ARTICLE 1

GENERAL EDUCATION

Section 1. Minnesota Statutes 2012, section 120A.20, subdivision 1, is amended to read:

Subdivision 1. Age limitations; pupils. (a) All schools supported in whole or in part by state funds are public schools. Admission to a public school is free to any person who: (1) resides within the district that operates the school; (2) is under 21 years of age or who meets the requirements of paragraph (c); and (3) satisfies the minimum age requirements imposed by this section. Notwithstanding the provisions of any law to the contrary, the conduct of all students under 21 years of age attending a public secondary school is governed by a single set of reasonable rules and regulations promulgated by the school board.

(b) A person shall not be admitted to a public school (1) as a kindergarten pupil, unless the pupil is at least five years of age on September 1 of the calendar year in which the school year for which the pupil seeks admission commences; or (2) as a 1st grade student, unless the pupil is at least six years of age on September 1 of the calendar year in which the school year for which the pupil seeks admission commences or has completed kindergarten; except that any school board may establish a policy for admission of selected pupils at an earlier age under section 124D.02.

(c) A pupil who becomes age 21 after enrollment is eligible for continued free public school enrollment until at least one of the following occurs: (1) the first September 1 after the pupil's 21st birthday; (2) the pupil's completion of the graduation requirements; (3) the pupil's withdrawal with no subsequent enrollment within 21 calendar days; or (4) the end of the school year.
Sec. 2. Minnesota Statutes 2012, section 120A.41, is amended to read:

**120A.41 LENGTH OF SCHOOL YEAR; HOURS OF INSTRUCTION.**

A school board's annual school calendar must include at least 850 hours of instruction for a kindergarten student without a disability in an all-day every day kindergarten program, at least 425 hours of instruction for a kindergarten student without a disability in a kindergarten program that is not all-day every day, 935 hours of instruction for a student in grades 1 though 6, and 1,020 hours of instruction for a student in grades 7 though 12, not including summer school. Nothing in this section permits a school district to adopt. A school board's annual calendar must include at least 165 days of instruction for a student in grades 1 through 11 unless a four-day week schedule has been approved by the commissioner under section 124D.126.

Sec. 3. Minnesota Statutes 2012, section 123B.41, subdivision 7, is amended to read:

Subd. 7. **Elementary pupils.** "Elementary pupils" means pupils in grades kindergarten through 6; provided, each kindergarten pupil in a half-day program shall be counted as one-half pupil for all computations pursuant to sections 123B.40 to 123B.42, and 123B.44 to 123B.48.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2015 and later.

Sec. 4. Minnesota Statutes 2012, section 123B.88, subdivision 22, is amended to read:

Subd. 22. **Postsecondary enrollment options pupils.** Districts may provide bus transportation along school bus routes when space is available, for pupils attending programs at a postsecondary institution under the postsecondary enrollment options program. The transportation is permitted only if it does not increase the district's expenditures for transportation. Fees collected for this service under section 123B.36, subdivision 1, paragraph (13), shall be subtracted from the authorized cost for nonregular transportation for the purpose of section 123B.92. A school district may provide transportation for a pupil participating in an articulated program operated under an agreement between the school district and the postsecondary institution.

Sec. 5. Minnesota Statutes 2012, section 123B.92, subdivision 1, is amended to read:

Subdivision 1. **Definitions.** For purposes of this section and section 125A.76, the terms defined in this subdivision have the meanings given to them.
(a) "Actual expenditure per pupil transported in the regular and excess transportation categories" means the quotient obtained by dividing:

(1) the sum of:

(i) all expenditures for transportation in the regular category, as defined in paragraph (b), clause (1), and the excess category, as defined in paragraph (b), clause (2), plus

(ii) an amount equal to one year's depreciation on the district's school bus fleet and mobile units computed on a straight line basis at the rate of 15 percent per year for districts operating a program under section 124D.128 for grades 1 to 12 for all students in the district and 12-1/2 percent per year for other districts of the cost of the fleet, plus

(iii) an amount equal to one year's depreciation on the district's type III vehicles, as defined in section 169.011, subdivision 71, which must be used a majority of the time for pupil transportation purposes, computed on a straight line basis at the rate of 20 percent per year of the cost of the type three school buses by:

(2) the number of pupils eligible for transportation in the regular category, as defined in paragraph (b), clause (1), and the excess category, as defined in paragraph (b), clause (2).

(b) "Transportation category" means a category of transportation service provided to pupils as follows:

(1) Regular transportation is:

(i) transportation to and from school during the regular school year for resident elementary pupils residing one mile or more from the public or nonpublic school they attend, and resident secondary pupils residing two miles or more from the public or nonpublic school they attend, excluding desegregation transportation and noon kindergarten transportation; but with respect to transportation of pupils to and from nonpublic schools, only to the extent permitted by sections 123B.84 to 123B.87;

(ii) transportation of resident pupils to and from language immersion programs;

(iii) transportation of a pupil who is a custodial parent and that pupil's child between the pupil's home and the child care provider and between the provider and the school, if the home and provider are within the attendance area of the school;

(iv) transportation to and from or board and lodging in another district, of resident pupils of a district without a secondary school; and

(v) transportation to and from school during the regular school year required under subdivision 3 for nonresident elementary pupils when the distance from the attendance area border to the public school is one mile or more, and for nonresident secondary pupils when the distance from the attendance area border to the public school is two miles or more, excluding desegregation transportation and noon kindergarten transportation.
For the purposes of this paragraph, a district may designate a licensed day care facility, school day care facility, respite care facility, the residence of a relative, or the residence of a person or other location chosen by the pupil's parent or guardian, or an after-school program for children operated by a political subdivision of the state, as the home of a pupil for part or all of the day, if requested by the pupil's parent or guardian, and if that facility, residence, or program is within the attendance area of the school the pupil attends.

(2) Excess transportation is:

(i) transportation to and from school during the regular school year for resident secondary pupils residing at least one mile but less than two miles from the public or nonpublic school they attend, and transportation to and from school for resident pupils residing less than one mile from school who are transported because of full-service school zones, extraordinary traffic, drug, or crime hazards; and

(ii) transportation to and from school during the regular school year required under subdivision 3 for nonresident secondary pupils when the distance from the attendance area border to the school is at least one mile but less than two miles from the public school they attend, and for nonresident pupils when the distance from the attendance area border to the school is less than one mile from the school and who are transported because of full-service school zones, extraordinary traffic, drug, or crime hazards.

(3) Desegregation transportation is transportation within and outside of the district during the regular school year of pupils to and from schools located outside their normal attendance areas under a plan for desegregation mandated by the commissioner or under court order.

(4) "Transportation services for pupils with disabilities" is:

(i) transportation of pupils with disabilities who cannot be transported on a regular school bus between home or a respite care facility and school;

(ii) necessary transportation of pupils with disabilities from home or from school to other buildings, including centers such as developmental achievement centers, hospitals, and treatment centers where special instruction or services required by sections 125A.03 to 125A.24, 125A.26 to 125A.48, and 125A.65 are provided, within or outside the district where services are provided;

(iii) necessary transportation for resident pupils with disabilities required by sections 125A.12, and 125A.26 to 125A.48;

(iv) board and lodging for pupils with disabilities in a district maintaining special classes;

(v) transportation from one educational facility to another within the district for resident pupils enrolled on a shared-time basis in educational programs, and necessary
transportation required by sections 125A.18, and 125A.26 to 125A.48, for resident pupils
with disabilities who are provided special instruction and services on a shared-time basis
or if resident pupils are not transported, the costs of necessary travel between public
and private schools or neutral instructional sites by essential personnel employed by the
district's program for children with a disability;

(vi) transportation for resident pupils with disabilities to and from board and lodging
facilities when the pupil is boarded and lodged for educational purposes;

(vii) transportation of pupils for a curricular field trip activity on a school bus

equipped with a power lift when the power lift is required by a student's disability or
section 504 plan; and

(viii) services described in clauses (i) to (vii), when provided for pupils with
disabilities in conjunction with a summer instructional program that relates to the
pupil's individualized education program or in conjunction with a learning year program
established under section 124D.128.

For purposes of computing special education initial aid under section 125A.76,
subdivision 2 and 2a, the cost of providing transportation for children with
disabilities includes (A) the additional cost of transporting a homeless student from a
temporary nonshelter home in another district to the school of origin, or a formerly
homeless student from a permanent home in another district to the school of origin but
only through the end of the academic year; and (B) depreciation on district-owned school
buses purchased after July 1, 2005, and used primarily for transportation of pupils with
disabilities, calculated according to paragraph (a), clauses (ii) and (iii). Depreciation
costs included in the disabled transportation category must be excluded in calculating the
actual expenditure per pupil transported in the regular and excess transportation categories
according to paragraph (a). For purposes of subitem (A), a school district may transport
a child who does not have a school of origin to the same school attended by that child's
sibling, if the siblings are homeless.

(5) "Nonpublic nonregular transportation" is:

(i) transportation from one educational facility to another within the district for
resident pupils enrolled on a shared-time basis in educational programs, excluding
transportation for nonpublic pupils with disabilities under clause (4);

(ii) transportation within district boundaries between a nonpublic school and a
public school or a neutral site for nonpublic school pupils who are provided pupil support
services pursuant to section 123B.44; and

(iii) late transportation home from school or between schools within a district for
nonpublic school pupils involved in after-school activities.
(c) "Mobile unit" means a vehicle or trailer designed to provide facilities for educational programs and services, including diagnostic testing, guidance and counseling services, and health services. A mobile unit located off nonpublic school premises is a neutral site as defined in section 123B.41, subdivision 13.

**EFFECTIVE DATE.** This section is effective July 1, 2013.

Sec. 6. Minnesota Statutes 2012, section 123B.92, subdivision 5, is amended to read:

Subd. 5. **District reports.** (a) Each district must report data to the department as required by the department to account for transportation expenditures.

(b) Salaries and fringe benefits of district employees whose primary duties are other than transportation, including central office administrators and staff, building administrators and staff, teachers, social workers, school nurses, and instructional aides, must not be included in a district's transportation expenditures, except that a district may include salaries and benefits according to paragraph (c) for (1) an employee designated as the district transportation director, (2) an employee providing direct support to the transportation director, or (3) an employee providing direct transportation services such as a bus driver or bus aide.

(c) Salaries and fringe benefits of the district employees listed in paragraph (b), clauses (1), (2), and (3), who work part time in transportation and part time in other areas must not be included in a district's transportation expenditures unless the district maintains documentation of the employee's time spent on pupil transportation matters in the form and manner prescribed by the department.

(d) A school district that contracts for transportation service may allocate transportation expense to transportation categories based upon contract rates. Districts may only allocate transportation expense to transportation categories based upon contract rates if contract rates are reasonably consistent on a cost-per-hour, cost-per-mile, cost-per-route, or cost-per-student basis. In order to allocate transportation expense based upon contract rates, a school district, if audited, must be able to demonstrate to the auditor that variances in the application of transportation cost basis rates are appropriate.

(e) Pupil transportation expenditures, excluding expenditures for capital outlay, leased buses, student board and lodging, crossing guards, and aides on buses, must be allocated among transportation categories based on cost-per-mile or cost-per-student regardless of whether the transportation services are provided on district-owned or contractor-owned school buses. Expenditures for school bus driver salaries and fringe benefits may either be directly charged to the appropriate transportation category or may be allocated among transportation categories based on cost-per-mile or cost-per-student.
Expenditures by private contractors or individuals who provide transportation exclusively in one transportation category must be charged directly to the appropriate transportation category. Transportation services provided by contractor-owned school bus companies incorporated under different names but owned by the same individual or group of individuals must be treated as the same company for cost allocation purposes.

(e) Notwithstanding paragraph (d), districts contracting for transportation services are exempt from the standard cost allocation method for authorized and nonauthorized transportation categories if the district: (1) bids its contracts separately for authorized and nonauthorized transportation categories and for special transportation separate from regular and excess transportation; (2) receives bids or quotes from more than one vendor for these transportation categories; and (3) the district's cost per mile does not vary more than ten percent among categories, excluding salaries and fringe benefits of bus aides. If the costs reported by the district for contractor-owned operations vary by more than ten percent among categories, the department shall require the district to reallocate its transportation costs, excluding salaries and fringe benefits of bus aides, among all categories.

EFFECTIVE DATE. This section is effective for revenue for fiscal year 2014 and later.

Sec. 7. Minnesota Statutes 2012, section 124D.02, subdivision 1, is amended to read:

Subdivision 1. Kindergarten instruction. The board may establish and maintain one or more kindergartens for the instruction of children and after July 1, 1974, shall provide kindergarten instruction for all eligible children, either in the district or in another district. All children to be eligible for kindergarten must be at least five years of age on September 1 of the calendar year in which the school year commences. In addition all children selected under an early admissions policy established by the school board may be admitted. If established, a board-adopted early admissions policy must describe the process and procedures for comprehensive evaluation in cognitive, social, and emotional developmental domains to help determine the child's ability to meet kindergarten grade expectations and progress to first grade in the subsequent year. The comprehensive evaluation must use valid and reliable instrumentation, be aligned with state kindergarten expectations, and include a parent report and teacher observations of the child's knowledge, skills, and abilities. The early admissions policy must be made available to parents in an accessible format and is subject to review by the commissioner of education. The evaluation is subject to section 127A.41. Nothing in this section shall prohibit a school district from establishing Head Start, prekindergarten, or nursery school classes for children below kindergarten age. Any school board with evidence that...
providing kindergarten will cause an extraordinary hardship on the school district may apply to the commissioner of education for an exception.

Sec. 8. Minnesota Statutes 2012, section 124D.128, subdivision 2, is amended to read:

Subd. 2. **Commissioner designation.** (a) A state-approved alternative program designated by the state must be a site. A state-approved alternative program must provide services to students who meet the criteria in section 124D.68 and who are enrolled in:

(1) a district that is served by the state-approved alternative program; or

(2) a charter school located within the geographic boundaries of a district that is served by the state-approved alternative program.

(b) A school district or charter school may be approved biennially by the state to provide additional instructional programming that results in grade level acceleration. The program must be designed so that students make grade progress during the school year and graduate prior to the students' peers.

(e) (b) To be designated, a district, charter school, or state-approved alternative program must demonstrate to the commissioner that it will:

(1) provide a program of instruction that permits pupils to receive instruction throughout the entire year; and

(2) develop and maintain a separate record system that, for purposes of section 126C.05, permits identification of membership attributable to pupils participating in the program. The record system and identification must ensure that the program will not have the effect of increasing the total average daily membership attributable to an individual pupil as a result of a learning year program. The record system must include the date the pupil originally enrolled in a learning year program, the pupil's grade level, the date of each grade promotion, the average daily membership generated in each grade level, the number of credits or standards earned, and the number needed to graduate.

(c) A student who has not completed a school district's graduation requirements may continue to enroll in courses the student must complete in order to graduate until the student satisfies the district's graduation requirements or the student is 21 years old, whichever comes first.

Sec. 9. Minnesota Statutes 2012, section 124D.4531, subdivision 1, is amended to read:

Subdivision 1. **Career and technical levy.** (a) A district with a career and technical program approved under this section for the fiscal year in which the levy is certified may levy an amount equal to 35 percent of approved expenditures in the fiscal year in which the levy is certified for the following:
(1) salaries paid to essential, licensed personnel providing direct instructional services to students in that fiscal year, including extended contracts, for services rendered in the district's approved career and technical education programs, excluding salaries reimbursed by another school district under clause (2);

(2) amounts paid to another Minnesota school district for salaries of essential, licensed personnel providing direct instructional services to students in that fiscal year for services rendered in the district's approved career and technical education programs;

(2) (3) contracted services provided by a public or private agency other than a Minnesota school district or cooperative center under subdivision 7;

(3) (4) necessary travel between instructional sites by licensed career and technical education personnel;

(4) (5) necessary travel by licensed career and technical education personnel for vocational student organization activities held within the state for instructional purposes;

(5) (6) curriculum development activities that are part of a five-year plan for improvement based on program assessment;

(6) (7) necessary travel by licensed career and technical education personnel for noncollegiate credit-bearing professional development; and

(7) (8) specialized vocational instructional supplies.

(b) Up to ten percent of a district's career and technical levy may be spent on equipment purchases. Districts using the career and technical levy for equipment purchases must report to the department on the improved learning opportunities for students that result from the investment in equipment.

(c) The district must recognize the full amount of this levy as revenue for the fiscal year in which it is certified.

(d) The amount of the levy certified under this subdivision may not exceed $17,850,000 for taxes payable in 2012, $15,520,000 for taxes payable in 2013, and $15,393,000 for taxes payable in 2014.

(e) If the estimated levy exceeds the amount in paragraph (d), the commissioner must reduce the percentage in paragraph (a), clause (2), until the estimated levy no longer exceeds the limit in paragraph (d).

Sec. 10. Minnesota Statutes 2012, section 126C.01, is amended by adding a subdivision to read:

Subd. 3a. **Referendum market value equalizing factor.** The referendum market value equalizing factor equals the quotient derived by dividing the total referendum market...
value of all school districts in the state for the year before the year the levy is certified by

the total number of resident marginal cost pupil units in the state for the current school year.

**EFFECTIVE DATE.** This section is effective for taxes payable in 2014 and later.

Sec. 11. Minnesota Statutes 2012, section 126C.05, subdivision 1, is amended to read:

Subdivision 1. **Pupil unit.** Pupil units for each Minnesota resident pupil under the

age of 21 or who meets the requirements of section 120A.20, subdivision 1, paragraph (c),

in average daily membership enrolled in the district of residence, in another district under

sections 123A.05 to 123A.08, 124D.03, 124D.08, or 124D.68; in a charter school under

section 124D.10; or for whom the resident district pays tuition under section 123A.18,

123A.22, 123A.30, 123A.32, 123A.44, 123A.488, 123B.88, subdivision 4, 124D.04,

124D.05, 125A.03 to 125A.24, 125A.51, or 125A.65, shall be counted according to this

subdivision.

(a) A prekindergarten pupil with a disability who is enrolled in a program approved

by the commissioner and has an individualized education program is counted as the ratio

of the number of hours of assessment and education service to 825 times 1.25 with a

minimum average daily membership of 0.28, but not more than 1.25 pupil units.

(b) A prekindergarten pupil who is assessed but determined not to be disabled is

counted as the ratio of the number of hours of assessment service to 825 times 1.25.

(c) A kindergarten pupil with a disability who is enrolled in a program approved

by the commissioner is counted as the ratio of the number of hours of assessment and

education services required in the fiscal year by the pupil's individualized education

program to 875, but not more than one.

(d) A kindergarten pupil who is not included in paragraph (c) is counted as .612

pupil units if the pupil is enrolled in a free all-day, every day kindergarten program

available to all kindergarten pupils at the pupil's school, or is counted as .612 pupil units,

if the pupil is not enrolled in a free all-day, every day kindergarten program available to all

kindergarten pupils at the pupil's school. The annual school calendar for a kindergarten

program established by the school board under section 120A.02 must include at least 850

hours of instruction for a kindergarten pupil to be counted as 1.0 pupil units.

(e) A pupil who is in any of grades 1 to 3 is counted as 1.115 pupil units for fiscal

year 2000 and thereafter.

(f) A pupil who is in any of grades 4 to 6 is counted as 1.06 pupil units for fiscal

year 1995 and thereafter.

(g) A pupil who is in any of grades 7 to 12 is counted as 1.3 pupil units.
(h) A pupil who is in the postsecondary enrollment options program is counted as 1.3 pupil units.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2015 and later.

Sec. 12. Minnesota Statutes 2012, section 126C.05, subdivision 15, is amended to read:

Subd. 15. Learning year pupil units. (a) When a pupil is enrolled in a learning year program under section 124D.128, an area learning center or an alternative learning program approved by the commissioner under sections 123A.05 and 123A.06, or a contract alternative program under section 124D.68, subdivision 3, paragraph (d), or subdivision 3a, for more than 1,020 hours in a school year for a secondary student, more than 935 hours in a school year for an elementary student, more than 850 hours in a school year for a kindergarten student without a disability in a full-day kindergarten program, or more than 425 hours in a school year for a half-day kindergarten student without a disability, that pupil may be counted as more than one pupil in average daily membership for purposes of section 126C.10, subdivision 2a. The amount in excess of one pupil must be determined by the ratio of the number of hours of instruction provided to that pupil in excess of: (i) the greater of 1,020 hours or the number of hours required for a full-time secondary pupil in the district to 1,020 for a secondary pupil; (ii) the greater of 935 hours or the number of hours required for a full-time elementary pupil in the district to 935 for an elementary pupil in grades 1 through 6; and (iii) the greater of 425 hours or the number of hours required for a full-time kindergarten student without a disability in the district to 425 for a kindergarten student without a disability; and (iv) the greater of 425 hours or the number of hours required for a half-time kindergarten student without a disability in the district to 425 for a half-day kindergarten student without a disability. Hours that occur after the close of the instructional year in June shall be attributable to the following fiscal year. A kindergarten student must not be counted as more than 1.2 pupils in average daily membership under this subdivision. A student in kindergarten or grades 1 through 12 must not be counted as more than 1.2 pupils in average daily membership under this subdivision.

