1.16 **ARTICLE 1**

1.17 **PREMIUM SUBSIDY PROGRAM**

1.18 Section 1. **DEFINITIONS.**

1.19 Subdivision 1. **Scope.** For purposes of sections 1 to 6, the following terms have the

1.20 meanings given.

1.21 Subd. 2. **Commissioner.** "Commissioner" means the commissioner of Minnesota

1.22 Management and Budget.

1.23 Subd. 3. **Eligible individual.** "Eligible individual" means a Minnesota resident who:

1.24 (1) is not receiving a premium tax credit under Code of Federal Regulations, title 26,

1.25 section 1.36B-2, as of the date their coverage is effectuated;

2.1 (2) is not enrolled in public program coverage under Minnesota Statutes, section
2.2 256B.055, or 256L.04; and

2.3 (3) purchased an individual health plan from a health carrier in the individual market.

2.4 Subd. 4. **Gross premium.** "Gross premium" means the amount billed for a health plan
2.5 purchased by an eligible individual prior to a premium subsidy in a calendar year.

2.6 Subd. 5. **Health carrier.** "Health carrier" has the meaning given in Minnesota Statutes,
2.7 section 62A.011, subdivision 2.

2.8 Subd. 6. **Individual health plan.** "Individual health plan" has the meaning given in
2.9 Minnesota Statutes, section 62A.011, subdivision 4.

2.10 Subd. 7. **Individual market.** "Individual market" has the meaning given in Minnesota
2.11 Statutes, section 62A.011, subdivision 5.

2.12 Subd. 8. **Net premium.** "Net premium" means the gross premium less the premium
2.13 subsidy.

2.14 Subd. 9. **Premium subsidy.** "Premium subsidy":

2.15 (1) is a payment made on behalf of eligible individuals for the promotion of general
2.16 welfare, and is not compensation for any services;

2.17 (2) is equal to 25 percent of the monthly gross premium otherwise paid by or on behalf
2.18 of the eligible individual for coverage purchased in the individual market, that covers the
2.19 eligible individual and the eligible individual's spouse and dependents, or the percentage
2.20 established by the commissioner under section 2, subdivision 3, paragraph (c); and

2.21 (3) is excluded from any calculation used to determine eligibility within any of the
2.22 Department of Human Services programs.

2.23 Sec. 2. **PAYMENT TO HEALTH CARRIERS ON BEHALF OF ELIGIBLE**
2.24 **INDIVIDUALS.**

2.25 Subdivision 1. **Program established.** The commissioner of Minnesota Management
2.26 and Budget, in consultation with the commissioner of commerce and the commissioner of
2.27 human services, shall establish and administer the premium subsidy program authorized by
2.28 this act, to help eligible individuals pay for coverage in the individual market in 2017.

2.29 Subd. 2. **Premium subsidy provided.** As soon as practicable, but no later than April
2.30 30, 2017, health carriers shall begin paying a premium subsidy to each eligible individual
2.31 who purchases a health plan in the individual market, for all the months for which the net

3.1 premium is paid. An eligible individual shall pay the net premium amount to the health
3.2 carrier.

3.3 Subd. 3. **Payments to health carriers.** (a) The commissioner shall make payments to
3.4 health carriers on behalf of eligible individuals effectuating coverage for calendar year 2017,
3.5 for the months in that year for which the individual has paid the net premium amount to the
3.6 health carrier. Payments to health carriers shall be based on the premium subsidy available
3.7 to eligible individuals in the individual market, regardless of the cost of coverage purchased.
3.8 The commissioner shall not withhold payments because a health carrier cannot prove an
3.9 enrollee is an eligible individual.

3.10 (b) Health carriers seeking reimbursement from the commissioner must submit an invoice
3.11 and supporting information to the commissioner, using a form developed by the
3.12 commissioner, in order to be eligible for payment. The commissioner shall finalize the form
3.13 by March 1, 2017.

