher who is properly licensed to fill such vacancy, unless the teacher fails to advise the school board within 30 days of the date of notification that a position is available to that teacher who may return to employment and assume the duties of the position to which appointed on a future date determined by the board;

(g) A teacher placed on unrequested leave of absence may engage in teaching or any other occupation during the period of this leave;

(h) The unrequested leave of absence must not impair the continuing contract rights of a teacher or result in a loss of credit for previous years of service;

(i) The unrequested leave of absence of a teacher who is placed on unrequested leave of absence and who is not reinstated shall continue for a period of five years, after which the right to reinstatement shall terminate. The teacher's right to reinstatement shall also terminate if the teacher fails to file with the board by April 1 of any year a written statement requesting reinstatement;

(j) The same provisions applicable to terminations of probationary or continuing contracts in subdivisions 5 and 7 must apply to placement on unrequested leave of absence;
APPENDIX
Repealed Minnesota Statutes: H2749-1

(k) Nothing in this subdivision shall be construed to impair the rights of teachers placed on unrequested leave of absence to receive unemployment benefits if otherwise eligible.

122A.41 TEACHER TENURE ACT; CITIES OF THE FIRST CLASS; DEFINITIONS.

Subd. 14. Services terminated by discontinuance or lack of pupils; preference given.
(a) A teacher whose services are terminated on account of discontinuance of position or lack of pupils must receive first consideration for other positions in the district for which that teacher is qualified. In the event it becomes necessary to discontinue one or more positions, in making such discontinuance, teachers must be discontinued in any department in the inverse order in which they were employed, unless a board and the exclusive representative of teachers in the district negotiate a plan providing otherwise.
(b) Notwithstanding the provisions of clause (a), a teacher is not entitled to exercise any seniority when that exercise results in that teacher being retained by the district in a field for which the teacher holds only a provisional license, as defined by the Board of Teaching, unless that exercise of seniority results in the termination of services, on account of discontinuance of position or lack of pupils, of another teacher who also holds a provisional license in the same field. The provisions of this clause do not apply to vocational education licenses.
(c) Notwithstanding the provisions of clause (a), a teacher must not be reinstated to a position in a field in which the teacher holds only a provisional license, other than a vocational education license, while another teacher who holds a nonprovisional license in the same field is available for reinstatement.

122A.413 EDUCATIONAL IMPROVEMENT PLAN.

Subdivision 1. Qualifying plan. A district, intermediate school district, or a cooperative unit, as defined in section 123A.24, subdivision 2, may develop an educational improvement plan for the purpose of qualifying for the alternative teacher professional pay system under section 122A.414. The plan must include measures for improving school district, intermediate school district, cooperative, school site, teacher, and individual student performance.

Subd. 2. Plan components. The educational improvement plan must be approved by the school board or governing board and have at least these elements:

2. performance goals and benchmarks for improvement;
3. measures of student attendance and completion rates;
4. a rigorous research and practice-based professional development system, based on national and state standards of effective teaching practice applicable to all students including English learners with varied needs under section 124D.59, subdivisions 2 and 2a, and consistent with section 122A.60, that is aligned with educational improvement and designed to achieve ongoing and schoolwide progress and growth in teaching practice;
5. measures of student, family, and community involvement and satisfaction;
6. a data system about students and their academic progress that provides parents and the public with understandable information;
7. a teacher induction and mentoring program for probationary teachers that provides continuous learning and sustained teacher support; and
8. substantial participation by the exclusive representative of the teachers in developing the plan.

Subd. 3. School site accountability. A district or intermediate school district that develops a plan under subdivisions 1 and 2 must ensure that each school site develops a board-approved educational improvement plan that is aligned with the district educational improvement plan under subdivision 2 and developed with the exclusive representative of the teachers. While a site plan must be consistent with the district educational improvement plan, it may establish performance goals and benchmarks that meet or exceed those of the district.

(b) The University of Minnesota must cooperate with participating members of the business community to provide funding and content for the institute.

(c) Participants must agree to attend the Principals' Leadership Institute for four weeks during the academic summer.

(d) The Principals' Leadership Institute must incorporate program elements offered by leadership programs at the University of Minnesota and program elements used by the participating members of the business community to enhance leadership within their businesses.

Subd. 2. Method of selection and requirements. (a) The board of each school district in the state may select a principal, upon the recommendation of the district's superintendent and based on the principal's leadership potential, to attend the institute.

(b) The school board annually shall forward its list of recommended participants to the commissioner by February 1. In addition, a principal may submit an application directly to the commissioner by February 1. The commissioner shall notify the school board, the principal candidates, and the University of Minnesota of the principals selected to participate in the Principals' Leadership Institute each year.
