6.12 year.

6.13 (b) For the purposes of this subdivision, aid is determined for a city or town based on
6.14 its city or town status as of June 30 of the year preceding the aid distribution year. If the
6.15 effective date for a municipal incorporation, consolidation, annexation, detachment,
6.16 dissolution, or township organization is on or before June 30 of the year preceding the aid
6.17 distribution year, such change in boundaries or form of government shall be recognized for
6.18 aid determinations for the aid distribution year. If the effective date for a municipal
6.19 incorporation, consolidation, annexation, detachment, dissolution, or township organization
6.20 is after June 30 of the year preceding the aid distribution year, such change in boundaries
6.21 or form of government shall not be recognized for aid determinations until the following

6.31 before July 15 of the aid calculation year. Clerical errors in the certification or use of
6.32 estimates and data established as of July 15 in the aid calculation year are subject to correction
6.33 within the time periods allowed under subdivision 3.

7.1 (d) In the case of an annexation, an annexation information report may be completed by
 7.2 the annexing jurisdiction and submitted to the commissioner for purposes of this subdivision
 7.3 if the net tax capacity of annexed area for the assessment year preceding the effective date
 7.4 of the annexation exceeds five percent of the city's net tax capacity for the same year. The
 7.5 form and contents of the annexation information report shall be prescribed by the
 7.6 commissioner. The commissioner shall change the net tax capacity, the population, the
 7.7 population decline, the commercial industrial percentage, and the transformed population

 7.12 or consolidated and only if reliable data is available for all of these factors used to compute

Payment must be made by the treasurer of each other county to the treasurer of the county incurring expense by the succeeding March 1.

276A.03 NET TAX CAPACITY OF COMMERCIAL-INDUSTRIAL PROPERTY.

By August 5 of 1996 and each subsequent year, the assessors within each county in the area shall determine and certify to the county auditor the net tax capacity in that year of commercial-industrial property subject to taxation within each municipality in the county, determined without regard to section 469.177, subdivision 3. By August 5 of 1996 only, the assessor within each county in the area shall also determine and certify to the county auditor the net tax capacity for the 1995 assessment of commercial-industrial property subject to taxation within each municipality within the county determined without regard to section 469.177, subdivision 3.

276A.04 INCREASE IN NET TAX CAPACITY.

By July 15 of 1997 and each subsequent year, the auditor of each county in the area shall determine the amount, if any, by which the net tax capacity determined in the preceding year pursuant to section 276A.03, of commercial-industrial property subject to taxation within each municipality in the county exceeds the net tax capacity in 1995 of commercial-industrial property subject to taxation within that municipality, including the total net tax capacity of property that becomes taxable under section 298.25. If a municipality is located in two or more counties within the area, the auditors of those counties shall certify the data required by section 276A.03 to the county auditor responsible for allocating the levies of that municipality between or among the affected counties. That county auditor shall determine the amount of the net excess, if any, for the municipality under this section, and certify that amount under section 276A.05. The increase in total net tax capacity determined by this section must be reduced by the amount of any decreases in the net tax capacity of commercial-industrial property resulting from any court decisions, court-related stipulation agreements, or abatements for a prior year, and only in the amount of such decreases made during the 12-month period ending on May 1 of the current assessment year, where the decreases, if originally reflected in the determination of a prior year's net tax capacity under section 276A.03, would have resulted in a smaller contribution from the municipality in that year. An adjustment for the decreases shall be made only if the municipality made a contribution in a prior year based on the higher net tax capacity of the commercial-industrial property.

276A.05 COMPUTATION OF AREAWIDE TAX BASE.

Subdivision 1. **Areawide net tax capacity.** Each county auditor shall certify the determinations under sections 276A.03 and 276A.04 to the administrative auditor on or before August 1 of each year. The administrative auditor shall determine an amount equal to 40 percent of the sum of the amounts certified pursuant to section 276A.04. The resulting amount shall be known as the "areawide net tax capacity for(year)."

Subd. 2. **Population and fiscal capacity certifications.** The commissioner of revenue shall certify to the administrative auditor, on or before August 10 of each year, the population of each municipality for the preceding year, the proportion of that population which resides within the area, the average fiscal capacity of municipalities for the preceding year, and the fiscal capacity of each municipality for the preceding year.

