

A bill for an act

relating to education; requiring automatic external defibrillators in school buildings; amending Minnesota Statutes 2010, section 326B.106, by adding a subdivision.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2010, section 326B.106, is amended by adding a subdivision to read:

Subd. 15. Automatic external defibrillators; public school buildings. (a) Beginning January 1, 2014, the code must require at least one approved and operational automatic external defibrillator, consistent with section 604A.01, subdivision 2, paragraph (e), in every building in which an early childhood care or education program, an elementary or secondary education program, or a postsecondary education program or other adult learning program is provided and where more than 25 people occupy the building at one time.

(b) The commissioner, in consultation with the commissioner of health, must adopt rules governing adequate training on the use of an automatic external defibrillator, the type of device required for each type of building, the placement of the device in the building, inspection procedures, and the maintenance of the device.
