(b) In one- and two-family dwellings and townhouses, as defined in Minnesota Rules,
part 1309.0202, subpart 1, window fall prevention devices are not required when: (1) the

10.29 Sec. 6. Minnesota Statutes 2020, section 462A.05, subdivision 14, is amended to read:

10.30 Subd. 14. **Rehabilitation loans.** It may agree to purchase, make, or otherwise participate 10.31 in the making, and may enter into commitments for the purchase, making, or participation 10.32 in the making, of eligible loans for rehabilitation, with terms and conditions as the agency

deems advisable, to persons and families of low and moderate income, and to owners of 11.1 existing residential housing for occupancy by such persons and families, for the rehabilitation 11.2 of existing residential housing owned by them. The loans may be insured or uninsured and 11.3 may be made with security, or may be unsecured, as the agency deems advisable. The loans 11.4 may be in addition to or in combination with long-term eligible mortgage loans under 11.5 subdivision 3. They may be made in amounts sufficient to refinance existing indebtedness 11.6 secured by the property, if refinancing is determined by the agency to be necessary to permit 11.7 11.8 the owner to meet the owner's housing cost without expending an unreasonable portion of the owner's income thereon. No loan for rehabilitation shall be made unless the agency 11.9 determines that the loan will be used primarily to make the housing more desirable to live 11.10 in, to increase the market value of the housing, for compliance with state, county or municipal 11.11 building, housing maintenance, fire, health or similar codes and standards applicable to 11.12 11.13 housing, or to accomplish energy conservation related improvements. In unincorporated areas and municipalities not having codes and standards, the agency may, solely for the 11.14 purpose of administering the provisions of this chapter, establish codes and standards. Except 11.15 for accessibility improvements under this subdivision and subdivisions 14a and 24, clause 11.16 (1), no secured loan for rehabilitation of any owner-occupied property shall be made in an 11.17 amount which, with all other existing indebtedness secured by the property, would exceed 11.18 110 percent of its market value, as determined by the agency. No loan under this subdivision 11.19 for the rehabilitation of owner-occupied housing shall be denied solely because the loan 11.20 will not be used for placing the owner-occupied residential housing in full compliance with 11.21 11.22 all state, county, or municipal building, housing maintenance, fire, health, or similar codes and standards applicable to housing. Rehabilitation loans shall be made only when the 11.23 agency determines that financing is not otherwise available, in whole or in part, from private 11.24 lenders upon equivalent terms and conditions. Accessibility rehabilitation loans authorized 11.25 under this subdivision may be made to eligible persons and families without limitations 11.26 relating to the maximum incomes of the borrowers if: 11.27

The amount of any loan 12.15 shall not exceed the lesser of (a) a maximum loan amount determined under rules adopted 12.16 by the agency not to exceed \$27,000 \$37,500, or (b) the actual cost of the work performed, 12.17 or (c) that portion of the cost of rehabilitation which the agency determines cannot otherwise 12.18 12.19 be paid by the person or family without the expenditure of an unreasonable portion of the income of the person or family. Loans made in whole or in part with federal funds may 12.20 exceed the maximum loan amount to the extent necessary to comply with federal lead 12.21 abatement requirements prescribed by the funding source. In making loans, the agency shall 12.22 determine the circumstances under which and the terms and conditions under which all or 12.23 12.24 any portion of the loan will be repaid and shall determine the appropriate security for the repayment of the loan. 23.32	Subd. 8. M	anufactured hon	nes; sectiona	l structures. (a) In this section	on, "manufactured

23.33 home" means a structure transportable in one or more sections, which is built on a permanent

chassis, and designed to be used as a dwelling with or without a permanent foundation when
connected to the required utilities, and contains the plumbing, heating, air conditioning, and
electrical systems in it. Manufactured home includes any accessory structure that is an
addition or supplement to the manufactured home and, when installed, becomes a part of
the manufactured home.

