Subd. 4. **Obedience to traffic-control signal or flagger authorized persons;**

**presumptions.** (a) The driver of any vehicle shall obey the instructions of any official
traffic-control device applicable thereto placed in accordance with the provisions of this
chapter, unless otherwise directed by a police officer or by a flagger authorized under this
subdivision, subject to the exceptions granted the driver of an authorized emergency
vehicle in this chapter.

(b) No provision of this chapter for which official traffic-control devices are required
shall be enforced against an alleged violator if at the time and place of the alleged
violation an official device is not in proper position and sufficiently legible to be seen by
an ordinarily observant person. Whenever a particular section does not state that official
traffic-control devices are required, such section shall be effective even though no devices
are erected or in place.
(c) Whenever official traffic-control devices are placed in position approximately
conforming to the requirements of this chapter, such devices shall be presumed to have
been so placed by the official act or direction of lawful authority, unless the contrary
shall be established by competent evidence.

(d) Any official traffic-control device placed pursuant to the provisions of this
chapter and purporting to conform to the lawful requirements pertaining to such devices
shall be presumed to comply with the requirements of this chapter, unless the contrary
shall be established by competent evidence.

until it is safe for the vehicles to proceed. A person operating a motor vehicle that has
been stopped by a flagger in a designated work zone may proceed after stopping only on
instruction by the flagger.

(f) An overdimensional load escort driver with a certificate issued under section
299D.085, while acting as a flagger escorting a legal overdimensional load, may stop
vehicles and hold vehicles in place until it is safe for the vehicles to proceed. A person
operating a motor vehicle that has been stopped by an escort driver acting as a flagger may
proceed only on instruction by the flagger or a police officer.

(f) (f) A person may stop and hold vehicles in place until it is safe for the vehicles to
proceed, if the person: (1) holds a motorcycle road guard certificate issued under section
171.60; (2) meets the safety and equipment standards for operating under the certificate;
(3) is acting as a flagger escorting a motorcycle group ride; (4) has notified each statutory
or home rule charter city through which the motorcycle group is proceeding; and (5)
has obtained consent from the chief of police, or the chief's designee, of any city of the
first class through which the group is proceeding. A flagger operating as provided under
this paragraph may direct operators of motorcycles within a motorcycle group ride or
other vehicle traffic, notwithstanding any contrary indication of a traffic-control device,
including stop signs or traffic-control signals. A person operating a vehicle that has been
stopped by a flagger under this paragraph may proceed only on instruction by the flagger
or a police officer.

**EFFECTIVE DATE.** This section is effective August 1, 2014.

Sec. 6. Minnesota Statutes 2012, section 169.06, is amended by adding a subdivision
to read:

Subd. 4a. **Obedience to work zone flagger; violation, penalty.** (a) A flagger in a
work zone may stop vehicles and hold vehicles in place until it is safe for the vehicles to
proceed. A person operating a motor vehicle that has been stopped by a flagger in a work zone may proceed after stopping only on instruction by the flagger or a police officer.

(b) A person convicted of operating a motor vehicle in violation of a speed limit in a work zone, or any other provision of this section while in a work zone, shall be required to pay a fine of $300. This fine is in addition to the surcharge under section 357.021, subdivision 6.

(c) If a motor vehicle is operated in violation of paragraph (a), the owner of the vehicle, or for a leased motor vehicle the lessee of the vehicle, is guilty of a petty misdemeanor and is subject to a fine as provided in paragraph (b). The owner or lessee may not be fined under this paragraph if (1) another person is convicted for that violation, or (2) the motor vehicle was stolen at the time of the violation. This paragraph does not apply to a lessee of a motor vehicle if the lessee keeps a record of the name and address of the lessee.

(d) Paragraph (c) does not prohibit or limit the prosecution of a motor vehicle operator for violating paragraph (a).

(e) A violation under paragraph (c) does not constitute grounds for revocation or suspension of a driver's license.

**EFFECTIVE DATE.** This section is effective August 1, 2014, and applies to violations committed on or after that date.

Sec. 7. Minnesota Statutes 2012, section 169.14, subdivision 5d, is amended to read:

Subd. 5d. *Speed zoning limit in work zone; surcharge when workers present.*

(a) Notwithstanding subdivision 2 and subject to subdivision 3, the speed limit on a road having an established speed limit of 50 miles per hour or greater is adjusted to 45 miles per hour in a work zone when (1) at least one lane or portion of a lane of traffic is closed in either direction, and (2) workers are present. A speed in excess of the adjusted speed limit is unlawful.

(b) Paragraph (a) does not apply to a segment of road in which:

(1) positive barriers are placed between workers and the traveled portion of the highway;

(2) the work zone is in place for less than 24 hours;

(3) a different speed limit for the work zone is determined by the road authority following an engineering and traffic investigation and based on accepted engineering practice; or

(4) a different speed limit for the work zone is established by the road authority under paragraph (c).
(c) The commissioner, on trunk highways and temporary trunk highways, and
local authorities, on streets and highways under their jurisdiction, may authorize the use
of reduced maximum speed limits in highway work zones. The commissioner or local
authority is not required to conduct a traffic investigation before authorizing a reduced speed limit in a highway work zone
required. The work zone speed limit must not reduce the speed limit on the affected
street or highway by more than:

(b) The minimum highway work zone speed limit is 20 miles per hour. The work
zone speed limit must not reduce the established speed limit on the affected street or
highway by more than 15 miles per hour, except that the highway work zone speed limit
must not exceed 40 miles per hour. The commissioner or local authority shall post the limits
of the work zone. Highway work zone speed limits are effective on erection of appropriate
regulatory speed limit signs. The signs must be removed or covered when they are not
required. A speed greater than the posted highway work zone speed limit is unlawful:

(e) Notwithstanding paragraph (b), on divided highways the commissioner or local
authority may establish a highway work zone speed limit that does not exceed 55 miles
per hour:

(d) Notwithstanding paragraph (b), on two-lane highways having one lane for
each direction of travel with a posted speed limit of 60 miles per hour or greater, the
commissioner or local authority may establish a highway work zone speed limit that
do not exceed 40 miles per hour.

(e) For purposes of this subdivision, “highway work zone” means a segment of
highway or street where a road authority or its agent is constructing, reconstructing, or
maintaining the physical structure of the roadway, its shoulders, or features adjacent to
the roadway, including underground and overhead utilities and highway appurtenances,
when workers are present.

(f) Notwithstanding section 609.0221 or 609.101 or other law to the contrary, a person
who violates a speed limit established under this subdivision, or who violates any other
provision of this section while in a highway work zone, is assessed an additional surcharge
equal to the amount of the fine imposed for the speed violation, but not less than $25.

(1) 20 miles per hour on a street or highway having an established speed limit of
55 miles per hour or greater; and

(2) 15 miles per hour on a street or highway having an established speed limit of
50 miles per hour or less.
(d) A work zone speed limit under paragraph (c) is effective on erection of appropriate regulatory speed limit signs. The signs must be removed or covered when they are not required. A speed in excess of the posted work zone speed limit is unlawful.

(e) For any speed limit under this subdivision, a road authority shall erect signs identifying the speed limit and indicating the beginning and end of the speed limit zone.

**EFFECTIVE DATE.** This section is effective August 1, 2014, and applies to violations committed on or after that date.

Sec. 8. Minnesota Statutes 2012, section 169.14, is amended by adding a subdivision to read:

Subd. 6a. **Work zone speed limit violations.** A person convicted of operating a motor vehicle in violation of a speed limit in a work zone, or any other provision of this section while in a work zone, shall be required to pay a fine of $300. This fine is in addition to the surcharge under section 357.021, subdivision 6.

**EFFECTIVE DATE.** This section is effective August 1, 2014, and applies to violations committed on or after that date.

Sec. 9. Minnesota Statutes 2012, section 169.305, subdivision 1, is amended to read:

Subdivision 1. **Entrance and exit; crossover; use regulations; signs; rules.** (a) No person shall drive a vehicle onto or from any controlled-access highway except at such entrances and exits as are established by public authority.

(b) When special crossovers between the main roadways of a controlled-access highway are provided for emergency vehicles or maintenance equipment and such crossovers are signed to prohibit "U" turns, it shall be unlawful for any vehicle, except an emergency vehicle, maintenance equipment, or construction equipment including contractor's and state-owned equipment when operating within a marked construction zone, or a vehicle operated by a commercial vehicle inspector of the Department of Public Safety or certified under section 169.781, to use such crossover. Vehicles owned and operated by elderly and needy persons under contract with the commissioner of transportation pursuant to section 160.282 for maintenance services on highway rest stop and tourist centers outside the seven-county metropolitan area as defined in section 473.121, may also use these crossovers while those persons are proceeding to or from work in the rest area or tourist center if authorized by the commissioner, and the vehicle carries on its roof a distinctive flag designed and issued by the commissioner. For the
purposes of this clause "emergency vehicle" includes a tow truck or towing vehicle if it is
on the way to the location of an accident or a disabled vehicle.

(c) The commissioner of transportation may by order, and any public authority may
by ordinance, with respect to any controlled-access highway under their jurisdictions
prohibit or regulate the use of any such highway by pedestrians, bicycles, or other
nonmotorized traffic, or by motorized bicycles, or by any class or kind of traffic which is
found to be incompatible with the normal and safe flow of traffic.

(d) The commissioner of transportation or the public authority adopting any such
prohibitory rules shall erect and maintain official signs on the controlled-access highway
on which such rules are applicable and when so erected no person shall disobey the
restrictions stated on such signs.

Sec. 10. Minnesota Statutes 2012, section 169.826, is amended by adding a subdivision
to read:

Subd. 7. **Expiration date.** Upon request of the permit applicant the expiration
date for a permit issued under this section must be the same as the expiration date of the
permitted vehicle's registration.

**EFFECTIVE DATE.** This section is effective November 30, 2016, and applies
to permits issued on and after that date.

Sec. 11. Minnesota Statutes 2012, section 169.8261, is amended by adding a
subdivision to read:

Subd. 3. **Expiration date.** Upon request of the permit applicant the expiration
date for a permit issued under this section must be the same as the expiration date of the
permitted vehicle's registration.

**EFFECTIVE DATE.** This section is effective November 30, 2016, and applies
to permits issued on and after that date.

Sec. 12. Minnesota Statutes 2012, section 169.86, subdivision 5, is amended to read:

Subd. 5. **Fees; proceeds deposited; appropriation.** The commissioner, with
respect to highways under the commissioner's jurisdiction, may charge a fee for each
permit issued. The fee for an annual permit that expires by law on the date of the
vehicle registration expiration must be based on the proportion of the year that remains
until the expiration date. Unless otherwise specified, all fees for permits issued by the
commissioner of transportation must be deposited in the state treasury and credited to
the trunk highway fund. Except for those annual permits for which the permit fees are
specified elsewhere in this chapter, the fees are:

(a) $15 for each single trip permit.
(b) $36 for each job permit. A job permit may be issued for like loads carried on
a specific route for a period not to exceed two months. "Like loads" means loads of the
same product, weight, and dimension.
(c) $60 for an annual permit to be issued for a period not to exceed 12 consecutive
months. Annual permits may be issued for:

(1) motor vehicles used to alleviate a temporary crisis adversely affecting the safety
or well-being of the public;
(2) motor vehicles that travel on interstate highways and carry loads authorized
under subdivision 1a;
(3) motor vehicles operating with gross weights authorized under section 169.826,
subdivision 1a;
(4) special pulpwood vehicles described in section 169.863;
(5) motor vehicles bearing snowplow blades not exceeding ten feet in width;
(6) noncommercial transportation of a boat by the owner or user of the boat;
(7) motor vehicles carrying bales of agricultural products authorized under section
169.862; and
(8) special milk-hauling vehicles authorized under section 169.867.
(d) $120 for an oversize annual permit to be issued for a period not to exceed 12
consecutive months. Annual permits may be issued for:

(1) mobile cranes;
(2) construction equipment, machinery, and supplies;
(3) manufactured homes and manufactured storage buildings;
(4) implements of husbandry;
(5) double-deck buses;
(6) commercial boat hauling and transporting waterfront structures, including, but
not limited to, portable boat docks and boat lifts;
(7) three-vehicle combinations consisting of two empty, newly manufactured trailers
for cargo, horses, or livestock, not to exceed 28-1/2 feet per trailer; provided, however,
the permit allows the vehicles to be moved from a trailer manufacturer to a trailer dealer
only while operating on twin-trailer routes designated under section 169.81, subdivision 3,
paragraph (c); and
(8) vehicles operating on that portion of marked Trunk Highway 36 described in
section 169.81, subdivision 3, paragraph (e).
For vehicles that have axle weights exceeding the weight limitations of sections 169.823 to 169.829, an additional cost added to the fees listed above. However, this paragraph applies to any vehicle described in section 168.013, subdivision 3, paragraph (b), but only when the vehicle exceeds its gross weight allowance set forth in that paragraph, and then the additional cost is for all weight, including the allowance weight, in excess of the permitted maximum axle weight. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

For a vehicle found to exceed the appropriate maximum permitted weight, a cost-per-mile fee of 22 cents per ton, or fraction of a ton, over the permitted maximum weight is imposed in addition to the normal permit fee. Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

If the gross weight of the vehicle is more than 155,000 pounds the permit fee is determined under paragraph (e).

(g) For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to $120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect.

(h) $85 for an annual permit to be issued for a period not to exceed 12 months, for refuse-compactor vehicles that carry a gross weight of not more than: 22,000 pounds on a single rear axle; 38,000 pounds on a tandem rear axle; or, subject to section 169.828, subdivision 2, 46,000 pounds on a tridem rear axle. Sec. 26. [219.375] RAILROAD YARD LIGHTING.

Subdivision 1. General requirements. (a) All railroad common carriers, and their officers, agents, and employees, operating a railroad in this state are required to maintain lighting between sunset and sunrise above switches in railroad yards where from one half-hour before sunset to one half-hour after sunrise:

(1) cars or locomotives are switched or inspected; or
(2) cars are switched to assemble or disassemble trains.

Railroad common carriers shall provide lighting immediately adjacent to those portions of railroad yard tracks where railroad common carrier employees frequently work on the ground performing switching, inspection, and repair activities. For purposes of this section, "frequently work" means at least five days per week.

(b) Railroad yard lighting over switches and inspection areas must:

(1) conform with the guidelines set forth by the American Railway Engineering and Manufacturing Association (AREMA);
(2) be displayed only at times when activities related to switching, inspection, assembly, and disassembly of trains are taking place;
(3) be turned off when not needed;
(4) include at least one lighting source for each two-yard track switch segment; and
(5) be displayed from a height of at least 30 feet above the railroad yard lead-track
area.

c) Lighting over switches and other light sources within railroad yards or at other
railroad locations must be:

a battery storage source, or have another constant energy source; or
(2) be designed to have standard or light-emitting diode fixtures or electrical circuits
that include power saving or ambient atmosphere actuating switches.
(e) Railroad common carriers must replace damaged or nonoperative lighting within
48 hours after light source damage has been reported to the carrier.

(2) derailments;
(3) any period of heavy rain or snow, washouts, or similar weather or seismic

finds that railroad common carrier employees who frequently work immediately adjacent
to a portion of track performing switching, inspection, maintenance, repair, or fueling
activities are exposed to hazard resulting from the lack of lighting, or to the condition of
lighting constructed before July 1, 2014, the commissioner may order a railroad common
carrier to construct lighting adjacent to a portion of track where employees are performing
switching, inspection, maintenance, repair or fueling activities, or require a railroad
common carrier to modify existing lighting to conform with the standards set forth by
AREMA lighting standards, within a reasonable period of time.

Subd. 5. **Complaints.** No formal complaint of an alleged violation of this section may be filed until the filing party has attempted to address the alleged violations with the railroad common carrier. Any complaint of an alleged violation must contain a written statement that the filing party has made a reasonable, good faith attempt to address the alleged violation.

Subd. 6. **Waiver.** Upon written request of a railroad common carrier, the commissioner of transportation may waive any portion of this section if conditions do not reasonably permit compliance. The commissioner's decision is subject to the requirements under section 218.041 and shall include an on-site inspection of the area for which the waiver has been requested. The inspection shall occur between sunset and sunrise, and all parties of interest shall be permitted to attend.

Nothing in this section shall be construed to preclude design of railroad yard towers with multiple lighting sources, a brighter lighting design, or other features that exceed the requirements of this section.

The pollinator emergency response team may include representatives from local, state, and federal agencies; academia, including the University of Minnesota; or other professionals as deemed necessary by the commissioner.

Sec. 10. [18B.055] COMPENSATION FOR BEES KILLED BY PESTICIDE;

APPROPRIATION.

Subdivision 1. Compensation required. (a) The commissioner of agriculture must compensate a person for an acute pesticide poisoning resulting in the death of bees or loss of bee colonies owned by the person, provided:

(1) the person who applied the pesticide cannot be determined;

(2) the person who applied the pesticide did so in a manner consistent with the pesticide product's label or labeling; or

(3) the person who applied the pesticide did so in a manner inconsistent with the pesticide product's label or labeling.

(b) Except as provided in this section, the bee owner is entitled to the fair market value of the dead bees and bee colonies losses as determined by the commissioner upon recommendation by academic experts and bee keepers. In any fiscal year, a bee owner must not be compensated for a claim that is less than $100 or compensated more than $20,000 for all eligible claims.

(c) To be eligible for compensation under this section, the bee owner must be registered with a commonly utilized pesticide registry program, as designated by the commissioner of agriculture.

Subd. 2. Applicator responsible. In the event a person applies a pesticide in a manner inconsistent with the pesticide product's label or labeling requirements as approved by the commissioner and is determined to have caused the acute pesticide poisoning of bees,
resulting in death or loss of a bee colony kept for commercial purposes, then the person so
identified must bear the responsibility of restitution for the value of the bees to the owner.

In these cases the commissioner must not provide compensation as provided in this section.

Subd. 3. **Claim form.** The bee owner must file a claim on forms provided by the
commissioner and available on the Department of Agriculture's Web site.

Subd. 4. **Determination.** The commissioner must determine whether the death of
the bees or loss of bee colonies was caused by an acute pesticide poisoning, whether the
pesticide applicator can be determined, and whether the pesticide applicator applied the
pesticide product in a manner consistent with the pesticide product's label or labeling.

Subd. 5. **Payments; denial of compensation.** (a) If the commissioner determines
the bee death or loss of bee colony was caused by an acute pesticide poisoning and
either the pesticide applicator cannot be determined or the pesticide applicator applied
the pesticide product in a manner consistent with the pesticide product's label or labeling,
the commissioner may award compensation from the pesticide regulatory account. If the
pesticide applicator can be determined and the applicator applied the pesticide product
in a manner inconsistent with the product's label or labeling, the commissioner may
collect a penalty from the pesticide applicator sufficient to compensate the bee owner
for the fair market value of the dead bees and bee colonies losses, and must award the
money to the bee owner.

(b) If the commissioner denies compensation claimed by a bee owner under this
section, the commissioner must issue a written decision based upon the available evidence.
The decision must include specification of the facts upon which the decision is based and
the conclusions on the material issues of the claim. The commissioner must mail a copy
of the decision to the bee owner.

(c) A decision to deny compensation claimed under this section is not subject to the
contested case review procedures of chapter 14, but may be reviewed upon a trial de
novo in a court in the county where the loss occurred. The decision of the court may be
appealed as in other civil cases. Review in court may be obtained by filing a petition for
review with the administrator of the court within 60 days following receipt of a decision
under this section. Upon the filing of a petition, the administrator must mail a copy to the
commissioner and set a time for hearing within 90 days of the filing.

Subd. 6. **Deduction from payment.** The commissioner must reduce payments
made under this section by any compensation received by the bee owner for dead bees and
beehives losses as proceeds from an insurance policy or from another source.
Sec. 11. Minnesota Statutes 2012, section 85.34, subdivision 7, is amended to read:

Subd. 7. Disposition of proceeds. (a) All revenue derived from the lease of the Fort Snelling upper bluff, with the exception of payment for costs of the water line as described in subdivision 6, shall be deposited in the natural resources fund and credited to a state park account. Interest earned on the money in the account accrues to the account.

(b) Revenue and expenses from the upper bluff shall be tracked separately within the account. Money in the account derived from the leasing or operation of the property described in subdivision 1 may be appropriated annually to the commissioner for the payment of expenses attributable to the leasing, development, and operation of the property described in subdivision 1, including, but not limited to, the maintenance, repair, and rehabilitation of historic buildings and landscapes.

Sec. 12. Minnesota Statutes 2012, section 85A.02, subdivision 2, is amended to read:

The board may provide such lands, buildings and equipment as it deems necessary for parking, transportation, entertainment, education or instruction of the public in connection with such Zoological Garden. The Zoological Garden is the official pollinator bank for the state of Minnesota. A facility rehabilitated or developed with a grant under this section must be open to the general public at reasonable times and for a reasonable fee on a walk-in basis. The commissioner shall give preference to projects that will provide the most opportunities for youth.
Sec. 14. [92.83] CONDEMNATION OF SCHOOL TRUST LAND.

Subdivision 1. Purpose. The purpose of this section is to extinguish the school trust interest in school trust lands where long-term economic return is prohibited by designation or policy while producing economic benefits for Minnesota's public schools. For the purposes of satisfying the Minnesota Constitution, article XI, section 8, which limits the sale of school trust lands to a public sale, the commissioner of natural resources shall acquire school trust lands through condemnation, as provided in subdivision 2.

Subd. 2. Commencement of condemnation proceedings. When the commissioner of natural resources has determined sufficient money is available to acquire any of the lands identified under section 84.027, subdivision 18, paragraph (c), the commissioner shall proceed to extinguish the school trust interest by condemnation action. When requested by the commissioner, the attorney general shall commence condemnation of the identified school trust lands.

Subd. 3. Payment. The portion of the payment of the award and judgment that is for the value of the land shall be deposited into the permanent school fund. The remainder of the award and judgment payment shall first be remitted for reimbursement to the accounts from which expenses were paid, with any remainder deposited into the permanent school fund.

(b) Twenty percent of all payments under sections 93.14 to 93.285 shall be credited to the minerals management account in the natural resources fund as costs for the administration and management of state mineral resources by the commissioner of natural resources.

(c) The remainder of the payments shall be credited as follows:

(1) if the lands or minerals and mineral rights covered by a lease are held by the state by virtue of an act of Congress, payments made under the lease shall be credited to the permanent fund of the class of land to which the leased premises belong;

(2) if a lease covers the bed of navigable waters, payments made under the lease shall be credited to the permanent school fund of the state;

(3) if the lands or minerals and mineral rights covered by a lease are held by the state in trust for the taxing districts, payments made under the lease shall be distributed annually on the first day of September to the respective counties in which the lands lie, to be
apportioned among the taxing districts interested therein as follows: county, three-ninths;
town or city, two-ninths; and school district, four-ninths;

(4) if the lands or mineral rights covered by a lease became the absolute property of

to the permanent school fund, the permanent university fund, and taxing districts as
provided in section 93.22, subdivision 1, paragraph (c). The amount distributed to each
fund must be in the same proportion as the total mineral lease revenue received in the
previous biennium from school trust lands, university lands, and lands held by the state in
trust for taxing districts.

(c) Subject to appropriation by the legislature, money in the minerals management
account may be spent by the commissioner of natural resources for mineral resource
management and projects to enhance future mineral income and promote new mineral
resource opportunities.

Sec. 17. Minnesota Statutes 2012, section 103G.251, is amended to read:

103G.251 INVESTIGATION OF ACTIVITIES WITHOUT PERMIT
AFFECTING WATERS OF THE STATE.

Subdivision 1. Investigations. If the commissioner determines that an investigation
is in the public interest, the commissioner may investigate and monitor activities being
conducted with or without a permit that may affect waters of the state.

Subd. 2. Findings and order. (a) With or without a public hearing, the
commissioner may make findings and issue orders related to activities being conducted
without a permit that affect waters of the state as otherwise authorized under this chapter.
(b) A copy of the findings and order must be served on the person to whom the order is issued.

(c) If the commissioner issues the findings and order without a hearing, the person to whom the order is issued may file a demand for a hearing with the commissioner. The demand for a hearing must be accompanied by the bond as provided in section 103G.311, subdivision 6, and the hearing must be held in the same manner and with the same requirements as a hearing held under section 103G.311, subdivision 5. The demand for a hearing and bond must be filed by 30 days after the person is served with a copy of the commissioner's order.

(d) The hearing must be conducted as a contested case hearing under chapter 14.

(e) If the person to whom the order is addressed does not demand a hearing or demands a hearing but fails to file the required bond:

(1) the commissioner's order becomes final at the end of 30 days after the person is served with the order; and

(2) the person may not appeal the order.

(f) An order of the commissioner may be recorded or filed by the commissioner in the office of the county recorder or registrar of titles, as appropriate, in the county where the real property is located as a deed restriction on the property that runs with the land and is binding on the owners, successors, and assigns until the conditions of the order are met or the order is rescinded.

Sec. 18. Minnesota Statutes 2012, section 103G.271, subdivision 5, is amended to read:

Subd. 5. **Prohibition on once-through water use permits.** (a) Except as provided in paragraph (c), the commissioner may not after December 31, 1990, issue a water use permit to increase the volume of appropriation from a groundwater source for a once-through cooling system using in excess of 5,000,000 gallons annually.

(b) Except as provided in paragraph (c), once-through system water use permits using in excess of 5,000,000 gallons annually must be terminated by the commissioner by the end of their design life but not later than December 31, 2010, unless the discharge is into a public water basin within a nature preserve approved by the commissioner and established prior to January 1, 2001. Existing once-through systems must not be expanded and are required to convert to water efficient alternatives within the design life of existing equipment.

(c) Notwithstanding paragraphs (a) and (b), the commissioner, with the approval of the commissioners of health and the Pollution Control Agency, may issue once-through system water use permits on an annual basis for aquifer storage and recovery systems that
return all once-through system water to the source aquifer. Water use permit processing fees in subdivision 6, paragraph (a), apply to all water withdrawals under this paragraph, including any reuse of water returned to the source aquifer.

**EFFECTIVE DATE.** This section is effective January 1, 2015.

Sec. 19. Minnesota Statutes 2012, section 103G.271, subdivision 6, is amended to read:

Subd. 6. Water use permit processing fee. (a) Except as described in paragraphs (b) to (f), a water use permit processing fee must be prescribed by the commissioner in accordance with the schedule of fees in this subdivision for each water use permit in force at any time during the year. Fees collected under this paragraph are credited to the water management account in the natural resources fund. The schedule is as follows, with the stated fee in each clause applied to the total amount appropriated:

1. $140 for amounts not exceeding 50,000,000 gallons per year;
2. $3.50 per 1,000,000 gallons for amounts greater than 50,000,000 gallons but less than 100,000,000 gallons per year;
3. $4 per 1,000,000 gallons for amounts greater than 100,000,000 gallons but less than 150,000,000 gallons per year;
4. $4.50 per 1,000,000 gallons for amounts greater than 150,000,000 gallons but less than 200,000,000 gallons per year;
5. $5 per 1,000,000 gallons for amounts greater than 200,000,000 gallons but less than 250,000,000 gallons per year;
6. $5.50 per 1,000,000 gallons for amounts greater than 250,000,000 gallons but less than 300,000,000 gallons per year;
7. $6 per 1,000,000 gallons for amounts greater than 300,000,000 gallons but less than 350,000,000 gallons per year;
8. $6.50 per 1,000,000 gallons for amounts greater than 350,000,000 gallons but less than 400,000,000 gallons per year;
9. $7 per 1,000,000 gallons for amounts greater than 400,000,000 gallons but less than 450,000,000 gallons per year;
10. $7.50 per 1,000,000 gallons for amounts greater than 450,000,000 gallons but less than 500,000,000 gallons per year; and
11. $8 per 1,000,000 gallons for amounts greater than 500,000,000 gallons per year.

(b) For once-through cooling systems, a water use processing fee must be prescribed by the commissioner in accordance with the following schedule of fees for each water use permit in force at any time during the year:

1. for nonprofit corporations and school districts, $200 per 1,000,000 gallons; and
(2) for all other users, $420 per 1,000,000 gallons.

(c) The fee is payable based on the amount of water appropriated during the year and, except as provided in paragraph (f), the minimum fee is $100.

(d) For water use processing fees other than once-through cooling systems:

(1) the fee for a city of the first class may not exceed $250,000 per year;

(2) the fee for other entities for any permitted use may not exceed:

(i) $60,000 per year for an entity holding three or fewer permits;

(ii) $90,000 per year for an entity holding four or five permits; or

(iii) $300,000 per year for an entity holding more than five permits;

(3) the fee for agricultural irrigation may not exceed $750 per year;

(4) the fee for a municipality that furnishes electric service and cogenerates steam for home heating may not exceed $10,000 for its permit for water use related to the cogeneration of electricity and steam; and

(5) no fee is required for a project involving the appropriation of surface water to prevent flood damage or to remove flood waters during a period of flooding, as determined by the commissioner.

(e) Failure to pay the fee is sufficient cause for revoking a permit. A penalty of ten percent per month calculated from the original due date must be imposed on the unpaid balance of fees remaining 30 days after the sending of a second notice of fees due. A fee may not be imposed on an agency, as defined in section 16B.01, subdivision 2, or federal governmental agency holding a water appropriation permit.

(f) The minimum water use processing fee for a permit issued for irrigation of agricultural land is $20 for years in which:

(1) there is no appropriation of water under the permit; or

(2) the permit is suspended for more than seven consecutive days between May 1 and October 1.