Subd. 3. **Areawide tax base distribution index.** The administrative auditor shall determine, for each municipality, the product of (1) its population, (2) the proportion which the average fiscal capacity of municipalities for the preceding year bears to the fiscal capacity of that municipality for the preceding year. The product shall be the areawide tax base distribution index for that municipality. If a municipality is located partly within and partly without the area, its index is that which is otherwise determined hereunder, multiplied by the proportion which its population residing within the area bears to its total population as of the preceding year.

Subd. 4. **Distribution net tax capacity.** The administrative auditor shall determine the proportion which the index of each municipality bears to the sum of the indices of all municipalities and shall then multiply this proportion in the case of each municipality, by the areawide net tax capacity.

Subd. 5. **Certification.** The product of the procedure prescribed by subdivision 4 shall be known as the "areawide net tax capacity for(year) attributable to(municipality)." The administrative auditor shall certify the product to the auditor of the county in which the municipality is located on or before August 15.

276A.06 NET TAX CAPACITY OF GOVERNMENTAL UNIT.

Subdivision 1. **Generally.** The county auditor shall determine the net tax capacity of each governmental unit within the county in the manner prescribed by this section.

Subd. 2. **Definition.** The net tax capacity of a governmental unit is its net tax capacity as determined in accordance with other provisions of law including section 469.177, subdivision 3, subject to the following adjustments:

(1) There must be subtracted from its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount that bears the same proportion to 40 percent of the amount certified in that year pursuant to sections 276A.04 and 276A.05 for the municipality as the total preceding year's net tax capacity of commercial-industrial property which is subject to the taxing jurisdiction of the governmental unit within the municipality, determined without regard to section 469.177, subdivision 3, bears to the total preceding year's net tax capacity of commercial-industrial property within the municipality, determined without regard to section 469.177, subdivision 3.

(2) There must be added to its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to the areawide net tax capacity for the year attributable to that municipality as the total preceding year's net tax capacity of residential property which is subject to the taxing jurisdiction of the governmental unit within the municipality bears to the total preceding year's net tax capacity of residential property of the municipality.

Subd. 3. **Apportionment of levy.** The county auditor shall apportion the levy of each governmental unit in the county in the manner prescribed by this subdivision. The auditor shall:

(1) by August 20 of 2014 and each subsequent year, determine the preliminary areawide portion of the levy for each governmental unit by multiplying the local tax rate of the governmental unit for the preceding levy year times the distribution value set forth in subdivision 2, clause (2);

(2) by September 5 of 2014 and each subsequent year, determine the areawide portion of the levy for each governmental unit by multiplying the preliminary areawide portion of the levy for each governmental unit times a fraction, the numerator of which is the difference between the sum of the preliminary areawide levies for all governmental units in the area minus the school fund allocation and the denominator is the sum of the preliminary areawide levy for all governmental units in the area; and

(3) by September 5 of 2014 and each subsequent year, determine the local portion of the current year's levy by subtracting the resulting amount from clause (1) from the governmental unit's current year's levy.

Subd. 4. **Tax rate noncommercial property.** In 1997 and subsequent years, the county auditor shall divide that portion of the levy determined pursuant to subdivision 3, clause (2), by the net tax capacity of the governmental unit, taking section 469.177, subdivision 3, into account, less that portion subtracted from net tax capacity pursuant to subdivision 2, clause (1). The resulting rate applies to all taxable property except commercial-industrial property, which must be taxed in accordance with subdivision 7.

Subd. 5. **Areawide tax rate.** On or before August 25, 1997, and each subsequent year, the county auditor shall certify to the administrative auditor the preliminary portion of the levy of each governmental unit determined pursuant to subdivision 3, clause (1). The administrative auditor shall then determine the areawide tax rate sufficient to yield an amount equal to the sum of the levies from the preliminary areawide net tax capacity. On or before September 1, the administrative auditor shall certify the areawide tax rate to each of the county auditors.

Subd. 6. **Governmental unit in two or more counties.** If a governmental unit is located in two or more counties, the computations and certifications required by subdivisions 3 to 5 with respect to it must be made by the county auditor who is responsible for allocating its levies between or among the affected counties.

