

**SENATE**  
**STATE OF MINNESOTA**  
**NINETY-THIRD SESSION**

**S.F. No. 2301**

(SENATE AUTHORS: XIONG)

DATE	D-PG	OFFICIAL STATUS
03/01/2023	1195	Introduction and first reading Referred to Energy, Utilities, Environment, and Climate
03/15/2023	1750a	Comm report: To pass as amended and re-refer to State and Local Government and Veterans
03/23/2023	2274	Withdrawn and re-referred to Commerce and Consumer Protection
03/27/2023	2378a	Comm report: To pass as amended and re-refer to State and Local Government and Veterans See HF2310, SF3035

1.1 A bill for an act

1.2 relating to energy; establishing the Minnesota Climate Innovation Finance Authority

1.3 to provide financing and leverage private investment for clean energy and other

1.4 projects; requiring a report; appropriating money; proposing coding for new law

1.5 in Minnesota Statutes, chapter 216C.

1.6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.7 Section 1. **[216C.441] MINNESOTA CLIMATE INNOVATION FINANCE**

1.8 **AUTHORITY.**

1.9 Subdivision 1. **Establishment; purpose.** (a) There is created a public body corporate

1.10 and politic to be known as the "Minnesota Climate Innovation Finance Authority," whose

1.11 purpose is to accelerate the deployment of clean energy projects, greenhouse gas emissions

1.12 reduction projects, and other qualified projects through the strategic deployment of public

1.13 funds in the form of grants, loans, credit enhancements, and other financing mechanisms

1.14 in order to leverage existing public and private sources of capital to reduce the upfront and

1.15 total cost of qualified projects and to overcome financial barriers to project adoption,

1.16 especially in low-income communities.

1.17 (b) The goals of the authority include but are not limited to:

1.18 (1) reducing Minnesota's contributions to climate change by accelerating the deployment

1.19 of clean energy projects;

1.20 (2) ensuring that all Minnesotans share the benefits of clean and renewable energy and

1.21 the opportunity to fully participate in the clean energy economy by promoting:

2.1 (i) the creation of clean energy jobs for Minnesota workers, particularly in environmental  
2.2 justice communities and communities in which fossil fuel electric generating plants are  
2.3 retiring; and

2.4 (ii) the principles of environmental justice in the authority's operations and funding  
2.5 decisions; and

2.6 (3) maintaining energy reliability while reducing the economic burden of energy costs,  
2.7 especially on low-income households.

2.8 Subd. 2. **Definitions.** (a) For the purposes of this section, the following terms have the  
2.9 meanings given.

2.10 (b) "Authority" means the Minnesota Climate Innovation Finance Authority.

2.11 (c) "Board" means the Minnesota Climate Innovation Finance Authority's board of  
2.12 directors established in subdivision 10.

2.13 (d) "Clean energy project" has the meaning given to "qualified project" in paragraph  
2.14 (m), clauses (1) to (7).

2.15 (e) "Community navigator" means an organization that works to facilitate access to clean  
2.16 energy project financing by community groups.

2.17 (f) "Credit enhancement" means a pool of capital set aside to cover potential losses on  
2.18 loans and other investments made by financing entities. Credit enhancement includes but  
2.19 is not limited to loan loss reserves and loan guarantees.

2.20 (g) "Energy storage system" has the meaning given in section 216B.2422, subdivision  
2.21 1, paragraph (f).

2.22 (h) "Environmental justice" means that:

2.23 (1) communities of color, Indigenous communities, and low-income communities have  
2.24 a healthy environment and are treated fairly when environmental statutes, rules, and policies  
2.25 are developed, adopted, implemented, and enforced; and

2.26 (2) in all decisions that have the potential to affect the environment of an environmental  
2.27 justice community or the public health of an environmental justice community's residents,  
2.28 due consideration is given to the history of the area's and the area's residents' cumulative  
2.29 exposure to pollutants and to any current socioeconomic conditions that increase the physical  
2.30 sensitivity of the area's residents to additional exposure to pollutants.

