BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

## Section 1. [256B.7635] REIMBURSEMENT FOR EVIDENCE-BASED PUBLIC HEALTH NURSE HOME VISITS.

Effective for services provided on or after January 1, 2018, prenatal and postpartum follow-up home visits provided by public health nurses or registered nurses supervised by a public health nurse using evidence-based models shall be paid a minimum of \$140 per visit for managed care and fee-for-service visits. Evidence-based postpartum follow-up home visits must be administered by home visiting programs that meet the United States Department of Health and Human Services criteria for evidence-based models and are identified by the commissioner of health as eligible to be implemented under the Maternal, Infant, and Early Childhood Home Visiting program. Home visits must target mothers and their children beginning with prenatal visits through age three for the child. The commissioner shall report to the Centers for Medicare and Medicaid Services on the impact of evidence-based public health nurse home visits on outcomes in the areas of maternal and child health and child abuse and neglect.

Section 1.