(b)(i) To receive general education revenue for a pupil in an area learning center or alternative learning program that has an independent study component, a district must meet the requirements in this paragraph. The district must develop, for the pupil, a continual learning plan consistent with section 124D.128, subdivision 3. Each school district that has an area learning center or alternative learning program must reserve revenue in an amount equal to at least 90 percent of the district average general education revenue per pupil unit, minus an amount equal to the product of the formula allowance...
according to section 126C.10, subdivision 2, times .0485, calculated without basic skills
and transportation sparsity revenue, times the number of pupil units generated by students
attending an area learning center or alternative learning program. The amount of reserved
revenue available under this subdivision may only be spent for program costs associated
with the area learning center or alternative learning program. Basic skills revenue

education revenue and referendum equalization aid per adjusted pupil unit.

c) For fiscal year 2007 and later, special education aid paid to a resident district must
be reduced by an amount equal to For purposes of this subdivision, the "unreimbursed
cost of providing special education and services" means the difference between: (1) the
actual cost of providing special instruction and services, including special transportation
and unreimbursed building lease and debt service costs for facilities used primarily for
special education, for a pupil with a disability, as defined in section 125A.02, or a pupil, as
defined in section 125A.51, who is enrolled in a program listed in this subdivision, minus
(2) if the pupil receives special instruction and services outside the regular classroom for
more than 60 percent of the school day, the amount of general education revenue and
referendum equalization aid attributable to that pupil for the portion of time the pupil
receives special instruction and services outside of the regular classroom, excluding
portions attributable to district and school administration, district support services,
operations and maintenance, capital expenditures, and pupil transportation, minus (3)
special education aid under section 125A.76 attributable to that pupil, that is received by
the district providing special instruction and services. For purposes of this paragraph,
general education revenue and referendum equalization aid attributable to a pupil must be
calculated using the serving district's average general education revenue and referendum
equalization aid per adjusted pupil unit.

d) For fiscal year 2015 and later, special education aid paid to a resident district
must be reduced by an amount equal to 90 percent of the unreimbursed cost of providing
special education and services.

g) Notwithstanding paragraph (f), special education aid paid to a resident district
must be reduced by an amount equal to 100 percent of the unreimbursed cost of special
education and services provided to students at an intermediate district, cooperative, or
charter school where the percent of students eligible for special education services is at
least 70 percent of the charter school's total enrollment.

h) Special education aid paid to the district or cooperative providing special
instruction and services for the pupil, or to the fiscal agent district for a cooperative,
must be increased by the amount of the reduction in the aid paid to the resident district
under paragraphs (f) and (g). If the resident district's special education aid is insufficient
to make the full adjustment, the remaining adjustment shall be made to other state aids
due to the district.

i) An area learning center operated by a service cooperative, intermediate
district, education district, or a joint powers cooperative may elect through the action of
the constituent boards to charge the resident district tuition for pupils rather than to have
the general education revenue paid to a fiscal agent school district. Except as provided in
paragraph (d) or (e) (f) or (g), the district of residence must pay tuition equal to at least 90
percent of the district average general education revenue per pupil unit minus an amount
equal to the product of the formula allowance according to section 126C.10, subdivision
2, times .0485, calculated without compensatory revenue and transportation sparsity
revenue, times the number of pupil units for pupils attending the area learning center.

and later.

For students enrolled in grade 8 before the 2005-2006 school year, Minnesota basic skills tests in reading, mathematics, and writing shall fulfill students' basic skills testing requirements for a passing state notation. The passing scores of basic skills tests in reading and mathematics are the equivalent of 75 percent correct for students entering grade 9 based on the first uniform test administered in February 1998. Students who have not successfully passed a Minnesota basic skills test by the end of the 2011-2012 school year must pass the graduation required assessments for diploma under paragraph (c), except that for the 2012-2013 and 2013-2014 school years only, these students may satisfy the state's graduation test requirement for math by complying with paragraph (d), clauses (1) and (2). For students enrolled in grade 8 in the 2005-2006 through 2012-2013 school years, students' state graduation requirements include the requirements under: (i) section 120B.128, paragraph (c); (ii) paragraph (c); or (iii) Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraph (c), clauses (1) and (2).

(b) The state assessment system must be aligned to the most recent revision of academic standards as described in section 120B.023 in the following manner:

(1) mathematics;

(i) grades 3 through 8 beginning in the 2010-2011 school year; and

(ii) high school level beginning in the 2013-2014 school year;

(2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012 school year; and

(3) language arts and reading; grades 3 through 8 and high school level beginning in the 2012-2013 school year.
For students enrolled in grade 8 in the 2005-2006 2013-2014 school year and later, only the following options shall fulfill students' state graduation test requirements, based on a longitudinal, systematic approach to student education and career planning, assessment, instructional support, and evaluation, include the following:

1. for reading and mathematics:
   (i) obtaining an achievement level equivalent to or greater than proficient as determined through a standard setting process on the Minnesota comprehensive assessments in grade 10 for reading and grade 11 for mathematics or achieving a passing score as determined through a standard setting process on the graduation required assessment for diploma in grade 10 for reading and grade 11 for mathematics or subsequent retests;
   
   (ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in reading and the mathematics test for English learners or the graduation required assessment for diploma equivalent of those assessments for students designated as English learners;

   (iii) achieving an individual passing score on the graduation required assessment for diploma as determined by appropriate state guidelines for students with an individualized education program or 504 plan;

   (iv) obtaining achievement level equivalent to or greater than proficient as determined through a standard setting process on the state-identified alternate assessment or assessments in grade 10 for reading and grade 11 for mathematics for students with an individualized education program; or

   (v) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individualized education program; and

2. for writing:
   (i) achieving a passing score on the graduation required assessment for diploma;

   (ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in writing for students designated as English learners;

   (iii) achieving an individual passing score on the graduation required assessment for diploma as determined by appropriate state guidelines for students with an individualized education program or 504 plan; or

   (iv) achieving an individual passing score on the state-identified alternate assessment or assessments as determined by appropriate state guidelines for students with an individualized education program.
(1) attainment of required academic standards and career and college readiness benchmarks under section 120B.023 as demonstrated on a nationally normed college entrance exam, or taking a nationally recognized armed services vocational aptitude test at the election of the student;

(2) achievement and career and college readiness tests in mathematics, reading, and writing, consistent with paragraph (e) and, to the extent available, to monitor students' continuous development of and growth in requisite knowledge and skills; analyze students' progress and performance levels, identifying students' academic strengths and diagnosing areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and, based on analysis of students' progress and performance data, determine students' learning and instructional needs and the instructional tools and best practices that support academic rigor for the student; and

(3) consistent with this paragraph and section 120B.125, age-appropriate exploration and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment without need for postsecondary remediation.

Based on appropriate state guidelines, students with an individualized education program may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

Expectations of schools, districts, and the state for career or college readiness under this subdivision must be comparable in rigor, clarity of purpose, and rates of student completion. A student under clause (2) must receive targeted, relevant, academically rigorous, and resourced instruction, which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation. Consistent with sections 120B.13, 124D.09, 124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students.

Students are not required to achieve a specified score or level of proficiency on an assessment under this subdivision to graduate from high school.

(d) Students enrolled in grade 8 in any school year from the 2005-2006 school year to the 2009-2010 school year who do not pass the mathematics graduation required assessment for diploma under paragraph (c) are eligible to receive a high school diploma if they: 

Article 2 Sec. 9. 40
(1) complete with a passing score or grade all state and local coursework and credits required for graduation by the school board granting the students their diploma;

(2) participate in district prescribed academic remediation in mathematics; and

(3) fully participate in at least two retests of the mathematics GRAD test or until they pass the mathematics GRAD test, whichever comes first. To improve the secondary and postsecondary outcomes of all students, the alignment between secondary and postsecondary education programs and Minnesota’s workforce needs, and the efficiency and cost-effectiveness of secondary and postsecondary programs, the commissioner, after consulting with the chancellor of the Minnesota State Colleges and Universities and using a request for proposal process, shall contract for a series of assessments that are consistent with this subdivision, aligned with state academic standards, and include career and college readiness benchmarks. Mathematics, reading, and writing assessments for students in grades 8 and 10 must be predictive of and aligned with a nationally normed assessment for career and college readiness. This nationally recognized assessment must be a college entrance exam and given to students in grade 11 or 12. This series of assessments must include a college placement diagnostic exam and contain career exploration elements. Students in grade 11 or 12 may choose to take a nationally recognized armed services vocational aptitude test as an alternative to the college and career readiness entrance exam under this paragraph. The commissioner and the chancellor of the Minnesota State Colleges and Universities must collaborate in aligning instruction and assessments for adult basic education students to provide the students with diagnostic information about any targeted interventions they need so that they may seek postsecondary education or employment without need for postsecondary remediation.

(1) Districts and schools, on an annual basis, must use the career exploration elements in these assessments to help students, beginning no later than grade 9, and their families explore and plan for postsecondary education or careers based on the students’ interests, aptitudes, and aspirations. Districts and schools must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students’ engagement in and connection to school, improve students’ knowledge and skills, and deepen students’ understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.

(2) Students who, based on their growth in academic achievement between grades 8 and 10, show adequate progress toward meeting state career and college readiness must
be given the college entrance exam part of these assessments in grade 11 or a nationally
recognized armed services vocational aptitude test. A student under this clause who
demonstrates attainment of required state academic standards, which include career and
college readiness benchmarks, on these assessments is academically ready for a career or
college and is encouraged to participate in courses and programs awarding college credit to
high school students. Such courses and programs may include sequential courses of study
within broad career areas and technical skill assessments that extend beyond course grades.
(3) All students in grade 11 not subject to clause (2) must be given the college
placement diagnostic exam so that the students, their families, the school, and the district
can use the results to diagnose areas for targeted instruction, intervention, or remediation
and improve students' knowledge and skills in core subjects sufficient for the student
to graduate and have a reasonable chance to succeed in a career or college without
remediation. These students must be given the college entrance exam part of these
assessments in grade 12 or a nationally recognized armed services vocational aptitude test.
(4) A student in clause (3) who demonstrates: (i) attainment of required state
academic standards, which include career and college readiness benchmarks, on these
assessments; (ii) attainment of career and college readiness benchmarks on the college
placement diagnostic part of these assessments; and, where applicable, (iii) successfully
completes targeted instruction, intervention, or remediation approved by the commissioner
and the chancellor of the Minnesota State Colleges and Universities after consulting with
local school officials and educators, is academically ready for a career or college and is
couraged to participate in courses and programs awarding college credit to high school
students. Such courses and programs may include sequential courses of study within
broad career areas and technical skill assessments that extend beyond course grades.
(5) A study to determine the alignment between these assessments and state
academic standards under this chapter must be conducted. Where alignment exists, the
commissioner must seek federal approval to, and immediately upon receiving approval,
replace the federally required assessments referenced under subdivision 1a and section
120B.35, subdivision 2, with assessments under this paragraph.
(e) In developing, supporting, and improving students' academic readiness for a
career or college, schools, districts, and the state must have a continuum of empirically
derived, clearly defined benchmarks focused on students' attainment of knowledge and
skills so that students, their parents, and teachers know how well students must perform to
have a reasonable chance to succeed in a career or college without need for postsecondary
remediation. The commissioner and Minnesota's public postsecondary institutions must
ensure that the foundational knowledge and skills for students' successful performance
in postsecondary employment or education and an articulated series of possible targeted interventions are clearly identified and satisfy Minnesota's postsecondary admissions requirements.

(f) A school, district, or charter school must place record on the high school transcript a student's current pass status for each subject that has a required graduation assessment progress toward career and college readiness.

In addition, (g) The school board granting the students their diplomas may formally decide to include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.

(e) (h) The 3rd through 8th 7th grade computer-adaptive assessment results and high school test results shall be available to districts for diagnostic purposes affecting student learning and district instruction and curriculum, and for establishing educational accountability. The commissioner must establish empirically derived benchmarks on adaptive assessments in grades 3 through 7 that reveal a trajectory toward career and college readiness. The commissioner must disseminate to the public the computer-adaptive assessments and high school test results upon receiving those results.

(f) (i) The 3rd through 8th grade grades 3 through 7 computer-adaptive assessments and high school tests must be aligned with state academic standards. The commissioner shall determine the testing process and the order of administration. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.

(g) In addition to the testing and reporting requirements under this section, (j) The commissioner shall include the following components in the statewide public reporting system:

1. uniform statewide testing computer-adaptive assessments of all students in grades 3 through 8 7 and testing at the high school level that provides appropriate, technically sound accommodations of alternate assessments;

2. educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;

3. state results on the American College Test; and

4. state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.
EFFECTIVE DATE. This section is effective the day following final enactment and applies to the 2013-2014 school year and later, except that paragraph (a) applies the day following final enactment and the requirements for using computer-adaptive mathematics and reading assessments for grades 3 through 7 apply in the 2015-2016 school year and later.

Sec. 10. Minnesota Statutes 2012, section 120B.30, subdivision 1a, is amended to read:

Subd. 1a. Statewide and local assessments; results. (a) For purposes of this section, the following definitions have the meanings given them.

(1) "Computer-adaptive assessments" means fully adaptive assessments.

(2) "Fully adaptive assessments" include test items that are on-grade level and items that may be above or below a student's grade level.

(3) "On-grade level" test items contain subject area content that is aligned to state academic standards for the grade level of the student taking the assessment.

(4) "Above-grade level" test items contain subject area content that is above the grade level of the student taking the assessment and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards above the grade level of the student taking the assessment. Notwithstanding the student's grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(5) "Below-grade level" test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards below the student's current grade level. Notwithstanding the student's grade level, administering below-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

(b) The commissioner must use fully adaptive mathematics and reading assessments for grades 3 through 7 beginning in the 2015-2016 school year and later.

(c) For purposes of conforming with existing federal educational accountability requirements, the commissioner must develop and implement computer-adaptive reading and mathematics assessments for grades 3 through 7, state-developed high school reading and mathematics tests aligned with state academic standards, and science assessments under clause (2) that districts and sites must use to monitor student growth toward achieving those standards. The commissioner must not develop statewide assessments for academic standards in social studies, health and physical education, and the arts. The commissioner must require:
(1) annual computer-adaptive reading and mathematics assessments in grades 3 through 8, and high school reading and mathematics tests; and

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life sciences assessment in the grades 9 through 12 span, and the commissioner must not require students to achieve a passing score on high school science assessments as a condition of receiving a high school diploma.

(d) The commissioner must ensure that for annual computer-adaptive assessments:

(1) individual student performance data and achievement reports are available within three school days of when students take an assessment;

(2) growth information is available for each student from the student's first assessment to each proximate assessment using a constant measurement scale;

(3) parents, teachers, and school administrators are able to use elementary and middle school student performance data to project students' secondary and postsecondary achievement; and

(4) useful diagnostic information about areas of students' academic strengths and weaknesses is available to teachers and school administrators for improving student instruction and indicating the specific skills and concepts that should be introduced and developed for students at given performance levels, organized by strands within subject areas, and aligned to state academic standards.

(b) (c) The commissioner must ensure that all statewide tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

(e) (f) Reporting of assessment results must:

(1) provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;

(2) include a value-added growth indicator of student achievement under section 120B.35, subdivision 3, paragraph (b); and

(i) for students enrolled in grade 8 before the 2005-2006 school year, determine whether students have met the state's basic skills requirements; and

(ii) for students enrolled in grade 8 in the 2005-2006 school year and later, determine whether students have met the state's academic standards.

(d) (g) Consistent with applicable federal law and subdivision 1, paragraph (d), clause (4), the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for English learners.
(e) (h) A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student proficiency progress toward career and college readiness in the context of the state's grade level academic standards. If a state assessment is not available, a school, school district, and charter school must determine locally if a student has met the required academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

EFFECTIVE DATE. This section is effective for the 2013-2014 school year and later except the requirements for using computer-adaptive mathematics and reading assessments for grades 3 through 7 apply in the 2015-2016 school year and later.

Sec. 11. Minnesota Statutes 2012, section 120B.31, subdivision 1, is amended to read:

Subdivision 1. Educational accountability and public reporting. Consistent with the direction to adopt statewide academic standards under section 120B.02, the department, in consultation with education and other system stakeholders, must establish a coordinated and comprehensive system of educational accountability and public reporting that promotes greater academic achievement, preparation for higher academic education, preparation for the world of work, citizenship under sections 120B.021, subdivision 1, clause (4), and 120B.024, paragraph (a), clause (4), and the arts.

Sec. 12. Minnesota Statutes 2012, section 120B.35, subdivision 3, is amended to read:

Subd. 3. State growth target; other state measures. (a) The state's educational assessment system measuring individual students' educational growth is based on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments.

(b) The commissioner, in consultation with a stakeholder group that includes assessment and evaluation directors and staff and researchers must implement a model that uses a value-added growth indicator and includes criteria for identifying schools and school districts that demonstrate medium and high growth under section 120B.299, subdivisions 8 and 9, and may recommend other value-added measures under section 120B.299, subdivision 3. The model may be used to advance educators' professional development and replicate programs that succeed in meeting students' diverse learning
47.1 needs. Data on individual teachers generated under the model are personnel data under
47.2 section 13.43. The model must allow users to:
47.3 (1) report student growth consistent with this paragraph; and
47.4 (2) for all student categories, report and compare aggregated and disaggregated state
47.5 growth data using the nine student categories identified under the federal 2001 No Child
47.6 Left Behind Act and two student gender categories of male and female, respectively,
47.7 following appropriate reporting practices to protect nonpublic student data.
47.8 The commissioner must report separate measures of student growth and proficiency,
47.9 consistent with this paragraph.
47.10 (c) When reporting student performance under section 120B.36, subdivision 1, the
47.11 commissioner annually, beginning July 1, 2011, must report two core measures indicating
47.12 the extent to which current high school graduates are being prepared for postsecondary
47.13 academic and career opportunities:
47.14 (1) a preparation measure indicating the number and percentage of high school
47.15 graduates in the most recent school year who completed course work important to
47.16 preparing them for postsecondary academic and career opportunities, consistent with
47.17 the core academic subjects required for admission to Minnesota's public colleges and
47.18 universities as determined by the Office of Higher Education under chapter 136A; and
47.19 (2) a rigorous coursework measure indicating the number and percentage of high
47.20 school graduates in the most recent school year who successfully completed one or more
47.21 college-level advanced placement, international baccalaureate, postsecondary enrollment
47.22 options including concurrent enrollment, other rigorous courses of study under section
47.23 120B.021, subdivision 1a, or industry certification courses or programs.
47.24 When reporting the core measures under clauses (1) and (2), the commissioner must also
47.25 analyze and report separate categories of information using the nine student categories
47.26 identified under the federal 2001 No Child Left Behind Act and two student gender
47.27 categories of male and female, respectively, following appropriate reporting practices to
47.28 protect nonpublic student data.
47.29 (d) When reporting student performance under section 120B.36, subdivision 1, the
47.30 commissioner annually, beginning July 1, 2014, must report summary data on school
47.31 safety and students' engagement and connection at school. The summary data under this
47.32 paragraph are separate from and must not be used for any purpose related to measuring
47.33 or evaluating the performance of classroom teachers. The commissioner, in consultation
47.34 with qualified experts on student engagement and connection and classroom teachers,
47.35 must identify highly reliable variables that generate summary data under this paragraph.
47.36 The summary data may be used at school, district, and state levels only. Any data on
individuals received, collected, or created that are used to generate the summary data
under this paragraph are nonpublic data under section 13.02, subdivision 9.

