15.20 need for long-term care and must be defined and described as part of the outline of coverage.)

15.21 (Any benefit screens must be explained in this section. If these screens differ for different

16.14 (b) any automatic benefit adjustment provisions;

17.11 used to measure an insured's need for long-term care and must be described in the policy  
17.12 or certificate in a separate paragraph and must be labeled "Eligibility for the Payment of

17.15 description. If an attending physician, advanced practice registered nurse, physician assistant,  
17.16 or other specified person must certify a certain level of functional dependency in order to  
17.17 be eligible for benefits, this too shall be specified.

17.20 insurance contains a question which asks whether the applicant has had medication prescribed  
17.21 by a physician or advanced practice registered nurse, or physician assistant, it must also  
17.22 ask the applicant to list the medication that has been prescribed. If the medications listed  
17.23 in the application were known by the insurer, or should have been known at the time of  
17.24 application, to be directly related to a medical condition for which coverage would otherwise  
17.25 be denied, then the policy or certificate shall not be rescinded for that condition.

31.2 shall include the likely medical or major psychological results of the treatment and its  
31.3 alternatives. In cases where it is medically inadvisable, as documented by the attending  
31.4 physician ~~or~~ advanced practice registered nurse, or physician assistant in a patient's or  
31.5 resident's medical record, the information shall be given to the patient's or resident's guardian  
31.6 or other person designated by the patient or resident as a representative. Individuals have  
31.7 the right to refuse this information.

31.8 Every patient or resident suffering from any form of breast cancer shall be fully informed,  
31.9 prior to or at the time of admission and during her stay, of all alternative effective methods  
31.10 of treatment of which the treating physician ~~or~~ advanced practice registered nurse, or  
31.11 physician assistant is knowledgeable, including surgical, radiological, or chemotherapeutic  
31.12 treatments or combinations of treatments and the risks associated with each of those methods.

31.13 Sec. 47. Minnesota Statutes 2020, section 144.651, subdivision 10, is amended to read:

31.14 **Subd. 10. Participation in planning treatment; notification of family members. (a)**  
31.15 Patients and residents shall have the right to participate in the planning of their health care.  
31.16 This right includes the opportunity to discuss treatment and alternatives with individual  
31.17 caregivers, the opportunity to request and participate in formal care conferences, and the  
31.18 right to include a family member or other chosen representative, or both. In the event that  
31.19 the patient or resident cannot be present, a family member or other representative chosen  
31.20 by the patient or resident may be included in such conferences. A chosen representative  
31.21 may include a doula of the patient's choice.

31.22 (b) If a patient or resident who enters a facility is unconscious or comatose or is unable  
31.23 to communicate, the facility shall make reasonable efforts as required under paragraph (c)  
31.24 to notify either a family member or a person designated in writing by the patient as the  
31.25 person to contact in an emergency that the patient or resident has been admitted to the  
31.26 facility. The facility shall allow the family member to participate in treatment planning,  
31.27 unless the facility knows or has reason to believe the patient or resident has an effective  
31.28 advance directive to the contrary or knows the patient or resident has specified in writing  
31.29 that they do not want a family member included in treatment planning. After notifying a  
31.30 family member but prior to allowing a family member to participate in treatment planning,  
31.31 the facility must make reasonable efforts, consistent with reasonable medical practice, to  
31.32 determine if the patient or resident has executed an advance directive relative to the patient  
31.33 or resident's health care decisions. For purposes of this paragraph, "reasonable efforts"  
31.34 include:

32.1 (1) examining the personal effects of the patient or resident;

32.2 (2) examining the medical records of the patient or resident in the possession of the  
32.3 facility;

32.4 (3) inquiring of any emergency contact or family member contacted under this section  
32.5 whether the patient or resident has executed an advance directive and whether the patient  
32.6 or resident has a physician ~~or~~, advanced practice registered nurse, or physician assistant to  
32.7 whom the patient or resident normally goes for care; and

32.8 (4) inquiring of the physician ~~or~~, advanced practice registered nurse, or physician assistant  
32.9 to whom the patient or resident normally goes for care, if known, whether the patient or  
32.10 resident has executed an advance directive. If a facility notifies a family member or  
32.11 designated emergency contact or allows a family member to participate in treatment planning  
32.12 in accordance with this paragraph, the facility is not liable to the patient or resident for  
32.13 damages on the grounds that the notification of the family member or emergency contact  
32.14 or the participation of the family member was improper or violated the patient's privacy  
32.15 rights.

32.16 (c) In making reasonable efforts to notify a family member or designated emergency  
32.17 contact, the facility shall attempt to identify family members or a designated emergency  
32.18 contact by examining the personal effects of the patient or resident and the medical records  
32.19 of the patient or resident in the possession of the facility. If the facility is unable to notify  
32.20 a family member or designated emergency contact within 24 hours after the admission, the  
32.21 facility shall notify the county social service agency or local law enforcement agency that  
32.22 the patient or resident has been admitted and the facility has been unable to notify a family  
32.23 member or designated emergency contact. The county social service agency and local law  
32.24 enforcement agency shall assist the facility in identifying and notifying a family member  
32.25 or designated emergency contact. A county social service agency or local law enforcement  
32.26 agency that assists a facility in implementing this subdivision is not liable to the patient or  
32.27 resident for damages on the grounds that the notification of the family member or emergency  
32.28 contact or the participation of the family member was improper or violated the patient's  
32.29 privacy rights.

32.30 Sec. 48. Minnesota Statutes 2020, section 144.651, subdivision 12, is amended to read:

32.31 Subd. 12. **Right to refuse care.** Competent patients and residents shall have the right  
32.32 to refuse treatment based on the information required in subdivision 9. Residents who refuse  
32.33 treatment, medication, or dietary restrictions shall be informed of the likely medical or major  
32.34 psychological results of the refusal, with documentation in the individual medical record.

33.1 In cases where a patient or resident is incapable of understanding the circumstances but has  
33.2 not been adjudicated incompetent, or when legal requirements limit the right to refuse  
33.3 treatment, the conditions and circumstances shall be fully documented by the attending  
33.4 physician ~~or~~ advanced practice registered nurse, or physician assistant in the patient's or  
33.5 resident's medical record.

33.6 Sec. 49. Minnesota Statutes 2020, section 144.651, subdivision 14, is amended to read:

33.7 Subd. 14. **Freedom from maltreatment.** Patients and residents shall be free from  
33.8 maltreatment as defined in the Vulnerable Adults Protection Act. "Maltreatment" means  
33.9 conduct described in section 626.5572, subdivision 15, or the intentional and nontherapeutic  
33.10 infliction of physical pain or injury, or any persistent course of conduct intended to produce  
33.11 mental or emotional distress. Every patient and resident shall also be free from nontherapeutic  
33.12 chemical and physical restraints, except in fully documented emergencies, or as authorized  
33.13 in writing after examination by a patient's or resident's physician ~~or~~ advanced practice  
33.14 registered nurse, or physician assistant for a specified and limited period of time, and only  
33.15 when necessary to protect the resident from self-injury or injury to others.

33.16 Sec. 50. Minnesota Statutes 2020, section 144.651, subdivision 31, is amended to read:

33.17 Subd. 31. **Isolation and restraints.** A minor patient who has been admitted to a  
33.18 residential program as defined in section 253C.01 has the right to be free from physical  
33.19 restraint and isolation except in emergency situations involving a likelihood that the patient  
33.20 will physically harm the patient's self or others. These procedures may not be used for  
33.21 disciplinary purposes, to enforce program rules, or for the convenience of staff. Isolation  
33.22 or restraint may be used only upon the prior authorization of a physician, advanced practice  
33.23 registered nurse, physician assistant, psychiatrist, or licensed psychologist, only when less  
33.24 restrictive measures are ineffective or not feasible and only for the shortest time necessary.

33.25 Sec. 51. Minnesota Statutes 2020, section 144.651, subdivision 33, is amended to read:

33.26 Subd. 33. **Restraints.** (a) Competent nursing home residents, family members of residents  
33.27 who are not competent, and legally appointed conservators, guardians, and health care agents  
33.28 as defined under section 145C.01, have the right to request and consent to the use of a  
33.29 physical restraint in order to treat the medical symptoms of the resident.

33.30 (b) Upon receiving a request for a physical restraint, a nursing home shall inform the  
33.31 resident, family member, or legal representative of alternatives to and the risks involved  
33.32 with physical restraint use. The nursing home shall provide a physical restraint to a resident

34.1 only upon receipt of a signed consent form authorizing restraint use and a written order  
34.2 from the attending physician ~~or~~, advanced practice registered nurse, or physician assistant  
34.3 that contains statements and determinations regarding medical symptoms and specifies the  
34.4 circumstances under which restraints are to be used.

34.5 (c) A nursing home providing a restraint under paragraph (b) must:

34.6 (1) document that the procedures outlined in that paragraph have been followed;

34.7 (2) monitor the use of the restraint by the resident; and

34.8 (3) periodically, in consultation with the resident, the family, and the attending physician  
34.9 ~~or~~, advanced practice registered nurse, or physician assistant, reevaluate the resident's need  
34.10 for the restraint.

34.11 (d) A nursing home shall not be subject to fines, civil money penalties, or other state or  
34.12 federal survey enforcement remedies solely as the result of allowing the use of a physical  
34.13 restraint as authorized in this subdivision. Nothing in this subdivision shall preclude the  
34.14 commissioner from taking action to protect the health and safety of a resident if:

34.15 (1) the use of the restraint has jeopardized the health and safety of the resident; and

34.16 (2) the nursing home failed to take reasonable measures to protect the health and safety  
34.17 of the resident.

34.18 (e) For purposes of this subdivision, "medical symptoms" include:

34.19 (1) a concern for the physical safety of the resident; and

34.20 (2) physical or psychological needs expressed by a resident. A resident's fear of falling  
34.21 may be the basis of a medical symptom.

34.22 A written order from the attending physician ~~or~~, advanced practice registered nurse, or  
34.23 physician assistant that contains statements and determinations regarding medical symptoms  
34.24 is sufficient evidence of the medical necessity of the physical restraint.

34.25 (f) When determining nursing facility compliance with state and federal standards for  
34.26 the use of physical restraints, the commissioner of health is bound by the statements and  
34.27 determinations contained in the attending physician's ~~or~~, advanced practice registered nurse's,  
34.28 or physician assistant's order regarding medical symptoms. For purposes of this order,  
34.29 "medical symptoms" include the request by a competent resident, family member of a  
34.30 resident who is not competent, or legally appointed conservator, guardian, or health care  
34.31 agent as defined under section 145C.01, that the facility provide a physical restraint in order  
34.32 to enhance the physical safety of the resident.

