

1.1 A bill for an act

1.2 relating to human services; creating the Protecting Children and Strengthening
1.3 Families Act; requiring a report; appropriating money; proposing coding for new

1.5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.6 **ARTICLE 1**

1.7 **PROTECTING CHILDREN AND STRENGTHENING FAMILIES ACT**

1.8 Section 1. **[256N.01] CITATION.**

1.9 Sections 256N.01 to 256N.09 may be cited as the "Protecting Children and
1.10 Strengthening Families Act," hereafter the "act." This act defines public child welfare
1.11 policy, sets state priorities, creates accountability mechanisms for achieving improved
1.12 outcomes for children and families, and establishes a fund to begin to address the safety,
1.13 permanency, and well-being needs of children and adolescents who come to the attention
1.14 of the county as a result of a report of child maltreatment pursuant to section 626.556 or
1.15 are otherwise the responsibility of the county.

1.16 Sec. 2. **[256N.02] PUBLIC POLICY.**

1.17 Subdivision 1. **General.** The legislature hereby declares that the public policy
1.18 of the state is:

1.19 (1) first and foremost, children should be safe from harm and protected from abuse
1.20 and neglect;

1.21 (2) children should be maintained safely in their homes whenever possible and
1.22 appropriate;

2.1 (3) when the ability of parents to keep their children safe is compromised it is in
2.2 the public interest to intervene early and provide services that promote parents' protective
2.3 capacities, mitigate risks of harm, and strengthen and support parents in their care giving
2.4 roles;

2.5 (4) children should grow up in safe, permanent and nurturing homes and, when it is
2.6 not possible for their parents to provide safety and permanency, alternative permanency
2.7 options must be made available to children as quickly as possible;

2.8 (5) whenever possible, alternative permanency options should be with children's
2.9 relatives or kin in order to maintain family relationships and preserve connections with
2.10 their communities and culture; and

2.11 (6) once permanency is achieved, children and their families should receive the
2.12 services and supports necessary to maintain safe, stable, and permanent homes.

2.13 Subd. 2. **Racial disparities in child welfare.** It is further the policy of the state to
2.14 reduce racial disparities and disproportionality that exists in the child welfare system by:

2.15 (1) identifying and addressing structural factors contributing to inequities in
2.16 outcomes;

2.17 (2) identifying and implementing promising and evidence-based strategies to reduce
2.18 racial disparities in treatment and outcomes;

2.19 (3) using cultural values, beliefs, and practices of families, communities, and tribes
2.20 to shape family assessment, case planning, case service design, and case decision-making
2.21 processes;

2.22 (4) using placement and reunification strategies that maintain, honor, and support
2.23 relationships and connections between parents, siblings, children, kin, and significant
2.24 others, giving priority to kinship placements when placement is necessary; and

2.25 (5) supporting families in the context of their communities and tribes so as to safely
2.26 divert them away from the child welfare system, whenever possible.

2.27 **Sec. 3. [256N.03] PUBLIC PRIORITIES.**

2.28 A broad continuum of services and a reform of practice are necessary across
2.29 Minnesota to keep children safe from abuse and neglect, prevent the trauma associated
2.30 with removing a child from the child's family home, and provide families with the
2.31 necessary supports and services to protect and nurture the families' children. Successful
2.32 implementation of state policy must result in improved outcomes for children and families
2.33 and must be measured by:

2.34 (1) improved timeliness to initial investigations;

2.35 (2) increased monthly caseworker visits with children in out-of-home placement;

6.19 system that measures county performance on federal and state outcome measures and

7.6 distributed; and

7.7 (3) adjust allocations to a county based on the commissioner's determination

7.10 county has failed to meet performance standards and address the priorities under this act,
7.11 or failed to develop and implement a program improvement plan:

7.12 (1) the commissioner shall notify the county, by mail, of the standards which the
7.13 county has not achieved;

7.17 improvement plan approved by the commissioner, the commissioner may withhold the
7.18 county's share of state or federal funds under this act. The commissioner may withhold
7.19 future allocations until the county has achieved the standards applicable to the program
7.20 or has developed and implemented a program improvement plan. If a county does not
7.21 achieve standards to develop and implement a program improvement plan for more than
7.22 six consecutive months, the commissioner may reallocate the withheld funds to counties

7.24 **Sec. 7. [256N.07] PLAN.**

7.25 Subdivision 1. **Plan submitted to commissioner.** Effective January 1, 2011, and
7.26 each two-year period thereafter, each county shall have a biennial plan approved by the

7.31 commissioner. The plan must include:

7.34 them away from the child welfare system, whenever possible;

8.1 (2) strategies the county must engage in to address each of the public priorities
8.2 identified in section 256N.03;