3.1 (i) "Environmental justice community" means a community in Minnesota that, based  
3.2 on the most recent data published by the United States Census Bureau, meets one or more  
3.3 of the following criteria:

3.4 (1) 40 percent or more of the community's total population is nonwhite;

3.5 (2) 35 percent or more of households in the community have an income that is at or  
3.6 below 200 percent of the federal poverty level;

3.7 (3) 40 percent or more of the community's residents over the age of five have limited  
3.8 English proficiency; or

3.9 (4) the community is located within Indian country, as defined in United States Code,  
3.10 title 18, section 1151.

3.11 (j) "Greenhouse gas emissions" means emissions of carbon dioxide, methane, nitrous  
3.12 oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride emitted by  
3.13 anthropogenic sources.

3.14 (k) "Loan loss reserve" means a pool of capital set aside to reimburse a private lender  
3.15 if a customer defaults on a loan, up to an agreed-upon percentage of loans originated by the  
3.16 private lender.

3.17 (l) "Microgrid system" means an electrical grid that:

3.18 (1) serves a discrete geographical area from distributed energy resources; and

3.19 (2) can operate independently from the central electric grid on a temporary basis.

3.20 (m) "Project labor agreement" means a prehire collective bargaining agreement with a  
3.21 council of building and construction trades labor organizations (1) prohibiting strikes,  
3.22 lockouts, and similar disruptions, and (2) providing for a binding procedure to resolve labor  
3.23 disputes on the project.

3.24 (n) "Qualified project" means a project, technology, product, service, or measure  
3.25 promoting energy efficiency, clean energy, electrification, or water conservation and quality  
3.26 that:

3.27 (1) substantially reduces greenhouse gas emissions;

3.28 (2) reduces energy use without diminishing the level of service;

3.29 (3) increases the deployment of renewable energy projects, energy storage systems,  
3.30 district heating, smart grid technologies, or microgrid systems;

3.31 (4) replaces existing fossil-fuel-based technology with an end-use electric technology;

4.1 (5) supports the development and deployment of electric vehicle charging stations and  
4.2 associated infrastructure, electric buses, and electric fleet vehicles;

4.3 (6) reduces water use or protects, restores, or preserves the quality of surface waters; or

4.4 (7) incentivizes customers to shift demand in response to changes in the price of electricity  
4.5 or when system reliability is not jeopardized.

4.6 (o) "Renewable energy" has the meaning given in section 216B.1691, subdivision 1,  
4.7 paragraph (c), clauses (1), (2), and (4), and includes fuel cells generated from renewable  
4.8 energy.

4.9 (p) "Securitization" means the conversion of an asset composed of individual loans into  
4.10 marketable securities.

4.11 (q) "Smart grid" means a digital technology that:

4.12 (1) allows for two-way communication between a utility and the utility's customers; and

4.13 (2) enables the utility to control power flow and load in real time.

4.14 Subd. 3. **General powers.** (a) For the purpose of exercising the specific powers granted  
4.15 in this section, the authority has the general powers granted in this subdivision.

4.16 (b) The authority may:

4.17 (1) hire an executive director and staff to conduct the authority's operations;

4.18 (2) sue and be sued;

4.19 (3) have a seal and alter the seal;

4.20 (4) acquire, hold, lease, manage, and dispose of real or personal property for the  
4.21 authority's corporate purposes;

4.22 (5) enter into agreements, including cooperative financing agreements, contracts, or  
4.23 other transactions, with any federal or state agency, county, local unit of government,  
4.24 regional development commission, person, domestic or foreign partnership, corporation,  
4.25 association, or organization;

4.26 (6) acquire by purchase real property, or an interest therein, in the authority's own name  
4.27 where acquisition is necessary or appropriate;

4.28 (7) provide general technical and consultative services related to the authority's purpose;

4.29 (8) promote research and development in matters related to the authority's purpose;

