(ii) MinnesotaCare;
(iii) advanced premium tax credits and cost-sharing subsidies; and
(iv) qualified health plan coverage without a subsidy;
(2) persons eligible for medical assistance are not eligible for MinnesotaCare, and
persons eligible for medical assistance or MinnesotaCare are not eligible for advanced
premium tax credits and cost-sharing subsidies; and
(3) if a person enrolls in medical assistance, the state may claim repayment for the
cost of medical care or premiums paid for that care from the person's estate.

Sec. 2. Minnesota Statutes 2014, section 144A.071, subdivision 4c, is amended to read:

Subd. 4c. **Exceptions for replacement beds after June 30, 2003.** (a) The
commissioner of health, in coordination with the commissioner of human services, may
approve the renovation, replacement, upgrading, or relocation of a nursing home or
boarding care home, under the following conditions:

(1) to license and certify an 80-bed city-owned facility in Nicollet County to be
constructed on the site of a new city-owned hospital to replace an existing 85-bed facility
attached to a hospital that is also being replaced. The threshold allowed for this project
under section 144A.073 shall be the maximum amount available to pay the additional
medical assistance costs of the new facility;

(2) to license and certify 29 beds to be added to an existing 69-bed facility in St.
Louis County, provided that the 29 beds must be transferred from active or layaway status
at an existing facility in St. Louis County that had 235 beds on April 1, 2003.

The licensed capacity at the 235-bed facility must be reduced to 206 beds, but the payment
rate at that facility shall not be adjusted as a result of this transfer. The operating payment
rate of the facility adding beds after completion of this project shall be the same as it was
on the day prior to the day the beds are licensed and certified. This project shall not
proceed unless it is approved and financed under the provisions of section 144A.073;

(3) to license and certify a new 60-bed facility in Austin, provided that: (i) 45 of
the new beds are transferred from a 45-bed facility in Austin under common ownership
that is closed and 15 of the new beds are transferred from a 182-bed facility in Albert Lea
under common ownership; (ii) the commissioner of human services is authorized by the
2004 legislature to negotiate budget-neutral planned nursing facility closures; and (iii)
money is available from planned closures of facilities under common ownership to make
implementation of this clause budget-neutral to the state. The bed capacity of the Albert
Lea facility shall be reduced to 167 beds following the transfer. Of the 60 beds at the
new facility, 20 beds shall be used for a special care unit for persons with Alzheimer's
disease or related dementias;

(4) to license and certify up to 80 beds transferred from an existing state-owned
nursing facility in Cass County to a new facility located on the grounds of the
Ah-Gwah-Ching campus. The operating cost payment rates for the new facility shall be
determined based on the interim and settle-up payment provisions of Minnesota Rules,
part 9549.0057, and the reimbursement provisions of section 256B.431. The property
payment rate for the first three years of operation shall be $35 per day. For subsequent
years, the property payment rate of $35 per day shall be adjusted for inflation as provided
in section 256B.434, subdivision 4, paragraph (c), as long as the facility has a contract
under section 256B.434;

(5) to initiate a pilot program to license and certify up to 80 beds transferred from
an existing county-owned nursing facility in Steele County relocated to the site of a new
acute care facility as part of the county's Communities for a Lifetime comprehensive plan
to create innovative responses to the aging of its population. Upon relocation to the new
site, the nursing facility shall delicense 28 beds. The property payment rate for the first
three years of operation of external fixed costs for the new facility shall be increased by an
amount as calculated according to items (i) to (v):

(i) compute the estimated decrease in medical assistance residents served by the
nursing facility by multiplying the decrease in licensed beds by the historical percentage
of medical assistance resident days;

(ii) compute the annual savings to the medical assistance program from the
delicensure of 28 beds by multiplying the anticipated decrease in medical assistance
residents, determined in item (i), by the existing facility's weighted average payment rate
multiplied by 365;

(iii) compute the anticipated annual costs for community-based services by
multiplying the anticipated decrease in medical assistance residents served by the nursing
facility, determined in item (i), by the average monthly elderly waiver service costs for
individuals in Steele County multiplied by 12;

(iv) subtract the amount in item (iii) from the amount in item (ii); and

(v) divide the amount in item (iv) by an amount equal to the relocated nursing
facility's occupancy factor under section 256B.431, subdivision 3f, paragraph (c),
multiplied by the historical percentage of medical assistance resident days; and

For subsequent years, the adjusted property payment rate shall be adjusted for
inflation as provided in section 256B.434, subdivision 4, paragraph (c), as long as the
facility has a contract under section 256B.434; and
(6) to consolidate and relocate nursing facility beds to a new site in Goodhue County and to integrate these services with other community-based programs and services under a communities for a lifetime pilot program and comprehensive plan to create innovative responses to the aging of its population. Eighty beds in the city of Red Wing shall be transferred from the downsizing and relocation of an existing 84 bed, hospital owned nursing facility and the entire closure or downsizing of beds from a 65 bed nonprofit nursing facility in the community resulting in the delicensure of 69 beds in the two existing facilities. Two nursing facilities, one for 84 beds and one for 65 beds, in the city of Red Wing licensed on July 1, 2015, shall be consolidated into a newly renovated 64-bed nursing facility resulting in the delicensure of 85 beds. Notwithstanding the carryforward of the approval authority in section 144A.073, subdivision 11, the funding approved in April 2009 by the commissioner of health for a project in Goodhue County shall not carry forward. The closure of the 69 85 beds shall not be eligible for a planned closure rate adjustment under section 256B.437. The construction project permitted in this clause shall not be eligible for a threshold project rate adjustment under section 256B.434, subdivision 4f. The property payment rate for the first three years of operation of external fixed costs for the new facility shall be increased by an amount as calculated according to items (i) to (vi):

(i) compute the estimated decrease in medical assistance residents served by both nursing facilities by multiplying the difference between the occupied beds of the two nursing facilities for the reporting year ending September 30, 2009, and the projected occupancy of the facility at 95 percent occupancy by the historical percentage of medical assistance resident days;

(ii) compute the annual savings to the medical assistance program from the delicensure by multiplying the anticipated decrease in the medical assistance residents, determined in item (i), by the hospital-owned nursing facility weighted average payment rate multiplied by 365;

(iii) compute the anticipated annual costs for community-based services by multiplying the anticipated decrease in medical assistance residents served by the facilities, determined in item (i), by the average monthly elderly waiver service costs for individuals in Goodhue County multiplied by 12;

(iv) subtract the amount in item (iii) from the amount in item (ii);

(v) multiply the amount in item (iv) by 48.5 57.2 percent; and

(vi) divide the difference of the amount in item (iv) and the amount in item (v) by an amount equal to the relocated nursing facility's occupancy factor under section 256B.431, subdivision 3f, paragraph (c), multiplied by the historical percentage of medical assistance resident days.
For subsequent years, the adjusted property payment rate shall be adjusted for inflation as provided in section 256B.434, subdivision 4, paragraph (c), as long as the facility has a contract under section 256B.434.

(b) Projects approved under this subdivision shall be treated in a manner equivalent to projects approved under subdivision 4a.

**EFFECTIVE DATE.** This section is effective for rate years beginning on or after January 1, 2017, except that the amendment to paragraph (a), clause (6), transferring the rate adjustment in items (i) to (vi) from the property payment rate to the payment rate for external fixed costs, is effective for rate years beginning on or after January 1, 2017, or upon completion of the closure and new construction authorized in paragraph (a), clause (6), whichever is later. The commissioner of human services shall notify the revisor of statutes when the section is effective.

Sec. 3. Minnesota Statutes 2014, section 144A.071, subdivision 4d, is amended to read:

Subd. 4d. **Consolidation of nursing facilities.** (a) The commissioner of health, in consultation with the commissioner of human services, may approve a request for consolidation of nursing facilities which includes the closure of one or more facilities and the upgrading of the physical plant of the remaining nursing facility or facilities, the costs of which exceed the threshold project limit under subdivision 2, clause (a).

The commissioners shall consider the criteria in this section, section 144A.073, and section 256B.437, in approving or rejecting a consolidation proposal. In the event the commissioners approve the request, the commissioner of human services shall calculate a property an external fixed costs rate adjustment according to clauses (1) to (3):

(1) the closure of beds shall not be eligible for a planned closure rate adjustment under section 256B.437, subdivision 6;

(2) the construction project permitted in this clause shall not be eligible for a threshold project rate adjustment under section 256B.434, subdivision 4f, or a moratorium exception adjustment under section 144A.073; and

(3) the property payment rate for external fixed costs for a remaining facility or facilities shall be increased by an amount equal to 65 percent of the projected net cost savings to the state calculated in paragraph (b), divided by the state's medical assistance percentage of medical assistance dollars, and then divided by estimated medical assistance resident days, as determined in paragraph (c), of the remaining nursing facility or facilities in the request in this paragraph. The rate adjustment is effective on the later of the first day of the month following completion of the construction upgrades in the consolidation plan or the first day of the month following the complete closure of a facility designated

Article 1 Sec. 3.
for closure in the consolidation plan. If more than one facility is receiving upgrades in
the consolidation plan, each facility's date of construction completion must be evaluated
separately.

(b) For purposes of calculating the net cost savings to the state, the commissioner
shall consider clauses (1) to (7):

(1) the annual savings from estimated medical assistance payments from the net
number of beds closed taking into consideration only beds that are in active service on the
date of the request and that have been in active service for at least three years;

(2) the estimated annual cost of increased case load of individuals receiving services
under the elderly waiver;

(3) the estimated annual cost of elderly waiver recipients receiving support under
group residential housing;

(4) the estimated annual cost of increased case load of individuals receiving services
under the alternative care program;

(5) the annual loss of license surcharge payments on closed beds;

(6) the savings from not paying planned closure rate adjustments that the facilities
would otherwise be eligible for under section 256B.437; and

(7) the savings from not paying property external fixed costs payment rate
adjustments from submission of renovation costs that would otherwise be eligible as
threshold projects under section 256B.434, subdivision 4f.

(c) For purposes of the calculation in paragraph (a), clause (3), the estimated medical
assistance resident days of the remaining facility or facilities shall be computed assuming
95 percent occupancy multiplied by the historical percentage of medical assistance
resident days of the remaining facility or facilities, as reported on the facility's or facilities'
most recent nursing facility statistical and cost report filed before the plan of closure
is submitted, multiplied by 365.

(d) For purposes of net cost of savings to the state in paragraph (b), the average
occupancy percentages will be those reported on the facility's or facilities' most recent
nursing facility statistical and cost report filed before the plan of closure is submitted, and
the average payment rates shall be calculated based on the approved payment rates in
effect at the time the consolidation request is submitted.

(e) To qualify for the property external fixed costs payment rate adjustment under
this provision subdivision, the closing facilities shall:

(1) submit an application for closure according to section 256B.437, subdivision
3; and

(2) follow the resident relocation provisions of section 144A.161.
8.1 (f) The county or counties in which a facility or facilities are closed under this
8.2 subdivision shall not be eligible for designation as a hardship area under section 144A.071,
8.3 subdivision 3, for five years from the date of the approval of the proposed consolidation.
8.4 The applicant shall notify the county of this limitation and the county shall acknowledge
8.5 this in a letter of support.

Sec. 11. Minnesota Statutes 2015 Supplement, section 256B.059, subdivision 5, is amended to read:

Subd. 5. Asset availability. (a) At the time of initial determination of eligibility for medical assistance benefits following the first continuous period of institutionalization on or after October 1, 1989, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the following amount for the community spouse:

(1) prior to July 1, 1994, the greater of:
   (i) $14,148;
   (ii) the lesser of the spousal share or $70,740; or
   (iii) the amount required by court order to be paid to the community spouse;

(2) for persons whose date of initial determination of eligibility for medical assistance following their first continuous period of institutionalization occurs on or after July 1, 1994, the greater of:
   (i) $20,000;
   (ii) the lesser of the spousal share or $70,740; or
   (iii) the amount required by court order to be paid to the community spouse.

The value of assets transferred for the sole benefit of the community spouse under section 256B.0595, subdivision 4, in combination with other assets available to the community spouse under this section, cannot exceed the limit for the community spouse asset allowance determined under subdivision 3 or 4. Assets that exceed this allowance shall be considered available to the institutionalized spouse. If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if:

(i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdivision 3;
(ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or

(iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being; or

(iv) the assets in excess of the amount under paragraph (a) are assets owned by the community spouse, and the denial of eligibility would cause an undue hardship to the family due to the loss of retirement funds for the community spouse or funds protected for the postsecondary education of a child under age 25. For purposes of this clause, only retirement assets held by the community spouse in a tax-deferred retirement account, including a defined benefit plan, defined contribution plan, an employer-sponsored individual retirement arrangement, or individually purchased individual retirement arrangement are protected, and are only protected until the community spouse is eligible to withdraw retirement funds from any or all accounts without penalty. For purposes of this clause, only funds in a plan designated under section 529 of the Internal Revenue Code on behalf of a child of either or both spouses who is under the age of 25 are protected. There shall not be an assignment of spousal support to the commissioner or a cause of action against the individual's spouse under section 256B.14, subdivision 3, for the funds in the protected retirement and college savings accounts.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under paragraph (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under the Supplemental Security Income program.