35.1 Sec. 52. Minnesota Statutes 2020, section 144.652, subdivision 2, is amended to read:

35.2 Subd. 2. **Correction order; emergencies.** A substantial violation of the rights of any  
 35.3 patient or resident as defined in section 144.651, shall be grounds for issuance of a correction  
 35.4 order pursuant to section 144.653 or 144A.10. The issuance or nonissuance of a correction  
 35.5 order shall not preclude, diminish, enlarge, or otherwise alter private action by or on behalf  
 35.6 of a patient or resident to enforce any unreasonable violation of the patient's or resident's  
 35.7 rights. Compliance with the provisions of section 144.651 shall not be required whenever  
 35.8 emergency conditions, as documented by the attending physician ~~or~~ advanced practice  
 35.9 registered nurse, or physician assistant in a patient's medical record or a resident's care  
 35.10 record, indicate immediate medical treatment, including but not limited to surgical  
 35.11 procedures, is necessary and it is impossible or impractical to comply with the provisions  
 35.12 of section 144.651 because delay would endanger the patient's or resident's life, health, or  
 35.13 safety.

35.14 Sec. 53. Minnesota Statutes 2020, section 144.69, is amended to read:

35.15 **144.69 CLASSIFICATION OF DATA ON INDIVIDUALS.**

35.16 Notwithstanding any law to the contrary, including section 13.05, subdivision 9, data  
 35.17 collected on individuals by the cancer surveillance system, including the names and personal  
 35.18 identifiers of persons required in section 144.68 to report, shall be private and may only be  
 35.19 used for the purposes set forth in this section and sections 144.671, 144.672, and 144.68.  
 35.20 Any disclosure other than is provided for in this section and sections 144.671, 144.672, and  
 35.21 144.68, is declared to be a misdemeanor and punishable as such. Except as provided by  
 35.22 rule, and as part of an epidemiologic investigation, an officer or employee of the  
 35.23 commissioner of health may interview patients named in any such report, or relatives of  
 35.24 any such patient, only after the consent of the attending physician, advanced practice  
 35.25 registered nurse, physician assistant, or surgeon is obtained.

35.26 Sec. 54. Minnesota Statutes 2020, section 144.7402, subdivision 2, is amended to read:

35.27 Subd. 2. **Conditions.** A facility shall follow the procedures outlined in sections 144.7401  
 35.28 to 144.7415 when all of the following conditions are met:

35.29 (1) the facility determines that significant exposure has occurred, following the protocol  
 35.30 under section 144.7414;

35.31 (2) the licensed physician ~~or~~ advanced practice registered nurse, or physician assistant  
 35.32 for the emergency medical services person needs the source individual's blood-borne

36.1 pathogen test results to begin, continue, modify, or discontinue treatment, in accordance  
36.2 with the most current guidelines of the United States Public Health Service, because of  
36.3 possible exposure to a blood-borne pathogen; and

36.4 (3) the emergency medical services person consents to provide a blood sample for testing  
36.5 for a blood-borne pathogen. If the emergency medical services person consents to blood  
36.6 collection, but does not consent at that time to blood-borne pathogen testing, the facility  
36.7 shall preserve the sample for at least 90 days. If the emergency medical services person  
36.8 elects to have the sample tested within 90 days, the testing shall be done as soon as feasible.

36.9 Sec. 55. Minnesota Statutes 2020, section 144.7406, subdivision 2, is amended to read:

36.10 Subd. 2. **Procedures without consent.** If the source individual has provided a blood  
36.11 sample with consent but does not consent to blood-borne pathogen testing, the facility shall  
36.12 test for blood-borne pathogens if the emergency medical services person or emergency  
36.13 medical services agency requests the test, provided all of the following criteria are met:

36.14 (1) the emergency medical services person or emergency medical services agency has  
36.15 documented exposure to blood or body fluids during performance of that person's occupation  
36.16 or while acting as a Good Samaritan under section 604A.01 or executing a citizen's arrest  
36.17 under section 629.30;

36.18 (2) the facility has determined that a significant exposure has occurred and a licensed  
36.19 physician or advanced practice registered nurse, or physician assistant for the emergency  
36.20 medical services person has documented in the emergency medical services person's medical  
36.21 record that blood-borne pathogen test results are needed for beginning, modifying, continuing,  
36.22 or discontinuing medical treatment for the emergency medical services person under section  
36.23 144.7414, subdivision 2;

36.24 (3) the emergency medical services person provides a blood sample for testing for  
36.25 blood-borne pathogens as soon as feasible;

36.26 (4) the facility asks the source individual to consent to a test for blood-borne pathogens  
36.27 and the source individual does not consent;

36.28 (5) the facility has provided the source individual with all of the information required  
36.29 by section 144.7403; and

36.30 (6) the facility has informed the emergency medical services person of the confidentiality  
36.31 requirements of section 144.7411 and the penalties for unauthorized release of source  
36.32 information under section 144.7412.

37.1 Sec. 56. Minnesota Statutes 2020, section 144.7407, subdivision 2, is amended to read:

37.2 Subd. 2. **Procedures without consent.** (a) An emergency medical services agency, or,  
37.3 if there is no agency, an emergency medical services person, may bring a petition for a court  
37.4 order to require a source individual to provide a blood sample for testing for blood-borne  
37.5 pathogens. The petition shall be filed in the district court in the county where the source  
37.6 individual resides or is hospitalized. The petitioner shall serve the petition on the source  
37.7 individual at least three days before a hearing on the petition. The petition shall include one  
37.8 or more affidavits attesting that:

37.9 (1) the facility followed the procedures in sections 144.7401 to 144.7415 and attempted  
37.10 to obtain blood-borne pathogen test results according to those sections;

37.11 (2) it has been determined under section 144.7414, subdivision 2, that a significant  
37.12 exposure has occurred to the emergency medical services person; and

37.13 (3) a physician with specialty training in infectious diseases, including HIV, has  
37.14 documented that the emergency medical services person has provided a blood sample and  
37.15 consented to testing for blood-borne pathogens and blood-borne pathogen test results are  
37.16 needed for beginning, continuing, modifying, or discontinuing medical treatment for the  
37.17 emergency medical services person.

37.18 (b) Facilities shall cooperate with petitioners in providing any necessary affidavits to  
37.19 the extent that facility staff can attest under oath to the facts in the affidavits.

37.20 (c) The court may order the source individual to provide a blood sample for blood-borne  
37.21 pathogen testing if:

37.22 (1) there is probable cause to believe the emergency medical services person has  
37.23 experienced a significant exposure to the source individual;

37.24 (2) the court imposes appropriate safeguards against unauthorized disclosure that must  
37.25 specify the persons who have access to the test results and the purposes for which the test  
37.26 results may be used;

37.27 (3) a licensed physician ~~or~~, advanced practice registered nurse, or physician assistant  
37.28 for the emergency medical services person needs the test results for beginning, continuing,  
37.29 modifying, or discontinuing medical treatment for the emergency medical services person;  
37.30 and

37.31 (4) the court finds a compelling need for the test results. In assessing compelling need,  
37.32 the court shall weigh the need for the court-ordered blood collection and test results against  
37.33 the interests of the source individual, including, but not limited to, privacy, health, safety,

38.1 or economic interests. The court shall also consider whether the involuntary blood collection  
38.2 and testing would serve the public interest.

38.3 (d) The court shall conduct the proceeding in camera unless the petitioner or the source  
38.4 individual requests a hearing in open court and the court determines that a public hearing  
38.5 is necessary to the public interest and the proper administration of justice.

38.6 (e) The court shall conduct an ex parte hearing if the source individual does not attend  
38.7 the noticed hearing and the petitioner complied with the notice requirements in paragraph  
38.8 (a).

38.9 (f) The source individual has the right to counsel in any proceeding brought under this  
38.10 subdivision.

38.11 (g) The court may order a source individual taken into custody by a peace officer for  
38.12 purposes of obtaining a blood sample if the source individual does not comply with an order  
38.13 issued by the court pursuant to paragraph (c). The source individual shall be held no longer  
38.14 than is necessary to secure a blood sample. A person may not be held for more than 24 hours  
38.15 without receiving a court hearing.

38.16 Sec. 57. Minnesota Statutes 2020, section 144.7414, subdivision 2, is amended to read:

38.17 Subd. 2. **Facility protocol requirements.** Every facility shall adopt and follow a  
38.18 postexposure protocol for emergency medical services persons who have experienced a  
38.19 significant exposure. The postexposure protocol must adhere to the most current  
38.20 recommendations of the United States Public Health Service and include, at a minimum,  
38.21 the following:

38.22 (1) a process for emergency medical services persons to report an exposure in a timely  
38.23 fashion;

38.24 (2) a process for an infectious disease specialist, or a licensed physician ~~or~~<sub>2</sub> advanced  
38.25 practice registered nurse, or physician assistant who is knowledgeable about the most current  
38.26 recommendations of the United States Public Health Service in consultation with an infectious  
38.27 disease specialist, (i) to determine whether a significant exposure to one or more blood-borne  
38.28 pathogens has occurred and (ii) to provide, under the direction of a licensed physician ~~or~~<sub>2</sub>  
38.29 advanced practice registered nurse, or physician assistant, a recommendation or  
38.30 recommendations for follow-up treatment appropriate to the particular blood-borne pathogen  
38.31 or pathogens for which a significant exposure has been determined;

39.1 (3) if there has been a significant exposure, a process to determine whether the source  
39.2 individual has a blood-borne pathogen through disclosure of test results, or through blood  
39.3 collection and testing as required by sections 144.7401 to 144.7415;

39.4 (4) a process for providing appropriate counseling prior to and following testing for a  
39.5 blood-borne pathogen regarding the likelihood of blood-borne pathogen transmission and  
39.6 follow-up recommendations according to the most current recommendations of the United  
39.7 States Public Health Service, recommendations for testing, and treatment to the emergency  
39.8 medical services person;

39.9 (5) a process for providing appropriate counseling under clause (4) to the emergency  
39.10 medical services person and the source individual; and

39.11 (6) compliance with applicable state and federal laws relating to data practices,  
39.12 confidentiality, informed consent, and the patient bill of rights.

39.13 Sec. 58. Minnesota Statutes 2020, section 144.7415, subdivision 2, is amended to read:

39.14 Subd. 2. **Immunity.** A facility, licensed physician, advanced practice registered nurse,  
39.15 physician assistant, and designated health care personnel are immune from liability in any  
39.16 civil, administrative, or criminal action relating to the disclosure of test results to an  
39.17 emergency medical services person or emergency medical services agency and the testing  
39.18 of a blood sample from the source individual for blood-borne pathogens if a good faith  
39.19 effort has been made to comply with sections 144.7401 to 144.7415.

