A bill for an act

relating to civil actions; regulating interest on verdicts, awards, and judgments;
amending Minnesota Statutes 2012, section 549.09, subdivision 1.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2012, section 549.09, subdivision 1, is amended to read:

Subdivision 1. **When owed; rate.** (a) When a judgment or award is for the recovery
of money, including a judgment for the recovery of taxes, interest from the time of the
verdict, award, or report until judgment is finally entered shall be computed by the court
administrator or arbitrator as provided in paragraph (c) and added to the judgment or award.

(b) Except as otherwise provided by contract or allowed by law, preverdict,
preaward, or prereport interest on pecuniary damages shall be computed as provided
in paragraph (c) from the time of the commencement of the action or a demand for
arbitration, or the time of a written notice of claim, whichever occurs first, except as
provided herein. The action must be commenced within two years of a written notice of
claim for interest to begin to accrue from the time of the notice of claim. If either party
serves a written offer of settlement, the other party may serve a written acceptance or a
written counteroffer within 30 days. After that time, interest on the judgment or award
shall be calculated by the judge or arbitrator in the following manner. The prevailing
party shall receive interest on any judgment or award from the time of commencement
of the action or a demand for arbitration, or the time of a written notice of claim, or as
to special damages from the time when special damages were incurred, if later, until the
time of verdict, award, or report only if the amount of its offer is closer to the judgment or
award than the amount of the opposing party's offer. If the amount of the losing party's
offer was closer to the judgment or award than the prevailing party's offer, the prevailing

party shall receive interest only on the amount of the settlement offer or the judgment or award, whichever is less, and only from the time of commencement of the action or a demand for arbitration, or the time of a written notice of claim, or as to special damages from when the special damages were incurred, if later, until the time the settlement offer was made. Subsequent offers and counteroffers supersede the legal effect of earlier offers and counteroffers. For the purposes of clause (2), the amount of settlement offer must be allocated between past and future damages in the same proportion as determined by the trier of fact. Except as otherwise provided by contract or allowed by law, preverdict, preaward, or prereport interest shall not be awarded on the following:

(1) judgments, awards, or benefits in workers' compensation cases, but not including third-party actions;

(2) judgments or awards for future damages;

(3) punitive damages, fines, or other damages that are noncompensatory in nature;

(4) judgments or awards not in excess of the amount specified in section 491A.01; and

(5) that portion of any verdict, award, or report which is founded upon interest, or costs, disbursements, attorney fees, or other similar items added by the court or arbitrator.

~~(c)(1) For a judgment or award of \$50,000 or less or a judgment or award for or against the state or a political subdivision of the state, regardless of the amount, The interest shall be computed as simple interest per annum. The rate of interest shall be based on the secondary market yield of one year United States Treasury bills, calculated on a bank discount basis as provided in this section.~~

On or before the 20th day of December of each year the state court administrator shall determine the rate from the one-year constant maturity treasury yield for the most recent calendar month, reported on a monthly basis in the latest statistical release of the board of governors of the Federal Reserve System. This yield, rounded to the nearest one percent, or four percent, whichever is greater, shall be the annual interest rate during the succeeding calendar year. The state court administrator shall communicate the interest rates to the court administrators and sheriffs for use in computing the interest on verdicts and shall make the interest rates available to arbitrators.

~~This clause applies to any section that references section 549.09 by citation for the purposes of computing an interest rate on any amount owed to or by the state or a political subdivision of the state, regardless of the amount.~~

~~(2) For a judgment or award over \$50,000, other than a judgment or award for or against the state or a political subdivision of the state, the interest rate shall be ten percent per year until paid.~~
