Sec. 7. [179.8755] RETALIATION AGAINST EMPLOYEES AND WHISTLEBLOWERS PROHIBITED.

6.3 (a) No meat-processing employer or other person may discriminate or take adverse

6.4 action against any worker or other person who raises a concern about meatpacking operation

6.5 health and safety practices or hazards to the employer, the employer's agent, other workers,

- 6.6 <u>a government agency, or to the public, including through print, online, social, or any other</u>
 6.7 media.
- (b) If an employer or other person takes adverse action against a worker or other person
 within 90 days of the worker's or person's engagement or attempt to engage in activities
- 6.10 protected by sections 179.87 to 179.8757, such conduct raises a presumption that the action
- 6.11 is retaliatory. The presumption may be rebutted by clear and convincing evidence that the
- 6.12 action was taken for other permissible reasons.
- 6.13 (c) No meat-processing employer or other person may attempt to require any worker to
- 6.14 sign a contract or other agreement that would limit or prevent the worker from disclosing
- 6.15 information about workplace health and safety practices or hazards, or to otherwise abide
- 6.16 by a workplace policy that would limit or prevent such disclosures. Any such agreements
- 6.17 or policies are hereby void and unenforceable as contrary to the public policy of this state.
- 6.18 An employer's attempt to impose such a contract, agreement, or policy shall constitute an
- 6.19 adverse action enforceable under sections 179.87 to 179.8757.
- 6.20 (d) Reporting or threatening to report a meat-processing worker's suspected citizenship
 6.21 or immigration status, or the suspected citizenship or immigration status of a family member
 6.22 of the worker, to a federal, state, or local agency because the worker exercises a right under
 6.23 sections 179.87 to 179.8757 constitutes an adverse action for purposes of establishing a
- 6.24 violation of that worker's rights. For purposes of this paragraph, "family member" means a
- 6.25 spouse, parent, sibling, child, uncle, aunt, niece, nephew, cousin, grandparent, or grandchild
 6.26 related by blood, adoption, marriage, or domestic partnership.
- 6.27 (e) Any worker who brings a complaint under sections 179.87 to 179.8757 and suffers
 6.28 retaliation is entitled to treble damages in addition to lost pay and recovery of attorney fees
 6.29 and costs.
- 6.30 (f) Any company who is found to have retaliated against a food processing worker must
 6.31 pay a fine of up to \$..... to the commissioner.

Sec. 8. [179.8756] MEATPACKING WORKER CHRONIC INJURIES AND
WORKPLACE SAFETY.
Subdivision 1. Safe worker program required; facility committee. (a) Meat-processing
employers must adopt a safe worker program as part of the employer's work accident and
injury reduction program to minimize and prevent musculoskeletal disorders. For purposes
of this section, "musculoskeletal disorders" includes carpal tunnel syndrome, tendinitis,
rotator cuff injuries, trigger finger, epicondylitis, muscle strains, and lower back injuries.
(b) The meat-processing employer's safe worker program must be developed and
implemented by a committee of individuals who are knowledgeable of the tasks and work
processes performed by workers at the employer's facility. The committee must include:
(1) a certified professional ergonomist;
(2) a licensed, board-certified physician, with preference given to a physician who has
specialized experience and training in occupational medicine, or if it is not practicable for
a physician to be a member of the committee, the employer must ensure that its safe worker
program is reviewed and approved by a licensed, board-certified physician, with preference
given to a physician who has specialized experience and training in occupational medicine;
and
(3) at least three workers employed in the employer's facility who have completed a
general industry outreach course approved by the commissioner, one of whom must be an
authorized employee representative if the employer is party to a collective bargaining
agreement.
Subd. 2. Program elements. (a) The committee must establish written procedures to
identify ergonomic hazards and contributing risk factors, which must include:
(1) the ergonomic assessment tools used to measure ergonomic hazards;
(2) all jobs where the committee has an indication or knowledge that ergonomic hazards
may exist; and
(3) workers who perform the same job or a sample of workers in that job who have the
greatest exposure to the ergonomic hazard.
(b) The committee must conduct ergonomic assessments to identify hazards and
contributing risk factors; review all surveillance data at least quarterly to identify ergonomic
hazards and contributing risk factors; and maintain records of the hazard identification
process, which, at a minimum, must include the completed ergonomic assessment tools,

8.1	the results of the ergonomic assessments including the jobs and workers evaluated, and the
8.2	assessment dates.
8.3	(c) The committee must implement a written ergonomic hazard prevention and control
8.4	plan to identify and select methods to eliminate, prevent, or control the ergonomic hazards
8.5	and contributing risk factors. The plan must:
8.6	(1) set goals, priorities, and a timeline to eliminate, prevent, or control the ergonomic
8.7	hazards and contributing risk factors identified;
8.8	(2) identify the person or persons responsible for ergonomic hazard assessments and
8.9	implementation of controls;
8.10	(3) rely upon the surveillance data and the ergonomic risk assessment results; and
8.11	(4) take into consideration the severity of the risk, the numbers of workers at risk, and
8.12	the likelihood that the intervention will reduce the risk.
8.13	(d) A meat-processing employer must control, reduce, or eliminate ergonomic hazards
8.14	which lead to musculoskeletal disorders to the extent feasible by using engineering, work
8.15	practice, and administrative controls.
8.16	(e) The committee must monitor at least annually the implementation of the plan including
8.17	the effectiveness of controls and evaluate progress in meeting program goals.
8.18	Subd. 3. New employee training. (a) A meat-processing employer must work with the
8.19	committee to provide each new employee with information regarding:
8.20	(1) the committee and its members;
8.21	(2) the facility's hazard prevention and control plan;
8.22	(3) early signs and symptoms of musculoskeletal injuries and the procedures for reporting
8.23	them;
8.24	(4) procedures for reporting other injuries and hazards;
8.25	(5) engineering and administrative hazard controls implemented in the workplace,
8.26	including ergonomic hazard controls; and
8.27	(6) the availability and use of personal protective equipment.
8.28	(b) A meat-processing employer must work with the committee and ensure that new
8.29	workers receive safety training prior to staring a job that the worker has not performed
8.30	before. The employer must provide the safety training during working hours and compensate
8.31	the new employee at the employee's standard rate of pay. The employer also must give a