(g) The commissioner shall waive the water use permit fee for installations and projects that use storm water runoff or where public entities are diverting water to treat a water quality issue and returning the water to its source without using the water for any other purpose, unless the commissioner determines that the proposed use adversely affects surface water or groundwater to a significant extent.

(h) A surcharge of $30 per million gallons in addition to the fee prescribed in paragraph (a) shall be applied to the volume of water used in each of the months of June, July, and August that exceeds the volume of water used in January for municipal water use, irrigation of golf courses, and landscape irrigation. The surcharge for municipalities...
with more than one permit shall be determined based on the total appropriations from all permits that supply a common distribution system.

Sec. 20. Minnesota Statutes 2012, section 103G.281, is amended by adding a subdivision to read:

Subd. 4. **Penalty for noncompliant reporting.** The commissioner may assess penalties for noncompliant reporting of water use information as provided in this section. The penalty is ten percent of the annual water use permit processing fee.

Sec. 21. [103G.299] **ADMINISTRATIVE PENALTIES.**

Subdivision 1. **Authority to issue penalty orders.** (a) As provided in paragraph (b), the commissioner may issue an order requiring violations to be corrected and administratively assessing monetary penalties for violations of sections 103G.271 and 103G.275, and any rules adopted under those sections.

(b) An order under this section may be issued to a person for water appropriation activities without a required permit.

(c) The order must be issued as provided in this section and in accordance with the plan prepared under subdivision 12.

Subd. 2. **Amount of penalty; considerations.** (a) The commissioner may issue orders assessing administrative penalties based on potential for harm and deviation from compliance. For a violation that presents: (1) a minor potential for harm and deviation from compliance, the penalty will be no more than $1,000; (2) a moderate potential for harm and deviation from compliance, the penalty will be no more than $10,000; and (3) a severe potential for harm and deviation from compliance, the penalty will be no more than $20,000.

(b) In determining the amount of a penalty the commissioner may consider:

(1) the gravity of the violation, including potential for, or real, damage to the public interest or natural resources of the state;

(2) the history of past violations;

(3) the number of violations;

(4) the economic benefit gained by the person by allowing or committing the violation based on data from local or state bureaus or educational institutions; and

(5) other factors as justice may require, if the commissioner specifically identifies the additional factors in the commissioner's order.
(c) For a violation after an initial violation, including a continuation of the initial
violation, the commissioner must, in determining the amount of a penalty, consider the
factors in paragraph (b) and the:

(1) similarity of the most recent previous violation and the violation to be penalized;
(2) time elapsed since the last violation;
(3) number of previous violations; and
(4) response of the person to the most recent previous violation identified.

Subd. 3. Contents of order. An order assessing an administrative penalty under
this section must include:

(1) a concise statement of the facts alleged to constitute a violation;
(2) a reference to the section of the statute, rule, order, or term or condition of
a permit that has been violated;
(3) a statement of the amount of the administrative penalty to be imposed and the
factors upon which the penalty is based; and
(4) a statement of the person's right to review of the order.

Subd. 4. Corrective order. (a) The commissioner may issue an order assessing a
penalty and requiring the violations cited in the order to be corrected within a time period
specified by the commissioner.

(b) The person to whom the order was issued must provide information to the
commissioner before the 31st day after the order was received demonstrating that the
violation has been corrected or that appropriate steps toward correcting the violation
have been taken.

(c) The commissioner must determine whether the violation has been corrected and
notify the person subject to the order of the commissioner's determination.

Subd. 5. Penalty. (a) Unless the person requests review of the order under
subdivision 6 or 7 before the penalty is due, the penalty in the order is due and payable:

(1) on the 31st day after the order was received, if the person subject to the order
fails to provide information to the commissioner showing that the violation has been
corrected or that appropriate steps have been taken toward correcting the violation; or
(2) on the 20th day after the person receives the commissioner's determination under
subdivision 4, paragraph (c), if the person subject to the order has provided information
to the commissioner that the commissioner determines is not sufficient to show that the
violation has been corrected or that appropriate steps have been taken toward correcting
the violation.

(b) The penalty is due by 31 days after the order was received, unless review of the
order under subdivision 6 or 7 has been sought.
(c) Interest at the rate established in section 549.09 begins to accrue on penalties under this subdivision on the 31st day after the order with the penalty was received.

Subd. 6. Expedited administrative hearing. (a) Within 30 days after receiving an order or within 20 days after receiving notice that the commissioner has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may request an expedited hearing, using the procedures under Minnesota Rules, parts 1400.8510 to 1400.8612, to review the commissioner's determination. The hearing request must specifically state the reasons for seeking review of the order. The person to whom the order is directed and the commissioner are the parties to the expedited hearing. The commissioner must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the commissioner unless the parties agree to a later date.

(b) All written arguments must be submitted within ten days following the close of the hearing. The hearing must be conducted under Minnesota Rules, parts 1400.8510 to 1400.8612, as modified by this subdivision.

(c) The administrative law judge must issue a report making recommendations about the commissioner's action to the commissioner within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the amount of the penalty is unreasonable.

(d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the commissioner may add to the amount of the penalty the costs charged to the department by the Office of Administrative Hearings for the hearing.

(e) If a hearing has been held, the commissioner may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the commissioner on the recommendations, and the commissioner must consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(f) If a hearing has been held and a final order issued by the commissioner, the penalty must be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69. If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from 31 days after the original order was received at the rate established in section 549.09.
Subd. 7. Mediation. In addition to review under subdivision 6, the commissioner may enter into mediation concerning an order issued under this section if the commissioner and the person to whom the order is issued both agree to mediation.

Subd. 8. Penalties due and payable. The commissioner may enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts.

Subd. 9. Revocation and suspension of permit. If a person fails to pay a penalty owed under this section, the commissioner has grounds to revoke a permit or to refuse to amend a permit or issue a new permit.

Subd. 10. Cumulative remedy. The authority of the commissioner to issue a corrective order assessing penalties is in addition to other remedies available under statutory or common law, except that the state may not seek civil penalties under any other provision of law for the violations covered by the administrative penalty order. The payment of a penalty does not preclude the use of other enforcement provisions, under which penalties are not assessed, in connection with the violation for which the penalty was assessed.

Subd. 11. Deposit of fees. Fees collected under this section must be credited to the water management account in the natural resources fund.

Subd. 12. Plan for use of administrative penalties. The commissioner must prepare a plan for using the administrative penalty authority in this section. The plan must include explanations for how the commissioner will determine whether violations are minor, moderate, or severe. The commissioner must provide a 30-day period for public comment on the plan. The plan must be finalized within six months after the effective date of this section.

was loaned by the local community or Indian tribal government. Money repaid to the state must be credited to a Minnesota investment revolving loan account in the state treasury. Funds in the account are appropriated to the commissioner and must be used in the same manner as are funds appropriated to the Minnesota investment fund. Funds repaid to the state through existing Minnesota investment fund agreements must be credited to the Minnesota investment revolving loan account effective July 1, 2005. A grant or loan may not be made to a person or entity for the operation or expansion of a casino or a store which is used solely or principally for retail sales. Persons or entities receiving grants or loans must pay each employee total compensation, including benefits not mandated by law, that on an annualized basis is equal to at least 110 percent of the federal poverty level for a family of four.

Sec. 2. Minnesota Statutes 2012, section 216B.1611, is amended by adding a subdivision to read:

Subd. 3a. Project information. (a) Beginning July 1, 2014, each electric utility shall request an applicant for interconnection of distributed renewable energy generation to provide the following information, in a format prescribed by the commissioner:

(1) the nameplate capacity of the facility in the application;

(2) the total preincentive installed cost of the generation system at the facility;

(3) the energy source of the facility; and

(4) the zip code in which the facility is to be located.

(b) The commissioner shall develop or identify a system to collect and process the information under this subdivision from each utility, and make nonproject-specific data available to the public on a periodic basis as determined by the commissioner, and in a format determined by the commissioner. The commissioner may solicit proposals from outside parties to develop the system.

(c) Electric utilities collecting and transferring data under this subdivision are not responsible for the accuracy, completeness, or quality of the information under this subdivision.

(d) Any information under this subdivision is nonpublic, until it is made public by the commissioner as provided under paragraph (b) of this subdivision.

of the technologies employed. The commissioner shall, by order, establish, maintain, and
update energy-savings assumptions that must be used when filing energy conservation
improvement programs. The commissioner shall establish an inventory of the most
effective energy conservation programs, techniques, and technologies, and encourage all
Minnesota utilities to implement them, where appropriate, in their service territories.
The commissioner shall describe these programs in sufficient detail to provide a utility
reasonable guidance concerning implementation. The commissioner shall prioritize the
opportunities in order of potential energy savings and in order of cost-effectiveness. The
commissioner may contract with a third party to carry out any of the commissioner's duties
under this subdivision, and to obtain technical assistance to evaluate the effectiveness of
any conservation improvement program. The commissioner may assess up to $800,000
annually until June 30, 2009, and $450,000 $850,000 annually thereafter for the purposes
of this subdivision. The assessments must be deposited in the state treasury and credited
to the energy and conservation account created under subdivision 2a. An assessment
made under this subdivision is not subject to the cap on assessments provided by section
216B.62, or any other law.

(b) Of the assessment authorized under paragraph (a), the commissioner may expend
up to $400,000 annually for the purpose of developing, operating, maintaining, and
providing technical support for a uniform electronic data reporting and tracking system
available to all utilities subject to this section, in order to enable accurate measurement of
the cost and energy savings of the energy conservation improvements required by this
section. This paragraph expires June 30, 2017, and may be used for no more than three
annual assessments occurring prior to that date.

EFFECTIVE DATE. This section is effective the day following final enactment
and applies to assessments made after June 30, 2014.

RENEWABLE ENERGY LOAN PROGRAM.

Subdivision 1. Definitions. (a) The definitions in this subdivision apply to this
section.

(b) "Small-scale Renewable Community energy efficiency and renewable energy"
projects include solar thermal water heating, solar electric or photovoltaic equipment,
small wind energy conversion systems of less than 250 kW, anaerobic digester gas

loans to units of local government to (1) finance community-owned or publicly owned
small-scale renewable energy systems or to cost-effective energy efficiency improvements
to public buildings, (2) provide loans or other aids to small businesses to install small-scale

Agency to residential property owners, private developers, nonprofit organizations,
or units of local government under sections 462A.05, subdivisions 14 and 18; and
462A.33 for the construction, purchase, or rehabilitation of residential housing to facilitate
the installation of small-scale renewable energy systems in residential housing and
cost-effective energy conservation improvements identified in an energy efficiency audit.
The commissioner shall assist the Housing Finance Agency in assessing the technical
qualifications of loan applicants.

(c) A local unit of government shall not require an industrial customer to release
its energy usage data as part of a community energy efficiency project or loan under this
section. Industrial energy usage data may only be released upon the express, written
consent of the industrial customer.

Subd. 4. Technical standards. The commissioner shall determine technical
standards for small-scale renewable energy systems community energy efficiency and
renewable energy projects to qualify for loans under this section. The commissioner shall
not condition qualification of a community energy efficiency project for a loan under this
section on the production of industrial energy usage data or aggregation of energy usage
data that includes an industrial customer.

Subd. 5. Loan proposals. (a) At least once a year, the commissioner shall publish in
the State Register a request for proposals from units of local government for a loan under
this section. Within 45 days after the deadline for receipt of proposals, the commissioner
shall select proposals based on the following criteria:

(1) the reliability and cost-effectiveness of the renewable or energy efficiency
technology to be installed under the proposal;

(2) the extent to which the proposal effectively integrates with the conservation and
energy efficiency programs or goals of the energy utilities serving the proposer;

(3) the total life cycle energy use and greenhouse gas emissions reductions per
dollar of installed cost;

(4) the diversity of the renewable energy or energy efficiency technology installed
under the proposal;

rate required to recover principal and interest plus the costs of issuing the loan, and must
be for a minimum of 15 years, unless the commissioner determines that a shorter loan
period of no less than ten five years is necessary and feasible.

Subd. 7. Account. A micro-energy community energy efficiency and renewable
energy loan account is established in the state treasury. Money in the account consists of
the proceeds of revenue bonds issued under section 216C.146, interest and other earnings
on money in the account, money received in repayment of loans from the account,
legislative appropriations, and money from any other source credited to the account.

Subd. 8. Appropriation. Money in the account is appropriated to the commissioner
of commerce to make micro-energy community energy efficiency and renewable energy
loans under this section and to the commissioner of management and budget to pay debt
service and other costs under section 216C.146. Payment of debt service costs and funding
reserves take priority over use of money in the account for any other purpose.

Sec. 5. Minnesota Statutes 2012, section 216C.146, is amended to read:

216C.146 MICROENERGY COMMUNITY ENERGY EFFICIENCY AND
RENEWABLE ENERGY LOAN REVENUE BONDS.

Subdivision 1. Bonding authority; definition. (a) The commissioner of

129.5 (c) For the purpose of this section, "commissioner" means the commissioner of management and budget.
129.6 Subd. 2. Procedure. The commissioner may sell and issue the bonds on the terms and conditions the commissioner determines to be in the best interests of the state. The bonds may be sold at public or private sale. The commissioner may enter into any agreements or pledges the commissioner determines necessary or useful to sell the bonds that are not inconsistent with section 216C.145. Sections 16A.672 to 16A.675 apply to the bonds. The proceeds of the bonds issued under this section must be credited to the microenergy community energy efficiency and renewable energy loan account created under section 216C.145.
129.7 Subd. 3. Revenue sources. The debt service on the bonds is payable only from the following sources:
129.8 (1) revenue credited to the microenergy community energy efficiency and renewable energy loan account from the sources identified in section 216C.145 or from any other source; and

The proceeds of the refunding bonds may, at the discretion of the commissioner, be applied to the purchases or payment at maturity of the bonds to be refunded, or the redemption of the outstanding bonds on the first redemption date after delivery of the refunding bonds and may, until so used, be placed in escrow to be applied to the purchase, retirement, or redemption. Refunding bonds issued under this subdivision must be issued and secured in the manner provided by the commissioner.
Subd. 5. Not a general or moral obligation. Bonds issued under this section are not public debt, and the full faith, credit, and taxing powers of the state are not pledged for their payment. The bonds may not be paid, directly in whole or in part from a tax of statewide application on any class of property, income, transaction, or privilege. Payment of the bonds is limited to the revenues explicitly authorized to be pledged under this section. The state neither makes nor has a moral obligation to pay the bonds if the pledged revenues and other legal security for them is insufficient.

Subd. 6. Trustee. The commissioner may contract with and appoint a trustee for bondholders. The trustee has the powers and authority vested in it by the commissioner under the bond and trust indentures.

Subd. 7. Pledges. A pledge made by the commissioner is valid and binding from the time the pledge is made. The money or property pledged and later received by the commissioner is immediately subject to the lien of the pledge without any physical delivery of the property or money or further act, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the commissioner, whether or not those parties have notice of the lien or pledge. Neither the order nor any other instrument by which a pledge is created need be recorded.

Subd. 8. Bonds; purchase and cancellation. The commissioner, subject to agreements with bondholders that may then exist, may, out of any money available for the purpose, purchase bonds of the commissioner at a price not exceeding (1) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon, or (2) if the bonds are not redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.

Subd. 9. State pledge against impairment of contracts. The state pledges and agrees with the holders of any bonds that the state will not limit or alter the rights vested in the commissioner to fulfill the terms of any agreements made with the bondholders, or in any way impair the rights and remedies of the holders until the bonds, together with interest on them, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders, are fully met and discharged. The commissioner may include this pledge and agreement of the state in any agreement with the holders of bonds issued under this section.

Sec. 6. Minnesota Statutes 2012, section 268A.01, subdivision 14, is amended to read:

The employer must also provide one benefit package that is available to all employees at the specific site certified as an affirmative business enterprise.

Sec. 7. [268A.16] **EMPLOYMENT SERVICES FOR PERSONS WHO ARE DEAF, DEAFBLIND, OR HARD-OF-HEARING.**

Subdivision 1. **Deaf, deafblind, and hard-of-hearing grants.** (a) The commissioner shall develop and implement a specialized statewide grant program to provide long-term supported employment services for persons who are deaf, deafblind, and hard-of-hearing. Subd. 2. **Employment services for transition-aged youth who are deaf, deafblind, and hard-of-hearing.** (a) The commissioner shall develop statewide or regional grant programs to provide school-based communication, access, and employment services for youth who are deaf, deafblind, and hard-of-hearing. Services must include...
staff who have the skills addressed in subdivision 1, clauses (2) and (3), and expertise
in serving transition-aged youth.

(b) Priority for funding shall be given to organizations with experience in providing
innovative employment support services and readiness for postsecondary training for
transition-aged youths who are deaf, deafblind, and hard-of-hearing. Each applicant for
funds under this section shall submit an evaluation protocol as part of the grant application.

Subd. 3. Administration. Up to five percent of the biennial appropriation for the

EFFECTIVE DATE. This section is effective July 1, 2015.

Sec. 8. Minnesota Statutes 2012, section 298.28, subdivision 2, is amended to read:

Subd. 2. City or town where quarried or produced. (a) 4.5 cents per gross ton of
merchantable iron ore concentrate, hereinafter referred to as "taxable ton," plus the amount
provided in paragraph (c), must be allocated to the city or town in the county in which
the lands from which taconite was mined or quarried were located or within which the
concentrate was produced. If the mining, quarrying, and concentration, or different steps
in either thereof are carried on in more than one taxing district, the commissioner shall
apportion equitably the proceeds of the part of the tax going to cities and towns among
such subdivisions upon the basis of attributing 50 percent of the proceeds of the tax to
the operation of mining or quarrying the taconite, and the remainder to the concentrating
plant and to the processes of concentration, and with respect to each thereof giving due
consideration to the relative extent of such operations performed in each such taxing
district. The commissioner's order making such apportionment shall be subject to review
by the Tax Court at the instance of any of the interested taxing districts, in the same
manner as other orders of the commissioner.

(b) Four cents per taxable ton shall be allocated to cities and organized townships
affected by mining because their boundaries are within three miles of a taconite mine pit
that has been actively mined in at least one of the prior three years. If a city or town is
located near more than one mine meeting these criteria, the city or town is eligible to
receive aid calculated from only the mine producing the largest taxable tonnage. When
more than one municipality qualifies for aid based on one company's production, the aid
must be apportioned among the municipalities in proportion to their populations. Of The
amounts distributed under this paragraph to each municipality, one half must be used for
infrastructure improvement projects, and one half must be used for projects in which two
or more municipalities cooperate. Each municipality that receives a distribution under this
paragraph must report annually to the Iron Range Resources and Rehabilitation Board and
the commissioner of Iron Range resources and rehabilitation on the projects involving cooperation with other municipalities.

to perform summative evaluations and ensure school districts and charter schools provide
for effective evaluator training specific to teacher development and evaluation;

improvement process under clause (12) that may include a last chance warning,

program, a school district, intermediate school district, school site, or charter school must
have an educational improvement plan under section 122A.413 and an alternative teacher
professional pay system agreement under paragraph (b). A charter school participant also
must comply with subdivision 2a.

(b) The alternative teacher professional pay system agreement must:
(1) describe how teachers can achieve career advancement and additional compensation;

(2) describe how the school district, intermediate school district, school site, or charter school will provide teachers with career advancement options that allow teachers to retain primary roles in student instruction and facilitate site-focused professional development that helps other teachers improve their skills;

(3) reform the "steps and lanes" salary schedule, prevent any teacher's compensation paid before implementing the pay system from being reduced as a result of participating in this system, and base at least 60 percent of any compensation increase on teacher performance using:

(i) schoolwide student achievement gains under section 120B.35 or locally selected standardized assessment outcomes, or both;

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2015 and later. Paragraph (b), clause (3), is effective for agreements under this section approved after August 1, 2015.

Sec. 5. Minnesota Statutes 2012, section 122A.415, subdivision 1, is amended to read:
Subdivision 1. **Revenue amount.** (a) A school district, intermediate school district, school site, or charter school that meets the conditions of section 122A.414 and submits an application approved by the commissioner is eligible for alternative teacher compensation revenue.

(b) For school district and intermediate school district applications, the commissioner must consider only those applications to participate that are submitted jointly by a district and the exclusive representative of the teachers. The application must contain an alternative teacher professional pay system agreement that:

(1) implements an alternative teacher professional pay system consistent with section 122A.414; and

(2) is negotiated and adopted according to the Public Employment Labor Relations Act under chapter 179A, except that notwithstanding section 179A.20, subdivision 3, a district may enter into a contract for a term of two or four years.

Alternative teacher compensation revenue for a qualifying school district or site in which the school board and the exclusive representative of the teachers agree to place teachers in the district or at the site on the alternative teacher professional pay system equals $260 times the number of pupils enrolled at the district or site on October 1 of the previous fiscal year. Alternative teacher compensation revenue for a qualifying intermediate school district must be calculated under section 126C.10, subdivision 4.

(c) For a newly combined or consolidated district, the revenue shall be computed using the sum of pupils enrolled on October 1 of the previous year in the districts entering into the combination or consolidation. The commissioner may adjust the revenue computed for a site using prior year data to reflect changes attributable to school closings, school openings, or grade level reconfigurations between the prior year and the current year.

(d) The revenue is available only to school districts, intermediate school districts, school sites, and charter schools that fully implement an alternative teacher professional pay system by October 1 of the current school year.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2015 and later.

Sec. 6. Minnesota Statutes 2012, section 123A.05, subdivision 2, is amended to read:

Subd. 2. **Reserve revenue.** Each district that is a member of an area learning center or alternative learning program must reserve revenue in an amount equal to the sum of (1) at least 90 percent of the district average general education revenue per adjusted pupil unit minus an amount equal to the product of the formula...
allowance according to section 126C.10, subdivision 2, times .0485, calculated without basic skills revenue, local optional revenue, and transportation sparsity revenue, times the number of pupil units attending an area learning center or alternative learning program under this section, plus (2) the amount of basic skills revenue generated by pupils attending the area learning center or alternative learning program. The amount of reserved revenue under this subdivision may only be spent on program costs associated with the area learning center or alternative learning program.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2015 and later.

**Sec. 7. [123A.482] JOINT POWERS COOPERATIVE FACILITY.**

Subdivision 1. **Schools may be jointly operated.** Two or more school districts may agree to jointly operate a secondary facility. The districts may choose to operate the facility according to a joint powers agreement under section 123A.78 or 471.59.

Subd. 2. **Expanded program offerings.** A jointly operated secondary program seeking funding under section 123A.485 must demonstrate to the commissioner's satisfaction that the jointly operated program provides enhanced learning opportunities and broader curriculum offerings to the students attending that program. The commissioner must approve or disapprove a cooperative secondary program within 60 days of receipt of an application.

Subd. 2a. **Transfer of employees.** An employee transferred between members of a joint powers agreement under this section is not required to serve a statutory or contractual probationary period. The employee shall receive credit on the receiving district's salary schedule for the employee's educational attainment and years of continuous service in the sending district, or shall receive a comparable salary, whichever is greater. The employee shall receive credit for accrued sick leave and rights to severance benefits as if the employee had been employed by the receiving district during the employee's years of employment in the sending district.

Subd. 3. **Revenue.** An approved program that is jointly operated under this section is eligible for aid under section 123A.485 and qualifies for a facilities grant under sections 123A.44 to 123A.446.

Subd. 4. **Duty to maintain elementary and secondary schools met.** A school district operating a joint facility under this section meets the requirements of section 123A.64.
Subd. 5. Estimated market value limit exclusion. Bonds for a cooperative facility operated under this section issued by a member school district are not subject to the net debt limit under section 475.53, subdivision 4.

Subd. 6. Allocation of levy authority for joint facility. For purposes of determining each member district's school levy, a jointly operated secondary program may allocate program costs to each member district according to the joint powers agreement and each member district may include those costs in its tax levy. The joint powers agreement may choose to allocate costs on any basis adopted as part of the joint powers agreement.

Subd. 7. Effect of consolidation. The joint powers agreement may allow member school districts that choose to consolidate to continue to certify levies separately based on each component district's characteristics.

Subd. 8. Bonds. A joint powers district formed under this section may issue bonds according to section 123A.78 or its member districts may issue bonds individually after complying with this subdivision. The joint powers board must submit the project for review and comment under section 123B.71. The joint powers board must hold a hearing on the proposal. If the bonds are not issued under section 123A.78, each member district of the joint powers district must submit the question of authorizing borrowing of funds for the project to the voters of the district at a special election. The question submitted shall state the total amount of funding needed from that district. The member district may issue the bonds according to chapter 475 and certify the levy required by section 475.61 only if a majority of those voting on the question in that district vote in the affirmative and only after the board has adopted a resolution pledging the full faith and credit of that unit. The resolution must irrevocably commit that unit to pay an agreed-upon share of any debt levy shortages that, together with other funds available, would allow the member school board to pay the principal and interest on the obligations. The clerk of the joint powers board must certify the vote of any bond elections to the commissioner. Bonds issued under this section first qualify for debt service equalization aid in fiscal year 2018.

Subd. 9. Election. A district entering into a joint powers agreement under this section may conduct a referendum seeking approval for a new facility. This election may be held separately or at the same time as a bond election under subdivision 8. If the election is held at the same time, the questions may be asked separately or as a conjunctive question. The question must be approved by a majority of those voting on the question. If asked separately and the question fails, a district may not proceed with the sale of bonds according to subdivision 8.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 8. Minnesota Statutes 2012, section 123A.485, is amended to read:

123A.485 CONSOLIDATION TRANSITION REVENUE AID.

Subdivision 1. Eligibility and use. A district that operates a cooperative facility under section 123A.482 or that has been reorganized after June 30, 1994, under section 123A.48 is eligible for consolidation transition revenue. Revenue is equal to the sum of aid under subdivision 2 and levy under subdivision 3. Consolidation transition revenue aid may only be used according to this section. Revenue must be used for the following purposes and may be distributed among these purposes at the discretion of the district or the governing board of the cooperative facility:

2. to reduce operating debt as defined in section 123B.82;
3. to enhance learning opportunities for students in the reorganized district; and
4. to repay building debt; or
5. for other costs incurred in the reorganization.

Revenue received and utilized under clause (3) or (4) (5) may be expended for operating, facilities, and/or equipment.

Subd. 2. Aid. (a) Consolidation transition aid is equal to $200 $300 times the number of resident adjusted pupil units in the newly created cooperative facility under section 123A.482 or the consolidated district in the year of consolidation and $100 times the number of resident pupil units in the first year following the year of consolidation under section 123A.48. The number of pupil units used to calculate aid in either year shall not exceed 1,000 for districts consolidating July 1, 1994, and 1,500 for districts consolidating July 1, 1995, and thereafter. A district may receive aid under this section for not more than five years except as provided in subdivision 4.

(b) If the total appropriation for consolidation transition aid for any fiscal year, plus any amount transferred under section 127A.41, subdivision 8, is insufficient to pay all districts the full amount of aid earned, the department must first pay the districts in the first year following the year of consolidation the full amount of aid earned and distribute any remaining funds to the newly created districts in the first year of consolidation.

Subd. 3. Levy. If the aid available in subdivision 2 is insufficient to cover the costs of the district under section 123A.48, subdivision 23, the district may levy the difference over a period of time not to exceed three years.

Subd. 4. New districts. If a district enters into a cooperative secondary facilities program or consolidates with another district that has received aid under section 123A.39, subdivision 3, or 123A.485 for a combination or consolidation taking effect within
six years of the effective date of the new consolidation or the start of the cooperative secondary facilities program, only the pupil units in the district or districts not previously cooperating or reorganized must be counted for aid purposes under subdivision 2. If two or more districts consolidate and all districts received aid under subdivision 2 for a consolidation taking effect within six years of the effective date of the new consolidation, only one quarter of the pupil units in the newly created district must be used to determine aid under subdivision 2.

EFFECTIVE DATE. This section is effective for state aid for fiscal year 2017 and later.

Sec. 9. Minnesota Statutes 2012, section 123A.64, is amended to read:

123A.64 DUTY TO MAINTAIN ELEMENTARY AND SECONDARY SCHOOLS.

A district that has an agreement according to sections 123A.35 to 123A.43 or 123A.32 must operate a school with the number of grades required by those sections. A district that has an agreement according to section 123A.30 or 123A.17, subdivision 7, or has received a grant under sections 123A.441 to 123A.446 must operate a school for the grades not included in the agreement, but not fewer than three grades.

are insufficient to provide programs for all children, early childhood family education
programs should emphasize programming for a child from birth to age three and

readiness programs, and other public and nonpublic early learning programs. A district
may not limit participation to school district residents. Early childhood family education
programs must provide:

    parents and other relatives in providing for their children's learning and development;
(2) structured learning activities requiring interaction between children and their
    parents or relatives;
(3) structured learning activities for children that promote children's development

    prevention of child abuse and neglect; and

    the racial, cultural, and economic diversity of the school district needs assessment that
    identifies new and underserved populations, identifies child and family risk factors,
    particularly those that impact children's learning and development, and assesses family
    and parenting education needs in the community;
(7) programming and services that are tailored to the needs of families and parents
    prioritized in the community needs assessment; and
(8) provide information about and, if needed, assist in making arrangements for an
    early childhood health and developmental screening under sections 121A.16 and 121A.17,

Early childhood family education programs should prioritize programming and
services for families and parents identified in the community needs assessment, particularly
those families and parents with children with the most risk factors birth to age three.

The programs must include learning experiences for children, parents, and other
relatives that promote children's early literacy skills. The program must not include
activities for children that do not require substantial involvement of the children's parents
or other relatives. The program may provide parenting education programming or services
to anyone identified in the community needs assessment. The program must be reviewed
periodically to assure the instruction and materials are not racially, culturally, or sexually biased. The programs must encourage parents to be aware of practices that may affect equitable development of children.

