2.11 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

2.12 ARTICLE 1

2.13 CHILDREN AND FAMILY SERVICES

2.14 Section 1. Minnesota Statutes 2014, section 119B.011, subdivision 16, is amended to
2.15 read:

2.16 Subd. 16. **Legal nonlicensed child care provider.** "Legal nonlicensed child care
2.17 provider" means: (1) a child care provider who is excluded from licensing requirements
2.18 under section 245A.03, subdivision 2; or (2) a child care provider authorized to provide
2.19 care in a child's home under section 119B.09, subdivision 13, provided the provider only
2.20 cares for related children, children from a single, unrelated family, or both related children
2.21 and children from a single, unrelated family.

2.22 **EFFECTIVE DATE.** This section is effective the day following final enactment.

2.23 Sec. 2. Minnesota Statutes 2014, section 119B.025, subdivision 1, is amended to read:

2.24 Subdivision 1. **Factors which must be verified.** (a) The county shall verify the
2.25 following at all initial child care applications using the universal application:

2.26 (1) identity of adults;

2.27 (2) presence of the minor child in the home, if questionable;

2.28 (3) relationship of minor child to the parent, stepparent, legal guardian, eligible
2.29 relative caretaker, or the spouses of any of the foregoing;

2.30 (4) age;

2.31 (5) immigration status, if related to eligibility;

2.32 (6) Social Security number, if given;

2.33 (7) income;

2.34 (8) spousal support and child support payments made to persons outside the
2.35 household;

2.36 (9) residence; and

3.1 (10) inconsistent information, if related to eligibility.

3.2 (b) If a family did not use the universal application or child care addendum to apply
3.3 for child care assistance, the family must complete the universal application or child care
3.4 addendum at its next eligibility redetermination and the county must verify the factors
3.5 listed in paragraph (a) as part of that redetermination. Once a family has completed a
3.6 universal application or child care addendum, the county shall use the redetermination
3.7 form described in paragraph (c) for that family's subsequent redeterminations. Eligibility
3.8 must be redetermined at least every six months. A family is considered to have met
3.9 the eligibility redetermination requirement if a complete redetermination form and all
3.10 required verifications are received within 30 days after the date the form was due.
3.11 When the 30th day after the date the form was due falls on a Saturday, Sunday, or legal
3.12 holiday, the 30-day time period is extended to include the next succeeding day that is not
3.13 a Saturday, Sunday, or legal holiday. Assistance shall be payable retroactively from the
3.14 redetermination due date. For a family where at least one parent is under the age of 21,
3.15 does not have a high school or general equivalency diploma, and is a student in a school
3.16 district or another similar program that provides or arranges for child care, as well as
3.17 parenting, social services, career and employment supports, and academic support to
3.18 achieve high school graduation, the redetermination of eligibility shall be deferred beyond
3.19 six months, but not to exceed 12 months, to the end of the student's school year. If a
3.20 family reports a change in an eligibility factor before the family's next regularly scheduled
3.21 redetermination, the county must recalculate eligibility without requiring verification of
3.22 any eligibility factor that did not change.

3.23 (c) The commissioner shall develop a redetermination form to redetermine eligibility
3.24 and a change report form to report changes that minimize paperwork for the county and
3.25 the participant.

3.26 Sec. 3. Minnesota Statutes 2014, section 119B.09, subdivision 9, is amended to read:

3.27 Subd. 9. **Licensed and legal nonlicensed family child care providers; assistance.**
3.28 This subdivision applies to any provider providing care in a setting other than a child care
3.29 center. Licensed and legal nonlicensed family child care providers and their employees
3.30 are not eligible to receive child care assistance subsidies under this chapter for their own
3.31 children or children in their family during the hours they are providing child care or being
3.32 paid to provide child care. Child care providers and their employees are eligible to receive
3.33 child care assistance subsidies for their children when they are engaged in other activities
3.34 that meet the requirements of this chapter and for which child care assistance can be paid.

4.1 The hours for which the provider or their employee receives a child care subsidy for their
4.2 own children must not overlap with the hours the provider provides child care services.

4.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

4.4 Sec. 4. Minnesota Statutes 2014, section 245A.035, subdivision 1, is amended to read:

4.5 Subdivision 1. **Emergency placement.** Notwithstanding section 245A.03,
4.6 subdivision 2a, or 245C.13, subdivision 2, a county agency may place a child with a
4.7 relative who is not licensed to provide foster care, provided the requirements of this
4.8 section are met. As used in this section, the term "relative" has the meaning given it under
4.9 section 260C.007, subdivision 26b or 27.

4.10 Sec. 5. Minnesota Statutes 2014, section 245A.035, subdivision 5, is amended to read:

4.11 Subd. 5. **Child foster care license application.** (a) The relatives with whom the
4.12 emergency placement has been made shall complete the child foster care license application
4.13 and necessary paperwork within ten days of the placement. The county agency shall assist
4.14 the applicant to complete the application. The granting of a child foster care license to a
4.15 relative shall be under the procedures in this chapter and according to the standards in
4.16 Minnesota Rules, chapter 2960. In licensing a relative, the commissioner shall consider
4.17 the importance of maintaining the child's relationship with relatives as an additional
4.18 significant factor in determining whether a background study disqualification should be
4.19 set aside under section 245C.22, or a variance should be granted under section 245C.30.

4.20 (b) When the county or private child-placing agency is processing an application
4.21 for child foster care licensure of a relative as defined in section 260B.007, subdivision
4.22 12, or 260C.007, subdivision 26b or 27, the county agency or child-placing agency must
4.23 explain the licensing process to the prospective licensee, including the background study
4.24 process and the procedure for reconsideration of an initial disqualification for licensure.
4.25 The county or private child-placing agency must also provide the prospective relative
4.26 licensee with information regarding appropriate options for legal representation in the
4.27 pertinent geographic area. If a relative is initially disqualified under section 245C.14, the
4.28 commissioner must provide written notice of the reasons for the disqualification and the
4.29 right to request a reconsideration by the commissioner as required under section 245C.17.

4.30 (c) The commissioner shall maintain licensing data so that activities related to
4.31 applications and licensing actions for relative foster care providers may be distinguished
4.32 from other child foster care settings.

4.33 Sec. 6. Minnesota Statutes 2014, section 245C.22, subdivision 7, is amended to read:

5.1 Subd. 7. **Classification of certain data.** (a) Notwithstanding section 13.46, except
5.2 as provided in paragraph (f), upon setting aside a disqualification under this section, the
5.3 identity of the disqualified individual who received the set-aside and the individual's
5.4 disqualifying characteristics are public data if the set-aside was:

5.5 (1) for any disqualifying characteristic under section 245C.15, when the set-aside
5.6 relates to a child care center or a family child care provider licensed under chapter 245A; or

5.7 (2) for a disqualifying characteristic under section 245C.15, subdivision 2.

5.8 (b) Notwithstanding section 13.46, upon granting a variance to a license holder
5.9 under section 245C.30, the identity of the disqualified individual who is the subject of
5.10 the variance, the individual's disqualifying characteristics under section 245C.15, and the
5.11 terms of the variance are public data, when the variance:

5.12 (1) is issued to a child care center or a family child care provider licensed under
5.13 chapter 245A; or

5.14 (2) relates to an individual with a disqualifying characteristic under section 245C.15,
5.15 subdivision 2.

5.16 (c) The identity of a disqualified individual and the reason for disqualification
5.17 remain private data when:

5.18 (1) a disqualification is not set aside and no variance is granted, except as provided
5.19 under section 13.46, subdivision 4;

5.20 (2) the data are not public under paragraph (a) or (b);

5.21 (3) the disqualification is rescinded because the information relied upon to disqualify
5.22 the individual is incorrect;

5.23 (4) the disqualification relates to a license to provide relative child foster care.

5.24 As used in this clause, "relative" has the meaning given it under section 260C.007,
5.25 subdivision 26b or 27; or

5.26 (5) the disqualified individual is a household member of a licensed foster care
5.27 provider and:

5.28 (i) the disqualified individual previously received foster care services from this
5.29 licensed foster care provider;

5.30 (ii) the disqualified individual was subsequently adopted by this licensed foster
5.31 care provider; and

5.32 (iii) the disqualifying act occurred before the adoption.

5.33 (d) Licensed family child care providers and child care centers must provide notices
5.34 as required under section 245C.301.

5.35 (e) Notwithstanding paragraphs (a) and (b), the identity of household members who
5.36 are the subject of a disqualification related set-aside or variance is not public data if:

6.1 (1) the household member resides in the residence where the family child care is
6.2 provided;

6.3 (2) the subject of the set-aside or variance is under the age of 18 years; and

6.4 (3) the set-aside or variance only relates to a disqualification under section 245C.15,
6.5 subdivision 4, for a misdemeanor-level theft crime as defined in section 609.52.

6.6 (f) When the commissioner has reason to know that a disqualified individual has
6.7 received an order for expungement for the disqualifying record that does not limit the
6.8 commissioner's access to the record, and the record was opened or exchanged with the
6.9 commissioner for purposes of a background study under this chapter, the data that would
6.10 otherwise become public under paragraph (a) or (b) remain private data.

6.11 Sec. 7. Minnesota Statutes 2014, section 256.01, subdivision 14b, is amended to read:

6.12 Subd. 14b. **American Indian child welfare projects.** (a) The commissioner of
6.13 human services may authorize projects to test tribal delivery of child welfare services to
6.14 American Indian children and their parents and custodians living on the reservation.
6.15 The commissioner has authority to solicit and determine which tribes may participate
6.16 in a project. Grants may be issued to Minnesota Indian tribes to support the projects.
6.17 The commissioner may waive existing state rules as needed to accomplish the projects.
6.18 ~~Notwithstanding section 626.556, The commissioner may authorize projects to use~~
6.19 ~~alternative methods of investigating and assessing reports of child maltreatment, provided~~
6.20 ~~that the projects comply with the provisions of section 626.556 dealing with the rights of~~
6.21 ~~individuals who are subjects of reports or investigations, including notice and appeal~~
6.22 ~~rights and data practices requirements. The commissioner may authorize projects to use~~
6.23 alternative methods of (1) investigating and assessing reports of child maltreatment,
6.24 and (2) administrative reconsideration, administrative appeal, and judicial appeal of
6.25 maltreatment determinations, provided the alternative methods used by the projects
6.26 comply with the provisions of sections 256.045 and 626.556 dealing with the rights of
6.27 individuals who are the subjects of reports or investigations, including notice and appeal
6.28 rights and data practices requirements. The commissioner may seek any federal approvals
6.29 necessary to carry out the projects as well as seek and use any funds available to the
6.30 commissioner, including use of federal funds, foundation funds, existing grant funds,
6.31 and other funds. The commissioner is authorized to advance state funds as necessary to
6.32 operate the projects. Federal reimbursement applicable to the projects is appropriated
6.33 to the commissioner for the purposes of the projects. The projects must be required to
6.34 address responsibility for safety, permanency, and well-being of children.

7.1 (b) For the purposes of this section, "American Indian child" means a person under 21
7.2 years old and who is a tribal member or eligible for membership in one of the tribes chosen
7.3 for a project under this subdivision and who is residing on the reservation of that tribe.

7.4 (c) In order to qualify for an American Indian child welfare project, a tribe must:

7.5 (1) be one of the existing tribes with reservation land in Minnesota;

7.6 (2) have a tribal court with jurisdiction over child custody proceedings;

7.7 (3) have a substantial number of children for whom determinations of maltreatment
7.8 have occurred;

7.9 (4) have capacity to respond to reports of abuse and neglect under section 626.556;

7.10 (5) provide a wide range of services to families in need of child welfare services; and

7.11 (6) have a tribal-state title IV-E agreement in effect.

7.12 (d) Grants awarded under this section may be used for the nonfederal costs of
7.13 providing child welfare services to American Indian children on the tribe's reservation,
7.14 including costs associated with:

7.15 (1) assessment and prevention of child abuse and neglect;

7.16 (2) family preservation;

7.17 (3) facilitative, supportive, and reunification services;

7.18 (4) out-of-home placement for children removed from the home for child protective
7.19 purposes; and

7.20 (5) other activities and services approved by the commissioner that further the goals
7.21 of providing safety, permanency, and well-being of American Indian children.

7.22 (e) When a tribe has initiated a project and has been approved by the commissioner
7.23 to assume child welfare responsibilities for American Indian children of that tribe under
7.24 this section, the affected county social service agency is relieved of responsibility for
7.25 responding to reports of abuse and neglect under section 626.556 for those children
7.26 during the time within which the tribal project is in effect and funded. The commissioner
7.27 shall work with tribes and affected counties to develop procedures for data collection,
7.28 evaluation, and clarification of ongoing role and financial responsibilities of the county
7.29 and tribe for child welfare services prior to initiation of the project. Children who have not
7.30 been identified by the tribe as participating in the project shall remain the responsibility
7.31 of the county. Nothing in this section shall alter responsibilities of the county for law
7.32 enforcement or court services.

7.33 (f) Participating tribes may conduct children's mental health screenings under section
7.34 245.4874, subdivision 1, paragraph (a), clause (13), for children who are eligible for the
7.35 initiative and living on the reservation and who meet one of the following criteria:

7.36 (1) the child must be receiving child protective services;

- 8.1 (2) the child must be in foster care; or
8.2 (3) the child's parents must have had parental rights suspended or terminated.

8.3 Tribes may access reimbursement from available state funds for conducting the screenings.
8.4 Nothing in this section shall alter responsibilities of the county for providing services
8.5 under section 245.487.

8.6 (g) Participating tribes may establish a local child mortality review panel. In
8.7 establishing a local child mortality review panel, the tribe agrees to conduct local child
8.8 mortality reviews for child deaths or near-fatalities occurring on the reservation under
8.9 subdivision 12. Tribes with established child mortality review panels shall have access
8.10 to nonpublic data and shall protect nonpublic data under subdivision 12, paragraphs (c)
8.11 to (e). The tribe shall provide written notice to the commissioner and affected counties
8.12 when a local child mortality review panel has been established and shall provide data upon
8.13 request of the commissioner for purposes of sharing nonpublic data with members of the
8.14 state child mortality review panel in connection to an individual case.

8.15 (h) The commissioner shall collect information on outcomes relating to child safety,
8.16 permanency, and well-being of American Indian children who are served in the projects.
8.17 Participating tribes must provide information to the state in a format and completeness
8.18 deemed acceptable by the state to meet state and federal reporting requirements.

8.19 (i) In consultation with the White Earth Band, the commissioner shall develop
8.20 and submit to the chairs and ranking minority members of the legislative committees
8.21 with jurisdiction over health and human services a plan to transfer legal responsibility
8.22 for providing child protective services to White Earth Band member children residing in
8.23 Hennepin County to the White Earth Band. The plan shall include a financing proposal,
8.24 definitions of key terms, statutory amendments required, and other provisions required to
8.25 implement the plan. The commissioner shall submit the plan by January 15, 2012.

8.26 Sec. 8. Minnesota Statutes 2014, section 256N.02, subdivision 18, is amended to read:

9.8 an order under chapter 260C or equivalent provisions of tribal code and the agency had
9.9 placement and care responsibility for permanency planning for the child; and

9.10 (ii) the child is under guardianship of the commissioner of human services according
9.11 to the requirements of section 260C.325, subdivision 1 or 3, or is a ward of a Minnesota

9.32 custody ordered by a Minnesota Juvenile Court under section 260C.515, subdivision 4.

9.33 (d) "Relative" has the meaning given in section 260C.007, subdivision 26b or 27.

9.34 (e) "Relative custodian" means a person who has permanent legal and physical
9.35 custody of a child. When siblings, including half-siblings and stepsiblings, are placed

10.1 together in permanent legal and physical custody, the person receiving permanent legal
10.2 and physical custody of the siblings is considered a relative custodian of all of the siblings
10.3 for purposes of this section.

10.4 (f) "Relative custody assistance agreement" means an agreement entered into
10.5 between a local agency and a person who has been or will be awarded permanent legal

10.7 (g) "Relative custody assistance payment" means a monthly cash grant made to a
10.8 relative custodian pursuant to a relative custody assistance agreement and in an amount
10.9 calculated under subdivision 7.

10.10 (h) "Remains in the physical custody of the relative custodian" means that the
10.11 relative custodian is providing day-to-day care for the child and that the child lives with
10.12 the relative custodian; absence from the relative custodian's home for a period of more
10.13 than 120 days raises a presumption that the child no longer remains in the physical
10.14 custody of the relative custodian.

10.15 Sec. 11. Minnesota Statutes 2014, section 259A.01, subdivision 25, is amended to read:

10.16 Subd. 25. **Relative.** "Relative" means a person related to the child by blood,
10.17 marriage, or adoption, or an individual who is an important friend with whom the child
10.18 has resided or had significant contact. For an Indian child, relative ~~includes members~~

10.22 ~~brother or sister, brother-in-law or sister-in-law, niece or nephew, first or second cousin, or~~
10.23 ~~stepparent, as provided in the Indian Child Welfare Act of 1978, United States Code, title~~
10.24 25, section 1903, paragraphs (2), (6), and (9).

10.25 Sec. 12. Minnesota Statutes 2014, section 259A.10, subdivision 6, is amended to read:

10.26 Subd. 6. **Exclusions.** The commissioner shall not enter into an adoption assistance
10.27 agreement with:

10.28 (1) a child's biological parent or stepparent;

10.29 (2) a child's relative, according to section 260C.007, subdivision 26b or 27, with
10.30 whom the child resided immediately prior to child welfare involvement unless:

10.31 (i) the child was in the custody of a Minnesota county or tribal agency pursuant to
10.32 an order under chapter 260C or equivalent provisions of tribal code and the agency had
10.33 placement and care responsibility for permanency planning for the child; and

11.1 (ii) the child is under guardianship of the commissioner of human services according
 11.2 to the requirements of section 260C.325, subdivision 1, paragraphs (a) and (b), or
 11.3 subdivision 3, paragraphs (a) and (b), or is a ward of a Minnesota tribal court after
 11.4 termination of parental rights, suspension of parental rights, or a finding by the tribal court
 11.5 that the child cannot safely return to the care of the parent;

11.6 (3) a child's legal custodian or guardian who is now adopting the child;

11.7 (4) an individual adopting a child who is the subject of a direct adoptive placement

 11.10 United States and was either adopted in another country or brought to this country for
 11.11 the purposes of adoption.

11.12 Sec. 13. **[260.753] PURPOSES.**

11.13 The purposes of this act are to (1) protect the long-term interests, as defined by
 11.14 the tribes, of Indian children, their families as defined by law or custom, and the child's
 11.15 tribe; and (2) preserve the Indian family and tribal identity, including an understanding
 11.16 that Indian children are damaged if family and child tribal identity and contact are denied.
 11.17 Indian children are the future of the tribes and are vital to their very existence.

11.18 Sec. 14. Minnesota Statutes 2014, section 260.755, is amended by adding a subdivision
 11.19 to read:

11.20 Subd. 1a. **Active efforts.** "Active efforts" means a rigorous and concerted level
 11.21 of effort that is ongoing throughout the involvement of the local social services agency
 11.22 to continuously involve the Indian child's tribe and that uses the prevailing social and
 11.23 cultural values, conditions, and way of life of the Indian child's tribe to preserve the
 11.24 Indian child's family and prevent placement of an Indian child and, if placement occurs, to
 11.25 return the Indian child to the child's family at the earliest possible time. Active efforts
 11.26 sets a higher standard than reasonable efforts to preserve the family, prevent breakup of
 11.27 the family, and reunify the family, according to section 260.762. Active efforts includes
 11.28 reasonable efforts as required by Title IV-E of the Social Security Act, United States
 11.29 Code, title 42, sections 670 to 679c.

11.30 Sec. 15. Minnesota Statutes 2014, section 260.755, is amended by adding a subdivision
 11.31 to read:

11.32 Subd. 2a. **Best interests of an Indian child.** "Best interests of an Indian child"
 11.33 means compliance with the Indian Child Welfare Act and the Minnesota Indian Family

12.1 Preservation Act to preserve and maintain an Indian child's family. The best interests of
12.2 an Indian child support the child's sense of belonging to family, extended family, and
12.3 tribe. The best interests of an Indian child are interwoven with the best interests of the
12.4 Indian child's tribe.

12.5 Sec. 16. Minnesota Statutes 2014, section 260.755, subdivision 8, is amended to read:

12.6 Subd. 8. **Indian child.** "Indian child" means an unmarried person who is under
12.7 age 18 and is:

12.8 (1) a member of an Indian tribe; or

12.9 (2) eligible for membership in an Indian tribe.