(e) For purposes of statewide educational accountability, the commissioner must
identify and report measures that demonstrate the success of school districts, school sites,
charter schools, and alternative program providers in improving the graduation outcomes
of students under this paragraph. When reporting student performance under section
120B.36, subdivision 1, the commissioner, beginning July 1, 2015, must annually report
summary data on:

(1) the four- and six-year graduation rates of students throughout the state who
are identified as at risk of not graduating or off track to graduate, including students
who are eligible to participate in a program under section 123A.05 or 124D.68, among
other students; and

(2) the success that school districts, school sites, charter schools, and alternative
program providers experience in:

(i) identifying at-risk and off-track student populations by grade;

(ii) providing successful prevention and intervention strategies for at-risk students;

(iii) providing successful recuperative and recovery or reenrollment strategies for
off-track students; and

(iv) improving the graduation outcomes of at-risk and off-track students.

For purposes of this paragraph, a student who is at risk of not graduating is a student
in eighth or ninth grade who meets one or more of the following criteria: first enrolled in
an English language learners program in eighth or ninth grade and may be older than other
students enrolled in the same grade; as an eighth grader, is absent from school for at least
20 percent of the days of instruction during the school year, is two or more years older
than other students enrolled in the same grade, or fails multiple core academic courses; or
as a ninth grader, fails multiple ninth grade core academic courses in English language
arts, mathematics, science, or social studies.

For purposes of this paragraph, a student who is off track to graduate is a student
who meets one or more of the following criteria: first enrolled in an English language
learners program in high school and is older than other students enrolled in the same grade;
is a returning dropout; is 16 or 17 years old and two or more academic years off track to
graduate; is 18 years or older and two or more academic years off track to graduate; or is
18 years or older and may graduate within one school year.

**EFFECTIVE DATE.** Paragraph (e) applies to data that are collected in the
2014-2015 school year and later and reported annually beginning July 1, 2015, consistent
with the recommendations the commissioner receives from recognized and qualified
experts on improving differentiated graduation rates and establishing alternative routes to
a standard high school diploma for at-risk and off-track students.

Sec. 13. Minnesota Statutes 2012, section 120B.36, subdivision 1, is amended to read:

Subdivision 1. School performance report cards reports. (a) The commissioner
shall report student academic performance under section 120B.35, subdivision 2; the
percentages of students showing low, medium, and high growth under section 120B.35,
subdivision 3, paragraph (b); school safety and student engagement and connection
under section 120B.35, subdivision 3, paragraph (d); rigorous coursework under section
120B.35, subdivision 3, paragraph (c); the percentage of students whose progress and
performance levels are meeting career and college readiness benchmarks under section
120B.30, subdivision 1; longitudinal data on district and school progress in reducing
disparities in students' academic achievement under section 124D.861, subdivision 3; two
separate student-to-teacher ratios that clearly indicate the definition of teacher consistent
with sections 122A.06 and 122A.15 for purposes of determining these ratios; staff
characteristics excluding salaries; student enrollment demographics; district mobility; and
extracurricular activities. The report also must indicate a school's adequate yearly progress
status under applicable federal law, and must not set any designations applicable to high-
and low-performing schools due solely to adequate yearly progress status.

(b) The commissioner shall develop, annually update, and post on the department
Web site school performance report cards reports.

(c) The commissioner must make available performance report cards reports by the
beginning of each school year.

(d) A school or district may appeal its adequate yearly progress status in writing to
the commissioner within 30 days of receiving the notice of its status. The commissioner's
decision to uphold or deny an appeal is final.

(e) School performance report card data are nonpublic data under section 13.02,
subdivision 9, until the commissioner publicly releases the data. The commissioner shall
annually post school performance report cards reports to the department's public Web
site no later than September 1, except that in years when the report card reflects reports
reflect new performance standards, the commissioner shall post the school performance
report cards reports no later than October 1.

EFFECTIVE DATE. This section is effective for the 2013-2014 school year and
later.
Sec. 14. Minnesota Statutes 2012, section 124D.52, is amended by adding a subdivision to read:

Subd. 8. Standard high school diploma for adults. (a) The commissioner shall adopt rules for providing a standard high school diploma to adults who:

(1) are not eligible for kindergarten through grade 12 services;

(2) do not have a high school diploma; and

(3) successfully complete an adult basic education program of instruction approved by the commissioner necessary to earn an adult high school diploma.

(b) Persons participating in an approved adult basic education program of instruction must demonstrate proficiency in a standard set of competencies that reflect the knowledge and skills sufficient to ensure that postsecondary programs and institutions and potential employers regard persons with a standard high school diploma and persons with a standard high school diploma for adults as equally well prepared and qualified graduates.

Approved adult basic education programs of instruction under this subdivision must issue a standard high school diploma for adults who successfully demonstrate the competencies, knowledge, and skills required by the program.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 15. [126C.101] MINNESOTA'S WORLD'S BEST WORKFORCE.

Subdivision 1. Goals for the world's best workforce. To create the world's best workforce by 2027, Minnesota must strive to: close entirely the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; achieve a 100 percent high school graduation rate; achieve 100 percent grade-level literacy for students in third grade; and have 100 percent of students attain career and college readiness before graduating from high school.

Subd. 2. Strategic plans for attaining the world's best workforce. (a) A school board must formally develop, implement, and periodically review and, where appropriate, revise a comprehensive, long-term strategic education and budget plan for student achievement premised on research-based strategies and efforts required for a district and school to make progress toward realizing the goals in subdivision 1. The strategic plan for student achievement must identify the state, regional, and local structures and systems, interdistrict, intradistrict, and in-school strategies, inclusive best education practices, and collaborative partnerships with regional centers under subdivision 4, postsecondary institutions, and local and regional business and industry to work effectively and efficiently toward making all students part of the world's best workforce by 2027.
(b) The components of a board's plan may include: innovative and integrated
prekindergarten through grade 12 learning environments that include school enrollment
options; family engagement initiatives that involve families in their students' academic
life and career success; professional development opportunities for teachers, school
administrators, and other licensed school professionals focused on improving all students'
academic achievement and career and college readiness; increased programmatic
opportunities for all students, including historically underserved students, focused on rigor
in learning and career and college readiness, and recruitment and retention of teachers
and school administrators of diverse backgrounds. Plans must include at least formative
assessment practices, consistent with chapter 120B, and other instructional best practices
that inform cost-effective, research-based interventions, improve student achievement,
reduce disparities in students' academic performance, and foster students' career and
college readiness without need for postsecondary remediation.

(c) A regional center of excellence, upon request, must assist a school board with
developing, implementing, reviewing, or revising its education and budget plan.

Subd. 3. Budgeting process. (a) Beginning in the 2014-2015 school year, a school
board must hold at least one formal hearing by March 1 each year to report to the public
its progress in realizing the goals contained in its strategic plan for student achievement, to
review the plan components, and to revise the plan where appropriate. At the hearing, the
board must provide the public with longitudinal data from at least the three immediately
preceding school years demonstrating district and school progress in realizing its student
achievement goals, consistent with the measures for demonstrating progress in paragraph
(b). At least 30 days before the hearing, the board must post on the district Web site, in
an understandable, readily accessible format, up-to-date longitudinal data on district
and school progress. The district, by March 1, must submit to the commissioner and
its regional center of excellence in an electronic format the district's annual budget for
continuing to implement its strategic plan for student achievement.

(b) The longitudinal data required under paragraph (a) at least must be based on
one or more of the following measures and must report outcomes for all students and
specific groups of students identified under section 120B.35, subdivision 3: third grade
at-grade-level literacy rates; reductions in the disparity in academic achievement among
all racial and ethnic student groups and between students living in poverty and students not
living in poverty; high school graduation rates; rates for completing rigorous coursework;
rates for attaining career and college readiness; rates for receiving postsecondary credit
while enrolled in high school; students' engagement and connection in school; and rates
for awarding world language proficiency or high achievement certificates under section 120B.022, subdivision 1, paragraphs (b) and (c).

(c) For the 2013-2014 school year only, a board, after providing a 30-day notice on the district Web site, must hold a formal hearing before March 1, 2014, to inform the public about the content of its proposed strategic plan for student achievement under this section. The board also must submit its proposed plan by March 1, 2014, to the commissioner and its regional center of excellence in an electronic format.

Subd. 4. Regional support. (a) Regional centers of excellence are established to assist and support school boards, districts, and schools in implementing this section. The centers must collaborate with local and regional service cooperatives, postsecondary institutions, integrated school districts, the department, children's mental health providers, and other interested entities to equitably support school boards, districts, and schools throughout the region. Center support may include assisting districts and schools with common principles of effective practice, defining measurable education goals, implementing evidence-based practices, engaging in data-driven decision making, reducing the use of seclusion and restraints, providing multilayered levels of support, supporting culturally responsive teaching and learning, aligning state and local academic standards and career and college readiness benchmarks, and engaging parents, families, youth, and the local community in district and school programs and activities.

(b) The department must help the regional centers of excellence meet staff, facilities, and technical needs, provide the centers with programmatic support, and work with the centers to establish a coherent statewide system of regional support, including consulting, training, and technical support, to help school boards, districts, and schools efficiently and effectively implement state and federal initiatives.

Subd. 5. Evaluation. (a) The commissioner and each regional center of excellence must collaborate in evaluating the success of districts and schools in working effectively and efficiently toward creating the world's best workforce by 2027. Where districts and schools demonstrate effective use of resources and adequate progress toward realizing plan goals, the commissioner and the regional centers of excellence must promote and disseminate successful strategies to other districts and schools throughout the state.

(b) If the commissioner, in consultation with the affected regional center of excellence, determines a district or charter school is not making adequate progress in realizing its student achievement goals under this section, the department may reduce the district's basic general education revenue by up to four percent per fiscal year, and transfer that amount to the affected regional center of excellence for the center to use to assist the district to effectively and efficiently realize its student achievement goals.
(c) If, after a district receives assistance under paragraph (b) for at least three consecutive school years, the commissioner, in consultation with the affected regional center of excellence and the affected district, identifies a school as persistently failing to make adequate progress toward realizing the student achievement goals contained in the strategic plan, the commissioner may require the school to implement a turnaround strategy to improve the school's ability to effectively and efficiently realize those goals.

EFFECTIVE DATE. This section is effective for fiscal year 2014 and later.

Sec. 16. STATEWIDE ASSESSMENT AND ACCOUNTABILITY; TRANSITION.
Notwithstanding other law to the contrary, students enrolled in grade 8 in the 2005-2006 through 2012-2013 school years are eligible to be assessed under the amended provisions of Minnesota Statutes, section 120B.30, subdivision 1, to the extent such assessments are available, under Minnesota Statutes, section 120B.128, paragraph (c), or under Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraph (c), clauses (1) and (2). Other measures of statewide accountability, including student performance, preparation, rigorous course taking, engagement and connection, and transition into postsecondary education or the workforce remain in effect.

Sec. 17. CAREER PATHWAYS AND TECHNICAL EDUCATION ADVISORY TASK FORCE.
Subdivision 1. Recommendations. (a) A career pathways and technical education advisory task force is established to recommend to the Minnesota legislature, consistent with Minnesota Statutes, sections 120B.30, subdivision 1, and 120B.35, subdivision 3, how to structurally redesign secondary and postsecondary education to:

(1) improve secondary and postsecondary outcomes for students and adult learners;

(3) align secondary and postsecondary education programs and Minnesota's workforce needs; and
(4) measure and evaluate the combined efficacy of Minnesota's public kindergarten through grade 12 and postsecondary education programs.

(b) Advisory task force members, in preparing these recommendations, must seek the advice of education providers, employers, policy makers, and other interested stakeholders and must at least consider how to:
(1) better inform students about career options, occupational trends, and educational
paths leading to viable and rewarding careers and reduce the gap between the demand for
and preparation of a skilled Minnesota workforce;
(2) in consultation with a student's family, develop and periodically adapt, as
needed, an education and work plan for each student aligned with the student's personal
and professional interests, abilities, skills, and aspirations;
(3) improve monitoring of high school students' progress with targeted interventions
and support and remove the need for remedial instruction;
(4) increase and accelerate opportunities for secondary school students to earn
postsecondary credits leading to a certificate, industry license, or degree;
(5) better align high school courses and expectations and postsecondary
credit-bearing courses;
(6) better align high school standards and assessments, postsecondary readiness
measures and entrance requirements, and the expectations of Minnesota employers;
(7) increase the rates at which students complete a postsecondary certificate,
industry license, or degree; and
(8) provide graduates of two-year and four-year postsecondary institutions with the
foundational skills needed for civic engagement, ongoing employment, and continuous
learning.

Subd. 2. Task force membership and operation. (a) Advisory task force members
must include representatives of the following organizations from throughout the state:
the Minnesota Association of Career and Technical Administrators; the Minnesota
Association for Career and Technical Education; University of Minnesota, Minnesota
State Colleges and Universities, and secondary and other postsecondary faculty working
to develop career and technical educators in Minnesota; the National Research Center
for Career and Technical Education; the Department of Education; the Department of
Employment and Economic Development; the Minnesota Chamber of Commerce; the
Minnesota Business Partnership; the Minnesota Board of Teaching; the Minnesota
Association of Colleges for Teacher Education; Minnesota State Colleges and Universities
foundational skills and general education faculty; Minnesota Secondary School Principals
Association; Minnesota Association of School Administrators; Minnesota School
Counselors Association; Minnesota Association of Charter Schools; and any other
representatives selected by the task force members. The education commissioner or the
commissioner's designee must convene the task force.
(b) The commissioner, upon request, must provide technical assistance to the task
force.
(c) The task force must submit its written recommendations under this section to the legislative committees with jurisdiction over kindergarten through grade 12 education by February 15, 2014.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 18. STANDARD ADULT HIGH SCHOOL DIPLOMA ADVISORY TASK FORCE.

(2) five adult basic education administrators and teachers from local adult basic education programs located in rural, suburban, and urban areas of the state, at least one of whom represents the Literacy Action network;

(3) one employee of the Minnesota State Colleges and Universities with expertise in adult basic education;

(4) one employee of the Department of Employment and Economic Development with expertise in adult basic education and employment; and

(5) one member of the Minnesota Chamber of Commerce familiar with adult basic education programs under Minnesota Statutes, section 124D.52.

d) By February 1, 2014, the task force must submit its recommendations to the commissioner of education for providing a standard adult high school diploma to persons who are not eligible for kindergarten through grade 12 services, who do not have a high school diploma, and who successfully complete an approved adult basic education program of instruction necessary to earn an adult high school diploma. The commissioner must consider these recommendations when adopting rules under Minnesota Statutes, section 124D.52, subdivision 8.
56.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

56.2 Sec. 19. **IMPLEMENTING DIFFERENTIATED GRADUATION RATE MEASURES AND EXPLORING ALTERNATIVE ROUTES TO A STANDARD DIPLOMA FOR AT-RISK AND OFF-TRACK STUDENTS.**

56.3 (a) To implement the requirements of Minnesota Statutes, section 120B.35, subdivision 3, paragraph (e), the commissioner of education must consult with recognized and qualified experts and the stakeholders listed in paragraph (b) on improving differentiated graduation rates and establishing alternative routes to a standard high school diploma for at-risk and off-track students throughout the state. The commissioner must consider and recommend to the legislature:

56.4 (1) research-based measures that demonstrate the relative success of school districts, school sites, charter schools, and alternative program providers in improving the graduation outcomes of at-risk and off-track students; and

56.5 (2) state options for establishing alternative routes to a standard diploma consistent with the educational accountability system under Minnesota Statutes, chapter 120B.

When proposing alternative routes to a standard diploma, the commissioner also must identify highly reliable variables that generate summary data to comply with Minnesota Statutes, section 120B.35, subdivision 3, paragraph (e), including: who initiates the request for an alternative route; who approves the request for an alternative route; the parameters of the alternative route process, including whether a student first must fail a regular, state-mandated exam; and the comparability of the academic and achievement criteria reflected in the alternative route and the standard route for a standard diploma.

The commissioner is also encouraged to identify the data, timelines, and methods needed to evaluate and report on the alternative routes to a standard diploma once they are implemented and the student outcomes that result from those routes.

(b) Stakeholders to be consulted include persons from: state-approved alternative programs; online programs; charter schools; school boards; teachers; metropolitan school districts; rural educators; university and college faculty with expertise in serving and assessing at-risk and off-track students; superintendents; high school principals; and the public. The commissioner may seek input from other interested stakeholders and organizations with expertise to help inform the commissioner.

(c) The commissioner, by February 15, 2014, must develop and submit to the education policy and finance committees of the legislature recommendations and legislation, consistent with this section and Minnesota Statutes, section 120B.35, subdivision 3, paragraph (e), for:
(1) measuring and reporting differentiated graduation rates for at-risk and off-track
students throughout the state and the success and costs that school districts, school sites,
charter schools, and alternative program providers experience in identifying and serving
at-risk or off-track student populations; and

(2) establishing alternative routes to a standard diploma.

**EFFECTIVE DATE.** This section is effective the day following final enactment
and applies to school reports beginning July 1, 2015.

Subd. 2. Exclusions. In addition, this section does not apply to drugs or medicine that are:

1. purchased without a prescription;
2. used by a pupil who is 18 years old or older;
3. used in connection with services for which a minor may give effective consent, including section 144.343, subdivision 1, and any other law;
4. used in situations in which, in the judgment of the school personnel who are present or available, the risk to the pupil's life or health is of such a nature that drugs or medicine should be given without delay;
5. used off the school grounds;
6. used in connection with athletics or extra curricular activities;
7. used in connection with activities that occur before or after the regular school day;
8. provided or administered by a public health agency to prevent or control an illness or a disease outbreak as provided for in sections 144.05 and 144.12;
9. prescription asthma or reactive airway disease medications self-administered by a pupil with an asthma inhaler if the district has received a written authorization from the pupil's parent permitting the pupil to self-administer the medication, the inhaler is properly labeled for that student, and the parent has not requested school personnel to administer the medication to the pupil. The parent must submit written authorization for the pupil to self-administer the medication each school year; or
10. prescription nonsyringe injectors of epinephrine auto-injectors, consistent with section 121A.2205, if the parent and prescribing medical professional annually inform the pupil's school in writing that (i) the pupil may possess the epinephrine or (ii) the pupil is unable to possess the epinephrine and requires immediate access to nonsyringe...
infectors of epinephrine auto-injectors that the parent provides properly labeled to the
school for the pupil as needed.

Sec. 2. Minnesota Statutes 2012, section 121A.2205, is amended to read:

121A.2205 POSSESSION AND USE OF NONSYRINGE INJECTORS OF
EPINEPHRINE AUTO-INJECTORS; MODEL POLICY.

Subdivision 1. Definitions. As used in this section:

(1) "administer" means the direct application of an epinephrine auto-injector to
the body of an individual;

(2) "epinephrine auto-injector" means a device that automatically injects a
premeasured dose of epinephrine; and

(3) "school" means a public school under section 120A.22, subdivision 4, or a
nonpublic school, excluding a home school, under section 120A.22, subdivision 4, that
is subject to the federal Americans with Disabilities Act.

Subd. 2. Plan for use of epinephrine auto-injectors. (a) At the start of each school
year or at the time a student enrolls in school, whichever is first, a student's parent, school
staff, including those responsible for student health care, and the prescribing medical
professional must develop and implement an individualized written health plan for a
student who is prescribed non syringe injectors of epinephrine auto-injectors that enables
the student to:

(1) possess non syringe injectors of epinephrine auto-injectors; or

(2) if the parent and prescribing medical professional determine the student is unable
to possess the epinephrine, have immediate access to non syringe injectors of epinephrine
auto-injectors in close proximity to the student at all times during the instructional day.

The plan must designate the school staff responsible for implementing the student's
health plan, including recognizing anaphylaxis and administering non syringe injectors of
epinephrine auto-injectors when required, consistent with section 121A.22, subdivision 2,
clause (10). This health plan may be included in a student's 504 plan.

(b) A school under this section is a public school under section 120A.22, subdivision
4, or a nonpublic school, excluding a home school, under section 120A.22, subdivision 4,
that is subject to the federal Americans with Disabilities Act. Other nonpublic schools are
encouraged to develop and implement an individualized written health plan for students
requiring non syringe injectors of epinephrine auto-injectors, consistent with this section
and section 121A.22, subdivision 2, clause (10).
(c) A school district and its agents and employees are immune from liability for any act or failure to act, made in good faith, in implementing this section and section 121A.2207.