5.1 (9) analyze greenhouse gas emissions reduction project financing needs in the state and  
5.2 recommend measures to alleviate any shortage of financing capacity;

5.3 (10) contract with any governmental or private agency or organization, legal counsel,  
5.4 financial advisor, investment banker, or others to assist in the exercise of the authority's  
5.5 powers;

5.6 (11) enter into agreements with qualified lenders or others insuring or guaranteeing to  
5.7 the state the payment of qualified loans or other financing instruments; and

5.8 (12) accept on behalf of the state any gift, grant, or interest in money or personal property  
5.9 tendered to the state for any purpose pertaining to the authority's activities.

5.10 Subd. 4. **Authority duties.** (a) The authority must:

5.11 (1) serve as a financial resource to reduce the upfront and total costs of implementing  
5.12 qualified projects;

5.13 (2) ensure that all financed projects reduce greenhouse gas emissions;

5.14 (3) ensure that financing terms and conditions offered are well-suited to qualified projects;

5.15 (4) strategically prioritize the use of the authority's funds to leverage private investment  
5.16 in qualified projects, with the aim of achieving a high ratio of private to public money  
5.17 invested through funding mechanisms that support, enhance, and complement private lending  
5.18 and investment;

5.19 (5) coordinate with existing federal, state, local, utility, and other programs to ensure  
5.20 that the authority's resources are being used most effectively to add to and complement  
5.21 those programs;

5.22 (6) stimulate demand for qualified projects by:

5.23 (i) contracting with the department's Energy Information Center and community  
5.24 navigators to provide information to project participants about federal, state, local, utility,  
5.25 and other authority financial assistance for qualifying projects, and technical information  
5.26 on energy conservation and renewable energy measures;

5.27 (ii) forming partnerships with contractors and informing contractors about the authority's  
5.28 financing programs;

5.29 (iii) developing innovative marketing strategies to stimulate project owner interest,  
5.30 especially in underserved communities; and

5.31 (iv) incentivizing financing entities to increase activity in underserved markets;

- 6.1 (7) finance projects in all regions of the state;
- 6.2 (8) develop participant eligibility standards and other terms and conditions for financial  
6.3 support provided by the authority;
- 6.4 (9) develop and administer:
- 6.5 (i) policies to collect reasonable fees for authority services; and
- 6.6 (ii) risk management activities to support ongoing authority activities;
- 6.7 (10) develop consumer protection standards governing the authority's investments to  
6.8 ensure that financial support is provided responsibly and transparently and is in the financial  
6.9 interest of participating project owners;
- 6.10 (11) develop methods to accurately measure the impact of the authority's activities,  
6.11 particularly on low-income communities and on greenhouse gas emissions reductions;
- 6.12 (12) hire an executive director and sufficient staff with the appropriate skills and  
6.13 qualifications to carry out the authority's programs, making an affirmative effort to recruit  
6.14 and hire a director and staff who are from, or share the interests of, the communities the  
6.15 authority must serve;
- 6.16 (13) apply for, either as a direct or subgrantee applicant, and accept Greenhouse Gas  
6.17 Reduction Fund grants authorized by the federal Clean Air Act, United States Code, title  
6.18 42, section 7434(a). If the application deadlines for these grants are earlier than is practical  
6.19 for the authority to meet, the commissioner shall apply on behalf of the authority. In all  
6.20 cases, applications for these funds by or on behalf of the authority must be coordinated with  
6.21 all known Minnesota applicants; and
- 6.22 (14) ensure that authority contracts with all third-party administrators, contractors, and  
6.23 subcontractors contain required covenants, representations, and warranties specifying that  
6.24 contracted third parties are agents of the authority and that all acts of contracted third parties  
6.25 are considered acts of the authority, provided that the act is within the contracted scope of  
6.26 work.
- 6.27 (b) The authority may:
- 6.28 (1) employ credit enhancement mechanisms that reduce financial risk for financing  
6.29 entities by providing assurance that a limited portion of a loan or other financial instrument  
6.30 is assumed by the authority via a loan loss reserve, loan guarantee, or other mechanism;
- 6.31 (2) co-invest in a qualified project by providing senior or subordinated debt, equity, or  
6.32 other mechanisms in conjunction with other investment, co-lending, or financing;

