(c) The child's level of care determination shall determine whether the proposed treatment:

10.1 (2) is appropriate to the child's individual treatment needs;

10.2 (3) cannot be effectively provided in the child's home; and

10.3 (4) provides a length of stay as short as possible consistent with the individual child's10.4 needs.

(d) When a level of care determination is conducted, the county board or other entity 10.5 may not determine that a screening of a child, referral, or admission to a residential treatment 10.6 10.7 facility is not appropriate solely because services were not first provided to the child in a less restrictive setting and the child failed to make progress toward or meet treatment goals 10.8 in the less restrictive setting. The level of care determination must be based on a diagnostic 10.9 assessment of a child that evaluates the child's family, school, and community living 10.10 situations; and an assessment of the child's need for care out of the home using a validated 10.11 tool which assesses a child's functional status and assigns an appropriate level of care to the 10.12 child. The validated tool must be approved by the commissioner of human services and 10.13 may be the validated tool approved for the child's assessment under section 260C.704 if the 10.14 juvenile treatment screening team recommended placement of the child in a qualified 10.15 residential treatment program. If a diagnostic assessment has been completed by a mental 10.16 health professional within the past 180 days, a new diagnostic assessment need not be 10.17 completed unless in the opinion of the current treating mental health professional the child's 10.18 mental health status has changed markedly since the assessment was completed. The child's 10.19 parent shall be notified if an assessment will not be completed and of the reasons. A copy 10.20 of the notice shall be placed in the child's file. Recommendations developed as part of the 10.21 level of care determination process shall include specific community services needed by 10.22 the child and, if appropriate, the child's family, and shall indicate whether these services 10.23 are available and accessible to the child and the child's family. The child and the child's 10.24 family must be invited to any meeting where the level of care determination is discussed 10.25 and decisions regarding residential treatment are made. The child and the child's family 10.26 may invite other relatives, friends, or advocates to attend these meetings. 10.27

(e) During the level of care determination process, the child, child's family, or child's
legal representative, as appropriate, must be informed of the child's eligibility for case
management services and family community support services and that an individual family
assessment summary community support plan is being developed by the case manager, if
assigned.

(f) The level of care determination, placement decision, and recommendations for mental
health services must be documented in the child's record and made available to the child's
family, as appropriate.

11.4 Sec. 15. Minnesota Statutes 2022, section 245.4887, is amended to read:

11.5 **245.4887 APPEALS.**

A child or a child's family, as appropriate, who requests mental health services under 11.6 sections 245.487 to 245.4889 must be advised of services available and the right to appeal 11.7 11.8 as described in this section at the time of the request and each time the individual family assessment summary community support plan or individual treatment plan is reviewed. A 11.9 child whose request for mental health services under sections 245.487 to 245.4889 is denied, 11.10 not acted upon with reasonable promptness, or whose services are suspended, reduced, or 11.11 terminated by action or inaction for which the county board is responsible under sections 11.12 245.487 to 245.4889 may contest that action or inaction before the state agency according 11.13 to section 256.045. The commissioner shall monitor the nature and frequency of 11.14 11.15 administrative appeals under this section.

16.12	(1) grantees' housing and activities utilize evidence-based practices;

16.15	(4) individuals are satisfied with their housing.
16.16	EFFECTIVE DATE. This section is effective the day following final enactment.
16.17	Sec. 21. Minnesota Statutes 2022, section 245A.03, subdivision 7, is amended to read:
16.18	Subd. 7. Licensing moratorium. (a) The commissioner shall not issue an initial license
16.19	for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult
16.20	foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter
16.21	for a physical location that will not be the primary residence of the license holder for the
16.22	entire period of licensure. If a family child foster care home or family adult foster care home
16.23	license is issued during this moratorium, and the license holder changes the license holder's
16.24	primary residence away from the physical location of the foster care license, the
16.25	commissioner shall revoke the license according to section 245A.07. The commissioner
16.26	shall not issue an initial license for a community residential setting licensed under chapter
16.27	245D. When approving an exception under this paragraph, the commissioner shall consider
16.28	the resource need determination process in paragraph (h), the availability of foster care
16.29	licensed beds in the geographic area in which the licensee seeks to operate, the results of a
16.30	person's choices during their annual assessment and service plan review, and the
16.31	recommendation of the local county board. The determination by the commissioner is final
16.32	and not subject to appeal. Exceptions to the moratorium include:

(1) foster care settings a license for a person in a foster care setting that is not the primary
residence of the license holder and where at least 80 percent of the residents are 55 years
of age or older;

(2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or
community residential setting licenses replacing adult foster care licenses in existence on
December 31, 2013, and determined to be needed by the commissioner under paragraph
(b);

(3) new foster care licenses or community residential setting licenses determined to be
needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/DD,
or regional treatment center; restructuring of state-operated services that limits the capacity
of state-operated facilities; or allowing movement to the community for people who no
longer require the level of care provided in state-operated facilities as provided under section
256B.092, subdivision 13, or 256B.49, subdivision 24;

(4) new foster care licenses or community residential setting licenses determined to be
needed by the commissioner under paragraph (b) for persons requiring hospital-level care;
or

(5) new foster care licenses or community residential setting licenses for people receiving 17.17 customized living or 24-hour customized living services under the brain injury or community 17.18 access for disability inclusion waiver plans under section 256B.49 and residing in the 17.19 customized living setting before July 1, 2022, for which a license is required. A customized 17.20 living service provider subject to this exception may rebut the presumption that a license 17.21 is required by seeking a reconsideration of the commissioner's determination. The 17.22 commissioner's disposition of a request for reconsideration is final and not subject to appeal 17.23 under chapter 14. The exception is available until June 30, 2023. This exception is available 17.24 when: 17.25

(i) the person's customized living services are provided in a customized living service
setting serving four or fewer people under the brain injury or community access for disability
inclusion waiver plans under section 256B.49 in a single-family home operational on or
before June 30, 2021. Operational is defined in section 256B.49, subdivision 28;

(ii) the person's case manager provided the person with information about the choice of
service, service provider, and location of service, including in the person's home, to help
the person make an informed choice; and

(iii) the person's services provided in the licensed foster care or community residential
setting are less than or equal to the cost of the person's services delivered in the customized
living setting as determined by the lead agency.

