 35.32 speed greater than ten miles per hour in excess of the speed limit.

36.1 (d) This subdivision does not apply to (1) a violation that occurs in a commercial motor
 36.2 vehicle, or (2) a violation committed by a holder of a class A, B, or C commercial driver's
 36.3 license or commercial driver learner's permit, without regard to whether the violation was

37.14 **Subdivision 1. Definitions.** (a) For purposes of this section, the following terms have
37.15 the meanings given them.

37.16 (b) "Bond-eligible cost" means:

37.17 (1) expenditures under this section for acquisition of land or permanent easements,
37.18 predesign, design, preliminary and final engineering, environmental analysis, construction,
37.19 and reconstruction of publicly owned infrastructure for nonmotorized transportation in
37.20 Minnesota with a useful life of at least ten years;

37.21 (2) preparation of land for which a nonmotorized transportation route is established,
37.22 including demolition of structures and remediation of any hazardous conditions on the land;
37.23 and

37.24 (3) the unpaid principal on debt issued by a political subdivision for a nonmotorized
37.25 transportation project.

37.26 (c) "Commissioner" means the commissioner of transportation.

37.27 **Subd. 2. Program established.** The commissioner must establish a program to support
37.28 bicycling, pedestrian activities, and other forms of nonmotorized transportation.

37.29 **Subd. 3. Active transportation accounts.** (a) An active transportation account is
37.30 established in the bond proceeds fund. The account consists of state bond proceeds
37.31 appropriated to the commissioner. Money in the account must be expended only on

38.1 bond-eligible costs of a project receiving financial assistance under this section. All uses
38.2 of funds from the account must be for publicly owned property.

38.3 (b) An active transportation account is established in the special revenue fund. The
38.4 account consists of funds provided by law and any other money donated, allotted, transferred,
38.5 or otherwise provided to the account. Money in the account must be expended only on a
38.6 project that receives financial assistance under this section.

38.7 (c) In each federal fiscal year, the commissioner must transfer \$16,000,000 of the National
38.8 Highway Performance Program funds to the active transportation account.

38.9 Subd. 4. **Program administration.** (a) The commissioner must establish program
38.10 requirements, including:

38.11 (1) assistance eligibility, subject to the requirements under paragraph (b);

38.12 (2) a solicitation and application process that minimizes the burden on applicants; and

38.13 (3) procedures to award and pay financial assistance.

38.26 funds in a fiscal year under this section on program administration.

38.27 Subd. 5. **State general obligation bond funds.** Minnesota Constitution, article XI,
38.28 section 5, clause (a), requires that state general obligation bonds be issued to finance only
38.29 the acquisition or betterment of public land, buildings, and other public improvements of a
38.30 capital nature. The legislature has determined that many nonmotorized transportation
38.31 infrastructure projects constitute betterments and capital improvements within the meaning
38.32 of the Minnesota Constitution and capital expenditures under generally accepted accounting

39.1 principles, and will be financed more efficiently and economically under this section than
39.2 by direct appropriations for specific projects.

39.3 Subd. 6. **Use of funds.** (a) For a project funded by state bond proceeds under this section,

39.10 subdivision 7a, paragraph (b).

39.11 Subd. 7. **Project evaluation and selection.** (a) The commissioner must establish a
39.12 project evaluation and selection process that is competitive, criteria-based, and objective.

39.13 (b) The process must include criteria and prioritization of projects based on:

39.14 (1) the project's inclusion in a municipal or regional nonmotorized transportation system
39.15 plan;

39.16 (2) the project's location in a jurisdiction with a complete streets policy, as provided
39.17 under section 174.75, either in effect or under development with estimated enactment within
39.18 six months of the grant award date;

39.19 (3) the extent to which the project supports development of continuous and convenient
39.20 safe routes to school;

39.21 (4) the extent to which the project supports development of routes to and connections
39.22 with educational facilities, centers of employment, governmental services, health care
39.23 facilities, food sources, transit facilities, and other community destinations;

39.24 (5) the project's general benefits to public health and safety;

39.28 limited English proficiency; and

39.29 (7) benefits in areas or locations experiencing high rates of pedestrian or bicycle
39.30 collisions.

