1.10 and third-party administrators shall submit to a private entity designated by the commissioner
1.11 of health all non-claims-based payments made to health care providers. The data shall be

1.14 services over volume of health care services and include alternative payment models or
1.15 incentives, payments for infrastructure expenditures or investments, and payments for
1.16 workforce expenditures or investments. Non-claims-based payments submitted under this
1.17 subdivision must, to the extent possible, be attributed to a health care provider in the same
1.18 manner in which claims-based data are attributed to a health care provider and, where
1.19 appropriate, must be combined with data collected under subdivisions 4 and 5 in analyses
1.20 of health care spending.

1.21 (b) Data collected under this subdivision are nonpublic data as defined in section 13.02.
1.22 Notwithstanding the definition of summary data in section 13.02, subdivision 19, summary
1.23 data prepared under this subdivision may be derived from nonpublic data. The commissioner

2.1 shall establish procedures and safeguards to protect the integrity and confidentiality of any

2.3 (c) The commissioner shall consult with health plan companies, hospitals, and health
2.4 care providers in developing the data reported under this subdivision and standardized
2.5 reporting forms.

2.6 Sec. 2. Minnesota Statutes 2020, section 62U.04, subdivision 11, is amended to read:

2.7 Subd. 11. **Restricted uses of the all-payer claims data.** (a) Notwithstanding subdivision
2.8 4, paragraph (b), and subdivision 5, paragraph (b), the commissioner or the commissioner's
2.9 designee shall only use the data submitted under subdivisions 4 ~~and~~ 5, and 5b for the
2.10 following purposes:

2.11 (1) to evaluate the performance of the health care home program as authorized under
2.12 section 62U.03, subdivision 7;

2.18 of Health and Human Services, including the analysis of health care cost, quality, and
2.19 utilization baseline and trend information for targeted populations and communities; and

2.20 (5) to compile one or more public use files of summary data or tables that must:

2.23 (ii) not identify individual patients, payers, or providers;

2.24 (iii) be updated by the commissioner, at least annually, with the most current data
2.25 available;

2.26 (iv) contain clear and conspicuous explanations of the characteristics of the data, such
2.27 as the dates of the data contained in the files, the absence of costs of care for uninsured
2.28 patients or nonresidents, and other disclaimers that provide appropriate context; and

2.29 (v) not lead to the collection of additional data elements beyond what is authorized under
2.30 this section as of June 30, 2015.

3.1 (b) The commissioner may publish the results of the authorized uses identified in
3.2 paragraph (a) so long as the data released publicly do not contain information or descriptions
3.3 in which the identity of individual hospitals, clinics, or other providers may be discerned.

3.4 (c) Nothing in this subdivision shall be construed to prohibit the commissioner from
3.5 using the data collected under subdivision 4 to complete the state-based risk adjustment
3.6 system assessment due to the legislature on October 1, 2015.

3.14 Subd. 7. **Outcomes reporting; savings determination.** (a) ~~Beginning November 1,~~
3.15 ~~2016, and~~ Each November 1 ~~thereafter~~, the commissioner of health shall determine the
3.16 actual total private and public health care and long-term care spending for Minnesota
3.17 residents related to each health indicator projected in subdivision 6 for the most recent
3.18 calendar year available. The commissioner shall determine the difference between the
3.19 projected and actual spending for each health indicator and for each year, and determine
3.20 the savings attributable to changes in these health indicators. The assumptions and research
3.21 methods used to calculate actual spending must be determined to be appropriate by an
3.22 independent actuarial consultant. If the actual spending is less than the projected spending,
3.23 the commissioner, in consultation with the commissioners of human services and management
3.24 and budget, shall use the proportion of spending for state-administered health care programs
3.25 to total private and public health care spending for each health indicator for the calendar
3.26 year two years before the current calendar year to determine the percentage of the calculated
3.27 aggregate savings amount accruing to state-administered health care programs.

3.28 (b) The commissioner may use the data submitted under section 62U.04, subdivisions
3.29 4 ~~and~~, 5, and 5b, to complete the activities required under this section, but may only report