39.20 Sec. 59. Minnesota Statutes 2020, section 144.9502, subdivision 4, is amended to read:

39.21 Subd. 4. **Blood lead analyses and epidemiologic information.** The blood lead analysis  
39.22 reports required in this section must specify:

39.23 (1) whether the specimen was collected as a capillary or venous sample;

39.24 (2) the date the sample was collected;

39.25 (3) the results of the blood lead analysis;

39.26 (4) the date the sample was analyzed;

39.27 (5) the method of analysis used;

39.28 (6) the full name, address, and phone number of the laboratory performing the analysis;

39.29 (7) the full name, address, and phone number of the physician, advanced practice  
39.30 registered nurse, physician assistant, or facility requesting the analysis;

40.1 (8) the full name, address, and phone number of the person with the blood lead level,  
40.2 and the person's birthdate, gender, and race.

40.3 Sec. 60. Minnesota Statutes 2020, section 144.966, subdivision 3, is amended to read:

40.4 Subd. 3. **Early hearing detection and intervention programs.** All hospitals shall  
40.5 establish an early hearing detection and intervention (EHDI) program. Each EHDI program  
40.6 shall:

40.7 (1) in advance of any hearing screening testing, provide to the newborn's or infant's  
40.8 parents or parent information concerning the nature of the screening procedure, applicable  
40.9 costs of the screening procedure, the potential risks and effects of hearing loss, and the  
40.10 benefits of early detection and intervention;

40.11 (2) comply with parental election as described under section 144.125, subdivision 4;

40.17 in the hospital for a prolonged period, testing shall be performed prior to three months of  
40.18 age or when medically feasible;

40.19 (6) develop and implement procedures for documenting the results of all hearing screening  
40.20 tests;

40.21 (7) inform the newborn's or infant's parents or parent~~s~~<sub>2</sub>; primary care physician ~~or~~<sub>2</sub>,  
40.22 advanced practice registered nurse, physician assistant; and the Department of Health

40.24 screening test or rescreening if conducted, or if the newborn or infant was not successfully  
40.25 tested. The hospital that discharges the newborn or infant to home is responsible for the  
40.26 screening; and

40.27 (8) collect performance data specified by the Department of Health.

52.26 **145C.06 WHEN EFFECTIVE.**

52.27 A health care directive is effective for a health care decision when:

52.28 (1) it meets the requirements of section 145C.03, subdivision 1; and

52.29 (2) the principal, in the determination of the attending physician ~~or~~ advanced practice  
 52.30 registered nurse, or physician assistant of the principal, lacks decision-making capacity to  
 52.31 make the health care decision; or if other conditions for effectiveness otherwise specified  
 52.32 by the principal have been met.

53.1 A health care directive is not effective for a health care decision when the principal, in

 53.9 make or communicate that health care decision; or if other conditions for effectiveness  
 53.10 otherwise specified by the principal have been met. The physician, advanced practice  
 53.11 registered nurse, physician assistant, or other health care provider shall continue to obtain  
 53.12 the principal's informed consent to all health care decisions for which the principal has  
 53.13 decision-making capacity, unless other conditions for effectiveness otherwise specified by

 53.15 health care agent is not reasonably available to act.

53.16 Sec. 83. Minnesota Statutes 2020, section 145C.16, is amended to read:

53.17 **145C.16 SUGGESTED FORM.**

53.18 The following is a suggested form of a health care directive and is not a required form.

53.19 HEALTH CARE DIRECTIVE

53.20 I, ....., understand this document allows me to do ONE OR BOTH of the  
 53.21 following:

53.22 PART I: Name another person (called the health care agent) to make health care decisions  
 53.23 for me if I am unable to decide or speak for myself. My health care agent must make health  
 53.24 care decisions for me based on the instructions I provide in this document (Part II), if any,  
 53.25 the wishes I have made known to him or her, or must act in my best interest if I have not  
 53.26 made my health care wishes known.

53.27 AND/OR

53.28 PART II: Give health care instructions to guide others making health care decisions for  
 53.29 me. If I have named a health care agent, these instructions are to be used by the agent. These  
 53.30 instructions may also be used by my health care providers, others assisting with my health  
 53.31 care and my family, in the event I cannot make decisions for myself.

54.1 PART I: APPOINTMENT OF HEALTH CARE AGENT

54.2 THIS IS WHO I WANT TO MAKE HEALTH CARE DECISIONS  
54.3 FOR ME IF I AM UNABLE TO DECIDE OR SPEAK FOR MYSELF

54.4 (I know I can change my agent or alternate agent at any time and I know I do not have  
54.5 to appoint an agent or an alternate agent)

54.6 NOTE: If you appoint an agent, you should discuss this health care directive with your agent  
54.7 and give your agent a copy. If you do not wish to appoint an agent, you may leave Part I  
54.8 blank and go to Part II.

54.9 When I am unable to decide or speak for myself, I trust and appoint ..... to  
54.10 make health care decisions for me. This person is called my health care agent.

54.11 Relationship of my health care agent to me:.....

54.12 Telephone number of my health care agent:.....

54.13 Address of my health care agent:.....

54.14 (OPTIONAL) APPOINTMENT OF ALTERNATE HEALTH CARE AGENT: If my  
54.15 health care agent is not reasonably available, I trust and appoint ..... to be my health  
54.16 care agent instead.

54.17 Relationship of my alternate health care agent to me:.....

54.18 Telephone number of my alternate health care agent:.....

54.19 Address of my alternate health care agent:.....

54.20 THIS IS WHAT I WANT MY HEALTH CARE AGENT TO BE ABLE TO

54.21 DO IF I AM UNABLE TO DECIDE OR SPEAK FOR MYSELF

54.22 (I know I can change these choices)

54.23 My health care agent is automatically given the powers listed below in (A) through (D).  
54.24 My health care agent must follow my health care instructions in this document or any other  
54.25 instructions I have given to my agent. If I have not given health care instructions, then my  
54.26 agent must act in my best interest.

54.27 Whenever I am unable to decide or speak for myself, my health care agent has the power  
54.28 to:

54.29 (A) Make any health care decision for me. This includes the power to give, refuse, or  
54.30 withdraw consent to any care, treatment, service, or procedures. This includes deciding  
54.31 whether to stop or not start health care that is keeping me or might keep me alive, and  
54.32 deciding about intrusive mental health treatment.

55.1 (B) Choose my health care providers.

55.2 (C) Choose where I live and receive care and support when those choices relate to my  
55.3 health care needs.

55.4 (D) Review my medical records and have the same rights that I would have to give my  
55.5 medical records to other people.

55.6 If I DO NOT want my health care agent to have a power listed above in (A) through (D)  
55.7 OR if I want to LIMIT any power in (A) through (D), I MUST say that here:

55.8 .....  
55.9 .....  
55.10 .....

55.11 My health care agent is NOT automatically given the powers listed below in (1) and (2).  
55.12 If I WANT my agent to have any of the powers in (1) and (2), I must INITIAL the line in  
55.13 front of the power; then my agent WILL HAVE that power.

55.14 ..... (1) To decide whether to donate any parts of my body, including organs, tissues,  
55.15 and eyes, when I die.

55.16 ..... (2) To decide what will happen with my body when I die (burial, cremation).

55.17 If I want to say anything more about my health care agent's powers or limits on the  
55.18 powers, I can say it here:

55.19 .....  
55.20 .....  
55.21 .....

55.22 PART II: HEALTH CARE INSTRUCTIONS

55.23 NOTE: Complete this Part II if you wish to give health care instructions. If you appointed  
55.24 an agent in Part I, completing this Part II is optional but would be very helpful to your agent.  
55.25 However, if you chose not to appoint an agent in Part I, you MUST complete some or all  
55.26 of this Part II if you wish to make a valid health care directive.

55.27 These are instructions for my health care when I am unable to decide or speak for myself.  
55.28 These instructions must be followed (so long as they address my needs).

55.29 THESE ARE MY BELIEFS AND VALUES ABOUT MY HEALTH CARE

55.30 (I know I can change these choices or leave any of them blank)

56.1 I want you to know these things about me to help you make decisions about my health  
56.2 care:

56.4 .....  
56.5 .....

56.6 My fears about my health care:.....  
56.7 .....  
56.8 .....

56.9 My spiritual or religious beliefs and traditions:.....  
56.10 .....  
56.11 .....

56.12 My beliefs about when life would be no longer worth living:.....  
56.13 .....  
56.14 .....

56.15 My thoughts about how my medical condition might affect my family:.....  
56.16 .....  
56.17 .....

56.18 THIS IS WHAT I WANT AND DO NOT WANT FOR MY HEALTH CARE

56.19 (I know I can change these choices or leave any of them blank)

56.20 Many medical treatments may be used to try to improve my medical condition or to  
56.21 prolong my life. Examples include artificial breathing by a machine connected to a tube in  
56.22 the lungs, artificial feeding or fluids through tubes, attempts to start a stopped heart, surgeries,  
56.23 dialysis, antibiotics, and blood transfusions. Most medical treatments can be tried for a  
56.24 while and then stopped if they do not help.

56.25 I have these views about my health care in these situations:

56.26 (Note: You can discuss general feelings, specific treatments, or leave any of them blank)

56.27 If I had a reasonable chance of recovery, and were temporarily unable to decide or speak  
56.28 for myself, I would want:.....  
56.29 .....

57.1 .....

57.2 If I were dying and unable to decide or speak for myself, I would want:.....

57.3 .....

57.4 .....

57.5 If I were permanently unconscious and unable to decide or speak for myself, I would

57.6 want:.....

57.7 .....

57.8 .....

57.9 If I were completely dependent on others for my care and unable to decide or speak for

57.10 myself, I would want:.....

57.11 .....

57.12 .....

57.13 In all circumstances, my doctors ~~or~~ advanced practice registered nurses, or physician

57.14 assistants will try to keep me comfortable and reduce my pain. This is how I feel about pain

57.15 relief if it would affect my alertness or if it could shorten my life:.....

57.16 .....

57.17 .....

57.18 There are other things that I want or do not want for my health care, if possible:

57.19 Who I would like to be my doctor ~~or~~ advanced practice registered nurse, or physician

57.20 assistant:.....

57.21 .....

57.22 .....

57.23 Where I would like to live to receive health care:.....

57.24 .....

57.25 .....

57.26 Where I would like to die and other wishes I have about dying:.....

57.27 .....

57.28 .....

58.1 My wishes about donating parts of my body when I die:.....

58.2 .....

58.3 .....

58.4 My wishes about what happens to my body when I die (cremation, burial):.....

58.5 .....

58.6 .....

58.7 Any other things:.....

58.8 .....

58.9 .....

