8.7	and secure the payment of, the extraordinary event bonds and financing costs authorized in
8.8	the financing order;
8.9	(5) authorize the utility to finance extraordinary event costs through the issuance of one
8.10	or more series of extraordinary event bonds. A utility is not required to secure a separate
8.11	financing order for each issuance of extraordinary event bonds or for each scheduled phase
8.12	of the replacement of natural gas facilities approved in the financing order;
8.13	(6) include a formula-based mechanism that must be used to make expeditious periodic
8.14	adjustments to the extraordinary event charge authorized by the financing order that are
8.15	necessary to correct for any overcollection or undercollection, or to otherwise guarantee
8.16	the timely payment of extraordinary event bonds, financing costs, and other required amounts
8.17	and charges payable in connection with extraordinary event bonds;
8.18	(7) specify the degree of flexibility afforded to the utility in establishing the terms and
8.19	conditions of the extraordinary event bonds, including but not limited to repayment schedules,
8.20	expected interest rates, and other financing costs;
8.21	(8) specify that the extraordinary event bonds must be issued as soon as feasible following
8.22	issuance of the financing order;
8.23	(9) require the utility, at the same time as extraordinary event charges are initially
8.24	collected and independent of the schedule to close and decommission the natural gas facility
8.25	replaced as the result of an extraordinary event, to remove the natural gas facility from the
8.26	utility's rate base and commensurately reduce the utility's base rates;
8.27	(10) specify a future ratemaking process to reconcile any difference between the projected
8.28	pretax costs included in the amount financed by extraordinary event bonds and the final
8.29	actual pretax costs incurred by the utility to retire or replace the natural gas facility;
8.30	(11) specify information regarding bond issuance and repayments, financing costs,
8.31	energy transaction charges, extraordinary event property, and related matters that the natural
8.32	gas utility is required to provide to the commission on a schedule determined by the
8.33	commission;

9.1	(12) allow and may require the creation of a utility's extraordinary event property to be
9.2	conditioned on, and occur simultaneously with, the sale or other transfer of the extraordinary
9.3	event property to an assignee and the pledge of the extraordinary event property to secure
9.4	the extraordinary event bonds;
9.5	(13) ensure that the structuring, marketing, and pricing of extraordinary event bonds
9.6	result in reasonable securitization bond charges and significant customer savings or rate
9.7	impact mitigation, consistent with market conditions and the terms of the financing order;
9.8	and
9.9	(14) specify that a utility financing the replacement of one or more natural gas facilities
9.10	after the natural gas facilities subject to the finance order are removed from the utility's rate
9.11	base is prohibited from:
9.12	(i) operating the natural gas facilities; or
9.13	(ii) selling the natural gas facilities to another entity to be operated as natural gas facilities.
9.14	(b) A financing order issued under this section may:
9.15	(1) include conditions different from those requested in the application that the
9.16	commission determines are necessary to:
9.17	(i) promote the public interest; and
9.18	(ii) maximize the financial benefits or minimize the financial risks of the transaction to
9.19	customers and to directly impacted Minnesota workers and communities; and
9.20	(2) specify the selection of one or more underwriters of the extraordinary event bonds.
9.21	Subd. 4. Duration; irrevocability; subsequent order. (a) A financing order remains
9.22	in effect until the extraordinary event bonds issued under the financing order and all financing
9.23	costs related to the bonds have been paid in full.
9.24	(b) A financing order remains in effect and unabated notwithstanding the bankruptcy,
9.25	reorganization, or insolvency of the utility to which the financing order applies or any
9.26	affiliate, successor, or assignee of the utility to which the financing order applies.
9.27	(c) Subject to judicial review under section 216B.52, a financing order is irrevocable
9.28	and is not reviewable by a future commission. The commission may not reduce, impair,
9.29	postpone, or terminate extraordinary event charges approved in a financing order, or impair
9.30	extraordinary event property or the collection or recovery of extraordinary event revenue.
9.31	(d) Notwithstanding paragraph (c), the commission may, on the commission's own
9.32	motion or at the request of a utility or any other person, commence a proceeding and issue

