Sec. 2. [62W.20] REVENUE SOURCES.

- Subdivision 1. Minnesota Health Plan premium. (a) The Minnesota Health Board shall:
 - (1) determine the aggregate cost of providing health care according to this chapter;
- 9.5 (2) develop an equitable and affordable premium structure based on income, including unearned income, and a business health tax based on payroll;
- 9.7 (3) in consultation with the Department of Revenue, develop an efficient means of collecting premiums and the business health tax; and
 - (4) coordinate with existing, ongoing funding sources from federal and state programs.
- 9.10 (b) The premium structure must be based on ability to pay.
- 9.11 (c) On or before January 15, 2017, the board shall submit to the governor and the
 9.12 legislature a report on the premium and business health tax structure established to finance
 9.13 the Minnesota Health Plan.
 - Subd. 2. Federal receipts. All federal funding received by Minnesota including the premium subsidies under the Affordable Care Act, Public Law 111-148, as amended by Public Law 111-152, is appropriated to the Minnesota Health Plan Board to be used to administer the Minnesota Health Plan under chapter 62W. Federal funding that is received for implementing and administering the Minnesota Health Plan must be used to provide health care for Minnesota residents.
 - Subd. 3. **Funds from outside sources.** Institutional providers operating under Minnesota Health Plan operating budgets may raise and expend funds from sources other than the Minnesota Health Plan including private or foundation donors. Contributions to providers in excess of \$500,000 must be reported to the board.
 - Subd. 4. Governmental payments. The chief executive officer and, if required under federal law, the commissioners of health, human services, and commerce shall seek all necessary waivers, exemptions, agreements, or legislation so that all current federal payments to the state, including the premium tax credits under the Affordable Care Act, are paid directly to the Minnesota Health Plan. When any required waivers, exemptions, agreements, or legislation are obtained, the Minnesota Health Plan shall assume responsibility for all health care benefits and health care services previously paid for with federal funds. In obtaining the waivers, exemptions, agreements, or legislation, the chief executive officer and, if required, commissioners shall seek from the federal government a contribution for health care services in Minnesota that reflects: medical inflation, the state gross domestic

product, the size and age of the population, the number of residents living below the poverty 10.1 level, and the number of Medicare and VA eligible individuals, and that does not decrease 10.2 10.3 in relation to the federal contribution to other states as a result of the waivers, exemptions, agreements, or savings from implementation of the Minnesota Health Plan. 10.4 Subd. 5. Federal preemption. (a) The board shall secure a repeal or a waiver of any 10.5 provision of federal law that preempts any provision of this chapter. The commissioners of 10.6 health, human services, and commerce shall provide all necessary assistance. 10.7 (b) In the section 1332 waiver application, the board shall request to waive any of the 10.8 following provisions of the Patient Protection and Affordable Care Act, to the extent 10.9 10.10 necessary to implement this act: (1) United States Code, title 42, sections 18021 to 18024; 10.11 10.12 (2) United States Code, title 42, sections 18031 to 18033; (3) United States Code, title 42, section 18071; and 10.13 10.14 (4) sections 36B and 5000A of the Internal Revenue Code of 1986, as amended. (c) In the event that a repeal or a waiver of law or regulations cannot be secured, the 10.15 board shall adopt rules, or seek conforming state legislation, consistent with federal law, in 10.16 an effort to best fulfill the purposes of this chapter. 10.17 (d) The Minnesota Health Plan's responsibility for providing care shall be secondary to 10.18 existing federal government programs for health care services to the extent that funding for 10.19 these programs is not transferred to the Minnesota Health Fund or that the transfer is delayed 10.20 beyond the date on which initial benefits are provided under the Minnesota Health Plan. 10.21 Subd. 6. No cost-sharing. No deductible, co-payment, coinsurance, or other cost-sharing 10.22 shall be imposed with respect to covered benefits. 10.23 Sec. 3. [62W.21] SUBROGATION. 10.24 10.25 Subdivision 1. (a) The board shall establish a conflict of interest committee to develop standards of practice for individuals or entities doing business with the Minnesota Health Plan, including but not limited to, board members, providers, and medical suppliers. The committee shall establish guidelines on the duty to disclose the existence of a financial interest and all material facts related to that financial interest to the committee.

(b) In considering the transaction or arrangement, if the committee determines a conflict of interest exists, the committee shall investigate alternatives to the proposed transaction or arrangement. After exercising due diligence, the committee shall determine whether the Minnesota Health Plan can obtain with reasonable efforts a more advantageous transaction or arrangement with a person or entity that would not give rise to a conflict of interest. If this is not reasonably possible under the circumstances, the committee shall make a recommendation to the board on whether the transaction or arrangement is in the best interest of the Minnesota Health Plan, and whether the transaction is fair and reasonable. The committee shall provide the board with all material information used to make the recommendation. After reviewing all relevant information, the board shall decide whether to approve the transaction or arrangement.