67.30 Sec. 88. Minnesota Statutes 2020, section 151.19, subdivision 4, is amended to read:

67.31 Subd. 4. **Licensing of physicians and, advanced practice registered nurses, and**  
67.32 **physician assistants to dispense drugs; renewals.** (a) The board may grant a license to

68.1 any physician licensed under chapter 147 ~~or~~, advanced practice registered nurse licensed  
68.2 under chapter 148, or physician assistant licensed under chapter 147A who provides services  
68.3 in a health care facility located in a designated health professional shortage area authorizing  
68.4 the physician ~~or~~, advanced practice registered nurse, or physician assistant to dispense drugs  
68.5 to individuals for whom pharmaceutical care is not reasonably available. The license may  
68.6 be renewed annually. Any physician ~~or~~, advanced practice registered nurse, or physician  
68.7 assistant licensed under this subdivision shall be limited to dispensing drugs in a limited  
68.8 service pharmacy and shall be governed by the rules adopted by the board when dispensing  
68.9 drugs.

68.10 (b) For the purposes of this subdivision, pharmaceutical care is not reasonably available  
68.11 if the limited service pharmacy in which the physician ~~or~~, advanced practice registered  
68.12 nurse, or physician assistant is dispensing drugs is located in a health professional shortage  
68.13 area, and no other licensed pharmacy is located within 15 miles of the limited service  
68.14 pharmacy.

68.15 (c) For the purposes of this subdivision, section 151.15, subdivision 2, shall not apply,  
68.16 and section 151.215 shall not apply provided that a physician ~~or~~, advanced practice registered  
68.17 nurse, or physician assistant granted a license under this subdivision certifies each filled  
68.18 prescription in accordance with Minnesota Rules, part 6800.3100, subpart 3.

68.19 (d) Notwithstanding section 151.102, a physician ~~or~~, advanced practice registered nurse,  
68.20 or physician assistant granted a license under this subdivision may be assisted by a pharmacy  
68.21 technician if the technician holds a valid certification from the Pharmacy Technician  
68.22 Certification Board or from another national certification body for pharmacy technicians  
68.23 that requires passage of a nationally recognized psychometrically valid certification  
68.24 examination for certification as determined by the board. The physician ~~or~~, advanced practice  
68.25 registered nurse, or physician assistant may supervise the pharmacy technician as long as  
68.26 the physician ~~or~~, advanced practice registered nurse, or physician assistant assumes  
68.27 responsibility for all functions performed by the technician. For purposes of this subdivision,  
68.28 supervision does not require the physician ~~or~~, advanced practice registered nurse, or physician  
68.29 assistant to be physically present if the physician, advanced practice registered nurse,  
68.30 physician assistant, or a licensed pharmacist is available, either electronically or by telephone.

68.31 (e) Nothing in this subdivision shall be construed to prohibit a physician ~~or~~, advanced  
68.32 practice registered nurse, or physician assistant from dispensing drugs pursuant to section  
68.33 151.37 and Minnesota Rules, parts 6800.9950 to 6800.9954.

69.1 Sec. 89. Minnesota Statutes 2020, section 151.21, subdivision 4a, is amended to read:

69.2 Subd. 4a. **Sign.** A pharmacy must post a sign in a conspicuous location and in a typeface  
69.3 easily seen at the counter where prescriptions are dispensed stating: "In order to save you  
69.4 money, this pharmacy will substitute whenever possible an FDA-approved, less expensive,  
69.5 generic drug product, which is therapeutically equivalent to and safely interchangeable with  
69.6 the one prescribed by your doctor ~~or~~, advanced practice registered nurse, or physician  
69.7 assistant, unless you object to this substitution."

69.8 Sec. 90. Minnesota Statutes 2021 Supplement, section 151.37, subdivision 2, is amended  
69.9 to read:

69.10 Subd. 2. **Prescribing and filing.** (a) A licensed practitioner in the course of professional  
69.11 practice only, may prescribe, administer, and dispense a legend drug, and may cause the  
69.12 same to be administered by a nurse, ~~a physician assistant~~, or medical student or resident  
69.13 under the practitioner's direction and supervision, and may cause a person who is an  
69.14 appropriately certified, registered, or licensed health care professional to prescribe, dispense,  
69.15 and administer the same within the expressed legal scope of the person's practice as defined  
69.16 in Minnesota Statutes. A licensed practitioner may prescribe a legend drug, without reference  
69.17 to a specific patient, by directing a licensed dietitian or licensed nutritionist, pursuant to  
69.18 section 148.634; a nurse, pursuant to section 148.235, subdivisions 8 and 9; ~~physician~~  
69.19 ~~assistant~~; medical student or resident; or pharmacist according to section 151.01, subdivision  
69.20 27, to adhere to a particular practice guideline or protocol when treating patients whose  
69.21 condition falls within such guideline or protocol, and when such guideline or protocol  
69.22 specifies the circumstances under which the legend drug is to be prescribed and administered.  
69.23 An individual who verbally, electronically, or otherwise transmits a written, oral, or electronic  
69.24 order, as an agent of a prescriber, shall not be deemed to have prescribed the legend drug.  
69.25 ~~This paragraph applies to a physician assistant only if the physician assistant meets the~~  
69.26 ~~requirements of sections 147A.02 and 147A.09.~~

69.27 (b) The commissioner of health, if a licensed practitioner, or a person designated by the  
69.28 commissioner who is a licensed practitioner, may prescribe a legend drug to an individual  
69.29 or by protocol for mass dispensing purposes where the commissioner finds that the conditions  
69.30 triggering section 144.4197 or 144.4198, subdivision 2, paragraph (b), exist. The  
69.31 commissioner, if a licensed practitioner, or a designated licensed practitioner, may prescribe,  
69.32 dispense, or administer a legend drug or other substance listed in subdivision 10 to control  
69.33 tuberculosis and other communicable diseases. The commissioner may modify state drug  
69.34 labeling requirements, and medical screening criteria and documentation, where time is

70.1 critical and limited labeling and screening are most likely to ensure legend drugs reach the  
70.2 maximum number of persons in a timely fashion so as to reduce morbidity and mortality.

70.3 (c) A licensed practitioner that dispenses for profit a legend drug that is to be administered  
70.4 orally, is ordinarily dispensed by a pharmacist, and is not a vaccine, must file with the  
70.5 practitioner's licensing board a statement indicating that the practitioner dispenses legend  
70.6 drugs for profit, the general circumstances under which the practitioner dispenses for profit,  
70.7 and the types of legend drugs generally dispensed. It is unlawful to dispense legend drugs  
70.8 for profit after July 31, 1990, unless the statement has been filed with the appropriate  
70.9 licensing board. For purposes of this paragraph, "profit" means (1) any amount received by  
70.10 the practitioner in excess of the acquisition cost of a legend drug for legend drugs that are  
70.11 purchased in prepackaged form, or (2) any amount received by the practitioner in excess  
70.12 of the acquisition cost of a legend drug plus the cost of making the drug available if the  
70.13 legend drug requires compounding, packaging, or other treatment. The statement filed under  
70.14 this paragraph is public data under section 13.03. This paragraph does not apply to a licensed  
70.15 doctor of veterinary medicine or a registered pharmacist. Any person other than a licensed  
70.16 practitioner with the authority to prescribe, dispense, and administer a legend drug under  
70.17 paragraph (a) shall not dispense for profit. To dispense for profit does not include dispensing  
70.18 by a community health clinic when the profit from dispensing is used to meet operating  
70.19 expenses.

70.20 (d) A prescription drug order for the following drugs is not valid, unless it can be  
70.21 established that the prescription drug order was based on a documented patient evaluation,  
70.22 including an examination, adequate to establish a diagnosis and identify underlying conditions  
70.23 and contraindications to treatment:

70.24 (1) controlled substance drugs listed in section 152.02, subdivisions 3 to 5;

70.25 (2) drugs defined by the Board of Pharmacy as controlled substances under section  
70.26 152.02, subdivisions 7, 8, and 12;

70.27 (3) muscle relaxants;

70.28 (4) centrally acting analgesics with opioid activity;

70.29 (5) drugs containing butalbital; or

70.30 (6) phosphodiesterase type 5 inhibitors when used to treat erectile dysfunction.

70.31 (e) For the purposes of paragraph (d), the requirement for an examination shall be met  
70.32 if:

70.33 (1) an in-person examination has been completed in any of the following circumstances:

71.1 (i) the prescribing practitioner examines the patient at the time the prescription or drug  
71.2 order is issued;

71.3 (ii) the prescribing practitioner has performed a prior examination of the patient;

71.4 (iii) another prescribing practitioner practicing within the same group or clinic as the  
71.5 prescribing practitioner has examined the patient;

71.6 (iv) a consulting practitioner to whom the prescribing practitioner has referred the patient  
71.7 has examined the patient; or

71.8 (v) the referring practitioner has performed an examination in the case of a consultant  
71.9 practitioner issuing a prescription or drug order when providing services by means of  
71.10 telehealth; or

71.11 (2) the prescription order is for a drug listed in paragraph (d), clause (6), or for  
71.12 medication-assisted therapy for a substance use disorder, and the prescribing practitioner  
71.13 has completed an examination of the patient via telehealth as defined in section 62A.673,  
71.14 subdivision 2, paragraph (h).

71.15 (f) Nothing in paragraph (d) or (e) prohibits a licensed practitioner from prescribing a  
71.16 drug through the use of a guideline or protocol pursuant to paragraph (a).

71.17 (g) Nothing in this chapter prohibits a licensed practitioner from issuing a prescription  
71.18 or dispensing a legend drug in accordance with the Expedited Partner Therapy in the  
71.19 Management of Sexually Transmitted Diseases guidance document issued by the United  
71.20 States Centers for Disease Control.

71.21 (h) Nothing in paragraph (d) or (e) limits prescription, administration, or dispensing of  
71.22 legend drugs through a public health clinic or other distribution mechanism approved by  
71.23 the commissioner of health or a community health board in order to prevent, mitigate, or  
71.24 treat a pandemic illness, infectious disease outbreak, or intentional or accidental release of  
71.25 a biological, chemical, or radiological agent.

71.26 (i) No pharmacist employed by, under contract to, or working for a pharmacy located  
71.27 within the state and licensed under section 151.19, subdivision 1, may dispense a legend  
71.28 drug based on a prescription that the pharmacist knows, or would reasonably be expected  
71.29 to know, is not valid under paragraph (d).

71.30 (j) No pharmacist employed by, under contract to, or working for a pharmacy located  
71.31 outside the state and licensed under section 151.19, subdivision 1, may dispense a legend  
71.32 drug to a resident of this state based on a prescription that the pharmacist knows, or would  
71.33 reasonably be expected to know, is not valid under paragraph (d).

72.1 (k) Nothing in this chapter prohibits the commissioner of health, if a licensed practitioner,  
72.2 or, if not a licensed practitioner, a designee of the commissioner who is a licensed  
72.3 practitioner, from prescribing legend drugs for field-delivered therapy in the treatment of  
72.4 a communicable disease according to the Centers For Disease Control and Prevention Partner  
72.5 Services Guidelines.