10.1	a subsequent financing order that provides for refinancing, retiring, or refunding extraordinary
10.2	event bonds issued under the original financing order if:
10.3	(1) the commission makes all of the findings specified in subdivision 2 with respect to
10.4	the subsequent financing order; and
10.5	(2) the modification contained in the subsequent financing order does not in any way
10.6	impair the covenants and terms of the extraordinary event bonds being refinanced, retired,
10.7	or refunded.
10.8	Subd. 5. Effect on commission jurisdiction. (a) Except as provided in paragraph (b),
10.9	the commission, in exercising the powers and carrying out the duties under this section, is
10.10	prohibited from:
10.11	(1) considering extraordinary event bonds issued under this section to be debt of the
10.12	utility other than for income tax purposes, unless it is necessary to consider the extraordinary
10.13	event bonds to be debt in order to achieve consistency with prevailing utility debt rating
10.14	methodologies;
10.15	(2) considering the extraordinary event charges paid under the financing order to be
10.16	revenue of the utility;
10.17	(3) considering the extraordinary event or financing costs specified in the financing
10.18	order to be the regulated costs or assets of the utility; or
10.19	(4) determining any prudent action taken by a utility that is consistent with the financing
10.20	order to be unjust or unreasonable.
10.21	(b) Nothing in this subdivision:
10.22	(1) affects the authority of the commission to apply or modify any billing mechanism
10.23	designed to recover extraordinary event charges;
10.24	(2) prevents or precludes the commission from investigating a utility's compliance with
10.25	the terms and conditions of a financing order and requiring compliance with the financing
10.26	order; or
10.27	(3) prevents or precludes the commission from imposing regulatory sanctions against a
10.28	utility for failure to comply with the terms and conditions of a financing order or the
10.29	requirements of this section.
10.30	(c) The commission is prohibited from refusing to allow a utility to recover any costs
10.31	associated with the replacement of natural gas facilities solely because the utility has elected

11.1	to finance the natural gas facility replacement through a financing mechanism other than
11.2	extraordinary event bonds.
11.3	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.
11.4	Sec. 3. [216B.493] POSTORDER COMMISSION DUTIES.
11.5	Subdivision 1. Financing cost review. Within 120 days after the date extraordinary
11.6	event bonds are issued, a utility subject to a financing order must file with the commission
11.7	the actual initial and ongoing financing costs, the final structure and pricing of the
11.8	extraordinary event bonds, and the actual extraordinary event charge. The commission must
11.9	review the prudence of the natural gas utility's actions to determine whether the actual
11.10	financing costs were the lowest that could reasonably be achieved given the terms of the
11.11	financing order and market conditions prevailing at the time of the bond's issuance.
11.12	Subd. 2. Enforcement. If the commission determines that a utility's actions under this
11.13	section are not prudent or are inconsistent with the financing order, the commission may
11.14	apply any remedies available, provided that any remedy applied may not directly or indirectly
11.15	impair the security for the extraordinary event bonds.
11.16	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.
11.17	Sec. 4. [216B.494] USE OF OUTSIDE EXPERTS.
11.18	(a) In carrying out the duties under this section, the commission may:
11.19	(1) contract with outside consultants and counsel experienced in securitized utility
11.20	customer-backed bond financing similar to extraordinary event bonds; and
11.21	(2) hire and compensate additional temporary staff as needed.
11.22	Expenses incurred by the commission under this paragraph must be treated as financing
11.23	costs and included in the extraordinary event charge. The costs incurred under clause (1)
11.24	are not an obligation of the state and are assigned solely to the transaction.
11.25	(b) If a utility's application for a financing order is denied or withdrawn for any reason
11.26	and extraordinary event bonds are not issued, the commission's costs to retain expert
11.27	consultants under this section must be paid by the applicant utility and are deemed to be
11.28	prudent deferred expenses eligible for recovery in the utility's future rates.
11.29	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.

