BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

ARTICLE 1

APPROPRIATIONS

Section 1. CAPITAL IMPROVEMENT APPROPRIATIONS.

The sums shown in the column under "Appropriations" are appropriated from the bond proceeds fund, or another named fund, to the state agencies or officials indicated, to be spent for public purposes. Appropriations of bond proceeds must be spent as authorized by the Minnesota Constitution, article XI, section 5, paragraph (a), to acquire and better public land and buildings and other public improvements of a capital nature, or as authorized by the Minnesota Constitution, article XI, section 5, paragraphs (b) to (j), or article XIV. Unless otherwise specified, money appropriated in this act for a capital program or project may be used to pay state agency staff costs that are attributed directly

Article 1 Section 1.
to the capital program or project in accordance with accounting policies adopted by the
commissioner of management and budget. Unless otherwise specified, the appropriations
in this act are available until the project is completed or abandoned subject to Minnesota
Statutes, section 16A.642. Unless otherwise specified in this act, money appropriated in
this act for activities under Minnesota Statutes, sections 16B.307, 84.946, and 135A.046,
should not be used for projects that can be financed within a reasonable time frame
under Minnesota Statutes, section 16B.322 or 16C.144. Unless otherwise specified, an
appropriation that fully funds a project does not require a nonstate match. Unless otherwise
specified, general fund appropriations in this act are onetime and are in fiscal year 2017.

Statutes, section 135A.046.

Subd. 3. Anoka Ramsey Community College

4,965,000

To design, renovate, furnish, and equip
the Humanities Building and to design the
Nursing and Active Learning Center and
related campus redevelopment.

Subd. 4. Bemidji State University

18,097,000

To demolish Hagg-Sauer Hall and construct,
and renovate, furnish, and equip Bensen Hall,
Sattgast Hall, Bangsberg Hall, and A.C.
Clark Library.

Subd. 5. Century College

5,500,000

To create flexible space for classroom,
lab, and other learning use, to renovate the
adjacent welding laboratory, and to expand
robotic welding facilities.

Subd. 6. Hennepin Technical College Advanced
Manufacturing Integration and Revitalization
Phase I; Design and Renovation

8,231,000

For Phase I of the Advanced Manufacturing
Integration and Revitalization (AMIR)
5.1 project on the Brooklyn Park campus of Hennepin Technical College that will renovate and update approximately 25,530 square feet of skilled technical spaces. Phase I includes design of the entire project; roof replacement; construction, furnishing, and equipping of a new entry to the AMIR programs; and remodeling existing lab spaces and classrooms associated with the electronic, HVAC, and welding programs.

5.11 Subd. 7. **Hibbing Community College** 9,958,000

5.12 To demolish Building G and connecting links or portions thereof, and to construct, renovate, furnish, and equip buildings, links, and entry spaces on the campus.

Subd. 13. Debt Service

(a) Except as provided in paragraph (b), the Board of Trustees shall pay the debt service on one-third of the principal amount of state bonds sold to finance projects authorized by this section. After each sale of general obligation bonds, the commissioner of management and budget shall notify the
7.1 board of the amounts assessed for each year
for the life of the bonds.

7.3 (b) The board need not pay debt service
on bonds sold to finance HEAPR. Where a
nonstate match is required, the debt service is
due on a principal amount equal to one-third
of the total project cost, less the match
committed before the bonds are sold.

7.9 (c) The commissioner of management and
budget shall reduce the board's assessment
each year by one-third of the net income
from investment of general obligation bond
proceeds in proportion to the amount of
principal and interest otherwise required to
be paid by the board. The board shall pay its
resulting net assessment to the commissioner
of management and budget by December
1 each year. If the board fails to make
a payment when due, the commissioner
of management and budget shall reduce
allotments for appropriations from the
general fund otherwise available to the board
and apply the amount of the reduction to
cover the missed debt service payment. The
commissioner of management and budget
shall credit the payments received from the
board to the bond debt service account in
the state bond fund each December 1 before
money is transferred from the general fund
under Minnesota Statutes, section 16A.641,
subdivision 10.

7.32 Subd. 14. **Unspent Appropriations**

7.33 (a) Upon substantial completion of a project
authorized in this section and after written
notice to the commissioner of management
and budget, the board must use any money
remaining in the appropriation for that
project for HEAPR under Minnesota
Statutes, section 135A.046. The Board
of Trustees must report by February 1 of
each even-numbered year to the chairs of
the house of representatives and senate
committees with jurisdiction over capital
investment and higher education finance, and
to the chairs of the house of representatives
Ways and Means Committee and the senate
Finance Committee, on how the remaining
money has been allocated or spent.
(b) The unspent portion of an appropriation
for a project in this section that is complete is
available for HEAPR under this subdivision,
at the same campus as the project for which
the original appropriation was made and the
debt service requirement under subdivision
18 is reduced accordingly. Minnesota
Statutes, section 16A.642, applies from the
date of the original appropriation to the
unspent amount transferred.

Sec. 4. EDUCATION
Subdivision 1. Total Appropriation $ 22,234,000
To the commissioner of education for the
purposes specified in this section.
Subd. 2. Library Construction Grants 2,000,000

For a grant to the city of Cambridge to acquire property for and to predesign, design, construct, furnish, and equip a new public library and headquarters for the East Central Regional Library system, to be located in the city of Cambridge. This appropriation is not available until the commissioner of management and budget determines that an equal amount is committed from nonstate sources.

**Subd. 5. Grand Rapids - Myles Reif Center**

From the general fund for a grant to Independent School District No. 318, Grand Rapids, to cover cost overruns for the Myles Reif Center for the Performing Arts project in Grand Rapids. This appropriation is added to and is for the same purposes as the project in Laws 2014, chapter 294, article 1, section 21, subdivision 8. This appropriation does not require a nonstate contribution.

**Subd. 6. Olmsted County - Dyslexia Institute of Minnesota**

For a grant to Olmsted County to acquire land for, and to predesign, design, construct, furnish, and equip a facility in Olmsted County to support the local, regional, and national literacy work of the Dyslexia Institute of Minnesota, subject to Minnesota Statutes, section 16A.695. This appropriation
is not available until the commissioner of
management and budget determines that an
equal amount is committed from nonstate
sources.

Subd. 7. **Red Lake - Independent School District No. 38 Facility Projects**

(a) $9,735,000 of this appropriation is from
the maximum effort school loan fund for a
capital loan to Independent School District
No. 38, Red Lake, as provided in Minnesota
Statutes, sections 126C.60 to 126C.72, and
$4,335,000 of this appropriation is from
the general fund. This appropriation is
to complete design and construction of
a connection structure between the Red
Lake Early Learning Childhood Center and
Red Lake Elementary School; renovations
to various classrooms, labs, and support
rooms; updating of mechanical systems;
and expansion of the cafeteria. Before
any capital loan contract is approved
under this subdivision, the district must
provide documentation acceptable to the
commissioner of education on how the
capital loan will be used.

(b) The commissioner of administration
may provide project management services
to assist the Department of Education with
oversight of the project. No money for
construction may be distributed by the
commissioner of education to the recipient
school district until bids have been received
on 100 percent of the construction documents
and satisfactory documentation has been
submitted to the commissioner of education.
indicating the project can be fully completed with money available for the project.

Subd. 8. Warroad - Northwest Angle School Expansion

For a grant to the Warroad School District to construct, furnish, and equip an expansion of the Northwest Angle School. No nonstate match is required.

Subd. 9. White Bear Lake - Independent School District No. 624 - Community Achievement Center

(a) For a grant to Independent School District No. 624, White Bear Lake Area Schools, to acquire land or real property for a comprehensive service center to deliver integrated services, including medical and dental services for young children, county human services, family support services, and early childhood education to the northeast metropolitan area.

(b) Any unspent portion of this appropriation after completion of the acquisition in paragraph (a) may be used for predesign and design.

(c) This appropriation does not require a nonstate match.

Sec. 5. MINNESOTA STATE ACADEMIES

Subdivision 1. Total Appropriation

$ 2,210,000

To the commissioner of administration for the purposes specified in this section.

Subd. 2. Asset Preservation

2,000,000

For capital asset preservation improvements and betterments on both campuses of the Minnesota State Academies, to be spent in
accordance with Minnesota Statutes, section 16B.307.

Subd. 3. Minnesota State Academies Track 160,000

For the construction of a track located on the Minnesota State Academy for the Blind campus, subject to Minnesota Statutes, section 16A.695. This appropriation is not available until the commissioner of management and budget determines that an amount sufficient to complete the project is committed from nonstate sources.

Sec. 7. NATURAL RESOURCES

Subdivision 1. Total Appropriation $126,635,000

To the commissioner of natural resources for the purposes specified in this section. The appropriations in this section are subject to the requirements of the natural resources capital improvement program under Minnesota Statutes, section 86A.12, unless this section or the statutes referred to in this section provide more specific
standards, criteria, or priorities for projects than Minnesota Statutes, section 86A.12.

Subd. 2. Natural Resources Asset Preservation 33,000,000

For the renovation of state-owned facilities and recreational assets operated by the commissioner of natural resources to be spent in accordance with Minnesota Statutes, section 84.946. Notwithstanding Minnesota Statutes, section 84.946: (1) the commissioner may use this appropriation to replace buildings if, considering the embedded energy in the building, that is the most energy-efficient and carbon-reducing method of renovation; and (2) this appropriation may be used for projects to remove life safety hazards such as building code violations or structural defects.

Subd. 3. Buildings and Facilities Development 2,000,000

To design and construct office and storage buildings, to replace buildings that are in poor condition, outdated, and no longer support the work of the department. This appropriation includes money to predesign a consolidated office in Bemidji.

Subd. 4. Flood Hazard Mitigation 20,000,000

(a) For the state share of flood hazard mitigation grants for publicly owned capital improvements to prevent or alleviate flood damage under Minnesota Statutes, section 103F.161.

(b) Levee projects, to the extent practical, shall meet the state standard of three feet above the 100-year flood elevation.
(c) Project priorities shall be determined by
the commissioner as appropriate and based
on need.

