(c) The commissioner, on trunk highways and temporary trunk highways, and
local authorities, on streets and highways under their jurisdiction, may authorize the use
of reduced maximum speed limits in highway work zones. The commissioner or local
authority is not required to conduct when workers are present, without an engineering and
traffic investigation before authorizing a reduced speed limit in a highway work zone
required. The work zone speed limit must not reduce the speed limit on the affected
street or highway by more than:

- (b) The minimum highway work zone speed limit is 20 miles per hour. The work zone speed limit must not reduce the established speed limit on the affected street or highway by more than 15 miles per hour, except that the highway work zone speed limit must not exceed 40 miles per hour. The commissioner or local authority shall post the limits of the work zone. Highway work zone speed limits are effective on erection of appropriate regulatory speed limit signs. The signs must be removed or covered when they are not required. A speed greater than the posted highway work zone speed limit is unlawful.
- (c) Notwithstanding paragraph (b), on divided highways the commissioner or local authority may establish a highway work zone speed limit that does not exceed 55 miles per hour.
- (d) Notwithstanding paragraph (b), on two-lane highways having one lane for each direction of travel with a posted speed limit of 60 miles per hour or greater, the commissioner or local authority may establish a highway work zone speed limit that does not exceed 40 miles per hour.
- (e) For purposes of this subdivision, "highway work zone" means a segment of highway or street where a road authority or its agent is constructing, reconstructing, or maintaining the physical structure of the roadway, its shoulders, or features adjacent to the roadway, including underground and overhead utilities and highway appurtenances, when workers are present.
- (f) Notwithstanding section 609.0331 or 609.101 or other law to the contrary, a person who violates a speed limit established under this subdivision, or who violates any other provision of this section while in a highway work zone, is assessed an additional surcharge equal to the amount of the fine imposed for the speed violation, but not less than \$25.
- (1) 20 miles per hour on a street or highway having an established speed limit of 55 miles per hour or greater; and
- 52.33 (2) 15 miles per hour on a street or highway having an established speed limit of 52.34 50 miles per hour or less.

53.1	(d) A work zone speed limit under paragraph (c) is effective on erection of
53.2	appropriate regulatory speed limit signs. The signs must be removed or covered when
53.3	they are not required. A speed in excess of the posted work zone speed limit is unlawful.
53.4	(e) For any speed limit under this subdivision, a road authority shall erect signs
53.5	identifying the speed limit and indicating the beginning and end of the speed limit zone.
53.6	EFFECTIVE DATE. This section is effective August 1, 2014, and applies to
53.7	violations committed on or after that date.
53.8	Sec. 8. Minnesota Statutes 2012, section 169.14, is amended by adding a subdivision

53.11	motor vehicle in violation of a speed limit in a work zone, or any other provision of
53.12	this section while in a work zone, shall be required to pay a fine of \$300. This fine is in
53.13	addition to the surcharge under section 357.021, subdivision 6.
53.14	EFFECTIVE DATE. This section is effective August 1, 2014, and applies to
53.15	violations committed on or after that date.

53.17	Subdivision 1. Entrance and exit; crossover; use regulations; signs; rules. (a) No
53.18	person shall drive a vehicle onto or from any controlled-access highway except at such
53.19	entrances and exits as are established by public authority.
53.20	(b) When special crossovers between the main roadways of a controlled-access
53.21	highway are provided for emergency vehicles or maintenance equipment and such
53.22	crossovers are signed to prohibit "U" turns, it shall be unlawful for any vehicle, except
53.23	an emergency vehicle, maintenance equipment, or construction equipment including

Sec. 25. Minnesota Statutes 2012, section 174.56, subdivision 1, is amended to read:

Subdivision 1. **Report required.** (a) The commissioner of transportation shall submit a report by December 15 of each year on (1) the status of major highway projects completed during the previous two years or under construction or planned during the year of the report and for the ensuing 15 years, and (2) trunk highway fund expenditures₂ and (3) beginning with the report due in 2016, efficiencies achieved during the previous two fiscal years.

(b) For purposes of this section, a "major highway project" is a highway project that has a total cost for all segments that the commissioner estimates at the time of the report to be at least (1) \$15,000,000 in the metropolitan highway construction district, or (2) \$5,000,000 in any nonmetropolitan highway construction district.

Sec. 26. [219.375] RAILROAD YARD LIGHTING.

Subdivision 1. **General requirements.** (a) All railroad common carriers, and their officers, agents, and employees, operating a railroad in this state are required to maintain lighting between sunset and sunrise above switches in railroad yards where from one half-hour before sunset to one half-hour after sunrise:

- (1) cars or locomotives are switched or inspected; or
- (2) cars are switched to assemble or disassemble trains.
- Railroad common carriers shall provide lighting immediately adjacent to those portions
 of railroad yard tracks where railroad common carrier employees frequently work on
 the ground performing switching, inspection, and repair activities. For purposes of this
 section, "frequently work" means at least five days per week.
 - (b) Railroad yard lighting over switches and inspection areas must:
- 63.28 (1) conform with the guidelines set forth by the American Railway Engineering
 63.29 and Manufacturing Association (AREMA);
- (2) be displayed only at times when activities related to switching, inspection,
 assembly, and disassembly of trains are taking place;
 - (3) be turned off when not needed;
- 63.33 (4) include at least one lighting source for each two-yard track switch segment; and

64.1	(5) be displayed from a height of at least 30 feet above the railroad yard lead-track
64.2	area.
64.3	(c) Lighting over switches and other light sources within railroad yards or at other
64.4	railroad locations must be:
64.5	(1) maintained to illuminate as designed by the railroad or licensed contractor;
64.6	(2) compliant with the Minnesota Electrical Code;
64.7	(3) kept clear of obstructions; and
64.8	(4) focused on the railroad common carrier property designed to be illuminated.
64.9	(d) The energy source for lighting is permitted, though not required, to:
64.10	(1) be direct wired from a carrier facility power source, have solar panel power with
64.11	a battery storage source, or have another constant energy source; or
64.12	(2) be designed to have standard or light-emitting diode fixtures or electrical circuits
64.13	that include power saving or ambient atmosphere actuating switches.
64.14	(e) Railroad common carriers must replace damaged or nonoperative lighting within
64.15	48 hours after light source damage has been reported to the carrier.
64.16	Subd. 2. Allowances for unusual conditions. Railroad common carriers are not
64.17	required to comply with the requirements of this section during:
64.18	(1) maintenance activities;
64.19	(2) derailments;
64.20	(3) any period of heavy rain or snow, washouts, or similar weather or seismic
64.21	conditions; or
64.22	(4) a reasonable period after any occurrence identified in clauses (1) to (3), but no
64.23	longer than is necessary to achieve compliance with this section.
64.24	Subd. 3. Lighting orders; commissioner authority. (a) When the commissioner
64.25	finds that railroad common carrier employees who frequently work immediately adjacent
64.26	to a portion of track performing switching, inspection, maintenance, repair, or fueling
64.27	activities are exposed to hazard resulting from the lack of lighting, or to the condition of
64.28	lighting constructed before July 1, 2014, the commissioner may order a railroad common
64.29	carrier to construct lighting adjacent to a portion of track where employees are performing
64.30	switching, inspection, maintenance, repair or fueling activities, or require a railroad
64.31	common carrier to modify existing lighting to conform with the standards set forth by
64.32	AREMA lighting standards, within a reasonable period of time.
64.33	(b) A railroad common carrier, person, or corporation may appeal an order under this
64.34	subdivision. An appeal under this paragraph is subject to the processes and requirements
64.35	of chapter 14.

65.1	Subd. 4. Failure to correct. If a railroad common carrier, person, or corporation
65.2	fails to correct a violation of this section within the time provided in an order issued by
65.3	the commissioner of transportation under subdivision 3, and the railroad common carrier,
65.4	person, or corporation does not appeal the order, the failure to correct the violation as
65.5	ordered by the commissioner constitutes a new and separate offense distinct from the
65.6	original violation of this section.
65.7	Subd. 5. Complaints. No formal complaint of an alleged violation of this section
65.8	may be filed until the filing party has attempted to address the alleged violations with the
65.9	railroad common carrier. Any complaint of an alleged violation must contain a written
65.10	statement that the filing party has made a reasonable, good faith attempt to address the
65.11	alleged violation.
65.12	Subd. 6. Waiver. Upon written request of a railroad common carrier, the
65.13	commissioner of transportation may waive any portion of this section if conditions do not
65.14	reasonably permit compliance. The commissioner's decision is subject to the requirements
65.15	under section 218.041 and shall include an on-site inspection of the area for which the
65.16	waiver has been requested. The inspection shall occur between sunset and sunrise, and all
65.17	parties of interest shall be permitted to attend.
65.18	Subd. 7. Violations and penalties. A railroad common carrier, corporation, or
65.19	person who violates this section is liable to a penalty not to exceed \$500 for each violation.
65.20	Subd. 8. Exceptions; applicability. (a) This section establishes minimum standards
65.21	for railroad yard lighting. Nothing in this section shall be construed to preclude design of
65.22	railroad yard towers with multiple lighting sources, a brighter lighting design, or other
65.23	features that exceed the requirements of this section.
65.24	(b) This section applies to all Class One and Class Two railroad common carrier
65.25	railroad yards. This section does not apply to an entity that owns or operates track in
65.26	Minnesota that is not a Class One or Class Two railroad common carrier as classified
65.27	by the Federal Railroad Administration.
65.28	(c) Railroad yards and other locations where lighting exists on July 1, 2014, are
65.29	compliant with subdivision 1, paragraphs (b) and (c).
65.30	EFFECTIVE DATE. This section is effective November 1, 2016.

Subdivision 1. Engineering and traffic investigations. The commissioner of
transportation shall perform engineering and traffic investigations on trunk highway
segments that are two-lane, two-way roadways with a posted speed limit of 55 miles per
hour. On determining upon the basis of the investigation that the 55 miles per hour speed

The level of savings achieved must equal, in comparison with the total state road construction budget for that year, a minimum of five percent in fiscal year 2015. The report must identify the projects that have been advanced or completed due to the implementation of efficiency measures.

resulting in death or loss of a bee colony kept for commercial purposes, then the person so identified must bear the responsibility of restitution for the value of the bees to the owner.

In these cases the commissioner must not provide compensation as provided in this section.

- Subd. 3. Claim form. The bee owner must file a claim on forms provided by the commissioner and available on the Department of Agriculture's Web site.

Sec. 14. [92.83] CONDEMNATION OF SCHOOL TRUST LAND.