7.1 (3) aggregate small and geographically dispersed qualified projects in order to diversify  
7.2 risk or secure additional private investment through securitization or similar resale of the  
7.3 authority's interest in a completed qualified project;

7.4 (4) expend up to 25 percent of funds appropriated to the authority for start-up purposes,  
7.5 which may be used for financing programs and project investments authorized under this  
7.6 section, prior to adoption of the strategic plan required under subdivision 7 and the investment  
7.7 strategy under subdivision 8; and

7.8 (5) require a specific project to agree to implement a project labor agreement as a  
7.9 condition of receiving financing from the authority.

7.10 Subd. 5. Underserved market analysis. (a) Before developing a financing program,  
7.11 the authority must conduct an analysis of the financial market the authority is considering  
7.12 entering in order to determine the extent to which the market is underserved and to ensure  
7.13 that the authority's activities supplement, and do not duplicate or supplant, the efforts of  
7.14 financing entities currently serving the market. The analysis must address the nature and  
7.15 extent of any barriers or gaps that may be preventing financing entities from adequately  
7.16 serving the market, and must examine present and projected future efforts of existing  
7.17 financing entities, federal, state, and local governments, and of utilities and others to serve  
7.18 the market.

7.19 (b) In determining whether the authority should enter a market, the authority must  
7.20 consider:

7.21 (1) whether serving the market advances the authority's policy goals;

7.22 (2) the extent to which the market is currently underserved;

7.23 (3) the unique tools the authority would deploy to overcome existing market barriers or  
7.24 gaps;

7.25 (4) how the authority would market the program to potential participants; and

7.26 (5) potential financing partners and the role financing partners would play in  
7.27 complementing the authority's activities.

7.28 (c) Before providing any direct loans to residential borrowers, the authority must issue  
7.29 a request for information to existing known financing entities, specifying the market need  
7.30 and the authority's goals in meeting the underserved market segment, and soliciting each  
7.31 financing entity's:

7.32 (1) current financing offerings for that specific market;

8.1 (2) prior efforts to meet that specific market; and

8.2 (3) plans and capabilities to serve that specific market.

8.3 (d) The authority may only provide direct loans to residential borrowers if the authority  
8.4 certifies that no financing entity is currently able to meet the specific underserved market  
8.5 need and the authority's goals, and that the authority's entry into the market does not supplant  
8.6 or duplicate any existing financing activities in that specific market.

8.7 Subd. 6. Authority lending practices; labor and consumer protection standards. (a)  
8.8 In determining the projects in which the authority will participate, the authority must give  
8.9 preference to projects that:

8.10 (1) maximize the creation of high-quality employment and apprenticeship opportunities  
8.11 for local workers, consistent with the public interest, especially workers from environmental  
8.12 justice communities, labor organizations, and Minnesota communities hosting retired or  
8.13 retiring electric generation facilities, including workers previously employed at retiring  
8.14 facilities;

8.15 (2) utilize energy technologies produced domestically that received an advanced  
8.16 manufacturing tax credit under section 45X of the Internal Revenue Code, as allowed under  
8.17 the federal Inflation Reduction Act of 2022, Public Law 117-169;

8.18 (3) certify, for all contractors and subcontractors, that the rights of workers to organize  
8.19 and unionize are recognized; and

8.20 (4) agree to implement a project labor agreement.