(b) For the purposes of this section, "relative" or "relatives" means noncustodial grandparents or other persons related to a child by blood, marriage, adoption, or foster placement, excluding parents.

A district may not certify an early childhood family education levy unless it has met the annual program data reporting requirements under section 124D.13, subdivision 13.

(b) Notwithstanding paragraph (a), for fiscal year 2009 only, the commissioner shall establish a tax rate for early education revenue that raises $13,565,000.

Subd. 3. Administration. (a) The commissioner shall establish application timelines and determine the schedule for awarding scholarships that meets operational needs of eligible families and programs. The commissioner may prioritize applications on factors including family income, geographic location, and whether the child's family is on a waiting list for a publicly funded program providing early education or child care services.

(b) Scholarships may be awarded up to $5,000 for each eligible child. The commissioner shall establish a target for the average scholarship amount per child based on the results of the rate survey conducted under section 119B.13, subdivision 1, paragraph (b), per year.

(c) A four-star rated program that has children eligible for a scholarship enrolled in or on a waiting list for a program beginning in July, August, or September may notify the commissioner, in the form and manner prescribed by the commissioner, each year of the program's desire to enhance program services or to serve more children than current funding provides. The commissioner may designate a predetermined number of scholarship slots for that program and notify the program of that number. A school district or Head Start program qualifying under this paragraph may use its established registration process to enroll scholarship recipients and may verify a scholarship recipient's family income in the same manner as for other program participants.

(d) A scholarship is awarded for a 12-month period. If the scholarship recipient has not been accepted and subsequently enrolled in a rated program within ten months of the
awarding of the scholarship, the scholarship cancels and the recipient must reapply in
order to be eligible for another scholarship. A child may not be awarded more than one
scholarship in a 12-month period.

e) A child who receives a scholarship who has not completed development
screening under sections 121A.16 to 121A.19 must complete that screening within 90
days of first attending an eligible program.

(f) A school district or Head Start program enrolling scholarship recipients under
paragraph (c) may apply to the commissioner, in the form and manner prescribed by
the commissioner, for direct payment of state aid. Upon receipt of the application, the
commissioner must pay each program directly for each approved scholarship recipient
enrolled under paragraph (c) according to the metered payment system or another schedule
established by the commissioner.

EFFECTIVE DATE. This section is effective July 1, 2016.

and preschool programs, and other early education and child care programs. The report
must also include the number of scholarship recipients in school-based, home-based, and center-based programs as well as a geographic summary of scholarship recipients by county. By January 15, 2016, the commissioner shall submit a written copy of the evaluation to the chairs and ranking minority members of the legislative committees and divisions with primary jurisdiction over kindergarten through grade 12 education.

The commissioner may make grants for: staff development for adult basic education teachers and administrators; training for volunteer tutors; training, services, and materials for serving disabled students through adult basic education programs; statewide promotion of adult basic education services and programs; development and dissemination of instructional and administrative technology for adult basic education programs; programs which primarily serve communities of color; adult basic education distance learning projects, including television instruction programs; and other supplemental services to support the mission of adult basic education and innovative delivery of adult basic education services.

Up to one-fourth of the appropriation for supplemental service grants must be used for grants for adult basic education programs to encourage and support innovations in adult basic education instruction and service delivery. A grant to a single organization cannot exceed 20 40 percent of the total supplemental services aid. Nothing in this section prevents an approved adult basic education program from using state or federal aid to purchase supplemental services.

Sec. 37. Minnesota Statutes 2013 Supplement, section 124D.531, subdivision 1, is amended to read:
Subdivision 1. **State total adult basic education aid.** (a) The state total adult basic education aid for fiscal year 2011 equals $44,419,000, plus any amount that is not paid during the previous fiscal year as a result of adjustments under subdivision 4, paragraph (a), or section 124D.52, subdivision 3. The state total adult basic education aid for later fiscal years equals:

1. The state total adult basic education aid for the preceding fiscal year plus any amount that is not paid for during the previous fiscal year, as a result of adjustments under subdivision 4, paragraph (a), or section 124D.52, subdivision 3; times
2. The lesser of:
   1. 4.025; or
   2. The average growth in state total contact hours over the prior ten program years.

Beginning in fiscal year 2002, two percent of the state total adult basic education aid must be set aside for adult basic education supplemental service grants under section 124D.522.

(b) The state total adult basic education aid, excluding basic population aid, equals the difference between the amount computed in paragraph (a), and the state total basic population aid under subdivision 2.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2015 and later.

Sec. 38. Minnesota Statutes 2012, section 124D.531, subdivision 3, is amended to read:

1. The basic population aid under subdivision 2 for districts participating in the program during the current program year; plus
2. 84 percent times the amount computed in subdivision 1, paragraph (b), times the ratio of the contact hours for students participating in the program during the first prior program year to the state total contact hours during the first prior program year; plus
3. Eight percent times the amount computed in subdivision 1, paragraph (b), times the ratio of the enrollment of English learners during the second prior school year in districts participating in the program during the current program year to the state total enrollment of English learners during the second prior school year in districts participating in adult basic education programs during the current program year; plus
(4) eight percent times the amount computed in subdivision 1, paragraph (b), times
the ratio of the latest federal census count of the number of adults aged 20 or older
with no diploma residing in the districts participating in the program during the current
program year to the latest federal census count of the state total number of adults aged 20
25 or older with no diploma residing in the districts participating in adult basic education
programs during the current program year.

on the assessment measuring the pupil's emerging academic English provided by the
commissioner during the previous school year or in the judgment of the pupil's classroom
teachers, consistent with section 124D.61, clause (1), the pupil is unable to demonstrate
academic language proficiency in English, including oral academic language, sufficient to

(1) the pupil is not enrolled during the current fiscal year in an educational program
for English learners in accordance with under sections 124D.58 to 124D.64; or

previous school year to total enrollment for the previous school year and (2) the greater of
zero or 66 percent of the difference between the district's integration revenue for fiscal
year 2013 and the district's integration revenue for fiscal year 2014 under clause (1).

Article 12 Sec. 41.
Sec. 42. Minnesota Statutes 2012, section 125A.08, is amended to read:

125A.08 INDIVIDUALIZED EDUCATION PROGRAMS; DATA

REPORTING REQUIREMENTS.

Subdivision 1. Requirements for individualized education programs. (a) At the beginning of each school year, each school district shall have in effect, for each child with a disability, an individualized education program.

(b) As defined in this section, every district must ensure the following:

1. all students with disabilities are provided the special instruction and services which are appropriate to their needs. Where the individualized education program team has determined appropriate goals and objectives based on the student's needs, including the extent to which the student can be included in the least restrictive environment, and where there are essentially equivalent and effective instruction, related services, or assistive technology devices available to meet the student's needs, cost to the district may be among the factors considered by the team in choosing how to provide the appropriate services, instruction, or devices that are to be made part of the student's individualized education program. The individualized education program team shall consider and may authorize services covered by medical assistance according to section 256B.0625, subdivision 26. The student's needs and the special education instruction and services to be provided must be agreed upon through the development of an individualized education program. The program must address the student's need to develop skills to live and work as independently as possible within the community. The individualized education program team must consider positive behavioral interventions, strategies, and supports that address behavior for children with attention deficit disorder or attention deficit hyperactivity disorder. During grade 9, the program must address the student's needs for transition from secondary services to postsecondary education and training, employment, community participation, recreation, and leisure and home living. In developing the program, districts must inform parents of the full range of transitional goals and related services that should be considered. The program must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded;

2. children with a disability under age five and their families are provided special instruction and services appropriate to the child's level of functioning and needs;

3. children with a disability and their parents or guardians are guaranteed procedural safeguards and the right to participate in decisions involving identification, assessment including assistive technology assessment, and educational placement of children with a disability;
(4) eligibility and needs of children with a disability are determined by an initial
assessment or reassessment, which may be completed using existing data under United
States Code, title 20, section 33, et seq.;

(5) to the maximum extent appropriate, children with a disability, including those
in public or private institutions or other care facilities, are educated with children who
are not disabled, and that special classes, separate schooling, or other removal of children
with a disability from the regular educational environment occurs only when and to the
extent that the nature or severity of the disability is such that education in regular classes
with the use of supplementary services cannot be achieved satisfactorily;

(6) in accordance with recognized professional standards, testing and evaluation
materials, and procedures used for the purposes of classification and placement of children
with a disability are selected and administered so as not to be racially or culturally
discriminatory; and

(7) the rights of the child are protected when the parents or guardians are not known
or not available, or the child is a ward of the state.

(c) For paraprofessionals employed to work in programs for students with
disabilities, the school board in each district shall ensure that:

(1) before or immediately upon employment, each paraprofessional develops
sufficient knowledge and skills in emergency procedures, building orientation, roles and
responsibilities, confidentiality, vulnerability, and reportability, among other things, to
begin meeting the needs of the students with whom the paraprofessional works;

(2) annual training opportunities are available to enable the paraprofessional to
continue to further develop the knowledge and skills that are specific to the students with
whom the paraprofessional works, including understanding disabilities, following lesson
plans, and implementing follow-up instructional procedures and activities; and

(3) a districtwide process obligates each paraprofessional to work under the ongoing
direction of a licensed teacher and, where appropriate and possible, the supervision of a
school nurse.

Subd. 2. Online reporting of required data. (a) To ensure a strong focus
on outcomes for children with disabilities informs federal and state compliance and
accountability requirements and to increase opportunities for special educators and
related-services providers to focus on teaching children with disabilities, the commissioner
must integrate, customize, and sustain a streamlined, user-friendly statewide online system,
with a single, integrated model online form, for effectively and efficiently collecting
and reporting required special education–related data to individuals with a legitimate
educational interest and who are authorized by law to access the data. Among other
data-related requirements, the online system must successfully interface with existing state
reporting systems such as MARSS and Child Count and with districts' local data systems.

(b) The commissioner must consult with qualified experts, including information
technology specialists, licensed special education teachers and directors of special
education, related-services providers, third-party vendors, a designee of the commissioner
of human services, parents of children with disabilities, representatives of advocacy groups
representing children with disabilities, and representatives of school districts and special
education cooperatives on integrating, field testing, customizing, and sustaining this simple,
easily accessible, efficient, and effective online data system for uniform statewide reporting
of required due process compliance data. Among other outcomes, the system must:

(1) reduce special education teachers' paperwork burden and thereby increase the
teachers' opportunities to focus on teaching children;

(2) to the extent authorized by chapter 13 or other applicable state or federal law
governing access to and dissemination of educational records, provide for efficiently and
effectively transmitting the records of all transferring children with disabilities, including
highly mobile and homeless children with disabilities, among others, to give an enrolling
school, school district, facility, or other institution immediate access to information about
the transferring child and to avoid fragmented service delivery;

(3) address language and other barriers and disparities that prevent parents from
understanding and communicating information about the needs of their children with
disabilities;

(4) facilitate school districts' ability to bill medical assistance, MinnesotaCare,
and other third-party payers for the costs of providing individualized education program
health-related services to an eligible child with disabilities;

(5) help continuously improve the interface among the online systems serving
children with disabilities in order to maintain and reinforce the children's ability to learn;

(6) have readily accessible expert technical assistance to maintain, sustain, and
improve the online system.

c) The commissioner must use the federal Office of Special Education Programs
model forms for the (1) individualized education program, (2) notice of procedural
safeguards, and (3) prior written notice that are consistent with Part B of IDEA to integrate
and customize a state-sponsored universal special education online case management
system, consistent with the requirements of state law and this subdivision for integrating,
customizing, and sustaining a statewide online reporting system. The commissioner must
use a request for proposal process to contract for the technology and software needed
for integrating and customizing the online system in order for the system to be fully functional, consistent with the requirements of this subdivision. This online system must be made available to school districts without charge beginning in the 2015-2016 school year. All actions in which data in the system are entered, updated, accessed, or shared or disseminated outside of the system, must be recorded in a data audit trail. The audit trail must identify the user responsible for the action, and the date and time the action occurred.

Data contained in the audit trail maintain the same classification as the underlying data that was affected by the action, and may be accessed by the responsible authority at any time for purposes of auditing the system's user activity and security safeguards. For the 2015-2016 through 2017-2018 school years, school districts may use this online system or may contract with an outside vendor for compliance reporting. Beginning in the 2018-2019 school year and later, school districts must use this online system for compliance reporting.

(d) Consistent with this subdivision, the commissioner must establish a public Internet Web interface to provide information to educators, parents, and the public about the form and content of required special education reports, to respond to queries from educators, parents, and the public about specific aspects of special education reports and reporting, and to use the information garnered from the interface to streamline and revise special education reporting on the online system under this subdivision. The public Internet Web interface must not provide access to the educational records of any individual child.

(e) The commissioner annually by February 1 must submit to the legislature a report on the status, recent changes, and sustainability of the online system under this subdivision.

Sec. 43. Minnesota Statutes 2013 Supplement, section 125A.11, subdivision 1, is amended to read:

Subdivision 1. Nonresident tuition rate; other costs. (a) For fiscal year 2015 and later, when a school district provides special instruction and services for a pupil with a disability as defined in section 125A.02 outside the district of residence, excluding a pupil for whom an adjustment to special education aid is calculated according to section 127A.47, subdivision 7, paragraphs (b) to (d), special education aid paid to the resident district must be reduced by an amount equal to (1) the actual cost of providing special instruction and services to the pupil, including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, plus (2) the amount of general education revenue and referendum equalization aid attributable to that pupil, calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit excluding basic skills revenue, elementary sparsity revenue and secondary sparsity.

average general education revenue and referendum equalization aid per adjusted pupil unit
excluding basic skills revenue, elementary sparsity revenue and secondary sparsity revenue
and the serving district's basic skills revenue, elementary sparsity revenue and secondary

the resident district's average general education revenue and referendum equalization aid
excluding compensatory revenue, elementary sparsity revenue, and secondary sparsity

and section 127A.47, subdivision 7, shall be recognized and reported as revenues and
expenditures on the resident school district's books of account under sections 123B.75

2006 may apply to the commissioner for authority to charge the resident district an
additional amount to recover any remaining unreimbursed costs of serving pupils with
a disability. The application must include a description of the costs and the calculations
used to determine the unreimbursed portion to be charged to the resident district. Amounts
approved by the commissioner under this paragraph must be included in the tuition billings
or aid adjustments under paragraph (a), or section 127A.47, subdivision 7, paragraphs
(b) to (d), as applicable.
(c) For purposes of this subdivision and section 127A.47, subdivision 7, paragraphs (d) and (e) paragraph (b), "general education revenue and referendum equalization aid" means the sum of the general education revenue according to section 126C.10, subdivision 1, excluding the local optional levy according to section 126C.10, subdivision 2e, paragraph (c), plus the referendum equalization aid according to section 126C.17, subdivision 7.

Subd. 9. Referendum revenue. (a) The revenue authorized by section 126C.10, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the board.
The referendum must be conducted one or two calendar years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under subdivision 11, paragraph (a), the referendum must be held on the first Tuesday after the first Monday in November. The ballot must state the maximum amount of the increased revenue per adjusted pupil unit. The ballot may state a schedule, determined by the board, of increased revenue per adjusted pupil unit that differs from year to year over the number of years for which the increased revenue is authorized or may state that the amount shall increase annually by the rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot must designate the specific number of years, not to exceed ten, for which the referendum authorization applies. The ballot, including a ballot on the question to revoke or reduce the increased revenue amount under paragraph (c), must abbreviate the term "per adjusted pupil unit" as "per pupil." The notice required under section 275.60 may be modified to read, in cases of renewing existing levies at the same amount per pupil as in the previous year:

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING TO EXTEND AN EXISTING PROPERTY TAX REFERENDUM THAT IS SCHEDULED TO EXPIRE."

The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of ........, School District No. .., be approved?"

If approved, an amount equal to the approved revenue per adjusted pupil unit times the adjusted pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The board must prepare and deliver by first class mail at least 15 days but no more than 30 days before the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners must be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer.
Every property owner whose name does not appear on the records of the county auditor or the county treasurer is deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy in the first year, if any, in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes." However, in cases of renewing existing levies, the notice may include the following statement: "Passage of this referendum extends an existing operating referendum at the same amount per pupil as in the previous year."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the board. A referendum to revoke or reduce the revenue amount must state the amount per resident marginal cost adjusted pupil unit by which the authority is to be reduced. Revenue authority approved by the voters of the district pursuant to paragraph (a) must be available to the school district at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(e) At least 15 days before the day of the referendum, the district must submit a copy of the notice required under paragraph (b) to the commissioner and to the county auditor of each county in which the district is located. Within 15 days after the results of the referendum have been certified by the board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district must notify the commissioner of the results of the referendum.

school district or a group of independent or special school districts finds it economically
advantageous to rent or lease a building or land for any instructional purposes or for
school storage or furniture repair, and it determines that the operating capital revenue
authorized under section 126C.10, subdivision 13, is insufficient for this purpose, it may
apply to the commissioner for permission to make an additional capital expenditure levy
for this purpose. An application for permission to levy under this subdivision must contain
financial justification for the proposed levy, the terms and conditions of the proposed
lease, and a description of the space to be leased and its proposed use.

(b) The criteria for approval of applications to levy under this subdivision must
include: the reasonableness of the price, the appropriateness of the space to the proposed
activity, the feasibility of transporting pupils to the leased building or land, conformity
of the lease to the laws and rules of the state of Minnesota, and the appropriateness of
the proposed lease to the space needs and the financial condition of the district. The
commissioner must not authorize a levy under this subdivision in an amount greater than
the cost to the district of renting or leasing a building or land for approved purposes.
The proceeds of this levy must not be used for custodial or other maintenance services.
A district may not levy under this subdivision for the purpose of leasing or renting a
district-owned building or site to itself.

(c) For agreements finalized after July 1, 1997, a district may not levy under this
subdivision for the purpose of leasing: (1) a newly constructed building used primarily
for regular kindergarten, elementary, or secondary instruction; or (2) a newly constructed

purpose of leasing or renting a district-owned building or site to itself only if the amount
is needed by the district to make payments required by a lease purchase agreement,
installment purchase agreement, or other deferred payments agreement authorized by law,
and the levy meets the requirements of paragraph (c). A levy authorized for a district by
the commissioner under this paragraph may be in the amount needed by the district to
make payments required by a lease purchase agreement, installment purchase agreement,
or other deferred payments agreement authorized by law, provided that any agreement
include a provision giving the school districts the right to terminate the agreement
annually without penalty.

(e) The total levy under this subdivision for a district for any year must not exceed
$462,212 times the adjusted pupil units for the fiscal year to which the levy is attributable.

(f) For agreements for which a review and comment have been submitted to the
Department of Education after April 1, 1998, the term "instructional purpose" as used in
this subdivision excludes expenditures on stadiums.

(g) The commissioner of education may authorize a school district to exceed the
limit in paragraph (e) if the school district petitions the commissioner for approval. The
commissioner shall grant approval to a school district to exceed the limit in paragraph (e)
for not more than five years if the district meets the following criteria:

(1) the school district has been experiencing pupil enrollment growth in the
preceding five years;

(2) the purpose of the increased levy is in the long-term public interest;

(3) the purpose of the increased levy promotes colocation of government services; and

(4) the purpose of the increased levy is in the long-term interest of the district by
avoiding over construction of school facilities.

(h) A school district that is a member of an intermediate school district may include
in its authority under this section the costs associated with leases of administrative and
classroom space for intermediate school district programs. This authority must not exceed
$46,65 times the adjusted pupil units of the member districts. This authority is in addition
to any other authority authorized under this section.

(i) In addition to the allowable capital levies in paragraph (a), for taxes payable in

(c) A school district that is a member of an intermediate school district may include in its authority under this section the costs associated with safe schools activities authorized under paragraph (a) for intermediate school district programs. This authority must not exceed $10 $15 times the adjusted marginal cost pupil units of the member districts. This authority is in addition to any other authority authorized under this section. Sec. 66. Minnesota Statutes 2013 Supplement, section 126C.48, subdivision 8, is amended to read:

Subd. 8. **Taconite payment and other reductions.** (1) Reductions in levies pursuant to subdivision 1 must be made prior to the reductions in clause (2).

(2) Notwithstanding any other law to the contrary, districts that have revenue pursuant to sections 298.018; 298.225; 298.24 to 298.28, except an amount distributed under sections 298.26; 298.28, subdivision 4, paragraphs (c), clause (ii), and (d); 298.34 to 298.39; 298.391 to 298.396; 298.405; 477A.15; and any law imposing a tax upon severed mineral values must reduce the levies authorized by this chapter and chapters 120B, 122A, 123A, 123B, 124A, 124D, 125A, and 127A by 95 percent of the sum of the previous year's revenue specified under this clause and the amount attributable to the same production year distributed to the cities and townships within the school district under section 298.28, subdivision 2, paragraph (c).
(3) The amount of any voter approved referendum, facilities down payment, and
debt levies shall not be reduced by more than 50 percent under this subdivision, except that
payments under sections 298.28, subdivision 7a, and 298.292, subdivision 2, clause (6),
may reduce the debt service levy by more than 50 percent. In administering this paragraph,
the commissioner shall first reduce the nonvoter approved levies of a district; then, if any
payments, severed mineral value tax revenue or recognized revenue under paragraph (2)
remains, the commissioner shall reduce any voter approved referendum levies authorized
under section 126C.17; then, if any payments, severed mineral value tax revenue or
recognized revenue under paragraph (2) remains, the commissioner shall reduce any voter
approved facilities down payment levies authorized under section 123B.63 and then, if

(4) Before computing the reduction pursuant to this subdivision of the health and
safety levy authorized by sections 123B.57 and 126C.40, subdivision 5, the commissioner
shall ascertain from each affected school district the amount it proposes to levy under
each section or subdivision. The reduction shall be computed on the basis of the amount
so ascertained.

(5) To the extent the levy reduction calculated under paragraph (2) exceeds the
limitation in paragraph (3), an amount equal to the excess must be distributed from the
school district's distribution under sections 298.225, 298.28, and 477A.15 in the following
year to the cities and townships within the school district in the proportion that their
taxable net tax capacity within the school district bears to the taxable net tax capacity of
the school district for property taxes payable in the year prior to distribution. No city or
township shall receive a distribution greater than its levy for taxes payable in the year prior
to distribution. The commissioner of revenue shall certify the distributions of cities and
towns under this paragraph to the county auditor by September 30 of the year preceding
distribution. The county auditor shall reduce the proposed and final levies of cities and
towns receiving distributions by the amount of their distribution. Distributions to the cities
and towns shall be made at the times provided under section 298.27.

   (iii) the other district receipts.

   (c) "Payment date" means the date on which state payments to districts are made
   by the electronic funds transfer method. If a payment date falls on a Saturday, a Sunday,
   or a weekday which is a legal holiday, the payment shall be made on the immediately
   preceding business day. The commissioner may make payments on dates other than
   those listed in subdivision 3, but only for portions of payments from any preceding
   payment dates which could not be processed by the electronic funds transfer method due
   to documented extenuating circumstances.

   (d) The current year aid payment percentage equals 73 in fiscal year 2010 and 70 in
   fiscal year 2011, and 60 in fiscal years 2012 and later 90.

Sec. 68. Minnesota Statutes 2013 Supplement, section 127A.47, subdivision 7, is
amended to read:

Subd. 7. Alternative attendance programs. (a) The general education aid and
special education aid for districts must be adjusted for each pupil attending a nonresident
district under sections 123A.05 to 123A.08, 124D.03, 124D.08, and 124D.68. The
adjustments must be made according to this subdivision.

(b) For purposes of this subdivision, the "unreimbursed cost of providing special
education and services" means the difference between: (1) the actual cost of providing
special instruction and services, including special transportation and unreimbursed
building lease and debt service costs for facilities used primarily for special education, for
a pupil with a disability, as defined in section 125A.02, or a pupil, as defined in section
125A.51, who is enrolled in a program listed in this subdivision, minus (2) if the pupil
receives special instruction and services outside the regular classroom for more than
60 percent of the school day, the amount of general education revenue and referendum
equalization aid as defined in section 125A.11, subdivision 1, paragraph (c), attributable
to that pupil for the portion of time the pupil receives special instruction and services
outside of the regular classroom, excluding portions attributable to district and school
administration, district support services, operations and maintenance, capital expenditures,
and pupil transportation, minus (3) special education aid under section 125A.76.
attributable to that pupil, that is received by the district providing special instruction and services. (c) For fiscal year 2015 and later, special education aid paid to a resident district must be reduced by an amount equal to 90 percent of the unreimbursed cost of providing special education and services.

(d) Notwithstanding paragraph (c), special education aid paid to a resident district must be reduced by an amount equal to 100 percent of the unreimbursed cost of special education and services provided to students at an intermediate district, cooperative, or charter school where the percent of students eligible for special education services is at least 70 percent of the charter school's total enrollment.

(e) Special education aid paid to the district or cooperative providing special instruction and services for the pupil, or to the fiscal agent district for a cooperative, must be increased by the amount of the reduction in the aid paid to the resident district under paragraphs (c) and (d). If the resident district's special education aid is insufficient to make the full adjustment, the remaining adjustment shall be made to other state aids due to the district.

(f) An area learning center operated by a service cooperative, intermediate district, education district, or a joint powers cooperative may elect through the action of the constituent boards to charge the resident district tuition for pupils rather than to have the general education revenue paid to a fiscal agent school district. Except as provided in paragraph (e), the district of residence must pay tuition equal to at least 90 and 100 percent of the district average general education revenue per pupil unit minus an amount equal to the product of the formula allowance according to section 126C.10, subdivision 2, times .0466, calculated without compensatory revenue, local optional revenue, and transportation sparsity revenue, times the number of pupil units for pupils attending the area learning center.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2015 and later.

(d) "Mental health mobile crisis intervention services" means face-to-face, short-term intensive mental health services initiated during a mental health crisis or mental health emergency to help the recipient cope with immediate stressors, identify and utilize available resources and strengths, engage in voluntary treatment, and begin to return to the recipient's baseline level of functioning.

(1) This service is provided on site by a mobile crisis intervention team outside of an inpatient hospital setting. Mental health mobile crisis intervention services must be available 24 hours a day, seven days a week.

(2) The initial screening must consider other available services to determine which service intervention would best address the recipient's needs and circumstances.

(3) The mobile crisis intervention team must be available to meet promptly face-to-face with a person in mental health crisis or emergency in a community setting or hospital emergency room.

(4) The intervention must consist of a mental health crisis assessment and a crisis treatment plan.

(5) The team must be available to individuals who are experiencing a co-occurring substance use disorder, who do not need the level of care provided in a detoxification facility.

(6) The treatment plan must include recommendations for any needed crisis stabilization services for the recipient, including engagement in treatment planning and family psychoeducation.

(e) "Mental health crisis stabilization services" means individualized mental health services provided to a recipient following crisis intervention services which are designed to restore the recipient to the recipient's prior functional level. Mental health crisis stabilization services may be provided in the recipient's home, the home of a family member or friend of the recipient, another community setting, or a short-term supervised, licensed residential program. Mental health crisis stabilization does not include partial hospitalization or day treatment. Mental health crisis stabilization services includes family psychoeducation.

Subd. 5. Mobile crisis intervention staff qualifications. For provision of adult mental health mobile crisis intervention services, a mobile crisis intervention team is comprised of at least two mental health professionals as defined in section 245.462, subdivision 18, clauses (1) to (6), or a combination of at least one mental health professional and one mental health practitioner as defined in section 245.462, subdivision 17, with the required mental health crisis training and under the clinical supervision of a mental health professional on the team. The team must have at least two people with at least one member providing on-site crisis intervention services when needed. Team members must be experienced in mental health assessment, crisis intervention techniques, treatment engagement strategies, working with families, and clinical decision-making under emergency conditions and have knowledge of local services and resources. The team must recommend and coordinate the team's services with appropriate local resources such as the county social services agency, mental health services, and local law enforcement when necessary.

Sec. 9. Minnesota Statutes 2012, section 256B.0624, subdivision 6, is amended to read:

Subd. 6. Crisis assessment and mobile intervention treatment planning. (a) Prior to initiating mobile crisis intervention services, a screening of the potential crisis situation must be conducted. The screening may use the resources of crisis assistance and emergency services as defined in sections 245.462, subdivision 6, and 245.469, subdivisions 1 and 2. The screening must gather information, determine whether a crisis situation exists, identify parties involved, and determine an appropriate response.

(b) If a crisis exists, a crisis assessment must be completed. A crisis assessment evaluates any immediate needs for which emergency services are needed and, as time permits, the recipient's current life situation, sources of stress, mental health problems and symptoms, strengths, cultural considerations, support network, vulnerabilities, current functioning, and the recipient's preferences as communicated directly by the recipient, or as communicated in a health care directive as described in chapters 145C and 253B, the treatment plan described under paragraph (d), a crisis prevention plan, or a wellness recovery action plan.

(c) If the crisis assessment determines mobile crisis intervention services are needed, the intervention services must be provided promptly. As opportunity presents during the intervention, at least two members of the mobile crisis intervention team must confer directly or by telephone about the assessment, treatment plan, and actions taken and needed. At least one of the team members must be on site providing crisis intervention
services. If providing on-site crisis intervention services, a mental health practitioner must seek clinical supervision as required in subdivision 9.

(d) The mobile crisis intervention team must develop an initial, brief crisis treatment plan as soon as appropriate but no later than 24 hours after the initial face-to-face intervention. The plan must address the needs and problems noted in the crisis assessment and include measurable short-term goals, cultural considerations, and frequency and type of services to be provided to achieve the goals and reduce or eliminate the crisis. The treatment plan must be updated as needed to reflect current goals and services.