Subdivision 1. **Purpose.** The purpose of this section is to extinguish the school trust interest in school trust lands where long-term economic return is prohibited by designation or policy while producing economic benefits for Minnesota's public schools. For the purposes of satisfying the Minnesota Constitution, article XI, section 8, which limits the sale of school trust lands to a public sale, the commissioner of natural resources shall acquire school trust lands through condemnation, as provided in subdivision 2.

When the commissioner of natural resources has determined sufficient money is available to acquire any of the lands identified under section 84.027, subdivision 18, paragraph (c), the commissioner shall proceed to extinguish the school trust interest by condemnation action. When requested by the commissioner, the attorney general shall commence condemnation of the identified school trust lands.
- Subd. 3. Payment. The portion of the payment of the award and judgment that

 remainder of the award and judgment payment shall first be remitted for reimbursement
 to the accounts from which expenses were paid, with any remainder deposited into the
 permanent school fund.

 - (c) The remainder of the payments shall be credited as follows:
- 103.27 (1) if the lands or minerals and mineral rights covered by a lease are held by the state 103.28 by virtue of an act of Congress, payments made under the lease shall be credited to the 103.29 permanent fund of the class of land to which the leased premises belong;
 - (2) if a lease covers the bed of navigable waters, payments made under the lease shall be credited to the permanent school fund of the state;
- 103.32 (3) if the lands or minerals and mineral rights covered by a lease are held by the state 103.33 in trust for the taxing districts, payments made under the lease shall be distributed annually 103.34 on the first day of September to the respective counties in which the lands lie, to be

The demand for a hearing must be accompanied by the bond as provided in section 103G.311, subdivision 6, and the hearing must be held in the same manner and with the same requirements as a hearing held under section 103G.311, subdivision 5.  - (2) the person may not appeal the order.
- (f) An order of the commissioner may be recorded or filed by the commissioner in the office of the county recorder or registrar of titles, as appropriate, in the county where the real property is located as a deed restriction on the property that runs with the land and is binding on the owners, successors, and assigns until the conditions of the order are met or the order is rescinded.
- Sec. 18. Minnesota Statutes 2012, section 103G.271, subdivision 5, is amended to read:
 - Subd. 5. **Prohibition on once-through water use permits.** (a) Except as provided in paragraph (c), the commissioner may not, after December 31, 1990, issue a water use permit to increase the volume of appropriation from a groundwater source for a once-through cooling system using in excess of 5,000,000 gallons annually.
 - (b) Except as provided in paragraph (c), once-through system water use permits using in excess of 5,000,000 gallons annually, must be terminated by the commissioner by the end of their design life but not later than December 31, 2010, unless the discharge is into a public water basin within a nature preserve approved by the commissioner and established prior to January 1, 2001. Existing once-through systems must not be expanded and are required to convert to water efficient alternatives within the design life of existing equipment.
 - (c) Notwithstanding paragraphs (a) and (b), the commissioner, with the approval of the commissioners of health and the Pollution Control Agency, may issue once-through system water use permits on an annual basis for aquifer storage and recovery systems that

REVISOR

- (d) For water use processing fees other than once-through cooling systems:
- 107.5 (1) the fee for a city of the first class may not exceed \$250,000 per year;
- 107.6 (2) the fee for other entities for any permitted use may not exceed:
- (i) \$60,000 per year for an entity holding three or fewer permits;
- (ii) \$90,000 per year for an entity holding four or five permits; or
- (iii) \$300,000 per year for an entity holding more than five permits;
- 107.10 (3) the fee for agricultural irrigation may not exceed \$750 per year;
- 107.11 (4) the fee for a municipality that furnishes electric service and cogenerates steam for home heating may not exceed \$10,000 for its permit for water use related to the cogeneration of electricity and steam; and
 - (5) no fee is required for a project involving the appropriation of surface water to prevent flood damage or to remove flood waters during a period of flooding, as determined by the commissioner.
 - (e) Failure to pay the fee is sufficient cause for revoking a permit. A penalty of two ten percent per month calculated from the original due date must be imposed on the unpaid balance of fees remaining 30 days after the sending of a second notice of fees due. A fee may not be imposed on an agency, as defined in section 16B.01, subdivision 2, or federal governmental agency holding a water appropriation permit.
 - (f) The minimum water use processing fee for a permit issued for irrigation of agricultural land is \$20 for years in which:
 - (1) there is no appropriation of water under the permit; or
- 107.25 (2) the permit is suspended for more than seven consecutive days between May 1 and October 1.
 - (g) The commissioner shall waive the water use permit fee for installations and projects that use storm water runoff or where public entities are diverting water to treat a water quality issue and returning the water to its source without using the water for any other purpose, unless the commissioner determines that the proposed use adversely affects surface water or groundwater to a significant extent.
 - (g) (h) A surcharge of \$30 per million gallons in addition to the fee prescribed in paragraph (a) shall be applied to the volume of water used in each of the months of June, July, and August that exceeds the volume of water used in January for municipal water use, irrigation of golf courses, and landscape irrigation. The surcharge for municipalities

108.1	with more than one permit shall be determined based on the total appropriations from all
108.2	permits that supply a common distribution system.
108.3	Sec. 20. Minnesota Statutes 2012, section 103G.281, is amended by adding a
108.4	subdivision to read:
108.5	Subd. 4. Penalty for noncompliant reporting. The commissioner may assess
108.6	penalties for noncompliant reporting of water use information as provided in this section.
108.7	The penalty is ten percent of the annual water use permit processing fee.
108.8	Sec. 21. [103G.299] ADMINISTRATIVE PENALTIES.
108.9	Subdivision 1. Authority to issue penalty orders. (a) As provided in paragraph
108.10	(b), the commissioner may issue an order requiring violations to be corrected and
108.11	administratively assessing monetary penalties for violations of sections 103G.271 and
108.12	103G.275, and any rules adopted under those sections.
108.13	(b) An order under this section may be issued to a person for water appropriation
108.14	activities without a required permit.
108.15	(c) The order must be issued as provided in this section and in accordance with
108.16	the plan prepared under subdivision 12.
108.17	Subd. 2. Amount of penalty; considerations. (a) The commissioner may issue
108.18	orders assessing administrative penalties based on potential for harm and deviation from
108.19	compliance. For a violation that presents: (1) a minor potential for harm and deviation
108.20	from compliance, the penalty will be no more than \$1,000; (2) a moderate potential for
108.21	harm and deviation from compliance, the penalty will be no more than \$10,000; and (3)
108.22	a severe potential for harm and deviation from compliance, the penalty will be no more
108.23	than \$20,000.
108.24	(b) In determining the amount of a penalty the commissioner may consider:
108.25	(1) the gravity of the violation, including potential for, or real, damage to the public
108.26	interest or natural resources of the state;
108.27	(2) the history of past violations;
108.28	(3) the number of violations;
108.29	(4) the economic benefit gained by the person by allowing or committing the
108.30	violation based on data from local or state bureaus or educational institutions; and
108.31	(5) other factors as justice may require, if the commissioner specifically identifies

the additional factors in the commissioner's order.

09.1	(c) For a violation after an initial violation, including a continuation of the initial
09.2	violation, the commissioner must, in determining the amount of a penalty, consider the
09.3	factors in paragraph (b) and the:
09.4	(1) similarity of the most recent previous violation and the violation to be penalized
09.5	(2) time elapsed since the last violation;
09.6	(3) number of previous violations; and
09.7	(4) response of the person to the most recent previous violation identified.
09.8	Subd. 3. Contents of order. An order assessing an administrative penalty under
09.9	this section must include:
09.10	(1) a concise statement of the facts alleged to constitute a violation;
09.11	(2) a reference to the section of the statute, rule, order, or term or condition of
09.12	a permit that has been violated;
09.13	(3) a statement of the amount of the administrative penalty to be imposed and the
09.14	factors upon which the penalty is based; and
09.15	(4) a statement of the person's right to review of the order.
09.16	Subd. 4. Corrective order. (a) The commissioner may issue an order assessing a
09.17	penalty and requiring the violations cited in the order to be corrected within a time period
09.18	specified by the commissioner.
09.19	(b) The person to whom the order was issued must provide information to the
09.20	commissioner before the 31st day after the order was received demonstrating that the
09.21	violation has been corrected or that appropriate steps toward correcting the violation
09.22	have been taken.
09.23	(c) The commissioner must determine whether the violation has been corrected and
09.24	notify the person subject to the order of the commissioner's determination.
09.25	Subd. 5. Penalty. (a) Unless the person requests review of the order under
09.26	subdivision 6 or 7 before the penalty is due, the penalty in the order is due and payable:
09.27	(1) on the 31st day after the order was received, if the person subject to the order
09.28	fails to provide information to the commissioner showing that the violation has been
09.29	corrected or that appropriate steps have been taken toward correcting the violation; or
09.30	(2) on the 20th day after the person receives the commissioner's determination under
09.31	subdivision 4, paragraph (c), if the person subject to the order has provided information
09.32	to the commissioner that the commissioner determines is not sufficient to show that the
09.33	violation has been corrected or that appropriate steps have been taken toward correcting
09.34	the violation.
09.35	(b) The penalty is due by 31 days after the order was received, unless review of the
09.36	order under subdivision 6 or 7 has been sought.

under this subdivision on the 31st day after the order with the	he penalty was received.

- Subd. 6. Expedited administrative hearing. (a) Within 30 days after receiving an order or within 20 days after receiving notice that the commissioner has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may request an expedited hearing, using the procedures under Minnesota Rules, parts 1400.8510 to 1400.8612, to review the commissioner's determination. The hearing request must specifically state the reasons for seeking review of the order. The person to whom the order is directed and the commissioner are the parties to the expedited hearing. The commissioner must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the commissioner unless the parties agree to a later date.
- (b) All written arguments must be submitted within ten days following the close of the hearing. The hearing must be conducted under Minnesota Rules, parts 1400.8510 to 1400.8612, as modified by this subdivision.
- (c) The administrative law judge must issue a report making recommendations about the commissioner's action to the commissioner within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the amount of the penalty is unreasonable.
- (d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the commissioner may add to the amount of the penalty the costs charged to the department by the Office of Administrative Hearings for the hearing.
- (e) If a hearing has been held, the commissioner may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the commissioner on the recommendations, and the commissioner must consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.
- (f) If a hearing has been held and a final order issued by the commissioner, the penalty must be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69. If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from 31 days after the original order was received at the rate established in section 549.09.

Article 9 Sec. 21.