(d) This appropriation includes money for
the following county and municipal projects:
Afton, Austin, Bloomington, Browns
Valley, Delano, Golden Valley, Halstad,
Hawley, Hendrum, Inver Grove Heights,
Maynard, Montevideo, Nielsville, Ortonville,
Owatonna, Perley, Rushford, and St. Vincent.

(e) This appropriation includes money for

Watershed District, Prior Lake-Spring Lake
Watershed District, Red Lake Watershed
District, Roseau River Watershed District,
Sand Hill River Watershed District, Shell
Rock River Watershed District, Two Rivers
Watershed District, and Wild Rice River
Watershed District.

(f) For any project listed in this subdivision
that the commissioner determines is not
ready to proceed or does not expend all the
money allocated to it, the commissioner may
allocate that project's money to a project on
the commissioner's priority list.

(g) To the extent that the cost of a project
exceeds two percent of the median household
income in a municipality or township
multiplied by the number of households in the
municipality or township, this appropriation is also for the local share of the project.

(h) To the extent practicable and consistent with the project, recipients of appropriations for flood damage reduction projects in this subdivision shall create wetlands that are eligible for wetland replacement credit to replace wetlands drained or filled as a result of repair, reconstruction, replacement, or rehabilitation of an existing public road under Minnesota Statutes, section 103G.222, subdivision 1, paragraphs (l) and (m).

(i) Wetlands established by flood control projects funded in this subdivision that are not needed for replacement credit as part of a flood damage project funded in this subdivision, are eligible for wetland replacement credit under Minnesota Statutes, sections 103G.222 to 103G.2243.

Subd. 5. Dam Renovation, Repair, Removal

To renovate or remove publicly owned dams. The commissioner shall determine project priorities as appropriate under Minnesota Statutes, sections 103G.511 and 103G.515. This appropriation does not require a nonstate match for the Lanesboro Dam project.

Subd. 6. RIM Critical Habitat

To provide the state match for the critical habitat private sector matching account under Minnesota Statutes, section 84.943.

Subd. 7. Fish Hatchery Development

For improvements and system upgrades of a capital nature to hatchery facilities owned by the state and operated by the commissioner of
natural resources under Minnesota Statutes,

section 97A.045, subdivision 1, to prevent
the spread of invasive species and pathogens.

Subd. 8. Mille Lacs Lake - Fisheries
Management Station 3,500,000

Tofte; $2,590,000 is for the Glacial Lakes
Trail; $1,300,000 is for the Goodhue Pioneer
Trail; $3,300,000 is for the Heartland Trail
from Detroit Lakes to Frazee and spur
from Park Rapids to Itasca State Park; and
17.2 $650,000 is for the Mill Town Trail.
17.3 (b) $1,900,000 is for acquisition and
development in the Cuyuna Country State
Recreation Area, including the Cuyuna
Mountain Bike System.
17.7 (c) $8,000,000 is for continued development
of recreational opportunities at the Lake
Vermilion-Soudan Underground Mine State
Park.
17.11 (d) The commissioner may allocate money
not needed to complete a project listed in
this section to another project listed in this
section that may need additional money
to be completed. For any project listed
in this subdivision that the commissioner
determines is not ready to proceed, the
commissioner may reallocate that project's
money to another state trail project
described in this section or other state trail
infrastructure. The commissioner of natural
resources must notify the chairs of the house
of representatives and senate committees
with jurisdiction over environment and
natural resources and legislators from the
affected legislative districts of any changes
made under this paragraph.
17.28 Subd. 12. Itasca State Park Renovations $6,900,000

Sec. 19. METROPOLITAN COUNCIL

Subdivision 1. Total Appropriation

To the Metropolitan Council for the purposes specified in this section.

Subd. 2. Metropolitan Regional Parks and Trails Capital Improvements

For the cost of improvements and betterments of a capital nature and acquisition by the council and local government units of regional recreational open-space lands in accordance with the council's policy plan as provided in Minnesota Statutes, section 473.147. This appropriation must not be used to purchase easements.

Subd. 3. Metropolitan Cities Inflow and Infiltration Grants

For grants to cities within the metropolitan area, as defined in Minnesota Statutes, section 473.121, subdivision 2, for capital improvements in municipal wastewater collection systems to reduce the amount of inflow and infiltration to the Metropolitan Council's metropolitan sanitary sewer disposal system. Grants from this appropriation are for up to 50 percent of the cost to mitigate inflow and infiltration in the publicly owned municipal wastewater collection systems. To be eligible for a grant, a city must be identified by the council as a contributor of excessive inflow and infiltration in the metropolitan disposal system or have a measured flow rate within 20 percent of its allowable council-determined
inflow and infiltration limits. The council
must award grants based on applications
from cities that identify eligible capital
costs and include a timeline for inflow and
infiltration mitigation construction, pursuant
to guidelines established by the council.

Subd. 4. **Bloomington - Mall of America**
Transit Station
8,750,000

For design and construction of improvements
to the Mall of America Station on the

67.8 $18,000,000 is committed from nonstate

67.9 sources.

67.10 Subd. 37. **Virginia - Miner's Memorial Building Renovation Phase I** 4,000,000

67.12 For a grant to the city of Virginia for Phase

67.13 I of the renovation and reconstruction of the

67.14 Miner's Memorial Building in Virginia. This

67.15 appropriation is not available until at least

67.16 an equal amount is committed from nonstate

67.17 sources.

67.18 Subd. 38. **Wabasha - Seawall** 1,000,000

67.19 For a grant to the city of Wabasha for

67.20 development of a riverboat landing and dock.

67.21 Sec. 25. **PUBLIC FACILITIES AUTHORITY**

67.22 Subdivision 1. **Total Appropriation** $ 197,831,000

67.23 To the Public Facilities Authority for the

67.24 purposes specified in this section.

67.25 Subd. 2. **State Match for Federal Grants** 25,000,000

67.26 To match federal grants for the clean water

67.27 revolving fund under Minnesota Statutes,

67.28 section 446A.07, and the drinking water

67.29 revolving fund under Minnesota Statutes,

67.30 section 446A.081. This appropriation must

67.31 be used for qualified capital projects.

67.32 Subd. 3. **Water Infrastructure Funding Program** 80,000,000
(a) For grants to eligible municipalities under the water infrastructure funding program under Minnesota Statutes, section 446A.072.

(b) $55,000,000 is for wastewater projects listed on the Pollution Control Agency's project priority list in the fundable range under the clean water revolving fund program.

(c) $25,000,000 is for drinking water projects listed on the Department of Health's project priority list in the fundable range under the drinking water revolving fund program.

(d) After all eligible projects under paragraph (b) or (c) have been funded, the Public Facilities Authority may transfer any remaining, uncommitted money to eligible projects under a program defined in paragraph (b) or (c) based on that program's project priority list.

Subd. 4. Point Source Implementation Grants Program

For grants to eligible municipalities under the point source implementation grants program under Minnesota Statutes, section 446A.073. This appropriation must be used for qualified capital projects.

Subd. 5. Big Lake Area Sanitary District - Sewer System and Force Main

For a grant to the Big Lake Area Sanitary District to construct a pressure sewer system and force main to convey sewage to the Western Lake Superior Sanitary District connection in the city of Cloquet. This appropriation is not available until the commissioner of management and budget.
determines that an equal amount is committed from nonstate sources. This appropriation is in addition to the appropriation in Laws 2014, chapter 294, article 1, section 22.

69.3 Subd. 6. *Brainerd - Airport Water and Sewer* 6,000,000

69.4 For a grant to the city of Brainerd to design, construct, and equip publicly owned infrastructure to increase the water supply and expand sewer and water service to the Brainerd Lakes Regional Airport.

69.5 Subd. 7. *Clear Lake and Clearwater - Wastewater Treatment Facility* 1,400,000

69.6 For a grant to the Clear Lake-Clearwater Sewer Authority for predesign, design, and construction of wastewater facility improvements. This appropriation is not available until the commissioner of management and budget determines that at least $200,000 is committed to the project from nonstate sources and the authority has applied for at least two grants to offset the cost. Any money received by the authority from grants will be returned to the general fund.

69.7 Subd. 8. *Dennison - Sewage Treatment System Improvements* 726,000

69.8 For a grant to the city of Dennison to predesign, design, and construct a new lift station and make sewage pond improvements. This appropriation does not require a nonstate contribution.

69.9 Subd. 9. *East Grand Forks - Wastewater Infrastructure* 5,275,000
For a grant to East Grand Forks to design
and construct wastewater infrastructure
improvements interconnecting the
wastewater system of East Grand Forks to
the wastewater treatment system in Grand
Forks, North Dakota. This appropriation
may not be used for improvements outside
the state. This appropriation is in addition
to grants under Minnesota Statutes, section
446A.072. This appropriation is not available
until the commissioner of management and
budget determines that an equal amount is
committed from nonstate sources.

Subd. 10. Koochiching County - Voyageurs
National Park Clean Water Project 6,240,000

(a) For a grant to Koochiching County to
acquire land or interests in land, and to design,
enGINEER, construct, and equip sanitary
sewage systems and facilities to implement a
portion or portions of the Voyageurs National
Park clean water project comprehensive
plan. This appropriation is available after the
commissioner of management and budget
determines that $4,500,000 is committed
from nonstate sources.

(b) This appropriation is in addition to
the appropriation in Laws 2014, chapter
294, article 1, section 22, subdivision 7.
Notwithstanding the match requirement in
Laws 2014, chapter 294, article 1, section
22, subdivision 7, the nonstate match
required for this appropriation and the 2014
appropriation for a grant to Koochiching
County is 25 percent of the state grant
amounts. Any money remaining from this
appropriation after completion of the projects
in paragraph (a) is available for grants to
Koochiching County or St. Louis County to
be used for other projects described in the
comprehensive plan.