40.1 Subd. 8. Grant cancellation. If, five years after execution of a grant agreement, the
40.2 commissioner determines that the grantee has not proceeded in a timely manner with
40.3 implementation of the funded project, the commissioner must cancel the grant. The grantee
40.4 must repay to the commissioner all grant money received under the program. Section
40.5 16A.642 applies to any appropriation made from the bond proceeds fund to the commissioner

40.10 metropolitan planning organizations, regional development commissions, area transportation
40.11 partnerships, local governments, the Metropolitan Council, and transportation stakeholders,
40.12 must develop, adopt, and implement a project evaluation and selection policy to apply to
40.13 the standard project selection process. The commissioner may update the policy only after
40.14 consultation with the Federal Highway Administration, metropolitan planning organizations,
40.15 regional development commissions, area transportation partnerships, local governments,
40.16 the Metropolitan Council, and transportation stakeholders. The commissioner must publicize

40.22 criterion for evaluation, but project readiness must not be a major factor in determining the
40.23 final score;

40.24 (2) a process to inform the stakeholders and the general public of the score for each
40.25 project considered, which projects were selected, and which projects were not selected; and

40.26 (3) a process that requires the involvement of area transportation partnerships and other
40.27 local authorities in the process of ranking and scoring projects.

40.28 (c) The projects in the state transportation improvement program must include the score
40.29 assigned to the project under this section. The projects must be prioritized based on the
40.30 score assigned and executed in that priority order.

40.31 (d) The policy required by this section must be adopted by October 1, 2018, and must
40.32 be applied to project evaluation and selection that occurs on or after that date. The assigned

41.1 scores must first appear in the first state transportation improvement program update that
 41.2 is completed on or after October 1, 2018.

41.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

41.4 Sec. 36. Minnesota Statutes 2016, section 221.031, is amended by adding a subdivision

58.16 (2) pays a fee of \$10 for each set of plates;

58.17 (3) pays the registration tax as required under section 168.013, along with any other fees
 58.18 required by this chapter;

58.19 (4) contributes a minimum of \$10 annually to the motorcycle safety fund, created under
 58.20 section 171.06, subdivision 2a, paragraph (a), clause (1); and

58.21 (5) complies with this chapter and rules governing registration of motor vehicles and
 58.22 licensing of drivers.

58.23 Subd. 2. **Design.** The representatives of American Bikers for Awareness, Training, and
 58.24 Education of Minnesota must design the special plate to contain the inscription "Start Seeing
 58.25 Motorcycles" between the bolt holes on the bottom of the plate with a design area on the
 58.26 left side of the plate, subject to the approval of the commissioner.

58.27 Subd. 3. **Plates transfer.** On application to the commissioner and payment of a transfer
 58.28 fee of \$5, special plates issued under this section may be transferred to another motor vehicle
 58.29 if the subsequent vehicle is:

58.30 (1) qualified under subdivision 1, clause (1), to bear the special plates; and

58.31 (2) registered to the same individual to whom the special plates were originally issued.

59.1 Subd. 4. **Exemption.** Special plates issued under this section are not subject to section
 59.2 168.1293, subdivision 2.

59.3 Subd. 5. **Fees.** Fees collected under subdivision 1, clause (2), and subdivision 3 are
 59.4 credited to the vehicle services operating account in the special revenue fund.

59.5 Subd. 6. **No refund.** Contributions under this section must not be refunded.

59.6 **EFFECTIVE DATE.** This section is effective January 1, 2018, for special "Start Seeing
 59.7 Motorcycles" plates issued on or after that date.