11.1	Subd. 7. Mediation. In addition to review under subdivision 6, the commissioner	<u>r</u>			
11.2	may enter into mediation concerning an order issued under this section if the commissioner

11.4	Subd. 8. Penalties due and payable. The commissioner may enforce penalties the	ıat

11.6	of debts.				
11.7	Subd. 9. Revocation and suspension of permit. If a person fails to pay a penalty	y			
11.8	owed under this section, the commissioner has grounds to revoke a permit or to refuse				
11.9	to amend a permit or issue a new permit.				
11.10	Subd. 10. Cumulative remedy. The authority of the commissioner to issue a				
11.11	corrective order assessing penalties is in addition to other remedies available under statuto	ory			
11.12	or common law, except that the state may not seek civil penalties under any other provisi	or			
11.13	of law for the violations covered by the administrative penalty order. The payment of a				
11.14	penalty does not preclude the use of other enforcement provisions, under which penalties	<u>2S</u>			
11.15	are not assessed, in connection with the violation for which the penalty was assessed.				
11.16	Subd. 11. Deposit of fees. Fees collected under this section must be credited to the	<u>1e</u>			
11.17	water management account in the natural resources fund.				
11.18	Subd. 12. Plan for use of administrative penalties. The commissioner must

If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 50 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. The commissioner's order making such apportionment shall be subject to review by the Tax Court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(b) Four cents per taxable ton shall be allocated to cities and organized townships affected by mining because their boundaries are within three miles of a taconite mine pit that has been actively mined in at least one of the prior three years. If a city or town is located near more than one mine meeting these criteria, the city or town is eligible to receive aid calculated from only the mine producing the largest taxable tonnage. When more than one municipality qualifies for aid based on one company's production, the aid must be apportioned among the municipalities in proportion to their populations. Of The amounts distributed under this paragraph to each municipality, one-half must be used for infrastructure improvement projects, and one-half must be used for projects in which two or more municipalities cooperate. Sec. 7. [123A.482] JOINT POWERS COOPERATIVE FACILITY.

Subdivision 1. Schools may be jointly operated. Two or more school districts may agree to jointly operate a secondary facility. The districts may choose to operate the facility according to a joint powers agreement under section 123A.78 or 471.59.

Subd. 2. Expanded program offerings. A jointly operated secondary program seeking funding under section 123A.485 must demonstrate to the commissioner's satisfaction that the jointly operated program provides enhanced learning opportunities and broader curriculum offerings to the students attending that program. The commissioner must approve or disapprove a cooperative secondary program within 60 days of receipt of an application.

Subd. 2a. Transfer of employees. An employee transferred between members of a joint powers agreement under this section is not required to serve a statutory or contractual probationary period. The employee shall receive credit on the receiving district's salary schedule for the employee's educational attainment and years of continuous service in the sending district, or shall receive a comparable salary, whichever is greater. The employee shall receive credit for accrued sick leave and rights to severance benefits as if the employee had been employed by the receiving district during the employee's years of employment in the sending district.

Subd. 3. **Revenue.** An approved program that is jointly operated under this section is eligible for aid under section 123A.485 and qualifies for a facilities grant under sections 123A.44 to 123A.446.

Subd. 4. Duty to maintain elementary and secondary schools met. A school district operating a joint facility under this section meets the requirements of section 143.33 123A.64.

144.1	Subd. 5. Estimated market value limit exclusion. Bonds for a cooperative facility
144.2	operated under this section issued by a member school district are not subject to the net
144.3	debt limit under section 475.53, subdivision 4.
144.4	Subd. 6. Allocation of levy authority for joint facility. For purposes of determining
144.5	each member district's school levy, a jointly operated secondary program may allocate
144.6	program costs to each member district according to the joint powers agreement and each
144.7	member district may include those costs in its tax levy. The joint powers agreement may
144.8	choose to allocate costs on any basis adopted as part of the joint powers agreement.
144.9	Subd. 7. Effect of consolidation. The joint powers agreement may allow member
144.10	school districts that choose to consolidate to continue to certify levies separately based on
144.11	each component district's characteristics.
144.12	Subd. 8. Bonds. A joint powers district formed under this section may issue bonds
144.13	according to section 123A.78 or its member districts may issue bonds individually after
144.14	complying with this subdivision. The joint powers board must submit the project for
144.15	review and comment under section 123B.71. The joint powers board must hold a hearing
144.16	on the proposal. If the bonds are not issued under section 123A.78, each member district
144.17	of the joint powers district must submit the question of authorizing borrowing of funds for
144.18	the project to the voters of the district at a special election. The question submitted shall
144.19	state the total amount of funding needed from that district. The member district may issue
144.20	the bonds according to chapter 475 and certify the levy required by section 475.61 only if
144.21	a majority of those voting on the question in that district vote in the affirmative and only
144.22	after the board has adopted a resolution pledging the full faith and credit of that unit. The
144.23	resolution must irrevocably commit that unit to pay an agreed-upon share of any debt levy
144.24	shortages that, together with other funds available, would allow the member school board
144.25	to pay the principal and interest on the obligations. The clerk of the joint powers board
144.26	must certify the vote of any bond elections to the commissioner. Bonds issued under this
144.27	section first qualify for debt service equalization aid in fiscal year 2018.
144.28	Subd. 9. Election. A district entering into a joint powers agreement under this
144.29	section may conduct a referendum seeking approval for a new facility. This election may
144.30	be held separately or at the same time as a bond election under subdivision 8. If the
144.31	election is held at the same time, the questions may be asked separately or as a conjunctive
144.32	question. The question must be approved by a majority of those voting on the question.
144.33	If asked separately and the question fails, a district may not proceed with the sale of
144.34	bonds according to subdivision 8.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2012, section 123A.485, is amended to read:

125A.08 INDIVIDUALIZED EDUCATION PROGRAMS; <u>DATA</u> REPORTING REQUIREMENTS.

<u>Subdivision 1.</u> **Requirements for individualized education programs.** (a) At the beginning of each school year, each school district shall have in effect, for each child with a disability, an individualized education program.

- (b) As defined in this section, every district must ensure the following:
- (1) all students with disabilities are provided the special instruction and services which are appropriate to their needs. Where the individualized education program team has determined appropriate goals and objectives based on the student's needs, including the extent to which the student can be included in the least restrictive environment. and where there are essentially equivalent and effective instruction, related services, or assistive technology devices available to meet the student's needs, cost to the district may be among the factors considered by the team in choosing how to provide the appropriate services, instruction, or devices that are to be made part of the student's individualized education program. The individualized education program team shall consider and may authorize services covered by medical assistance according to section 256B.0625, subdivision 26. The student's needs and the special education instruction and services to be provided must be agreed upon through the development of an individualized education program. The program must address the student's need to develop skills to live and work as independently as possible within the community. The individualized education program team must consider positive behavioral interventions, strategies, and supports that address behavior for children with attention deficit disorder or attention deficit hyperactivity disorder. During grade 9, the program must address the student's needs for transition from secondary services to postsecondary education and training, employment, community participation, recreation, and leisure and home living. In developing the program, districts must inform parents of the full range of transitional goals and related services that should be considered. The program must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded;
- (2) children with a disability under age five and their families are provided special instruction and services appropriate to the child's level of functioning and needs;
- (3) children with a disability and their parents or guardians are guaranteed procedural safeguards and the right to participate in decisions involving identification, assessment including assistive technology assessment, and educational placement of children with a disability;

assessment or reassessment, which may be completed using existing data under United
States Code, title 20, section 33, et seq.;

- (5) to the maximum extent appropriate, children with a disability, including those in public or private institutions or other care facilities, are educated with children who are not disabled, and that special classes, separate schooling, or other removal of children with a disability from the regular educational environment occurs only when and to the extent that the nature or severity of the disability is such that education in regular classes with the use of supplementary services cannot be achieved satisfactorily;

functional, consistent with the requirements of this subdivision. This online system must be made available to school districts without charge beginning in the 2015-2016 school year. All actions in which data in the system are entered, updated, accessed, or shared or disseminated outside of the system, must be recorded in a data audit trail. The audit trail must identify the user responsible for the action, and the date and time the action occurred. Data contained in the audit trail maintain the same classification as the underlying data that was affected by the action, and may be accessed by the responsible authority at any time for purposes of auditing the system's user activity and security safeguards. For the 2015-2016 through 2017-2018 school years, school districts may use this online system or may contract with an outside vendor for compliance reporting. Beginning in the 2018-2019 school year and later, school districts must use this online system for compliance reporting.

- (d) Consistent with this subdivision, the commissioner must establish a public Internet Web interface to provide information to educators, parents, and the public about the form and content of required special education reports, to respond to queries from educators, parents, and the public about specific aspects of special education reports and reporting, and to use the information garnered from the interface to streamline and revise special education reporting on the online system under this subdivision. The public Internet Web interface must not provide access to the educational records of any individual child.
- (e) The commissioner annually by February 1 must submit to the legislature a report on the status, recent changes, and sustainability of the online system under this subdivision.

The referendum must be conducted one or two calendar years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under subdivision 11, paragraph (a), the referendum must be held on the first Tuesday after the first Monday in November. The ballot must state the maximum amount of the increased revenue per adjusted pupil unit. The ballot may state a schedule, determined by the board, of increased revenue per adjusted pupil unit that differs from year to year over the number of years for which the increased revenue is authorized or may state that the amount shall increase annually by the rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot must designate the specific number of years, not to exceed ten, for which the referendum authorization applies. The ballot, including a ballot on the question to revoke or reduce the increased revenue amount under paragraph (c), must abbreviate the term "per adjusted pupil unit" as "per pupil." The notice required under section 275.60 may be modified to read, in cases of renewing existing levies at the same amount per pupil as in the previous year:

183.20 "BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING
183.21 TO EXTEND AN EXISTING PROPERTY TAX REFERENDUM THAT IS

SCHEDULED TO EXPIRE."

The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of, School District No. .., be approved?"

If approved, an amount equal to the approved revenue per adjusted pupil unit times the adjusted pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The board must prepare and deliver by first class mail at least 15 days but no more than 30 days before the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners must be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer.

The notice must project the anticipated amount of tax increase in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy in the first year, if any, in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes." However, in cases of renewing existing levies, the notice may include the following statement: "Passage of this referendum extends an existing operating referendum at the same amount per pupil as in the previous year."

- (c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the board. A referendum to revoke or reduce the revenue amount must state the amount per resident marginal cost adjusted pupil unit by which the authority is to be reduced. Revenue authority approved by the voters of the district pursuant to paragraph (a) must be available to the school district at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.
- (d) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.
- (e) At least 15 days before the day of the referendum, the district must submit a copy of the notice required under paragraph (b) to the commissioner and to the county auditor of each county in which the district is located. For purposes of this paragraph, general education revenue and referendum equalization aid attributable to a pupil must be calculated using the serving district's average general education revenue and referendum equalization aid per adjusted pupil unit.