(b) The commissioner shall determine the need for newly licensed foster care homes or community residential settings as defined under this subdivision. As part of the determination, the commissioner shall consider the availability of foster care capacity in the area in which the licensee seeks to operate, and the recommendation of the local county board. The determination by the commissioner must be final. A determination of need is not required for a change in ownership at the same address.

(c) When an adult resident served by the program moves out of a foster home that is not
the primary residence of the license holder according to section 256B.49, subdivision 15,
paragraph (f), or the adult community residential setting, the county shall immediately
inform the Department of Human Services Licensing Division. The department may decrease
the statewide licensed capacity for adult foster care settings.

(d) Residential settings that would otherwise be subject to the decreased license capacity
established in paragraph (c) shall be exempt if the license holder's beds are occupied by
residents whose primary diagnosis is mental illness and the license holder is certified under
the requirements in subdivision 6a or section 245D.33.

18.19 (e) A resource need determination process, managed at the state level, using the available data required by section 144A.351, and other data and information shall be used to determine 18.20 where the reduced capacity determined under section 256B.493 will be implemented. The 18.21 commissioner shall consult with the stakeholders described in section 144A.351, and employ 18.22 a variety of methods to improve the state's capacity to meet the informed decisions of those 18.23 people who want to move out of corporate foster care or community residential settings, 18.24 long-term service needs within budgetary limits, including seeking proposals from service 18.25 18.26 providers or lead agencies to change service type, capacity, or location to improve services, increase the independence of residents, and better meet needs identified by the long-term 18.27 services and supports reports and statewide data and information. 18.28

(f) At the time of application and reapplication for licensure, the applicant and the license holder that are subject to the moratorium or an exclusion established in paragraph (a) are required to inform the commissioner whether the physical location where the foster care will be provided is or will be the primary residence of the license holder for the entire period of licensure. If the primary residence of the applicant or license holder changes, the applicant or license holder must notify the commissioner immediately. The commissioner shall print

23-00276

on the foster care license certificate whether or not the physical location is the primary 19.1 residence of the license holder. 19.2

EB/HL

(g) License holders of foster care homes identified under paragraph (f) that are not the 19.3 primary residence of the license holder and that also provide services in the foster care home 19.4 that are covered by a federally approved home and community-based services waiver, as 19.5 authorized under chapter 256S or section 256B.092 or 256B.49, must inform the human 19.6 services licensing division that the license holder provides or intends to provide these 19.7 waiver-funded services. 19.8

(h) The commissioner may adjust capacity to address needs identified in section 19.9 19.10 144A.351. Under this authority, the commissioner may approve new licensed settings or delicense existing settings. Delicensing of settings will be accomplished through a process 19.11 identified in section 256B.493. 19.12

(i) The commissioner must notify a license holder when its corporate foster care or 19.13 community residential setting licensed beds are reduced under this section. The notice of 19.14 reduction of licensed beds must be in writing and delivered to the license holder by certified 19.15 mail or personal service. The notice must state why the licensed beds are reduced and must 19.16 inform the license holder of its right to request reconsideration by the commissioner. The 19.17 license holder's request for reconsideration must be in writing. If mailed, the request for 19.18 reconsideration must be postmarked and sent to the commissioner within 20 calendar days 19.19 after the license holder's receipt of the notice of reduction of licensed beds. If a request for 19.20 reconsideration is made by personal service, it must be received by the commissioner within 19.21 20 calendar days after the license holder's receipt of the notice of reduction of licensed beds. 19.22

(j) The commissioner shall not issue an initial license for children's residential treatment 19.23 services licensed under Minnesota Rules, parts 2960.0580 to 2960.0700, under this chapter 19.24 for a program that Centers for Medicare and Medicaid Services would consider an institution 19.25 19.26 for mental diseases. Facilities that serve only private pay clients are exempt from the moratorium described in this paragraph. The commissioner has the authority to manage 19.27 existing statewide capacity for children's residential treatment services subject to the 19.28 moratorium under this paragraph and may issue an initial license for such facilities if the 19.29 initial license would not increase the statewide capacity for children's residential treatment 19.30 services subject to the moratorium under this paragraph. 19.31

45.11 (c) The court may appoint a guardian if it determines that all the powers and duties listed 45.12 in this section are needed to provide for the needs of the incapacitated person. The court 45.13 may also appoint a guardian if it determines that a guardian is needed to provide for the 45.14 needs of the incapacitated person through the exercise of some, but not all, of the powers 45.15 and duties listed in this section. The duties and powers of a guardian or those which the 45.16 court may grant to a guardian include, but are not limited to:

(1) the power to have custody of the person subject to guardianship and the power to
establish a place of abode within or outside the state, except as otherwise provided in this
clause. The person subject to guardianship or any interested person may petition the court
to prevent or to initiate a change in abode. A person subject to guardianship may not be
admitted to a regional treatment center by the guardian except:

45.22 (i) after a hearing under chapter 253B;