59.8 Sec. 7. Minnesota Statutes 2016, section 168A.09, subdivision 1, is amended to read:

59.9 Subdivision 1. **Application, issuance, form, bond, and notice.** In the event a certificate
 59.10 of title is lost, stolen, mutilated, ~~or~~ destroyed, or becomes illegible, the owner or legal
 59.11 representative of the owner named in the certificate may ~~make~~ submit an application to the
 59.12 department or a deputy registrar for a duplicate in a format prescribed by the department.
 59.13 The department ~~shall~~ or deputy registrar must issue a duplicate certificate of title if satisfied
 59.14 that the applicant is entitled ~~thereto~~ to the duplicate certificate of title. The duplicate certificate
 59.15 of title ~~shall~~ must be plainly marked as a duplicate and mailed or delivered to the owner.
 59.16 The department ~~shall~~ or deputy registrar must indicate in ~~its~~ the driver and vehicle information
 59.17 system records that a duplicate certificate of title has been issued. As a condition to issuing
 59.18 a duplicate certificate of title, the department may require a bond from the applicant in the
 59.19 manner and format prescribed in section 168A.07, subdivision 1, clause (2). The duplicate
 59.20 certificate of title ~~shall~~ must contain the legend: "This duplicate certificate of title may be
 59.21 subject to the rights of a person under the original certificate."

59.22 Sec. 8. [168A.125] **TRANSFER-ON-DEATH TITLE TO MOTOR VEHICLE.**

59.23 Subdivision 1. **Titled as transfer-on-death.** A natural person who is the owner of a
 59.24 motor vehicle may have the motor vehicle titled in transfer-on-death or TOD form by
 59.25 including in the application for the certificate of title a designation of a beneficiary or
 59.26 beneficiaries to whom the motor vehicle must be transferred on death of the owner or the
 59.27 last survivor of joint owners with rights of survivorship, subject to the rights of secured
 59.28 parties.

59.29 Subd. 2. **Designation of beneficiary.** A motor vehicle is registered in transfer-on-death
 59.30 form by designating on the certificate of title the name of the owner and the names of joint
 59.31 owners with identification of rights of survivorship, followed by the words "transfer-on-death
 59.32 to (name of beneficiary or beneficiaries)." The designation "TOD" may be used instead of

60.1 "transfer-on-death." A title in transfer-on-death form is not required to be supported by
60.2 consideration, and the certificate of title in which the designation is made is not required to
60.3 be delivered to the beneficiary or beneficiaries in order for the designation to be effective.
60.4 If the owner of the motor vehicle is married at the time of the designation, the designation
60.5 of a beneficiary other than the owner's spouse requires the spouse's written consent.

60.6 Subd. 3. **Interest of beneficiary.** The transfer-on-death beneficiary or beneficiaries have
60.7 no interest in the motor vehicle until the death of the owner or the last survivor of joint
60.8 owners with rights of survivorship. A beneficiary designation may be changed at any time
60.9 by the owner or by all joint owners with rights of survivorship, without the consent of the
60.10 beneficiary or beneficiaries, by filing an application for a new certificate of title.

60.11 Subd. 4. **Vesting of ownership in beneficiary.** Ownership of a motor vehicle titled in
60.12 transfer-on-death form vests in the designated beneficiary or beneficiaries on the death of
60.13 the owner or the last of the joint owners with rights of survivorship, subject to the rights of
60.14 secured parties. The transfer-on-death beneficiary or beneficiaries who survive the owner
60.15 may apply for a new certificate of title to the motor vehicle upon submitting a certified death
60.16 record of the owner of the motor vehicle. If no transfer-on-death beneficiary or beneficiaries
60.17 survive the owner of a motor vehicle, the motor vehicle must be included in the probate
60.18 estate of the deceased owner. A transfer of a motor vehicle to a transfer-on-death beneficiary
60.19 or beneficiaries is not a testamentary transfer.

60.20 Subd. 5. **Rights of creditors.** (a) This section does not limit the rights of any secured
60.21 party or creditor of the owner of a motor vehicle against a transfer-on-death beneficiary or
60.22 beneficiaries.

60.23 (b) The state or a county agency with a claim or lien authorized by section 246.53,
60.24 256B.15, 261.04, or 270C.63 is a creditor for purposes of this subdivision. A claim authorized
60.25 by section 256B.15 against the estate of an owner of a motor vehicle titled in
60.26 transfer-on-death form voids any transfer-on-death conveyance of a motor vehicle as
60.27 described in this section. A claim or lien under section 246.53, 261.04, or 270C.63 continues
60.28 to apply against the designated beneficiary or beneficiaries after the transfer under this
60.29 section if other assets of the deceased owner's estate are insufficient to pay the amount of
60.30 the claim. The claim or lien continues to apply to the motor vehicle until the designated
60.31 beneficiary sells or transfers it to a person against whom the claim or lien does not apply
60.32 and who did not have actual notice or knowledge of the claim or lien.