- (c) For fiscal year 2015 and later, special education aid paid to a resident district must be reduced by an amount equal to 90 percent of the unreimbursed cost of providing special education and services.

offenders with mental illness brought in by law enforcement as an alternative to arrest or
following arrest. The facility would consolidate and coordinate existing resources as well
as offer new resources that would provide a continuum of care addressing the immediate,
short-term, and long-term needs of these offenders. The facility would do the following for
these offenders: perform timely, credible, and useful mental health assessments; identify

in outstate areas. When studying this issue, the working group shall examine what other
states have done in this area to determine what programs have been successful and use
those programs as models in developing the program in Minnesota. The working group

- (2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or community residential setting licenses replacing adult foster care licenses in existence on December 31, 2013, and determined to be needed by the commissioner under paragraph (b);
- (3) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/DD, or regional treatment center; restructuring of state-operated services that limits the capacity of state-operated facilities; or allowing movement to the community for people who no longer require the level of care provided in state-operated facilities as provided under section 256B.092, subdivision 13, or 256B.49, subdivision 24;
- (4) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for persons requiring hospital level care; or
- (5) new foster care licenses or community residential setting licenses determined to be needed by the commissioner for the transition of people from personal care assistance to the home and community-based services.
- (b) The commissioner shall determine the need for newly licensed foster care homes or community residential settings as defined under this subdivision. As part of the determination, the commissioner shall consider the availability of foster care capacity in the area in which the licensee seeks to operate, and the recommendation of the local county board. The determination by the commissioner must be final. A determination of need is not required for a change in ownership at the same address.
- (c) When an adult resident served by the program moves out of a foster home that is not the primary residence of the license holder according to section 256B.49, subdivision 15, paragraph (f), or the adult community residential setting, the county shall immediately inform the Department of Human Services Licensing Division. The department shall decrease the statewide licensed capacity for adult foster care settings where the physical location is not the primary residence of the license holder, or for adult community residential settings, if the voluntary changes described in paragraph (e) are not sufficient to meet the savings required by reductions in licensed bed capacity under Laws 2011, First Special Session chapter 9, article 7, sections 1 and 40, paragraph (f), and maintain statewide long-term care residential services capacity within budgetary limits. Implementation of the statewide licensed capacity reduction shall begin on July 1, 2013. The commissioner shall delicense up to 128 beds by June 30, 2014, using the needs determination process. Prior to any involuntary reduction of licensed capacity, the commissioner shall consult with lead agencies and license holders to determine which adult foster care settings, where

323.1	the physical location is not the primary residence of the license holder, or community
323.2	residential settings, are licensed for up to five beds, but have operated at less than full
323.3	capacity for 12 or more months as of March 1, 2014. The settings that meet these criteria
323.4	must be the first to be considered for an involuntary decrease in statewide licensed capacity,
323.5	up to a maximum of 35 beds. If more than 35 beds are identified that meet these criteria, the
323.6	commissioner shall prioritize the selection of those beds to be closed based on the length
323.7	of time the beds have been vacant. The longer a bed has been vacant, the higher priority
323.8	it must be given for closure. Under this paragraph, the commissioner has the authority
323.9	to reduce unused licensed capacity of a current foster care program, or the community
323.10	residential settings, to accomplish the consolidation or closure of settings. Under this
323.11	paragraph, the commissioner has the authority to manage statewide capacity, including
323.12	adjusting the capacity available to each county and adjusting statewide available capacity,
323.13	to meet the statewide needs identified through the process in paragraph (e). A decreased
323.14	licensed capacity according to this paragraph is not subject to appeal under this chapter.
323.15	(d) Residential settings that would otherwise be subject to the decreased license
323.16	capacity established in paragraph (c) shall be exempt under the following circumstances:
323.17	(1) until August 1, 2013, the license holder's beds occupied by residents whose
323.18	primary diagnosis is mental illness and the license holder is:
323.19	(i) a provider of assertive community treatment (ACT) or adult rehabilitative mental
323.20	health services (ARMHS) as defined in section 256B.0623;
323.21	(ii) a mental health center certified under Minnesota Rules, parts 9520.0750 to
323.22	9520.0870;
323.23	(iii) a mental health clinic certified under Minnesota Rules, parts 9520.0750 to
323.24	9520.0870; or
323.25	(iv) a provider of intensive residential treatment services (IRTS) licensed under
323.26	Minnesota Rules, parts 9520.0500 to 9520.0670; or
323.27	(2) the license holder's beds occupied by residents whose primary diagnosis is
323.28	mental illness and the license holder is certified under the requirements in subdivision 6a
323.29	or section 245D.33.
323.30	(e) A resource need determination process, managed at the state level, using the
323.31	available reports required by section 144A.351, and other data and information shall
323.32	be used to determine where the reduced capacity required under paragraph (c) will be

By February 1, 2013, and August 1, 2014, and each following year, the commissioner shall provide information and data on the overall capacity of licensed long-term care services, actions taken under this subdivision to manage statewide long-term care services and supports resources, and any recommendations for change to the legislative committees with jurisdiction over health and human services budget.

- (f) At the time of application and reapplication for licensure, the applicant and the license holder that are subject to the moratorium or an exclusion established in paragraph (a) are required to inform the commissioner whether the physical location where the foster care will be provided is or will be the primary residence of the license holder for the entire period of licensure. If the primary residence of the applicant or license holder changes, the applicant or license holder must notify the commissioner immediately. - Sec. 6. Minnesota Statutes 2013 Supplement, section 245A.042, subdivision 3, is amended to read:
 - Subd. 3. **Implementation.** (a) The commissioner shall implement the responsibilities of this chapter according to the timelines in paragraphs (b) and (c) only within the limits of available appropriations or other administrative cost recovery methodology.
 - (b) The licensure of home and community-based services according to this section shall be implemented January 1, 2014. License applications shall be received and processed on a phased-in schedule as determined by the commissioner beginning July 1, 2013. Licenses will be issued thereafter upon the commissioner's determination that the application is complete according to section 245A.04.
- 324.33 (c) Within the limits of available appropriations or other administrative cost recovery methodology, implementation of compliance monitoring must be phased in after January 1, 2014.

- Sec. 27. Minnesota Statutes 2013 Supplement, section 245D.05, subdivision 5, is amended to read:
 - Subd. 5. **Injectable medications.** Injectable medications may be administered according to a prescriber's order and written instructions when one of the following conditions has been met:
- 340.9 (1) a registered nurse or licensed practical nurse will administer the subcutaneous or 340.10 intramuscular injection;
 - (2) a supervising registered nurse with a physician's order has delegated the administration of subcutaneous injectable medication to an unlicensed staff member and has provided the necessary training; or
 - (3) there is an agreement signed by the license holder, the prescriber, and the person or the person's legal representative specifying what subcutaneous injections may be given, when, how, and that the prescriber must retain responsibility for the license holder's giving the injections. A copy of the agreement must be placed in the person's service recipient record.
- Only licensed health professionals are allowed to administer psychotropic medications by injection.
- Sec. 28. Minnesota Statutes 2013 Supplement, section 245D.051, is amended to read:

245D.051 PSYCHOTROPIC MEDICATION USE AND MONITORING.

- Subdivision 1. Conditions for psychotropic medication administration. (a) When a person is prescribed a psychotropic medication and the license holder is assigned responsibility for administration of the medication in the person's coordinated service and support plan or the coordinated service and support plan addendum, the license holder must ensure that the requirements in paragraphs (b) to (d) and section 245D.05, subdivision 2, are met.
- (b) Use of the medication must be included in the person's coordinated service and support plan or in the coordinated service and support plan addendum and based on a prescriber's current written or electronically recorded prescription.
- (e) (b) The license holder must develop, implement, and maintain the following documentation in the person's coordinated service and support plan addendum according to the requirements in sections 245D.07 and 245D.071:

allev	viate; and						

(2) documentation methods the license holder will use to monitor and measure changes in the target symptoms that are to be alleviated by the psychotropic medication if required by the prescriber. The license holder must collect and report on medication and symptom-related data as instructed by the prescriber. The license holder must provide the monitoring data to the expanded support team for review every three months, or as otherwise requested by the person or the person's legal representative.

For the purposes of this section, "target symptom" refers to any perceptible diagnostic criteria for a person's diagnosed mental disorder, as defined by the Diagnostic and Statistical Manual of Mental Disorders Fourth Edition Text Revision (DSM-IV-TR) or successive editions, that has been identified for alleviation.

Subd. 2. **Refusal to authorize psychotropic medication.** If the person or the person's legal representative refuses to authorize the administration of a psychotropic medication as ordered by the prescriber, the license holder must follow the requirement in section 245D.05, subdivision 2, paragraph (b), clause (2): not administer the medication. The refusal to authorize medication administration must be reported to the prescriber as expediently as possible. After reporting the refusal to the prescriber, the license holder must follow any directives or orders given by the prescriber. A court order must be obtained to override the refusal. A refusal may not be overridden without a court order. Refusal to authorize administration of a specific psychotropic medication is not grounds for service termination and does not constitute an emergency. A decision to terminate services must be reached in compliance with section 245D.10, subdivision 3.

Sec. 29. Minnesota Statutes 2013 Supplement, section 245D.06, subdivision 1, is amended to read:

Subdivision 1. **Incident response and reporting.** (a) The license holder must respond to incidents under section 245D.02, subdivision 11, that occur while providing services to protect the health and safety of and minimize risk of harm to the person.

(b) The license holder must maintain information about and report incidents to the person's legal representative or designated emergency contact and case manager within 24 hours of an incident occurring while services are being provided, within 24 hours of discovery or receipt of information that an incident occurred, unless the license holder has reason to know that the incident has already been reported, or as otherwise directed in a person's coordinated service and support plan or coordinated service and support plan addendum. An incident of suspected or alleged maltreatment must be reported as

- (c) When the incident involves more than one person, the license holder must not disclose personally identifiable information about any other person when making the report to each person and case manager unless the license holder has the consent of the person.
- (d) Within 24 hours of reporting maltreatment as required under section 626.556 or 626.557, the license holder must inform the case manager of the report unless there is reason to believe that the case manager is involved in the suspected maltreatment. The license holder must disclose the nature of the activity or occurrence reported and the agency that received the report.

