A bill for an act

relating to state government; appropriating money for environment, natural
resources, and tourism; creating Outdoor Recreation Office; modifying pesticide
and seed provisions; providing for soil health and protection of peat soil; modifying
invasive species management; modifying state trails; providing for compensation
of certain board, commission, and council members; providing for watercraft
operator's permit, safety program, and rental requirements; modifying walk-in
access program; modifying game and fish laws; modifying certain accounts;
providing for disposition of certain receipts; creating programs; modifying Water
Law; modifying air and water pollution provisions; requiring environmental justice
considerations; modifying solid waste and feedlot provisions; modifying provisions
and transferring authority to regulate farmed Cervidae; prohibiting PFAS, lead,
and cadmium in certain products; defining terms for metropolitan government;
creating Pig's Eye Area Task Force; modifying land use provisions; modifying
duties of school trust lands director; modifying provisions for conveying interests
in state lands; adding to and deleting from state parks and state forests; authorizing
conveyances of certain state lands; providing for disposition of proceeds from sale
of tax-forfeited land; requiring reports; requiring rulemaking; providing criminal
penalties; amending Minnesota Statutes 2020, sections 13.643, subdivision 6;
15A.0815, subdivision 3; 18B.09, subdivision 2, by adding a subdivision; 21.81,
by adding a subdivision; 21.86, subdivision 2; 35.155, subdivisions 1, 4, 6, 10, 12,

Minnesota Statutes 2020, sections 86B.101; 86B.305; 86B.313, subdivisions 2, 3,
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

ARTICLE 1

APPROPRIATIONS

Section 1. ENVIRONMENT AND NATURAL RESOURCES APPROPRIATIONS.

The sums shown in the columns marked "Appropriations" are appropriated to the agencies and for the purposes specified in this article. The appropriations are from the general fund, or another named fund, and are available for the fiscal years indicated for each purpose. The figures "2022" and "2023" used in this article mean that the appropriations listed under them are available for the fiscal year ending June 30, 2022, or June 30, 2023, respectively. "The first year" is fiscal year 2022. "The second year" is fiscal year 2023. "The biennium" is fiscal years 2022 and 2023. Appropriations for the fiscal year ending June 30, 2022, are effective the day following final enactment.

The amounts that may be spent for each purpose are specified in the following subdivisions.

Subd. 2. Agency Appropriations

(a) $10,000,000 the second year is to support local government units and Tribal governments in planning, designing, and implementing resiliency projects to withstand
local flooding. Of this amount, $9,550,000 is for grants to local government units and Tribal
governments to upgrade local infrastructure,
critical facilities, and other assets for
protection against localized flooding and urban
heat impacts and $450,000 is for technical
assistance. The commissioner may contract
with an independent third party to provide the
technical assistance. This appropriation is
available until June 30, 2026. The base for this
appropriation in fiscal year 2024 and later is
$133,000.

(b) $5,602,000 the second year is for agency
operating adjustments. Of this amount,
$38,000 is from the general fund, $4,167,000
is from the environmental fund, and
$1,397,000 is from the remediation fund, of
which $854,000 is for the purposes of the
petroleum remediation program. The
commissioner must make necessary
adjustments to program appropriations in this
section to distribute these funds. By September
1, 2022, the commissioner must report to the
chairs of the legislative committees and
divisions with jurisdiction over environment
and natural resources finance the distribution
of funds and resulting base-level
appropriations for each program.

(c) $1,000,000 the second year is to create a
community-based brownfield grant program
to provide grants to complete contamination
site investigations and cleanup planning at
brownfield sites in underserved areas. Of this
amount, $500,000 is for use in the
seven-county metropolitan area and $500,000
is for use outside the seven-county metropolitan area. This is a onetime appropriation and is available until June 30, 2025.

(d) $2,000,000 the second year is to support efforts to prevent perfluoroalkyl and polyfluoroalkyl substances (PFAS) contamination. Of this amount, $1,400,000 is for grants to support projects designed to prevent PFAS releases to the environment, identify sources of PFAS, and implement reduction strategies. This is a onetime appropriation and is available until June 30, 2025.

(e) $10,000,000 the second year is to establish a waste prevention and recycling grant and loan program. Of this amount, $9,360,000 is for grants and loans for infrastructure improvement projects related to waste prevention, recycling, and composting. This is a onetime appropriation and is available until June 30, 2025. All loan proceeds must be deposited in the environmental fund.

(f) $50,000 the second year is for completing the St. Louis River mercury total maximum daily load study. This is a onetime appropriation and is available until June 30, 2025.

(g) The unspent amount, estimated to be $50,000, from the appropriation in Laws 2021, First Special Session chapter 6, article 1, section 2, subdivision 2, paragraph (i), for the St. Louis River mercury total maximum daily load study is canceled on June 29, 2022.
(h) $1,800,000 the second year is to address the Pig's Eye Landfill. Of this amount, $800,000 is for the purposes of the Pig's Eye Area Task Force as provided in this act and $1,000,000 is for preliminary assessment and cleanup. This is a onetime appropriation and is available until June 30, 2026.

(i) $50,000 the second year is for the petroleum tank release cleanup program duties and report required under this act. This is a onetime appropriation.

(j) $500,000 the second year is to implement feedlot financial assurance requirements and compile the annual feedlot and manure storage area lists required under Minnesota Statutes, section 116.07, subdivisions 7f and 7g. Of this amount, $250,000 is from the environmental fund.

(k) $700,000 the second year is for distribution to delegated counties based on registered feedlots and manure storage areas for inspections of manure storage areas and the abandoned manure storage area reports required under this act. This is a onetime appropriation and is available until June 30, 2024.

(l) $250,000 the second year is for a grant to the Minnesota Association of County Feedlot Officers to provide training concerning state feedlot requirements, working efficiently and effectively with producers, and reducing the incidence of manure or nutrients entering surface water or groundwater. This is a onetime appropriation.
(m) $5,000,000 the second year is for grants for pilot projects that encourage composting by residents of multifamily buildings under Minnesota Statutes, section 115A.5591. This is a onetime appropriation.

(n) $9,080,000 the second year from the general fund is for implementation of the environmental justice, cumulative impact analysis, and demographic analysis requirements under this act. The general fund appropriation is onetime and is available until June 30, 2024. The base for this appropriation in fiscal year 2024 is $8,979,000 from the environmental fund and the base in fiscal year 2025 and later is $8,603,000 from the environmental fund.

(o) $5,000,000 the second year is for development of a statewide air quality monitoring program, including air monitoring devices and other necessary equipment. This is a onetime appropriation and is available until June 30, 2027.

(p) $540,000 the second year is to purchase three air monitoring devices to measure pollutants in ambient air. The monitoring devices must be placed within a census tract that the commissioner has determined is located in an environmental justice area, as defined in Minnesota Statutes, section 116.06, subdivision 10b. This is a onetime appropriation.

(q) $500,000 the second year is for grants for a community air monitoring system pilot program under this act and to pay the agency's reasonable costs to administer the pilot grant.
program. This is a onetime appropriation and
is available until June 30, 2024.

(r) $500,000 the second year is to adopt rules
to regulate air toxics emissions as specified in
this act. This is a onetime appropriation and
is available until June 30, 2025.

(s) $1,000,000 the second year is for a lead
tackle reduction program that provides
outreach, education, and opportunities to
safely dispose of and exchange lead tackle
throughout the state.

(t) $175,000 the second year is for the seed
disposal rulemaking required under this act.
This is a onetime appropriation and is
available until June 30, 2024.

(u) $100,000 the second year is for transfer to
the commissioner of agriculture to enforce the
treated seed provisions under Minnesota
Statutes, section 21.86, subdivision 2.

(v) $2,000,000 the second year is to develop
protocols to be used by agencies and
departments for sampling and testing
groundwater, surface water, public drinking
water, and private wells for microplastics and
nanoplastics and to begin implementation. The
commissioner may transfer money
appropriated under this paragraph to the
commissioners of agriculture, natural
resources, and health to implement the
protocols developed under this paragraph. This
is a onetime appropriation. For the purposes
of this paragraph, "microplastics" and
"nanoplastics" have the meanings given under
Minnesota Statutes, section 116.06.

subdivisions 14a and 14b.

(w) $1,500,000 the second year is for the
zero-waste grant program under Minnesota
Statutes, section 115A.561. This is a onetime
appropriation.

(x) $17,000 the second year is from the
environmental fund to support the expedited
rule process to update the capital assistance
program grant limits and eligibility. This is a
onetime appropriation and is available until
June 30, 2024.

(y) $74,000 the second year is from the
environmental fund to complete compliance
monitoring and testing for cadmium and lead
in consumer products.

(z) $150,000 the second year is from the
environmental fund for the carpet stewardship
report required under this act. This is a
onetime appropriation.

(aa) $452,000 the second year is from the
environmental fund to adopt rules establishing
water quality standards for perfluorooctanoic
acid (PFOA) and perfluorooctanesulfonic acid
(PFOS) as required under this act. This is a
onetime appropriation and is available until
June 30, 2025.

(bb) The amount added to the base for
implementing and enforcing perfluoroalkyl
and polyfluoroalkyl substances provisions
under Minnesota Statutes, sections 116.943
to 116.947, in fiscal year 2024 is $598,000
from the environmental fund and in fiscal year
2025 and later is $928,000 from the
environmental fund. Of these amounts,

$165,000 may be transferred to the

commissioner of health.

(cc) $314,000 the second year is from the

environmental fund for the perfluoroalkyl and

polyfluoroalkyl substances disclosure

requirements under Minnesota Statutes,

section 116.948. The base for this

appropriation is $300,000 in fiscal year 2024

and $154,000 in fiscal year 2025 and later.

(dd) $48,000 the second year is from the

environmental fund for the public

informational meeting requirements under

Minnesota Statutes, section 115.071,

subdivision 3a.

(ee) $133,000 the second year is from the

remediation fund for staffing to fulfill the

statutory obligations under Minnesota Statutes,

chapter 115E, regarding railroad safety. The

base for this appropriation in fiscal year 2024

and later is $133,000.

Subd. 3. Transfers

By June 30, 2023, the commissioner of

management and budget must transfer

$29,055,000 from the general fund to the

metropolitan landfill contingency action trust

account in the remediation fund to restore the

money transferred from the account as

intended under Laws 2003, chapter 128, article

1, section 10, paragraph (e), and Laws 2005,

First Special Session chapter 1, article 3,

section 17, and compensate the account for

the estimated lost investment income.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 3. NATURAL RESOURCES

Subdivision 1. Total Appropriation

</tbody>
</table>

The amounts that may be spent for each purpose are specified in the following subdivisions.

Subd. 2. Department Appropriations

(a) $25,000,000 the second year is for modernizing and enhancing department-managed infrastructure, lands, and waters to mitigate and adapt to climate change. Of this amount, $10,000,000 is for public water access sites; $10,000,000 is for hatcheries; and $5,000,000 is for native plant restoration in state parks. The commissioner may reallocate across these purposes based on project readiness and priority. This is a onetime appropriation and is available until June 30, 2026.

(b) $300,000 the second year is to provide aggregate resource maps for local governments. The base for this appropriation in fiscal year 2024 and beyond is $100,000.

(c) $5,000,000 the second year is to enhance grasslands and restore wetlands on state-owned wildlife management areas to increase carbon sequestration and enhance climate resiliency. This is a onetime appropriation and is available until June 30, 2026.
(d) $250,000 the second year is to evaluate
fish designated as rough fish in the state to
determine if fish species are properly
designated and if there are rough fish species
that are in need of additional protection
through regulations and to determine any
research needs. The commissioner must
submit a report with the results of the
evaluation and any recommendations to the
chairs and ranking minority members of the
legislative committees and divisions with
jurisdiction over the environment and natural
resources by June 30, 2023. This is a onetime
appropriation.

(e) $1,400,000 the second year is for
designating swan resting areas under this act
and to provide increased education and
outreach promoting the protection of swans
in the state, including education regarding the
restrictions on taking swans. This is a onetime
appropriation and is available until June 30,
2025.

(f) $421,000 the second year is to complete a
centralized aquifer-property database to
provide needed data for site characterization.
This is a onetime appropriation and is
available until June 30, 2024.

(g) $30,000 the second year is to stock at least
7,000,000 walleye fry near spawning riffles
in the Rat Root River in Koochiching County.
This is a onetime appropriation.

(h) $1,841,000 the second year is for grants
to lake associations, local governments, and
Tribal governments to manage aquatic
invasive plant species, including starry stonewart. This is a onetime appropriation.

(i) $1,383,000 is added to the base beginning in fiscal year 2025 for implementing the transition of the farmed Cervidae program from the Board of Animal Health to the Department of Natural Resources as required under this act.

(j) $3,300,000 the second year is for improved maintenance at scientific and natural areas under Minnesota Statutes, section 86A.05, subdivision 5, including additional natural resource specialists and technicians, coordinators, seasonal crews, equipment, supplies, and administrative support. This is a onetime appropriation and is available until June 30, 2025.

(k) $10,150,000 the second year is for grants to local units of government to replace trees removed to address emerald ash borer. Priority must be given to environmental justice areas. Money appropriated in this paragraph may be used to acquire and plant trees that are climate adaptive to Minnesota. This is a onetime appropriation and is available until June 30, 2025. For purposes of this appropriation, an environmental justice area is one or more census blocks with a history of higher than average cumulative impacts from air pollution located in the state:

(1) in which, based on the most recent data published by the United States Census Bureau:

(i) 40 percent or more of the population is nonwhite;
(ii) 35 percent or more of the households have an income at or below 200 percent of the federal poverty level; or

(iii) 40 percent or more of the population over the age of five has limited English proficiency; or

(2) that is in Indian Country, as defined in United States Code, title 18, section 1151.

(l) $1,000,000 the second year is for grants to prekindergarten to grade 12 schools, including public and private schools, to plant trees on school grounds while providing hands-on learning opportunities for students. A grant application under this paragraph must be prepared jointly with the parent-teacher organization or similar parent organization for the school. This is a onetime appropriation and is available until June 30, 2024.

(m) $1,000,000 the second year is for public meeting and water-use permit requirements under Minnesota Statutes, sections 103G.271, subdivisions 2a and 4b, and 103G.287, subdivision 5. The base for this appropriation in fiscal year 2024 and beyond is $250,000.

(n) $1,000,000 the second year is for a grant to the Fond du Lac Band of Lake Superior Chippewa to expand Minnesota's wild elk population and range. Consideration must be given to moving elk from existing herds in northwest Minnesota to the area of the Fond du Lac State Forest and the Fond du Lac Reservation in Carlton and southern St. Louis Counties. The Fond du Lac Band of Lake Superior Chippewa's elk reintroduction efforts
must undergo thorough planning with the
Department of Natural Resources to develop
necessary capture and handling protocols,
including protocols related to cervid disease
management, and to produce postrelease state
and Tribal elk co-management plans. This is
a onetime appropriation.

(o) $250,000 the second year is for testing
farmed white-tailed deer for chronic wasting
disease using a real-time quaking-induced
conversion (RT-QuIC) test as required in this
act. The commissioner must issue a request
for proposal for the RT-QuIC testing required.
This is a onetime appropriation.

(p) $500,000 the second year is to address
chronic wasting disease in white-tailed deer
in and around the city of Grand Rapids. This
is a onetime appropriation.

(q) $600,000 the second year is for grants for
natural-resource-based education and
recreation programs serving youth under
Minnesota Statutes, section 84.976. The base
for this appropriation in fiscal year 2024 and
beyond is $300,000.

(r) $70,000 the second year is for the nongame
wildlife management program.

(s) Notwithstanding Minnesota Statutes,
section 297A.94, $15,000 the second year is
from the heritage enhancement account in the
game and fish fund for implementing nontoxic
shot requirements under Minnesota Statutes,
section 97B.673. This is a onetime
appropriation and is available until June 30,
2025.
(t) $750,000 the second year is from the natural resources fund for state trail, park, and recreation area operations. This appropriation is from revenue deposited in the natural resources fund under Minnesota Statutes, section 297A.94, paragraph (h), clause (2).

This is a onetime appropriation.

(u) $500,000 the second year is from the all-terrain vehicle account in the natural resources fund for a grant to St. Louis County to match other funding sources for design, right-of-way acquisition, permitting, and construction of trails within the Voyageur Country ATV trail system. This is a onetime appropriation and is available until June 30, 2025. This appropriation may be used as a local match to a 2022 state bonding award.

(v) $500,000 the second year is from the all-terrain vehicle account in the natural resources fund for a grant to St. Louis County to match other funding sources for design, right-of-way acquisition, permitting, and construction of a new trail within the Prospector trail system. This is a onetime appropriation and is available until June 30, 2025. This appropriation may be used as a local match to a 2022 state bonding award.

(w) $850,000 the second year is for operation and maintenance of publicly owned flood mitigation infrastructure at the Canisteo open pit mine complex and is available until June 30, 2063. This is a onetime appropriation. The commissioner of natural resources must enter into a lease for any lands or facilities needed for a project to construct publicly owned flood
mitigation infrastructure at the Canisteo open
pit mine complex for a term that is consistent
with meeting project needs and Minnesota
Statutes, section 16A.695. A lease entered into
under this section must include a provision
that provides for the amendment or
termination of the lease when:

(1) the commissioner of natural resources
determines that the project is no longer needed
to serve the intended purpose or identifies a
more effective alternative to the constructed
project; or

(2) mining operations are fully permitted to
resume in all or part of the property acquired
or improved with state bond proceeds,
consistent with Minnesota Statutes, section
16A.695.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 4. BOARD OF WATER AND SOIL RESOURCES

<table>
<thead>
<tr>
<th></th>
<th></th>
<th>68,920,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>$</td>
<td>-0-</td>
<td></td>
</tr>
</tbody>
</table>

(a) $10,000,000 the second year is for water
storage and management projects and practices
to control water volume and rates to protect
infrastructure, improve water quality, and
provide other related public benefits consistent
with Minnesota Statutes, section 103F.05. Of
this amount, $5,000,000 is for projects in the
seven-county metropolitan area and
$5,000,000 is for projects outside the
seven-county metropolitan area. This
appropriation is available until June 30, 2026.
The base for this appropriation is $167,000 in
fiscal year 2024 and beyond.
(b) $595,000 the second year is to offset unreimbursed costs caused by the COVID-19 pandemic. This is a onetime appropriation.

c) $5,000,000 the second year is to accelerate the adoption of soil health practices consistent with Minnesota Statutes, sections 103C.101, subdivision 10a, and 103F.49. This appropriation is available until June 30, 2028.

d) $125,000 the second year is to accomplish the objectives of Minnesota Statutes, section 10.65, and related Tribal government coordination. The base for fiscal year 2024 is $129,000 and $133,000 for fiscal year 2025 and each year thereafter.

e) $10,000,000 the second year is to provide onetime state incentive payments to enrollees in the federal Conservation Reserve Program (CRP) during the continuous enrollment period and to enroll complementary areas in conservation easements consistent with Minnesota Statutes, section 103F.515. The board may establish payment rates based on land valuation and on environmental benefit criteria, including but not limited to surface water or groundwater pollution reduction, drinking water protection, soil health, pollinator and wildlife habitat, and other conservation enhancements. The board may use state funds to implement the program and to provide technical assistance to landowners or their agents to fulfill enrollment and contract provisions. The board must consult with the commissioners of agriculture, health, natural resources, and the Pollution Control Agency and the United States Department of Agriculture.
Agriculture in establishing program criteria.

This is a onetime appropriation and is available until June 30, 2026.

(f) $5,000,000 the second year is for the lawns to legumes program under Minnesota Statutes, section 103B.104. The base for this appropriation in fiscal year 2024 and beyond is $1,250,000.

(g) $200,000 the second year is to establish the drainage registry information portal required under Minnesota Statutes, section 103E.122. This is a onetime appropriation.

(h) $30,000,000 the second year is to purchase and restore permanent conservation sites via easements or contracts to treat and store water on the land for water quality improvement purposes and related technical assistance. Minnesota Statutes, section 103F.515, applies to this program. The board must give priority to leveraging federal money by enrolling targeted new lands or enrolling environmentally sensitive lands that have expiring federal conservation agreements. The board may enter into new agreements and amend past agreements with landowners as required by Minnesota Statutes, section 103F.515, subdivision 5, to allow for restoration. Up to $1,700,000 is for deposit in a monitoring and enforcement account. This is a onetime appropriation and is available until June 30, 2026.

(i) $8,000,000 the second year is for an accelerated conservation planting program. This is a onetime appropriation and is available until June 30, 2026. The work must
be carried out consistent with the provisions of Minnesota Statutes, section 103C.501. The appropriation must be used for financial and technical assistance to landowners via local units of government for the purpose of establishing or enhancing tree, shrub, and associated conservation practices that will reduce greenhouse gas emissions and add resiliency to the landscape by sequestering carbon, conserving energy, and improving water quality and habitat. Of this amount, $500,000 must be used to address invasive species control via cooperative weed management agreements. Money appropriated in this paragraph may be used to acquire and plant trees that are climate adaptive to Minnesota.

Sec. 5. CONSERVATION CORPS MINNESOTA

Conservation Corps Minnesota may receive money appropriated under this section only as provided in an agreement with the commissioner of natural resources. $250,000 is added to the base in fiscal year 2024 and beyond.

(a) $2,500,000 the second year is to develop a decision-making support toolset to help local partners quantify the risks of a changing climate and prioritize strategies that mitigate
those risks. This is a onetime appropriation and is available until June 30, 2026.

(b) $2,500,000 the second year is for grants to cities within the metropolitan area, as defined in Minnesota Statutes, section 473.121, subdivision 2, for capital improvements in municipal wastewater collection systems to reduce the amount of inflow and infiltration to the Metropolitan Council's metropolitan sanitary sewer disposal system. Grants from this appropriation are for up to 50 percent of the cost to mitigate inflow and infiltration in the publicly owned municipal wastewater collection systems. To be eligible for a grant, a city must be identified by the council as a contributor of excessive inflow and infiltration in the metropolitan disposal system or have a measured flow rate within 20 percent of its allowable council-determined inflow and infiltration limits. The council must award grants based on applications from cities that identify eligible capital costs and include a timeline for inflow and infiltration mitigation construction pursuant to guidelines established by the council. This is a onetime appropriation and is available until June 30, 2024.

(c) $2,500,000 the second year is for grants to cities within the metropolitan area, as defined in Minnesota Statutes, section 473.121, subdivision 2, to provide financial assistance to private property owners to replace or repair private sewer lines to reduce the amount of inflow and infiltration to the Metropolitan Council's metropolitan sanitary sewer disposal
Financial assistance from this appropriation is for up to 50 percent of the cost of the replacement or repair. To be eligible for a grant, a city must be identified by the council as a contributor of excessive inflow and infiltration in the metropolitan disposal system or have a measured flow rate within 20 percent of its allowable limits. This is a onetime appropriation and is available until June 30, 2024.

(d) $2,335,000 the second year is for grants to cities and other public water suppliers to replace the privately owned portion of residential lead service lines. Grants from this appropriation must first be used to supplement any federal money provided to the state as principal forgiveness or grants under Public Law 117-58, the Infrastructure Investment and Jobs Act, to cover 100 percent of the cost to replace privately owned residential lead service lines. Laborers and mechanics performing work on a project funded by a grant under this paragraph, including removal of lead service lines and installation of replacement service lines, must be paid the prevailing wage rate for the work as defined in Minnesota Statutes, section 177.42, subdivision 6. The project is subject to the requirements and enforcement provisions of Minnesota Statutes, sections 177.30 and 177.41 to 177.45. This is a onetime appropriation and is available until June 30, 2024. For the purposes of this appropriation, "lead service line" has the meaning given
under Minnesota Statutes, section 473.121,

subdivision 38.

(e) $2,500,000 the second year is for
metropolitan area regional parks operation and
maintenance according to Minnesota Statutes,
section 473.351. This is a onetime
appropriation and is available until June 30,
2024.

(f) $750,000 the second year is from the
natural resources fund for metropolitan-area
regional parks and trails maintenance and
operations. This appropriation is from revenue
deposited in the natural resources fund under
Minnesota Statutes, section 297A.94,
paragraph (h), clause (3). This is a onetime
appropriation.

Sec. 7. ZOOLOGICAL BOARD

$45,000 is added to the base in fiscal year
2024 only and is for purposes of the prairie
butterfly conservation program.

Sec. 8. SCIENCE MUSEUM

$500,000 the second year is to support the
Science Museum of Minnesota. This is a
ontime appropriation.

Sec. 9. EXPLORE MINNESOTA TOURISM

(a) $215,000 the second year is to build
additional administrative capacity to provide
support in the areas of brand strategy,
communications, and industry relations.

(b) $10,000,000 the second year is for a
tourism industry recovery grant program. The
grant program must provide money to
organizations, Tribal governments, and
communities to accelerate the recovery of the
state's tourism industry. Grant money may be
used to support meetings, conventions and
group business, multicommunity and
high-visibility events, and tourism marketing.
Explore Minnesota Tourism must accept
applications under this paragraph for at least
five business days beginning at 8:00 a.m. on
the first business day and, if total applications
exceed $10,000,000, the grants must be
awarded to eligible applicants at random until
the funding is exhausted. Of this amount,
Explore Minnesota Tourism must not retain
any portion for administrative costs. This is a
onetime appropriation.

(c) $250,000 the second year is for a grant to
the Grand Portage Band to focus tourism to
Grand Portage. This is a onetime
appropriation.

Sec. 10. MINNESOTA OUTDOOR
RECREATION OFFICE $ -0- $ 1,750,000

$1,750,000 the second year is for the
Minnesota Outdoor Recreation Office under
Minnesota Statutes, section 86A.50. The base
for this appropriation in fiscal year 2024 and
beyond is $250,000.

Sec. 11. UNIVERSITY OF MINNESOTA $ -0- $ 180,000

$180,000 the second year is to develop a soil
health action plan, in consultation with the
Minnesota Office for Soil Health, the United
States Department of Agriculture's Natural
Resources Conservation Service, and other
state and federal agencies, academic
institutions, local governments, and
practitioners, that will provide
recommendations for standardized
specifications for soil health and related
conservation and climate protection practices
and projects to achieve soil health goals,
including recommendations for research,
implementation, outreach, and prioritization
of the use of future funding. By January 15,
2023, the plan must be submitted to the chairs
and ranking minority members of the house
of representatives and senate committees and
divisions with jurisdiction over agriculture
and environment and natural resources policy.
This is a onetime appropriation.

ARTICLE 2
STATUTORY CHANGES

Section 1. Minnesota Statutes 2020, section 15A.0815, subdivision 3, is amended to read:

Subd. 3. Group II salary limits. The salary for a position listed in this subdivision shall
not exceed 120 percent of the salary of the governor. This limit must be adjusted annually
on January 1. The new limit must equal the limit for the prior year increased by the percentage
increase, if any, in the Consumer Price Index for all urban consumers from October of the
second prior year to October of the immediately prior year. The commissioner of management
and budget must publish the limit on the department's website. This subdivision applies to
the following positions:

Executive director of Gambling Control Board;
Commissioner of Iron Range resources and rehabilitation;
Commissioner, Bureau of Mediation Services;
Ombudsman for mental health and developmental disabilities;
Ombudsperson for corrections;
Chair, Metropolitan Council;
School trust lands director;
Executive director of pari-mutuel racing; and
Commissioner, Public Utilities Commission; and

Director of the Minnesota Outdoor Recreation Office.

Sec. 2. Minnesota Statutes 2020, section 18B.09, subdivision 2, is amended to read:

Subd. 2. Authority. (a) Statutory and home rule charter cities may enact an ordinance, which may include penalty and enforcement provisions, containing one or both of the following:

(1) the pesticide application warning information contained in subdivision 3, including their own licensing, penalty, and enforcement provisions; and

(2) the pesticide prohibition contained in subdivision 4.

(b) Statutory and home rule charter cities may not enact an ordinance that contains more restrictive pesticide application warning information than is contained in subdivision subdivisions 3 and 4.

Sec. 3. Minnesota Statutes 2020, section 18B.09, is amended by adding a subdivision to read:

Subd. 4. Application of certain pesticides prohibited. (a) A person may not apply or use a pollinator-lethal pesticide within the geographic boundaries of a city that has enacted an ordinance under subdivision 2 prohibiting such use.

(b) For purposes of this subdivision, "pollinator-lethal pesticide" means a pesticide that has a pollinator protection box on the label or labeling or a pollinator, bee, or honey bee precautionary statement in the environmental hazards section of the label or labeling.

(c) This subdivision does not apply to:

(1) pet care products used to mitigate fleas, mites, ticks, heartworms, or other animals that are harmful to the health of a domesticated animal;

(2) personal care products used to mitigate lice and bedbugs;

(3) indoor pest control products used to mitigate insects indoors, including ant bait;

(4) a pesticide as used or applied by the Metropolitan Mosquito Control District for public health protection if the pesticide includes vector species on the label; and

(5) a pesticide-treated wood product.

(d) The commissioner must maintain a list of pollinator-lethal pesticides on the department's website.
Sec. 4. Minnesota Statutes 2020, section 21.81, is amended by adding a subdivision to read:

Subd. 5a. *Coated agricultural seed.* "Coated agricultural seed" means any seed unit covered with a coating material.

Sec. 5. Minnesota Statutes 2020, section 21.86, subdivision 2, is amended to read:

Subd. 2. *Miscellaneous violations.* No person may:

(a) (1) detach, alter, deface, or destroy any label required in sections 21.82 and 21.83, alter or substitute seed in a manner that may defeat the purposes of sections 21.82 and 21.83, or alter or falsify any seed tests, laboratory reports, records, or other documents to create a misleading impression as to kind, variety, history, quality, or origin of the seed;

(b) (2) hinder or obstruct in any way any authorized person in the performance of duties under sections 21.80 to 21.92;

(c) (3) fail to comply with a "stop sale" order or to move or otherwise handle or dispose of any lot of seed held under a stop sale order or attached tags, except with express permission of the enforcing officer for the purpose specified;

(d) (4) use the word "type" in any labeling in connection with the name of any agricultural seed variety;

(e) (5) use the word "trace" as a substitute for any statement which is required;

(f) (6) plant any agricultural seed which the person knows contains weed seeds or noxious weed seeds in excess of the limits for that seed; or

(g) (7) advertise or sell seed containing patented, protected, or proprietary varieties used without permission of the patent or certificate holder of the intellectual property associated with the variety of seed; or

(8) use or sell as food, feed, oil, or ethanol feedstock any seed treated with neonicotinoid pesticide.