(e) The team must document which short-term goals have been met and when no further crisis intervention services are required.

(f) If the recipient's crisis is stabilized, but the recipient needs a referral to other services, the team must provide referrals to these services. If the recipient has a case manager, planning for other services must be coordinated with the case manager. If the recipient is unable to follow up on the referral, the team must link the recipient to the service and follow up to ensure the recipient is receiving the service.

(g) If the recipient's crisis is stabilized and the recipient does not have an advance directive, the case manager or crisis team shall offer to work with the recipient to develop one.

Sec. 10. Minnesota Statutes 2012, section 256B.0624, subdivision 10, is amended to read:

Subd. 10. **Recipient file.** Providers of mobile crisis intervention or crisis stabilization services must maintain a file for each recipient containing the following information:

2. signed release forms;

3. recipient health information and current medications;

4. emergency contacts for the recipient;

257.10 Subdivision 1. **Working group established; study and draft legislation required.** The commissioner of human services may convene a working group to address issues related to offenders with mental illness who are arrested or subject to arrest. The working group shall consider the special needs of these offenders and determine how best to provide for these needs. Specifically, the group shall consider the efficacy of a facility that would serve as a central point for accepting, assessing, and addressing the needs of
offenders with mental illness brought in by law enforcement as an alternative to arrest or
following arrest. The facility would consolidate and coordinate existing resources as well
as offer new resources that would provide a continuum of care addressing the immediate,
short-term, and long-term needs of these offenders. The facility would do the following for
these offenders: perform timely, credible, and useful mental health assessments; identify
community placement opportunities; coordinate community care; make recommendations
concerning pretrial release when appropriate; and, in some cases, provide direct services
to offenders at the facility or in nearby jails. The working group shall establish criteria
to determine which offenders may be admitted to the facility. The facility would be
located in the metropolitan region and serve the needs of nearby counties. The facility
would represent a partnership between the state, local units of government, and the private
sector. In addition, the working group may consider how similar facilities could function
in outstate areas. When studying this issue, the working group shall examine what other
states have done in this area to determine what programs have been successful and use
those programs as models in developing the program in Minnesota. The working group
may also study and make recommendations on other ways to improve the process for
addressing and assisting these offenders. The commissioner shall enter into an agreement
with NAMI Minnesota to carry out the work of the working group.

Subd. 2. Membership. The commissioner shall ensure that the working group
has expertise and a broad range of interests represented, including, but not limited to:
prosecutors; law enforcement, including jail staff; correctional officials; community
corrections staff; probation officials; criminal defense attorneys; judges; county and city
officials; mental health advocates; mental health professionals; and hospital and health
care officials.

Subd. 3. Administrative issues. (a) The commissioner shall convene the first
meeting of the working group by September 1, 2014. NAMI Minnesota shall provide
meeting space and administrative support to the working group. The working group shall
select a chair from among its members.

(b) The commissioner may solicit in-kind support from work group member
agencies to accomplish its assigned duties.

Subd. 4. Report required. By January 1, 2015, the working group shall submit a
report to the chairs and ranking minority members of the senate and house of representatives
committees and divisions having jurisdiction over human services and public safety. The
report must summarize the working group's activities and include its recommendations
and draft legislation. The recommendations must be specific and include estimates of the
costs involved in implementing the recommendations, including the funding sources that
259.1 might be used to pay for it. The working group shall explore potential funding sources
259.2 at the federal, local, and private levels, and provide this information in the report. In
259.3 addition, the report must include draft legislation to implement the recommendations.
259.4

**EFFECTIVE DATE.** This section is effective the day following final enactment.

259.5 Sec. 15. REPORT ON RATE SETTING METHODOLOGY FOR MENTAL
259.6 HEALTH SERVICES.
259.7 The commissioner of human services shall provide a report to the chairs of the
259.8 Health and Human Services Finance Division by February 1, 2015, that assesses the
259.9 current rate setting methodology for intensive residential treatment services (IRTS), adult
259.10 crisis, and assertive community treatment (ACT). The report will include an assessment
259.11 of alternative payment structures consistent with the intent and direction of the federal
259.12 centers for Medicare and Medicaid services which could provide adequate reimbursement
259.13 to sustain community-based mental health services regardless of geographic location.
259.14 Stakeholders will be included in the development of the report and the report will also
259.15 include concerns regarding payment rates for other mental health services that may
259.16 require further analysis in the future.

of the maintenance payments, reduced by federal reimbursements under title IV-E of the

agency.

(b) These state and local shares must initially be calculated based on the ratio of the

appropriate expenditures for the financially responsible agencies must include basic and

shares to reflect the relative expenditure trends during calendar years 2011, 2012, 2013, and
2014, taking into account appropriations for Northstar Care for Children and the turnover
rates of the components. In making these adjustments, the commissioner's goal shall be to
make these state and local expenditures other than the appropriations for Northstar Care
for Children to be the same as they would have been had Northstar Care for Children not
been implemented, or if that is not possible, proportionally higher or lower, as appropriate.
Except for adjustments so that the costs of the phase-in are borne by the state, the state and local share percentages for fiscal year 2019 must be used for all subsequent years.

**ARTICLE 18**

**CONTINUING CARE**

Section 1. Minnesota Statutes 2012, section 13.46, subdivision 4, is amended to read:

Subd. 4. Licensing data. (a) As used in this subdivision:
(1) "licensing data" are all data collected, maintained, used, or disseminated by the
welfare system pertaining to persons licensed or registered or who apply for licensure
or registration or who formerly were licensed or registered under the authority of the
commissioner of human services;
(2) "client" means a person who is receiving services from a licensee or from an
applicant for licensure; and
(3) "personal and personal financial data" are Social Security numbers, identity of and letters of reference, insurance information, reports from the Bureau of Criminal Apprehension, health examination reports, and social/home studies.

(b)(1)(i) Except as provided in paragraph (c), the following data on applicants, license holders, and former licensees are public: name, address, telephone number of licensees, date of receipt of a completed application, dates of licensure, licensed capacity, type of client preferred, variances granted, record of training and education in child care and child development, type of dwelling, name and relationship of other family members, previous license history, class of license, the existence and status of complaints, and the number of serious injuries to or deaths of individuals in the licensed program as reported to the commissioner of human services, the local social services agency, or any other county welfare agency. For purposes of this clause, a serious injury is one that is treated by a physician.

(ii) When a correction order, an order to forfeit a fine, an order of license suspension, an order of temporary immediate suspension, an order of license revocation, an order of license denial, or an order of conditional license has been issued, or a complaint is resolved, the following data on current and former licensees and applicants are public: the substance and investigative findings of the licensing or maltreatment complaint, licensing violation, or substantiated maltreatment; the record of informal resolution of a licensing violation; orders of hearing; findings of fact; conclusions of law; specifications of the final correction order, fine, suspension, temporary immediate suspension, revocation, denial, or conditional license contained in the record of licensing action; whether a fine has been paid; and the status of any appeal of these actions.

(iii) When a license denial under section 245A.05 or a sanction under section 245A.07 is based on a determination that the license holder or applicant is responsible for maltreatment under section 626.556 or 626.557, the identity of the applicant or license holder as the individual responsible for maltreatment is public data at the time of the issuance of the license denial or sanction.

(iv) When a license denial under section 245A.05 or a sanction under section 245A.07 is based on a determination that the license holder or applicant is disqualified under chapter 245C, the identity of the license holder or applicant as the disqualified individual and the reason for the disqualification are public data at the time of the issuance of the licensing sanction or denial. If the applicant or license holder requests reconsideration of the disqualification and the disqualification is affirmed, the reason for the disqualification and the reason to not set aside the disqualification are public data.
(2) Notwithstanding sections 626.556, subdivision 11, and 626.557, subdivision 12b, when any person subject to disqualification under section 245C.14 in connection with a license to provide family day care for children, child care center services, foster care for children in the provider's home, or foster care or day care services for adults in the provider's home is a substantiated perpetrator of maltreatment, and the substantiated maltreatment is a reason for a licensing action, the identity of the substantiated perpetrator of maltreatment is public data. For purposes of this clause, a person is a substantiated perpetrator if the maltreatment determination has been upheld under section 256.045; 626.556, subdivision 10i; 626.557, subdivision 9d; or chapter 14, or if an individual or facility has not timely exercised appeal rights under these sections, except as provided under clause (1).

(3) For applicants who withdraw their application prior to licensure or denial of a license, the following data are public: the name of the applicant, the city and county in which the applicant was seeking licensure, the dates of the commissioner's receipt of the initial application and completed application, the type of license sought, and the date of withdrawal of the application.

(4) For applicants who are denied a license, the following data are public: the name and address of the applicant, the city and county in which the applicant was seeking licensure, the dates of the commissioner's receipt of the initial application and completed application, the type of license sought, the date of denial of the application, the nature of the basis for the denial, the record of informal resolution of a denial, orders of hearings, findings of fact, conclusions of law, specifications of the final order of denial, and the status of any appeal of the denial.

(5) The following data on persons subject to disqualification under section 245C.14 in connection with a license to provide family day care for children, child care center services, foster care for children in the provider's home, or foster care or day care services for adults in the provider's home, are public: the nature of any disqualification set aside under section 245C.22, subdivisions 2 and 4, and the reasons for setting aside the disqualification; the nature of any disqualification for which a variance was granted under sections 245A.04, subdivision 9; and 245C.30, and the reasons for granting any variance under section 245A.04, subdivision 9; and, if applicable, the disclosure that any person subject to a background study under section 245C.03, subdivision 1, has successfully passed a background study. If a licensing sanction under section 245A.07, or a license denial under section 245A.05, is based on a determination that an individual subject to disqualification under chapter 245C is disqualified, the disqualification as a basis for the licensing sanction or denial is public data. As specified in clause (1), item (iv), if the disqualified individual is the license holder or applicant, the identity of the license holder or applicant and the
reason for the disqualification are public data; and, if the license holder or applicant
requested reconsideration of the disqualification and the disqualification is affirmed, the
reason for the disqualification and the reason to not set aside the disqualification are
public data. If the disqualified individual is an individual other than the license holder or
applicant, the identity of the disqualified individual shall remain private data.

(6) When maltreatment is substantiated under section 626.556 or 626.557 and the
victim and the substantiated perpetrator are affiliated with a program licensed under
chapter 245A, the commissioner of human services, local social services agency, or
county welfare agency may inform the license holder where the maltreatment occurred of
the identity of the substantiated perpetrator and the victim.

(7) Notwithstanding clause (1), for child foster care, only the name of the license
holder and the status of the license are public if the county attorney has requested that data
otherwise classified as public data under clause (1) be considered private data based on the
best interests of a child in placement in a licensed program.

(c) The following are private data on individuals under section 13.02, subdivision
12, or nonpublic data under section 13.02, subdivision 9: personal and personal financial
data on family day care program and family foster care program applicants and licensees
and their family members who provide services under the license.

(d) The following are private data on individuals: the identity of persons who have
made reports concerning licensees or applicants that appear in inactive investigative data,
and the records of clients or employees of the licensee or applicant for licensure whose
records are received by the licensing agency for purposes of review or in anticipation of a
contested matter. The names of reporters of complaints or alleged violations of licensing
standards under chapters 245A, 245B, 245C, and 245D, and applicable rules and alleged
maltreatment under sections 626.556 and 626.557, are confidential data and may be
disclosed only as provided in section 626.556, subdivision 11, or 626.557, subdivision 12b.

(e) Data classified as private, confidential, nonpublic, or protected nonpublic under
this subdivision become public data if submitted to a court or administrative law judge as
part of a disciplinary proceeding in which there is a public hearing concerning a license
which has been suspended, immediately suspended, revoked, or denied.

(f) Data generated in the course of licensing investigations that relate to an alleged
violation of law are investigative data under subdivision 3.

(g) Data that are not public data collected, maintained, used, or disseminated under
this subdivision that relate to or are derived from a report as defined in section 626.556,
subdivision 2, or 626.5572, subdivision 18, are subject to the destruction provisions of
sections 626.556, subdivision 11c, and 626.557, subdivision 12b.
(h) Upon request, not public data collected, maintained, used, or disseminated under this subdivision that relate to or are derived from a report of substantiated maltreatment as defined in section 626.556 or 626.557 may be exchanged with the Department of Health for purposes of completing background studies pursuant to section 144.057 and with the Department of Corrections for purposes of completing background studies pursuant to section 241.021.

(i) Data on individuals collected according to licensing activities under chapters 245A and 245C, data on individuals collected by the commissioner of human services according to investigations under chapters 245A, 245B, and 245C, and sections 626.556 and 626.557 may be shared with the Department of Human Rights, the Department of Health, the Department of Corrections, the ombudsman for mental health and developmental disabilities, and the individual's professional regulatory board when there is reason to believe that laws or standards under the jurisdiction of those agencies may have been violated or the information may otherwise be relevant to the board's regulatory jurisdiction. Background study data on an individual who is the subject of a background study under chapter 245C for a licensed service for which the commissioner of human services is the license holder may be shared with the commissioner and the commissioner's delegate by the licensing division. Unless otherwise specified in this chapter, the identity of a reporter of alleged maltreatment or licensing violations may not be disclosed.

(j) In addition to the notice of determinations required under section 626.556, subdivision 10f, if the commissioner or the local social services agency has determined that an individual is a substantiated perpetrator of maltreatment of a child based on sexual abuse, as defined in section 626.556, subdivision 2, and the commissioner or local social services agency knows that the individual is a person responsible for a child's care in another facility, the commissioner or local social services agency shall notify the head of that facility of this determination. The notification must include an explanation of the individual's available appeal rights and the status of any appeal. If a notice is given under this paragraph, the government entity making the notification shall provide a copy of the notice to the individual who is the subject of the notice.

(k) All not public data collected, maintained, used, or disseminated under this subdivision and subdivision 3 may be exchanged between the Department of Human Services, Licensing Division, and the Department of Corrections for purposes of regulating services for which the Department of Human Services and the Department of Corrections have regulatory authority.
Sec. 2. Minnesota Statutes 2012, section 144A.073, is amended by adding a
subdivision to read:

of health may approve moratorium exception projects under this section for which the full
annualized state share of medical assistance costs does not exceed $1,000,000.

Sec. 3. Minnesota Statutes 2012, section 144A.33, subdivision 2, is amended to read:

Subd. 2. Providing educational services. The Minnesota Board on Aging shall
provide a grant-in-aid to a statewide, independent, nonprofit, consumer-sponsored agency

Sec. 4. Minnesota Statutes 2013 Supplement, section 245.8251, is amended to read:

245.8251 POSITIVE SUPPORT STRATEGIES AND EMERGENCY
MANUAL RESTRAINT; LICENSED FACILITIES AND PROGRAMS.

Subdivision 1. Rules governing the use of positive support strategies and
restricting or prohibiting restrictive interventions. The commissioner of human
services shall, within 24 months of May 23, 2013 by August 31, 2015, adopt rules
governing the use of positive support strategies, safety interventions, and emergency use
of manual restraint, and restricting or prohibiting the use of restrictive interventions, in
all facilities and services licensed under chapter 245D, and in all licensed facilities and
licensed services serving persons with a developmental disability or related condition.
For the purposes of this section, "developmental disability or related condition" has the
meaning given in Minnesota Rules, part 9525.0016, subpart 2, items A to E.

Subd. 2. Data collection. (a) The commissioner shall, with stakeholder input,
develop identify data collection elements specific to incidents of emergency use of
manual restraint and positive support transition plans for persons receiving services from
providers governed licensed facilities and licensed services under chapter 245D and in
licensed facilities and licensed services serving persons with a developmental disability
or related condition as defined in Minnesota Rules, part 9525.0016, subpart 2, effective
January 1, 2014. Providers Licensed facilities and licensed services shall report the data in
a format and at a frequency determined by the commissioner of human services. Providers
shall submit the data to the commissioner and the Office of the Ombudsman for Mental

(b) Beginning July 1, 2013, providers licensed facilities and licensed services
regulated under Minnesota Rules, parts 9525.2700 to 9525.2810, shall submit data
regarding the use of all controlled procedures identified in Minnesota Rules, part
Section 5. Minnesota Statutes 2013 Supplement, section 245A.03, subdivision 7, is amended to read:

Subd. 7. Licensing moratorium. (a) The commissioner shall not issue an initial license for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter for a physical location that will not be the primary residence of the license holder for the entire period of licensure. If a license is issued during this moratorium, and the license holder changes the license holder’s primary residence away from the physical location of the foster care license, the commissioner shall revoke the license according to section 245A.07. The commissioner shall not issue an initial license for a community residential setting licensed under chapter 245D. Exceptions to the moratorium include:
(1) foster care settings that are required to be registered under chapter 144D;
(2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or
community residential setting licenses replacing adult foster care licenses in existence on
December 31, 2013, and determined to be needed by the commissioner under paragraph (b);
(3) new foster care licenses or community residential setting licenses determined to
be needed by the commissioner under paragraph (b) for the closure of a nursing facility,
ICF/DD, or regional treatment center; restructuring of state-operated services that limits
the capacity of state-operated facilities; or allowing movement to the community for
people who no longer require the level of care provided in state-operated facilities as
provided under section 256B.092, subdivision 13, or 256B.49, subdivision 24;
(4) new foster care licenses or community residential setting licenses determined
to be needed by the commissioner under paragraph (b) for persons requiring hospital
level care; or
(5) new foster care licenses or community residential setting licenses determined to
be needed by the commissioner for the transition of people from personal care assistance
to the home and community-based services.
(b) The commissioner shall determine the need for newly licensed foster care
homes or community residential settings as defined under this subdivision. As part of the
determination, the commissioner shall consider the availability of foster care capacity in
the area in which the licensee seeks to operate, and the recommendation of the local
county board. The determination by the commissioner must be final. A determination of
need is not required for a change in ownership at the same address.
(c) When an adult resident served by the program moves out of a foster home that is
not the primary residence of the license holder according to section 256B.49, subdivision
15, paragraph (f), or the adult community residential setting, the county shall immediately
inform the Department of Human Services Licensing Division. The department shall
decrease the statewide licensed capacity for adult foster care settings where the physical
location is not the primary residence of the license holder, or for adult community
residential settings, if the voluntary changes described in paragraph (e) are not sufficient to
meet the savings required by reductions in licensed bed capacity under Laws 2011, First
Special Session chapter 9, article 7, sections 1 and 40, paragraph (f), and maintain statewide
long-term care residential services capacity within budgetary limits. Implementation of
the statewide licensed capacity reduction shall begin on July 1, 2013. The commissioner
shall delicense up to 128 beds by June 30, 2014, using the needs determination process.
Prior to any involuntary reduction of licensed capacity, the commissioner shall consult
with lead agencies and license holders to determine which adult foster care settings, where
the physical location is not the primary residence of the license holder, or community
residential settings, are licensed for up to five beds, but have operated at less than full
capacity for 12 or more months as of March 1, 2014. The settings that meet these criteria
must be the first to be considered for an involuntary decrease in statewide licensed capacity,
up to a maximum of 35 beds. If more than 35 beds are identified that meet these criteria, the
commissioner shall prioritize the selection of those beds to be closed based on the length
of time the beds have been vacant. The longer a bed has been vacant, the higher priority
it must be given for closure. Under this paragraph, the commissioner has the authority
to reduce unused licensed capacity of a current foster care program, or the community
residential settings, to accomplish the consolidation or closure of settings. Under this
paragraph, the commissioner has the authority to manage statewide capacity, including
adjusting the capacity available to each county and adjusting statewide available capacity,
to meet the statewide needs identified through the process in paragraph (e). A decreased
licensed capacity according to this paragraph is not subject to appeal under this chapter.
(d) Residential settings that would otherwise be subject to the decreased license
capacity established in paragraph (c) shall be exempt under the following circumstances:
(1) until August 1, 2013, the license holder's beds occupied by residents whose
primary diagnosis is mental illness and the license holder is:
(i) a provider of assertive community treatment (ACT) or adult rehabilitative mental
health services (ARMHS) as defined in section 256B.0623;
(ii) a mental health center certified under Minnesota Rules, parts 9520.0750 to
9520.0870;
(iii) a mental health clinic certified under Minnesota Rules, parts 9520.0750 to
9520.0870; or
(iv) a provider of intensive residential treatment services (IRTS) licensed under
Minnesota Rules, parts 9520.0500 to 9520.0670; or
(2) the license holder's beds occupied by residents whose primary diagnosis is
mental illness and the license holder is certified under the requirements in subdivision 6a
or section 245D.33.
(e) A resource need determination process, managed at the state level, using the
available reports required by section 144A.351, and other data and information shall
be used to determine where the reduced capacity required under paragraph (e) will be
implemented. The commissioner shall consult with the stakeholders described in section
144A.351, and employ a variety of methods to improve the state's capacity to meet
long-term care service needs within budgetary limits, including seeking proposals from
service providers or lead agencies to change service type, capacity, or location to improve
services, increase the independence of residents, and better meet needs identified by the
long-term care services reports and statewide data and information. By February 1, 2013,
and August 1, 2014, and each following year, the commissioner shall provide information
and data on the overall capacity of licensed long-term care services, actions taken under
this subdivision to manage statewide long-term care services and supports resources, and
any recommendations for change to the legislative committees with jurisdiction over
health and human services budget.

(f) At the time of application and reapplication for licensure, the applicant and the
license holder that are subject to the moratorium or an exclusion established in paragraph
(a) are required to inform the commissioner whether the physical location where the foster
care will be provided is or will be the primary residence of the license holder for the entire
period of licensure. If the primary residence of the applicant or license holder changes, the
applicant or license holder must notify the commissioner immediately. The commissioner
shall print on the foster care license certificate whether or not the physical location is the
primary residence of the license holder.

(g) License holders of foster care homes identified under paragraph (f) that are not
the primary residence of the license holder and that also provide services in the foster care
home that are covered by a federally approved home and community-based services
waiver, as authorized under section 256B.0915, 256B.092, or 256B.49, must inform the
human services licensing division that the license holder provides or intends to provide
these waiver-funded services.

Sec. 6. Minnesota Statutes 2013 Supplement, section 245A.042, subdivision 3, is
amended to read:

Subd. 3. Implementation. (a) The commissioner shall implement the
responsibilities of this chapter according to the timelines in paragraphs (b) and (c)
only within the limits of available appropriations or other administrative cost recovery
methodology.

(b) The licensure of home and community-based services according to this section
shall be implemented January 1, 2014. License applications shall be received and
processed on a phased-in schedule as determined by the commissioner beginning July
1, 2013. Licenses will be issued thereafter upon the commissioner's determination that
the application is complete according to section 245A.04.

(c) Within the limits of available appropriations or other administrative cost recovery
methodology, implementation of compliance monitoring must be phased in after January
1, 2014.
(1) Applicants who do not currently hold a license issued under chapter 245B must receive an initial compliance monitoring visit after 12 months of the effective date of the initial license for the purpose of providing technical assistance on how to achieve and maintain compliance with the applicable law or rules governing the provision of home and community-based services under chapter 245D. If during the review the commissioner finds that the license holder has failed to achieve compliance with an applicable law or rule and this failure does not imminently endanger the health, safety, or rights of the persons served by the program, the commissioner may issue a licensing review report with recommendations for achieving and maintaining compliance.

(2) Applicants who do currently hold a license issued under this chapter must receive a compliance monitoring visit after 24 months of the effective date of the initial license.

(d) Nothing in this subdivision shall be construed to limit the commissioner's authority to suspend or revoke a license or issue a fine at any time under section 245A.07, or issue correction orders and make a license conditional for failure to comply with applicable laws or rules under section 245A.06, based on the nature, chronicity, or severity of the violation of law or rule and the effect of the violation on the health, safety, or rights of persons served by the program.

(e) License holders governed under chapter 245D must ensure compliance with the following requirements within the stated timelines:

(1) service initiation and service planning requirements must be met at the next annual meeting of the person's support team or by January 1, 2015, whichever is later, for the following:

(i) provision of a written notice that identifies the service recipient rights and an explanation of those rights as required under section 245D.04, subdivision 1;

(ii) service planning for basic support services as required under section 245D.07, subdivision 2; and

(iii) service planning for intensive support services under section 245D.071, subdivisions 3 and 4;

(2) staff orientation to program requirements as required under section 245D.09, subdivision 4, for staff hired before January 1, 2014, must be met by January 1, 2015.

The license holder may otherwise provide documentation verifying these requirements were met before January 1, 2014;

(3) development of policy and procedures as required under section 245D.11, must be completed no later than August 31, 2014;

Subd. 4. Reviewing and reporting medication and treatment issues. (a) When assigned responsibility for medication administration, the license holder must ensure that the information maintained in the medication administration record is current and is regularly reviewed to identify medication administration errors. At a minimum, the review must be conducted every three months, or more frequently as directed in the coordinated service and support plan or coordinated service and support plan addendum or as requested by the person or the person's legal representative. Based on the review, the license holder must develop and implement a plan to correct patterns of medication administration errors when identified.

(b) If assigned responsibility for medication assistance or medication administration, the license holder must report the following to the person's legal representative and case manager as they occur or as otherwise directed in the coordinated service and support plan or the coordinated service and support plan addendum:

(1) any reports made to the person's physician or prescriber required under subdivision 2, paragraph (c), clause (4);
340.1 (2) a person's refusal or failure to take or receive medication or treatment as
340.2 prescribed; or
340.3 (3) concerns about a person's self-administration of medication or treatment.

Sec. 27. Minnesota Statutes 2013 Supplement, section 245D.05, subdivision 5, is
340.4 amended to read:
340.5 Subd. 5. Injectable medications. Injectable medications may be administered
340.6 according to a prescriber's order and written instructions when one of the following
340.7 conditions has been met:
340.8 (1) a registered nurse or licensed practical nurse will administer the subcutaneous or
340.9 intramuscular injection;
340.10 (2) a supervising registered nurse with a physician's order has delegated the
340.11 administration of subcutaneous injectable medication to an unlicensed staff member
340.12 and has provided the necessary training; or
340.13 (3) there is an agreement signed by the license holder, the prescriber, and the
340.14 person or the person's legal representative specifying what subcutaneous injections may
340.15 be given, when, how, and that the prescriber must retain responsibility for the license
340.16 holder's giving the injections. A copy of the agreement must be placed in the person's
340.17 service recipient record.
340.18 Only licensed health professionals are allowed to administer psychotropic
340.19 medications by injection.

Sec. 28. Minnesota Statutes 2013 Supplement, section 245D.051, is amended to read:
340.21 245D.051 PSYCHOTROPIC MEDICATION USE AND MONITORING.
340.22 Subdivision 1. Conditions for psychotropic medication administration. (a)
340.23 When a person is prescribed a psychotropic medication and the license holder is assigned
340.24 responsibility for administration of the medication in the person's coordinated service
340.25 and support plan or the coordinated service and support plan addendum, the license
340.26 holder must ensure that the requirements in paragraphs (b) to (d) and section 245D.05,
340.27 subdivision 2, are met.
340.28 (b) Use of the medication must be included in the person's coordinated service and
340.29 support plan or in the coordinated service and support plan addendum and based on a
340.30 prescriber's current written or electronically recorded prescription.
340.31 (e) (b) The license holder must develop, implement, and maintain the following
340.32 documentation in the person's coordinated service and support plan addendum according
340.33 to the requirements in sections 245D.07 and 245D.071:
(1) a description of the target symptoms that the psychotropic medication is to alleviate; and

(2) documentation methods the license holder will use to monitor and measure changes in the target symptoms that are to be alleviated by the psychotropic medication if required by the prescriber. The license holder must collect and report on medication and symptom-related data as instructed by the prescriber. The license holder must provide the monitoring data to the expanded support team for review every three months, or as otherwise requested by the person or the person's legal representative.

For the purposes of this section, "target symptom" refers to any perceptible diagnostic criteria for a person's diagnosed mental disorder, as defined by the Diagnostic and Statistical Manual of Mental Disorders Fourth Edition Text Revision (DSM-IV-TR) or successive editions, that has been identified for alleviation.

Subd. 2. Refusal to authorize psychotropic medication. If the person or the person's legal representative refuses to authorize the administration of a psychotropic medication as ordered by the prescriber, the license holder must follow the requirement in section 245D.05, subdivision 2, paragraph (b), clause (2), not administer the medication. The refusal to authorize medication administration must be reported to the prescriber as expeditiously as possible. After reporting the refusal to the prescriber, the license holder must follow any directives or orders given by the prescriber. A court order must be obtained to override the refusal. A refusal may not be overridden without a court order.

Refusal to authorize administration of a specific psychotropic medication is not grounds for service termination and does not constitute an emergency. A decision to terminate services must be reached in compliance with section 245D.10, subdivision 3.

Sec. 29. Minnesota Statutes 2013 Supplement, section 245D.06, subdivision 1, is amended to read:

Subdivision 1. Incident response and reporting. (a) The license holder must respond to incidents under section 245D.02, subdivision 11, that occur while providing services to protect the health and safety of and minimize risk of harm to the person.

(b) The license holder must maintain information about and report incidents to the person's legal representative or designated emergency contact and case manager within 24 hours of an incident occurring while services are being provided, within 24 hours of discovery or receipt of information that an incident occurred, unless the license holder has reason to know that the incident has already been reported, or as otherwise directed in a person's coordinated service and support plan or coordinated service and support plan addendum. An incident of suspected or alleged maltreatment must be reported as
required under paragraph (d), and an incident of serious injury or death must be reported
as required under paragraph (e).

(c) When the incident involves more than one person, the license holder must not
disclose personally identifiable information about any other person when making the report
to each person and case manager unless the license holder has the consent of the person.

(d) Within 24 hours of reporting maltreatment as required under section 626.556 or 626.557, the license holder must inform the case manager of the report unless there is
reason to believe that the case manager is involved in the suspected maltreatment. The
license holder must disclose the nature of the activity or occurrence reported and the
agency that received the report.