- (g) The license holder must conduct an internal review of incident reports of deaths and serious injuries that occurred while services were being provided and that were not reported by the program as alleged or suspected maltreatment, for identification of incident patterns, and implementation of corrective action as necessary to reduce occurrences. The review must include an evaluation of whether related policies and procedures were followed, whether the policies and procedures were adequate, whether there is a need for additional staff training, whether the reported event is similar to past events with the persons or the services involved, and whether there is a need for corrective action by the license holder to protect the health and safety of persons receiving services. Based on the results of this review, the license holder must develop, document, and implement a corrective action plan designed to correct current lapses and prevent future lapses in performance by staff or the license holder, if any.

- (1) ensure the following when the license holder is the owner, lessor, or tenant of the service site:
 - (i) the service site is a safe and hazard-free environment;
- (ii) that toxic substances or dangerous items are inaccessible to persons served by the program only to protect the safety of a person receiving services when a known safety threat exists and not as a substitute for staff supervision or interactions with a person who is receiving services. If toxic substances or dangerous items are made inaccessible, the license holder must document an assessment of the physical plant, its environment, and its population identifying the risk factors which require toxic substances or dangerous items to be inaccessible and a statement of specific measures to be taken to minimize the safety risk to persons receiving services and to restore accessibility to all persons receiving services at the service site;
- (iii) doors are locked from the inside to prevent a person from exiting only when necessary to protect the safety of a person receiving services and not as a substitute for staff supervision or interactions with the person. If doors are locked from the inside, the license holder must document an assessment of the physical plant, the environment and the population served, identifying the risk factors which require the use of locked doors, and a statement of specific measures to be taken to minimize the safety risk to persons receiving services at the service site; and
- (iv) a staff person is available at the service site who is trained in basic first aid and, when required in a person's coordinated service and support plan or coordinated service and support plan addendum, cardiopulmonary resuscitation (CPR) whenever persons are present and staff are required to be at the site to provide direct <u>support</u> service. The CPR training must include in-person instruction, hands-on practice, and an observed skills assessment under the direct supervision of a CPR instructor;

person and any equipment used by the person, when the license holder is responsible for
transportation of a person or a person's equipment;

- (4) be prepared for emergencies and follow emergency response procedures to ensure the person's safety in an emergency; and

- Subd. 4. Funds and property; legal representative restrictions. (a) Whenever the license holder assists a person with the safekeeping of funds or other property according to section 245A.04, subdivision 13, the license holder must obtain written authorization to do so from the person or the person's legal representative and the case manager. Authorization must be obtained within five working days of service initiation and renewed annually thereafter. At the time initial authorization is obtained, the license holder must survey, document, and implement the preferences of the person or the person's legal representative and the case manager for frequency of receiving a statement that itemizes receipts and disbursements of funds or other property. The license holder must document changes to these preferences when they are requested.
- (b) A license holder or staff person may not accept powers-of-attorney from a person receiving services from the license holder for any purpose. This does not apply to license holders that are Minnesota counties or other units of government or to staff persons employed by license holders who were acting as attorney-in-fact for specific individuals prior to implementation of this chapter. The license holder must maintain documentation of the power-of-attorney in the service recipient record.
- (c) A license holder or staff person is restricted from accepting an appointment as a guardian as follows:
- (1) under section 524.5-309 of the Uniform Probate Code, any individual or agency that provides residence, custodial care, medical care, employment training, or other care or services for which the individual or agency receives a fee may not be appointed as guardian unless related to the respondent by blood, marriage, or adoption; and

 344.34 Services provided by a license holder to a person under the license holder's guardianship
 344.35 are not licensed services.

345.1	(e) (d) Upon the transfer or death of a person, any funds or other property of the
345.2	person must be surrendered to the person or the person's legal representative, or given to
345.3	the executor or administrator of the estate in exchange for an itemized receipt.
345.4	Sec. 32. Minnesota Statutes 2013 Supplement, section 245D.06, subdivision 6, is
345.5	amended to read:
345.6	Subd. 6. Restricted procedures. (a) The following procedures are allowed when
345.7	the procedures are implemented in compliance with the standards governing their use as
345.8	identified in clauses (1) to (3). Allowed but restricted procedures include:
345.9	(1) permitted actions and procedures subject to the requirements in subdivision 7;
345.10	(2) procedures identified in a positive support transition plan subject to the
345.11	requirements in subdivision 8; or
345.12	(3) emergency use of manual restraint subject to the requirements in section
345.13	245D.061.
345.14	For purposes of this chapter, this section supersedes the requirements identified in
345.15	Minnesota Rules, part 9525.2740.
345.16	(b) A restricted procedure identified in paragraph (a) must not:
345.17	(1) be implemented with a child in a manner that constitutes sexual abuse, neglect,
345.18	physical abuse, or mental injury, as defined in section 626.556, subdivision 2;
345.19	(2) be implemented with an adult in a manner that constitutes abuse or neglect as
345.20	defined in section 626.5572, subdivision 2 or 17;
345.21	(3) be implemented in a manner that violates a person's rights identified in section
345.22	<u>245D.04;</u>
345.23	(4) restrict a person's normal access to a nutritious diet, drinking water, adequate
345.24	ventilation, necessary medical care, ordinary hygiene facilities, normal sleeping
345.25	conditions, necessary clothing, or any protection required by state licensing standards or

345.33	of manual restraint that places a person in a face-down position. Prone restraint does
345.34	not include brief physical holding of a person who, during an emergency use of manual

346.1	restraint, rolls into a prone position, if the person is restored to a standing, sitting, or
346.2	side-lying position as quickly as possible;
346.3	(8) apply back or chest pressure while a person is in a prone position as identified in
346.4	clause (7), supine position, or side-lying position; or
346.5	(9) be implemented in a manner that is contraindicated for any of the person's known
346.6	medical or psychological limitations.
346.7	Sec. 33. Minnesota Statutes 2013 Supplement, section 245D.06, subdivision 7, is
346.8	amended to read:
346.9	Subd. 7. Permitted actions and procedures. (a) Use of the instructional techniques
346.10	and intervention procedures as identified in paragraphs (b) and (c) is permitted when used
346.11	on an intermittent or continuous basis. When used on a continuous basis, it must be
346.12	addressed in a person's coordinated service and support plan addendum as identified in
346.13	sections 245D.07 and 245D.071. For purposes of this chapter, the requirements of this
346.14	subdivision supersede the requirements identified in Minnesota Rules, part 9525.2720.
346.15	(b) Physical contact or instructional techniques must use the least restrictive
346.16	alternative possible to meet the needs of the person and may be used:
346.17	(1) to calm or comfort a person by holding that person with no resistance from
346.18	that person;
346.19	(2) to protect a person known to be at risk or of injury due to frequent falls as a result
346.20	of a medical condition;
346.21	(3) to facilitate the person's completion of a task or response when the person does
346.22	not resist or the person's resistance is minimal in intensity and duration; or
346.23	(4) to briefly block or redirect a person's limbs or body without holding the person or

346.26	(5) to redirect a person's behavior when the behavior does not pose a serious threat
346.27	to the person or others and the behavior is effectively redirected with less than 60 seconds
346.28	of physical contact by staff.
346.29	(c) Restraint may be used as an intervention procedure to:
346.30	(1) allow a licensed health care professional to safely conduct a medical examination
346.31	or to provide medical treatment ordered by a licensed health care professional to a person
346.32	necessary to promote healing or recovery from an acute, meaning short-term, medical

The reconsideration process shall take place prior to the procedures of subdivision 1b and shall be conducted by physicians that are independent 404.22 of the case under reconsideration. A majority decision by the physicians is necessary to 404.23 make a determination that the services were not medically necessary. 404.24

Subdivision 1. **Hospital cost index.** (a) The hospital cost index shall be the change in the Consumer Price Index-All Items (United States city average) (CPI-U) forecasted by Data Resources, Inc. The commissioner shall use the indices as forecasted in the third quarter of the calendar year prior to the rate year. The hospital cost index may be used to adjust the base year operating payment rate through the rate year on an annually compounded basis.

(b) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for hospital payment rates under medical assistance, nor under general assistance medical care, except that the inflation adjustments under paragraph (a) for medical assistance, excluding general assistance medical care, shall apply through calendar year 2001. The index for calendar year 2000 shall be reduced 2.5 percentage points to recover overprojections of the index from 1994 to 1996. The commissioner of management and budget shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in hospital payment rates under medical assistance and general assistance medical care, based upon the hospital cost index.

Sec. 6. Minnesota Statutes 2012, section 256.969, subdivision 2, is amended to read: Subd. 2. Diagnostic categories. The commissioner shall use to the extent possible existing diagnostic classification systems, including such as the system used by the Medicare program all patient-refined diagnosis-related groups (APR-DRGs) or other similar classification programs to determine the relative values of inpatient services and case mix indices. The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated recalibrated when the base year is changed. Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to establish relative values supplement the diagnostic classification systems data with national averages. Relative value determinations shall not include property cost data, Medicare crossover data, and data on admissions that are paid a per day transfer rate under subdivision 14. The computation of the base year cost per admission must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs recognized in outlier payments beyond that point. The commissioner may recategorize the diagnostic classifications and recalculate recalibrate relative values and case mix indices to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce

The commissioner shall recategorize the diagnostic classifications and recalculate relative values and case mix indices based on the two-year schedule in effect prior to January 1, 2013, reflected in subdivision 2b. The first recategorization shall occur January 1, 2013, and shall occur every two years after. When rates are not rebased under subdivision 2b, the commissioner may establish relative values and case mix indices based on charge data and may update the base year to the most recent data available.

- Sec. 7. Minnesota Statutes 2012, section 256.969, subdivision 2b, is amended to read:
- Subd. 2b. Operating Hospital payment rates. In determining operating payment rates for admissions occurring on or after the rate year beginning January 1, 1991, and every two years after, or more frequently as determined by the commissioner, the commissioner shall obtain operating data from an updated base year and establish operating payment rates per admission for each hospital based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year. Rates under the general assistance medical care, medical assistance, and MinnesotaCare programs shall not be rebased to more current data on January 1, 1997, January 1, 2005, for the first 24 months of the rebased period beginning January 1, 2009 (a) For discharges occurring on and after October 1, 2014, hospital inpatient services for hospitals located in Minnesota shall be paid according to the following:
- 406.20 (1) critical access hospitals as defined by Medicare shall be paid using a cost-based methodology;
- 406.22 (2) long-term care hospitals as defined by Medicare shall be paid on a per diem
 406.23 methodology under subdivision 25;
- 406.24 (3) rehabilitation hospitals or units of hospitals that are recognized as rehabilitation
 406.25 distinct parts as defined by Medicare shall be paid according to the methodology under
 406.26 subdivision 12; and
- 406.27 (4) all other hospitals shall be paid on a diagnostic-related group (DRG) methodology.
 - (b) For the rebased period beginning January 1, 2011, to September 30, 2014, rates shall not be rebased, except that a Minnesota long-term hospital shall be rebased effective January 1, 2011, based on its most recent Medicare cost report ending on or before September 1, 2008, with the provisions under subdivisions 9 and 23, based on the rates in effect on December 31, 2010. For subsequent rate setting periods after October 1, 2014, in which the base years are updated, a Minnesota long-term hospital's base year shall remain within the same period as other hospitals. Effective January 1, 2013, and

Article 19 Sec. 7.

after, rates shall not be rebased.