60.33 Sec. 9. Minnesota Statutes 2016, section 168A.141, is amended to read:

60.34 **168A.141 MANUFACTURED HOME AFFIXED TO REAL PROPERTY.**

61.11 Upon surrender of the manufacturer's certificate of origin or the certificate of title, the
61.12 department shall issue notice of surrender to the owner, and upon recording an affidavit of
61.13 affixation, which the county recorder or registrar of titles, as applicable, shall accept, the
61.14 manufactured home is deemed to be an improvement to real property. ~~The notice of surrender~~
61.15 may be recorded in the office of the county recorder or with the registrar of titles if the land
61.16 is registered but need not contain an acknowledgment. An affidavit of affixation by the

 62.5 in the affidavit shall deliver the certified copy to the county auditor of the county in which
 62.6 the real property to which the manufactured home was affixed is located.

62.7 (b) The department is not liable for any errors, omissions, misstatements, or other
 62.8 deficiencies or inaccuracies in documents presented to the department under this section,
 62.9 if the documents presented appear to satisfy the requirements of this section. The department
 62.10 has no obligation to investigate the accuracy of statements contained in the documents.

64.30 Subd. 2. **Perfected security interest avoids cancellation prevents surrender.** The
64.31 department may not cancel a certificate of title if, under this chapter, a security interest has
64.32 been perfected on the manufactured home. If a security interest has been perfected, the
64.33 department shall notify the owner and that each secured party that the must release or satisfy
64.34 the security interest prior to proceeding with surrender of the manufacturer's certificate of

65.1 ~~origin or certificate of title and a description of the security interest have been surrendered~~
 65.2 ~~to the department and that the department will not cancel the certificate of title until the~~
 65.3 ~~security interest is satisfied~~ for cancellation. Permanent attachment to real property or the
 65.4 recording of an affidavit of affixation does not extinguish an otherwise valid security interest
 65.5 in or tax lien on the manufactured home, unless the requirements of section 168A.141,
 65.6 subdivisions 1, 1a, and 2, including the release of any security interest, have been satisfied.

 65.13 of titles, if the land is registered, stating that the manufactured home located on the property
 65.14 is encumbered by a perfected security interest and is not an improvement to real property.
 65.15 The notice must state the name and address of the secured party as set forth on the certificate
 65.16 of title, the legal description of the real property, and the name and address of the record
 65.17 fee owner of the real property on which the manufactured home is affixed. When the security
 65.18 interest is released or satisfied, the secured party shall attach a copy of the release or
 65.19 satisfaction to a notice executed by the secured party containing the county recorder or
 65.20 registrar of titles document number of the notice of security interest. The notice of release
 65.21 or satisfaction must be ~~filed~~ recorded with the county recorder, or registrar of titles, if the
 65.22 land is registered. Neither the notice described in this subdivision nor the security interest
 65.23 on the certificate of title is deemed to be an encumbrance on the real property. The notices
 65.24 provided for in this subdivision need not be acknowledged.

65.25 Sec. 10. Minnesota Statutes 2016, section 168A.142, is amended to read:

Subp. 20. **Rural section.** "Rural section" is a highway design that has wide rights-of-way, open ditches for drainage, and a clearway of 30 feet from the edge of the outside lane.

Subp. 21. **Shoulder.** "Shoulder" means that part of the roadway which is contiguous to the regularly traveled portion of the roadway and is on the same level as the roadway. The shoulder may be pavement, gravel, or earth.

Subp. 22. **Sidewalk.** "Sidewalk" means that portion of a street between the curb lines, or the lateral lines of a roadway, and the adjacent property lines intended for the use of pedestrians.

Subp. 23. **Street or highway.** "Street or highway" means the entire width between the boundary lines of any way or place when any part thereof is open to the use of the public, as a matter of right, for the purposes of vehicular traffic.

Subp. 24. **Through highway.** "Through highway" means every highway or portion thereof at the entrances to which vehicular traffic from intersecting highways is required by law to stop before entering or crossing the same and when stop signs are erected.

Subp. 25. **Urban district.** "Urban district" means the territory contiguous to and including any street which is built up with structures devoted to business, industry, or dwelling houses situated at intervals of less than 100 feet for a distance of a quarter of a mile or more.