**EFFECTIVE DATE.** This section is effective June 1, 2016.

12.8 of the probate estate under section 524.6-307;

12.9 (4) all of the person's interests in joint accounts, multiple-party accounts, and

12.10 pay-on-death accounts, brokerage accounts, investment accounts, or the proceeds of

12.26 of a married couple, "other arrangement" includes any other means by which title to all or

12.27 any part of the jointly owned or marital property or interest passed from the predeceased

12.28 spouse to another including, but not limited to, transfers between spouses which are

12.29 permitted, prohibited, or penalized for purposes of medical assistance.

12.30 (e) A claim shall be filed if medical assistance was rendered for either or both

12.31 persons under one of the following circumstances:

12.33 prior to January 1, 2014;

services on or after January 1, 2014, that consisted of nursing facility services, home and

community-based services, or related hospital and prescription drug benefits.

(f) The claim shall be considered an expense of the last illness of the decedent for

the purpose of section 524.3-805. Notwithstanding any law or rule to the contrary, a

state or county agency with a claim under this section must be a creditor under section

524.6-307. Any statute of limitations that purports to limit any county agency or the state

agency, or both, to recover for medical assistance granted hereunder shall not apply to any

Notice of the claim shall be given to all heirs and devisees of the decedent, and to other

of the decedent's death, whose identity can be ascertained with reasonable diligence. The

6.8 (11) be licensed to provide chemical dependency treatment under Minnesota Rules, parts 9530.6405 to 9530.6505;

6.9 (12) be certified to provide children's therapeutic services and supports under section 256B.0943;

6.10 (13) be certified to provide adult rehabilitative mental health services under section 256B.0623;

6.13 (16) comply with standards relating to mental health case management in Minnesota Rules, parts 9520.0900 to 9520.0926; and

6.14 (17) provide services that comply with the evidence-based practices described in paragraph (e).
(b) If an entity is unable to provide one or more of the services listed in paragraph (a), clauses (6) to (17), the commissioner may certify the entity as a CCBHC, if the entity has a current contract with another entity that has the required authority to provide that service and that meets federal CCBHC criteria as a designated collaborating organization, or, to the extent allowed by the federal CCBHC criteria, the commissioner may approve a referral arrangement. The CCBHC must meet federal requirements regarding the type and scope of services to be provided directly by the CCBHC.

c) Notwithstanding other law that requires a county contract or other form of county approval for certain services listed in paragraph (a), clause (6), a clinic that otherwise meets CCBHC requirements may receive the prospective payment under paragraph (f) for those services without a county contract or county approval. There is no county share when medical assistance pays the CCBHC prospective payment. As part of the certification process in paragraph (a), the commissioner shall require a letter of support from the CCBHC’s host county confirming that the CCBHC and the counties it serves have an ongoing relationship to facilitate access and continuity of care, especially for individuals who are uninsured or who may go on and off medical assistance.

d) In situations where the standards in paragraph (a) or other applicable standards conflict or address similar issues in duplicative or incompatible ways, the commissioner may grant variances to state requirements as long as the variances do not conflict with federal requirements. In situations where standards overlap, the commissioner may decide to substitute all or a part of a licensure or certification that is substantially the same as another licensure or certification. The commissioner shall consult with stakeholders, as described in subdivision 4, before granting variances under this provision.

e) The commissioner shall issue a list of required and recommended evidence-based practices to be delivered by CCBHCs. The commissioner may update the list to reflect advances in outcomes research and medical services for persons living with mental illnesses or substance use disorders. The commissioner shall take into consideration the adequacy of evidence to support the efficacy of the practice, the quality of workforce available, and the current availability of the practice in the state. At least 30 days before issuing the initial list and any revisions, the commissioner shall provide stakeholders with an opportunity to comment.

(f) The commissioner shall establish standards and methodologies for a prospective payment system for medical assistance payments for mental health services delivered by certified community behavioral health clinics, in accordance with guidance issued on or before September 1, 2015, by the Centers for Medicare and Medicaid Services. During the operation of the demonstration project, payments shall comply with
The commissioner may include quality bonus payments in the prospective payment system based on federal criteria and on a clinic's provision of the evidence-based practices in paragraph (e). The prospective payments system does not apply to MinnesotaCare. Implementation of the prospective payment system is effective July 1, 2017, or upon federal approval, whichever is later.

The commissioner shall seek federal approval to continue federal financial participation in payment for CCBHC services after the federal demonstration period ends for clinics that were certified as CCBHCs during the demonstration period and that continue to meet the CCBHC certification standards in paragraph (a). Payment for CCBHC services shall cease effective July 1, 2019, if continued federal financial participation for the payment of CCBHC services cannot be obtained.

To the extent allowed by federal law, the commissioner may limit the number of certified clinics so that the projected claims for certified clinics will not exceed the funds budgeted for this purpose. The commissioner shall give preference to clinics that:

1. are located in both rural and urban areas, with at least one in each, as defined by federal criteria;
2. provide a comprehensive range of services and evidence-based practices for all age groups, with services being fully coordinated and integrated; and
3. enhance the state's ability to meet the federal priorities to be selected as a CCBHC demonstration state.

The commissioner shall recertify CCBHCs at least every three years. The commissioner shall establish a process for decertification and shall require corrective action, medical assistance repayment, or decertification of a CCBHC that no longer meets the requirements in this section or that fails to meet the standards provided by the commissioner in the application and certification process.

(3) identify gaps in services along the continuum of care that are provided to pregnant and postpartum women with substance use disorders; and

(4) encourage new approaches to service delivery and service delivery models.

Subd. 2. **Federal funds.** The commissioner shall apply for any available grant funds from the federal Center for Substance Abuse Treatment for these pilot projects.

Sec. 9. Minnesota Statutes 2014, section 256B.0621, subdivision 10, is amended to read:

Subd. 10. **Payment rates.** The commissioner shall set payment rates for targeted case management under this subdivision. Case managers may bill according to the following criteria:

1. (1) for relocation targeted case management, case managers may bill for direct case management activities, including face-to-face **and** telephone contacts, and interactive video contact in accordance with section 256B.0924, subdivision 4a, in the lesser of:
   1. (i) 180 days preceding an eligible recipient's discharge from an institution; or
   2. (ii) the limits and conditions which apply to federal Medicaid funding for this service;

2. (2) for home care targeted case management, case managers may bill for direct case management activities, including face-to-face and telephone contacts; and

3. (3) billings for targeted case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

Sec. 10. Minnesota Statutes 2015 Supplement, section 256B.0625, subdivision 20, is amended to read:

Subd. 20. **Mental health case management.** (a) To the extent authorized by rule of the state agency, medical assistance covers case management services to persons with serious and persistent mental illness and children with severe emotional disturbance. Services provided under this section must meet the relevant standards in sections 245.461 to 245.4887, the Comprehensive Adult and Children's Mental Health Acts, Minnesota Rules, parts 9520.0900 to 9520.0926, and 9505.0322, excluding subpart 10.

(b) Entities meeting program standards set out in rules governing family community support services as defined in section 245.4871, subdivision 17, are eligible for medical assistance reimbursement for case management services for children with severe emotional disturbance when these services meet the program standards in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10.

(c) Medical assistance and MinnesotaCare payment for mental health case management shall be made on a monthly basis. In order to receive payment for an eligible child, the provider must document at least a face-to-face contact with the child, the child's parents, or the child's legal representative. To receive payment for an eligible adult, the provider must document:
(1) at least a face-to-face contact with the adult or the adult's legal representative or a contact by interactive video that meets the requirements of subdivision 20b; or

(2) at least a telephone contact with the adult or the adult's legal representative and document a face-to-face contact or a contact by interactive video that meets the requirements of subdivision 20b with the adult or the adult's legal representative within the preceding two months.

(d) Payment for mental health case management provided by county or state staff shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), with separate rates calculated for child welfare and mental health, and within mental health, separate rates for children and adults.

(e) Payment for mental health case management provided by Indian health services or by agencies operated by Indian tribes may be made according to this section or other relevant federally approved rate setting methodology.

(f) Payment for mental health case management provided by vendors who contract with a county or Indian tribe shall be based on a monthly rate negotiated by the host county or tribe. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county or tribe may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county or tribe, except to reimburse the county or tribe for advance funding provided by the county or tribe to the vendor.

(g) If the service is provided by a team which includes contracted vendors, tribal staff, and county or state staff, the costs for county or state staff participation in the team shall be included in the rate for county-provided services. In this case, the contracted vendor, the tribal agency, and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles of the team members.

(h) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for mental health case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds. If the service is provided by a tribal agency, the nonfederal share, if any, shall be provided by the recipient's tribe. When this service is paid by the state without a federal share through fee-for-service, 50 percent of the cost shall be provided by the recipient's county of responsibility.
(i) Notwithstanding any administrative rule to the contrary, prepaid medical assistance, general assistance medical care, and MinnesotaCare include mental health case management. When the service is provided through prepaid capitation, the nonfederal share is paid by the state and the county pays no share.

(j) The commissioner may suspend, reduce, or terminate the reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal agency, is responsible for any federal disallowances. The county or tribe may share this responsibility with its contracted vendors.

(k) The commissioner shall set aside a portion of the federal funds earned for county expenditures under this section to repay the special revenue maximization account under section 256.01, subdivision 2, paragraph (o). The repayment is limited to:

1. the costs of developing and implementing this section; and
2. programming the information systems.

(l) Payments to counties and tribal agencies for case management expenditures under this section shall only be made from federal earnings from services provided under this section. When this service is paid by the state without a federal share through fee-for-service, 50 percent of the cost shall be provided by the state. Payments to county-contracted vendors shall include the federal earnings, the state share, and the county share.

(m) Case management services under this subdivision do not include therapy, treatment, legal, or outreach services.

(n) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for case management services under this subdivision is limited to the lesser of:

1. the last 180 days of the recipient's residency in that facility and may not exceed more than six months in a calendar year; or
2. the limits and conditions which apply to federal Medicaid funding for this service.

(o) Payment for case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

(p) If the recipient is receiving care in a hospital, nursing facility, or a residential setting licensed under chapter 245A or 245D that is staffed 24 hours per day, seven days per week, mental health targeted case management services must actively support identification of community alternatives and discharge planning for the recipient.
Sec. 11. Minnesota Statutes 2014, section 256B.0625, is amended by adding a subdivision to read:

Subd. 20b. **Mental health targeted case management through interactive video.**

(b) The person receiving targeted case management or the person's legal guardian has the right to choose and consent to the use of interactive video under this subdivision and has the right to refuse the use of interactive video at any time.

(c) The commissioner shall establish criteria that a targeted case management provider must attest to in order to demonstrate the safety or efficacy of delivering the service via interactive video. The attestation may include that the case management provider has:

(1) written policies and procedures specific to interactive video services that are regularly reviewed and updated;

(2) policies and procedures that adequately address client safety before, during, and after the interactive video services are rendered;

(3) established protocols addressing how and when to discontinue interactive video services; and

(4) established a quality assurance process related to interactive video services.

(d) As a condition of payment, the targeted case management provider must document the following for each occurrence of targeted case management provided by interactive video:
HF3467 SECOND ENGROSSMENT

(3) the mode of transmission of the interactive video services and records evidencing that a particular mode of transmission was utilized;

(4) the location of the originating site and the distant site; and

(5) compliance with the criteria attested to by the targeted case management provider as provided in paragraph (c).

Sec. 12. Minnesota Statutes 2014, section 256B.0924, is amended by adding a subdivision to read:

Subd. 4a. **Targeted case management through interactive video.** (a) Subject to federal approval, contact made for targeted case management by interactive video shall be eligible for payment under subdivision 6 if:

2. interactive video is in the best interests of the person and is deemed appropriate by the person receiving targeted case management or the person's legal guardian, the case management provider, and the provider operating the setting where the person is residing;

3. the use of interactive video is approved as part of the person's written personal service or case plan; and

4. interactive video is used for up to, but not more than, 50 percent of the minimum required face-to-face contacts.

(b) The person receiving targeted case management or the person's legal guardian has the right to choose and consent to the use of interactive video under this subdivision and has the right to refuse the use of interactive video at any time.

(c) The commissioner shall establish criteria that a targeted case management provider must attest to in order to demonstrate the safety or efficacy of delivering the service via interactive video. The attestation may include that the case management provider has:
(1) written policies and procedures specific to interactive video services that are regularly reviewed and updated;

(2) policies and procedures that adequately address client safety before, during, and after the interactive video services are rendered;

Subdivision 1. **Subsidy restrictions.** (a) Beginning February 3, 2014, the maximum rate paid for child care assistance in any county or county price cluster under the child care fund shall be the greater of the 25th percentile of the 2011 child care provider rate survey or the maximum rate effective November 28, 2011. For a child care provider located inside the boundaries of a city located in two or more counties, the maximum rate paid for child care assistance shall be equal to the maximum rate paid in the county with the highest maximum reimbursement rates or the provider's charge, whichever is less. The commissioner may: (1) assign a county with no reported provider prices to a similar price cluster; and (2) consider county level access when determining final price clusters.

(b) A rate which includes a special needs rate paid under subdivision 3 may be in excess of the maximum rate allowed under this subdivision.

c) The department shall monitor the effect of this paragraph on provider rates. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care on an hourly, full-day, and weekly basis, including special needs and disability care. The maximum payment to a provider for one day of care must not exceed the daily rate. The maximum payment to a provider for one week of care must not exceed the weekly rate.
(d) Child care providers receiving reimbursement under this chapter must not be paid activity fees or an additional amount above the maximum rates for care provided during nonstandard hours for families receiving assistance.