Subd. 7. **Application to commercial-industrial property.** The areawide tax rate determined in accordance with subdivision 5 applies to each commercial-industrial property subject to taxation within a municipality, including property located within any tax increment financing district, as defined in section 469.174, subdivision 9, to that portion of the net tax capacity of the item which bears the same proportion to its total net tax capacity as 40 percent of the amount determined pursuant to sections 276A.04 and 276A.05 is to the amount determined pursuant to section 276A.03.

APPENDIX
Repealed Minnesota Statutes: HF3892-0

The rate of taxation determined in accordance with subdivision 4 applies in the taxation of the remainder of the net tax capacity of the item.

Subd. 8. Certification of values; payment. The administrative auditor shall determine for each county the difference between the total levy on distribution value pursuant to subdivision 3, clause (1), including the school fund allocation within the county and the total tax on contribution value pursuant to subdivision 7, within the county. On or before May 16 of each year, the administrative auditor shall certify the differences so determined and the county's portion of the school fund allocation to each county auditor. In addition, the administrative auditor shall certify to those county auditors for whose county the total tax on contribution value exceeds the total levy on distribution value the settlement the county is to make to the other counties of the excess of the total tax on contribution value over the total levy on distribution value in the county. On or before June 15 and November 15 of each year, each county treasurer in a county having a total tax on contribution value in excess of the total levy on distribution value shall pay one-half of the excess to the other counties in accordance with the administrative auditor's certification. On or before June 15 and November 15 of each year, each county treasurer shall pay to the administrative auditor that county's share of the school fund allocation. On or before December 1 of each year, the administrative auditor shall pay the school fund allocation to the commissioner of Iron Range resources and rehabilitation for deposit in the Iron Range school consolidation and cooperatively operated account.

Subd. 9. Fiscal disparities adjustment. In any year in which the highest classification rate for class 3a property changes from the rate in the previous year, the following adjustments shall be made to the procedures described in sections 276A.04 to 276A.06:

(1) An initial contribution tax capacity shall be determined for each municipality based on the previous year's classification rates.

(2) Each jurisdiction's distribution tax capacity shall be determined based upon the areawide tax base determined by summing the tax capacities computed under clause (1) for all municipalities and apportioning the resulting sum pursuant to section 276A.05, subdivision 5.

(3) Each jurisdiction's distribution levy shall be determined by applying the procedures described in subdivision 3, clause (1), to the distribution tax capacity determined pursuant to clause (2).

(4) Each municipality's final contribution tax capacity shall be determined equal to its initial contribution tax capacity multiplied by the ratio of the new highest classification rate for class 3a property to the previous year's highest classification rate for class 3a property.

(5) For the purposes of computing education aids and any other state aids requiring the addition of the fiscal disparities distribution tax capacity to the local tax capacity, each municipality's final distribution tax capacity shall be determined equal to its initial distribution tax capacity multiplied by the ratio of the new highest classification rate for class 3a property to the previous year's highest classification rate for class 3a property.

(6) The areawide tax rate shall be determined by dividing the sum of the amounts determined in clause (3) by the sum of the values determined in clause (4).

(7) The final contribution tax capacity determined in clause (4) shall also be used to determine the portion of each commercial-industrial property's tax capacity subject to the areawide tax rate pursuant to subdivision 7.

Subd. 10. Adjustment of values. For the purpose of computing fiscal capacity under section 276A.01, subdivision 12, a municipality's taxable market value must be adjusted to reflect the reductions to net tax capacity effected by subdivision 2, clause (1), provided that in determining the taxable market value of commercial-industrial property or any class thereof within a municipality, the reduction required by this subdivision is that amount which bears the same proportion to the amount subtracted from the municipality's net tax capacity pursuant to subdivision 2, clause (1), as the taxable market value of commercial-industrial property, or such class thereof, located within the municipality bears to the net tax capacity of commercial-industrial property, or such class thereof, located within the municipality. No adjustment shall be made to taxable market value for the increase in net tax capacity under subdivision 2, clause (2).

276A.07 ADJUSTMENTS IN DATES.

