1.11 access to the nonpublic information held by the licensee and its information systems.

1.12 Subd. 3. **Consumer.** "Consumer" means an individual, including but not limited to an
1.13 applicant, policyholder, insured, beneficiary, claimant, and certificate holder who is a resident
1.14 of this state and whose nonpublic information is in a licensee's possession, custody, or
1.15 control.

1.16 Subd. 4. **Cybersecurity event.** "Cybersecurity event" means an event resulting in
1.17 unauthorized access to, or disruption or misuse of, an information system or nonpublic
1.18 information stored on an information system.

1.19 Cybersecurity event does not include the unauthorized acquisition of encrypted nonpublic
1.20 information if the encryption, process, or key is not also acquired, released, or used without
1.21 authorization.

Cybersecurity event does not include an event with regard to which the licensee has determined that the nonpublic information accessed by an unauthorized person has not been used or released and has been returned or destroyed.

Subd. 5. **Encrypted.** "Encrypted" means the transformation of data into a form which results in a low probability of assigning meaning without the use of a protective process or key.

Subd. 6. **Information security program.** "Information security program" means the administrative, technical, and physical safeguards that a licensee uses to access, collect, distribute, process, protect, store, use, transmit, dispose of, or otherwise handle nonpublic information.

Subd. 7. **Information system.** "Information system" means a discrete set of electronic information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of nonpublic electronic information, as well as any specialized system such as industrial or process controls systems, telephone switching and private branch exchange systems, and environmental control systems.

Subd. 8. **Licensee.** "Licensee" means any person licensed, authorized to operate, or registered, or required to be licensed, authorized, or registered by the Department of Commerce or the Department of Health but shall not include a purchasing group or a risk retention group chartered and licensed in a state other than this state or a person that is acting as an assuming insurer that is domiciled in another state or jurisdiction.

Subd. 9. **Multifactor authentication.** "Multifactor authentication" means authentication through verification of at least two of the following types of authentication factors:

(1) knowledge factors, such as a password;

(2) possession factors, such as a token or text message on a mobile phone; or

(3) inherence factors, such as a biometric characteristic.

Subd. 10. **Nonpublic information.** "Nonpublic information" means electronic information that is not publicly available information and is:

3.5 (2) any information or data, except age or gender, in any form or medium created by or
3.6 derived from a health care provider or a consumer that can be used to identify a particular

3.16 information that a licensee has a reasonable basis to believe is lawfully made available to
3.17 the general public from: federal, state, or local government records; widely distributed
3.18 media; or disclosures to the general public that are required to be made by federal, state, or
3.19 local law.

3.20 For the purposes of this definition, a licensee has a reasonable basis to believe that
3.21 information is lawfully made available to the general public if the licensee has taken steps
3.22 to determine:

3.23 (1) that the information is of the type that is available to the general public; and

3.24 (2) whether a consumer can direct that the information not be made available to the
3.25 general public and, if so, that such consumer has not done so.

3.26 Subd. 13. **Risk assessment.** "Risk assessment" means the risk assessment that each

4.8 licensee shall develop, implement, and maintain a comprehensive written information
4.9 security program based on the licensee's risk assessment and that contains administrative,
4.10 technical, and physical safeguards for the protection of nonpublic information and the
4.11 licensee's information system.

4.12 **Subd. 2. Objectives of an information security program.** A licensee's information

Subd. 8. **Incident response plan.** (a) As part of its information security program, each licensee shall establish a written incident response plan designed to promptly respond to, and recover from, any cybersecurity event that compromises the confidentiality, integrity, or availability of nonpublic information in its possession, the licensee's information systems, or the continuing functionality of any aspect of the licensee's business or operations.

(b) The incident response plan shall address the following areas:

(1) the internal process for responding to a cybersecurity event;

(2) the goals of the incident response plan;

(3) the definition of clear roles, responsibilities, and levels of decision-making authority;

(4) external and internal communications and information sharing;

(5) identification of requirements for the remediation of any identified weaknesses in information systems and associated controls;

(6) documentation and reporting regarding cybersecurity events and related incident response activities; and

(7) the evaluation and revision, as necessary, of the incident response plan following a cybersecurity event.