Sec. 6. [21.915] *PESTICIDE-TREATED SEED USE AND DISPOSAL; CONSUMER GUIDANCE REQUIRED.*

(a) The commissioner, in consultation with the commissioner of the Pollution Control Agency, must develop and maintain consumer guidance regarding the proper use and disposal of seed treated with neonicotinoid pesticide.
(b) A person selling seed treated with neonicotinoid pesticide at retail must post in a conspicuous location the guidance developed by the commissioner under paragraph (a).

Sec. 7. [84.0345] PEAT SOIL GOAL.

It is the goal of the state of Minnesota to protect, restore, and enhance at least the following amounts of the state's presettlement peat soils, or histosols, that were drained for and as of August 1, 2022, are used for agricultural cultivation or pasture:

(1) 25 percent by August 1, 2030; and

(2) 50 percent by August 1, 2040.

Sec. 8. [84.9735] INSECTICIDES ON STATE LANDS.

A person may not use a pesticide containing an insecticide in a wildlife management area, state park, state forest, aquatic management area, or scientific and natural area if the insecticide is from the neonicotinoid class of insecticides or contains chlorpyrifos.

Sec. 9. Minnesota Statutes 2020, section 84D.02, subdivision 3, is amended to read:

Subd. 3. Management plan. By December 31, 2022, and every five years thereafter, the commissioner shall prepare and maintain a long-term plan, which may include specific plans for individual species and actions, for the statewide management of invasive species of aquatic plants and wild animals. The plan must address:

(1) coordinated detection and prevention of accidental introductions;

(2) coordinated dissemination of information about invasive species of aquatic plants and wild animals among resource management agencies and organizations;

(3) a coordinated public education and awareness campaign;

(4) coordinated control of selected invasive species of aquatic plants and wild animals on lands and public waters;

(5) participation by lake associations, local citizen groups, and local units of government in the development and implementation of local management efforts;

(6) a reasonable and workable inspection requirement for watercraft and equipment including those participating in organized events on the waters of the state;

(7) the closing of points of access to infested waters, if the commissioner determines it is necessary, for a total of not more than seven days during the open water season for control or eradication purposes;
(8) maintaining public accesses on infested waters to be reasonably free of aquatic macrophytes; and

(9) notice to travelers of the penalties for violation of laws relating to invasive species of aquatic plants and wild animals; and

(10) the impacts of climate change on invasive species management.

Sec. 10. Minnesota Statutes 2020, section 85.015, subdivision 10, is amended to read:

Subd. 10. Luce Line Trail, Hennepin, McLeod, and Meeker Counties. (a) The trail shall originate at Gleason Lake in Plymouth Village, Hennepin County, and shall follow the route of the Chicago Northwestern Railroad, and include a connection to Greenleaf Lake State Recreation Area.

(b) The trail shall be developed for multiuse wherever feasible. The department shall cooperate in maintaining its integrity for modes of use consistent with local ordinances.

(c) In establishing, developing, maintaining, and operating the trail, the commissioner shall cooperate with local units of government and private individuals and groups. Before acquiring any parcel of land for the trail, the commissioner of natural resources shall develop a management program for the parcel and conduct a public hearing on the proposed management program in the vicinity of the parcel to be acquired. The management program of the commissioner shall include but not be limited to the following:

(1) fencing of portions of the trail where necessary to protect adjoining landowners; and

(2) maintaining the trail in a litter-free condition to the extent practicable.

(d) The commissioner shall not acquire any of the right-of-way of the Chicago Northwestern Railway Company until the abandonment of the line described in this subdivision has been approved by the Surface Transportation Board or the former Interstate Commerce Commission. Compensation, in addition to the value of the land, shall include improvements made by the railroad, including but not limited to, bridges, trestles, public road crossings, or any portion thereof, it being the desire of the railroad that such improvements be included in the conveyance. The fair market value of the land and improvements shall be recommended by two independent appraisers mutually agreed upon by the parties. The fair market value thus recommended shall be reviewed by a review appraiser agreed to by the parties, and the fair market value thus determined, and supported by appraisals, may be the purchase price. The commissioner may exchange lands with

Article 2 Sec. 10.
landowners abutting the right-of-way described in this section to eliminate diagonally shaped separate fields.

Sec. 11. Minnesota Statutes 2020, section 85A.01, subdivision 1, is amended to read:

Subdivision 1. Creation. (a) The Minnesota Zoological Garden is established under the supervision and control of the Minnesota Zoological Board. The board consists of 30 public and private sector members having a background or interest in zoological societies or zoo management or an ability to generate community interest in the Minnesota Zoological Garden. Fifteen members shall be appointed by the board after consideration of a list supplied by board members serving on a nominating committee, and 15 members shall be appointed by the governor. One member of the board must be a resident of Dakota County and shall be appointed by the governor after consideration of the recommendation of the Dakota County Board. Board appointees shall not be subject to the advice and consent of the senate.

(b) To the extent possible, the board and governor shall appoint members who are residents of the various geographic regions of the state. Terms, compensation, and removal of members are as provided in section 15.0575, except that a member may be compensated at the rate of up to $125 a day. In making appointments, the governor and board shall utilize the appointment process as provided under section 15.0597 and consider, among other factors, the ability of members to garner support for the Minnesota Zoological Garden.

(c) A member of the board may not be an employee of or have a direct or immediate family financial interest in a business that provides goods or services to the zoo. A member of the board may not be an employee of the zoo.

Sec. 12. [86A.50] MINNESOTA OUTDOOR RECREATION OFFICE.

Subdivision 1. Establishment. The Minnesota Outdoor Recreation Office is established. The governor, in consultation with the commissioner of natural resources and the director of Explore Minnesota Tourism, must appoint the director of the Minnesota Outdoor Recreation Office. The director's appointment is subject to the advice and consent of the senate.

Subd. 2. Office; administration. The commissioner of administration must provide administrative services for the Minnesota Outdoor Recreation Office. The Minnesota Outdoor Recreation Office must have locations in the cities of Ely and Winona.

Subd. 3. Purpose; goals. The purpose of the Minnesota Outdoor Recreation Office is to:

Article 2 Sec. 12.
(1) increase participation in outdoor recreation by advancing equity, diversity, and inclusivity across the state's outdoor recreation sector;

(2) unite the state's outdoor recreation community; and

(3) unify communications among the state's diverse outdoor recreation sector by developing a shared narrative about the health, economic, and other benefits of outdoor recreation.

Subd. 4. Duties. To achieve the purposes of the Minnesota Outdoor Recreation Office, the director must:

(1) increase participation by:

   (i) bringing outdoor recreation stakeholders together, including historically underrepresented populations, to develop a shared strategy to build community, improve cultural relevance, foster relationships, and facilitate an inclusive and safe outdoor recreation experience for all;

   (ii) creating and implementing a marketing strategy to coordinate across public and private entities that welcomes historically underrepresented populations into the outdoor recreation community;

   (iii) welcoming and integrating underrepresented populations as customers, owners, employees, and vendors of outdoor recreation agencies, groups, and businesses;

   (iv) identifying and developing solutions to overcome barriers such as cost and transportation and creating new ways for accessing outdoor recreation activities;

   (v) promoting and facilitating a culture of welcoming everyone outdoors by practicing inclusivity and ensuring that historically underrepresented populations are equally valued;

   (vi) promoting conservation strategies that connect diverse outdoor recreation groups under a unified mission;

   (vii) reviewing outdoor recreation trends and use patterns provided by the commissioner of natural resources, Explore Minnesota Tourism, and other agencies; and

   (viii) identifying what the public feels is missing in outdoor recreation and then collaborating with other state agencies, residents, and businesses to provide those opportunities;

(2) unite the state's outdoor recreation community by:
(i) bringing together users, government agencies, nonprofit organizations, for-profit companies, and Tribal governments with an interest in outdoor recreation to build a united community, drive relationships, and facilitate a shared vision for outdoor recreation in Minnesota;

(ii) identifying stewardship and conservation priorities that will bring together diverse outdoor stakeholders around a common goal;

(iii) annually convening outdoor recreation stakeholders, including underrepresented populations, and measuring and sharing the benefits of coordinating at the event;

(iv) developing coordinated messaging and welcoming new narratives for Minnesota's outdoors;

(v) ensuring all of Minnesota's varied geographies, landscapes, and recreation opportunities are positioned as equal tenants within Minnesota's brand;

(vi) building, strengthening, and growing public-private partnerships at local, regional, state, national, and international levels to unite the outdoor recreation community;

(vii) encouraging private sector partnerships to recognize the market potential of historically underrepresented audiences;

(viii) promoting partnerships between communities, conservation, and stewardship groups as well as outdoor user groups to maintain recreational infrastructure and preserve Minnesota's natural spaces; and

(ix) encouraging conservation and outdoor recreation groups to work together more for the common good; and

(3) unify communications by:

(i) defining and promoting Minnesota's unique value as a world-class inclusive outdoor destination;

(ii) developing new communication mediums such as applications and mobile-first strategies to reach target audiences;

(iii) strengthening land and water stewardship messaging and education in order to grow public investment and attention from people who will help steward Minnesota's outdoor resources;

(iv) developing best practices for outdoor recreation communication for the commissioner of natural resources and Explore Minnesota Tourism;
(v) developing methods to amplify communication resources and to do more with less communication partnership creation and focusing these efforts both in and outside Minnesota; and

(vi) measuring and communicating the return on investment of outdoor recreation investments, specifically focused on measurable economic, health, and well-being benefits.

Subd. 5. Powers. The director of the Minnesota Outdoor Recreation Office may:

(1) direct and control money appropriated to the director;

(2) apply for, receive, and spend money for the purposes of this section;

(3) employ assistants and other officers, employees, and agents that the director considers necessary for the purposes of this section;

(4) enter into interdepartmental agreements with any other state agency; and

(5) enter into joint powers agreements under chapter 471.

Subd. 6. Report. By January 15 each year, the director of the Minnesota Outdoor Recreation Office must submit a report to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over the environment and natural resources and tourism on the office's performance in achieving its purpose under subdivision 3 and how money appropriated to the office was expended.

Sec. 13. [86B.30] DEFINITIONS.

Subdivision 1. Applicability. The definitions in this section apply to sections 86B.30 to 86B.341.

Subd. 2. Accompanying operator. "Accompanying operator" means a person 21 years of age or older who:

(1) is in a personal watercraft or other type of motorboat;

(2) is within immediate reach of the controls of the motor; and

(3) possesses a valid operator's permit or is an exempt operator.

Subd. 3. Adult operator. "Adult operator" means a motorboat operator, including a personal watercraft operator, who is 12 years of age or older and who was:

(1) effective July 1, 2024, born on or after July 1, 2003;

(2) effective July 1, 2025, born on or after July 1, 1999;

(3) effective July 1, 2026, born on or after July 1, 1995; and
(4) effective July 1, 2027, born on or after July 1, 1987.

Subd. 4. **Exempt operator.** "Exempt operator" means a motorboat operator, including a personal watercraft operator, who is 12 years of age or older and who:

1. possesses a valid license to operate a motorboat issued for maritime personnel by the United States Coast Guard under Code of Federal Regulations, title 46, part 10, or a marine certificate issued by the Canadian government;
2. is not a resident of the state or country, is temporarily using the waters of the state for a period not to exceed 60 days, and:
   i. meets any applicable requirements of the state of residency; or
   ii. possesses a Canadian pleasure craft operator's card;
3. is operating a motorboat under a dealer's license according to section 86B.405; or
4. is operating a motorboat during an emergency.

Subd. 5. **Motorboat rental business.** "Motorboat rental business" means a person engaged in the business of renting or leasing motorboats, including personal watercraft and houseboats, for a period not exceeding 30 days. Motorboat rental business includes a person's agents and employees.

Subd. 6. **Young operator.** "Young operator" means a motorboat operator, including a personal watercraft operator, younger than 12 years of age.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 14. [86B.302] **WATERCRAFT OPERATOR'S PERMIT.**

Subdivision 1. **Generally.** The commissioner must issue a watercraft operator's permit to a person 12 years of age or older who successfully completes a water safety course and written test according to section 86B.304, paragraph (a), or who provides proof of completion of a program subject to a reciprocity agreement or certified by the commissioner as substantially similar.

Subd. 2. **Issuing permit to certain young operators.** The commissioner may issue a permit under this section to a person who is at least 11 years of age, but the permit is not valid until the person becomes an adult operator.

Subd. 3. **Personal possession required.** (a) A person who is required to have a watercraft operator's permit must have in personal possession:
1. a valid watercraft operator's permit;
(2) a driver’s license that has a valid watercraft operator's permit indicator issued under section 171.07, subdivision 20; or

(3) an identification card that has a valid watercraft operator's permit indicator issued under section 171.07, subdivision 20.

(b) A person who is required to have a watercraft operator's permit must display one of the documents described in paragraph (a) to a conservation officer or peace officer upon request.

Subd. 4. Using electronic device to display proof of permit. If a person uses an electronic device to display a document described in subdivision 3 to a conservation officer or peace officer:

(1) the officer is immune from liability for any damage to the device, unless the officer does not exercise due care in handling the device; and

(2) this does not constitute consent for the officer to access other contents on the device.

EFFECTIVE DATE. This section is effective July 1, 2024.

Sec. 15. [86B.303] OPERATING PERSONAL WATERCRAFT AND OTHER MOTORBOATS.

Subdivision 1. Adult operators. An adult operator may not operate a motorboat, including a personal watercraft, unless:

(1) the adult operator possesses a valid watercraft operator's permit;

(2) the adult operator is an exempt operator; or

(3) an accompanying operator is in the motorboat.

Subd. 2. Young operators. (a) A young operator may not operate a personal watercraft or any motorboat powered by a motor with a factory rating of more than 75 horsepower.

(b) A young operator may operate a motorboat that is not a personal watercraft and that is powered by a motor with a factory rating of up to 75 horsepower if an accompanying operator is in the motorboat.

Subd. 3. Accompanying operators. For purposes of this section and section 169A.20, an accompanying operator, as well as the actual operator, is operating and is in physical control of a motorboat.

Subd. 4. Owners may not allow unlawful use. An owner or other person in lawful control of a motorboat may not allow the motorboat to be operated contrary to this section.
EFFECTIVE DATE. This section is effective July 1, 2024.

Sec. 16. [86B.304] WATERCRAFT SAFETY PROGRAM.

(a) The commissioner must establish a water safety course and testing program for personal watercraft and watercraft operators and must prescribe a written test as part of the course. The course must be approved by the National Association of State Boating Law Administrators and must be available online. The commissioner may allow designated water safety courses administered by third parties to meet the requirements of this paragraph and may enter into reciprocity agreements or otherwise certify boat safety education programs from other states that are substantially similar to in-state programs. The commissioner must establish a working group of interested parties to develop course content and implementation. The course must include content on aquatic invasive species mitigation best management practices, reducing conflicts among user groups, and limiting the ecological impacts of watercraft.

(b) The commissioner must create or designate a short boater safety examination to be administered by motorboat rental businesses, as required by section 86B.306, subdivision 3. The examination developed pursuant to this paragraph must be one that can be administered electronically or on paper, at the option of the motorboat rental business administering the examination.

EFFECTIVE DATE. This section is effective July 1, 2024.

Sec. 17. [86B.306] MOTORBOAT RENTAL BUSINESSES.

Subdivision 1. Requirements. A motorboat rental business must not rent or lease a motorboat, including a personal watercraft, to any person for operation on the waters of the state unless the renter or lessee:

(1) has a valid watercraft operator’s permit or is an exempt operator; and

(2) is 18 years of age or older.

Subd. 2. Authorized operators. A motorboat rental business must list on each motorboat rental or lease agreement the name and age of each operator who is authorized to operate the motorboat or personal watercraft. The renter or lessee of the motorboat must ensure that only listed authorized operators operate the motorboat or personal watercraft.

Subd. 3. Summary of boating regulations; examination. (a) A motorboat rental business must provide each authorized operator a summary of the statutes and rules governing
operation of motorboats and personal watercraft in the state and instructions for safe
operation.

(b) Each authorized operator must review the summary provided under this subdivision
and must take a short boater safety examination in a form approved by the commissioner
before the motorboat or personal watercraft leaves the motorboat rental business premises,
unless the authorized operator has taken the examination during the previous 60 days.

Subd. 4. Safety equipment for personal watercraft. A motorboat rental business must
provide at no additional cost a United States Coast Guard (USCG) approved wearable
personal flotation device with a USCG label indicating it either is approved for or does not
prohibit use with personal watercraft or water-skiing and any other required safety equipment
to all persons who rent a personal watercraft.

EFFECTIVE DATE. This section is effective July 1, 2024.

Sec. 18. Minnesota Statutes 2020, section 86B.313, subdivision 4, is amended to read:

Subd. 4. Dealers and rental operations. (a) A dealer of personal watercraft shall
distribute a summary of the laws and rules governing the operation of personal watercraft
and, upon request, shall provide instruction to a purchaser regarding:

(1) the laws and rules governing personal watercraft; and

(2) the safe operation of personal watercraft.

(b) A person who offers personal watercraft for rent:

(1) shall provide a summary of the laws and rules governing the operation of personal
watercraft and provide instruction regarding the laws and rules and the safe operation of
personal watercraft to each person renting a personal watercraft;

(2) shall provide a United States Coast Guard (USCG) approved wearable personal
flotation device with a USCG label indicating it either is approved for or does not prohibit
use with personal watercraft or water-skiing and any other required safety equipment to all
persons who rent a personal watercraft at no additional cost; and

(3) shall require that a watercraft operator's permit from this state or from the operator's
state of residence be shown each time a personal watercraft is rented to any person younger
than age 18 and shall record the permit on the form provided by the commissioner.

(c) Each dealer of personal watercraft or person offering personal watercraft for rent
shall have the person who purchases or rents a personal watercraft sign a form provided by
the commissioner acknowledging that the purchaser or renter has been provided a copy of
the laws and rules regarding personal watercraft operation and has read them. The form
must be retained by the dealer or person offering personal watercraft for rent for a period
of six months following the date of signature and must be made available for inspection by
sheriff's deputies or conservation officers during normal business hours.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 19. Minnesota Statutes 2020, section 89A.03, subdivision 5, is amended to read:

Subd. 5. **Membership regulation.** Terms, compensation, nomination, appointment, and
removal of council members are governed by section 15.059, except that a council member
may be compensated at the rate of up to $125 a day.

Sec. 20. Minnesota Statutes 2020, section 90.181, subdivision 2, is amended to read:

Subd. 2. **Deferred payments.** (a) If the amount of the statement is not paid or payment
is not postmarked within 30 days of the statement date thereof, it shall bear, the amount
bears interest at the rate determined pursuant to section 16A.124, except that the purchaser
shall not be required to pay interest that totals $1 or less. If the amount is not paid
within 60 days, the commissioner shall place the account in the hands of the commissioner
of revenue according to chapter 16D, who shall proceed to collect the same amount due.
When deemed in the best interests of the state, the commissioner shall take possession of
the timber for which an amount is due wherever it may be found and sell the same timber
informally or at public auction after giving reasonable notice.

(b) The proceeds of the sale must be applied, first, to the payment of the expenses
of seizure and sale; and, second, to the payment of the amount due for the timber, with
interest; and. The surplus, if any, shall belong to the state; and. In case a sufficient
amount is not realized to pay these amounts in full, the balance shall be collected by
the attorney general. **Neither Payment of the amount, nor the recovery of judgment therefor
for the amount, nor satisfaction of the judgment, nor the or seizure and sale of timber, shall
does not:**

(1) release the sureties on any security deposit given pursuant to this chapter,
or;

(2) preclude the state from afterwards claiming that the timber was cut or removed
contrary to law and recovering damages for the trespass thereby committed, or

(3) preclude the state from prosecuting the offender criminally.
Sec. 21. Minnesota Statutes 2020, section 97A.015, is amended by adding a subdivision to read:

Subd. 32b. Native swan. "Native swan" means trumpeter swans and tundra swans and does not include mute swans.

Sec. 22. Minnesota Statutes 2020, section 97A.015, subdivision 51, is amended to read:

Subd. 51. Unloaded. "Unloaded" means, with reference to a firearm, without ammunition in the barrels and magazine, if the magazine is in the firearm. A muzzle-loading firearm with is unloaded if:

(1) for a flintlock ignition is unloaded if it does not have priming powder in a pan. A muzzle-loading firearm with;

(2) for a percussion ignition is unloaded if it does not have a percussion cap on a nipple;

(3) for an electronic ignition system, the battery is removed and is disconnected from the firearm; and

(4) for an encapsulated powder charge ignition system, the primer and powder charge are removed from the firearm.

Sec. 23. Minnesota Statutes 2020, section 97A.126, as amended by Laws 2021, First Special Session chapter 6, article 2, section 52, is amended to read:

97A.126 WALK-IN ACCESS PROGRAM.

Subdivision 1. Establishment. A walk-in access program is established to provide public access to wildlife habitat on private land for hunting, bird-watching, nature photography, and similar compatible uses, excluding trapping, as provided under this section. The commissioner may enter into agreements with other units of government and landowners to provide private land hunting access.

Subd. 2. Use of enrolled lands. (a) From September 1 to May 31, a person must have a walk-in access hunter validation in possession to hunt, photograph, and watch wildlife on private lands, including agricultural lands, that are posted as being enrolled in the walk-in access program.

(b) Hunting, bird-watching, nature photography, and similar compatible uses on private lands that are posted as enrolled in the walk-in access program is allowed from one-half hour before sunrise to one-half hour after sunset.
(c) **Hunter** Access on private lands that are posted as enrolled in the walk-in access program is restricted to nonmotorized use, except by **hunters** persons with disabilities operating motor vehicles on established trails or field roads who possess a valid permit to shoot from a stationary vehicle under section 97B.055, subdivision 3.

(d) The general provisions for use of wildlife management areas adopted under sections 86A.06 and 97A.137, relating to overnight use, alcoholic beverages, use of motorboats, firearms and target shooting, hunting stands, abandonment of trash and property, destruction or removal of property, introduction of plants or animals, and animal trespass, apply to **hunters on use of lands enrolled in the walk-in access program.**

(e) Any use of enrolled lands other than hunting according to use authorized under this section is prohibited, including:

1. harvesting bait, including minnows, leeches, and other live bait;
2. training dogs or using dogs for activities other than hunting; and
3. constructing or maintaining any building, dock, fence, billboard, sign, hunting blind, or other structure, unless constructed or maintained by the landowner.

**Subd. 3. Walk-in-access hunter validation; fee.** The fee for a walk-in-access hunter validation is $3.

Sec. 24. **Minnesota Statutes 2020, section 97A.137, subdivision 3, is amended to read:**

Subd. 3. **Use of motorized vehicles by disabled hunters people with disabilities.** The commissioner may issue provide an accommodation by issuing a special permit, without a fee, authorizing a **hunter** person with a permanent physical disability to use a snowmobile, highway-licensed vehicle, all-terrain vehicle, an other power-driven mobility device, as defined under Code of Federal Regulations, title 28, section 35.104, or a motor boat in wildlife management areas. To qualify for a permit under this subdivision, the **disabled person** must possess:

1. the required hunting licenses; and
2. a permit to shoot from a stationary vehicle under section 97B.055, subdivision 3, provide credible assurance to the commissioner that the device or motor boat is used because of a disability.
Sec. 25. Minnesota Statutes 2020, section 97A.475, subdivision 41, is amended to read:

Subd. 41. **Turtle licenses**. (a) The fee for a turtle seller’s license to sell turtles and to take, transport, buy, and possess turtles for sale is $250.

(b) The fee for a recreational turtle license to take, transport, and possess turtles for personal use is $25.

(c) The fee for a turtle seller’s apprentice license is $100.

Sec. 26. Minnesota Statutes 2020, section 97B.031, subdivision 1, is amended to read:

Subdivision 1. **Permissible firearms and ammunition; big game and wolves.** A person may take big game and wolves with a firearm only if:

1. the any rifle, shotgun, and handgun used is a caliber of at least .22 inches and with centerfire ignition;
2. the firearm is loaded only with single projectile ammunition;
3. a projectile used is a caliber of at least .22 inches and has a soft point or is an expanding bullet type;
4. the muzzleloader used is incapable of being has the projectile loaded only at the breech muzzle;
5. the smooth-bore muzzleloader used is a caliber of at least .45 inches; and
6. the rifled muzzleloader used is a caliber of at least .40 inches.

Sec. 27. [97B.673] **NONTOXIC SHOT REQUIRED FOR TAKING SMALL GAME IN CERTAIN AREAS.**

Subdivision 1. **Nontoxic shot on wildlife management areas in farmland zone.** After July 1, 2023, a person may not take small game, rails, or common snipe on any wildlife management area within the farmland zone with shot other than:

1. steel shot;
2. copper-plated, nickel-plated, or zinc-plated steel shot; or
3. shot made of other nontoxic material approved by the director of the United States Fish and Wildlife Service.

Subd. 2. **Farmland zone.** For the purposes of this section, the farmland zone is the portion of the state that falls south and west of Minnesota Highway 70 westward from the

Sec. 28. [97B.735] SWANS.

A person who takes, harasses, destroys, buys, sells, possesses, transports, or ships a native swan in violation of the game and fish laws is guilty of a gross misdemeanor.

Sec. 29. Minnesota Statutes 2020, section 97C.605, subdivision 1, is amended to read:

Subdivision 1. Resident angling license required. Taking turtles; requirements. In addition to any other license required in this section, (a) A person may not take, possess, or transport turtles without a resident angling license and a recreational turtle license.

(b) Turtles taken from the wild are for personal use only and may not be resold.

Sec. 30. Minnesota Statutes 2020, section 97C.605, subdivision 2c, is amended to read:

Subd. 2c. License exemptions. (a) A person does not need a turtle seller’s license or an angling license the licenses specified under subdivision 1:

(1) when buying turtles for resale at a retail outlet;

(2) when buying a turtle at a retail outlet; or

(3) if the person is a nonresident buying a turtle from a licensed turtle seller for export out of state. Shipping documents provided by the turtle seller must accompany each shipment exported out of state by a nonresident. Shipping documents must include: name, address, city, state, and zip code of the buyer; number of each species of turtle; and name and license number of the turtle seller; or

(4) to take, possess, and rent or sell up to 25 turtles greater than four inches in length for the purpose of providing the turtles to participants at a nonprofit turtle race, if the person is a resident under age 18. The person is responsible for the well-being of the turtles.

(b) A person with an aquatic farm license with a turtle endorsement or a private fish hatchery license with a turtle endorsement may sell, obtain, possess, transport, and propagate turtles and turtle eggs according to Minnesota Rules, part 6256.0900, without the licenses specified under subdivision 1.
Sec. 31. Minnesota Statutes 2021 Supplement, section 97C.605, subdivision 3, is amended to read:

Subd. 3. Taking; methods prohibited. (a) A person may not take turtles by using:

(1) explosives, drugs, poisons, lime, and other harmful substances;
(2) traps, except as provided in paragraph (b) and rules adopted under this section;
(3) nets other than anglers' fish landing nets;
(4) commercial equipment, except as provided in rules adopted under this section;
(5) firearms and ammunition;
(6) bow and arrow or crossbow; or
(7) spears, harpoons, or any other implements that impale turtles.

(b) Until new rules are adopted under this section, a person with a turtle seller's license may take turtles with a floating turtle trap that:

(1) has one or more openings above the water surface that measure at least ten inches by four inches; and
(2) has a mesh size of not less than one-half inch, bar measure.

Sec. 32. Minnesota Statutes 2021 Supplement, section 97C.611, is amended to read:

97C.611 TURTLE SPECIES; LIMITS.

Subdivision 1. Snapping turtles. A person may not possess more than three snapping turtles of the species *Chelydra serpentina* without a turtle seller's license. Until new rules are adopted under section 97C.605, a person may not take snapping turtles of a size less than ten inches wide including curvature, measured from side to side across the shell at midpoint. After new rules are adopted under section 97C.605, a person may only take snapping turtles of a size specified in the adopted rules.

Subd. 2. Western painted turtles. (a) A person may not possess more than three Western painted turtles of the species *Chrysemys picta* without a turtle seller's license. Western painted turtles must be between 4 and 5-1/2 inches in shell length.

(b) This subdivision does not apply to persons acting under section 97C.605, subdivision 2c, paragraph (a), clause (4) (2).
43.1 Subd. 3. *Spiny softshell.* A person may not possess spiny softshell turtles of the species *Apalone spinifera* after December 1, 2021, without an aquatic farm or private fish hatchery license with a turtle endorsement.

43.4 Subd. 4. *Other species.* A person may not possess any other species of turtle without except with an aquatic farm or private fish hatchery license with a turtle endorsement or as specified under section 97C.605, subdivision 2c.

43.7 Sec. 33. Minnesota Statutes 2020, section 103B.101, subdivision 2, is amended to read:

43.8 Subd. 2. *Voting members.* (a) The members are:

43.9 (1) three county commissioners;

43.10 (2) three soil and water conservation district supervisors;

43.11 (3) three watershed district or watershed management organization representatives;

43.12 (4) three citizens who are not employed by, or the appointed or elected officials of, a state governmental office, board, or agency;

43.14 (5) one township officer;

43.15 (6) two elected city officials, one of whom must be from a city located in the metropolitan area, as defined under section 473.121, subdivision 2;

43.17 (7) the commissioner of agriculture;

43.18 (8) the commissioner of health;

43.19 (9) the commissioner of natural resources;

43.20 (10) the commissioner of the Pollution Control Agency; and

43.21 (11) the director of the University of Minnesota Extension Service.