8.21 (b) The authority must require, for all projects for which the authority provides financing,  
8.22 that:

8.23 (1) if the budget is \$100,000 or more, all contractors and subcontractors:

8.24 (i) must pay no less than the prevailing wage rate, as defined in section 177.42,  
8.25 subdivision 6; and

8.26 (ii) are subject to the requirements and enforcement provisions under sections 177.27,  
8.27 177.30, 177.32, 177.41 to 177.43, and 177.45, including the posting of prevailing wage  
8.28 rates, prevailing hours of labor, and hourly basic rates of pay for all trades on the project in  
8.29 at least one conspicuous location at the project site;

8.30 (2) financing is not offered without first ensuring that the participants meet the authority's  
8.31 underwriting criteria; and

9.1 (3) any loan made to a homeowner for a project on the homeowner's residence complies  
9.2 with section 47.59 and the following federal laws:

9.3 (i) the Truth in Lending Act, United States Code, title 15, section 1601 et seq.;

9.4 (ii) the Fair Credit Reporting Act, United States Code, title 15, section 1681;

9.5 (iii) the Equal Credit Opportunity Act, United States Code, title 15, section 1691 et seq.;

9.6 and

9.7 (iv) the Fair Debt Collection Practices Act, United States Code, title 15, section 1692.

9.8 (c) The authority and any third-party administrator, contractor, subcontractor, or agent  
9.9 that conducts lending, financing, investment, marketing, administration, servicing, or  
9.10 installation of measures in connection with a qualified project financed in whole or in part  
9.11 with authority funds is subject to sections 325D.43 to 325D.48; 325F.67 to 325F.71; 325G.06  
9.12 to 325G.14; 325G.29 to 325G.37; and 332.37.

9.13 (d) For the purposes of this section, "local workers" means Minnesota residents who  
9.14 permanently reside within 150 miles of the location of a proposed project in which the  
9.15 authority is considering to participate.

9.16 Subd. 7. **Strategic plan.** (a) By December 15, 2024, and each December 15 in  
9.17 even-numbered years thereafter, the authority must develop and adopt a strategic plan that  
9.18 prioritizes the authority's activities over the next two years. A strategic plan must:

9.19 (1) identify targeted underserved markets for qualified projects in Minnesota;

9.20 (2) develop specific programs to overcome market impediments through access to  
9.21 authority financing and technical assistance; and

9.22 (3) develop outreach and marketing strategies designed to make potential project  
9.23 developers, participants, and communities aware of financing and technical assistance  
9.24 available from the authority, including the deployment of community navigators.

9.25 (b) Elements of the strategic plan must be informed by the authority's analysis of the  
9.26 market for qualified projects, and by the authority's experience under the previous strategic  
9.27 plan, including the degree to which performance targets were or were not achieved by each  
9.28 financing program. In addition, the authority must actively seek input regarding activities  
9.29 that should be included in the strategic plan from stakeholders, environmental justice  
9.30 communities, the general public, and participants, including via meetings required under  
9.31 subdivision 9.

10.1 (c) The authority must establish annual targets in a strategic plan for each financing  
10.2 program regarding the number of projects, level of authority investments, greenhouse gas  
10.3 emissions reductions, and installed generating capacity or energy savings the authority  
10.4 hopes to achieve, including separate targets for authority activities undertaken in  
10.5 environmental justice communities.

10.6 (d) The authority's targets and strategies must be designed to ensure that no less than 40  
10.7 percent of the direct benefits of authority activities flow to environmental justice communities  
10.8 as defined under subdivision 2, by the United States Department of Energy, or as modified  
10.9 by the department.

10.10 **Subd. 8. Investment strategy; content; process.** (a) No later than December 15, 2024,  
10.11 and every four years thereafter, the authority must adopt a long-term investment strategy  
10.12 to ensure the authority's paramount goal to reduce greenhouse gas emissions is reflected in  
10.13 all of the authority's operations. The investment strategy must address:

10.14 (1) the types of qualified projects the authority should focus on;

10.15 (2) gaps in current qualified project financing that present the greatest opportunities for  
10.16 successful action by the authority;

10.17 (3) how the authority can best position itself to maximize its impact without displacing,  
10.18 subsidizing, or assuming risk that should be shared with financing entities;

10.19 (4) financing tools that will be most effective in achieving the authority's goals;

10.20 (5) partnerships the authority should establish with other organizations to increase the  
10.21 likelihood of success; and

10.22 (6) how values of equity, environmental justice, and geographic balance can be integrated  
10.23 into all investment operations of the authority.