12.1	Sec. 5. [216B.495] EXTRAORDINARY EVENT CHARGE; BILLING TREATMENT.
12.2	(a) A utility that obtains a financing order and causes extraordinary event bonds to be
12.3	issued must:
12.4	(1) include on each customer's monthly natural gas bill:
12.5	(i) a statement that a portion of the charges represents extraordinary event charges
12.6	approved in a financing order;
12.7	(ii) the amount and rate of the extraordinary event charge as a separate line item titled
12.8	"extraordinary event charge"; and
12.9	(iii) if extraordinary event property has been transferred to an assignee, a statement that
12.10	the assignee is the owner of the rights to extraordinary event charges and that the utility or
12.11	other entity, if applicable, is acting as a collection agent or servicer for the assignee; and
12.12	(2) file annually with the commission:
12.13	(i) a calculation of the impact of financing the retirement or replacement of natural gas
12.14	facilities on customer rates, itemized by customer class; and
12.15	(ii) evidence demonstrating that extraordinary event revenues are applied solely to the
12.16	repayment of extraordinary event bonds and other financing costs.
12.17	(b) Extraordinary event charges are nonbypassable and must be paid by all existing and
12.18	future customers receiving service from the utility or the utility's successors or assignees
12.19	under commission-approved rate schedules or special contracts.
12.20	(c) A utility's failure to comply with this section does not invalidate, impair, or affect
12.21	any financing order, extraordinary event property, extraordinary event charge, or
12.22	extraordinary event bonds, but does subject the utility to penalties under applicable
12.23	commission rules.
12.24	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.
12.25	Sec. 6. [216B.496] EXTRAORDINARY EVENT PROPERTY.
12.26	Subdivision 1. General. (a) Extraordinary event property is an existing present property
12.27	right or interest in a property right, even though the imposition and collection of extraordinary
12.28	event charges depend on the utility collecting extraordinary event charges and on future
12.29	natural gas consumption. The property right or interest exists regardless of whether the
12.30	revenues or proceeds arising from the extraordinary event property have been billed, have
12.31	accrued, or have been collected.

RSI/KA

- (b) Extraordinary event property exists until all extraordinary event bonds issued under 13.1 a financing order are paid in full and all financing costs and other costs of the extraordinary 13.2 13.3 event bonds have been recovered in full. (c) All or any portion of extraordinary event property described in a financing order 13.4 issued to a utility may be transferred, sold, conveyed, or assigned to a successor or assignee 13.5 that is wholly owned, directly or indirectly, by the utility and is created for the limited 13.6 purpose of acquiring, owning, or administering extraordinary event property or issuing 13.7 extraordinary event bonds authorized by the financing order. All or any portion of 13.8 extraordinary event property may be pledged to secure extraordinary event bonds issued 13.9 under a financing order, amounts payable to financing parties and to counterparties under 13.10 any ancillary agreements, and other financing costs. Each transfer, sale, conveyance, 13.11 assignment, or pledge by a utility or an affiliate of extraordinary event property is a 13.12 transaction in the ordinary course of business. 13.13 (d) If a utility defaults on any required payment of charges arising from extraordinary 13.14 event property described in a financing order, a court, upon petition by an interested party 13.15 and without limiting any other remedies available to the petitioner, must order the 13.16 sequestration and payment of the revenues arising from the extraordinary event property to 13.17 the financing parties. 13.18 (e) The interest of a transferee, purchaser, acquirer, assignee, or pledgee in extraordinary 13.19 event property specified in a financing order issued to a utility, and in the revenue and 13.20 collections arising from the property, is not subject to setoff, counterclaim, surcharge, or 13.21 defense by the utility or any other person, or in connection with the reorganization, 13.22 bankruptcy, or other insolvency of the utility or any other entity. 13.23 (f) A successor to a utility, whether resulting from a reorganization, bankruptcy, or other 13.24 13.25 insolvency proceeding; merger or acquisition; sale; other business combination; transfer by 13.26 operation of law; utility restructuring; or otherwise, must perform and satisfy all obligations of, and has the same duties and rights under, a financing order as the utility to which the 13.27 financing order applies. A successor to a utility must perform the duties and exercise the 13.28 rights in the same manner and to the same extent as the utility, including collecting and 13.29 paying to any person entitled to receive revenues, collections, payments, or proceeds of 13.30 extraordinary event property. 13.31 Subd. 2. Security interests in extraordinary event property. (a) The creation, 13.32
- 13.33 perfection, and enforcement of any security interest in extraordinary event property to secure

