relating to environment; prohibiting and regulating certain lead and mercury products; modifying ban on formaldehyde in children's products; prohibiting	
certain cleaning products containing triclosan; amending Minnesota Statutes	
1.5 2012, sections 115A.932, subdivision 1; 116.92, subdivisions 4, 5, 6, 8j, by	
adding a subdivision; Minnesota Statutes 2013 Supplement, sections 325F.17	6;
325F.177; proposing coding for new law in Minnesota Statutes, chapters 116; 1	45.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.9 Section 1. Minnesota Statutes 2012, section 115A.932, subdivision 1, is amended to read:

Subdivision 1. **Prohibitions and recycling requirements.** (a) A person may not place mercury or a thermostat, thermometer, electric switch, appliance, gauge, medical or scientific instrument, fluorescent or high-intensity discharge lamp, electric relay, or other electrical mercury-containing device or product, as defined under section 116.92, subdivision 10, from which the mercury has not been removed for reuse or recycling:

(1) in solid waste; or

- (2) in a wastewater disposal system.
- (b) A person may not knowingly place mercury or a thermostat, thermometer, electric switch, appliance, gauge, medical or scientific instrument, fluorescent or high-intensity discharge lamp, electric relay, or other electrical mercury-containing device or product, as defined under section 116.92, subdivision 10, from which the mercury has not been removed for reuse or recycling:
- (1) in a solid waste processing facility; or
- 1.24 (2) in a solid waste disposal facility.

(c) A fluorescent or high-intensity discharge lamp must be recycled by delivery of the lamp to a lamp recycling facility, as defined in section 116.93, subdivision 1, or to a facility that collects and stores lamps for the purpose of delivering them to a lamp recycling facility, including, but not limited to, a household hazardous waste collection or recycling facility, retailer take-back and utility provider program sites, or other sites designated by an electric utility under section 216B.241, subdivisions 2 and 4.

- Sec. 2. Minnesota Statutes 2012, section 116.92, subdivision 4, is amended to read:
- Subd. 4. **Removal from service; products containing mercury.** (a) When an item listed in subdivision 3 this section is removed from service, the mercury in the item must be reused, recycled, or otherwise managed to ensure compliance with section 115A.932.
- (b) A person who is in the business of replacing or repairing an item listed in subdivision 3 this section in households shall ensure, or deliver the item to a facility that will ensure, that the mercury contained in an item that is replaced or repaired is reused or recycled or otherwise managed in compliance with section 115A.932.
- (c) A person may not crush a motor vehicle unless the person has first made a good faith effort to remove all of the mercury switches in the motor vehicle.
- (d) An item managed according to the requirements of this section must be transported in a container designed to prevent the escape of mercury into the environment by volatilization or any other means.
- Sec. 3. Minnesota Statutes 2012, section 116.92, subdivision 5, is amended to read:
 - Subd. 5. **Thermostats.** (a) The definitions in this paragraph apply to this subdivision:
 - (1) "contractor" means a person engaged in the business of installing, servicing, or removing thermostats and other heating, ventilation, and air conditioning components, including a contractor removing thermostats in conjunction with renovation and demolition activities in accordance with Minnesota Rules, part 7035.0805;
 - (2) "qualified contractor" means a contractor:
- 2.27 (i) who employs seven or more service technicians or installers;
- 2.28 (ii) who is located in an area outside of an urban area, as defined by the United
 2.29 States Census Bureau; or
 - (iii) whose primary business consists of renovation and demolition activities;
- 2.31 (3) "retailer" means a person who sells thermostats of any kind directly to homeowners or other end-users through any selling or distribution mechanism;

(4) "thermostat" means a temperature control device that may contain elemental
mercury in a sealed component that serves as a switch or temperature-sensing element and
a sealed component that has been removed from a temperature control device; and
(5) "wholesaler" means a person engaged in the distribution and wholesale sale of
thermostats and other heating, ventilation, and air conditioning components to contractors
who install heating, ventilation, and air conditioning components.
(b) A manufacturer of thermostats that contain mercury or that may replace
thermostats that contain mercury is responsible for the costs of collecting and managing
the replaced mercury-containing thermostats to ensure that the thermostats do not become
part of the solid waste stream.
(c) A manufacturer of thermostats that contain mercury or that may replace
thermostats that contain mercury shall, in addition to the requirements of subdivision 3,
provide incentives for and sufficient information to purchasers and consumers of the
thermostats for the purchasers or consumers to ensure that mercury in thermostats being
removed from service is reused or recycled or otherwise managed in compliance with
section 115A.932. A manufacturer that has complied with this subdivision is not liable for
improper disposal by purchasers or consumers of thermostats.
(d) A manufacturer of thermostats subject to this subdivision, or an organization
of manufacturers of thermostats and its officers, members, employees, and agents, may
participate in projects or programs to collect and properly manage waste thermostats. Any
person who participates in a project or program is immune from liability under state law
relating to antitrust, restraint of trade, unfair trade practices, and other regulation of trade
or commerce for activities related to the collection and management of the thermostats
under this subdivision.
(e) A manufacturer of thermostats or organization of manufacturers of thermostats
that participates in a thermostat collection and management program under this subdivision
must report at least annually to the agency. The report must include:
(1) a description of how the program operates;
(2) a description of program components, including incentives provided under this
subdivision, and an evaluation of the program components' effectiveness in promoting
participation and recovery of thermostats;
(3) eligibility criteria for program participants;
(4) a list of program participants; and
(5) the number of thermostats remitted by each program participant during the