12.10 A determination by a tribe that a child is a member of the Indian tribe or is eligible
12.11 for membership in the Indian tribe is conclusive. For purposes of this chapter and chapters
12.12 256N, 260C, and 260D, Indian child also includes an unmarried person who satisfies
12.13 either clause (1) or (2), is under age 21, and is in foster care pursuant to section 260C.451.

12.14 Sec. 17. Minnesota Statutes 2014, section 260.755, subdivision 14, is amended to read:

12.15 Subd. 14. **Parent.** "Parent" means the biological parent of an Indian child, or any
12.16 Indian person who has lawfully adopted an Indian child, including a person who has
12.17 adopted a child by tribal law or custom. Parent includes a father as defined by tribal
12.18 law or custom. Parent does not include an unmarried father whose paternity has not been
12.19 acknowledged or established. Paternity has been acknowledged when an unmarried father
12.20 takes any action to hold himself out as the biological father of an Indian child.

12.21 Sec. 18. Minnesota Statutes 2014, section 260.755, is amended by adding a subdivision
12.22 to read:

12.23 Subd. 17a. **Qualified expert witness.** "Qualified expert witness" means an
12.24 individual who (i) has specific knowledge of the Indian child's tribe's culture and customs,
12.25 or meets the criteria in section 260.771, subdivision 6, paragraph (d), and (ii) provides
12.26 testimony as required by the Indian Child Welfare Act of 1978, United States Code,
12.27 title 25, section 1912, regarding out-of-home placement or termination of parental rights
12.28 relating to an Indian child.

12.29 Sec. 19. Minnesota Statutes 2014, section 260.761, subdivision 1, is amended to read:

12.30 Subdivision 1. ~~Determination of Indian child's tribe~~ **Inquiry of tribal lineage.**

12.31 The local social services agency or private licensed child-placing agency shall determine
12.32 whether a child brought to its attention for the purposes described in this section is an Indian

13.1 ~~child and the identity of the Indian child's tribe~~ inquire of the child, the child's parents and
13.2 custodians, and other appropriate persons whether there is any reason to believe that a
13.3 child brought to the agency's attention may have lineage to an Indian tribe. This inquiry
13.4 shall occur at the time the child comes to the attention of the local social services agency.

13.5 Sec. 20. Minnesota Statutes 2014, section 260.761, subdivision 2, is amended to read:

13.6 Subd. 2. **Agency and court notice of potential out-of-home placement to tribes.**
13.7 (a) When a local social services agency or private child-placing agency determines that
13.8 an Indian child is in a dependent or other condition that could lead to an out-of-home
13.9 placement and requires the continued involvement of the agency with the child for a
13.10 period in excess of 30 days, the agency shall send notice of the condition and of the initial
13.11 steps taken to remedy it to the Indian child's tribal social services agency within seven
13.12 days of the determination. has information that a family assessment or investigation being
13.13 conducted may involve an Indian child, the local social services agency shall notify the
13.14 Indian child's tribe of the family assessment or investigation according to section 626.556,
13.15 subdivision 10, paragraph (a), clause (5). Initial notice shall be provided by telephone
13.16 and by e-mail or facsimile. The local social services agency shall request that the tribe
13.17 or a designated tribal representative participate in evaluating the family circumstances,
13.18 identifying family and tribal community resources, and developing case plans.

13.19 (b) When a local social services agency has information that a child receiving
13.20 services may be an Indian child, the local social services agency shall notify the tribe by
13.21 telephone and by e-mail or facsimile of the child's full name and date of birth, the full
13.22 names and dates of birth of the child's biological parents, and, if known, the full names
13.23 and dates of birth of the child's grandparents and of the child's Indian custodian. This
13.24 notification must be provided so the tribe can determine if the child is enrolled in the tribe
13.25 or eligible for membership, and must be provided within seven days. If information
13.26 regarding the child's grandparents or Indian custodian is not available within the seven-day
13.27 period, the local social services agency shall continue to request this information and shall
13.28 notify the tribe when it is received. Notice shall be provided to all tribes to which the child
13.29 may have any tribal lineage. If the identity or location of the child's parent or Indian
13.30 custodian and tribe cannot be determined, the local social services agency shall provide
13.31 the notice required in this paragraph to the United States secretary of the interior.

13.32 (c) In accordance with sections 260C.151 and 260C.152, when a court has reason
13.33 to believe that a child placed in emergency protective care is an Indian child, the court
13.34 administrator or a designee shall, as soon as possible and before a hearing takes place,
13.35 notify the tribal social services agency by telephone and by e-mail or facsimile of the date,

14.1 time, and location of the emergency protective case hearing. The court shall make efforts to
 14.2 allow appearances by telephone for tribal representatives, parents, and Indian custodians.

14.3 (d) A local social services agency must provide the notices required under this
 14.4 subdivision at the earliest possible time to facilitate involvement of the Indian child's tribe.
 14.5 Nothing in this subdivision is intended to hinder the ability of the local social services
 14.6 agency and the court to respond to an emergency situation. Lack of participation by a tribe
 14.7 shall not prevent the tribe from intervening in services and proceedings at a later date. A
 14.8 tribe may participate at any time. At this and any subsequent stage of its the local social
 14.9 services agency's involvement with an Indian child, the agency shall, upon request, give
 14.10 provide full cooperation to the tribal social services agency full cooperation, including
 14.11 access to all files disclosure of all data concerning the Indian child. If the files contain
 14.12 confidential or private data, the agency may require execution of an agreement with the
 14.13 tribal social services agency that the tribal social services agency shall maintain the data
 14.14 according to statutory provisions applicable to the data. This subdivision applies whenever
 14.15 the court transfers legal custody of an Indian child under section 260B.198, subdivision
 14.16 1, clause (3), item (i), (ii), or (iii), following an adjudication for a misdemeanor-level
 14.17 delinquent act. Nothing in this subdivision relieves the local social services agency of
 14.18 satisfying the notice requirements in the Indian Child Welfare Act.

14.19 **Sec. 21. [260.762] DUTY TO PREVENT OUT-OF-HOME PLACEMENT AND**
 14.20 **PROMOTE FAMILY REUNIFICATION; ACTIVE EFFORTS.**

14.21 Subdivision 1. **Active efforts.** Active efforts includes acknowledging traditional
 14.22 helping and healing systems of an Indian child's tribe and using these systems as the core
 14.23 to help and heal the Indian child and family.

14.24 Subd. 2. **Requirements for local social services agencies.** A local social services
 14.25 agency shall:

14.26 (1) work with the Indian child's tribe and family to develop an alternative plan to
 14.27 out-of-home placement;

14.28 (2) before making a decision that may affect an Indian child's safety and well-being
 14.29 or when contemplating out-of-home placement of an Indian child, seek guidance from
 14.30 the Indian child's tribe on family structure, how the family can seek help, what family
 14.31 and tribal resources are available, and what barriers the family faces at that time that
 14.32 could threaten its preservation; and

14.33 (3) request participation of the Indian child's tribe at the earliest possible time and
 14.34 request the tribe's active participation throughout the case.

15.1 Subd. 3. Required findings that active efforts were provided. A court shall not
15.2 order an out-of-home or permanency placement for an Indian child unless the court finds
15.3 that the local social services agency made active efforts to the Indian child's family. In
15.4 determining whether the local social services agency made active efforts for purposes
15.5 of out-of-home placement and permanency, the court shall make findings regarding
15.6 whether the following activities were appropriate and whether the local social services
15.7 agency made appropriate and meaningful services available to the family based upon that
15.8 family's specific needs:

15.9 (1) whether the local social services agency made efforts at the earliest point
15.10 possible to (i) identify whether a child may be an Indian child as defined in the Indian
15.11 Child Welfare Act, United States Code, title 25, section 1903, and section 260.755,
15.12 subdivision 8; and (ii) identify and request participation of the Indian child's tribe at the
15.13 earliest point possible and throughout the investigation or assessment, case planning,
15.14 provision of services, and case completion;

15.15 (2) whether the local social services agency requested that a tribally designated
15.16 representative with substantial knowledge of prevailing social and cultural standards
15.17 and child-rearing practices within the tribal community evaluate the circumstances of
15.18 the Indian child's family and assist in developing a case plan that uses tribal and Indian
15.19 community resources;

15.20 (3) whether the local social services agency provided concrete services and access
15.21 to both tribal and nontribal services to members of the Indian child's family, including
15.22 but not limited to financial assistance, food, housing, health care, transportation, in-home
15.23 services, community support services, and specialized services; and whether these services
15.24 are being provided in an ongoing manner throughout the agency's involvement with the
15.25 family, to directly assist the family in accessing and utilizing services to maintain the
15.26 Indian family, or reunify the Indian family as soon as safety can be assured if out-of-home
15.27 placement has occurred;

15.28 (4) whether the local social services agency notified and consulted with the Indian
15.29 child's extended family members, as identified by the child, the child's parents, or the
15.30 tribe; whether extended family members were consulted to provide support to the child
15.31 and parents, to inform the local social services agency and court as to cultural connections
15.32 and family structure, to assist in identifying appropriate cultural services and supports for
15.33 the child and parents, and to identify and serve as a placement and permanency resource
15.34 for the child; and if there was difficulty contacting or engaging with extended family
15.35 members, whether assistance was sought from the tribe, the Department of Human
15.36 Services, or other agencies with expertise in working with Indian families;

16.1 (5) whether the local social services agency provided services and resources to
16.2 relatives who are considered the primary placement option for an Indian child, as agreed
16.3 by the local social services agency and the tribe, to overcome barriers to providing care
16.4 to an Indian child. Services and resources shall include but are not limited to child care
16.5 assistance, financial assistance, housing resources, emergency resources, and foster care
16.6 licensing assistance and resources; and

16.7 (6) whether the local social services agency arranged for visitation to occur, whenever
16.8 possible, in the home of the Indian child's parent, Indian custodian, or other family member
16.9 or in another noninstitutional setting, in order to keep the child in close contact with
16.10 parents, siblings, and other relatives regardless of the child's age and to allow the child and
16.11 those with whom the child visits to have natural, unsupervised interaction when consistent
16.12 with protecting the child's safety; and whether the local social services agency consulted
16.13 with a tribal representative to determine and arrange for visitation in the most natural
16.14 setting that ensures the child's safety, when the child's safety requires supervised visitation.

16.15 Sec. 22. Minnesota Statutes 2014, section 260.771, subdivision 3, is amended to read:

16.16 Subd. 3. **Transfer of proceedings.** (a) In a proceeding for: (1) the termination of
16.17 parental rights; or (2) the involuntary foster care placement of an Indian child not within
16.18 the jurisdiction of subdivision 1, the court, in the absence of good cause to the contrary,
16.19 shall transfer the proceeding to the jurisdiction of the tribe absent objection by either
16.20 parent, upon the petition of either parent or the Indian custodian, or the Indian child's
16.21 tribe. The transfer is subject to declination by the tribal court of the tribe.

16.22 (b) In a proceeding for the preadoptive or adoptive placement of an Indian child not
16.23 within the jurisdiction of subdivision 1, the court, in the absence of good cause to the
16.24 contrary, shall transfer the proceeding to the jurisdiction of the tribe. The transfer is
16.25 subject to declination by the tribal court of the tribe. For the purposes of this subdivision,
16.26 "preadoptive placement" and "adoptive placement" have the meanings give in section
16.27 260.755, subdivision 3.

16.28 (c) At any point in a proceeding for finalizing a permanency plan, the court, in the
16.29 absence of good cause to the contrary and in the absence of an objection by either parent,
16.30 shall transfer the proceeding to tribal court for the purpose of achieving a customary
16.31 adoption or other culturally appropriate permanency option. This transfer shall be made
16.32 upon the petition of a parent whose parental rights have not been terminated, the Indian
16.33 custodian, or the Indian child's tribe. The transfer is subject to declination by the tribal
16.34 court of the tribe.

17.1 Sec. 23. Minnesota Statutes 2014, section 260.771, is amended by adding a subdivision
17.2 to read:

17.3 Subd. 3a. **Good cause to deny transfer.** (a) Establishing good cause to deny
17.4 transfer of jurisdiction to a tribal court is a fact-specific inquiry to be determined on a
17.5 case-by-case basis. Socioeconomic conditions and the perceived adequacy of tribal or
17.6 Bureau of Indian Affairs social services or judicial systems must not be considered in a
17.7 determination that good cause exists. The party opposed to transfer of jurisdiction to a
17.8 tribal court has the burden to prove by clear and convincing evidence that good cause to
17.9 deny transfer exists. Opposition to a motion to transfer jurisdiction to tribal court must be
17.10 in writing and must be served upon all parties.

17.11 (b) The court may find good cause to deny transfer to tribal court if:

17.12 (1) the Indian child's tribe does not have a tribal court or any other administrative
17.13 body of a tribe vested with authority over child custody proceedings, as defined by the
17.14 Indian Child Welfare Act, United States Code, title 25, chapter 21, to which the case can
17.15 be transferred, and no other tribal court has been designated by the Indian child's tribe; or

17.16 (2) the evidence necessary to decide the case could not be adequately presented in
17.17 the tribal court without undue hardship to the parties or the witnesses and the tribal court is
17.18 unable to mitigate the hardship by any means permitted in the tribal court's rules. Without
17.19 evidence of undue hardship, travel distance alone is not a basis for denying a transfer.

17.20 Sec. 24. Minnesota Statutes 2014, section 260.771, is amended by adding a subdivision
17.21 to read:

17.22 Subd. 6. **Qualified expert witness and evidentiary requirements.** (a) In an
17.23 involuntary foster care placement proceeding, the court must determine by clear and
17.24 convincing evidence, including testimony of a qualified expert witness, that continued
17.25 custody of the child by the parent or Indian custodian is likely to result in serious emotional
17.26 or physical damage to the child as defined in the Indian Child Welfare Act of 1978, United
17.27 States Code, title 25, section 1912(e). In a termination of parental rights proceeding,
17.28 the court must determine by evidence beyond a reasonable doubt, including testimony
17.29 of a qualified expert witness, that continued custody of the child by the parent or Indian
17.30 custodian is likely to result in serious emotional or physical damage to the child as defined
17.31 in the Indian Child Welfare Act of 1978, United States Code, title 25, section 1912(f).

17.32 (b) The local social services agency or any other party shall make diligent efforts to
17.33 locate and present to the court a qualified expert witness designated by the Indian child's
17.34 tribe. The qualifications of a qualified expert witness designated by the child's tribe are not
17.35 subject to a challenge in Indian child custody proceedings.

18.1 (c) If a party cannot obtain testimony from a tribally designated qualified expert
18.2 witness, the party shall submit to the court the diligent efforts made to obtain a tribally
18.3 designated qualified expert witness.

18.4 (d) If clear and convincing evidence establishes that a party's diligent efforts cannot
18.5 produce testimony from a tribally designated qualified expert witness, the party shall
18.6 demonstrate to the court that a proposed qualified expert witness is, in descending order
18.7 of preference:

18.8 (1) a member of the child's tribe who is recognized by the Indian child's tribal
18.9 community as knowledgeable in tribal customs as they pertain to family organization and
18.10 child-rearing practices; or

18.11 (2) an Indian person from an Indian community who has substantial experience in
18.12 the delivery of child and family services to Indians and extensive knowledge of prevailing
18.13 social and cultural standards and contemporary and traditional child-rearing practices
18.14 of the Indian child's tribe.

18.15 If clear and convincing evidence establishes that diligent efforts have been made to obtain
18.16 a qualified expert witness who meets the criteria in clause (1) or (2), but those efforts have
18.17 not been successful, a party may use an expert witness, as defined by the Minnesota Rules
18.18 of Evidence, rule 702, who has substantial experience in providing services to Indian
18.19 families and who has substantial knowledge of prevailing social and cultural standards and
18.20 child-rearing practices within the Indian community. The court or any party may request
18.21 the assistance of the Indian child's tribe or the Bureau of Indian Affairs agency serving the
18.22 Indian child's tribe in locating persons qualified to serve as expert witnesses.

18.23 (e) The court may allow alternative methods of participation and testimony in state
18.24 court proceedings by a qualified expert witness, such as participation or testimony by
18.25 telephone, videoconferencing, or other methods.

18.26 Sec. 25. Minnesota Statutes 2014, section 260.771, is amended by adding a subdivision
18.27 to read:

18.28 Subd. 7. **Order of placement preference; deviation.** (a) The court must follow the
18.29 order of placement preferences required by the Indian Child Welfare Act of 1978, United
18.30 States Code, title 25, section 1915, when placing an Indian child.

18.31 (b) The court may place a child outside the order of placement preferences only if
18.32 the court determines there is good cause based on:

18.33 (1) the reasonable request of the Indian child's parents, if one or both parents attest
18.34 that they have reviewed the placement options that comply with the order of placement
18.35 preferences;

19.1 (2) the reasonable request of the Indian child if the child is able to understand and
19.2 comprehend the decision that is being made;

19.3 (3) the testimony of a qualified expert designated by the child's tribe and, if
19.4 necessary, testimony from an expert witness who meets qualifications of subdivision
19.5 6, paragraph (d), clause (2), that supports placement outside the order of placement
19.6 preferences due to extraordinary physical or emotional needs of the child that require
19.7 highly specialized services; or

19.8 (4) the testimony by the local social services agency that a diligent search has been
19.9 conducted that did not locate any available, suitable families for the child that meet the
19.10 placement preference criteria.

19.11 (c) Testimony of the child's bonding or attachment to a foster family alone, without
19.12 the existence of at least one of the factors in paragraph (b), shall not be considered good
19.13 cause to keep an Indian child in a lower preference or nonpreference placement.

19.14 (d) A party who proposes that the required order of placement preferences not be
19.15 followed bears the burden of establishing by clear and convincing evidence that good
19.16 cause exists to modify the order of placement preferences.

19.17 (e) If the court finds there is good cause to place outside the order of placement
19.18 preferences, the court must make written findings.

19.19 (f) A good cause finding under this subdivision must consider whether active efforts
19.20 were provided to extended family members who are considered the primary placement
19.21 option to assist them in becoming a placement option for the child as required by section
19.22 260.762.

19.23 (g) When a child is placed outside the order of placement preferences, good cause to
19.24 continue this placement must be determined at every stage of the proceedings.

19.25 Sec. 26. Minnesota Statutes 2014, section 260B.007, subdivision 12, is amended to read:

19.26 Subd. 12. **Relative.** "Relative" means a parent, stepparent, grandparent, brother,
19.27 sister, uncle, or aunt of the minor. This relationship may be by blood or marriage. For an
19.28 Indian child, relative ~~includes members~~ means a person who is a member of the Indian
19.29 child's extended family as defined by the law or custom of the Indian child's tribe or, in
19.30 the absence of laws or custom, nieces, nephews, or first or second cousins, as provided
19.31 in the Indian Child Welfare Act of 1978, United States Code, title 25, section 1903,
19.32 paragraphs (2), (6), and (9).

19.33 Sec. 27. Minnesota Statutes 2014, section 260C.007, is amended by adding a
19.34 subdivision to read:

20.1 Subd. 26b. **Relative of an Indian child.** "Relative of an Indian child" means a
20.2 person who is a member of the Indian child's family as defined in the Indian Child Welfare
20.3 Act of 1978, United States Code, title 25, section 1903, paragraphs (2), (6), and (9).

20.4 Sec. 28. Minnesota Statutes 2014, section 260C.007, subdivision 27, is amended to read:

20.5 Subd. 27. **Relative.** "Relative" means a person related to the child by blood,
20.6 marriage, or adoption, or an individual who is an important friend with whom the child
20.7 has resided or had significant contact. ~~For an Indian child, relative includes members of~~
20.8 ~~the extended family as defined by the law or custom of the Indian child's tribe or, in the~~
20.9 ~~absence of law or custom, nieces, nephews, or first or second cousins, as provided in the~~
20.10 ~~Indian Child Welfare Act of 1978, United States Code, title 25, section 1903.~~

20.11 Sec. 29. Minnesota Statutes 2014, section 260C.168, is amended to read:

20.12 **260C.168 COMPLIANCE WITH INDIAN CHILD WELFARE ACT AND**
20.13 **MINNESOTA INDIAN FAMILY PRESERVATION ACT.**

20.14 The provisions of this chapter must be construed consistently with the Indian
20.15 Child Welfare Act of 1978, United States Code, title 25, sections 1901 to 1963, and the
20.16 Minnesota Indian Family Preservation Act, sections 260.751 to 260.835.