(e) When the provider charge is greater than the maximum provider rate allowed, the parent is responsible for payment of the difference in the rates in addition to any family co-payment fee.

(f) All maximum provider rates changes shall be implemented on the Monday following the effective date of the maximum provider rate.

(g) Notwithstanding Minnesota Rules, part 3400.0130, subpart 7, maximum registration fees in effect on January 1, 2013, shall remain in effect.

EFFECTIVE DATE. This section is effective September 11, 2017.

As part of this review, the commissioner must evaluate the feasibility of developing an online system that would allow child care providers and prospective child care providers to:

(5) use an online reimbursement tool for payment under the child care assistance programs; and

(6) submit a single electronic application and license renewal, including all supporting documentation required by the commissioner, information related to child care assistance program registration, and application for rating in the quality rating and improvement system.

69.1 (b) The commissioner shall submit the feasibility study to the chairs and ranking
69.2 minority members of the house of representatives and senate committees with jurisdiction
69.3 over child care by September 30, 2016.

69.4 EFFECTIVE DATE. This section is effective the day following final enactment.

69.5 Sec. 3. [245A.055] NOTIFICATION TO PROVIDER.
69.6 (a) When the county employee responsible for family child care and group family
69.7 child care licensing conducts a licensing inspection or conducts a home visit, the employee
69.8 must provide, prior to departure from the residence or facility, a written notification to
69.9 the licensee of any potential licensing violations noted. The notification must include
69.10 the condition that constitutes the violation, the action that must be taken to correct the
69.11 condition, and the time allowed to correct the violation.
69.12 (b) Providing this notification to the licensee does not relieve the county employee
69.13 from notifying the commissioner of the violation as required by statute and administrative
69.14 rule.

69.15 Sec. 4. [245A.23] POSITIVE SUPPORT STRATEGIES.
69.16 (a) The commissioner of human services, in conjunction with licensed programs that
69.17 provide group family day care and family day care under Minnesota Rules, chapter 9502,
69.18 and child care centers licensed under Minnesota Rules, chapter 9503, must review and
69.19 evaluate the applicability of Minnesota Rules, chapter 9544, the positive support strategies
69.20 and restrictive interventions rules, to child care programs. The commissioner must
69.21 consider the undue hardship, including increased cost and reduction in child care services,
69.22 experienced by child care providers and child care centers as a result of the application
69.23 of Minnesota Rules, chapter 9544. The commissioner must determine which rules must
69.24 apply to each type of program, to what extent each rule must apply, and consider granting
69.25 variances to the requirements to programs that submit a request for a variance. The
69.26 commissioner must complete this review and evaluation process of the applicability of
69.27 Minnesota Rules, chapter 9544, to child care programs no later than December 31, 2016.

69.30 child care no later than January 15, 2017.
69.31 (b) Until the commissioner has completed the review and evaluation process and
69.32 submitted a written plan to the legislature required under paragraph (a), programs licensed
69.33 as family day care and group family day care facilities under Minnesota Rules, chapter
9502, and programs licensed as child care centers under Minnesota Rules, chapter 9503, are exempt from the following rules:

1. Minnesota Rules, part 9544.0040, functional behavior assessment, unless the child has a case manager under section 256B.092, subdivision 1a, paragraph (e); and
2. Minnesota Rules, part 9544.0090, staff qualifications and training.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 5. [245A.55] TRAINING FOR COUNTY LICENSING STAFF ON FAMILY CHILD CARE AND GROUP FAMILY CHILD CARE REQUIREMENTS;

SUPERVISION.

(a) Within the first two months of employment, county staff who license and inspect family child care and group family child care programs must complete at least eight hours of training on state statutes, administrative rules, and department policies related to the licensing and regulation of family child care and group family child care programs. The department must develop the training curriculum to ensure that all county staff who perform licensing and inspection functions receive uniform training. This training must include:

1. explicit instructions that county staff who license and perform inspections must apply only state statutes, administrative rules, and Department of Human Services policies in the performance of their duties. Training must reinforce that county staff are prohibited from imposing standards or requirements that are not imposed by statute, rule, or approved state policy;
2. the rights of license holders, including their grievance and appeal rights. This training must include information on the responsibility of the county staff to inform license holders of their rights, including grievance and appeal rights; and
3. the procedure for county staff to seek clarification from the Department of Human Services prior to issuing a correction order or other notice of violation to a license holder if there is a dispute between the license holder and the county licensor regarding the applicability of a statute or rule to the alleged violation.

(b) To ensure consistency among all licensing staff, the commissioner must develop a procedure by which the department will implement increased training and oversight of county staff who perform licensing functions related to family child care licensing. This procedure must ensure that the commissioner conducts at least biennial reviews of county licensing performance.

(c) Each calendar year, county agency staff who license and regulate family child care providers and group family child care providers and their supervisors must receive notice from the commissioner on new laws enacted or adopted in the previous 12-month
period relating to family child care providers and group family child care providers. The
commissioner shall provide the notices each year to include information on new laws and
disseminate the notices to county agencies.

Sec. 6. Minnesota Statutes 2014, section 256D.051, subdivision 6b, is amended to read:

Subd. 6b. Federal reimbursement. (a) Federal financial participation from
the United States Department of Agriculture for food stamp employment and training
expenditures that are eligible for reimbursement through the food stamp employment and
training program are dedicated funds and are annually appropriated to the commissioner
of human services for the operation of the food stamp employment and training program.

(b) The appropriation must be used for skill attainment through employment,
training, and support services for food stamp participants. By February 15, 2017, the
commissioner shall report to the chairs and ranking minority members of the legislative
committees having jurisdiction over the food stamp program on the progress of securing
additional federal reimbursement dollars under this program.

(c) Federal financial participation for the nonstate portion of food stamp employment
and training costs must be paid to the county agency or service provider that incurred
the costs.

Sec. 7. Minnesota Statutes 2014, section 518.175, subdivision 5, is amended to read:

Subd. 5. Modification of parenting plan or order for parenting time. (a) If
a parenting plan or an order granting parenting time cannot be used to determine the
number of overnights or overnight equivalents the child has with each parent, the court
shall modify the parenting plan or order granting parenting time so that the number of
overnights or overnight equivalents the child has with each parent can be determined. For
purposes of this section, "overnight equivalents" has the meaning provided in section
518A.36, subdivision 1.

(b) If modification would serve the best interests of the child, the court shall modify
the decision-making provisions of a parenting plan or an order granting or denying
parenting time, if the modification would not change the child's primary residence.
Consideration of a child's best interest includes a child's changing developmental needs.

(b) (c) Except as provided in section 631.52, the court may not restrict parenting
time unless it finds that:

(1) parenting time is likely to endanger the child's physical or emotional health or
impair the child's emotional development; or
(2) the parent has chronically and unreasonably failed to comply with court-ordered parenting time.

A modification of parenting time which increases a parent's percentage of parenting time to an amount that is between 45.1 to 54.9 percent parenting time is not a restriction of the other parent's parenting time.

(d) If a parent makes specific allegations that parenting time by the other parent places the parent or child in danger of harm, the court shall hold a hearing at the earliest possible time to determine the need to modify the order granting parenting time. Consistent with subdivision 1a, the court may require a third party, including the local social services agency, to supervise the parenting time or may restrict a parent's parenting time if necessary to protect the other parent or child from harm. If there is an existing order for protection governing the parties, the court shall consider the use of an independent, neutral exchange location for parenting time.

**EFFECTIVE DATE.** This section is effective August 1, 2018.

Sec. 8. Minnesota Statutes 2015 Supplement, section 518A.26, subdivision 14, is amended to read:

Subd. 14. **Obligor.** "Obligor" means a person obligated to pay maintenance or support. For purposes of ordering medical support under section 518A.41, a parent who has primary physical custody of a child may be an obligor subject to a payment agreement under section 518A.69. If a parent has more than 55 percent court-ordered parenting time, there is a rebuttable presumption that the parent shall have a zero-dollar basic support obligation. A party seeking to overcome this presumption must show, and the court must consider, the following:

1. a significant income disparity, which may include potential income determined under section 518A.32;
2. the benefit and detriment to the child and the ability of each parent to meet the needs of the child; and
3. whether the application of the presumption would have an unjust or inappropriate result.

The presumption of a zero-dollar basic support obligation does not eliminate that parent's obligation to pay child support arrears pursuant to section 518A.60.

**EFFECTIVE DATE.** This section is effective August 1, 2018.
Sec. 9. Minnesota Statutes 2014, section 518A.34, is amended to read:

518A.34 COMPUTATION OF CHILD SUPPORT OBLIGATIONS.

(a) To determine the presumptive child support obligation of a parent, the court shall follow the procedure set forth in this section.

(b) To determine the obligor's basic support obligation, the court shall:

(1) determine the gross income of each parent under section 518A.29;

(2) calculate the parental income for determining child support (PICS) of each parent, by subtracting from the gross income the credit, if any, for each parent's nonjoint children under section 518A.33;

(3) determine the percentage contribution of each parent to the combined PICS by dividing the combined PICS into each parent's PICS;

(4) determine the combined basic support obligation by application of the guidelines in section 518A.35;

(5) determine the obligor's each parent's share of the combined basic support obligation by multiplying the percentage figure from clause (3) by the combined basic support obligation in clause (4); and

(6) determine the parenting expense adjustment, if any, as apply the parenting expense adjustment formula provided in section 518A.36, and adjust the obligor's basic support obligation accordingly to determine the obligor's basic support obligation. If the parenting time of the parties is presumed equal, section 518A.36, subdivision 2, applies to the calculation of the basic support obligation and a determination of which parent is the obligor.

(c) If the parents have split custody of the joint children, child support shall be calculated for each joint child as follows:

(1) the court shall determine each parent's basic support obligation under paragraph (b) and shall include the amount of each parent's obligation in the court order. If the basic support calculation results in each parent owing support to the other, the court shall offset the higher basic support obligation with the lower basic support obligation to determine the amount to be paid by the parent with the higher obligation to the parent with the lower obligation. For the purpose of the cost-of-living adjustment required under section 518A.75, the adjustment must be based on each parent's basic support obligation prior to offset. For the purposes of this paragraph, "split custody" means that there are two or more joint children and each parent has at least one joint child more than 50 percent of the time;

(2) if each parent pays all child care expenses for at least one joint child, the court shall calculate child care support for each joint child as provided in section 518A.40. The court shall determine each parent's child care support obligation and include the amount of
each parent's obligation in the court order. If the child care support calculation results in
each parent owing support to the other, the court shall offset the higher child care support
obligation with the lower child care support obligation to determine the amount to be paid
by the parent with the higher obligation to the parent with the lower obligation; and
(3) if each parent pays all medical or dental insurance expenses for at least one
joint child, medical support shall be calculated for each joint child as provided in section
518A.41. The court shall determine each parent's medical support obligation and include
the amount of each parent's obligation in the court order. If the medical support calculation
results in each parent owing support to the other, the court shall offset the higher medical
support obligation with the lower medical support obligation to determine the amount to
be paid by the parent with the higher obligation to the parent with the lower obligation.
Unreimbursed and uninsured medical expenses are not included in the presumptive amount
of support owed by a parent and are calculated and collected as provided in section 518A.41.
(d) The court shall determine the child care support obligation for the obligor
as provided in section 518A.40.
(e) (c) The court shall determine the medical support obligation for each parent as
provided in section 518A.41. Unreimbursed and uninsured medical expenses are not
included in the presumptive amount of support owed by a parent and are calculated and
collected as described in section 518A.41.
(f) The court shall determine each parent's total child support obligation by
adding together each parent's basic support, child care support, and health care coverage
obligations as provided in this section.
(g) (g) If Social Security benefits or veterans' benefits are received by one parent as a
representative payee for a joint child based on the other parent's eligibility, the court shall
subtract the amount of benefits from the other parent's net child support obligation, if any.
h) The final child support order shall separately designate the amount owed for
basic support, child care support, and medical support. If applicable, the court shall use
the self-support adjustment and minimum support adjustment under section 518A.42 to
determine the obligor's child support obligation.

EFFECTIVE DATE. This section is effective August 1, 2018.

Sec. 10. Minnesota Statutes 2014, section 518A.36, is amended to read:

518A.36 PARENTING EXPENSE ADJUSTMENT.

Subdivision 1. General. (a) The parenting expense adjustment under this section
reflects the presumption that while exercising parenting time, a parent is responsible
for and incurs costs of caring for the child, including, but not limited to, food, clothing, transportation, recreation, and household expenses. Every child support order shall specify the percentage of parenting time granted to or presumed for each parent. For purposes of this section, the percentage of parenting time means the percentage of time a child is scheduled to spend with the parent during a calendar year according to a court order averaged over a two-year period. Parenting time includes time with the child whether it is designated as visitation, physical custody, or parenting time. The percentage of parenting time may be determined by calculating the number of overnights or overnight equivalents that a child parent spends with a parent, or child pursuant to a court order. For purposes of this section, overnight equivalents are calculated by using a method other than overnights if the parent has significant time periods on separate days where the child is in the parent's physical custody and under the direct care of the parent but does not stay overnight. The court may consider the age of the child in determining whether a child is with a parent for a significant period of time.

(b) If there is not a court order awarding parenting time, the court shall determine the child support award without consideration of the parenting expense adjustment. If a parenting time order is subsequently issued or is issued in the same proceeding, then the child support order shall include application of the parenting expense adjustment.