07.1	(c) Effective for discharges occurring on and after October 1, 2014, payment rates
07.2	for hospital inpatient services provided by hospitals located in Minnesota or the local trade
07.3	area, except for the hospitals paid under the methodologies described in paragraph (a),
07.4	clauses (2) and (3), shall be rebased, incorporating cost and payment methodologies in
07.5	a manner similar to Medicare. The base year for the rates effective October 1, 2014,
07.6	shall be state fiscal year 2012. The rebasing must be budget neutral, ensuring that
07.7	the total aggregate payments under the rebased system are equal to the total aggregate
07.8	payments made for the same number and types of services in the base year. Separate
07.9	budget neutrality calculations must be determined for payments made to critical access
07.10	hospitals and payments made to hospitals paid under the DRG system. Any rate increases
07.11	or decreases under subdivision 3a that applied to the hospitals being rebased during the
07.12	base period must be incorporated into the budget neutrality calculation. Any rate increases
07.13	or decreases that did not apply to the base period shall not be considered in the budget
07.14	neutrality calculation. The estimated expenditures in fiscal years 2015, 2016, and 2017,
07.15	after the rebasing is complete, must equal the estimated expenditures for inpatient hospital
07.16	services in the February 2014 forecast.
07.17	(d) For discharges occurring October 1, 2014, through and including June 30, 2016,
07.18	the rebased rates must include necessary adjustments to the projected rates that result in
07.19	no greater than a five percent increase or decrease from the base year payments for any
07.20	hospital. In addition to these adjustments, the commissioner may make adjustments to
07.21	rates and must consider the impact of changes on at least the following when evaluating
07.22	whether additional adjustments should be made:
07.23	(1) pediatric services;
07.24	(2) behavioral health services;
07.25	(3) trauma services as defined by the National Uniform Billing Committee;
07.26	(4) transplant services;
07.27	(5) obstetric services, newborn services, and behavioral health services provided

07.29	(6) outlier admissions;
07.30	(7) low-volume providers; and
07.31	(8) services provided by small rural hospitals that are not critical access hospitals.
07.32	(e) Hospital payment rates established under paragraph (c) must incorporate the

Final settlement payments for a state fiscal year must be determined based on a review of the Medicaid cost report for the applicable state fiscal year;
- (3) the cost and charge data used to establish operating hospital payment rates shall must only reflect inpatient services covered by medical assistance and shall not include property cost information and costs recognized in outlier payments; and
- 408.11 (4) in determining hospital payment rates for discharges occurring on or after the

- Sec. 8. Minnesota Statutes 2012, section 256.969, is amended by adding a subdivision to read:
 - Subd. 2d. Budget neutrality factor. For the rebased period effective October 1, 2014, when rebasing rates under subdivision 2b, paragraph (c), the commissioner shall apply a budget neutrality factor (BNF), if applicable, to all hospitals' rebased rates to ensure that total DRG and critical access hospital payments to hospitals do not exceed total DRG and critical access hospital payments that would have been made to hospitals for the same number and types of services if the relative rates and weights had not been recalibrated and cost-based payments for critical access hospitals had not been established. For the purposes of this subdivision, BNF equals the percentage change from total aggregate payments calculated under a new payment system to total aggregate payments calculated under the old system for the same number and types of services.
- Sec. 9. Minnesota Statutes 2012, section 256.969, is amended by adding a subdivision to read:
 - Subd. 2e. Interim payments. Notwithstanding subdivision 2b, for discharges occurring on or after October 1, 2014, and no later than June 30, 2015, the commissioner may implement an interim payment process to pay hospitals, including payments based on each hospital's average payments per claim for state fiscal years 2011 and 2012. These interim payments may be used to pay hospitals if the new payment system and rebasing under subdivision 2b is not complete by October 1, 2014. Claims paid at interim payment

 - Subd. 2f. **Report required.** (a) The commissioner shall report to the legislature by March 1, 2015, and by March 1, 2016, on the financial impacts by hospital and policy ramifications, if any, resulting from payment methodology changes implemented after September 30, 2014, and before December 15, 2015.
 - (b) The commissioner shall report, at a minimum, the following information:
 - (1) case-mix adjusted calculations of net payment impacts for each hospital resulting from the difference between the payments each hospital would have received under the payment methodology for discharges before September 30, 2014, and the payments each hospital has or is expected to receive for the same number and types of services under the payment methodology implemented effective October 1, 2014;
 - (2) any adjustments that the commissioner made and the impacts of those adjustments for each hospital; and
- 409.17 (3) recommendations for further refinement or improvement of the hospital inpatient payment system or methodologies.

Sec. 11. Minnesota Statutes 2012, section 256.969, subdivision 3a, is amended to read: Subd. 3a. **Payments.** (a) Acute care hospital billings under the medical assistance program must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments for inpatient hospitals that have individual patient lengths of stay over 30 days regardless of diagnostic category. Except as provided in section 256.9693, medical assistance reimbursement for treatment of mental illness shall be reimbursed based on diagnostic classifications. Individual hospital payments established under this section and sections 256.9685, 256.9686, and 256.9695, in addition to third-party and recipient liability, for discharges occurring during the rate year shall not exceed, in aggregate, the charges for the medical assistance covered inpatient services paid for the same period of time to the hospital. This payment limitation shall be calculated separately for medical assistance and general assistance medical eare services. The limitation on general assistance medical care shall be effective for admissions occurring on or after July 1, 1991. Services that have rates established under subdivision 11 or 12, must be limited separately from other services. The operating and property base rates per admission or per day shall be derived from the best Medicare and claims data available when rates are established. The commissioner shall determine the best Medicare and claims data, taking into consideration variables of recency of the data, audit disposition, settlement status, and the ability to set rates in a timely manner. The commissioner shall notify hospitals of payment rates by December 1 of the year preceding the rate year 30 days prior to implementation. The rate setting data must reflect the admissions data used to establish relative values. Base year changes from 1981 to the base year established for the rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited to the limits ending June 30, 1987, on the maximum rate of increase under subdivision 1. The commissioner may adjust base year cost, relative value, and case mix index data to exclude the costs of services that have been discontinued by the October 1 of the year preceding the rate year or that are paid separately from inpatient services. Inpatient stays that encompass portions of two or more rate years shall have payments established based on payment rates in effect at the time of admission unless the date of admission preceded the rate year in effect by six months or more. In this case, operating payment rates for services rendered during the rate year in effect and established based on the date of admission shall be adjusted to the rate year in effect by the hospital cost index.

- (b) For fee-for-service admissions occurring on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for inpatient services is reduced by .5 percent from the current statutory rates.
- (c) In addition to the reduction in paragraph (b), the total payment for fee-for-service admissions occurring on or after July 1, 2003, made to hospitals for inpatient services before third-party liability and spenddown, is reduced five percent from the current statutory rates. Mental health services within diagnosis related groups 424 to 432 or corresponding APR-DRGs, and facilities defined under subdivision 16 are excluded from this paragraph.
- (d) In addition to the reduction in paragraphs (b) and (c), the total payment for fee-for-service admissions occurring on or after August 1, 2005, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 6.0 percent from the current statutory rates. Mental health services within diagnosis related groups 424 to 432 or corresponding APR-DRGs, and facilities defined under subdivision 16 are excluded from this paragraph. Notwithstanding section 256.9686, subdivision 7, for purposes of this paragraph, medical assistance does not include general assistance medical eare. Payments made to managed care plans shall be reduced for services provided on or after January 1, 2006, to reflect this reduction.

If federal matching funds are not available for all adjustments under this subdivision, the commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for federal match. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. - Subd. 21. **Provider enrollment.** (a) If the commissioner or the Centers for Medicare and Medicaid Services determines that a provider is designated "high-risk," the commissioner may withhold payment from providers within that category upon initial enrollment for a 90-day period. The withholding for each provider must begin on the date of the first submission of a claim.
- (b) An enrolled provider that is also licensed by the commissioner under chapter 245A, or is also licensed as a home-care provider by the Department of Health under chapter 144A and has a home and community-based services designation on the home care license under section 144A.484, must designate an individual as the entity's compliance officer. The compliance officer must:

- (2) train the employees of the provider entity, and any agents or subcontractors of the provider entity including billers, on the policies and procedures under clause (1);

- (4) use evaluation techniques to monitor compliance with medical assistance laws and regulations;
- (5) promptly report to the commissioner any identified violations of medical assistance laws or regulations; and
- (6) within 60 days of discovery by the provider of a medical assistance reimbursement overpayment, report the overpayment to the commissioner and make arrangements with the commissioner for the commissioner's recovery of the overpayment. The commissioner may require, as a condition of enrollment in medical assistance, that a provider within a particular industry sector or category establish a compliance program that contains the core elements established by the Centers for Medicare and Medicaid Services.
- (c) The commissioner may revoke the enrollment of an ordering or rendering provider for a period of not more than one year, if the provider fails to maintain and, upon request from the commissioner, provide access to documentation relating to written orders or requests for payment for durable medical equipment, certifications for home health services, or referrals for other items or services written or ordered by such provider, when the commissioner has identified a pattern of a lack of documentation. A pattern means a failure to maintain documentation or provide access to documentation on more than one occasion. Nothing in this paragraph limits the authority of the commissioner to sanction a provider under the provisions of section 256B.064.

The commissioner shall publish in the Minnesota Health Care Program Provider Manual a list of provider types designated "limited," "moderate," or "high-risk," based on the criteria and standards used to designate Medicare providers in Code of Federal Regulations, title 42, section 424.518. The list and criteria are not subject to the requirements of chapter 14. The commissioner's designations are not subject to administrative appeal.

 - (3) more than 80 percent of dental provider's patient encounters per year are with patients who are uninsured or covered by medical assistance or MinnesotaCare.
 - (b) Grants shall be distributed by the commissioner of health to each eligible provider based on the proportion of that provider's number of low-income uninsured patients served in the reporting year to the total number of low-income uninsured patients served by all eligible providers, except that no single eligible provider shall receive less than two percent or more than 30 percent of the total appropriation provided under this subdivision. If the number of eligible providers is such that the minimum of two percent cannot be provided to each eligible provider, the commissioner shall limit eligibility for the subsidy to the top 20 eligible oral health providers.