20.17 Sec. 30. Minnesota Statutes 2014, section 260C.178, subdivision 1, is amended to read:

20.18 Subdivision 1. **Hearing and release requirements.** (a) If a child was taken into
20.19 custody under section 260C.175, subdivision 1, clause (1) or (2), item (ii), the court shall
20.20 hold a hearing within 72 hours of the time the child was taken into custody, excluding
20.21 Saturdays, Sundays, and holidays, to determine whether the child should continue in
20.22 custody.

20.23 (b) Unless there is reason to believe that the child would endanger self or others or
20.24 not return for a court hearing, or that the child's health or welfare would be immediately
20.25 endangered, the child shall be released to the custody of a parent, guardian, custodian,
20.26 or other suitable person, subject to reasonable conditions of release including, but not
20.27 limited to, a requirement that the child undergo a chemical use assessment as provided in
20.28 section 260C.157, subdivision 1.

20.29 (c) If the court determines there is reason to believe that the child would endanger
20.30 self or others or not return for a court hearing, or that the child's health or welfare would
20.31 be immediately endangered if returned to the care of the parent or guardian who has
20.32 custody and from whom the child was removed, the court shall order the child into
20.33 foster care under the legal responsibility of the responsible social services agency or

21.1 responsible probation or corrections agency for the purposes of protective care as that term
21.2 is used in the juvenile court rules or into the home of a noncustodial parent and order the
21.3 noncustodial parent to comply with any conditions the court determines to be appropriate
21.4 to the safety and care of the child, including cooperating with paternity establishment
21.5 proceedings in the case of a man who has not been adjudicated the child's father. The
21.6 court shall not give the responsible social services legal custody and order a trial home
21.7 visit at any time prior to adjudication and disposition under section 260C.201, subdivision
21.8 1, paragraph (a), clause (3), but may order the child returned to the care of the parent or
21.9 guardian who has custody and from whom the child was removed and order the parent or
21.10 guardian to comply with any conditions the court determines to be appropriate to meet
21.11 the safety, health, and welfare of the child.

21.12 (d) In determining whether the child's health or welfare would be immediately
21.13 endangered, the court shall consider whether the child would reside with a perpetrator
21.14 of domestic child abuse.

21.15 (e) The court, before determining whether a child should be placed in or continue
21.16 in foster care under the protective care of the responsible agency, shall also make a
21.17 determination, consistent with section 260.012 as to whether reasonable efforts were made
21.18 to prevent placement or whether reasonable efforts to prevent placement are not required.
21.19 In the case of an Indian child, the court shall determine whether active efforts, according
21.20 to section 260.762 and the Indian Child Welfare Act of 1978, United States Code, title
21.21 25, section 1912(d), were made to prevent placement. The court shall enter a finding that
21.22 the responsible social services agency has made reasonable efforts to prevent placement
21.23 when the agency establishes either:

21.24 (1) that it has actually provided services or made efforts in an attempt to prevent
21.25 the child's removal but that such services or efforts have not proven sufficient to permit
21.26 the child to safely remain in the home; or

21.27 (2) that there are no services or other efforts that could be made at the time of the
21.28 hearing that could safely permit the child to remain home or to return home. When
21.29 reasonable efforts to prevent placement are required and there are services or other efforts
21.30 that could be ordered which would permit the child to safely return home, the court shall
21.31 order the child returned to the care of the parent or guardian and the services or efforts put
21.32 in place to ensure the child's safety. When the court makes a prima facie determination
21.33 that one of the circumstances under paragraph (g) exists, the court shall determine that
21.34 reasonable efforts to prevent placement and to return the child to the care of the parent or
21.35 guardian are not required.

22.1 If the court finds the social services agency's preventive or reunification efforts
22.2 have not been reasonable but further preventive or reunification efforts could not permit
22.3 the child to safely remain at home, the court may nevertheless authorize or continue
22.4 the removal of the child.

22.5 (f) The court may not order or continue the foster care placement of the child unless
22.6 the court makes explicit, individualized findings that continued custody of the child by
22.7 the parent or guardian would be contrary to the welfare of the child and that placement is
22.8 in the best interest of the child.

22.9 (g) At the emergency removal hearing, or at any time during the course of the
22.10 proceeding, and upon notice and request of the county attorney, the court shall determine
22.11 whether a petition has been filed stating a prima facie case that:

22.12 (1) the parent has subjected a child to egregious harm as defined in section
22.13 260C.007, subdivision 14;

22.14 (2) the parental rights of the parent to another child have been involuntarily
22.15 terminated;

22.16 (3) the child is an abandoned infant under section 260C.301, subdivision 2,
22.17 paragraph (a), clause (2);

22.18 (4) the parents' custodial rights to another child have been involuntarily transferred
22.19 to a relative under Minnesota Statutes 2010, section 260C.201, subdivision 11, paragraph
22.20 (e), clause (1); section 260C.515, subdivision 4; or a similar law of another jurisdiction;

22.21 (5) the parent has committed sexual abuse as defined in section 626.556, subdivision
22.22 2, against the child or another child of the parent;

22.23 (6) the parent has committed an offense that requires registration as a predatory
22.24 offender under section 243.166, subdivision 1b, paragraph (a) or (b); or

22.25 (7) the provision of services or further services for the purpose of reunification is
22.26 futile and therefore unreasonable.

22.27 (h) When a petition to terminate parental rights is required under section 260C.301,
22.28 subdivision 4, or 260C.503, subdivision 2, but the county attorney has determined not to
22.29 proceed with a termination of parental rights petition, and has instead filed a petition to
22.30 transfer permanent legal and physical custody to a relative under section 260C.507, the
22.31 court shall schedule a permanency hearing within 30 days of the filing of the petition.

22.32 (i) If the county attorney has filed a petition under section 260C.307, the court shall
22.33 schedule a trial under section 260C.163 within 90 days of the filing of the petition except
22.34 when the county attorney determines that the criminal case shall proceed to trial first under
22.35 section 260C.503, subdivision 2, paragraph (c).

23.1 (j) If the court determines the child should be ordered into foster care and the child's
23.2 parent refuses to give information to the responsible social services agency regarding
23.3 the child's father or relatives of the child, the court may order the parent to disclose the
23.4 names, addresses, telephone numbers, and other identifying information to the responsible
23.5 social services agency for the purpose of complying with sections 260C.151, 260C.212,
23.6 260C.215, and 260C.221.

23.7 (k) If a child ordered into foster care has siblings, whether full, half, or step, who
23.8 are also ordered into foster care, the court shall inquire of the responsible social services
23.9 agency of the efforts to place the children together as required by section 260C.212,
23.10 subdivision 2, paragraph (d), if placement together is in each child's best interests, unless
23.11 a child is in placement for treatment or a child is placed with a previously noncustodial
23.12 parent who is not a parent to all siblings. If the children are not placed together at the time
23.13 of the hearing, the court shall inquire at each subsequent hearing of the agency's reasonable
23.14 efforts to place the siblings together, as required under section 260.012. If any sibling is
23.15 not placed with another sibling or siblings, the agency must develop a plan to facilitate
23.16 visitation or ongoing contact among the siblings as required under section 260C.212,
23.17 subdivision 1, unless it is contrary to the safety or well-being of any of the siblings to do so.

23.18 (l) When the court has ordered the child into foster care or into the home of a
23.19 noncustodial parent, the court may order a chemical dependency evaluation, mental health
23.20 evaluation, medical examination, and parenting assessment for the parent as necessary
23.21 to support the development of a plan for reunification required under subdivision 7 and
23.22 section 260C.212, subdivision 1, or the child protective services plan under section
23.23 626.556, subdivision 10, and Minnesota Rules, part 9560.0228.

23.24 Sec. 31. Minnesota Statutes 2014, section 260C.201, subdivision 5, is amended to read:

23.25 Subd. 5. **Visitation.** If the court orders the child into foster care, the court shall
23.26 review and either modify or approve the agency's plan for supervised or unsupervised
23.27 visitation that contributes to the objectives of the court-ordered case plan and the
23.28 maintenance of the familial relationship, and that meets the requirements of section
23.29 260C.212, subdivision 1, paragraph (c), clause (5). No parent may be denied visitation
23.30 unless the court finds at the disposition hearing that the visitation would endanger the
23.31 child's physical or emotional well-being, is not in the child's best interests, or is not
23.32 required under section 260C.178, subdivision 3, paragraph (c) or (d). The court shall
23.33 review and either modify or approve the agency plan for visitation for any relatives as
23.34 defined in section 260C.007, subdivision 26b or 27, and with siblings of the child, if
23.35 visitation is consistent with the best interests of the child.

24.1 Sec. 32. Minnesota Statutes 2014, section 260C.212, subdivision 1, is amended to read:

24.2 Subdivision 1. **Out-of-home placement; plan.** (a) An out-of-home placement plan
24.3 shall be prepared within 30 days after any child is placed in foster care by court order or a
24.4 voluntary placement agreement between the responsible social services agency and the
24.5 child's parent pursuant to section 260C.227 or chapter 260D.

24.6 (b) An out-of-home placement plan means a written document which is prepared
24.7 by the responsible social services agency jointly with the parent or parents or guardian
24.8 of the child and in consultation with the child's guardian ad litem, the child's tribe, if the
24.9 child is an Indian child, the child's foster parent or representative of the foster care facility,
24.10 and, where appropriate, the child. For a child in voluntary foster care for treatment under
24.11 chapter 260D, preparation of the out-of-home placement plan shall additionally include
24.12 the child's mental health treatment provider. As appropriate, the plan shall be:

24.13 (1) submitted to the court for approval under section 260C.178, subdivision 7;

24.14 (2) ordered by the court, either as presented or modified after hearing, under section
24.15 260C.178, subdivision 7, or 260C.201, subdivision 6; and

24.16 (3) signed by the parent or parents or guardian of the child, the child's guardian ad
24.17 litem, a representative of the child's tribe, the responsible social services agency, and, if
24.18 possible, the child.

24.19 (c) The out-of-home placement plan shall be explained to all persons involved in its
24.20 implementation, including the child who has signed the plan, and shall set forth:

24.21 (1) a description of the foster care home or facility selected, including how the
24.22 out-of-home placement plan is designed to achieve a safe placement for the child in the
24.23 least restrictive, most family-like, setting available which is in close proximity to the home
24.24 of the parent or parents or guardian of the child when the case plan goal is reunification,
24.25 and how the placement is consistent with the best interests and special needs of the child
24.26 according to the factors under subdivision 2, paragraph (b);

24.27 (2) the specific reasons for the placement of the child in foster care, and when
24.28 reunification is the plan, a description of the problems or conditions in the home of the
24.29 parent or parents which necessitated removal of the child from home and the changes the
24.30 parent or parents must make in order for the child to safely return home;

24.31 (3) a description of the services offered and provided to prevent removal of the child
24.32 from the home and to reunify the family including:

24.33 (i) the specific actions to be taken by the parent or parents of the child to eliminate
24.34 or correct the problems or conditions identified in clause (2), and the time period during
24.35 which the actions are to be taken; and

25.1 (ii) the reasonable efforts, or in the case of an Indian child, active efforts to be made
25.2 to achieve a safe and stable home for the child including social and other supportive
25.3 services to be provided or offered to the parent or parents or guardian of the child, the
25.4 child, and the residential facility during the period the child is in the residential facility;

25.5 (4) a description of any services or resources that were requested by the child or the
25.6 child's parent, guardian, foster parent, or custodian since the date of the child's placement
25.7 in the residential facility, and whether those services or resources were provided and if
25.8 not, the basis for the denial of the services or resources;

25.9 (5) the visitation plan for the parent or parents or guardian, other relatives as defined
25.10 in section 260C.007, subdivision 26b or 27, and siblings of the child if the siblings are not
25.11 placed together in foster care, and whether visitation is consistent with the best interest
25.12 of the child, during the period the child is in foster care;

25.13 (6) when a child cannot return to or be in the care of either parent, documentation of
25.14 steps to finalize the permanency plan for the child, including:

25.15 (i) reasonable efforts to place the child for adoption. At a minimum, the
25.16 documentation must include consideration of whether adoption is in the best interests of
25.17 the child, child-specific recruitment efforts such as relative search and the use of state,
25.18 regional, and national adoption exchanges to facilitate orderly and timely placements in
25.19 and outside of the state. A copy of this documentation shall be provided to the court in the
25.20 review required under section 260C.317, subdivision 3, paragraph (b); and

25.21 (ii) documentation necessary to support the requirements of the kinship placement
25.22 agreement under section 256N.22 when adoption is determined not to be in the child's
25.23 best interests;

25.24 (7) efforts to ensure the child's educational stability while in foster care, including:

25.25 (i) efforts to ensure that the child remains in the same school in which the child was
25.26 enrolled prior to placement or upon the child's move from one placement to another,
25.27 including efforts to work with the local education authorities to ensure the child's
25.28 educational stability; or

25.29 (ii) if it is not in the child's best interest to remain in the same school that the child
25.30 was enrolled in prior to placement or move from one placement to another, efforts to
25.31 ensure immediate and appropriate enrollment for the child in a new school;

25.32 (8) the educational records of the child including the most recent information
25.33 available regarding:

25.34 (i) the names and addresses of the child's educational providers;

25.35 (ii) the child's grade level performance;

25.36 (iii) the child's school record;

- 26.1 (iv) a statement about how the child's placement in foster care takes into account
26.2 proximity to the school in which the child is enrolled at the time of placement; and
26.3 (v) any other relevant educational information;
- 26.4 (9) the efforts by the local agency to ensure the oversight and continuity of health
26.5 care services for the foster child, including:
26.6 (i) the plan to schedule the child's initial health screens;
26.7 (ii) how the child's known medical problems and identified needs from the screens,
26.8 including any known communicable diseases, as defined in section 144.4172, subdivision
26.9 2, will be monitored and treated while the child is in foster care;
26.10 (iii) how the child's medical information will be updated and shared, including
26.11 the child's immunizations;
26.12 (iv) who is responsible to coordinate and respond to the child's health care needs,
26.13 including the role of the parent, the agency, and the foster parent;
26.14 (v) who is responsible for oversight of the child's prescription medications;
26.15 (vi) how physicians or other appropriate medical and nonmedical professionals
26.16 will be consulted and involved in assessing the health and well-being of the child and
26.17 determine the appropriate medical treatment for the child; and
26.18 (vii) the responsibility to ensure that the child has access to medical care through
26.19 either medical insurance or medical assistance;
- 26.20 (10) the health records of the child including information available regarding:
26.21 (i) the names and addresses of the child's health care and dental care providers;
26.22 (ii) a record of the child's immunizations;
26.23 (iii) the child's known medical problems, including any known communicable
26.24 diseases as defined in section 144.4172, subdivision 2;
26.25 (iv) the child's medications; and
26.26 (v) any other relevant health care information such as the child's eligibility for
26.27 medical insurance or medical assistance;
- 26.28 (11) an independent living plan for a child age 16 or older. The plan should include,
26.29 but not be limited to, the following objectives:
26.30 (i) educational, vocational, or employment planning;
26.31 (ii) health care planning and medical coverage;
26.32 (iii) transportation including, where appropriate, assisting the child in obtaining a
26.33 driver's license;
26.34 (iv) money management, including the responsibility of the agency to ensure that
26.35 the youth annually receives, at no cost to the youth, a consumer report as defined under
26.36 section 13C.001 and assistance in interpreting and resolving any inaccuracies in the report;

27.1 (v) planning for housing;
27.2 (vi) social and recreational skills; and
27.3 (vii) establishing and maintaining connections with the child's family and
27.4 community; and

27.5 (12) for a child in voluntary foster care for treatment under chapter 260D, diagnostic
27.6 and assessment information, specific services relating to meeting the mental health care
27.7 needs of the child, and treatment outcomes.

27.8 (d) The parent or parents or guardian and the child each shall have the right to legal
27.9 counsel in the preparation of the case plan and shall be informed of the right at the time
27.10 of placement of the child. The child shall also have the right to a guardian ad litem.
27.11 If unable to employ counsel from their own resources, the court shall appoint counsel
27.12 upon the request of the parent or parents or the child or the child's legal guardian. The
27.13 parent or parents may also receive assistance from any person or social services agency
27.14 in preparation of the case plan.

27.15 After the plan has been agreed upon by the parties involved or approved or ordered
27.16 by the court, the foster parents shall be fully informed of the provisions of the case plan
27.17 and shall be provided a copy of the plan.

27.18 Upon discharge from foster care, the parent, adoptive parent, or permanent legal and
27.19 physical custodian, as appropriate, and the child, if appropriate, must be provided with
27.20 a current copy of the child's health and education record.

27.21 Sec. 33. Minnesota Statutes 2014, section 260C.212, subdivision 2, is amended to read:

27.22 Subd. 2. **Placement decisions based on best interests of the child.** (a) The
27.23 policy of the state of Minnesota is to ensure that the child's best interests are met by
27.24 requiring an individualized determination of the needs of the child and of how the selected
27.25 placement will serve the needs of the child being placed. The authorized child-placing
27.26 agency shall place a child, released by court order or by voluntary release by the parent
27.27 or parents, in a family foster home selected by considering placement with relatives and
27.28 important friends in the following order:

27.29 (1) with an individual who is related to the child by blood, marriage, or adoption; or
27.30 (2) with an individual who is an important friend with whom the child has resided or
27.31 had significant contact.

27.32 For an Indian child, the agency shall follow the order of placement preferences in the
27.33 Indian Child Welfare Act of 1978, United States Code, title 25, section 1915.

27.34 (b) Among the factors the agency shall consider in determining the needs of the
27.35 child are the following:

- 28.1 (1) the child's current functioning and behaviors;
- 28.2 (2) the medical needs of the child;
- 28.3 (3) the educational needs of the child;
- 28.4 (4) the developmental needs of the child;
- 28.5 (5) the child's history and past experience;
- 28.6 (6) the child's religious and cultural needs;
- 28.7 (7) the child's connection with a community, school, and faith community;
- 28.8 (8) the child's interests and talents;
- 28.9 (9) the child's relationship to current caretakers, parents, siblings, and relatives; ~~and~~
- 28.10 (10) the reasonable preference of the child, if the court, or the child-placing agency
- 28.11 in the case of a voluntary placement, deems the child to be of sufficient age to express
- 28.12 preferences; and
- 28.13 (11) for an Indian child, the best interests of an Indian child as defined in section
- 28.14 260.755, subdivision 2a.
- 28.15 (c) Placement of a child cannot be delayed or denied based on race, color, or national
- 28.16 origin of the foster parent or the child.
- 28.17 (d) Siblings should be placed together for foster care and adoption at the earliest
- 28.18 possible time unless it is documented that a joint placement would be contrary to the
- 28.19 safety or well-being of any of the siblings or unless it is not possible after reasonable
- 28.20 efforts by the responsible social services agency. In cases where siblings cannot be placed
- 28.21 together, the agency is required to provide frequent visitation or other ongoing interaction
- 28.22 between siblings unless the agency documents that the interaction would be contrary to
- 28.23 the safety or well-being of any of the siblings.
- 28.24 (e) Except for emergency placement as provided for in section 245A.035, the
- 28.25 following requirements must be satisfied before the approval of a foster or adoptive
- 28.26 placement in a related or unrelated home: (1) a completed background study under section
- 28.27 245C.08; and (2) a completed review of the written home study required under section
- 28.28 260C.215, subdivision 4, clause (5), or 260C.611, to assess the capacity of the prospective
- 28.29 foster or adoptive parent to ensure the placement will meet the needs of the individual child.

28.30 Sec. 34. Minnesota Statutes 2014, section 260C.511, is amended to read:

28.31 **260C.511 BEST INTERESTS OF THE CHILD.**

28.32 (a) The "best interests of the child" means all relevant factors to be considered and

28.33 evaluated. In the case of an Indian child, best interests of the child includes best interests

28.34 of an Indian child as defined in section 260.755, subdivision 2a.

29.1 (b) In making a permanency disposition order or termination of parental rights,
29.2 the court must be governed by the best interests of the child, including a review of the
29.3 relationship between the child and relatives and the child and other important persons with
29.4 whom the child has resided or had significant contact.

29.5 Sec. 35. Minnesota Statutes 2014, section 268.155, subdivision 1, is amended to read:

29.6 Subdivision 1. **Definitions.** As used in this section:

29.7 (1) "Child support obligations" means obligations that are being enforced by a child
29.8 support agency in accordance with a plan described in United States Code, title 42, ~~section~~
29.9 sections 454 and 455, of the Social Security Act that has been approved by the secretary of
29.10 health and human services under part D of title IV of the Social Security Act. This does
29.11 not include any type of spousal maintenance or foster care payments; and

29.12 (2) "Child support agency" means the public agency responsible for child support
29.13 enforcement, including federally approved comprehensive Tribal IV-D programs.