Subd. 11. Lilydale - Highway 13 Storm Water
Conveyance

From the general fund for a grant to the city
of Lilydale to design, acquire, construct, and
install a storm water sewer and drop structure
along Trunk Highway 13 in Lilydale that
will be large enough to effectively collect
water from springs and storm water runoff
from above the road and safely convey the
water to below the bluff. The city must
coordinate this project with the Department
of Transportation's Trunk Highway 13
project. The appropriation and project also
include capital repairs and improvements
to existing drainage structures along the
Big Rivers Regional Trail at the base of the
bluff. This appropriation does not require a
nonstate contribution.

Subd. 12. Oronoco - Wastewater Collection
and Treatment Facilities

From the general fund for a grant to the
city of Oronoco to commission a study to
evaluate options for solving the wastewater
infrastructure needs for the region including
the city of Oronoco, the city of Pine Island,
or the city of Rochester. This appropriation
does not require a nonstate match.

Subd. 13. St. James - Storm Sewer Line
Replacement

For a grant to the city of St. James to
replace a storm sewer line in St. James. This
appropriation is not available until at least
an equal amount is committed from nonstate

Subd. 14. **Western Lake Superior Sanitary District - Combined Heat and Power System**

8,100,000

For a grant to the Sanitary Board of the Western Lake Superior Sanitary District for Phase I and II of a project to design, construct, furnish, and equip a combined heat and power system to capture process heat and generate electricity for use at the Western Lake Superior Sanitary District wastewater treatment facilities. This appropriation is not available until the commissioner determines that at least an equal amount is committed to the project from state and nonstate sources.

Loans obtained from the Public Facilities Authority shall count toward the match requirement.

Sec. 26. **MINNESOTA HOUSING FINANCE AGENCY**

For transfer to the housing development fund to finance the costs of rehabilitation to preserve public housing under Minnesota Statutes, section 462A.202, subdivision 3a. For purposes of this section, "public housing" means housing for low-income persons and households financed by the federal government and owned and operated by the public housing authorities and agencies formed by cities and counties.

Public housing authorities receiving a public housing assessment composite score of 80 or above or an equivalent designation are eligible to receive funding. Priority must be given to proposals that maximize federal or
local resources to finance the capital costs.

The priority in Minnesota Statutes, section 462A.202, subdivision 3a, for projects to increase the supply of affordable housing and the restrictions of Minnesota Statutes, section 462A.202, subdivision 7, do not apply to this appropriation.

Sec. 27. MINNESOTA HISTORICAL SOCIETY

Subdivision 1. **Total Appropriation** $38,000,000

To the Minnesota Historical Society for the purposes specified in this section.

Subd. 2. **Historic Sites Asset Preservation** 2,500,000

For capital improvements and betterments at state historic sites, buildings, landscaping at historic buildings, exhibits, markers, and monuments, to be spent in accordance with Minnesota Statutes, section 16B.307. The society shall determine project priorities as appropriate based on need.

Subd. 3. **Historic Fort Snelling** 34,000,000

(a) To design, renovate, construct, furnish, and equip facilities to support visitor services and history programs at Historic Fort Snelling.

(b) This appropriation includes up to $4,000,000 to design facilities to support visitor services and history programs at Historic Fort Snelling. Money for design is available the day following final enactment and is not contingent on demonstrating a nonstate contribution to the project. Upon completion of the design, the unspent portion...
of the amount specified in this paragraph is available for the purposes of paragraph (c).

(c) The balance of this appropriation is to demolish the existing visitor center, renovate, construct, furnish, and equip facilities, including landscaping and wayfinding, at Historic Fort Snelling. This appropriation is not available until the commissioner of management and budget determines that an amount sufficient to complete the project has been committed from nonstate sources.

Subd. 4. County and Local Preservation Grants

1,500,000

To be allocated to county and local jurisdictions as matching money for historic preservation projects of a capital nature, as provided in Minnesota Statutes, section 138.0525.

Sec. 28. OFFICE OF THE LEGISLATIVE AUDITOR - ASSET PRESERVATION FUNDING REPORT

$ 50,000

From the general fund to the Office of the Legislative Auditor for the report on options for funding asset preservation, as described in article 2, section 19.

Sec. 29. MINNESOTA SUPREME COURT

$ 6,000,000

From the general fund to the chief justice of the Supreme Court for a competitive grant program established by the chief justice for the distribution of grants to government entities for capital improvements to make courthouses or other facilities where court proceedings are held safe and secure. Grant recipients must provide a 50 percent nonstate match.
Sec. 30. **BOND SALE EXPENSES**

Subdivision 1. **Total Appropriation** $1,640,000

To the commissioner of management and budget for the purposes specified in this section.

Subd. 2. **Bond Proceeds Fund** $1,595,000

From the bond proceeds fund for bond sale expenses under Minnesota Statutes, section 16A.641, subdivision 8.

Subd. 3. **Trunk Highway Fund** $45,000

From the bond proceeds account in the trunk highway fund for bond sale expenses under Minnesota Statutes, sections 16A.641, subdivision 8, and 167.50, subdivision 4.

Sec. 31. Laws 2015, First Special Session chapter 5, article 1, section 19, is amended to read:

Sec. 19. **BOND SALE SCHEDULE.**

The commissioner of management and budget shall schedule the sale of state general obligation bonds so that, during the biennium ending June 30, 2017, no more than $1,267,459,000 will need to be transferred from the general fund to the state bond fund to pay principal and interest due and to become due on outstanding state general obligation bonds. During the biennium, before each sale of state general obligation bonds, the commissioner of management and budget shall calculate the amount of debt service payments needed on bonds previously issued and shall estimate the amount of debt service payments that will be needed on the bonds scheduled to be sold. The commissioner shall adjust the amount of bonds scheduled to be sold so as to remain within the limit set by this section. The amount needed to make the debt service payments is appropriated from the general fund as provided in Minnesota Statutes, section 16A.641.

Sec. 32. **BOND SALE AUTHORIZATION.**

Subdivision 1. **Bond proceeds fund.** To provide the money appropriated in this act from the bond proceeds fund, the commissioner of management and budget shall sell and issue bonds of the state in an amount up to $1,406,551,000 in the manner, upon the terms,
and with the effect prescribed by Minnesota Statutes, sections 16A.631 to 16A.675, and
by the Minnesota Constitution, article XI, sections 4 to 7.

Subd. 2. Transportation fund. To provide the money appropriated in this act from
the state transportation fund, the commissioner of management and budget shall sell and
issue bonds of the state in an amount up to $180,400,000 in the manner, upon the terms,
and with the effect prescribed by Minnesota Statutes, sections 16A.631 to 16A.675, and
by the Minnesota Constitution, article XI, sections 4 to 7.

Subd. 3. Trunk highway fund. To provide the money appropriated in this act from
the bond proceeds account in the trunk highway fund, the commissioner of management
and budget shall sell and issue bonds of the state in an amount up to $43,045,000 in the
manner, upon the terms, and with the effect prescribed by Minnesota Statutes, sections
167.50 to 167.52, and by the Minnesota Constitution, article XIV, section 11, at the times
and in the amounts requested by the commissioner of transportation. The proceeds of the
bonds, except accrued interest and any premium received from the sale of the bonds, must
be deposited in the bond proceeds account in the trunk highway fund.

Subd. 4. Maximum effort school loan fund. To provide the money appropriated in
this act from the maximum effort school loan fund, the commissioner of management and
budget shall sell and issue bonds of the state in an amount up to $9,735,000 in the manner,
upon the terms, and with the effect prescribed by Minnesota Statutes, sections 16A.631 to
16A.675, and by the Minnesota Constitution, article XI, sections 4 to 7.

Sec. 33. CANCELLATIONS; BOND SALE AUTHORIZATION REDUCTIONS.

(a) The bond sale authorization in Laws 1990, chapter 610, article 1, section 30,
subdivision 1, as amended, is reduced by $3,129.

(b) The bond sale authorization in Laws 1994, chapter 643, section 31, subdivision
1, as amended, is reduced by $24,480.

(c) The bond sale authorization in Laws 1997, Second Special Session chapter 2,
section 12, as amended, is reduced by $96,992.

(d) The bond sale authorization in Laws 1999, chapter 240, article 1, section 13,
subdivision 1, as amended, is reduced by $212,472.

(e) The bond sale authorization in Laws 2000, chapter 492, article 1, section 26,
subdivision 1, as amended, is reduced by $7,933,538.

(f) The bond sale authorization in Laws 2002, chapter 393, section 30, subdivision
1, as amended, is reduced by $188,471.

(g) The bond sale authorization in Laws 2002, First Special Session chapter 1,
section 9, subdivision 1, is reduced by $217,959.
The bond sale authorization in Laws 2003, First Special Session chapter 19, article 3, section 2, is reduced by $201,530.

(i) The bond sale authorization in Laws 2003, First Special Session chapter 19, article 4, section 4, is reduced by $326,534.

(j) The bond sale authorization in Laws 2005, chapter 20, article 1, section 28, subdivision 1, as amended, is reduced by $3,366,628.

Sec. 34. EFFECTIVE DATE.

Except as otherwise provided, this article is effective the day following final enactment.

ARTICLE 2

MISCELLANEOUS

Section 1. [16A.693] CERTAIN ENTITIES INELIGIBLE FOR CONTRACTS.

Notwithstanding any law to the contrary, the following entities involved in the latent design and construction defects necessitating the appropriation in article 1, section 24, subdivision 30, of this act, the general contractor (PCL Construction Services), the design firm (AECOM), and the masonry company (B&D Associates, Inc.), or their successors or assigns, may not enter into any contract to furnish labor, skill, material, or other goods or services related to any project that is funded in whole or in part with an appropriation of state bond proceeds or other state appropriation.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to any building, design, or construction contract for which requests for proposals or requests for bids are made on or after the day following final enactment.

Sec. 2. Minnesota Statutes 2015 Supplement, section 16A.967, is amended to read:

16A.967 LEWIS AND CLARK APPROPRIATION BONDS.

Subdivision 1. Definitions. (a) The definitions in this subdivision apply to this section.