3.14 (c) Total state payments to health carriers must be made within the limits of the available
3.15 appropriation. The commissioner shall reimburse health carriers at the full requested amount
3.16 up to the level of the appropriation. The commissioner, by July 15, 2017, shall determine
3.17 whether the available appropriation will be sufficient to provide premium subsidies equal
3.18 to 25 percent of the gross premium for the period September 1, 2017, through December
3.19 31, 2017. If the commissioner determines that the available appropriation is not sufficient,
3.20 the commissioner shall reduce the premium subsidy percentage, beginning September 1,
3.21 2017, through the remainder of the calendar year, by an amount sufficient to ensure that the
3.22 total amount of premium subsidies provided for the calendar year does not exceed the
3.23 available appropriation. The commissioner shall notify health carriers of any reduced
3.24 premium subsidy percentage within five days of making a determination. Health carriers
3.25 shall provide enrollees with at least 30 days' notice of any reduction in the premium subsidy
3.26 percentage.

3.27 (d) The commissioner shall consider health carriers as vendors under Minnesota Statutes,
3.28 section 16A.124, subdivision 3, and each monthly invoice shall represent the completed
3.29 delivery of the service.

3.30 Subd. 4. **Data practices.** (a) The definitions in Minnesota Statutes, section 13.02, apply
3.31 to this subdivision.

3.32 (b) Government data on an enrollee or health carrier under this section are private data
3.33 on individuals or nonpublic data, except that the total reimbursement requested by a health
3.34 carrier and the total state payment to the health carrier are public data.

4.1 (c) Notwithstanding Minnesota Statutes, section 138.17, government data on an enrollee
4.2 or health carrier under this section must be destroyed by June 30, 2018, or upon completion
4.3 by the legislative auditor of the audits required by section 3, whichever is later.

4.4 **Sec. 3. AUDITS.**

4.5 (a) The legislative auditor shall conduct audits of the health carriers' supporting data, as
4.6 prescribed by the commissioner, to determine whether payments align with criteria
4.7 established in sections 1 and 2. The commissioner of human services shall provide data as
4.8 necessary to the legislative auditor to complete the audit. The commissioner shall withhold
4.9 or charge back payments to the health carriers to the extent they do not align with the criteria
4.10 established in sections 1 and 2, as determined by the audit.

4.11 (b) The legislative auditor shall audit the extent to which health carriers provided premium
4.12 subsidies to persons meeting the residency and other eligibility requirements specified in
4.13 section 1, subdivision 3. The legislative auditor shall report to the commissioner the amount
4.14 of premium subsidies provided by each health carrier to persons not eligible for a premium
4.15 subsidy. The commissioner, in consultation with the commissioners of commerce and health,
4.16 shall develop and implement a process to recover from health carriers the amount of premium
4.17 subsidies received for enrollees determined to be ineligible for premium subsidies by the
4.18 legislative auditor. The legislative auditor, when conducting the required audit, and the
4.19 commissioner, when determining the amount of premium subsidy to be recovered, may
4.20 take into account the extent to which a health carrier makes use of the Minnesota eligibility
4.21 system, as defined in Minnesota Statutes, section 62V.055, subdivision 1.

4.22 **Sec. 4. APPLICABILITY OF GROSS PREMIUM.**

4.23 Notwithstanding premium subsidies provided under section 2, the premium base for
4.24 calculating the amount of any applicable premium taxes under Minnesota Statutes, chapter
4.25 297I, shall be the gross premium for health plans purchased by eligible individuals in the
4.26 individual market.

4.27 **Sec. 5. SUNSET.**

4.28 This article sunsets June 30, 2018.

4.29 **Sec. 6. TRANSFER.**

4.31 Minnesota Statutes, section 16A.152, subdivision 1a, to the general fund.

11.25 and an aggregate attachment point not lower than 110 percent of expected claims, issued
11.26 by an insurance company licensed in Minnesota;

11.27 (3) establish a reserve fund, certified by an actuary to be sufficient to cover unpaid claim
11.28 liability for incurred but not reported liabilities in the event of plan termination. Certification
11.29 from the actuary must include all maximum funding requirements for plan fixed cost
11.30 requirements and current claims liability requirements, and must include a calculation of
11.31 the reserve levels needed to fund all incurred but not reported liabilities in the event of
11.32 member or plan termination. These reserve funds must be held in a trust;

12.1 (4) be governed by a board elected by agricultural cooperative members that participate
12.2 in the plan;

12.3 (5) contract for services with a service plan administrator; and

12.4 (6) satisfy the requirements of the Employee Retirement Income Security Act that apply
12.5 to employee welfare benefit plans.