29.14 **EFFECTIVE DATE.** This section is effective October 15, 2015.

29.15 Sec. 36. Minnesota Statutes 2014, section 626.556, subdivision 10, is amended to read:

29.16 Subd. 10. **Duties of local welfare agency and local law enforcement agency upon**
29.17 **receipt of report.** (a) Upon receipt of a report, the local welfare agency shall determine
29.18 whether to conduct a family assessment or an investigation as appropriate to prevent or
29.19 provide a remedy for child maltreatment. The local welfare agency:

29.20 (1) shall conduct an investigation on reports involving substantial child
29.21 endangerment;

29.22 (2) shall begin an immediate investigation if, at any time when it is using a family
29.23 assessment response, it determines that there is reason to believe that substantial child
29.24 endangerment or a serious threat to the child's safety exists;

29.25 (3) may conduct a family assessment for reports that do not allege substantial child
29.26 endangerment. In determining that a family assessment is appropriate, the local welfare
29.27 agency may consider issues of child safety, parental cooperation, and the need for an
29.28 immediate response; ~~and~~

29.29 (4) may conduct a family assessment on a report that was initially screened and
29.30 assigned for an investigation. In determining that a complete investigation is not required,
29.31 the local welfare agency must document the reason for terminating the investigation and
29.32 notify the local law enforcement agency if the local law enforcement agency is conducting
29.33 a joint investigation; and

30.1 (5) shall provide immediate notice, according to section 260.761, subdivision 2, to
30.2 an Indian child's tribe when the agency has reason to believe the family assessment or
30.3 investigation may involve an Indian child. For purposes of this clause, "immediate notice"
30.4 means notice provided within 24 hours.

30.5 If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian,
30.6 or individual functioning within the family unit as a person responsible for the child's
30.7 care, or sexual abuse by a person with a significant relationship to the child when that
30.8 person resides in the child's household or by a sibling, the local welfare agency shall
30.9 immediately conduct a family assessment or investigation as identified in clauses (1) to
30.10 (4). In conducting a family assessment or investigation, the local welfare agency shall
30.11 gather information on the existence of substance abuse and domestic violence and offer
30.12 services for purposes of preventing future child maltreatment, safeguarding and enhancing
30.13 the welfare of the abused or neglected minor, and supporting and preserving family
30.14 life whenever possible. If the report alleges a violation of a criminal statute involving
30.15 sexual abuse, physical abuse, or neglect or endangerment, under section 609.378, the
30.16 local law enforcement agency and local welfare agency shall coordinate the planning and
30.17 execution of their respective investigation and assessment efforts to avoid a duplication of
30.18 fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of
30.19 the results of its investigation. In cases of alleged child maltreatment resulting in death,
30.20 the local agency may rely on the fact-finding efforts of a law enforcement investigation
30.21 to make a determination of whether or not maltreatment occurred. When necessary the
30.22 local welfare agency shall seek authority to remove the child from the custody of a parent,
30.23 guardian, or adult with whom the child is living. In performing any of these duties, the
30.24 local welfare agency shall maintain appropriate records.

30.25 If the family assessment or investigation indicates there is a potential for abuse of
30.26 alcohol or other drugs by the parent, guardian, or person responsible for the child's care,
30.27 the local welfare agency shall conduct a chemical use assessment pursuant to Minnesota
30.28 Rules, part 9530.6615.

30.29 (b) When a local agency receives a report or otherwise has information indicating
30.30 that a child who is a client, as defined in section 245.91, has been the subject of physical
30.31 abuse, sexual abuse, or neglect at an agency, facility, or program as defined in section
30.32 245.91, it shall, in addition to its other duties under this section, immediately inform the
30.33 ombudsman established under sections 245.91 to 245.97. The commissioner of education
30.34 shall inform the ombudsman established under sections 245.91 to 245.97 of reports
30.35 regarding a child defined as a client in section 245.91 that maltreatment occurred at a
30.36 school as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10.

31.1 (c) Authority of the local welfare agency responsible for assessing or investigating
31.2 the child abuse or neglect report, the agency responsible for assessing or investigating
31.3 the report, and of the local law enforcement agency for investigating the alleged abuse or
31.4 neglect includes, but is not limited to, authority to interview, without parental consent,
31.5 the alleged victim and any other minors who currently reside with or who have resided
31.6 with the alleged offender. The interview may take place at school or at any facility or
31.7 other place where the alleged victim or other minors might be found or the child may be
31.8 transported to, and the interview conducted at, a place appropriate for the interview of a
31.9 child designated by the local welfare agency or law enforcement agency. The interview
31.10 may take place outside the presence of the alleged offender or parent, legal custodian,
31.11 guardian, or school official. For family assessments, it is the preferred practice to request
31.12 a parent or guardian's permission to interview the child prior to conducting the child
31.13 interview, unless doing so would compromise the safety assessment. Except as provided in
31.14 this paragraph, the parent, legal custodian, or guardian shall be notified by the responsible
31.15 local welfare or law enforcement agency no later than the conclusion of the investigation
31.16 or assessment that this interview has occurred. Notwithstanding rule 32 of the Minnesota
31.17 Rules of Procedure for Juvenile Courts, the juvenile court may, after hearing on an ex parte
31.18 motion by the local welfare agency, order that, where reasonable cause exists, the agency
31.19 withhold notification of this interview from the parent, legal custodian, or guardian. If the
31.20 interview took place or is to take place on school property, the order shall specify that
31.21 school officials may not disclose to the parent, legal custodian, or guardian the contents
31.22 of the notification of intent to interview the child on school property, as provided under
31.23 this paragraph, and any other related information regarding the interview that may be a
31.24 part of the child's school record. A copy of the order shall be sent by the local welfare or
31.25 law enforcement agency to the appropriate school official.

31.26 (d) When the local welfare, local law enforcement agency, or the agency responsible
31.27 for assessing or investigating a report of maltreatment determines that an interview should
31.28 take place on school property, written notification of intent to interview the child on school
31.29 property must be received by school officials prior to the interview. The notification
31.30 shall include the name of the child to be interviewed, the purpose of the interview, and
31.31 a reference to the statutory authority to conduct an interview on school property. For
31.32 interviews conducted by the local welfare agency, the notification shall be signed by the
31.33 chair of the local social services agency or the chair's designee. The notification shall be
31.34 private data on individuals subject to the provisions of this paragraph. School officials
31.35 may not disclose to the parent, legal custodian, or guardian the contents of the notification
31.36 or any other related information regarding the interview until notified in writing by the

32.1 local welfare or law enforcement agency that the investigation or assessment has been
32.2 concluded, unless a school employee or agent is alleged to have maltreated the child.
32.3 Until that time, the local welfare or law enforcement agency or the agency responsible
32.4 for assessing or investigating a report of maltreatment shall be solely responsible for any
32.5 disclosures regarding the nature of the assessment or investigation.

32.6 Except where the alleged offender is believed to be a school official or employee,
32.7 the time and place, and manner of the interview on school premises shall be within the
32.8 discretion of school officials, but the local welfare or law enforcement agency shall have
32.9 the exclusive authority to determine who may attend the interview. The conditions as to
32.10 time, place, and manner of the interview set by the school officials shall be reasonable and
32.11 the interview shall be conducted not more than 24 hours after the receipt of the notification
32.12 unless another time is considered necessary by agreement between the school officials and
32.13 the local welfare or law enforcement agency. Where the school fails to comply with the
32.14 provisions of this paragraph, the juvenile court may order the school to comply. Every
32.15 effort must be made to reduce the disruption of the educational program of the child, other
32.16 students, or school staff when an interview is conducted on school premises.

32.17 (e) Where the alleged offender or a person responsible for the care of the alleged
32.18 victim or other minor prevents access to the victim or other minor by the local welfare
32.19 agency, the juvenile court may order the parents, legal custodian, or guardian to produce
32.20 the alleged victim or other minor for questioning by the local welfare agency or the local
32.21 law enforcement agency outside the presence of the alleged offender or any person
32.22 responsible for the child's care at reasonable places and times as specified by court order.

32.23 (f) Before making an order under paragraph (e), the court shall issue an order to
32.24 show cause, either upon its own motion or upon a verified petition, specifying the basis for
32.25 the requested interviews and fixing the time and place of the hearing. The order to show
32.26 cause shall be served personally and shall be heard in the same manner as provided in
32.27 other cases in the juvenile court. The court shall consider the need for appointment of a
32.28 guardian ad litem to protect the best interests of the child. If appointed, the guardian ad
32.29 litem shall be present at the hearing on the order to show cause.

32.30 (g) The commissioner of human services, the ombudsman for mental health and
32.31 developmental disabilities, the local welfare agencies responsible for investigating reports,
32.32 the commissioner of education, and the local law enforcement agencies have the right to
32.33 enter facilities as defined in subdivision 2 and to inspect and copy the facility's records,
32.34 including medical records, as part of the investigation. Notwithstanding the provisions of
32.35 chapter 13, they also have the right to inform the facility under investigation that they are
32.36 conducting an investigation, to disclose to the facility the names of the individuals under

33.1 investigation for abusing or neglecting a child, and to provide the facility with a copy of
33.2 the report and the investigative findings.

33.3 (h) The local welfare agency responsible for conducting a family assessment or
33.4 investigation shall collect available and relevant information to determine child safety,
33.5 risk of subsequent child maltreatment, and family strengths and needs and share not public
33.6 information with an Indian's tribal social services agency without violating any law of the
33.7 state that may otherwise impose duties of confidentiality on the local welfare agency in
33.8 order to implement the tribal state agreement. The local welfare agency or the agency
33.9 responsible for investigating the report shall collect available and relevant information
33.10 to ascertain whether maltreatment occurred and whether protective services are needed.
33.11 Information collected includes, when relevant, information with regard to the person
33.12 reporting the alleged maltreatment, including the nature of the reporter's relationship to the
33.13 child and to the alleged offender, and the basis of the reporter's knowledge for the report;
33.14 the child allegedly being maltreated; the alleged offender; the child's caretaker; and other
33.15 collateral sources having relevant information related to the alleged maltreatment. The
33.16 local welfare agency or the agency responsible for investigating the report may make a
33.17 determination of no maltreatment early in an investigation, and close the case and retain
33.18 immunity, if the collected information shows no basis for a full investigation.

33.19 Information relevant to the assessment or investigation must be asked for, and
33.20 may include:

33.21 (1) the child's sex and age, prior reports of maltreatment, information relating
33.22 to developmental functioning, credibility of the child's statement, and whether the
33.23 information provided under this clause is consistent with other information collected
33.24 during the course of the assessment or investigation;

33.25 (2) the alleged offender's age, a record check for prior reports of maltreatment, and
33.26 criminal charges and convictions. The local welfare agency or the agency responsible for
33.27 assessing or investigating the report must provide the alleged offender with an opportunity
33.28 to make a statement. The alleged offender may submit supporting documentation relevant
33.29 to the assessment or investigation;

33.30 (3) collateral source information regarding the alleged maltreatment and care of the
33.31 child. Collateral information includes, when relevant: (i) a medical examination of the
33.32 child; (ii) prior medical records relating to the alleged maltreatment or the care of the
33.33 child maintained by any facility, clinic, or health care professional and an interview with
33.34 the treating professionals; and (iii) interviews with the child's caretakers, including the
33.35 child's parent, guardian, foster parent, child care provider, teachers, counselors, family

34.1 members, relatives, and other persons who may have knowledge regarding the alleged
34.2 maltreatment and the care of the child; and

34.3 (4) information on the existence of domestic abuse and violence in the home of
34.4 the child, and substance abuse.

34.5 Nothing in this paragraph precludes the local welfare agency, the local law
34.6 enforcement agency, or the agency responsible for assessing or investigating the report
34.7 from collecting other relevant information necessary to conduct the assessment or
34.8 investigation. Notwithstanding sections 13.384 or 144.291 to 144.298, the local welfare
34.9 agency has access to medical data and records for purposes of clause (3). Notwithstanding
34.10 the data's classification in the possession of any other agency, data acquired by the
34.11 local welfare agency or the agency responsible for assessing or investigating the report
34.12 during the course of the assessment or investigation are private data on individuals and
34.13 must be maintained in accordance with subdivision 11. Data of the commissioner of
34.14 education collected or maintained during and for the purpose of an investigation of
34.15 alleged maltreatment in a school are governed by this section, notwithstanding the data's
34.16 classification as educational, licensing, or personnel data under chapter 13.

34.17 In conducting an assessment or investigation involving a school facility as defined
34.18 in subdivision 2, paragraph (i), the commissioner of education shall collect investigative
34.19 reports and data that are relevant to a report of maltreatment and are from local law
34.20 enforcement and the school facility.

34.21 (i) Upon receipt of a report, the local welfare agency shall conduct a face-to-face
34.22 contact with the child reported to be maltreated and with the child's primary caregiver
34.23 sufficient to complete a safety assessment and ensure the immediate safety of the child.
34.24 The face-to-face contact with the child and primary caregiver shall occur immediately
34.25 if substantial child endangerment is alleged and within five calendar days for all other
34.26 reports. If the alleged offender was not already interviewed as the primary caregiver, the
34.27 local welfare agency shall also conduct a face-to-face interview with the alleged offender
34.28 in the early stages of the assessment or investigation. At the initial contact, the local child
34.29 welfare agency or the agency responsible for assessing or investigating the report must
34.30 inform the alleged offender of the complaints or allegations made against the individual in
34.31 a manner consistent with laws protecting the rights of the person who made the report.
34.32 The interview with the alleged offender may be postponed if it would jeopardize an active
34.33 law enforcement investigation.

34.34 (j) When conducting an investigation, the local welfare agency shall use a question
34.35 and answer interviewing format with questioning as nondirective as possible to elicit

35.1 spontaneous responses. For investigations only, the following interviewing methods and
35.2 procedures must be used whenever possible when collecting information:

35.3 (1) audio recordings of all interviews with witnesses and collateral sources; and

35.4 (2) in cases of alleged sexual abuse, audio-video recordings of each interview with
35.5 the alleged victim and child witnesses.

35.6 (k) In conducting an assessment or investigation involving a school facility as
35.7 defined in subdivision 2, paragraph (i), the commissioner of education shall collect
35.8 available and relevant information and use the procedures in paragraphs (i), (k), and
35.9 subdivision 3d, except that the requirement for face-to-face observation of the child
35.10 and face-to-face interview of the alleged offender is to occur in the initial stages of the
35.11 assessment or investigation provided that the commissioner may also base the assessment
35.12 or investigation on investigative reports and data received from the school facility and
35.13 local law enforcement, to the extent those investigations satisfy the requirements of
35.14 paragraphs (i) and (k), and subdivision 3d.

35.15 Sec. 37. Minnesota Statutes 2014, section 626.556, subdivision 11d, is amended to read:

35.16 Subd. 11d. **Disclosure in child fatality or near-fatality cases.** (a) The definitions

35.27 public agency shall disclose to the public, upon request, the findings and information
35.28 related to a child fatality or near fatality if:

35.29 (1) a person is criminally charged with having caused the child fatality or near
35.30 fatality; ~~or~~

35.31 (2) a county attorney certifies that a person would have been charged with having
35.32 caused the child fatality or near fatality but for that person's death; or

35.33 (3) a child protection investigation resulted in a determination of child abuse or
35.34 neglect.

36.1 (c) Findings and information disclosed under this subdivision consist of a written
36.2 summary that includes any of the following information the agency is able to provide:

36.19 ~~a description of the conduct of the most recent investigation and the services rendered,~~
36.20 ~~and a statement of the basis for the agency's determination.~~

36.21 (d) Nothing in this subdivision authorizes access to the private data in the custody of
36.22 a local social services agency, or the disclosure to the public of the records or content of
36.23 any psychiatric, psychological, or therapeutic evaluations, or the disclosure of information
36.24 that would reveal the identities of persons who provided information related to ~~suspected~~
36.25 ~~abuse, or neglect, or maltreatment~~ of the child.

36.26 (e) A person whose request is denied may apply to the appropriate court for an
36.27 order compelling disclosure of all or part of the findings and information of the public
36.28 agency. The application must set forth, with reasonable particularity, factors supporting
36.29 the application. The court has jurisdiction to issue these orders. Actions under this section
36.30 must be set down for immediate hearing, and subsequent proceedings in those actions
36.31 must be given priority by the appellate courts.

36.32 (f) A public agency or its employees acting in good faith in disclosing or declining
36.33 to disclose information under this section are immune from criminal or civil liability that
36.34 might otherwise be incurred or imposed for that action.

47.27 client's treatment plan to the family. Psychotherapy is appropriate for crisis response
47.28 when a child has become dysregulated or experienced new trauma since the diagnostic

48.1 for children combine psychotherapy to address internal psychological, emotional,
 48.2 and intellectual processing deficits, and skills training to restore personal and social
 48.3 functioning. Psychiatric rehabilitation services establish a progressive series of goals
 48.4 with each achievement building upon a prior achievement. Continuing progress toward

 48.11 or to enable the child to self-monitor, compensate for, cope with, counteract, or replace
 48.12 skills deficits or maladaptive skills acquired over the course of a psychiatric illness. Skills
 48.13 training is subject to the following requirements: service delivery requirements under
 48.14 subdivision 9, paragraph (b), clause (2).

48.15 ~~(1) a mental health professional or a mental health practitioner must provide skills~~
 48.16 ~~training;~~

48.17 ~~(2) the child must always be present during skills training; however, a brief absence~~
 48.18 ~~of the child for no more than ten percent of the session unit may be allowed to redirect or~~
 48.19 ~~instruct family members;~~

48.20 ~~(3) skills training delivered to children or their families must be targeted to the~~
 48.21 ~~specific deficits or maladaptations of the child's mental health disorder and must be~~
 48.22 ~~prescribed in the child's individual treatment plan;~~

 48.24 ~~to enhance the child's skill development and to help the child use in daily life the skills~~
 48.25 ~~previously taught by a mental health professional or mental health practitioner and to~~
 48.26 ~~develop or maintain a home environment that supports the child's progressive use skills;~~

48.27 ~~(5) group skills training may be provided to multiple recipients who, because of the~~
 48.28 ~~nature of their emotional, behavioral, or social dysfunction, can derive mutual benefit from~~

50.7 ~~years, at the request of the parent or guardian, if a mental health professional agrees~~
50.8 ~~there has been little change in the condition and that an annual assessment is not needed.~~
50.9 For individuals between age 18 and 21, unless a client's mental health condition has

51.4 oversight of functions, including finance, personnel, system management, clinical practice,
51.5 and ~~performance~~ individual treatment outcomes measurement. An eligible provider entity

52.18 subsequent update, and must train staff accordingly.