10.24 (b) In developing an investment strategy, the authority must consult, at a minimum, with  
10.25 similar organizations in other states, lending authorities, state agencies, utilities,  
10.26 environmental and energy policy nonprofits, labor organizations, and other organizations  
10.27 that can provide valuable advice on the authority's activities.

10.28 (c) The long-term investment strategy must contain provisions ensuring that:

10.29 (1) authority investments are not made solely to reduce private risk; and

10.30 (2) private financing entities do not unilaterally control the terms of investments to which  
10.31 the authority is a party.

11.1 (d) The board must submit a draft long-term investment strategy for comment to each  
 11.2 of the groups and individuals the board consults under paragraph (b) and to the chairs and  
 11.3 ranking minority members of the senate and house of representatives committees with  
 11.4 primary jurisdiction over energy finance and policy, and must post the draft strategy on the  
 11.5 authority's website. The authority must accept written comments on the draft strategy for  
 11.6 at least 30 days and must consider the comments in preparing the final long-term investment  
 11.7 strategy.

11.8 Subd. 9. **Public communications and outreach.** The authority must:

11.9 (1) maintain a public website that provides information about the authority's operations,  
 11.10 current financing programs, and practices, including rates, terms, and conditions; the number  
 11.11 and amount of investments by project type; the number of jobs created; the financing  
 11.12 application process; and other information;

11.13 (2) periodically issue an electronic newsletter to stakeholders and the public containing  
 11.14 information on the authority's products, programs, and services and key authority events  
 11.15 and decisions; and

11.16 (3) hold quarterly meetings accessible online to update the general public on the  
 11.17 authority's activities, report progress being made in regard to the authority's strategic plan  
 11.18 and long-term investment strategy, and invite audience questions regarding authority  
 11.19 programs.

11.20 Subd. 10. **Board of directors.** (a) The Minnesota Climate Innovation Finance Authority  
 11.21 Board of Directors shall consist of the following 11 members:

11.22 (1) the commissioner of commerce, or the commissioner's designee;

11.23 (2) the commissioner of labor and industry, or the commissioner's designee;

11.24 (3) the commissioner of the Minnesota Pollution Control Agency, or the commissioner's  
 11.25 designee;

11.26 (4) the commissioner of employment and economic development, or the commissioner's  
 11.27 designee;

11.28 (5) the chair of the Minnesota Indian Affairs Council, or the chair's designee; and

11.29 (6) six additional members appointed by the governor, as follows:

11.30 (i) one member, appointed after the governor consults with labor organizations in the  
 11.31 state, must be a representative of a labor union with experience working on clean energy  
 11.32 projects;

- 12.1 (ii) one member with expertise in the impact of climate change on Minnesota  
12.2 communities, particularly low-income communities;
- 12.3 (iii) one member with expertise in financing projects at a community bank, credit union,  
12.4 community development institution, or local government;
- 12.5 (iv) one member with expertise in sustainable development and energy conservation;
- 12.6 (v) one member with expertise in environmental justice; and
- 12.7 (vi) one member with expertise in investment fund management or financing and  
12.8 deploying clean energy technologies.
- 12.9 (b) At least two members appointed to the board must permanently reside outside the  
12.10 metropolitan area, as defined in section 473.121, subdivision 2. The board must collectively  
12.11 reflect the geographic and ethnic diversity of the state.
- 12.12 (c) Board members appointed under paragraph (a), clause (6), shall serve a term of four  
12.13 years.
- 12.14 (d) Members appointed to the board must:
- 12.15 (1) provide evidence of a commitment to the authority's purposes and goals; and
- 12.16 (2) not hold any personal or professional conflicts of interest related to the authority's  
12.17 activities, including with respect to the member's financial investments and employment or  
12.18 the financial investments and employment of the member's immediate family members.
- 12.19 (e) The authority shall contract with the department to provide administrative and  
12.20 technical services to the board and to prospective borrowers, especially those serving or  
12.21 located in environmental justice communities.
- 12.22 (f) Compensation of board members, removal of members, and filling of vacancies are  
12.23 governed by the provisions of section 15.0575.
- 12.24 (g) Board members may be reappointed for up to two full terms.
- 12.25 (h) A majority of board members, excluding vacancies, constitutes a quorum for the  
12.26 purpose of conducting business and exercising powers, and for all other purposes. Action  
12.27 may be taken by the authority upon a vote of a majority of the quorum present.
- 12.28 (i) Board members and officers are not personally liable, either jointly or severally, for  
12.29 any debt or obligation created or incurred by the authority.
- 12.30 Subd. 11. **Report; audit.** Beginning February 1, 2024, the authority must annually  
12.31 submit a comprehensive report on the authority's activities during the previous year to the