(b) "Appropriation bond" or "bond" means a bond, note, or other similar instrument of the state payable during a biennium from one or more of the following sources:

(1) money appropriated by law from the general fund in any biennium for debt service due with respect to obligations described in subdivision 2, paragraph (e) subdivisions 2a and 2b;
(2) proceeds of the sale of obligations described in subdivision 2, paragraph (c), subdivisions 2a and 2b;

(3) payments received for that purpose under agreements and ancillary arrangements described in subdivision 2, paragraph (e) (d); and

(4) investment earnings on amounts in clauses (1) to (3).

(c) "Debt service" means the amount payable in any biennium of principal, premium, if any, and interest on appropriation bonds.

Subd. 2. Authorization to issue appropriation bonds. (a) Subject to the limitations of this subdivision, the commissioner may sell and issue appropriation bonds of the state under this section for public purposes as provided by law, including, in particular, the financing of the land acquisition, design, engineering, and construction of facilities and infrastructure necessary to complete the next phase of the Lewis and Clark Regional Water System project, including completion of the pipeline to Magnolia, extension of the project to the Lincoln-Pipestone Rural Water System connection near Adrian, and engineering, design, and easement acquisition for the final phase of the project to Worthington. No bonds shall be sold until the commissioner determines that a nonstate match of at least $9,000,000 is committed to this project phase. Grant agreements entered into under this section must provide for reimbursement to the state from any federal money provided for the project, consistent with the Lewis and Clark Regional Water System, Inc., agreement.

(b) The appropriation bonds may be issued and sold only after the commissioner determines that the construction and administration for work done on the project will comply with (1) all federal requirements and regulations associated with the Lewis and Clark Rural Water System Act of 2000, and (2) the cooperative agreement between the United States Department of the Interior and the Lewis and Clark Regional Water System, Inc. Proceeds of the appropriation bonds must be credited to a special appropriation Lewis and Clark bond proceeds fund in the state treasury. All income from investment of the bond proceeds, as estimated by the commissioner, is appropriated to the commissioner for the payment of principal and interest on the appropriation bonds.

(e) Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient money, not to exceed $19,000,000 net of costs of issuance, for the purposes as provided under paragraph (a), and pay debt service including capitalized interest, costs of issuance, costs of credit enhancement, or make payments under other agreements entered into under paragraph (e).

(d) (c) Appropriation bonds may be issued in one or more issues or series on the terms and conditions the commissioner determines to be in the best interests of the state, but the term on any series of appropriation bonds may not exceed 25 years. The
appropriation bonds of each issue and series thereof shall be dated and bear interest, 
and may be includable in or excludable from the gross income of the owners for federal 
income tax purposes.

(e) (d) At the time of, or in anticipation of, issuing the appropriation bonds, and at 
any time thereafter, so long as the appropriation bonds are outstanding, the commissioner 
may enter into agreements and ancillary arrangements relating to the appropriation bonds, 
including but not limited to trust indentures, grant agreements, lease or use agreements, 
operating agreements, management agreements, liquidity facilities, remarketing or 
dealer agreements, letter of credit agreements, insurance policies, guaranty agreements, 
reimbursement agreements, indexing agreements, or interest exchange agreements. Any 
payments made or received according to the agreement or ancillary arrangement shall be 
made from or deposited as provided in the agreement or ancillary arrangement. The 
determination of the commissioner included in an interest exchange agreement that the 
agreement relates to an appropriation bond shall be conclusive.

(4) (c) The commissioner may enter into written agreements or contracts relating 
to the continuing disclosure of information necessary to comply with or facilitate the 
issuance of appropriation bonds in accordance with federal securities laws, rules, and 
regulations, including Securities and Exchange Commission rules and regulations in Code 
of Federal Regulations, title 17, section 240.15c 2-12. An agreement may be in the form 
of covenants with purchasers and holders of appropriation bonds set forth in the order or 
resolution authorizing the issuance of the appropriation bonds, or a separate document 
authorized by the order or resolution.

(5) (f) The appropriation bonds are not subject to chapter 16C.

Subd. 2a. Project authorization. Appropriation bonds may be sold and issued in 
amounts that, in the opinion of the commissioner, are necessary to provide sufficient 
money to the Public Facilities Authority under subdivision 7, paragraph (a), not to exceed 
$19,000,000 net of costs of issuance, for the purposes as provided under this subdivision, 
and pay debt service including capitalized interest, costs of issuance, costs of credit 
enhancement, or make payments under other agreements entered into under subdivision 2, 
paragraph (d). The bonds authorized by this subdivision are for the purposes of financing 
the land acquisition, design, engineering, and construction of facilities and infrastructure 
necessary to complete Phase 2 of the Lewis and Clark Regional Water System project, 
including completion of the pipeline to Magnolia; extension of the project to the 
Lincoln-Pipestone Rural Water System connection near Adrian; and engineering, design, 
and easement acquisition for the final phase of the project to Worthington. No bonds shall
be sold under this subdivision until the commissioner determines that a nonstate match
of at least $9,000,000 is committed to this project phase.

Subd. 2b. **Additional project authorization.** Appropriation bonds may be sold
and issued in amounts that, in the opinion of the commissioner, are necessary to provide
sufficient money to the Public Facilities Authority under subdivision 7, paragraph (b),
not to exceed $11,500,000 net of costs of issuance, for the purposes as provided under
this subdivision, and pay debt service including capitalized interest, costs of issuance,
costs of credit enhancement, or make payments under other agreements entered into
under subdivision 2, paragraph (d). The bonds authorized by this subdivision are for
the purposes of financing the land acquisition, design, engineering, and construction of
facilities and infrastructure necessary to complete Phase 3 of the Lewis and Clark Regional
Water System project, including extension of the project from the Lincoln-Pipestone
Rural Water System connection near Adrian to Worthington, construction of a reservoir
in Nobles County and a meter building in Worthington, and acquisition and installation
of a supervisory control and data acquisition (SCADA) system. No bonds shall be sold
under this subdivision until the commissioner determines that a nonstate match of at least
$9,000,000 is committed to the final phase of the project.

Subd. 3. **Form; procedure.** (a) Appropriation bonds may be issued in the form
of bonds, notes, or other similar instruments, and in the manner provided in section
16A.672. In the event that any provision of section 16A.672 conflicts with this section,
this section shall control.

(b) Every appropriation bond shall include a conspicuous statement of the limitation
established in subdivision 6.

(c) Appropriation bonds may be sold at either public or private sale upon such terms
as the commissioner shall determine are not inconsistent with this section and may be sold
at any price or percentage of par value. Any bid received may be rejected.

(d) Appropriation bonds must bear interest at a fixed or variable rate.

(e) Notwithstanding any other law, appropriation bonds issued under this section
shall be fully negotiable.

Subd. 4. **Refunding bonds.** The commissioner may issue appropriation bonds
for the purpose of refunding any appropriation bonds then outstanding, including the
payment of any redemption premiums on the bonds, any interest accrued or to accrue to
the redemption date, and costs related to the issuance and sale of the refunding bonds. The
proceeds of any refunding bonds may, in the discretion of the commissioner, be applied
to the purchase or payment at maturity of the appropriation bonds to be refunded, to the
redemption of the outstanding appropriation bonds on any redemption date, or to pay
interest on the refunding bonds and may, pending application, be placed in escrow to be
applied to the purchase, payment, retirement, or redemption. Any escrowed proceeds,
pending such use, may be invested and reinvested in obligations that are authorized
investments under section 11A.24. The income earned or realized on the investment may
also be applied to the payment of the appropriation bonds to be refunded or interest or
premiums on the refunded appropriation bonds, or to pay interest on the refunding bonds.
After the terms of the escrow have been fully satisfied, any balance of the proceeds and
any investment income may be returned to the general fund or, if applicable, the special
appropriation Lewis and Clark bond proceeds fund for use in any lawful manner. All
refunding bonds issued under this subdivision must be prepared, executed, delivered, and
secured by appropriations in the same manner as the appropriation bonds to be refunded.

Subd. 5. **Appropriation bonds as legal investments.** Any of the following entities
may legally invest any sinking funds, money, or other funds belonging to them or under
their control in any appropriation bonds issued under this section:

1. the state, the investment board, public officers, municipal corporations, political
subdivisions, and public bodies;
2. banks and bankers, savings and loan associations, credit unions, trust companies,
savings banks and institutions, investment companies, insurance companies, insurance
associations, and other persons carrying on a banking or insurance business; and
3. personal representatives, guardians, trustees, and other fiduciaries.

Subd. 6. **No full faith and credit; state not required to make appropriations.** The
appropriation bonds are not public debt of the state, and the full faith, credit, and taxing
powers of the state are not pledged to the payment of the appropriation bonds or to any
payment that the state agrees to make under this section. Appropriation bonds shall not be
obligations paid directly, in whole or in part, from a tax of statewide application on any
class of property, income, transaction, or privilege. Appropriation bonds shall be payable
in each fiscal year only from amounts that the legislature may appropriate for debt service
for any fiscal year, provided that nothing in this section shall be construed to require the
state to appropriate money sufficient to make debt service payments with respect to the
appropriation bonds in any fiscal year. Appropriation bonds shall be canceled and shall
no longer be outstanding on the earlier of (1) the first day of a fiscal year for which the
legislature shall not have appropriated amounts sufficient for debt service, or (2) the date
of final payment of the principal of and interest on the appropriation bonds.

Subd. 7. **Appropriation of proceeds.** (a) The proceeds of appropriation bonds
issued under subdivision 2a and interest credited to the special appropriation Lewis and
Clark bond proceeds fund are appropriated as follows:
(1) to the commissioner Public Facilities Authority for a grant to the Lewis and Clark Joint Powers Board for payment of capital expenses for the purposes provided by as specified in subdivision 2, paragraph (a), 2a; and

(2) to the commissioner for debt service on the bonds including capitalized interest, nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds and payments under any agreements entered into under subdivision 2, paragraph (e) (d), each as permitted by state and federal law, and such proceeds may be granted, loaned, or otherwise provided for the public purposes provided by subdivision 2, paragraph (n).