8.3 (3) strategies that the county must engage in to maintain connections between family
8.4 members and significant others, giving priority to kinship placements, when placement is
8.5 necessary;

8.6 (4) strategies that address disparities in out-of-home placement for African-American
8.7 and American Indian children in their county and other populations of children
8.8 disproportionately represented, and when placement is necessary the strategies that must
8.9 be employed to maintain children's familial and cultural connections;

8.10 (5) performance targets on state and federal indicators measuring outcomes of child
8.11 safety, permanency, and well-being;

8.12 (6) strategies the county must implement to achieve the performance targets,
8.13 including specification of how funds under this section and other community resources
8.14 must be used to achieve desired performance targets;

8.15 (7) the dollar amounts and brief description of children's mental health and adult
8.16 community services, if any, the county intends to fund under this chapter; and

8.17 (8) a description of the county's process to solicit public input and a summary of
8.18 that input.

8.19 Subd. 3. **Timelines.** The preliminary plan must be submitted to the commissioner
8.20 by October 15, 2010, and October 15 every two years thereafter.

8.21 Subd. 4. **Public comment.** The county board shall determine how citizens in the
8.22 county will participate in the development of the plan and provide opportunities for
8.23 such participation. The county shall allow a period of no less than 30 days prior to the
8.24 submission of the plan to the commissioner to solicit comments from the public on the
8.25 contents of the plan.

8.26 Subd. 5. **Commissioner's responsibilities.** The commissioner shall, within 60
8.27 days of receiving each county plan, inform the county if the plan has been approved.
8.28 If the plan is not approved, the commissioner shall inform the county of any revisions
8.29 needed for approval.

8.30 **Sec. 8. [256N.08] GRANT ALLOCATION.**

8.31 Subdivision 1. **Determination.** The commissioner shall annually determine whether
8.32 a county has met the requirements under this act. In making this determination, the
8.33 commissioner shall consider factors addressed by the county in its plan under section
8.34 256N.07, whether the county fully participated in the state quality assurance process, and
8.35 actual county performance on measures of child safety, permanency, and well-being. The

9.1 commissioner shall continue to measure and monitor performance, and counties shall
9.2 continue to develop and employ appropriate strategies and procedures to continuously
9.3 improve services and outcomes. Performance standards for these measures must be
9.4 determined by the commissioner in consultation with counties, and must include those
9.5 prescribed by the federal Department of Human Services and those unique to the state.

9.6 Subd. 2. **Grant formula.** (a) For calendar year 2011, counties shall receive the
9.7 same allocation as was received the previous year under chapter 256M proportionately to
9.8 state Children and Community Services Act and federal Title XX funds. Allocations must
9.9 be comprised of both state appropriations under this act and federal Title XX funds, except
9.10 for federal Title XX funds allocated for administrative purposes and migrant day care.
9.11 Beginning with calendar year 2012, the amount of money allocated to counties must first
9.12 be allocated in amounts equal to each county's guaranteed floor according to subdivision 3
9.13 provided they meet the requirements under subdivision 1. The commissioner shall work
9.14 with counties to develop a proposed allocation process for remaining funds, and submit this
9.15 to the chairs and ranking minority members of the legislative committees with jurisdiction
9.16 over children's mental health no later than January 15, 2011. The allocation process must
9.17 include factors of need and performance, together with appropriate phase-in provisions.

9.18 Subd. 3. **Guaranteed floor.** The guaranteed floor portion of funds must be 25
9.19 percent of the total allocation. Each county must be allocated a guaranteed floor based on
9.20 the population of the county under age 19 years as compared to the state as a whole as
9.21 determined by the most recent data from the state demographer's office. When the amount
9.22 of funds available for allocation is less than the amount available in the previous year,
9.23 each county's allocation must be reduced in proportion to the reduction in the statewide
9.24 funding, to establish each county's guaranteed floor.

9.25 Subd. 4. **Payments.** Calendar year state allocations under this section must be paid
9.26 to counties on or before July 10 of each year. Federal Title XX funds must be allocated as
9.27 permissible under federal law and regulations.

9.28 **Sec. 9. [256N.09] DUTIES OF COUNTY BOARDS.**

9.29 Subdivision 1. **Responsibilities.** The county or human services board of each county
9.30 are responsible for administration and funding of children's services and other services
9.31 funded under this chapter in order to achieve the public policy and priorities identified in
9.32 sections 256N.02 and 256N.03. The county board shall use funds under this act to support
9.33 the strategies identified in its plan under section 256N.07.

9.34 Subd. 2. **Reports.** The county shall provide necessary reports and data as required
9.35 by the commissioner.
