21.10	(b) The commissioner must examine each application for benefits to determine the base

- 35.8 profit-sharing, and other similar discretionary and nondiscretionary payments.
- 35.9 (4) This chapter does not prohibit an employer from accommodating an employee's
- 35.10 request to be restored to a different shift, schedule, or position which better suits the
- 35.11 employee's personal needs on return from leave, or to offer a promotion to a better position.
- 35.12 However, an employee must not be induced by the employer to accept a different position

35.13 <u>against the employee's wishes.</u>

- 35.14 (f) The requirement that an employee be restored to the same or equivalent job with the
   35.15 same or equivalent pay, benefits, and terms and conditions of employment does not extend
   35.16 to de minimis, intangible, or unmeasurable aspects of the job.
- 35.17 Subd. 7. Limitations on an employee's right to reinstatement. An employee has no
  35.18 greater right to reinstatement or to other benefits and conditions of employment than if the
  35.19 employee had been continuously employed during the period of leave under this chapter.
  35.20 An employer must be able to show that an employee would not otherwise have been
  35.21 employed at the time reinstatement is requested in order to deny restoration to employment.
- (1) If an employee is laid off during the course of taking a leave under this chapter and 35.22 employment is terminated, the employer's responsibility to continue the leave, maintain 35.23 group health plan benefits, and restore the employee cease at the time the employee is laid 35.24 off, provided the employer has no continuing obligations under a collective bargaining 35.25 35.26 agreement or otherwise. An employer has the burden of proving that an employee would have been laid off during the period of leave under this chapter and, therefore, would not 35.27 be entitled to restoration to a job slated for layoff when the employee's original position 35.28 would not meet the requirements of an equivalent position. 35.29
- 35.30 (2) If a shift has been eliminated or overtime has been decreased, an employee would
  35.31 not be entitled to return to work that shift or the original overtime hours upon restoration.
  35.32 However, if a position on, for example, a night shift has been filled by another employee,
  35.33 the employee is entitled to return to the same shift on which employed before taking leave
  35.34 under this chapter.

## Sec. 17. [268B.12] WAGE REPORTING.

43.2	Subdivision 1. Wage detail report. (a) Each employer must submit, under the employer
43.3	premium account described in section 268B.13, a quarterly wage detail report by electronic
43.4	transmission, in a format prescribed by the commissioner. The report must include for each
43.5	employee in covered employment during the calendar quarter, the employee's name, the
43.6	total wages paid to the employee, and total number of paid hours worked. For employees
43.7	exempt from the definition of employee in section 177.23, subdivision 7, clause (6), the
43.8	employer must report 40 hours worked for each week any duties were performed by a