If, because of the enactment of any other law, the date by which the commissioner of revenue is required to certify to the county auditors the records of proceedings affecting the net tax capacity of property is advanced to a date earlier than June 30, the dates specified in sections 276A.03 to

APPENDIX
Repealed Minnesota Statutes: HF3892-0

276A.06 and 276A.08 may be modified in the years to which the other law applies in the manner and to the extent prescribed by the administrative auditor.

276A.08 REASSESSMENTS AND OMITTED PROPERTY.

Subdivision 1. **Reassessment orders.** If the commissioner of revenue orders a reassessment of all or any portion of the property in a municipality other than in the form of a mathematically prescribed adjustment of valuation, or if omitted property is placed upon the tax rolls, and the reassessment has not been completed or the property placed upon the rolls by November 15, the net tax capacity of the affected property must, for purposes of sections 276A.02 to 276A.06, be determined from the abstracts filed by the county auditor with the commissioner of revenue.

Subd. 2. **Adjustment of value.** If the reassessment, when completed and incorporated in the commissioner's certification of the net tax capacity of the municipality, or the listing of omitted property, when placed on the rolls, results in an increase in the net tax capacity of commercial-industrial property in the municipality which differs from that used, pursuant to subdivision 1, for purposes of sections 276A.02 to 276A.06, the increase in the net tax capacity of commercial-industrial property in that municipality in the succeeding year, as otherwise computed under section 276A.04, must be adjusted in a like amount, by an increase if the reassessment or listing discloses a larger increase than was used for purposes of sections 276A.02 to 276A.06, or by a decrease if the reassessment or listing discloses a smaller increase than was used for those purposes, provided that no adjustment shall reduce the amount determined under section 276A.04 to an amount less than zero.

Subd. 3. **Exceptions.** Subdivisions 1 and 2 do not apply to the determination of the tax rate under section 276A.06, subdivision 4, or to the determination of the net tax capacity of commercial-industrial property and each item thereof for purposes of section 276A.06, subdivision 7.

276A.09 CHANGE IN STATUS OF MUNICIPALITY.

If a municipality is dissolved, is consolidated with all or part of another municipality, annexes territory, has a portion of its territory detached from it, or is newly incorporated, the secretary of state shall immediately certify that fact to the commissioner of revenue. The secretary of state shall also certify to the commissioner of revenue the current population of the new, enlarged, or successor municipality, if determined by the chief administrative law judge of the state Office of Administrative Hearings incident to consolidation, annexation, or incorporation proceedings. The population so certified shall govern for purposes of sections 276A.01 to 276A.09 until the state demographer files the first population estimate as of a later date with the commissioner of revenue. If an annexation of unincorporated land occurs without proceedings before the chief administrative law judge of the state Office of Administrative Hearings, the population of the annexing municipality as previously determined shall continue to govern for purposes of sections 276A.01 to 276A.09 until the state demographer files the first population estimate as of a later date with the commissioner of revenue.

473F.001 CITATION.

This chapter shall be cited as the "Charles R. Weaver Metropolitan Revenue Distribution Act."

473F.01 PURPOSE; USE OF PROCEEDS.

Subdivision 1. **Purpose.** The legislature finds it desirable to improve the revenue raising and distribution system in the seven-county Twin Cities area to accomplish the following objectives:

- (1) to provide a way for local governments to share in the resources generated by the growth of the area, without removing any resources which local governments already have;
- (2) to increase the likelihood of orderly urban development by reducing the impact of fiscal considerations on the location of business and residential growth and of highways, transit facilities and airports;
- (3) to establish incentives for all parts of the area to work for the growth of the area as a whole;
- (4) to provide a way whereby the area's resources can be made available within and through the existing system of local governments and local decision making;

APPENDIX
Repealed Minnesota Statutes: HF3892-0

(5) to help communities in different stages of development by making resources increasingly available to communities at those early stages of development and redevelopment when financial pressures on them are the greatest; and

(6) to encourage protection of the environment by reducing the impact of fiscal considerations so that floodplains can be protected and land for parks and open space can be preserved.