45.23 (ii) for outpatient services; or

45.24 (iii) for the purpose of receiving temporary care for a specific period of time not to
45.25 exceed 90 days in any calendar year;

(2) the duty to provide for the care, comfort, and maintenance needs of the person subject
to guardianship, including food, clothing, shelter, health care, social and recreational
requirements, and, whenever appropriate, training, education, and habilitation or
rehabilitation. The guardian has no duty to pay for these requirements out of personal funds.
Whenever possible and appropriate, the guardian should meet these requirements through
governmental benefits or services to which the person subject to guardianship is entitled,
rather than from the estate of the person subject to guardianship. Failure to satisfy the needs

and requirements of this clause shall be grounds for removal of a private guardian, but the 46.1 guardian shall have no personal or monetary liability; 46.2

(3) the duty to take reasonable care of the clothing, furniture, vehicles, and other personal 46.3 effects of the person subject to guardianship, and, if other property requires protection, the 46.4 power to seek appointment of a conservator of the estate. The guardian must give notice by 46.5 mail to interested persons prior to the disposition of the clothing, furniture, vehicles, or 46.6 other personal effects of the person subject to guardianship. The notice must inform the 46.7 person of the right to object to the disposition of the property within ten days of the date of 46.8 mailing and to petition the court for a review of the guardian's proposed actions. Notice of 46.9 the objection must be served by mail or personal service on the guardian and the person 46.10 subject to guardianship unless the person subject to guardianship is the objector. The guardian 46.11 served with notice of an objection to the disposition of the property may not dispose of the 46.12 property unless the court approves the disposition after a hearing; 46.13

(4)(i) the power to give any necessary consent to enable the person subject to guardianship 46.14 to receive necessary medical or other professional care, counsel, treatment, or service, except 46.15 that no guardian may give consent for psychosurgery, electroshock, sterilization, or 46.16 experimental treatment of any kind unless the procedure is first approved by order of the 46.17 court as provided in this clause. The guardian shall not consent to any medical care for the 46.18 person subject to guardianship which violates the known conscientious, religious, or moral 46.19 belief of the person subject to guardianship; 46.20

(ii) a guardian who believes a procedure described in item (i) requiring prior court 46.21 approval to be necessary for the proper care of the person subject to guardianship, shall 46.22 petition the court for an order and, in the case of a public guardianship under chapter 252A, 46.23 obtain the written recommendation of the commissioner of human services. The court shall 46.24 fix the time and place for the hearing and shall give notice to the person subject to 46.25 guardianship in such manner as specified in section 524.5-308 and to interested persons. 46.26 The court shall appoint an attorney to represent the person subject to guardianship who is 46.27 not represented by counsel, provided that such appointment shall expire upon the expiration 46.28 46.29 of the appeal time for the order issued by the court under this section or the order dismissing a petition, or upon such other time or event as the court may direct. In every case the court 46.30 shall determine if the procedure is in the best interest of the person subject to guardianship. 46.31 In making its determination, the court shall consider a written medical report which 46.32 specifically considers the medical risks of the procedure, whether alternative, less restrictive 46.33 methods of treatment could be used to protect the best interest of the person subject to 46.34

guardianship, and any recommendation of the commissioner of human services for a public
person subject to guardianship. The standard of proof is that of clear and convincing evidence;

(iii) in the case of a petition for sterilization of a person with developmental disabilities 47.3 subject to guardianship, the court shall appoint a licensed physician, a psychologist who is 47.4 qualified in the diagnosis and treatment of developmental disability, and a social worker 47.5 who is familiar with the social history and adjustment of the person subject to guardianship 47.6 or the case manager for the person subject to guardianship to examine or evaluate the person 47.7 47.8 subject to guardianship and to provide written reports to the court. The reports shall indicate why sterilization is being proposed, whether sterilization is necessary and is the least intrusive 47.9 method for alleviating the problem presented, and whether it is in the best interest of the 47.10 person subject to guardianship. The medical report shall specifically consider the medical 47.11 risks of sterilization, the consequences of not performing the sterilization, and whether 47.12 alternative methods of contraception could be used to protect the best interest of the person 47.13 subject to guardianship; 47.14

(iv) any person subject to guardianship whose right to consent to a sterilization has not
been restricted under this section or section 252A.101 may be sterilized only if the person
subject to guardianship consents in writing or there is a sworn acknowledgment by an
interested person of a nonwritten consent by the person subject to guardianship. The consent
must certify that the person subject to guardianship has received a full explanation from a
physician or registered nurse of the nature and irreversible consequences of the sterilization;

(v) a guardian or the public guardian's designee who acts within the scope of authority
conferred by letters of guardianship under section 252A.101, subdivision 7, and according
to the standards established in this chapter or in chapter 252A shall not be civilly or criminally
liable for the provision of any necessary medical care, including, but not limited to, the
administration of psychotropic medication or the implementation of aversive and deprivation
procedures to which the guardian or the public guardian's designee has consented;

47.27 (5) in the event there is no duly appointed conservator of the estate of the person subject
to guardianship, the guardian shall have the power to approve or withhold approval of any
contract, except for necessities, which the person subject to guardianship may make or wish
to make;

(6) the duty and power to exercise supervisory authority over the person subject to
guardianship in a manner which limits civil rights and restricts personal freedom only to
the extent necessary to provide needed care and services. A guardian may not restrict the
ability of the person subject to guardianship to communicate, visit, or interact with others,

