 21.8 parts of noxious weeds from one area to another by a lawful method that does not cause
 21.9 unreasonable adverse effects on the environment as defined in section 18B.01, subdivision
 21.10 31, ~~and prevents the maturation and spread of noxious weed propagating parts from one~~
 21.11 ~~area to another.~~

21.12 Sec. 2. Minnesota Statutes 2012, section 18.77, subdivision 4, is amended to read:

21.13 Subd. 4. **Eradicate.** "Eradicate" means to destroy the aboveground ~~growth and the~~
 21.14 ~~roots~~ and belowground plant parts of noxious weeds by a lawful method ~~that~~ which prevents
 21.15 the maturation and spread of noxious weed propagating parts from one area to another.

21.16 Sec. 3. Minnesota Statutes 2012, section 18.77, subdivision 10, is amended to read:

21.17 Subd. 10. **Permanent pasture, hay meadow, woodlot, and or other noncrop**
 21.18 **area.** "Permanent pasture, hay meadow, woodlot, ~~and~~ or other noncrop area" means an
 21.19 area of predominantly native or seeded perennial plants that can be used for grazing or hay
 21.20 purposes but is not harvested on a regular basis and is not considered to be a growing crop.

21.21 Sec. 4. Minnesota Statutes 2012, section 18.77, subdivision 12, is amended to read:

21.22 Subd. 12. **Propagating parts.** "Propagating parts" means all plant parts, including
 21.23 seeds, that are capable of producing new plants.

21.24 Sec. 5. **[18.771] NOXIOUS WEED CATEGORIES.**

21.25 (a) For purposes of designation under section 18.79, subdivision 13, noxious weed
 21.26 category means each of the following categories.

21.27 (b) "Prohibited noxious weed" includes noxious weeds that must be controlled or
 21.28 eradicated on all lands within the state. Transportation of a prohibited noxious weed's
 21.29 propagating parts shall be restricted by permit except as allowed by section 18.82.

21.30 Prohibited noxious weeds cannot be sold or propagated in Minnesota. There are two
 21.31 regulatory listings for prohibited noxious weeds in Minnesota:

22.1 (1) The "Noxious Weed Eradicate List" is established. Prohibited noxious weeds
 22.2 placed on the Noxious Weed Eradicate List are plants that are not currently known to be
 22.3 present in Minnesota or are not widely established. These species must be eradicated.

22.4 (2) The "Noxious Weed Control List" is established. Prohibited noxious weeds
 22.5 placed on the Noxious Weed Control List are plants that are already established throughout
 22.6 Minnesota or regions of the state. Species on this list must at least be controlled.

22.7 (c) "Restricted noxious weeds" includes noxious weeds that are widely distributed
 22.8 in Minnesota, but whose only feasible means of control is to prevent their spread by
 22.9 prohibiting the importation, sale, and transportation of their propagating parts in the state
 22.10 except as allowed by section 18.82.

22.11 (d) "Specially regulated plants" includes noxious weeds that may be native
 22.12 species or have demonstrated economic value, but also have the potential to cause harm
 22.13 in noncontrolled environments. Plants designated as specially regulated have been
 22.14 determined to pose ecological, economical, or human or animal health concerns. Species
 22.15 specific management plans or rules that define the use and management requirements
 22.16 for these plants must be developed by the commissioner of agriculture for each plant
 22.17 designated as specially regulated. The commissioner must also take measures to minimize
 22.18 the potential for harm caused by these plants.

22.19 (e) "County noxious weeds" includes noxious weeds that are designated by
 22.20 individual county boards to be enforced as prohibited noxious weeds within the county's
 22.21 jurisdiction and must be approved by the commissioner of agriculture, in consultation with
 22.22 the Noxious Weed Advisory Committee. Each county board must submit newly proposed
 22.23 county noxious weeds to the commissioner of agriculture for review. Approved county
 22.24 noxious weeds shall also be posted with the county's general weed notice prior to May 15
 22.25 each year. Counties are solely responsible for developing county noxious weed lists and
 22.26 their enforcement.

22.27 Sec. 6. Minnesota Statutes 2012, section 18.78, subdivision 3, is amended to read:

22.28 Subd. 3. **Cooperative Weed control agreement.** The commissioner, municipality,
 22.29 or county agricultural inspector or county-designated employee may enter into a
 22.30 ~~cooperative~~ weed control agreement with a landowner or weed management area
 22.31 group to establish a mutually agreed-upon noxious weed management plan for up to
 22.32 three years duration, whereby a noxious weed problem will be controlled without
 22.33 additional enforcement action. If a property owner fails to comply with the noxious weed
 22.34 management plan, an individual notice may be served.

23.1 Sec. 7. Minnesota Statutes 2012, section 18.79, subdivision 6, is amended to read:

23.2 Subd. 6. **Training for control or eradication of noxious weeds.** The commissioner
23.3 shall conduct initial training considered necessary for inspectors and county-designated
23.4 employees in the enforcement of the Minnesota Noxious Weed Law. The director of
23.5 the Minnesota Extension Service may conduct educational programs for the general
23.6 public that will aid compliance with the Minnesota Noxious Weed Law. Upon request,
23.7 the commissioner may provide information and other technical assistance to the county
23.8 agricultural inspector or county-designated employee to aid in the performance of
23.9 responsibilities specified by the county board under section 18.81, subdivisions 1a and 1b.