43.22 (b) Members in paragraph (a), clauses (1) to (6), must be distributed across the state with at least four members but not more than six members from the metropolitan area, as defined by section 473.121, subdivision 2.

43.25 (c) Members in paragraph (a), clauses (1) to (6), are appointed by the governor. In making the appointments, the governor may consider persons recommended by the Association of Minnesota Counties, the Minnesota Association of Townships, the League of Minnesota Cities, the Minnesota Association of Soil and Water Conservation Districts, and the Minnesota Association of Watershed Districts. The list submitted by an association must contain at least three nominees for each position to be filled.
(d) The membership terms, compensation, removal of members and filling of vacancies on the board for members in paragraph (a), clauses (1) to (6), are as provided in section 15.0575, except that a member may be compensated at the rate of up to $125 a day.

Sec. 34. Minnesota Statutes 2020, section 103B.103, is amended to read:

103B.103 EASEMENT STEWARDSHIP ACCOUNTS.

Subdivision 1. Accounts established; sources. (a) The water and soil conservation easement stewardship account and the mitigation easement stewardship account are created in the special revenue fund. The accounts consist of money credited to the accounts and interest and other earnings on money in the accounts. The State Board of Investment must manage the accounts to maximize long-term gain.

(b) Revenue from contributions and money appropriated for any purposes of the account as described in subdivision 2 must be deposited in the water and soil conservation easement stewardship account. Revenue from contributions, wetland banking mitigation fees designated for stewardship purposes by the board, easement stewardship payments authorized under subdivision 3, and money appropriated for any purposes of the account as described in subdivision 2 must be deposited in the mitigation easement stewardship account.

Subd. 2. Appropriation; purposes of accounts. (a) Five percent of the balance on July 1 each year in the water and soil conservation easement stewardship account and five percent of the balance on July 1 each year in the mitigation easement stewardship account are annually appropriated to the board and may be spent only to cover the costs of managing easements held by the board, including costs associated with:

1. repairing or replacing structures;
2. monitoring;
3. landowner contacts;
4. records storage and management;
5. processing landowner notices;
6. requests for approval or amendments;
7. enforcement; and
8. legal services associated with easement management activities.

(b) In addition to the amounts appropriated under paragraph (a), up to ten percent of the balance on July 1 each year in the water and soil conservation easement stewardship account...
and up to ten percent of the balance on July 1 each year in the mitigation easement stewardship account are annually appropriated to the board for emergency repair and replacement of water control structures when the amount appropriated in paragraph (a) is insufficient to cover the costs. The board must include a summary of how money appropriated under this paragraph in the prior two fiscal years was used in the report required under section 103B.101, subdivision 9, paragraph (a), clause (7).

Subd. 3. Financial contributions. The board shall seek a financial contribution to the water and soil conservation easement stewardship account for each conservation easement acquired by the board. The board shall seek a financial contribution or assess an easement stewardship payment to the mitigation easement stewardship account for each wetland banking mitigation easement acquired by the board. Unless otherwise provided by law, the board shall determine the amount of the contribution or payment, which must be an amount calculated to earn sufficient money to meet the costs of managing the easement at a level that neither significantly overrecovers nor underrecovers the costs. In determining the amount of the financial contribution, the board shall consider:

1) the estimated annual staff hours needed to manage the conservation easement, taking into consideration factors such as easement type, size, location, and complexity;

2) the average hourly wages for the class or classes of state and local employees expected to manage the easement;

3) the estimated annual travel expenses to manage the easement;

4) the estimated annual miscellaneous costs to manage the easement, including supplies and equipment, information technology support, and aerial flyovers;

5) the estimated annualized costs of legal services, including the cost to enforce the easement in the event of a violation; and

6) the estimated annualized costs for repairing or replacing water control structures; and

7) the expected rate of return on investments in the account.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 35. [103B.104] LAWNS TO LEGUMES PROGRAM.

The Board of Water and Soil Resources must establish a program to provide grants or payments to plant residential lawns with native vegetation and pollinator-friendly forbs and legumes to protect a diversity of pollinators. The board must establish criteria for grants or
payments awarded under this section. Grants or payments awarded under this section may be made for up to 75 percent of the costs of the project, except that, in areas identified by the United States Fish and Wildlife Service as areas where there is a high potential for rusty patched bumble bees to be present, grants may be awarded for up to 90 percent of the costs of the project.

Sec. 36. [103C.701] SOIL HEALTH GOALS.

The state of Minnesota's soil health goals are that:

(1) at least 5,750,000 acres employ cover crops, perennial crops, no-till, or managed rotational grazing by 2030;

(2) at least 11,500,000 acres employ cover crops, perennial crops, no-till, or managed rotational grazing by 2035; and

(3) at least 23,000,000 acres employ cover crops, perennial crops, no-till, or managed rotational grazing by 2040.

Sec. 37. [103E.122] DRAINAGE REGISTRY INFORMATION PORTAL.

(a) The executive director of the Board of Water and Soil Resources must establish and maintain a drainage registry information portal that includes a searchable electronic database of all documents initiating proceedings and nonpetitioned repairs under this chapter. The database must permit members of the public to easily search for and retrieve documents by:

(1) the name of the county or watershed district where the petition or document was filed;

(2) the type of petition or document filed;

(3) the date of the petition or document; and

(4) other identifiers that allow members of the public to easily access information on the proceeding or repair.

(b) For each proceeding, the database must include the contact information for a local contact that can provide additional information on the proceeding or repair.

(c) For any proceeding or nonpetitioned repair brought under this chapter, the drainage authority must file with the executive director an electronic copy of the petition or other document initiating the drainage project or repair. The petition or other document must be filed within ten calendar days of filing the petition or other document with the county auditor or secretary or, for nonpetitioned repairs, within ten days of ordering the repair. A drainage
authority may not take any action on a drainage proceeding or repair if the proceeding does not comply with this section.

(d) For any repair or maintenance undertaken under this chapter without a petition, the drainage authority must file with the executive director an electronic copy of the drainage inspection report or other document initiating the repair or maintenance within ten calendar days of the drainage inspection report or other document being presented to the drainage authority. A drainage authority may not take any action on a drainage inspector's report or otherwise order a repair or maintenance until the drainage inspector's report has been posted on the drainage registry information portal for 30 days.

Sec. 38. [103F.49] SOIL HEALTH COST-SHARE PROGRAM.

Subdivision 1. Definitions. (a) For purposes of this section, the terms in this subdivision have the meanings given.

(b) "Board" means the Board of Water and Soil Resources.

(c) "Local units of government" has the meaning given under section 103B.305, subdivision 5.

(d) "Soil health" has the meaning given under section 103C.101, subdivision 10a.

Subd. 2. Establishment. The board must administer a cost-share program consistent with section 103C.501 to establish soil health practices that mitigate climate change impacts, improve water quality, and provide related public benefits.

Subd. 3. Financial assistance. (a) The board may provide financial assistance to local units of government, private sector providers, and farmers for the costs of soil health and related water-quality practices consistent with a plan approved according to chapter 103B, 103C, or 103D. The board must establish costs eligible for financial and technical assistance under this section.

(b) The board may enter into agreements with local units of government receiving financial assistance under this subdivision.

(c) Financial assistance under this subdivision must give priority to multiyear contracts and to leveraging contributions from nonstate sources.

(d) Financial assistance under this subdivision must give priority to multiyear contracts that prioritize long-term soil health practices, including but not limited to no-till, field borders, prairie strips, and other practices sanctioned by the board or the United States
Subd. 4. Technical assistance; review. (a) The board may employ or contract with experts to implement the soil health program under this section.

(b) When implementing the soil health program, the board must:

(1) assist local units of government in achieving the objectives of the program;

(2) review and assess practice standards; and

(3) evaluate the effectiveness of completed practices.

Subd. 5. Federal aid availability. The board must regularly complete an analysis of the availability of federal funds and programs to supplement or complement state and local efforts consistent with the purposes of this section.

Sec. 39. [103G.134] ORDERS AND INVESTIGATIONS.

(a) The commissioner has the following powers and duties when acting pursuant to the enforcement provisions of this chapter:

(1) to adopt, issue, reissue, modify, deny, revoke, enter into, or enforce reasonable orders, schedules of compliance, and stipulation agreements;

(2) to issue notices of violation;

(3) to require a person holding a permit issued under this chapter or otherwise impacting the public waters of the state without a permit issued under this chapter to:

(i) make reports;

(ii) install, use, and maintain monitoring equipment or methods;

(iii) perform tests according to methods, at locations, at intervals, and in a manner as the commissioner prescribes; and

(iv) provide other information as the commissioner may reasonably require; and

(4) to conduct investigations; issue notices, public and otherwise; and order hearings as the commissioner deems necessary or advisable to discharge duties under this chapter, including but not limited to issuing permits and authorizing an employee or agent appointed by the commissioner to conduct the investigations and other authorities cited in this section.
Sec. 40. [103G.146] DUTY OF CANDOR.

(a) A person must not knowingly:

(1) make a false statement of fact or fail to correct a false statement of material fact regarding any matter pertaining to this chapter;

(2) fail to disclose information that the person knows is necessary for the commissioner to make an informed decision under this chapter; or

(3) offer information that the person knows to be false.

(b) If a person has offered material information to the commissioner and the person comes to know the information is false, the person must take reasonable remedial measures to provide the accurate information.

Sec. 41. Minnesota Statutes 2020, section 103G.271, is amended by adding a subdivision to read:

Subd. 2a. Public meeting. Before issuing a water-use permit or a plan for consumptive use of more than 100,000,000 gallons per year average, the commissioner must hold a public meeting. The meeting may be held in the county affected most by the potential impact to the public groundwater resource or by using interactive technology that allows members of the public to participate from a remote location, including providing public comments during the public comment period of the meeting. At least 21 days before the public meeting, the commissioner must publish notice of the meeting in a newspaper of general circulation in the county and must mail the notice to persons who have registered their names with the commissioner for this purpose.

Sec. 42. Minnesota Statutes 2020, section 103G.287, subdivision 5, is amended to read:

Subd. 5. Sustainability standard. (a) The commissioner may issue water-use permits for appropriation from groundwater only if the commissioner determines that the groundwater use is sustainable to supply the needs of future generations and the proposed use will not harm ecosystems, degrade water, or reduce water levels beyond the reach of public water supply and private domestic wells constructed according to Minnesota Rules, chapter 4725.

(b) When determining whether a consumptive use of groundwater is sustainable, the commissioner must make a determination that the level of recharge to the aquifer impacted is sufficient to replenish the groundwater supply to meet the needs of future generations.
Sec. 43. Minnesota Statutes 2020, section 103G.299, subdivision 1, is amended to read:

Subdivision 1. Authority to issue administrative penalty orders. (a) As provided in paragraph (b), the commissioner may issue an order requiring violations to be corrected and administratively assessing monetary penalties for violations of sections 103G.271 and 103G.275, and any rules adopted under those sections.

(b) An order under this section may be issued to a person for water appropriation activities without a required permit or for violating the terms of a required permit.

(c) The order must be issued as provided in this section and in accordance with the plan prepared under subdivision 12.

Sec. 44. Minnesota Statutes 2020, section 103G.299, subdivision 2, is amended to read:

Subd. 2. Amount of penalty; considerations. (a) The commissioner may issue orders assessing administrative penalties based on potential for harm and deviation from compliance.

For a violation that presents:

(1) a minor potential for harm and deviation from compliance, the penalty will be no more than $1,000;

(2) a moderate potential for harm and deviation from compliance, the penalty will be no more than $10,000; and

(3) a severe potential for harm and deviation from compliance, the penalty will be no more than $20,000.

(b) In determining the amount of a penalty the commissioner may consider:

(1) the gravity of the violation, including potential for, or real, damage to the public interest or natural resources of the state;

(2) the history of past violations;

(3) the number of violations;

(4) the economic benefit gained by the person by allowing or committing the violation based on data from local or state bureaus or educational institutions; and

(5) other factors as justice may require, if the commissioner specifically identifies the additional factors in the commissioner's order.

(c) For a violation after an initial violation, including a continuation of the initial violation, the commissioner must, in determining the amount of a penalty, consider the factors in paragraph (b) and the:
(1) similarity of the most recent previous violation and the violation to be penalized;
(2) time elapsed since the last violation;
(3) number of previous violations; and
(4) response of the person to the most recent previous violation identified.

Sec. 45. Minnesota Statutes 2020, section 103G.299, subdivision 5, is amended to read:

Subd. 5. Penalty. (a) Except as provided in paragraph (b), if the commissioner determines
that the violation has been corrected or appropriate steps have been taken to correct the
action, the penalty must be forgiven. Unless the person requests review of the order under
subdivision 6 or 7 before the penalty is due, the penalty in the order is due and payable:

1. on the 31st day after the order was received, if the person subject to the order fails
   to provide information to the commissioner showing that the violation has been corrected
   or that appropriate steps have been taken toward correcting the violation; or

2. on the 20th day after the person receives the commissioner's determination under
   subdivision 4, paragraph (c), if the person subject to the order has provided information to
   the commissioner that the commissioner determines is not sufficient to show that the violation
   has been corrected or that appropriate steps have been taken toward correcting the violation.

(b) For repeated or serious violations, the commissioner may issue an order with a penalty
that is not forgiven after the corrective action is taken. The penalty is due by 31 days after
the order was received, unless review of the order under subdivision 6 or 7 has been sought.

(c) Interest at the rate established in section 549.09 begins to accrue on penalties under
this subdivision on the 31st day after the order with the penalty was received.

Sec. 46. Minnesota Statutes 2020, section 103G.299, subdivision 10, is amended to read:

Subd. 10. Cumulative remedy. The authority of the commissioner to issue a corrective
order assessing penalties is in addition to other remedies available under statutory or common
law, except that the state may not seek civil penalties under any other provision of law for
the violations covered by the administrative penalty order. The payment of a penalty does
not preclude the use of other enforcement provisions, under which penalties are not assessed,
in connection with the violation for which the penalty was assessed.
Sec. 47. [103G.2991] PENALTIES; ENFORCEMENT.

Subdivision 1. Civil penalties. (a) The commissioner, according to section 103G.134, may issue a notice to a person who violates:

(1) this chapter;

(2) a permit issued under this chapter or a term or condition of a permit issued under this chapter;

(3) a duty under this chapter to permit an inspection, entry, or monitoring activity or a duty under this chapter to carry out an inspection or monitoring activity;

(4) a rule adopted under this chapter;

(5) a stipulation agreement, variance, or schedule of compliance entered into under this chapter; or

(6) an order issued by the commissioner under this chapter.

(b) A person issued a notice forfeits and must pay to the state a penalty, in an amount to be determined by the district court, of not more than $10,000 per day of violation.

(c) In the discretion of the district court, a defendant under this section may be required to:

(1) forfeit and pay to the state a sum that adequately compensates the state for the reasonable value of restoration, monitoring, and other expenses directly resulting from the unauthorized use of or damage to natural resources of the state; and

(2) forfeit and pay to the state an additional sum to constitute just compensation for any damage, loss, or destruction of the state's natural resources and for other actual damages to the state caused by an unauthorized use of natural resources of the state.

(d) As a defense to damages assessed under paragraph (c), a defendant may prove that the violation was caused solely by:

(1) an act of God;

(2) an act of war;

(3) negligence on the part of the state;

(4) an act or failure to act that constitutes sabotage or vandalism; or

(5) any combination of clauses (1) to (5).
(e) The civil penalties and damages provided for in this subdivision may be recovered by a civil action brought by the attorney general in the name of the state in Ramsey County District Court. Civil penalties and damages provided for in this subdivision may be resolved by the commissioner through a negotiated stipulation agreement according to the authority granted to the commissioner in section 103G.134.

Subd. 2. Enforcement. This chapter and rules, standards, orders, stipulation agreements, schedules of compliance, and permits adopted or issued by the commissioner under this chapter or any other law for preventing, controlling, or abating damage to natural resources may be enforced by one or more of the following:

(1) criminal prosecution;

(2) action to recover civil penalties;

(3) injunction;

(4) action to compel performance; or

(5) other appropriate action according to this chapter.

Subd. 3. Injunctions. A violation of this chapter or rules, standards, orders, stipulation agreements, variances, schedules of compliance, and permits adopted or issued under this chapter constitutes a public nuisance and may be enjoined as provided by law in an action, in the name of the state, brought by the attorney general.

Subd. 4. Actions to compel performance. (a) In an action to compel performance of an order issued by the commissioner for any purpose related to preventing, controlling, or abating damage to natural resources under this chapter, the court may require a defendant adjudged responsible to do and perform any and all acts and things within the defendant's power that are reasonably necessary to accomplish the purposes of the order.

(b) In case a municipality or its governing or managing body or any of its officers is a defendant, the court may require the municipality to exercise its powers, without regard to any limitation of a requirement for an election or referendum imposed thereon by law and without restricting the powers of the commissioner, to do any or all of the following, without limiting the generality hereof:

(1) levy taxes or special assessments;

(2) prescribe service or use charges;

(3) borrow money;

(4) issue bonds;
54.1 (5) employ assistance;
54.2 (6) acquire real or personal property;
54.3 (7) let contracts;
54.4 (8) otherwise provide for doing work or constructing, installing, maintaining, or operating facilities; and
54.5 (9) do all other acts and things reasonably necessary to accomplish the purposes of the order.
54.6 (c) The court must grant a municipality under paragraph (b) the opportunity to determine the appropriate financial alternatives to be used to comply with the court-imposed requirements.
54.7 (d) An action brought under this subdivision must be venued in Ramsey County District Court.

Sec. 48. Minnesota Statutes 2020, section 115.061, is amended to read:

115.061 DUTY TO NOTIFY; AVOIDING WATER POLLUTION.

(a) Except as provided in paragraph (b), it is the duty of every person to notify the agency immediately of the discharge, accidental or otherwise, of any substance or material under its control which, if not recovered, may cause pollution of waters of the state, and the responsible person shall recover as rapidly and as thoroughly as possible such substance or material and take immediately such other action as may be reasonably possible to minimize or abate pollution of waters of the state caused thereby.

(b) Notification is not required under paragraph (a) for a discharge of five gallons or less of petroleum, as defined in section 115C.02, subdivision 10. This paragraph does not affect the other requirements of paragraph (a).

(c) Promptly after notifying the agency of a discharge under paragraph (a), a publicly owned treatment works or a publicly or privately owned domestic sewer system owner must provide notice to the potentially impacted public and to any downstream drinking water facility that may be impacted by the discharge. Notice to the public and to any drinking water facility must be made using the most efficient communications system available to the facility owner such as in person, phone call, radio, social media, web page, or another expedited form. In addition, signs in sufficient number to alert the public must be posted at all impacted public use areas within the same jurisdiction or notice must be provided to the entity that has jurisdiction over any impacted public use areas. A notice under this paragraph

Article 2 Sec. 48.
must include the date and time of the discharge, a description of the material released, a
warning of the potential public health risk, and the permittee's contact information. The
agency must provide guidance that includes but is not limited to methods and protocols for
providing timely notice under this section.

Sec. 49. Minnesota Statutes 2020, section 115.071, is amended by adding a subdivision
to read:

Subd. 3a. Public informational meeting. (a) The commissioner, before finalizing a
stipulation agreement or consent decree with a facility in which the agency is seeking a
settlement amount greater than $25,000, must hold a public informational meeting at a
convenient time at a location near the facility to:

(1) notwithstanding section 13.39, subdivision 2, describe the amount, frequency,
duration, and chemical nature of the pollution released or emitted by the facility and the
risks to public health and the environment from that exposure; and

(2) allow members of the public, including those persons potentially exposed to pollution
released or emitted from the facility, to make the agency aware of:

(i) interactions between the facility and the public regarding the facility's operations;
(ii) operational problems or incidents that have occurred at the facility; and
(iii) suggestions regarding supplemental environmental projects that the public may
prefer as part of a stipulation agreement or consent decree between the facility and the
agency.

(b) For the purposes of this section, "supplemental environmental project" means a
project that benefits the environment or public health and that a regulated facility agrees to
undertake as part of a settlement with respect to an enforcement action taken by the agency
to resolve noncompliance.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 50. [115A.5591] COMPOSTING; MULTIFAMILY BUILDINGS;
COMPETITIVE GRANT PROGRAM.

Subdivision 1. Definitions. (a) For the purposes of this section, the following terms have
the meanings given.

(b) "Common interest community" has the meaning given in section 515B.1-103, clause
(10).
(c) "Composting" means the controlled biological decomposition of source-separated food wastes through an aerobic method of accelerating natural decomposition that takes place at a site separate from the residence or location of any generator of source-separated food wastes.

(d) "Homeowners association" means an association of residential unit owners that is organized to govern and administer a common interest community, regardless of whether the common interest community is subject to chapter 515B.

(e) "Minnesota Tribal government" has the meaning given in section 10.65, subdivision 2, paragraph (a), clause (4).

(f) "Multifamily building" means an apartment facility containing four or more dwelling units, each to be rented by a person or family for use as a residence.

(g) "Source-separated food wastes" means food wastes that are separated at the source by waste generators for the purpose of preparing them for composting.

Subd. 2. Grant program established. The commissioner must establish a competitive grant program to provide financial assistance to develop and implement pilot projects that encourage and increase composting by residents of multifamily buildings in areas where compost is not collected at curbside. Each grant must include an educational component on the methods and benefits of composting.

Subd. 3. Eligible applicants. A grant may be awarded under this section to:

1. a political subdivision;
2. an owner of a multifamily building;
3. an organization that is exempt from taxation under section 501(c)(3) of the Internal Revenue Code;
4. a Minnesota Tribal government; or
5. a homeowners association.

Subd. 4. Application. The commissioner must develop forms and procedures for soliciting and reviewing applications for grants under this section.

Subd. 5. Eligible expenditures. Appropriations made for the grant program under this section may be used only to:

1. provide grants as specified in this section; and
(2) reimburse the reasonable expenses of the Pollution Control Agency in administering
the grant program.

Subd. 6. Grant awards. In awarding grants under this section, the commissioner shall
give priority to applications filed by applicants who meet the conditions of subdivision 3,
clause (3).

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 51. [115A.561] ZERO-WASTE GRANT PROGRAM.

Subdivision 1. Definitions. (a) For the purposes of this section, the following definitions
apply.

(b) "Adaptive management practices" means the integration of project design,
management, and monitoring to identify project impacts and outcomes as they arise and
adjust behaviors to improve outcomes.

(c) "Eligible entity" means a nonprofit or unit of government.

(d) "Embodied energy" means energy that was used to create a product or material.

(e) "Living wage" means the minimum income necessary to allow a person working 40
hours per week to afford the cost of housing, food, and other material necessities.

(f) "Organics recycling" means the biological processes by which organics streams are
converted to compost that is not harmful to humans, plants, or animals.

(g) "Recycling" means the mechanical processing of materials that have reached the end
of their current use into materials to be used in the production of new products. Recycling
does not include incineration or any energy recovery process or depolymerization or a
similar process.

(h) "Reuse" does not mean incineration, but does mean:

(1) using a product, packaging, or resource more than once for the same or a new function
with little or no processing; or

(2) repairing a product so it can be used longer, sharing or renting it, or selling or donating
it to another party.

(i) "Source reduction" does not mean incineration, but does mean:

(1) activities that reduce consumption of products or services that create physical outputs,
such as packaging, that are secondary to the intended use of the item being consumed;
(2) measures or techniques that reduce the amount of waste generated during production processes; and

(3) reducing or eliminating use of materials that are not able to be recycled without degrading the quality of the material.

(j) "Source-separated" means the separation of a stream of recyclable materials at the point of waste creation before materials are collected and centralized. Source-separated does not include technologies that sort mixed municipal solid waste into recyclable and nonrecyclable materials.

(k) "Waste prevention" means reuse, recycling, and other methods to reduce the amount of materials disposed of in landfills or incinerated.

(l) "Zero waste" means conservation of all resources by means of responsible production, consumption, reuse, and recovery of products, packaging, and materials without burning or otherwise destroying embodied energy, with no discharges to land, water, or air that threaten the environment or human health.

(m) "Zero-waste practice" means a practice used to help achieve zero waste, including source reduction and waste prevention.

Subd. 2. Establishment. The commissioner must establish a competitive grant program for eligible entities to pursue projects that are consistent with zero-waste practices, including projects in the following four categories:

1. electric waste reuse and recycling under subdivision 3;
2. source reduction under subdivision 4;
3. market development under subdivision 5; and
4. organics recycling infrastructure under subdivision 6.

Subd. 3. Electronic waste reuse and recycling. Projects under this subdivision must relate to electronic waste reuse and recycling and must be carried out by an organization certified in sustainable electronic waste standards by an organization accredited by the National Accreditation Board of the American National Standards Institute and the American Society for Quality, or another accrediting body as determined by the commissioner. Grant funds for the projects may be used for infrastructure, technology, research and development, and product refurbishment. Projects must not include an electronic waste buy-back program that provides compensation for used electronics as a credit toward the purchase of additional electronics.
Subd. 4. Source reduction. Projects under this subdivision must relate to source reduction. Grants for the projects may be used for educational programming and outreach activities to encourage consumer behavior change or for product or manufacturing redesign or redevelopment to reduce by-products, packaging, and other outputs. For projects involving product or manufacturing redesign or redevelopment, the applicable manufacturer must pay a living wage and the redevelopment or redesign must not result in higher toxicity or more complicated recyclability of the product or by-products or increased volume of the by-products.

Subd. 5. Market development. Projects under this subdivision must relate to market development with respect to source reduction or waste prevention, including creating demand for sorted recyclable commodities and refurbished goods. The projects must target easily or commonly recycled materials that are disproportionately disposed of in landfills or incinerated and must reduce the volume, weight, or toxicity of waste and waste by-products. Projects must not conflict with other laws or requirements as identified by the commissioner.

Subd. 6. Organics recycling infrastructure. Projects under this subdivision must relate to organics recycling infrastructure. Grants for the projects may be used for facilities, machinery, equipment, and other physical necessities required for organics collection or processing on a city- or county-wide scale. Projects under this subdivision must result in increased capacity for residential and commercial source-separated organics streams and generate a usable product that has demonstrable environmental benefits when compared to the input materials, such as compost with added nutritional content. Projects may not include mixed-waste composting.

Subd. 7. Grant process. (a) The commissioner must award grants to eligible entities through a competitive grant process.

(b) To receive a grant, an eligible entity must submit a written application to the commissioner using the form developed by the commissioner and including any information requested by the commissioner.

(c) The application must demonstrate that the eligible entity has set specific source reduction or waste prevention targets and that the project will take place in a community in the 80th percentile or higher for one or more pollutants as noted in the EJScreen tool, or any successor system, of the federal Environmental Protection Agency.

Subd. 8. Award criteria. In awarding grants under this section, the commissioner must give priority to eligible entities with projects that:
(1) could lead to the creation of new jobs that pay a living wage, with additional preference for jobs for individuals with barriers to employment;

(2) achieve source reduction or waste prevention in schools;

(3) employ adaptive management practices to identify, prevent, or address any negative environmental consequences of the proposed project;

(4) demonstrate need for additional investment in infrastructure and projects to achieve source reduction and waste prevention targets set by the local unit of government responsible for waste and recycling projects in the geographic area;

(5) will develop innovative or new technologies or strategies for source reduction and waste prevention;

(6) will encourage further investment in source reduction and waste prevention projects; or

(7) will incorporate multistakeholder involvement, including nonprofit, commercial, and public sector partners.

Subd. 9. Report to the legislature. By January 15, 2024, the commissioner must submit a report as required under section 3.195 that details the use of grant money. A copy of this report must also be sent to the chairs and ranking minority members of the legislative committees with jurisdiction over economic development and environment.

Sec. 52. [115A.993] PROHIBITED DISPOSAL METHODS.

A person must not dispose of seed treated with neonicotinoid pesticide in a manner inconsistent with the product label, where applicable, or by:

(1) burying near a drinking water source or any creek, stream, river, lake, or other surface water;

(2) composting; or

(3) incinerating within a home or other dwelling.

Sec. 53. Minnesota Statutes 2020, section 115B.17, subdivision 14, is amended to read:

Subd. 14. Requests for review, investigation, and oversight. (a) The commissioner may, upon request, assist a person in determining whether real property has been the site of a release or threatened release of a hazardous substance, pollutant, or contaminant. The commissioner may also assist in, or supervise, the development and implementation of
reasonable and necessary response actions. Assistance may include review of agency records
and files, and review and approval of a requester's investigation plans and reports and
response action plans and implementation.

(b) Except as otherwise provided in this paragraph, the person requesting assistance
under this subdivision shall pay the agency for the agency's cost, as determined by the
commissioner, of providing assistance. A state agency, political subdivision, or other public
entity is not required to pay for the agency's cost to review agency records and files. Money
received by the agency for assistance under this section The first $350,000 received annually
by the agency for assistance under this subdivision from persons who are not otherwise
responsible under sections 115B.01 to 115B.18 must be deposited in the remediation fund
and is exempt from section 16A.1285. Money received after the first $350,000 must be
deposited in the state treasury and credited to an account in the special revenue fund. Money
in the account is annually appropriated to the commissioner for the purposes of administering
this subdivision.

(c) When a person investigates a release or threatened release in accordance with an
investigation plan approved by the commissioner under this subdivision, the investigation
does not associate that person with the release or threatened release for the purpose of section
115B.03, subdivision 3, paragraph (a), clause (4).

Sec. 54. Minnesota Statutes 2020, section 115B.171, is amended to read:

115B.171 TESTING FOR PRIVATE WELLS; EAST METROPOLITAN AREA.

Subdivision 1. Definitions. (a) For the purposes of this section, the following terms have
the meanings given.