23-00276

including receiving visitors or making or receiving telephone calls, personal mail, or 48.1 electronic communications including through social media, or participating in social activities, 48.2 unless the guardian has good cause to believe restriction is necessary because interaction 48.3 with the person poses a risk of significant physical, psychological, or financial harm to the 48.4 person subject to guardianship, and there is no other means to avoid such significant harm. 48.5 In all cases, the guardian shall provide written notice of the restrictions imposed to the court, 48.6 to the person subject to guardianship, and to the person subject to restrictions. The person 48.7 48.8 subject to guardianship or the person subject to restrictions may petition the court to remove or modify the restrictions; 48.9

(7) if there is no acting conservator of the estate for the person subject to guardianship,
the guardian has the power to apply on behalf of the person subject to guardianship for any
assistance, services, or benefits available to the person subject to guardianship through any
unit of government;

48.14 (8) unless otherwise ordered by the court, the person subject to guardianship retains the48.15 right to vote;

(9) the power to establish an ABLE account for a person subject to guardianship or 48.16 conservatorship. By this provision a guardian only has the authority to establish an ABLE 48.17 account, but may not administer the ABLE account in the guardian's capacity as guardian. 48.18 The guardian may appoint or name a person to exercise signature authority over an ABLE 48.19 account, including the individual selected by the eligible individual or the eligible individual's 48.20 agent under a power of attorney; conservator; spouse; parent; sibling; grandparent; or 48.21 representative payee, whether an individual or organization, appointed by the SSA, in that 48.22 order; and 48.23

(10) if there is no conservator appointed for the person subject to guardianship, the
guardian has the duty and power to institute suit on behalf of the person subject to
guardianship and represent the person subject to guardianship in expungement proceedings,
harassment proceedings, and all civil court proceedings, including but not limited to
restraining orders, orders for protection, name changes, conciliation court, housing court,
family court, probate court, and juvenile court, provided that a guardian may not settle or
compromise any claim or debt owed to the estate without court approval.

90.27	Sec. 2. Min	nesota Statutes 202	22, section 256B.	0622, subdivision 8, is a	mended to read:
90.28	Subd. 8. I	Medical assistance	e payment for as	sertive community trea	tment and
90.29	intensive res	idential treatmen	t services. (a) Pa	yment for intensive resid	lential treatment

90.30 services and assertive community treatment in this section shall be based on one daily rate

91.1 per provider inclusive of the following services received by an eligible client in a given
91.2 calendar day: all rehabilitative services under this section, staff travel time to provide
91.3 rehabilitative services under this section, and nonresidential crisis stabilization services
91.4 under section 256B.0624.

(b) Except as indicated in paragraph (c), payment will not be made to more than one
entity for each client for services provided under this section on a given day. If services
under this section are provided by a team that includes staff from more than one entity, the
team must determine how to distribute the payment among the members.

91.9 (c) The commissioner shall determine one rate for each provider that will bill medical 91.10 assistance for residential services under this section and one rate for each assertive community 91.11 treatment provider. If a single entity provides both services, one rate is established for the 91.12 entity's residential services and another rate for the entity's nonresidential services under 91.13 this section. A provider is not eligible for payment under this section without authorization 91.14 from the commissioner. The commissioner shall develop rates using the following criteria:

91.15 (1) the provider's cost for services shall include direct services costs, other program
91.16 costs, and other costs determined as follows:

91.17 (i) the direct services costs must be determined using actual costs of salaries, benefits,
91.18 payroll taxes, and training of direct service staff and service-related transportation;

91.19 (ii) other program costs not included in item (i) must be determined as a specified
91.20 percentage of the direct services costs as determined by item (i). The percentage used shall
91.21 be determined by the commissioner based upon the average of percentages that represent
91.22 the relationship of other program costs to direct services costs among the entities that provide
91.23 similar services;

91.24 (iii) physical plant costs calculated based on the percentage of space within the program
91.25 that is entirely devoted to treatment and programming. This does not include administrative
91.26 or residential space;

91.27 (iv) assertive community treatment physical plant costs must be reimbursed as part of
91.28 the costs described in item (ii); and

(v) subject to federal approval, up to an additional five percent of the total rate may be
added to the program rate as a quality incentive based upon the entity meeting performance
criteria specified by the commissioner;

91.32 (2) actual cost is defined as costs which are allowable, allocable, and reasonable, and
91.33 consistent with federal reimbursement requirements under Code of Federal Regulations,

92.1 title 48, chapter 1, part 31, relating to for-profit entities, and Office of Management and
92.2 Budget Circular Number A-122, relating to nonprofit entities;

92.3 (3) the number of service units;

92.4 (4) the degree to which clients will receive services other than services under this section;92.5 and

92.6 (5) the costs of other services that will be separately reimbursed.

92.7 (d) The rate for intensive residential treatment services and assertive community treatment
92.8 must exclude the medical assistance room and board rate, as defined in section 256I.03,
92.9 subdivision 6 256B.056, subdivision 5d, and services not covered under this section, such
92.10 as partial hospitalization, home care, and inpatient services.

(e) Physician services that are not separately billed may be included in the rate to the
extent that a psychiatrist, or other health care professional providing physician services
within their scope of practice, is a member of the intensive residential treatment services
treatment team. Physician services, whether billed separately or included in the rate, may
be delivered by telehealth. For purposes of this paragraph, "telehealth" has the meaning
given to "mental health telehealth" in section 256B.0625, subdivision 46, when telehealth
is used to provide intensive residential treatment services.

92.18 (f) When services under this section are provided by an assertive community treatment92.19 provider, case management functions must be an integral part of the team.

92.20 (g) The rate for a provider must not exceed the rate charged by that provider for the92.21 same service to other payors.