13.1 governor and the chairs and ranking minority members of the legislative committees with  
 13.2 primary jurisdiction over energy policy. The report must contain, at a minimum, information  
 13.3 on:

13.4 (1) the amount of authority capital invested, by project type;

13.5 (2) the amount of private and public capital leveraged by authority investments, by  
 13.6 project type;

13.7 (3) the number of qualified projects supported, by project type and location within  
 13.8 Minnesota, including in environmental justice communities;

13.9 (4) the estimated number of jobs created for local workers and nonlocal workers, the  
 13.10 ratio of projects subject to and exempt from prevailing wage requirements under subdivision  
 13.11 6, paragraph (b), and tax revenue generated as a result of the authority's activities;

13.12 (5) estimated reductions in greenhouse gas emissions resulting from the authority's  
 13.13 activities;

13.14 (6) the number of clean energy projects financed in low- and moderate-income  
 13.15 households;

13.16 (7) a narrative describing the progress made toward the authority's equity, social, and  
 13.17 labor standards goals; and

13.18 (8) a financial audit conducted by an independent party.

13.19 **EFFECTIVE DATE.** This section is effective the day following final enactment.

13.20 **Sec. 2. MINNESOTA CLIMATE INNOVATION FINANCE AUTHORITY.**

13.21 (a) The initial appointments made under Minnesota Statutes, section 216C.441,  
 13.22 subdivision 10, paragraph (a), clause (6), items (i) to (iii), shall be for two-year terms, and  
 13.23 the initial appointments made under Minnesota Statutes, section 216C.441, subdivision 10,  
 13.24 paragraph (a), clause (6), items (iv) to (vi), shall be for three-year terms.

13.25 (b) The governor must make the appointments required under this section no later than  
 13.26 July 30, 2023.

13.27 (c) The initial meeting of the board of directors must be held no later than September  
 13.28 15, 2023. At the initial meeting, the board shall elect a chair and vice-chair by majority vote  
 13.29 of the members present.

14.1 Sec. 3. **APPROPRIATION.**

14.2 (a) \$45,000,000 in fiscal year 2024 is appropriated from the general fund to the Minnesota  
14.3 Climate Innovation Finance Authority established under Minnesota Statutes, section  
14.4 216C.441, for the purposes of Minnesota Statutes, section 216C.441.

14.5 (b) Of that amount appropriated under paragraph (a), the commissioner of management  
14.6 and budget may make up to \$..... available to the commissioner of commerce, at the request  
14.7 of the commissioner of commerce, for activities related to preparing and submitting an  
14.8 application on the authority's behalf for federal Greenhouse Gas Reduction Funds as  
14.9 authorized under Minnesota Statutes, section 216C.441, subdivision 4, paragraph (a), clause  
14.10 (13), or to conduct other necessary start-up activities before the authority has sufficient staff  
14.11 resources to do so.

14.12 **EFFECTIVE DATE.** This section is effective the day following final enactment.