(b) "East metropolitan area" means:

(1) the cities of Afton, Cottage Grove, Lake Elmo, Maplewood, Newport, Oakdale, St.
Paul Park, and Woodbury;

(2) the townships of Denmark, Grey Cloud Island, and West Lakeland; and

(3) other areas added by the commissioner that have a potential for significant
groundwater pollution from **PFCs** **PFAS**.

(c) "PFCs" "PFAS" means per- and poly-fluorinated chemicals perfluoroalkyl and
polyfluoroalkyl substances.
Subd. 2. Testing for private wells. To provide results of PFAS groundwater monitoring to the public, the commissioner of the Pollution Control Agency must develop a web page that may include, but is not limited to, the following:

1) the process for private and public well PFAS sampling in the east metropolitan area;

2) an interactive map system that allows the public to view locations of the Department of Health well advisories and areas projected to be sampled for PFAS; and

3) how to contact the Pollution Control Agency or Department of Health staff to answer questions on sampling of private wells.

Subd. 3. Test reporting. (a) By January February 15 each year, the commissioner of the Pollution Control Agency must report to each community in the east metropolitan area a summary of the results of the testing for private wells in the community. The report must include information on the number of wells tested and trends of PFAS contamination in private wells in the community. Reports to communities under this section must also be published on the Pollution Control Agency's website.

(b) By January February 15 each year, the commissioner of the Pollution Control Agency must report to the legislature, as provided in section 3.195, on the testing for private wells conducted in the east metropolitan area, including copies of the community reports required in paragraph (a), the number of requests for well testing in each community, and the total amount spent for testing private wells in each community.

Sec. 55. Minnesota Statutes 2020, section 115B.52, subdivision 4, is amended to read:

Subd. 4. Reporting. The commissioner of the Pollution Control Agency and the commissioner of natural resources must jointly submit:

1) by April 1, 2019, an implementation plan detailing how the commissioners will:
   i) determine how the priorities in the settlement will be met and how the spending will move from the first priority to the second priority and the second priority to the third priority outlined in the settlement; and
   ii) evaluate and determine what projects receive funding;

2) by February 1 and August October 1 each year, a biannual report to the chairs and ranking minority members of the legislative policy and finance committees with jurisdiction over environment and natural resources on expenditures from the water quality and sustainability account during the previous six months fiscal year; and
(3) by **August 1, 2019, and October 1 each year thereafter**, a report to the legislature on expenditures from the water quality and sustainability account during the previous fiscal year and a spending plan for anticipated expenditures from the account during the current fiscal year.

Sec. 56. Minnesota Statutes 2020, section 116.06, subdivision 1, is amended to read:

Subdivision 1. **Applicability.** The definitions given in this section shall obtain for the purposes of sections 116.01 to 116.075 except as otherwise expressly provided or indicated by the context.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 57. Minnesota Statutes 2020, section 116.06, is amended by adding a subdivision to read:

Subd. 6a. **Commissioner.** "Commissioner" means the commissioner of the Pollution Control Agency.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 58. Minnesota Statutes 2020, section 116.06, is amended by adding a subdivision to read:

Subd. 10a. **Environmental justice.** "Environmental justice" means that:

(1) communities of color, Indigenous communities, and low-income communities have a healthy environment and are treated fairly when environmental statutes, rules, and policies are developed, adopted, implemented, and enforced; and

(2) in all decisions that have the potential to affect the environment of an environmental justice area or the public health of its residents, due consideration is given to the history of the area's and its residents' cumulative exposure to pollutants and to any current socioeconomic conditions that increase the physical sensitivity of those residents to additional exposure to pollutants.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 59. Minnesota Statutes 2020, section 116.06, is amended by adding a subdivision to read:

Subd. 10b. **Environmental justice area.** "Environmental justice area" means one or more census tracts in the state:
(1) in which, based on the most recent data published by the United States Census Bureau:
   (i) 40 percent or more of the population is nonwhite;
   (ii) 35 percent or more of the households have an income at or below 200 percent of the federal poverty level; or
   (iii) 40 percent or more of the population over the age of five has limited English proficiency; or
(2) that is in Indian Country, as defined in United States Code, title 18, section 1151.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 60. Minnesota Statutes 2020, section 116.06, is amended by adding a subdivision to read:

   Subd. 14a. **Microplastics.** "Microplastics" means small pieces of plastic debris in the environment that are less than five millimeters in length and that result from the disposal and breakdown of consumer products and industrial waste.

Sec. 61. Minnesota Statutes 2020, section 116.06, is amended by adding a subdivision to read:

   Subd. 14b. **Nanoplastics.** "Nanoplastics" means particles with a size ranging from one to 1,000 nanometers that are unintentionally produced from the manufacture or degradation of plastic objects and that exhibit a colloidal behavior.

Sec. 62. Minnesota Statutes 2020, section 116.06, is amended by adding a subdivision to read:

   Subd. 17a. **Plastic.** "Plastic" means an organic or petroleum derivative synthetic or a semisynthetic organic solid that is moldable and to which additives or other substances may have been added. Plastic does not mean natural polymers that have not been chemically modified.

Sec. 63. [116.062] **AIR TOXICS EMISSIONS REPORTING.**

   (a) The commissioner must require each facility operating under an air quality permit issued by the agency to annually report the facility's air toxics emissions to the agency, including a facility not required as a condition of its air quality permit to keep records of air toxics emissions. The commissioner must determine the method to be used by a facility to directly measure or estimate air toxics emissions. The commissioner must incorporate
the requirement to annually report air toxics emissions into the air quality permit of each facility subject to this section.

(b) For the purposes of this section, "air toxic" means a chemical compound or compound class that is emitted into the air by a permitted facility and that is listed, reported, or identified under any of the following categories:

(1) hazardous air pollutants listed under the federal Clean Air Act, United States Code, title 42, section 7412, as amended;

(2) chemicals reported as released into the atmosphere by a facility located in the state for the Toxic Release Inventory under the federal Emergency Planning and Community Right-to-Know Act, United States Code, title 42, section 11023, as amended;

(3) chemicals of high concern, as listed by the Department of Health under section 116.9402;

(4) chemicals for which the Department of Health has adopted health-based values or risk assessment advice;

(5) chemicals for which the risk to human health has been assessed by the federal Environmental Protection Agency's Integrated Risk Information System;

(6) chemicals for which emission limits are incorporated into current facility permits; and

(7) chemicals reported by facilities in the agency's triennial emissions inventory.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 64. Minnesota Statutes 2020, section 116.07, subdivision 4a, is amended to read:

Subd. 4a. Permits. (a) The Pollution Control Agency commissioner may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions of noise pollution.

(b) The Pollution Control Agency commissioner may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the storage, collection, transportation, processing, or disposal of waste, or for the installation or operation of any system or facility, or any part thereof, related to the storage, collection, transportation, processing, or disposal of waste.

Article 2 Sec. 64.
(c) The agency commissioner may not issue a permit, renew, or approve a major amendment to a facility permit that potentially increases pollution levels or the toxicity of emissions in an environmental justice area without analyzing and considering:

(1) the cumulative levels and effects of past and current environmental pollution from all sources on the environment and residents of the geographic area within which the facility's emissions are likely to be deposited, provided that the facility is located in a community in a city of the first class in Hennepin County that meets all of the following conditions:

- environmental justice area, including mobile sources and toxic chemicals contaminating soils; and

- (2) the demographic, social, and economic characteristics of the exposed population in the environmental justice area that affect the population's sensitivity to exposure to additional pollution, as required under subdivision 4m.

(1) is within a half mile of a site designated by the federal government as an EPA superfund site due to residential arsenic contamination;

- (2) a majority of the population are low-income persons of color and American Indians;

- (3) a disproportionate percent of the children have childhood lead poisoning, asthma, or other environmentally related health problems;

- (4) is located in a city that has experienced numerous air quality alert days of dangerous air quality for sensitive populations between February 2007 and February 2008; and

- (5) is located near the junctions of several heavily trafficked state and county highways and two one-way streets which carry both truck and auto traffic.

(d) The Pollution Control Agency commissioner may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency commissioner, to prevent or abate pollution.

(e) The Pollution Control Agency commissioner has the authority for approval over the siting, expansion, or operation of a solid waste facility with regard to environmental issues. However, the agency's issuance of a permit does not release the permittee from any liability, penalty, or duty imposed by any applicable county ordinances. Nothing in this chapter precludes, or shall be construed to preclude, a county from enforcing land use controls, regulations, and ordinances existing at the time of the permit application and adopted pursuant to sections 366.10 to 366.181, 394.21 to 394.37, or 462.351 to 462.365, with regard to the siting, expansion, or operation of a solid waste facility.
(f) Except as prohibited by federal law, a person may commence construction, reconstruction, replacement, or modification of any facility **prior to the issuance of a construction permit by the agency** before the commissioner issues a construction permit.

(g) A permit application must indicate whether the permit action sought is likely to impact the environment or the health of residents of an environmental justice area and must include the data used by the applicant to make the determination. If the application is filed before the commissioner identifies all environmental justice areas in the state under section 116.076, the commissioner must determine whether, based on the application's projected impacts of issuing the permit, the area impacted qualifies as an environmental justice area and whether, as a result, a cumulative analysis is required.

(h) The commissioner must review the applicant's determination made under paragraph (g), and is responsible for determining whether a proposed permit will impact the environment or health of an environmental justice area.

(i) The agency's reasonable costs of complying with this subdivision are to be reimbursed by the permit applicant.

**EFFECTIVE DATE.** This section is effective the day following final enactment and applies to an application for a new permit, permit renewal, or major permit amendment filed with the commissioner on or after that date.

Sec. 65. Minnesota Statutes 2020, section 116.07, is amended by adding a subdivision to read:

Subd. 4m. **Demographic analysis.** (a) A permit applicant subject to subdivision 4a, paragraph (c), must provide the information listed in clauses (1) to (15), if available, in the permit application. The commissioner, in collaboration with the State Demographic Center, the Minnesota Department of Health, and other state agencies, must provide an applicant with a list of sources for the information required in clauses (1) to (15). The information is intended to indicate the degree of sensitivity of the exposed population to incremental pollution emitted from a facility seeking a permit or permit amendment and the exposed population's ability to withstand, respond to, or recover from exposure to additional pollution. This required information includes:

(1) racial and ethnic characteristics;

(2) income and poverty levels;

(3) the age distribution;
(4) the birth rate;

(5) education levels;

(6) the incidence of and hospital admission rates for respiratory disease, pulmonary
disease, cancer, diabetes, asthma, high levels of blood lead concentrations, compromised
immune systems, and other conditions that may be exacerbated by exposure to pollution;

(7) the incidence of substandard housing conditions;

(8) the proportion of the population without access to health insurance and medical care;

(9) the proportion of the population receiving public assistance and medical assistance;

(10) the incidence of low and very low food security, as defined by the United States
Department of Agriculture publication Food Security in the U.S., Definitions of Food
Security (2006 and as subsequently amended);

(11) biomonitoring data indicating body burdens of environmental pollutants;

(12) the presence of subpopulations that may be particularly sensitive to exposure to
additional pollutants, including workers exposed to toxic chemicals in the workplace and
subsistence fishers and hunters;

(13) microclimate or topographical factors of the area that affect exposure levels;

(14) other environmental stressors, including but not limited to noise, that impact the
area population; and

(15) how the factors examined under this paragraph may interact to increase the likelihood
of portions of the population sustaining an adverse effect from exposure to the additional
pollution emitted by the permitted facility.

(b) A permit applicant must provide the information required under this subdivision to
the commissioner in a format and at a level of quality and completeness required by the
commissioner.

(c) The costs of complying with this subdivision must be paid by the permit applicant.

EFFECTIVE DATE. This section is effective the day following final enactment and
applies to an application for a new permit, permit renewal, or major permit amendment filed
with the commissioner on or after that date.
Sec. 66. Minnesota Statutes 2020, section 116.07, is amended by adding a subdivision to read:

Subd. 4n. Permits; environmental justice area. (a) At a public meeting held on a permit application required to undergo a cumulative analysis under subdivision 4a, paragraph (c), the commissioner must ensure that an accurate and complete reporting of public comments is made part of the public record on which the decision on permit issuance is based.

(b) Notwithstanding any other law, the commissioner must, after reviewing the permit application, the analysis of cumulative pollution conducted under subdivision 4a, paragraph (c), the permit applicant's demographic analysis under subdivision 4m, and any additional relevant information, including testimony and written comments received at a public meeting, determine whether the incremental environmental impacts that would result in an environmental justice area from approving the permit will, in conjunction with the cumulative pollution impacts and any heightened sensitivity to additional pollution of residents of the environmental justice area, cause or contribute to increased levels of environmental or health impacts compared with denying the permit.

(b) If the commissioner determines that approving the permit would cause or contribute to increased levels of environmental or health impacts compared with denying the permit, the commissioner must:

(1) deny the permit; or

(2) place conditions on the permit that eliminate any contribution to increased levels of environmental or health impacts from the permitted facility in an environmental justice area.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to an application for a new permit, permit renewal, or major permit amendment filed with the agency on or after that date.

Sec. 67. Minnesota Statutes 2020, section 116.07, is amended by adding a subdivision to read:

Subd. 7f. Financial assurance. (a) Before the commissioner issues or renews a permit for a feedlot with a capacity of 1,000 or more animal units, the permit applicant must submit to the commissioner proof of financial assurance that satisfies the requirements under this subdivision. Financial assurance must be of an amount sufficient to pay the closure costs determined under paragraph (c) for the feedlot and manure storage area, with all terms and conditions of the financial assurance instrument approved by the commissioner. The
commissioner, in evaluating financial assurance, may consult individuals with documented experience in the analysis. The applicant must pay all costs incurred by the commissioner to obtain this analysis.

(b) A permittee must maintain sufficient financial assurance for the duration of the permit and demonstrate to the commissioner's satisfaction that:

(1) the funds will be available and made payable to the commissioner if the commissioner determines the permittee is not in full compliance with the closure requirements established by the commissioner in rule for feedlots and manure storage areas;

(2) the financial assurance instrument is fully valid, binding, and enforceable under state and federal law;

(3) the financial assurance instrument is not dischargeable through bankruptcy; and

(4) the financial assurance provider will give the commissioner at least 120 days' notice before canceling the financial assurance instrument.

(c) The permit applicant must submit to the commissioner a documented estimate of costs required to implement the closure requirements established by the commissioner in rule for feedlots and manure storage areas. Cost estimates must incorporate current dollar values at the time of estimate and any additional costs required by the commissioner to oversee and hire a third party to implement the closure requirements. The applicant must not incorporate the estimated salvage or market value of manure, animals, structures, equipment, land, or other assets. The commissioner must evaluate and may modify the applicant's cost estimates and may consult individuals with documented experience in feedlot or manure storage area closure or remediation. The applicant must pay all costs incurred by the commissioner to obtain this consultation.

Sec. 68. Minnesota Statutes 2020, section 116.07, is amended by adding a subdivision to read:

Subd. 7g. Abandoned manure storage areas. At least annually, the commissioner must compile a list of abandoned manure storage areas in this state. A list compiled under this subdivision is not a feedlot inventory for purposes of subdivision 7b. For purposes of this subdivision, "abandoned manure storage areas" means solid and liquid manure storage areas that have:

(1) been previously registered with the state as a feedlot with a manure storage area; and
(2) permanently ceased operation and are subject to, but not in compliance with, the
closure requirements established by the commissioner in rule for feedlots and manure storage
areas; or

(3) been unused for at least three years.

Sec. 69. [116.076] ENVIRONMENTAL JUSTICE AREAS; BOUNDARIES; MAPS.

(a) No later than December 1, 2022, the commissioner must determine the boundaries
of all environmental justice areas in Minnesota. The determination of the geographic
boundaries of an environmental justice area may be appealed by filing a petition that contains
evidence to support amending the commissioner's determination. The petition must be
signed by at least 100 residents of census tracts within or adjacent to the environmental
justice area, as determined by the commissioner. The commissioner may, after reviewing
the petition, amend the boundaries of an environmental justice area.

(b) The commissioner must post updated maps of each environmental justice area in the
state on the agency website.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 70. Minnesota Statutes 2020, section 116C.03, subdivision 2a, is amended to read:

Subd. 2a. Public members. The membership terms, compensation, removal, and filling
of vacancies of public members of the board shall be as provided in section 15.0575, except
that a public member may be compensated at the rate of up to $125 a day.

Sec. 71. Minnesota Statutes 2020, section 116D.04, is amended by adding a subdivision
to read:

Subd. 2c. Demographic analysis. An environmental assessment worksheet and
environmental impact statement that indicate that a proposed project increases pollution
levels or the toxicity of emissions in an environmental justice area, as defined under section
116.06, must contain a demographic analysis of the population exposed to the proposed
project's impacts as required under section 116.07, subdivision 4m.

EFFECTIVE DATE. This section is effective the day following final enactment and
applies to an environmental assessment worksheet that has been determined by a responsible
governmental unit to be complete on or after that date and to an environmental impact
statement determined by a responsible governmental unit to be adequate on or after that
date.
Sec. 72. Minnesota Statutes 2020, section 116P.05, subdivision 1, is amended to read:

Subdivision 1. Membership. (a) A Legislative-Citizen Commission on Minnesota Resources of 17 members is created in the legislative branch, consisting of the chairs of the house of representatives and senate committees on environment and natural resources finance or designees appointed for the terms of the chairs, four members of the senate appointed by the Subcommittee on Committees of the Committee on Rules and Administration, and four members of the house of representatives appointed by the speaker.

(b) At least two members from the senate and two members from the house of representatives must be from the minority caucus. Members are entitled to reimbursement for per diem expenses plus travel expenses incurred in the services of the commission.

(c) Seven citizens are members of the commission, five appointed by the governor, one appointed by the Senate Subcommittee on Committees of the Committee on Rules and Administration, and one appointed by the speaker of the house. The citizen members are selected and recommended to the appointing authorities according to subdivision 1a and must:

(1) have experience or expertise in the science, policy, or practice of the protection, conservation, preservation, and enhancement of the state's air, water, land, fish, wildlife, and other natural resources;

(2) have strong knowledge in the state's environment and natural resource issues around the state; and

(3) have demonstrated ability to work in a collaborative environment.

(d) Members shall develop procedures to elect a chair that rotates between legislative and citizen members each meeting. A citizen member, a senate member, and a house of representatives member shall serve as chairs. The citizen members, senate members, and house of representatives members must select their respective chairs. The chair shall preside and convene meetings as often as necessary to conduct duties prescribed by this chapter.

(e) Appointed legislative members shall serve on the commission for two-year terms, beginning in January of each odd-numbered year and continuing through the end of December of the next even-numbered year. Appointed citizen members shall serve four-year terms, beginning in January of the first year and continuing through the end of December of the final year. Citizen and legislative members continue to serve until their successors are appointed.
(f) A citizen member may be removed by an appointing authority for cause. Vacancies occurring on the commission shall not affect the authority of the remaining members of the commission to carry out their duties, and vacancies shall be filled for the remainder of the term in the same manner under paragraphs (a) to (c).

(g) Citizen members are entitled to per diem and reimbursement for expenses incurred in the services of the commission, as provided in section 15.059, subdivision 3, except that a citizen member may be compensated at the rate of up to $125 a day.

(h) The governor's appointments are subject to the advice and consent of the senate.

Sec. 73. Minnesota Statutes 2020, section 127A.353, subdivision 2, is amended to read:

Subd. 2. Qualifications. The governor shall select the school trust lands director on the basis of outstanding professional qualifications and knowledge of finance, business practices, minerals, forest and real estate management, and the fiduciary responsibilities of a trustee to the beneficiaries of a trust. The school trust lands director serves in the unclassified service for a term of four years. The first term shall end on December 31, 2020. The governor may remove the school trust lands director for cause. If a director resigns or is removed for cause, the governor shall appoint a director for the remainder of the term.

Sec. 74. Minnesota Statutes 2021 Supplement, section 127A.353, subdivision 4, is amended to read:

Subd. 4. Duties; powers. (a) The school trust lands director shall:

(1) take an oath of office before assuming any duties as the director act in a fiduciary capacity for trust beneficiaries in accordance with the principles under section 127A.351;

(2) evaluate the school trust land asset position;

(3) determine the estimated current and potential market value of school trust lands;

(4) advise and provide recommendations to the governor, Executive Council, commissioner of natural resources, and the Legislative Permanent School Fund Commission on the management of school trust lands, including on school trust land management policies and other policies that may affect the goal of the permanent school fund under section 127A.31;

(5) advise and provide recommendations to the Executive Council and Land Exchange Board on all matters regarding school trust lands presented to either body;
(6) advise and provide recommendations to the commissioner of natural resources on managing school trust lands, including but not limited to advice and recommendations on:

(i) Department of Natural Resources school trust land management plans;

(ii) leases of school trust lands;

(iii) royalty agreements on school trust lands;

(iv) land sales and exchanges;

(v) cost certification; and

(vi) revenue generating options;

(7) serve as temporary trustee of school trust lands for school trust lands subject to proposed or active eminent domain proceedings;

(8) serve as temporary trustee of school trust lands pursuant to section 94.342, subdivision 5;

(9) submit to the Legislative Permanent School Fund Commission an annual budget and management plan for the director that includes proposed legislative changes that will improve the asset allocation of the school trust lands;

(10) develop and implement a ten-year strategic plan and a 25-year framework for management of school trust lands, in conjunction with the commissioner of natural resources, that is updated every five years and implemented by the commissioner, with goals to:

(i) retain core real estate assets;

(ii) increase the value of the real estate assets and the cash flow from those assets;

(iii) rebalance the portfolio in assets with high performance potential and the strategic disposal of selected assets;

(iv) establish priorities for management actions;

(v) balance revenue enhancement and resource stewardship; and

(vi) advance strategies on school trust lands to capitalize on ecosystem services markets; and

(7) submit to the Legislative Permanent School Fund Commission for review an annual budget and management plan for the director; and
(8) (11) keep the beneficiaries, governor, legislature, and the public informed about the
work of the director by reporting to the Legislative Permanent School Fund Commission
in a public meeting at least once during each calendar quarter.

(b) In carrying out the duties under paragraph (a), the school trust lands director shall
have the authority to may:

(1) direct and control money appropriated to the director;

(2) establish job descriptions and employ up to five employees in the unclassified service, staff within the limitations of money appropriated to the director;

(3) enter into interdepartmental agreements with any other state agency;

(4) enter into joint powers agreements under chapter 471;

(5) evaluate and initiate real estate development projects on school trust lands in conjunction with the commissioner of natural resources and with the advice of the Legislative Permanent School Fund Commission in order to generate long-term economic return to the permanent school fund; and

(6) serve as temporary trustee of school trust land for school trust lands subject to proposed or active eminent domain proceedings; and

(7) (6) submit recommendations on strategies for school trust land leases, sales, or exchanges to the commissioner of natural resources and the Legislative Permanent School Fund Commission.

Sec. 75. Minnesota Statutes 2020, section 171.07, is amended by adding a subdivision to read:

Subd. 20. Watercraft operator's permit. (a) The department must maintain in its records information transmitted electronically from the commissioner of natural resources identifying each person to whom the commissioner of natural resources has issued a watercraft operator's permit. The records transmitted from the Department of Natural Resources must contain the full name and date of birth as required for the driver's license or identification card. Records that are not matched to a driver's license or identification card record may be deleted after seven years.

(b) After receiving information under paragraph (a) that a person has received a watercraft operator's permit, the department must include on all drivers' licenses or Minnesota identification cards subsequently issued to the person a graphic or written indication that the person has received the permit.
(c) If a person who has received a watercraft operator's permit applies for a driver's license or Minnesota identification card before that information has been transmitted to the department, the department may accept a copy of the certificate as proof of its issuance and must then follow the procedures in paragraph (b).

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 76. Minnesota Statutes 2020, section 282.08, is amended to read:

**282.08 APPORTIONMENT OF PROCEEDS TO TAXING DISTRICTS.**

The net proceeds from the sale or rental of any parcel of forfeited land, or from the sale of products from the forfeited land, must be apportioned by the county auditor to the taxing districts interested in the land, as follows:

1. the portion required to pay any amounts included in the appraised value under section 282.01, subdivision 3, as representing increased value due to any public improvement made after forfeiture of the parcel to the state, but not exceeding the amount certified by the appropriate governmental authority must be apportioned to the governmental subdivision entitled to it;

2. the portion required to pay any amount included in the appraised value under section 282.019, subdivision 5, representing increased value due to response actions taken after forfeiture of the parcel to the state, but not exceeding the amount of expenses certified by the Pollution Control Agency or the commissioner of agriculture, must be apportioned to the agency or the commissioner of agriculture and deposited in the fund from which the expenses were paid;

3. the portion of the remainder required to discharge any special assessment chargeable against the parcel for drainage or other purpose whether due or deferred at the time of forfeiture, must be apportioned to the governmental subdivision entitled to it; and

4. any balance must be apportioned as follows:

   (i) The county board may annually by resolution set aside no more than 30 percent of the receipts remaining to be used for forest development on tax-forfeited land and dedicated memorial forests, to be expended under the supervision of the county board. It must be expended only on projects improving the health and management of the forest resource.

   (ii) The county board may annually by resolution set aside no more than 20 percent of the receipts remaining to be used for the acquisition and maintenance of county parks or...
recreational areas as defined in sections 398.31 to 398.36, to be expended under the
supervision of the county board.

(iii) The county board may by resolution set aside up to 100 percent of the receipts
remaining to be used:

(1) according to section 282.09, subdivision 2;

(2) for remediating contamination at tax-forfeited properties; or

(3) for correcting blighted conditions at tax-forfeited properties.

An election made under this item is effective for a minimum of five years, unless the county
board specifies a shorter duration.

(iv) Any balance remaining must be apportioned as follows: county, 40 percent; town
or city, 20 percent; and school district, 40 percent, provided, however, that in unorganized
territory that portion which would have accrued to the township must be administered by
the county board of commissioners.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 77. Minnesota Statutes 2020, section 297A.94, is amended to read:

297A.94 DEPOSIT OF REVENUES.

(a) Except as provided in this section, the commissioner shall deposit the revenues,
including interest and penalties, derived from the taxes imposed by this chapter in the state
treasury and credit them to the general fund.

(b) The commissioner shall deposit taxes in the Minnesota agricultural and economic
account in the special revenue fund if:

(1) the taxes are derived from sales and use of property and services purchased for the
construction and operation of an agricultural resource project; and

(2) the purchase was made on or after the date on which a conditional commitment was
made for a loan guaranty for the project under section 41A.04, subdivision 3.

The commissioner of management and budget shall certify to the commissioner the date on
which the project received the conditional commitment. The amount deposited in the loan
guaranty account must be reduced by any refunds and by the costs incurred by the Department
of Revenue to administer and enforce the assessment and collection of the taxes.
(c) The commissioner shall deposit the revenues, including interest and penalties, derived
from the taxes imposed on sales and purchases included in section 297A.61, subdivision 3,
paragraph (g), clauses (1) and (4), in the state treasury, and credit them as follows:

(1) first to the general obligation special tax bond debt service account in each fiscal
year the amount required by section 16A.661, subdivision 3, paragraph (b); and

(2) after the requirements of clause (1) have been met, the balance to the general fund.

(d) Beginning with sales taxes remitted after July 1, 2017, the commissioner shall deposit
in the state treasury the revenues collected under section 297A.64, subdivision 1, including
interest and penalties and minus refunds, and credit them to the highway user tax distribution
fund.

(e) The commissioner shall deposit the revenues, including interest and penalties,
collected under section 297A.64, subdivision 5, in the state treasury and credit them to the
general fund. By July 15 of each year the commissioner shall transfer to the highway user
tax distribution fund an amount equal to the excess fees collected under section 297A.64,
subdivision 5, for the previous calendar year.

(f) Beginning with sales taxes remitted after July 1, 2017, in conjunction with the deposit
of revenues under paragraph (d), the commissioner shall deposit into the state treasury and
credit to the highway user tax distribution fund an amount equal to the estimated revenues
derived from the tax rate imposed under section 297A.62, subdivision 1, on the lease or
rental for not more than 28 days of rental motor vehicles subject to section 297A.64. The
commissioner shall estimate the amount of sales tax revenue deposited under this paragraph
based on the amount of revenue deposited under paragraph (d).

(g) Starting after July 1, 2017, the commissioner shall deposit an amount of the
remittances monthly into the state treasury and credit them to the highway user tax
distribution fund as a portion of the estimated amount of taxes collected from the sale and
purchase of motor vehicle repair parts in that month. For the remittances between July 1,
2017, and June 30, 2019, the monthly deposit amount is $2,628,000. For remittances in
each subsequent fiscal year, the monthly deposit amount is $12,137,000. For purposes of
this paragraph, "motor vehicle" has the meaning given in section 297B.01, subdivision 11,
and "motor vehicle repair and replacement parts" includes (i) all parts, tires, accessories,
and equipment incorporated into or affixed to the motor vehicle as part of the motor vehicle
maintenance and repair, and (ii) paint, oil, and other fluids that remain on or in the motor
vehicle as part of the motor vehicle maintenance or repair. For purposes of this paragraph,
"tire" means any tire of the type used on highway vehicles, if wholly or partially made of rubber and if marked according to federal regulations for highway use.

(h) 22.43 percent of the revenues, including interest and penalties, transmitted to the commissioner under section 297A.65, must be deposited by the commissioner in the state treasury as follows:

(1) 50 percent of the receipts must be deposited in the heritage enhancement account in the game and fish fund, and may be spent only on activities that improve, enhance, or protect fish and wildlife resources, including conservation, restoration, and enhancement of land, water, and other natural resources of the state;

(2) 22.5 percent of the receipts must be deposited in the natural resources fund, and may be spent only for state parks and trails;

(3) 22.5 percent of the receipts must be deposited in the natural resources fund, and may be spent only on metropolitan park and trail grants;

(4) three percent of the receipts must be deposited in the natural resources fund, and may be spent only on local trail grants; and

(5) two percent of the receipts must be deposited in the natural resources fund, and may be spent only for the Minnesota Zoological Garden, the Como Park Zoo and Conservatory, and the Duluth Zoo.