14.1	the repayment of the principal and interest on extraordinary event bonds, amounts payable
14.2	under any ancillary agreement, and other financing costs are governed solely by this section.
14.3	(b) A security interest in extraordinary event property is created, valid, and binding
14.4	when:
14.5	(1) the financing order that describes the extraordinary event property is issued;
14.6	(2) a security agreement is executed and delivered; and
14.7	(3) value is received for the extraordinary event bonds.
14.8	(c) Once a security interest in extraordinary event property is created, the security interest
14.9	attaches without any physical delivery of collateral or any other act. The lien of the security
14.10	interest is valid, binding, and perfected against all parties having claims of any kind in tort,
14.11	contract, or otherwise against the person granting the security interest, regardless of whether
14.12	the parties have notice of the lien, upon the filing of a financing statement with the secretary
14.13	of state.
14.14	(d) The description or indication of extraordinary event property in a transfer or security
14.15	agreement and a financing statement is sufficient only if the description or indication refers
14.16	to this section and the financing order creating the extraordinary event property.
14.17	(e) A security interest in extraordinary event property is a continuously perfected security
14.18	interest and has priority over any other lien, created by operation of law or otherwise, which
14.19	may subsequently attach to the extraordinary event property unless the holder of the security
14.20	interest has agreed otherwise in writing.
14.21	(f) The priority of a security interest in extraordinary event property is not affected by
14.22	the commingling of extraordinary event property or extraordinary event revenue with other
14.23	money. An assignee, bondholder, or financing party has a perfected security interest in the
14.24	amount of all extraordinary event property or extraordinary event revenue that is pledged
14.25	to pay extraordinary event bonds, even if the extraordinary event property or extraordinary
14.26	event revenue is deposited in a cash or deposit account of the utility in which the
14.27	extraordinary event revenue is commingled with other money. Any other security interest
14.28	that applies to the other money does not apply to the extraordinary event revenue.
14.29	(g) Neither a subsequent commission order amending a financing order under section
14.30	216B.492, subdivision 4, nor application of an adjustment mechanism authorized by a
14.31	financing order under section 216B.492, subdivision 3, affects the validity, perfection, or
14.32	priority of a security interest in or transfer of extraordinary event property.

RSI/KA

15.1	(h) A valid and enforceable security interest in extraordinary event property is perfected
15.2	only when the security interest has attached and when a financing order has been filed with
15.3	the secretary of state in accordance with procedures established by the secretary of state.
15.4	The financing order must name the pledgor of the extraordinary event property as debtor
15.5	and identify the property.
15.6	Subd. 3. Sales of extraordinary event property. (a) A sale, assignment, or transfer of
15.7	extraordinary event property is an absolute transfer and true sale of, and not a pledge of or
15.8	secured transaction relating to, the seller's right, title, and interest in, to, and under the
15.9	extraordinary event property if the documents governing the transaction expressly state that
15.10	the transaction is a sale or other absolute transfer. A transfer of an interest in extraordinary
15.11	event property may be created when:
15.12	(1) the financing order creating and describing the extraordinary event property is
15.13	effective;
15.14	(2) the documents evidencing the transfer of the extraordinary event property are executed
15.15	and delivered to the assignee; and
15.16	(3) value is received.
15.17	(b) A transfer of an interest in extraordinary event property must be filed with the
15.18	secretary of state against all third persons and perfected under sections 336.3-301 to
15.19	336.3-312, including any judicial lien or other lien creditors or any claims of the seller or
15.20	creditors of the seller, other than creditors holding a prior security interest, ownership
15.21	interest, or assignment in the extraordinary event property previously perfected under this
15.22	subdivision or subdivision 2.
15.23	(c) The characterization of a sale, assignment, or transfer as an absolute transfer and
15.24	true sale, and the corresponding characterization of the property interest of the assignee, is
15.25	not affected or impaired by:
15.26	(1) commingling of extraordinary event revenue with other money;
15.27	(2) the retention by the seller of:
15.28	(i) a partial or residual interest, including an equity interest, in the extraordinary event
15.29	property, whether direct or indirect, or whether subordinate or otherwise; or
15.30	(ii) the right to recover costs associated with taxes, franchise fees, or license fees imposed
15.31	on the collection of extraordinary event revenue;
15.32	(3) any recourse that the purchaser may have against the seller;