(d) The education commissioner may develop and transmit to interested schools a model policy and individualized health plan form consistent with this section and federal 504 plan requirements. The policy and form may:

1. assess a student's ability to safely possess non-syringe injectors of epinephrine auto-injectors;
2. identify staff training needs related to recognizing anaphylaxis and administering epinephrine when needed;
3. accommodate a student's need to possess or have immediate access to non-syringe injectors of epinephrine auto-injectors in close proximity to the student at all times during the instructional day; and
4. ensure that the student's parent provides properly labeled non-syringe injectors of epinephrine auto-injectors to the school for the student as needed.

(e) Additional non-syringe injectors of epinephrine auto-injectors may be available in school first aid kits.

(f) The school board of the school district must define instructional day for the purposes of this section.

Sec. 3. [121A.2207] LIFE-THREATENING ALLERGIES IN SCHOOLS;
STOCK SUPPLY OF EPINEPHRINE AUTO-INJECTORS.

Subdivision 1. Districts and schools permitted to maintain supply.

Notwithstanding section 151.37, districts and schools may obtain and possess epinephrine auto-injectors to be maintained and administered by school personnel to a student or other individual if, in good faith, it is determined that person is experiencing anaphylaxis regardless of whether the student or other individual has a prescription for an epinephrine auto-injector. The administration of an epinephrine auto-injector in accordance with this section is not the practice of medicine.

Subd. 2. Arrangements with manufacturers. A district or school may enter into arrangements with manufacturers of epinephrine auto-injectors to obtain epinephrine auto-injectors at fair-market, free, or reduced prices. A third party, other than a manufacturer or supplier, may pay for a school's supply of epinephrine auto-injectors.

Sec. 4. Minnesota Statutes 2012, section 122A.09, subdivision 4, is amended to read:
Subd. 4. **License and rules.** (a) The board must adopt rules to license public school teachers and interns subject to chapter 14.

(b) The board must adopt rules requiring a person to pass a college-level skills examination in reading, writing, and mathematics as a requirement for initial teacher licensure, except that the board may issue up to three additional temporary, one-year teaching licenses to an otherwise qualified candidate who has not passed the skills exam at the time the candidate successfully completes an approved teacher preparation program.

Such rules must require college and universities offering a board-approved teacher preparation program to provide remedial assistance to persons who did not achieve a qualifying score on the college-level skills examination, including those for whom English is a second language.

(c) The board must adopt rules to approve teacher preparation programs. The board, upon the request of a postsecondary student preparing for teacher licensure or a licensed graduate of a teacher preparation program, shall assist in resolving a dispute between the person and a postsecondary institution providing a teacher preparation program when the dispute involves an institution's recommendation for licensure affecting the person or the person's credentials. At the board's discretion, assistance may include the application of chapter 14.

(d) The board must provide the leadership and adopt rules for the redesign of teacher education programs to implement a research based, results-oriented curriculum that focuses on the skills teachers need in order to be effective. The board shall implement new systems of teacher preparation program evaluation to assure program effectiveness based on proficiency of graduates in demonstrating attainment of program outcomes. Teacher preparation programs including alternative teacher preparation programs under section 122A.245, among other programs, must include a content-specific, board-approved, performance-based assessment that measures teacher candidates in three areas: planning for instruction and assessment; engaging students and supporting learning; and assessing student learning.

(e) The board must adopt rules requiring candidates for initial licenses to pass an examination of general pedagogical knowledge and examinations of licensure-specific teaching skills. The rules shall be effective by September 1, 2001. The rules under this paragraph also must require candidates for initial licenses to teach prekindergarten or elementary students to pass, as part of the examination of licensure-specific teaching skills, test items assessing the candidates' knowledge, skill, and ability in comprehensive, scientifically based reading instruction under section 122A.06, subdivision 4, and their knowledge and understanding of the foundations of reading development, the development
of reading comprehension, and reading assessment and instruction, and their ability to integrate that knowledge and understanding.

(f) The board must adopt rules requiring teacher educators to work directly with elementary or secondary school teachers in elementary or secondary schools to obtain periodic exposure to the elementary or secondary teaching environment.

(g) The board must grant licenses to interns and to candidates for initial licenses based on appropriate professional competencies that are aligned with the board's licensing system and students' diverse learning needs. The board must include these licenses in a statewide differentiated licensing system that creates new leadership roles for successful experienced teachers premised on a collaborative professional culture dedicated to meeting students' diverse learning needs in the 21st century and formalizes mentoring and induction for newly licensed teachers that is provided through a teacher support framework.

(h) The board must design and implement an assessment system which requires a candidate for an initial license and first continuing license to demonstrate the abilities necessary to perform selected, representative teaching tasks at appropriate levels.

(i) The board must receive recommendations from local committees as established by the board for the renewal of teaching licenses.

(j) The board must grant life licenses to those who qualify according to requirements established by the board, and suspend or revoke licenses pursuant to sections 122A.20 and 214.10. The board must not establish any expiration date for application for life licenses.

(k) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further preparation in the areas of using positive behavior interventions and in accommodating, modifying, and adapting curricula, materials, and strategies to appropriately meet the needs of individual students and ensure adequate progress toward the state's graduation rule.

(l) In adopting rules to license public school teachers who provide health-related services for disabled children, the board shall adopt rules consistent with license or registration requirements of the commissioner of health and the health-related boards who license personnel who perform similar services outside of the school.

(m) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further reading preparation, consistent with section 122A.06, subdivision 4. The rules do not take effect until they are approved by law. Teachers who do not provide direct instruction including, at least, counselors, school psychologists, school nurses, school social workers, audiovisual directors and coordinators, and recreation personnel are exempt from this section.
(n) The board must adopt rules that require all licensed teachers who are renewing their continuing license to include in their renewal requirements further preparation, first, in understanding the key warning signs of early-onset mental illness in children and adolescents and then, during subsequent licensure renewal periods, preparation may include providing a more in-depth understanding of students' mental illness trauma, accommodations for students' mental illness, parents' role in addressing students' mental illness, Fetal Alcohol Spectrum Disorders, autism, the requirements of section 125A.0942 governing restrictive procedures, and de-escalation methods, among other similar topics.

**EFFECTIVE DATE.** Paragraph (b) is effective the day following final enactment. Paragraph (n) is effective August 1, 2014.

Sec. 5. Minnesota Statutes 2012, section 122A.18, subdivision 2, is amended to read:

Subd. 2. **Teacher and support personnel qualifications.** (a) The Board of Teaching must issue licenses under its jurisdiction to persons the board finds to be qualified and competent for their respective positions.

(b) The board must require a person to pass an examination of college-level skills in reading, writing, and mathematics before being granted an initial teaching license to provide direct instruction to pupils in prekindergarten, elementary, secondary, or special education programs, except that the board may issue up to three additional temporary, one-year teaching licenses to an otherwise qualified candidate who has not passed the skills exam at the time the candidate successfully completes an approved teacher preparation program. The board must require colleges and universities offering a board approved teacher preparation program to provide make available upon request remedial assistance that includes a formal diagnostic component to persons enrolled in their institution who did not achieve a qualifying score on the college-level skills examination, including those for whom English is a second language. The colleges and universities must provide make available assistance in the specific academic areas of deficiency in which the person did not achieve a qualifying score. School districts may make available upon request similar, appropriate, and timely remedial assistance that includes a formal diagnostic component to those persons employed by the district who completed their teacher education program, who did not achieve a qualifying score on the skills examination, including those persons for whom English is a second language and persons under section 122A.23, subdivision 2, paragraph (h), who completed their teacher's education program outside the state of Minnesota, and who received a temporary license to teach in Minnesota. The Board of Teaching shall report annually to the education committees of the legislature on the total number of teacher candidates during the most recent school year taking the college-level
skills examination, the number who achieve a qualifying score on the examination, the number who do not achieve a qualifying score on the examination, the distribution of all candidates' scores, the number of candidates who have taken the examination at least once before, and the number of candidates who have taken the examination at least once before and achieve a qualifying score.

(c) A person who has completed an approved teacher preparation program and has been issued three temporary, one-year teaching licenses, but has not passed the skills exam, may have the board renew the temporary license if the school district employing the licensee requests that the licensee continue to teach for that district under a temporary license.

(d) The Board of Teaching must grant continuing licenses only to those persons who have met board criteria for granting a continuing license, which includes passing the college-level skills examination in reading, writing, and mathematics.

(e) All colleges and universities approved by the board of teaching to prepare persons for teacher licensure must include in their teacher preparation programs a common core of teaching knowledge and skills to be acquired by all persons recommended for teacher licensure. This common core shall meet the standards developed by the interstate new teacher assessment and support consortium in its 1992 "model standards for beginning teacher licensing and development." Amendments to standards adopted under this paragraph are covered by chapter 14. The board of teaching shall report annually to the education committees of the legislature on the performance of teacher candidates on common core assessments of knowledge and skills under this paragraph during the most recent school year.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

ARTICLE 4
CHARTER SCHOOLS

Section 1. Minnesota Statutes 2012, section 124D.10, is amended to read:

124D.10 CHARTER SCHOOLS.

Subdivision 1. Purposes. (a) The primary purpose of this section is to:

1. (1) improve pupil learning and student achievement. Additional purposes include:

(2) (1) increase learning opportunities for pupils;

(3) (2) encourage the use of different and innovative teaching methods;

(4) (3) measure learning outcomes and create different and innovative forms of

measuring outcomes;

(5) (4) establish new forms of accountability for schools; and or

(6) (5) create new professional opportunities for teachers, including the opportunity
to be responsible for the learning program at the school site.

(b) This section does not provide a means to keep open a school that a school board

decides to close. However, a school board may endorse or authorize the establishing of

a charter school to replace the school the board decided to close. Applicants seeking a

charter under this circumstance must demonstrate to the authorizer that the charter sought

is substantially different in purpose and program from the school the board closed and

that the proposed charter satisfies the requirements of this subdivision. If the school

board that closed the school authorizes the charter, it must document in its affidavit to the

commissioner that the charter is substantially different in program and purpose from

the school it closed.

An authorizer shall not approve an application submitted by a charter school

developer under subdivision 4, paragraph (a), if the application does not comply with this

subdivision. The commissioner shall not approve an affidavit submitted by an authorizer

under subdivision 4, paragraph (b), if the affidavit does not comply with this subdivision.

Subd. 2. Applicability. This section applies only to charter schools formed and

operated under this section.

Subd. 3. Authorizer. (a) For purposes of this section, the terms defined in this

subdivision have the meanings given them.

"Application" to receive approval as an authorizer means the proposal an eligible

authorizer submits to the commissioner under paragraph (c) before that authorizer is able

to submit any affidavit to charter to a school.

"Application" under subdivision 4 means the charter school business plan a

school developer submits to an authorizer for approval to establish a charter school that
documents the school developer's mission statement, school purposes, program design,
financial plan, governance and management structure, and background and experience,
plus any other information the authorizer requests. The application also shall include a
"statement of assurances" of legal compliance prescribed by the commissioner.

"Affidavit" means a written statement the authorizer submits to the commissioner
for approval to establish a charter school under subdivision 4 attesting to its review and
approval process before chartering a school.

(b) The following organizations may authorize one or more charter schools:

(1) a school board, intermediate school district school board, or education district
organized under sections 123A.15 to 123A.19;

(2) a charitable organization under section 501(c)(3) of the Internal Revenue Code
of 1986, excluding a nonpublic sectarian or religious institution; any person other than a
natural person that directly or indirectly, through one or more intermediaries, controls,
is controlled by, or is under common control with the nonpublic sectarian or religious
institution; and any other charitable organization under this clause that in the federal IRS
Form 1023, Part IV, describes activities indicating a religious purpose, that:

(i) is a member of the Minnesota Council of Nonprofits or the Minnesota Council on
Foundations;

(ii) is registered with the attorney general's office; and

(iii) is incorporated in the state of Minnesota and has been operating continuously
for at least five years but does not operate a charter school;

(3) a Minnesota private college, notwithstanding clause (2), that grants two- or
four-year degrees and is registered with the Minnesota Office of Higher Education under
chapter 136A; community college, state university, or technical college governed by the
Board of Trustees of the Minnesota State Colleges and Universities; or the University
of Minnesota;

(4) a nonprofit corporation subject to chapter 317A, described in section 317A.905,
and exempt from federal income tax under section 501(c)(6) of the Internal Revenue Code
of 1986, may authorize one or more charter schools if the charter school has operated
for at least three years under a different authorizer and if the nonprofit corporation has
existed for at least 25 years; or

(5) single-purpose authorizers that are charitable, nonsectarian organizations formed
under section 501(c)(3) of the Internal Revenue Code of 1986 and incorporated in the
state of Minnesota under chapter 317A as a corporation with no members whose sole
purpose is to charter schools. Eligible organizations interested in being approved as an
authorizer under this paragraph must submit a proposal to the commissioner that includes
the provisions of paragraph (c) and a five-year financial plan. Such authorizers shall
cconsider and approve charter school applications using the criteria provided in subdivision
4 and shall not limit the applications it solicits, considers, or approves to any single
curriculum, learning program, or method.
(c) An eligible authorizer under this subdivision must apply to the commissioner for
approval as an authorizer before submitting any affidavit to the commissioner to charter
a school. The application for approval as a charter school authorizer must demonstrate
the applicant's ability to implement the procedures and satisfy the criteria for chartering a
school under this section. The commissioner must approve or disapprove an application
within 45 business days of the application deadline. If the commissioner disapproves
the application, the commissioner must notify the applicant of the specific deficiencies
in writing and the applicant then has 20 business days to address the deficiencies to the
commissioner's satisfaction. After the 20 business days expire, the commissioner has 15
business days to make a final decision to approve or disapprove the application. Failing to
address the deficiencies to the commissioner's satisfaction makes an applicant ineligible to
be an authorizer. The commissioner, in establishing criteria for approval, must consider
the applicant's:
(1) capacity and infrastructure;
(2) application criteria and process;
(3) contracting process;
(4) ongoing oversight and evaluation processes; and
(5) renewal criteria and processes.
(d) An applicant must include in its application to the commissioner to be an
approved authorizer at least the following:
(1) how chartering schools is a way for the organization to carry out its mission;
(2) a description of the capacity of the organization to serve as an authorizer,
including the personnel who will perform the authorizing duties, their qualifications, the
amount of time they will be assigned to this responsibility, and the financial resources
allocated by the organization to this responsibility;
(3) a description of the application and review process the authorizer will use to
make decisions regarding the granting of charters;
(4) a description of the type of contract it will arrange with the schools it charters
that meets the provisions of subdivision 6;
(5) the process to be used for providing ongoing oversight of the school consistent
with the contract expectations specified in clause (4) that assures that the schools chartered
are complying with both the provisions of applicable law and rules, and with the contract;
91.1 (6) a description of the criteria and process the authorizer will use to grant expanded
91.2 applications under subdivision 4, paragraph (j);
91.3 (7) the process for making decisions regarding the renewal or termination of
91.4 the school's charter based on evidence that demonstrates the academic, organizational,
91.5 and financial competency of the school, including its success in increasing student
91.6 achievement and meeting the goals of the charter school agreement; and
91.7 (8) an assurance specifying that the organization is committed to serving as an
91.8 authorizer for the full five-year term.
91.9 (e) A disapproved applicant under this section may resubmit an application during a
91.10 future application period.
91.11 (f) If the governing board of an approved authorizer votes to withdraw as an
91.12 approved authorizer for a reason unrelated to any cause under subdivision 23, the
91.13 authorizer must notify all its chartered schools and the commissioner in writing by July
91.14 15 of its intent to withdraw as an authorizer on June 30 in the next calendar year. The
91.15 commissioner may approve the transfer of a charter school to a new authorizer under this
91.16 paragraph after the new authorizer submits an affidavit to the commissioner.
91.17 (g) The authorizer must participate in department-approved training.
91.18 (h) An authorizer that chartered a school before August 1, 2009, must apply by
91.19 June 30, 2012, to the commissioner for approval, under paragraph (e), to continue as an
91.20 authorizer under this section. For purposes of this paragraph, an authorizer that fails to
91.21 submit a timely application is ineligible to charter a school.
91.22 (i) (h) The commissioner shall review an authorizer's performance every five years
91.23 in a manner and form determined by the commissioner and may review an authorizer's
91.24 performance more frequently at the commissioner's own initiative or at the request of a
91.25 charter school operator, charter school board member, or other interested party. The
91.26 commissioner, after completing the review, shall transmit a report with findings to the
91.27 authorizer. If, consistent with this section, the commissioner finds that an authorizer has
91.28 not fulfilled the requirements of this section, the commissioner may subject the authorizer
91.29 to corrective action, which may include terminating the contract with the charter school
91.30 board of directors of a school it chartered. The commissioner must notify the authorizer
91.31 in writing of any findings that may subject the authorizer to corrective action and
91.32 the authorizer then has 15 business days to request an informal hearing before the
91.33 commissioner takes corrective action. If the commissioner terminates a contract between
91.34 an authorizer and a charter school under this paragraph, the commissioner may assist the
91.35 charter school in acquiring a new authorizer.
(i) The commissioner may at any time take corrective action against an authorizer, including terminating an authorizer's ability to charter a school for:

1. failing to demonstrate the criteria under paragraph (c) under which the commissioner approved the authorizer;
2. violating a term of the chartering contract between the authorizer and the charter school board of directors;
3. unsatisfactory performance as an approved authorizer; or
4. any good cause shown that provides the commissioner a legally sufficient reason to take corrective action against an authorizer.

Subd. 4. Formation of school. (a) An authorizer, after receiving an application from a school developer, may charter a licensed teacher under section 122A.18, subdivision 1, or a group of individuals that includes one or more licensed teachers under section 122A.18, subdivision 1, to operate a school subject to the commissioner's approval of the authorizer's affidavit under paragraph (b). The school must be organized and operated as a nonprofit corporation under chapter 317A and the provisions under the applicable chapter shall apply to the school except as provided in this section.

Notwithstanding sections 465.717 and 465.719, a school district, subject to this section and section 124D.11, may create a corporation for the purpose of establishing a charter school.

(b) Before the operators may establish and operate a school, the authorizer must file an affidavit with the commissioner stating its intent to charter a school. An authorizer must file a separate affidavit for each school it intends to charter. The affidavit must state the terms and conditions under which the authorizer would charter a school and how the authorizer intends to oversee the fiscal and student performance of the charter school and to comply with the terms of the written contract between the authorizer and the charter school board of directors under subdivision 6. The commissioner must approve or disapprove the authorizer's affidavit within 60 business days of receipt of the affidavit. If the commissioner disapproves the affidavit, the commissioner shall notify the authorizer of the deficiencies in the affidavit and the authorizer then has 20 business days to address the deficiencies. If the authorizer does not address deficiencies to the commissioner's satisfaction, the commissioner's disapproval is final. Failure to obtain commissioner approval precludes an authorizer from chartering the school that is the subject of this affidavit.

(c) The authorizer may prevent an approved charter school from opening for operation if, among other grounds, the charter school violates this section or does not meet the ready-to-open standards that are part of the authorizer's oversight and evaluation process or are stipulated in the charter school contract.
(d) The operators authorized to organize and operate a school, before entering into
a contract or other agreement for professional or other services, goods, or facilities,
must incorporate as a nonprofit corporation under chapter 317A and must establish a
board of directors composed of at least five members who are not related parties until a
timely election for members of the ongoing charter school board of directors is held
according to the school's articles and bylaws under paragraph (f). A charter school board
of directors must be composed of at least five members who are not related parties.
Staff members employed at the school, including teachers providing instruction under a
contract with a cooperative, members of the board of directors, and all parents or legal
guardians of children enrolled in the school are the voters eligible to elect the members
of the school's board of directors. A charter school must notify eligible voters of the
school board election dates at least 30 days before the election. Board of director meetings
must comply with chapter 13D.
(e) A charter school shall publish and maintain on the school's official Web site: (1)
the minutes of meetings of the board of directors, and of members and committees having
any board-delegated authority, for at least one calendar year from the date of publication;
(2) directory information for members of the board of directors and committees having
board-delegated authority; and (3) identifying and contact information for the school's
authorizer. Identifying and contact information for the school's authorizer must be
included in other school materials made available to the public. Upon request of an
individual, the charter school must also make available in a timely fashion financial
statements showing all operations and transactions affecting income, surplus, and deficit
during the school's last annual accounting period; and a balance sheet summarizing assets
and liabilities on the closing date of the accounting period. A charter school also must post
on its official Web site information identifying its authorizer and indicate how to contact
that authorizer and include that same information about its authorizer in other school
materials that it makes available to the public.
(f) Every charter school board member shall attend ongoing annual training
throughout the member's term on the board governance, including All new board
members shall attend initial training on the board's role and responsibilities, employment
policies and practices, and financial management. A new board member who does not
begin the required initial training within six months after being seated and complete that
training within 12 months of being seated on the board is automatically ineligible to
continue to serve as a board member. The school shall include in its annual report the
training attended by each board member during the previous year.
(g) The ongoing board must be elected before the school completes its third year of operation. Board elections must be held during the school year but may not be conducted on days when the school is closed for holidays, breaks, or vacations. The charter school board of directors shall be composed of at least five nonrelated members and include: (i) at least one licensed teacher employed as a teacher at the school or a licensed teacher providing instruction under contract between the charter school and a cooperative; (ii) the at least one parent or legal guardian of a student enrolled in the charter school who is not an employee of the charter school; and (iii) an at least one interested community member who resides in Minnesota and is not employed by the charter school and does not have a child enrolled in the school. The board may be a teacher majority board composed of a majority of teachers, parents, or community members as described in this paragraph or it may have no clear majority. The chief financial officer and the chief administrator may only serve as ex-officio nonvoting board members and may not serve as a voting member of the board. No charter school employees shall not serve on the board unless other than teachers under item (i) applies. Contractors providing facilities, goods, or services to a charter school shall not serve on the board of directors of the charter school. Board bylaws shall outline the process and procedures for changing the board's governance model or structure, consistent with chapter 317A. A board may change its governance model structure only:

1. by a majority vote of the board of directors and a majority vote of the licensed teachers employed by the school as teachers, including licensed teachers providing instruction under a contract between the school and a cooperative; and

2. with the authorizer's approval.