Subd. 2. Calculation of parenting expense adjustment. The obligor is entitled to a parenting expense adjustment calculated as provided in this subdivision. The court shall:

(1) find the adjustment percentage corresponding to the percentage of parenting time allowed to the obligor below:

<table>
<thead>
<tr>
<th>Percentage Range of Parenting Time</th>
<th>Adjustment Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>(i) less than 10 percent</td>
<td>no adjustment</td>
</tr>
<tr>
<td>(ii) 10 percent to 45 percent</td>
<td>12 percent</td>
</tr>
<tr>
<td>(iii) 45.1 percent to 50 percent</td>
<td>presume parenting time is equal</td>
</tr>
</tbody>
</table>

(2) multiply the adjustment percentage by the obligor's basic child support obligation to arrive at the parenting expense adjustment; and

(3) subtract the parenting expense adjustment from the obligor's basic child support obligation. The result is the obligor's basic support obligation after parenting expense adjustment.

(a) For the purposes of this section, the following terms have the meanings given:

(1) "parent A" means the parent with whom the child or children will spend the least number of overnights under the court order; and

(2) "parent B" means the parent with whom the child or children will spend the greatest number of overnights under the court order.
(b) The court shall apply the following formula to determine which parent is the
obligor and calculate the basic support obligation:

(1) raise to the power of three the approximate number of annual overnights the child
or children will likely spend with parent A;

(2) raise to the power of three the approximate number of annual overnights the child
or children will likely spend with parent B;

(3) multiply the result of clause (1) times parent B's share of the combined basic
support obligation as determined in section 518A.34, paragraph (b), clause (5);

(4) multiply the result of clause (2) times parent A's share of the combined basic
support obligation as determined in section 518A.34, paragraph (b), clause (5);

(5) subtract the result of clause (4) from the result of clause (3); and

(6) divide the result of clause (5) by the sum of clauses (1) and (2).

(c) If the result is a negative number, parent A is the obligor, the negative number
becomes its positive equivalent, and the result is the basic support obligation. If the result
is a positive number, parent B is the obligor and the result is the basic support obligation.

Subd. 3. Calculation of basic support when parenting time presumed is equal.

(a) If the parenting time is equal and the parental incomes for determining child support of
the parents also are equal, no basic support shall be paid unless the court determines that
the expenses for the child are not equally shared.

(b) If the parenting time is equal but the parents' parental incomes for determining
child support are not equal, the parent having the greater parental income for determining
child support shall be obligated for basic child support, calculated as follows:

(1) multiply the combined basic support calculated under section 518A.34 by 0.75;

(2) prorate the amount under clause (1) between the parents based on each parent's
proportionate share of the combined PICS; and

(3) subtract the lower amount from the higher amount.

The resulting figure is the obligation after parenting expense adjustment for the
parent with the greater parental income for determining child support.

EFFECTIVE DATE. This section is effective August 1, 2018.

Sec. 11. Minnesota Statutes 2015 Supplement, section 518A.39, subdivision 2, is
amended to read:

Subd. 2. Modification. (a) The terms of an order respecting maintenance or support
may be modified upon a showing of one or more of the following, any of which makes
the terms unreasonable and unfair: (1) substantially increased or decreased gross income
of an obligor or obligee; (2) substantially increased or decreased need of an obligor or
obligee or the child or children that are the subject of these proceedings; (3) receipt of
assistance under the AFDC program formerly codified under sections 256.72 to 256.87
or 256B.01 to 256B.40, or chapter 256J or 256K; (4) a change in the cost of living for
either party as measured by the Federal Bureau of Labor Statistics; (5) extraordinary
medical expenses of the child not provided for under section 518A.41; (6) a change in
the availability of appropriate health care coverage or a substantial increase or decrease
in health care coverage costs; (7) the addition of work-related or education-related child
care expenses of the obligee or a substantial increase or decrease in existing work-related
or education-related child care expenses; or (8) upon the emancipation of the child, as
provided in subdivision 5.

(b) It is presumed that there has been a substantial change in circumstances under
paragraph (a) and the terms of a current support order shall be rebuttably presumed to be
unreasonable and unfair if:

(1) the application of the child support guidelines in section 518A.35, to the current
circumstances of the parties results in a calculated court order that is at least 20 percent
and at least $75 per month higher or lower than the current support order or, if the current
support order is less than $75, it results in a calculated court order that is at least 20
percent per month higher or lower;

(2) the medical support provisions of the order established under section 518A.41
are not enforceable by the public authority or the obligee;

(3) health coverage ordered under section 518A.41 is not available to the child for
whom the order is established by the parent ordered to provide;

(4) the existing support obligation is in the form of a statement of percentage and not
a specific dollar amount;

(5) the gross income of an obligor or obligee has decreased by at least 20 percent
through no fault or choice of the party; or

(6) a deviation was granted based on the factor in section 518A.43, subdivision 1,
clause (4), and the child no longer resides in a foreign country or the factor is otherwise no
longer applicable.

(c) A child support order is not presumptively modifiable solely because an obligor
or obligee becomes responsible for the support of an additional nonjoint child, which is
born after an existing order. Section 518A.33 shall be considered if other grounds are
alleged which allow a modification of support.

(d) If child support was established by applying a parenting expense adjustment
or presumed equal parenting time calculation under previously existing child support
guidelines and there is no parenting plan or order from which overnights or overnight
equivalents can be determined, there is a rebuttable presumption that the established
adjustment or calculation shall continue after modification so long as the modification is
not based on a change in parenting time. In determining an obligation under previously
existing child support guidelines, it is presumed that the court shall:

(1) if a 12 percent parenting expense adjustment was applied, multiply the obligor's
share of the combined basic support obligation calculated under section 518A.34,
paragraph (b), clause (5), by 0.88; or

(2) if the parenting time was presumed equal but the parents' parental incomes for
determining child support were not equal:

(i) multiply the combined basic support obligation under section 518A.34, paragraph
(b), clause (5), by 0.075;

(ii) prorate the amount under item (i) between the parents based on each parent's
proportionate share of the combined PICS; and

(iii) subtract the lower amount from the higher amount.

(e) On a motion for modification of maintenance, including a motion for the
extension of the duration of a maintenance award, the court shall apply, in addition to all
other relevant factors, the factors for an award of maintenance under section 518.552 that
exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518A.35, and shall not consider the financial circumstances of
each party's spouse, if any; and

(2) shall not consider compensation received by a party for employment in excess of
a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;
(ii) the excess employment is voluntary and not a condition of employment;
(iii) the excess employment is in the nature of additional, part-time employment, or
overtime employment compensable by the hour or fractions of an hour;
(iv) the party's compensation structure has not been changed for the purpose of
affecting a support or maintenance obligation;
(v) in the case of an obligor, current child support payments are at least equal to the
guidelines amount based on income not excluded under this clause; and
(vi) in the case of an obligor who is in arrears in child support payments to the
obligee, any net income from excess employment must be used to pay the arrearages
until the arrearages are paid in full.

(f) A modification of support or maintenance, including interest that accrued
pursuant to section 548.091, may be made retroactive only with respect to any period
during which the petitioning party has pending a motion for modification but only from
the date of service of notice of the motion on the responding party and on the public
authority if public assistance is being furnished or the county attorney is the attorney of
record, unless the court adopts an alternative effective date under paragraph (l). The
court's adoption of an alternative effective date under paragraph (l) shall not be considered
a retroactive modification of maintenance or support.

(4) (g) Except for an award of the right of occupancy of the homestead, provided
in section 518.63, all divisions of real and personal property provided by section 518.58
shall be final, and may be revoked or modified only where the court finds the existence
of conditions that justify reopening a judgment under the laws of this state, including
motions under section 518.145, subdivision 2. The court may impose a lien or charge on
the divided property at any time while the property, or subsequently acquired property, is
owned by the parties or either of them, for the payment of maintenance or support money,
or may sequester the property as is provided by section 518A.71.

(4) (h) The court need not hold an evidentiary hearing on a motion for modification
of maintenance or support.

(4) (i) Sections 518.14 and 518A.735 shall govern the award of attorney fees for
motions brought under this subdivision.

(4) (j) Except as expressly provided, an enactment, amendment, or repeal of law does
not constitute a substantial change in the circumstances for purposes of modifying a
child support order.

(k) MS 2006 [Expired]

(1) On the first modification under the income-shares method of calculation
following implementation of amended child support guidelines, the modification of basic
support may be limited if the amount of the full variance would create hardship for either
the obligor or the obligee.

(l) The court may select an alternative effective date for a maintenance or support
order if the parties enter into a binding agreement for an alternative effective date.

**EFFECTIVE DATE.** This section is effective August 1, 2018.

child protection team that may include, but not be limited to, the director of the local
welfare agency or designees, the county attorney or designees, the county sheriff or
designees, representatives of health and education, representatives of mental health or
other appropriate human service or community-based agencies, and parent groups. As
used in this section, a "community-based agency" may include, but is not limited to,
schools, social service agencies, family service and mental health collaboratives, children's advocacy centers, early childhood and family education programs, Head Start, or other agencies serving children and families. A member of the team must be designated as the lead person of the team responsible for the planning process to develop standards for its activities with battered women's and domestic abuse programs and services.

Sec. 14. Minnesota Statutes 2014, section 626.558, subdivision 2, is amended to read:

Subd. 2. Duties of team. A multidisciplinary child protection team may provide public and professional education, develop resources for prevention, intervention, and treatment, and provide case consultation to the local welfare agency or other interested community-based agencies. The community-based agencies may request case consultation from the multidisciplinary child protection team regarding a child or family for whom the community-based agency is providing services. As used in this section, "case consultation" means a case review process in which recommendations are made concerning services to be provided to the identified children and family. Case consultation may be performed by a committee or subcommittee of members representing human services, including mental health and chemical dependency; law enforcement, including probation and parole; the county attorney; a children's advocacy center; health care; education; community-based agencies and other necessary agencies; and persons directly involved in an individual case as designated by other members performing case consultation.

Sec. 15. Minnesota Statutes 2014, section 626.558, is amended by adding a subdivision to read:

Subd. 4. Children's advocacy center; definition. (a) For purposes of this section, "children's advocacy center" means an organization, using a multidisciplinary team approach, whose primary purpose is to provide children who have been the victims of abuse and their nonoffending family members with:

(3) trauma-focused mental health services; and
(4) forensic interviews.
(b) Children's advocacy centers provide multidisciplinary case review and the tracking and monitoring of case progress.

2. expand the efforts into related areas of the child welfare system;
3. work with the commissioner of human services and community partners to establish and evaluate child protection grants to address disparities in child welfare pursuant to Minnesota Statutes, section 256E.28; and
4. identify additional areas within the child welfare system that need to be addressed by the legislature;
5. review and recommend alternatives to law enforcement responding to a maltreatment report by removing the child, and evaluate situations in which it may be appropriate for a social worker or other child protection worker to remove the child from the home; and
6. clarify the definition of "substantial child endangerment," and provide language in bill form by January 1, 2017.

(b) Members of the legislative task force shall include:

of Human Services to assure safety and well-being for children at risk of harm or children
in the child welfare system; and

(4) efforts by the Department of Human Services, other agencies, counties, and
tribes to implement best practices to ensure every child is protected from maltreatment
and neglect and to ensure every child has the opportunity for healthy development.

(d) The task force, in cooperation with the commissioner of human services,
shall issue an annual report to the legislature and governor by February 1, 2016. The
report must contain information on the progress toward implementation of changes to
the child protection system, recommendations for additional legislative changes and
procedures affecting child protection and child welfare, and funding needs to implement
recommended changes.

(e) The task force shall convene upon the effective date of this section and shall
continue until the last day of the 2016 legislative session.

113.21 in this section;
113.22 (12) directly or indirectly giving to or receiving from a person, firm, corporation,
113.23 partnership, or association a fee, commission, rebate, or other form of compensation for
113.24 professional services not actually or personally rendered;
113.25 (13) incurring a finding by the board that the licensee, after the licensee has been
113.26 placed on probationary status, has violated the conditions of the probation;
113.27 (14) abandoning a patient or client;
113.28 (15) willfully making or filing false records or reports in the course of the licensee's
113.29 practice including, but not limited to, false records or reports filed with state or federal
113.30 agencies;
113.31 (16) willfully failing to report child maltreatment as required under the Maltreatment
113.32 of Minors Act, section 626.556; or
113.33 (17) soliciting professional services using false or misleading advertising.
113.34 (b) A license to practice is automatically suspended if (1) a guardian of a licensee is
113.35 appointed by order of a court pursuant to sections 524.5-101 to 524.5-502, for reasons
113.36 other than the minority of the licensee, or (2) the licensee is committed by order of a court
pursuant to chapter 253B. The license remains suspended until the licensee is restored to
capacity by a court and, upon petition by the licensee, the suspension is terminated by the
board after a hearing. The licensee may be reinstated to practice, either with or without
restrictions, by demonstrating clear and convincing evidence of rehabilitation. The
regulated person is not required to prove rehabilitation if the subsequent court decision
overturns previous court findings of public risk.