(h) The rates for existing programs must be established prospectively based upon the
expenditures and utilization over a prior 12-month period using the criteria established in
paragraph (c). The rates for new programs must be established based upon estimated
expenditures and estimated utilization using the criteria established in paragraph (c).

(i) Entities who discontinue providing services must be subject to a settle-up process
whereby actual costs and reimbursement for the previous 12 months are compared. In the
event that the entity was paid more than the entity's actual costs plus any applicable
performance-related funding due the provider, the excess payment must be reimbursed to
the department. If a provider's revenue is less than actual allowed costs due to lower
utilization than projected, the commissioner may reimburse the provider to recover its actual
allowable costs. The resulting adjustments by the commissioner must be proportional to the

93.1	percent of total units of service reimbursed by the commissioner and must reflect a difference
93.2	of greater than five percent.
93.3	(j) A provider may request of the commissioner a review of any rate-setting decision
93.4	made under this subdivision.
93.5	Sec. 3. Minnesota Statutes 2022, section 256B.0625, subdivision 3a, is amended to read:

93.18	(c)(i) and (ii), and (d), and the incident is reported within 48 hours after the incident occurs
93.19	to a valid law enforcement agency for investigation, unless the victim is physically unable
93.20	to report the criminal sexual conduct, in which case the report shall be made within 48 hours
93.21	after the victim becomes physically able to report the criminal sexual conduct; or
93.22	(c) The pregnancy is the result of incest, but only if the incident and relative are reported
93.23	to a valid law enforcement agency for investigation prior to the abortion.

(b) The observation in paragraph (a), clause (3), is not required prior to issuing a license
under subdivision 7. If the commissioner issues a license under this chapter, these
requirements must be completed within one year after the issuance of the license.

(c) Before completing a licensing inspection in a family child care program or child care 107.18 center, the licensing agency must offer the license holder an exit interview to discuss 107.19 violations or potential violations of law or rule observed during the inspection and offer 107.20 technical assistance on how to comply with applicable laws and rules. The commissioner 107.21 shall not issue a correction order or negative licensing action for violations of law or rule 107.22 not discussed in an exit interview, unless a license holder chooses not to participate in an 107.23 exit interview or not to complete the exit interview. If the license holder is unable to complete 107.24 the exit interview, the licensing agency must offer an alternate time for the license holder 107.25 to complete the exit interview. 107.26

(d) If a family child care license holder disputes a county licensor's interpretation of a
licensing requirement during a licensing inspection or exit interview, the license holder
may, within five business days after the exit interview or licensing inspection, request
clarification from the commissioner, in writing, in a manner prescribed by the commissioner.
The license holder's request must describe the county licensor's interpretation of the licensing
requirement at issue, and explain why the license holder believes the county licensor's

interpretation is inaccurate. The commissioner and the county must include the license
holder in all correspondence regarding the disputed interpretation, and must provide an
opportunity for the license holder to contribute relevant information that may impact the
commissioner's decision. The county licensor must not issue a correction order related to
the disputed licensing requirement until the commissioner has provided clarification to the
license holder about the licensing requirement.

(e) The commissioner or the county shall inspect at least <u>annually once each calendar</u>
 <u>year</u> a child care provider licensed under this chapter and Minnesota Rules, chapter 9502
 or 9503, for compliance with applicable licensing standards.

(f) No later than November 19, 2017, the commissioner shall make publicly available
on the department's website the results of inspection reports of all child care providers
licensed under this chapter and under Minnesota Rules, chapter 9502 or 9503, and the
number of deaths, serious injuries, and instances of substantiated child maltreatment that
occurred in licensed child care settings each year.

108.24 (4) the type of license;

(5) the maximum number and ages of persons that may receive services from the program;
 and

- 108.27 (6) any special conditions of licensure-; and
- 108.28 (7) the public email address of the program.

108.29 (b) The commissioner may issue a license for a period not to exceed two years if:

- 108.30 (1) the commissioner is unable to conduct the evaluation or observation required by
- 108.31 subdivision 4, paragraph (a), clause (4) (3), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving
 services from the program; and

109.3 (3) the applicant complies with applicable laws and rules in all other respects.

(c) A decision by the commissioner to issue a license does not guarantee that any person
or persons will be placed or cared for in the licensed program.

(d) Except as provided in paragraphs (f) and (g), the commissioner shall not issue or
reissue a license if the applicant, license holder, or controlling individual has:

(1) been disqualified and the disqualification was not set aside and no variance has beengranted;

(f) Pursuant to section 245A.07, subdivision 1, paragraph (b), when a license issued
under this chapter has been suspended or revoked and the suspension or revocation is under
appeal, the program may continue to operate pending a final order from the commissioner.
If the license under suspension or revocation will expire before a final order is issued, a
temporary provisional license may be issued provided any applicable license fee is paid
before the temporary provisional license is issued.

(g) Notwithstanding paragraph (f), when a revocation is based on the disqualification
of a controlling individual or license holder, and the controlling individual or license holder
is ordered under section 245C.17 to be immediately removed from direct contact with

persons receiving services or is ordered to be under continuous, direct supervision when providing direct contact services, the program may continue to operate only if the program complies with the order and submits documentation demonstrating compliance with the order. If the disqualified individual fails to submit a timely request for reconsideration, or if the disqualification is not set aside and no variance is granted, the order to immediately remove the individual from direct contact or to be under continuous, direct supervision remains in effect pending the outcome of a hearing and final order from the commissioner.