Any change in board governance structure must conform with the composition of the board structure established under this paragraph.

(h) The granting or renewal of a charter by an authorizer must not be contingent on the charter school being required to contract, lease, or purchase services or facilities from the authorizer or to enter into a contract with a corporation, contractor, or individual with which the authorizer has a financial relationship or arrangement. Any potential contract, lease, or purchase of service from an authorizer must be disclosed to the commissioner, accepted through an open bidding process, and be a separate contract from the charter contract. The school must document the open bidding process it used in awarding the contract. The authorizer must document that the bid terms were competitive in relation to the market and that the authorizer makes the same terms available to schools that it does not authorize. An authorizer must not enter into a contract to provide
management and financial services for a school that it authorizes, unless the school
documents that it received at least two competitive bids.

(j) An authorizer may permit the board of directors of a charter school to expand
the operation of the charter school to additional sites or to add additional grades at the
school beyond those described in the authorizer's original affidavit as approved by
the commissioner only after submitting a supplemental affidavit for approval to the
commissioner in a form and manner prescribed by the commissioner. The supplemental
affidavit must document that:

(1) the proposed expansion plan demonstrates need and projected enrollment;

(2) the expansion is warranted, at a minimum, by longitudinal data demonstrating
students' improved academic performance and growth on statewide assessments under
chapter 120B;

(3) the charter school is financially sound and the financing it needs to implement
the proposed expansion exists; and

(4) the charter school has the governance structure and management capacity to
carry out its expansion.

(k) The commissioner shall have 30 business days to review and comment on the
supplemental affidavit. The commissioner shall notify the authorizer of any deficiencies in
the supplemental affidavit and the authorizer then has 20 business days to address, to the
commissioner's satisfaction, any deficiencies in the supplemental affidavit. The school
may not expand grades or add sites until the commissioner has approved the supplemental
affidavit. The commissioner's approval or disapproval of a supplemental affidavit is final.

Subd. 4a. Conflict of interest. (a) An individual is prohibited from serving as a
member of the charter school board of directors if the individual, an immediate family
member, or the individual's partner is an owner, employee, or agent of, or
a contractor with a for-profit or nonprofit entity or individual independent
contractor with whom the charter school contracts, directly or indirectly, for professional
services, goods, or facilities. An individual is prohibited from serving as a board member
if an immediate family member is an employee of the school or is an individual with
whom the school contracts, directly or indirectly, through full or part ownership, for
professional services, goods, or facilities. A violation of this prohibition renders a contract
voidable at the option of the commissioner or the charter school board of directors. A
member of a charter school board of directors who violates this prohibition is individually
liable to the charter school for any damage caused by the violation.
(b) No member of the board of directors, employee, officer, or agent of a charter school shall participate in selecting, awarding, or administering a contract if a conflict of interest exists. A conflict exists when:

(1) the board member, employee, officer, or agent;

(2) the immediate family of the board member, employee, officer, or agent;

(3) the partner of the board member, employee, officer, or agent; or

(4) an organization that employs, or is about to employ any individual in clauses (1) to (3), has a financial or other interest in the entity with which the charter school is contracting. A violation of this prohibition renders the contract void.

(c) Any employee, agent, or board member of the authorizer who participates in the initial review, approval, ongoing oversight, evaluation, or the charter renewal or nonrenewal process or decision is ineligible to serve on the board of directors of a school chartered by that authorizer.

(d) An individual may serve as a member of the board of directors if no conflict of interest under paragraph (a) exists.

(e) The conflict of interest provisions under this subdivision do not apply to compensation paid to a teacher employed as a teacher by the charter school who or a teacher who provides instructional services to the charter school through a cooperative formed under chapter 308A when the teacher also serves as a member of the charter school board of directors.

(f) The conflict of interest provisions under this subdivision do not apply to a teacher who provides services to a charter school through a cooperative formed under chapter 308A when the teacher also serves on the charter school board of directors.

Subd. 5. Conversion of existing schools. A board of an independent or special school district may convert one or more of its existing schools to charter schools under this section if 60 percent of the full-time teachers at the school sign a petition seeking conversion. The conversion must occur at the beginning of an academic year.

Subd. 6. Charter contract. The authorization for a charter school must be in the form of a written contract signed by the authorizer and the board of directors of the charter school. The contract must be completed within 45 business days of the commissioner's approval of the authorizer's affidavit. The authorizer shall submit to the commissioner a copy of the signed charter contract within ten business days of its execution. The contract for a charter school must be in writing and contain at least the following:

(1) a declaration that the charter school will carry out the primary purpose in subdivision 1 and how the school will report its implementation of the primary purpose;
a declaration of the additional purposes in subdivision 1 that the school
intends to carry out and how the school will report its implementation of those purposes;
(2) (3) a description of the school program and the specific academic and
nonacademic outcomes that pupils must achieve;
(3) (4) a statement of admission policies and procedures;
(4) (5) a governance, management, and administration plan for the school;
(5) (6) signed agreements from charter school board members to comply with all
federal and state laws governing organizational, programmatic, and financial requirements
applicable to charter schools;
(6) (7) the criteria, processes, and procedures that the authorizer will use for
ongoing oversight of operational, financial, and academic performance to monitor and
evaluate the fiscal, operational, and academic performance consistent with subdivision
15, paragraphs (a) and (b);
(7) (8) for contract renewal, the formal written performance evaluation of the school
that is a prerequisite for reviewing a charter contract under subdivision 15;
(8) (9) types and amounts of insurance liability coverage to be obtained by the
charter school, consistent with subdivision 8, paragraph (k);
(9) (10) consistent with subdivision 25, paragraph (d), a provision to indemnify and
hold harmless the authorizer and its officers, agents, and employees from any suit, claim,
or liability arising from any operation of the charter school, and the commissioner and
department officers, agents, and employees notwithstanding section 3.736;
(10) (11) the term of the initial contract, which may be up to five years plus an
additional preoperational planning year, and up to five years for a renewed contract or a
contract with a new authorizer after a transfer of authorizers, if warranted by the school's
academic, financial, and operational performance;
(11) (12) how the board of directors or the operators of the charter school will
provide special instruction and services for children with a disability under sections
125A.03 to 125A.24, and 125A.65, a description of the financial parameters within
which the charter school will operate to provide the special instruction and services to
children with a disability;
(12) the process and criteria the authorizer intends to use to monitor and evaluate the
fiscal and student performance of the charter school, consistent with subdivision 15; and
(13) the specific conditions for contract renewal, which identify performance under
the primary purpose of subdivision 1 as the most important factor in determining contract
renewal; and
the plan for an orderly closing of the school under chapter 317A, if
whether the closure is a termination for cause, a voluntary termination, or a nonrenewal
of the contract, and that includes establishing the responsibilities of the school board of
directors and the authorizer and notifying the commissioner, authorizer, school district in
which the charter school is located, and parents of enrolled students about the closure,
the transfer of student records to students’ resident districts, and procedures for closing
financial operations.

Subd. 6a. Audit report. (a) The charter school must submit an audit report to the
commissioner and its authorizer by December 31 each year.

(b) The charter school, with the assistance of the auditor conducting the audit,
must include with the report, as supplemental information, a copy of all charter school
agreements for corporate management services, including parent company or other
administrative, financial, and staffing services. If the entity that provides the professional
services to the charter school is exempt from taxation under section 501 of the Internal
Revenue Code of 1986, that entity must file with the commissioner by February 15 a copy
of the annual return required under section 6033 of the Internal Revenue Code of 1986.

(c) A charter school independent audit report shall include audited financial data of
an affiliated building corporation or other component unit.

(d) If the audit report finds that a material weakness exists in the financial
reporting systems of a charter school, the charter school must submit a written report to
the commissioner explaining how the material weakness will be resolved. An auditor,

A charter school student must be released for religious instruction, consistent with section 120A.22, subdivision 12, clause (3).

(e) Charter schools must not be used as a method of providing education or generating revenue for students who are being home-schooled. This paragraph does not apply to shared time aid under section 126C.19.

Deviations must be approved by the commissioner and authorizer. The Department of Education, state auditor, legislative auditor, or authorizer may conduct financial, program, or compliance audits. A charter school determined to be in statutory operating debt under sections 123B.81 to 123B.83 must submit a plan under section 123B.81, subdivision 4.

In the absence of the commissioner's requirements, the school must meet the outcomes contained in the contract with the authorizer. The achievement levels of the outcomes contained in the contract may exceed the achievement levels of any outcomes adopted by the commissioner for public school students.

Subd. 11. Employment and other operating matters. (a) A charter school must employ or contract with necessary teachers, as defined by section 122A.15, subdivision 1, who hold valid licenses to perform the particular service for which they are employed in the school. The charter school's state aid may be reduced under section 127A.43 if the school employs a teacher who is not appropriately licensed or approved by the board of teaching. The school may employ necessary employees who are not required to hold teaching licenses to perform duties other than teaching and may contract for other services. When offering employment to a prospective employee, a charter school must give that employee a written description of the terms and conditions of employment and the school's personnel policies.

A charter school must also distribute the annual report by publication, mail, or electronic means to the commissioner, its authorizer, school employees, and parents and
Subd. 15. Review and comment. (a) The authorizer shall provide a formal written evaluation of the school's performance before the authorizer renews the charter contract. The department must review and comment on the authorizer's evaluation process at the time the authorizer submits its application for approval and each time the authorizer undergoes its five-year review under subdivision 3, paragraph (i).

(b) An authorizer shall monitor and evaluate the fiscal, operational, and student performance of the school, and may for this purpose annually assess a charter school a fee according to paragraph (c). The agreed-upon fee structure must be stated in the charter school contract.

(c) The fee that each charter school pays to an authorizer each year is the greater of:

(1) the basic formula allowance for that year; or

(2) the lesser of:

(i) the maximum fee factor times the basic formula allowance for that year; or

(ii) the fee factor times the basic formula allowance for that year times the charter school's adjusted marginal cost pupil units for that year. The fee factor equals .005 in fiscal year 2010, .01 in fiscal year 2011, .012 in fiscal year 2012, and .015 in fiscal years 2013 and later. The maximum fee factor equals 1.5 in fiscal year 2010, 2.0 in fiscal year 2011, 2.5 in fiscal year 2012, and 4.0 in fiscal years 2013 and later.

(a) A charter school after its first fiscal year of operation by March 1 of each fiscal year and a charter school by July 1 of its first fiscal year of operation must notify the district in which the school is located and the Department of Education if it will provide its own transportation or use the transportation services of the district in which it is located for the fiscal year.

(b) If a charter school elects to provide transportation for pupils, the transportation must be provided by the charter school within the district in which the charter school is
located. The state must pay transportation aid to the charter school according to section 124D.11, subdivision 2.

For pupils who reside outside the district in which the charter school is located, the charter school is not required to provide or pay for transportation between the pupil's residence and the border of the district in which the charter school is located. A parent may be reimbursed by the charter school for costs of transportation from the pupil's residence to the border of the district in which the charter school is located if the pupil is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week.

At the time a pupil enrolls in a charter school, the charter school must provide the parent or guardian with information regarding the transportation.

(c) If a charter school does not elect to provide transportation, transportation for pupils enrolled at the school must be provided by the district in which the school is located, according to sections 123B.88, subdivision 6, and 124D.03, subdivision 8, for a pupil residing in the same district in which the charter school is located. Transportation may be provided by the district in which the school is located, according to sections 123B.88, subdivision 6, and 124D.03, subdivision 8, for a pupil residing in a different district. If the district provides the transportation, the scheduling of routes, manner and method of transportation, control and discipline of the pupils, and any other matter relating to the transportation of pupils under this paragraph shall be within the sole discretion, control, and management of the district.

Subd. 17. Leased space. The department must review and approve or disapprove leases, including modifications and renewals prior to execution of the lease by the lessee and lessor, in a timely manner. Leases for a school year must be submitted to the department no later than July 1 before that school year. The commissioner may waive this date based on an appeal by a charter school when circumstances beyond the control of the charter school do not allow a lease agreement to be written prior to that date. The commissioner shall not approve a facility lease that does not have (1) a sum certain annual cost and (2) an escape clause that may be exercised by the charter school in the event of nonrenewal or termination of the charter school contract.
Subd. 17a. **Affiliated nonprofit building corporation.** (a) Before a charter school may organize an affiliated nonprofit building corporation (i) to renovate or purchase an existing facility to serve as a school or (ii) to expand an existing building or construct a new school facility, an authorizer must submit an affidavit to the commissioner for approval in the form and manner the commissioner prescribes, and consistent with paragraphs (b) and (c) or (d).

(b) An affiliated nonprofit building corporation under this subdivision must:

(1) be incorporated under section 317A;

(2) comply with applicable Internal Revenue Service regulations, including regulations for "supporting organizations" as defined by the Internal Revenue Service;

(3) submit to the commissioner each fiscal year a list of current board members and a copy of its annual audit; and

(4) comply with government data practices law under chapter 13.

An affiliated nonprofit building corporation must not serve as the leasing agent for property or facilities it does not own. A charter school that leases a facility from an affiliated nonprofit building corporation that does not own the leased facility is ineligible to receive charter school lease aid. The state is immune from liability resulting from a contract between a charter school and an affiliated nonprofit building corporation.

(c) A charter school may organize an affiliated nonprofit building corporation to renovate or purchase an existing facility to serve as a school if the charter school:

(1) has been operating for at least five consecutive school years;

(2) has had a net positive unreserved general fund balance as of June 30 in the preceding five fiscal years;

(3) has a long-range strategic and financial plan;

(4) completes a feasibility study of available buildings;

(5) documents enrollment projections and the need to use an affiliated building corporation to renovate or purchase an existing facility to serve as a school; and

(6) has a plan for the renovation or purchase, which describes the parameters and budget for the project.

(d) A charter school may organize an affiliated nonprofit building corporation to expand an existing school facility or construct a new school facility if the charter school:

(1) demonstrates the lack of facilities available to serve as a school;

(6) has a plan for the expansion or new school facility, which describes the parameters and budget for the project.

Subd. 17b. **Positive review and comment.** (a) A charter school or an affiliated nonprofit building corporation organized by a charter school must not initiate an installment contract for purchase, or a lease agreement, or solicit bids for new construction, expansion, or remodeling of an educational facility that requires an expenditure in excess of $1,400,000, unless it meets the criteria in subdivision 17a, paragraph (b) and paragraph (c) or (d), as applicable, and receives a positive review and comment from the commissioner under section 123B.71.

Subd. 19. **Disseminate information.** (a) The authorizer, the operators, **Authorizers** and the department must disseminate information to the public on how to form and operate a charter school. Charter schools must disseminate information about how to use the offerings of a charter school. Targeted groups include low-income families and communities, students of color, and students who are at risk of academic failure.

(b) Authorizers, operators, and the department also may disseminate information about the successful best practices in teaching and learning demonstrated by charter schools.

Subd. 20. **Leave to teach in a charter school.** If a teacher employed by a district makes a written request for an extended leave of absence to teach at a charter school, the district must grant the leave. The district must grant a leave not to exceed a total of five years. Any request to extend the leave shall be granted only at the discretion of the school board. The district may require that the request for a leave or extension of leave be made before February 1 in the school year preceding the school year in which the teacher intends to leave, or February 1 of the calendar year in which the teacher's leave is scheduled to terminate. Except as otherwise provided in this subdivision and except for section 122A.46, subdivision 7, the leave is governed by section 122A.46, including, but not limited to, reinstatement, notice of intention to return, seniority, salary, and insurance.

During a leave, the teacher may continue to aggregate benefits and credits in the Teachers' Retirement Association account under chapters 354 and 354A, consistent with subdivision 22.

The board of directors of a charter school is a public employer, for the purposes of chapter 179A, upon formation of one or more bargaining units at the school.
Bargaining units at the school must be separate from any other units within an authorizing district, except that bargaining units may remain part of the appropriate unit within an authorizing district, if the employees of the school, the board of directors of the school, the exclusive representative of the appropriate unit in the authorizing district, and the board of the authorizing district agree to include the employees in the appropriate unit of the authorizing district.

Subd. 22. **Teacher and other employee retirement.** (a) Teachers in a charter school must be public school teachers for the purposes of chapters 354 and 354A.

(b) Except for teachers under paragraph (a), employees in a charter school must be public employees for the purposes of chapter 353.

Subd. 23. **Causes for nonrenewal or termination of charter school contract.** (a) The duration of the contract with an authorizer must be for the term contained in the contract according to subdivision 6. The authorizer may or may not renew a contract at the end of the term for any ground listed in paragraph (b). An authorizer may unilaterally terminate a contract during the term of the contract for any ground listed in paragraph (b).

At least 60 business days before not renewing or terminating a contract, the authorizer shall notify the board of directors of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action in reasonable detail and that the charter school's board of directors may request in writing an informal hearing before the authorizer within 15 business days of receiving notice of nonrenewal or termination of the contract. Failure by the board of directors to make a written request for an informal hearing within the 15-business-day period shall be treated as acquiescence to the proposed action. Upon receiving a timely written request for a hearing, the authorizer shall give ten business days' notice to the charter school's board of directors of the hearing date. The authorizer shall conduct an informal hearing before taking final action. The authorizer shall take final action to renew or not renew a contract no later than 20 business days before the proposed date for terminating the contract or the end date of the contract.

(b) A contract may be terminated or not renewed upon any of the following grounds:

1. failure to meet demonstrate satisfactory academic achievement for all groups of students, including the requirements for pupil performance contained in the contract;
2. failure to meet generally accepted standards of fiscal management;
3. violations of law; or
4. other good cause shown.

If a contract is terminated or not renewed under this paragraph, the school must be dissolved according to the applicable provisions of chapter 317A.
(c) If the authorizer and the charter school board of directors mutually agree to terminate or not renew the contract, a change in authorizers is allowed if the commissioner approves the change to a different eligible authorizer to authorize the charter school. Both parties must jointly submit their intent in writing to the commissioner to mutually terminate the contract. The authorizer that is a party to the existing contract must inform the proposed authorizer about the fiscal and operational status and student performance of the school. Before the commissioner determines whether to approve a change in authorizer, the proposed authorizer must identify any outstanding issues in the proposed charter contract that were unresolved in the previous charter contract and have the charter school agree to resolve those issues. If no change in authorizer is approved, the school must be dissolved according to applicable law and the terms of the contract.

(c) If the authorizer and the charter school board of directors mutually agree not to renew the contract, a change in authorizers is allowed. The authorizer and the school board must jointly submit a written and signed letter of their intent to the commissioner to mutually not renew the contract. The authorizer that is a party to the existing contract must inform the proposed authorizer about the fiscal, operational, and student performance status of the school, as well as any outstanding contractual obligations that exist. The charter contract between the proposed authorizer and the school must identify and provide a plan to address any outstanding obligations from the previous contract. The proposed contract must be submitted at least 105 business days before the end of the existing charter contract. The commissioner shall have 30 business days to review and make a determination. The proposed authorizer and the school shall have 15 business days to respond to the determination and address any issues identified by the commissioner. A final determination by the commissioner shall be made no later than 45 business days before the end of the current charter contract. If no change in authorizer is approved, the school and the current authorizer may withdraw their letter of nonrenewal and enter into a new contract. If the transfer of authorizers is not approved and the current authorizer and the school do not withdraw their letter and enter into a new contract, the school must be dissolved according to applicable law and the terms of the contract.