(i) The revenue dedicated under paragraph (h) may not be used as a substitute for traditional sources of funding for the purposes specified, but the dedicated revenue shall supplement traditional sources of funding for those purposes. Land acquired with money deposited in the game and fish fund under paragraph (h) must be open to public hunting and fishing during the open season, except that in aquatic management areas or on lands where angling easements have been acquired, fishing may be prohibited during certain times of the year and hunting may be prohibited. At least 87 percent of the money deposited in the game and fish fund for improvement, enhancement, or protection of fish and wildlife resources under paragraph (h) must be allocated for field operations.

(j) The commissioner must deposit the revenues, including interest and penalties minus any refunds, derived from the sale of items regulated under section 624.20, subdivision 1, that may be sold to persons 18 years old or older and that are not prohibited from use by the general public under section 624.21, in the state treasury and credit:

(1) 25 percent to the volunteer fire assistance grant account established under section 88.068;
(2) 25 percent to the fire safety account established under section 2971.06, subdivision 3; and

(3) the remainder to the general fund.

For purposes of this paragraph, the percentage of total sales and use tax revenue derived from the sale of items regulated under section 624.20, subdivision 1, that are allowed to be sold to persons 18 years old or older and are not prohibited from use by the general public under section 624.21, is a set percentage of the total sales and use tax revenues collected in the state, with the percentage determined under Laws 2017, First Special Session chapter 1, article 3, section 39.

(k) The revenues deposited under paragraphs (a) to (j) do not include the revenues, including interest and penalties, generated by the sales tax imposed under section 297A.62, subdivision 1a, which must be deposited as provided under the Minnesota Constitution, article XI, section 15.

Sec. 78. [325E.3892] LEAD AND CADMIUM IN CONSUMER PRODUCTS; PROHIBITION.

Subdivision 1. Definitions. For purposes of this section, "covered product" means any of the following products or product components:

(1) jewelry;

(2) toys;

(3) cosmetics and personal care products;

(4) puzzles, board games, card games, and similar games;

(5) play sets and play structures;

(6) outdoor games;

(7) school supplies;

(8) pots and pans;

(9) cups, bowls, and other food containers;

(10) craft supplies and jewelry-making supplies;

(11) chalk, crayons, paints, and other art supplies;

(12) fidget spinners;

(13) costumes, costume accessories, and children's and seasonal party supplies;
(14) keys, key chains, and key rings; and

(15) clothing, footwear, headwear, and accessories.

Subd. 2. Prohibition. (a) A person must not import, manufacture, sell, hold for sale, or
distribute or offer for use in this state any covered product containing:

(1) lead at more than 0.009 percent by total weight (90 parts per million); or

(2) cadmium at more than 0.0075 percent by total weight (75 parts per million).

(b) This section does not apply to covered products containing lead or cadmium, or both,
when regulation is preempted by federal law.

Subd. 3. Enforcement. The commissioners of the Pollution Control Agency, commerce,
and health may coordinate in enforcing this section. The commissioner of the Pollution
Control Agency or commerce may, with the attorney general, enforce any federal restrictions
on the sale of products containing lead or cadmium, or both, as allowed under federal law.
The commissioner of the Pollution Control Agency may enforce this section under sections
115.071 and 116.072. The commissioner of commerce may enforce this section under
section 45.027, subdivisions 1 to 6, 325F.10 to 325F.12, and 325F.14 to 325F.16. The
attorney general may enforce this section under section 8.31.

EFFECTIVE DATE. This section is effective July 1, 2023.

Sec. 79. Minnesota Statutes 2020, section 394.36, subdivision 4, is amended to read:

Subd. 4. Nonconformities; certain classes of property. This subdivision applies to
homestead and nonhomestead residential real estate and seasonal residential real estate
occupied for recreational purposes. Except as otherwise provided by law, a nonconformity,
including the lawful use or occupation of land or premises existing at the time of the adoption
of an official control under this chapter, may be continued, including through repair,
replacement, restoration, maintenance, or improvement, but not including expansion. If the
nonconformity or occupancy is discontinued for a period of more than one year, or any
nonconforming building or structure is destroyed by fire or other peril to the extent of greater
than 50 percent of its estimated market value, as indicated in the records of the county
assessor at the time of damage, and no building permit has been applied for within 180 days
of when the property is damaged, any subsequent use or occupancy of the land or premises
must be a conforming use or occupancy. If a nonconforming building or structure is destroyed
by fire or other peril to the extent of greater than 50 percent of its estimated market value,
as indicated in the records of the county assessor at the time of damage, the board may
impose reasonable conditions upon a zoning or building permit in order to mitigate any
newly created impact on adjacent property or water body. When a nonconforming structure in the shoreland district with less than 50 percent of the required setback from the water is destroyed by fire or other peril to greater than 50 percent of its estimated market value, as indicated in the records of the county assessor at the time of damage, the structure setback may be increased if practicable and reasonable conditions are placed upon a zoning or building permit to mitigate created impacts on the adjacent property or water body. A county may, by ordinance, permit an expansion or impose upon nonconformities reasonable regulations to prevent and abate nuisances and to protect the public health, welfare, or safety.

Sec. 80. Minnesota Statutes 2020, section 473.121, is amended by adding a subdivision to read:

Subd. 37. Community water system. "Community water system" has the meaning given in United States Code, title 42, section 300f(15).

Sec. 81. Minnesota Statutes 2020, section 473.121, is amended by adding a subdivision to read:

Subd. 38. Lead service line. "Lead service line" means a water supply connection that is made of or lined with a material consisting of lead and that connects a water main to a building. A lead pigtail, lead gooseneck, or other lead fitting is considered a lead service line, regardless of the composition of the service line or other portions of piping to which the piece is attached. A galvanized service line is considered a lead service line.

Sec. 82. Minnesota Statutes 2020, section 473.121, is amended by adding a subdivision to read:

Subd. 39. Service line. "Service line" means any piping, tubing, or fitting connecting a water main to a building. Service line includes the property owner side and the system side of a service line.

Sec. 83. Minnesota Statutes 2020, section 473.121, is amended by adding a subdivision to read:

Subd. 40. System side. "System side" means the portion of a service line that is owned by a community water system.
Sec. 84. PERSON WITH A DISABILITY; RULEMAKING.

(a) The commissioner of natural resources must amend Minnesota Rules, part 6230.0250, subpart 10, item A, subitem (2), by changing the word "hunter" to "person."

(b) The commissioner may use the good-cause exemption under Minnesota Statutes, section 14.388, subdivision 1, clause (3), to adopt rules under this section, and Minnesota Statutes, section 14.386, does not apply except as provided under Minnesota Statutes, section 14.388.

Sec. 85. COMMUNITY AIR MONITORING SYSTEM PILOT GRANT PROGRAM.

Subdivision 1. Definitions. (a) For the purposes of this section, the following terms have the meanings given.

(b) "Agency" means the Minnesota Pollution Control Agency.

(c) "Commissioner" means the commissioner of the Minnesota Pollution Control Agency.

(d) "Community air monitoring system" means a system of devices monitoring ambient air quality at many locations within a small geographic area that is subject to air pollution from a variety of stationary and mobile sources in order to obtain frequent measurements of pollution levels, to detect differences in exposure to pollution over distances no larger than a city block, and to identify areas where pollution levels are inordinately elevated.

(e) "Environmental justice area" has the meaning given in Minnesota Statutes, section 116.06, subdivision 10b.

(f) "Nonprofit organization" means an organization that is exempt from taxation under section 501(c)(3) of the Internal revenue Code.

Subd. 2. Establishment of program. A community air monitoring system pilot grant program is established in the Pollution Control Agency to measure air pollution levels at many locations within an environmental justice area in Minneapolis.

Subd. 3. Eligible applicants. Grants under this section may be awarded to applicants consisting of a partnership between a nonprofit organization located in an environmental justice area in which the community air monitoring system is to be deployed and an entity that has experience deploying, operating, and interpreting data from air monitoring systems.

Subd. 4. Eligible projects. Grants may be awarded under this section to applicants whose proposals:
1. **Eligible expenditures.** Grants may be used only for the following activities:

   1. planning the configuration and deployment of the community air monitoring system;
   2. purchasing and installing air monitoring devices as part of the community air monitoring system;
   3. training and paying persons who operate stationary, handheld, and mobile devices to measure air pollution;
   4. developing data and mapping systems to analyze, organize, and present the air monitoring data collected; and
   5. writing a final report on the project according to subdivision 9.

Subd. 6. **Air monitoring technologies; commissioner approval.** The commissioner must approve air monitoring technologies proposed to be used in a project awarded a grant under this section. Approved air monitoring technologies must meet a reasonable level of accuracy and consistency.

Subd. 7. **Application and grant award process.** An eligible applicant must submit an application to the commissioner on a form prescribed by the commissioner. The commissioner must develop administrative procedures governing the application and grant award process. The commissioner must act as fiscal agent for the grant program and is responsible for receiving and reviewing grant applications and awarding grants under this section.

Subd. 8. **Grant awards; priorities.** In awarding grants under this section, the commissioner must give priority to proposed projects that:

   1. take place in areas with high rates of illness associated with exposure to air pollution, including asthma, chronic obstructive pulmonary disease, heart disease, chronic bronchitis, and cancer;
(2) promote public access to and transparency of air monitoring data developed through
the project; and

(3) conduct outreach activities to promote community awareness of and engagement
with the project.

Subd. 9. Report to agency. No later than 90 days after a project ends, the grantee must
submit a written report to the commissioner describing the project's findings and results,
and any recommendations for agency actions, programs, or activities to reduce levels of air
pollution measured by the community air monitoring system. The grantee must also forward
to the commissioner all air monitoring data developed by the project.

Subd. 10. Report to legislature. No later than January 15, 2024, the commissioner must
submit a report to the chairs and ranking minority members of the legislative committees
with primary jurisdiction over environment policy and finance on the results of the grant
program, including:

(1) any changes in the agency's air monitoring network that will occur as a result of data
developed under the program;

(2) any actions the agency has taken or proposes to take to reduce levels of pollution
that impact the environmental justice areas that received grants under the program; and

(3) any recommendations for legislation, including whether the program should be
extended or expanded.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 86. RULEMAKING; AIR TOXICS EMISSIONS.

Subdivision 1. Definitions. For the purposes of this section:

(1) "agency" means the Minnesota Pollution Control Agency;

(2) "air toxic" has the meaning given under section 116.062;

(3) "commissioner" has the meaning given in Minnesota Statutes, section 116.06,
subdivision 6a;

(4) "continuous emission monitoring system" has the meaning given in Minnesota Rules,
part 7017.1002, subpart 4;

(5) "environmental justice area" has the meaning given in Minnesota Statutes, section
116.06, subdivision 10b;
(6) "performance test" has the meaning given in Minnesota Rules, part 7017.2005, subpart 4; and

(7) "volatile organic compound" means any compound of carbon that participates in atmospheric photochemical reactions, except for carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate.

Subd. 2. Rulemaking required. No later than January 15, 2023, the commissioner of the Pollution Control Agency must initiate rulemaking under Minnesota Statutes, chapter 14, to regulate air toxics emissions by providing notice of a rulemaking hearing according to Minnesota Statutes, section 14.14, subdivision 1a.

Subd. 3. Content of rules. (a) The rules required under subdivision 2 must address, at a minimum, the following issues:

(1) the specific air toxics to be regulated, including, at a minimum, those defined in section 116.062;

(2) the types of facilities to be regulated, including, at a minimum, facilities that have been issued an air quality permit by the commissioner and:

(i) emit air toxics, whether or not the emissions are limited in a permit; or

(ii) purchase or use material containing volatile organic compounds;

(3) performance tests conducted by facilities to measure the volume of air toxics emissions and testing methods, procedures, protocols, and frequency;

(4) required air monitoring, including using continuous emission monitoring systems for certain facilities;

(5) requirements for reporting information to the agency to assist the agency in determining the volume of the facility's air toxics emissions and the facility's compliance with emission limits in the facility's permit;

(6) record keeping related to air toxics emissions; and

(7) frequency of facility inspections and inspection activities that provide information about air toxics emissions.

(b) In developing rules, the commissioner must establish testing, monitoring, reporting, record-keeping, and inspection requirements for facilities that reflect:

(1) the different risks to human health and the environment posed by the specific air toxics and volumes emitted by a facility, such that facilities posing greater risks are required
to more frequently conduct performance tests and air monitoring, receive inspections, and report to the agency;

(2) the facility's record of compliance with air toxics emission limits and other permit conditions; and

(3) any exposure of residents of an environmental justice area to the facility's air toxics emissions.

(c) The rules developed under this section must specify that the commissioner, in developing air toxics emission limits for a specific facility, must consider the additive nature of risk posed by exposure to all the air toxics emitted by the facility.

Subd. 4. Modifying permits. After adopting the rules required in subdivision 2, the commissioner must incorporate air toxics emission limits to conform with the rule changes in existing air quality permits that:

(1) contain emission limits for air toxics; or

(2) do not contain emission limits for air toxics but are held by facilities that emit air toxics.

Subd. 5. Relation to federal law. The commissioner must implement this section consistent with federal law and to the fullest extent allowed by federal law. Nothing in this section may be construed to conflict with federal law.

Subd. 6. Rulemaking cost. The commissioner must collect the agency’s costs to adopt rules required under this section and to conduct regulatory activities required as a result of the adopted rules through the annual fee paid by owners or operators of facilities required to obtain air quality permits from the agency, as required under Minnesota Statutes, section 116.07, subdivision 4d, paragraph (b).

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 87. PIG'S EYE AREA TASK FORCE.

Subdivision 1. Pig's Eye Area Task Force. The commissioner of the Pollution Control Agency must establish a Pig's Eye Area Task Force to coordinate efforts to remediate and restore the Pig's Eye Landfill Superfund site, including adjacent contaminated sites, to address contaminated groundwater, surface water, and sediments. Contaminants to evaluate include but are not limited to perfluoroalkyl and polyfluoroalkyl substances (PFAS) within Battle Creek, Pig's Eye Lake, and nearby groundwater. The task force is subject to Minnesota Statutes, section 15.059, subdivision 6.
Subd. 2. **Membership.** The task force must consist of:

1. the commissioner of the Pollution Control Agency or a designee;
2. the commissioner of natural resources or a designee;
3. the commissioner of health or a designee;
4. a representative from the Metropolitan Council;
5. a representative from the United States Army Corps of Engineers;
6. a representative from the United States Coast Guard;
7. a representative from the federal Environmental Protection Agency;
8. a representative from the National Park Service;
9. a representative from the United States Fish and Wildlife Service;
10. a representative from the Ramsey-Washington Metro Watershed District;
11. one representative from each of the following local governments:
   i. Newport;
   ii. St. Paul;
   iii. South St. Paul;
   iv. Dakota County;
   v. Ramsey County; and
   vi. Washington County; and
12. three members of the public.

Subd. 3. **Organization.** (a) By January 15, 2023, the commissioner or the commissioner's designee must convene the first meeting of the task force.

(b) The task force must meet monthly or as determined by the chair. Meetings of the task force must be open to the public.

(c) The members of the task force must annually elect a chair, vice chair, and other officers as the members deem necessary.

Subd. 4. **Staff.** The commissioner of the Pollution Control Agency must provide support staff, office space, and administrative services for the task force.
Subd. 5. Reports. Beginning in 2024, by February 15 each year, the commissioner of the Pollution Control Agency must submit an annual report to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over the environment and natural resources on the status of the task force's work. The final report, due February 15, 2026, must:

1. summarize the history of the Pig's Eye Landfill, including cleanup efforts and impacts;
2. include a coordinated plan to:
   i. clean up and remediate the contamination;
   ii. restore and enhance wildlife habitat;
   iii. prevent future water contamination; and
   iv. address existing water quality issues;
3. identify infrastructure needs;
4. identify potential funding sources; and
5. include any recommendations for legislative action.

Subd. 6. Sunset. The task force expires June 30, 2026.

Sec. 88. TURTLE SELLER'S LICENSES; TRANSFER AND RENEWAL.

The commissioner of natural resources must not renew or transfer a turtle seller's license after the effective date of this section.

Sec. 89. SEED DISPOSAL RULEMAKING REQUIRED.

The commissioner of the Pollution Control Agency, in consultation with the commissioner of agriculture and the University of Minnesota, must adopt rules under Minnesota Statutes, chapter 14, providing for the safe and lawful disposal of unwanted or unused seed treated with neonicotinoid pesticide. The rules must clearly identify the regulatory jurisdiction of state agencies and local governments with regard to such seed.

Sec. 90. DESIGNATED SWAN RESTING AREAS.

Subdivision 1. Swan resting areas. The commissioner of natural resources may designate waters within Minnesota's swan migration corridor as swan resting areas.
Subd. 2. **Public notice and meeting.** (a) Before the commissioner designates or removes
a designation of a swan resting area, public comment must be received and a public meeting
must be held in the county where the largest portion of the water is located.

(b) At least 90 days before the public meeting, notice of the proposed designation or
removal of the designation must be posted at publicly maintained access points on the water.

(c) Before the public meeting, notice of the meeting must be published in a news release
issued by the commissioner and in a newspaper of general circulation in the area where the
proposed swan resting area is located. The notice must be published at least once between
30 and 60 days before the meeting and at least once between seven and 30 days before the
meeting.

(d) The notices required in this subdivision must summarize the proposed action, invite
public comment, and specify a deadline for receiving public comments. The commissioner
must send each required notice to persons who have registered their names with the
commissioner for this purpose. The commissioner must consider any public comments
received in making a final decision.

Subd. 3. **Using lead sinkers.** A person may not use lead sinkers on a water designated
by the commissioner as a swan resting area under subdivision 1. The commissioner must
maintain a list of swan resting areas and information on the lead sinker restrictions on the
department's website and in any summary of fishing regulations required under Minnesota
Statutes, section 97A.051.

Subd. 4. **Report.** By January 15, 2025, the commissioner of natural resources must
submit a report to the chairs and ranking minority members of the legislative committees
and divisions with jurisdiction over the environment and natural resources on the
implementation of this section and any recommendations.

Subd. 5. **Sunset.** This section expires January 1, 2026.

Sec. 91. **SWAN RESTITUTION VALUES; RULE AMENDMENTS.**

(a) The commissioner of natural resources must amend Minnesota Rules, part 6133.0030,
to increase the restitution value of a tundra swan from $200 to $1,000 and the restitution
value of a trumpeter swan from $1,000 to $2,500.

(b) The commissioner may use the good cause exemption under Minnesota Statutes,
section 14.388, subdivision 1, clause (3), to adopt rules under this section, and Minnesota
Statutes, section 14.386, does not apply except as provided under Minnesota Statutes, section
14.388.
Sec. 92. FEEDLOT FINANCIAL ASSURANCE REQUIREMENTS COMPLIANCE

SCHEDULE.

The commissioner of the Pollution Control Agency may phase in the new financial assurance requirements under Minnesota Statutes, section 116.07, subdivision 7f, during the next reissuance of the National Pollutant Discharge Elimination System General Permit for Concentrated Animal Feeding Operations, MNG440000. The commissioner of the Pollution Control Agency must establish a schedule for permittees to come into compliance with the requirements. The schedule must require 250 permittees per year to comply starting with the operations with the largest number of animal units.

Sec. 93. MANURE STORAGE AREA REPORTS REQUIRED.

(a) No later than December 15, 2022, the commissioner of the Pollution Control Agency must develop a list based on registration data for each county of potentially abandoned manure storage areas.

(b) No later than January 15, 2024, each delegated county must report to the commissioner of the Pollution Control Agency a list of abandoned manure storage areas located in the county. The report must be submitted by the county feedlot officer.

(c) No later than January 15, 2024, the Pollution Control Agency regional feedlot staff must compile a list of abandoned manure storage areas located in counties under their regulatory jurisdiction that do not have delegation agreements with the agency.

(d) No later than February 15, 2024, the commissioner of the Pollution Control Agency must submit a compilation report and list of abandoned manure storage areas to the legislative committees with jurisdiction over agriculture and environment. The report must include recommendations for remediation. The commissioner must seek advice from the Minnesota Association of County Feedlot Officers and livestock associations for recommendations, including existing and any proposed options for remediation.

(e) For purposes of this section, "abandoned manure storage areas" has the meaning given in Minnesota Statutes, section 116.07, subdivision 7g.

(f) Reports and lists required under this section are not feedlot inventories for purposes of Minnesota Statutes, section 116.07, subdivision 7b.
Sec. 94. PETROLEUM TANK RELEASE CLEANUP; REPORT TO LEGISLATURE.

The commissioner of the Pollution Control Agency must perform the duties under clauses (1) to (5) with respect to the petroleum tank release cleanup program governed by Minnesota Statutes, chapter 115C, and must, no later than January 15, 2023, report the results to the chairs and ranking minority members of the senate and house of representatives committees with primary jurisdiction over environment policy and finance. The report must include any recommendations for legislation. The commissioner must:

(1) explicitly define the conditions that must be present in order for the commissioner to classify a site as posing a low potential risk to public health and the environment and ensure that all agency staff use the definition in assessing potential risks. In determining the conditions that indicate that a site poses a low risk, the commissioner must consider the biodegradable nature of the petroleum contaminants found at the site and relevant site conditions, including but not limited to the nature of groundwater flow, soil type, and proximity of features at or near the site that could potentially become contaminated;

(2) develop guidelines to incorporate consideration of potential future uses of a contaminated property into all agency staff decisions regarding site remediation;

(3) develop measurable objectives that allow the quality of the agency's performance in remediating petroleum-contaminated properties to be evaluated and conduct such evaluations periodically;

(4) in collaboration with the Petroleum Tank Release Compensation Board and the commissioner of commerce, examine whether and how to establish technical qualifications for consultants hired to remediate petroleum-contaminated properties as a strategy to improve the quality of remediation work, and how agencies can share information on consultant performance; and

(5) in collaboration with the commissioner of commerce, make consultants who remediate petroleum-contaminated sites more accountable for the quality of their work by:

(i) developing a formal system of measures and procedures by which to evaluate the work; and

(ii) sharing evaluations with the commissioner of commerce and with responsible parties.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 95. CARPET STEWARDSHIP PROGRAM; REPORT.

Subdivision 1. Carpet stewardship program plan. The commissioner of the Pollution Control Agency must develop a plan for establishing a carpet stewardship program designed to reduce carpet-related waste generation by promoting the collection and recycling of discarded carpet. The plan must include:

(1) an organizational structure for the program, including roles for the state, carpet producers, retailers, collection site operators, and recyclers;

(2) a timeline for implementing the program;

(3) a fee structure that ensures the costs of the program are recovered, including recommendations for determining the amount, methods of collecting the fee, and how fee revenues will be managed;

(4) a plan for how discarded carpet will be collected and transported to recyclers in this state;

(5) strategies for improving education and training of retailers, carpet installers, and collection site operators to improve the recycling rates of carpet; and

(6) draft legislation necessary for implementing the plan.

Subd. 2. Task force; public engagement. (a) The commissioner must convene a task force to assist with developing the plan required under subdivision 1. The task force must include:

(1) one representative of a statewide association representing retailers;

(2) two representatives of producers;

(3) two representatives of recyclers;

(4) one representative of statewide associations representing waste disposal companies;

(5) one representative of an environmental organization;

(6) one representative of county or municipal waste management programs;

(7) two representatives of companies that use discarded carpet to manufacture products other than new carpet;

(8) one representative of carpet installers; and

(9) two members of the general public.

(b) Members of the task force must not be registered lobbyists.
(c) The commissioner must provide opportunities for the public to provide input on the program.

Subd. 3. Report. The commissioner must submit a report with the plan required under this section to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over the environment by January 15, 2023.

Sec. 96. REPEALER.

(a) Minnesota Statutes 2020, section 97C.605, subdivisions 2, 2a, 2b, and 5, and Minnesota Rules, part 6256.0500, subparts 2, 2a, 2b, 4, 5, 6, 7, and 8, are repealed.

(b) Minnesota Statutes 2020, sections 325E.389; and 325E.3891, are repealed.

(c) Minnesota Statutes 2020, sections 86B.101; 86B.305; and 86B.313, subdivisions 2 and 3, are repealed.

EFFECTIVE DATE. Paragraph (b) is effective July 1, 2023. Paragraph (c) is effective July 1, 2024.

ARTICLE 3

FARMED CERVIDAE

Section 1. Minnesota Statutes 2020, section 13.643, subdivision 6, is amended to read:

Subd. 6. Animal premises data. (a) Except for farmed Cervidae premises location data collected and maintained under section 35.155, the following data collected and maintained by the Board of Animal Health related to registration and identification of premises and animals under chapter 35, are classified as private or nonpublic:

(1) the names and addresses;

(2) the location of the premises where animals are kept; and

(3) the identification number of the premises or the animal.

(b) Except as provided in section 347.58, subdivision 5, data collected and maintained by the Board of Animal Health under sections 347.57 to 347.64 are classified as private or nonpublic.

(c) The Board of Animal Health may disclose data collected under paragraph (a) or (b) to any person, agency, or to the public if the board determines that the access will aid in the law enforcement process or the protection of public or animal health or safety.
Sec. 2. Minnesota Statutes 2020, section 35.155, subdivision 1, is amended to read:

Subdivision 1. Running at large prohibited. (a) An owner may not allow farmed Cervidae to run at large. The owner must make all reasonable efforts to return escaped farmed Cervidae to their enclosures as soon as possible. The owner must immediately notify the commissioner of natural resources of the escape of farmed Cervidae if the farmed Cervidae are not returned or captured by the owner within 24 hours of their escape.

(b) An owner is liable for expenses of another person in capturing, caring for, and returning farmed Cervidae that have left their enclosures if the person capturing the farmed Cervidae contacts the owner as soon as possible.

(c) If an owner is unwilling or unable to capture escaped farmed Cervidae, the commissioner of natural resources may destroy the escaped farmed Cervidae. The commissioner of natural resources must allow the owner to attempt to capture the escaped farmed Cervidae prior to destroying the farmed Cervidae. Farmed Cervidae that are not captured by 24 hours after escape may be destroyed.

(d) A hunter licensed by the commissioner of natural resources under chapter 97A may kill and possess escaped farmed Cervidae in a lawful manner and is not liable to the owner for the loss of the animal.

(e) Escaped farmed Cervidae killed by a hunter or destroyed by the commissioner of natural resources must be tested for chronic wasting disease at the owner's expense.

(f) The owner is responsible for proper disposal, as determined by the board, of farmed Cervidae that are killed or destroyed under this subdivision and test positive for chronic wasting disease.

(g) An owner is liable for any additional costs associated with escaped farmed Cervidae that are infected with chronic wasting disease, including the cost of additional surveillance and capture caused by the escape. This paragraph may be enforced by the attorney general on behalf of any state agency affected.

EFFECTIVE DATE. This section is effective September 1, 2022.

Sec. 3. Minnesota Statutes 2020, section 35.155, subdivision 4, is amended to read:

Subd. 4. Fencing. Farmed Cervidae must be confined in a manner designed to prevent escape. Except as provided in subdivision 4a, all perimeter fences for farmed Cervidae must be at least 96 inches in height and be constructed and maintained in a way that prevents the escape of farmed Cervidae or entry into the premises by free-roaming Cervidae, and physical...
contact between farmed Cervidae and free-roaming Cervidae. After July 1, 2019, all new fencing installed and all fencing used to repair deficiencies must be high tensile. By December 1, 2019, all entry areas for farmed Cervidae enclosure areas must have two redundant gates, which must be maintained to prevent the escape of animals through an open gate. If a fence deficiency allows entry or exit by farmed or wild Cervidae, the owner must repair the deficiency within a reasonable time, as determined by the Board of Animal Health, not to exceed 45 days. If a fence deficiency is detected during an inspection, the facility must be reinspected at least once in the subsequent three months. The farmed Cervidae owner must pay a reinspection fee equal to one-half the applicable annual inspection fee under subdivision 7a for each reinspection related to a fence violation. If the facility experiences more than one escape incident in any six-month period or fails to correct a deficiency found during an inspection, the board may revoke the facility's registration and order the owner to remove or destroy the animals as directed by the board. If the board revokes a facility's registration, the commissioner of natural resources may seize and destroy animals at the facility.

**EFFECTIVE DATE.** This section is effective September 1, 2023.

Sec. 4. Minnesota Statutes 2020, section 35.155, is amended by adding a subdivision to read:

Subd. 4a. **Fencing; commercial herds.** In addition to the requirements in subdivision 4, commercially farmed white-tailed deer must be confined by two or more perimeter fences, with each perimeter fence at least 120 inches in height.

**EFFECTIVE DATE.** This section is effective September 1, 2023.

Sec. 5. Minnesota Statutes 2020, section 35.155, subdivision 6, is amended to read:

Subd. 6. **Identification.** (a) Farmed Cervidae must be identified by means approved by the Board of Animal Health. The identification must include a distinct number that has not been used during the previous three years and must be visible to the naked eye during daylight under normal conditions at a distance of 50 yards. Within 14 days of birth, white-tailed deer must be identified before October 31 of the year in which the animal is born, at the time of weaning, or before movement from the premises, whichever occurs first with an ear tag that adheres to the National Uniform Ear-Tagging System (NUES) or the Animal Identification Number (AIN) system. Elk and other cervids must be identified by December 31 of the year in which the animal is born or before movement from the premises,
whichever occurs first. As coordinated by the board, the commissioner of natural resources
may destroy any animal that is not identified as required under this subdivision.

(b) The Board of Animal Health shall register farmed Cervidae. The owner must submit
the registration request on forms provided by the board. The forms must include sales
receipts or other documentation of the origin of the Cervidae. The board must provide copies
of the registration information to the commissioner of natural resources upon request. The
owner must keep written records of the acquisition and disposition of registered farmed
Cervidae.