Subd. 2. **Use of proceeds.** Except as provided in section 473F.08, subdivision 3a, the proceeds from the areawide tax imposed under this chapter must be used by a local governmental unit in the same manner and for the same purposes as the proceeds from other ad valorem taxes levied by the local governmental unit.

fiscal capacity of such a municipality shall be computed upon the basis of the valuation and population of the entire municipality.

A municipality shall be excluded from the area if its municipal comprehensive zoning and planning policies conscientiously exclude most commercial-industrial development, for reasons other than preserving an agricultural use. 473F.03 ADMINISTRATIVE AUDITOR.

Subdivision 1. **Election of administrative auditor.** On or before July 1 of 1972 and each subsequent even-numbered year the auditors of the counties within the area shall meet at the call of the auditor of Hennepin County and elect from among their number one auditor to serve as administrative auditor for a period of two years and until a successor is elected. If a majority is unable to agree upon a person to serve as administrative auditor, the commissioner of management and budget shall appoint one from among the auditors of the counties in the area. If the administrative auditor ceases to serve as a county auditor within the area during the term for which elected or appointed, a successor shall be chosen in the same manner as is provided herein for the original selection, to serve for the unexpired term.

Subd. 2. **Staff; facilities; reimbursement.** The administrative auditor shall utilize the staff and facilities of the auditor's office of the county served to perform the functions imposed by sections 473F.01 to 473F.13. The administrative auditor's county shall be reimbursed for the marginal expenses incurred by its county auditor and auditor's staff hereunder by contributions from each other county in the area in an amount which bears the same proportion to the total expenses as the population of the other county bears to the total population of the area. The administrative auditor shall annually, on or before February 1, certify the amounts of total expense for the preceding calendar year, and the share of each county, to the treasurer of each other county. Payment shall be made by the treasurer of each other county to the treasurer of the county incurring expense on or before the succeeding March 1.

473F.05 NET TAX CAPACITY.

On or before August 5 of each year, the assessors within each county in the area shall determine and certify to the county auditor the net tax capacity in that year of commercial-industrial property

APPENDIX
Repealed Minnesota Statutes: HF3892-0

subject to taxation within each municipality in the county, determined without regard to section 469.177, subdivision 3.

473F.06 INCREASE IN NET TAX CAPACITY.

On or before July 15 of each year, the auditor of each county in the area shall determine the amount, if any, by which the net tax capacity determined in the preceding year under section 473F.05, of commercial-industrial property subject to taxation within each municipality in the auditor's county exceeds the net tax capacity in 1971 of commercial-industrial property subject to taxation within that municipality. If a municipality is located in two or more counties within the area, the auditors of those counties shall certify the data required by section 473F.05 to the county auditor who is responsible under other provisions of law for allocating the levies of that municipality between or among the affected counties. That county auditor shall determine the amount of the net excess, if any, for the municipality under this section, and certify that amount under section 473F.07. Notwithstanding any other provision of sections 473F.01 to 473F.13 to the contrary, in the case of a municipality which is designated on July 24, 1971, as a redevelopment area under section 401(a)(4) of the Public Works and Economic Development Act of 1965, Public Law 89-136, the increase in its net tax capacity of commercial-industrial property for purposes of this section shall be determined in each year by using as a base the net tax capacity of commercial-industrial property in that municipality in the 1989 assessment year, rather than the net tax capacity of such property in 1971. The increase in total net tax capacity determined by this section shall be reduced by the amount of any decreases in net tax capacity of commercial-industrial property resulting from any court decisions, court related stipulation agreements, or abatements for a prior year, and only in the amount of such decreases made during the 12-month period ending on May 1 of the current assessment year, where such decreases, if originally reflected in the determination of a prior year's net tax capacity under section 473F.05, would have resulted in a smaller contribution from the municipality in that year. An adjustment for such decreases shall be made only if the municipality made a contribution in a prior year based on the higher net tax capacity of the commercial-industrial property.

473F.07 COMPUTATION OF AREAWIDE TAX BASE.

Subdivision 1. **Areawide net tax capacity.** Each county auditor shall certify the determinations under sections 473F.05 and 473F.06 to the administrative auditor on or before August 1 of each year.

The administrative auditor shall determine an amount equal to 40 percent of the sum of the amounts certified under section 473F.06. The resulting amount shall be known as the "areawide net tax capacity for(year)."