8.1 Subd. 9. **Annual certification to commissioner.** By February 15 of each year, an insurer
8.2 domiciled in this state shall certify in writing to the commissioner that the insurer is in
8.3 compliance with the requirements set forth in this section. Each insurer shall maintain all
8.4 records, schedules, and data supporting this certificate for a period of five years and shall
8.5 permit examination by the commissioner. To the extent an insurer has identified areas,
8.6 systems, or processes that require material improvement, updating, or redesign, the insurer
8.7 shall document the identification and the remedial efforts planned and underway to address
8.8 such areas, systems, or processes. Such documentation must be available for inspection by
8.9 the commissioner.

8.10 Sec. 3. **[60A.9852] INVESTIGATION OF A CYBERSECURITY EVENT.**

8.11 Subdivision 1. **Prompt investigation.** If the licensee learns that a cybersecurity event
8.12 has or may have occurred, the licensee, or an outside vendor or service provider designated
8.13 to act on behalf of the licensee, shall conduct a prompt investigation.

8.14 Subd. 2. **Investigation contents.** During the investigation, the licensee, or an outside

8.18 (2) assess the nature and scope of the cybersecurity event, if any;

8.19 (3) identify whether any nonpublic information was involved in the cybersecurity event
8.20 and, if so, what nonpublic information was involved; and

8.21 (4) perform or oversee reasonable measures to restore the security of the information
8.22 systems compromised in the cybersecurity event in order to prevent further unauthorized
8.23 acquisition, release, or use of nonpublic information in the licensee's possession, custody,
8.24 or control.

8.25 Subd. 3. **Third-party systems.** If the licensee learns that a cybersecurity event has or
8.26 may have occurred in a system maintained by a third-party service provider, the licensee
8.27 will complete the steps listed in subdivision 2 or confirm and document that the third-party
8.28 service provider has completed those steps.

8.29 Subd. 4. **Records.** The licensee shall maintain records concerning all cybersecurity
8.30 events for a period of at least five years from the date of the cybersecurity event and shall
8.31 produce those records upon demand of the commissioner.

9.1 Sec. 4. [60A.9853] NOTIFICATION OF A CYBERSECURITY EVENT.

9.2 Subdivision 1. Notification to the commissioner. Each licensee shall notify the
9.3 commissioner of commerce or commissioner of health, whichever commissioner otherwise
9.4 regulates the licensee, without unreasonable delay but in no event later than three business
9.5 days from a determination that a cybersecurity event has occurred when either of the
9.6 following criteria has been met:

9.7 (1) this state is the licensee's state of domicile, in the case of an insurer, or this state is
9.8 the licensee's home state, in the case of a producer, as those terms are defined in chapter
9.9 60K and the cybersecurity event has a reasonable likelihood of materially harming:

9.10 (i) any consumer residing in this state; or

9.11 (ii) any part of the normal operations of the licensee; or

9.12 (2) the licensee reasonably believes that the nonpublic information involved is of 250
9.13 or more consumers residing in this state and that is either of the following:

9.14 (i) a cybersecurity event impacting the licensee of which notice is required to be provided
9.15 to any government body, self-regulatory agency, or any other supervisory body pursuant
9.16 to any state or federal law; or

9.17 (ii) a cybersecurity event that has a reasonable likelihood of materially harming:

9.18 (A) any consumer residing in this state; or

9.19 (B) any part of the normal operations of the licensee.

9.20 Subd. 2. Information; notification. A licensee making the notification required under
9.21 subdivision 1 shall provide the information in electronic form as directed by the
9.22 commissioner. The licensee shall have a continuing obligation to update and supplement
9.23 initial and subsequent notifications to the commissioner concerning material changes to
9.24 previously provided information relating to the cybersecurity event. The licensee shall
9.25 provide as much of the following information as possible:

9.26 (1) date of the cybersecurity event;

9.27 (2) description of how the information was exposed, lost, stolen, or breached, including
9.28 the specific roles and responsibilities of third-party service providers, if any;

9.29 (3) how the cybersecurity event was discovered;

9.30 (4) whether any lost, stolen, or breached information has been recovered and, if so, how
9.31 this was done;

