1.11 Section 1. Minnesota Statutes 2014, section 290C.01, is amended to read:

1.12 **290C.01 PURPOSE.**

1.13 It is the policy of this state to promote sustainable forest resource management on  
1.14 the state's public and private lands. ~~Recognizing that~~ The state's private forests comprise  
1.15 approximately one-half of the state forest land resources, that healthy and robust forest  
1.16 land provides significant benefits to the state of Minnesota, and that ad. These forests  
1.17 play a critical role in protecting water quality and soil resources, and provide extensive  
1.18 wildlife habitat, diverse recreational experiences, and significant forest products that  
1.19 support the state's economy. Ad valorem property taxes represent a significant annual  
1.20 cost that can discourage long-term forest management investments. In order to foster  
1.21 silviculture investments and retain these forests for their economic, ecological, and  
1.22 recreational benefits, this chapter, hereafter referred to as the "Sustainable Forest Incentive  
1.23 Act," is enacted to encourage the state's private forest landowners to make a long-term  
1.24 commitment to sustainable forest management.

1.25 Sec. 2. Minnesota Statutes 2014, section 290C.02, subdivision 1, is amended to read:
