Section 1. Minnesota Statutes 2012, section 13.04, subdivision 3, is amended to read:

Subd. 3. **Access to data by individual.** (a) Upon request to a responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. 2.1 (c) The responsible authority or designee shall comply immediately, if possible, with
 2.2 any request made pursuant to this subdivision, or within ten days of the date of the request,

2.5 Subd. 5. **Data protection.** (a) The responsible authority shall:

2.8 (2) establish appropriate security safeguards for all records containing data on
 2.9 individuals, including procedures for ensuring that data that are not public are only
 2.10 accessible to persons whose work assignment reasonably requires access to the data, and
 2.11 is only being accessed by those persons for purposes described in the procedure; and

2.12 (3) develop a policy incorporating these procedures, which may include a model
 2.13 policy governing access to the data if sharing of the data with other government entities is
 2.14 authorized by law.

2.15 (b) When not public data is being disposed of, the data must be destroyed in a way
 2.16 that prevents its contents from being determined.

2.18 **13.055 STATE AGENCIES; DISCLOSURE OF BREACH IN SECURITY;**
 2.19 **NOTIFICATION AND INVESTIGATION REPORT REQUIRED.**

2.20 Subdivision 1. **Definitions.** For purposes of this section, the following terms have

 2.26 the ~~state agency~~ entity is not a breach of the security of the data, if the government data
 2.27 is not provided to or viewable by an unauthorized person, or accessed for a purpose not
 2.28 described in the procedures required by section 13.05, subdivision 5. For purposes of this
 2.29 paragraph, data maintained by a government entity includes data maintained by a person

 2.31 to the data by an employee, contractor, or agent of the government entity.

2.32 (b) "Contact information" means either name and mailing address or name and

3.5 ~~permission or~~ without a work assignment that reasonably requires ~~the person to have~~

3.12 individual who is the subject of the data and whose private or confidential data was, or is
3.13 reasonably believed to have been, acquired by an unauthorized person and must inform
3.14 the individual that a report will be prepared under paragraph (b), how the individual may
3.15 obtain access to the report, and that the individual may request delivery of the report by
3.16 mail or e-mail. The disclosure must be made in the most expedient time possible and
3.17 without unreasonable delay, consistent with (1) the legitimate needs of a law enforcement
3.18 agency as provided in subdivision 3; or (2) any measures necessary to determine the scope
3.19 of the breach and restore the reasonable security of the data.

3.20 (b) Upon completion of an investigation into any breach in the security of data, the
3.21 responsible authority shall prepare a report on the facts and results of the investigation.