(b) The proceeds of appropriation bonds issued under subdivision 2b and interest credited to the special appropriation Lewis and Clark bond proceeds fund are appropriated as follows:

(1) to the Public Facilities Authority for a grant to the Lewis and Clark Joint Powers Board for payment of capital expenses as specified in subdivision 2b; and

(2) to the commissioner for debt service on the bonds including capitalized interest, nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds, and payments under any agreements entered into under subdivision 2, paragraph (d), each as permitted by state and federal law.

Subd. 8. Appropriation for debt service and other purposes. (a) An amount, up to $1,351,000 needed to pay principal and interest on appropriation bonds issued under this section subdivision 2a is appropriated each fiscal year from the general fund to the commissioner, subject to repeal, unallotment under section 16A.152, or cancellation, otherwise pursuant to subdivision 6, for deposit into the bond payments account established for such purpose in the special Lewis and Clark appropriation bond proceeds fund. The appropriation is available beginning in fiscal year 2017 and through fiscal year 2038.

(b) An amount up to $855,000 needed to pay principal and interest on appropriation bonds issued under subdivision 2b is appropriated each fiscal year from the general fund to the commissioner, subject to repeal, unallotment under section 16A.152, or cancellation, otherwise pursuant to subdivision 6, for deposit into the bond payments account established for such purpose in the special Lewis and Clark appropriation bond proceeds fund. The appropriation is available beginning in fiscal year 2018 and through fiscal year 2039.

Subd. 9. Waiver of immunity. The waiver of immunity by the state provided for by section 3.751, subdivision 1, shall be applicable to the appropriation bonds and any ancillary contracts to which the commissioner is a party.

Sec. 3. [16C.053] ACCOMMODATION FOR HARD-OF-HEARING IN STATE-FUNDED CAPITAL PROJECTS.
Subdivision 1. **Definition.** For purposes of this section, "public gathering space" means a space that is constructed or renovated as part of the project and (1) that accommodates and is intended to be used for gatherings of 15 or more people; and (2) in which audible communications are integral to a use of the space.

Subd. 2. **Accommodation for hard-of-hearing in state-funded capital projects.**

No commissioner or agency head may approve a contract for, or grant state funds for, a capital improvement project to construct or renovate a public gathering space in a building unless:

(1) the project includes equipping the public gathering space, if the public gathering space has or will have a permanent audio-amplification system, with audio-induction loops to provide an electromagnetic signal for hearing aids and cochlear implants; and

(2) the project includes meeting the American National Standards Institute Acoustical Performance Criteria, Design Requirements and Guidelines for Schools on maximum background noise level and reverberation times in the public gathering space.

Subd. 3. **Exemption.** A commissioner or agency head may approve a contract for, or grant state funds for, a capital improvement project to construct or renovate a building that does not meet a requirement of subdivision 2, when the commissioner or agency head determines that meeting that requirement is not feasible, is in conflict with other requirements in law, is in conflict with other project requirements, or that costs outweigh the benefits. The commissioner must consult with the Commission of Deaf, Deafblind, and Hard-of-Hearing Minnesotans before making the determination.

Subd. 4. **Exemption reports.** A commissioner or agency head who determines a contract is exempt under subdivision 3 must report the exemption to the Commission of Deaf, Deafblind, and Hard-of-Hearing Minnesotans within three months of making the determination. The chair of the Commission of Deaf, Deafblind, and Hard-of-Hearing Minnesotans shall submit a report to the chairs and ranking minority members of the committees in the house of representatives and senate with jurisdiction over state contracting by January 30 of even-numbered years beginning in 2020 identifying each exemption reported in the previous two calendar years.

**EFFECTIVE DATE.** This act is effective August 1, 2016, and applies to all projects funded with an appropriation enacted after August 1, 2016, for which requests for bids or proposals are issued after January 1, 2018. For projects for which requests for bids or proposals are issued before January 1, 2018, the commissioners and agency heads are encouraged to comply with this section.

Sec. 4. Minnesota Statutes 2014, section 85.34, subdivision 1, is amended to read:
Subdivision 1. **Upper bluff; lease terms.** The commissioner of natural resources with the approval of the Executive Council may lease for purposes of restoration, preservation, historical, recreational, educational, and commercial use and development, that portion of Fort Snelling State Park known as the upper bluff consisting of officer's row, area J, the polo grounds, the adjacent golf course, and all buildings and improvements located thereon, all lying within an area bounded by Minneapolis-St. Paul International Airport, Trunk Highways numbered 5 and 55, and Bloomington Road. The lease or leases shall be in a form approved by the attorney general and for a term of not to exceed 99 years. The lease or leases may provide for the provision of capital improvements or other performance by the tenant or tenants in lieu of all or some of the payments of rent that would otherwise be required. Notwithstanding the continuing ownership of the upper bluff by the state, any lease of one or more buildings improved with state general obligation bond proceeds that exceeds 50 years shall be treated as a sale of the buildings for purposes of section 16A.695, subdivision 3. Any disposition proceeds payable to the commissioner upon execution of any lease relating to state bond financed buildings at the upper bluff shall be applied in accordance with the requirements of section 16A.695, subdivision 3, and used to pay, redeem, or defease state general obligation bonds issued for purposes of improving those buildings. Any lease revenues paid to the commissioner subsequent to the payment, redemption, or defeasance of state general obligation bonds shall be used by the commissioner as further described in this section.

**Sec. 5. [115.441] VARIANCE ASSISTANCE FOR MUNICIPALITIES.**

Subdivision 1. **Reimbursement account.** A variance assistance account is established as an account in the special revenue fund.

Subd. 2. **Eligible expenditures.** Money in the variance assistance account may be used to reimburse an eligible municipality for up to 95 percent of the fee charged under Minnesota Rules, part 7002.0253, for an application for a variance under section 116.07, subdivision 5.

Subd. 3. **Eligible municipality.** To be eligible for a reimbursement from the account established in this section, a municipality must demonstrate need for financial assistance in one of the following ways:

1. a score of 2.0 or less on the Minnesota Pollution Control Agency's multifactor index of financial hardship;
2. a score greater than 2.0 and up to 2.5 on the financial hardship index and a description of unique extenuating financial circumstances that exist for the municipality resulting in an inability to afford the variance application fee; or
85.1 (3) a municipality with a population under 1,000.

85.2 Sec. 6. Minnesota Statutes 2014, section 161.14, is amended by adding a subdivision
85.3 to read:

85.4 Subd. 82. James Metzen Street. Notwithstanding section 10.49, that segment
85.5 of marked Trunk Highway 952 located within Dakota County is designated as "James
85.6 Metzen Street." Notwithstanding section 161.139, the commissioner shall adopt a suitable
85.7 design to mark this highway and erect appropriate signs.

85.8 **EFFECTIVE DATE.** This section is effective the day following final enactment.

85.9 Sec. 7. Minnesota Statutes 2014, section 174.52, subdivision 2, is amended to read:

85.10 Subd. 2. **Trunk highway corridor projects Local cost-share assistance account.**

85.11 A trunk highway corridor projects local cost-share assistance account is established in
85.12 the local road improvement fund. Money in the account is annually appropriated to the
85.13 commissioner of transportation for expenditure as specified in this section. Money in the
85.14 account must be used as grants or loans to statutory or home rule charter cities, towns, and
85.15 counties to assist in paying the local share of trunk highway projects that have local costs
85.16 that are directly or partially related to the trunk highway improvement and that are not
85.17 funded or are only partially funded with other state and federal funds. The commissioner
85.18 shall determine the amount of the local share of costs eligible for assistance from the
85.19 account.

85.20 Sec. 8. [219.016] **CRUDE OIL AND HAZARDOUS MATERIALS RAIL SAFETY**

85.21 ACCOUNT AND GRANT PROGRAM.

85.22 Subdivision 1. **Purpose.** A hazardous materials rail safety program is established for
85.23 the purpose of reducing the risks associated with transporting hazardous material by rail.

85.24 Subd. 2. **Creation of account.** A hazardous materials rail safety program account is
85.25 established in the bond proceeds fund. Money in the account may only be used for capital
85.26 costs associated with planning, engineering, administration, and construction of public
85.27 highway-rail grade crossing improvements on rail corridors transporting crude oil and
85.28 other hazardous materials. Improvements may include upgrades to existing protection
85.29 systems, the closing of crossings and necessary roadwork, and reconstruction of at-grade
85.30 crossings to full grade separations.

85.31 Subd. 3. **Grants.** The commissioner may approve grants for financial assistance to
85.32 eligible applicants for capital costs associated with hazardous materials rail safety projects
85.33 on public highway-rail grade crossings. Qualifying capital costs include, but are not
limited to, upgrades to existing protection systems, the closing of crossings and necessary
roadwork, and reconstruction of at-grade crossings to full grade separations.

Subd. 4. **Eligible applicants.** Counties, statutory or home rule charter cities, or
towns that are responsible for establishing and maintaining public highway-rail grade
crossings on rail corridors transporting crude oil and other hazardous materials may apply
to the commissioner for financial assistance for the purposes in this section.

Subd. 5. **Criteria for grant award.** The commissioner shall consider the following
criteria to evaluate applications for a grant award for a hazardous materials rail safety
project:

(1) whether the crossing was identified as a potential candidate for grade separation
in MnDOT's crude by rail grade crossing study (Improvements to Highway Grade
Crossings and Rail Safety, December 2014);

(2) roadway traffic volumes and speeds;

(3) train volumes and speeds;

(4) adjacent land use;

(5) crash history;

(6) use of the crossing by emergency vehicles;

(7) use of the crossing by vehicles carrying hazardous materials;

(8) local financial contributions to the project; and

(9) private financial contributions to the project.

Sec. 9. Minnesota Statutes 2014, section 446A.072, is amended to read:

446A.072 WASTEWATER WATER INFRASTRUCTURE FUNDING

PROGRAM.