52.19 (b) The clinical infrastructure written policies and procedures must include policies
52.20 and procedures for:

52.21 (1) providing or obtaining a client's diagnostic assessment, including a diagnostic

52.24 and environmental problems, including baselines, and a functional assessment. The
52.25 functional assessment component must clearly summarize the client's individual strengths
52.26 and needs. When required components of the diagnostic assessment, such as baseline

52.30 diagnostic assessment or incorporate the baselines into the child's individual treatment plan;

52.31 (2) developing an individual treatment plan that:

52.32 (i) is based on the information in the client's diagnostic assessment and baselines;

 53.3 services and supports;

53.4 (iv) is developed through a child-centered, family-driven, culturally appropriate
 53.5 planning process, including allowing parents and guardians to observe or participate in
 53.6 individual and family treatment services, assessment, and treatment planning;

53.7 (v) is reviewed at least once every 90 days and revised, ~~if necessary~~ to document

 53.21 treatment plan;

53.22 (4) providing clinical supervision ~~of the plans for~~ mental health practitioner
 53.23 practitioners and mental health behavioral aide aides. A mental health professional must
 53.24 document the clinical supervision the professional provides by cosigning individual
 53.25 treatment plans and making entries in the client's record on supervisory activities. The
 53.26 clinical supervisor also shall document supervisee-specific supervision in the supervisee's
 53.27 personnel file. Clinical supervision does not include the authority to make or terminate
 53.28 court-ordered placements of the child. A clinical supervisor must be available for
 53.29 urgent consultation as required by the individual client's needs or the situation. Clinical
 53.30 supervision may occur individually or in a small group to discuss treatment and review
 53.31 progress toward goals. The focus of clinical supervision must be the client's treatment
 53.32 needs and progress and the mental health practitioner's or behavioral aide's ability to
 53.33 provide services;

53.34 (4a) ~~meeting day treatment and therapeutic preschool programs~~ program conditions
 53.35 in items (i) to (iii):

54.1 (i) the clinical supervisor must be present and available on the premises more than
54.2 50 percent of the time in a ~~five-working-day period~~ provider's standard working week

54.13 within the scope of the practitioner's practice and who is supervised by a mental health
54.14 professional who accepts full professional responsibility;

54.15 (ii) medical assistance shall reimburse for services provided by a mental health
54.16 behavioral aide who ~~maintains a consulting relationship with~~ is delivering services that fall
54.17 within the scope of the aide's practice and who is supervised by a mental health professional
54.18 who accepts full professional responsibility and has an approved plan for clinical
54.19 supervision of the behavioral aide. Plans ~~will~~ must be developed in accordance with
54.20 supervision standards defined in Minnesota Rules, part 9505.0371, subpart 4, items A to D;

54.21 (iii) the mental health professional is required to be present ~~on-site~~ at the site
54.22 of service delivery for observation as clinically appropriate when the mental health
54.23 practitioner or mental health behavioral aide is providing CTSS services; and

54.29 entity or other ~~certified children's therapeutic supports and services provider entity~~ certified
54.30 to provide mental health behavioral aide services to ensure necessary and appropriate
54.31 oversight for the client's treatment and continuity of care. The mental health professional or
54.32 mental health practitioner giving direction must begin with the goals on the individualized
54.33 treatment plan, and instruct the mental health behavioral aide on how to ~~construct~~
54.34 implement therapeutic activities and interventions that will lead to goal attainment. The
54.35 professional or practitioner giving direction must also instruct the mental health behavioral
54.36 aide about the client's diagnosis, functional status, and other characteristics that are likely

55.1 to affect service delivery. Direction must also include determining that the mental health
55.2 behavioral aide has the skills to interact with the client and the client's family in ways that
55.3 convey personal and cultural respect and that the aide actively solicits information relevant
55.4 to treatment from the family. The aide must be able to clearly explain or demonstrate the
55.5 activities the aide is doing with the client and the activities' relationship to treatment goals.
55.6 Direction is more didactic than is supervision and requires the professional or practitioner
55.7 providing it to continuously evaluate the mental health behavioral aide's ability to carry
55.8 out the activities of the individualized treatment plan and the individualized behavior plan.
55.9 When providing direction, the professional or practitioner must:

55.10 (i) review progress notes prepared by the mental health behavioral aide for accuracy
55.11 and consistency with diagnostic assessment, treatment plan, and behavior goals and the
55.12 professional or practitioner must approve and sign the progress notes;

55.14 and communicate treatment instructions and methodologies as appropriate to ensure
55.15 that treatment is implemented correctly;

55.16 (iii) demonstrate family-friendly behaviors that support healthy collaboration among
55.17 the child, the child's family, and providers as treatment is planned and implemented;

55.18 (iv) ensure that the mental health behavioral aide is able to effectively communicate
55.19 with the child, the child's family, and the provider; and

55.20 (v) record the results of any evaluation and corrective actions taken to modify the
55.21 work of the mental health behavioral aide;

55.22 (6) providing service delivery that implements the individual treatment plan and
55.23 meets the requirements under subdivision 9; and

55.24 (7) individual treatment plan review. The review must determine the extent to
55.25 which the services have met each of the goals and objectives in the ~~previous~~ treatment
55.26 plan. The review must assess the client's progress and ensure that services and treatment
55.27 goals continue to be necessary and appropriate to the client and the client's family or
55.28 foster family. Revision of the individual treatment plan does not require a new diagnostic
55.29 assessment unless the client's mental health status has changed markedly. The updated
55.30 treatment plan must be signed by the clinical supervisor and by the client, if appropriate,
55.31 and by the client's parent or other person authorized by statute to give consent to the
55.32 mental health services for the child.

55.33 **EFFECTIVE DATE.** This section is effective the day following final enactment.

55.34 Sec. 10. Minnesota Statutes 2014, section 256B.0943, subdivision 7, is amended to read:

56.1 Subd. 7. **Qualifications of individual and team providers.** (a) An individual
 56.2 or team provider working within the scope of the provider's practice or qualifications

56.5 (b) An individual provider must be qualified as:

56.6 (1) a mental health professional as defined in subdivision 1, paragraph ~~(n)~~ (o); or

56.7 (2) a mental health practitioner or clinical trainee. The mental health practitioner or
 56.8 clinical trainee must work under the clinical supervision of a mental health professional; or

56.9 (3) a mental health behavioral aide working under the clinical supervision of

56.25 (c) A day treatment multidisciplinary team must include at least one mental health

56.27 **EFFECTIVE DATE.** This section is effective the day following final enactment.

56.28 Sec. 11. Minnesota Statutes 2014, section 256B.0943, subdivision 9, is amended to read:

56.29 Subd. 9. **Service delivery criteria.** (a) In delivering services under this section, a
 56.30 certified provider entity must ensure that:

56.31 (1) each individual provider's caseload size permits the provider to deliver services
 56.32 to both clients with severe, complex needs and clients with less intensive needs. The
 56.33 provider's caseload size should reasonably enable the provider to play an active role in
 56.34 service planning, monitoring, and delivering services to meet the client's and client's
 56.35 family's needs, as specified in each client's individual treatment plan;

57.1 (2) site-based programs, including day treatment ~~and preschool~~ programs, provide

57.8 to 144.55; (ii) a community mental health center under section 245.62; or (iii) an entity
57.9 that is certified under subdivision 4 to operate a program that meets the requirements of
57.10 section 245.4884, subdivision 2, and Minnesota Rules, parts 9505.0170 to 9505.0475. The
57.11 day treatment program must stabilize the client's mental health status while developing
57.12 and improving the client's independent living and socialization skills. The goal of the day
57.13 treatment program must be to reduce or relieve the effects of mental illness and provide
57.14 training to enable the client to live in the community. The program must be available
57.15 year-round at least three to five days per week, two or three hours per day, unless the
57.16 normal five-day school week is shortened by a holiday, weather-related cancellation, or
57.17 other district-wide reduction in a school week. A child transitioning into or out of day
57.18 treatment must receive a minimum treatment of one day a week for a two-hour time block.
57.19 The two-hour time block must include at least one hour of ~~individual~~ patient and/or family
57.20 or group psychotherapy. The remainder of the structured treatment program may include
57.21 ~~individual~~ patient and/or family or group psychotherapy, and individual or group skills
57.22 training, if included in the client's individual treatment plan. Day treatment programs are
57.23 not part of inpatient or residential treatment services. When a day treatment group that
57.24 meets the minimum group size requirement temporarily falls below the minimum group
57.25 size because of a member's temporary absence, medical assistance covers a group session
57.26 conducted for the group members in attendance. A day treatment program may provide
57.27 fewer than the minimally required hours for a particular child during a billing period in
57.28 which the child is transitioning into, or out of, the program; ~~and.~~

57.29 (4) ~~a therapeutic preschool program is a structured treatment program offered~~
57.30 ~~to a child who is at least 33 months old, but who has not yet reached the first day of~~
57.31 ~~kindergarten, by a preschool multidisciplinary team in a day program licensed under~~
57.32 ~~Minnesota Rules, parts 9503.0005 to 9503.0175. The program must be available two~~
57.33 ~~hours per day, five days per week, and 12 months of each calendar year. The structured~~
57.34 ~~treatment program may include individual or group psychotherapy and individual or~~
57.35 ~~group skills training, if included in the client's individual treatment plan. A therapeutic~~

58.1 preschool program may provide fewer than the minimally required hours for a particular
58.2 child during a billing period in which the child is transitioning into, or out of, the program.

58.3 (b) To be eligible for medical assistance payment, a provider entity must deliver the
58.4 service components of children's therapeutic services and supports in compliance with the
58.5 following requirements:

58.6 (1) individual patient and/or family, family, and group psychotherapy must be
58.7 delivered as specified in Minnesota Rules, part 9505.0372, subpart 6. Psychotherapy to
58.8 address the child's underlying mental health disorder must be documented as part of the
58.9 child's ongoing treatment. A provider must deliver, or arrange for, medically necessary
58.10 psychotherapy, unless the child's parent or caregiver chooses not to receive it. When a
58.11 provider delivering other services to a child under this section deems it not medically
58.12 necessary to provide psychotherapy to the child for a period of 90 days or longer, the
58.13 provider entity must document the medical reasons why psychotherapy is not necessary.
58.14 When a provider determines that a child needs psychotherapy but psychotherapy cannot
58.15 be delivered due to a shortage of licensed mental health professionals in the child's
58.16 community, the provider must document the lack of access in the child's medical record;

58.17 (2) individual, family, or group skills training must be provided by a mental health
58.18 professional or a mental health practitioner who ~~has a consulting relationship with~~ is
58.19 delivering services that fall within the scope of the provider's practice and is supervised by
58.20 a mental health professional who accepts full professional responsibility for the training;
58.21 Skills training is subject to the following requirements:

58.22 (i) a mental health professional, clinical trainee, or mental health practitioner shall
58.23 provide skills training;

58.24 (ii) skills training delivered to a child or the child's family must be targeted to the
58.25 specific deficits or maladaptations of the child's mental health disorder and must be
58.26 prescribed in the child's individual treatment plan;

58.27 (iii) the mental health professional delivering or supervising the delivery of skills
58.28 training must document any underlying psychiatric condition and must document how
58.29 skills training is being used in conjunction with psychotherapy to address the underlying
58.30 condition;

58.31 (iv) skills training delivered to the child's family must teach skills needed by parents
58.32 to enhance the child's skill development, to help the child utilize daily life skills taught by
58.33 a mental health professional, clinical trainee, or mental health practitioner, and to develop

66.20 to read:

69.2 receives notice that the license has been immediately suspended. If a request is made by
69.3 personal service, it must be received by the commissioner within five calendar days after
69.4 the license holder received the order. A license holder and any controlling individual
69.5 shall discontinue operation of the program upon receipt of the commissioner's order to
69.6 immediately suspend the license.

69.7 Sec. 12. Minnesota Statutes 2014, section 245A.07, subdivision 2a, is amended to read:

69.8 Subd. 2a. **Immediate suspension expedited hearing.** (a) Within five working days
69.9 of receipt of the license holder's timely appeal, the commissioner shall request assignment
69.10 of an administrative law judge. The request must include a proposed date, time, and place
69.11 of a hearing. A hearing must be conducted by an administrative law judge within 30
69.12 calendar days of the request for assignment, unless an extension is requested by either
69.13 party and granted by the administrative law judge for good cause. The commissioner shall
69.14 issue a notice of hearing by certified mail or personal service at least ten working days
69.15 before the hearing. The scope of the hearing shall be limited solely to the issue of whether
69.16 the temporary immediate suspension should remain in effect pending the commissioner's
69.17 final order under section 245A.08, regarding a licensing sanction issued under subdivision
69.18 3 following the immediate suspension. For suspensions under subdivision 2, paragraph
69.19 (a), clause (1), the burden of proof in expedited hearings under this subdivision shall be
69.20 limited to the commissioner's demonstration that reasonable cause exists to believe that
69.21 the license holder's actions or failure to comply with applicable law or rule poses, or if the
69.22 actions of other individuals or conditions in the program poses an imminent risk of harm to
69.23 the health, safety, or rights of persons served by the program. "Reasonable cause" means
69.24 there exist specific articulable facts or circumstances which provide the commissioner
69.25 with a reasonable suspicion that there is an imminent risk of harm to the health, safety, or
69.26 rights of persons served by the program. When the commissioner has determined there is
69.27 reasonable cause to order the temporary immediate suspension of a license based on a
69.28 violation of safe sleep requirements, as defined in section 245A.1435, the commissioner is
69.29 not required to demonstrate that an infant died or was injured as a result of the safe sleep
69.30 violations. For suspensions under subdivision 2, paragraph (a), clause (2), the burden of
69.31 proof in expedited hearings under this subdivision shall be limited to the commissioner's
69.32 demonstration by a preponderance of evidence that, since the license was revoked, the
69.33 license holder committed additional violations of law or rule which may adversely affect
69.34 the health or safety of persons served by the program.

70.1 (b) The administrative law judge shall issue findings of fact, conclusions, and a
70.2 recommendation within ten working days from the date of hearing. The parties shall
70.3 have ten calendar days to submit exceptions to the administrative law judge's report.
70.4 The record shall close at the end of the ten-day period for submission of exceptions.
70.5 The commissioner's final order shall be issued within ten working days from the close
70.6 of the record. When an appeal of a temporary immediate suspension is withdrawn or
70.7 dismissed, the commissioner shall issue a final order affirming the temporary immediate
70.8 suspension within ten calendar days of the commissioner's receipt of the withdrawal or
70.9 dismissal. Within 90 calendar days after a final order affirming an immediate suspension,
70.10 the commissioner shall make a determination regarding whether a final licensing sanction
70.11 shall be issued under subdivision 3. The license holder shall continue to be prohibited
70.12 from operation of the program during this 90-day period.

70.13 (c) When the final order under paragraph (b) affirms an immediate suspension, and a
70.14 final licensing sanction is issued under subdivision 3 and the license holder appeals that
70.15 sanction, the license holder continues to be prohibited from operation of the program
70.16 pending a final commissioner's order under section 245A.08, subdivision 5, regarding the
70.17 final licensing sanction.

70.18 Sec. 13. Minnesota Statutes 2014, section 245A.11, subdivision 4, is amended to read:

70.19 Subd. 4. **Location of residential programs.** In determining whether to grant
70.20 a license, the commissioner shall specifically consider the population, size, land use
70.21 plan, availability of community services, and the number and size of existing licensed
70.22 residential programs in the town, municipality, or county in which the applicant seeks
70.23 to operate a residential program. The commissioner shall not grant an initial license
70.24 to any residential program if the residential program will be within 1,320 feet of an
70.25 existing residential program unless one of the following conditions apply: (1) the existing
70.26 residential program is located in a hospital licensed by the commissioner of health; (2) the
70.27 town, municipality, or county zoning authority grants the residential program a conditional
70.28 use or special use permit; (3) the program serves six or fewer persons and is not located
70.29 in a city of the first class; or (4) the program is foster care, or a community residential
70.30 setting as defined under section 245D.02, subdivision 4a.

70.31 Sec. 14. Minnesota Statutes 2014, section 245A.12, is amended to read:

70.32 **245A.12 VOLUNTARY RECEIVERSHIP FOR RESIDENTIAL OR**
70.33 **NONRESIDENTIAL PROGRAMS.**

71.1 Subdivision 1. **Definitions.** For purposes of this section and section 245A.13, the
71.2 following terms have the meanings given them.

71.3 (a) "Controlling individual" has the meaning in section 245A.02, subdivision 5a.
71.4 When used in this section and section 245A.13, it means only those individuals controlling
71.5 the residential or nonresidential program prior to the commencement of the receivership
71.6 period.

71.7 (b) "Physical plant" means the building or buildings in which a residential or
71.8 nonresidential program is located; all equipment affixed to the building and not easily
71.9 subject to transfer as specified in the building and fixed equipment tables of the
71.10 depreciation guidelines; and auxiliary buildings in the nature of sheds, garages, and storage
71.11 buildings located on the same site if used for purposes related to resident or client care.

71.12 (c) "Related party" means a person who is a close relative of a provider or a provider
71.13 group; an affiliate of a provider or a provider group; a close relative of an affiliate of a
71.14 provider or provider group; or an affiliate of a close relative of an affiliate of a provider
71.15 or provider group. For the purposes of this paragraph, the following terms have the
71.16 meanings given them.

71.17 (1) "Affiliate" means a person that directly, or indirectly through one or more
71.18 intermediaries, controls, or is controlled by, or is under common control with another
71.19 person.

71.20 (2) "Person" means an individual, a corporation, a partnership, an association, a
71.21 trust, an unincorporated organization, or a government or political subdivision.

71.22 (3) "Close relative of an affiliate of a provider or provider group" means an
71.23 individual whose relationship by blood, marriage, or adoption to an individual who is an
71.24 affiliate to a provider or a provider group is no more remote than first cousin.

71.25 (4) "Control" includes the terms "controlling," "controlled by," and "under common
71.26 control with" and means the possession, direct or indirect, of the power to direct or cause
71.27 the direction of the management, operations, or policies of a person, whether through the
71.28 ownership of voting securities, by contract, or otherwise.

71.29 (5) "Provider or provider group" means the license holder or controlling individual
71.30 prior to the effective date of the receivership.

71.31 Subd. 2. **Receivership agreement.** A majority of controlling individuals of a
71.32 residential or nonresidential program licensed or certified by the commissioner may at
71.33 any time ask the commissioner to assume operation of the residential program through
71.34 appointment of a receiver. On receiving the request for a receiver, the commissioner may
71.35 enter into an agreement with a majority of controlling individuals and become the receiver
71.36 and operate the residential or nonresidential program under conditions acceptable to both

72.1 the commissioner and the majority of controlling individuals. The agreement must specify
72.2 the terms and conditions of the receivership and preserve the rights of the persons being
72.3 served by the residential program. A receivership set up under this section terminates at
72.4 the time specified by the parties to the agreement.

72.5 Subd. 3. **Management agreement.** When the commissioner agrees to become the
72.6 receiver of a residential or nonresidential program, the commissioner may enter into a
72.7 management agreement with another entity or group to act as the managing agent during
72.8 the receivership period. The managing agent will be responsible for the day-to-day
72.9 operations of the residential program subject at all times to the review and approval of the
72.10 commissioner. A reasonable fee may be paid to the managing agent for the performance
72.11 of these services.

72.12 Subd. 4. **Rate adjustment.** The provisions of section 245A.13, subdivisions 7 and
72.13 8, shall also apply to voluntary receiverships.

72.14 Subd. 5. **Controlling individuals; restrictions on licensure.** No controlling
72.15 individual of a residential or nonresidential program placed into receivership under this
72.16 section shall apply for or receive a license or certification from the commissioner to
72.17 operate a residential or nonresidential program for five years from the commencement of
72.18 the receivership period. This subdivision does not apply to residential programs that are
72.19 owned or operated by controlling individuals, that were in existence prior to the date of
72.20 the receivership agreement, and that have not been placed into receivership.

72.21 Subd. 6. **Liability.** The controlling individuals of a residential or nonresidential
72.22 program placed into receivership remain liable for any claims made against the residential
72.23 program that arose from incidents or events that occurred prior to the commencement
72.24 of the receivership period. Neither the commissioner nor the managing agent of the
72.25 commissioner assumes this liability.

72.26 Subd. 7. **Liability for financial obligations.** Neither the commissioner nor the
72.27 managing agent of the commissioner shall be liable for payment of any financial obligations
72.28 of the residential or nonresidential program or of its controlling individuals incurred prior
72.29 to the commencement of the receivership period unless such liability is expressly assumed
72.30 in the receivership agreement. Those financial obligations remain the liability of the
72.31 residential program and its controlling individuals. Financial obligations of the residential
72.32 program incurred after the commencement of the receivership period are the responsibility
72.33 of the commissioner or the managing agent of the commissioner to the extent such
72.34 obligations are expressly assumed by each in the receivership or management agreements.
72.35 The controlling individuals of the residential or nonresidential program remain liable for
72.36 any financial obligations incurred after the commencement of the receivership period to

73.1 the extent these obligations are not reimbursed in the rate paid to the residential program
73.2 and are reasonable and necessary to the operation of the residential program. These
73.3 financial obligations, or any other financial obligations incurred by the residential program
73.4 prior to the commencement of the receivership period which are necessary to the continued
73.5 operation of the residential program, may be deducted from any rental payments owed to
73.6 the controlling individuals of the residential program as part of the receivership agreement.

73.7 Subd. 8. **Physical plant of the residential or nonresidential program.** Occupation
73.8 of the physical plant after commencement of the receivership period shall be controlled
73.9 by paragraphs (a) and (b).

73.10 (a) If the physical plant of a residential or nonresidential program placed in
73.11 receivership is owned by a controlling individual or related party, the physical plant may
73.12 be used by the commissioner or the managing agent for purposes of the receivership as
73.13 long as the receivership period continues. A fair monthly rental for the physical plant shall
73.14 be paid by the commissioner or managing agent to the owner of the physical plant. This
73.15 fair monthly rental shall be determined by considering all relevant factors necessary to
73.16 meet required arm's-length obligations of controlling individuals such as the mortgage
73.17 payments owed on the physical plant, the real estate taxes, and special assessments. This
73.18 rental shall not include any allowance for profit or be based on any formula that includes
73.19 an allowance for profit.

