1.14 Subd. 2. Office of Administrative Hearings; claims process. (a) The chief
1.15 administrative law judge of the Office of Administrative Hearings must assign an
1.16 administrative law judge to administer a claims award process to compensate businesses
1.17 negatively affected by the early termination. The chief administrative law judge may develop
1.18 a process, prescribe forms, identify documentation affected businesses must submit with
1.19 claims, and issue awards to eligible businesses consistent with this section. The process
1.20 must allow, but not require, an authorized representative from each business that applies
1.21 for compensation to appear in person before the assigned administrative law judge to provide
1.22 evidence in support of the business's claim.

(b) The chief administrative law judge may contract with and use the services of financial or other consultants to examine financial documentation presented by claimants or otherwise assist in the evaluation and award of claims.

(c) Records submitted to the Office of Administrative Hearings as part of the claims process constitute business data under Minnesota Statutes, section 13.591.

(d) An award made under this section is final and is not subject to judicial review.

(e) An award made under this section does not constitute an admission of liability by the state for any damages or other losses suffered by a business affected by the early termination.

Subd. 3. **Eligibility.** To be eligible for an award of compensation, an affected business must meet the following criteria:

(1) as of May 1, 2017, the affected business was operating under the terms of a valid written contract, or an oral contract that is sufficiently supported by business records, with the company operating the biomass plant or the fertilizer plant integrated with the biomass plant to supply or manage material for, or receive material from, the biomass plant or the fertilizer plant integrated with the biomass plant;

(2) the affected business is located in the state; and

(3) as the result of the early termination, the affected business suffered:

(i) decreased operating income; or

(ii) the loss of value of investments in real or personal property essential to its business operations with the biomass plant.

Subd. 4. **Types of claims.** (a) An eligible business may make claims for a compensation award based on either or both:

(1) decreased operating income; or

(2) the loss of value of investments in real or personal property essential to its business operations with the biomass plant.

(b) To establish and quantify a claim for decreased operating income, an eligible business must:

(1) demonstrate its operating income over the past five years derived from supplying or managing material for, or receiving material from, the biomass plant;

(2) present evidence of any alternative business opportunities it has pursued or could pursue to mitigate the loss of revenue from the termination of its contract with the biomass plant; and

(3) demonstrate the amount that the business's annual operating income, including operating income from any alternative business opportunities, after the termination of the business's contract with the biomass plant is less than the five-year average of the business's annual operating income before the early termination.

(c) To establish and quantify a loss of value of investments in real or personal property claim, an eligible business must provide sufficient evidence of:

(1) the essential nature of the investment made in the property to fulfill the contract with the biomass plant;

(2) the extent to which the eligible business is able to repurpose the property for another productive use after the early termination, including but not limited to the use, sales, salvage, or scrap value of the property for which the loss is claimed; and

(3) the value of the eligible business's nondepreciated investment in the property.

Subd. 5. **Limitations on awards.** (a) A compensation award for a decreased operating income claim must not exceed the amount calculated under subdivision 4, paragraph (b), clause (3), multiplied by two.

(b) The use, sales, salvage, or scrap value of the property for which a loss is claimed must be deducted from a compensation award for a loss of value of investments in real or personal property claim.

(c) A payment received from business interruption insurance policies, settlements, or other forms of compensation related to the termination of the business's contract with the biomass plant must be deducted from any compensation award provided under this section.

Subd. 6. **Priority.** The chief administrative law judge may give priority to claims by eligible businesses that demonstrate a significant effort to pursue alternative business opportunities or to conduct other loss mitigation efforts to reduce its claimed losses related to the termination of its contract with the company operating the biomass plant.

Subd. 7. **Awarding claims.** If the amount provided for compensation in the biomass business compensation account established under section 2 is insufficient to fully award all claims eligible for an award, all awards must be adjusted proportionally based on the value of the claim.

4.1 Subd. 8. **Deadlines.** The chief administrative law judge must make the application
4.2 process for eligible claims available by August 1, 2020. A business seeking an award under
4.3 this section must file all claims with the chief administrative law judge within 60 days of
4.4 the date the chief administrative law judge makes the application process for eligible claims
4.5 available. All preliminary awards on eligible claims must be made within 120 days of the
4.6 deadline date to file claims. Any requests to reconsider an award denial must be filed with
4.7 the chief administrative law judge within 60 days of the notice date for preliminary awards.
4.8 All final awards for eligible claims must be made within 60 days of the deadline date to file
4.9 reconsideration requests. The commissioner of management and budget must pay all awarded
4.10 claims within 45 days of the date the commissioner of management and budget receives