Subdivision 1. **Establishment of program.** The authority will establish a
wastewater water infrastructure funding program to provide supplemental assistance to
governmental units receiving funding through the clean water revolving fund program, the
drinking water revolving fund program, or the United States Department of Agriculture
Rural Economic and Community Development's (USDA/RECD) Water and Waste
Disposal Loans and Grants program for the predesign, design, and construction of
municipal wastewater treatment and drinking water systems, including purchase of land
and easements. The purpose of the program is to assist governmental units demonstrating
financial need to build cost-effective projects to address existing environmental or public
health problems. To implement the program, the authority shall establish a wastewater
water infrastructure fund to provide grants and loans for the purposes authorized under
title VI of the Federal Water Pollution Control Act and the federal Safe Drinking Water

Article 2 Sec. 9.
Act. The fund shall be credited with all investment income from the fund and all
repayments of loans, grants, and penalties.

Subd. 3. Program administration. (a) The authority shall provide supplemental
assistance, as provided in subdivision 5a to governmental units:

(1) whose projects are listed on the Pollution Control Agency's project priority list or
the commissioner of health's project priority list;

(2) that demonstrate their projects are a cost-effective solution to an existing
environmental or public health problem; and

(3) whose projects are approved by the USDA/RECD or certified by the
commissioner of the Pollution Control Agency or the commissioner of health.

(b) For a governmental unit receiving grant funding from the USDA/RECD,
applications must be made to the USDA/RECD with additional information submitted to
the authority as required by the authority. Eligible project costs and affordability criteria
shall be determined by the USDA/RECD.

(c) For a governmental unit not receiving grant funding from the USDA/RECD,
apPLICATION must be made to the authority on forms prescribed by the authority for the
clean water revolving fund program or the drinking water revolving fund program with
additional information as required by the authority. In accordance with section 116.182,
the Pollution Control Agency or the commissioner of health shall:

(1) calculate the essential project component percentage based on the portion of
project costs necessary to convey or treat the existing wastewater flows and loadings or,
for drinking water projects, to provide safe drinking water to meet existing needs, which
must be multiplied by the total project cost to determine the eligible project cost for the
program under this section; and

(2) review and certify approved projects to the authority.

(d) Each fiscal year the authority shall make funds available for projects based on
their ranking on the Pollution Control Agency's project priority list or the commissioner
of health's project priority list. The authority shall reserve funds for a project when
the applicant receives a funding commitment from the United States Department of
Agriculture Rural Development (USDA/RECD) or submit plans and specifications to
the project is certified by the Pollution Control Agency or the commissioner of health.
Funds must be reserved in an amount based on the project cost estimate submitted to the
authority prior to the appropriation of the funds and awarded based on the lesser of that
amount or the as-bid cost when the project is certified or the as-bid cost, whichever is less.

Subd. 5a. Type and amount of assistance. (a) For a governmental unit receiving
grant funding from the USDA/RECD, the authority may provide assistance in the form
of a grant of up to 65 percent of the eligible grant need determined by USDA/RECD. A
governmental unit may not receive a grant under this paragraph for more than $4,000,000
$5,000,000 per project or $15,000 $20,000 per existing connection, whichever is less,
unless specifically approved by law.

(b) For a governmental unit receiving a loan from the clean water revolving fund
under section 446A.07, the authority may provide assistance under this section in the form
of a grant if the average annual residential wastewater system cost after completion of the
project would otherwise exceed 1.4 percent of the median household income of the project
service area. In determining whether the average annual residential wastewater system
cost would exceed 1.4 percent, the authority must consider the total costs associated with
building, operating, and maintaining the wastewater system, including existing wastewater
debt service, debt service on the eligible project cost, and operation and maintenance
costs. Debt service costs for the proposed project are calculated based on the maximum
loan term permitted for the clean water revolving fund loan under section 446A.07,
subdivision 7. The amount of the grant is equal to 80 percent of the amount needed to
reduce the average annual residential wastewater system cost to 1.4 percent of median
household income in the project service area, to a maximum of $4,000,000 $5,000,000 per
project or $15,000 $20,000 per existing connection, whichever is less, unless specifically
approved by law. The eligible project cost is determined by multiplying the total project
costs minus any other grants by the essential project component percentage calculated
under subdivision 3, paragraph (c), clause (1). In no case may the amount of the grant
exceed 80 percent of the eligible project cost.

(c) For a governmental unit receiving a loan from the drinking water revolving
fund under section 446A.081, the authority may provide assistance under this section in
the form of a grant if the average annual residential drinking water system cost after
completion of the project would otherwise exceed 1.2 percent of the median household
income of the project service area. In determining whether the average annual residential
drinking water system cost would exceed 1.2 percent, the authority must consider the total
costs associated with building, operating, and maintaining the drinking water system,
including existing drinking water debt service, debt service on the eligible project cost,
and operation and maintenance costs. Debt service costs for the proposed project are
calculated based on the maximum loan term permitted for the drinking water revolving
fund loan under section 446A.081, subdivision 8, paragraph (c). The amount of the grant
is equal to 80 percent of the amount needed to reduce the average annual residential
drinking water system cost to 1.2 percent of median household income in the project
service area, to a maximum of $5,000,000 per project or $20,000 per existing connection.
whichever is less, unless specifically approved by law. The eligible project cost is
determined by multiplying the total project costs minus any other grants by the essential
project component percentage calculated under subdivision 3, paragraph (c), clause (1). In
no case may the amount of the grant exceed 80 percent of the eligible project cost.
(e) (d) Notwithstanding the limits in paragraphs (a) and (b), and (c), for a
governmental unit receiving supplemental assistance under this section after January 1,
2002, if the authority determines that the governmental unit's construction and installation
costs are significantly increased due to geological conditions of crystalline bedrock or karst
areas and discharge limits that are more stringent than secondary treatment, the maximum
award under this section shall not be more than $25,000 per existing connection.

Subd. 5b. Special assessment deferral. A governmental unit receiving a loan
under subdivision 5a that levies special assessments to repay the loan under subdivision
5a or section 446A.07 may defer payment of such assessments under the provisions of
sections 425.103 to 425.105.

Subd. 6. Disbursements. Disbursements of grants or loans awarded under this
section by the authority to recipients must be made for eligible project costs as incurred by
the recipients, and must be made by the authority in accordance with the project financing
agreement and applicable state and federal laws and rules governing the payments.

Subd. 7. Loan repayments. Notwithstanding the limitations set forth in section
475.54, subdivision 1, this subdivision shall govern the maturities and mandatory sinking
fund redemptions of the loans under this section. A governmental unit receiving a loan
under this section shall repay the loan in semiannual payment amounts determined by
the authority. The payment amount must be based on the average payments on the
governmental unit's clean water revolving fund loan or, if greater, the minimum amount
required to fully repay the loan by the maturity date. Payments must begin within one year
of the date of the governmental unit's final payment on the clean water revolving fund
loan. The final maturity date of the loan under this section must be no later than 20 years
from the date of the first payment on the loan under this section and no later than 40 years
from the date of the first payment on the clean water revolving fund loan.

Subd. 8. Eligibility. A governmental unit is eligible for assistance under this section
only after applying for grant funding from other sources and funding has been obtained,
rejected, or the authority has determined that the potential funding is unlikely.

Subd. 9. Funding limitation. Supplemental assistance may not be used to reduce
the sewer service charges of a significant wastewater contributor industrial user that has a
separate service charge agreement with the recipient, or a single user that has caused the
need for the project or whose current or projected flow and load exceed usage exceeds one-half of the current wastewater treatment plant’s or drinking water system capacity.

Subd. 11. Report on needs. By February 1 of each even-numbered year, the authority, in conjunction with the Pollution Control Agency and the commissioner of health, shall prepare a report to the Finance Division of the Senate Environment and Natural Resources Committee and the House of Representatives Environment and Natural Resources Finance Committee on wastewater and drinking water funding assistance needs of governmental units under this section.

Subd. 12. System replacement fund. Each governmental unit receiving a loan or grant under this section shall establish a system replacement fund and shall annually deposit a minimum of $.50 per 1,000 gallons of flow for major rehabilitation or expansion, or replacement of the wastewater or drinking water system, or replacement of the treatment system at the end of its useful life. Money must remain in the account for the life of the corresponding project loan from the authority or USDA/RECD, unless use of the fund is approved in writing by the authority for major rehabilitation, expansion, or replacement of the wastewater or drinking water system. By March 1 each year during the life of the loan, each recipient shall submit a report to the authority regarding the amount deposited and the fund balance for the prior calendar year. A recipient is not required to maintain a fund balance greater than the amount of the grant received. Failure to comply with the requirements of this subdivision shall result in the authority assessing a penalty fee to the recipient equal to one percent of the supplemental assistance amount for each year of noncompliance. Failure to make the required deposit or pay the penalty fee as required constitutes a default on the loan.

Subd. 14. Consistency with land use plans. A governmental unit applying for a project in an unsewered area shall include in its application to the authority a certification from the county in which the project is located that:

(1) the project is consistent with the county comprehensive land use plan, if the county has adopted one;

(2) the project is consistent with the county water plan, if the county has adopted one; and

(3) the county has adopted specific land use ordinances or controls so as to meet or exceed the requirements of Minnesota Rules, part 7080.0305.

Sec. 10. Minnesota Statutes 2014, section 446A.073, as amended by Laws 2015, First Special Session chapter 4, article 4, sections 127, 128, and 129, is amended to read:

446A.073 POINT SOURCE IMPLEMENTATION GRANTS.
Subdivision 1. **Program established.** When money is appropriated for grants under this program, the authority shall award grants up to a maximum of $7,000,000 to governmental units to cover up to one-half 80 percent of the cost of water infrastructure projects made necessary by:

(1) a wasteload reduction prescribed under a total maximum daily load plan required by section 303(d) of the federal Clean Water Act, United States Code, title 33, section 1313(d);

(2) a phosphorus concentration or mass limit which requires discharging one milligram per liter or less at permitted design flow which is incorporated into a permit issued by the Pollution Control Agency;

(3) any other water quality-based effluent limit established under section 115.03, subdivision 1, paragraph (e), clause (8), and incorporated into a permit issued by the Pollution Control Agency that exceeds secondary treatment limits; or

(4) a total nitrogen concentration or mass limit of that requires discharging ten milligrams per liter or less for a land-based treatment system at permitted design flow.