72.6 Sec. 91. Minnesota Statutes 2020, section 151.37, subdivision 12, is amended to read:

72.7 Subd. 12. **Administration of opiate antagonists for drug overdose.** (a) A licensed  
72.8 physician, a licensed advanced practice registered nurse authorized to prescribe drugs  
72.9 pursuant to section 148.235, or a licensed physician assistant ~~authorized to prescribe drugs~~  
72.10 ~~pursuant to section 147A.18~~ may authorize the following individuals to administer opiate  
72.11 antagonists, as defined in section 604A.04, subdivision 1:

72.12 (1) an emergency medical responder registered pursuant to section 144E.27;

72.13 (2) a peace officer as defined in section 626.84, subdivision 1, paragraphs (c) and (d);

72.14 (3) correctional employees of a state or local political subdivision;

72.15 (4) staff of community-based health disease prevention or social service programs;

72.16 (5) a volunteer firefighter; and

72.17 (6) a licensed school nurse or certified public health nurse employed by, or under contract  
72.18 with, a school board under section 121A.21.

72.19 (b) For the purposes of this subdivision, opiate antagonists may be administered by one  
72.20 of these individuals only if:

72.21 (1) the licensed physician, licensed physician assistant, or licensed advanced practice  
72.22 registered nurse has issued a standing order to, or entered into a protocol with, the individual;  
72.23 and

72.24 (2) the individual has training in the recognition of signs of opiate overdose and the use  
72.25 of opiate antagonists as part of the emergency response to opiate overdose.

72.26 (c) Nothing in this section prohibits the possession and administration of naloxone  
72.27 pursuant to section 604A.04.

72.28 Sec. 92. Minnesota Statutes 2020, section 152.22, subdivision 4, is amended to read:

72.29 Subd. 4. **Health care practitioner.** "Health care practitioner" means a Minnesota licensed  
72.30 doctor of medicine, a Minnesota licensed physician assistant ~~acting within the scope of~~

73.1 ~~authorized practice~~, or a Minnesota licensed advanced practice registered nurse who has  
73.2 the primary responsibility for the care and treatment of the qualifying medical condition of  
73.3 a person diagnosed with a qualifying medical condition.

73.4 Sec. 93. Minnesota Statutes 2020, section 152.32, subdivision 3, is amended to read:

73.5 Subd. 3. **Discrimination prohibited.** (a) No school or landlord may refuse to enroll or  
73.6 lease to and may not otherwise penalize a person solely for the person's status as a patient  
73.7 enrolled in the registry program under sections 152.22 to 152.37, unless failing to do so  
73.8 would violate federal law or regulations or cause the school or landlord to lose a monetary  
73.9 or licensing-related benefit under federal law or regulations.

73.10 (b) For the purposes of medical care, including organ transplants, a registry program  
73.11 enrollee's use of medical cannabis under sections 152.22 to 152.37 is considered the  
73.12 equivalent of the authorized use of any other medication used at the discretion of a physician  
73.13 or ~~an~~ advanced practice registered nurse, or physician assistant and does not constitute the use  
73.14 of an illicit substance or otherwise disqualify a patient from needed medical care.

73.15 (c) Unless a failure to do so would violate federal law or regulations or cause an employer  
73.16 to lose a monetary or licensing-related benefit under federal law or regulations, an employer  
73.17 may not discriminate against a person in hiring, termination, or any term or condition of  
73.18 employment, or otherwise penalize a person, if the discrimination is based upon either of  
73.19 the following:

73.20 (1) the person's status as a patient enrolled in the registry program under sections 152.22  
73.21 to 152.37; or

73.24 of employment or during the hours of employment.

73.25 (d) An employee who is required to undergo employer drug testing pursuant to section  
73.26 181.953 may present verification of enrollment in the patient registry as part of the employee's  
73.27 explanation under section 181.953, subdivision 6.

73.28 (e) A person shall not be denied custody of a minor child or visitation rights or parenting  
73.29 time with a minor child solely based on the person's status as a patient enrolled in the registry  
73.30 program under sections 152.22 to 152.37. There shall be no presumption of neglect or child  
73.31 endangerment for conduct allowed under sections 152.22 to 152.37, unless the person's  
73.32 behavior is such that it creates an unreasonable danger to the safety of the minor as  
73.33 established by clear and convincing evidence.

74.13 health officer who is acting under the authority of the sending state may transport an  
74.14 individual to a receiving agency that provides services pursuant to a contract under this  
74.15 section and may transport the individual back to the sending state under the laws of the  
74.16 sending state. Court orders valid under the law of the sending state are granted recognition  
74.17 and reciprocity in the receiving state for individuals covered by a contract under this section  
74.18 to the extent that the court orders relate to confinement for treatment or care of mental  
74.19 illness, chemical dependency, or detoxification. Such treatment or care may address other  
74.20 conditions that may be co-occurring with the mental illness or chemical dependency. These  
74.21 court orders are not subject to legal challenge in the courts of the receiving state. Individuals  
74.22 who are detained, committed, or placed under the law of a sending state and who are  
74.23 transferred to a receiving state under this section continue to be in the legal custody of the  
74.24 authority responsible for them under the law of the sending state. Except in emergencies,  
74.25 those individuals may not be transferred, removed, or furloughed from a receiving agency  
74.26 without the specific approval of the authority responsible for them under the law of the  
74.27 sending state.

74.28 (b) While in the receiving state pursuant to a contract under this section, an individual  
74.29 shall be subject to the sending state's laws and rules relating to length of confinement,  
74.30 reexaminations, and extensions of confinement. No individual may be sent to another state  
74.31 pursuant to a contract under this section until the receiving state has enacted a law recognizing  
74.32 the validity and applicability of this section.

74.33 (c) If an individual receiving services pursuant to a contract under this section leaves  
74.34 the receiving agency without permission and the individual is subject to involuntary

75.1 confinement under the law of the sending state, the receiving agency shall use all reasonable  
 75.2 means to return the individual to the receiving agency. The receiving agency shall  
 75.3 immediately report the absence to the sending agency. The receiving state has the primary  
 75.4 responsibility for, and the authority to direct, the return of these individuals within its borders  
 75.5 and is liable for the cost of the action to the extent that it would be liable for costs of its  
 75.6 own resident.

75.7 (d) Responsibility for payment for the cost of care remains with the sending agency.

75.8 (e) This subdivision also applies to county contracts under subdivision 2 which include  
 75.9 emergency care and treatment provided to a county resident in a bordering state.

75.10 (f) If a Minnesota resident is admitted to a facility in a bordering state under this chapter,  
 75.11 a physician, licensed psychologist who has a doctoral degree in psychology, ~~or an~~ advance  
 75.12 practice registered nurse certified in mental health, or physician assistant, who is licensed  
 75.13 in the bordering state, may act as an examiner under sections 253B.07, 253B.08, 253B.092,  
 75.14 253B.12, and 253B.17 subject to the same requirements and limitations in section 253B.02,  
 75.15 subdivision 7. Such examiner may initiate an emergency hold under section ~~253B.05~~  
 75.16 253B.051 on a Minnesota resident who is in a hospital that is under contract with a Minnesota  
 75.17 governmental entity under this section provided the resident, in the opinion of the examiner,  
 75.18 meets the criteria in section ~~253B.05~~ 253B.051.

75.19 (g) This section shall apply to detoxification services that are unrelated to treatment  
 75.20 whether the services are provided on a voluntary or involuntary basis.

 75.31 mental health professional.

76.1 Sec. 97. Minnesota Statutes 2020, section 245A.143, subdivision 7, is amended to read:

76.2 Subd. 7. **Health services.** (a) The license holder shall provide health services as specified  
76.3 in the service delivery plan under the direction of the designated caregiver or county or  
76.4 private case manager. Health services must include:

76.5 (1) monitoring the participant's level of function and health while participating; taking  
76.6 appropriate action for a change in condition including immediately reporting changes to  
76.7 the participant's caregiver, physician, physician assistant, mental health professional, or  
76.8 registered nurse; and seeking consultation;

76.9 (2) offering information to participants and caregivers on good health and safety practices;  
76.10 and

76.11 (3) maintaining a listing of health resources available for referrals as needed by  
76.12 participants and caregivers.

77.1 Sec. 99. Minnesota Statutes 2020, section 245A.1435, is amended to read:

77.2 **245A.1435 REDUCTION OF RISK OF SUDDEN UNEXPECTED INFANT DEATH**  
77.3 **IN LICENSED PROGRAMS.**

77.4 (a) When a license holder is placing an infant to sleep, the license holder must place the  
77.5 infant on the infant's back, unless the license holder has documentation from the infant's  
77.6 physician ~~or~~, advanced practice registered nurse, or physician assistant directing an alternative  
77.7 sleeping position for the infant. The physician ~~or~~, advanced practice registered nurse, or  
77.8 physician assistant directive must be on a form approved by the commissioner and must  
77.9 remain on file at the licensed location. An infant who independently rolls onto its stomach  
77.10 after being placed to sleep on its back may be allowed to remain sleeping on its stomach if  
77.11 the infant is at least six months of age or the license holder has a signed statement from the  
77.12 parent indicating that the infant regularly rolls over at home.

77.13 (b) The license holder must place the infant in a crib directly on a firm mattress with a  
77.14 fitted sheet that is appropriate to the mattress size, that fits tightly on the mattress, and  
77.15 overlaps the underside of the mattress so it cannot be dislodged by pulling on the corner of  
77.16 the sheet with reasonable effort. The license holder must not place anything in the crib with  
77.17 the infant except for the infant's pacifier, as defined in Code of Federal Regulations, title  
77.18 16, part 1511. The requirements of this section apply to license holders serving infants  
77.19 younger than one year of age. Licensed child care providers must meet the crib requirements  
77.20 under section 245A.146. A correction order shall not be issued under this paragraph unless  
77.21 there is evidence that a violation occurred when an infant was present in the license holder's  
77.22 care.

77.23 (c) If an infant falls asleep before being placed in a crib, the license holder must move  
77.24 the infant to a crib as soon as practicable, and must keep the infant within sight of the license  
77.25 holder until the infant is placed in a crib. When an infant falls asleep while being held, the  
77.26 license holder must consider the supervision needs of other children in care when determining  
77.27 how long to hold the infant before placing the infant in a crib to sleep. The sleeping infant  
77.28 must not be in a position where the airway may be blocked or with anything covering the  
77.29 infant's face.

77.30 (d) Placing a swaddled infant down to sleep in a licensed setting is not recommended  
77.31 for an infant of any age and is prohibited for any infant who has begun to roll over  
77.32 independently. However, with the written consent of a parent or guardian according to this  
77.33 paragraph, a license holder may place the infant who has not yet begun to roll over on its  
77.34 own down to sleep in a one-piece sleeper equipped with an attached system that fastens

78.1 securely only across the upper torso, with no constriction of the hips or legs, to create a  
78.2 swaddle. Prior to any use of swaddling for sleep by a provider licensed under this chapter,  
78.3 the license holder must obtain informed written consent for the use of swaddling from the  
78.4 parent or guardian of the infant on a form provided by the commissioner and prepared in  
78.5 partnership with the Minnesota Sudden Infant Death Center.