(c) If the board has probable cause to believe that a licensee or applicant has violated
paragraph (a), clause (10), it may direct the person to submit to a mental or physical
examination. For the purpose of this section, every person is deemed to have consented to
submit to a mental or physical examination when directed in writing by the board and to
have waived all objections to the admissibility of the examining physician's testimony or
examination report on the grounds that the testimony or report constitutes a privileged
communication. Failure of a regulated person to submit to an examination when directed
constitutes an admission of the allegations against the person, unless the failure was due to
circumstances beyond the person's control, in which case a default and final order may be
entered without the taking of testimony or presentation of evidence. A regulated person
affected under this paragraph shall at reasonable intervals be given an opportunity to
demonstrate that the person can resume the competent practice of the regulated profession
with reasonable skill and safety to the public. In any proceeding under this paragraph,
neither the record of proceedings nor the orders entered by the board shall be used against
a regulated person in any other proceeding.

(d) In addition to ordering a physical or mental examination, the board may,
notwithstanding section 13.384 or 144.293, or any other law limiting access to medical or
other health data, obtain medical data and health records relating to a licensee or applicant
without the person's or applicant's consent if the board has probable cause to believe that a
licensee is subject to paragraph (a), clause (10). The medical data may be requested
from a provider as defined in section 144.291, subdivision 2, paragraph (i), an insurance
company, or a government agency, including the Department of Human Services. A
provider, insurance company, or government agency shall comply with any written request
of the board under this subdivision and is not liable in any action for damages for releasing
the data requested by the board if the data are released pursuant to a written request under
this subdivision, unless the information is false and the provider giving the information
knew, or had reason to know, the information was false. Information obtained under this
subdivision is private data on individuals as defined in section 13.02.

(e) If the board issues an order of immediate suspension of a license, a hearing must
be held within 30 days of the suspension and completed without delay.
EFFECTIVE DATE. This section is effective July 1, 2016.

**ARTICLE 11**

**STATE GOVERNMENT**

Section 1. Minnesota Statutes 2014, section 3.3005, is amended by adding a subdivision to read:

Subd. 1a. **Application.** This section applies to the expenditure of all federal money whether that federal money is appropriated under section 4.07 or another section, unless that federal money is specifically excluded from the requirements of this section.
Sec. 2. Minnesota Statutes 2014, section 3.3005, subdivision 3, is amended to read:

Subd. 3. **State match.** If a request to spend federal money is included in the governor's budget or spending the money is authorized by law but the amount of federal money **received** that has been awarded requires a state match greater than **that the amount** that was included in the budget request or authorized by law, the **amount federal funds** that have been awarded to **require an additional state match** may be allotted for expenditure after the requirements of subdivision 5 or 6 are met.

Sec. 3. Minnesota Statutes 2014, section 3.3005, subdivision 3b, is amended to read:

Subd. 3b. **Increase in amount.** If a request to spend federal money is included in a governor's budget request and approved according to subdivision 2 or 5 and the amount of money awarded and available **to be expended** increases after the request is made and authorized, the additional amount may be allotted for expenditure after a revised request is submitted according to subdivision 2, or the requirements of subdivision 5 or 6 are met.

Sec. 4. Minnesota Statutes 2014, section 3.3005, subdivision 4, is amended to read:

Subd. 4. **Interim procedures; urgencies.** If federal money **becomes available** is awarded to the state for expenditure after the deadline in subdivision 2 or while the legislature is not in session, and the availability of money from that source or for that purpose or in that fiscal year could not reasonably have been anticipated and included in the governor's budget request, and an urgency requires that all or part of the money be **allotted** encumbered or expended before the legislature reconvenes or prior to the end of the 20-day period specified in subdivision 2, it may be allotted to a state agency after the requirements of subdivision 5 are met. **Legislative Advisory Commission has reviewed the request.** If the members of the commission make a positive recommendation or no recommendation, or if the commission has not reviewed the request within ten days after the date the request was submitted, the commissioner may approve the request and the federal money may be allotted for expenditure. If the commission makes a negative recommendation or a recommendation for further review on a request within ten days after the date the request was submitted, the commissioner shall not approve the expenditure of the federal money. **If a request to expend federal money submitted under this subdivision receives a negative recommendation or a recommendation for further review, the request may be submitted again under subdivision 2 or 6.** For the purposes of this subdivision, a **recommendation of the commission must be made at a meeting of the commission unless a written recommendation is signed by all members entitled to vote on the item.** For the purposes of this subdivision, an urgency means: (1) the expenditure of the federal funds
would prevent imminent harm to life or property; or (2) failure to encumber or spend the 
 federal funds before the expiration of the earliest time provided under this subdivision 
 would clearly result in a loss of the federal funds.

Sec. 5. Minnesota Statutes 2014, section 3.3005, subdivision 5, is amended to read:
Subd. 5. Legislative Advisory Commission review. Federal money that is awarded 
 and becomes available under subdivision 3, 3a, or 3b, or 4 may be allotted after the 
 commissioner of management and budget has submitted the request to the members of 
 the Legislative Advisory Commission for their review and recommendation for further 
 review. If a recommendation is not made within ten days, no further review by the 
 Legislative Advisory Commission is required, and the commissioner shall approve or 
 disapprove the request. If a recommendation by any member is for further review the 
 governor shall submit the request to the Legislative Advisory Commission for its review 
 and recommendation. Failure or refusal of the commission to make a recommendation 
 promptly is a negative recommendation. If a member of the commission makes a negative 
 recommendation or requests further review on a request within 20 days after the date 
 the request was submitted, the commissioner shall not approve the expenditure of that 
 federal money. If a request to expend federal money submitted under this subdivision 
 receives a negative recommendation or a request for further review, the request may be 
 submitted again under subdivision 2. If the members of a commission make a positive 
 recommendation or no recommendation, the commissioner may approve the request and 
 the federal money may be allotted for expenditure.

Sec. 6. Minnesota Statutes 2014, section 3.3005, subdivision 6, is amended to read:
Subd. 6. Interim procedures; nonurgencies. If federal money is awarded and 
 becomes available to the state for expenditure after the deadline in subdivision 2 or while 
 the legislature is not in session, and subdivision 4 does not apply, a request to expend the 
 that federal money may be submitted by the commissioner of management and budget to 
 members of the Legislative Advisory Commission for their review and recommendation. 
 This request must be submitted by the later of October 1 of any year or 100 days before the 
 start of the next legislative session. If any member of the commission makes a negative 
 recommendation or a recommendation for further review on a request by October 20 of 
 the same year during the 20-day period beginning the day the commissioner submits 
 the request, the commissioner shall not approve expenditure of that federal money. If a 
 request to expend federal money submitted under this subdivision receives a negative 
 recommendation or a recommendation for further review, the commissioner shall not
approve the request until the request may be submitted again under subdivision 2. If the
members of the commission make a positive recommendation or no recommendation, the
commissioner shall approve or disapprove the request and the federal money may be
allotted for expenditure.

Sec. 7. Minnesota Statutes 2014, section 3.3005, is amended by adding a subdivision
to read:

Subd. 9. Withdrawal. The commissioner of management and budget may, with
written notice, withdraw any request to spend federal money under this section. The
commissioner of an agency requesting to expend federal money under this section may,

fiscal note or revenue estimate must be filed with the legislative auditor.
(b) Upon receiving a request for a fiscal note or revenue estimate, the legislative

from the legislative auditor, submit the analysis in the time and manner requested by the

(c) The legislative auditor shall review the analysis submitted by agencies, offices,
boards, or commissions and assess the reasonableness of the analysis, particularly the

calculation parameters as defined by the auditor.

(d) When the legislative auditor accepts the final analysis from all relevant agencies,
offices, boards, or commissions, the legislative auditor shall deliver the completed

The commissioner auditor shall make a reasonable and timely estimate of the local fiscal impact on each type of political subdivision that would result from the proposed legislation. The commissioner of management and budget auditor may require any political subdivision or the commissioner of an administrative agency of the state to supply in a timely manner any information determined to be necessary to determine local fiscal impact. The political subdivision, its representative association, or commissioner shall convey the requested information to the commissioner of management and budget auditor with a signed statement to the effect that the information is accurate and complete to the best of its ability. The political subdivision, its representative association, or commissioner, when requested, shall update its determination of local fiscal impact based on actual cost or revenue figures, improved estimates, or both. The state auditor may bill such political subdivision periodically for service rendered and the officials responsible for approving and paying claims are authorized to pay said bill promptly. Said payments shall be without prejudice to any defense against said claims that may exist or be asserted. The state auditor enterprise general fund shall be credited with all collections made for any such examinations, including interest payments made pursuant to subdivision 3.

Sec. 13. Minnesota Statutes 2014, section 6.581, subdivision 4, is amended to read:

(b) Payment of a penalty to the federal government in connection with the purchase

(b) In addition to designations under paragraph (a): (1) an individual business may be included as a targeted group business if the commissioner determines that inclusion is necessary to remedy discrimination against the owner based on race, gender, or disability in attempting to operate a business that would provide goods or services to public agencies; and (2) an individual business must be included as a targeted group business if the business agrees that its workforce will be composed of at least 40 percent minority persons or veterans, and that this agreement will be expressed as a condition of any contract between the state and the business.

As provided in article 1, section 13, an executive branch agency may not hire a new employee during the biennium ending June 30, 2017, except as authorized in article 1, section 13. Any reductions in staff should prioritize protecting client-facing health care workers, corrections officers, public safety workers, and mental health workers. As a means of achieving compliance with this requirement, the commissioner may authorize an agency to provide an early retirement incentive to an executive branch employee, under which the state will continue to make the employer contribution for health insurance after the employee has terminated state service. The commissioner must prescribe eligibility requirements and the maximum duration of the payments. If a manufactured home owner is required to relocate due to the conversion of all or a portion of a manufactured home park to another use, the closure of a manufactured home park, or cessation of use of the land as a manufactured home park under subdivision 1, and the manufactured home owner complies with the requirements of this section, the manufactured home owner is entitled to payment from the Minnesota manufactured home relocation trust fund equal to the manufactured home owner's actual relocation costs for relocating the manufactured home to a new location within a 25-mile radius of the park.
that is being closed, up to a maximum of $4,000 $7,000 for a single-section and $8,000
$12,500 for a multisection manufactured home. The actual relocation costs must include
the reasonable cost of taking down, moving, and setting up the manufactured home,
including equipment rental, utility connection and disconnection charges, minor repairs,
modifications necessary for transportation of the home, necessary moving permits and
insurance, moving costs for any appurtenances, which meet applicable local, state, and
federal building and construction codes.

(b) A manufactured home owner is not entitled to compensation under paragraph (a)
if the manufactured home park owner is not required to make a payment to the Minnesota
manufactured home relocation trust fund under subdivision 12, paragraph (b).

(c) Except as provided in paragraph (e), in order to obtain payment from the
Minnesota manufactured home relocation trust fund, the manufactured home owner shall
submit to the neutral third party and the Minnesota Housing Finance Agency, with a copy
to the park owner, an application for payment, which includes:

(1) a copy of the closure statement under subdivision 1;

(2) a copy of the contract with a moving or towing contractor, which includes the
relocation costs for relocating the manufactured home;

(3) a statement with supporting materials of any additional relocation costs as
outlined in subdivision 1;

(4) a statement certifying that none of the exceptions to receipt of compensation
under subdivision 12, paragraph (b), apply to the manufactured home owner;

(5) a statement from the manufactured park owner that the lot rental is current
and that the annual $42 $15 payments to the Minnesota manufactured home relocation
trust fund have been paid when due; and

(6) a statement from the county where the manufactured home is located certifying
that personal property taxes for the manufactured home are paid through the end of that year.

(d) If the neutral third party has acted reasonably and does not approve or deny
payment within 45 days after receipt of the information set forth in paragraph (c), the
payment is deemed approved. Upon approval and request by the neutral third party,
the Minnesota Housing Finance Agency shall issue two checks in equal amount for 50
percent of the contract price payable to the mover and towing contractor for relocating
the manufactured home in the amount of the actual relocation cost, plus a check to the
home owner for additional certified costs associated with third-party vendors, that were
necessary in relocating the manufactured home. The moving or towing contractor shall
receive 50 percent upon execution of the contract and 50 percent upon completion of
the relocation and approval by the manufactured home owner. The moving or towing
contractor may not apply the funds to any other purpose other than relocation of the
manufactured home as provided in the contract. A copy of the approval must be forwarded
by the neutral third party to the park owner with an invoice for payment of the amount
specified in subdivision 12, paragraph (a).