**EFFECTIVE DATE.** This section is effective September 1, 2023.

Sec. 6. Minnesota Statutes 2020, section 35.155, subdivision 10, is amended to read:

Subd. 10. **Mandatory registration.** (a) A person may not possess live Cervidae in
Minnesota unless the person is registered with the Board of Animal Health and meets all
the requirements for farmed Cervidae under this section. Cervidae possessed in violation
of this subdivision may be seized and destroyed by the commissioner of natural resources.

(b) A person whose registration is revoked by the board is ineligible for future registration
under this section unless the board determines that the person has undertaken measures that
make future escapes extremely unlikely.

(c) The board must not allow new registrations under this section for possessing
white-tailed deer. This paragraph does not prohibit a person holding a valid registration
under this subdivision from selling or transferring the person's registration to a family
member who resides in this state and is related to the person within the third degree of
kindred according to the rules of civil law. A valid registration may be sold or transferred
only once under this paragraph. Before the board approves a sale or transfer under this
paragraph, the board must verify that the herd is free from chronic wasting disease and the
person or eligible family member must pay a onetime transfer fee of $500 to the board.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2021 Supplement, section 35.155, subdivision 11, is amended
to read:

Subd. 11. **Mandatory surveillance for chronic wasting disease; depopulation.** (a)
An inventory for each farmed Cervidae herd must be verified by an accredited veterinarian
and filed with the Board of Animal Health every 12 months.
(b) Movement of farmed Cervidae from any premises to another location must be reported to the Board of Animal Health within 14 days of the movement on forms approved by the Board of Animal Health. A person must not move farmed white-tailed deer from any premises to another location.

(c) All animals from farmed Cervidae herds that are over 12 six months of age that die or are slaughtered must be tested for chronic wasting disease.

(d) The owner of a premises where chronic wasting disease is detected must:

1. allow and cooperate with inspections of the premises as determined by the Board of Animal Health and Department of Natural Resources conservation officers and wildlife managers;
2. depopulate the premises of Cervidae after the federal indemnification process has been completed or, if an indemnification application is not submitted, within a reasonable time determined by the board in consultation with the commissioner of natural resources
3. maintain the fencing required under subdivisions 4 and 4a on the premises for five ten years after the date of detection; and
4. post the fencing on the premises with biohazard signs as directed by the board.
5. not raise farmed Cervidae on the premises for at least ten years;
6. before any sale or transfer of the premises, test the soil for evidence of chronic wasting disease using a method approved by the board and report the results to the board; and
7. record with the county recorder or registrar of titles a notice, in the form required by the board, that includes the location and legal description of the premises, the date of detection, the date of depopulation, the landowner requirements under this paragraph, and any other information required by the board.

(e) An owner of farmed Cervidae that test positive for chronic wasting disease is responsible for proper disposal of the animals, as determined by the board.

Sec. 8. Minnesota Statutes 2020, section 35.155, subdivision 12, is amended to read:

Subd. 12. Importation. (a) A person must not import live Cervidae or Cervidae semen into the state from a herd that is:
1. infected with or has been exposed to chronic wasting disease; or
(2) from a known state or province where chronic wasting disease endemic area, as determined by the board, is present in farmed or wild Cervidae populations.

(b) A person may import live Cervidae or Cervidae semen into the state only from a herd that:

(1) is not in a known located in a state or province where chronic wasting disease endemic area, as determined by the board, is present in farmed or wild Cervidae populations; and

(2) has been subject to a state or provincial approved chronic wasting disease monitoring program for at least three years.

(c) Cervidae or Cervidae semen imported in violation of this section may be seized and destroyed by the commissioner of natural resources.

Sec. 9. WHITE-TAILED DEER TESTING REQUIRED; CHRONIC WASTING DISEASE.

Subdivision 1. Live-animal testing. No later than December 31, 2022, an owner of farmed white-tailed deer registered with the Board of Animal Health under Minnesota Statutes, section 35.155, must have each farmed white-tailed deer tested for chronic wasting disease using a real-time quaking-induced conversion (RT-QuIC) test and report the results to the Board of Animal Health in the form required by the board. If a white-tailed deer tests positive, the owner must have the animal tested a second time using an RT-QuIC test.

Subd. 2. Postmortem testing. If a farmed white-tailed deer tests positive twice under subdivision 1, the owner must have the animal destroyed and tested for chronic wasting disease using a postmortem test approved by the Board of Animal Health.

Subd. 3. Herd depopulation. If a farmed white-tailed deer tests positive for chronic wasting disease under subdivision 2, the owner must depopulate the premises of farmed Cervidae as required under Minnesota Statutes, section 35.155.

Sec. 10. TRANSFER OF DUTIES; FARmed CERVIDAE.

(a) Except as provided in paragraph (b), the responsibilities for administering and enforcing the statutes and rules listed in clauses (1) and (2) are transferred pursuant to Minnesota Statutes, section 15.039, from the Board of Animal Health to the commissioner of natural resources:

(1) Minnesota Statutes, sections 35.153 and 35.155; and
(2) Minnesota Rules, parts 1721.0370 to 1721.0420.

(b) Notwithstanding Minnesota Statutes, section 15.039, subdivision 7, the transfer of personnel will not take place. The commissioner of natural resources may contract with the Board of Animal Health for any veterinary services required to administer this program.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 11. REVISOR INSTRUCTION.

The revisor of statutes must recodify the relevant sections in Minnesota Statutes, chapter 35, and Minnesota Rules, chapter 1721, as necessary to conform with section 10. The revisor must also change the responsible agency, remove obsolete language, and make necessary cross-reference changes consistent with section 10 and the renumbering.

**ARTICLE 4**

POLLUTION CONTROL; PFAS

Section 1. [116.943] PFAS IN CARPETS AND TEXTILES.

Subdivision 1. Definitions. For purposes of this section, the following terms have the meanings given:

1. "carpet or rug" means a fabric marketed or intended for use as a floor covering;
2. "fabric treatment" means a substance applied to fabric to give the fabric one or more characteristics, including but not limited to stain resistance or water resistance;
3. "perfluoroalkyl and polyfluoroalkyl substances" or "PFAS" means substances that include any member of the class of fluorinated organic chemicals containing at least one fully fluorinated carbon atom;
4. "upholstered furniture" means an article of furniture that is designed to be used for sitting, resting, or reclining and that is wholly or partly stuffed or filled with any filling material;
5. "textile" means an item made in whole or part from a natural or synthetic fiber, yarn, or fabric. Textile includes but is not limited to leather, cotton, silk, jute, hemp, wool, nylon, and polyester; and
6. "textile furnishings" means textile goods of a type customarily used in households and businesses, including but not limited to draperies, floor coverings, furnishings, beddings, towels, and tablecloths.
Subd. 2. Prohibition. (a) A person must not manufacture, sell, offer to sell, or distribute for sale in the state any of the following that contains perfluoroalkyl and polyfluoroalkyl substances:

1. a carpet or rug;
2. a fabric treatment;
3. upholstered furniture; or
4. textile furnishings.

(b) This subdivision does not apply to sale or resale of used products.

Subd. 3. Enforcement. (a) The commissioner of the Pollution Control Agency may enforce this section under sections 115.071 and 116.072. The commissioner may coordinate with the commissioners of commerce and health in enforcing this section.

(b) When requested by the commissioner of the Pollution Control Agency, a person must furnish to the commissioner any information that the person may have or may reasonably obtain that is relevant to show compliance with this section.

EFFECTIVE DATE. This section is effective January 1, 2025.

Sec. 2. [116.944] PFAS IN COOKWARE.

Subdivision 1. Definitions. For purposes of this section, the following terms have the meanings given:

1. "cookware" means durable houseware items that are used in homes and restaurants to prepare, dispense, or store food, foodstuffs, or beverages. Cookware includes pots, pans, skillets, grills, baking sheets, baking molds, trays, bowls, and cooking utensils; and
2. "perfluoroalkyl and polyfluoroalkyl substances" or "PFAS" means substances that include any member of the class of fluorinated organic chemicals containing at least one fully fluorinated carbon atom.

Subd. 2. Prohibition. (a) A person must not manufacture, distribute, sell, or offer for sale in the state any cookware that contains perfluoroalkyl and polyfluoroalkyl substances.

(b) This subdivision does not apply to the sale or resale of used products.

Subd. 3. Enforcement. (a) The commissioner of the Pollution Control Agency may enforce this section under sections 115.071 and 116.072. The commissioner may coordinate with the commissioners of commerce and health in enforcing this section.
(b) When requested by the commissioner of the Pollution Control Agency, a person must furnish to the commissioner any information that the person may have or may reasonably obtain that is relevant to show compliance with this section.

EFFECTIVE DATE. This section is effective January 1, 2025.

Sec. 3. [116.945] PFAS IN COSMETICS.

Subdivision 1. Definitions. For purposes of this section, the following terms have the meanings given:

(1) "cosmetic product" means an article intended to be applied to the human body for cleansing, beautifying, promoting attractiveness, or altering appearance. Cosmetic product does not include a product for which a prescription is required for distribution or dispensing; and

(2) "perfluoroalkyl and polyfluoroalkyl substances" or "PFAS" means substances that include any member of the class of fluorinated organic chemicals containing at least one fully fluorinated carbon atom.

Subd. 2. Prohibition. A person must not manufacture, distribute, sell, or offer for sale in the state any cosmetic product that contains perfluoroalkyl and polyfluoroalkyl substances.

Subd. 3. Enforcement. (a) The commissioner of the Pollution Control Agency may enforce this section under sections 115.071 and 116.072. The commissioner may coordinate with the commissioners of commerce and health in enforcing this section.

(b) When requested by the commissioner of the Pollution Control Agency, a person must furnish to the commissioner any information that the person may have or may reasonably obtain that is relevant to show compliance with this section.

EFFECTIVE DATE. This section is effective January 1, 2025.

Sec. 4. [116.946] PFAS IN JUVENILE PRODUCTS.

Subdivision 1. Definitions. For purposes of this section, the following terms have the meanings given:

(1) "adult mattress" means a mattress other than a crib mattress or toddler mattress;

(2) "juvenile product" means a product designed or marketed for use by infants and children under 12 years of age.
(i) including but not limited to a baby or toddler foam pillow; bassinet; bedside sleeper; booster seat; changing pad; child restraint system for use in motor vehicles and aircraft; co-sleeper; crib mattress; highchair; highchair pad; infant bouncer; infant carrier; infant seat; infant sleep positioner; infant swing; infant travel bed; infant walker; nap cot; nursing pad; nursing pillow; play mat; playpen; play yard; polyurethane foam mat, pad, or pillow; portable foam nap mat; portable infant sleeper; portable hook-on chair; soft-sided portable crib; stroller; and toddler mattress; and

(ii) not including a children's electronic product such as a personal computer, audio and video equipment, calculator, wireless phone, game console, handheld device incorporating a video screen, or any associated peripheral such as a mouse, keyboard, power supply unit, or power cord; a medical device; or an adult mattress;

(3) "medical device" has the meaning given "device" under United States Code, title 21, section 321, subsection (h); and

(4) "perfluoroalkyl and polyfluoroalkyl substances" or "PFAS" means substances that include any member of the class of fluorinated organic chemicals containing at least one fully fluorinated carbon atom.

Subd. 2. Prohibition. (a) A person must not manufacture, sell, offer for sale, or distribute in commerce in the state any new juvenile product that contains perfluoroalkyl and polyfluoroalkyl substances.

(b) This subdivision does not apply to sale or resale of used juvenile products.

Subd. 3. Enforcement. (a) The commissioner of the Pollution Control Agency may enforce this section under sections 115.071 and 116.072. The commissioner may coordinate with the commissioners of commerce and health in enforcing this section.

(b) When requested by the commissioner of the Pollution Control Agency, a person must furnish to the commissioner any information that the person may have or may reasonably obtain that is relevant to show compliance with this section.

EFFECTIVE DATE. This section is effective January 1, 2025.

Sec. 5. [116.947] PFAS IN SKI WAX.

Subdivision 1. Definitions. For purposes of this section, the following terms have the meanings given:
"perfluoroalkyl and polyfluoroalkyl substances" or "PFAS" means substances that include any member of the class of fluorinated organic chemicals containing at least one fully fluorinated carbon atom; and

(2) "ski wax" means a lubricant applied to the bottom of snow runners, including skis and snowboards, to improve their grip and glide properties.

Subd. 2. Prohibition. (a) A person must not manufacture, distribute, sell, or offer for sale in the state ski wax or a related tuning product that contains perfluoroalkyl and polyfluoroalkyl substances.

(b) This subdivision does not apply to the sale or resale of used products.

Subd. 3. Enforcement. (a) The commissioner of the Pollution Control Agency may enforce this section under sections 115.071 and 116.072. The commissioner may coordinate with the commissioners of commerce and health in enforcing this section.

(b) When requested by the commissioner of the Pollution Control Agency, a person must furnish to the commissioner any information that the person may have or may reasonably obtain that is relevant to show compliance with this section.

EFFECTIVE DATE. This section is effective January 1, 2025.

Sec. 6. [116.948] DISCLOSURE OF PFAS IN PRODUCTS.

Subdivision 1. Definitions. For purposes of this section, the following terms have the meanings given:

(1) "commissioner" means the commissioner of the Pollution Control Agency;

(2) "intentionally added PFAS" means PFAS that a manufacturer intentionally adds to a product and that have a functional or technical effect in the product, including the PFAS components of intentionally added chemicals and PFAS that are intentional breakdown products of an added chemical that also have a functional or technical effect in the product;

(3) "manufacturer" means the person that manufactures a product or whose brand name is affixed to the product. In the case of a product imported into the United States, manufacturer includes the importer or first domestic distributor of the product if the person that manufactured or assembled the product or whose brand name is affixed to the product does not have a presence in the United States;

(4) "perfluoroalkyl and polyfluoroalkyl substances" or "PFAS" means substances that include any member of the class of fluorinated organic chemicals containing at least one fully fluorinated carbon atom;
"product" means an item manufactured, assembled, packaged, or otherwise prepared for sale to consumers, including the product components, sold or distributed for personal, residential, commercial, or industrial use, including for use in making other products. Product does not mean used products offered for sale or resale; and

(6) "product component" means an identifiable component of a product, regardless of whether the manufacturer of the product is the manufacturer of the component.

Subd. 2. Notice required. (a) Except as provided under subdivision 3 and rules adopted under subdivision 4, a manufacturer of a product for sale in the state that contains intentionally added PFAS must submit to the commissioner a written notice that includes:

(1) a brief description of the product;

(2) the function served by PFAS in the product, including in any product components;

(3) the amount of each of the PFAS, identified by its Chemical Abstracts Service Registry number, in the product, reported as an exact quantity determined using commercially available analytical methods or as falling within a range approved for reporting purposes by the commissioner;

(4) the name and address of the manufacturer and the name, address, and telephone number of a contact person for the manufacturer; and

(5) any other information, as required by rule adopted by the commissioner, necessary to implement this section.

(b) This subdivision does not apply to the sale or resale of used products.

(c) For products containing intentionally added PFAS that are sold, offered for sale, or distributed in the state as of the effective date of this subdivision, a manufacturer must submit the notice required under paragraph (a) to the commissioner before April 1, 2025.

For products containing intentionally added PFAS that are first sold, offered for sale, or distributed in the state after the effective date of this subdivision, a manufacturer must submit the notice required under paragraph (a) to the commissioner no later than 30 days before the initial sale, offer for sale, or distribution of the products in the state.

Subd. 3. Commissioner's authority. (a) The commissioner may waive all or part of the notice requirement under subdivision 2 if the commissioner determines that substantially equivalent information is already publicly available.
(b) The commissioner may enter into an agreement with one or more other states or political subdivisions of a state to collect notices and may accept notices to a shared system as meeting the notice requirement under subdivision 2.

(c) The commissioner may extend the deadline for a manufacturer to submit the notice under subdivision 2 if the commissioner determines that more time is needed by the manufacturer to comply.

Subd. 4. Rulemaking. The commissioner must adopt rules to implement this section. The rules:

(1) may prioritize products subject to subdivision 2 based on the products that, in the commissioner's judgment, are most likely to cause contamination of the state's land or water resources;

(2) may allow a manufacturer to supply the notice under subdivision 2 for a category or type of product rather than for each individual product;

(3) must require a manufacturer to update and revise the information required in the notice under subdivision 2 when there is a substantive change in the information; and

(4) notwithstanding section 16A.1283, may establish a fee to be paid by a manufacturer upon submitting the notice under subdivision 2 to cover the commissioner's reasonable costs in developing rules to implement this section. The fees may be based on the volume of PFAS, volume of sales, or type of PFAS.

EFFECTIVE DATE. Subdivisions 1, 3, and 4 are effective the day following final enactment. Subdivision 2 is effective January 1, 2025.

Sec. 7. Minnesota Statutes 2020, section 325E.046, is amended to read:

325E.046 STANDARDS FOR LABELING PLASTIC BAGS, FOOD OR BEVERAGE PRODUCTS, AND PACKAGING.

Subdivision 1. "Biodegradable" label. A manufacturer, distributor, or wholesaler may not sell or offer for sale and any other person may not knowingly sell or offer for sale in this state a plastic bag covered product labeled "biodegradable," "degradable," "decomposable," or any form of those terms, or in any way imply that the bag covered product will chemically decompose into innocuous elements in a reasonably short period of time in a landfill, composting, or other terrestrial environment unless a scientifically based standard for biodegradability is developed and the bags are certified as meeting the standard. break down, fragment, degrade, biodegrade, or decompose in a landfill or other
Subd. 2. "Compostable" label. (a) A manufacturer, distributor, or wholesaler may not sell or offer for sale and any other person may not knowingly sell or offer for sale in this state a plastic bag covered product labeled "compostable" unless, at the time of sale or offer for sale, the bag covered product:

(1) meets the ASTM Standard Specification for Compostable Labeling of Plastics Designed to be Aerobically Composted in Municipal or Industrial Facilities (D6400). Each bag must be labeled to reflect that it meets the standard. For purposes of this subdivision, "ASTM" has the meaning given in section 296A.01, subdivision 6, or its successor, or the ASTM Standard Specification for Labeling of End Items that Incorporate Plastics and Polymers as Coatings or Additives with Paper and Other Substrates Designed to be Aerobically Composted in Municipal or Industrial Facilities (D6868), or its successor, and the covered product is labeled to reflect that it meets the specification;

(2) is comprised of only wood without any coatings or additives; or

(3) is comprised of only paper without any coatings or additives.

(b) A covered product labeled "compostable" and meeting the criteria under paragraph (a) must be clearly and prominently labeled on the product, or on the product's smallest unit of sale, to reflect that it is intended for an industrial or commercial compost facility. The label required under this paragraph must be in a legible text size and font.

Subd. 2a. Certification of compostable products. Beginning January 1, 2024, a manufacturer, distributor, or wholesaler may not sell or offer for sale and any other person may not knowingly sell or offer for sale in this state a covered product labeled as "compostable" unless the covered product is certified as meeting the requirements of subdivision 2 by an entity that:

(1) is a nonprofit corporation;

(2) as its primary focus of operation, promotes the production, use, and appropriate end of life for materials and products that are designed to fully biodegrade in specific biologically active environments such as industrial composting; and

(3) is technically capable of and willing to perform analysis necessary to determine a product's compliance with subdivision 2.

Subd. 3. Enforcement; civil penalty; injunctive relief. (a) A manufacturer, distributor, or wholesaler person who violates subdivision 1 or 2 this section is subject to a civil or
administrative penalty of $100 for each prepackaged saleable unit sold or offered for sale up to a maximum of $5,000 and may be enjoined from those violations.

(b) The attorney general may bring an action in the name of the state in a court of competent jurisdiction for recovery of civil penalties or for injunctive relief as provided in this subdivision. The attorney general may accept an assurance of discontinuance of acts in violation of subdivision 1 or 2 of this section in the manner provided in section 8.31, subdivision 2b.

c) The commissioner of the Pollution Control Agency may enforce this section under sections 115.071 and 116.072.

d) When requested by the attorney general or the commissioner of the Pollution Control Agency, a person selling or offering for sale a covered product labeled as "compostable" must furnish to the attorney general or the commissioner any information that the person may have or may reasonably obtain that is relevant to show compliance with this section.

Subd. 4. Definitions. For purposes of this section, the following terms have the meanings given:

1) "ASTM" has the meaning given in section 296A.01, subdivision 6;

2) "covered product" means a bag, food or beverage product, or packaging;

3) "food or beverage product" means a product that is used to wrap, package, contain, serve, store, prepare, or consume a food or beverage, such as plates, bowls, cups, lids, trays, straws, utensils, and hinged or lidded containers; and

4) "packaging" has the meaning given in section 115A.03, subdivision 22b.

EFFECTIVE DATE. This section is effective January 1, 2024.

Sec. 8. Minnesota Statutes 2020, section 325F.072, subdivision 1, is amended to read:

Subdivision 1. Definitions. (a) For the purposes of this section, the following terms have the meanings given.

(b) "Class B firefighting foam" means foam designed for flammable liquid fires to prevent or extinguish a fire in flammable liquids, combustible liquids, petroleum greases, tars, oils, oil-based paints, solvents, lacquers, alcohols, and flammable gases.

c) "PFAS chemicals" or "perfluoroalkyl and polyfluoroalkyl substances" means, for the purposes of firefighting agents, a class of fluorinated organic chemicals containing at
least one fully fluorinated carbon atom and designed to be fully functional in class B firefighting foam formulations.

(d) "Political subdivision" means a county, city, town, or a metropolitan airports commission organized and existing under sections 473.601 to 473.679.

(e) "State agency" means an agency as defined in section 16B.01, subdivision 2.

(f) "Testing" means calibration testing, conformance testing, and fixed system testing.

Sec. 9. Minnesota Statutes 2020, section 325F.072, subdivision 3, is amended to read:

Subd. 3. Prohibition of testing and training. (a) Beginning July 1, 2020, No person, political subdivision, or state agency shall discharge class B firefighting foam that contains intentionally added manufacture or knowingly sell, offer for sale, distribute for sale, or distribute for use in this state, and no person shall use in this state, class B firefighting foam containing PFAS chemicals:

(1) for testing purposes, unless the testing facility has implemented appropriate containment, treatment, and disposal measures to prevent releases of foam to the environment; or

(2) for training purposes, unless otherwise required by law, and with the condition that the training event has implemented appropriate containment, treatment, and disposal measures to prevent releases of foam to the environment. For training purposes, class B foam that contains intentionally added PFAS chemicals shall not be used.

(b) This section does not restrict:

(1) the manufacture, sale, or distribution of class B firefighting foam that contains intentionally added PFAS chemicals; or

(2) the discharge or other use of class B firefighting foams that contain intentionally added PFAS chemicals in emergency firefighting or fire prevention operations.

(b) This subdivision does not apply to the manufacture, sale, distribution, or use of class B firefighting foam for which the inclusion of PFAS chemicals is required by federal law, including but not limited to Code of Federal Regulations, title 14, section 139.317. If a federal requirement to include PFAS chemicals in class B firefighting foam is revoked after January 1, 2023, class B firefighting foam subject to the revoked requirements is no longer exempt under this paragraph effective one year following the day of revocation.

EFFECTIVE DATE. This section is effective January 1, 2023.
Sec. 10. PFAS WATER QUALITY STANDARDS.

The commissioner of the Pollution Control Agency must adopt rules establishing water quality standards for perfluorooctanoic acid (PFOA) and perfluorooctanesulfonic acid (PFOS). The commissioner must adopt the rules establishing the PFOA and PFOS water quality standards by July 1, 2025, and Minnesota Statutes, section 14.125, does not apply.

Sec. 11. HEALTH RISK LIMIT; PERFLUOROOCTANE SULFONATE.

By July 1, 2024, the commissioner of health must amend the health risk limit for perfluorooctane sulfonate (PFOS) in Minnesota Rules, part 4717.7860, subpart 15, so that the health risk limit does not exceed 0.015 parts per billion. In amending the health risk limit for PFOS, the commissioner must comply with Minnesota Statutes, section 144.0751, requiring a reasonable margin of safety to adequately protect the health of infants, children, and adults.

ARTICLE 5
STATE LANDS

Section 1. Minnesota Statutes 2021 Supplement, section 84.63, is amended to read:

84.63 CONVEYING INTERESTS IN LANDS TO STATE, FEDERAL, AND TRIBAL GOVERNMENTS.

(a) Notwithstanding any existing law to the contrary, the commissioner of natural resources is hereby authorized on behalf of the state to convey to the United States, to a federally recognized Indian Tribe, or to the state of Minnesota or any of its subdivisions, upon state-owned lands under the administration of the commissioner of natural resources, permanent or temporary easements for specified periods or otherwise for trails, highways, roads including limitation of right of access from the lands to adjacent highways and roads, flowage for development of fish and game resources, stream protection, flood control, and necessary appurtenances thereto, such conveyances to be made upon such terms and conditions including provision for reversion in the event of non-user as the commissioner of natural resources may determine.

(b) In addition to the fee for the market value of the easement, the commissioner of natural resources shall assess the applicant the following fees:

(1) an application fee of $2,000 to cover reasonable costs for reviewing the application and preparing the easement; and
(2) a monitoring fee to cover the projected reasonable costs for monitoring the
correction of the improvement for which the easement was conveyed and preparing special
terms and conditions for the easement. The commissioner must give the applicant an estimate
of the monitoring fee before the applicant submits the fee.

(c) The applicant shall pay these fees to the commissioner of natural resources. The
commissioner shall not issue the easement until the applicant has paid in full the application
fee, the monitoring fee, and the market value payment for the easement.

(d) Upon completion of construction of the improvement for which the easement was
conveyed, the commissioner shall refund the unobligated balance from the monitoring fee
revenue. The commissioner shall not return the application fee, even if the application is
withdrawn or denied.

(e) Money received under paragraph (b) must be deposited in the land management
account in the natural resources fund and is appropriated to the commissioner of natural
resources to cover the reasonable costs incurred for issuing and monitoring easements.

(f) A county or joint county regional railroad authority is exempt from all fees specified
under this section for trail easements on state-owned land.

(g) In addition to fees specified in this section, the applicant must reimburse the state
for costs incurred for cultural resources review, monitoring, or other services provided by
the Minnesota Historical Society under contract with the commissioner of natural resources
or the State Historic Preservation Office of the Department of Administration in connection
with the easement application, preparing the easement terms, or constructing the trail,
highway, road, or other improvements.

(h) Notwithstanding paragraphs (a) to (g), the commissioner of natural resources may
elect to assume the application fee under paragraph (b), clause (1), and waive or assume
some or all of the remaining fees and costs imposed under this section if the commissioner
determines that issuing the easement will benefit the state's land management interests.

Sec. 2. Minnesota Statutes 2021 Supplement, section 84.631, is amended to read:

84.631 ROAD EASEMENTS ACROSS STATE LANDS.

(a) Except as provided in section 85.015, subdivision 1b, the commissioner of natural
resources, on behalf of the state, may convey a road easement across state land under the
commissioner's jurisdiction to a private person requesting an easement for access to property
owned by the person only if the following requirements are met: (1) there are no reasonable
alternatives to obtain access to the property; and (2) the exercise of the easement will not cause significant adverse environmental or natural resource management impacts.

(b) The commissioner shall:

(1) require the applicant to pay the market value of the easement;

(2) limit the easement term to 50 years if the road easement is across school trust land;

(3) provide that the easement reverts to the state in the event of nonuse; and

(4) impose other terms and conditions of use as necessary and appropriate under the circumstances.

(c) An applicant shall submit an application fee of $2,000 with each application for a road easement across state land. The application fee is nonrefundable, even if the application is withdrawn or denied.

(d) In addition to the payment for the market value of the easement and the application fee, the commissioner of natural resources shall assess the applicant a monitoring fee to cover the projected reasonable costs for monitoring the construction of the road and preparing special terms and conditions for the easement. The commissioner must give the applicant an estimate of the monitoring fee before the applicant submits the fee. The applicant shall pay the application and monitoring fees to the commissioner of natural resources. The commissioner shall not issue the easement until the applicant has paid in full the application fee, the monitoring fee, and the market value payment for the easement.

(e) Upon completion of construction of the road, the commissioner shall refund the unobligated balance from the monitoring fee revenue.

(f) Fees collected under paragraphs (c) and (d) must be credited to the land management account in the natural resources fund and are appropriated to the commissioner of natural resources to cover the reasonable costs incurred under this section.

(g) In addition to fees specified in this section, the applicant must reimburse the state for costs incurred for cultural resources review, monitoring, or other services provided by the Minnesota Historical Society under contract with the commissioner of natural resources or the State Historic Preservation Office of the Department of Administration in connection with the easement application, preparing the easement terms, or constructing the road.

(h) Notwithstanding paragraphs (a) to (g), the commissioner of natural resources may elect to assume the application fee under paragraph (c) and waive or assume some or all of
the remaining fees and costs imposed under this section if the commissioner determines
that issuing the easement will benefit the state's land management interests.

Sec. 3. Minnesota Statutes 2020, section 84.632, is amended to read:

84.632 CONVEYANCE OF UNNEEDED STATE EASEMENTS.

(a) Notwithstanding section 92.45, the commissioner of natural resources may, in the
name of the state, release all or part of an easement acquired by the state upon application
of a landowner whose property is burdened with the easement if the easement is not needed
for state purposes.

(b) All or part of an easement may be released by payment of the market value of the
easement. The release must be in a form approved by the attorney general.

(c) Money received under paragraph (b) must be credited to the account from which
money was expended for purchase of the easement. If there is no specific account, the money
must be credited to the land acquisition account established in section 94.165.

(d) In addition to payment under paragraph (b), the commissioner of natural resources
shall assess a landowner who applies for a release under this section an application fee of
$2,000 for reviewing the application and preparing the release of easement. The applicant
shall pay the application fee to the commissioner of natural resources. The commissioner
shall not issue the release of easement until the applicant has paid the application fee in full.
The commissioner shall not return the application fee, even if the application is withdrawn
or denied.