Subp. 26. **Urban section.** "Urban section" means a roadway design used in urban districts where the right-of-way width is restricted. Because of the restricted right-of-way, there is not enough room for ditches, thus necessitating curbs and gutters.

Subp. 27. **Vehicle.** "Vehicle" means a bicycle or recreational vehicle.

8810.6100 PURPOSE AND SCOPE.

Subpart 1. **Purpose.** The purpose of parts 8810.6000 to 8810.7000 is to carry out the mandate of the legislature and to effectuate that mandate as set forth in Minnesota Statutes, section 160.262, as amended by Laws of Minnesota 1973, chapter 620, section 1, with reference to the establishment of model standards for bicycle and recreational vehicle lanes on and along proposed and existing public roadways and governing state trunk highways.

Subp. 2. **Scope.** The scope of parts 8810.6000 to 8810.7000 is intended to be confined within the framework of and consistent with Minnesota Statutes, section 160.262, and responsive to United States Code, title 23, section 217, as amended by Public Law numbers 93 to 410, the Federal Aid Highway Act of 1973 (bicycle transportation and pedestrian walkways).

8810.6300 CRITERIA FOR DESIRABILITY OF LANES.

Subpart 1. **Design and construction.** The Department of Transportation will have sole jurisdiction to establish bicycle or recreational vehicle lanes on the right-of-way of any state trunk highway. The Department of Transportation will be responsible for all designs and construction on all lane facility projects within the right-of-way of any state trunk highway. Any such services performed for other state agencies or local governmental units will be done on a reimbursable basis. The Department of Transportation may provide services for the development of lane facilities for other agencies and local units of government upon request and upon such terms as may be mutually agreed upon. The Department of Transportation will consider building bicycle or recreational vehicle lane facilities during the construction, reconstruction, or improvement of

any trunk highway or permit the establishment of such facilities within state trunk highway right-of-way when:

- A. a proposed highway project destroys an existing lane of demonstrated or potential use and no desirable alternative is available to the user; or
- B. there is no pedestrian or nonmotorized access along or across an existing or proposed grade separated or through trunk highway or intersection in an urban area (example: access to the four quadrants created by two intersecting freeways); or
- C. there are fringe development areas not meeting the urban district definition along trunk highways that have no nonmotorized access (example: residential or commercial development along trunk highways on the outskirts of town); or
- D. the facility is part of a comprehensive trail planning process on a local, regional, or statewide basis, and the facility must materially benefit the safety of the traveling public; such as, the elimination of a potential safety hazard caused by anticipated bicycle or recreational vehicle traffic on or near the roadways of a trunk highway (example: heavy bicycle travel along a trunk highway between a town and an outlying school);
- E. the highway right-of-way can safely accommodate the facility;
- F. there is sufficient projected bicycle or recreational vehicle traffic;
- G. the facility cannot be safely and feasibly constructed and utilized outside of the right-of-way (example: no suitable network of adjacent residential streets or existing parallel facilities exist);
- H. the facility use does not conflict with existing utilities located on highway right-of-way or adjacent land use;
- I. the facility provides commuter transportation; or connects existing or proposed facilities; or connects areas or points of natural, scientific, cultural, historical, educational, or economic interest;
- J. multiuse facilities do not conflict with each other or use during more than one season is feasible.

Subp. 2. **Traffic volume criteria.** Based upon part 8810.9910, the department will consider the establishment of bicycle or recreational vehicle lanes by use and type in accordance with the traffic volumes and other limitations shown. Exceptions to these traffic volume criteria may be made if good cause can be shown and upon approval of the commissioner of transportation.

As motor vehicle traffic volumes increase the form that a bicycle or recreational vehicle lane may take and traffic control measures (or other physical safety precautions built into the facility) will also increase in physical design and safety standards.

Subp. 3. **Bicycle traffic.** The provisions of Minnesota Statutes, section 169.222 shall apply for all persons driving or operating a bicycle upon a roadway. The provisions of Minnesota Statutes, sections 169.09 to 169.13 shall also apply in substance and effect insofar as applicable and consistent with reference to bicycle lanes on trunk highways.

