1.19 Subd. 5. **Payment of interest on late payments required.** (a) A state agency
1.20 shall pay interest to a vendor for undisputed billings when the agency has not paid the
1.21 billing within 30 days following receipt of the invoice, merchandise, or service whichever
1.22 is later. A negotiated contract or agreement between a vendor and a state agency which
1.23 requires an audit by the state agency prior to acceptance and payment of the vendor's
1.24 invoice shall not be considered past due until 30 days after the completion of the audit by
1.25 the state agency. Before any interest payment is made, the vendor must invoice the state
1.26 agency for such interest. For a construction contract utilizing partial payments based on an
1.27 engineer's estimate or a payment application approved by an architect, an invoice includes
1.28 an engineer's estimate or a payment application, as applicable, if made in regular intervals
1.29 that are (1) as specified in the contract, and (2) no less frequent than once per month.

2.1 (b) The rate of interest paid by the agency on undisputed bills not paid within 30
2.2 days shall be 1-1/2 percent per month or any part thereof.

2.3 (c) All interest penalties and collection costs must be paid from the agency's current
2.4 operating budget. No agency may seek to increase its appropriation for the purpose of

2.6 (d) Any vendor who prevails in a civil action to collect interest penalties from a state
2.7 agency shall be awarded its costs and disbursements, including attorney's fees, incurred
2.8 in bringing the actions.

2.9 (e) No interest penalties may accrue against an agency that delays payment of a bill
2.10 due to a disagreement with the vendor; provided, that the dispute must be settled within 30
2.11 days after the bill became overdue. Upon the resolution of the dispute, the agency must
2.12 pay the vendor accrued interest on all proper invoices for which payment was not received
2.13 within the applicable time limit contained in subdivision 3. No interest penalties accrue
2.14 under this section against an agency for claims made by a contractor under a construction
2.15 contract.

2.16 (f) The minimum monthly interest penalty payment that a state agency shall pay a
2.17 vendor for the unpaid balance for any one overdue bill equal to or in excess of \$100 is

2.34 subdivision unless:

4.32 been condemned by the proper authorities, and the town or towns charged with the duty of
4.33 maintaining the bridge fail, neglect, or omit to construct, reconstruct, or repair the same or

5.1 provide for the expense or cost of so constructing, reconstructing, or repairing the same, as
5.2 identified in the report provided to the town or towns under section 165.03, subdivision
5.3 3, the county board of the county in which the town or towns are located shall have the
5.4 power and authority to reconstruct and repair the bridge upon giving notice to the town
5.5 board of the town or towns of its intention to do so and fixing a time and place for a
5.6 hearing as to the necessity and advisability of the reconstruction or repair.

5.7 (c) If a load rating analysis is required and has not been performed within 90 days of
5.8 the date the report required in section 165.03, subdivision 3, was delivered to the town,
5.9 the county is authorized to perform the analysis. Before it performs an analysis on a
5.10 town bridge, the county shall notify the town or towns that if the town or towns do not
5.11 perform the analysis within 90 days the county will perform the analysis and bill the
5.12 town or towns for all related expenses. If the town performs the analysis, a copy shall

5.14 provided to the town clerk.

5.15 (d) If a load rating analysis determines a new or different load posting is required on
5.16 a town bridge, the town or towns charged with the duty of maintaining the bridge shall
5.17 provide the required posting within 30 days. If the town or towns fail to provide the
5.18 required posting, the county is authorized to provide the required posting. Before posting
5.19 a load limit on a town bridge, the county shall notify the town or towns that if the town
5.20 or towns do not provide the posting within 30 days the county will provide the required
5.21 posting and bill the town or towns for all related expenses, unless the town or towns and
5.22 the county agree to post the bridge in less than 30 days and at an agreed-upon cost.

5.23 (e) If a bridge constitutes a critical risk to public safety because its deficiencies, if
5.24 not immediately corrected, could result in collapse or partial collapse, the county engineer
5.25 is authorized to immediately close the bridge. The bridge shall remain closed until the
5.26 necessary steps are taken to remove the threat of collapse or partial collapse, or until a
5.27 subsequent inspection determines the issues resulting in closure are resolved. The county
5.28 may bill the town or towns for all related expenses.

5.29 (f) A county is not liable for a town's or towns' failure to act as required by this

5.32 amended to read:

5.33 Subdivision 1. **Turning at intersection.** The driver of a vehicle intending to turn
5.34 at an intersection shall do so as follows:

6.1 (a) Except as otherwise provided in this paragraph, both the approach for a right turn
6.2 and a right turn shall be made as close as practicable to the right-hand curb or edge of the
6.3 roadway. When necessary to accommodate vehicle configuration, a driver is permitted to
6.4 make a right turn into the farthest lane of a roadway with two or more lanes in the same
6.5 direction in order to make a U-turn at a reduced conflict intersection, if it is safe to do so.

6.6 (b) Approach for a left turn on other than one-way roadways shall be made in that
6.7 portion of the right half of the roadway nearest the centerline thereof, and after entering
6.8 the intersection the left turn shall be made so as to leave the intersection to the right of the
6.9 centerline of the roadway being entered. Whenever practicable the left turn shall be made
6.10 in that portion of the intersection to the left of the center of the intersection.

6.11 (c) Approach for a left turn from a two-way roadway into a one-way roadway shall
6.12 be made in that portion of the right half of the roadway nearest the centerline thereof and
6.13 by passing to the right of such centerline where it enters the intersection.

6.14 (d) A left turn from a one-way roadway into a two-way roadway shall be made
6.15 from the left-hand lane and by passing to the right of the centerline of the roadway being
6.16 entered upon leaving the intersection.

6.17 (e) Where both streets or roadways are one way, both the approach for a left turn and
6.18 a left turn shall be made as close as practicable to the left-hand curb or edge of the roadway.

6.19 (f) Local authorities in their respective jurisdictions may cause markers, buttons, or
6.20 signs to be placed within or adjacent to intersections and thereby require and direct that a
6.21 different course from that specified in this section be traveled by vehicles turning at an
6.22 intersection, and when markers, buttons, or signs are so placed no driver of a vehicle shall
6.23 turn a vehicle at an intersection other than as directed and required by such markers,
6.24 buttons, or signs.

6.25 (g) Whenever it is necessary for the driver of a motor vehicle to cross a bicycle
6.26 lane adjacent to the driver's lane of travel to make a turn, the driver shall first signal the
6.27 movement, then drive the motor vehicle into the bicycle lane prior to making the turn,
6.28 but only after it is safe to do so. The driver shall then make the turn consistent with any
6.29 traffic markers, buttons, or signs, yielding the right-of-way to any vehicles or bicycles

6.35 either direction within 1,000 feet, nor shall the driver of a vehicle turn the vehicle so as to

7.1 proceed in the opposite direction unless the movement can be made safely and without
7.2 interfering with other traffic. When necessary to accommodate vehicle configuration on a
7.3 roadway with two or more lanes in the same direction, a driver may turn the vehicle into
7.4 the farthest lane and temporarily use the shoulder to make a U-turn.