73.20 (b) If the owner of the physical plant of a residential or nonresidential program
73.21 placed in receivership is not a related party, the controlling individual shall continue as the
73.22 lessee of the property. However, during the receivership period, rental payments shall be
73.23 made to the owner of the physical plant by the commissioner or the managing agent on
73.24 behalf of the controlling individual. Neither the commissioner nor the managing agent
73.25 assumes the obligations of the lease unless expressly stated in the receivership agreement.
73.26 Should the lease expire during the receivership, the commissioner or the managing agent
73.27 may negotiate a new lease for the term of the receivership period.

73.28 Subd. 9. **Receivership accounting.** The commissioner may use the medical
73.29 assistance account and funds for receivership cash flow and accounting purposes.

73.30 Subd. 10. **Receivership costs.** The commissioner may use the accounts and funds
73.31 that would have been available for the room and board, services, and program costs of
73.32 persons in the residential program for costs, cash flow, and accounting purposes related
73.33 to the receivership.

74.1 Sec. 15. Minnesota Statutes 2014, section 245A.13, is amended to read:

74.2 **245A.13 INVOLUNTARY RECEIVERSHIP FOR RESIDENTIAL OR**
 74.3 **NONRESIDENTIAL PROGRAMS.**

74.4 Subdivision 1. **Application.** In addition to any other remedy provided by law, the
 74.5 commissioner may petition the district court in Ramsey County for an order directing the
 74.6 controlling individuals of the a residential or nonresidential program licensed or certified
 74.7 by the commissioner to show cause why the commissioner should not be appointed
 74.8 receiver to operate the ~~residential~~ program. The petition to the district court must contain
 74.9 proof by affidavit: (1) that the commissioner has either begun ~~license suspension or~~
 74.10 ~~revocation proceedings~~, proceedings to suspend or revoke a license or certification, has
 74.11 suspended or revoked a license or certification, or has decided to deny an application for
 74.12 licensure or certification of the ~~residential~~ program; or (2) it appears to the commissioner
 74.13 that the health, safety, or rights of the residents or persons receiving care from the program
 74.14 may be in jeopardy because of the manner in which the ~~residential~~ program may close,
 74.15 the ~~residential~~ program's financial condition, or violations committed by the ~~residential~~
 74.16 program of federal or state laws or rules. If the license holder, applicant, or controlling
 74.17 individual operates more than one ~~residential~~ program, the commissioner's petition must
 74.18 specify and be limited to the ~~residential~~ program for which it seeks receivership. The
 74.19 affidavit submitted by the commissioner must set forth alternatives to receivership that
 74.20 have been considered, including rate adjustments. The order to show cause is returnable
 74.21 not less than five days after service is completed and must provide for personal service of
 74.22 a copy to the ~~residential~~ program administrator and to the persons designated as agents by
 74.23 the controlling individuals to accept service on their behalf.

74.24 Subd. 2. **Appointment of receiver.** If the court finds that involuntary receivership is
 74.25 necessary as a means of protecting the health, safety, or rights of persons being served by
 74.26 the ~~residential~~ program, the court shall appoint the commissioner as receiver to operate the
 74.27 ~~residential~~ program. The commissioner as receiver may contract with another entity or
 74.28 group to act as the managing agent during the receivership period. The managing agent
 74.29 will be responsible for the day-to-day operations of the ~~residential~~ program subject at all
 74.30 times to the review and approval of the commissioner.

74.31 Subd. 3. **Powers and duties of the receiver.** Within 36 months after the receivership
 74.32 order, the receiver shall provide for the orderly transfer of the persons served by the
 74.33 ~~residential~~ program to other ~~residential~~ programs or make other provisions to protect their
 74.34 health, safety, and rights. The receiver or the managing agent shall correct or eliminate
 74.35 deficiencies in the ~~residential~~ program that the commissioner determines endanger the
 74.36 health, safety, or welfare of the persons being served by the ~~residential~~ program unless the

75.1 correction or elimination of deficiencies at a residential program involves major alteration
75.2 in the structure of the physical plant. If the correction or elimination of the deficiencies
75.3 at a residential program requires major alterations in the structure of the physical plant,
75.4 the receiver shall take actions designed to result in the immediate transfer of persons
75.5 served by the residential program. During the period of the receivership, the receiver
75.6 and the managing agent shall operate the residential or nonresidential program in a
75.7 manner designed to preserve the health, safety, rights, adequate care, and supervision of
75.8 the persons served by the residential program. The receiver or the managing agent may
75.9 make contracts and incur lawful expenses. The receiver or the managing agent shall
75.10 collect incoming payments from all sources and apply them to the cost incurred in the
75.11 performance of the functions of the receivership including the fee set under subdivision 4.
75.12 No security interest in any real or personal property comprising the residential program or
75.13 contained within it, or in any fixture of the physical plant, shall be impaired or diminished
75.14 in priority by the receiver or the managing agent.

75.15 Subd. 3a. **Liability.** The provisions contained in section 245A.12, subdivision 6,
75.16 shall also apply to receiverships ordered according to this section.

75.17 Subd. 3b. **Liability for financial obligations.** The provisions contained in section
75.18 245A.12, subdivision 7, also apply to receiverships ordered according to this section.

75.19 Subd. 3c. **Physical plant of the residential program.** Occupation of the physical
75.20 plant under an involuntary receivership shall be governed by paragraphs (a) and (b).

75.21 (a) The physical plant owned by a controlling individual of the residential program
75.22 or related party must be made available for the use of the residential program throughout
75.23 the receivership period. The court shall determine a fair monthly rental for the physical
75.24 plant, taking into account all relevant factors necessary to meet required arm's-length
75.25 obligations of controlling individuals such as mortgage payments, real estate taxes,
75.26 and special assessments. The rental fee must be paid by the receiver to the appropriate
75.27 controlling individuals or related parties for each month that the receivership remains in
75.28 effect. No payment made to a controlling individual or related party by the receiver or the
75.29 managing agent or any state agency during a period of the receivership shall include any
75.30 allowance for profit or be based on any formula that includes an allowance for profit.

75.31 (b) If the owner of the physical plant of a residential program is not a related party,
75.32 the court shall order the controlling individual to continue as the lessee of the property
75.33 during the receivership period. Rental payments during the receivership period shall be
75.34 made to the owner of the physical plant by the commissioner or the managing agent on
75.35 behalf of the controlling individual.

76.1 Subd. 4. **Fee.** A receiver appointed under an involuntary receivership or the
76.2 managing agent is entitled to a reasonable fee as determined by the court.

76.3 Subd. 5. **Termination.** An involuntary receivership terminates 36 months after the
76.4 date on which it was ordered or at any other time designated by the court or when any
76.5 of the following events occurs:

76.6 (1) the commissioner determines that the ~~residential~~ program's license or certification
76.7 application should be granted or should not be suspended or revoked;

76.8 (2) a new license or certification is granted to the ~~residential~~ program;

76.9 (3) the commissioner determines that all persons residing in the a residential
76.10 program have been provided with alternative residential programs or that all persons
76.11 receiving services in a nonresidential program have been referred to other programs; or

76.12 (4) ~~the residential program closes~~ court determines that the receivership is no longer
76.13 necessary because the conditions which gave rise to the receivership no longer exist.

76.14 Subd. 6. **Emergency procedure.** If it appears from the petition filed under
76.15 subdivision 1, from an affidavit or affidavits filed with the petition, or from testimony of
76.16 witnesses under oath if the court determines it necessary, that there is probable cause to
76.17 believe that an emergency exists in a residential or nonresidential program, the court shall
76.18 issue a temporary order for appointment of a receiver within five days after receipt of the
76.19 petition. Notice of the petition must be served on the ~~residential~~ program administrator
76.20 and on the persons designated as agents by the controlling individuals to accept service on
76.21 their behalf. A hearing on the petition must be held within five days after notice is served
76.22 unless the administrator or ~~designated~~ authorized agent consents to a later date. After the
76.23 hearing, the court may continue, modify, or terminate the temporary order.

76.24 Subd. 7. **Rate recommendation.** The commissioner of human services may review
76.25 rates of a residential or nonresidential program participating in the medical assistance
76.26 program which is in receivership and that has needs or deficiencies documented by the
76.27 Department of Health or the Department of Human Services. If the commissioner of
76.28 human services determines that a review of the rate established under sections 256B.5012
76.29 and 256B.5013 is needed, the commissioner shall:

76.30 (1) review the order or determination that cites the deficiencies or needs; and

76.31 (2) determine the need for additional staff, additional annual hours by type of
76.32 employee, and additional consultants, services, supplies, equipment, repairs, or capital
76.33 assets necessary to satisfy the needs or deficiencies.

76.34 Subd. 8. **Adjustment to the rate.** Upon review of rates under subdivision 7, the
76.35 commissioner may adjust the ~~residential~~ program's payment rate. The commissioner shall
76.36 review the circumstances, together with the ~~residential~~ program's most recent income and

77.1 expense report, to determine whether or not the deficiencies or needs can be corrected
77.2 or met by reallocating ~~residential~~ program staff, costs, revenues, or any other resources
77.3 including investments. If the commissioner determines that any deficiency cannot be
77.4 corrected or the need cannot be met with the payment rate currently being paid, the
77.5 commissioner shall determine the payment rate adjustment by dividing the additional
77.6 annual costs established during the commissioner's review by the ~~residential~~ program's
77.7 actual resident client days from the most recent income and expense report or the estimated
77.8 resident client days in the projected receivership period. The payment rate adjustment
77.9 remains in effect during the period of the receivership or until another date set by the
77.10 commissioner. Upon the subsequent sale, closure, or transfer of the ~~residential~~ program,
77.11 the commissioner may recover amounts that were paid as payment rate adjustments under
77.12 this subdivision. This recovery shall be determined through a review of actual costs and
77.13 resident client days in the receivership period. The costs the commissioner finds to be
77.14 allowable shall be divided by the actual resident client days for the receivership period.
77.15 This rate shall be compared to the rate paid throughout the receivership period, with
77.16 the difference multiplied by resident client days, being the amount to be repaid to the
77.17 commissioner. Allowable costs shall be determined by the commissioner as those ordinary,
77.18 necessary, and related to resident client care by prudent and cost-conscious management.
77.19 The buyer or transferee shall repay this amount to the commissioner within 60 days after
77.20 the commissioner notifies the buyer or transferee of the obligation to repay. This provision
77.21 does not limit the liability of the seller to the commissioner pursuant to section 256B.0641.

77.22 Subd. 9. **Receivership accounting.** The commissioner may use the medical
77.23 assistance account and funds for receivership cash flow and accounting purposes.

77.24 Subd. 10. **Receivership costs.** The commissioner may use the accounts and funds
77.25 that would have been available for the room and board, services, and program costs of
77.26 persons in the ~~residential~~ program for costs, cash flow, and accounting purposes related
77.27 to the receivership.

77.28 Subd. 11. **Controlling individuals; restrictions on licensure.** No controlling
77.29 individual of a ~~residential~~ program placed into receivership under this section may apply
77.30 for or receive a license or certification to operate a residential or nonresidential program
77.31 for five years from the commencement of the receivership period. This subdivision does
77.32 not apply to ~~residential~~ programs that are owned or operated by controlling individuals
77.33 that were in existence before the date of the receivership agreement, and that have not
77.34 been placed into receivership.

77.35 Sec. 16. Minnesota Statutes 2014, section 245A.14, subdivision 14, is amended to read:

78.1 Subd. 14. **Attendance records for publicly funded services.** (a) A child care
 78.2 center licensed under this chapter and according to Minnesota Rules, chapter 9503, must
 78.3 maintain documentation of actual attendance for each child receiving care for which the
 78.4 license holder is reimbursed by a governmental program. The records must be accessible
 78.5 to the commissioner during the program's hours of operation, they must be completed on
 78.6 the actual day of attendance, and they must include:

- 78.7 (1) the first and last name of the child;
- 78.8 (2) the time of day that the child was dropped off; and
- 78.9 (3) the time of day that the child was picked up.

78.10 (b) A family child care provider licensed under this chapter and according to
 78.11 Minnesota Rules, chapter 9502, must maintain documentation of actual attendance for

 78.13 child by a governmental program. The records must be accessible to the commissioner
 78.14 during the program's hours of operation, they must be completed on the actual day of
 78.15 attendance, and they must include:

- 78.16 (1) the first and last name of the child;
- 78.17 (2) the time of day that the child was dropped off; and
- 78.18 (3) the time of day that the child was picked up.

78.19 (c) An adult day services program licensed under this chapter and according to
 78.20 Minnesota Rules, parts 9555.5105 to 9555.6265, must maintain documentation of actual
 78.21 attendance for each adult day service recipient for which the license holder is reimbursed
 78.22 by a governmental program. The records must be accessible to the commissioner during
 78.23 the program's hours of operation, they must be completed on the actual day of attendance,

- 78.26 (2) the time of day that the recipient was dropped off; and
- 78.27 (3) the time of day that the recipient was picked up.

78.28 (d) The commissioner shall not issue a correction for attendance record errors that
 78.29 occur before August 1, 2013.

78.30 Sec. 17. **[245A.1443] CHEMICAL DEPENDENCY PROGRAMS THAT SERVE**
 78.31 **PARENTS WITH THEIR CHILDREN.**

78.32 Subdivision 1. **Application.** This section applies to chemical dependency treatment

79.35 before the supervision by the nonparental client occurs. The procedure for approval must
79.36 include an assessment of the nonparental client's capacity to assume the supervisory

80.1 responsibilities using the criteria in subdivision 3. The license holder must document
 80.2 the license holder's approval of the supervisory arrangement and the assessment of the
 80.3 nonparental client's capacity to supervise the child, and must keep this documentation in
 80.4 the file of the parent of the child being supervised.

85.18 ~~or multiple prescriptions for controlled substances, then subsequent reviews of the PMP~~
85.19 ~~data must occur monthly and be documented in the client's individual file. If, at any time,~~
85.20 ~~the medical director believes the use of the controlled substances places the client at risk~~
85.21 ~~of harm, the program must seek the client's consent to discuss the client's opioid treatment~~
85.22 ~~with other prescribers and must seek consent for the other prescriber to disclose to the~~
85.23 ~~opioid treatment program's medical director the client's condition that formed the basis of~~
85.24 ~~the other prescriptions. Additionally, any findings from the PMP data that are relevant to~~
85.25 ~~the medical director's course of treatment for the client must be documented in the client's~~

85.31 dispensed to a client, the license holder shall be subject to the following requirements:

85.32 (1) upon admission to a methadone clinic outpatient treatment program, clients must

86.6 at least every 90 days;

86.7 (3) a copy of the PMP data reviewed must be maintained in the client file;

86.8 (4) when the PMP data contains a recent history of multiple prescribers or multiple

86.10 actions must be documented in the client's individual file within 72 hours and must contain
86.11 the medical director's determination of whether or not the prescriptions place the client at
86.12 risk of harm and the actions to be taken in response to the PMP findings. In addition, the
86.13 provider must conduct subsequent reviews of the PMP on a monthly basis; and

86.14 (5) if at any time the medical director believes the use of the controlled substances
86.15 places the client at risk of harm, the program must seek the client's consent to discuss
86.16 the client's opioid treatment with other prescribers and must seek consent for the other
86.17 prescriber to disclose to the opioid treatment program's medical director the client's
86.18 condition that formed the basis of the other prescriptions. If the information is not
86.19 obtained within seven days, the medical director must document whether or not changes
86.20 to the client's medication dose or number of take-home doses are necessary until the
86.21 information is obtained.

86.23 to develop and implement an electronic system through which the commissioner shall
86.24 routinely access the data from the Minnesota Board of Pharmacy prescription monitoring

86.26 any client enrolled in an opioid addiction treatment program licensed according to this
86.27 section has also been prescribed or dispensed a controlled substance in addition to
86.28 that administered or dispensed by the opioid addiction treatment program. When the
86.29 commissioner determines there have been multiple prescribers or multiple prescriptions of
86.30 controlled substances, the commissioner shall:

107.15 determines that a county or service delivery authority is deficient in achieving minimum
107.16 performance ~~standards~~ thresholds for a specific essential human services program, the
107.17 commissioner may impose the following remedies and adjust state and federal program
107.18 allocations accordingly:

107.19 (1) voluntary incorporation of the administration and operation of the specific
107.20 essential human services program with an existing service delivery authority or another
107.21 county. A service delivery authority or county incorporating an underperforming county
107.22 shall not be financially liable for the costs associated with remedying performance
107.23 outcome deficiencies;

107.24 (2) mandatory incorporation of the administration and operation of the specific
107.25 essential human services program with an existing service delivery authority or another
107.26 county. A service delivery authority or county incorporating an underperforming county
107.27 shall not be financially liable for the costs associated with remedying performance
107.28 outcome deficiencies; or

107.29 (3) transfer of authority for program administration and operation of the specific
107.30 essential human services program to the commissioner.

107.31 Subd. 2. **Underperforming county; more than one-half of services.** If the
107.32 commissioner determines that a county or service delivery authority is deficient in
107.33 achieving minimum performance ~~standards~~ thresholds for more than one-half of the defined
107.34 essential human services programs, the commissioner may impose the following remedies:

108.1 (1) voluntary incorporation of the administration and operation of essential human
108.2 services programs with an existing service delivery authority or another county. A
108.3 service delivery authority or county incorporating an underperforming county shall
108.4 not be financially liable for the costs associated with remedying performance outcome
108.5 deficiencies;

108.6 (2) mandatory incorporation of the administration and operation of essential human
108.7 services programs with an existing service delivery authority or another county. A
108.8 service delivery authority or county incorporating an underperforming county shall
108.9 not be financially liable for the costs associated with remedying performance outcome
108.10 deficiencies; or

108.15 the essential human services program or programs the amount of nonfederal and nonstate
108.16 funding needed to remedy performance outcome deficiencies.

108.17 Subd. 3. **Conditions prior to imposing remedies.** (a) The commissioner
108.18 shall notify a county or service delivery authority that it must submit a performance
108.19 improvement plan if:

108.20 (1) the county or service delivery authority does not meet the minimum performance
108.21 standard threshold for a measure; or

108.22 (2) the county or service delivery authority does not meet the minimum performance
108.23 standard threshold for one or more racial or ethnic subgroup for which there is a
108.24 statistically valid population size for three or more measures, even if the county or service
108.25 delivery authority met the standard threshold for the overall population.

108.26 The commissioner must approve the performance improvement plan. The county or
108.27 service delivery authority may negotiate the terms of the performance improvement plan
108.28 with the commissioner.

108.29 (b) When the department determines that a county or service delivery authority
108.30 does not meet the minimum performance standard threshold for a given measure, the
108.31 commissioner must advise the county or service delivery authority that fiscal penalties
108.32 may result if the performance does not improve. The department must offer technical
108.33 assistance to the county or service delivery authority. Within 30 days of the initial

109.3 circumstances or may average performance over three years.

109.4 (c) If there are no extenuating circumstances, the county or service delivery authority
109.5 must submit a performance improvement plan to the commissioner within 60 days of the
109.6 initial advisement from the department. The term of the performance improvement plan
109.7 must be two years, starting with the date the plan is approved by the commissioner. This
109.8 plan must include a target level for improvement for each measure that did not meet
109.9 the minimum performance ~~standard~~ threshold. The commissioner must approve the
109.10 performance improvement plan within 60 days of submittal.

109.11 (d) The department must monitor the performance improvement plan for two
109.12 years. After two years, if the county or service delivery authority meets the minimum
109.13 performance ~~standard~~ threshold, there is no further remedy. If the county or service
109.14 delivery authority fails to meet the minimum performance ~~standard~~ threshold, but
109.15 meets the improvement target in the performance improvement plan, the county or
109.16 service delivery authority shall modify the performance improvement plan for further
109.17 improvement and the department shall continue to monitor the plan.

109.18 (e) If, after two years of monitoring, the county or service delivery authority fails
109.19 to meet both the minimum performance ~~standard~~ threshold and the improvement target
109.20 identified in the performance improvement plan, the next step of the remedies process
109.21 shall be invoked by the commissioner. This phase of the remedies process may include:

109.34 county or service delivery authority fails to meet the minimum performance ~~standard~~
109.35 threshold, but meets the improvement target for the performance improvement plan, the

110.1 county or service delivery authority shall modify the performance improvement plan for
110.2 further improvement and the department shall continue to monitor the plan.

110.3 (g) If, after the third year of monitoring, the county or service delivery authority
110.4 fails to meet the minimum performance ~~standard~~ threshold and the improvement target
110.5 identified in the performance improvement plan, the Human Services Performance
110.6 Council shall review the situation and recommend a course of action to the commissioner.