Subd. 2. **Certification by commissioner.** The commissioner of revenue shall certify to the administrative auditor, on or before August 10 of each year, the population of each municipality for the preceding year, the proportion of that population which resides within the area, the average fiscal capacity of all municipalities in the area for the preceding year, and the fiscal capacity of each municipality in the area for the preceding year.

Subd. 3. **Areawide tax base distribution index.** The administrative auditor shall determine, for each municipality, the product of (a) its population, and (b) the proportion which the average fiscal capacity of municipalities for the preceding year bears to the fiscal capacity of that municipality for the preceding year. The product shall be the areawide tax base distribution index for that municipality. If a municipality is located partly within and partly without the area its index shall be that which is otherwise determined hereunder, multiplied by the proportion which its population residing within the area bears to its total population as of the preceding year.

Subd. 4. **Distribution net tax capacity.** The administrative auditor shall determine the proportion which the index of each municipality bears to the sum of the indices of all municipalities and shall then multiply this proportion in the case of each municipality, by the areawide net tax capacity.

Subd. 5. **Certification to county auditor.** The result of the procedure prescribed by subdivision 4 shall be known as the "areawide net tax capacity for(year) attributable to(municipality)." The administrative auditor shall certify such product to the auditor of the county in which the municipality is located on or before August 15.

473F.08 NET TAX CAPACITY.

Subdivision 1. **County auditor to determine.** The county auditor shall determine the net tax capacity of each governmental unit within the auditor's county in the manner prescribed by this section.

Subd. 2. **Computation of net tax capacity.** The net tax capacity of a governmental unit is its net tax capacity, as determined in accordance with other provisions of law including section 469.177, subdivision 3, subject to the following adjustments:

(a) There shall be subtracted from its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to 40 percent of the amount certified in that year under sections 473F.06 and 473F.07 for the municipality as the total preceding year's net tax capacity of commercial-industrial property which is subject to the taxing jurisdiction of the governmental unit within the municipality, determined without regard to section 469.177, subdivision 3, bears to the total preceding year's net tax capacity of commercial-industrial property within the municipality, determined without regard to section 469.177, subdivision 3;

(b) There shall be added to its net tax capacity, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to the areawide net tax capacity for the year attributable to that municipality as the total preceding year's net tax capacity of residential property which is subject to the taxing jurisdiction of the governmental unit within the municipality bears to the total preceding year's net tax capacity of residential property of the municipality.

Subd. 3. **Apportionment of levy.** The county auditor shall apportion the levy of each governmental unit in the auditor's county in the manner prescribed by this subdivision. The auditor shall:

(a) by August 20, determine the areawide portion of the levy for each governmental unit by multiplying the local tax rate of the governmental unit for the preceding levy year times the distribution value set forth in subdivision 2, clause (b);

(b) by September 5, determine the local portion of the current year's levy by subtracting the resulting amount from clause (a) from the governmental unit's current year's levy;

(c) for determinations made under clause (a) in the case of school districts, for taxes payable in 2002, exclude the general education tax rate and the portion of the referendum tax rate attributable to the first \$415 per pupil unit from the local tax rate for the preceding levy year;

(d) for determinations made under clause (a) in the case of the Metropolitan Council, for taxes payable in 2002, exclude the transit operating tax rate from the local tax rate for the preceding levy year; and

(e) for determinations made under clause (a) in the case of transit opt-out cities, for taxes payable in 2002, exclude the opt-out transit rate from the local tax rate for the preceding levy year.

