Subd. 2a. **Wetland boundary or type determination.** (a) A landowner may apply for a wetland boundary or type determination from the local government unit. The landowner applying for the determination is responsible for submitting proof necessary to make the determination, including, but not limited to, wetland delineation field data, observation well data, topographic mapping, survey mapping, and information regarding soils, vegetation, hydrology, and groundwater both within and outside of the proposed wetland boundary.

(b) A local government unit that receives an application under paragraph (a) may seek the advice of the Technical Evaluation Panel as described in subdivision 2, and, if necessary, expand the Technical Evaluation Panel. The local government unit may delegate the decision authority for wetland boundary or type determinations to designated staff, or establish other procedures it considers appropriate.

(c) The local government unit decision must be made in compliance with section 15.99. Within ten calendar days of the decision, the local government unit decision must be mailed to the landowner, members of the Technical Evaluation Panel, the watershed district or watershed management organization, if one exists, and individual members of the public who request a copy.

~~(d) Appeals of decisions made by designated local government staff must be made to the local government unit. Notwithstanding any law to the contrary, A ruling on an appeal must be made by the local government unit within 30 days from the date of the filing of the appeal.~~

~~(e)~~ The local government unit decision is valid for three years unless the Technical Evaluation Panel determines that natural or artificial changes to the hydrology, vegetation, or soils of the area have been sufficient to alter the wetland boundary or type.

Sec. 2. Minnesota Statutes 2008, section 103G.2242, is amended by adding a subdivision to read:

Subd. 8a. **Local appeals.** Appeals of decisions made by designated local government staff must be made to the local government unit. Ruling on an appeal must be made by the local government unit within 45 days from the date of the receipt of the appeal. The local government unit may extend the time period for making a ruling on the appeal up to an additional 30 days when necessary to allow for review of new evidence submitted during the appeal process. The extension must be initiated prior to the end of the 45-day period by providing written notice of the extension to the appellant. These time periods are in addition to the time periods provided in section 15.99.

Sec. 3. Minnesota Statutes 2008, section 103G.2242, subdivision 9, is amended to read:

Subd. 9. ~~**Appeal**~~ **Appeals to the board.** (a) Appeal of a replacement plan, sequencing exemption, wetland banking, wetland boundary or type determination, or no-loss decision, ~~or restoration order~~ may be obtained by mailing a petition and payment of a filing fee, which shall be retained by the board to defray administrative costs, to the board within 30 days after the postmarked date of the mailing specified in subdivision 7. If appeal is not sought within 30 days, the decision becomes final. If the petition for hearing is accepted, the amount posted must be returned to the petitioner. Appeal may be made by:

(1) the wetland owner;

(2) any of those to whom notice is required to be mailed under subdivision 7; or

(3) 100 residents of the county in which a majority of the wetland is located.

(b) Within 30 days after receiving a petition, the board shall decide whether to grant the petition and hear the appeal. The board shall grant the petition unless the board finds that:

(1) the appeal is meritless, trivial, or brought solely for the purposes of delay;

(2) the petitioner has not exhausted all local administrative remedies;

(3) expanded technical review is needed;

(4) the local government unit's record is not adequate; ~~or~~

(5) upon review of the local government unit's record, the decision made by the local government unit would be upheld if based on a reasonable interpretation and application of the rules; or

~~(5)~~ (6) the petitioner has not posted a letter of credit, cashier's check, or cash if required by the local government unit.

(c) In determining whether to grant the appeal, the board shall also consider the size of the wetland, other factors in controversy, any patterns of similar acts by the local government unit or petitioner, and the consequences of the delay resulting from the appeal.

(d) All appeals must be heard by the committee for dispute resolution of the board, and a decision made within 60 days of filing the local government unit's record and the written briefs submitted for the appeal. The decision must be served by mail on the parties to the appeal, and is not subject to the provisions of chapter 14. A decision whether to grant a petition for appeal and a decision on the merits of an appeal must be considered the decision of an agency in a contested case for purposes of judicial review under sections 14.63 to 14.69.

(e) Notwithstanding any law to the contrary, a landowner or other responsible party may appeal a restoration or replacement order within 30 days of receipt of written notice of the order. ~~(e)~~ (f) Notwithstanding section 16A.1283, the board shall establish a fee schedule to defray the administrative costs of appeals made to the board under this subdivision. Fees established under this authority shall not exceed \$1,000. Establishment of the fee is not subject to the rulemaking process of chapter 14 and section 14.386 does not apply.