110.7 (h) If the commissioner has determined that a program has a balanced set of program
110.8 measures and a county or service delivery authority is subject to fiscal penalties for more
110.9 than one-half of the measures for that program, the commissioner may apply further
110.10 remedies as described in subdivisions 1 and 2.

115.27 Sec. 62. **REPEALER.**

115.28 Minnesota Statutes 2014, section 245E.07, subdivision 3, is repealed.

115.29 **ARTICLE 5**

115.30 **HEALTH CARE**

115.31 Section 1. Minnesota Statutes 2014, section 62J.495, subdivision 1, is amended to read:

115.32 Subdivision 1. **Implementation.** By January 1, 2015, all hospitals and health care
 115.33 providers, as defined in section 62J.03, subdivision 8, must have in place an interoperable
 115.34 electronic health records system within their hospital system or clinical practice setting.
 115.35 The commissioner of health, in consultation with the e-Health Advisory Committee,
 115.36 shall develop a statewide plan to meet this goal, including uniform standards to be used
 115.37 for the interoperable system for sharing and synchronizing patient data across systems.
 115.38 The standards must be compatible with federal efforts. The uniform standards must be
 115.39 developed by January 1, 2009, and updated on an ongoing basis. The commissioner shall
 115.40 include an update on standards development as part of an annual report to the legislature.

116.1 Individual health care providers in private practice with no other providers and health
116.2 care providers that do not accept reimbursement from a group purchaser, as defined in
116.3 section 62J.03, subdivision 6, are excluded from the requirements of this section. The
116.4 commissioner may not issue a penalty to a health care provider for failure to meet the
116.5 requirements of this subdivision.

116.6 Sec. 2. Minnesota Statutes 2014, section 256B.0625, subdivision 31, is amended to read:

116.7 Subd. 31. **Medical supplies and equipment.** (a) Medical assistance covers medical
116.8 supplies and equipment. Separate payment outside of the facility's payment rate shall
116.9 be made for wheelchairs and wheelchair accessories for recipients who are residents
116.10 of intermediate care facilities for the developmentally disabled. Reimbursement for
116.11 wheelchairs and wheelchair accessories for ICF/DD recipients shall be subject to the same
116.12 conditions and limitations as coverage for recipients who do not reside in institutions. A
116.13 wheelchair purchased outside of the facility's payment rate is the property of the recipient.
116.14 The commissioner may set reimbursement rates for specified categories of medical
116.15 supplies at levels below the Medicare payment rate.

116.16 (b) Vendors of durable medical equipment, prosthetics, orthotics, or medical supplies
116.17 must enroll as a Medicare provider.

116.18 (c) When necessary to ensure access to durable medical equipment, prosthetics,
116.19 orthotics, or medical supplies, the commissioner may exempt a vendor from the Medicare
116.20 enrollment requirement if:

116.21 (1) the vendor supplies only one type of durable medical equipment, prosthetic,
116.22 orthotic, or medical supply;

116.23 (2) the vendor serves ten or fewer medical assistance recipients per year;

116.24 (3) the commissioner finds that other vendors are not available to provide same or
116.25 similar durable medical equipment, prosthetics, orthotics, or medical supplies; and

116.26 (4) the vendor complies with all screening requirements in this chapter and Code of
116.27 Federal Regulations, title 42, part 455. The commissioner may also exempt a vendor from
116.28 the Medicare enrollment requirement if the vendor is accredited by a Centers for Medicare
116.29 and Medicaid Services approved national accreditation organization as complying with
116.30 the Medicare program's supplier and quality standards and the vendor serves primarily
116.31 pediatric patients.

116.32 (d) Durable medical equipment means a device or equipment that:

116.33 (1) can withstand repeated use;

116.34 (2) is generally not useful in the absence of an illness, injury, or disability; and

117.1 (3) is provided to correct or accommodate a physiological disorder or physical
117.2 condition or is generally used primarily for a medical purpose.

117.3 (e) Electronic tablets may be considered durable medical equipment if the electronic
117.4 tablet will be used as an augmentative and alternative communication system as defined
117.5 under subdivision 31a, paragraph (a). To be covered by medical assistance, the device
117.6 must be locked in order to prevent use not related to communication.

117.7 (f) Notwithstanding the requirement in paragraph (e) that an electronic tablet must
117.8 be locked to prevent use not as an augmentative communication device, a recipient of
117.9 waiver services may use an electronic tablet for a use not related to communication when
117.10 the recipient has been authorized under the waiver to receive one or more additional
117.11 applications that can be loaded onto the electronic tablet, such that allowing the additional
117.12 use prevents the purchase of a separate electronic tablet with waiver funds.

117.13 Sec. 3. **OBSOLETE RULES REGARDING PRIOR AUTHORIZATIONS FOR**
117.14 **MEDICAL SUPPLIES AND EQUIPMENT.**

117.15 (a) The commissioner of human services shall amend Minnesota Rules, part
117.16 9505.0310, subpart 3, to remove the following medical supplies and equipment from the
117.17 list for which prior authorization is required as a condition of medical assistance payment:
117.18 a nondurable medical supply that costs more than the performance agreement limit;
117.19 and durable medical equipment, prostheses, and orthoses if the cost of their purchase,
117.20 projected cumulative rental for the period of the recipient's expected use, or repairs
117.21 exceeds the performance agreement limit.

117.22 (b) The commissioner of human services shall amend Minnesota Rules, part
117.23 9505.0365, subpart 3, to remove the requirement that prior authorization for an ambulatory
117.24 aid is required for an aid that costs in excess of the limits specified in the provider's
117.25 performance agreement.

117.26 (c) The commissioner may use the good cause exemption in Minnesota Statutes,
117.27 section 14.388, subdivision 1, clause (3), to adopt rules under this section. Minnesota
117.28 Statutes, section 14.386, does not apply except as provided in Minnesota Statutes, section
117.29 14.388.

117.30 Sec. 4. **ALTERNATIVE PAYMENT METHODOLOGY.**

117.31 The commissioner of human services shall develop a recommendation for a new
117.32 alternative payment methodology for federally qualified health centers and rural health
117.33 clinics that covers the cost of all medical assistance services provided by federally
117.34 qualified health centers or rural health clinics, and is in accordance with current Medicare

118.1 cost principles as applicable to federally qualified health centers and rural health clinics.

118.2 The recommendation for a new alternative payment methodology must:

119.24 the person. The policy must include the requirements specified in paragraphs (b) to (f).

119.25 (b) The license holder must limit temporary service suspension to situations in which:

119.26 (1) the person's conduct poses an imminent risk of physical harm to self or others
119.27 and either positive support strategies have been implemented to resolve the issues leading
119.28 to the temporary service suspension but have not been effective and additional positive
119.29 support strategies would not achieve and maintain safety, or less restrictive measures
119.30 would not resolve the issues leading to the suspension;

119.31 (2) the person has emergent medical issues that exceed the license holder's ability to
119.32 meet the person's needs; or

119.33 (3) the program has not been paid for services.

120.10 If, based on the best interests of the person, the circumstances at the time of the notice
 120.11 were such that the license holder was unable to take the action specified in clauses (1)

 120.13 for being unable to do so.

 120.27 ~~days prior to termination for all other services licensed under this chapter. This notice may~~
 120.28 ~~be given in conjunction with a notice of temporary service suspension;~~

120.29 ~~(3) notice of temporary service suspension must be given on the first day of the~~

 121.12 ~~which the person's conduct poses an imminent risk of physical harm to self or others and~~
 121.13 ~~less restrictive or positive support strategies would not achieve and maintain safety.~~

 121.15 that team determines the person no longer poses an imminent risk of physical harm to
 121.16 self or others, the person has a right to return to receiving services. If, at the time of the
 121.17 service suspension or at any time during the suspension, the person is receiving treatment
 121.18 related to the conduct that resulted in the service suspension, the support team or expanded
 121.19 support team must consider the recommendation of the licensed health professional,
 121.20 mental health professional, or other licensed professional involved in the person's care
 121.21 or treatment when determining whether the person no longer poses an imminent risk of
 121.22 physical harm to self or others and can return to the program. If the support team or
 121.23 expanded support team makes a determination that is contrary to the recommendation of a
 121.24 licensed professional treating the person, the license holder must document the specific

 121.32 specified in paragraphs (b) to (f).

122.2 cannot be met in the facility;

122.3 (2) the safety of the person or others in the program is endangered and positive
122.4 support strategies were attempted and have not achieved and effectively maintained safety
122.5 for the person or others;

122.6 (3) the health of the person or others in the program would otherwise be endangered;

122.7 (4) the program has not been paid for services;

122.8 (5) the program ceases to operate; or

122.9 (6) the person has been terminated by the lead agency from waiver eligibility.

122.10 (c) Prior to giving notice of service termination, the license holder must document
122.11 actions taken to minimize or eliminate the need for termination. Action taken by the
122.12 license holder must include, at a minimum:

122.13 (1) consultation with the person's support team or expanded support team to identify
122.14 and resolve issues leading to issuance of the notice; and

122.18 apply to notices of service termination issued under paragraph (b), clause (4).

122.19 If, based on the best interests of the person, the circumstances at the time of the notice
122.20 were such that the license holder was unable to take the action specified in clauses (1)
122.21 and (2), the license holder must document the specific circumstances and the reason
122.22 for being unable to do so.

122.23 (d) The notice of service termination must meet the following requirements:

122.24 (1) the license holder must notify the person or the person's legal representative and
122.25 the case manager in writing of the intended service termination. If the service termination
122.26 is from residential supports and services as defined in section 245D.03, subdivision 1,
122.27 paragraph (c), clause (3), the license holder must also notify the commissioner in writing;

122.33 service suspension as required under paragraph (c), and why these measures failed to
122.34 prevent the termination or suspension;

122.35 (iii) the person's right to appeal the termination of services under section 256.045,
122.36 subdivision 3, paragraph (a); and

123.1 (iv) the person's right to seek a temporary order staying the termination of services
 123.2 according to the procedures in section 256.045, subdivision 4a or 6, paragraph (c).

123.3 (e) Notice of the proposed termination of service, including those situations that
 123.4 began with a temporary service suspension, must be given at least 60 days prior to
 123.5 termination when a license holder is providing intensive supports and services identified
 123.6 in section 245D.03, subdivision 1, paragraph (c), and 30 days prior to termination for all
 123.7 other services licensed under this chapter. This notice may be given in conjunction with a
 123.8 notice of temporary service suspension under subdivision 3.

123.9 (f) During the service termination notice period, the license holder must:

123.10 (1) work with the support team or expanded support team to develop reasonable
 123.11 alternatives to protect the person and others and to support continuity of care;

123.12 (2) provide information requested by the person or case manager; and

123.13 (3) maintain information about the service termination, including the written notice

- 125.12 (5) any person whose claim for foster care payment according to a placement of the

126.11 rate exception under section 256B.4914.

126.12 (b) The hearing for an individual or facility under paragraph (a), clause (4), (9), or
126.13 (10), is the only administrative appeal to the final agency determination specifically,
126.14 including a challenge to the accuracy and completeness of data under section 13.04.
126.15 Hearings requested under paragraph (a), clause (4), apply only to incidents of maltreatment
126.16 that occur on or after October 1, 1995. Hearings requested by nursing assistants in nursing
126.17 homes alleged to have maltreated a resident prior to October 1, 1995, shall be held as a
126.18 contested case proceeding under the provisions of chapter 14. Hearings requested under
126.19 paragraph (a), clause (9), apply only to incidents of maltreatment that occur on or after
126.20 July 1, 1997. A hearing for an individual or facility under paragraph (a), clauses (4), (9),
126.21 and (10), is only available when there is no district court action pending. If such action is
126.22 filed in district court while an administrative review is pending that arises out of some
126.23 or all of the events or circumstances on which the appeal is based, the administrative
126.24 review must be suspended until the judicial actions are completed. If the district court

126.32 amount of foster care payment to be made on the child's behalf and shall not include review
126.33 of the propriety of the county's child protection determination or child placement decision.

126.34 (e) The scope of hearings under paragraph (a), clause (12), shall be limited to whether
126.35 the proposed termination of services is authorized under section 245D.10, subdivision 3a,
126.36 paragraph (b), and whether the requirements of section 245D.10, subdivision 3a, paragraph

127.1 (c), were met. If the appeal includes a request for a temporary stay of termination of
127.2 services, the scope of the hearing shall also include whether the case management provider
127.3 has finalized arrangements for a residential facility, a program, or services that will meet
127.4 the assessed needs of the recipient by the effective date of the service termination.

127.5 ~~(e)~~ (f) A vendor of medical care as defined in section 256B.02, subdivision 7, or a
127.6 vendor under contract with a county agency to provide social services is not a party and

127.8 subdivision 4.

127.9 ~~(f)~~ (g) An applicant or recipient is not entitled to receive social services beyond the
127.10 services prescribed under chapter 256M or other social services the person is eligible
127.11 for under state law.

127.12 ~~(g)~~ (h) The commissioner may summarily affirm the county or state agency's
127.13 proposed action without a hearing when the sole issue is an automatic change due to
127.14 a change in state or federal law.

127.15 ~~(h)~~ (i) Unless federal or Minnesota law specifies a different time frame in which to file
127.16 an appeal, an individual or organization specified in this section may contest the specified

- 129.25 (ii) establish an efficient workforce management approach and assign community
129.26 living specialist staff and volunteers to geographic areas as well as aging and disability

137.1 (7) the person's right to confidentiality under the Minnesota Government Data
137.2 Practices Act, chapter 13;

137.3 (8) the certified assessor's decision regarding the person's need for institutional
137.4 level of care as determined under criteria established in subdivision 4e and the certified
137.5 assessor's decision regarding eligibility for all services and programs as defined in
137.6 subdivision 1a, paragraphs (a), clause (6), and (b); and

137.7 (9) the person's right to appeal the certified assessor's decision regarding eligibility
137.8 for all services and programs as defined in subdivision 1a, paragraphs (a), clauses (6), (7),
137.9 and (8), and (b), and incorporating the decision regarding the need for institutional level of
137.10 care or the lead agency's final decisions regarding public programs eligibility according to
137.11 section 256.045, subdivision 3.

137.12 (i) Face-to-face assessment completed as part of eligibility determination for
137.13 the alternative care, elderly waiver, community alternatives for disabled individuals,
137.14 community alternative care, and brain injury waiver programs under sections 256B.0913,
137.15 256B.0915, and 256B.49 is valid to establish service eligibility for no more than 60
137.16 calendar days after the date of assessment.

137.17 (j) The effective eligibility start date for programs in paragraph (i) can never be prior
137.18 to the date of assessment. If an assessment was completed more than 60 days before
137.19 the effective waiver or alternative care program eligibility start date, assessment and
137.20 support plan information must be updated and documented in the department's Medicaid
137.21 Management Information System (MMIS). Notwithstanding retroactive medical assistance
137.22 coverage of state plan services, the effective date of eligibility for programs included in
137.23 paragraph (i) cannot be prior to the date the most recent updated assessment is completed.

137.24 Sec. 14. Minnesota Statutes 2014, section 256B.0913, subdivision 4, is amended to read:

137.25 Subd. 4. **Eligibility for funding for services for nonmedical assistance recipients.**

137.26 (a) Funding for services under the alternative care program is available to persons who
137.27 meet the following criteria:

137.28 (1) the person is a citizen of the United States or a United States national;

137.29 ~~(1)~~ (2) the person has been determined by a community assessment under section
137.30 256B.0911 to be a person who would require the level of care provided in a nursing
137.31 facility, as determined under section 256B.0911, subdivision 4e, but for the provision of
137.32 services under the alternative care program;

137.33 ~~(2)~~ (3) the person is age 65 or older;

137.34 ~~(3)~~ (4) the person would be eligible for medical assistance within 135 days of
137.35 admission to a nursing facility;

138.1 ~~(4)~~ (5) the person is not ineligible for the payment of long-term care services by the
138.2 medical assistance program due to an asset transfer penalty under section 256B.0595 or
138.3 equity interest in the home exceeding \$500,000 as stated in section 256B.056;

138.4 ~~(5)~~ (6) the person needs long-term care services that are not funded through other
138.5 state or federal funding, or other health insurance or other third-party insurance such as
138.6 long-term care insurance;

138.7 ~~(6)~~ (7) except for individuals described in clause ~~(7)~~ (8), the monthly cost of the
138.8 alternative care services funded by the program for this person does not exceed 75 percent
138.9 of the monthly limit described under section 256B.0915, subdivision 3a. This monthly
138.10 limit does not prohibit the alternative care client from payment for additional services,
138.11 but in no case may the cost of additional services purchased under this section exceed the
138.12 difference between the client's monthly service limit defined under section 256B.0915,
138.13 subdivision 3, and the alternative care program monthly service limit defined in this
138.14 paragraph. If care-related supplies and equipment or environmental modifications and
138.15 adaptations are or will be purchased for an alternative care services recipient, the costs
138.16 may be prorated on a monthly basis for up to 12 consecutive months beginning with the
138.17 month of purchase. If the monthly cost of a recipient's other alternative care services
138.18 exceeds the monthly limit established in this paragraph, the annual cost of the alternative
138.19 care services shall be determined. In this event, the annual cost of alternative care services
138.20 shall not exceed 12 times the monthly limit described in this paragraph;

138.21 ~~(7)~~ (8) for individuals assigned a case mix classification A as described under
138.22 section 256B.0915, subdivision 3a, paragraph (a), with (i) no dependencies in activities
138.23 of daily living, or (ii) up to two dependencies in bathing, dressing, grooming, walking,
138.24 and eating when the dependency score in eating is three or greater as determined by an
138.25 assessment performed under section 256B.0911, the monthly cost of alternative care
138.26 services funded by the program cannot exceed \$593 per month for all new participants
138.27 enrolled in the program on or after July 1, 2011. This monthly limit shall be applied to
138.28 all other participants who meet this criteria at reassessment. This monthly limit shall be
138.29 increased annually as described in section 256B.0915, subdivision 3a, paragraph (a). This
138.30 monthly limit does not prohibit the alternative care client from payment for additional
138.31 services, but in no case may the cost of additional services purchased exceed the difference
138.32 between the client's monthly service limit defined in this clause and the limit described in
138.33 clause ~~(6)~~ (7) for case mix classification A; and

138.34 ~~(8)~~ (9) the person is making timely payments of the assessed monthly fee.

138.35 A person is ineligible if payment of the fee is over 60 days past due, unless the person
138.36 agrees to:

- 139.1 (i) the appointment of a representative payee;
 139.2 (ii) automatic payment from a financial account;
 139.3 (iii) the establishment of greater family involvement in the financial management of
 139.4 payments; or
 139.5 (iv) another method acceptable to the lead agency to ensure prompt fee payments.

139.6 The lead agency may extend the client's eligibility as necessary while making
 139.7 arrangements to facilitate payment of past-due amounts and future premium payments.
 139.8 Following disenrollment due to nonpayment of a monthly fee, eligibility shall not be
 139.9 reinstated for a period of 30 days.

139.10 (b) Alternative care funding under this subdivision is not available for a person who
 139.11 is a medical assistance recipient or who would be eligible for medical assistance without a
 139.12 spenddown or waiver obligation. A person whose initial application for medical assistance
 139.13 and the elderly waiver program is being processed may be served under the alternative care
 139.14 program for a period up to 60 days. If the individual is found to be eligible for medical
 139.15 assistance, medical assistance must be billed for services payable under the federally
 139.16 approved elderly waiver plan and delivered from the date the individual was found eligible
 139.17 for the federally approved elderly waiver plan. Notwithstanding this provision, alternative
 139.18 care funds may not be used to pay for any service the cost of which: (i) is payable by
 139.19 medical assistance; (ii) is used by a recipient to meet a waiver obligation; or (iii) is used to
 139.20 pay a medical assistance income spenddown for a person who is eligible to participate in the
 139.21 federally approved elderly waiver program under the special income standard provision.

139.22 (c) Alternative care funding is not available for a person who resides in a licensed
 139.23 nursing home, certified boarding care home, hospital, or intermediate care facility, except
 139.24 for case management services which are provided in support of the discharge planning
 139.25 process for a nursing home resident or certified boarding care home resident to assist with
 139.26 a relocation process to a community-based setting.

139.27 (d) Alternative care funding is not available for a person whose income is greater
 139.28 than the maintenance needs allowance under section 256B.0915, subdivision 1d, but equal
 139.29 to or less than 120 percent of the federal poverty guideline effective July 1 in the fiscal
 139.30 year for which alternative care eligibility is determined, who would be eligible for the
 139.31 elderly waiver with a waiver obligation.