12.6 Subd. 4. **Submission of documents to commissioner of commerce.** A joint
12.7 self-insurance plan operating under this section must submit to the commissioner of
12.8 commerce copies of all filings and reports that are submitted to the United States Department
12.9 of Labor according to the Employee Retirement Income Security Act. Members participating
12.10 in the joint self-insurance plan may designate an agricultural cooperative that establishes
12.11 the plan as the entity responsible for satisfying the reporting requirements of the Employee
12.12 Retirement Income Security Act and for providing copies of these filings and reports to the
12.13 commissioner of commerce.

12.14 Subd. 5. **Participation; termination of participation.** If a member chooses to participate
12.15 in a joint self-insurance plan under this section, the member must participate in the plan for
12.16 at least three consecutive years. If a member terminates participation in the plan before the
12.17 end of the three-year period, a financial penalty may be assessed under the plan, not to
12.18 exceed the amount contributed by the member to the plan reserves.

12.19 Subd. 6. **Single risk pool.** The enrollees of a joint self-insurance plan operating under
12.20 this section shall be members of a single risk pool. The plan shall provide benefits as a
12.21 single, self-insured plan with the size of the plan based on the total enrollees in the risk
12.22 pool.

12.23 Subd. 7. **Promotion, marketing, sale of coverage.** (a) Coverage in a joint self-insurance
12.24 plan operating under this section may be promoted, marketed, and sold by insurance agents
12.25 and brokers to members of the agricultural cooperative sponsoring the plan and their
12.26 dependents, employees of members of the agricultural cooperative sponsoring the plan and
12.27 their dependents, and employees of the agricultural cooperative sponsoring the plan and
12.28 their dependents.

12.29 (b) Coverage in a joint self-insurance plan operating under this section may be promoted
12.30 and marketed by a cooperative organized under chapter 308A or 308B to persons who may
12.31 be eligible to participate in the joint self-insurance plan.

12.32 Subd. 8. **Taxation.** Joint self-insurance plans are exempt from the taxation imposed
12.33 under section 297I.05, subdivision 12.

13.1 Subd. 9. **Compliance with other laws.** A joint self-insurance plan operating under this
13.2 section:

13.3 (1) is exempt from providing the mandated health benefits in chapters 62A and 62Q, if
13.4 the plan otherwise provides the benefits required under the Employee Retirement Income
13.5 Security Act;

13.6 (2) is exempt from the continuation requirements in sections 62A.146, 62A.16, 62A.17,
13.7 62A.20, and 62A.21, if the plan complies with the continuation requirements under the
13.8 Employee Retirement Income Security Act; and

13.9 (3) must comply with all requirements of the Affordable Care Act, as defined in section
13.10 62A.011, subdivision 1a, to the extent that they apply to such plans.

13.11 **EFFECTIVE DATE.** This section is effective the day following final enactment.

13.12 Sec. 11. Minnesota Statutes 2016, section 62K.10, is amended by adding a subdivision to
13.13 read:

13.14 Subd. 5a. **Appeal of waiver of network adequacy requirements.** (a) If a health carrier
13.15 receives a waiver under subdivision 5 applicable to a health plan's provider network, a
13.16 provider who is in the service area served by the health plan and who is aggrieved by the
13.17 issuance of the waiver may appeal the commissioner's decision using the contested case
13.18 procedures in sections 14.57 to 14.62. A contested case proceeding must be initiated within
13.19 60 days after the date on which the commissioner grants a waiver, except that a proceeding
13.20 regarding a waiver in effect as of January 1, 2017, must be initiated within 60 days after
13.21 the effective date of this subdivision. The commissioner must provide timely notice of an
13.22 appeal under this subdivision to the health carrier that received the waiver that is subject to
13.23 the appeal. After considering the appeal, the administrative law judge must either uphold
13.24 or nullify the waiver of network adequacy requirements. The prevailing party in the contested
13.25 case proceeding may seek an award of expenses and fees from the nonprevailing party by
13.26 applying to the administrative law judge using the procedure in section 15.472, paragraph
13.27 (b). The administrative law judge shall award fees and expenses to the prevailing party if
13.28 the administrative law judge finds that the position of the nonprevailing party was not
13.29 substantially justified. For purposes of this paragraph, "substantially justified" has the
13.30 meaning given in section 15.471, subdivision 8.

13.31 (b) The decision of the administrative law judge constitutes the final decision regarding
13.32 the waiver. A party aggrieved by the administrative law judge's decision may seek judicial
13.33 review of the decision as provided in chapter 14. If the waiver is nullified and no judicial

14.1 review is sought, the health carrier must comply with the network adequacy requirements
14.2 in subdivisions 2, 3, and 4, within 30 days after the deadline for seeking judicial review in
14.3 section 14.63.

14.4 (c) This subdivision expires December 31, 2018.

14.5 **EFFECTIVE DATE.** This section is effective the day following final enactment, and
14.6 applies to network adequacy waivers in effect on or after January 1, 2017.

14.7 Sec. 12. Minnesota Statutes 2016, section 62L.12, subdivision 2, is amended to read:

14.8 Subd. 2. **Exceptions.** (a) A health carrier may renew individual conversion policies to
14.9 eligible employees otherwise eligible for conversion coverage under section 62D.104 as a
14.10 result of leaving a health maintenance organization's service area.

14.11 (b) A health carrier may renew individual conversion policies to eligible employees
14.12 otherwise eligible for conversion coverage as a result of the expiration of any continuation
14.13 of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101,
14.14 and 62D.105.

14.15 (c) A health carrier may renew conversion policies to eligible employees.

14.16 (d) A health carrier may sell, issue, or renew individual continuation policies to eligible
14.17 employees as required.

14.18 (e) A health carrier may sell, issue, or renew individual health plans if the coverage is
14.19 appropriate due to an unexpired preexisting condition limitation or exclusion applicable to
14.20 the person under the employer's group health plan or due to the person's need for health
14.21 care services not covered under the employer's group health plan.

14.22 (f) A health carrier may sell, issue, or renew an individual health plan, if the individual
14.23 has elected to buy the individual health plan not as part of a general plan to substitute
14.24 individual health plans for a group health plan nor as a result of any violation of subdivision
14.25 3 or 4.

14.26 (g) A health carrier may sell, issue, or renew an individual health plan if coverage
14.27 provided by the employer is determined to be unaffordable under the provisions of the
14.28 Affordable Care Act as defined in section 62A.011, subdivision 1a.

14.29 (h) Nothing in this subdivision relieves a health carrier of any obligation to provide
14.30 continuation or conversion coverage otherwise required under federal or state law.

14.31 (i) Nothing in this chapter restricts the offer, sale, issuance, or renewal of coverage issued
14.32 as a supplement to Medicare under sections 62A.3099 to 62A.44, or policies or contracts

15.1 that supplement Medicare issued by health maintenance organizations, or those contracts
15.2 governed by sections 1833, 1851 to 1859, 1860D, or 1876 of the federal Social Security
15.3 Act, United States Code, title 42, section 1395 et seq., as amended.

15.4 (j) Nothing in this chapter restricts the offer, sale, issuance, or renewal of individual
15.5 health plans necessary to comply with a court order.

15.6 (k) A health carrier may offer, issue, sell, or renew an individual health plan to persons
15.7 eligible for an employer group health plan, if the individual health plan is a high deductible
15.8 health plan for use in connection with an existing health savings account, in compliance
15.9 with the Internal Revenue Code, section 223. In that situation, the same or a different health
15.10 carrier may offer, issue, sell, or renew a group health plan to cover the other eligible
15.11 employees in the group.

15.12 (l) A health carrier may offer, sell, issue, or renew an individual health plan to one or
15.13 more employees of a small employer if the individual health plan is marketed directly to
15.14 all employees of the small employer and the small employer does not contribute directly or
15.15 indirectly to the premiums or facilitate the administration of the individual health plan. The
15.16 requirement to market an individual health plan to all employees does not require the health
15.17 carrier to offer or issue an individual health plan to any employee. For purposes of this
15.18 paragraph, an employer is not contributing to the premiums or facilitating the administration
15.19 of the individual health plan if the employer does not contribute to the premium and merely
15.20 collects the premiums from an employee's wages or salary through payroll deductions and
15.21 submits payment for the premiums of one or more employees in a lump sum to the health
15.22 carrier. Except for coverage under section 62A.65, subdivision 5, paragraph (b), at the
15.23 request of an employee, the health carrier may bill the employer for the premiums payable
15.24 by the employee, provided that the employer is not liable for payment except from payroll
15.25 deductions for that purpose. If an employer is submitting payments under this paragraph,
15.26 the health carrier shall provide a cancellation notice directly to the primary insured at least
15.27 ten days prior to termination of coverage for nonpayment of premium. Individual coverage
15.28 under this paragraph may be offered only if the small employer has not provided coverage
15.29 under section 62L.03 to the employees within the past 12 months.

15.30 (m) A health carrier may offer, sell, issue, or renew an individual health plan to one or
15.31 more employees of a small employer if the small employer, eligible employee, and individual
15.32 health plan are in compliance with the 21st Century Cures Act, Public Law 114-255, section
15.33 18001.

15.34 **EFFECTIVE DATE.** This section is effective the day following final enactment.

16.1 Sec. 13. [62Q.556] UNAUTHORIZED PROVIDER SERVICES.

16.2 Subdivision 1. Unauthorized provider services. (a) Except as provided in paragraph
16.3 (c), unauthorized provider services occur when an enrollee receives services:

16.4 (1) from a nonparticipating provider at a participating hospital or ambulatory surgical
16.5 center, when the services are rendered:

16.6 (i) due to the unavailability of a participating provider;

16.7 (ii) by a nonparticipating provider without the enrollee's knowledge; or

16.8 (iii) due to the need for unforeseen services arising at the time the services are being
16.9 rendered; or

16.10 (2) from a participating provider that sends a specimen taken from the enrollee in the
16.11 participating provider's practice setting to a nonparticipating laboratory, pathologist, or other
16.12 medical testing facility.

16.13 (b) Unauthorized provider services do not include emergency services as defined in
16.14 section 62Q.55, subdivision 3.

16.15 (c) The services described in paragraph (a), clause (2), are not unauthorized provider
16.16 services if the enrollee gives advance written consent to the provider acknowledging that
16.17 the use of a provider, or the services to be rendered, may result in costs not covered by the
16.18 health plan.

16.19 Subd. 2. Prohibition. (a) An enrollee's financial responsibility for the unauthorized
16.20 provider services shall be the same cost-sharing requirements, including co-payments,
16.21 deductibles, coinsurance, coverage restrictions, and coverage limitations, as those applicable
16.22 to services received by the enrollee from a participating provider. A health plan company
16.23 must apply any enrollee cost sharing requirements, including co-payments, deductibles, and
16.24 coinsurance, for unauthorized provider services to the enrollee's annual out-of-pocket limit
16.25 to the same extent payments to a participating provider would be applied.

16.26 (b) A health plan company must attempt to negotiate the reimbursement, less any
16.27 applicable enrollee cost sharing under paragraph (a), for the unauthorized provider services
16.28 with the nonparticipating provider. If a health plan company's and nonparticipating provider's
16.29 attempts to negotiate reimbursement for the health care services do not result in a resolution,
16.30 the health plan company or provider may elect to refer the matter for binding arbitration,
16.31 chosen in accordance with paragraph (c). A nondisclosure agreement must be executed by
16.32 both parties prior to engaging an arbitrator in accordance with this section. The cost of
16.33 arbitration must be shared equally between the parties.

17.1 (c) The commissioner of health, in consultation with the commissioner of the Bureau
 17.2 of Mediation Services, must develop a list of professionals qualified in arbitration, for the
 17.3 purpose of resolving disputes between a health plan company and nonparticipating provider
 17.4 arising from the payment for unauthorized provider services. The commissioner of health
 17.5 shall publish the list on the department of health's Web Site, and update the list as appropriate.

17.6 (d) The arbitrator must consider relevant information, including the health plan company's
 17.7 payments to other nonparticipating providers for the same services, the circumstances and
 17.8 complexity of the particular case, and the usual and customary rate for the service based on
 17.9 information available in a database in a national, independent, not-for-profit corporation,
 17.10 and similar fees received by the provider for the same services from other health plans in
 17.11 which the provider is nonparticipating, in reaching a decision.

17.12 **EFFECTIVE DATE.** This section is effective 90 days following final enactment and
 17.13 applies to provider services provided on or after that date.

17.14 Sec. 14. Minnesota Statutes 2016, section 297I.05, subdivision 12, is amended to read:

17.15 Subd. 12. **Other entities.** (a) A tax is imposed equal to two percent of:

17.16 (1) gross premiums less return premiums written for risks resident or located in Minnesota
 17.17 by a risk retention group;

17.18 (2) gross premiums less return premiums received by an attorney in fact acting in
 17.19 accordance with chapter 71A;

17.20 (3) gross premiums less return premiums received pursuant to assigned risk policies and
 17.21 contracts of coverage under chapter 79; and

17.22 (4) the direct funded premium received by the reinsurance association under section
 17.23 79.34 from self-insurers approved under section 176.181 and political subdivisions that
 17.24 self-insure.

17.25 (b) A tax is imposed on a joint self-insurance plan operating under chapter 60F. The rate
 17.26 of tax is equal to two percent of the total amount of claims paid during the fund year, with
 17.27 no deduction for claims wholly or partially reimbursed through stop-loss insurance.

17.28 (c) A tax is imposed on a joint self-insurance plan operating under chapter 62H, except
 17.29 as provided in section 62H.18, subdivision 8. The rate of tax is equal to two percent of the
 17.30 total amount of claims paid during the fund's fiscal year, with no deduction for claims wholly
 17.31 or partially reimbursed through stop-loss insurance.

18.1 (d) A tax is imposed equal to the tax imposed under section 297I.05, subdivision 5, on
18.2 the gross premiums less return premiums on all coverages received by an accountable
18.3 provider network or agents of an accountable provider network in Minnesota, in cash or
18.4 otherwise, during the year.

18.5 **EFFECTIVE DATE.** This section is effective the day following final enactment.

18.6 Sec. 15. **TRANSITION OF CARE COVERAGE FOR CALENDAR YEAR 2017;**
18.7 **INVOLUNTARY TERMINATION OF COVERAGE.**

18.8 Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have
18.9 the meanings given.

18.10 (b) "Enrollee" has the meaning given in Minnesota Statutes, section 62Q.01, subdivision
18.11 2b.

18.12 (c) "Health plan" has the meaning given in Minnesota Statutes, section 62Q.01,
18.13 subdivision 3.

18.14 (d) "Health plan company" has the meaning given in Minnesota Statutes, section 62Q.01,
18.15 subdivision 4.

18.16 (e) "Individual market" has the meaning given in Minnesota Statutes, section 62A.011,
18.17 subdivision 5.

18.18 (f) "Involuntary termination of coverage" means the termination of a health plan due to
18.19 a health plan company's refusal to renew the health plan in the individual market because
18.20 the health plan company elects to cease offering individual market health plans in all or
18.21 some geographic rating areas of the state.