(c) In lieu of collecting a relocation payment from the Minnesota manufactured
home relocation trust fund under paragraph (a), the manufactured home owner may collect
an amount from the fund after reasonable efforts to relocate the manufactured home
have failed due to the age or condition of the manufactured home, or because there are
no manufactured home parks willing or able to accept the manufactured home within a
25-mile radius. A manufactured home owner may tender title of the manufactured home in
the manufactured home park to the manufactured home park owner, and collect an amount
to be determined by an independent appraisal. The appraiser must be agreed to by both
the manufactured home park owner and the manufactured home owner. If the appraised
market value cannot be determined, the tax market value, averaged over a period of five
years, can be used as a substitute. The maximum amount that may be reimbursed under
the fund is a maximum of $5,000 $8,000 for a single-section and $9,000 $14,500 for a
multisection manufactured home. The minimum amount that may be reimbursed under the
fund is $2,000 for a single section and $4,000 for a multisection manufactured home. The
manufactured home owner shall deliver to the manufactured home park owner the current
certificate of title to the manufactured home duly endorsed by the owner of record, and
valid releases of all liens shown on the certificate of title, and a statement from the county
where the manufactured home is located evidencing that the personal property taxes have
been paid. The manufactured home owner's application for funds under this paragraph
must include a document certifying that the manufactured home cannot be relocated, that
the lot rental is current, that the annual $42 $15 payments to the Minnesota manufactured
home relocation trust fund have been paid when due, that the manufactured home owner
has chosen to tender title under this section, and that the park owner agrees to make a
payment to the commissioner of management and budget in the amount established in
subdivision 12, paragraph (a), less any documented costs submitted to the neutral third
party, required for demolition and removal of the home, and any debris or refuse left on the
lot, not to exceed $1,000. The manufactured home owner must also provide a copy of the
certificate of title endorsed by the owner of record, and certify to the neutral third party,
with a copy to the park owner, that none of the exceptions to receipt of compensation under
subdivision 12, paragraph (b), clauses (1) to (6), apply to the manufactured home owner,
and that the home owner will vacate the home within 60 days after receipt of payment or the
date of park closure, whichever is earlier, provided that the monthly lot rent is kept current.
(f) The Minnesota Housing Finance Agency must make a determination of the
amount of payment a manufactured home owner would have been entitled to under a local
ordinance in effect on May 26, 2007. Notwithstanding paragraph (a), the manufactured
home owner's compensation for relocation costs from the fund under section 462A.35, is
the greater of the amount provided under this subdivision, or the amount under the local
ordinance in effect on May 26, 2007, that is applicable to the manufactured home owner.

Nothing in this paragraph is intended to increase the liability of the park owner.

(g) Neither the neutral third party nor the Minnesota Housing Finance Agency shall
be liable to any person for recovery if the funds in the Minnesota manufactured home
relocation trust fund are insufficient to pay the amounts claimed. The Minnesota Housing
Finance Agency shall keep a record of the time and date of its approval of payment to a
claimant.

(h) The agency shall report to the chairs of the senate Finance Committee and
house of representatives Ways and Means Committee by January 15 of each year on
the Minnesota manufactured home relocation trust fund, including the account balance,
payments to claimants, the amount of any advances to the fund, the amount of any
insufficiencies encountered during the previous calendar year, and any administrative
charges or expenses deducted from the trust fund balance. If sufficient funds become
available, the Minnesota Housing Finance Agency shall pay the manufactured home
owner whose unpaid claim is the earliest by time and date of approval.

(d) Within 180 days of enactment, the board shall establish bylaws, policies, and procedures governing the operations of MNsure in accordance with this chapter.

Subd. 2. Operations funding. (a) Prior to January 1, 2015, MNsure shall retain or collect up to 1.5 percent of total premiums for individual and small group market health plans and dental plans sold through MNsure to fund the cash reserves of MNsure, but the amount collected shall not exceed a dollar amount equal to 25 percent of the funds collected under section 62E.11, subdivision 6, for calendar year 2012.
(b) Beginning January 1, 2015, MNsure shall retain or collect up to 3.5 percent of total premiums for individual and small group market health plans and dental plans sold through MNsure to fund the operations of MNsure, but the amount collected shall not exceed a dollar amount equal to 50 percent of the funds collected under section 62E.11, subdivision 6, for calendar year 2012.

Any funds provided under this paragraph shall be repaid, with interest, by June 30, 2015.
(e) Funding for the operations of MNsure shall cover any compensation provided to navigators participating in the navigator program.

Subd. 3. Insurance producers. (a) By April 30, 2013, the board, in consultation with the commissioner of commerce, shall establish certification requirements that must be met by insurance producers in order to assist individuals and small employers with purchasing coverage through MNsure. Prior to January 1, 2015, the board may amend the requirements, only if necessary, due to a change in federal rules.
(b) Certification requirements shall not exceed the requirements established under Code of Federal Regulations, title 45, part 155.220. Certification shall include training on health plans available through MNsure, available tax credits and cost-sharing arrangements, compliance with privacy and security standards, eligibility verification processes, online enrollment tools, and basic information on available public health care programs. Training required for certification under this subdivision shall qualify for continuing education requirements for insurance producers required under chapter 60K, and must comply with course approval requirements under chapter 45.
(c) Producer compensation shall be established by health carriers that provide health plans through MNsure. The structure of compensation to insurance producers must be similar for health plans sold through MNsure and outside MNsure.
(d) Any insurance producer compensation structure established by a health carrier for the small group market must include compensation for defined contribution plans that involve multiple health carriers. The compensation offered must be commensurate with other small group market defined health plans.
(e) Any insurance producer assisting an individual or small employer with purchasing coverage through MNsure must disclose, orally and in writing, to the individual or small employer at the time of the first solicitation with the prospective purchaser the following:
   (1) the health carriers and qualified health plans offered through MNsure that the producer is authorized to sell, and that the producer may not be authorized to sell all the qualified health plans offered through MNsure;
   (2) that the producer may be receiving compensation from a health carrier for enrolling the individual or small employer into a particular health plan; and

APPENDIX
Repealed Minnesota Statutes: H3467-2
(3) that information on all qualified health plans offered through MNsure is available through the MNsure Web site. For purposes of this paragraph, "solicitation" means any contact by a producer, or any person acting on behalf of a producer made for the purpose of selling or attempting to sell coverage through MNsure. If the first solicitation is made by telephone, the disclosures required under this paragraph need not be made in writing, but the fact that disclosure has been made must be acknowledged on the application.

(f) Beginning January 15, 2015, each health carrier that offers or sells qualified health plans through MNsure shall report in writing to the board and the commissioner of commerce the compensation and other incentives it offers or provides to insurance producers with regard to each type of health plan the health carrier offers or sells both inside and outside of MNsure. Each health carrier shall submit a report annually and upon any change to the compensation or other incentives offered or provided to insurance producers.

(g) Nothing in this chapter shall prohibit an insurance producer from offering professional advice and recommendations to a small group purchaser based upon information provided to the producer.

(h) An insurance producer that offers health plans in the small group market shall notify each small group purchaser of which group health plans qualify for Internal Revenue Service approved section 125 tax benefits. The insurance producer shall also notify small group purchasers of state law provisions that benefit small group plans when the employer agrees to pay 50 percent or more of its employees' premium. Individuals who are eligible for cost-effective medical assistance will count toward the 75 percent participation requirement in section 62L.03, subdivision 3.

(i) Nothing in this subdivision shall be construed to limit the licensure requirements or regulatory functions of the commissioner of commerce under chapter 60K.

Subd. 4. Navigator; in-person assisters; call center. (a) The board shall establish policies and procedures for the ongoing operation of a navigator program, in-person assister program, call center, and customer service provisions for MNsure to be implemented beginning January 1, 2015.

(b) Until the implementation of the policies and procedures described in paragraph (a), the following shall be in effect:

(1) the navigator program shall be met by section 256.962;
(2) entities eligible to be navigators, including entities defined in Code of Federal Regulations, title 45, part 155.210 (c)(2), may serve as in-person assisters;
(3) the board shall establish requirements and compensation for the navigator program and the in-person assister program by April 30, 2013. Compensation for navigators and in-person assisters must take into account any other compensation received by the navigator or in-person assister for conducting the same or similar services; and
(4) call center operations shall utilize existing state resources and personnel, including referrals to counties for medical assistance.

(c) The board shall establish a toll-free number for MNsure and may hire and contract for additional resources as deemed necessary.

(d) The navigator program and in-person assister program must meet the requirements of section 1311(i) of the Affordable Care Act, Public Law 111-148. In establishing training standards for the navigators and in-person assisters, the board must ensure that all entities and individuals carrying out navigator and in-person assister functions have training in the needs of underserved and vulnerable populations; eligibility and enrollment rules and procedures; the range of available public health care programs and qualified health plan options offered through MNsure; and privacy and security standards. For calendar year 2014, the commissioner of human services shall ensure that the navigator program under section 256.962 provides application assistance for both qualified health plans offered through MNsure and public health care programs.

(e) The board must ensure that any information provided by navigators, in-person assisters, the call center, or other customer assistance portals be accessible to persons with disabilities and that information provided on public health care programs include information on other coverage options available to persons with disabilities.

Subd. 5. Health carrier and health plan requirements; participation. (a) Beginning January 1, 2015, the board may establish certification requirements for health carriers and health plans to be offered through MNsure that satisfy federal requirements under section 1311(c)(1) of the Affordable Care Act, Public Law 111-148.

(b) Paragraph (a) does not apply if by June 1, 2013, the legislature enacts regulatory requirements that:

(1) apply uniformly to all health carriers and health plans in the individual market;
(2) apply uniformly to all health carriers and health plans in the small group market; and
APPENDIX
Repealed Minnesota Statutes: H3467-2

(3) satisfy minimum federal certification requirements under section 1311(c)(1) of the Affordable Care Act, Public Law 111-148.

(c) In accordance with section 1311(e) of the Affordable Care Act, Public Law 111-148, the board shall establish policies and procedures for certification and selection of health plans to be offered as qualified health plans through MNsure. The board shall certify and select a health plan as a qualified health plan to be offered through MNsure, if:

1. the health plan meets the minimum certification requirements established in paragraph (a) or the market regulatory requirements in paragraph (b);
2. the board determines that making the health plan available through MNsure is in the interest of qualified individuals and qualified employers;
3. the health carrier applying to offer the health plan through MNsure also applies to offer health plans at each actuarial value level and service area that the health carrier currently offers in the individual and small group markets; and
4. the health carrier does not apply to offer health plans in the individual and small group markets through MNsure under a separate license of a parent organization or holding company under section 60D.15, that is different from what the health carrier offers in the individual and small group markets outside MNsure.

(d) In determining the interests of qualified individuals and employers under paragraph (c), clause (2), the board may not exclude a health plan for any reason specified under section 1311(e)(1)(B) of the Affordable Care Act, Public Law 111-148. The board may consider:

1. affordability;
2. quality and value of health plans;
3. promotion of prevention and wellness;
4. promotion of initiatives to reduce health disparities;
5. market stability and adverse selection;
6. meaningful choices and access;
7. alignment and coordination with state agency and private sector purchasing strategies and payment reform efforts; and
8. other criteria that the board determines appropriate.

(e) For qualified health plans offered through MNsure on or after January 1, 2015, the board shall establish policies and procedures under paragraphs (c) and (d) for selection of health plans to be offered as qualified health plans through MNsure by February 1 of each year, beginning February 1, 2014. The board shall consistently and uniformly apply all policies and procedures and any requirements, standards, or criteria to all health carriers and health plans. For any policies, procedures, requirements, standards, or criteria that are defined as rules under section 14.02, subdivision 4, the board may use the process described in subdivision 9.

(f) For 2014, the board shall not have the power to select health carriers and health plans for participation in MNsure. The board shall permit all health plans that meet the certification requirements under section 1311(c)(1) of the Affordable Care Act, Public Law 111-148, to be offered through MNsure.

(g) Under this subdivision, the board shall have the power to verify that health carriers and health plans are properly certified to be eligible for participation in MNsure.

(h) The board has the authority to decertify health carriers and health plans that fail to maintain compliance with section 1311(c)(1) of the Affordable Care Act, Public Law 111-148.

(i) For qualified health plans offered through MNsure beginning January 1, 2015, health carriers must use the most current addendum for Indian health care providers approved by the Centers for Medicare and Medicaid Services and the tribes as part of their contracts with Indian health care providers. MNsure shall comply with all future changes in federal law with regard to health coverage for the tribes.

Subd. 6. Appeals. (a) The board may conduct hearings, appoint hearing officers, and recommend final orders related to appeals of any MNsure determinations, except for those determinations identified in paragraph (d). An appeal by a health carrier regarding a specific certification or selection determination made by MNsure under subdivision 5 must be conducted as a contested case proceeding under chapter 14, with the report or order of the administrative law judge constituting the final decision in the case, subject to judicial review under sections 14.63 to 14.69. For other appeals, the board shall establish hearing processes which provide for a reasonable opportunity to be heard and timely resolution of the appeal and which are consistent with the requirements of federal law and guidance. An appealing party may be represented by legal counsel at these hearings, but this is not a requirement.

(b) MNsure may establish service-level agreements with state agencies to conduct hearings for appeals. Notwithstanding section 471.59, subdivision 1, a state agency is authorized to enter into service-level agreements for this purpose with MNsure.
APPENDIX
Repealed Minnesota Statutes: H3467-2

(c) For proceedings under this subdivision, MNsure may be represented by an attorney who is an employee of MNsure.

(d) This subdivision does not apply to appeals of determinations where a state agency hearing is available under section 256.045.

(e) An appellant aggrieved by an order of MNsure issued in an eligibility appeal, as defined in Minnesota Rules, part 7700.0101, may appeal the order to the district court of the appellant's county of residence by serving a written copy of a notice of appeal upon MNsure and any other adverse party of record within 30 days after the date MNsure issued the order, the amended order, or order affirming the original order, and by filing the original notice and proof of service with the court administrator of the district court. Service may be made personally or by mail; service by mail is complete upon mailing; no filing fee shall be required by the court administrator in appeals taken pursuant to this subdivision. MNsure shall furnish all parties to the proceedings with a copy of the decision and a transcript of any testimony, evidence, or other supporting papers from the hearing held before the appeals examiner within 45 days after service of the notice of appeal.

(f) Any party aggrieved by the failure of an adverse party to obey an order issued by MNsure may compel performance according to the order in the manner prescribed in sections 586.01 to 586.12.