23.10 Sec. 8. Minnesota Statutes 2012, section 18.79, subdivision 13, is amended to read:

23.11 Subd. 13. **Noxious weed designation.** The commissioner, in consultation with the
23.12 Noxious Weed Advisory Committee, shall determine which plants are noxious weeds
23.13 subject to ~~control~~ regulation under sections 18.76 to 18.91. The commissioner shall
23.14 prepare, publish, and revise as necessary, but at least once every three years, a list of
23.15 noxious weeds and their designated classification. The list must be distributed to the public
23.16 by the commissioner who may request the help of the University of Minnesota Extension,
23.17 the county agricultural inspectors, and any other organization the commissioner considers
23.18 appropriate to assist in the distribution. The commissioner may, in consultation with
23.19 the Noxious Weed Advisory Committee, accept and consider noxious weed designation
23.20 petitions from Minnesota citizens or Minnesota organizations or associations.

23.21 Sec. 9. Minnesota Statutes 2012, section 18.82, subdivision 1, is amended to read:

23.22 Subdivision 1. **Permits.** Except as provided in section 21.74, if a person wants to
23.23 transport along a public highway materials or equipment containing the propagating
23.24 parts of weeds designated as noxious by the commissioner, the person must secure a
23.25 written permit for transportation of the material or equipment from an inspector or
23.26 county-designated employee. Inspectors or county-designated employees may issue
23.27 permits to persons residing or operating within their jurisdiction. ~~If the noxious weed~~
23.28 ~~propagating parts are removed from materials and equipment or devitalized before~~
23.29 ~~being transported, a permit is not needed~~ A permit is not required for the transport of
23.30 noxious weeds for the purpose of destroying propagating parts at a Department of
23.31 Agriculture-approved disposal site. Anyone transporting noxious weed propagating parts
23.32 for the purpose of disposal at an approved site shall ensure that all materials are contained
23.33 in a manner that prevents escape during transport.

24.1 Sec. 10. Minnesota Statutes 2012, section 18.91, subdivision 1, is amended to read:

24.2 Subdivision 1. **Duties.** The commissioner shall consult with the Noxious Weed
24.3 Advisory Committee to advise the commissioner concerning responsibilities under
24.4 the noxious weed control program. The committee shall also evaluate species for
24.5 invasiveness, difficulty of control, cost of control, benefits, and amount of injury caused
24.6 by them. For each species evaluated, the committee shall recommend to the commissioner
24.7 on which noxious weed list or lists, if any, the species should be placed. Species ~~currently~~
24.8 designated as prohibited or restricted noxious weeds or specially regulated plants must
24.9 be reevaluated every three years for a recommendation on whether or not they need to
24.10 remain on the noxious weed lists. The committee shall also advise the commissioner on
24.11 the implementation of the Minnesota Noxious Weed Law and assist the commissioner in
24.12 the development of management criteria for each noxious weed category. Members of
24.13 the committee are not entitled to reimbursement of expenses nor payment of per diem.
24.14 Members shall serve two-year terms with subsequent reappointment by the commissioner.

24.15 Sec. 11. Minnesota Statutes 2012, section 18.91, subdivision 2, is amended to read:

24.16 Subd. 2. **Membership.** The commissioner shall appoint members, which shall
24.17 include representatives from the following:

Subd. 3. **Additional duties.** The committee shall conduct evaluations of terrestrial plant species to recommend if they need to be designated as noxious weeds and into which noxious weed classification they should be designated, advise the commissioner on the implementation of the Minnesota Noxious Weed Law, and assist the commissioner in the development of management criteria for each noxious weed category.

Subd. 5. **Expiration.** Notwithstanding section 15.059, subdivision 5, the committee expires June 30, 2013.

18B.07 PESTICIDE USE, APPLICATION, AND EQUIPMENT CLEANING.

Subd. 6. **Use of public waters for filling equipment.** (a) A person may not fill pesticide application equipment directly from public or other waters of the state, as defined in section 103G.005, subdivision 15, unless the equipment contains proper and functioning anti-backsiphoning mechanisms. The person may not introduce pesticides into the application equipment until after filling the equipment from the public waters.

(b) This subdivision does not apply to permitted applications of aquatic pesticides to public waters.

239.791 OXYGENATED GASOLINE.

Subd. 1a. **Minimum ethanol content required.** (a) Except as provided in subdivisions 10 to 14, on August 30, 2015, and thereafter, a person responsible for the product shall ensure that all gasoline sold or offered for sale in Minnesota must contain at least the quantity of ethanol required by clause (1) or (2), whichever is greater:

(1) 20 percent denatured ethanol by volume; or

(2) the maximum percent of denatured ethanol by volume authorized in a waiver granted by the United States Environmental Protection Agency.

(b) For purposes of enforcing the minimum ethanol requirement of paragraph (a), clause (1), a gasoline/ethanol blend will be construed to be in compliance if the ethanol content, exclusive of denaturants and other permitted components, comprises not less than 18.4 percent by volume and not more than 20 percent by volume of the blend as determined by an appropriate United States Environmental Protection Agency or American Society of Testing Materials standard method of analysis of alcohol content in motor fuels.

(c) This subdivision expires on December 31, 2014, if by that date:

(1) the commissioner of agriculture certifies and publishes the certification in the State Register that at least 20 percent of the volume of gasoline sold in the state is denatured ethanol; or

(2) federal approval has not been granted under paragraph (a), clause (1). The United States Environmental Protection Agency's failure to act on an application shall not be deemed approval under paragraph (a), clause (1), or a waiver under section 211(f)(4) of the Clean Air Act, United States Code, title 42, section 7545, subsection (f), paragraph (4).