Grant payments shall be in proportion to the total hospital emergency medical assistance claims submitted by all applicant hospitals. Claims for inpatient hospital, outpatient services, and hospital emergency department services shall be considered when determining the value of the grants.

Subd. 4. **Grant process.** The commissioner of health may use data submitted by organizations seeking a grant under this section, without further verification, for purposes of determining eligibility for a grant and allocating grant money among eligible organizations. The chief executive or chief financial officer must certify that the data submitted is accurate and that no changes were made in the organization's accounting and record-keeping practices or policies for providing free or reduced cost care to uninsured patients for the purpose of creating eligibility or increasing the organization's allocation. The commissioner may audit or verify the data submitted. Grant funds must be used to defray the organization's costs of providing care and services to uninsured patients with incomes below 200 percent of the federal poverty guidelines. An organization must not receive more than one grant under subdivisions 1, 2, or 3, even though the organization is potentially eligible for a grant under two or more subdivisions. Organizations eligible for a grant under this section may join together to submit a combined application provided the data submitted is certified by each individual organization.

Sec. 8. QUALITY TRANSPARENCY.

(a) The commissioner of health shall develop an implementation plan for stratifying measures based on disability, race, ethnicity, language, and other sociodemographic factors that are correlated with health disparities and impact performance on quality measures.

The evaluation must consider the federal client bill of rights requirements for Medicare-certified home care providers. The evaluation must determine if there are duplications or conflicts of client rights, evaluate how to reduce the complexity of the requirements related to clients' rights for providers and consumers, determine which rights must be included in a consolidated client bill of rights document, and develop options to inform consumers of their rights. 159.4	(13) expenses not allowed by the Internal Revenue Code;
159.5	(14) expenses in excess of 60 percent of gross receipts for in-home child care unless
459.6	a higher amount can be documented; and
159.7	(15) expenses that are reimbursed under the child and adult care food program as
459.8	authorized under the National School Lunch Act, United States Code, title 42.
159.9	Subd. 6. Self-employment budget period. The self-employment budget period
459.10	begins in the month of application or in the first month of self-employment. Gross receipts
459.11	must be budgeted in the month received. Expenses must be budgeted against gross
459.12	receipts in the month the expenses are paid, except for paragraphs (a) to (c).
459.13	(a) The purchase cost of inventory items, including materials which are processed
159.14	or manufactured, must be deducted as an expense at the time payment is received for
459.15	the sale of the inventory items.
159.16	(b) A 12-month rolling average based on clauses (1) to (3) must be used to budget
459.17	monthly income.
459.18	(1) For a business in operation for at least 12 months, the county agency shall use
459.19	the average monthly self-employment income from the most current income tax report for
459.20	the 12 months before the month of application. The county agency shall determine a new
459.21	monthly average by adding in the actual self-employment income and expenses from the
459.22	previous month and dropping the first month from the averaging period.
459.23	(2) For a business in operation for less than 12 months, the county agency shall
159.24	compute the average for the number of months the business has been in operation to
459.25	determine a monthly average. When data are available for 12 or more months, average
459.26	monthly self-employment income is determined under clause (1).
459.27	(3) If the business undergoes a major change, the county agency shall compute a new
459.28	rolling average beginning with the first month of the major change. For the purpose of this
459.29	elause, major change means a change that affects the nature and scale of the business and
459.30	is not merely the result of normal business fluctuations.
459.31	(e) For seasonal self-employment, the caregiver may choose whether to use actual
459.32	income in the month of receipt and expenses in the month incurred or the rolling average
159.33	method of computation. The choice must be made once per year at the time of application
159.34	or recertification. For the purpose of this paragraph, seasonal means working six or less

The agency must budget self-employment earned income according to section 256P.05, subdivision 3.

Subd. 7. **Farm income.** Farm income is the difference between gross receipts and operating expenses. The county agency must not allow a deduction for expenses listed in subdivision 5, paragraph (b). Gross receipts include sales, rents, subsidies, soil conservation payments, production derived from livestock, and income from home-produced food Farm income shall be treated as self-employment income under section 256P.05, subdivision 2. The agency must budget farm income as self-employment earned income according to section 256P.05, subdivision 3.

Subd. 8. **Rental income.** The county agency must treat income from rental property as earned or uncarned income. Income from rental property is uncarned income unless the assistance unit spends an average of ten hours per week on maintenance or management of the property. When the owner spends more than ten hours per week on maintenance or repairs, the earnings are considered self-employment earnings. An amount must be deducted for upkeep and repairs, as specified in subdivision 5, paragraph (b), clause (12), real estate taxes, insurance, utilities, and interest on principal payments. When the applicant or participant lives on the rental property, expenses for upkeep, taxes, insurance, utilities, and interest must be divided by the number of rooms to determine expense per room and expenses deducted must be deducted only for the number of rooms rented Rental income is subject to the requirements of section 256P.05.

Subd. 9. **Unearned income.** (a) The county agency must apply unearned income to the MFIP <u>transitional</u> standard of need. When determining the amount of unearned income, the county agency must deduct the costs necessary to secure payments of unearned income. These costs include legal fees, medical fees, and mandatory deductions such as federal and state income taxes.

(b) The eounty agency must convert unearned income received on a periodic basis to monthly amounts by prorating the income over the number of months represented by the frequency of the payments. The eounty agency must begin counting the monthly amount in the month the periodic payment is received and budget it according to the assistance unit's budget cycle.

Subd. 10. **Treatment of lump sums.** (a) The county agency must treat lump-sum payments as earned or unearned income. If the lump-sum payment is included in the category of income identified in subdivision 9, it must be treated as unearned income. A lump sum is counted as income in the month received and budgeted either prospectively or retrospectively depending on the budget cycle at the time of receipt. When an individual receives a lump-sum payment, that lump sum must be combined with all other earned and

- (b) For a lump sum received by an applicant during the first two months, prospective budgeting is used to determine the payment and the lump sum must be combined with other earned or unearned income received and budgeted in that prospective month.
- (c) For a lump sum received by a participant after the first two months of MFIP eligibility, the lump sum must be combined with other income received in that budget month, and the combined amount must be applied retrospectively against the applicable payment month.
- (d) When a lump sum, combined with other income under paragraphs (b) and (c), is less than the MFIP <u>transitional</u> standard <u>of need</u> for the appropriate payment month, the assistance payment must be reduced according to the amount of the countable income. In order to maintain eligibility for any of the hardship extension categories a participant shall develop and comply with either an employment plan or a family stabilization services plan, whichever is appropriate.
 - (b) If one participant in a two-parent assistance unit is determined to be ineligible for a hardship extension, the county shall give the assistance unit the option of disqualifying the ineligible participant from MFIP. - Subd. 7. **Status of disqualified participants.** (a) An assistance unit that is disqualified under subdivision 6, paragraph (a), may be approved for MFIP if the participant complies with MFIP program requirements and demonstrates compliance for up to one month. No assistance shall be paid during this period.
- (b) An assistance unit that is disqualified under subdivision 6, paragraph (a), and that reapplies under paragraph (a) is subject to sanction under section 256J.46, subdivision 1, paragraph (c), clause (1), for a first occurrence of noncompliance. A subsequent occurrence of noncompliance results in a permanent disqualification.
- (c) If one participant in a two-parent assistance unit receiving assistance under a hardship extension under subdivision 3 or 4 is determined to be out of compliance with the employment and training services requirements under sections 256J.521 to 256J.57, the county shall give the assistance unit the option of disqualifying the noncompliant participant from MFIP. In that case, the assistance unit shall be treated as a one-parent assistance unit for the purposes of meeting the work requirements under subdivision 4 and the assistance unit's MFIP grant shall be calculated using the shared household standard under section 256J.08, subdivision 82a. An applicant who is disqualified from receiving assistance under this paragraph may reapply under paragraph (a). If a participant is disqualified from MFIP under this subdivision a second time, the participant is permanently disqualified from MFIP.
- (d) Prior to a disqualification under this subdivision, a county agency must review the participant's case to determine if the employment plan is still appropriate and attempt to meet with the participant face-to-face. If a face-to-face meeting is not conducted, the county agency must send the participant a notice of adverse action as provided in section 256J.31. During the face-to-face meeting, the county agency must:
- (1) determine whether the continued noncompliance can be explained and mitigated by providing a needed preemployment activity, as defined in section 256J.49, subdivision 13, clause (9);
- 462.30 (2) determine whether the participant qualifies for a good cause exception under section 256J.57;
- 462.32 (3) inform the participant of the family violence waiver criteria and make appropriate referrals if the waiver is requested;
- (4) inform the participant of the participant's sanction status and explain the consequences of continuing noncompliance;

The applicant or participant must document the information required or authorize the county agency to verify the information. The applicant or participant has the burden of providing documentary evidence to verify eligibility. The county agency shall assist the applicant or participant in obtaining required documents when the applicant or participant is unable to do so.
- (b) A county agency must not request information about an applicant or participant that is not a matter of public record from a source other than county agencies, the Department of Human Services, or the United States Department of Health and Human Services without the person's prior written consent. An applicant's signature on an application form constitutes consent for contact with the sources specified on the application. A county agency may use a single consent form to contact a group of similar sources, but the sources to be contacted must be identified by the county agency prior to requesting an applicant's consent.

Sec. 30. Minnesota Statutes 2012, section 256J.95, subdivision 10, is amended to read:
Subd. 10. Diversionary work program grant. (a) The amount of cash benefits that
family unit is eligible for under the diversionary work program is based on the number
f persons in the family unit, the family maintenance needs, personal needs allowance,

and countable income. The county agency shall evaluate the income of the family unit

that is requesting payments under the diversionary work program. Countable income

means gross earned and unearned income not excluded or disregarded under MFIP.

The same disregards for earned income that are allowed under MFIP are allowed for the diversionary work program.

- (b) The DWP grant is based on the family maintenance needs for which the DWP family unit is responsible plus a personal needs allowance. Housing and utilities, except for telephone service, shall be vendor paid. Unless otherwise stated in this section, actual housing and utility expenses shall be used when determining the amount of the DWP grant.
- (c) The maximum monthly benefit amount available under the diversionary work program is the difference between the family unit's needs under paragraph (b) and the family unit's countable income not to exceed the cash portion of the MFIP <u>transitional</u> standard of need as defined in <u>section sections</u> 256J.08, subdivision 55a 85, and 256J.24, subdivision 5, for the family unit's size.
- (d) Once the county has determined a grant amount, the DWP grant amount will not be decreased if the determination is based on the best information available at the time of approval and shall not be decreased because of any additional income to the family unit. The grant must be increased if a participant later verifies an increase in family maintenance needs or family unit size. The minimum cash benefit amount, if income and asset tests are met, is \$10. Benefits of \$10 shall not be vendor paid.
- (e) When all criteria are met, including the development of an employment plan as described in subdivision 14 and eligibility exists for the month of application, the amount of benefits for the diversionary work program retroactive to the date of application is as specified in section 256J.35, paragraph (a).
- (f) Any month during the four-month DWP period that a person receives a DWP benefit directly or through a vendor payment made on the person's behalf, that person is ineligible for MFIP or any other TANF cash assistance program except for benefits defined in section 256J.626, subdivision 2, clause (1).