(d) The commissioner, after providing reasonable notice to the board of directors of a charter school and the existing authorizer, and after providing an opportunity for a public hearing, may terminate the existing contract between the authorizer and the charter school board if the charter school has a history of:

109.18  (a), must contain the following statement: "This lease is subject to Minnesota Statutes,
109.19  section 124D.10, subdivision 23a."
109.20  (d) If a charter school enters into as lessee a lease with a related party and the
109.21  charter school subsequently closes, the commissioner has the right to recover from the
109.22  lessor any lease payments in excess of those that are reasonable under section 124D.11,
109.23  subdivision 4, clause (1).

If the charter school proposes to sell all or a portion of the estimated and certified aid, it must give public notice of the proposed sale on its official Web site for at least 15 business days before the proposed sale. At the time the board intends to sell all or a portion of the anticipated aid, the anticipated aid must be sold to the buyer who will agree to purchase the aid on the terms deemed most favorable to the charter school. The terms of any sale of anticipated aid are public data under chapter 13. The money received from the sale of the anticipated aid must be disbursed solely for the purpose that the aid is intended.

must develop and maintain a list of training programs that satisfy the requirements of
paragraph (a). The commissioner also must develop and maintain a list of experts to
help individualized education program teams reduce the use of restrictive procedures.
The district shall maintain records of staff who have been trained and the organization

Sec. 5. Minnesota Statutes 2012, section 125A.11, subdivision 1, is amended to read:

Subdivision 1. Nonresident tuition rate; other costs. (a) For fiscal year 2006,
when a school district provides instruction and services outside the district of residence,
board and lodging, and any tuition to be paid, shall be paid by the district of residence.
The tuition rate to be charged for any child with a disability, excluding a pupil for whom
tuition is calculated according to section 127A.47, subdivision 7, paragraph (d), must be
the sum of (1) the actual cost of providing special instruction and services to the child
including a proportionate amount for special transportation and unreimbursed building
lapse and debt service costs for facilities used primarily for special education, plus (2)
the amount of general education revenue and referendum aid attributable to the pupil,
minus (3) the amount of special education aid for children with a disability received
on behalf of that child, minus (4) if the pupil receives special instruction and services
outside the regular classroom for more than 60 percent of the school day, the amount of
general-education revenue and referendum aid, excluding portions attributable to district
and school administration, district support services, operations and maintenance, capital
expenditures, and pupil transportation, attributable to that pupil for the portion of time
the pupil receives special instruction and services outside of the regular classroom. If
the boards involved do not agree upon the tuition rate, either board may apply to the
commissioner to fix the rate. Notwithstanding chapter 14, the commissioner must then set
a date for a hearing or request a written statement from each board, giving each board
at least ten days' notice, and after the hearing or review of the written statements the
commissioner must make an order fixing the tuition rate, which is binding on both school
districts. General education revenue and referendum equalization aid attributable to a
pupil must be calculated using the resident district's average general education revenue
and referendum equalization aid per adjusted pupil unit:

(b) (a) For fiscal year 2007-2015 and later, when a school district provides special
instruction and services for a pupil with a disability as defined in section 125A.02 outside
the district of residence, excluding a pupil for whom an adjustment to special education aid
is calculated according to section 127A.47, subdivision 7, paragraph (c) paragraphs (f) to
(h), special education aid paid to the resident district must be reduced by an amount equal
to (1) the actual cost of providing special instruction and services to the pupil, including
a proportionate amount for special transportation and unreimbursed building lease and
debt service costs for facilities used primarily for special education, plus (2) the amount
of general education revenue and referendum equalization aid attributable to that pupil,
calculated using the resident district's average general education revenue and referendum
equalization aid per adjusted pupil unit excluding basic skills revenue, elementary sparsity
revenue and secondary sparsity revenue, minus (3) the amount of special education aid for
children with a disability received on behalf of that child, minus (4) if the pupil receives
special instruction and services outside the regular classroom for more than 60 percent
of the school day, the amount of general education revenue and referendum equalization
aid, excluding portions attributable to district and school administration, district support
services, operations and maintenance, capital expenditures, and pupil transportation,
attributable to that pupil for the portion of time the pupil receives special instruction
and services outside of the regular classroom, calculated using the resident district's
average general education revenue and referendum equalization aid per adjusted pupil unit
excluding basic skills revenue, elementary sparsity revenue and secondary sparsity revenue
and the serving district's basic skills revenue, elementary sparsity revenue and secondary
sparsity revenue per adjusted pupil unit. Notwithstanding clauses (1) and (4), for pupils
served by a cooperative unit without a fiscal agent school district, the general education
revenue and referendum equalization aid attributable to a pupil must be calculated using
the resident district's average general education revenue and referendum equalization aid
excluding compensatory revenue, elementary sparsity revenue, and secondary sparsity
revenue. Special education aid paid to the district or cooperative providing special
instruction and services for the pupil must be increased by the amount of the reduction in

Article 5 Sec. 5.
the aid paid to the resident district. Amounts paid to cooperatives under this subdivision
and section 127A.47, subdivision 7, shall be recognized and reported as revenues and
expenditures on the resident school district's books of account under sections 123B.75
and 123B.76. If the resident district's special education aid is insufficient to make the full
adjustment, the remaining adjustment shall be made to other state aid due to the district.

(a) (b) Notwithstanding paragraphs paragraph (a) and (b) and section 127A.47,
subdivision 7, paragraphs (d) and (e) (f) to (h), a charter school where more than 30
percent of enrolled students receive special education and related services, a site approved
under section 125A.515, an intermediate district, a special education cooperative, or a
school district that served as the applicant agency for a group of school districts for federal
special education aids for fiscal year 2006 may apply to the commissioner for authority to
charge the resident district an additional amount to recover any remaining unreimbursed
costs of serving pupils with a disability. The application must include a description of the
costs and the calculations used to determine the unreimbursed portion to be charged to the
resident district. Amounts approved by the commissioner under this paragraph must be
included in the tuition billings or aid adjustments under paragraph (a) or (b), or section
127A.47, subdivision 7, paragraph (d) or (e) (f) or (g), as applicable.

(d) (c) For purposes of this subdivision and section 127A.47, subdivision 7,
paragraphs (d) and (e) (f) and (g), "general education revenue and referendum equalization
aid" means the sum of the general education revenue according to section 126C.10,
subdivision 1, excluding alternative teacher compensation revenue, plus the referendum
equalization aid according to section 126C.17, subdivision 7, as adjusted according to
section 127A.47, subdivision 7, paragraphs (a) to (e) (d).

(c) A city which is a part of a regional public library system shall not be required to
provide this level of support if the property of that city is already taxable by the county for
the support of that regional public library system. In no event shall the Department of
Education require any city or county to provide a higher level of support than the level
of support specified in this section in order for a system to qualify for a regional library
basic system support grant aid. This section shall not be construed to prohibit a city or
county from providing a higher level of support for public libraries than the level of
support specified in this section.

Subd. 3. Regional designation. Regional library basic system support grant aid
shall be made provided only to those regional public library systems officially designated
by the commissioner of education as the appropriate agency to strengthen, improve and
promote public library services in the participating areas. The commissioner of education

shall designate no more than one such regional public library system located entirely within
any single development region existing under sections 462.381 to 462.398 or chapter 473.

Subd. 4. **Limitation.** (a) For calendar year 2010 and later, a regional library basic
system support **grant aid** shall not be **made provided** to a regional public library system
for a participating city or county which decreases the dollar amount provided for support
for operating purposes of public library service below the amount provided by it for the
second, or third preceding year, whichever is less. For purposes of this subdivision and
subdivision 1, any funds provided under section 473.757, subdivision 2, for extending
library hours of operation shall not be considered amounts provided by a city or county for
support for operating purposes of public library service. This subdivision shall not apply
to participating cities or counties where the adjusted net tax capacity of that city or county
has decreased, if the dollar amount of the reduction in support is not greater than the dollar
amount by which support would be decreased if the reduction in support were made in
direct proportion to the decrease in adjusted net tax capacity.

(b) For calendar year 2009 and later, in any calendar year in which a city's or
county's aid under sections 477A.011 to 477A.014 or credit reimbursement under section
273.1384 is reduced after the city or county has certified its levy payable in that year, it
may reduce its local support by the lesser of:

(1) ten percent; or

(2) a percent equal to the ratio of the aid and credit reimbursement reductions to the
city's or county's revenue base, based on aids certified for the current calendar year. For
calendar year 2009 only, the reduction under this paragraph shall be based on 2008 aid and
credit reimbursement reductions under the December 2008 unallotment, as well as any
aid and credit reimbursement reductions in calendar year 2009. For pay 2009 only, the
commissioner of revenue will calculate the reductions under this paragraph and certify
them to the commissioner of education within 15 days of May 17, 2009.

(c) For taxes payable in 2010 and later, in any payable year in which the total
amounts certified for city or county aids under sections 477A.011 to 477A.014 are less
than the total amounts paid under those sections in the previous calendar year, a city or
county may reduce its local support by the lesser of:

(1) ten percent; or

(2) a percent equal to the ratio of:

(i) the difference between (A) the sum of the aid it was paid under sections
477A.011 to 477A.014 and the credit reimbursement it received under section 273.1384
in the previous calendar year and (B) the sum of the aid it is certified to be paid in the
current calendar year under sections 477A.011 to 477A.014 and the credit reimbursement estimated to be paid under section 273.1384; to
to its revenue base for the previous year, based on aids actually paid in the previous
calendar year. The commissioner of revenue shall calculate the percent aid cut for each
county and city under this paragraph and certify the percentage cuts to the commissioner
of education by August 1 of the year prior to the year in which the reduced aids and
credit reimbursements are to be paid. The percentage of reduction related to reductions
to credit reimbursements under section 273.1384 shall be based on the best estimation
available as of July 30.
(d) Notwithstanding paragraph (a), (b), or (c), no city or county shall reduce its
support for public libraries below the minimum level specified in subdivision 1.
(e) For purposes of this subdivision, "revenue base" means the sum of:
(1) its levy for taxes payable in the current calendar year, including the levy on
the fiscal disparities distribution under section 276A.06, subdivision 3, paragraph (a),
or 473F.08, subdivision 3, paragraph (a);
(2) its aid under sections 477A.011 to 477A.014 in the current calendar year; and
(3) its taconite aid in the current calendar year under sections 298.28 and 298.282.
Subd. 7. Proposed budget. In addition to the annual report required in section 134.13, a regional public system that receives a basic system support grant aid under this
section must provide each participating county and city with its proposed budget for
the next year.
Sec. 5. Minnesota Statutes 2012, section 134.351, subdivision 3, is amended to read:
Subd. 3. Agreement. In order for a multicounty, multitype library system to qualify
for a planning, development or operating grant aid pursuant to sections 134.353 and
134.354, each participating library in the system shall adopt an organizational agreement
providing for the following:
(a) Sharing of resources among all participating libraries;
(b) Long-range planning for cooperative programs;
(c) The development of a delivery system for services and programs;
(d) The development of a bibliographic database; and
(e) A communications system among all cooperating libraries.
Sec. 6. Minnesota Statutes 2012, section 134.351, subdivision 7, is amended to read:
Subd. 7. Reports. Each multicounty, multitype system receiving grant aid pursuant to section 134.353 or 134.354 shall provide an annual progress report to the Department of Education.

Sec. 7. Minnesota Statutes 2012, section 134.353, is amended to read:

134.353 MULTICOUNTY, MULTITYPE LIBRARY SYSTEM DEVELOPMENT GRANT AID.

The commissioner of education may provide development grants aid to multicounty, multitype library systems. In awarding development grant aid, the commissioner shall consider the extra costs incurred in systems located in sparsely populated and large geographic regions.

Sec. 8. Minnesota Statutes 2012, section 134.354, is amended to read:

134.354 MULTICOUNTY, MULTITYPE LIBRARY SYSTEM OPERATING GRANT AID.

The commissioner of education may provide operating grants aid to multicounty, multitype library systems. In awarding operating grant aid, the commissioner shall consider the extra costs incurred in systems located in sparsely populated and large geographic areas.

Sec. 9. Minnesota Statutes 2012, section 134.355, subdivision 1, is amended to read:

Subdivision 1. Appropriations. Basic system support grants aid and regional library telecommunications aid provide the appropriations for the basic regional library system.

Sec. 10. Minnesota Statutes 2012, section 134.355, subdivision 2, is amended to read:

Subd. 2. Grant application. Any regional public library system which qualifies according to the provisions of section 134.34 may apply for annual grant aid for regional library basic system support. Regional public library districts under section 134.201 may not compensate board members using grant aid funds. The amount of each grant aid for each fiscal year shall be calculated as provided in this section.

Sec. 11. Minnesota Statutes 2012, section 134.355, subdivision 3, is amended to read:

Subd. 3. Per capita distribution. Fifty-seven and one-half percent of the available grant aid funds shall be distributed to provide all qualifying systems an equal amount per capita. Each system's allocation pursuant to this subdivision shall be based on the population it serves.
Sec. 12. Minnesota Statutes 2012, section 134.355, subdivision 4, is amended to read:

Subd. 4. *Per square mile distribution.* Twelve and one-half percent of the available grant aid funds shall be distributed to provide all qualifying systems an equal amount per square mile. Each system's allocation pursuant to this subdivision shall be based on the area it serves.

Sec. 13. Minnesota Statutes 2012, section 134.355, subdivision 5, is amended to read:

Subd. 5. *Base grant aid distribution.* Five percent of the available grant aid funds shall be paid to each system as a base grant aid for basic system services.

Sec. 14. Minnesota Statutes 2012, section 134.355, subdivision 6, is amended to read:

Subd. 6. *Adjusted net tax capacity per capita distribution.* Twenty-five percent of the available grant aid funds shall be distributed to regional public library systems based upon the adjusted net tax capacity per capita for each member county or participating portion of a county as calculated for the second year preceding the fiscal year for which the grant aid is made provided. Each system's entitlement shall be calculated as follows:

(a) Multiply the adjusted net tax capacity per capita for each county or participating portion of a county by .0082.

(b) Add sufficient grant aid funds that are available under this subdivision to raise the amount of the county or participating portion of a county with the lowest value calculated according to paragraph (a) to the amount of the county or participating portion of a county with the next highest value calculated according to paragraph (a). Multiply the amount of the additional grant aid funds by the population of the county or participating portion of a county.

(c) Continue the process described in paragraph (b) by adding sufficient grant aid funds that are available under this subdivision to the amount of a county or participating portion of a county with the next highest value calculated in paragraph (a) to raise it and the amount of counties and participating portions of counties with lower values calculated in paragraph (a) up to the amount of the county or participating portion of a county with the next highest value, until reaching an amount where funds available under this subdivision are no longer sufficient to raise the amount of a county or participating portion of a county and the amount of counties and participating portions of counties with lower values up to the amount of the next highest county or participating portion of a county.

(d) If the point is reached using the process in paragraphs (b) and (c) at which the remaining grant aid funds under this subdivision are not adequate for raising the amount of a county or participating portion of a county and all counties and participating portions of
counties with amounts of lower value to the amount of the county or participating portion of a county with the next highest value, those funds are to be divided on a per capita basis for all counties or participating portions of counties that received grant aid funds under the calculation in paragraphs (b) and (c).

Sec. 15. Minnesota Statutes 2012, section 134.36, is amended to read:

134.36 RULES.

The commissioner of education shall promulgate rules as necessary for implementation of library grant and aid programs.

(a) Notwithstanding Minnesota Statutes, section 123B.80, subdivision 3, for fiscal years 2014 and 2015 only, the commissioner must approve a request for a fund transfer if the transfer does not increase state aid obligations to the district or result in additional property tax authority for the district. This section does not permit transfers from the community service fund, the food service fund, or the reserved account for staff development under section 122A.61.

(b) A school board may approve a fund transfer under paragraph (a) only after adopting a resolution stating the fund transfer will not diminish instructional opportunities for students.

EFFECTIVE DATE. This section is effective July 1, 2013.

Sec. 17. SCHOOL PAYMENT SHIFTS.

For fiscal years 2014 and later, any increase in an aid entitlement for an aid program subject to the aid payment shift must have a current year aid payment percent of 90.

For taxes payable in 2014 and later, no appropriations gains from a property tax early recognition shift may be recognized on any change in school district levies.

ARTICLE 8

EARLY CHILDHOOD; SELF-SUFFICIENCY; LIFELONG LEARNING

Section 1. Minnesota Statutes 2012, section 13.319, is amended by adding a subdivision to read:

Subd. 9. Early learning scholarships. Section 124D.143 governs data under the early learning scholarship program.

Sec. 2. [16F.01] MINNESOTA YOUTH COUNCIL COMMITTEE.

Subdivision 1. Establishment and membership. The Minnesota Youth Council Committee is established within and under the auspices of the Minnesota Alliance With Youth. The committee consists of four members from each congressional district in Minnesota and four members selected at-large. Members must be selected through an application and interview process conducted by the Minnesota Alliance With Youth. In making its appointments, the Minnesota Alliance With Youth should strive to ensure gender and ethnic diversity in the committee's membership. Members must be between the ages of 13 and 19 and serve two-year terms, except that one-half of the initial members must serve a one-year term. Members may serve a maximum of two terms.

Subd. 2. Duties. The Minnesota Youth Council Committee shall:
(1) provide advice and recommendations to the legislature and the governor on
issues affecting youth;
(2) serve as a liaison for youth around the state to the legislature and the governor; and
(3) submit an annual report of the council’s activities and goals.
Subd. 3. **Partnerships.** The Minnesota Youth Council Committee shall partner with
nonprofits, the private sector, and educational resources to fulfill its duties.
Subd. 4. **Youth Council Committee in the legislature.** (a) The Minnesota Youth
Council Committee shall meet at least twice each year during the regular session of the
legislature.
(b) The committee may:
(1) select introduced bills in the house of representatives and senate for consideration
for a public hearing before the committee;
(2) propose youth legislation;
(3) provide advisory opinions to the legislature on bills heard before the committee;
and
(4) prepare a youth omnibus bill.
(c) The leaders of the majority and minority parties of the house of representatives
and senate shall each appoint one legislator to serve as a legislative liaison to the
committee. Leadership of the house of representatives and senate, on rotating years, may
appoint a staff member to staff the committee.

**Sec. 3. [124D.143] Early learning scholarships.**

Subdivision 1. **Early learning scholarships established.** The Office of Early
Learning must oversee the early learning scholarship program in consultation with the
Minnesota Departments of Education, Human Services, and Health.
Subd. 2. **Duties.** The Office of Early Learning shall administer the early learning
scholarship program, establish participation standards for children and their families,
develop criteria for qualifying providers based on section 124D.142, and contract for
administrative services as necessary with a resource and referral organization under
section 119B.19, or other nonprofit or public entity.
Subd. 3. **Definitions.** (a) The terms defined in the subdivision apply to this section.
(b) "Director" means the director of the Office of Early Learning.
(c) "Eligible program" means a Head Start program under section 119A.50, school
readiness program under section 124D.15, or other school district child-based program
designed to provide early education services to children not yet in kindergarten, licensed
center-based child care program under chapter 245A, or licensed family child care
program under chapter 245A or other program providing early learning opportunities.

(d) "Income" has the meaning given in section 119B.011, subdivision 15.

(e) "Parent" means the parent or legal guardian of a child.

(f) "Prospective program" means an eligible program that makes a commitment to
enhance its quality of education and care and demonstrates to the director's satisfaction
that the program is pursuing a program rating. For fiscal year 2016 and later, a prospective
program must cite a hardship or demonstrate a special circumstance as to why the program
is not yet ready to enter the rating process before the director may grant it eligibility.

(g) "Rated program" means an eligible program that receives one, two, three, or four
stars under the quality rating and improvement system established in section 124D.142.