18.22 Subd. 2. **Application.** This section applies to an enrollee who is subject to a change in
18.23 health plans in the individual market due to an involuntary termination of coverage from a
18.24 health plan in the individual market after October 31, 2016, and before January 1, 2017,
18.25 and who enrolls in a new health plan in the individual market for all or a portion of calendar
18.26 year 2017 that goes into effect after December 31, 2016, and before March 2, 2017.

18.27 Subd. 3. **Change in health plans; transition of care coverage.** (a) If an enrollee satisfies
18.28 the criteria in subdivision 2, the enrollee's new health plan company must provide, upon
18.29 request of the enrollee or the enrollee's health care provider, authorization to receive services
18.30 that are otherwise covered under the terms of the enrollee's calendar year 2017 health plan
18.31 from a provider who provided care on an in-network basis to the enrollee during calendar
18.32 year 2016 but who is out of network in the enrollee's calendar year 2017 health plan:

19.1 (1) for up to 120 days if the enrollee has, within 45 days before an involuntary termination
 19.2 of coverage, received a diagnosis of, or is engaged in a current course of treatment for, one
 19.3 or more of the following conditions:

19.4 (i) an acute condition;

19.5 (ii) a life-threatening mental or physical illness;

19.6 (iii) pregnancy beyond the first trimester of pregnancy;

19.7 (iv) a physical or mental disability defined as an inability to engage in one or more major
 19.8 life activities, provided the disability has lasted or can be expected to last for at least one
 19.9 year or can be expected to result in death; or

19.10 (v) a disabling or chronic condition that is in an acute phase; or

19.11 (2) for the rest of the enrollee's life if a physician certifies that the enrollee has an expected
 19.12 lifetime of 180 days or less.

19.13 (b) For all requests for authorization under this subdivision, the health plan company
 19.14 must grant the request for authorization unless the enrollee does not meet the criteria in
 19.15 paragraph (a) or subdivision 2.

19.16 Subd. 4. **Limitations.** (a) Subdivision 3 applies only if the enrollee's health care provider
 19.17 agrees to:

19.18 (1) accept as payment in full the lesser of:

19.19 (i) the health plan company's reimbursement rate for in-network providers for the same
 19.20 or similar service; or

19.21 (ii) the provider's regular fee for that service;

19.22 (2) request authorization for services in the form and manner specified by the enrollee's
 19.23 new health plan company; and

19.24 (3) provide the enrollee's new health plan company with all necessary medical information
 19.25 related to the care provided to the enrollee.

19.26 (b) Nothing in this section requires a health plan company to provide coverage for a
 19.27 health care service or treatment that is not covered under the enrollee's health plan.

19.28 Subd. 5. **Request for authorization.** The enrollee's health plan company may require
 19.29 medical records and other supporting documentation to be submitted with a request for
 19.30 authorization under subdivision 3 to the extent that the records and other documentation
 19.31 are relevant to a determination regarding the existence of a condition under subdivision 3,

20.1 paragraph (a). If authorization is denied, the health plan company must explain the criteria
 20.2 used to make its decision on the request for authorization and must explain the enrollee's
 20.3 right to appeal the decision. If an enrollee chooses to appeal a denial, the enrollee must
 20.4 appeal the denial within five business days of the date on which the enrollee receives the
 20.5 denial. If authorization is granted, the health plan company must provide the enrollee, within
 20.6 five business days of granting the authorization, with an explanation of how transition of
 20.7 care will be provided.

20.8 Subd. 6. **Reimbursement.** (a) The commissioner of management and budget must
 20.9 reimburse the enrollee's new health plan company for the cost of claims that the health plan
 20.10 company certifies as eligible for reimbursement under this subdivision. The cost eligible
 20.11 for reimbursement under this subdivision is the difference between the in-network level of
 20.12 benefits under the enrollee's health plan and the out-of-network level of benefits under the
 20.13 enrollee's health plan. The health plan company must seek reimbursement for the cost of
 20.14 claims from the commissioner in a form and manner mutually agreed upon by the
 20.15 commissioner and the affected health plan companies. Total state reimbursements to health
 20.16 plan companies under this subdivision are subject to the limits of the available appropriation
 20.17 and the commissioner may prorate equally across all claims paid as necessary. In the event
 20.18 that funding for reimbursements to health plan companies is not sufficient to fully reimburse
 20.19 health plan companies for the costs of claims for reimbursement for services authorized
 20.20 under this section, health plan companies must continue to cover services authorized under
 20.21 this section.

