(b) School districts and charter schools must ask but must not require enrolled eligible students and the parents or guardians of other enrolled students who complete a foreign exchange or study or other travel abroad program to disclose the information under paragraph (a).

(c) When reporting the data under paragraph (a), a school district or charter school may supplement the data with a brief explanatory statement. The Department of Education annually must aggregate and publish the reported data on the department website in a format that facilitates public access to the aggregated data and include links to both the United States Department of State's Consular Information Program that informs the public of conditions abroad that may affect students' safety and security and the publicly available reports on sexual assaults and other criminal acts affecting students participating in a foreign exchange or study or other travel abroad program.

participating students and the process for filing a claim; and the signatures of the program
provider's chief executive officer and the person primarily responsible for supervising
Minnesota students' placements in foreign countries. If the secretary of state determines the
registration is complete, the secretary of state shall file the registration and the program

**Subd. 2. Policy.** A school board must adopt a policy to establish safety assessment teams to conduct school safety assessments consistent with subdivision 1. A safety assessment policy must be consistent with district policies in section 121A.035 and with any guidance provided by the Department of Public Safety's School Safety Center. A safety assessment policy must include procedures for referrals to mental health centers or health care providers for evaluation or treatment when appropriate. Nothing in this subdivision shall preclude school personnel from acting immediately to address an imminent threat. Based on information collected, the school safety assessment team shall determine strategies to mitigate

(3) implement a policy adopted by the school board under subdivision 2; and

(4) report summary data on its activities to the superintendent.

physical harm to self or others, a safety assessment team must immediately report its
determination to the district superintendent or the superintendent's designee. The
superintendent or the superintendent's designee must notify the parent or legal guardian,
consistent with district policy. The safety assessment team must consider services to address
the individual's underlying behavioral or mental health issues, which may include counseling,
social work services, character education consistent with section 120B.232, evidence-based
academic and positive behavioral interventions and supports, mental health services, and
referrals for special education or section 504 evaluations.

is subject to section 13.32, subdivision 2.
(e) Nothing in this section precludes a school district official or employee from acting immediately to address an imminent threat.

Subd. 5. Redisclosure. Sec. 23. Minnesota Statutes 2018, section 124E.13, subdivision 3, is amended to read:

Subd. 3. **Affiliated nonprofit building corporation.** (a) An affiliated nonprofit building corporation may purchase, expand, or renovate an existing facility to serve as a school or may construct a new school facility. An affiliated nonprofit building corporation may only serve one charter school. A charter school may organize an affiliated nonprofit building corporation if the charter school:

2. as of June 30, has a net positive unreserved general fund balance in the preceding three fiscal years;

(1) is not likely to occur and could not have been prevented by exercise of due care; and

(2) if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence or event.

(b) "Commissioner" means the commissioner of human services.

(c) "Facility" means:
(1) a licensed or unlicensed day care facility, certified license-exempt child care center, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed under sections 144.50 to 144.58, 241.021, or 245A.01 to 245A.16, or chapter 144H, 245D, or 245H;

(2) a school as defined in section 120A.05, subdivisions 9, 11, and 13; and chapter 124E;

or

(3) a nonlicensed personal care provider organization as defined in section 256B.0625, subdivision 19a.

(d) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege sexual abuse or substantial child endangerment. Family assessment does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

(e) "Investigation" means fact gathering related to the current safety of a child and the risk of subsequent maltreatment that determines whether child maltreatment occurred and whether child protective services are needed. An investigation must be used when reports involve sexual abuse or substantial child endangerment, and for reports of maltreatment in facilities required to be licensed or certified under chapter 245A, 245D, or 245H; under sections 144.50 to 144.58 and 241.021; in a school as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E; or in a nonlicensed personal care provider association as defined in section 256B.0625, subdivision 19a.

(f) "Mental injury" means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child's ability to function within a normal range of performance and behavior with due regard to the child's culture.

(g) "Neglect" means the commission or omission of any of the acts specified under clauses (1) to (9), other than by accidental means:

(1) failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter, health, medical, or other care required for the child's physical or mental health when reasonably able to do so;

(2) failure to protect a child from conditions or actions that seriously endanger the child's physical or mental health when reasonably able to do so, including a growth delay, which
may be referred to as a failure to thrive, that has been diagnosed by a physician and is due
to parental neglect;

(3) failure to provide for necessary supervision or child care arrangements appropriate
for a child after considering factors as the child's age, mental ability, physical condition,
length of absence, or environment, when the child is unable to care for the child's own basic
needs or safety, or the basic needs or safety of another child in their care;

(4) failure to ensure that the child is educated as defined in sections 120A.22 and
260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's
child with sympathomimetic medications, consistent with section 125A.091, subdivision
5;

(5) nothing in this section shall be construed to mean that a child is neglected solely
because the child's parent, guardian, or other person responsible for the child's care in good
faith selects and depends upon spiritual means or prayer for treatment or care of disease or
remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker,
or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of
medical care may cause serious danger to the child's health. This section does not impose
upon persons, not otherwise legally responsible for providing a child with necessary food,
clothing, shelter, education, or medical care, a duty to provide that care;

(6) prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision
2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in
the child at birth, results of a toxicology test performed on the mother at delivery or the
child at birth, medical effects or developmental delays during the child's first year of life
that medically indicate prenatal exposure to a controlled substance, or the presence of a
fetal alcohol spectrum disorder;

(7) "medical neglect" as defined in section 260C.007, subdivision 6, clause (5);

(8) chronic and severe use of alcohol or a controlled substance by a parent or person
responsible for the care of the child that adversely affects the child's basic needs and safety;
or

(9) emotional harm from a pattern of behavior which contributes to impaired emotional
functioning of the child which may be demonstrated by a substantial and observable effect
in the child's behavior, emotional response, or cognition that is not within the normal range
for the child's age and stage of development, with due regard to the child's culture.

(5) except for the period when the incident occurred, the facility and the individual providing services were both in compliance with all licensing requirements relevant to the incident.

This definition only applies to child care centers licensed under Minnesota Rules, chapter 9503. If clauses (1) to (5) apply, rather than making a determination of substantiated maltreatment by the individual, the commissioner of human services shall determine that a nonmaltreatment mistake was made by the individual.

(i) "Operator" means an operator or agency as defined in section 245A.02.

(j) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(k) "Physical abuse" means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized under section 125A.0942 or 245.825.

Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed

(10) unreasonable physical confinement or restraint not permitted under section 609.379, including but not limited to tying, caging, or chaining; or

(m) "Report" means any communication received by the local welfare agency, police department, county sheriff, or agency responsible for child protection pursuant to this section that describes neglect or physical or sexual abuse of a child and contains sufficient content to identify the child and any person believed to be responsible for the neglect or abuse, if known.

(q) Upon receiving data under section 144.225, subdivision 2b, contained in a birth record or recognition of parentage identifying a child who is subject to threatened injury under paragraph (p), the Department of Human Services shall send the data to the responsible social services agency. The agency may use either a family assessment or investigation to determine whether the child is safe. All of the provisions of this section apply.