Subd. 4. Participant eligibility. The parent of a child who will be at least three
years of age as of September 1 of the year of application is eligible to apply for an early
learning scholarship if the family's income is at or below 185 percent of the federal poverty
level. The director of the Office of Early Learning may specify the form and manner of
the application for a scholarship. The director may establish a method to determine family
income but a parent meets this requirement by documenting their child's identification
through another public funding eligibility process, including the free and reduced-price
lunch program, National School Lunch Act, United States Code, title 42, section 1751, part
210; Head Start under federal Improving Head Start for School Readiness Act of 2007;
Minnesota family investment program under chapter 256J; the Federal Supplemental
Nutrition Assistance Program; and child care assistance programs under chapter 119B and
no further information to verify income is required. Notwithstanding the other provisions
of this section, a parent under age 21 who is pursuing a high school or general education
equivalency diploma is eligible for an early learning scholarship if the parent has a child
age zero to five years old and meets the income eligibility guidelines in this subdivision.

Subd. 5. Scholarship amount. The director annually shall determine the maximum
scholarship amounts based on the results of the rate survey conducted under section
119B.13, subdivision 1, paragraph (b), and may establish a range of scholarship amounts
taking into account the child's level of need and geographic location. The director shall
establish a scholarship amount schedule according to the eligible program's rating and
prospective programs under subdivision 3, paragraph (g). The scholarship amounts may
be designed to be layered around other assistance programs available to that child. The
director shall not consider local funds allocated to support an early learning program
when layering scholarships around other assistance programs. Eligible providers must be
notified of the scholarship allocations available in their geographic location.
Subd. 6. Award of scholarships. (a) The director shall establish timelines and determine the schedule for awarding scholarships that meets operational needs of eligible programs. The director may prioritize applications on factors including family income, geographic location, whether the child's family is on a waiting list for a publicly funded program providing early education or child care services, and the needs of the child and that child's family. By March 15, eligible programs may notify the director of the number of scholarship-eligible children who are eligible under subdivision 4, and who have applied for enrollment in that program. To facilitate enrollment planning, by April 15, the director shall notify eligible programs that have provided enrollment information under this paragraph of the scholarship status of each applicant. To the extent practicable and taking into account family mobility, the scholarships must be awarded to eligible recipients beginning April 15 of each year for a child's participation in a program starting in July, August, or September of that year. Any siblings of a child who has been awarded a scholarship under this section must be awarded a scholarship upon request provided the sibling attends the same program. A child who has received a scholarship under this section must continue to receive a scholarship until that child enrolls in kindergarten or turns six years of age.

(b) A three- or four-star rated program that has a waiting list of children eligible for scholarships may notify the director of the program's desire to serve additional children in order to accommodate scholarship recipients. The director may designate a predetermined number of scholarship slots for that program and notify the program of that number.

(c) A scholarship recipient may choose any available program and is not required to enroll in a program with a predetermined number of slots.

(d) A child who receives a scholarship who has not completed development screening under sections 121A.16 to 121A.19 must complete that screening within 45 days of first attending an eligible program.

Subd. 7. Scholarship recipient choice of programs. A scholarship recipient may choose to apply to any rated program or prospective program for acceptance. If the scholarship recipient has not been accepted and subsequently enrolled in a rated program within ten months of receipt of the scholarship, the scholarship cancels and the recipient must reapply in order to be eligible for another scholarship.

Subd. 8. Building quality. For fiscal years 2014 and 2015 only, the director must develop a streamlined process to encourage eligible programs to enter the rating program. As a part of building quality in the system of providers, the director may grant a parent authority to use a scholarship at a prospective program.
Subd. 9. **Provider reimbursement.** The director may determine the form and method of payment to the fiscal agent for each program serving a scholarship recipient. The director may make quarterly payments on behalf of the scholarship recipient in advance of the services provided to the child, or arrange other payment methods for providers. The director may request information as necessary from providers to verify scholarship payments.

Subd. 10. **Earned income calculation.** Scholarships paid to providers on behalf of eligible parents must not be counted as earned income for the purposes of medical assistance, MinnesotaCare, Minnesota family investment program, diversionary work program, child care assistance, or Head Start programs. Scholarships paid to providers on behalf of eligible parents must not be considered child care funds for the purposes of the child care assistance program under chapter 119B.

Subd. 11. **Collection and use of data.** (a) To the extent available, the director may collect data from participating programs on scholarship program recipients, including but not limited to demographic, socioeconomic, participation, and assessment data.

(b) Data on scholarship applicants and recipients are private data on individuals, as defined in section 13.02, subdivision 12. Participating program providers may not disclose a scholarship recipient's student identification number except as otherwise authorized by law. A participating program provider is liable for damages resulting from its release of a student identification number in a manner not authorized by law.

Subd. 12. **Report required.** (a) The director, in consultation with the children's cabinet, shall develop and implement a plan to publicize and increase parent awareness of early learning scholarships. The director must report the results of the outreach efforts to the legislature by January 15 of each year.

(b) The director shall coordinate existing evaluation and assessment efforts and track scholarship program participation to understand program outcomes. The director must report to the legislature on the performance of the scholarship program by January 15, 2016, and each year thereafter.

Sec. 4. Minnesota Statutes 2012, section 124D.531, subdivision 1, is amended to read:

Subdivision 1. **State total adult basic education aid.** (a) The state total adult basic education aid for fiscal year 2011 equals $44,419,000, plus any amount that is not paid during the previous fiscal year as a result of adjustments under subdivision 4, paragraph (a), or section 124D.52, subdivision 3. The state total adult basic education aid for later fiscal years equals:

---

**Article 8 Sec. 4.**
(1) the state total adult basic education aid for the preceding fiscal year plus any amount that is not paid for during the previous fiscal year, as a result of adjustments under subdivision 4, paragraph (a), or section 124D.52, subdivision 3; times

(2) the lesser of:

(i) \( \frac{\text{early childhood participation}}{\text{median income for family of three or four persons}} \); or

(ii) the average growth in state total contact hours over the prior ten program years.

Beginning in fiscal year 2002, two percent of the state total adult basic education aid must be set aside for adult basic education supplemental service grants under section 124D.522.

(b) The state total adult basic education aid, excluding basic population aid, equals the difference between the amount computed in paragraph (a), and the state total basic population aid under subdivision 2.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2015 and later.

Sec. 5. Laws 2011, First Special Session chapter 11, article 7, section 2, subdivision 8, as amended by Laws 2012, chapter 239, article 3, section 4, is amended to read:

Subd. 8. **Early childhood education scholarships.** For grants to early childhood education scholarships for public or private early childhood preschool programs for children ages 3 to 5:

$ 2,000,000 ..... 2013

(a) All children whose parents or legal guardians meet the eligibility requirements of paragraph (b) established by the commissioner are eligible to receive early childhood education scholarships under this section.

(b) A parent or legal guardian is eligible for an early childhood education scholarship if the parent or legal guardian:

(1) has a child three or four years of age on September 1, beginning in calendar year 2012; and

(2)(i) has income equal to or less than 47 percent of the state median income in the current calendar year; or

(ii) can document their child's identification through another public funding eligibility process, including the Free and Reduced Price Lunch Program, National School Lunch Act, United States Code, title 42, section 1751, part 210; Head Start under federal Improving Head Start for School Readiness Act of 2007; Minnesota family investment program under chapter 256J; and child care assistance programs under chapter 119B.
Early childhood scholarships may not be counted as earned income for the purposes of medical assistance, MinnesotaCare, Minnesota family investment program, child care assistance, or Head Start programs.

Each year, if this appropriation is insufficient to provide early childhood education scholarships to all eligible children, the Department of Education shall make scholarships available on a first-come, first-served basis.

The commissioner of education shall submit a written report to the education committees of the legislature by January 15, 2012, describing its plan for implementation of scholarships under this subdivision for the 2012-2013 school year.

Any balance in the first year does not cancel but is available in the second year.

The base for this program is $3,000,000 each year.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to early learning scholarships received during fiscal year 2013.

Sec. 6. FISCAL YEAR 2014 ONLY.

Notwithstanding the timelines in section 2, for fiscal year 2014 only, the director shall establish an expedited process to award scholarships to eligible recipients attending three- or four-star rated programs to accommodate those eligible programs with fall enrollment deadlines.

Subd. 3. Initial aid. The transition-disabled program initial aid equals the sum of the following amounts computed using current year data:

(1) 68 percent of the salary of each essential licensed person or approved paraprofessional who provides direct instructional services to students employed during that fiscal year for services rendered in that district's transition program for children with a disability;

(2) 47 percent of the costs of necessary equipment for transition programs for children with a disability;

(3) 47 percent of the costs of necessary travel between instructional sites by transition program teachers of children with a disability but not including travel to and from local, regional, district, state, or national career and technical student organization meetings;

(4) 47 percent of the costs of necessary supplies for transition programs for children with a disability but not to exceed an average of $47 in any one school year for each child with a disability receiving these services;

(5) for transition programs for children with disabilities provided by a contract approved by the commissioner with public, private, or voluntary agencies other than a Minnesota school district or cooperative center, in place of programs provided by the district, 52 percent of the difference between the amount of the contract and the basic revenue of the district for that pupil for the fraction of the school day the pupil receives services under the contract;

(6) for transition programs for children with disabilities provided by a contract approved by the commissioner with public, private, or voluntary agencies other than a Minnesota school district or cooperative center, that are supplementary to a full educational program provided by the school district, 52 percent of the amount of the contract; and

(7) for a contract approved by the commissioner with another Minnesota school district or cooperative center for vocational evaluation services for children with a disability for children that are not yet enrolled in grade 12, 52 percent of the amount of the contract.

Subd. 10. Exclusion. A district shall not receive aid pursuant to section 125A.76 for salaries, supplies, travel or equipment for which the district receives aid pursuant to this section.

Subd. 11. Revenue allocation from cooperative centers and intermediate districts. For purposes of this section, a cooperative center or an intermediate district must allocate its approved expenditures for transition programs for children with a disability among participating school districts. Aid for transition programs for children with a disability for services provided by a cooperative or intermediate district shall be paid to the participating districts.

125A.35 EARLY INTERVENTION SERVICE DOLLARS.

Subd. 4. Expenditures; early intervention services. Each county board must continue to spend for early intervention services under section 125A.27, subdivision 6, an amount equal to the total county expenditure during the period from January 1, 1993, to December 31, 1993, for these same services. The commissioner of human services, in consultation with the commissioner of health and the association of Minnesota counties, must establish a process for determining base year 1993 expenditures.

Subd. 5. Increased costs. County boards that have submitted base year 1993 expenditures as required under subdivision 4 are not required to pay any increased cost over the base year 1993 for early intervention services resulting from implementing the early intervention system. Increased costs to county boards may be paid for with early intervention service dollars.

125A.76 SPECIAL EDUCATION REVENUE.

Subd. 2. Special education initial aid. The special education initial aid equals the sum of the following amounts computed using current year data:

(1) 68 percent of the salary of each essential person employed in the district's program for children with a disability during the fiscal year, whether the person is employed by one or more districts or a Minnesota correctional facility operating on a fee-for-service basis;

(2) for the Minnesota State Academy for the Deaf or the Minnesota State Academy for the Blind, 68 percent of the salary of each one to one instructional and behavior management aide assigned to a child attending the academy, if the aides are required by the child's individualized education program;

(3) for special instruction and services provided to any pupil by contracting with public, private, or voluntary agencies other than school districts, in place of special instruction and
services provided by the district, 52 percent of the difference between the amount of the contract and the general education revenue, excluding basic skills revenue and alternative teacher compensation revenue, and referendum equalization aid attributable to a pupil, calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit for the fraction of the school day the pupil receives services under the contract. This includes children who are residents of the state, receive services under this subdivision and subdivision 1, and are placed in a care and treatment facility by court action in a state that does not have a reciprocity agreement with the commissioner under section 125A.155 as provided for in section 125A.79, subdivision 8;

(4) for special instruction and services provided to any pupil by contracting for services with public, private, or voluntary agencies other than school districts, that are supplementary to a full educational program provided by the school district, 52 percent of the amount of the contract for that pupil;

(5) for supplies and equipment purchased or rented for use in the instruction of children with a disability, an amount equal to 47 percent of the sum actually expended by the district, or a Minnesota correctional facility operating on a fee-for-service basis, but not to exceed an average of $47 in any one school year for each child with a disability receiving instruction;

(6) for fiscal years 1997 and later, special education base revenue shall include amounts under clauses (1) to (5) for special education summer programs provided during the base year for that fiscal year;

(7) the cost of providing transportation services for children with disabilities under section 123B.92, subdivision 1, paragraph (b), clause (4); and

(8) the district's transition-disabled program initial aid according to section 124D.454, subdivision 3.

The department shall establish procedures through the uniform financial accounting and reporting system to identify and track all revenues generated from third-party billings as special education revenue at the school district level; include revenue generated from third-party billings as special education revenue in the annual cross-subsidy report; and exclude third-party revenue from calculation of excess cost aid to the districts.

3501.0010 PURPOSE.

The purpose of parts 3501.0010 to 3501.0180 is to establish statewide standards that define what a Minnesota public high school graduate should know and be able to do to function effectively as a purposeful thinker, effective communicator, self-directed learner, productive group participant, and responsible citizen.

3501.0020 SCOPE.

Parts 3501.0010 to 3501.0180 govern the graduation standards that Minnesota public schools must require for a high school diploma for all students who enter ninth grade in 1996 or a subsequent year.

3501.0030 DEFINITIONS.

Subpart 1. Scope. The terms used in parts 3501.0010 to 3501.0180 have the meanings given them in this part.

3501.0030 DEFINITIONS.

Subp. 2. Accommodation. "Accommodation" means an adjustment in a testing condition, such as the setting for or scheduling of the test, or a change in the method of administering a test. An accommodation does not compromise the security or the confidentiality of the test, does not alter the meaning of the score, or render the student's score incomparable to the scores of those students who took the test under standard conditions. Among accommodations is providing a student with the same test in a large-print version.

3501.0030 DEFINITIONS.

Subp. 3. Degrees of Reading Power Index of Readability or DRP. The "Degrees of Reading Power Index of Readability" or "DRP" means the Degrees of Reading Power Index of Readability described in the DRP Teacher's Manual: Primary and Standard Test Forms issued by Touchstone Applied Science Associates (TASA), Inc. (Brewster, New York, 1989). This document is incorporated by reference and is available through the Minitex interlibrary loan system. This index is not subject to frequent change.

3501.0030 DEFINITIONS.

Subp. 4. Department. "Department" means the Department of Education.

3501.0030 DEFINITIONS.

Subp. 5. District. "District" means a school district.

3501.0030 DEFINITIONS.

Subp. 6. Exemption. "Exemption" means a temporary or permanent waiver of the requirement that a student take a test in the basic requirements.

3501.0030 DEFINITIONS.

Subp. 7. Individualized education program or IEP. "Individualized education program" or "IEP" means a written statement developed for a student eligible for special education and services pursuant to Minnesota Statutes, sections 125A.03 to 125A.24, and Public Law 101-476, the Individuals with Disabilities Education Act.

3501.0030 DEFINITIONS.

Subp. 9. Modification. "Modification" means an adjustment of a test that results in changing the standard for a particular student. Among adjustments are: a modification of only part of a test, a change in test questions, and a change in the performance standard.

3501.0030 DEFINITIONS.

Subp. 10. Parent. "Parent" means, for a student under age 18, the mother, father, guardian, person acting as the parent of the child, conservator, or surrogate parent who has been appointed in accordance with parts 3525.2435 to 3525.2455. For a pupil age 18 or over, parent or parents also includes the pupil unless a guardian or conservator has been appointed, in which case it means the guardian or conservator. When the parents are separated or divorced, it means the
parent who has the legal right, by court decree or agreement, to determine the pupil's education, even though the pupil may be living with the other parent.

3501.0030 DEFINITIONS.

Subp. 11. Public schools. "Public schools" means all public schools as defined in Minnesota Statutes, section 120A.05, and includes, but is not limited to, public school districts, charter schools, the state academies for the deaf and the blind, and the Center for Arts Education.

3501.0030 DEFINITIONS.

Subp. 12. Section 504 accommodation plan. "Section 504 accommodation plan" means the defined appropriate accommodations or modifications that must be made in the school environment to address the needs of an individual student with disabilities. This section of the federal Rehabilitation Act of 1973, Public Law 91-230 as amended in Public Law 101-476, extends protection to a much broader student population than just those students with IEPs.

3501.0030 DEFINITIONS.

Subp. 13. State test. "State test" means a test of a basic requirement that has been developed using the specifications created for a statewide standard in reading or mathematics. The test shall be designated by the department as the official state test.

3501.0030 DEFINITIONS.

Subp. 14. Statewide standards. "Statewide standards" means statements of what a student should know and be able to do. Statewide standards are concerned with the knowledge that a student should acquire, the concepts and processes a student should master, and the minimum level of competency a student should develop in the course of the student's prekindergarten through grade 12 experience.

3501.0030 DEFINITIONS.

Subp. 15. Student. "Student" means a person admitted to a public school as defined in Minnesota Statutes, section 120A.05, in accordance with Minnesota Statutes, section 120A.20.

3501.0030 DEFINITIONS.

Subp. 16. Test specifications. "Test specifications" means statements of the basic requirements that tests must include and how tests are designed. The specifications define the required content, format, level of difficulty, types of items, and length of the tests.

3501.0040 STATEWIDE GRADUATION STANDARDS.

Subpart 1. Basic requirements. The basic requirements for mathematics and reading are established in this chapter. The statewide standards for mathematics are specified in subpart 2 and the statewide standards for reading are specified in subpart 3.

To qualify for a high school diploma, a student shall demonstrate competency in the statewide standards for mathematics and reading through a state test except for decisions consistent with parts 3501.0090 and 3501.0100. School districts may require higher standards in mathematics and reading than the statewide standards.

Subp. 2. Statewide standard in mathematics. To meet the basic requirement in mathematics, a student shall demonstrate the ability to solve mathematical problems derived from situations commonly encountered in adult life. Among common situations is the estimation of distance traveled when the elapsed time and average rate are known.

Subp. 3. Statewide standard in reading. To meet the basic requirement in reading, a student shall demonstrate the ability to read and comprehend English passages representative of widely circulated material commonly encountered in adult life. Among widely circulated material is a newspaper feature article.

3501.0050 TESTING FOR STATEWIDE STANDARDS IN BASIC REQUIREMENTS.

Subpart 1. School district testing. A school district shall test for competency in the statewide standards in basic requirements by using the state basic skills tests:

A. a state test;
B. one of the state-approved nationally normed, commercially published tests; or
C. a local test.
Subp. 2. **Offering tests in basic requirements.** A district shall not offer the test of a basic requirement before grade 8. Once the test has first been offered to a group of students, the district shall continue to offer the test of that basic requirement to that group of students at least once a year.

Subp. 3. **Additional testing opportunities.** A district shall establish a process for additional testing of students, who by April 1 of their anticipated graduation year have not passed one or more of the basic requirement tests.

The process shall include:

A. how a parent, student, or both can request:
   (1) an additional opportunity to take basic requirement tests; and
   (2) testing accommodations;
B. the procedure that a district shall use to act on a request in item A; and
C. how a parent, student, or both can appeal the district's action under item B.

In addition to the regularly scheduled annual availability of the state tests, the state tests shall also be made available by the department at a district's request for one additional retesting of seniors.

Subp. 4. **Transfer students.** A student transferring into a district shall not be required to take a test of a basic requirement if the student's former school record verifies that the student has already passed a test of that basic requirement consistent with this part. This subpart applies even if the student transfers into a district that has higher standards than the statewide standard in the basic requirement.

### 3501.0060 **STATE TEST.**

**Subpart 1. District use of state test.**

A. The department shall establish and maintain state tests in the basic requirements.

B. When a district uses a state test, it shall:
   (1) accept as final and conclusive the department's determination on the content of the test, the scoring of the answers, and the determination of the minimum passing score;
   (2) administer the state test according to the standard conditions for administration that shall be provided to the district with each state test of basic requirements;
   (3) return the administered state test to the state for scoring; and
   (4) adopt a passing score no lower than the passing score given in part 3501.0180 for that basic requirement test.