(f) A wholesaler, qualified contractor, or retailer may participate as a collection site
in a manufacturer's mercury thermostat collection and management program required
under this subdivision. A wholesaler or retailer that participates as a collection site
in a manufacturer's mercury thermostat collection and management program shall post
prominent signs at the wholesaler's or retailer's business location regarding the collection
and management of mercury thermostats.
Sec. 4. Minnesota Statutes 2012, section 116.92, subdivision 6, is amended to read:
Subd. 6. Mercury thermometers prohibited. (a) A manufacturer, wholesaler, or
retailer may not sell or distribute at no cost a thermometer containing mercury that was
manufactured after June 1, 2001.
(b) Paragraph (a) does not apply to:
(1) an electronic thermometer with a battery containing mercury if the battery is in
compliance with section 325E.125;
(2) a mercury thermometer used for food research and development or food
processing, including meat, dairy products, and pet food processing;
(3) a mercury thermometer that is a component of an animal agriculture climate
control system or industrial measurement system until such time as the system is replaced
or a nonmercury component for the system is available; or
(4) a mercury thermometer used for calibration of other thermometers, apparatus, or
equipment, unless a nonmercury calibration standard is approved for the application by
the National Institute of Standards and Technology.
(c) A manufacturer is in compliance with this subdivision if the manufacturer:
(1) has received an exclusion or exemption from a state that is a member of the
Interstate Mercury Education and Reduction Clearinghouse (IMERC) for replacement
parts when no alternative is available or for an application when no feasible alternative is
available;
(2) submits a copy of the approved exclusion or exemption to the commissioner; and
(3) meets all of the requirements in the approved exclusion or exemption for the
manufacturer's activities within the state.
Sec. 5. Minnesota Statutes 2012, section 116.92, subdivision 8j, is amended to read:
Subd. 8j. Exclusion for existing equipment. The prohibitions in subdivisions $\underline{6}$
and 8b to 8g do not apply if a thermometer, switch, relay, or measuring device is used
to replace a thermometer, switch, relay, or measuring device that is a component of a
larger product in use prior to January 1, 2008, provided the owner of that equipment has

5th Engrossment

6.1	Subd. 5. Salvage. A person may not shred or crush, or market for shredding or
6.2	crushing, any motor vehicle, aircraft, watercraft, or railroad or industrial equipment,
6.3	or any portion thereof, without:
6.4	(1) inspecting the vehicle or equipment; and
6.5	(2) removing all weights or other products for balancing wheels or other equipment
6.6	if the weights or balancing products contain lead or mercury that was intentionally added
6.7	during the manufacture of the weights or balancing products.
6.8	Subd. 6. Management of wheel weights and balancing products. Mercury in
6.9	wheel weights and other balancing products for motor vehicle and aircraft wheels must
6.10	be recycled or otherwise managed to comply with sections 115A.932 and 116.92 and to
6.11	ensure that it does not become part of the solid waste stream and is not released to the
6.12	environment. Lead in wheel weights and other balancing products for motor vehicle and
6.13	aircraft wheels must be recycled to ensure that it does not become part of the solid waste
6.14	stream and is not released to the environment.
6.15	Subd. 7. Educational materials; outreach. Prior to the effective date of this
6.16	section, the agency shall produce and distribute educational materials on the prohibitions
6.17	required under this section to businesses subject to the prohibitions and shall conduct
6.18	additional outreach and education activities to those businesses.

(c) "Children's product" means a product primarily designed or intended by a manufacturer to be physically applied to or introduced into a child's body, including any article used as a component of such a product and excluding a food, beverage, dietary supplement, pharmaceutical product or biologic, children's toys that are covered by the ASTM International F963 standard for Toy Safety, or a medical device as defined in the federal Food, Drug, and Cosmetic Act, United States Code, title 21, section 321(h), as amended through February 15, 2013.

- (d) "Intentionally added chemical" means a chemical in a product that serves an intended function in the product.
 - Sec. 10. Minnesota Statutes 2013 Supplement, section 325F.177, is amended to read:

325F.177 FORMALDEHYDE IN CHILDREN'S PRODUCTS; BAN.

- (a) Beginning August 1, 2014, no manufacturer or wholesaler may sell or offer for sale in this state a children's product that intentionally contains:
 - (1) formaldehyde, including formaldehyde contained in a solution; or
- (2) <u>intentionally added chemical</u> ingredients that chemically degrade under normal conditions of temperature and pressure to release <u>free</u> formaldehyde <u>at levels exceeding a</u> de minimis level of 0.05 percent.
- (b) Beginning August 1, 2015, no retailer may sell or offer for sale in this state a children's product that intentionally contains:
 - (1) formaldehyde, including formaldehyde contained in a solution; or
- (2) <u>intentionally added chemical</u> ingredients that chemically degrade under normal conditions of temperature and pressure to release <u>free</u> formaldehyde <u>at levels exceeding a</u> <u>de minimis level of 0.05 percent</u>.

Sec. 10. 7