- 10.1 (5) the identity of the source of the cybersecurity event;
- 10.2 (6) whether the licensee has filed a police report or has notified any regulatory,
10.3 government, or law enforcement agencies and, if so, when such notification was provided;
- 10.4 (7) description of the specific types of information acquired without authorization.
10.5 Specific types of information means particular data elements including, for example, types
10.6 of medical information, types of financial information, or types of information allowing
10.7 identification of the consumer;
- 10.8 (8) the period during which the information system was compromised by the cybersecurity
10.9 event;
- 10.10 (9) the number of total consumers in this state affected by the cybersecurity event. The
10.11 licensee shall provide the best estimate in the initial report to the commissioner and update
10.12 this estimate with each subsequent report to the commissioner pursuant to this section;
- 10.13 (10) the results of any internal review identifying a lapse in either automated controls
10.14 or internal procedures, or confirming that all automated controls or internal procedures were
10.15 followed;
- 10.16 (11) description of efforts being undertaken to remediate the situation which permitted
10.17 the cybersecurity event to occur;
- 10.18 (12) a copy of the licensee's privacy policy and a statement outlining the steps the licensee
10.19 will take to investigate and notify consumers affected by the cybersecurity event; and
- 10.20 (13) name of a contact person who is familiar with the cybersecurity event and authorized
10.21 to act for the licensee.
- 10.22 Subd. 3. **Notification to consumers.** (a) If a licensee is required to submit a report to
10.23 the commissioner under subdivision 1, the licensee shall notify any consumer residing in
10.24 Minnesota if, as a result of the cybersecurity event reported to the commissioner, the
10.25 consumer's nonpublic information was or is reasonably believed to have been acquired by
10.26 an unauthorized person, and there is a reasonable likelihood of material harm to the consumer
10.27 as a result of the cybersecurity event. Consumer notification is not required for a
10.28 cybersecurity event resulting from the good faith acquisition of nonpublic information by
10.29 an employee or agent of the licensee for the purposes of the licensee's business, provided
10.30 the nonpublic information is not used for a purpose other than the licensee's business or
10.31 subject to further unauthorized disclosure. The notification must be made in the most
10.32 expedient time possible and without unreasonable delay, consistent with the legitimate needs
10.33 of law enforcement or with any measures necessary to determine the scope of the breach,

11.1 identify the individuals affected, and restore the reasonable integrity of the data system.

11.2 The notification may be delayed to a date certain if the commissioner determines that
11.3 providing the notice impedes a criminal investigation. The licensee shall provide a copy of
11.4 the notice to the commissioner.

11.5 (b) For purposes of this subdivision, notice required under paragraph (a) must be provided
11.6 by one of the following methods:

11.7 (1) written notice to the consumer's most recent address in the licensee's records;

11.8 (2) electronic notice, if the licensee's primary method of communication with the
11.9 consumer is by electronic means or if the notice provided is consistent with the provisions
11.10 regarding electronic records and signatures in United States Code, title 15, section 7001;
11.11 or

11.12 (3) if the cost of providing notice exceeds \$250,000, the affected class of consumers to
11.13 be notified exceeds 500,000, or the licensee does not have sufficient contact information
11.14 for the subject consumers, notice as follows:

11.15 (i) e-mail notice when the licensee has an e-mail address for the subject consumers;

11.16 (ii) conspicuous posting of the notice on the website page of the licensee; and

11.17 (iii) notification to major statewide media.

11.18 (c) Notwithstanding paragraph (b), a licensee that maintains its own notification procedure
11.19 as part of its information security program that is consistent with the timing requirements
11.20 of this subdivision is deemed to comply with the notification requirements if the licensee
11.21 notifies subject consumers in accordance with its program.

11.22 (d) A waiver of the requirements under this subdivision is contrary to public policy, and
11.23 is void and unenforceable.

11.24 **Subd. 4. Notice regarding cybersecurity events of third-party service providers. (a)**
11.25 In the case of a cybersecurity event in a system maintained by a third-party service provider,
11.26 of which the licensee has become aware, the licensee shall treat such event as it would under
11.27 subdivision 1 unless the third-party service provider provides the notice required under
11.28 subdivision 1.

11.29 (b) The computation of a licensee's deadlines shall begin on the day after the third-party
11.30 service provider notifies the licensee of the cybersecurity event or the licensee otherwise
11.31 has actual knowledge of the cybersecurity event, whichever is sooner.

12.1 (c) Nothing in this act shall prevent or abrogate an agreement between a licensee and
12.2 another licensee, a third-party service provider, or any other party to fulfill any of the
12.3 investigation requirements imposed under section 60A.9854 or notice requirements imposed
12.4 under this section.

