

A bill for an act

relating to health; requiring the commissioner to provide certain registry and surveillance information to the public; proposing coding for new law in Minnesota Statutes, chapter 144.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. **[144.0507] REGISTRIES AND SURVEILLANCE SYSTEMS.**

The commissioner shall post on agency Web sites the number of individuals for which the commissioner has data that has been collected for each of the following registries and surveillance systems:

(1) birth defects registry;

(2) immunization registry;

(3) newborn screening database and registry;

(4) vital statistics;

(5) hospital discharges;

(6) asthma surveillance system; and

(7) diabetes surveillance system.

The commissioner shall provide on agency Web sites information that states for which of these registries and surveillance systems individuals must provide data and for which individuals may, but are not required to, provide data. Agency Web sites must also include information on the annual cost of each of these registries and surveillance systems.