Subdivision 1. Sanctions; appeals; license. (a) In addition to making a license conditional
under section 245A.06, the commissioner may suspend or revoke the license, impose a fine,
or secure an injunction against the continuing operation of the program of a license holder
who:

112.18 (1) does not comply with applicable law or rule, or who;

(2) has nondisqualifying background study information, as described in section 245C.05,
 subdivision 4, that reflects on the license holder's ability to safely provide care to foster
 children; or

112.22 (3) has an individual living in the household where the licensed services are provided

112.23 or is otherwise subject to a background study and the individual has nondisqualifying

112.24 <u>background study information</u>, as described in section 245C.05, subdivision 4, that reflects

112.25 on the license holder's ability to safely provide care to foster children.

112.26 When applying sanctions authorized under this section, the commissioner shall consider

the nature, chronicity, or severity of the violation of law or rule and the effect of the violationon the health, safety, or rights of persons served by the program.

(b) If a license holder appeals the suspension or revocation of a license and the license holder continues to operate the program pending a final order on the appeal, the commissioner shall issue the license holder a temporary provisional license. Unless otherwise specified by the commissioner, variances in effect on the date of the license sanction under appeal continue under the temporary provisional license. If a license holder fails to comply with applicable law or rule while operating under a temporary provisional license, the

113.2 commissioner may impose additional sanctions under this section and section 245A.06, and

113.3 may terminate any prior variance. If a temporary provisional license is set to expire, a new

of the investigation.

113.17

EFFECTIVE DATE. This section is effective the day following final enactment.

113.18 Sec. 13. Minnesota Statutes 2022, section 245A.07, subdivision 2a, is amended to read:

Subd. 2a. Immediate suspension expedited hearing. (a) Within five working days of 113.19 receipt of the license holder's timely appeal, the commissioner shall request assignment of 113.20 an administrative law judge. The request must include a proposed date, time, and place of 113.21 a hearing. A hearing must be conducted by an administrative law judge within 30 calendar 113.22 days of the request for assignment, unless an extension is requested by either party and 113.23 granted by the administrative law judge for good cause. The commissioner shall issue a 113.24 notice of hearing by certified mail or personal service at least ten working days before the 113.25 hearing. The scope of the hearing shall be limited solely to the issue of whether the temporary 113.26 immediate suspension should remain in effect pending the commissioner's final order under 113.27 section 245A.08, regarding a licensing sanction issued under subdivision 3 following the 113.28 immediate suspension. For suspensions under subdivision 2, paragraph (a), clause (1), the 113.29 113.30 burden of proof in expedited hearings under this subdivision shall be limited to the commissioner's demonstration that reasonable cause exists to believe that the license holder's 113.31 actions or failure to comply with applicable law or rule poses, or the actions of other 113.32 individuals or conditions in the program poses an imminent risk of harm to the health, safety, 113.33 or rights of persons served by the program. "Reasonable cause" means there exist specific 113.34

articulable facts or circumstances which provide the commissioner with a reasonable 114.1 suspicion that there is an imminent risk of harm to the health, safety, or rights of persons 114.2 114.3 served by the program. When the commissioner has determined there is reasonable cause to order the temporary immediate suspension of a license based on a violation of safe sleep 114.4 requirements, as defined in section 245A.1435, the commissioner is not required to 114.5 demonstrate that an infant died or was injured as a result of the safe sleep violations. For 114.6 suspensions under subdivision 2, paragraph (a), clause (2), the burden of proof in expedited 114.7 114.8 hearings under this subdivision shall be limited to the commissioner's demonstration by a preponderance of the evidence that, since the license was revoked, the license holder 114.9 committed additional violations of law or rule which may adversely affect the health or 114.10 safety of persons served by the program. 114.11

(b) The administrative law judge shall issue findings of fact, conclusions, and a 114.12 recommendation within ten working days from the date of hearing. The parties shall have 114.13 ten calendar days to submit exceptions to the administrative law judge's report. The record 114.14 shall close at the end of the ten-day period for submission of exceptions. The commissioner's 114.15 final order shall be issued within ten working days from the close of the record. When an 114.16 appeal of a temporary immediate suspension is withdrawn or dismissed, the commissioner 114.17 shall issue a final order affirming the temporary immediate suspension within ten calendar 114.18 days of the commissioner's receipt of the withdrawal or dismissal. Within 90 calendar days 114.19 after an immediate suspension has been issued and the license holder has not submitted a 114.20 timely appeal under subdivision 2, paragraph (b), or within 90 calendar days after a final 114.21 order affirming an immediate suspension, the commissioner shall make a determination 114.22 regarding determine: 114.23

(1) whether a final licensing sanction shall be issued under subdivision 3, paragraph (a),
 clauses (1) to (5). The license holder shall continue to be prohibited from operation of the
 program during this 90-day period-; or

114.27 (2) whether the outcome of related, ongoing investigations or judicial proceedings are

114.28 <u>necessary to determine if a final licensing sanction under subdivision 3, paragraph (a),</u>

114.29 clauses (1) to (5), will be issued, and persons served by the program remain at an imminent

114.30 risk of harm during the investigation period or proceedings. If so, the commissioner shall

114.31 issue a suspension order under subdivision 3, paragraph (a), clause (6).

(c) When the final order under paragraph (b) affirms an immediate suspension or the
<u>license holder does not submit a timely appeal of the immediate suspension</u>, and a final
licensing sanction is issued under subdivision 3 and the license holder appeals that sanction,
the license holder continues to be prohibited from operation of the program pending a final

commissioner's order under section 245A.08, subdivision 5, regarding the final licensingsanction.

(d) The license holder shall continue to be prohibited from operation of the program
while a suspension order issued under paragraph (b), clause (2), remains in effect.