(e) Money received under paragraph (d) must be credited to the land management account
in the natural resources fund and is appropriated to the commissioner of natural resources
to cover the reasonable costs incurred under this section.

(f) Notwithstanding paragraphs (a) to (e), the commissioner of natural resources may
elect to assume the application fee under paragraph (d) and waive or assume some or all of
the remaining fees and costs imposed under this section if the commissioner determines
that issuing the easement release will benefit the state's land management interests.

Sec. 4. Minnesota Statutes 2021 Supplement, section 92.502, is amended to read:

92.502 LEASING TAX-FORFEITED AND STATE LANDS.

(a) Notwithstanding section 282.04 or other law to the contrary, St. Louis County may
enter a 30-year lease of tax-forfeited land for a wind energy project.
(b) The commissioner of natural resources may enter a 30-year lease of land administered
by the commissioner for a wind energy project.

(c) The commissioner of natural resources may enter a 30-year lease of land administered
by the commissioner for recreational trails and facilities. The commissioner may assess
the lease applicant a monitoring fee to cover the projected reasonable costs of monitoring
construction of the recreational trail or facility and preparing special terms and conditions
of the license to ensure proper construction. The commissioner must give the applicant an
estimate of the monitoring fee before the applicant is required to submit the fee. Upon
completion of construction of the trail or facility, the commissioner must refund the
unobligated balance from the monitoring fee revenue.

(d) Notwithstanding section 282.04 or other law to the contrary, Lake and St. Louis
Counties may enter into 30-year leases of tax-forfeited land for recreational trails and
facilities.

Sec. 5. Minnesota Statutes 2020, section 282.04, subdivision 1, is amended to read:

Subdivision 1. Timber sales; land leases and uses. (a) The county auditor, with terms
and conditions set by the county board, may sell timber upon any tract that may be approved
by the natural resources commissioner. The sale of timber shall be made for cash at not less
than the appraised value determined by the county board to the highest bidder after not less
than one week's published notice in an official paper within the county. Any timber offered
at the public sale and not sold may thereafter be sold at private sale by the county auditor
at not less than the appraised value thereof, until the time as the county board may withdraw
the timber from sale. The appraised value of the timber and the forestry practices to be
followed in the cutting of said timber shall be approved by the commissioner of natural
resources.

(b) Payment of the full sale price of all timber sold on tax-forfeited lands shall be made
in cash at the time of the timber sale, except in the case of oral or sealed bid auction sales,
the down payment shall be no less than 15 percent of the appraised value, and the balance
shall be paid prior to entry. In the case of auction sales that are partitioned and sold as a
single sale with predetermined cutting blocks, the down payment shall be no less than 15
percent of the appraised price of the entire timber sale which may be held until the satisfactory
completion of the sale or applied in whole or in part to the final cutting block. The value of
each separate block must be paid in full before any cutting may begin in that block. With
the permission of the county contract administrator the purchaser may enter unpaid blocks
and cut necessary timber incidental to developing logging roads as may be needed to log
other blocks provided that no timber may be removed from an unpaid block until separately
scaled and paid for. If payment is provided as specified in this paragraph as security under
paragraph (a) and no cutting has taken place on the contract, the county auditor may credit
the security provided, less any down payment required for an auction sale under this
paragraph, to any other contract issued to the contract holder by the county under this chapter
to which the contract holder requests in writing that it be credited, provided the request and
transfer is made within the same calendar year as the security was received.

(c) The county board may sell any timber, including biomass, as appraised or scaled.

Any parcels of land from which timber is to be sold by scale of cut products shall be so
designated in the published notice of sale under paragraph (a), in which case the notice shall
contain a description of the parcels, a statement of the estimated quantity of each species
of timber, and the appraised price of each species of timber for 1,000 feet, per cord or per
piece, as the case may be. In those cases any bids offered over and above the appraised
prices shall be by percentage, the percent bid to be added to the appraised price of each of
the different species of timber advertised on the land. The purchaser of timber from the
parcels shall pay in cash at the time of sale at the rate bid for all of the timber shown in the
notice of sale as estimated to be standing on the land, and in addition shall pay at the same
rate for any additional amounts which the final scale shows to have been cut or was available
for cutting on the land at the time of sale under the terms of the sale. Where the final scale
of cut products shows that less timber was cut or was available for cutting under terms of
the sale than was originally paid for, the excess payment shall be refunded from the forfeited
tax sale fund upon the claim of the purchaser, to be audited and allowed by the county board
as in case of other claims against the county. No timber, except hardwood pulpwood, may
be removed from the parcels of land or other designated landings until scaled by a person
or persons designated by the county board and approved by the commissioner of natural
resources. Landings other than the parcel of land from which timber is cut may be designated
for scaling by the county board by written agreement with the purchaser of the timber. The
county board may, by written agreement with the purchaser and with a consumer designated
by the purchaser when the timber is sold by the county auditor, and with the approval of
the commissioner of natural resources, accept the consumer's scale of cut products delivered
at the consumer's landing. No timber shall be removed until fully paid for in cash. Small
amounts of timber not exceeding 500 cords in appraised volume may be sold for not less
than the full appraised value at private sale to individual persons without first publishing
notice of sale or calling for bids, provided that in case of a sale involving a total appraised
value of more than $200 the sale shall be made subject to final settlement on the basis of a
scale of cut products in the manner above provided and not more than two of the sales,
directly or indirectly to any individual shall be in effect at one time.

(d) As directed by the county board, the county auditor may lease tax-forfeited land to
individuals, corporations or organized subdivisions of the state at public or private sale, and
at the prices and under the terms as the county board may prescribe, for use as cottage and
camp sites and for agricultural purposes and for the purpose of taking and removing of hay,
stumpage, sand, gravel, clay, rock, marl, and black dirt from the land, and for garden sites
and other temporary uses provided that no leases shall be for a period to exceed ten years;
provided, further that any leases involving a consideration of more than $12,000 per year,
except to an organized subdivision of the state shall first be offered at public sale in the
manner provided herein for sale of timber. Upon the sale of any leased land, it shall remain
subject to the lease for not to exceed one year from the beginning of the term of the lease.
Any rent paid by the lessee for the portion of the term cut off by the cancellation shall be
refunded from the forfeited tax sale fund upon the claim of the lessee, to be audited and
allowed by the county board as in case of other claims against the county.

(e) As directed by the county board, the county auditor may lease tax-forfeited land to
individuals, corporations, or organized subdivisions of the state at public or private sale, at
the prices and under the terms as the county board may prescribe, for the purpose of taking
and removing for use for road construction and other purposes tax-forfeited stockpiled
iron-bearing material. The county auditor must determine that the material is needed and
suitable for use in the construction or maintenance of a road, tailings basin, settling basin,
dike, dam, bank fill, or other works on public or private property, and that the use would
be in the best interests of the public. No lease shall exceed ten years. The use of a stockpile
for these purposes must first be approved by the commissioner of natural resources. The
request shall be deemed approved unless the requesting county is notified to the contrary
by the commissioner of natural resources within six months after receipt of a request for
approval for use of a stockpile. Once use of a stockpile has been approved, the county may
continue to lease it for these purposes until approval is withdrawn by the commissioner of
natural resources.

(f) The county auditor, with the approval of the county board is authorized to grant
permits, licenses, and leases to tax-forfeited lands for the depositing of stripping, lean ores,
tailings, or waste products from mines or ore milling plants, or to use for facilities needed
to recover iron-bearing oxides from tailings basins or stockpiles, or for a buffer area needed
for a mining operation, upon the conditions and for the consideration and for the period of
time, not exceeding 25 years, as the county board may determine. The permits, licenses, or
leases are subject to approval by the commissioner of natural resources.

(g) Any person who removes any timber from tax-forfeited land before said timber has
been scaled and fully paid for as provided in this subdivision is guilty of a misdemeanor.

(h) The county auditor may, with the approval of the county board, and without first
offering at public sale, grant leases, for a term not exceeding 25 years, for the removal of
peat and for the production or removal of farm-grown closed-loop biomass as defined in
section 216B.2424, subdivision 1, or short-rotation woody crops from tax-forfeited lands
upon the terms and conditions as the county board may prescribe. Any lease for the removal
of peat, farm-grown closed-loop biomass, or short-rotation woody crops from tax-forfeited
lands must first be reviewed and approved by the commissioner of natural resources if the
lease covers 320 or more acres. No lease for the removal of peat, farm-grown closed-loop
biomass, or short-rotation woody crops shall be made by the county auditor pursuant to this
section without first holding a public hearing on the auditor's intention to lease. One printed
notice in a legal newspaper in the county at least ten days before the hearing, and posted
notice in the courthouse at least 20 days before the hearing shall be given of the hearing.

(i) Notwithstanding any provision of paragraph (c) to the contrary, the St. Louis County
auditor may, at the discretion of the county board, sell timber to the party who bids the
highest price for all the several kinds of timber, as provided for sales by the commissioner
of natural resources under section 90.14. Bids offered over and above the appraised price
need not be applied proportionately to the appraised price of each of the different species
of timber.

(j) In lieu of any payment or deposit required in paragraph (b), as directed by the county
board and under terms set by the county board, the county auditor may accept an irrevocable
bank letter of credit in the amount equal to the amount otherwise determined in paragraph
(b). If an irrevocable bank letter of credit is provided under this paragraph, at the written
request of the purchaser, the county may periodically allow the bank letter of credit to be
reduced by an amount proportionate to the value of timber that has been harvested and for
which the county has received payment. The remaining amount of the bank letter of credit
after a reduction under this paragraph must not be less than 20 percent of the value of the
timber purchased. If an irrevocable bank letter of credit or cash deposit is provided for the
down payment required in paragraph (b), and no cutting of timber has taken place on the
contract for which a letter of credit has been provided, the county may allow the transfer
of the letter of credit to any other contract issued to the contract holder by the county under
this chapter to which the contract holder requests in writing that it be credited.
(k) As directed by the county board, the county auditor may lease tax-forfeited land under the terms and conditions prescribed by the county board for the purposes of investigating, analyzing, and developing conservation easements that provide ecosystem services.

Sec. 6. Minnesota Statutes 2020, section 282.04, is amended by adding a subdivision to read:

Subd. 4b. Conservation easements. The county auditor, with prior review and consultation with the commissioner of natural resources and under the terms and conditions prescribed by the county board, including reversion in the event of nonuse, may convey conservation easements as defined in section 84C.01 on tax-forfeited land.

Sec. 7. ADDITION TO STATE PARK.

[85.012] [Subd. 27.] Myre-Big Island State Park, Freeborn County. The following area is added to Myre-Big Island State Park, Freeborn County: all that part of the Northeast Quarter of the Southeast Quarter of Section 11, Township 102 North, Range 21 West of the 5th principal meridian, lying South of the Chicago, Milwaukee, St. Paul and Pacific Railway, and subject to road easement on the easterly side thereof.

Sec. 8. DELETION FROM STATE FOREST.

[89.021] [Subd. 13.] Cloquet Valley State Forest. The following areas are deleted from Cloquet Valley State Forest:

(1) those parts of St. Louis County in Township 52 North, Range 16 West, described as follows:

(i) Government Lots 1, 2, 3, 4, and 5 and the Southeast Quarter of the Southeast Quarter, Northeast Quarter of the Southwest Quarter, and Southwest Quarter of the Southwest Quarter, Section 21;

(ii) Government Lots 2, 3, 4, 5, 6, 7, 8, 9, and 10 and the Northeast Quarter of the Northwest Quarter and Northwest Quarter of the Northwest Quarter, Section 22;

(iii) Government Lot 3, Section 23;

(iv) Government Lot 2, Section 24;

(v) Government Lots 1, 4, 5, 6, 7, 8, 9, and 10, Section 25;

(vi) Government Lot 1, Section 26;
(vii) Government Lots 2 and 7, Section 26;

(viii) Government Lots 3 and 4, Section 27, reserving unto grantor and grantor's successors and assigns a 66-foot-wide access road easement across said Government Lot 3 for the purpose of access to grantor's or grantor's successor's or assign's land and grantor's presently owned land that may be sold, assigned, or transferred in Government Lot 1, Section 27, said access road being measured 33 feet from each side of the centerline of that road that is presently existing at various widths and running in a generally southwesterly-northeasterly direction;

(ix) Government Lots 1 and 2, Section 28;

(x) Government Lots 1, 2, 3, and 5 and the Northeast Quarter of the Northeast Quarter and Southwest Quarter of the Northeast Quarter, Section 29;

(xi) Government Lots 1, 2, 3, and 4, Section 31, reserving unto grantor and grantor's successors and assigns a 66-foot-wide access road easement across said Government Lots 1, 2, and 3 for the purpose of access to grantor's or grantor's successor's or assign's land and grantor's presently owned lands that may be sold, assigned, or transferred in Government Lot 4, Section 29, said access road being measured 33 feet from each side of the centerline of that road that is presently existing at various widths and running in a generally East-West direction and any future extensions thereof as may be reasonably necessary to provide the access contemplated herein;

(xii) Government Lots 5, 7, 8, and 9, Section 31;

(xiii) Government Lots 1 and 2, an undivided two-thirds interest in the Northeast Quarter of the Northwest Quarter, an undivided two-thirds interest in the Southeast Quarter of the Northwest Quarter, and an undivided two-thirds interest in the Southwest Quarter of the Northwest Quarter, Section 32, reserving unto grantor and grantor's successors and assigns an access road easement across the West 66 feet of the North 66 feet of said Government Lot 1 for the purpose of access to grantor's or grantor's successor's or assign's land and grantor's presently owned land that may be sold, assigned, or transferred in Government Lot 4, Section 29; and

(xiv) the Northeast Quarter of the Northeast Quarter, Section 35;

(2) those parts of St. Louis County in Township 53 North, Range 13 West, described as follows:

(i) all that part of the Northwest Quarter of the Northwest Quarter lying North and West of the Little Cloquet River, Section 4;
(ii) Government Lots 1, 2, 3, 4, and 5 and the Northeast Quarter of the Northeast Quarter,
Northwest Quarter of the Northeast Quarter, Southwest Quarter of the Northeast Quarter,
Northeast Quarter of the Northwest Quarter, Southeast Quarter of the Northwest Quarter,
Northeast Quarter of the Southwest Quarter, and Southwest Quarter of the Northwest Quarter,
Section 5;

(iii) Government Lots 1, 2, and 4 and the Northwest Quarter of the Southeast Quarter,
Southeast Quarter of the Southeast Quarter, Southwest Quarter of the Southeast Quarter,
Southeast Quarter of the Southwest Quarter, and Southwest Quarter of the Southwest Quarter,
Section 6;

(iv) Government Lots 1, 2, 3, 4, 5, 6, and 7 and the Northwest Quarter of the Northeast
Quarter, Northeast Quarter of the Northwest Quarter, Northwest Quarter of the Northwest
Quarter, Southeast Quarter of the Northwest Quarter, Southwest Quarter of the Northwest
Quarter, Southeast Quarter of the Southeast Quarter, and Northeast Quarter of the Southwest
Quarter, Section 7;

(v) Government Lots 1 and 2 and the Northeast Quarter of the Northeast Quarter,
Northwest Quarter of the Northeast Quarter, Southeast Quarter of the Northeast Quarter,
Southwest Quarter of the Northeast Quarter, Northeast Quarter of the Southwest Quarter,
Northwest Quarter of the Southwest Quarter, and Southwest Quarter of the Southwest Quarter,
Section 8; and

(vi) the Northeast Quarter of the Northwest Quarter, Northwest Quarter of the Northwest
Quarter, Southeast Quarter of the Northwest Quarter, and Southwest Quarter of the Northwest
Quarter, Section 17;

(3) those parts of St. Louis County in Township 54 North, Range 13 West, described as
follows:

(i) Government Lots 1, 4, 5, 6, and 7, Section 20;

(ii) Government Lots 3, 4, 6, 7, and 8 and the Southeast Quarter of the Southwest Quarter,
Section 21;

(iii) Government Lots 1, 2, 3, 4, 5, and 7, Section 29;

(iv) Government Lots 1, 2, 3, 4, 9, and 10, Section 30; and

(v) Government Lots 5, 6, and 7 and the Northeast Quarter of the Northeast Quarter,
Northwest Quarter of the Northeast Quarter, Southwest Quarter of the Northeast Quarter,
Southeast Quarter of the Northeast Quarter, and Northwest Quarter of the Southeast Quarter,
Section 31;
(4) those parts of St. Louis County in Township 54 North, Range 16 West, described as follows:

(i) Government Lots 2, 3, and 4 and the Northwest Quarter of the Southwest Quarter, Southeast Quarter of the Northwest Quarter, Southeast Quarter of the Northeast Quarter, and Southwest Quarter of the Northeast Quarter, Section 1;

(ii) Government Lots 1, 2, 3, 4, 6, 7, and 8 and the Northwest Quarter of the Southeast Quarter, Northeast Quarter of the Southeast Quarter, Southwest Quarter of the Southeast Quarter, Southeast Quarter of the Southeast Quarter, Southeast Quarter of the Southwest Quarter, and Southeast Quarter of the Northeast Quarter, Section 2;

(iii) all that part of Government Lot 9 lying South of the Whiteface River and West of County Road 547, also known as Comstock Lake Road, Section 3; and

(iv) Government Lots 3 and 4 and the Southwest Quarter of the Northeast Quarter and Southwest Quarter of the Northeast Quarter, Section 10;

(5) those parts of St. Louis County in Township 55 North, Range 15 West, described as follows:

(i) Government Lots 1 and 2, Section 11;

(ii) Government Lot 9, except the Highway 4 right-of-way, Section 11;

(iii) Government Lot 10, except the Highway 4 right-of-way, Section 11;

(iv) Government Lots 2, 3, 4, 5, 6, and 7, Section 15;

(v) Government Lots 2, 3, 5, 6, 7, and 8 and the Northeast Quarter of the Southwest Quarter, Section 21;

(vi) the Southwest Quarter of the Northeast Quarter, reserving unto grantor and grantor's successors and assigns a 66-foot-wide access easement across said Southwest Quarter of the Northeast Quarter for the purpose of access to grantor's or grantor's successor's or assign's land and grantor's presently owned land that may be sold, assigned, or transferred in Government Lot 4, Section 21, Township 55 North, Range 15 West, said access road being measured 33 feet on each side of the centerline of that road that is presently existing and known as the Whiteface Truck Trail, Section 21;

(vii) Government Lots 1, 2, and 3, Section 22;

(viii) Government Lots 1 and 2 and the Northeast Quarter of the Northwest Quarter, Section 28;
(ix) Government Lots 1, 4, 6, 8, and 9 and the Northeast Quarter of the Northeast Quarter, 
Northeast Quarter of the Southeast Quarter, and Northwest Quarter of the Southwest Quarter, 
Section 29;

(x) Government Lots 3 and 4 and the Northeast Quarter of the Southeast Quarter, 
Northeast Quarter of the Southwest Quarter, and Southeast Quarter of the Southwest Quarter, 
Section 30;

(xi) Government Lots 2, 3, 4, 5, 6, 8, 9, 10, and 11 and the Northeast Quarter of the 
Southwest Quarter, Section 31; and

(xii) Government Lot 1, Section 32; and

(6) those parts of St. Louis County in Township 55 North, Range 16 West, described as 
follows:

(i) the Southwest Quarter of the Southeast Quarter, reserving unto grantor and grantor's 
successors and assigns a 66-foot-wide access road easement across said Southwest Quarter 
of the Southeast Quarter for the purpose of access to grantor's or grantor's successor's or 
assign's land and grantor's presently owned land that may be sold, assigned, or transferred 
in Government Lot 5, Section 1, Township 54 North, Range 16 West, Section 35; and

(ii) the Southeast Quarter of the Southeast Quarter, reserving unto grantor and grantor's 
successors and assigns a 66-foot-wide access road easement across said Southeast Quarter 
of the Southeast Quarter for the purpose of access to grantor's or grantor's successor's or 
assign's land and grantor's presently owned land that may be sold, assigned, or transferred 
in Government Lot 5, Section 1, Township 54 North, Range 16 West, Section 35.

Sec. 9. ADDITION TO STATE FOREST.

[89.021] [Subd. 42a.] Riverlands State Forest. Those parts of St. Louis County 
described as follows are added to Riverlands State Forest:

(1) the Northwest Quarter of the Northwest Quarter, Section 16, Township 50 North, 
Range 17 West;

(2) Government Lot 9, Section 26, Township 50 North, Range 17 West;

(3) the Northeast Quarter of the Southeast Quarter, Section 30, Township 51 North, 
Range 19 West;

(4) Government Lot 6, Section 22, Township 51 North, Range 20 West; and

(5) Government Lot 9, Section 24, Township 52 North, Range 20 West.
Sec. 10. PRIVATE SALE OF TAX-FORFEITED LAND; BELTRAMI COUNTY.

(a) Notwithstanding the public sale provisions of Minnesota Statutes, chapter 282, or other law to the contrary, Beltrami County may sell by private sale the tax-forfeited land described in paragraph (c).

(b) The conveyance must be in a form approved by the attorney general. The attorney general may make changes to the land description to correct errors and ensure accuracy.

(c) The land to be sold is part of parcel number 45.00258.00 described as: that part of Government Lot 3, Section 31, Township 148 North, Range 31 West, Beltrami County, Minnesota, described as follows:

Commencing at the southwest corner of said Section 31; thence North 89 degrees 46 minutes 25 seconds East, bearing based on the Beltrami County Coordinate System, South Zone, along the south line of said Section 31, a distance of 960.47 feet; thence North 01 degrees 00 minutes 40 seconds West a distance of 2,116.07 feet to the point of beginning of land to be described, said point designated by an iron pipe, 1/2 inch in diameter, stamped LS 15483; thence continue North 01 degree 00 minutes 40 seconds West a distance of 108.00 feet to a point designated by an iron pipe, 1/2 inch in diameter, stamped LS 15483; thence North 88 degrees 59 minutes 20 seconds East a distance of 60.00 feet to the intersection with the east line of said Government Lot 3; thence South 01 degree 00 minutes 40 seconds East, along said east line of Government Lot 3, a distance of 108.00 feet to the intersection with a line bearing North 88 degrees 59 minutes 20 seconds East from the point of beginning; thence South 88 degrees 59 seconds 20 minutes West, along said line, a distance of 60.00 feet to the point of beginning (0.15 acre).

(d) The county has determined that the county's land management interests would best be served if the lands were returned to private ownership.

Sec. 11. PUBLIC SALE OF SURPLUS STATE LAND BORDERING PUBLIC WATER; CASS COUNTY.

(a) Notwithstanding Minnesota Statutes, section 92.45, the commissioner of natural resources may sell by public sale the surplus land bordering public water that is described in paragraph (c).

(b) The commissioner may make necessary changes to the legal description to correct errors and ensure accuracy.

(c) The land that may be sold is located in Cass County and is described as:

(1) the West 970 feet of the Northeast Quarter of the Southwest Quarter of Section 32, Township 135 North, Range 29 West, Cass County, Minnesota, EXCEPT therefrom a rectangular piece in the southeast corner thereof 370 feet North and South by 420 feet East and West; and
(2) that part of Government Lot 6 of said Section 32, described as follows: beginning
at the northwest corner of said Government Lot 6; thence East along the north line of said
Government Lot 6 550 feet; thence South 30 degrees West 528 feet, more or less, to shoreline
of Agate Lake; thence northwest along said shoreline of Agate Lake to the west line of said
Government Lot 6; thence northerly along said west line 260 feet, more or less, to the point
of beginning.

(d) The land borders Agate Lake and is not contiguous to other state lands. The
Department of Natural Resources has determined that the land is not needed for natural
resource purposes and that the state's land management interests would best be served if
the land was returned to private ownership.

Sec. 12. PUBLIC SALE OF SURPLUS STATE LAND BORDERING PUBLIC
WATER; FILLMORE COUNTY.

(a) Notwithstanding Minnesota Statutes, section 92.45, the commissioner of natural
resources may sell by public sale the surplus land bordering public water that is described
in paragraph (c), subject to the state's reservation of trout stream easements.

(b) The commissioner may make necessary changes to the legal description to correct
errors and ensure accuracy.

(c) The land that may be sold is located in Fillmore County and is described as: the South
13 acres, except the East 2 acres thereof, of the Northwest Quarter of the Southeast Quarter,
Section 21, Township 103, Range 10 West, Fillmore County, Minnesota, excepting therefrom
the Harmony-Preston Valley State Trail corridor, formerly the Chicago, Milwaukee, St.
Paul and Pacific Railroad Company right-of-way.

(d) The land borders the Root River and Watson Creek and is not contiguous to other
state lands. The Department of Natural Resources has determined that the land is not needed
for natural resource purposes, provided that trout stream easements are reserved on the Root
River and Watson Creek, and that the state's land management interests would best be served
if the land was returned to private ownership.

Sec. 13. CONVEYANCE OF TAX-FORFEITED LAND BORDERING PUBLIC
WATER; GOODHUE COUNTY.

(a) Notwithstanding Minnesota Statutes, sections 92.45 and 282.018, subdivision 1, and
the public sale provisions of Minnesota Statutes, chapter 282, Goodhue County may convey
to the city of Wanamingo for no consideration the tax-forfeited land bordering public water
that is described in paragraph (c).

(b) The conveyance must be in a form approved by the attorney general and provide
that the land reverts to the state if the city of Wanamingo stops using the land for the public
purpose described in paragraph (d). The attorney general may make changes to the land
description to correct errors and ensure accuracy.

(c) The land to be conveyed is located in Goodhue County and is described as: That part
of the Southeast Quarter of Section 30, Township 110 North, Range 16 West, Goodhue
County, Minnesota, described as follows: Commencing at the northeast corner of Lot 7,
Block 2, Axelson's Hillcrest Addition, according to the recorded plat thereof; thence South
89 degrees 48 minutes 15 seconds East (assuming that the east line of Axelson's Hillcrest
Addition also being the west line of the Southeast Quarter of said Section 30, has a bearing
of North 00 degrees 11 minutes 45 seconds East), a distance of 30.00 feet; thence North 00
degrees 11 minutes 45 seconds East, a distance of 342.00 feet to the point of beginning;
thence South 89 degrees 48 minutes 15 seconds East, a distance of 60.00 feet; thence North
00 degrees 11 minutes 45 seconds East, a distance of 280.00 feet; thence South 89 degrees
48 minutes 15 seconds East, a distance of 60.00 feet; thence North 00 degrees 11 minutes
45 seconds East, a distance of 394 feet, more or less to the north line of the Southeast Quarter
of said Section 30, thence westerly, along said north line, a distance of 150.00 feet, more
or less, to the northwest corner of said Southeast Quarter; thence South 00 degrees 11
minutes 45 seconds West, along the west line of said Southeast Quarter, a distance of 674
feet, more or less, to an intersection with a line bearing North 89 degrees 48 minutes 15
seconds West from said point of beginning; thence South 89 degrees 48 minutes 15 seconds
East, a distance of 30.00 feet to the point of beginning. EXCEPT that part of the above
description now platted as Emerald Valley (parcel number 70.380.0710).

(d) The county has determined that the land is needed for a park trail extension.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 14. PRIVATE SALE OF SURPLUS LAND BORDERING PUBLIC WATER;
HENNEPIN COUNTY.

(a) Notwithstanding Minnesota Statutes, sections 92.45, 94.09, and 94.10, the
commissioner of natural resources may sell by private sale the surplus land bordering public
water that is described in paragraph (c) to a local unit of government for less than market
value.
(b) The commissioner may make necessary changes to the legal description to correct errors and ensure accuracy.

c) The land that may be conveyed is located in Hennepin County and is described as:

all those parts of Government Lot 5, Section 35, Township 118, Range 23, lying northerly and northwesterly of East Long Lake Road, as it existed in 2021, easterly of a line drawn parallel with and distant 924.88 feet westerly of the east line of said Government Lot 5, and southerly of a line drawn westerly at a right angle to the east line of said Government Lot 5 from a point distant 620 feet South of the northeast corner of said Government Lot 5.

d) The land borders Long Lake. The Department of Natural Resources has determined that the land is not needed for natural resource purposes and that the state's land management interests would best be served if the land were conveyed to a local unit of government.

Sec. 15. PUBLIC SALE OF SURPLUS STATE LAND BORDERING PUBLIC WATER; ITASCA COUNTY.

(a) Notwithstanding Minnesota Statutes, section 92.45, the commissioner of natural resources may sell by public sale the surplus land bordering public water that is described in paragraph (c).

(b) The commissioner may make necessary changes to the legal description to correct errors and ensure accuracy.

c) The land that may be sold is located in Itasca County and is described as:

(1) the North 1,050.00 feet of Government Lot 1, Section 16, Township 55 North, Range 24 West of the fourth principal meridian, except that part described as follows: commencing at the southeast corner of said Government Lot 1; thence North 0 degrees 46 minutes 09 seconds East, bearing assumed, along the east line thereof, a distance of 280.00 feet to the point of beginning; thence North 89 degrees 13 minutes 51 seconds West, a distance of 345.00 feet; thence South 0 degrees 46 minutes 09 seconds West, a distance of 21.60 feet to its intersection with the south line of the North 1,050.00 feet of said Government Lot 1; thence South 89 degrees 08 minutes 51 seconds East along the south line of the North 1,050.00 feet of said Government Lot 1, a distance of 345.00 feet to the east line of said Government Lot 1; thence North 0 degrees 46 minutes 09 seconds East, along the east line of said Government Lot 1, a distance of 22.10 feet to the point of beginning. Subject to an easement for ingress and egress over 66.00 feet in width, over, under, and across part of Government Lot 1, Section 16, Township 55, Range 24. The centerline of said easement is described as follows: commencing at the northeast corner of said Government Lot 1; thence
South 0 degrees 46 minutes 09 seconds West, bearing assumed, along the east line thereof, a distance of 750.00 feet to the point of beginning of the centerline to be described; thence North 89 degrees 08 minutes 51 seconds West, a distance of 845.00 feet; thence South 7 degrees 18 minutes 51 seconds East, a distance of 302.89 feet, and there terminating; and

(2) Lots 1 through 4 of Block 2 and Outlot "B," Loons Landing, according to the plat thereof on file and of record in the Office of the Itasca County Recorder.