78.6 Sec. 100. Minnesota Statutes 2020, section 245C.02, subdivision 18, is amended to read:

78.7 Subd. 18. **Serious maltreatment.** (a) "Serious maltreatment" means sexual abuse,  
78.8 maltreatment resulting in death, neglect resulting in serious injury which reasonably requires  
78.9 the care of a physician ~~or~~, advanced practice registered nurse, or physician assistant whether  
78.10 or not the care of a physician ~~or~~, advanced practice registered nurse, or physician assistant  
78.11 was sought, or abuse resulting in serious injury.

78.12 (b) For purposes of this definition, "care of a physician ~~or~~, advanced practice registered  
78.13 nurse, or physician assistant" is treatment received or ordered by a physician, physician

78.17 is available over the counter without a prescription; or

78.18 (3) a prescription solely for a topical antibiotic to treat burns when there is no follow-up  
78.19 appointment.

78.20 (c) For purposes of this definition, "abuse resulting in serious injury" means: bruises,  
78.21 bites, skin laceration, or tissue damage; fractures; dislocations; evidence of internal injuries;  
78.22 head injuries with loss of consciousness; extensive second-degree or third-degree burns and  
78.23 other burns for which complications are present; extensive second-degree or third-degree

78.25 avulsion of teeth; injuries to the eyes; ingestion of foreign substances and objects that are  
78.26 harmful; near drowning; and heat exhaustion or sunstroke.

78.28 against a child or vulnerable adult.

95.2 of religion.

95.3 Sec. 124. Minnesota Statutes 2020, section 253B.03, subdivision 6d, is amended to read:

95.4 Subd. 6d. **Adult mental health treatment.** (a) A competent adult patient may make a  
95.5 declaration of preferences or instructions regarding intrusive mental health treatment. These  
95.6 preferences or instructions may include, but are not limited to, consent to or refusal of these  
95.7 treatments. A declaration of preferences or instructions may include a health care directive  
95.8 under chapter 145C or a psychiatric directive.

95.9 (b) A declaration may designate a proxy to make decisions about intrusive mental health  
95.10 treatment. A proxy designated to make decisions about intrusive mental health treatments  
95.11 and who agrees to serve as proxy may make decisions on behalf of a declarant consistent  
95.12 with any desires the declarant expresses in the declaration.

95.13 (c) A declaration is effective only if it is signed by the declarant and two witnesses. The  
95.14 witnesses must include a statement that they believe the declarant understands the nature  
95.15 and significance of the declaration. A declaration becomes operative when it is delivered  
95.16 to the declarant's physician, advanced practice registered nurse, physician assistant, or other

95.18 physician assistant, or provider must comply with the declaration to the fullest extent possible,  
95.19 consistent with reasonable medical practice, the availability of treatments requested, and  
95.20 applicable law. The physician, advanced practice registered nurse, physician assistant, or  
95.21 provider shall continue to obtain the declarant's informed consent to all intrusive mental  
95.22 health treatment decisions if the declarant is capable of informed consent. A treatment

95.24 of receiving services.

95.25 (d) The physician, advanced practice registered nurse, physician assistant, or other  
95.26 provider shall make the declaration a part of the declarant's medical record. If the physician,  
95.27 advanced practice registered nurse, physician assistant, or other provider is unwilling at any  
95.28 time to comply with the declaration, the physician, advanced practice registered nurse,  
95.29 physician assistant, or provider must promptly notify the declarant and document the  
95.30 notification in the declarant's medical record. The physician, advanced practice registered  
95.31 nurse, physician assistant, or provider may subject the declarant to intrusive treatment in a  
95.32 manner contrary to the declarant's expressed wishes, only if the declarant is committed as  
95.33 a person who poses a risk of harm due to mental illness or as a person who has a mental

96.1 illness and is dangerous to the public and a court order authorizing the treatment has been  
96.2 issued or an emergency has been declared under section 253B.092, subdivision 3.

96.3 (e) A declaration under this subdivision may be revoked in whole or in part at any time  
96.4 and in any manner by the declarant if the declarant is competent at the time of revocation.  
96.5 A revocation is effective when a competent declarant communicates the revocation to the  
96.6 attending physician, advanced practice registered nurse, physician assistant, or other provider.  
96.7 The attending physician, advanced practice registered nurse, physician assistant, or other  
96.8 provider shall note the revocation as part of the declarant's medical record.

96.9 (f) A provider who administers intrusive mental health treatment according to and in  
96.10 good faith reliance upon the validity of a declaration under this subdivision is held harmless  
96.11 from any liability resulting from a subsequent finding of invalidity.

96.12 (g) In addition to making a declaration under this subdivision, a competent adult may  
96.13 delegate parental powers under section 524.5-211 or may nominate a guardian under sections  
96.14 524.5-101 to 524.5-502.

96.17 program, or community-based treatment program must examine a patient hospitalized as  
96.18 chemically dependent pursuant to section 253B.04 or 253B.051 within 48 hours of admission.  
96.19 At a minimum, the facility or program must physically examine the patient according to  
96.20 procedures established by a physician ~~or~~, advanced practice registered nurse, or physician

96.26 information thought by them to be reliable, who act pursuant to any provision of this chapter  
96.27 or who procedurally or physically assist in the commitment of any individual, pursuant to  
96.28 this chapter, are not subject to any civil or criminal liability under this chapter. Any privilege  
96.29 otherwise existing between patient and physician, patient and advanced practice registered  
96.30 nurse, patient and registered nurse, patient and physician assistant, patient and psychologist,  
96.31 patient and examiner, or patient and social worker, is waived as to any physician, advanced  
96.32 practice registered nurse, registered nurse, physician assistant, psychologist, examiner, or

97.8 treatment by detoxifying and evaluating the person and providing entrance into a  
97.9 comprehensive program. Evaluation of the person shall include verification by a professional,  
97.10 after preliminary examination, that the person is intoxicated or has symptoms of substance  
97.11 misuse or substance use disorder and appears to be in imminent danger of harming self or  
97.12 others. A detoxification program shall have available the services of a licensed physician  
97.13 ~~or~~, advanced practice registered nurse, or physician assistant for medical emergencies and  
97.14 routine medical surveillance. A detoxification program licensed by the Department of Human

97.21 physician, advanced practice registered nurse, physician assistant, or hospital may request  
97.22 a reconsideration of the decision that inpatient hospital services are not medically necessary  
97.23 by submitting a written request for review to the commissioner within 30 days after receiving  
97.24 notice of the decision. The reconsideration process shall take place prior to the procedures  
97.25 of subdivision 1b and shall be conducted by the medical review agent that is independent

97.31 advanced practice registered nurse, physician assistant, or hospital may appeal the result of  
97.32 the reconsideration process by submitting a written request for review to the commissioner  
97.33 within 30 days after receiving notice of the action. The commissioner shall review the

98.1 medical record and information submitted during the reconsideration process and the medical  
98.2 review agent's basis for the determination that the services were not medically necessary  
98.3 for inpatient hospital services. The commissioner shall issue an order upholding or reversing  
98.4 the decision of the reconsideration process based on the review.

98.5 Sec. 130. Minnesota Statutes 2020, section 256.9685, subdivision 1c, is amended to read:

98.18 All individuals seeking admission to Medicaid-certified nursing facilities, including certified  
98.19 boarding care facilities, must be screened prior to admission regardless of income, assets,  
98.20 or funding sources for nursing facility care, except as described in subdivision 7b, paragraphs  
98.21 (a) and (b). The purpose of the screening is to determine the need for nursing facility level  
98.22 of care as described in section 256B.0911, subdivision 4e, and to complete activities required  
98.23 under federal law related to mental illness and developmental disability as outlined in  
98.24 paragraph (b).

98.25 (b) A person who has a diagnosis or possible diagnosis of mental illness or developmental  
98.26 disability must receive a preadmission screening before admission regardless of the  
98.27 exemptions outlined in subdivision 7b, paragraphs (a) and (b), to identify the need for further  
98.28 evaluation and specialized services, unless the admission prior to screening is authorized  
98.29 by the local mental health authority or the local developmental disabilities case manager,  
98.30 or unless authorized by the county agency according to Public Law 101-508.

98.31 (c) The following criteria apply to the preadmission screening:

99.4 to identify persons who require referral for further evaluation and determination of the need  
99.5 for specialized services; and

99.6 (3) the evaluation and determination of the need for specialized services must be done  
99.7 by:

99.8 (i) a qualified independent mental health professional, for persons with a primary or  
99.9 secondary diagnosis of a serious mental illness; or

99.10 (ii) a qualified developmental disability professional, for persons with a primary or  
99.11 secondary diagnosis of developmental disability. For purposes of this requirement, a qualified  
99.12 developmental disability professional must meet the standards for a qualified developmental  
99.13 disability professional under Code of Federal Regulations, title 42, section 483.430.

99.14 (d) The local county mental health authority or the state developmental disability authority  
99.15 under Public Laws 100-203 and 101-508 may prohibit admission to a nursing facility if the  
99.16 individual does not meet the nursing facility level of care criteria or needs specialized  
99.17 services as defined in Public Laws 100-203 and 101-508. For purposes of this section,  
99.18 "specialized services" for a person with developmental disability means active treatment as  
99.19 that term is defined under Code of Federal Regulations, title 42, section 483.440 (a)(1).

99.20 (e) In assessing a person's needs, the screener shall:

99.25 nurse, or physician assistant.

99.26 Other personnel may be included in the level of care determination as deemed necessary  
99.27 by the screener.

99.28 Sec. 132. Minnesota Statutes 2020, section 256.975, subdivision 7b, is amended to read:

99.29 Subd. 7b. **Exemptions and emergency admissions.** (a) Exemptions from the federal

100.16 emergency basis as described in paragraph (d) or from an acute care facility on a nonworking  
100.17 day must be screened the first working day after admission.

100.18 (d) Emergency admission to a nursing facility prior to screening is permitted when all  
100.19 of the following conditions are met:

100.20 (1) a person is admitted from the community to a certified nursing or certified boarding  
100.21 care facility during Senior LinkAge Line nonworking hours;

100.22 (2) a physician ~~or~~, advanced practice registered nurse, or physician assistant has  
100.23 determined that delaying admission until preadmission screening is completed would  
100.24 adversely affect the person's health and safety;

100.25 (3) there is a recent precipitating event that precludes the client from living safely in the  
100.26 community, such as sustaining an injury, sudden onset of acute illness, or a caregiver's  
100.27 inability to continue to provide care;

100.28 (4) the attending physician ~~or~~, advanced practice registered nurse, or physician assistant  
100.29 has authorized the emergency placement and has documented the reason that the emergency

101.7 the person's right to request and receive long-term care consultation services as defined in  
101.8 section 256B.0911, subdivision 1a. The information must be provided prior to the person's  
101.9 discharge from the facility and in a format specified by the commissioner.