115.5 (d) (e) For suspensions under subdivision 2, paragraph (a), clause (3), the burden of 115.6 proof in expedited hearings under this subdivision shall be limited to the commissioner's 115.7 demonstration by a preponderance of the evidence that a criminal complaint and warrant 115.8 or summons was issued for the license holder that was not dismissed, and that the criminal 115.9 charge is an offense that involves fraud or theft against a program administered by the 115.10 commissioner.

115.11 Sec. 14. Minnesota Statutes 2022, section 245A.07, subdivision 3, is amended to read:

Subd. 3. License suspension, revocation, or fine. (a) The commissioner may suspend
or revoke a license, or impose a fine if:

limited to the requirements of this chapter and chapter 245C;

(2) a license holder, a controlling individual, or an individual living in the household
where the licensed services are provided or is otherwise subject to a background study has
been disqualified and the disqualification was not set aside and no variance has been granted;

(3) a license holder knowingly withholds relevant information from or gives false or
misleading information to the commissioner in connection with an application for a license,
in connection with the background study status of an individual, during an investigation,
or regarding compliance with applicable laws or rules;

(4) a license holder is excluded from any program administered by the commissioner
under section 245.095; or

115.25 (5) revocation is required under section 245A.04, subdivision 7, paragraph (d)-:

(6) suspension is necessary under subdivision 2a, paragraph (b), clause (2); or

(7) for a family foster setting, a license holder, or an individual living in the household

115.28 where the licensed services are provided or who is otherwise subject to a background study

115.29 has nondisqualifying background study information, as described in section 245C.05,

115.30 subdivision 4, that reflects on the license holder's ability to safely provide care to foster

115.31 children.

A license holder who has had a license issued under this chapter suspended, revoked, or has been ordered to pay a fine must be given notice of the action by certified mail or personal service. If mailed, the notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state in plain language the reasons the license was suspended or revoked, or a fine was ordered.

(b) If the license was suspended or revoked, the notice must inform the license holder 116.6 of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 116.7 116.8 1400.8505 to 1400.8612. The license holder may appeal an order suspending or revoking a license. The appeal of an order suspending or revoking a license must be made in writing 116.9 by certified mail or personal service. If mailed, the appeal must be postmarked and sent to 116.10 the commissioner within ten calendar days after the license holder receives notice that the 116.11 license has been suspended or revoked. If a request is made by personal service, it must be 116.12 received by the commissioner within ten calendar days after the license holder received the 116.13 order. Except as provided in subdivision 2a, paragraph (c), if a license holder submits a 116.14 timely appeal of an order suspending or revoking a license, the license holder may continue 116.15 to operate the program as provided in section 245A.04, subdivision 7, paragraphs (f) and 116.16 (g), until the commissioner issues a final order on the suspension or revocation. 116.17

(c)(1) If the license holder was ordered to pay a fine, the notice must inform the license 116.18 holder of the responsibility for payment of fines and the right to a contested case hearing 116.19 under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The appeal of an 116.20 order to pay a fine must be made in writing by certified mail or personal service. If mailed, 116.21 the appeal must be postmarked and sent to the commissioner within ten calendar days after 116.22 the license holder receives notice that the fine has been ordered. If a request is made by 116.23 personal service, it must be received by the commissioner within ten calendar days after 116.24 the license holder received the order. 116.25

(2) The license holder shall pay the fines assessed on or before the payment date specified. If the license holder fails to fully comply with the order, the commissioner may issue a second fine or suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing,
when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the
commissioner determines that a violation has not been corrected as indicated by the order

to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify
the license holder by certified mail or personal service that a second fine has been assessed.
The license holder may appeal the second fine as provided under this subdivision.

117.4 (4) Fines shall be assessed as follows:

(i) the license holder shall forfeit \$1,000 for each determination of maltreatment of a
child under chapter 260E or the maltreatment of a vulnerable adult under section 626.557
for which the license holder is determined responsible for the maltreatment under section
260E.30, subdivision 4, paragraphs (a) and (b), or 626.557, subdivision 9c, paragraph (c);

(ii) if the commissioner determines that a determination of maltreatment for which the
license holder is responsible is the result of maltreatment that meets the definition of serious
maltreatment as defined in section 245C.02, subdivision 18, the license holder shall forfeit
\$5,000;

(iii) for a program that operates out of the license holder's home and a program licensed
under Minnesota Rules, parts 9502.0300 to 9502.0445, the fine assessed against the license
holder shall not exceed \$1,000 for each determination of maltreatment;

(iv) the license holder shall forfeit \$200 for each occurrence of a violation of law or rule
governing matters of health, safety, or supervision, including but not limited to the provision
of adequate staff-to-child or adult ratios, and failure to comply with background study
requirements under chapter 245C; and

(v) the license holder shall forfeit \$100 for each occurrence of a violation of law or rule
other than those subject to a \$5,000, \$1,000, or \$200 fine in items (i) to (iv).

For purposes of this section, "occurrence" means each violation identified in the commissioner's fine order. Fines assessed against a license holder that holds a license to provide home and community-based services, as identified in section 245D.03, subdivision 1, and a community residential setting or day services facility license under chapter 245D where the services are provided, may be assessed against both licenses for the same occurrence, but the combined amount of the fines shall not exceed the amount specified in this clause for that occurrence.

(5) When a fine has been assessed, the license holder may not avoid payment by closing,
selling, or otherwise transferring the licensed program to a third party. In such an event, the
license holder will be personally liable for payment. In the case of a corporation, each
controlling individual is personally and jointly liable for payment.