(d) The land borders Trout Lake. The Department of Natural Resources has determined that the land is not needed for natural resource purposes and that the state's land management interests would best be served if the land was returned to private ownership.

Sec. 16. PRIVATE SALE OF SURPLUS STATE LAND; PINE COUNTY.

(a) Notwithstanding Minnesota Statutes, sections 94.09 and 94.10, the commissioner of natural resources may sell by private sale the surplus land that is described in paragraph (c), subject to the state's reservation of a perpetual flowage easement.

(b) The commissioner may make necessary changes to the legal description to correct errors and ensure accuracy.

(c) The land that may be sold is located in Pine County and is described as: the north 2 rods of the Southeast Quarter of Section 10, Township 38 North, Range 22 West, Pine County, Minnesota.

(d) The Department of Natural Resources has determined that the land is not needed for natural resource purposes and that the state's land management interests would best be served if the land was returned to private ownership.

Sec. 17. LAND EXCHANGE; ST. LOUIS COUNTY.

(a) Notwithstanding Minnesota Statutes, section 92.461, and the riparian restrictions in Minnesota Statutes, section 94.342, subdivision 3, St. Louis County may, with the approval of the Land Exchange Board as required under the Minnesota Constitution, article XI, section 10, and according to the remaining provisions of Minnesota Statutes, sections 94.342 to 94.347, exchange the land described in paragraph (c).

(b) The conveyance must be in the form approved by the attorney general. The attorney general may make necessary changes to the legal description to correct errors and ensure accuracy.
(c) The lands that may be conveyed are located in St. Louis County and are described as:

(1) Sections 1 and 2, Township 53 North, Range 18 West;
(2) Sections 19, 20, 29, 30, 31, and 32, Township 54 North, Range 17 West;
(3) Sections 24, 25, 26, and 35, Township 54 North, Range 18 West;
(4) Sections 22, 23, 26, and 27, Township 54 North, Range 19 West; and
(5) Sections 8, 9, 17, and 18, Township 55 North, Range 18 West.

Sec. 18. LAND ACQUISITION TRUST FUND; ST. LOUIS COUNTY.

Notwithstanding Minnesota Statutes, chapter 282, and any other law relating to the apportionment of proceeds from the sale of tax-forfeited land, St. Louis County may deposit proceeds from the sale of tax-forfeited lands into a tax-forfeited land acquisition trust fund established by St. Louis County under this section. The principal and interest from the fund may be spent on the purchase of lands better suited for retention and management by St. Louis County. Lands purchased with money from the land acquisition trust fund must:

(1) become subject to a trust in favor of the governmental subdivision wherein the lands lie and all laws related to tax-forfeited lands; and
(2) be used for forestry, mineral management, or environmental services.

Sec. 19. PRIVATE SALE OF TAX-FORFEITED LANDS; ST. LOUIS COUNTY.

(a) Notwithstanding the public sale provisions of Minnesota Statutes, chapter 282, or other law to the contrary, St. Louis County may sell by private sale the tax-forfeited lands described in paragraph (c).

(b) The conveyances must be in a form approved by the attorney general. The attorney general may make changes to the land descriptions to correct errors and ensure accuracy.

(c) The lands to be sold are located in St. Louis County and are described as:

(1) Lots 23 through 30, including part of adjacent vacant alley, Block 54, Bay View Addition to Duluth No. 2, Township 49, Range 15, Section 11 (parcel identification number 010-0230-03300); and
(2) Lot 2, except the South 760 feet, Township 62, Range 20, Section 18 (part of parcel identification number 430-0010-02916).
(d) The county has determined that the county’s land management interests would best be served if the lands were returned to private ownership.

Sec. 20. PRIVATE SALE OF SURPLUS LAND BORDERING PUBLIC WATER; SHERBURNE COUNTY.

(a) Notwithstanding Minnesota Statutes, sections 92.45, 94.09, and 94.10, the commissioner of natural resources may sell by private sale the surplus land bordering public water that is described in paragraph (c) for less than market value.

(b) The commissioner may make necessary changes to the legal description to correct errors and ensure accuracy.

(c) The land that may be conveyed is located in Sherburne County and is described as:
that part of the North 595.50 feet of Government Lot 6, Section 31, Township 34 North, Range 27 West, Sherburne County, Minnesota, lying southerly of the following described line: commencing at a Minnesota Department of Conservation monument on the south line of the said North 595.50 feet; thence North 89 degrees 38 minutes 17 seconds West, bearing per plat of Eagle Lake Estates Boundary Registration, along said south line 71.28 feet to a Judicial Land Mark; thence North 21 degrees 51 minutes 43 seconds West, along the easterly line of Outlot A of said Eagle Lake Estates Boundary Registration 27.5 feet to the point of beginning; thence North 80 degrees East 72 feet, more or less, to the shoreline of Eagle Lake and there terminating.

(d) The Department of Natural Resources has determined that the land is not needed for natural resource purposes and that the state's land management interests would best be served if the land were returned to private ownership.

Sec. 21. AUTHORIZATION OF ADJUTANT GENERAL TO EXCHANGE SURPLUS PROPERTY WITHIN THE CITY OF ROSEMOUNT.

(a) Notwithstanding Minnesota Statutes, sections 94.3495 and 193.36, the adjutant general of the Minnesota National Guard may, with the approval of the Land Exchange Board as required under the Minnesota Constitution, article XI, section 10, exchange the surplus land described in paragraph (b) for an equal amount of land owned by the city of Rosemount, regardless of a difference in market value.

(b) The land to be exchanged is within the city of Rosemount adjacent to a Minnesota National Guard field maintenance shop.
Sec. 22. **REPEALER.**

Laws 2012, chapter 236, section 28, subdivision 9, as amended by Laws 2016, chapter 154, section 11, and Laws 2019, First Special Session chapter 4, article 4, section 7, is repealed.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
86B.101 WATERCRAFT SAFETY PROGRAM.

Subdivision 1. Safety program. The commissioner shall continue and expand the comprehensive boat safety and education program. The commissioner shall cooperate with boaters, governmental subdivisions, state agencies, other states, and the federal government in the operation of the program.

Subd. 2. Youth watercraft safety course. (a) The commissioner shall establish an educational course and a testing program for personal watercraft and watercraft operators and for persons age 12 or older but younger than age 18 required to take the watercraft safety course. The commissioner shall prescribe a written test as part of the course. A personal watercraft educational course and testing program that emphasizes safe and legal operation must be required for persons age 13 or older but younger than age 18 operating personal watercraft.

   (b) The commissioner shall issue a watercraft operator's permit to a person age 12 or older but younger than age 18 who successfully completes the educational program and the written test.

Subd. 3. Operator's permit. The commissioner shall issue a watercraft operator's permit to a person who successfully qualifies for a watercraft operator's permit under the boat safety education program.

Subd. 4. Boat safety education program; reciprocity with other states. The commissioner may enter into reciprocity agreements or otherwise certify boat safety education programs from other states that are substantially similar to in-state programs. The commissioner shall issue a watercraft operator's permit to a person who provides proof of completion of a program subject to a reciprocity agreement or certified as substantially similar.

86B.305 YOUTH OPERATORS.

Subdivision 1. Under age 12. (a) Except in case of an emergency, a person under age 12 may not operate or be allowed to operate a watercraft propelled by a motor with a factory rating of more than 25 horsepower unless there is present in the watercraft, in addition to the operator, at least one person age 21 or older who is within immediate reach of the controls of the motor. For purposes of section 169A.20, the person age 21 or older, as well as the actual operator, is in physical control of the motorboat.

   (b) A person under age 12 may not operate or be allowed to operate a watercraft propelled by a motor with a factory rating of more than 75 horsepower.

Subd. 2. Age 12 to 17; permit required. Except as provided in this subdivision, a person age 12 or older and younger than age 18 may not operate a motorboat powered by a motor over 25 horsepower without possessing a valid watercraft operator's permit from this state or from the operator's state of residence unless there is a person age 21 or older in the motorboat who is within immediate reach of the controls of the motor. For purposes of section 169A.20, the person age 21 or older, as well as the actual operator, is in physical control of the motorboat.

Subd. 3. Owners may not allow certain uses. An owner of a watercraft may not allow a watercraft to be operated contrary to the provisions of subdivision 2.

86B.313 PERSONAL WATERCRAFT; REGULATIONS.

Subd. 2. Age of operator. Except in the case of an emergency, a person under the age of 13 years may not operate or be permitted to operate a personal watercraft, regardless of horsepower. It is unlawful for the owner of a personal watercraft to permit the personal watercraft to be operated contrary to this subdivision.

Subd. 3. Operator's permit; adult supervision. Except in the case of an emergency, a person 13 years of age or over but less than 18 years of age may not operate a personal watercraft, regardless of horsepower, without possessing a valid watercraft operator's permit as required by section 86B.305, unless there is a person 21 years of age or older on board the craft. In addition to the permit requirement, a person 13 years of age operating a personal watercraft must remain under visual supervision by a person who is 21 years of age or older. An owner of a personal watercraft may not permit the personal watercraft to be operated contrary to this subdivision.

97C.605 TURTLES.

Subd. 2. Turtle seller's license. (a) A person may not take, possess, buy, or transport turtles for sale; sell turtles; or take turtles for sale using commercial equipment without a turtle seller's license, except as provided in subdivision 2c.

   (b) Except for renewals, no new turtle seller's licenses may be issued after August 1, 2002.
(c) A turtle seller's license is transferable by the turtle seller licensee by making application to the commissioner. A turtle seller's license may be transferred only once under this paragraph and the transfer must be to a child of the person holding the turtle seller's license.

Subd. 2a. Recreational turtle license. A person who does not possess a turtle seller's license must obtain a recreational turtle license to take turtles for personal use with commercial equipment.

Subd. 2b. Turtle seller's apprentice license. (a) A person with a turtle seller's license may list one person as an apprentice on the license. A person acting as an apprentice for a turtle seller licensee must have an apprentice license and may assist the turtle licensee in all licensed activities.

(b) The turtle seller licensee or turtle seller's apprentice licensee must be present at all turtle operations conducted under the turtle seller's license. Turtle operations include going to and from turtle harvest locations; setting, lifting, and removing commercial turtle equipment; taking turtles out of equipment; and transporting turtles from harvest locations.

(c) A turtle seller's apprentice license is transferable by the turtle seller licensee by making application to the commissioner. A person listed as an apprentice by a turtle seller licensee must not be listed as an apprentice by another turtle seller licensee nor may an apprentice possess a turtle seller's license or a recreational turtle license.

Subd. 5. Interfering with commercial or recreational turtle operations. A person may not:

1. knowingly place or maintain an obstruction that will hinder, prevent, or interfere with a licensed turtle operation;
2. remove turtles, other wild animals, or fish from a floating or submerged trap licensed under the game and fish laws; or
3. knowingly damage, disturb, or interfere with a licensed turtle operation.

325E.389 ITEMS CONTAINING LEAD PROHIBITED.

Subdivision 1. Definitions. For purposes of this section, the following definitions apply.

(a) "Body piercing jewelry" means any part of jewelry that is manufactured or sold for placement in a new piercing or a mucous membrane, but does not include any part of that jewelry that is not placed within a new piercing or a mucous membrane.

(b) "Children" means children age six and younger.

(c) "Children's jewelry" means jewelry that is made for, marketed for use by, or marketed to children. For purposes of this section, children's jewelry includes, but is not limited to, jewelry that meets any of the following conditions:

1. is represented in its packaging, display, or advertising as appropriate for use by children;
2. is sold in conjunction with, attached to, or packaged together with other products that are packaged, displayed, or advertised as appropriate for use by children;
3. is sized for children and not intended for use by adults; or
4. is sold in any of the following:
   i. a vending machine;
   ii. retail store, catalog, or website in which a person exclusively offers for sale products that are packaged, displayed, or advertised as appropriate for use by children; or
   iii. a discrete portion of a retail store, catalog, or website in which a person offers for sale products that are packaged, displayed, or advertised as appropriate for use by children.

(d) "Class 1 material" means any of the following materials:

1. stainless or surgical steel;
2. karat gold;
3. sterling silver;
4. platinum, palladium, iridium, ruthenium, rhodium, or osmium;
5. natural or cultured pearls;
(6) glass, ceramic, or crystal decorative components including cat's eye; cubic zirconia, including cubic zirconium or CZ; rhinestones; and cloisonné;

(7) a gemstone that is cut and polished for ornamental purposes, except that the following gemstones are not Class 1 materials: aragonite, bayldonite, boleite, cerussite, crocoite, ekanite, linarite, mimetite, phosgenite, samarskite, vanadinite, and wulfenite;

(8) elastic, fabric, ribbon, rope, or string, unless it contains intentionally added lead and is listed as a Class 2 material;

(9) all natural decorative material including amber, bone, coral, feathers, fur, horn, leather, shell, and wood that is in its natural state and is not treated in a way that adds lead; or

(10) adhesive.

(e) "Class 2 material" means any of the following materials:

(1) electroplated metal that meets the following standards:

   (i) on and before August 30, 2009, a metal alloy with less than ten percent lead by weight that is electroplated with suitable under and finish coats; or

   (ii) on and after August 31, 2009, a metal alloy with less than six percent lead by weight that is electroplated with suitable under and finish coats;

(2) unplated metal with less than 1.5 percent lead that is not otherwise listed as a Class 1 material;

(3) plastic or rubber including acrylic, polystyrene, plastic beads and stones, and polyvinyl chloride (PVC) that meets the following standards:

   (i) on and before August 30, 2009, less than 0.06 percent (600 parts per million) lead by weight; and

   (ii) on and after August 31, 2009, less than 0.02 percent (200 parts per million) lead by weight; and

(4) a dye or surface coating containing less than 0.06 percent (600 parts per million) lead by weight.

(f) "Class 3 material" means any portion of jewelry that meets both of the following criteria:

(1) is not a Class 1 or Class 2 material; and

(2) contains less than 0.06 percent (600 parts per million) lead by weight.

(g) "Component" means any part of jewelry.

(h) "EPA reference methods 3050B (Acid Digestion of Sediments, Sludges, and Soils) or 3051 (Microwave Assisted Digestion/Sludge, Soils)" means those test methods incorporated by reference in Code of Federal Regulations, title 40, section 260.11, paragraph (11), subdivision (a).

   (i) "Jewelry" means:

      (1) any of the following ornaments worn by a person: anklet, arm cuff, bracelet, brooch, chain, crown, cuff link, decorated hair accessories, earring, necklace, pin, ring, or body piercing jewelry; or

      (2) any bead, chain, link, pendant, or other component of such an ornament.

   (j) "Surface coating" means a fluid, semifluid, or other material, with or without a suspension of finely divided coloring matter, that changes to a solid film when a thin layer is applied to a metal, wood, stone, paper, leather, cloth, plastic, or other surface. Surface coating does not include a printing ink or a material that actually becomes a part of the substrate including, but not limited to, pigment in a plastic article or a material that is actually bonded to the substrate, such as by electroplating or ceramic glazing.

Subd. 2. Sale prohibited. (a) No person shall manufacture any jewelry that is offered for sale in Minnesota unless the jewelry is made entirely from a Class 1, Class 2, or Class 3 material, or any combination thereof.

(b) No person shall offer for sale, sell, label, or distribute for free any jewelry represented to contain safe levels of lead, unless the jewelry is made entirely from a Class 1, Class 2, or Class 3 material, or any combination thereof.
(c) Notwithstanding paragraph (a), no person shall manufacture any children’s jewelry that is offered for sale in Minnesota unless the children’s jewelry is made entirely from one or more of the following materials:

1. a nonmetallic material that is a Class 1 material;
2. a nonmetallic material that is a Class 2 material;
3. a metallic material that is either a Class 1 material or contains less than 0.06 percent (600 parts per million) lead by weight;
4. glass or crystal decorative components that weigh in total no more than one gram, excluding any glass or crystal decorative component that contains less than 0.02 percent (200 parts per million) lead by weight and has no intentionally added lead;
5. printing ink or ceramic glaze that contains less than 0.06 percent (600 parts per million) lead by weight; or
6. Class 3 material that contains less than 0.02 percent (200 parts per million) lead by weight.

(d) Notwithstanding paragraph (b), no person shall offer for sale, sell, distribute for free, or label any jewelry as children’s jewelry represented to contain safe levels of lead, unless the jewelry is made entirely from one or more of the following materials:

1. a nonmetallic material that is a Class 1 material;
2. a nonmetallic material that is a Class 2 material;
3. a metallic material that is either a Class 1 material or contains less than 0.06 percent (600 parts per million) lead by weight;
4. glass or crystal decorative components that weigh in total no more than one gram, excluding any glass or crystal decorative component that contains less than 0.02 percent (200 parts per million) lead by weight and has no intentionally added lead;
5. printing ink or ceramic glaze that contains less than 0.06 percent (600 parts per million) lead by weight; or
6. Class 3 material that contains less than 0.02 percent (200 parts per million) lead by weight.

(e) Notwithstanding paragraph (a), no person shall manufacture any body piercing jewelry that is offered for sale in Minnesota unless the body piercing jewelry is made of one or more of the following materials:

1. surgical implant stainless steel; or
2. surgical implant grade of titanium, niobium (Nb), solid 14-karat or higher white or yellow nickel-free gold, solid platinum, or a dense low-porosity plastic including, but not limited to, Tygon or polytetrafluoroethylene (PTFE), if the plastic contains no intentionally added lead.

(f) No person shall offer for sale, sell, label, or distribute for free any body piercing jewelry represented to contain safe levels of lead unless the body piercing jewelry is made of one or more of the following materials:

1. surgical implant stainless steel; or
2. surgical implant grade of titanium, niobium (Nb), solid 14-karat or higher white or yellow nickel-free gold, solid platinum, or a dense low-porosity plastic including, but not limited to, Tygon or polytetrafluoroethylene (PTFE), if the plastic contains no intentionally added lead.

(g) The prohibitions under this section do not apply to sales or free distribution of jewelry by a nonprofit organization described in section 501(c)(3) of the Internal Revenue Code or to isolated and occasional sales of jewelry not made in the normal course of business.

Subd. 3. Testing methods. (a) The testing methods for determining compliance with this section must be conducted using EPA reference method 3050B or 3051 for the material being tested, except as otherwise provided in subdivision 4 and in accordance with all of the following procedures:

1. When preparing a sample, the laboratory shall make every effort to ensure that the sample removed from a jewelry piece is representative of the component to be tested, and is free of contamination from extraneous dirt and material not related to the component to be tested;
(2) all component samples must be washed before testing using standard laboratory detergent, rinsed with laboratory reagent-grade deionized water, and dried in a clean ambient environment;

(3) if a component is required to be cut or scraped to obtain a sample, the metal snips, scissors, or other cutting tools used for the cutting or scraping must be made of stainless steel and washed and rinsed before each use and between samples;

(4) a sample must be digested in a container that is known to be free of lead and with the use of an acid that is not contaminated by lead, including analytical reagent-grade digestion acids and reagent-grade deionized water;

(5) method blanks, consisting of all reagents used in sample preparation handled, digested, and made to volume in the same exact manner and in the same container type as samples, must be tested with each group of 20 or fewer samples tested; and

(6) the results for the method blanks must be reported with each group of sample results and must be below the stated reporting limit for sample results to be considered valid.

(b) A material does not meet an applicable lead standard set forth in this section if any of the following occurs:

(1) the mean lead level of one or two samples of the material exceeds 300 percent of the applicable limit for a component;

(2) the mean lead level of three samples of the material exceeds 200 percent of the applicable limit for a component; or

(3) the mean lead level of four or more samples of the material exceeds the applicable limit for a component.

Subd. 4. Additional testing procedures. In addition to the requirements of subdivision 3, the following procedures must be used for testing the following materials:

(1) for testing a metal plated with suitable undercoats and finish coats, the following protocols must be observed:

(i) digestion must be conducted using hot concentrated nitric acid with the option of using hydrochloric acid or hydrogen peroxide;

(ii) the sample size must be 0.050 gram to one gram;

(iii) the digested sample may require dilution prior to analysis;

(iv) the digestion and analysis must achieve a reported detection limit no greater than 0.1 percent for samples; and

(v) all necessary dilutions must be made to ensure that measurements are made within the calibrated range of the analytical instrument;

(2) for testing unplated metal and metal substrates that are not a Class 1 material, the following protocols must be observed:

(i) digestion must be conducted using hot concentrated nitric acid with the option of using hydrochloric acid and hydrogen peroxide;

(ii) the sample size must be 0.050 gram to one gram;

(iii) the digested sample may require dilution prior to analysis;

(iv) the digestion and analysis must achieve a reported detection limit no greater than 0.01 percent for samples; and

(v) all necessary dilutions must be made to ensure that measurements are made within the calibrated range of the analytical instrument;

(3) for testing polyvinyl chloride (PVC), the following protocols must be observed:

(i) the digestion must be conducted using hot concentrated nitric acid with the option of using hydrochloric acid and hydrogen peroxide;

(ii) the sample size must be a minimum of 0.05 gram if using microwave digestion or 0.5 gram if using hotplate digestion, and must be chopped or comminuted prior to digestion;
(iii) digested samples may require dilution prior to analysis;
(iv) digestion and analysis must achieve a reported detection limit no greater than 0.001 percent (10 parts per million) for samples; and
(v) all necessary dilutions must be made to ensure that measurements are made within the calibrated range of the analytical instrument;

(4) for testing plastic or rubber that is not polyvinyl chloride (PVC), including acrylic, polystyrene, plastic beads, or plastic stones, the following protocols must be observed:
(i) the digestion must be conducted using hot concentrated nitric acid with the option of using hydrochloric acid or hydrogen peroxide;
(ii) the sample size must be a minimum of 0.05 gram if using microwave digestion or 0.5 gram if using hotplate digestion, and must be chopped or comminuted prior to digestion;
(iii) plastic beads or stones must be crushed prior to digestion;
(iv) digested samples may require dilution prior to analysis;
(v) digestion and analysis must achieve a reported detection limit no greater than 0.001 percent (10 parts per million) for samples; and
(vi) all necessary dilutions must be made to ensure that measurements are made within the calibrated range of the analytical instrument;

(5) for testing coatings on glass and plastic pearls, the following protocols must be observed:
(i) the coating of glass or plastic beads must be scraped onto a surface free of dust, including a clean weighing paper or pan, using a clean stainless steel razor blade or other clean sharp instrument that will not contaminate the sample with lead. The substrate pearl material must not be included in the scrapings;
(ii) the razor blade or sharp instrument must be rinsed with deionized water, wiped to remove particulate matter, rinsed again, and dried between samples;
(iii) the scrapings must be weighed and not less than 50 micrograms of scraped coating must be used for analysis. If less than 50 micrograms of scraped coating is obtained from an individual pearl, multiple pearls from that sample must be scraped and composited to obtain a sufficient sample amount;
(iv) the number of pearls used to make the composite must be noted;
(v) the scrapings must be digested according to EPA reference method 3050B or 3051 or an equivalent procedure for hot acid digestion in preparation for trace lead analysis;
(vi) the digestate must be diluted in the minimum volume practical for analysis;
(vii) the digested sample must be analyzed according to specification of an approved and validated methodology for inductively coupled plasma mass spectrometry;
(viii) a reporting limit of 0.001 percent (10 parts per million) in the coating must be obtained for the analysis; and
(ix) the sample result must be reported within the calibrated range of the instrument. If the initial test of the sample is above the highest calibration standard, the sample must be diluted and reanalyzed within the calibrated range of the instrument;

(6) for testing dyes, paints, coatings, varnish, printing inks, ceramic glazes, glass, or crystal, the following testing protocols must be observed:
(i) the digestion must use hot concentrated nitric acid with the option of using hydrochloric acid or hydrogen peroxide;
(ii) the sample size must be not less than 0.050 gram, and must be chopped or comminuted prior to digestion;
(iii) the digested sample may require dilution prior to analysis;
(iv) the digestion and analysis must achieve a reported detection limit no greater than 0.001 percent (10 parts per million) for samples; and
all necessary dilutions must be made to ensure that measurements are made within the calibrated range of the analytical instrument; and

(7) for testing glass and crystal used in children's jewelry, the following testing protocols for determining weight must be used:

(i) a component must be free of any extraneous material, including adhesive, before it is weighed;
(ii) the scale used to weigh a component must be calibrated immediately before the components are weighed using S-class weights of one and two grams, as certified by the National Institute of Standards and Technology (NIST) of the United States Department of Commerce; and
(iii) the calibration of the scale must be accurate to within 0.01 gram.

325E.3891 CADMIUM IN CHILDREN'S JEWELRY.

Subdivision 1. Definitions. (a) As used in this section, the term:

(1) "accessible" has the meaning given in section 3.1.2 of the ASTM International Safety Specification on Toy Safety, F-963;
(2) "child" means an individual who is six years of age or younger; and
(3) "children's jewelry" shall have the meaning set forth in section 325E.389, subdivision 1, paragraph (c).

Subd. 2. Prohibitions. Cadmium in any surface coating or accessible substrate material of metal or plastic components of children's jewelry shall not exceed 75 parts per million, as determined through solubility testing for heavy metals defined in the ASTM International Safety Specification on Toy Safety, ASTM standard F-963 and subsequent versions of this standard, if the product is sold in this state unless this requirement is superseded by a federal standard regulating cadmium in children's jewelry. This section shall not regulate any product category for which an existing federal standard regulates cadmium exposure in surface coatings and accessible substrate materials as required under ASTM F-963.

Subd. 3. Manufacturer or wholesaler. No manufacturer or wholesaler may sell or offer for sale in this state children's jewelry that fails to meet the requirements of subdivision 2.

Subd. 4. Retailer. No retailer may sell or offer for sale in this state children's jewelry that fails to meet the requirements of subdivision 2. This subdivision does not apply to sales or free distribution of jewelry by a nonprofit organization described in section 501(c)(3) of the Internal Revenue Code or to isolated and occasional sales of jewelry not made in the normal course of business.

Subd. 5. Enforcement. The attorney general shall enforce this section under section 8.31.
Laws 2012, chapter 236, section 28, subdivision 9, as amended by Laws 2019, First Special Session chapter 4, article 4, section 7;

Sec. 28. SALE OF TAX-FORFEITED LEASED LANDS; ST. LOUIS COUNTY.

Subd. 9. Sunset. This section expires seven ten years after the effective date.
6256.0500 TAKING TURTLES.

Subp. 2. **Equipment.** Turtles may be taken by a person possessing a turtle seller's, turtle seller's apprentice, or recreational turtle license by means of floating or submerged turtle traps, turtle hooks, and other commercial fishing gear authorized by the commissioner. Traps must not exceed five feet in width, four feet in height, and eight feet in length.

Subp. 2a. **Submerged turtle traps.** Submerged traps must be constructed of either flexible webbing or wire. Flexible webbing traps must be of mesh size not less than 3-1/2 inches bar measure or seven inches stretch measure. Wire traps must be of mesh size not less than two inches by four inches bar measure and must have at least one square opening in the top panel measuring at least four inches on a side and two of the same dimension on each of the side panels near the top of the trap. A trap must be set in water shallow enough so that the top of the trap is at least level with the water surface.

Subp. 2b. **Floating turtle traps.** Floating traps must have: (1) one or more openings above the water surface that measure at least ten inches by four inches; and (2) a mesh size of not less than one-half inch bar measure.

Subp. 4. **Operation of turtle trap.** Each submerged trap must be checked and emptied at intervals not exceeding 48 hours and each floating trap must be checked and emptied at intervals not exceeding 120 hours. A turtle seller licensee or turtle seller's apprentice operating under a turtle seller's license may not operate more than 40 submerged turtle traps. A turtle seller's apprentice is not entitled to any traps in addition to those of the turtle seller. A recreational turtle licensee may not operate more than three turtle traps.

Subp. 5. **Required marking of turtle traps.**

A. When in use, each turtle trap must have affixed on it a tag of permanent material visible from above, legibly bearing the name, address, and license number of the operator. This information must be recorded in an indelible manner on the tag. The tag must be of dimensions not less than 2-1/2 inches in length by five-eighths inch in width.

B. The commissioner shall issue 40 submerged turtle trap identification tags to a turtle seller licensee and three recreational turtle trap identification tags to a recreational turtle licensee. Tags must be attached to submerged and recreational traps at all times. Lost tags must be reported within 48 hours to the local conservation officer or the commercial fisheries program consultant. The commissioner may reissue tags upon request.

Subp. 6. **Turtles taken incidental to other operations.** Turtles listed in subpart 1 that are taken incidental to other commercial fishing operations may be possessed, transported, and sold, provided the operator is a holder of a turtle seller's license.

Subp. 7. **Required reporting by turtle seller; record keeping.**

A. A holder of a turtle seller's license must submit reports, on forms provided by the commissioner, to the address identified on the form by the tenth day of each month for the preceding month for the months of March through November, whether or not any equipment was used to take turtles.

B. In the report required in item A, the licensee must record daily operations, including separate entries for each water body. The records must include water body location, equipment used, numbers and pounds of each species of turtles taken, numbers of each species of turtles released at that water body, and other information about the operation as specified on the form provided by the commissioner. The records must be kept current within 48 hours of the last daily operation.

C. A license shall not be renewed until all of the licensee's monthly reports for the previous calendar year are submitted and received at the address identified on the form.

Subp. 8. **Report on buying turtles for resale.** A licensee who buys turtles for resale or for processing and resale must keep a correct and complete book record of all transactions and activities covered in the license, not inconsistent with Minnesota Statutes, section
97A.425. Copies of the shipping documents for turtles being sent out of state must be part of and included with the monthly reports required under subpart 7.