(e) The license holder must report the death or serious injury of the person as
required in paragraph (b) and to the Department of Human Services Licensing Division,
and the Office of Ombudsman for Mental Health and Developmental Disabilities as
required under section 245.94, subdivision 2a, within 24 hours of the death, or receipt of
information that the death occurred, unless the license holder has reason to know that the
death has already been reported.

(f) When a death or serious injury occurs in a facility certified as an intermediate
care facility for persons with developmental disabilities, the death or serious injury must
be reported to the Department of Health, Office of Health Facility Complaints, and the
Office of Ombudsman for Mental Health and Developmental Disabilities, as required
under sections 245.91 and 245.94, subdivision 2a, unless the license holder has reason to
know that the death has already been reported.

(g) The license holder must conduct an internal review of incident reports of deaths
and serious injuries that occurred while services were being provided and that were not
reported by the program as alleged or suspected maltreatment, for identification of incident
patterns, and implementation of corrective action as necessary to reduce occurrences.
The review must include an evaluation of whether related policies and procedures were
followed, whether the policies and procedures were adequate, whether there is a need for
additional staff training, whether the reported event is similar to past events with the
persons or the services involved, and whether there is a need for corrective action by the
license holder to protect the health and safety of persons receiving services. Based on
the results of this review, the license holder must develop, document, and implement a
corrective action plan designed to correct current lapses and prevent future lapses in
performance by staff or the license holder, if any.

(h) The license holder must verbally report the emergency use of manual restraint
of a person as required in paragraph (b) within 24 hours of the occurrence. The license
holder must ensure the written report and internal review of all incident reports of the
emergency use of manual restraints are completed according to the requirements in section
245D.061 or successor provisions.

Sec. 30. Minnesota Statutes 2013 Supplement, section 245D.06, subdivision 2, is
amended to read:

Subd. 2. Environment and safety. The license holder must:

(1) ensure the following when the license holder is the owner, lessor, or tenant
of the service site:

(i) the service site is a safe and hazard-free environment;

(ii) that toxic substances or dangerous items are inaccessible to persons served by
the program only to protect the safety of a person receiving services when a known safety
threat exists and not as a substitute for staff supervision or interactions with a person who
is receiving services. If toxic substances or dangerous items are made inaccessible, the
license holder must document an assessment of the physical plant, its environment, and its
population identifying the risk factors which require toxic substances or dangerous items
to be inaccessible and a statement of specific measures to be taken to minimize the safety
risk to persons receiving services and to restore accessibility to all persons receiving
services at the service site;

(iii) doors are locked from the inside to prevent a person from exiting only when
necessary to protect the safety of a person receiving services and not as a substitute for
staff supervision or interactions with the person. If doors are locked from the inside, the
license holder must document an assessment of the physical plant, the environment and
the population served, identifying the risk factors which require the use of locked doors,
and a statement of specific measures to be taken to minimize the safety risk to persons
receiving services at the service site; and

(iv) a staff person is available at the service site who is trained in basic first aid and,
when required in a person's coordinated service and support plan or coordinated service
and support plan addendum, cardiopulmonary resuscitation (CPR) whenever persons are
present and staff are required to be at the site to provide direct support service. The CPR
training must include in-person instruction, hands-on practice, and an observed skills
assessment under the direct supervision of a CPR instructor;

(2) maintain equipment, vehicles, supplies, and materials owned or leased by the
license holder in good condition when used to provide services;
(3) follow procedures to ensure safe transportation, handling, and transfers of the person and any equipment used by the person, when the license holder is responsible for transportation of a person or a person's equipment;

(4) be prepared for emergencies and follow emergency response procedures to ensure the person's safety in an emergency; and

(5) follow universal precautions and sanitary practices, including hand washing, for infection prevention and control, and to prevent communicable diseases.

Sec. 31. Minnesota Statutes 2013 Supplement, section 245D.06, subdivision 4, is amended to read:

Subd. 4. Funds and property; legal representative restrictions. (a) Whenever the license holder assists a person with the safekeeping of funds or other property according to section 245A.04, subdivision 13, the license holder must obtain written authorization to do so from the person or the person's legal representative and the case manager. Authorization must be obtained within five working days of service initiation and renewed annually thereafter. At the time initial authorization is obtained, the license holder must survey, document, and implement the preferences of the person or the person's legal representative and the case manager for frequency of receiving a statement that itemizes receipts and disbursements of funds or other property. The license holder must document changes to these preferences when they are requested.

(b) A license holder or staff person may not accept powers-of-attorney from a person receiving services from the license holder for any purpose. This does not apply to license holders that are Minnesota counties or other units of government or to staff persons employed by license holders who were acting as attorney-in-fact for specific individuals prior to implementation of this chapter. The license holder must maintain documentation of the power-of-attorney in the service recipient record.

(c) A license holder or staff person is restricted from accepting an appointment as a guardian as follows:

(1) under section 524.5-309 of the Uniform Probate Code, any individual or agency that provides residence, custodial care, medical care, employment training, or other care or services for which the individual or agency receives a fee may not be appointed as guardian unless related to the respondent by blood, marriage, or adoption; and

(2) under section 245A.03, subdivision 2, paragraph (a), clause (1), a related individual as defined under section 245A.02, subdivision 13, is excluded from licensure. Services provided by a license holder to a person under the license holder's guardianship are not licensed services.
(e) (d) Upon the transfer or death of a person, any funds or other property of the
person must be surrendered to the person or the person's legal representative, or given to
the executor or administrator of the estate in exchange for an itemized receipt.

Sec. 32. Minnesota Statutes 2013 Supplement, section 245D.06, subdivision 6, is
amended to read:

Subd. 6. Restricted procedures. (a) The following procedures are allowed when
the procedures are implemented in compliance with the standards governing their use as
identified in clauses (1) to (3). Allowed but restricted procedures include:

(1) permitted actions and procedures subject to the requirements in subdivision 7;
(2) procedures identified in a positive support transition plan subject to the
requirements in subdivision 8; or
(3) emergency use of manual restraint subject to the requirements in section
245D.061.

For purposes of this chapter, this section supersedes the requirements identified in
Minnesota Rules, part 9525.2740.

(b) A restricted procedure identified in paragraph (a) must not:

(1) be implemented with a child in a manner that constitutes sexual abuse, neglect,
physical abuse, or mental injury, as defined in section 626.556, subdivision 2;
(2) be implemented with an adult in a manner that constitutes abuse or neglect as
defined in section 626.5572, subdivision 2 or 17;
(3) be implemented in a manner that violates a person's rights identified in section
245D.04;
(4) restrict a person's normal access to a nutritious diet, drinking water, adequate
ventilation, necessary medical care, ordinary hygiene facilities, normal sleeping
conditions, necessary clothing, or any protection required by state licensing standards or
federal regulations governing the program;
(5) deny the person visitation or ordinary contact with legal counsel, a legal
representative, or next of kin;
(6) be used for the convenience of staff, as punishment, as a substitute for adequate
staffing, or as a consequence if the person refuses to participate in the treatment or services
provided by the program;
(7) use prone restraint. For purposes of this section, "prone restraint" means use
of manual restraint that places a person in a face-down position. Prone restraint does
not include brief physical holding of a person who, during an emergency use of manual
restraint, rolls into a prone position, if the person is restored to a standing, sitting, or
side-lying position as quickly as possible;

(8) apply back or chest pressure while a person is in a prone position as identified in
clause (7), supine position, or side-lying position; or

(9) be implemented in a manner that is contraindicated for any of the person's known
medical or psychological limitations.

Sec. 33. Minnesota Statutes 2013 Supplement, section 245D.06, subdivision 7, is
amended to read:

Subd. 7. Permitted actions and procedures. (a) Use of the instructional techniques
and intervention procedures as identified in paragraphs (b) and (c) is permitted when used
on an intermittent or continuous basis. When used on a continuous basis, it must be
addressed in a person's coordinated service and support plan addendum as identified in
sections 245D.07 and 245D.071. For purposes of this chapter, the requirements of this
subdivision supersede the requirements identified in Minnesota Rules, part 9525.2720.

(b) Physical contact or instructional techniques must use the least restrictive
alternative possible to meet the needs of the person and may be used:

(1) to calm or comfort a person by holding that person with no resistance from
that person;

(2) to protect a person known to be at risk of injury due to frequent falls as a result
of a medical condition;

(3) to facilitate the person's completion of a task or response when the person does
not resist or the person's resistance is minimal in intensity and duration; or

(4) to briefly block or redirect a person's limbs or body without holding the person or
limiting the person's movement to interrupt the person's behavior that may result in injury
to self or others, with less than 60 seconds of physical contact by staff; or

(5) to redirect a person's behavior when the behavior does not pose a serious threat
to the person or others and the behavior is effectively redirected with less than 60 seconds
of physical contact by staff.

(c) Restraint may be used as an intervention procedure to:

(1) allow a licensed health care professional to safely conduct a medical examination
or to provide medical treatment ordered by a licensed health care professional to a person
necessary to promote healing or recovery from an acute, meaning short-term, medical
condition;

(2) assist in the safe evacuation or redirection of a person in the event of an
emergency and the person is at imminent risk of harm; or
Any use of manual restraint as allowed in this paragraph must comply with the restrictions
identified in section 245D.061, subdivision 3; or

(3) position a person with physical disabilities in a manner specified in the person's
coordinated service and support plan addendum.

Any use of manual restraint as allowed in this paragraph must comply with the restrictions
identified in subdivision 6, paragraph (b).

(d) Use of adaptive aids or equipment, orthotic devices, or other medical equipment
ordered by a licensed health professional to treat a diagnosed medical condition do not in
and of themselves constitute the use of mechanical restraint.

(e) Use of an auxiliary device to ensure a person does not unfasten a seat belt when
being transported in a vehicle in accordance with seat belt use requirements in section
169.686 does not constitute the use of mechanical restraint.

Sec. 34. Minnesota Statutes 2013 Supplement, section 245D.06, subdivision 8, is
amended to read:

Subd. 8. Positive support transition plan. (a) License holders must develop
a positive support transition plan on the forms and in the manner prescribed by the
commissioner for a person who requires intervention in order to maintain safety when
it is known that the person's behavior poses an immediate risk of physical harm to self
or others. The positive support transition plan forms and instructions will supersede the
requirements in Minnesota Rules, parts 9525.2750; 9525.2760; and 9525.2780. The
positive support transition plan must phase out any existing plans for the emergency
or programmatic use of aversive or deprivation procedures, restrictive interventions
prohibited under this chapter within the following timelines:

(1) for persons receiving services from the license holder before January 1, 2014,
the plan must be developed and implemented by February 1, 2014, and phased out no
later than December 31, 2014; and

(2) for persons admitted to the program on or after January 1, 2014, the plan must be
developed and implemented within 30 calendar days of service initiation and phased out
no later than 11 months from the date of plan implementation.

(b) The commissioner has limited authority to grant approval for the emergency use
of procedures identified in subdivision 6 that had been part of an approved positive support
transition plan when a person is at imminent risk of serious injury as defined in section
245.91, subdivision 6, due to self-injurious behavior and the following conditions are met:

(1) the person's expanded support team approves the emergency use of the
procedures; and
(2) the interim review panel established in section 245.8251, subdivision 4, recommends commissioner approval of the emergency use of the procedures.

(c) Written requests for the emergency use of the procedures must be developed and submitted to the commissioner by the designated coordinator with input from the person's expanded support team in accordance with the requirements set by the interim review panel, in addition to the following:

(1) a copy of the person's current positive support transition plan and copies of each positive support transition plan review containing data on the progress of the plan from the previous year;

(2) documentation of a good faith effort to eliminate the use of the procedures that had been part of an approved positive support transition plan;

(3) justification for the continued use of the procedures that identifies the imminent risk of serious injury due to the person's self-injurious behavior if the procedures were eliminated;

(4) documentation of the clinicians consulted in creating and maintaining the positive support transition plan; and

(5) documentation of the expanded support team's approval and the recommendation from the interim panel required under paragraph (b).

(d) A copy of the written request, supporting documentation, and the commissioner's final determination on the request must be maintained in the person's service recipient record.

Sec. 35. Minnesota Statutes 2013 Supplement, section 245D.071, subdivision 3, is amended to read:

Subd. 3. Assessment and initial service planning. (a) Within 15 days of service initiation the license holder must complete a preliminary coordinated service and support plan addendum based on the coordinated service and support plan.

(b) Within 45 days of service initiation the license holder must meet with the person, the person's legal representative, the case manager, and other members of the support team or expanded support team to assess and determine the following based on the person's coordinated service and support plan and the requirements in subdivision 4 and section 245D.07, subdivision 1:

(1) the scope of the services to be provided to support the person's daily needs and activities;

(2) the person's desired outcomes and the supports necessary to accomplish the person's desired outcomes;
(3) the person's preferences for how services and supports are provided;

(4) whether the current service setting is the most integrated setting available and appropriate for the person; and

(5) how services must be coordinated across other providers licensed under this chapter serving the same person to ensure continuity of care for the person.

(e) Within the scope of services, the license holder must, at a minimum, assess the following areas:

(1) the person's ability to self-manage health and medical needs to maintain or improve physical, mental, and emotional well-being, including, when applicable, allergies, seizures, choking, special dietary needs, chronic medical conditions, self-administration of medication or treatment orders, preventative screening, and medical and dental appointments;

(2) the person's ability to self-manage personal safety to avoid injury or accident in the service setting, including, when applicable, risk of falling, mobility, regulating water temperature, community survival skills, water safety skills, and sensory disabilities; and

(3) the person's ability to self-manage symptoms or behavior that may otherwise result in an incident as defined in section 245D.02, subdivision 11, clauses (4) to (7), suspension or termination of services by the license holder, or other symptoms or behaviors that may jeopardize the health and safety of the person or others. The assessments must produce information about the person that is descriptive of the person's overall strengths, functional skills and abilities, and behaviors or symptoms.

(b) Within the scope of services, the license holder must, at a minimum, complete assessments in the following areas before the 45-day planning meeting:

(1) the person's ability to self-manage health and medical needs to maintain or improve physical, mental, and emotional well-being, including, when applicable, allergies, seizures, choking, special dietary needs, chronic medical conditions, self-administration of medication or treatment orders, preventative screening, and medical and dental appointments;

(2) the person's ability to self-manage personal safety to avoid injury or accident in the service setting, including, when applicable, risk of falling, mobility, regulating water temperature, community survival skills, water safety skills, and sensory disabilities; and

(3) the person's ability to self-manage symptoms or behavior that may otherwise result in an incident as defined in section 245D.02, subdivision 11, clauses (4) to (7), suspension or termination of services by the license holder, or other symptoms or behaviors that may jeopardize the health and safety of the person or others.
Assessments must produce information about the person that describes the person's overall strengths, functional skills and abilities, and behaviors or symptoms. Assessments must be based on the person's status within the last 12 months at the time of service initiation. Assessments based on older information must be documented and justified. Assessments must be conducted annually at a minimum or within 30 days of a written request from the person or the person's legal representative or case manager. The results must be reviewed by the support team or expanded support team as part of a service plan review.

(c) Within 45 days of service initiation, the license holder must meet with the person, the person's legal representative, the case manager, and other members of the support team or expanded support team to determine the following based on information obtained from the assessments identified in paragraph (b), the person's identified needs in the coordinated service and support plan, and the requirements in subdivision 4 and section 245D.07, subdivision 1a:

1. the scope of the services to be provided to support the person's daily needs and activities;
2. the person's desired outcomes and the supports necessary to accomplish the person's desired outcomes;
3. the person's preferences for how services and supports are provided;
4. whether the current service setting is the most integrated setting available and appropriate for the person; and
5. how services must be coordinated across other providers licensed under this chapter serving the person and members of the support team or expanded support team to ensure continuity of care and coordination of services for the person.

Sec. 36. Minnesota Statutes 2013 Supplement, section 245D.071, subdivision 4, is amended to read:

Subd. 4. Service outcomes and supports. (a) Within ten working days of the 45-day planning meeting, the license holder must develop and document a service plan that documents the service outcomes and supports based on the assessments completed under subdivision 3 and the requirements in section 245D.07, subdivision 1a. The outcomes and supports must be included in the coordinated service and support plan addendum.

(b) The license holder must document the supports and methods to be implemented to support the accomplishment of the person and accomplish outcomes related to acquiring, retaining, or improving skills and physical, mental, and emotional health and well-being. The documentation must include:
(1) the methods or actions that will be used to support the person and to accomplish the service outcomes, including information about:

   (i) any changes or modifications to the physical and social environments necessary when the service supports are provided;
   (ii) any equipment and materials required; and
   (iii) techniques that are consistent with the person's communication mode and learning style;

(2) the measurable and observable criteria for identifying when the desired outcome has been achieved and how data will be collected;

(3) the projected starting date for implementing the supports and methods and the date by which progress towards accomplishing the outcomes will be reviewed and evaluated; and

(4) the names of the staff or position responsible for implementing the supports and methods.

(c) Within 20 working days of the 45-day meeting, the license holder must obtain dated signatures from the person or the person's legal representative and case manager to document completion and approval of the assessment and coordinated service and support plan addendum.

Sec. 37. Minnesota Statutes 2013 Supplement, section 245D.071, subdivision 5, is amended to read:

Subd. 5. **Progress reviews Service plan review and evaluation.** (a) The license holder must give the person or the person's legal representative and case manager an opportunity to participate in the ongoing review and development of the service plan and the methods used to support the person and accomplish outcomes identified in subdivisions 3 and 4. The license holder, in coordination with the person's support team or expanded support team, must meet with the person, the person's legal representative, and the case manager, and participate in progress service plan review meetings following stated timelines established in the person's coordinated service and support plan or coordinated service and support plan addendum or within 30 days of a written request by the person, the person's legal representative, or the case manager, at a minimum of once per year. The purpose of the service plan review is to determine whether changes are needed to the service plan based on the assessment information, the license holder's evaluation of progress towards accomplishing outcomes, or other information provided by the support team or expanded support team.
(b) The license holder must summarize the person's status and progress toward achieving the identified outcomes and make recommendations and identify the rationale for changing, continuing, or discontinuing implementation of supports and methods identified in subdivision 4 in a written report sent to the person or the person's legal representative and case manager five working days prior to the review meeting, unless the person, the person's legal representative, or the case manager requests to receive the report at the time of the meeting.

(c) Within ten working days of the progress review meeting, the license holder must obtain dated signatures from the person or the person's legal representative and the case manager to document approval of any changes to the coordinated service and support plan addendum.

Sec. 38. Minnesota Statutes 2013 Supplement, section 245D.081, subdivision 2, is amended to read:

Subd. 2. Coordination and evaluation of individual service delivery. (a) Delivery and evaluation of services provided by the license holder must be coordinated by a designated staff person. The designated coordinator must provide supervision, support, and evaluation of activities that include:

1. oversight of the license holder's responsibilities assigned in the person's coordinated service and support plan and the coordinated service and support plan addendum;

2. taking the action necessary to facilitate the accomplishment of the outcomes according to the requirements in section 245D.07;

3. instruction and assistance to direct support staff implementing the coordinated service and support plan and the service outcomes, including direct observation of service delivery sufficient to assess staff competency; and

4. evaluation of the effectiveness of service delivery, methodologies, and progress on the person's outcomes based on the measurable and observable criteria for identifying when the desired outcome has been achieved according to the requirements in section 245D.07.

(b) The license holder must ensure that the designated coordinator is competent to perform the required duties identified in paragraph (a) through education and training in human services and disability-related fields, and work experience in providing direct care services and supports to persons with disabilities relevant to the needs of the general population of persons served by the license holder and the individual persons for whom the designated coordinator is responsible. The designated coordinator must have the skills and ability necessary to develop effective plans and to design and use data systems.
to measure effectiveness of services and supports. The license holder must verify and

document competence according to the requirements in section 245D.09, subdivision 3.

The designated coordinator must minimally have:

(1) a baccalaureate degree in a field related to human services, and one year of

full-time work experience providing direct care services to persons with disabilities or

persons age 65 and older;

full-time work experience providing direct care services to persons with disabilities or

persons age 65 and older;

and disabilities; and

(5) four years of full-time work experience providing direct care services to persons

with disabilities or persons age 65 and older under the supervision of a staff person who

meets the qualifications identified in clauses (1) to (3).

Sec. 39. Minnesota Statutes 2013 Supplement, section 245D.09, subdivision 3, is

amended to read:

Subd. 3. Staff qualifications. (a) The license holder must ensure that staff providing
direct support, or staff who have responsibilities related to supervising or managing the
provision of direct support service, are competent as demonstrated through skills and
knowledge training, experience, and education to meet the person's needs and additional

Sec. 66. Minnesota Statutes 2013 Supplement, section 256B.4914, subdivision 6, is amended to read:

Subd. 6. Payments for residential support services. (a) Payments for residential

support services, as defined in sections 256B.092, subdivision 11, and 256B.49,

subdivision 22, must be calculated as follows:
(1) determine the number of shared staffing and individual direct staff hours to meet  
a recipient's needs provided on-site or through monitoring technology;  
(2) personnel hourly wage rate must be based on the 2009 Bureau of Labor Statistics  
Minnesota-specific rates or rates derived by the commissioner as provided in subdivision  
5. This is defined as the direct-care rate;  
(3) for a recipient requiring customization for deaf and hard-of-hearing language  
accessibility under subdivision 12, add the customization rate provided in subdivision 12  
to the result of clause (2). This is defined as the customized direct-care rate;  
(4) multiply the number of shared and individual direct staff hours provided on-site  
or through monitoring technology and direct nursing hours by the appropriate staff wages  
in subdivision 5, paragraph (a), or the customized direct-care rate;  
(5) multiply the number of shared and individual direct staff hours provided  
on-site or through monitoring technology and direct nursing hours by the product of  
the supervision span of control ratio in subdivision 5, paragraph (b), clause (1), and the  
appropriate supervision wage in subdivision 5, paragraph (a), clause (16);  
(6) combine the results of clauses (4) and (5), excluding any shared and individual  
direct staff hours provided through monitoring technology, and multiply the result by one  
plus the employee vacation, sick, and training allowance ratio in subdivision 5, paragraph  
(b), clause (2). This is defined as the direct staffing cost;  
(7) for employee-related expenses, multiply the direct staffing cost, excluding any  
shared and individual direct staff hours provided through monitoring technology, by one  
plus the employee-related cost ratio in subdivision 5, paragraph (b), clause (3);  
(8) for client programming and supports, the commissioner shall add $2,179; and  
(9) for transportation, if provided, the commissioner shall add $1,680, or $3,000  
if customized for adapted transport, per year based on the resident with the highest  
assessed need.  
(b) The total rate shall must be calculated using the following steps:  
(1) subtotal paragraph (a), clauses (7) to (9), and the direct staffing cost of any  
shared and individual direct staff hours provided through monitoring technology that  
was excluded in clause (7);  
(2) sum the standard general and administrative rate, the program-related expense  
ratio, and the absence and utilization ratio;  
(3) divide the result of clause (1) by one minus the result of clause (2). This is  
the total payment amount; and  
(4) adjust the result of clause (3) by a factor to be determined by the commissioner  
to adjust for regional differences in the cost of providing services.
(c) The payment methodology for customized living, 24-hour customized living, and residential care services shall must be the customized living tool. Revisions to the customized living tool shall must be made to reflect the services and activities unique to disability-related recipient needs.

(d) The commissioner shall establish a Monitoring Technology Review Panel to annually review and approve the plans, safeguards, and rates that include residential direct care provided remotely through monitoring technology. Lead agencies shall submit individual service plans that include supervision using monitoring technology to the Monitoring Technology Review Panel for approval. Individual service plans that include supervision using monitoring technology as of December 31, 2013, shall be submitted to the Monitoring Technology Review Panel, but the plans are not subject to approval.

(e) For individuals enrolled prior to January 1, 2014, the days of service authorized must meet or exceed the days of service used to convert service agreements in effect on December 1, 2013, and must not result in a reduction in spending or service utilization due to conversion during the implementation period under section 256B.4913, subdivision 4a.

If during the implementation period, an individual's historical rate, including adjustments required under section 256B.4913, subdivision 4a, paragraph (c), is equal to or greater than the rate determined in this subdivision, the number of days authorized for the individual is 365.

(f) The number of days authorized for all individuals enrolling after January 1, 2014, in residential services must include every day that services start and end.

Sec. 67. Minnesota Statutes 2013 Supplement, section 256B.4914, subdivision 7, is amended to read:

(i) the staffing ratios for the units of service provided to a recipient in a typical week must be averaged to determine an individual's staffing ratio; and

(ii) the commissioner, in consultation with service providers, shall develop a uniform staffing ratio worksheet to be used to determine staffing ratios under this subdivision;

(2) personnel hourly wage rates must be based on the 2009 Bureau of Labor Statistics Minnesota-specific rates or rates derived by the commissioner as provided in subdivision 5;
(3) for a recipient requiring customization for deaf and hard-of-hearing language accessibility under subdivision 12, add the customization rate provided in subdivision 12 to the result of clause (2). This is defined as the customized direct-care rate;

not imposed upon others in the same residence and are the least restrictive alternative,
imposed for the shortest possible time to meet the person's needs.
  (c) The provisions of paragraphs (a) and (b) do not apply to any setting in which
individuals receive services under a home and community-based waiver as of July 1,

supports prior to graduation than what the amount they are eligible to receive under the
current consumer-directed community supports budget methodology. The exception is

the exclusive bargaining agent. Upon receipt of the letter of acceptance, the provider shall
be deemed to have met all the requirements of this section in regard to the members of
the bargaining unit. Upon request, the provider shall produce the letter of acceptance for
the commissioner.

(k) The commissioner shall amend state grant contracts that include direct
personnel-related grant expenditures to include the allocation for the portion of the

The application shall include data for a period beginning with the first pay period after January 1, 2014, and including at least three months of employee compensated hours by wage rate, and a spending plan that describes how the funds from the rate adjustment will be allocated for compensation to employees paid less than $14 per hour. The application must be submitted by December 31, 2014. The commissioner may request any additional information needed to determine the rate adjustment within three weeks of receiving a complete application. The nursing facility must provide any additional information requested by the commissioner by March 31, 2015. The commissioner may waive the deadlines in this subdivision under extraordinary circumstances.

(b) For nursing facilities in which employees are represented by an exclusive bargaining representative, the commissioner shall approve the application submitted under this subdivision only upon receipt of a letter of acceptance of the spending plan in regard to members of the bargaining unit, signed by the exclusive bargaining agent and dated after May 31, 2014. Upon receipt of the letter of acceptance, the commissioner shall deem all requirements of this subdivision as having been met in regard to the members of the bargaining unit.

Subd. 2. Rate adjustment calculation. Based on the application in subdivision 1, the commissioner shall calculate the annualized compensation costs by adding the totals of clauses (1), (2), and (3). The result must be divided by the resident days from the most recently available cost report to determine a per diem amount, which must be included in the external fixed cost portion of the total payment rate under Minnesota Statutes, section 256B.441, subdivision 53:

1. The sum of the difference between $9.50 and any hourly wage rate of less than $9.50, multiplied by the number of compensated hours at that wage rate;
2. The sum of items (i) to (viii):
   (i) for all compensated hours from $8 to $8.49 per hour, the number of compensated hours is multiplied by $0.13;
   (ii) for all compensated hours from $8.50 to $8.99 per hour, the number of compensated hours is multiplied by $0.25;
   (iii) for all compensated hours from $9 to $9.49 per hour, the number of compensated hours is multiplied by $0.38;
(iv) for all compensated hours from $9.50 to $10.49 per hour, the number of
compensated hours is multiplied by 0.50;
(v) for all compensated hours from $10.50 to $10.99 per hour, the number of
compensated hours is multiplied by 0.40;
(vi) for all compensated hours from $11 to $11.49 per hour, the number of
compensated hours is multiplied by 0.30;
(vii) for all compensated hours from $11.50 to $11.99 per hour, the number of
compensated hours is multiplied by 0.20; and
(viii) for all compensated hours from $12 to $13.00 per hour, the number of
compensated hours is multiplied by 0.10; and
(3) the sum of the employer's share of FICA taxes, Medicare taxes, state and federal
unemployment taxes, workers' compensation, pensions, and contributions to employee
retirement accounts attributable to the amounts in clauses (1) and (2).

Subd. 3. Rate adjustment. For the rate year beginning October 1, 2014, nursing
facilities that receive approval of the application in subdivision 1 must receive a rate
adjustment according to subdivision 2. The rate adjustment must be used to pay
compensation costs for nursing facility employees paid less than $14 per hour. The rate
adjustment must continue to be included in the total payment rate in subsequent years.

Sec. 78. DISABILITY WAIVER REIMBURSEMENT RATE ADJUSTMENTS.

Subdivision 1. Historical rate. The commissioner of human services shall adjust

calculated in Minnesota Statutes, section 256B.4914, subdivision 7, paragraph (a), clauses
(15) to (17), for the reimbursement rate increases effective April 1, 2014, and any rate
modification enacted during the 2014 legislative session.

Subd. 4. Unit-based services with programming. The commissioner of human
services shall adjust the rate calculated in Minnesota Statutes, section 256B.4914,
subdivision 8, paragraph (a), clause (14), for the reimbursement rate increases effective
April 1, 2014, and any rate modification enacted during the 2014 legislative session.

Subd. 5. Unit-based services without programming. The commissioner of
human services shall adjust the rate calculated in Minnesota Statutes, section 256B.4914,

nonemergency medical transportation services provisions. The recommendations must
include, without limitation, the amount of the fee that would be required to cover the costs

Sec. 81. **REPEALER.**

Minnesota Statutes 2013 Supplement, section 256B.0625, subdivision 18f, is repealed.