Subd. 2. **Grant application.** Application for a grant must be made to the authority on forms prescribed by the authority for the total maximum daily load grant program, with additional information as required by the authority, including a project schedule and cost estimate for the work necessary to comply with the point source wasteload allocation requirements listed in subdivision 1. The Pollution Control Agency shall:

(1) in accordance with section 116.182, calculate the essential project component percentage, which must be multiplied by the total project cost to determine the eligible project cost; and

(2) review and certify to the authority those projects that have plans and specifications approved under section 115.03, subdivision 1, paragraph (f).

Subd. 3. **Project priorities.** When money is appropriated for grants under this program, The authority shall accept applications under this program during the month of July and reserve money for projects expected to proceed with construction by the end of the fiscal year in the order listed on the Pollution Control Agency's project priority list and in an amount based on the cost estimate submitted to the authority in the grant application or the as-bid costs, whichever is less. Notwithstanding Minnesota Rules, chapter 7077, the Pollution Control Agency may rank a drinking water infrastructure project on the agency's project priority list if the project is necessary to meet an applicable requirement in subdivision 1.

Subd. 4. **Grant approval.** The authority must make a grant for an eligible project only after:
(1) the applicant has submitted the as-bid cost for the water infrastructure project; 

(2) the Pollution Control Agency has approved the as-bid costs and certified the 

grant eligible portion of the project; and 

(3) the authority has determined that the additional financing necessary to complete 

the project has been committed from other sources.

Subd. 5. **Grant disbursement.** Disbursement of a grant must be made for eligible 

project costs as incurred by the governmental unit and in accordance with a project 

financing agreement and applicable state and federal laws and rules governing the 

payments.

Sec. 11. Minnesota Statutes 2014, section 446A.081, subdivision 9, is amended to read: 

Subd. 9. **Other uses of fund.** (a) The drinking water revolving loan fund may be 

used as provided in the act, including the following uses:

(1) to buy or refinance the debt obligations, at or below market rates, of public water 

systems for drinking water systems, where the debt was incurred after the date of enactment 

of the act, for the purposes of construction of the necessary improvements to comply with 

the national primary drinking water regulations under the federal Safe Drinking Water Act;

(2) to purchase or guarantee insurance for local obligations to improve credit market 

access or reduce interest rates;

(3) to provide a source of revenue or security for the payment of principal and 

interest on revenue or general obligation bonds issued by the authority if the bond 

proceeds are deposited in the fund;

(4) to provide loans or loan guarantees for similar revolving funds established by a 

governmental unit or state agency;

(5) to earn interest on fund accounts;

(6) to pay the reasonable costs incurred by the authority, the Department of 

Employment and Economic Development, and the Department of Health for conducting 

activities as authorized and required under the act up to the limits authorized under the act;

(7) to develop and administer programs for water system supervision, source water 

protection, and related programs required under the act;

(8) notwithstanding Minnesota Rules, part 7380.0280, to provide principal 

forgiveness or grants to the extent permitted under the federal Safe Drinking Water Act 

and other federal law, based on the criteria and requirements established for drinking 

water projects under the water infrastructure funding program under section 446A.072;
(9) to provide loans, principal forgiveness or grants to the extent permitted under the federal Safe Drinking Water Act and other federal law to address green infrastructure, water or energy efficiency improvements, or other environmentally innovative activities; and

(10) to provide principal forgiveness, or grants for 50 percent of the project cost up to a maximum of $10,000 for projects needed to comply with national primary drinking water standards for an existing community or noncommunity public water system.

(b) Principal forgiveness or grants under paragraph (a), clause (8), must only be provided if the average annual residential drinking water system cost after completion of the project would otherwise exceed 1.2 percent of the median household income in the project service area. In determining whether the average annual residential drinking water system cost would exceed 1.2 percent, the authority must consider the total costs associated with building, operating, and maintaining the drinking water system, including debt service and operation and maintenance costs. Debt service costs for the proposed project must be calculated based on the maximum loan term permitted for the drinking water revolving fund loan under this section. The amount of the principal forgiveness or grant must be equal to 80 percent of the amount needed to reduce the average annual residential drinking water system cost to 1.2 percent of median household income in the project service area, to a maximum of $4,000,000 or $15,000 per connection, whichever is less, and not to exceed 80 percent of the total project cost.

(e) (b) Principal forgiveness or grants provided under paragraph (a), clause (9), may not exceed 25 percent of the eligible project costs as determined by the Department of Health for project components directly related to green infrastructure, water or energy efficiency improvements, or other environmentally innovative activities, up to a maximum of $1,000,000.

(d) The authority may reduce the percentage of median household income at which a loan term could extend to 30 years under subdivision 8, paragraph (c), and at which principal forgiveness or grants could be provided under paragraph (b) if it determines that the federal money allotted to the state cannot be fully utilized without the reduction. If it determines that the reduction is necessary to fully utilize the federal money, the authority must effect the change through its approval of the annual intended use plan.

Sec. 12. Minnesota Statutes 2014, section 446A.12, subdivision 1, is amended to read:

Subdivision 1. Bonding authority. The authority may issue negotiable bonds in a principal amount that the authority determines necessary to provide sufficient funds for achieving its purposes, including the making of loans and purchase of securities, the payment of interest on bonds of the authority, the establishment of reserves to secure its
bonds, the payment of fees to a third party providing credit enhancement, and the payment
of all other expenditures of the authority incident to and necessary or convenient to carry
out its corporate purposes and powers, but not including the making of grants. Bonds of
the authority may be issued as bonds or notes or in any other form authorized by law.

The principal amount of bonds issued and outstanding under this section at any time
may not exceed $1,500,000,000 $2,000,000,000, excluding bonds for which refunding
bonds or crossover refunding bonds have been issued, and excluding any bonds issued
for the credit enhanced bond program or refunding or crossover refunding bonds issued
under the program. The principal amount of bonds issued and outstanding under section
446A.087, may not exceed $500,000,000, excluding bonds for which refunding bonds or
crossover refunding bonds have been issued.

Sec. 13. Minnesota Statutes 2014, section 462A.37, is amended by adding a
subdivision to read:

Subd. 2c. Additional authorization. In addition to the amount authorized in
subdivisions 2, 2a, and 2b, the agency may issue up to $70,000,000 in housing infrastructure
bonds in one or more series to which the payments under this section may be pledged.

Sec. 14. Minnesota Statutes 2015 Supplement, section 462A.37, subdivision 5, is
amended to read:

Subd. 5. Additional appropriation. (a) The agency must certify annually to the
commissioner of management and budget the actual amount of annual debt service on
each series of bonds issued under subdivisions 2a and 2b, and 2c.

(b) Each July 15, beginning in 2015 and through 2037, if any housing infrastructure
bonds issued under subdivision 2a remain outstanding, the commissioner of management
and budget must transfer to the housing infrastructure bond account established under
section 462A.21, subdivision 33, the amount certified under paragraph (a), not to exceed
$6,400,000 annually. The amounts necessary to make the transfers are appropriated from
the general fund to the commissioner of management and budget.

(c) Each July 15, beginning in 2017 and through 2038, if any housing infrastructure
bonds issued under subdivision 2b remain outstanding, the commissioner of management
and budget must transfer to the housing infrastructure bond account established under
section 462A.21, subdivision 33, the amount certified under paragraph (a), not to exceed
$800,000 annually. The amounts necessary to make the transfers are appropriated from
the general fund to the commissioner of management and budget.
(d) Each July 15, beginning in 2018 and through 2039, if any housing infrastructure bonds issued under subdivision 2c remain outstanding, the commissioner of management and budget must transfer to the housing infrastructure bond account established under section 462A.21, subdivision 33, the amount certified under paragraph (a), not to exceed $5,600,000 annually. The amounts necessary to make the transfers are appropriated from the general fund to the commissioner of management and budget.

(e) The agency may pledge to the payment of the housing infrastructure bonds the payments to be made by the state under this section.

Sec. 15. Laws 2002, chapter 393, section 22, subdivision 6, as amended by Laws 2005, chapter 20, article 1, section 43, and Laws 2013, chapter 136, section 10, is amended to read:

Subd. 6. **Fergus Falls Regional Treatment Center**

3,000,000

To design, renovate, construct, furnish, and equip ancillary support and program facilities, including improvements to basic infrastructure, such as sanitary and storm sewer and water lines, public streets, curb, gutter, street lights, or sidewalks, to make improvements for building envelope and structural integrity for the purposes of stabilizing the buildings for sale, for hazardous materials abatement, and for demolition of all or portions of surplus, nonfunctional, or deteriorated facilities and infrastructure or to renovate surplus, nonfunctional, or deteriorated facilities and infrastructure to facilitate the redevelopment of the Fergus Falls Regional Treatment Center campus. If the property is sold or transferred to a local unit of government, the unspent portion of this appropriation may be granted to the local unit of government that acquires the campus for the purposes stated in this subdivision.
Notwithstanding Minnesota Statutes, section 16A.642, the bond sale authorization and appropriation of bond proceeds in this subdivision are available until December 31, 2016 2018.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 16. Laws 2008, chapter 179, section 7, subdivision 27, as amended by Laws 2010, chapter 189, section 56, Laws 2010, chapter 399, section 4, Laws 2012, chapter 293, section 39, and Laws 2014, chapter 294, article 2, section 9, is amended to read:

Subd. 27. State Trail Acquisition, Rehabilitation, and Development 15,320,000

To acquire land for and to construct and renovate state trails under Minnesota Statutes, section 85.015.

$970,000 is for the Chester Woods Trail from Rochester to Dover. Notwithstanding Minnesota Statutes, section 16A.642, the bond authorization and appropriation of bond proceeds for this project are available until June 30, 2016.

$700,000 is for the Casey Jones Trail.