**Subpart 2. Specifications for state test of mathematics.** The state test of mathematics shall assess the statewide standard in mathematics by including the topics described in items A to H:

A. problems involving whole numbers, fractions, decimals, and integers; for example, finding the change from a $20 bill after purchasing two items of known cost;
B. problems involving percents, rate, ratios, and proportions; for example, determining which size of a grocery item represents the best buy;
C. problems using concepts of number sense, place value, and number relationships to compare, order, and determine equivalence of whole numbers, fractions, decimals, percents, and integers; for example, determining which of two numbers is larger if one is in fraction form and one in decimal form;
D. problems using estimation; for example, estimating the approximate distance traveled when the elapsed time and average rate are known;
E. problems applying measurement concepts; for example, using a ruler to determine the length of the side of a figure;
F. problems in reading, interpreting, and using one- and two-dimensional graphic forms to analyze data, identify patterns, and make predictions; for example, using a table to determine in which month a show had the highest attendance;
G. problems using elementary concepts of probability and statistics; for example, finding the average of five bowling scores; and
H. problems applying geometric and spatial relationships; for example, finding the total number of boxes stacked in a display.

A student shall be permitted to use a calculator on the state test of mathematics.
Subp. 3. **Specifications for state test of reading.** The state test shall assess the statewide standard in reading. The test shall be written according to items A to D.

entering grade 9 in 1996; and is 75 percent for students entering grade 9 in 1997 and thereafter.

3501.0200 PURPOSE.

The purpose of parts 3501.0200 to 3501.0290 is to establish a statewide standard that
describes what a Minnesota public high school student must demonstrate in written composition
to be eligible for a high school diploma.

3501.0210 SCOPE.

Parts 3501.0200 to 3501.0290 govern the written composition standard for a high school
diploma that Minnesota public schools must require of all students who enter ninth grade in
1997 or a subsequent year.

3501.0220 DEFINITIONS.

Subpart 1. Scope. For the purposes of parts 3501.0200 to 3501.0290, the terms defined in
part 3501.0030 have the same meaning unless otherwise clearly indicated.

Subp. 2. Definitions for basic requirement in written composition testing. For the
purposes of parts 3501.0200 to 3501.0290, the following terms have the meanings given them.

A. "Prompt" means a statement of a writing task for which the student is to create a
written composition for a specified adult reader.

B. "Scoring criteria" means the five writing characteristics in part 3501.0230, subpart 2,
to be used by trained raters in determining to what degree a written response to a prompt does or
does not meet the statewide standard for written composition.

C. "Written composition" or "composition" means the composite acts of formulating and
preparing, in English, a clearly focused, organized, developed, coherent, and clearly expressed
message to be communicated to an adult reader in a written format.

3501.0230 STATEWIDE GRADUATION STANDARD FOR WRITTEN COMPOSITION.
Subpart 1. **Basic requirements.** The basic graduation requirement for written composition is established in parts 3501.0210 to 3501.0290. The statewide standard for written composition is specified in subpart 2.

Except for decisions consistent with parts 3501.0090 and 3501.0100, to qualify for a high school diploma, a student shall demonstrate competency in the statewide standard for written composition through one of the testing options in part 3501.0250, subpart 1. Districts may require higher standards, additional demonstrations, or both of competency in written composition beyond the statewide standards.

Subp. 2. **Statewide standard in written composition.** A student shall demonstrate the ability to create, in English, a written composition. An adequate written composition must show:

A. clarity of central ideas such that the composition responds directly and specifically to the task presented in the prompt;

B. coherent focus such that the supporting ideas expressed in the composition relate clearly to the central idea and that there is a clear connection among ideas. Coherent focus may be accomplished through transitions, parallel structure, or other unifying devices;

C. organization such that the ideas are expressed in an order which is logical and clear and the composition contains a beginning, middle, and end. The student may choose one of a variety of organizational strategies such as cause/effect, problem/solution, chronological sequence, topical order, or spatial organization;

D. detailed support or elaboration of ideas. The composition must include any or all of the following: information; verbal illustrations; explanations; and examples, which sufficiently clarify and expand the student's central idea for the reader. These details must be logically connected to the central idea; and

E. language conventions such that the composition includes features of language that are acceptable in standard written discourse. Language conventions are important to ensure that the meaning of the written composition is not impaired. The writer shall apply rules of sentence formation, language choice and order, and language mechanics including punctuation, capitalization, and spelling, of standard written English.

Subp. 3. **Scoring.** When scoring written compositions, there shall be a no minimum length requirement. Ratings shall be based on the overall quality of the written response relative to the scoring criteria. The general guidelines for score scale points in part 3501.0240 shall be used to evaluate adequate demonstration of the characteristics in subpart 2.

Handwriting must be decipherable. While students should be encouraged to write as neatly as they can, there shall be no penalty for poor handwriting, except that only compositions that are legible shall be scored.

3501.0240 GENERAL GUIDELINES FOR SCORE SCALE POINTS.

Subpart 1. **Scoring criteria.** Trained raters shall apply the scoring criteria under part 3501.0230, subpart 2, for the basic requirement in written composition to assign score scale points according to subparts 2 to 6.

Subp. 2. **Four-point rating.** A more than adequate student response in composition shall receive four points. A student response is more than adequate if the composition:

A. is related to the prompt;

B. has a central idea that is clearly expressed;

C. is well developed with supporting details;

D. has a beginning, middle, and end; and

E. demonstrates excellent control of the language that enhances the overall quality of the response.

Subp. 3. **Three-point rating.** An adequate student response in composition shall receive three points. A student response is adequate if the composition:

A. is related to the prompt;

B. has a central idea that is clearly expressed;

C. is developed with supporting details but may present minor obstacles to the reader in moving from one idea to another;

D. has a beginning, middle, and end; and
E. demonstrates adequate control of the language in that the composition may have
minor errors in sentence formation, usage, or mechanics, but these do not substantially detract
from the overall quality of the composition.

Subp. 4. Two-point rating. A less than adequate student response in composition shall
receive two points. A student response is less than adequate if the composition:
A. is related to the prompt; but
B. is not well focused;
C. presents obstacles to the reader in moving from idea to idea;
D. lacks a beginning, middle, or end; or
E. contains errors in sentence formation, word usage, and mechanics that are frequent
enough to detract from the overall quality of the composition.

Subp. 5. One-point rating. A very inadequate student response shall receive one point. A
student response is very inadequate if the composition:
A. is related to the prompt; but
B. lacks a central idea or coherent focus;
C. is difficult to follow;
D. is not clearly organized; or
E. contains errors in sentence formation, word usage, and mechanics that are frequent
enough to detract from the overall quality of the composition.

Subp. 6. Not scorable (N). A student response that cannot be evaluated shall receive an N.
A student response shall be designated not scorable when a rater and the scoring leader agree
that the composition:
A. is not related to the prompt;
B. is not readable because it is illegible or incoherent;
C. is written in a language other than English;
D. contains an insufficient amount of writing to evaluate; or
E. is blank in that no response is given.

3501.0250 TESTING FOR STATEWIDE STANDARDS IN THE BASIC REQUIREMENT
OF WRITTEN COMPOSITION.

Subpart 1. District testing. A school district shall test for competency in the statewide
standard in the basic requirement of written composition by using the state basic skills test of
written composition.

Subp. 2. Offering tests in basic requirements. A district shall first offer the test of the basic
requirement in written composition to students in grade 10. Nonpassing students shall be given
the opportunity to retake the test of the basic requirement in written composition at least annually.

Subp. 3. Additional testing opportunities. A district shall establish a process for additional
testing of students who by April 1 of their anticipated graduation year have not passed a test in
the basic requirement in written composition.

The process shall include:
A. how the parent, student, or both can request:
   (1) an additional testing opportunity to take the basic requirement in written
       composition test; and
   (2) testing accommodations;
B. the procedure that the district shall use to act on a request in item A; and
C. how a parent, student, or both can appeal the district's action under item B.

In addition to the regularly scheduled annual availability of a new form of the state test, an
additional statewide administration of the state test shall be made available by the department for
one additional retesting of seniors.

Subp. 4. Transfer students. A student transferring into a district shall not be required to
take a test of the basic requirement for written composition if the student's record from the former
school verifies that the student has already passed a test of that basic requirement consistent with
this part. This subpart applies even if the student transfers into a district that has higher standards
than the statewide standard for the basic requirement in written composition.
Subp. 5. **Specifications for state test in written composition.** The state test shall assess the statewide standard for the basic requirement in written composition. The state test shall be written, administered, and scored according to subparts 6 to 8.

Subp. 6. **Test contents.** The state test shall require a student to compose a single composition in response to one prompt. The prompt shall:
A. require no prior preparation for response;
B. indicate that the response should be written for a specific adult reader;
C. accommodate a variety of writing strategies and instruction;
D. contain a topic that is unknown to students, their parents, teachers, or test proctors before the actual testing session; and
E. elicit demonstration of the general scoring criteria of the statewide standard for the basic requirement in written composition.

Subp. 7. **Test administration.** The state test shall be administered according to standard conditions for administration that shall be provided to the district with the test.
A. The state test shall be untimed but must be completed in an unbroken block of time. Once the student is excused for lunch, another class, activity, or to go home, the testing session has been concluded.
B. The state test shall require that the student's response be written directly in the test booklets without the use of word processors or writing tools other than pencils and pens, except when the district determines that a student has a physical condition that prevents the student writing by hand or as provided for under part 3501.0090.
C. A student shall not use a dictionary, thesaurus, or other published or prepared reference or preparation material of any type during testing.

Subp. 8. **Test scoring.** Tests shall be scored independently by members of a state-approved, trained scoring panel using the scoring criteria and the scoring process specified by the state. The state scoring process for the test of the basic requirement in written composition shall be according to items A to E.
A. The state shall contract with an independent vendor chosen for its experience and reliability in training and conducting the scoring of tests of written composition.
B. The contracted vendor shall train each rater on the prompt to be scored and each rater shall satisfactorily complete a qualifying assessment prior to scoring actual student responses. The contractor shall provide periodic reports of interrater agreement as scoring progresses and summary data on interrater agreement when scoring has been completed. The contractor shall also periodically recheck the accuracy of each rater. To qualify for scoring student responses, an individual rater shall demonstrate at least a 90 percent rate of agreement with scores assigned by scoring leaders.
C. A rubric, which is the scoring criteria applied to example compositions unique to a specific prompt, shall be developed as part of the rater training process for rating a specific prompt.
D. Each composition shall be rated independently by two raters. Raters shall assign ratings on a scale of one to four (1-4) or assign a designation of not scorable according to the general scoring criteria in part 3501.0240 and the rubric developed for the specific prompt being scored. When a rater assigns N, the scoring leader shall either determine that the final score is N or declare the test scorable. A test, declared scorable through this procedure, shall be returned to begin the rating process again. Raters may assign only whole number ratings. Except as provided in item E, the written composition score for each student shall be the average of the two assigned ratings. An average score of at least 3.0 shall be required to pass the written composition test.
E. A student composition shall be evaluated by a third rater who is a scoring leader when the composition receives two ratings that:
   (1) differ by more than one point; or
   (2) consist of one 2 and one 3 rating.
   The scoring leader shall independently assign a third rating to the composition. The final score shall be calculated by averaging the two ratings that are on the same side of the pass/not pass line. Final scores that are possible under this item are: 1, 1.5, 2, 3, 3.5, and 4. An assigned score of at least 3.0 shall be required to pass the written composition test.

Subp. 9. **Test review.** All written compositions shall be returned to districts after scoring is completed so that schools, teachers, and students have the opportunity to review them for diagnosis of student writing proficiency and identification of needs for further instruction.
Districts may request, in advance of scoring, that compositions with failing scores be returned with analytic scoring to provide additional assistance in preparing the student for retesting.

3501.1000 PURPOSE.

The purpose of parts 3501.1000 to 3501.1190 is to establish statewide graduation test standards and rules for administration and implementation of the graduation-required assessment for diploma (GRAD).

3501.1020 SCOPE.

Parts 3501.1000 to 3501.1190 govern the graduation standards that Minnesota public schools must require for a high school diploma for all students enrolled in grade 8 in the 2005-2006 school year and later.

3501.1030 DEFINITIONS.

Subpart 1. Scope. The terms used in parts 3501.1000 to 3501.1190 have the meanings given them in this part.

Subp. 2. Accommodation. "Accommodation" means an adjustment in a testing condition, such as the setting for or scheduling of the test, or a change in the method of administering a test. An accommodation does not compromise the security or the confidentiality of the test, does not alter the meaning of the score, or render the student's score incomparable to the scores of those students who took the test under standard conditions.

Subp. 3. Department. "Department" means the Department of Education.

Subp. 4. District. "District" means a school district.
Subp. 5. Graduation-required assessment for diploma (GRAD). "Graduation-required assessment for diploma" or "GRAD" means the assessment that measures the reading, writing, and mathematics proficiency of high school students.

Subp. 6. Individualized education program or IEP. "Individualized education program" or "IEP" means a written statement developed for a student eligible for special education and services pursuant to Minnesota Statutes, sections 125A.03 to 125A.24, and the Individuals with Disabilities Education Act, as amended in 2004, Public Law 104-446.

Subp. 7. Modification. "Modification" means an adjustment of a test that results in changing the standard for a particular student.

Subp. 8. Parent. "Parent" means, for a student under age 18, the mother, father, guardian, person acting as the parent of the student, conservator, or surrogate parent who has been appointed according to parts 3525.2435 to 3525.2455. For a student age 18 or over, parent also includes the student unless a guardian or conservator has been appointed, in which case it means the guardian or conservator. When the parents are separated or divorced, it means the parent who has the legal right, by court decree or agreement, to determine the student's education, even though the student may be living with the other parent.

Subp. 9. Public schools. "Public schools" means all public schools as defined in Minnesota Statutes, section 120A.05, and includes, but is not limited to, public school districts, charter schools, the state academies for the deaf and the blind, and the Center for Arts Education.

Subp. 10. Section 504 accommodation plan. "Section 504 accommodation plan" means the defined appropriate accommodations or modifications that must be made in the school environment to address the needs of an individual student with disabilities. This section of the federal Rehabilitation Act of 1973, Public Law 91-230, as amended in Public Law 101-476, extends protection to a much broader student population than just those students with IEPs.

Subp. 11. Statewide graduation standards. "Statewide graduation standards" means statements of what a student should know and be able to do as described by Minnesota Statutes, sections 120B.02 and 120B.021.

Subp. 12. Student. "Student" means a person admitted to a public school as defined in Minnesota Statutes, section 120A.05, in accordance with Minnesota Statutes, section 120A.20.

Subp. 13. Test design. "Test design" means statements of the requirements that tests must include and how tests are designed. These design documents define the required content, format, level of difficulty, types of items, and length of the tests.

3501.1040 GRAD REQUIREMENTS.

The GRAD requirements for reading, mathematics, and writing are established in this chapter.

To qualify for a high school diploma, a student must demonstrate competency in the statewide standards for reading, mathematics, and writing by fulfilling the graduation test requirements established by Minnesota Statutes, sections 120B.02 and 120B.30.

3501.1050 TESTING FOR STATEWIDE GRAD STANDARDS.

Subpart 1. District testing. A district must test for proficiency in statewide graduation standards by using the graduation-required assessment for diploma.

Subp. 2. Offering GRAD. A district must not offer the GRAD before the grade of its first census administration. Once the test has first been offered to a group of students, the district must continue to offer the GRAD to that group of students at least once a year.

3501.1110 OPPORTUNITIES TO LEARN AND REMEDIATION.

A district's curriculum must include opportunities for all students to learn the GRAD requirements and subject matter. The district must develop a plan for remediation for a student who, after two retest opportunities, has not passed a specific GRAD.

3501.1120 REQUIRED NOTIFICATION TO PARENTS AND STUDENTS.

Subpart 1. Written notice. A district must establish and maintain a system to provide written notice to parents and students about graduation requirements.

Subp. 2. Notice of graduation requirements. Beginning in the 2008-2009 school year and each subsequent year the district must provide to parents and students written notice of:

A. the graduation requirements; and
B. the grade in which the student will have the first opportunity to take a GRAD.
Subp. 3. **Notice of test results and remediation opportunities.** The district must provide written notice to parents and the student of GRAD results no later than 60 days after the district receives the results of a GRAD. After the date of receiving test results, students must have a minimum of six weeks for remediation before the next testing opportunity.

**3501.1130 STUDENT RECORD KEEPING.**

Subp. 1. **Test results.** The district must keep a record on each student that includes:

A. the GRAD taken; and

B. the results of the most recent GRAD given.

Subp. 2. **Student progress.** Individual student progress must be reported on a student record as described in this part.

"Pass" or "p" must be noted on the record of a student who passes a GRAD under standard conditions or with an accommodation.

"Pass" or "p" must also be noted on the record of a student who passes a GRAD with a modification established in the IEP or section 504 accommodation plan in accordance with part 3501.1190. This notation is also used as a GRAD notation for any other modified or alternate assessment used for accountability purposes for students with disabilities. The records for students passing with an accommodation or a modification or who pass an alternate assessment must not differ from the records of students passing the test under standard conditions.

**3501.1140 TEST ADMINISTRATION.**

The district must administer the GRAD under standard testing conditions defined by the developer of the particular test. The district must use the directions provided with the test. Test administration with accommodations or modifications to standard testing conditions must occur only in accordance with part 3501.1190.

**3501.1150 TEST SECURITY.**

Subp. 1. **Security requirements.** When administering GRAD, the district must observe the following test security measures:

A. all test materials must be secured, either physically or electronically, before and after the test administration;

B. all testing materials are nonpublic data under Minnesota Statutes, section 13.34;

C. a student is required to present a valid photo ID before being admitted to the testing site if:

   (1) the student is not enrolled in the testing district; or

   (2) the student is unknown to the test proctor when testing in the enrolled district; and

D. districts must report any known violations of test security to the department. The department must accept reports of violations of test security from anyone with knowledge of such an incident.

Subp. 2. **Security violations.** The department must investigate any reported incidents of breaches in test security. The consequences of a violation in test security may include:

A. the invalidation of test scores if a violation is found to justify serious questions about the integrity of the results of the test administration; or

B. other reasonable sanctions that are necessary to preserve the security and confidentiality of future tests and test administrations.

**3501.1160 REQUIRED DOCUMENTATION FOR PROGRAM AUDIT.**

The district must maintain records necessary for program audits conducted by the department. The records must include documentation that:

A. remediation plans for students are developed consistent with part 3501.1110;

B. the district's curriculum and instruction provides appropriate learning opportunities in the state graduation requirements in compliance with part 3501.1110;

C. notifications to parents and students meet the requirements of part 3501.1120;

D. student records meet the requirements of part 3501.1130;

E. the GRAD administration plan complies with part 3501.1140;

F. test security procedures comply with part 3501.1150;
G. the district's process for testing considerations for English learners complies with part 3501.1180;
   H. the documentation for students granted accommodations for testing complies with part 3501.1190; and

   Subp. 2. English learners (EL). English learners (EL) who are public school students and are designated in the Minnesota Automated Reporting Student System (MARSS) as English learners (EL) are required to pass the GRAD if they have been enrolled in any Minnesota school for at least four consecutive years. An EL student who first enrolls in a Minnesota school in grade 9 or above and who completes the course work and any other state and district requirements to graduate within a four-year period is not required to pass the GRAD.
   Subp. 3. Foreign exchange students. To graduate from a Minnesota public high school, a foreign exchange student must fulfill the graduation test requirements in reading, mathematics, and writing established by Minnesota Statutes, sections 120B.02 and 120B.30.    Subp. 8. Transfer students who passed a graduation examination in another state. A district may submit a passing score report for a transfer student and the department will request test design documents from the other state for review. As graduation examinations from other states are received, the department will maintain a list of states with acceptable substitute graduation examinations. The department will seek reciprocity for the GRAD in other states when it accepts their assessments.

B. the student is expected to achieve the statewide standard at an individually modified level of difficulty, resulting in a "pass" or "p" notation on the record when achieving the modified level. A Minnesota alternate assessment must be used when an IEP team chooses to replace the GRAD. Adoption of modifications for a student must occur concurrently with the adoption of transition goals and objectives as required by Minnesota Statutes, section 125A.08, paragraph (a), clause (1).

Subp. 2. **Testing students with IEPs or section 504 accommodation plans.** All students must be tested under standard conditions as specified by the developer of the test except those students whose IEPs or section 504 accommodation plans specify other decisions consistent with subpart 1.

A. Decisions regarding appropriate testing conditions, including a decision to provide accommodations for a student, must be made by the IEP team or through the section 504 accommodation plan process and must be reviewed annually.

B. Where subpart 1, item B, applies, the student's IEP or section 504 accommodation plan must define an appropriate assessment of the statewide standard at a modified level of difficulty. Achievement of the individually modified standard shall be certified only through documented student performance of the defined assessment.