**ARTICLE 19**

**HEALTH CARE**

Section 1. Minnesota Statutes 2012, section 256.01, is amended by adding a subdivision to read:

**Subd. 38. Contract to match recipient third-party liability information.** The commissioner may enter into a contract with a national organization to match recipient
third-party liability information and provide coverage and insurance primacy information to the department at no charge to providers and the clearinghouses.

Sec. 2. Minnesota Statutes 2012, section 256.9685, subdivision 1, is amended to read:

Subdivision 1. Authority. (a) The commissioner shall establish procedures for determining medical assistance and general assistance medical care payment rates under a prospective payment system for inpatient hospital services in hospitals that qualify as vendors of medical assistance. The commissioner shall establish, by rule, procedures for implementing this section and sections 256.9686, 256.969, and 256.9695. Services must meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), to be eligible for payment.

(b) The commissioner may reduce the types of inpatient hospital admissions that are required to be certified as medically necessary after notice in the State Register and a 30-day comment period.

Sec. 3. Minnesota Statutes 2012, section 256.9685, subdivision 1a, is amended to read:

Subd. 1a. Administrative reconsideration. Notwithstanding sections section 256B.04, subdivision 15, and 256D.03, subdivision 7, the commissioner shall establish an administrative reconsideration process for appeals of inpatient hospital services determined to be medically unnecessary. A physician or hospital may request a reconsideration of the decision that inpatient hospital services are not medically necessary by submitting a written request for review to the commissioner within 30 days after receiving notice of the decision. The reconsideration process shall take place prior to the procedures of subdivision 1b and shall be conducted by physicians that are independent of the case under reconsideration. A majority decision by the physicians is necessary to make a determination that the services were not medically necessary.

Sec. 4. Minnesota Statutes 2012, section 256.9686, subdivision 2, is amended to read:

Subd. 2. Base year. "Base year" means a hospital's fiscal year or years that is recognized by the Medicare program or a hospital's fiscal year specified by the commissioner if a hospital is not required to file information by the Medicare program from which cost and statistical data are used to establish medical assistance and general assistance medical care payment rates.

Sec. 5. Minnesota Statutes 2012, section 256.969, subdivision 1, is amended to read:
Subdivision 1. **Hospital cost index.** (a) The hospital cost index shall be the change in the Consumer Price Index-All Items (United States city average) (CPI-U) forecasted by Data Resources, Inc. The commissioner shall use the indices as forecasted in the third quarter of the calendar year prior to the rate year. The hospital cost index may be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. (b) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for hospital payment rates under medical assistance, nor under general assistance medical care, except that the inflation adjustments under paragraph (a) for medical assistance, excluding general assistance medical care, shall apply through calendar year 2001. The index for calendar year 2000 shall be reduced 2.5 percentage points to recover overprojections of the index from 1994 to 1996. The commissioner of management and budget shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in hospital payment rates under medical assistance and general assistance medical care, based upon the hospital cost index.

Sec. 6. Minnesota Statutes 2012, section 256.969, subdivision 2, is amended to read:

Subd. 2. **Diagnostic categories.** The commissioner shall use to the extent possible existing diagnostic classification systems, including such as the system used by the Medicare program, all patient-refined diagnosis-related groups (APR-DRGs) or other similar classification programs to determine the relative values of inpatient services and case mix indices. The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated when the base year is changed. Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to establish relative values, supplement the diagnostic classification systems data with national averages. Relative value determinations shall not include property cost data, Medicare crossover data; and data on admissions that are paid a per day transfer rate under subdivision 14. The computation of the base year cost per admission must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs recognized in outlier payments beyond that point. The commissioner may recategorize the diagnostic classifications and recalibrate relative values and case mix indices to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce
variances within the diagnostic categories after notice in the State Register and a 30-day comment period. The commissioner shall recategorize the diagnostic classifications and reevaluate relative values and case mix indices based on the two year schedule in effect prior to January 1, 2013, reflected in subdivision 2b. The first recategorization shall occur January 1, 2013, and shall occur every two years after. When rates are not rebased under subdivision 2b, the commissioner may establish relative values and case mix indices based on charge data and may update the base year to the most recent data available.

Sec. 7. Minnesota Statutes 2012, section 256.969, subdivision 2b, is amended to read:

Subd. 2b. Operating Hospital payment rates. In determining operating payment rates for admissions occurring on or after the rate year beginning January 1, 1991; and every two years after, or more frequently as determined by the commissioner, the commissioner shall obtain operating data from an updated base year and establish operating payment rates per admission for each hospital based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year. Rates under the general assistance medical care, medical assistance, and MinnesotaCare programs shall not be rebased to more current data on January 1, 1997, January 1, 2005, for the first 24 months of the rebased period beginning January 1, 2009 (a) For discharges occurring on and after October 1, 2014, hospital inpatient services for hospitals located in Minnesota shall be paid according to the following:

(1) critical access hospitals as defined by Medicare shall be paid using a cost-based methodology;
(2) long-term care hospitals as defined by Medicare shall be paid on a per diem methodology under subdivision 25;
(3) rehabilitation hospitals or units of hospitals that are recognized as rehabilitation distinct parts as defined by Medicare shall be paid according to the methodology under subdivision 12; and
(4) all other hospitals shall be paid on a diagnostic-related group (DRG) methodology.
(b) For the rebased period beginning January 1, 2011, to September 30, 2014, rates shall not be rebased, except that a Minnesota long-term hospital shall be rebased effective January 1, 2011, based on its most recent Medicare cost report ending on or before September 1, 2008, with the provisions under subdivisions 9 and 23, based on the rates in effect on December 31, 2010. For subsequent rate setting periods after October 1, 2014, in which the base years are updated, a Minnesota long-term hospital's base year shall remain within the same period as other hospitals. Effective January 1, 2013, and after, rates shall not be rebased.
(c) Effective for discharges occurring on and after October 1, 2014, payment rates for hospital inpatient services provided by hospitals located in Minnesota or the local trade area, except for the hospitals paid under the methodologies described in paragraph (a), clauses (2) and (3), shall be rebased, incorporating cost and payment methodologies in a manner similar to Medicare. The base year for the rates effective October 1, 2014, shall be state fiscal year 2012. The rebasing must be budget neutral, ensuring that the total aggregate payments under the rebased system are equal to the total aggregate payments made for the same number and types of services in the base year. Separate budget neutrality calculations must be determined for payments made to critical access hospitals and payments made to hospitals paid under the DRG system. Any rate increases or decreases under subdivision 3a that applied to the hospitals being rebased during the base period must be incorporated into the budget neutrality calculation. Any rate increases or decreases that did not apply to the base period shall not be considered in the budget neutrality calculation. The estimated expenditures in fiscal years 2015, 2016, and 2017, after the rebasing is complete, must equal the estimated expenditures for inpatient hospital services in the February 2014 forecast.

(d) For discharges occurring October 1, 2014, through and including June 30, 2016, the rebased rates must include necessary adjustments to the projected rates that result in no greater than a five percent increase or decrease from the base year payments for any hospital. In addition to these adjustments, the commissioner may make adjustments to rates and must consider the impact of changes on at least the following when evaluating whether additional adjustments should be made:

(1) pediatric services;
(2) behavioral health services;
(3) trauma services as defined by the National Uniform Billing Committee;
(4) transplant services;
(5) obstetric services, newborn services, and behavioral health services provided by hospitals outside the seven-county metropolitan area;
(6) outlier admissions;
(7) low-volume providers; and
(8) services provided by small rural hospitals that are not critical access hospitals.

(e) Hospital payment rates established under paragraph (c) must incorporate the following:

(1) for hospitals paid under the DRG methodology, the base year operating payment rate per admission is standardized by the case mix index and adjusted by the hospital cost...
408.1 index, relative values, and disproportionate population adjustment; applicable Medicare
wage index and adjusted by the hospital's disproportionate population adjustment;

(2) for critical access hospitals, interim per diem payment rate must be based on
the ratio of cost and charges reported on the base year Medicare cost report or reports
and applied to medical assistance utilization data. Final settlement payments for a state
fiscal year must be determined based on a review of the Medicaid cost report for the
applicable state fiscal year;

(3) the cost and charge data used to establish operating hospital payment rates shall
must only reflect inpatient services covered by medical assistance and shall not include
property cost information and costs recognized in outlier payments; and

(4) in determining hospital payment rates for discharges occurring on or after the
rate year beginning January 1, 2011, to December 31, 2012, the hospital payment rate per
discharge must be based on the cost-finding methods and allowable costs of the Medicare
program in effect during the base year or years.

408.15 Sec. 8. Minnesota Statutes 2012, section 256.969, is amended by adding a subdivision
to read:

Subd. 2d. Budget neutrality factor. For the rebased period effective October 1,
2014, when rebasing rates under subdivision 2b, paragraph (c), the commissioner shall
apply a budget neutrality factor (BNF), if applicable, to all hospitals' rebased rates to
ensure that total DRG and critical access hospital payments to hospitals do not exceed
total DRG and critical access hospital payments that would have been made to hospitals
for the same number and types of services if the relative rates and weights had not been
recalibrated and cost-based payments for critical access hospitals had not been established.
For the purposes of this subdivision, BNF equals the percentage change from total
aggregate payments calculated under a new payment system to total aggregate payments
calculated under the old system for the same number and types of services.

408.27 Sec. 9. Minnesota Statutes 2012, section 256.969, is amended by adding a subdivision
to read:

Subd. 2e. Interim payments. Notwithstanding subdivision 2b, for discharges
occurring on or after October 1, 2014, and no later than June 30, 2015, the commissioner
may implement an interim payment process to pay hospitals, including payments based on
each hospital's average payments per claim for state fiscal years 2011 and 2012. These
interim payments may be used to pay hospitals if the new payment system and rebasing
under subdivision 2b is not complete by October 1, 2014. Claims paid at interim payment
rates shall be reprocessed and paid at the rates established under the new system upon
implementation of the new system.

Sec. 10. Minnesota Statutes 2012, section 256.969, is amended by adding a subdivision
to read:

Subd. 2f. **Report required.** (a) The commissioner shall report to the legislature by
March 1, 2015, and by March 1, 2016, on the financial impacts by hospital and policy
ramifications, if any, resulting from payment methodology changes implemented after

(b) The commissioner shall report, at a minimum, the following information:

1. case-mix adjusted calculations of net payment impacts for each hospital resulting
from the difference between the payments each hospital would have received under the
payment methodology for discharges before September 30, 2014, and the payments each
hospital has or is expected to receive for the same number and types of services under the
payment methodology implemented effective October 1, 2014;

2. any adjustments that the commissioner made and the impacts of those adjustments
for each hospital; and

3. recommendations for further refinement or improvement of the hospital inpatient
payment system or methodologies.

Sec. 11. Minnesota Statutes 2012, section 256.969, subdivision 3a, is amended to read:

Subd. 3a. **Payments.** (a) Acute care hospital billings under the medical
assistance program must not be submitted until the recipient is discharged. However,
the commissioner shall establish monthly interim payments for inpatient hospitals that
have individual patient lengths of stay over 30 days regardless of diagnostic category.
Except as provided in section 256.9693, medical assistance reimbursement for treatment
of mental illness shall be reimbursed based on diagnostic classifications. Individual
hospital payments established under this section and sections 256.9685, 256.9686, and
256.9695, in addition to third-party and recipient liability, for discharges occurring during
the rate year shall not exceed, in aggregate, the charges for the medical assistance covered
inpatient services paid for the same period of time to the hospital. This payment limitation
shall be calculated separately for medical assistance and general assistance medical
care services. The limitation on general assistance medical care shall be effective for
admissions occurring on or after July 1, 1994. Services that have rates established under
subdivision 11 or 12, must be limited separately from other services. After consulting with
the affected hospitals, the commissioner may consider related hospitals one entity and may
merge the payment rates while maintaining separate provider numbers. The operating and
property base rates per admission or per day shall be derived from the best Medicare and
claims data available when rates are established. The commissioner shall determine the
best Medicare and claims data, taking into consideration variables of recency of the data,
audit disposition, settlement status, and the ability to set rates in a timely manner. The
commissioner shall notify hospitals of payment rates by December 1 of the year preceding
the rate year 30 days prior to implementation. The rate setting data must reflect the
admissions data used to establish relative values. Base year changes from 1981 to the base
year established for the rate year beginning January 1, 1991, and for subsequent rate years,
shall not be limited to the limits ending June 30, 1987, on the maximum rate of increase
under subdivision 1. The commissioner may adjust base year cost, relative value, and case
mix index data to exclude the costs of services that have been discontinued by the October
1 of the year preceding the rate year or that are paid separately from inpatient services.
Inpatient stays that encompass portions of two or more rate years shall have payments
established based on payment rates in effect at the time of admission unless the date of
admission preceded the rate year in effect by six months or more. In this case, operating
payment rates for services rendered during the rate year in effect and established based on
the date of admission shall be adjusted to the rate year in effect by the hospital cost index.
(b) For fee-for-service admissions occurring on or after July 1, 2002, the total
payment, before third-party liability and spenddown, made to hospitals for inpatient
services is reduced by .5 percent from the current statutory rates.
(c) In addition to the reduction in paragraph (b), the total payment for fee-for-service
admissions occurring on or after July 1, 2003, made to hospitals for inpatient services before
third-party liability and spenddown, is reduced five percent from the current statutory
rates. Mental health services within diagnosis related groups 424 to 432 or corresponding
APR-DRGs, and facilities defined under subdivision 16 are excluded from this paragraph.
(d) In addition to the reduction in paragraphs (b) and (c), the total payment for
fee-for-service admissions occurring on or after August 1, 2005, made to hospitals for
inpatient services before third-party liability and spenddown, is reduced 6.0 percent from
the current statutory rates. Mental health services within diagnosis related groups 424
to 432 or corresponding APR-DRGs, and facilities defined under subdivision 16 are
excluded from this paragraph. Notwithstanding section 256.9686, subdivision 7, for
purposes of this paragraph, medical assistance does not include general assistance medical
care. Payments made to managed care plans shall be reduced for services provided on or
after January 1, 2006, to reflect this reduction.
(e) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2008, through June 30, 2009, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 3.46 percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 or corresponding APR-DRGs, and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after January 1, 2009, through June 30, 2009, to reflect this reduction.

(f) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2009, through June 30, 2011, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 1.9 percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 or corresponding APR-DRGs, and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after July 1, 2009, through June 30, 2011, to reflect this reduction.

(g) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2011, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 1.79 percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 or corresponding APR-DRGs, and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after July 1, 2011, to reflect this reduction.

(h) In addition to the reductions in paragraphs (b), (c), (d), (f), and (g), the total payment for fee-for-service admissions occurring on or after July 1, 2009, made to hospitals for inpatient services before third-party liability and spenddown, is reduced one percent from the current statutory rates. Facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after October 1, 2009, to reflect this reduction.

(i) In addition to the reductions in paragraphs (b), (c), (d), (g), and (h), the total payment for fee-for-service admissions occurring on or after July 1, 2011, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 1.96 percent from the current statutory rates. Facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after January 1, 2011, to reflect this reduction.
(j) Effective for discharges on and after October 1, 2014, from hospitals paid under subdivision 2b, paragraph (a), clauses (1) and (4), the rate adjustments in this subdivision must be incorporated into the rebased rates established under subdivision 2b, paragraph (c), and must not be applied to each claim.

Sec. 12. Minnesota Statutes 2012, section 256.969, subdivision 3b, is amended to read:

Subd. 3b. Nonpayment for hospital-acquired conditions and for certain treatments. (a) The commissioner must not make medical assistance payments to a hospital for any costs of care that result from a condition listed in paragraph (c), if the condition was hospital acquired.

(b) For purposes of this subdivision, a condition is hospital acquired if it is not identified by the hospital as present on admission. For purposes of this subdivision, medical assistance includes general assistance medical care and MinnesotaCare.

(c) The prohibition in paragraph (a) applies to payment for each hospital-acquired condition listed in this paragraph that is represented by an ICD-9-CM or ICD-10-CM diagnosis code and is designated as a complicating condition or a major complicating condition:

(1) foreign object retained after surgery (ICD-9-CM codes 998.4 or 998.7);
(2) air embolism (ICD-9-CM code 999.1);
(3) blood incompatibility (ICD-9-CM code 999.6);
(4) pressure ulcers stage III or IV (ICD-9-CM codes 707.23 or 707.24);
(5) falls and trauma, including fracture, dislocation, intracranial injury, crushing injury, burn, and electric shock (ICD-9-CM codes with these ranges on the complicating condition and major complicating condition list: 800-829; 830-839; 850-854; 925-929; 940-949; and 991-994);
(6) catheter-associated urinary tract infection (ICD-9-CM code 996.64);
(7) vascular catheter-associated infection (ICD-9-CM code 999.34);
(8) manifestations of poor glycemic control (ICD-9-CM codes 249.10; 249.11; 249.20; 249.21; 250.10; 250.11; 250.12; 250.13; 250.20; 250.21; 250.22; 250.23; and 251.0);
(9) surgical site infection (ICD-9-CM codes 996.67 or 998.59) following certain orthopedic procedures (procedure codes 81.01; 81.02; 81.03; 81.04; 81.05; 81.06; 81.07; 81.08; 81.23; 81.24; 81.31; 81.32; 81.33; 81.34; 81.35; 81.36; 81.37; 81.38; 81.83; and 81.85);
413.1 (10) surgical site infection (ICD-9-CM code 998.59) following bariatric surgery
413.2 (procedure codes 44.38; 44.39; or 44.95) for a principal diagnosis of morbid obesity
413.3 (ICD-9-CM code 278.01);
413.4 (11) surgical site infection, mediastinitis (ICD-9-CM code 519.2) following coronary
413.5 artery bypass graft (procedure codes 36.10 to 36.19); and
413.6 (12) deep vein thrombosis (ICD-9-CM codes 453.40 to 453.42) or pulmonary
413.7 embolism (ICD-9-CM codes 415.11 or 415.19) following total knee replacement
413.8 (procedure code 81.54) or hip replacement (procedure codes 00.85 to 00.87 or 81.51 to
413.9 81.52). The list of conditions shall be the hospital-acquired conditions (HAC) list defined
413.10 by the Centers for Medicare and Medicaid Services on an annual basis.
413.11 (d) The prohibition in paragraph (a) applies to any additional payments that result
413.12 from a hospital-acquired condition listed identified in paragraph (c), including, but not
413.13 limited to, additional treatment or procedures, readmission to the facility after discharge,
413.14 increased length of stay, change to a higher diagnostic category, or transfer to another
413.15 hospital. In the event of a transfer to another hospital, the hospital where the condition
413.16 listed identified under paragraph (c) was acquired is responsible for any costs incurred at
413.17 the hospital to which the patient is transferred.
413.18 (e) A hospital shall not bill a recipient of services for any payment disallowed under
413.19 this subdivision.
413.20 Sec. 13. Minnesota Statutes 2012, section 256.969, subdivision 3c, is amended to read:
413.21 Subd. 3c. **Rateable reduction and readmissions reduction.** (a) The total payment
413.22 for fee for service admissions occurring on or after September 1, 2011, through June 30,
413.23 **2015** to October 31, 2014, made to hospitals for inpatient services before third-party
413.24 liability and spenddown, is reduced ten percent from the current statutory rates. Facilities
413.25 defined under subdivision 16, long-term hospitals as determined under the Medicare
413.26 program, children's hospitals whose inpatients are predominantly under 18 years of age,
413.27 and payments under managed care are excluded from this paragraph.
413.28 (b) Effective for admissions occurring during calendar year 2010 and each year
413.29 after, the commissioner shall calculate a regional readmission rate for admissions to all
413.30 hospitals occurring within 30 days of a previous discharge. The commissioner may
413.31 adjust the readmission rate taking into account factors such as the medical relationship,
413.32 complicating conditions, and sequencing of treatment between the initial admission and
413.33 subsequent readmissions.
413.34 (c) Effective for payments to all hospitals on or after July 1, 2013, through June 30,
413.35 **2015 October 31, 2014,** the reduction in paragraph (a) is reduced one percentage point for
every percentage point reduction in the overall readmissions rate between the two previous
calendar years to a maximum of five percent.

(d) The exclusion from the rate reduction in paragraph (a) also applies to admissions
of patients under 18 years of age to a hospital located in Hennepin County with a licensed
capacity of 1,700 beds as of September 1, 2011.

**EFFECTIVE DATE.** Paragraph (d) is effective retroactively from September 1,
2011, and applies to admissions on or after that date.

Sec. 14. Minnesota Statutes 2012, section 256.969, is amended by adding a subdivision
to read:

Subd. 4b. **Medical assistance cost reports for services.** (a) A hospital that meets
one of the following criteria must annually file medical assistance cost reports within six
months of the end of the hospital's fiscal year:

(1) a hospital designated as a critical access hospital that receives medical assistance
payments; or

(2) a Minnesota hospital or out-of-state hospital located within a Minnesota local
trade area that receives a disproportionate population adjustment under subdivision 9.

For purposes of this subdivision, local trade area has the meaning given in
subdivision 17.

(b) The commissioner shall suspend payments to any hospital that fails to file a
report required under this subdivision. Payments must remain suspended until the report
has been filed with and accepted by the Department of Human Services inpatient rates unit.

Sec. 15. Minnesota Statutes 2012, section 256.969, subdivision 6a, is amended to read:

Subd. 6a. **Special considerations.** In determining the payment rates, the
commissioner shall consider whether the circumstances in subdivisions 7 through 14 exist.

Sec. 16. Minnesota Statutes 2012, section 256.969, subdivision 8, is amended to read:

Subd. 8. **Unusual length of stay experience.** (a) The commissioner shall establish
day outlier thresholds for each diagnostic category established under subdivision 2 at two
standard deviations beyond the mean length of stay. Payment for the days beyond the outlier
threshold shall be in addition to the operating and property payment rates per admission
established under subdivisions 2, 2b, and 2c. Payment for outliers shall be at 70 percent of
the allowable operating cost, after adjustment by the case mix index, hospital cost index,
relative values and the disproportionate population adjustment. The outlier threshold for
neonatal and burn diagnostic categories shall be established at one standard deviation
beyond the mean length of stay, and payment shall be at 90 percent of allowable operating
cost calculated in the same manner as other outliers. A hospital may choose an alternative
to the 70 percent outlier payment that is at a minimum of 60 percent and a maximum of 80
percent if the commissioner is notified in writing of the request by October 1 of the year
preceding the rate year. The chosen percentage applies to all diagnostic categories except
burns and neonates. The percentage of allowable cost that is unrecognized by the outlier
payment shall be added back to the base year operating payment rate per admission.

(b) Effective for transfers occurring on and after October 1, 2014, the commissioner
shall establish payment rates for acute transfers that are based on Medicare methodologies.

Sec. 17. Minnesota Statutes 2012, section 256.969, subdivision 8a, is amended to read:

Subd. 8a. Short length of stay Neonatal admissions. Except as provided in
subdivision 12, for admissions occurring on or after July 1, 1995, payment shall be
determined as follows and shall be included in the base year for rate setting purposes:

(1) for an admission that is categorized to a neonatal diagnostic related group
in which the length of stay is less than 50 percent of the average length of stay for the
category in the base year and the patient at admission is equal to or greater than the age of
one, payments shall be established according to the methods of subdivision 14;

(2) For an admission that is categorized to a diagnostic category that includes
neonatal respiratory distress syndrome, the hospital must have a level II or level III
nursery and the patient must receive treatment in that unit or payment will be made
without regard to the syndrome condition.

EFFECTIVE DATE. This section is effective October 1, 2014.

Sec. 18. Minnesota Statutes 2012, section 256.969, is amended by adding a subdivision
to read:

Subd. 8c. Hospital residents. For discharges on or after October 1, 2014, payments
for hospital residents shall be made as follows:

(1) payments for the first 180 days of inpatient care shall be the APR-DRG system
plus any appropriate outliers; and

(2) payment for all medically necessary patient care subsequent to 180 days shall
be reimbursed at a rate computed by multiplying the statewide average cost-to-charge
ratio by the usual and customary charges.

Sec. 19. Minnesota Statutes 2012, section 256.969, subdivision 9, is amended to read:
Subd. 9. Disproportionate numbers of low-income patients served. (a) For admissions occurring on or after October 1, 1992, through December 31, 1992, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital’s actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. If federal matching funds are not available for all adjustments under this subdivision, the commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for federal match. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this paragraph. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class.

(b) For admissions occurring on or after July 1, 1993, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital’s actual medical assistance
inpatient utilization rate and the arithmetic mean for all hospitals excluding regional
treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one
standard deviation above the mean, the adjustment must be determined by multiplying
the adjustment that would be determined under clause (1) for that hospital by 1.1. The
commissioner may establish a separate disproportionate population operating payment
rate adjustment under the general assistance medical care program. For purposes of
this subdivision, medical assistance does not include general assistance medical care
for critical access hospitals. The commissioner shall report annually on the number of
hospitals likely to receive the adjustment authorized by this paragraph. The commissioner
shall specifically report on the adjustments received by public hospitals and public hospital
corporations located in cities of the first class;

(3) for a hospital that had medical assistance fee-for-service payment volume during
calendar year 1991 in excess of 12 percent of total medical assistance fee-for-service
payment volume, a medical assistance disproportionate population adjustment shall be
paid in addition to any other disproportionate payment due under this subdivision as
follows: $1,515,000 due on the 15th of each month after noon, beginning July 15, 1995.
For a hospital that had medical assistance fee-for-service payment volume during calendar
year 1991 in excess of eight percent of total medical assistance fee-for-service payment
volume and was the primary hospital affiliated with the University of Minnesota, a
medical assistance disproportionate population adjustment shall be paid in addition to any
other disproportionate payment due under this subdivision as follows: $505,000 due on
the 15th of each month after noon, beginning July 15, 1995; and

(4) effective August 1, 2005, the payments in paragraph (b), clause (3), shall be
reduced to zero.

(e) The commissioner shall adjust rates paid to a health maintenance organization
under contract with the commissioner to reflect rate increases provided in paragraph (b);
clauses (1) and (2), on a nondiscounted hospital-specific basis but shall not adjust those
rates to reflect payments provided in clause (3);

(d) If federal matching funds are not available for all adjustments under paragraph
(b), the commissioner shall reduce payments under paragraph (b), clauses (1) and (2), on a
pro rata basis so that all adjustments under paragraph (b) qualify for federal match;

(e) For purposes of this subdivision, medical assistance does not include general
assistance medical care;

(f) For hospital services occurring on or after July 1, 2005, to June 30, 2007:
(1) general assistance medical care expenditures for fee-for-service inpatient and outpatient hospital payments made by the department shall be considered Medicaid disproportionate share hospital payments, except as limited below:

(ii) only the portion of Minnesota's disproportionate share hospital allotment under section 1923(f) of the Social Security Act that is not spent on the disproportionate population adjustments in paragraph (b), clauses (1) and (2), may be used for general assistance medical care expenditures;

(iii) only those general assistance medical care expenditures made to hospitals that qualify for disproportionate share payments under section 1923 of the Social Security Act and the Medicaid state plan may be considered disproportionate share hospital payments;

(iv) general assistance medical care expenditures may be considered only to the extent of Minnesota's aggregate allotment under section 1923 of the Social Security Act.

All hospitals and prepaid health plans participating in general assistance medical care must provide any necessary expenditure, cost, and revenue information required by the commissioner as necessary for purposes of obtaining federal Medicaid matching funds for general assistance medical care expenditures; and

(2) (c) Certified public expenditures made by Hennepin County Medical Center shall be considered Medicaid disproportionate share hospital payments. Hennepin County and Hennepin County Medical Center shall report by June 15, 2007, on payments made beginning July 1, 2005, or another date specified by the commissioner, that may qualify for reimbursement under federal law. Based on these reports, the commissioner shall apply for federal matching funds.

(d) Upon federal approval of the related state plan amendment, paragraph (c) is effective retroactively from July 1, 2005, or the earliest effective date approved by the Centers for Medicare and Medicaid Services.

Sec. 20. Minnesota Statutes 2012, section 256.969, subdivision 10, is amended to read:

Subd. 10. Separate billing by certified registered nurse anesthetists. Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of even-numbered years to exclude certified registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not
be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services.

For admissions occurring on or after July 1, 1991, and until the expiration date of section 256.9695, subdivision 3, services of certified registered nurse anesthetists provided on an inpatient basis may be paid as allowed by section 256B.0625, subdivision 11, when the hospital’s base year did not include the cost of these services. To be eligible, a hospital must notify the commissioner in writing by July 1, 1991, of the request and must comply with all other requirements of this subdivision.

Sec. 21. Minnesota Statutes 2012, section 256.969, subdivision 12, is amended to read:

Subd. 12. Rehabilitation hospitals and distinct parts. (a) Units of hospitals that are recognized as rehabilitation distinct parts by the Medicare program shall have separate provider numbers under the medical assistance program for rate establishment and billing purposes only. These units shall also have operating and property payment rates and the disproportionate population adjustment, if allowed by federal law, established separately from other inpatient hospital services.

(b) The commissioner may shall establish separate relative values under subdivision 2 for rehabilitation hospitals and distinct parts as defined by the Medicare program.

Effective for discharges on and after October 1, 2014, the commissioner, to the extent possible, shall replicate the existing payment rate methodology under the new diagnostic classification system. The result must be budget neutral, ensuring that the total aggregate payments under the new system are equal to the total aggregate payments made for the same number and types of services in the base year state fiscal year 2012.