101.10 Sec. 133. Minnesota Statutes 2020, section 256.975, subdivision 11, is amended to read:

101.11 Subd. 11. **Regional and local dementia grants.** (a) The Minnesota Board on Aging  
101.12 shall award competitive grants to eligible applicants for regional and local projects and

101.29 (d) Applicants must:

101.30 (1) describe the proposed initiative, including the targeted community and how the  
101.31 initiative meets the requirements of this subdivision; and

102.2 to measure these outcomes.

102.3 (e) In awarding the regional and local dementia grants, the Minnesota Board on Aging

102.5 (1) is supported by and appropriately targeted to the community the applicant serves;

102.6 (2) is designed to coordinate with other community activities related to other health  
102.7 initiatives, particularly those initiatives targeted at the elderly;

102.8 (3) is conducted by an applicant able to demonstrate expertise in the project areas;

102.13 (f) The board shall divide the state into specific geographic regions and allocate a

102.17 thereafter.

102.18 (h) Each grant recipient shall report to the board on the progress of the initiative at least

103.6 Sec. 134. Minnesota Statutes 2020, section 256B.055, subdivision 12, is amended to read:

103.7 Subd. 12. **Children with disabilities.** (a) A person is eligible for medical assistance if

103.8 the person is under age 19 and qualifies as a disabled individual under United States Code,

103.9 title 42, section 1382c(a), and would be eligible for medical assistance under the state plan

103.10 if residing in a medical institution, and the child requires a level of care provided in a hospital,

103.11 nursing facility, or intermediate care facility for persons with developmental disabilities,

103.12 for whom home care is appropriate, provided that the cost to medical assistance under this

103.13 section is not more than the amount that medical assistance would pay for if the child resides

103.14 in an institution. After the child is determined to be eligible under this section, the

103.15 commissioner shall review the child's disability under United States Code, title 42, section

103.16 1382c(a) and level of care defined under this section no more often than annually and may

103.17 elect, based on the recommendation of health care professionals under contract with the

103.18 state medical review team, to extend the review of disability and level of care up to a

103.19 maximum of four years. The commissioner's decision on the frequency of continuing review

103.20 of disability and level of care is not subject to administrative appeal under section 256.045.

103.21 The county agency shall send a notice of disability review to the enrollee six months prior

103.22 to the date the recertification of disability is due. Nothing in this subdivision shall be

103.23 construed as affecting other redeterminations of medical assistance eligibility under this

103.24 chapter and annual cost-effective reviews under this section.

103.25 (b) For purposes of this subdivision, "hospital" means an institution as defined in section

103.26 144.696, subdivision 3, 144.55, subdivision 3, or Minnesota Rules, part 4640.3600, and

103.27 licensed pursuant to sections 144.50 to 144.58. For purposes of this subdivision, a child

103.28 requires a level of care provided in a hospital if the child is determined by the commissioner

103.29 to need an extensive array of health services, including mental health services, for an

103.30 undetermined period of time, whose health condition requires frequent monitoring and

103.31 treatment by a health care professional or by a person supervised by a health care

103.32 professional, who would reside in a hospital or require frequent hospitalization if these

103.33 services were not provided, and the daily care needs are more complex than a nursing facility

103.34 level of care.

104.1 A child with serious emotional disturbance requires a level of care provided in a hospital  
104.2 if the commissioner determines that the individual requires 24-hour supervision because  
104.3 the person exhibits recurrent or frequent suicidal or homicidal ideation or behavior, recurrent  
104.4 or frequent psychosomatic disorders or somatopsychic disorders that may become life  
104.5 threatening, recurrent or frequent severe socially unacceptable behavior associated with  
104.6 psychiatric disorder, ongoing and chronic psychosis or severe, ongoing and chronic  
104.7 developmental problems requiring continuous skilled observation, or severe disabling  
104.8 symptoms for which office-centered outpatient treatment is not adequate, and which overall  
104.9 severely impact the individual's ability to function.

104.10 (c) For purposes of this subdivision, "nursing facility" means a facility which provides  
104.11 nursing care as defined in section 144A.01, subdivision 5, licensed pursuant to sections  
104.12 144A.02 to 144A.10, which is appropriate if a person is in active restorative treatment; is  
104.13 in need of special treatments provided or supervised by a licensed nurse; or has unpredictable  
104.14 episodes of active disease processes requiring immediate judgment by a licensed nurse. For  
104.15 purposes of this subdivision, a child requires the level of care provided in a nursing facility  
104.16 if the child is determined by the commissioner to meet the requirements of the preadmission  
104.17 screening assessment document under section 256B.0911, adjusted to address age-appropriate  
104.18 standards for children age 18 and under.

104.19 (d) For purposes of this subdivision, "intermediate care facility for persons with  
104.20 developmental disabilities" or "ICF/DD" means a program licensed to provide services to  
104.21 persons with developmental disabilities under section 252.28, and chapter 245A, and a  
104.22 physical plant licensed as a supervised living facility under chapter 144, which together are  
104.23 certified by the Minnesota Department of Health as meeting the standards in Code of Federal  
104.24 Regulations, title 42, part 483, for an intermediate care facility which provides services for  
104.25 persons with developmental disabilities who require 24-hour supervision and active treatment  
104.26 for medical, behavioral, or habilitation needs. For purposes of this subdivision, a child  
104.27 requires a level of care provided in an ICF/DD if the commissioner finds that the child has  
104.28 a developmental disability in accordance with section 256B.092, is in need of a 24-hour  
104.29 plan of care and active treatment similar to persons with developmental disabilities, and  
104.30 there is a reasonable indication that the child will need ICF/DD services.

104.31 (e) For purposes of this subdivision, a person requires the level of care provided in a  
104.32 nursing facility if the person requires 24-hour monitoring or supervision and a plan of mental  
104.33 health treatment because of specific symptoms or functional impairments associated with  
104.34 a serious mental illness or disorder diagnosis, which meet severity criteria for mental health

105.1 established by the commissioner and published in March 1997 as the Minnesota Mental  
105.2 Health Level of Care for Children and Adolescents with Severe Emotional Disorders.

105.3 (f) The determination of the level of care needed by the child shall be made by the  
105.4 commissioner based on information supplied to the commissioner by (1) the parent or  
105.5 guardian, (2) the child's physician or physicians ~~or~~ advanced practice registered nurse or  
105.6 advanced practice registered nurses, or physician assistant or physician assistants, and (3)  
105.7 other professionals as requested by the commissioner. The commissioner shall establish a  
105.8 screening team to conduct the level of care determinations according to this subdivision.

105.9 (g) If a child meets the conditions in paragraph (b), (c), (d), or (e), the commissioner  
105.10 must assess the case to determine whether:

105.11 (1) the child qualifies as a disabled individual under United States Code, title 42, section  
105.12 1382c(a), and would be eligible for medical assistance if residing in a medical institution;  
105.13 and

105.14 (2) the cost of medical assistance services for the child, if eligible under this subdivision,  
105.15 would not be more than the cost to medical assistance if the child resides in a medical  
105.16 institution to be determined as follows:

105.17 (i) for a child who requires a level of care provided in an ICF/DD, the cost of care for  
105.18 the child in an institution shall be determined using the average payment rate established  
105.19 for the regional treatment centers that are certified as ICF's/DD;

105.20 (ii) for a child who requires a level of care provided in an inpatient hospital setting  
105.21 according to paragraph (b), cost-effectiveness shall be determined according to Minnesota  
105.22 Rules, part 9505.3520, items F and G; and

105.23 (iii) for a child who requires a level of care provided in a nursing facility according to  
105.24 paragraph (c) or (e), cost-effectiveness shall be determined according to Minnesota Rules,  
105.25 part 9505.3040, except that the nursing facility average rate shall be adjusted to reflect rates  
105.26 which would be paid for children under age 16. The commissioner may authorize an amount  
105.27 up to the amount medical assistance would pay for a child referred to the commissioner by  
105.28 the preadmission screening team under section 256B.0911.

105.29 Sec. 135. Minnesota Statutes 2020, section 256B.0575, subdivision 1, is amended to read:

105.30 Subdivision 1. **Income deductions.** When an institutionalized person is determined  
105.31 eligible for medical assistance, the income that exceeds the deductions in paragraphs (a)  
105.32 and (b) must be applied to the cost of institutional care.

106.1 (a) The following amounts must be deducted from the institutionalized person's income  
106.2 in the following order:

106.3 (1) the personal needs allowance under section 256B.35 or, for a veteran who does not  
106.4 have a spouse or child, or a surviving spouse of a veteran having no child, the amount of  
106.5 an improved pension received from the veteran's administration, whichever amount is  
106.6 greater;

106.7 (2) the personal allowance for disabled individuals under section 256B.36;

106.8 (3) if the institutionalized person has a legally appointed guardian or conservator, five  
106.9 percent of the recipient's gross monthly income up to \$100 as reimbursement for guardianship  
106.10 or conservatorship services;

106.11 (4) a monthly income allowance determined under section 256B.058, subdivision 2, but  
106.12 only to the extent income of the institutionalized spouse is made available to the community  
106.13 spouse;

106.14 (5) a monthly allowance for children under age 18 which, together with the net income  
106.15 of the children, would provide income equal to the medical assistance standard for families  
106.16 and children according to section 256B.056, subdivision 4, for a family size that includes  
106.17 only the minor children. This deduction applies only if the children do not live with the  
106.18 community spouse and only to the extent that the deduction is not included in the personal  
106.19 needs allowance under section 256B.35, subdivision 1, as child support garnished under a  
106.20 court order;

106.21 (6) a monthly family allowance for other family members, equal to one-third of the  
106.22 difference between 122 percent of the federal poverty guidelines and the monthly income  
106.23 for that family member;

106.24 (7) reparations payments made by the Federal Republic of Germany and reparations  
106.25 payments made by the Netherlands for victims of Nazi persecution between 1940 and 1945;

106.26 (8) all other exclusions from income for institutionalized persons as mandated by federal  
106.27 law; and

106.28 (9) amounts for reasonable expenses, as specified in subdivision 2, incurred for necessary  
106.29 medical or remedial care for the institutionalized person that are recognized under state law,  
106.30 not medical assistance covered expenses, and not subject to payment by a third party.

106.31 For purposes of clause (6), "other family member" means a person who resides with the  
106.32 community spouse and who is a minor or dependent child, dependent parent, or dependent

107.1 sibling of either spouse. "Dependent" means a person who could be claimed as a dependent  
107.2 for federal income tax purposes under the Internal Revenue Code.