(b) Except as provided in paragraph (c), a manufactured home that meets each of the
following criteria must be valued and assessed as an improvement to real property, the
appropriate real property classification applies, and the valuation is subject to review and
the taxes payable in the manner provided for real property:

(1) the owner of the unit holds title to the land on which it is situated is held by: (i) the
owner of the unit; or (ii) a Minnesota nonprofit corporation or a Minnesota cooperative to
which the owner is a member;

(2) the unit is affixed to the land by a permanent foundation or is installed at its location
in accordance with the Manufactured Home Building Code in sections 327.31 to 327.34,
and rules adopted under those sections, or is affixed to the land like other real property in
the taxing district; and

24.17 (3) the unit is connected to public utilities, has a well and septic tank system, or is serviced
24.18 by water and sewer facilities comparable to other real property in the taxing district.

(c) A manufactured home that meets each of the following criteria must be assessed at
the rate provided by the appropriate real property classification but must be treated as
personal property, and the valuation is subject to review and the taxes payable in the manner
provided in this section:

(1) the owner of the unit is a lessee of the land under the terms of a lease, or the unit is
located in a manufactured home park but is not the homestead of the park owner;

(2) the unit is affixed to the land by a permanent foundation or is installed at its location
in accordance with the Manufactured Home Building Code contained in sections 327.31 to
327.34, and the rules adopted under those sections, or is affixed to the land like other real
property in the taxing district; and

(3) the unit is connected to public utilities, has a well and septic tank system, or is serviced
by water and sewer facilities comparable to other real property in the taxing district.

(d) Sectional structures must be valued and assessed as an improvement to real property
if the owner of the structure holds title to the land on which it is located or is a qualifying
lessee of the land under section 273.19. In this paragraph "sectional structure" means a

building or structural unit that has been in whole or substantial part manufactured or 25.1 constructed at an off-site location to be wholly or partially assembled on site alone or with 25.2

25.3 other units and attached to a permanent foundation.

(e) The commissioner of revenue may adopt rules under the Administrative Procedure 25.4 Act to establish additional criteria for the classification of manufactured homes and sectional 25.5 structures under this subdivision. 25.6

(f) A storage shed, deck, or similar improvement constructed on property that is leased 25.7 or rented as a site for a manufactured home, sectional structure, park trailer, or travel trailer 25.8 is taxable as provided in this section. In the case of property that is leased or rented as a site 25.9 25.10 for a travel trailer, a storage shed, deck, or similar improvement on the site that is considered personal property under this paragraph is taxable only if its total estimated market value is 25.11 over \$10,000. The property is taxable as personal property to the lessee of the site if it is 25.12 not owned by the owner of the site. The property is taxable as real estate if it is owned by 25.13 the owner of the site. As a condition of permitting the owner of the manufactured home, 25.14 sectional structure, park trailer, or travel trailer to construct improvements on the leased or 25.15 rented site, the owner of the site must obtain the permanent home address of the lessee or 25.16 user of the site. The site owner must provide the name and address to the assessor upon 25.17 25.18 request.

Subd. 2. **Perfected security interest prevents surrender.** The department may not cancel a certificate of title if, under this chapter, a security interest has been perfected on the manufactured home. If a security interest has been perfected, the department must notify the owner that each secured party must release or satisfy the security interest prior to proceeding with surrender of the manufacturer's certificate of origin or certificate of title to the department for cancellation. Permanent attachment to real property or the recording of an affidavit of affixation does not extinguish an otherwise valid security interest in or tax lien on the manufactured home, unless the requirements of section 168A.141, subdivisions 1, 1a, and 2, including the release of any security interest, have been satisfied.

Subd. 3. **Notice of security interest.** When a perfected security interest exists, or will exist, on the manufactured home at the time the manufactured home is affixed to real property, and the owner has not satisfied the requirements of section 168A.141, subdivision 1, the owner of the manufactured home, or its secured party, may record a notice with the county recorder, or with the registrar of titles, if the land is registered, stating that the manufactured home located on the property is encumbered by a perfected security interest and is not an improvement to real property. The notice must state the name and address of the secured party as set forth on the certificate of title, the legal

description of the real property, and the name and address of the record fee owner of the real property on which the manufactured home is affixed. When the security interest is released or satisfied, the secured party must attach a copy of the release or satisfaction to a notice executed by the secured party containing the county recorder or registrar of titles document number of the notice of security interest. The notice of release or satisfaction must be recorded with the county recorder, or registrar of titles, if the land is registered. Neither the notice described in this subdivision nor the security interest on the certificate of title is deemed to be an encumbrance on the real property. The notices provided for in this subdivision need not be acknowledged.
