A bill for an act  
relating to human services; establishing a jobs and health innovation grant  
program for hard-to-employ Minnesotans; requiring reports; authorizing pay  
for performance bonds; appropriating money; proposing coding for new law  
in Minnesota Statutes, chapter 256E.  
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. **[256E.365] JOBS AND HEALTH INNOVATION GRANT PROGRAM  
FOR HARD-TO-EMPLOY MINNESOTANS.**

Subdivision 1. **Establishment.** The commissioner of human services shall establish a  
grant program with the goal of creating new jobs for long-term and chronically unemployed  
Minnesotans who are frequent and costly users of state and county interventions and  
services. The targeted population for the grant program includes individuals who rely  
heavily on government services, such as veterans, recently incarcerated individuals, and  
individuals with mental health problems and chemical addiction.

Subd. 2. **Objectives.** The grant program shall:  
(1) provide an incentive for the private employment sector to generate new  
employment opportunities for the targeted population; and  
(2) foster cross-agency collaboration at the state and local levels and reduce  
government costs by eliminating inefficiencies and applying best practices.

Subd. 3. **Selection of grant recipients.** (a) Grants under this section shall be  
awarded by the commissioner of human services. Before any grants are awarded, a  
committee consisting of representatives from the Departments of Health, Human Services,  
and Employment and Economic Development, and the Minnesota Housing Finance  
Agency, shall meet to evaluate the grant applications and make recommendations to  
the commissioner on awarding the grants.

(b) To be eligible to receive a grant under this section, an organization must be an employer located in this state and must:

(1) commit to creating new full-time or part-time positions for the targeted population;

(2) demonstrate a clear plan for creating new jobs and verify that the funds will not be used to preserve or fund existing jobs;

(3) demonstrate how a proposal will address and coordinate meeting the needs of the targeted population, such as housing, mental and chemical health services, and preventative health care;

(4) explain how employment opportunities will be coordinated with housing, behavioral health, and other critical support services intended to ensure that program participants become stable, contributing members of their communities;

(5) outline how the proposed employment strategies will reduce federal, state, and local government costs, including public spending for shelter, food assistance, emergency health care, incarceration, and other public safety costs; and

(6) demonstrate the capacity to deliver an integrated set of core services, including new jobs, and the ability to track and report on the performance and results of their efforts.

(c) When making grants under this section, preference shall be given to eligible organizations who demonstrate the ability to meet the objectives set forth in Laws 2007, chapter 54, article 1, section 19.

**Subd. 4. Reporting requirements.** (a) An organization receiving a grant under this section must report annually to the commissioner of human services on the numbers of program participants who:

(1) were employed full time or part time;

(2) made child support payments, if applicable; and

(3) avoided institutionalization or incarceration.

(b) The commissioner of human services shall submit an annual report on the progress of the grant program by January 15 each year to the senate and house of representatives committees with jurisdiction over health, human services, and employment and economic development.

**Subd. 5. Grant awards.** Grants shall be awarded to up to three organizations per biennium.

**Subd. 6. Match.** In order to qualify for a grant, applicants must match, on a one-to-one basis, the amount of state funds awarded with nonstate funds.

## **Sec. 2. REPORT.**

The commissioner of human services, in consultation with the commissioner of management and budget, shall calculate the savings generated to the state through reduced state spending on government services resulting from implementation of the grant program established in Minnesota Statutes, section 256E.365, and shall examine the feasibility of replenishing funding for the grant program by utilizing the anticipated savings. The commissioner of human services must report findings under this section to the senate and house of representatives committees with jurisdiction over human services by January 15, 2016.

Sec. 3. **HARD-TO-EMPLOY MINNESOTANS GRANT PROGRAM.**

Subdivision 1. **Appropriation.** \$4,000,000 is appropriated from the special appropriation bond proceeds account to the commissioner of human services for the grant program in Minnesota Statutes, section 256E.365.

Subd. 2. **Bond sale.** To provide the money appropriated in this act, the commissioner of management and budget shall sell and issue bonds of the state in an amount up to \$4,000,000 in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, section 16A.96.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