Subp. 4. **Bicycle recreational vehicle traffic.** The provisions of Minnesota Statutes, sections 169.09 to 169.13 shall also apply in substance and effect insofar as applicable and consistent with reference to drivers or operators of bicycle or recreational vehicles on controlled access trunk highways. Minnesota Statutes, sections 169.13 and 169.18 shall also apply.

8810.6400 MAINTENANCE CRITERIA.

The responsibility for maintaining bicycle and recreational vehicle lanes within the limits of trunk highway rights-of-way shall be the responsibility of the department of transportation when the facility is located immediately adjacent to the roadway (highway shoulder); or the responsibility of the appropriate local or other governmental unit when the facility is separate from the roadway.

Normal maintenance activities shall be provided for the maintenance of lanes established within trunk highway rights-of-way. These activities shall include, when applicable, but not be limited to: maintenance of drainage; debris removal; sweeping of lane surfaces; mowing and brush removal; surface maintenance; surface grading; snowplowing, when applicable; painting of stripes and stencils.

8810.6500 PLACEMENT OF BICYCLE OR RECREATIONAL VEHICLE LANES.

Bicycle or recreational vehicle lanes built subsequent to the date of adoption of these rules will be placed outside of a 30-foot (9.1 meters) clearway when located within the right-of-way

of any state trunk highway with fully controlled access. Exceptions may be made at structure locations including but not limited to bridges.

Bicycle facilities built within the right-of-way of any state trunk highway shall be classified as a route; lane, no barrier; lane with barrier or path as defined in part 8810.6000, subparts 5 to 8. Desirable configurations are indicated in: part 8810.9911 for lane, no barrier; part 8810.9912 for lane with barrier; and part 8810.9913 for path (design for new facilities).

8810.6600 MINIMUM DESIGN STANDARDS.

Subpart 1. **Minimum criteria.** The following standards are minimum criteria which may not be reduced to lesser values and constitute the lowest design limits. The values are not to be used as general design standards, but should generally be exceeded.

Subp. 2. **Vertical clearance.** The vertical clearance between an overhead obstruction and the surface of bicycle or recreational vehicle lanes shall be not less than ten feet (three meters).

Subp. 3. **Lane width.** Bicycle facilities shall have a minimum surfaced width of four feet (1.2 meters) for one-way and six feet (1.8 meters) for two-way travel.

Subp. 4. **Design speed.** The design speed for bicycle facilities shall not be less than ten mph. For downgrades, design speeds may be in the range of 25 mph or greater.

Subp. 5. **Sight distance.** The sight distance to any hazard or potential hazard for a bicycle facility shall be a minimum of 50 feet (15.2 meters).

Subp. 6. **Grades.** Bikeway grades should not exceed five percent except for short distances.

Subp. 7. **Radius of curvature.** The minimum radius of curvature for bikeways is figured by the formula: $R = 1.25 V + 1.5$

R = radius of curvature in feet

V = velocity in miles per hour.

8810.6700 BICYCLE OR RECREATIONAL VEHICLE ON HIGHWAY.

No provision within these rules shall be deemed to be in conflict with the provisions of Minnesota law with respect to the operations on trunk highway right-of-way of any form of bicycle or recreational vehicle now or hereafter defined. Particular reference is made to Minnesota Statutes, sections 84.81 to 84.87 in this regard.

8810.6800 PUBLIC USE OF TRUNK HIGHWAYS.

No prohibition is intended or implied within these rules as to the rights of the public to use, occupy, traverse, or travel the trunk highways of the state of Minnesota except where such prohibition is established by law or other promulgated rule not a part of these rules.

8810.6900 PRIVATE ROADWAYS.

Nothing in these rules shall be construed to prevent the owner of real property used by the public for purposes of bicycle or recreational vehicular travel by permission of the owner and not as a matter of right, from prohibiting such use, or from requiring other or different or additional conditions than those specified in these rules, or otherwise regulating such use as may seem best to such owner.

8810.7000 GRADE RAILROAD CROSSINGS.

In the event a proposed bicycle or recreational vehicle lane intersects at grade the right-of-way and tracks of a railroad, the approval of the Minnesota Transportation Department with respect to the public safety aspects of the crossing shall be first secured.