(g) Any party may obtain a hearing at a special term of the district court by serving a written notice of the time and place of the hearing at least ten days prior to the date of the hearing. The court may consider the matter in or out of chambers, and shall take no new or additional evidence unless it determines that such evidence is necessary for a more equitable disposition of the appeal.

(h) Any party aggrieved by the order of the district court may appeal the order as in other civil cases. No costs or disbursements shall be taxed against any party nor shall any filing fee or bond be required of any party.

(i) If MNsure or district court orders eligibility for qualified health plan coverage through MNsure, or eligibility for federal advance payment of premium tax credits or cost-sharing reductions contingent upon full payment of respective premiums, the premiums must be paid or provided pending appeal to the district court, Court of Appeals, or Supreme Court. Provision of eligibility by MNsure pending appeal does not render moot MNsure's position in a court of law.

Subd. 7. Agreements; consultation. (a) The board shall:

(1) establish and maintain an agreement with the commissioner of human services for cost allocation and services regarding eligibility determinations and enrollment for public health care programs that use a modified adjusted gross income standard to determine program eligibility. The board may establish and maintain an agreement with the commissioner of human services for other services;

(2) establish and maintain an agreement with the commissioners of commerce and health for services regarding enforcement of MNsure certification requirements for health plans and dental plans offered through MNsure. The board may establish and maintain agreements with the commissioners of commerce and health for other services; and

(3) establish interagency agreements to transfer funds to other state agencies for their costs related to implementing and operating MNsure, excluding medical assistance allocatable costs.

(b) The board shall consult with the commissioners of commerce and health regarding the operations of MNsure.

(c) The board shall consult with Indian tribes and organizations regarding the operation of MNsure.

(d) Beginning March 15, 2016, and each March 15 thereafter, the board shall submit a report to the chairs and ranking minority members of the committees in the senate and house of representatives with primary jurisdiction over commerce, health, and human services on all the agreements entered into with the chief information officer of the Office of MN.IT Services, or the commissioners of human services, health, or commerce in accordance with this subdivision. The report shall include the agency in which the agreement is with; the time period of the agreement; the purpose of the agreement; and a summary of the terms of the agreement. A copy of the agreement must be submitted to the extent practicable.

Subd. 8. Rulemaking. The board may adopt rules to implement any provisions in this chapter using the expedited rulemaking process in section 14.389.

Subd. 9. Dental plans. (a) The provisions of this section that apply to health plans shall apply to dental plans offered as stand-alone dental plans through MNsure, to the extent practicable.

(b) A stand-alone dental plan offered through MNsure must meet all certification requirements under section 1311(c)(1) of the Affordable Care Act, Public Law 111-148, that are applicable to health plans, except for certification requirements that cannot be met because the dental plan only covers dental benefits.
APPENDIX
Repealed Minnesota Statutes: H3467-2

Subd. 10. Limitations; risk-bearing. (a) The board shall not bear insurance risk or enter into any agreement with health care providers to pay claims.
(b) Nothing in this subdivision shall prevent MNsure from providing insurance for its employees.

Subd. 11. Prohibition on other product lines. MNsure is prohibited from certifying, selecting, or offering products and policies of coverage that do not meet the definition of health plan or dental plan as provided in section 62V.02.

62V.051 MNSURE; CONSUMER RETROACTIVE APPOINTMENT OF A NAVIGATOR OR PRODUCER PERMITTED.

Notwithstanding any other law or rule to the contrary, for up to six months after the effective date of the qualified health plan, MNsure must permit a qualified health plan policyholder, who has not designated a navigator or an insurance producer, to retroactively appoint a navigator or insurance producer. MNsure must provide notice of the retroactive appointment to the health carrier. The health carrier must retroactively pay commissions to the insurance producer if the producer can demonstrate that they were certified by MNsure at the time of the original enrollment, were appointed by the selected health carrier at the time of the enrollment, and that an agent of record agreement was executed prior to or at the time of the effective date of the policy. MNsure must adopt a standard form of agent of record agreement for purposes of this section.

(b) Data created or maintained by a government entity as part of the evaluation of an application are protected nonpublic data, as defined in section 13.02, subdivision 13, until a final determination as to certification is made and all rights of appeal have been exhausted. Upon a final determination and exhaustion of all rights of appeal, these data are public, with the exception of trade secret data as defined in section 13.37 and data subject to attorney-client privilege or other protection as provided in section 13.393.
(c) If an application is denied, the public data must include the criteria used by the board to evaluate the application and the specific reasons for the denial, and these data must be published on the MNsure Web site.

Subd. 5. Data sharing. (a) MNsure may share or disseminate data classified as private or nonpublic in subdivision 3 as follows:

7700.0105 MNSURE ELIGIBILITY APPEALS.

Subpart 1. Eligibility.

A. MNSure appeals are available for the following actions:

1. initial determinations and redeterminations made by MNSure of individual eligibility to purchase a qualified health plan through MNSure, made in accordance with Code of Federal Regulations, title 45, sections 155.305, (a) and (b); 155.330; and 155.335;

2. initial determinations and redeterminations made by MNSure of eligibility for and level of advance payment of premium tax credit, and eligibility for and level of cost sharing reductions, made in accordance with Code of Federal Regulations, title 45, sections 155.305 (f) to (g); 155.330; and 155.335;
(3) initial determinations and redeterminations made by MNsure of employer eligibility to purchase coverage for qualified employees through the Small Business Health Options Program under Code of Federal Regulations, title 45, section 155.710 (a);  
(4) initial determinations and redeterminations made by MNsure of employee eligibility to purchase coverage through the Small Business Health Options Program under Code of Federal Regulations, title 45, section 155.710 (e);  
(5) initial determinations and redeterminations made by MNsure of individual eligibility for an exemption from the individual responsibility requirement made in accordance with Code of Federal Regulations, title 45, section 155.605;  
(6) a failure by MNsure to provide timely notice of an eligibility determination in accordance with Code of Federal Regulations, title 45, sections 155.310 (g); 155.330 (e)(1)(ii); 155.335 (h)(ii); 155.610 (i); and 155.715 (e) and (f);  
(7) in response to a notice from MNsure under Code of Federal Regulations, title 45, section 155.310 (h), a determination by MNsure that an employer does not provide minimum essential coverage through an employer-sponsored plan or that the employer does provide coverage but is not affordable coverage with respect to an employee; and  
(8) in response to a denial of a request to vacate a dismissal made according to this chapter and in accordance with Code of Federal Regulations, title 45, section 155.530 (d)(2).  
B. If an individual has been denied eligibility for medical assistance under Code of Federal Regulations, title 45, section 155.302 (b), an appeal of a determination of eligibility for advanced payments of the premium tax credit or cost-sharing reduction must also be treated as an appeal of medical assistance determination of eligibility.  
Subp. 2. Filing an appeal.  
A. To initiate an appeal, an appellant must file the appeal with MNsure as follows:  
(1) by mail;  
(2) by telephone;  
(3) by Internet; and  
(4) in person.  
B. MNsure must provide the necessary contact information for each method of filing an appeal with each eligibility determination and also through the MNsure Web site.  
C. The agency must assist any potential appellant in filing an appeal when assistance is requested.  
D. An appeal must be received by MNsure within 90 days from the date of the notice of eligibility determination. There is a rebuttable presumption that the date of the notice of eligibility determination is five business days later than the date printed on the notice. The person may rebut this presumption by presenting evidence or testimony that they received the notice five business days after the date printed on the notice. An appeal received more than 90 days after the date of the eligibility notice will be dismissed. If the deadline for filing an appeal falls on a day that is not a business day, the filing deadline is the next business day.  
E. Appeal request forms will be available to persons through the Internet, by in-person request, by mail, and by telephone. The following information is requested, but not required, in an appeal:  
(1) name;  
(2) MNsure username;  
(3) date of birth;  
(4) address, including either an e-mail address, if available, or a mailing or physical address;  
(5) MNsure programs involved in the appeal, for which a list must be provided on the appeal request form;  
(6) reason for the appeal; and  
(7) in appeals of redeterminations of eligibility, whether the appellant intends to continue at the level of eligibility and benefits before the redetermination being appealed until the appeal decision.  
F. Appeals shall be accepted regardless of whether the requested information is provided on the form or the information is incomplete. However, failure by an appellant to provide all of the requested information may prevent resolution of the appeal or delivery of effective notice.
G. The date of official receipt of appeals submitted after business hours, whether filed through the Internet or by telephone, is the next business day.

Subp. 3. **Notices and communications.**

A. The parties to an appeal have the right to the following timely notices and communications:

   1. acknowledgement of receipt of the appeal and a scheduling order, including information regarding the appellant's eligibility pending appeal and an explanation that any advance payments of the premium tax credit paid on behalf of the tax filer pending appeal are subject to reconciliation; and

   2. the decision and order of the MNsure board.

B. Any notice sent to the appellant must also be sent to the appellant's attorney or representative.

C. An appeals examiner shall not have ex parte contact on substantive issues with the agency, the appellant, or any person involved in an appeal. No agency employee shall review, interfere with, change, or attempt to influence the recommended decision of the appeals examiner in any appeal, except through the procedures allowed herein. The limitations in this subpart do not affect the board's authority to review or make final decisions.

Subp. 4. **Rescheduling.**

A. Requests to reschedule a hearing must be made in person, by telephone, through the Internet, or mailed and postmarked to the appeals examiner at least five days in advance of the regularly scheduled hearing date. The rescheduling request may be made orally or in writing. The requesting party must provide the other party a copy of a written request or must otherwise notify the other party of the request.

B. Any rescheduling of a hearing with less than five days' advance notice will be at the discretion of the appeals examiner and granted only when the rescheduling does not prejudice any party to the rescheduling.

C. Unless a determination is made by the appeals examiner that a request to reschedule a hearing is made for the purpose of delay, a hearing must be rescheduled by the appeals examiner for good cause as determined by the appeals examiner. Good cause includes the following:

   1. to accommodate a witness;

   2. to obtain necessary evidence, preparation, or representation;

   3. to review, evaluate, and respond to new evidence;

   4. to permit negotiations of resolution between the parties;

   5. to permit the agency to reconsider;

   6. to permit actions not previously taken;

   7. to accommodate a conflict of previously scheduled appointments;

   8. to accommodate a physical or mental illness;

   9. where an interpreter, translator, or other service necessary to accommodate a person with a disability is needed but not available; or

   10. any other compelling reasons beyond the control of the party that prevents attendance at the originally scheduled time.

D. If requested by the appeals examiner, a written statement confirming the reasons for the rescheduling request must be provided to the appeals examiner by the requesting party.

Subp. 5. **Telephone, videoconference, or in-person hearing.**

A. A hearing may be conducted by telephone, videoconference, or in person. An in-person appeals hearing will only be held at the discretion of the appeals examiner, or if the person asserts that either the person or a witness has a physical or mental disability that would impair the person's ability to fully participate in a hearing held by interactive video technology. To have the hearing conducted by videoconference or in person, a person must make a specific request for that type of hearing.

B. When an in-person hearing is granted, the appeals examiner shall conduct the hearing in the county where the person involved resides, unless an alternate location is mutually agreed upon before the hearing.

C. Where federal law or regulation does not require a telephone, videoconference, or in-person hearing and allows for a review of documentary evidence through a desk review, a telephone, videoconference, or in-person hearing will only be provided when the appeals
examiner determines that such a hearing would materially assist in resolving the issues presented by the appeal.

A. An appellant has a right to request an emergency expedited appeal when there is an immediate need for health services because a standard appeal could seriously jeopardize the appellant's life or health or ability to attain, maintain, or regain maximum function. An appellant must specify that an emergency expedited appeal is being requested when submitting the initial appeal.

B. If an emergency develops during a pending appeal such that there has developed an immediate need for health services because a standard appeal could seriously jeopardize the appellant's life or health or ability to attain, maintain, or regain maximum function, an appellant may request an expedited appeal.

C. If a request for an expedited appeal is denied, the appellant will be notified according to the process and time period required under the applicable federal law.

D. If a request for an expedited appeal is accepted, the appeals examiner will issue a decision according to the process and time period required under the applicable federal law.

Subp. 7. Interpreter and translation services.

A. Appeals must be accessible to appellants who have limited English proficiency, appellants who require interpreter and translation services, and appellants with disabilities. An appeals examiner has a duty to inquire whether any person involved in the hearing needs the services of an interpreter, translator, or reasonable accommodations to accommodate a disability in order to participate in or to understand the appeal process.

B. Necessary interpreter services, translation services, or reasonable accommodations must be provided at no cost to the person involved in the appeal.

C. If an appellant requests interpreter services, translation services, or reasonable accommodations or it appears to the appeals examiner that necessary interpreter or translation services are needed but not available for the scheduled hearing, the hearing shall be rescheduled to the next available date when the appropriate services can be provided.

Subp. 8. Access to data.

A. Subject to the requirements of all applicable state and federal laws regarding privacy, confidentiality, and disclosure of personally identifiable information, the appellants and agencies involved in an appeals hearing must be allowed to access the appeal record upon request at a convenient place and time before and during the appeals hearing. Copies of the appeal record, including an electronic copy of the recorded hearing, must be provided at no cost and, upon request, must be mailed or sent by electronic transmission to the party or the party's representative.