$750,000 is for the Gateway Trail, to replace an at-grade crossing of the Gateway Trail at Highway 120 with a grade-separated crossing. Notwithstanding Minnesota Statutes, section 16A.642, the bond authorization and appropriation of bond proceeds for this project are available until December 31, 2017.

$1,600,000 is for the Gitchi-Gami Trail between Silver Bay and Tettegouche State Park.
$1,500,000 is for the Great River Ridge Trail from Plainview to Elgin to Eyota.

$1,500,000 is for the Heartland Trail.

For any project listed in this subdivision that the commissioner determines is not ready to proceed, the commissioner may allocate that project's money to another state trail project in this subdivision. The chairs of the house and senate committees with jurisdiction over environment and natural resources and legislators from the affected legislative districts must be notified of any changes.

Sec. 17. Laws 2011, First Special Session chapter 12, section 13, subdivision 8, is amended to read:

Subd. 8. Rail Service Improvement - St. Louis Park Noise Barrier 700,000

For a grant to the city of St. Louis Park to predesign, design, construct, and install noise mitigation barriers associated with route changes for freight rail. This appropriation may be used to design and construct trail safety improvements for the Beltline bridge, the Wooddale trail underpass, and the Louisiana trail underpass. Notwithstanding Minnesota Statutes, section 16A.642, this appropriation is available until January 1, 2018.

Sec. 18. Laws 2012, chapter 293, section 7, subdivision 8, is amended to read:

Subd. 8. Lake Zumbro 3,000,000

For a grant to Olmsted County for the removal of sedimentation in Lake Zumbro, including final engineering, dredging, and dredged soil disposal from the sites identified in the Preliminary Engineering Report for Dredging Lake Zumbro.
This project is designed to improve the recreational economy, water quality, and habitat, and increase water storage capacity within the lake to achieve renewable energy goals by optimizing long-term hydroelectric operations. This appropriation is not available until the commissioner has determined that at least an equal amount has been committed to the project from nonstate sources. Notwithstanding Minnesota Statutes, section 16A.642, the bond authorization and appropriation of bond proceeds for this project are available until December 31, 2018.

Sec. 19. Laws 2012, chapter 293, section 17, subdivision 4, is amended to read:

Subd. 4. **Phillips Community Center** 1,750,000

For a grant to the Minneapolis Park and Recreation Board to predesign, design, engineer, reconstruct, renovate, furnish, and equip the Phillips Community Center indoor competitive swimming pool and to predesign, design, engineer, and construct an additional indoor multipurpose family pool and facilities associated with an aquatic center in the community center, subject to Minnesota Statutes, section 16A.695.

This appropriation is not available until the commissioner determines that at least $350,000 is committed from nonstate sources. Notwithstanding Minnesota Statutes, section 16A.642, the bond authorization and appropriation of bond proceeds for this project are available until December 31, 2018.
Sec. 20. Laws 2014, chapter 294, article 1, section 7, subdivision 15, is amended to read:

Subd. 15. **Grant County Trail Grant**

100,000

For a grant to Grant County for predesign, acquisition, and improvements for a trail from the city of Elbow Lake to Pomme de Terre Lake. The commissioner of natural resources may allocate any amount not needed to complete this project to state trail acquisition and improvements under Minnesota Statutes, section 85.015.

Sec. 21. Laws 2014, chapter 294, article 1, section 17, subdivision 6, is amended to read:

Subd. 6. **Inver Grove Heights - Heritage Village Park**

$1,500,000 of this appropriation is for a grant to the city of Inver Grove Heights and $500,000 of this appropriation is for a grant to Dakota County. This appropriation is for public infrastructure improvements and land acquisition in and adjacent to the Heritage Village Park, the Mississippi River Trail, and the Rock Island Swing Bridge. These improvements will include but are not limited to motor vehicle access, utility service, stormwater treatment, and trail and sidewalk connections. This appropriation is not available until the commissioner of management and budget has determined that at least an equal amount has been committed to the project from nonstate sources.

Sec. 22. Laws 2014, chapter 294, article 1, section 17, subdivision 12, is amended to read:

Subd. 12. **West St. Paul - North Urban Regional Trail Bridge River-to-River**

**Greenway Crossing**

2,000,000
For a grant to the city of West St. Paul to
predesign, design, and construct a pedestrian
bridge grade-separated crossing for the
North Urban Regional Trail as an overpass
River-to-River Greenway of Robert Street in
the area near Wentworth Avenue in West St.
Paul. This appropriation may also be used to
acquire property or purchase rights-of-way
needed for bridge construction. A nonstate
match is not required.

Sec. 23. Laws 2015, First Special Session chapter 5, article 1, section 10, subdivision
3, is amended to read:

Subd. 3. Local Road Improvement Fund
Grants

(a) From the bond proceeds account in
the state transportation fund as provided
in Minnesota Statutes, section 174.50, for
construction and reconstruction of local
roads with statewide or regional significance
under Minnesota Statutes, section 174.52,
subdivision 4, or for grants to counties to
assist in paying the costs of rural road safety
capital improvement projects on county
state-aid highways under Minnesota Statutes,
section 174.52, subdivision 4a.

(b) This appropriation includes $850,000 for
a grant to the city of Sandstone for predesign,
design, engineering, and construction of a
road extending south off of marked Trunk
Highway 23 across from Lundorff Drive
to the airport area, and including a bridge
over Skunk Creek in Sandstone, in order to
facilitate repurposing of an area of the airport
into a business park. This appropriation
is not available until the commissioner of

Article 2 Sec. 23.
management and budget determines that
sufficient resources to complete the project
are committed to it from other sources,
including any funds made available from the
commissioner of transportation.

(c) This appropriation includes $3,770,000
for a grant to Kandiyohi County for
construction and reconstruction of local
roads to facilitate the construction of
highway-rail grade separations at U.S.
Highway 12 and Minnesota Highway 40, or
County State-Aid Highway 55 as part of the
Willmar Wye project.

Sec. 24. OFFICE OF LEGISLATIVE AUDITOR REPORT - FUNDING FOR
ASSET PRESERVATION.

Subdivision 1. Report. By November 15, 2016, the legislative auditor shall report to
the chairs and ranking minority members of the committees in the senate with jurisdiction
over finance and capital investment and in the house of representatives with jurisdiction
over ways and means and capital investment, with recommendations for sustainable,
reliable, predictable funding for preservation of capital assets owned by agencies.

Subd. 2. Funding options and approaches. The report shall assess the feasibility of
implementing the following options and may include evaluation of other feasible options:

(1) establishing a standing appropriation from the general fund to pay a portion of
certified asset preservation needs;

(2) establishing a standing appropriation from the bond proceeds fund, and
authorizing the sale of general obligation bonds, to pay a portion of certified asset
preservation needs;

(3) dedicating a specified portion of fees collected by agencies to use for asset
preservation; and

(4) shifting asset preservation from the capital budget to the operating budget so that
asset preservation is built into the base budget.

Evaluations should include a comparison to current law and practice.

Subd. 3. Real property portfolio management system. The commissioner
of administration shall provide assistance, as requested by the legislative auditor, for
preparing the report, including providing data from the ARCHIBUS real property portfolio

management system.

Subd. 4. Demolition. The report shall evaluate whether the metrics and process
used by each agency to recommend demolition of capital assets are comprehensive enough
to reflect what is in the best interest of the state.

Subd. 5. Definition. "Agencies" as used in this section means all executive branch
agencies, the Board of Regents of the University of Minnesota, and the Board of Trustees
of Minnesota State Colleges and Universities.

Sec. 25. VETERANS HOMES; MONTEVIDEO AND BEMIDJI.

The fiscal year 2018 and fiscal year 2019 general fund base appropriation for
veterans homes is increased by $10,000,000 each fiscal year. This increase is for the
operating costs of 143 skilled nursing beds added after July 1, 2016, in one or more
veteran homes, including Montevideo and Bemidji. None of this increased amount may
be used for operating costs at a veterans home in Minneapolis.

Sec. 26. APPROPRIATION; WATER SUPPLY SUSTAINABILITY STUDY.

(a) $1,780,000 is appropriated in fiscal year 2017 from the general fund to the
commissioner of natural resources.

(b) Of this amount:

(1) $1,500,000 is for a study to evaluate long-term water supply sustainability in the
north and east metro, identify options to address any challenges identified to the north
and east metro's long-term water supply sustainability, and assess the feasibility and costs
of those options. The study must consider available information concerning interactions
between the region's surface water and groundwater systems, including White Bear
Lake. The commissioner must conduct this study in consultation and coordination with
affected communities, the Metropolitan Council and other state and regional agencies,
water utilities, watershed districts, counties, industrial water permit holders, and other
entities with a demonstrated interest in the water supply challenges facing the north
and east metro. The commissioner must complete a report summarizing study findings
regarding long-term water supply sustainability challenges in the north and east metro
and the feasibility of various options for addressing those challenges. Efficient water use
and water reuse options must be included in the report. The commissioner's report must
consider sufficient detail regarding preliminary design considerations, including supply
source, treatment, distribution, operation, and financing, of all feasible options evaluated.
The report must be provided no later than January 15, 2018, to the chairs and ranking
minority members of the house of representatives and senate committees and divisions
with jurisdiction over environment and natural resources finance and policy and the clean
water fund. No detailed design may be undertaken by the commissioner without legislative
approval. A copy of the draft report will be provided to all affected local agencies for
review and comment prior to finalization and presentation by the commissioner to the
legislature. The appropriation in this clause is available until June 30, 2018; and

(2) $280,000 is for water quality monitoring, modeling, and data analysis to
establish baseline water quality conditions and to assess the water quality impacts and
other potential ecological effects of augmenting White Bear Lake with water from Vadnais
Lake on both White Bear Lake and Vadnais Lake. The appropriation in this clause
is available until June 30, 2018.

Sec. 27. REPEALER.

Minnesota Statutes 2014, section 123A.446, is repealed.

Sec. 28. EFFECTIVE DATE.

Except as otherwise provided, this act is effective the day following final enactment.