Subd. 3a. **Bloomington computation.** (a) Beginning in 1987 and each subsequent year through 1998, the city of Bloomington shall determine the interest payments for that year for the bonds which have been sold for the highway improvements pursuant to Laws 1986, chapter 391, section 2, paragraph (g). Effective for property taxes payable in 1988 through property taxes payable in 1999, after the Hennepin County auditor has computed the areawide portion of the levy for the city of Bloomington pursuant to subdivision 3, clause (a), the auditor shall annually add a dollar amount to the city of Bloomington's areawide portion of the levy equal to the amount which has been certified to the auditor by the city of Bloomington for the interest payments for that year for the bonds which were sold for highway improvements. The total areawide portion of the levy for the city of Bloomington including the additional amount for interest repayment certified pursuant to this subdivision shall be certified by the Hennepin County auditor to the administrative auditor pursuant to subdivision 5. The Hennepin County auditor shall distribute to the city of Bloomington the additional areawide portion of the levy computed pursuant to this subdivision at the same time that payments are made to the other counties pursuant to subdivision 7a. The administrative auditor must notify the commissioner of revenue of the amount determined by multiplying the increase in the areawide net tax capacity by the areawide tax rate determined under subdivision 5. The commissioner of revenue must pay the amount determined each payable year to the administrative auditor in two installments on July 10 and November 10, for distribution and settlement as provided in subdivision 7a.

(c) The property taxes to be paid on commercial-industrial tax capacity that is included in the captured tax capacity of Tax Increment Financing Districts No. 1-C and No. 1-G in the city of Bloomington must be determined as described in subdivision 6, except that the portion of the tax that is based on the areawide tax rate is to be treated as tax increment under section 469.176.

On or before September 1 of each year, the administrative auditor shall certify the areawide tax rate to each of the county auditors.

Subd. 5a. **Governmental unit in two or more counties.** If a governmental unit is located in two or more counties, the computations and certifications required by subdivisions 3 to 5 with respect to it shall be made by the county auditor who is responsible under other provisions of law for allocating its levies between or among the affected counties.

Subd. 6. **Application to commercial-industrial property.** The areawide tax rate determined in accordance with subdivision 5 shall apply to each commercial-industrial property subject to taxation within a municipality, including property located within any tax increment financing district, as defined in section 469.174, subdivision 9, to that portion of the net tax capacity of the item which bears the same proportion to its total net tax capacity as 40 percent of the amount determined under sections 473F.06 and 473F.07 is to the amount determined under section 473F.05. The tax rate determined in accordance with subdivision 4 shall apply in the taxation of the remainder of the net tax capacity of the item.

Subd. 7a. **Certification of values; payment.** The administrative auditor shall determine for each county the difference between the total levy on distribution value pursuant to subdivisions 3, clause (a), 3a, and 3b, within the county and the total tax on contribution value pursuant to subdivision 6, within the county. On or before May 16 of each year, the administrative auditor shall certify the differences so determined to each county auditor. In addition, the administrative auditor shall certify to those county auditors for whose county the total tax on contribution value exceeds the total levy on distribution value the settlement the county is to make to the other counties of the excess of the total tax on contribution value over the total levy on distribution value in the county. On or before June 15 and November 15 of each year, each county treasurer in a county having a total tax on contribution value in excess of the total levy on distribution value shall pay one-half of the excess to the other counties in accordance with the administrative auditors certification.

Subd. 8a. **Fiscal disparities adjustment.** In any year in which the highest classification rate for class 3a property changes from the rate in the previous year, the following adjustments shall be made to the procedures described in sections 473F.06 to 473F.08.

(1) An initial contribution tax capacity shall be determined for each municipality based on the previous year's classification rates.

(2) Each jurisdiction's distribution tax capacity shall be determined based upon the areawide tax base determined by summing the tax capacities computed under clause (1) for all municipalities and apportioning the resulting sum pursuant to section 473F.07, subdivision 5.

(3) Each jurisdiction's distribution levy shall be determined by applying the procedures described in subdivision 3, clause (a), to the distribution tax capacity determined pursuant to clause (2).

(4) Each municipality's final contribution tax capacity shall be determined equal to its initial contribution tax capacity multiplied by the ratio of the new highest classification rate for class 3a property to the previous year's highest classification rate for class 3a property.

(5) For the purposes of computing education aids and any other state aids requiring the addition of the fiscal disparities distribution tax capacity to the local tax capacity, each municipality's final distribution tax capacity shall be determined equal to its initial distribution tax capacity multiplied by the ratio of the new highest classification rate for class 3a property to the previous year's highest classification rate for class 3a property.

(6) The areawide tax rate shall be determined by dividing the sum of the amounts determined in clause (3) by the sum of the values determined in clause (4).