new employee an opportunity within 30 days of the employee's hire date to receive a refresher 9.1 training on the topics covered in the new worker safety training. The employer must provide 9.2 9.3 new employee training in a language and with vocabulary that the employee can understand. Subd. 4. New task and annual safety training. (a) Meat-processing employers must 9.4 9.5 provide every worker who is assigned a new task if the worker has no previous work experience with training on how to safely perform the task, the ergonomic and other hazards 9.6 associated with the task, and training on the early signs and symptoms of musculoskeletal 9.7 injuries and the procedures for reporting them. The employer must give a worker an 9.8 opportunity within 30 days of receiving the new task training to receive refresher training 9.9 on the topics covered in the new task training. The employer must provide this training in 9.10 a language and with vocabulary that the employee can understand. 9.11 (b) Meat-processing employers must provide each worker with no less than eight hours 9.12 of safety training each year. This annual training must address health and safety topics that 9.13 are relevant to the establishment, such as cuts, lacerations, amputations, machine guarding, 9.14 biological hazards, lockout/tagout, hazard communication, ergonomic hazards, and personal 9.15 protective equipment. At least two of the eight hours of annual training must be on topics 9.16 related to the facility's ergonomic injury prevention program, including the assessment of 9.17 surveillance data, the ergonomic hazard prevention and control plan, and the early signs 9.18 and symptoms of musculoskeletal disorders and the procedures for reporting them. The 9.19 employer must provide this training in a language and with vocabulary that the employee 9.20 can understand. 9.21 Subd. 5. Attestation and record keeping. Meat-processing employers must maintain 9.22 a written attestation dated and signed by each person who provides training and each 9.23 employee who receives training pursuant to this section. This attestation must certify that 9.24 the employer has provided training consistent with the requirements of this section. The 9.25 employer must ensure that these records are up to date and available to the commissioner, 9.26 the coordinator, and the authorized employee representative upon request. 9.27 9.28 Subd. 6. Medical services and qualifications. (a) Meat-processing employers must ensure that: 9.29 (1) all first-aid providers, medical assistants, nurses, and physicians engaged by the 9.30 employer are licensed and perform their duties within the scope of their licensed practice; 9.31 (2) medical management of musculoskeletal disorders is under direct supervision of a 9.32 licensed physician specializing in occupational medicine who will advise on best practices 9.33 for management and prevention of work-related musculoskeletal disorders; and 9.34

10.1	(3) medical management of musculoskeletal injuries follows the most current version
10.2	of the American College of Occupational and Environmental Medicine practice guidelines.
10.3	(b) Meat-processing employers must make a record of all worker visits to medical or
10.4	first aid personnel, regardless of severity or type of illness or injury, and make these records
10.5	available to the coordinator and the authorized employee representative.
10.6	(c) Meat-processing employers must maintain records of all ergonomic injuries suffered
10.7	by workers for at least five years.
10.8	(d) The coordinator may compile, analyze, and publish annually, either in summary or
10.9	detailed form, all reports or information obtained under sections 179.87 to 179.8757,
10.10	including information about safe worker programs, and may cooperate with the United
10.11	States Department of Labor in obtaining national summaries of occupational deaths, injuries,
10.12	and illnesses. The coordinator must preserve the anonymity of each employee with respect
10.13	to whom medical reports or information is obtained.
10.14	(e) Meat-processing employers must not institute or maintain any program, policy, or
10.15	practice that discourages employees from reporting injuries, hazards, or safety standard
10.16	violations.
10.17	Subd. 7. Rulemaking required. The commissioner must adopt rules requiring employers
10.18	to maintain accurate records of meat-processing worker exposure to ergonomic hazards.
10.19	Subd. 8. Pandemic protections. (a) This subdivision applies during a peacetime public
10.20	health emergency declared under section 12.31, subdivision 2.
10.21	(b) Meat-processing employers must maintain at least a six-foot radius of space around
10.22	and between each worker. An employer may accomplish such distancing by increasing
10.23	physical space between workstations, slowing production speeds, staggering shifts and
10.24	breaks, adjusting shift size, or a combination thereof. The employer must reconfigure
10.25	common or congregate spaces to allow for such distancing, including lunch rooms, break
10.26	rooms, and locker rooms. The coordinator must reinforce social distancing by allowing
10.27	workers to maintain six feet of distance along with the use of plastic barriers.
10.28	(c) Meat-processing employers must provide employees with face masks and must make
10.29	face shields available on request. Face masks, including replacement face masks, and face
10.30	shields must be provided at no cost to the employee. All persons present at the meatpacking
10.31	operation must wear face masks in the facility except in those parts of the facility where
10.32	infection risk is low because workers work in isolation.

The employer 11.28 also must make its records available to the commissioner, and where there is a collective 11.29 11.30 bargaining agreement, to the authorized bargaining representative. (k) Meat-processing employers must provide paid sick time for workers to recuperate 11.31 from illness or injury or to care for ill family members. For purposes of this paragraph, 11.32 "family member" includes: 11.33

12.18	the worker.

12.22	into the following calendar year. If a worker does not wish to carry over sick time, the

12.24	to receive pay in lieu of carried-over sick time, the employer must provide the worker with