B. An appellant involved in an appeals hearing may enforce the right of access to data and copies of the case file by making a request to the appeals examiner. The appeals examiner shall make an appropriate order enforcing the appellant's right of access, including but not limited to ordering access to files, data, and documents possessed by the agency; continuing or rescheduling an appeal hearing to allow adequate time for access to data; or prohibiting use by the agency of files, data, or documents that have been generated, collected, stored, or disseminated in violation of the requirements of state or federal law, or when the documents have not been provided to the appellant involved in the appeal.

Subp. 9. Data practices.

A. Data on individuals, as defined in Minnesota Statutes, section 13.02, subdivision 5, will be collected about persons and appellants throughout the appeals process. The purpose of this data collection is to conduct an appeal. A party to an appeal is not required to supply data for an appeal. However, deciding which evidence and testimony to submit may have an impact on the outcome of the appeal decision. Certain other government officials may have access to information provided throughout the appeals process if this is allowed by law or pursuant to a valid court order.

B. When an appeal proceeds beyond the MNSure appeals process to judicial review, the appeal record will be public unless the court with jurisdiction over the appeal issues a protective order. When the appeal proceeds outside of the MNSure appeals process to the United States Department of Health and Human Services, the record will be classified according to federal law governing the collection of data on individuals.

Subp. 10. Appeal summary. The agency must prepare an appeal summary for each appeal hearing. The appeal summary shall be delivered to each party and the MNSure appeals examiner at least three business days before the date of the appeal hearing. The appeals examiner shall confirm
that the appeal summary is delivered to the party involved in the appeal as required under this
subpart. Each party shall be provided, through the appeal summary or other reasonable methods,
appropriate information about the procedures for the appeal hearing and an adequate opportunity
to prepare. The contents of the appeal summary must be adequate to inform each party of the
evidence on which the agency relies and the legal basis for the agency's action or determination.

Subp. 11. Representation during appeal. An appellant may personally appear in any
appeal hearing and may be represented by an attorney or representative. A partnership may
be represented by any of its members, an attorney, or other representative. A corporation
or association may be represented by an officer, an attorney, or other representative. In a
case involving an unrepresented appellant, the appeals examiner shall examine witnesses and
receive exhibits for the purpose of identifying and developing in the appeal record relevant
facts necessary for making an informed and fair decision. An unrepresented appellant shall be
provided an adequate opportunity to respond to testimony or other evidence presented by the
agency at the appeal hearing. The appeals examiner shall ensure that an unrepresented appellant
has a full and reasonable opportunity at the appeal hearing to establish a record for appeal. An
agency may be represented by an employee or an attorney, including an attorney employed
by the agency as authorized by law.

A. The appeals examiner must dismiss an appeal if the appellant:
   (1) withdraws the appeal orally or in writing;
   (2) fails to appear at a scheduled appeal hearing or prehearing conference and good
       cause is not shown;
   (3) fails to submit a valid appeal; or
   (4) dies while the appeal is pending.
B. If an appeal is dismissed, the appeals examiner must provide timely notice to the
   parties, which must include the reason for dismissal, an explanation of the dismissal's effect on
   the appellant's eligibility, and an explanation of how the appellant may show good cause why the
dismissal should be vacated.
C. The appeals examiner must vacate a dismissal if the appellant makes a written request
   within 30 days of the date of the notice of dismissal showing good cause why the dismissal should
   be vacated. There is a rebuttable presumption that the date of the notice of dismissal is five
   business days later than the date printed on the notice. The person may rebut this presumption by
   presenting evidence or testimony that they received the notice later than five business days after
   the date printed on the notice. Good cause can be shown when there is:
      (1) a death or serious illness in the person's family;
      (2) a personal injury or physical or mental illness that reasonably prevents an appellant
         or witness from attending the hearing;
      (3) an emergency, crisis, including a mental health crisis, or unforeseen event that
         reasonably prevents an appellant or witness from attending the hearing;
      (4) an obligation or responsibility of an appellant or witness which a reasonable
         person, in the conduct of one's affairs, could reasonably determine takes precedence over
         attending the hearing;
      (5) lack of or failure to receive timely notice of the hearing in the preferred language
          of an appellant involved in the hearing;
      (6) excusable neglect, excusable inadvertence, or excusable mistake as determined
          by the appeals examiner; or
      (7) any other compelling reason beyond the control of the party as determined by
          the appeals examiner.
Subp. 13. Prehearing conferences.
A. The appeals examiner, at the examiner's discretion, prior to an appeal hearing may
   hold a prehearing conference to further the interests of justice or efficiency. The parties must
   participate in any prehearing conference held. A party may request a prehearing conference. The
   prehearing conference may be conducted by telephone, in writing, or in person. The prehearing
   conference may address the following issues:
      (1) disputes regarding access to files, evidence, subpoenas, or testimony;
      (2) the time required for the hearing or any need for expedited procedures or decision;
      (3) identification or clarification of legal or other issues that may arise at the hearing;
APPENDIX
Repealed Minnesota Rule: H3467-2

(4) identification of and possible agreement to factual issues; and
(5) scheduling and any other matter that will aid in the proper and fair functioning of the hearing.

B. The appeals examiner shall make a record or otherwise contemporaneously summarize the prehearing conference in writing, which shall be sent to:

(1) the parties; and
(2) the party's attorney or representative.

A. The chief appeals examiner shall remove an appeals examiner from any case where the appeals examiner believes that presiding over the case would create the appearance of unfairness or impropriety. No appeals examiner may hear any case where any of the parties to the appeal are related to the appeals examiner by blood or marriage. An appeals examiner must not hear any case if the appeals examiner has a financial or personal interest in the outcome. An appeals examiner having knowledge of such a relationship or interest must immediately notify the chief appeals examiner and be removed from the case.

B. A party may move for the removal of an appeals examiner by written application of the party together with a statement of the basis for removal. Upon the motion of the party, the chief appeals examiner must decide whether the appeals examiner may hear the particular case.

Subp. 15. Status of eligibility and benefits pending appeal.

A. In appeals involving a redetermination of an appellant's eligibility, the appellant shall continue at the level of eligibility and benefits before the redetermination being appealed only if the appellant affirmatively elects to receive them during the appeal.

B. The appeal type, as specified in subpart 1, item A, determines what eligibility and benefits are available to be continued pending appeal. The availability of a continuation of eligibility and benefits is only available for appellants under subpart 1, item A, subitems (1) and (2). If appealing eligibility for advanced payments of premium tax credits and/or cost-sharing reductions, at issue is the amount of the advance payments of premium tax credits and/or cost-sharing reductions; and if appealing the eligibility to purchase a QHP through MNsure, at issue is the eligibility to purchase a QHP through MNsure.

C. Where an appellant continues at the level of eligibility before the redetermination being appealed and the appeal decision upholds the redetermination being appealed, the appellant is subject to reconciliation and repayment of any overpayment.

Subp. 16. Commencement and conduct of hearing.

A. The appeals examiner shall begin each hearing by describing the process to be followed in the hearing, including the swearing in of witnesses, how testimony and evidence are presented, the order of examining and cross-examining witnesses, and the opportunity for an opening statement and a closing statement. The appeals examiner shall identify for the parties the issues to be addressed at the hearing and shall explain to the parties the burden of proof that applies to the appellant and the agency. The appeals examiner shall confirm, prior to proceeding with the hearing, that the appeal summary, if prepared, has been properly completed and provided to the parties, and that the parties have been provided documents and an opportunity to review the appeal record, as provided in this part.

B. The appeals examiner shall act in a fair and impartial manner at all times. At the beginning of the appeal hearing, the agency must designate one person as a representative who shall be responsible for presenting the agency's evidence and questioning any witnesses. The appeals examiner shall make sure that both the agency and the appellant are provided sufficient time to present testimony and evidence, to confront and cross-examine all adverse witnesses, and to make any relevant statement at the hearing. All testimony in the hearing will be taken under oath or affirmation. The appeals examiner shall make reasonable efforts to explain the appeal hearing process to unrepresented appellants and shall ensure that the hearing is conducted fairly and efficiently. Upon the reasonable request of the appellant or the agency or at the discretion of the appeals examiner, the appeals examiner shall direct witnesses to remain outside the hearing room, except during individual testimony, when the appeals examiner determines that such action is appropriate to ensure a fair and impartial hearing. The appeals examiner shall not terminate the hearing before affording the appellant and the agency a complete opportunity to submit all admissible evidence and reasonable opportunity for oral or written statement. In the event that an appeal hearing extends beyond the time allotted, the appeal hearing shall be continued from day to day until completion. Appeal hearings that have been continued shall be timely scheduled to minimize delay in the disposition of the appeal.
C. The appeal hearing shall be a de novo review and shall address the correctness and legality of the agency's action and shall not be limited simply to a review of the propriety of the agency's action. The appellant may raise and present evidence on all legal claims or defenses arising under state or federal law as a basis for the appeal, excluding any constitutional claims that are beyond the jurisdiction of the appeal hearing. The appeals examiner may take official notice of adjudicative facts.

D. The burden of persuasion is governed by specific state or federal law and regulations that apply to the subject of the hearing. Unless otherwise required by specific state or federal laws that apply to the subject of the appeal, the appellant carries the burden to persuade the appeals examiner that a claim is true and must demonstrate such by a preponderance of the evidence.

E. The appeals examiner shall accept all evidence, except evidence privileged by law, that is commonly accepted by reasonable people in the conduct of their affairs as having probative value on the issues to be addressed at the appeal hearing. The appeals examiner shall ensure for all cases that the appeal record is sufficiently complete to make a fair and accurate decision.

F. The agency must present its evidence prior to or at the appeal hearing. The agency shall not be permitted to submit evidence after the hearing except by agreement at the hearing between the appellant, the agency, and the appeals examiner. If evidence is submitted after the appeal hearing, based on an agreement, the appellant and the agency must be allowed sufficient opportunity to respond to the evidence. When determined necessary by the appeals examiner, the appeal record shall remain open to permit an appellant to submit additional evidence on the issues presented at the appeal hearing.

Subp. 17. Orders of the MNsure board.

A. A timely, written decision must be issued in every appeal. Each decision must contain a clear ruling on the issues presented in the appeal hearing and contain a ruling only on questions directly presented by the appeal and the arguments raised in the appeal.

B. A written decision must be issued within 90 days of the date the appeal is received, as administratively feasible, unless a shorter time is required by law.

C. The decision must contain both findings of fact and conclusions of law, clearly separated and identified. The findings of fact must be based on the entire appeal record. Each finding of fact made by the appeals examiner shall be supported by a preponderance of the evidence unless a different standard is required by law. The legal claims or arguments of a participant do not constitute either a finding of fact or a conclusion of law, except to the extent the appeals examiner explicitly adopts an argument as a finding of fact or conclusion of law.

D. The decision shall contain at least the following:

   1. a listing of the date and place of the appeal hearing and the parties and persons appearing at the appeal hearing;
   2. a clear and precise statement of the issues, including the dispute that is the subject of the appeal and the specific points that must be resolved in order to decide the case;
   3. a listing of each of the materials constituting the appeal record that were placed into evidence at the appeal hearing, and upon which the appeal hearing decision is based;
   4. the findings of fact based upon the entire appeal record. The findings of fact must be adequate to inform the parties and the public of the basis of the decision. If the evidence is in conflict on an issue that must be resolved, the findings of fact must state the reasoning used in resolving the conflict;
   5. conclusions of law that address the legal authority for the appeal hearing and the ruling, and which give appropriate attention to the claims of the parties;
   6. a clear and precise statement of the decision made resolving the dispute that is the subject of the appeal, including the effective date of the decision; and
   7. written notice of any existing right to appeal, including taking an appeal to the United States Department of Health and Human Services and identifying the time frame for an appeal and that the decision is final unless appealed.

E. The appeals examiner shall not independently investigate facts or otherwise rely on information not presented at the appeal hearing. The appeals examiner may not contact other agency personnel, except as provided in subpart 16. The appeals examiner's recommended decision must be based exclusively on the testimony and evidence presented at the appeal hearing, legal arguments presented, and the appeals examiner's research and knowledge of the law.

F. The MNsure board shall review the recommended decision and accept or refuse to accept the decision. The MNsure board may accept the recommended order of an appeals
examiner and issue the order to the parties or may refuse to accept the decision. Upon refusal, 
the MNsure board shall notify the parties of the refusal, state the reasons, and allow each party 
ten days to submit additional written argument on the matter. After the expiration of the ten-day 
period, the MNsure board shall issue an order on the matter to the parties. Refusal of the MNsure 
board to accept a decision must not delay the 90-day time limit to issue a decision.

Subp. 18. Public access to hearings and decisions. Appeal decisions must be maintained 
in a manner so that the public has ready access to previous decisions on particular topics, subject 
to appropriate procedures for compliance with applicable state and federal laws regarding the 
privacy, confidentiality, and disclosure, of personally identifiable information. Appeal hearings 
conducted under this part are not open to the public due to the not public classification of the 
information provided for inclusion in the appeal record.

Subp. 19. Administrative review.

A. Administrative review by the United States Department of Health and Human Services 
may be available for parties aggrieved by an order of the MNsure board.

B. An appeal under this part must be filed with the United States Department of Health 
and Human Services and MNsure within 30 days of the date of the appeal decision according to 
the process required under the applicable federal regulations.

Subp. 20. Judicial review. An appellant may seek judicial review to the extent it is 
available by law.