If during the four-month period a family unit that receives DWP benefits moves to a county that has not established a diversionary work program, the family unit may be eligible for MFIP the month following the last month of the issuance of the DWP benefit.

468.3	disclaimer that any false or misrepresented information is subject to prosecution for fraud
468.4	under sections 609.52 and 609.821 and perjury under section 609.48.
468.5	Subd. 4. Factors to be verified. (a) The agency shall verify the following at
468.6	application:
468.7	(1) identity of adults;
468.8	(2) age, if necessary to determine eligibility;
468.9	(3) immigration status;
468.10	(4) income;
468.11	(5) spousal support and child support payments made to persons outside the
468.12	household;
468.13	(6) vehicles;
468.14	(7) checking and savings accounts;
468.15	(8) inconsistent information, if related to eligibility;
468.16	(9) residence; and
468.17	(10) Social Security number.
468.18	(b) Applicants who are qualified noncitizens and victims of domestic violence as
468.19	defined under section 256J.08, subdivision 73, clause (7), are not required to verify the
468.20	information in paragraph (a), clause (10). When a Social Security number is not provided
468.21	to the agency for verification, this requirement is satisfied when each member of the
468.22	assistance unit cooperates with the procedures for verification of Social Security numbers,
468.23	issuance of duplicate cards, and issuance of new numbers which have been established
468.24	jointly between the Social Security Administration and the commissioner.
468.25	Subd. 5. MFIP-only verifications. In addition to subdivision 4, the agency shall
468.26	verify the following for programs under chapter 256J:
468.27	(1) the presence of the minor child in the home, if questionable;
468.28	(2) the relationship of a minor child to caregivers in the assistance unit;
468.29	(3) pregnancy, if related to eligibility;
468.30	(4) school attendance, if related to eligibility;
468.31	(5) a claim of family violence, if used as a basis to qualify for the family violence
468.32	waiver under chapter 256J; and
468.33	(6) disability, if used as the basis for reducing the hourly participation requirements
468.34	under section 256J.55, subdivision 1, or for the type of activity included in an employment
468.35	plan under section 256J.521, subdivision 2.

469.1	Subd. 6. Personal property inconsistent information. If there is inconsistent
469.2	information known to the agency when reporting personal property under section 256P.02
469.3	an agency must require the applicant or participant to document the information required
469.4	under section 256P.02 or authorize the county agency to verify the information. The
469.5	applicant or participant has the burden of providing documentary evidence to verify
469.6	eligibility. The agency shall assist the applicant or participant in obtaining required
469.7	documents when the applicant or participant is unable to do so.
469.8	Subd. 7. Documenting and verifying inconsistent information. When the
469.9	agency verifies inconsistent information under subdivision 4, paragraph (a), clause (8);
469.10	subdivision 6; or subdivision 8, clause (3), the reason for verifying the information must
469.11	be documented in the financial case record.
469.12	Subd. 8. Recertification. The agency shall recertify eligibility in an annual
469.13	interview with the participant. The interview may be conducted by telephone, by Internet
469.14	telepresence, or face-to-face in the county office or in another location mutually agreed
469.15	upon. A participant must be given the option of a telephone interview or Internet
469.16	telepresence to recertify eligibility. During the interview, the agency shall verify the
469.17	following:
469.18	(1) income, unless excluded, including self-employment earnings;
469.19	(2) assets when the value is within \$200 of the asset limit; and
469.20	(3) inconsistent information, if related to eligibility.
469.21	Subd. 9. MFIP-only recertification. In addition to subdivision 8, the agency shall
469.22	verify the following for programs under chapter 256J:
469.23	(1) the presence of the minor child in the home, if questionable; and
469.24	(2) whether a single-caregiver household meets the requirements in section
469.25	<u>256J.575</u> , subdivision 3.
469.26	Subd. 10. Participant's completion of form for recertification of eligibility. A
469.27	participant must complete forms prescribed by the commissioner which are required
469.28	for recertification of eligibility according to subdivisions 8 and 9. An agency must end
469.29	benefits when the participant fails to submit the recertification form and verifications
469.30	before the end of the certification period. If the participant submits the recertification
469.31	form within 30 days of the termination of benefits, benefits must be reinstated and made
469.32	available retroactively for the full benefit month.
469.33	Subd. 11. Participant's completion of household report form. (a) When a
469 34	participant is required to complete a household report form, the following paragraphs apply

(b) If the agency receives an incomplete household report form, the agency must
immediately return the incomplete form and clearly state what the participant must do for
the form to be complete.
(c) The automated eligibility system must send a notice of proposed termination of
assistance to the participant if a complete household report form is not received by the
agency. The automated notice must be mailed to the participant by approximately the 16th
of the month. When a participant submits an incomplete form on or after the date a notice
of proposed termination has been sent, the termination is valid unless the participant
submits a complete form before the end of the month.
(d) The submission of a household report form is considered to have continued the
participant's application for assistance if a complete household report form is received
within a calendar month after the month in which the form was due. Assistance shall be
paid for the period beginning with the first day of that calendar month.
(e) An agency must allow good cause exemptions for a participant required to
complete a household report form when any of the following factors cause a participant to
fail to submit a completed household report form before the end of the month in which
the form is due:
(1) an employer delays completion of employment verification;
(2) the agency does not help a participant complete the household report form when
the participant asks for help;
(3) a participant does not receive a household report form due to a mistake on the
part of the department or the agency or a reported change in address;
(4) a participant is ill or physically or mentally incapacitated; or
(5) some other circumstance occurs that a participant could not avoid with reasonable
care which prevents the participant from providing a completed household report form
before the end of the month in which the form is due.
Subd. 12. Contacting third parties. An agency must not request information
about an applicant or participant that is not of public record from a source other than
agencies, the department, or the United States Department of Health and Human Services
without the applicant's or participant's prior written consent. An applicant's signature
on an application form constitutes consent for contact with the sources specified on the
application. An agency may use a single consent form to contact a group of similar
sources, such as banks or insurance agencies, but the sources to be contacted must be
identified by the agency prior to requesting an applicant's consent.
Subd. 13. Notice to undocumented persons; release of private data. Agencies,

470.36

in consultation with the commissioner of human services, shall provide notification

471.1	to undocumented persons regarding the release of personal data to the United States
471.2	Citizenship and Immigration Services and develop protocols regarding the release or
471.3	sharing of data about undocumented persons with the United States Citizenship and
471.4	Immigration Services as required under sections 404, 411A, and 434 of the Personal
471.5	Responsibility and Work Opportunity Reconciliation Act of 1996.
471.6	Subd. 14. Requirement to report to United States Citizenship and Immigration
471.7	Services. The commissioner shall comply with the reporting requirements under United
471.8	States Code, title 42, section 611a, and any federal regulation or guidance adopted under
471.9	that law.
471.10	Subd. 15. Personal statement. The agency may accept a signed personal statement
471.11	from the applicant or participant explaining the reasons that the documentation requested
471.12	in subdivision 3 is unavailable as sufficient documentation at the time of application,
471.13	recertification, or change related to eligibility only for the following factors:
471.14	(1) a claim of family violence, if used as a basis to qualify for the family violence
471.15	waiver;
471.16	(2) relationship of a minor child to caregivers in the assistance unit;
471.17	(3) citizenship status from a noncitizen who reports to be, or is identified as, a victim
471.18	of severe forms of trafficking in persons, if the noncitizen reports that the noncitizen's
471.19	immigration documents are being held by an individual or group of individuals against the
471.20	noncitizen's will. The noncitizen must follow up with the Office of Refugee Resettlement
471.21	(ORR) to pursue certification. If verification that certification is being pursued is
471.22	not received within 30 days, the case must be closed and the agency shall pursue
471.23	overpayments. The ORR documents certifying the noncitizen's status as a victim of severe
471.24	forms of trafficking in persons, or the reason for the delay in processing, must be received
471.25	within 90 days, or the case must be closed and the agency shall pursue overpayments; and
471.26	(4) other documentation unavailable for reasons beyond the control of the applicant
471.27	or participant. The applicant or participant must have made reasonable attempts to obtain
471.28	the documents requested under subdivision 3.
471.29	Subd. 16. Excluded resources. Payments of funds made according to litigation and
471.30	subsequent appropriation by the United States Congress to compensate members of Indian
471.31	tribes for the taking of tribal lands by the federal government are excluded.
471.32	EFFECTIVE DATE. This section is effective February 1, 2015.

Sec. 36. [256P.05] SELF-EMPLOYMENT EARNINGS. 471.33

472.1	Subdivision 1. Exempted programs. Participants who qualify for Minnesota
472.2	supplemental aid under chapter 256D and for group residential housing under chapter 256I
472.3	on the basis of eligibility for Supplemental Security Income are exempt from this section.
472.4	Subd. 2. Self-employment income determinations. An agency must determine
472.5	self-employment income, which is either:
472.6	(1) one-half of gross earnings from self-employment; or
472.7	(2) taxable income as determined from an Internal Revenue Service tax form that
472.8	has been filed with the Internal Revenue Service within the last year. A 12-month average
472.9	using net taxable income shall be used to budget monthly income.
472.10	Subd. 3. Self-employment budgeting. (a) The self-employment budget period
472.11	begins in the month of application or in the first month of self-employment. Applicants
472.12	and participants must choose one of the methods described in subdivision 2 for
472.13	determining self-employment earned income.
472.14	(b) Applicants and participants who elect to use taxable income as described in
472.15	subdivision 2, clause (2), to determine self-employment income must continue to use this
472.16	method until recertification, unless there is an unforeseen significant change in gross
472.17	income equaling a decline in gross income of the amount equal to or greater than the
472.18	earned income disregard as defined in section 256P.03 from the income used to determine
472.19	the benefit for the current month.
472.20	(c) For applicants and participants who elect to use one-half of gross earnings as
472.21	described in subdivision 2, clause (1), to determine self-employment income, earnings
472.22	must be counted as income in the month received.