(7) The final contribution tax capacity determined in clause (4) shall also be used to determine the portion of each commercial/industrial property's tax capacity subject to the areawide tax rate pursuant to subdivision 6.

Subd. 10. **Adjustment of value.** For the purpose of computing fiscal capacity under section 473F.02, subdivision 14, a municipality's taxable market value shall be adjusted to reflect the reductions to net tax capacity effected by subdivision 2, clause (a), provided that in determining the taxable market value of commercial-industrial property or any class thereof within a municipality, the reduction required by this subdivision shall be that amount which bears the same proportion to the amount subtracted from the municipality's net tax capacity pursuant to subdivision 2, clause

No adjustment shall be made to taxable market value for the increase in net tax capacity under subdivision 2, clause (b).

473F.09 ADJUSTMENTS IN DATES.

If, by reason of the enactment of any other law, the date by which the commissioner of revenue is required to certify to the county auditors the records of proceedings affecting the net tax capacity of property is advanced to a date earlier than June 30, the dates specified in sections 473F.07 and 473F.10 may be modified in the years to which such other law applies in the manner and to the extent prescribed by the administrative auditor.

473F.10 REASSESSMENTS AND OMITTED PROPERTY.

Subdivision 1. **Reassessment orders.** If the commissioner of revenue orders a reassessment of all or any portion of the property in a municipality other than in the form of a mathematically prescribed adjustment of valuation, or if omitted property is placed upon the tax rolls, and the reassessment has not been completed or the property placed upon the rolls, as the case may be, by November 15, the net tax capacity of the affected property shall, for purposes of sections 473F.03 to 473F.08, be determined from the abstracts filed by the county auditor with the commissioner of revenue.

Subd. 2. **Adjustment in succeeding year.** If the reassessment, when completed and incorporated in the commissioner of revenue's certification of the net tax capacity of the municipality, or the listing of omitted property, when placed on the rolls, results in an increase in the net tax capacity of commercial-industrial property in the municipality which differs from that used, pursuant to subdivision 1, for purposes of sections 473F.03 to 473F.08, the increase in the net tax capacity of commercial-industrial property in that municipality in the succeeding year, as otherwise computed under section 473F.06, shall be adjusted in a like amount, by an increase if the reassessment or listing discloses a larger increase than was used for purposes of sections 473F.03 to 473F.08, or by a decrease if the reassessment or listing discloses a smaller increase than was used for those purposes, provided that no adjustment shall reduce the amount determined under section 473F.06 to an amount less than zero.

Subd. 3. **Application.** Subdivisions 1 and 2 shall not apply to the determination of the tax rate under section 473F.08, subdivision 4, or to the determination of the net tax capacity of commercial-industrial property and each item thereof for purposes of section 473F.08, subdivision 6.

473F.11 LATE LEVIES.

Subd. 2. **Change in levy.** If a governmental unit certifies its levy to the county auditor on or before November 25, no change in its levy subsequent to that date shall be recognized for purposes of section 473F.08, subdivision 3, clause (a), and section 473F.08, subdivision 5.

Subd. 3. **Application.** Subdivisions 1 and 2 shall not apply to section 473F.08, subdivision 3, clause (b), and section 473F.08, subdivision 4.

473F.13 CHANGE IN STATUS OF MUNICIPALITY.

Subdivision 1. **Certification of change in status.** If a municipality is dissolved, is consolidated with all or part of another municipality, annexes territory, has a portion of its territory detached from it, or is newly incorporated, the secretary of state shall immediately certify that fact to the commissioner of revenue. The secretary of state shall also certify to the commissioner of revenue the current population of the new, enlarged, or successor municipality, if determined by the chief administrative law judge of the state Office of Administrative Hearings incident to consolidation, annexation, or incorporation proceedings. The population so certified shall govern for purposes of sections 473F.01 to 473F.13 until the Metropolitan Council files its first population estimate as of a later date with the commissioner of revenue. If an annexation of unincorporated land occurs without proceedings before the chief administrative law judge, the population of the annexing municipality as previously determined shall continue to govern for purposes of sections 473F.01 to 473F.13 until the Metropolitan Council files its first population estimate as of a later date with the commissioner of revenue.