(c) For individual hospitals that did not have separate medical assistance rehabilitation provider numbers or rehabilitation distinct parts in the base year, hospitals shall provide the information needed to separate rehabilitation distinct part cost and claims data from other inpatient service data.

Sec. 22. Minnesota Statutes 2012, section 256.969, subdivision 14, is amended to read:

Subd. 14. Transfers. Except as provided in subdivisions 11 and 12, (a) Operating and property payment rates for admissions that result in transfers and transfers shall be established on a per day payment system. The per day payment rate shall be the sum of the adjusted operating and property payment rates determined under this subdivision and subdivisions 2, 2b, 2c, 3a, 4a, 5a, and 7 to 12, divided by the arithmetic mean length of stay for the diagnostic category. Each admission that results in a transfer and each
420.1 transfer is considered a separate admission to each hospital, and the total of the admission
420.2 and transfer payments to each hospital must not exceed the total per admission payment
420.3 that would otherwise be made to each hospital under this subdivision and subdivisions
420.4 2, 2b, 3a, 4a, 5a, and 7 to 12.
420.5 (b) Effective for transfers occurring on and after October 1, 2014, the commissioner
420.6 shall establish payment rates for acute transfers that are based on Medicare methodologies.

420.7 Sec. 23. Minnesota Statutes 2012, section 256.969, subdivision 17, is amended to read:
420.8 Subd. 17. Out-of-state hospitals in local trade areas. Out-of-state hospitals that
420.9 are located within a Minnesota local trade area and that have more than 20 admissions in
420.10 the base year or years shall have rates established using the same procedures and methods
420.11 that apply to Minnesota hospitals. For this subdivision and subdivision 18, local trade area
420.12 means a county contiguous to Minnesota and located in a metropolitan statistical area as
420.13 determined by Medicare for October 1 prior to the most current rebased rate year. Hospitals
420.14 that are not required by law to file information in a format necessary to establish rates shall
420.15 have rates established based on the commissioner's estimates of the information. Relative
420.16 values of the diagnostic categories shall not be redetermined under this subdivision until
420.17 required by the statute. Hospitals affected by this subdivision shall then be included in
determining relative values. However, hospitals that have rates established based upon
the commissioner's estimates of information shall not be included in determining relative
values. This subdivision is effective for hospital fiscal years beginning on or after July
1, 1988. A hospital shall provide the information necessary to establish rates under this
subdivision at least 90 days before the start of the hospital's fiscal year.

420.23 Sec. 24. Minnesota Statutes 2012, section 256.969, subdivision 18, is amended to read:
420.24 Subd. 18. Out-of-state hospitals outside local trade areas. Hospitals that are
420.25 not located within Minnesota or a Minnesota local trade area shall have operating and
420.26 property inpatient hospital rates established at the average of statewide and local trade area
420.27 rates or, at the commissioner's discretion, an amount negotiated by the commissioner.
420.28 Relative values shall not include data from hospitals that have rates established under this
420.29 subdivision. Payments, including third-party and recipient liability, established under this
420.30 subdivision may not exceed the charges on a claim specific basis for inpatient services that
420.31 are covered by medical assistance.

420.32 Sec. 25. Minnesota Statutes 2012, section 256.969, subdivision 25, is amended to read:
Subd. 25. Long-term hospital rates. (a) Long-term hospitals shall be paid a per diem rate established by the commissioner.

(b) For admissions occurring on or after April 1, 1995, a long-term hospital as designated by Medicare that does not have admissions in the base year shall have inpatient rates established at the average of other hospitals with the same designation. For subsequent rate-setting periods in which base years are updated, the hospital's base year shall be the first Medicare cost report filed with the long-term hospital designation and shall remain in effect until it falls within the same period as other hospitals.

Sec. 26. Minnesota Statutes 2012, section 256.969, subdivision 30, is amended to read:

Subd. 30. Payment rates for births. (a) For admissions occurring on or after October 1, 2009, the total operating and property payment rate, excluding disproportionate population adjustment, for the following diagnosis-related groups, as they fall within the diagnostic APR-DRG categories: (1) 371 cesarean section without complicating diagnosis, 5601, 5602, 5603, 5604 vaginal delivery; and (2) 372 vaginal delivery with complicating diagnosis; and (3) 373 vaginal delivery without complicating diagnosis, 5401, 5402, 5403, 5404 cesarean section, shall be no greater than $3,528.

(b) The rates described in this subdivision do not include newborn care.

(c) Payments to managed care and county-based purchasing plans under section 256B.69, 256B.692, or 256L.12 shall be reduced for services provided on or after October 1, 2009, to reflect the adjustments in paragraph (a).

(d) Prior authorization shall not be required before reimbursement is paid for a cesarean section delivery.

Sec. 27. Minnesota Statutes 2012, section 256B.04, is amended by adding a subdivision to read:

Subd. 24. Medicaid waiver requests and state plan amendments. Prior to submitting any Medicaid waiver request or Medicaid state plan amendment to the federal government for approval, the commissioner shall publish the text of the waiver request or state plan amendment, or a Web link to the text, in the State Register, and provide a 30-day public comment period. The commissioner shall consider public comments when preparing the final waiver request or state plan amendment that is to be submitted to the federal government for approval. The commissioner shall also publish in the State Register notice of any federal decision related to the state request for approval, within 30 days of the decision. This notice must describe any modifications to the state request that have been agreed to by the commissioner as a condition of receiving federal approval.
Sec. 28. Minnesota Statutes 2012, section 256B.0625, subdivision 30, is amended to read:

Subd. 30. Other clinic services. (a) Medical assistance covers rural health clinic services, federally qualified health center services, nonprofit community health clinic services, and public health clinic services. Rural health clinic services and federally qualified health center services mean services defined in United States Code, title 42, section 1396d(a)(2)(B) and (C). Payment for rural health clinic and federally qualified health center services shall be made according to applicable federal law and regulation.

A federally qualified health center that is already in operation shall submit an initial report using actual costs and visits for the initial reporting period. Within 90 days of the end of its reporting period, a federally qualified health center shall submit, in the form and detail required by the commissioner, a report of its operations, including allowable costs actually incurred for the period and the actual number of visits for services furnished during the period, and other information required by the commissioner. Federally qualified health centers that file Medicare cost reports shall provide the commissioner with a copy of the most recent Medicare cost report filed with the Medicare program intermediary for the reporting year which support the costs claimed on their cost report to the state.

(c) In order to continue cost-based payment under the medical assistance program according to paragraphs (a) and (b), a federally qualified health center or rural health clinic must apply for designation as an essential community provider within six months of final adoption of rules by the Department of Health according to section 62Q.19, subdivision 7. For those federally qualified health centers and rural health clinics that have applied for essential community provider status within the six-month time prescribed, medical assistance payments will continue to be made according to paragraphs (a) and (b) for the first three years after application. For federally qualified health centers and rural health clinics that either do not apply within the time specified above or who have had essential community provider status for three years, medical assistance payments for health services provided by these entities shall be according to the same rates and conditions applicable to the same service provided by health care providers that are not federally qualified health centers or rural health clinics.

(d) Effective July 1, 1999, the provisions of paragraph (c) requiring a federally qualified health center or a rural health clinic to make application for an essential
community provider designation in order to have cost-based payments made according
to paragraphs (a) and (b) no longer apply.

e) Effective January 1, 2000, payments made according to paragraphs (a) and (b)
shall be limited to the cost phase-out schedule of the Balanced Budget Act of 1997.

f) Effective January 1, 2001, each federally qualified health center and rural health
clinic may elect to be paid either under the prospective payment system established
in United States Code, title 42, section 1396a(aa), or under an alternative payment
methodology consistent with the requirements of United States Code, title 42, section
1396a(aa), and approved by the Centers for Medicare and Medicaid Services. The
alternative payment methodology shall be 100 percent of cost as determined according to
Medicare cost principles.

(g) For purposes of this section, "nonprofit community clinic" is a clinic that:

(1) has nonprofit status as specified in chapter 317A;

(2) has tax exempt status as provided in Internal Revenue Code, section 501(c)(3);

(3) is established to provide health services to low-income population groups,
uninsured, high-risk and special needs populations, underserved and other special needs
populations;

(4) employs professional staff at least one-half of which are familiar with the
cultural background of their clients;

(5) charges for services on a sliding fee scale designed to provide assistance to
low-income clients based on current poverty income guidelines and family size; and

(6) does not restrict access or services because of a client's financial limitations or
public assistance status and provides no-cost care as needed.

(h) Effective for services provided on and after January 1, 2015, all claims for
payment of clinic services provided by federally qualified health centers and rural health
clinics shall be submitted to both the commissioner and the managed care or county-based
purchasing plan and shall be paid by the commissioner. The commissioner shall provide
claims payment information to managed care plans and county-based purchasing plans
on a regular basis.

(i) For clinic services provided prior to January 1, 2015, the commissioner shall
require managed care and county-based purchasing plans to provide all necessary claims
information to the commissioner and the commissioner shall calculate and pay monthly
the proposed managed care supplemental payments to clinics, and clinics shall conduct a
timely review of the payment calculation data in order to finalize all supplemental payments
in accordance with federal law. Any issues arising from a clinic's review must be reported
to the commissioner by January 1, 2017. Upon final agreement between the commissioner
and a clinic on issues identified under this subdivision, and in accordance with United States Code, title 42, section 1396(a)(bb), no supplemental payments for managed care claims for services provided prior to January 1, 2015, shall be made after June 30, 2017. If the commissioner and clinics are unable to resolve issues under this subdivision, the parties shall submit the dispute to the arbitration process under section 14.57.

Sec. 29. Minnesota Statutes 2013 Supplement, section 256B.0949, subdivision 11, is amended to read:

Subd. 11. Federal approval of the autism benefit. (a) The provisions of subdivision 9 of this section shall apply to state plan services under title XIX of the Social Security Act when federal approval is granted under a 1915(i) waiver or other authority which allows children eligible for medical assistance through the TEFRA option under section 256B.055, subdivision 12, to qualify and includes children eligible for medical assistance in families over 150 percent of the federal poverty guidelines.

(b) The commissioner may use the federal authority for a Medicaid state plan amendment under Early Periodic Diagnosis Screening and Treatment (EPSDT), United States Code, title 42, section 1396D(5), or other Medicaid provision for any aspect or type of treatment covered in this section if new federal guidance is helpful in achieving one or more of the purposes of this section in a cost-effective manner. Notwithstanding subdivisions 2 and 3, any treatment services submitted for federal approval under EPSDT shall include appropriate medical criteria to qualify for the service and shall cover children through age 20.

Sec. 30. Minnesota Statutes 2012, section 256B.199, is amended to read:

(b) The commissioner shall apply for federal matching funds for certified public expenditures as follows:

(1) Hennepin County, Hennepin County Medical Center, Ramsey County, and Regions Hospital, the University of Minnesota, and Fairview University Medical Center shall report quarterly to the commissioner beginning June 1, 2007, payments made during the second previous quarter that may qualify for reimbursement under federal law;
(2) based on these reports, the commissioner shall apply for federal matching funds. These funds are appropriated to the commissioner for the payments under section 256.969, subdivision 27; and

(3) by May 1 of each year, beginning May 1, 2007, the commissioner shall inform the nonstate entities listed in paragraph (a) of the amount of federal disproportionate share hospital payment money expected to be available in the current federal fiscal year.

(e) The commissioner shall apply for federal matching funds for general assistance medical care expenditures as follows:

(1) for hospital services occurring on or after July 1, 2007, general assistance medical care expenditures for fee for service inpatient and outpatient hospital payments made by the department shall be used to apply for federal matching funds, except as limited below:

(i) only those general assistance medical care expenditures made to an individual hospital that would not cause the hospital to exceed its individual hospital limits under section 1923 of the Social Security Act may be considered; and

(ii) general assistance medical care expenditures may be considered only to the extent of Minnesota’s aggregate allotment under section 1923 of the Social Security Act; and

(2) all hospitals must provide any necessary expenditure, cost, and revenue information required by the commissioner as necessary for purposes of obtaining federal Medicaid matching funds for general assistance medical care expenditures.

(d) (c) For the period from April 1, 2009, to September 30, 2010, the commissioner shall apply for additional federal matching funds available as disproportionate share hospital payments under the American Recovery and Reinvestment Act of 2009. These funds shall be made available as the state share of payments under section 256.969, subdivision 28. The entities required to report certified public expenditures under paragraph (b), clause (1), shall report additional certified public expenditures as necessary under this paragraph.

(e) (d) For services provided on or after September 1, 2011, the commissioner shall apply for additional federal matching funds available as disproportionate share hospital payments under the MinnesotaCare program according to the requirements and conditions of paragraph (c). A hospital may elect on an annual basis to not be a disproportionate share hospital for purposes of this paragraph, if the hospital does not qualify for a payment under section 256.969, subdivision 9, paragraph (b).

Sec. 31. Minnesota Statutes 2013 Supplement, section 256B.69, subdivision 34, is amended to read:
Subd. 34. Supplemental recovery program. The commissioner shall conduct a supplemental recovery program for third-party liabilities identified through coordination of benefits not recovered by managed care plans and county-based purchasing plans for state public health programs. Any third-party liability identified through coordination of benefits and recovered by the commissioner more than six eight months after the date a managed care plan or county-based purchasing plan receives adjudicates a health care claim shall be retained by the commissioner and deposited in the general fund.

The commissioner shall establish a mechanism, including a reconciliation process, for managed care plans and county-based purchasing plans to coordinate third-party liability collections efforts resulting from coordination of benefits under this subdivision with the commissioner to ensure there is no duplication of efforts. The coordination mechanism must be consistent with the reporting requirements in subdivision 9c. The commissioner shall share accurate and timely third-party liability data with managed care plans and county-based purchasing plans.

Sec. 32. [256L.30] LOW-INCOME UNINSURED CHILDREN’S HEALTH PROGRAM.

Subdivision 1. General. (a) Effective January 1, 2016, the commissioner shall establish a program that provides coverage to low-income uninsured children who are not eligible for medical assistance or MinnesotaCare.

(b) A child is eligible for the program under this section if the child is under the age of 21, and meets all other MinnesotaCare eligibility requirements under this chapter, except as otherwise specified in this section, and:

(1) has been determined eligible for the emergency medical assistance program under section 256B.06, subdivision 4, paragraph (e) or (f); or

(2) the child's treating health care provider certifies that the child has an emergency medical condition as defined in United States Code, title 42, section 1396b(v), that is likely to lead to the child being admitted to a hospital or emergency department unless intervening outpatient health care treatment is provided.

(c) Eligibility continues under this section for as long as the child continues to have the underlying medical condition that gave rise to the initial emergency medical condition.

(d) Children eligible for the program under this subdivision are exempt from the income eligibility limits under section 256L.04 and section 256L.07, and remain eligible for the program so long as their family income is equal to or less than 275 percent of federal poverty guidelines, and the citizenship requirements under section 256L.04, subdivision 10.
(c) Children who are eligible for medical assistance under chapter 256B, or MinnesotaCare under this chapter, are not eligible for the program under this section.

(f) All application, navigation services, eligibility determination, enrollment, disenrollment, and premium requirements and procedures of the MinnesotaCare program apply to this program, except as otherwise specified in this section.

Subd. 2. **Covered services.** (a) The program covers the services described under section 256L.03, except as otherwise specified in this subdivision.

(b) The program does not cover services for an emergency medical condition that are covered by the emergency medical assistance program under section 256B.06, subdivision 4, paragraphs (e) to (h). The commissioner shall coordinate the program with the federally subsidized emergency medical assistance program with the goal of making transitions between the programs seamless and invisible to the enrollee to the extent possible.

(c) For children who are eligible under subdivision 1, the program covers nursing facility services described under section 144.0724, subdivision 11, and home and community-based services described in paragraph (d), if the child's family income is equal to or less than the medical assistance income eligibility standards described in section 256B.056, subdivision 4, or meets the excess income standards described in section 256B.056, subdivisions 5 and 5c. All requirements of the medical assistance program under chapter 256B relating to these services apply to the program under this section.

(d) For purposes of this section, home and community-based services include:

1. home and community-based waivered services for persons with developmental disabilities, including consumer-directed community supports under section 256B.092;

2. waiver services under community alternatives for disabled individuals, including consumer-directed community supports under section 256B.49;

3. community alternative care waivered services, including consumer-directed community supports under section 256B.49;

4. brain injury waivered services, including consumer-directed community supports under section 256B.49;

5. home and community-based waivered services for the elderly under section 256B.0915;

6. nursing services and home health services under section 256B.0625, subdivision 6a;

Subd. 4. **Service delivery.** (a) The commissioner may contract with managed care plans, county-based purchasing plans, provider networks, nonprofit coverage programs, counties, or health care delivery systems established under section 256B.0755 or 256B.0756 to administer the program authorized under this section in order to control the costs of the program through care coordination, limited provider networks, fee discounts, and other methods. The commissioner may delegate to a contractor the responsibility to perform case reviews and authorize payment. The commissioner may contract on a capitated or fixed budget basis under which the contractor shall be responsible for providing the covered services to eligible children within the limits of the capitation or budgeted amount. The commissioner may also contract using gain-sharing and risk-sharing methods authorized for demonstration projects established under sections 256B.0755 and 256B.0756. If the commissioner contracts with a contractor under this subdivision, the commissioner may separate nursing facility services, home and community-based services, and pharmacy services from other covered services and may provide payment for these services under the commissioner’s fee-for-service payment system instead of payment to the contracted entity.

(b) If no qualified contractors are available and willing to contract on alternative payment terms in a geographic area of the state, the commissioner shall administer the program as a fee-for-service program in that area, but may establish additional utilization review and care management programs and requirements in order to control the costs of the program.

(c) The commissioner shall ensure that an eligible child is provided the opportunity to receive covered services from any essential community provider, as defined in section 62Q.19, and that the terms of participation of the essential community provider are in conformance with the requirements of section 62Q.19.

Sec. 33. Laws 2013, chapter 108, article 1, section 24, the effective date, is amended to read:

The commissioner shall seek federal authority to make changes to the emergency medical assistance program established under Minnesota Statutes, section 256B.06, subdivision 4, paragraphs (e) to (h), to allow coverage and payment for cost-effective community-based and outpatient services as an alternative to hospital inpatient and emergency department services in order to reduce the total cost of care.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 35. **ORAL HEALTH DELIVERY AND REIMBURSEMENT SYSTEM.**

(a) The commissioner of human services, in consultation with the commissioner of health, shall convene a work group to develop a new delivery and reimbursement system for oral health and dental services that are provided to enrollees of the state public health care programs. The new system must ensure cost-effective delivery and an increase in access to services.

(b) The commissioner shall consult with dental providers enrolled in the state public health programs, including providers who serve substantial numbers of low-income and uninsured patients and are currently receiving critical access dental payments; private practicing dentists; nonprofit community clinics; managed care and county-based purchasing plans; and health plan companies that provide either directly or through contracts with providers dental services to enrollees of state public health care programs.

(c) The commissioner shall submit a report containing the proposed delivery and reimbursement system, including draft legislation to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over health and human services policy and finance by January 15, 2015.

Subdivision 1. **Restricted construction or modification.** (a) The following
construction or modification may not be commenced:

(1) any erection, building, alteration, reconstruction, modernization, improvement,
extension, lease, or other acquisition by or on behalf of a hospital that increases the bed

Sec. 6. Minnesota Statutes 2013 Supplement, section 256B.04, subdivision 21, is amended to read:
Subd. 21. Provider enrollment. (a) If the commissioner or the Centers for Medicare and Medicaid Services determines that a provider is designated "high-risk," the commissioner may withhold payment from providers within that category upon initial enrollment for a 90-day period. The withholding for each provider must begin on the date of the first submission of a claim.

(b) An enrolled provider that is also licensed by the commissioner under chapter 245A, or is also licensed as a home-care provider by the Department of Health under chapter 144A and has a home and community-based services designation on the home care license under section 144A.484, must designate an individual as the entity's compliance officer. The compliance officer must:

1. develop policies and procedures to assure adherence to medical assistance laws and regulations and to prevent inappropriate claims submissions;
2. train the employees of the provider entity, and any agents or subcontractors of the provider entity including billers, on the policies and procedures under clause (1);
3. respond to allegations of improper conduct related to the provision or billing of medical assistance services, and implement action to remediate any resulting problems;
4. use evaluation techniques to monitor compliance with medical assistance laws and regulations;
5. promptly report to the commissioner any identified violations of medical assistance laws or regulations; and
6. within 60 days of discovery by the provider of a medical assistance reimbursement overpayment, report the overpayment to the commissioner and make arrangements with the commissioner for the commissioner's recovery of the overpayment.

The commissioner may require, as a condition of enrollment in medical assistance, that a provider within a particular industry sector or category establish a compliance program that contains the core elements established by the Centers for Medicare and Medicaid Services.

(c) The commissioner may revoke the enrollment of an ordering or rendering provider for a period of not more than one year, if the provider fails to maintain and, upon request from the commissioner, provide access to documentation relating to written orders or requests for payment for durable medical equipment, certifications for home health services, or referrals for other items or services written or ordered by such provider, when the commissioner has identified a pattern of a lack of documentation. A pattern means a failure to maintain documentation or provide access to documentation on more than one occasion. Nothing in this paragraph limits the authority of the commissioner to sanction a provider under the provisions of section 256B.064.
(d) The commissioner shall terminate or deny the enrollment of any individual or entity if the individual or entity has been terminated from participation in Medicare or under the Medicaid program or Children's Health Insurance Program of any other state.

(e) As a condition of enrollment in medical assistance, the commissioner shall require that a provider designated "moderate" or "high-risk" by the Centers for Medicare and Medicaid Services or the commissioner permit the Centers for Medicare and Medicaid Services, its agents, or its designated contractors and the state agency, its agents, or its designated contractors to conduct unannounced on-site inspections of any provider location.

The commissioner shall publish in the Minnesota Health Care Program Provider Manual a list of provider types designated "limited," "moderate," or "high-risk," based on the criteria and standards used to designate Medicare providers in Code of Federal Regulations, title 42, section 424.518. The list and criteria are not subject to the requirements of chapter 14.

The commissioner's designations are not subject to administrative appeal.

(f) As a condition of enrollment in medical assistance, the commissioner shall require that a high-risk provider, or a person with a direct or indirect ownership interest in the provider of five percent or higher, consent to criminal background checks, including fingerprinting, when required to do so under state law or by a determination by the commissioner or the Centers for Medicare and Medicaid Services that a provider is designated high-risk for fraud, waste, or abuse.

(g)(1) Upon initial enrollment, reenrollment, and revalidation, all durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) suppliers operating in Minnesota and receiving Medicaid funds must purchase a surety bond that is annually renewed and designates the Minnesota Department of Human Services as the obligee, and must be submitted in a form approved by the commissioner.

(2) At the time of initial enrollment or reenrollment, the provider agency must purchase a performance bond of $50,000. If a revalidating provider's Medicaid revenue in the previous calendar year is up to and including $300,000, the provider agency must purchase a performance bond of $50,000. If a revalidating provider's Medicaid revenue in the previous calendar year is over $300,000, the provider agency must purchase a performance bond of $100,000. The performance bond must allow for recovery of costs and fees in pursuing a claim on the bond.

(h) The Department of Human Services may require a provider to purchase a performance surety bond as a condition of initial enrollment, reenrollment, reinstatement, or continued enrollment if: (1) the provider fails to demonstrate financial viability, (2) the department determines there is significant evidence of or potential for fraud and abuse by the provider, or (3) the provider or category of providers is designated high-risk pursuant
to paragraph (a) and as per Code of Federal Regulations, title 42, section 455.450. The performance bond must be in an amount of $100,000 or ten percent of the provider's payments from Medicaid during the immediately preceding 12 months, whichever is greater. The performance bond must name the Department of Human Services as an obligee and must allow for recovery of costs and fees in pursuing a claim on the bond.

Sec. 7. HEALTH CARE GRANTS FOR THE UNINSURED.

Subdivision 1. Dental providers. (a) A dental provider is eligible for a grant under this section if the provider is:

(2) eligible for critical access dental provider payments under Minnesota Statutes, section 256B.76, subdivision 4; and

(3) more than 80 percent of dental provider's patient encounters per year are with patients who are uninsured or covered by medical assistance or MinnesotaCare.

(b) Grants shall be distributed by the commissioner of health to each eligible provider based on the proportion of that provider's number of low-income uninsured patients served in the reporting year to the total number of low-income uninsured patients served by all eligible providers, except that no single eligible provider shall receive less than two percent or more than 30 percent of the total appropriation provided under this subdivision. If the number of eligible providers is such that the minimum of two percent cannot be provided to each eligible provider, the commissioner shall limit eligibility for the subsidy to the top 20 eligible oral health providers.

Subd. 2. Community mental health programs. A community mental health program is eligible for a grant under this section if it is a community mental health center established under Minnesota Statutes, section 245.62, or a nonprofit community mental health clinic that is designated as an essential community provider under Minnesota Statutes, section 62Q.19, and the center or clinic offers free or reduced-cost mental health care to low-income patients with incomes below 200 percent of the federal poverty guideline who do not have health insurance coverage. The grants shall be distributed by the commissioner of health to each eligible mental health center or clinic based on the proportion of that mental health center’s or clinic’s number of low-income uninsured patients served in the reporting year to the total number of low-income uninsured patients served by all mental health centers and clinics eligible for a grant under this subdivision.
except that no single eligible provider shall receive less than two percent or more than 30 percent of the total appropriation provided under this subdivision.

Subd. 3. **Emergency medical assistance outlier grant program.** (a) The commissioner of health shall establish a grant program for hospitals for the purposes of defraying underpayments associated with the emergency medical assistance program. (b) Hospitals seeking a grant from this program must submit an application that includes the number and dollar amount of hospital claims for emergency medical assistance in excess of $150,000 to the commissioner in a form prescribed by the commissioner. Grant payments shall be in proportion to the total hospital emergency medical assistance claims submitted by all applicant hospitals. Claims for inpatient hospital, outpatient services, and hospital emergency department services shall be considered when determining the value of the grants.

Subd. 4. **Grant process.** The commissioner of health may use data submitted by organizations seeking a grant under this section, without further verification, for purposes of determining eligibility for a grant and allocating grant money among eligible organizations. The chief executive or chief financial officer must certify that the data submitted is accurate and that no changes were made in the organization's accounting and record-keeping practices or policies for providing free or reduced cost care to uninsured patients for the purpose of creating eligibility or increasing the organization's allocation. The commissioner may audit or verify the data submitted. Grant funds must be used to defray the organization's costs of providing care and services to uninsured patients with incomes below 200 percent of the federal poverty guidelines. An organization must not receive more than one grant under subdivisions 1, 2, or 3, even though the organization is potentially eligible for a grant under two or more subdivisions. Organizations eligible for a grant under this section may join together to submit a combined application provided the data submitted is certified by each individual organization.

Sec. 8. **QUALITY TRANSPARENCY.**

(a) The commissioner of health shall develop an implementation plan for stratifying measures based on disability, race, ethnicity, language, and other sociodemographic factors that are correlated with health disparities and impact performance on quality measures. The plan must be designed so that quality measures can be stratified beginning January 1, 2017, in order to advance work aimed at identifying and eliminating health disparities.
By January 15, 2015, the commissioner shall submit a report to the chairs and ranking minority members of the senate and house of representatives committees and divisions with jurisdiction on health and human services and finance with the plan, including an estimated budget, timeline, and processes to be used for implementation.

By January 15, 2016, the commissioner shall submit a report to the chairs and ranking minority members of the senate and house of representatives committees and divisions with jurisdiction on health and human services and finance with the result of the assessment of the risk-adjustment methodology and any recommended changes.

(c) The commissioner shall develop the plan described in paragraph (a), in consultation with consumer, community and advocacy organizations representing diverse communities; health plan companies; providers; quality measurement organizations; and safety net providers that primarily serve communities and patient populations with health disparities. The commissioner shall use culturally appropriate methods of consultation and engagement with consumer and advocacy organizations led by and representing diverse communities by race, ethnicity, language, and sociodemographic factors.

The evaluation must consider the federal client bill of rights requirements for Medicare-certified home care providers. The evaluation must determine if there are duplications or conflicts of client rights, evaluate how to reduce the complexity of the requirements related to clients' rights for providers and consumers, determine which rights must be included in a consolidated client bill of rights document, and develop options to inform consumers of their rights.

The commissioner shall report to the chairs and ranking minority members of the health and human services committees of the legislature no later than February 15, 2015, and include any recommendations for legislative changes.

(8) salaries and other employment deductions made for members of an assistance unit or persons who live in the household for whom an employer is legally responsible;
(9) monthly expenses in excess of $71 for each roomer;
(10) monthly expenses in excess of the Thrifty Food Plan amount for one person for each boarder. For purposes of this clause and clause (11), "Thrifty Food Plan" has the meaning given it in Code of Federal Regulations;
(11) monthly expenses in excess of the roomer rate plus the Thrifty Food Plan amount for one person for each roomer-boarder. If there is more than one boarder or roomer-boarder, use the total number of boarders as the unit size to determine the Thrifty Food Plan amount;
(12) an amount greater than actual expenses or two percent of the estimated market
value on a county tax assessment form, whichever is greater, as a deduction for upkeep
and repair against rental income;
(13) expenses not allowed by the Internal Revenue Code;
(14) expenses in excess of 60 percent of gross receipts for in-home child care unless
a higher amount can be documented; and
(15) expenses that are reimbursed under the child and adult care food program as
authorized under the National School Lunch Act, United States Code, title 42.