(d) Except for background study violations involving the failure to comply with an order 118.1 to immediately remove an individual or an order to provide continuous, direct supervision, 118.2 the commissioner shall not issue a fine under paragraph (c) relating to a background study 118.3 violation to a license holder who self-corrects a background study violation before the 118.4 commissioner discovers the violation. A license holder who has previously exercised the 118.5 provisions of this paragraph to avoid a fine for a background study violation may not avoid 118.6 a fine for a subsequent background study violation unless at least 365 days have passed 118.7 118.8 since the license holder self-corrected the earlier background study violation.

118.9 EFFECTIVE DATE. Paragraph (a), clause (7), is effective the day following final 118.10 enactment.

118.11 Sec. 15. Minnesota Statutes 2022, section 245A.10, subdivision 3, is amended to read:

The application fee shall not be prorated, is nonrefundable, and is in lieu of the annual license or certification fee that expires on 118.17 December 31. The commissioner shall not process an application until the application fee 118.18 is paid. 118.19

(b) Except as provided in clauses (1) to (3) and (2), an applicant shall apply for a license
to provide services at a specific location.

(1) For a license to provide home and community-based services to persons with 118.22 disabilities or age 65 and older under chapter 245D, an applicant shall submit an application 118.23 to provide services statewide. ----------	---------	-------	----------	---------------

127.1 Sec. 19. Minnesota Statutes 2022, section 245A.1435, is amended to read:

127.2 245A.1435 REDUCTION OF RISK OF SUDDEN UNEXPECTED INFANT DEATH 127.3 IN LICENSED PROGRAMS.

(a) When a license holder is placing an infant to sleep, the license holder must place the 127.4 infant on the infant's back, unless the license holder has documentation from the infant's 127.5 physician, advanced practice registered nurse, or physician assistant directing an alternative 127.6 sleeping position for the infant. The physician, advanced practice registered nurse, or 127.7 physician assistant directive must be on a form approved developed by the commissioner 127.8 and must remain on file at the licensed location. An infant who independently rolls onto its 127.9 stomach after being placed to sleep on its back may be allowed to remain sleeping on its 127 10 stomach if the infant is at least six months of age or the license holder has a signed statement 127.11 from the parent indicating that the infant regularly rolls over at home. 127.12

127.13 (b) The license holder must place the infant in a crib directly on a firm mattress with a fitted sheet that is appropriate to the mattress size, that fits tightly on the mattress, and 127 14 overlaps the underside of the mattress so it cannot be dislodged by pulling on the corner of 127.15 the sheet with reasonable effort. The license holder must not place anything in the crib with 127.16 the infant except for the infant's pacifier, as defined in Code of Federal Regulations, title 127.17 16, part 1511. The pacifier must be free from any sort of attachment. The requirements of 127.18 this section apply to license holders serving infants younger than one year of age. Licensed 127.19 child care providers must meet the crib requirements under section 245A.146. A correction 127.20 order shall not be issued under this paragraph unless there is evidence that a violation 127.21 occurred when an infant was present in the license holder's care. 127.22

(c) If an infant falls asleep before being placed in a crib, the license holder must move
the infant to a crib as soon as practicable, and must keep the infant within sight of the license
holder until the infant is placed in a crib. When an infant falls asleep while being held, the
license holder must consider the supervision needs of other children in care when determining
how long to hold the infant before placing the infant in a crib to sleep. The sleeping infant
must not be in a position where the airway may be blocked or with anything covering the
infant's face.

127.30 (d) When a license holder places an infant under one year of age down to sleep, the 127.31 infant's clothing or sleepwear must not have weighted materials, a hood, or a bib.

127.32 (e) A license holder may place an infant under one year of age down to sleep wearing

127.33 a helmet if the license holder has signed documentation by a physician, advanced practice

registered nurse, physician assistant, licensed occupational therapist, or licensed physical
therapist on a form developed by the commissioner.

128.3 (d) (f) Placing a swaddled infant down to sleep in a licensed setting is not recommended for an infant of any age and is prohibited for any infant who has begun to roll over 128.4 independently. However, with the written consent of a parent or guardian according to this 128.5 paragraph, a license holder may place the infant who has not yet begun to roll over on its 128.6 own down to sleep in a one-piece sleeper equipped with an attached system that fastens 128.7 128.8 securely only across the upper torso, with no constriction of the hips or legs, to create a swaddle. A swaddle is defined as a one-piece sleepwear that wraps over the infant's arms, 128.9 fastens securely only across the infant's upper torso, and does not constrict the infant's hips 128.10 or legs. If a swaddle is used by a license holder, the license holder must ensure that it meets 128.11 the requirements of paragraph (d) and is not so tight that it restricts the infant's ability to 128.12 breathe or so loose that the fabric could cover the infant's nose and mouth. Prior to any use 128.13 of swaddling for sleep by a provider licensed under this chapter, the license holder must 128.14 obtain informed written consent for the use of swaddling from the parent or guardian of the 128.15 infant on a form provided developed by the commissioner and prepared in partnership with 128.16 the Minnesota Sudden Infant Death Center. 128.17

128.18 (g) A license holder may request a variance to this section to permit the use of a

128.19 cradleboard when requested by a parent or guardian for a cultural accommodation. A variance

128.20 for the use of a cradleboard may be issued only by the commissioner. The variance request

128.21 must be submitted on a form developed by the commissioner in partnership with Tribal

128.22 welfare agencies and the Department of Health.

The commissioner may assess fines if specific required components 179.20 of documentation are missing. The fine for incomplete documentation shall equal 20 percent 179.21 of the amount paid on the claims for reimbursement submitted by the vendor individual or 179.22 entity, or up to \$5,000, whichever is less.