12.5 Subd. 5. Notice regarding cybersecurity events of reinsurers to insurers. (a) In the
12.6 case of a cybersecurity event involving nonpublic information that is used by the licensee
12.7 that is acting as an assuming insurer or in the possession, custody, or control of a licensee
12.8 that is acting as an assuming insurer and that does not have a direct contractual relationship
12.9 with the affected consumers, the assuming insurer shall notify its affected ceding insurers
12.10 and the commissioner of its state of domicile within three business days of making the
12.11 determination that a cybersecurity event has occurred.

12.12 (b) The ceding insurers that have a direct contractual relationship with affected consumers
12.13 shall fulfill the consumer notification requirements imposed under subdivision 3 and any
12.14 other notification requirements relating to a cybersecurity event imposed under this section.

12.15 (c) In the case of a cybersecurity event involving nonpublic information that is in the
12.16 possession, custody, or control of a third-party service provider of a licensee that is an
12.17 assuming insurer, the assuming insurer shall notify its affected ceding insurers and the
12.18 commissioner of its state of domicile within three business days of receiving notice from
12.19 its third-party service provider that a cybersecurity event has occurred.

12.20 (d) The ceding insurers that have a direct contractual relationship with affected consumers
12.21 shall fulfill the consumer notification requirements imposed under subdivision 3 and any
12.22 other notification requirements relating to a cybersecurity event imposed under this section.

12.23 (e) Any licensee acting as an assuming insurer shall have no other notice obligations
12.24 relating to a cybersecurity event or other data breach under this section.

12.25 Subd. 6. Notice regarding cybersecurity events of insurers to producers of record. (a)
12.26 In the case of a cybersecurity event involving nonpublic information that is in the possession,
12.27 custody, or control of a licensee that is an insurer or its third-party service provider and for
12.28 which a consumer accessed the insurer's services through an independent insurance producer,
12.29 the insurer shall notify the producers of record of all affected consumers no later than the
12.30 time at which notice is provided to the affected consumers.

12.31 (b) The insurer is excused from this obligation for those instances in which it does not
12.32 have the current producer of record information for any individual consumer or in those
12.33 instances in which the producer of record is no longer appointed to sell, solicit, or negotiate
12.34 on behalf of the insurer.

13.1 Sec. 5. **[60A.9854] POWER OF COMMISSIONER.**

13.2 (a) The commissioner of commerce or commissioner of health, whichever commissioner
13.3 otherwise regulates the licensee, shall have power to examine and investigate into the affairs
13.4 of any licensee to determine whether the licensee has been or is engaged in any conduct in
13.5 violation of sections 60A.985 to 60A.9857. This power is in addition to the powers which
13.6 the commissioner has under section 60A.031. Any such investigation or examination shall
13.7 be conducted pursuant to section 60A.031.

13.8 (b) Whenever the commissioner of commerce or commissioner of health has reason to
13.9 believe that a licensee has been or is engaged in conduct in this state which violates sections
13.10 60A.985 to 60A.9857, the commissioner of commerce or commissioner of health may take
13.11 action that is necessary or appropriate to enforce those sections.

13.12 Sec. 6. **[60A.9855] CONFIDENTIALITY.**

13.13 Subdivision 1. **Licensee information.** Any documents, materials, or other information
13.14 in the control or possession of the department that are furnished by a licensee or an employee
13.15 or agent thereof acting on behalf of a licensee pursuant to section 60A.9851, subdivision
13.16 9; section 60A.9853, subdivision 2, clauses (2), (3), (4), (5), (8), (10), and (11); or that are
13.17 obtained by the commissioner in an investigation or examination pursuant to section
13.18 60A.9854 shall be classified as confidential, protected nonpublic, or both; shall not be
13.19 subject to subpoena; and shall not be subject to discovery or admissible in evidence in any
13.20 private civil action. However, the commissioner is authorized to use the documents, materials,
13.21 or other information in the furtherance of any regulatory or legal action brought as a part
13.22 of the commissioner's duties.

13.23 Subd. 2. **Certain testimony prohibited.** Neither the commissioner nor any person who
13.24 received documents, materials, or other information while acting under the authority of the
13.25 commissioner shall be permitted or required to testify in any private civil action concerning
13.26 any confidential documents, materials, or information subject to subdivision 1.

13.28 duties under this act, the commissioner:

13.29 (1) may share documents, materials, or other information, including the confidential and
13.30 privileged documents, materials, or information subject to subdivision 1, with other state,
13.31 federal, and international regulatory agencies, with the National Association of Insurance