139.32 Sec. 15. Minnesota Statutes 2014, section 256B.0913, subdivision 5, is amended to read:

139.33 Subd. 5. **Services covered under alternative care.** Alternative care funding may
 139.34 be used for payment of costs of:

- 139.35 (1) adult day care services and adult day services bath;

- 140.1 (2) home ~~health-aide~~ care;
- 140.2 (3) homemaker services;
- 140.3 (4) personal care;
- 140.4 (5) case management and conversion case management;
- 140.5 (6) respite care;
- 140.6 (7) ~~care-related~~ specialized supplies and equipment;
- 140.7 (8) ~~meals delivered to the home~~ home-delivered meals;
- 140.8 (9) nonmedical transportation;
- 140.9 (10) nursing services;
- 140.10 (11) chore services;
- 140.11 (12) companion services;
- 140.12 (13) nutrition services;
- 140.13 (14) ~~training for direct informal caregivers~~ family caregiver training and education;
- 140.14 (15) coaching and counseling;
- 140.15 ~~(15)~~ (16) telehome care to provide services in their own homes in conjunction with
- 140.16 in-home visits;
- 140.17 ~~(16)~~ (17) consumer-directed community ~~services~~ supports under the alternative care
- 140.18 programs which are available statewide and limited to the average monthly expenditures
- 140.19 representative of all alternative care program participants for the same case mix resident
- 140.20 class assigned in the most recent fiscal year for which complete expenditure data is
- 140.21 available;
- 140.22 ~~(17)~~ (18) environmental ~~modifications~~ accessibility and adaptations; and
- 140.23 ~~(18)~~ (19) discretionary services, for which lead agencies may make payment from
- 140.24 their alternative care program allocation for services not otherwise defined in this section
- 140.25 or section 256B.0625, following approval by the commissioner.
- 140.26 Total annual payments for discretionary services for all clients served by a lead
- 140.27 agency must not exceed 25 percent of that lead agency's annual alternative care program
- 140.28 base allocation, except that when alternative care services receive federal financial
- 140.29 participation under the 1115 waiver demonstration, funding shall be allocated in
- 140.30 accordance with subdivision 17.

140.31 Sec. 16. Minnesota Statutes 2014, section 256B.0913, subdivision 5a, is amended to

140.32 read:

140.33 Subd. 5a. **Services; service definitions; service standards.** (a) Unless specified in

140.34 statute, the services, service definitions, and standards for alternative care services shall

140.35 be the same as the services, service definitions, and standards specified in the federally

141.1 approved elderly waiver plan, except alternative care does not cover transitional support
141.2 services, assisted living services, adult foster care services, and residential care and
141.3 benefits defined under section 256B.0625 that meet primary and acute health care needs.

141.4 (b) The lead agency must ensure that the funds are not used to supplant or
141.5 supplement services available through other public assistance or services programs,
141.6 including supplementation of client co-pays, deductibles, premiums, or other cost-sharing
141.7 arrangements for health-related benefits and services or entitlement programs and services
141.8 that are available to the person, but in which they have elected not to enroll. The
141.9 lead agency must ensure that the benefit department recovery system in the Medicaid
141.10 Management Information System (MMIS) has the necessary information on any other
141.11 health insurance or third-party insurance policy to which the client may have access.
141.12 Supplies and equipment may be purchased from a vendor not certified to participate in the
141.13 Medicaid program if the cost for the item is less than that of a Medicaid vendor.

141.14 (c) Personal care services must meet the service standards defined in the federally
141.15 approved elderly waiver plan, except that a lead agency may authorize services to be
141.16 provided by a client's relative who meets the relative hardship waiver requirements or a
141.17 relative who meets the criteria and is also the responsible party under an individual service
141.18 plan that ensures the client's health and safety and supervision of the personal care services
141.19 by a qualified professional as defined in section 256B.0625, subdivision 19c. Relative
141.20 hardship is established by the lead agency when the client's care causes a relative caregiver
141.21 to do any of the following: resign from a paying job, reduce work hours resulting in lost
141.22 wages, obtain a leave of absence resulting in lost wages, incur substantial client-related
141.23 expenses, provide services to address authorized, unstaffed direct care time, or meet
141.24 special needs of the client unmet in the formal service plan.

141.25 (d) Alternative care covers sign language interpreter services and spoken language
141.26 interpreter services for recipients eligible for alternative care when the services are
141.27 necessary to help deaf and hard-of-hearing recipients or recipients with limited English
141.28 proficiency obtain covered services. Coverage for face-to-face spoken language interpreter
141.29 services shall be provided only if the spoken language interpreter used by the enrolled
141.30 health care provider is listed in the registry or roster established under section 144.058.

141.31 Sec. 17. Minnesota Statutes 2014, section 256B.0913, subdivision 6, is amended to read:

141.32 Subd. 6. **Alternative care program administration.** (a) The alternative care
141.33 program is administered by the county agency. This agency is the lead agency responsible
141.34 for the local administration of the alternative care program as described in this section.
141.35 However, it may contract with the public health nursing service to be the lead agency. The

142.1 commissioner may contract with federally recognized Indian tribes with a reservation in
142.2 Minnesota to serve as the lead agency responsible for the local administration of the
142.3 alternative care program as described in the contract. When the commissioner determines
142.4 that an overpayment has been made by the state, the commissioner shall recover the
142.5 overpayment.

142.6 (b) Alternative care pilot projects operate according to this section and the provisions
142.7 of Laws 1993, First Special Session chapter 1, article 5, section 133, under agreement
142.8 with the commissioner. Each pilot project agreement period shall begin no later than the
142.9 first payment cycle of the state fiscal year and continue through the last payment cycle of
142.10 the state fiscal year.

142.11 Sec. 18. Minnesota Statutes 2014, section 256B.0913, subdivision 10, is amended to
142.12 read:

142.13 Subd. 10. **Allocation formula.** (a) By July 15 of each year, the commissioner
142.14 shall allocate to county agencies the state funds available for alternative care for persons
142.15 eligible under subdivision 2, except that when alternative care services receive federal
142.16 financial participation under the 1115 waiver demonstration, funding shall be allocated in
142.17 accordance with subdivision 17.

142.18 (b) The adjusted base for each lead agency is the lead agency's current fiscal
142.19 year base allocation plus any targeted funds approved during the current fiscal year.
142.20 Calculations for paragraphs (c) and (d) are to be made as follows: for each lead agency,
142.21 the determination of alternative care program expenditures shall be based on payments
142.22 for services rendered from April 1 through March 31 in the base year, to the extent that
142.23 claims have been submitted and paid by June 1 of that year, except that when alternative
142.24 care services receive federal financial participation under the 1115 waiver demonstration,
142.25 funding shall be allocated in accordance with subdivision 17.

142.26 (c) If the alternative care program expenditures as defined in paragraph (b) are 95
142.27 percent or more of the lead agency's adjusted base allocation, the allocation for the next
142.28 fiscal year is 100 percent of the adjusted base, plus inflation to the extent that inflation
142.29 is included in the state budget.

142.30 (d) If the alternative care program expenditures as defined in paragraph (b) are
142.31 less than 95 percent of the lead agency's adjusted base allocation, the allocation for the
142.32 next fiscal year is the adjusted base allocation less the amount of unspent funds below
142.33 the 95 percent level.

142.34 (e) If the annual legislative appropriation for the alternative care program is
142.35 inadequate to fund the combined lead agency allocations for a biennium, the commissioner

143.1 shall distribute to each lead agency the entire annual appropriation as that lead agency's
143.2 percentage of the computed base as calculated in paragraphs (c) and (d).

143.3 (f) On agreement between the commissioner and the lead agency, the commissioner
143.4 may have discretion to reallocate alternative care base allocations distributed to lead
143.5 agencies in which the base amount exceeds program expenditures.

143.6 Sec. 19. Minnesota Statutes 2014, section 256B.0913, subdivision 11, is amended to
143.7 read:

143.8 Subd. 11. **Targeted funding.** (a) The purpose of targeted funding is to make
143.9 additional money available to lead agencies with the greatest need. Targeted funds are
143.10 not intended to be distributed equitably among all lead agencies, but rather, allocated to
143.11 those with long-term care strategies that meet state goals.

143.12 (b) The funds available for targeted funding shall be the total appropriation for each
143.13 fiscal year minus lead agency allocations determined under subdivision 10 as adjusted
143.14 for any inflation increases provided in appropriations for the biennium, except that when
143.15 alternative care services receive federal financial participation under the 1115 waiver
143.16 demonstration, funding shall be allocated in accordance with subdivision 17.

143.17 (c) The commissioner shall allocate targeted funds to lead agencies that demonstrate
143.18 to the satisfaction of the commissioner that they have developed feasible plans to increase
143.19 alternative care spending, except that when alternative care services receive federal
143.20 financial participation under the 1115 waiver demonstration, funding shall be allocated in
143.21 accordance with subdivision 17. In making targeted funding allocations, the commissioner
143.22 shall use the following priorities:

143.23 (1) lead agencies that received a lower allocation in fiscal year 1991 than in fiscal
143.24 year 1990. Counties remain in this priority until they have been restored to their fiscal
143.25 year 1990 level plus inflation;

143.26 (2) lead agencies that sustain a base allocation reduction for failure to spend 95
143.27 percent of the allocation if they demonstrate that the base reduction should be restored;

143.28 (3) lead agencies that propose projects to divert community residents from nursing
143.29 home placement or convert nursing home residents to community living; and

143.30 (4) lead agencies that can otherwise justify program growth by demonstrating the
143.31 existence of waiting lists, demographically justified needs, or other unmet needs.

143.32 (d) Lead agencies that would receive targeted funds according to paragraph (c) must
143.33 demonstrate to the commissioner's satisfaction that the funds would be appropriately spent
143.34 by showing how the funds would be used to further the state's alternative care goals

144.1 as described in subdivision 1, and that the county has the administrative and service
144.2 delivery capability to use them.

144.3 (e) The commissioner shall make applications available for targeted funds by
144.4 November 1 of each year, except that when alternative care services receive federal
144.5 financial participation under the 1115 waiver demonstration, funding shall be allocated
144.6 in accordance with subdivision 17. The lead agencies selected for targeted funds shall
144.7 be notified of the amount of their additional funding. Targeted funds allocated to a lead
144.8 agency in one year shall be treated as part of the lead agency's base allocation for that
144.9 year in determining allocations for subsequent years. No reallocations between lead
144.10 agencies shall be made.

144.11 Sec. 20. Minnesota Statutes 2014, section 256B.0913, subdivision 12, is amended to
144.12 read:

144.13 Subd. 12. **Client fees.** (a) A fee is required for all alternative care eligible clients
144.14 to help pay for the cost of participating in the program. The amount of the fee for the
144.15 alternative care client shall be determined as follows:

144.16 (1) when the alternative care client's income less recurring and predictable medical
144.17 expenses is less than 100 percent of the federal poverty guideline effective on July 1 of
144.18 the state fiscal year in which the fee is being computed, and total assets are less than
144.19 \$10,000, the fee is zero;

144.20 (2) when the alternative care client's income less recurring and predictable medical
144.21 expenses is equal to or greater than 100 percent but less than 150 percent of the federal
144.22 poverty guideline effective on July 1 of the state fiscal year in which the fee is being
144.23 computed, and total assets are less than \$10,000, the fee is five percent of the cost of
144.24 alternative care services;

144.25 (3) when the alternative care client's income less recurring and predictable medical
144.26 expenses is equal to or greater than 150 percent but less than 200 percent of the federal
144.27 poverty guidelines effective on July 1 of the state fiscal year in which the fee is being
144.28 computed and assets are less than \$10,000, the fee is 15 percent of the cost of alternative
144.29 care services;

144.30 (4) when the alternative care client's income less recurring and predictable medical
144.31 expenses is equal to or greater than 200 percent of the federal poverty guidelines effective
144.32 on July 1 of the state fiscal year in which the fee is being computed and assets are less than
144.33 \$10,000, the fee is 30 percent of the cost of alternative care services; and

144.34 (5) when the alternative care client's assets are equal to or greater than \$10,000, the
144.35 fee is 30 percent of the cost of alternative care services.

145.1 For married persons, total assets are defined as the total marital assets less the
145.2 estimated community spouse asset allowance, under section 256B.059, if applicable. For
145.3 married persons, total income is defined as the client's income less the monthly spousal
145.4 allotment, under section 256B.058.

145.5 All alternative care services shall be included in the estimated costs for the purpose
145.6 of determining the fee.

145.7 Fees are due and payable each month alternative care services are received unless the
145.8 actual cost of the services is less than the fee, in which case the fee is the lesser amount.

145.9 (b) The fee shall be waived by the commissioner when:

145.10 (1) a person is residing in a nursing facility;

145.11 (2) a married couple is requesting an asset assessment under the spousal
145.12 impoverishment provisions;

145.13 (3) a person is found eligible for alternative care, but is not yet receiving alternative
145.14 care services including case management services; ~~or~~

145.15 (4) a person has chosen to participate in a consumer-directed service plan ~~for which~~
145.16 ~~the cost is no greater than the total cost of the person's alternative care service plan less the~~
145.17 ~~monthly fee amount that would otherwise be assessed;~~ or

145.18 (5) a person is receiving temporary alternative care services.

145.19 (c) The commissioner will bill and collect the fee from the client. Money collected
145.20 must be deposited in the general fund and is appropriated to the commissioner for the
145.21 alternative care program. The client must supply the lead agency with the client's Social
145.22 Security number at the time of application. The lead agency shall supply the commissioner
145.23 with the client's Social Security number and other information the commissioner requires
145.24 to collect the fee from the client. The commissioner shall collect unpaid fees using the
145.25 Revenue Recapture Act in chapter 270A and other methods available to the commissioner.
145.26 The commissioner may require lead agencies to inform clients of the collection procedures
145.27 that may be used by the state if a fee is not paid.

145.28 Sec. 21. Minnesota Statutes 2014, section 256B.0913, is amended by adding a
145.29 subdivision to read:

145.30 Subd. 17. **Allocation under 1115 waiver demonstration.** When alternative care
145.31 services receive federal financial participation under the 1115 waiver demonstration,
145.32 alternative care funding shall be distributed in accordance with the projected demand for
145.33 services based on service and financial eligibility. Discretionary alternative care services
145.34 not listed in subdivision 5 or section 256B.0625 require approval from the commissioner.

146.1 Sec. 22. Minnesota Statutes 2014, section 256B.85, is amended to read:

146.2 **256B.85 COMMUNITY FIRST SERVICES AND SUPPORTS.**

146.3 Subdivision 1. **Basis and scope.** (a) Upon federal approval, the commissioner
146.4 shall establish a ~~medical-assistance~~ state plan option for the provision of home and
146.5 community-based personal assistance service and supports called "community first
146.6 services and supports (CFSS)."

146.7 (b) CFSS is a participant-controlled method of selecting and providing services
146.8 and supports that allows the participant maximum control of the services and supports.
146.9 Participants may choose the degree to which they direct and manage their supports by
146.10 choosing to have a significant and meaningful role in the management of services and
146.11 supports including by directly employing support workers with the necessary supports
146.12 to perform that function.

146.13 (c) CFSS is available statewide to eligible ~~individuals~~ people to assist with
146.14 accomplishing activities of daily living (ADLs), instrumental activities of daily living
146.15 (IADLs), and health-related procedures and tasks through hands-on assistance to
146.16 accomplish the task or constant supervision and cueing to accomplish the task; and to
146.17 assist with acquiring, maintaining, and enhancing the skills necessary to accomplish
146.18 ADLs, IADLs, and health-related procedures and tasks. CFSS allows payment for certain
146.19 supports and goods such as environmental modifications and technology that are intended

 162.9 of service initiation and at least quarterly thereafter. Quarterly evaluations during the
 162.10 first year must be completed in person. Following the first year of service, at least one
 162.11 quarterly evaluation each year must be completed in person. An in-person evaluation must
 162.12 also be completed within 30 calendar days of the discovery or receipt of information of

 162.15 the required elements in clauses (1) to (5):

 162.23 if any, has any additional concerns with the CFSS service delivery plan, goals, service
 162.24 delivery, or worker competency not identified in clauses (1) to (3); and

162.25 (5) based on the evaluation required in clauses (1) to (4), whether revisions are
 162.26 needed to the CFSS service delivery plan or goals or how CFSS is used or delivered,
 162.27 whether there is a need for additional worker training, or whether any other actions are
 162.28 needed to support the participant's use of CFSS and who will take the action.

162.29 If changes are needed based on the results of the evaluation, a revised CFSS service

 163.11 annually, including any evaluations required under subdivision 11a, paragraph (a).

163.12 If a support worker is a minor, all evaluations of worker competency must be completed in
 163.13 person and in a setting where the participant is using CFSS.

163.14 (c) The agency-provider must develop a worker training and development plan
 163.15 with the participant to ensure support worker competency. The worker training and

 163.30 Medicaid revenue in the previous calendar year is greater than \$300,000, the
 163.31 agency-provider must purchase a surety bond of \$100,000. The surety bond must be in
 163.32 a form approved by the commissioner, must be renewed annually, and must allow for
 163.33 recovery of costs and fees in pursuing a claim on the bond;

164.35 (c) All CFSS agency-providers shall require all employees in management and
164.36 supervisory positions and owners of the agency who are active in the day-to-day

 165.7 CFSS program financial management. Any new owners or employees in management
 165.8 and supervisory positions involved in the day-to-day operations are required to complete

Subpart 1. **Payments to county board.** The county board shall be the primary local entity responsible to the commissioner for use of all funds paid to it under Minnesota Statutes, section 245.73. The commissioner shall pay funds under Minnesota Statutes, section 245.73 solely to county boards submitting an application and budget approved under part 9535.2200, subpart 5. Payments shall be in the form of an initial advance, with subsequent quarterly payments contingent upon receipt of a completed quarterly financial report from the county board on forms provided by the commissioner. If actual expenditures by the county, its contracting facilities, and subcontractors are less than provided in the approved budget, the commissioner shall reduce the quarterly payments so that the grant remains within the limits in part 9535.2600, subpart 1.

Subp. 2. **Local review of applications.** If a county board elects to apply for a grant under Minnesota Statutes, section 245.73, then before submission of the application and budget to the commissioner, the county board shall determine which facilities shall be included in the application and budget, and shall review and approve the completed application and budget.

Subp. 3. **Payment to residential facility.** Payment from the county board to the residential facility must be based on a contract between the county board and the facility. If this contract and the requirements of parts 9535.2000 to 9535.3000 are complied with, the county board shall, except as provided in subpart 6, item B, pay to the facility all funds received by the county board for that facility. The county board shall determine the method of payment to the facility.

Subp. 4. **County board and facility contract.** The contract between the county board and the facility must specify how the county board will monitor the facility's compliance with parts 9535.2000 to 9535.3000 and how the county board and the facility will monitor the subcontractors' compliance with parts 9535.2000 to 9535.3000.

Subp. 5. **Joint applications for grant.** If two or more county boards apply jointly for a grant, they shall designate a host county board that will carry out the responsibilities in subparts 1, 3, and 4. The assignment of these responsibilities must be agreed to in a contract between the host county board and the other counties.

Subp. 6. **Other service providers.** If funds under Minnesota Statutes, section 245.73 are to be used by a service provider other than the contracting facility in subpart 3, then:

A. the amount and planned use of those funds must be identified in the application and budget for the facility whose residents will receive the service; and

B. payments to the service provider must be based on a subcontract between the facility and the service provider. This subcontract must include an agreement by the service provider to comply with parts 9535.2000 to 9535.3000. If the county board and the facility agree, payments may be made directly from the county board to the service provider.

Subpart 1. **Amount of grant.** After approval of an application and budget, the commissioner shall award a grant equal to the lesser of 75 percent of the new program costs as defined in part 9535.2400, subpart 2, item B; or the new direct service costs, as defined in part 9535.2400, subpart 5.

Subp. 2. **Varying percentages of funds for more than one facility.** A county board that applies for a grant for more than one facility may request varying percentages of state and local funds for each facility. Subp. 3. **Amounts specified for each facility.** The commissioner's award shall specify the amounts awarded for each facility.

Subp. 4. **Other income.** If the county board, the facility, or the subcontractor receives any income other than county funds as a reimbursement for costs also funded through state or local matching funds under Minnesota Statutes, section 245.73, then:

C. if the income is from state grants under parts 9535.0200 to 9535.1600, the commissioner shall reduce the state grant under Minnesota Statutes, section 245.73. The amount of the reduction shall equal the amount by which the other state grants are paying for costs which are also funded by state or local matching funds under Minnesota Statutes, section 245.73.

- A. summary reports relating to the facility, at least ten years;
