(e) The attorney general may extend the notice and waiting period required under
paragraph (b) for an additional 90 days by notifying the health care entity in writing of the

(f) The attorney general may waive all or any part of the waiting period required under
paragraph (b). The attorney general may waive all or any part of the disclosure requirements
under paragraph (c) and submission requirements under paragraph (d), including requirements

(g) The attorney general or the commissioner may hold public listening sessions or

be impacted by the transaction.
(h) The attorney general or the commissioner may bring an action in district court to

in this subdivision.
Subd. 3. Prohibited transactions. No health care entity may enter into a transaction
that will:
(1) substantially lessen competition; or
(2) tend to create a monopoly or monopsony.
Subd. 4. Additional requirements for nonprofit health care entities. A health care
entity that is incorporated under chapter 317A or organized under section 322C.1101, or
that is a subsidiary of any such entity, must, before entering into a transaction, ensure that:
(1) the transaction complies with chapters 317A and 501B and other applicable laws;

9.1	(2) the transaction does not involve or constitute a breach of charitable trust;
9.2	(3) the nonprofit health care entity will receive full and fair value for its public benefit

9.9	benefit for which the assets are held by the nonprofit health care entity;
9.10	(6) the transaction will not result in a breach of fiduciary duty; and
9.11	(7) there are procedures and policies in place to prohibit any officer, director, trustee,
9.12	or other executive of the nonprofit health care entity from directly or indirectly benefiting
9.13	from the transaction.
9.14	Subd. 5. Attorney general enforcement and supplemental authority. (a) The attorney
9.15	general may bring an action in district court to enjoin or unwind a transaction or seek other
9.16	equitable relief necessary to protect the public interest if a health care entity or transaction
9.17	violates this section, if the transaction is contrary to the public interest, or if both a health
9.18	care entity or transaction violates this section and the transaction is contrary to the public
9.19	interest. Factors informing whether a transaction is contrary to the public interest include
9.20	but are not limited to whether the transaction:
9.21	(1) will harm public health;
9.22	(2) will reduce the affected community's continued access to affordable and quality care
9.23	and to the range of services historically provided by the entities or will prevent members
9.24	in the affected community from receiving a comparable or better patient experience;
9.25	(3) will have a detrimental impact on competing health care options within primary and

9.27	(4) will reduce delivery of health care to disadvantaged, uninsured, underinsured, and