Subd. 6. Self-employment budget period. The self-employment budget period
begins in the month of application or in the first month of self-employment. Gross receipts
must be budgeted in the month received. Expenses must be budgeted against gross
receipts in the month the expenses are paid, except for paragraphs (a) to (e).
(a) The purchase cost of inventory items, including materials which are processed
or manufactured, must be deducted as an expense at the time payment is received for
the sale of the inventory items.
(b) A 12-month rolling average based on clauses (1) to (3) must be used to budget
monthly income.
(1) For a business in operation for at least 12 months, the county agency shall use
the average monthly self-employment income from the most current income tax report for
the 12 months before the month of application. The county agency shall determine a new
monthly average by adding in the actual self-employment income and expenses from the
previous month and dropping the first month from the averaging period.
(2) For a business in operation for less than 12 months, the county agency shall
compute the average for the number of months the business has been in operation to
determine a monthly average. When data are available for 12 or more months, average
monthly self-employment income is determined under clause (1).
(3) If the business undergoes a major change, the county agency shall compute a new
rolling average beginning with the first month of the major change. For the purpose of this
clause, major change means a change that affects the nature and scale of the business and
is not merely the result of normal business fluctuations.
(e) For seasonal self-employment, the caregiver may choose whether to use actual
income in the month of receipt and expenses in the month incurred or the rolling average
method of computation. The choice must be made once per year at the time of application
or recertification. For the purpose of this paragraph, seasonal means working six or less
months per year.
The agency must budget self-employment earned income according to section 256P.05, subdivision 3.

Subd. 7. Farm income. Farm income is the difference between gross receipts and operating expenses. The county agency must not allow a deduction for expenses listed in subdivision 5, paragraph (b). Gross receipts include sales, rents, subsidies, soil conservation payments, production derived from livestock, and income from home-produced food. Farm income shall be treated as self-employment income under section 256P.05, subdivision 2. The agency must budget farm income as self-employment earned income according to section 256P.05, subdivision 3.

Subd. 8. Rental income. The county agency must treat income from rental property as earned or unearned income. Income from rental property is unearned income unless the assistance unit spends an average of ten hours per week on maintenance or management of the property. When the owner spends more than ten hours per week on maintenance or repairs, the earnings are considered self-employment earnings. An amount must be deducted for upkeep and repairs, as specified in subdivision 5, paragraph (b), clause (12), real estate taxes, insurance, utilities, and interest on principal payments. When the applicant or participant lives on the rental property, expenses for upkeep, taxes, insurance, utilities, and interest must be divided by the number of rooms to determine expense per room and expenses deducted must be deducted only for the number of rooms rented.

Rental income is subject to the requirements of section 256P.05.

Subd. 9. Unearned income. (a) The county agency must apply unearned income to the MFIP transitional standard of need. When determining the amount of unearned income, the county agency must deduct the costs necessary to secure payments of unearned income. These costs include legal fees, medical fees, and mandatory deductions such as federal and state income taxes.

(b) The county agency must convert unearned income received on a periodic basis to monthly amounts by prorating the income over the number of months represented by the frequency of the payments. The county agency must begin counting the monthly amount in the month the periodic payment is received and budget it according to the assistance unit’s budget cycle.

Subd. 10. Treatment of lump sums. (a) The county agency must treat lump-sum payments as earned or unearned income. If the lump-sum payment is included in the category of income identified in subdivision 9, it must be treated as unearned income. A lump sum is counted as income in the month received and budgeted either prospectively or retrospectively depending on the budget cycle at the time of receipt. When an individual receives a lump-sum payment, that lump sum must be combined with all other earned and
unearned income received in the same budget month, and it must be applied according to
paragraphs (a) to (c). A lump sum may not be carried over into subsequent months. Any
funds that remain in the third month after the month of receipt are counted in the asset limit.

(b) For a lump sum received by an applicant during the first two months, prospective
budgeting is used to determine the payment and the lump sum must be combined with
other earned or unearned income received and budgeted in that prospective month.

(c) For a lump sum received by a participant after the first two months of MFIP
eligibility, the lump sum must be combined with other income received in that budget
month, and the combined amount must be applied retrospectively against the applicable
payment month.

(d) When a lump sum, combined with other income under paragraphs (b) and (c), is
less than the MFIP transitional standard of need for the appropriate payment month, the
assistance payment must be reduced according to the amount of the countable income.
When the countable income is greater than the MFIP standard or family wage level, the
assistance payment must be suspended for the payment month.

EFFECTIVE DATE. The amendments to subdivisions 1, 1a, 1b, and 2 are effective
October 1, 2015. The amendments to subdivisions 4, 5, 6, 7, and 8 are effective February
1, 2015. The amendments to subdivisions 9 and 10 are effective January 1, 2015.

Sec. 26. Minnesota Statutes 2012, section 256J.425, subdivision 1, is amended to read:

Subdivision 1. Eligibility. (a) To be eligible for a hardship extension, a participant
in an assistance unit subject to the time limit under section 256J.42, subdivision 1, must
be in compliance in the participant's 60th counted month. For purposes of determining
eligibility for a hardship extension, a participant is in compliance in any month that the
participant has not been sanctioned. In order to maintain eligibility for any of the hardship
extension categories a participant shall develop and comply with either an employment
plan or a family stabilization services plan, whichever is appropriate.

(b) If one participant in a two-parent assistance unit is determined to be ineligible for
a hardship extension, the county shall give the assistance unit the option of disqualifying
the ineligible participant from MFIP. In that case, the assistance unit shall be treated as a
one-parent assistance unit and the assistance unit's MFIP grant shall be calculated using
the shared household standard under section 256J.08, subdivision 82a.

(c) Prior to denying an extension, the county must review the sanction status and
determine whether the sanction is appropriate or if good cause exists under section 256J.57.
If the sanction was inappropriately applied or the participant is granted a good cause
exception before the end of month 60, the participant shall be considered for an extension.
EFFECTIVE DATE. This section is effective January 1, 2015.

Sec. 27. Minnesota Statutes 2012, section 256J.425, subdivision 7, is amended to read:

Subd. 7. Status of disqualified participants. (a) An assistance unit that is disqualified under subdivision 6, paragraph (a), may be approved for MFIP if the participant complies with MFIP program requirements and demonstrates compliance for up to one month. No assistance shall be paid during this period.

(b) An assistance unit that is disqualified under subdivision 6, paragraph (a), and that reapplies under paragraph (a) is subject to sanction under section 256J.46, subdivision 1, paragraph (c), clause (1), for a first occurrence of noncompliance. A subsequent occurrence of noncompliance results in a permanent disqualification.

(c) If one participant in a two-parent assistance unit receiving assistance under a hardship extension under subdivision 3 or 4 is determined to be out of compliance with the employment and training services requirements under sections 256J.521 to 256J.57, the county shall give the assistance unit the option of disqualifying the noncompliant participant from MFIP. In that case, the assistance unit shall be treated as a one-parent assistance unit for the purposes of meeting the work requirements under subdivision 4 and the assistance unit's MFIP grant shall be calculated using the shared household standard under section 256J.08, subdivision 82a. An applicant who is disqualified from receiving assistance under this paragraph may reapply under paragraph (a). If a participant is disqualified from MFIP under this subdivision a second time, the participant is permanently disqualified from MFIP.

(d) Prior to a disqualification under this subdivision, a county agency must review the participant's case to determine if the employment plan is still appropriate and attempt to meet with the participant face-to-face. If a face-to-face meeting is not conducted, the county agency must send the participant a notice of adverse action as provided in section 256J.31. During the face-to-face meeting, the county agency must:

(1) determine whether the continued noncompliance can be explained and mitigated by providing a needed preemployment activity, as defined in section 256J.49, subdivision 13, clause (9);

(2) determine whether the participant qualifies for a good cause exception under section 256J.57;

(3) inform the participant of the family violence waiver criteria and make appropriate referrals if the waiver is requested;

(4) inform the participant of the participant's sanction status and explain the consequences of continuing noncompliance;
463.1 (5) identify other resources that may be available to the participant to meet the
463.2 needs of the family; and
463.3 (6) inform the participant of the right to appeal under section 256J.40.

463.4 **EFFECTIVE DATE.** This section is effective January 1, 2015.

463.5 Sec. 28. Minnesota Statutes 2012, section 256J.95, subdivision 8, is amended to read:
463.6 Subd. 8. **Verification requirements.** (a) A county agency must only require
463.7 verification of information necessary to determine DWP eligibility and the amount of
463.8 the payment. The applicant or participant must document the information required or
463.9 authorize the county agency to verify the information. The applicant or participant has the
463.10 burden of providing documentary evidence to verify eligibility. The county agency shall
463.11 assist the applicant or participant in obtaining required documents when the applicant
463.12 or participant is unable to do so.
463.13 (b) A county agency must not request information about an applicant or participant
463.14 that is not a matter of public record from a source other than county agencies, the
463.15 Department of Human Services, or the United States Department of Health and Human
463.16 Services without the person's prior written consent. An applicant's signature on an
463.17 application form constitutes consent for contact with the sources specified on the
463.18 application. A county agency may use a single consent form to contact a group of similar
463.19 sources, but the sources to be contacted must be identified by the county agency prior to
463.20 requesting an applicant's consent.
463.21 (c) Factors to be verified shall follow sections 256J.32, subdivision 256P.04,
463.22 subdivisions 4 and 5. Except for personal needs, family maintenance needs must be
463.23 verified before the expense can be allowed in the calculation of the DWP grant.

463.24 **EFFECTIVE DATE.** This section is effective February 1, 2015.

463.25 Sec. 29. Minnesota Statutes 2012, section 256J.95, subdivision 9, is amended to read:
463.26 Subd. 9. **Property and income limitations.** The asset limits and exclusions in
463.27 section 256J.20 256P.02 apply to applicants and recipients participants of DWP. All
463.28 payments, unless excluded in section 256J.21, must be counted as income to determine
463.29 eligibility for the diversionary work program. The county agency shall treat income as
463.30 outlined in section 256J.37, except for subdivision 3a. The initial income test and the
463.31 disregards in section 256J.21, subdivision 3, shall be followed for determining eligibility
463.32 for the diversionary work program.

463.33 **EFFECTIVE DATE.** This section is effective January 1, 2016.
Sec. 30. Minnesota Statutes 2012, section 256J.95, subdivision 10, is amended to read:

Subd. 10. **Diversionary work program grant.** (a) The amount of cash benefits that a family unit is eligible for under the diversionary work program is based on the number of persons in the family unit, the family maintenance needs, personal needs allowance, and countable income. The county agency shall evaluate the income of the family unit that is requesting payments under the diversionary work program. Countable income means gross earned and unearned income not excluded or disregarded under MFIP.

The same disregards for earned income that are allowed under MFIP are allowed for the diversionary work program.

(b) The DWP grant is based on the family maintenance needs for which the DWP family unit is responsible plus a personal needs allowance. Housing and utilities, except for telephone service, shall be vendor paid. Unless otherwise stated in this section, actual housing and utility expenses shall be used when determining the amount of the DWP grant.

(c) The maximum monthly benefit amount available under the diversionary work program is the difference between the family unit's needs under paragraph (b) and the family unit's countable income not to exceed the cash portion of the MFIP transitional standard of need as defined in sections 256J.08, subdivision 85a 85, and 256J.24, subdivision 5, for the family unit's size.

(d) Once the county has determined a grant amount, the DWP grant amount will not be decreased if the determination is based on the best information available at the time of approval and shall not be decreased because of any additional income to the family unit. The grant must be increased if a participant later verifies an increase in family maintenance needs or family unit size. The minimum cash benefit amount, if income and asset tests are met, is $10. Benefits of $10 shall not be vendor paid.

(e) When all criteria are met, including the development of an employment plan as described in subdivision 14 and eligibility exists for the month of application, the amount of benefits for the diversionary work program retroactive to the date of application is as specified in section 256J.35, paragraph (a).

(f) Any month during the four-month DWP period that a person receives a DWP benefit directly or through a vendor payment made on the person's behalf, that person is ineligible for MFIP or any other TANF cash assistance program except for benefits defined in section 256J.626, subdivision 2, clause (1).

If during the four-month period a family unit that receives DWP benefits moves to a county that has not established a diversionary work program, the family unit may be eligible for MFIP the month following the last month of the issuance of the DWP benefit.

**EFFECTIVE DATE.** This section is effective January 1, 2015.
Sec. 31. [256P.001] APPLICABILITY.

General assistance and Minnesota supplemental aid under chapter 256D and programs governed by chapter 256I or 256J are subject to the requirements of this chapter, unless otherwise specified or exempted.

Sec. 32. [256P.01] DEFINITIONS.

Subdivision 1. Scope. For purposes of this chapter, the terms defined in this section have the meanings given them.

Subd. 2. Agency. "Agency" means any county, federally recognized Indian tribe, or multicounty social services collaboratives.

Subd. 3. Earned income. "Earned income" means cash or in-kind income earned through the receipt of wages, salary, commissions, profit from employment activities, net profit from self-employment activities, payments made by an employer for regularly accrued vacation or sick leave, and any other profit from activity earned through effort or labor. The income must be in return for, or as a result of, legal activity.

Subd. 4. Earned income disregard. "Earned income disregard" means earned income that is not counted according to section 256P.03 when determining eligibility and calculating the amount of the assistance payment.

Subd. 5. Equity value. "Equity value" means the amount of equity in personal property owned by a person and is determined by subtracting any outstanding encumbrances from the fair market value of the personal property.

Subd. 6. Personal property. "Personal property" means an item of value that is not real property.

Subd. 7. Self-employment. "Self-employment" means employment by an individual who:

(1) incurs costs in producing income and deducts these costs in order to equate the individual's income with income from sources where there are no production costs; and

(2) controls the individual's work by working either independently of an employer or freelance, or by running the business; or

(3) pays self-employment taxes.

Sec. 33. [256P.02] PERSONAL PROPERTY LIMITATIONS.

Subdivision 1. Property ownership. (a) The agency must apply paragraphs (b) to (e) to determine the value of personal property. The agency must use the equity value of legally available personal property to determine whether an applicant or participant is eligible for assistance.
(b) When personal property is jointly owned by two or more persons, the agency shall assume that each person owns an equal share, except that either person owns the entire sum of a joint personal checking or savings account. When an applicant or participant documents greater or lesser ownership, the agency must use that greater or lesser share to determine the equity value held by the applicant or participant. Other types of ownership must be evaluated according to law.

(c) Personal property owned by the applicant or participant must be presumed legally available to the applicant or participant unless the applicant or participant documents that the property is not legally available to the applicant or participant. When personal property is not legally available, its equity value must not be applied against the limits of subdivision 2.

(d) An applicant must disclose whether the applicant has transferred personal property valued in excess of the property limits in subdivision 2 for which reasonable compensation was not received within one year prior to application. A participant must disclose all transfers of property valued in excess of these limits, according to the reporting requirements in section 256J.30, subdivision 9. When a transfer of personal property without reasonable compensation has occurred:

1. the person who transferred the property must provide the property's description, information needed to determine the property's equity value, the names of the persons who received the property, and the circumstances of and reasons for the transfer; and
2. when the transferred property can be reasonably reacquired, or when reasonable compensation can be secured, the property is presumed legally available to the applicant or participant.

(e) A participant may build the equity value of personal property to the limits in subdivision 2.

Subd. 2. Personal property limitations. (a) The equity value of an assistance unit's personal property listed in clauses (1) to (4) must not exceed $10,000 for applicants and participants. For purposes of this subdivision, personal property is limited to:

1. cash;
2. bank accounts;
3. liquid stocks and bonds that can be readily accessed without a financial penalty;
and
4. vehicles not excluded under subdivision 3.

Subd. 3. Vehicle exception. One vehicle per assistance unit member age 16 or older shall be excluded when determining the equity value of personal property. If the assistance unit owns more than one vehicle per assistance unit member age 16 or older, the agency...
shall determine the trade-in values of all additional vehicles and apply the values to the
personal property limitations in subdivision 2. To establish the trade-in values of vehicles,
an agency must use the National Automobile Dealers Association online car values and
car prices guide. When a vehicle is not listed in the online guide, or when the applicant or
participant disputes the trade-in value listed in the online guide as unreasonable given the
condition of the particular vehicle, the agency may require the applicant or participant to
document the trade-in value by securing a written statement from a motor vehicle dealer
licensed under section 168.27, stating the amount that the dealer would pay to purchase
the vehicle. The agency shall reimburse the applicant or participant for the cost of a
written statement that documents a lower loan value.

EFFECTIVE DATE. This section is effective January 1, 2016.

Sec. 34. [256P.03] EARNED INCOME DISREGARD.
Subdivision 1. Exempted programs. Participants who qualify for Minnesota
supplemental aid under chapter 256D and for group residential housing under chapter 256I
on the basis of eligibility for Supplemental Security Income are exempt from this section.
Subd. 2. Earned income disregard. The agency shall disregard the first $65 of
earned income plus one-half of the remaining earned income per month.

EFFECTIVE DATE. This section is effective October 1, 2015.

Sec. 35. [256P.04] DOCUMENTING, VERIFYING, AND RECERTIFYING
ELIGIBILITY.
Subdivision 1. Exemption. Participants who receive Minnesota supplemental aid
and who maintain Supplemental Security Income eligibility under chapters 256D and
256I are exempt from the reporting requirements of this section, except that the policies
and procedures for transfers of assets are those used by the medical assistance program
under section 256B.0595.
Subd. 2. Verification of information. An agency must only require verification of
information necessary to determine eligibility and the amount of the assistance payment.
If necessary, the agency shall assist the applicant or participant in obtaining verifications
and required documents when the applicant or participant is unable to do so.
Subd. 3. Documentation. The applicant or participant must document the
information required under subdivisions 4 to 7 or authorize the agency to verify the
information. The applicant or participant has the burden of providing documentary
evidence to verify eligibility. The agency must accept a signed personal statement from
the applicant or participant when determining personal property values under section 256P.02. The signed personal statement must include general penalty warnings and a disclaimer that any false or misrepresented information is subject to prosecution for fraud under sections 609.52 and 609.821 and perjury under section 609.48.

Subd. 4. **Factors to be verified.** (a) The agency shall verify the following at application:

- (1) identity of adults;
- (2) age, if necessary to determine eligibility;
- (3) immigration status;
- (4) income;
- (5) spousal support and child support payments made to persons outside the household;
- (6) vehicles;
- (7) checking and savings accounts;
- (8) inconsistent information, if related to eligibility;
- (9) residence; and
- (10) Social Security number.

(b) Applicants who are qualified noncitizens and victims of domestic violence as defined under section 256J.08, subdivision 73, clause (7), are not required to verify the information in paragraph (a), clause (10). When a Social Security number is not provided to the agency for verification, this requirement is satisfied when each member of the assistance unit cooperates with the procedures for verification of Social Security numbers, issuance of duplicate cards, and issuance of new numbers which have been established jointly between the Social Security Administration and the commissioner.

Subd. 5. **MFIP-only verifications.** In addition to subdivision 4, the agency shall verify the following for programs under chapter 256J:

- (1) the presence of the minor child in the home, if questionable;
- (2) the relationship of a minor child to caregivers in the assistance unit;
- (3) pregnancy, if related to eligibility;
- (4) school attendance, if related to eligibility;
- (5) a claim of family violence, if used as a basis to qualify for the family violence waiver under chapter 256J; and
- (6) disability, if used as the basis for reducing the hourly participation requirements under section 256J.55, subdivision 1, or for the type of activity included in an employment plan under section 256J.521, subdivision 2.
469.1 Subd. 6. **Personal property inconsistent information.** If there is inconsistent information known to the agency when reporting personal property under section 256P.02, an agency must require the applicant or participant to document the information required under section 256P.02 or authorize the county agency to verify the information. The applicant or participant has the burden of providing documentary evidence to verify eligibility. The agency shall assist the applicant or participant in obtaining required documents when the applicant or participant is unable to do so.

469.8 Subd. 7. **Documenting and verifying inconsistent information.** When the agency verifies inconsistent information under subdivision 4, paragraph (a), clause (8); subdivision 6; or subdivision 8, clause (3), the reason for verifying the information must be documented in the financial case record.

469.12 Subd. 8. **Recertification.** The agency shall recertify eligibility in an annual interview with the participant. The interview may be conducted by telephone, by Internet telepresence, or face-to-face in the county office or in another location mutually agreed upon. A participant must be given the option of a telephone interview or Internet telepresence to recertify eligibility. During the interview, the agency shall verify the following:

469.18 (1) income, unless excluded, including self-employment earnings;
469.19 (2) assets when the value is within $200 of the asset limit; and
469.20 (3) inconsistent information, if related to eligibility.

469.21 Subd. 9. **MFIP-only recertification.** In addition to subdivision 8, the agency shall verify the following for programs under chapter 256J:

469.23 (1) the presence of the minor child in the home, if questionable; and
469.24 (2) whether a single-caregiver household meets the requirements in section 256J.575, subdivision 3.

469.26 Subd. 10. **Participant’s completion of form for recertification of eligibility.** A participant must complete forms prescribed by the commissioner which are required for recertification of eligibility according to subdivisions 8 and 9. An agency must end benefits when the participant fails to submit the recertification form and verifications before the end of the certification period. If the participant submits the recertification form within 30 days of the termination of benefits, benefits must be reinstated and made available retroactively for the full benefit month.

469.33 Subd. 11. **Participant’s completion of household report form.** (a) When a participant is required to complete a household report form, the following paragraphs apply.
(b) If the agency receives an incomplete household report form, the agency must immediately return the incomplete form and clearly state what the participant must do for the form to be complete.

(c) The automated eligibility system must send a notice of proposed termination of assistance to the participant if a complete household report form is not received by the agency. The automated notice must be mailed to the participant by approximately the 16th of the month. When a participant submits an incomplete form on or after the date a notice of proposed termination has been sent, the termination is valid unless the participant submits a complete form before the end of the month.

(d) The submission of a household report form is considered to have continued the participant's application for assistance if a complete household report form is received within a calendar month after the month in which the form was due. Assistance shall be paid for the period beginning with the first day of that calendar month.

(e) An agency must allow good cause exemptions for a participant required to complete a household report form when any of the following factors cause a participant to fail to submit a completed household report form before the end of the month in which the form is due:

1. an employer delays completion of employment verification;
2. the agency does not help a participant complete the household report form when the participant asks for help;
3. a participant does not receive a household report form due to a mistake on the part of the department or the agency or a reported change in address;
4. a participant is ill or physically or mentally incapacitated; or
5. some other circumstance occurs that a participant could not avoid with reasonable care which prevents the participant from providing a completed household report form before the end of the month in which the form is due.

Subd. 12. **Contacting third parties.** An agency must not request information about an applicant or participant that is not of public record from a source other than agencies, the department, or the United States Department of Health and Human Services without the applicant's or participant's prior written consent. An applicant's signature on an application form constitutes consent for contact with the sources specified on the application. An agency may use a single consent form to contact a group of similar sources, such as banks or insurance agencies, but the sources to be contacted must be identified by the agency prior to requesting an applicant's consent.

Subd. 13. **Notice to undocumented persons; release of private data.** Agencies, in consultation with the commissioner of human services, shall provide notification
to undocumented persons regarding the release of personal data to the United States Citizenship and Immigration Services and develop protocols regarding the release or sharing of data about undocumented persons with the United States Citizenship and Immigration Services as required under sections 404, 411A, and 434 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

Subd. 14. **Requirement to report to United States Citizenship and Immigration Services.** The commissioner shall comply with the reporting requirements under United States Code, title 42, section 611a, and any federal regulation or guidance adopted under that law.

Subd. 15. **Personal statement.** The agency may accept a signed personal statement from the applicant or participant explaining the reasons that the documentation requested in subdivision 3 is unavailable as sufficient documentation at the time of application, recertification, or change related to eligibility only for the following factors:

1. A claim of family violence, if used as a basis to qualify for the family violence waiver;

2. Relationship of a minor child to caregivers in the assistance unit;

3. Citizenship status from a noncitizen who reports to be, or is identified as, a victim of severe forms of trafficking in persons, if the noncitizen reports that the noncitizen's immigration documents are being held by an individual or group of individuals against the noncitizen's will. The noncitizen must follow up with the Office of Refugee Resettlement (ORR) to pursue certification. If verification that certification is being pursued is not received within 30 days, the case must be closed and the agency shall pursue overpayments. The ORR documents certifying the noncitizen's status as a victim of severe forms of trafficking in persons, or the reason for the delay in processing, must be received within 90 days, or the case must be closed and the agency shall pursue overpayments; and

4. Other documentation unavailable for reasons beyond the control of the applicant or participant. The applicant or participant must have made reasonable attempts to obtain the documents requested under subdivision 3.

Subd. 16. **Excluded resources.** Payments of funds made according to litigation and subsequent appropriation by the United States Congress to compensate members of Indian tribes for the taking of tribal lands by the federal government are excluded.

**EFFECTIVE DATE.** This section is effective February 1, 2015.

Sec. 36. [256P.05] SELF-EMPLOYMENT EARNINGS.

#### Receipts for Systems Projects.

Appropriations and federal receipts for information systems projects for MAXIS, PRISM, MMIS, and SSIS must be deposited in the state system account authorized in Minnesota Statutes, section 256.014.

Money appropriated for computer projects approved by the commissioner of Minnesota information technology services, funded by the legislature, and approved by the commissioner of management and budget.
may be transferred from one project to another and from development to operations as the commissioner of human services considers necessary. Any unexpended balance in the appropriation for these projects does not cancel but is available for ongoing development and operations.

**Nonfederal Share Transfers.** The nonfederal share of activities for which federal administrative reimbursement is appropriated to the commissioner may be transferred to the special revenue fund.

**ARRA Supplemental Nutrition Assistance Benefit Increases.** The funds provided for food support benefit increases under the Supplemental Nutrition Assistance Program provisions of the American Recovery and Reinvestment Act (ARRA) of 2009 must be used for benefit increases beginning July 1, 2009.

**Supplemental Nutrition Assistance Program Employment and Training.**

(1) Notwithstanding Minnesota Statutes, sections 256D.051, subdivisions 1a, 6b, and 6c, and 256J.626, federal Supplemental Nutrition Assistance employment and training funds received as reimbursement of MFIP consolidated fund grant expenditures for diversionary work program participants and child care assistance program expenditures must be deposited in the general fund. The amount of funds must be limited to $4,900,000 per year in fiscal years 2014 and 2015, and to $4,400,000 per year in fiscal
years 2016 and 2017, contingent on approval

by the federal Food and Nutrition Service.

(2) Consistent with the receipt of the federal
funds, the commissioner may adjust the
level of working family credit expenditures
claimed as TANF maintenance of effort.

Notwithstanding any contrary provision in
this article, this rider expires June 30, 2017.

**TANF Maintenance of Effort.** (a) In order
to meet the basic maintenance of effort
(MOE) requirements of the TANF block grant
specified under Code of Federal Regulations,
title 45, section 263.1, the commissioner may
only report nonfederal money expended for
allowable activities listed in the following
clauses as TANF/MOE expenditures:

(1) MFIP cash, diversionary work program,
and food assistance benefits under Minnesota
Statutes, chapter 256J;

(2) the child care assistance programs
under Minnesota Statutes, sections 119B.03
and 119B.05, and county child care
administrative costs under Minnesota
Statutes, section 119B.15;

(3) state and county MFIP administrative
costs under Minnesota Statutes, chapters
256J and 256K;

(4) state, county, and tribal MFIP
employment services under Minnesota
Statutes, chapters 256J and 256K;

(5) expenditures made on behalf of legal
noncitizen MFIP recipients who qualify for
the MinnesotaCare program under Minnesota
Statutes, chapter 256L;
(6) qualifying working family credit expenditures under Minnesota Statutes, section 290.0671;
(7) qualifying Minnesota education credit expenditures under Minnesota Statutes, section 290.0674; and
(8) qualifying Head Start expenditures under Minnesota Statutes, section 119A.50.

(b) The commissioner shall ensure that sufficient qualified nonfederal expenditures are made each year to meet the state’s TANF/MOE requirements. For the activities listed in paragraph (a), clauses (2) to (8), the commissioner may only report expenditures that are excluded from the definition of assistance under Code of Federal Regulations, title 45, section 260.31.

(c) For fiscal years beginning with state fiscal year 2003, the commissioner shall ensure that the maintenance of effort used by the commissioner of management and budget for the February and November forecasts required under Minnesota Statutes, section 16A.103, contains expenditures under paragraph (a), clause (1), equal to at least 16 percent of the total required under Code of Federal Regulations, title 45, section 263.1.

(d) The requirement in Minnesota Statutes, section 256.011, subdivision 3, that federal grants or aids secured or obtained under that subdivision be used to reduce any direct appropriations provided by law, do not apply if the grants or aids are federal TANF funds.

(e) For the federal fiscal years beginning on or after October 1, 2007, the commissioner...
may not claim an amount of TANF/MOE in excess of the 75 percent standard in Code of Federal Regulations, title 45, section 263.1(a)(2), except:

(1) to the extent necessary to meet the 80 percent standard under Code of Federal Regulations, title 45, section 263.1(a)(1), if it is determined by the commissioner that the state will not meet the TANF work participation target rate for the current year;

(2) to provide any additional amounts under Code of Federal Regulations, title 45, section 264.5, that relate to replacement of TANF funds due to the operation of TANF penalties; and

(3) to provide any additional amounts that may contribute to avoiding or reducing TANF work participation penalties through the operation of the excess MOE provisions of Code of Federal Regulations, title 45, section 261.43(a)(2).

For the purposes of clauses (1) to (3), the commissioner may supplement the MOE claim with working family credit expenditures or other qualified expenditures to the extent such expenditures are otherwise available after considering the expenditures allowed in this subdivision and subdivisions 2 and 3.

(f) Notwithstanding any contrary provision in this article, paragraphs (a) to (e) expire June 30, 2017.