20.22 (b) For any service provided under this section, the enrollee shall not owe the provider
 20.23 more than the cost-sharing amount the enrollee would be required to pay if the services
 20.24 were performed by an in-network provider under the enrollee's new health plan.

20.25 **EFFECTIVE DATE.** This section is effective for health plans issued after December
 20.26 31, 2016, and before March 2, 2017, and that are in effect for all or a portion of calendar
 20.27 year 2017. This section expires June 30, 2018.

20.28 Sec. 16. **COSTS RELATED TO IMPLEMENTATION OF THIS ACT.**

20.29 A state agency that incurs administrative costs to implement any provision in this act
 20.30 and does not receive an appropriation for administrative costs in this act, must implement
 20.31 the act within the limits of existing appropriations.

20.32 **EFFECTIVE DATE.** This section is effective the day following final enactment.

21.1 Sec. 17. **INSURANCE MARKET OPTIONS.**

21.2 The commissioner of commerce shall report by March 1, 2017, to the standing committees
21.3 of the legislature having jurisdiction over insurance and health on the past and future use
21.4 of Minnesota Statutes 2005, section 62L.056, and Minnesota Statutes, section 62Q.188,
21.5 including:

21.6 (1) rate and form filings received, approved, or withdrawn;

21.7 (2) barriers to current utilization, including federal and state laws; and

21.8 (3) recommendations for allowing or increasing the offering of health plans compliant
21.9 with Minnesota Statutes, section 62Q.188.

21.10 **EFFECTIVE DATE.** This section is effective the day following final enactment.

21.11 Sec. 18. **APPROPRIATION.**

21.12 \$15,000,000 in fiscal year 2017 is appropriated from the general fund to the commissioner
21.13 of management and budget to reimburse health plan companies for costs of claims eligible
21.14 for reimbursement for coverage of transition of care services. Of this amount, \$272,400 is
21.15 available to the commissioner for purposes of administering reimbursement for coverage
21.16 of transition of care services and administering the premium subsidy program in article 1.
21.17 This is a onetime appropriation and is available until June 30, 2018. Any funds remaining
21.18 from this appropriation after June 30, 2018, shall be transferred on July 1, 2018, from the
21.19 general fund to the budget reserve account in Minnesota Statutes, section 16A.152,
21.20 subdivision 1a.

21.21 **EFFECTIVE DATE.** This section is effective the day following final enactment.

21.22 Sec. 19. **REPEALER.**

21.23 (a) Minnesota Statutes 2016, section 62D.12, subdivision 9, is repealed effective the
21.24 day following final enactment.

21.25 (b) Laws 2007, chapter 147, article 12, section 14, as amended by Laws 2010, chapter
21.26 344, section 4, Laws 2010, chapter 384, section 99, Laws 2013, chapter 135, article 1,
21.27 section 9; Laws 2010, chapter 384, section 99; and Laws 2013, chapter 135, article 1, section
21.28 9, are repealed effective the day following final enactment.

Subd. 9. **Net earnings.** All net earnings of the health maintenance organization shall be devoted to the nonprofit purposes of the health maintenance organization in providing comprehensive health care. No health maintenance organization shall provide for the payment, whether directly or indirectly, of any part of its net earnings, to any person as a dividend or rebate; provided, however, that health maintenance organizations may make payments to providers or other persons based upon the efficient provision of services or as incentives to provide quality care. The commissioner of health shall, pursuant to sections 62D.01 to 62D.30, revoke the certificate of authority of any health maintenance organization in violation of this subdivision.