107.3 (b) Income shall be allocated to an institutionalized person for a period of up to three  
107.4 calendar months, in an amount equal to the medical assistance standard for a family size of  
107.5 one if:

107.6 (1) a physician ~~or~~, advanced practice registered nurse, or physician assistant certifies  
107.7 that the person is expected to reside in the long-term care facility for three calendar months  
107.8 or less;

107.9 (2) if the person has expenses of maintaining a residence in the community; and

107.10 (3) if one of the following circumstances apply:

107.11 (i) the person was not living together with a spouse or a family member as defined in  
107.12 paragraph (a) when the person entered a long-term care facility; or

107.13 (ii) the person and the person's spouse become institutionalized on the same date, in  
107.14 which case the allocation shall be applied to the income of one of the spouses.

107.15 For purposes of this paragraph, a person is determined to be residing in a licensed nursing  
107.16 home, regional treatment center, or medical institution if the person is expected to remain  
107.17 for a period of one full calendar month or more.

107.18 Sec. 136. Minnesota Statutes 2020, section 256B.0595, subdivision 3, is amended to read:

107.19 Subd. 3. **Homestead exception to transfer prohibition.** (a) An institutionalized person  
107.20 is not ineligible for long-term care services due to a transfer of assets for less than fair market  
107.21 value if the asset transferred was a homestead and:

107.22 (1) title to the homestead was transferred to the individual's:

107.23 (i) spouse;

107.24 (ii) child who is under age 21;

107.25 (iii) blind or permanently and totally disabled child as defined in the Supplemental  
107.26 Security Income program;

107.27 (iv) sibling who has equity interest in the home and who was residing in the home for  
107.28 a period of at least one year immediately before the date of the individual's admission to  
107.29 the facility; or

107.30 (v) son or daughter who was residing in the individual's home for a period of at least  
107.31 two years immediately before the date the individual became an institutionalized person,

108.1 and who provided care to the individual that, as certified by the individual's attending  
108.2 physician or advanced practice registered nurse, or physician assistant, permitted the  
108.3 individual to reside at home rather than receive care in an institution or facility;

108.4 (2) a satisfactory showing is made that the individual intended to dispose of the homestead  
108.5 at fair market value or for other valuable consideration; or

108.6 (3) the local agency grants a waiver of a penalty resulting from a transfer for less than  
108.7 fair market value because denial of eligibility would cause undue hardship for the individual,  
108.8 based on imminent threat to the individual's health and well-being. Whenever an applicant  
108.9 or recipient is denied eligibility because of a transfer for less than fair market value, the  
108.10 local agency shall notify the applicant or recipient that the applicant or recipient may request  
108.11 a waiver of the penalty if the denial of eligibility will cause undue hardship. With the written  
108.12 consent of the individual or the personal representative of the individual, a long-term care  
108.13 facility in which an individual is residing may file an undue hardship waiver request, on  
108.14 behalf of the individual who is denied eligibility for long-term care services on or after July  
108.15 1, 2006, due to a period of ineligibility resulting from a transfer on or after February 8,  
108.16 2006. In evaluating a waiver, the local agency shall take into account whether the individual  
108.17 was the victim of financial exploitation, whether the individual has made reasonable efforts  
108.18 to recover the transferred property or resource, and other factors relevant to a determination  
108.19 of hardship. If the local agency does not approve a hardship waiver, the local agency shall  
108.20 issue a written notice to the individual stating the reasons for the denial and the process for  
108.21 appealing the local agency's decision.

108.22 (b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists  
108.23 against the person to whom the homestead was transferred for that portion of long-term  
108.24 care services provided within:

108.25 (1) 30 months of a transfer made on or before August 10, 1993;

108.26 (2) 60 months if the homestead was transferred after August 10, 1993, to a trust or portion  
108.27 of a trust that is considered a transfer of assets under federal law;

108.28 (3) 36 months if transferred in any other manner after August 10, 1993, but prior to  
108.29 February 8, 2006; or

108.30 (4) 60 months if the homestead was transferred on or after February 8, 2006,  
108.31 or the amount of the uncompensated transfer, whichever is less, together with the costs  
108.32 incurred due to the action.

109.1 Sec. 137. Minnesota Statutes 2020, section 256B.0622, subdivision 2b, is amended to  
109.2 read:

109.3 Subd. 2b. **Continuing stay and discharge criteria for assertive community**

109.4 **treatment.** (a) A client receiving assertive community treatment is eligible to continue  
109.5 receiving services if:

109.6 (1) the client has not achieved the desired outcomes of their individual treatment plan;

109.7 (2) the client's level of functioning has not been restored, improved, or sustained over  
109.8 the time frame outlined in the individual treatment plan;

109.9 (3) the client continues to be at risk for relapse based on current clinical assessment,  
109.10 history, or the tenuous nature of the functional gains; or

109.11 (4) the client is functioning effectively with this service and discharge would otherwise  
109.12 be indicated but without continued services the client's functioning would decline; and

109.13 (5) one of the following must also apply:

109.14 (i) the client has achieved current individual treatment plan goals but additional goals  
109.15 are indicated as evidenced by documented symptoms;

109.16 (ii) the client is making satisfactory progress toward meeting goals and there is  
109.17 documentation that supports that continuation of this service shall be effective in addressing  
109.18 the goals outlined in the individual treatment plan;

109.19 (iii) the client is making progress, but the specific interventions in the individual treatment  
109.20 plan need to be modified so that greater gains, which are consistent with the client's potential  
109.21 level of functioning, are possible; or

109.22 (iv) the client fails to make progress or demonstrates regression in meeting goals through  
109.23 the interventions outlined in the individual treatment plan.

109.24 (b) Clients receiving assertive community treatment are eligible to be discharged if they  
109.25 meet at least one of the following criteria:

109.26 (1) the client and the ACT team determine that assertive community treatment services  
109.27 are no longer needed based on the attainment of goals as identified in the individual treatment  
109.28 plan and a less intensive level of care would adequately address current goals;

109.29 (2) the client moves out of the ACT team's service area and the ACT team has facilitated  
109.30 the referral to either a new ACT team or other appropriate mental health service and has  
109.31 assisted the individual in the transition process;

110.1 (3) the client, or the client's legal guardian when applicable, chooses to withdraw from  
110.2 assertive community treatment services and documented attempts by the ACT team to  
110.3 re-engage the client with the service have not been successful;

110.4 (4) the client has a demonstrated need for a medical nursing home placement lasting  
110.5 more than three months, as determined by a physician ~~or~~, advanced practice registered nurse,  
110.6 or physician assistant;

110.7 (5) the client is hospitalized, in residential treatment, or in jail for a period of greater  
110.8 than three months. However, the ACT team must make provisions for the client to return  
110.9 to the ACT team upon their discharge or release from the hospital or jail if the client still  
110.10 meets eligibility criteria for assertive community treatment and the team is not at full capacity;

110.11 (6) the ACT team is unable to locate, contact, and engage the client for a period of greater  
110.12 than three months after persistent efforts by the ACT team to locate the client; or

110.13 (7) the client requests a discharge, despite repeated and proactive efforts by the ACT  
110.14 team to engage the client in service planning. The ACT team must develop a transition plan  
110.15 to arrange for alternate treatment for clients in this situation who have a history of suicide  
110.16 attempts, assault, or forensic involvement.

110.17 (c) For all clients who are discharged from assertive community treatment to another  
110.18 service provider within the ACT team's service area there is a three-month transfer period,  
110.19 from the date of discharge, during which a client who does not adjust well to the new service,  
110.20 may voluntarily return to the ACT team. During this period, the ACT team must maintain  
110.21 contact with the client's new service provider.

110.22 Sec. 138. Minnesota Statutes 2020, section 256B.0625, subdivision 2, is amended to read:

110.23 Subd. 2. **Skilled and intermediate nursing care.** (a) Medical assistance covers skilled  
110.24 nursing home services and services of intermediate care facilities, including training and  
110.25 habilitation services, as defined in section 252.41, subdivision 3, for persons with  
110.26 developmental disabilities who are residing in intermediate care facilities for persons with  
110.27 developmental disabilities. Medical assistance must not be used to pay the costs of nursing  
110.28 care provided to a patient in a swing bed as defined in section 144.562, unless (1) the facility  
110.29 in which the swing bed is located is eligible as a sole community provider, as defined in  
110.30 Code of Federal Regulations, title 42, section 412.92, or the facility is a public hospital  
110.31 owned by a governmental entity with 15 or fewer licensed acute care beds; (2) the Centers  
110.32 for Medicare and Medicaid Services approves the necessary state plan amendments; (3) the  
110.33 patient was screened as provided by law; (4) the patient no longer requires acute care

111.1 services; and (5) no nursing home beds are available within 25 miles of the facility. The  
111.2 commissioner shall exempt a facility from compliance with the sole community provider  
111.3 requirement in clause (1) if, as of January 1, 2004, the facility had an agreement with the  
111.4 commissioner to provide medical assistance swing bed services.

111.5 (b) Medical assistance also covers up to ten days of nursing care provided to a patient  
111.6 in a swing bed if: (1) the patient's physician ~~or~~ advanced practice registered nurse, or  
111.7 physician assistant certifies that the patient has a terminal illness or condition that is likely  
111.8 to result in death within 30 days and that moving the patient would not be in the best interests  
111.9 of the patient and patient's family; (2) no open nursing home beds are available within 25  
111.10 miles of the facility; and (3) no open beds are available in any Medicare hospice program  
111.11 within 50 miles of the facility. The daily medical assistance payment for nursing care for  
111.12 the patient in the swing bed is the statewide average medical assistance skilled nursing care  
111.13 per diem as computed annually by the commissioner on July 1 of each year.

111.14 Sec. 139. Minnesota Statutes 2020, section 256B.0625, subdivision 12, is amended to  
111.15 read:

111.16 Subd. 12. **Eyeglasses, dentures, and prosthetic and orthotic devices.** (a) Medical  
111.17 assistance covers eyeglasses, dentures, and prosthetic and orthotic devices if prescribed by  
111.18 a licensed practitioner.

111.19 (b) For purposes of prescribing prosthetic and orthotic devices, "licensed practitioner"  
111.20 includes a physician, an advanced practice registered nurse, a physician assistant, or a  
111.21 podiatrist.

111.22 Sec. 140. Minnesota Statutes 2021 Supplement, section 256B.0625, subdivision 17, is  
111.23 amended to read:

111.24 Subd. 17. **Transportation costs.** (a) "Nonemergency medical transportation service"  
111.25 means motor vehicle transportation provided by a public or private person that serves  
111.26 Minnesota health care program beneficiaries who do not require emergency ambulance  
111.27 service, as defined in section 144E.001, subdivision 3, to obtain covered medical services.

111.28 (b) Medical assistance covers medical transportation costs incurred solely for obtaining  
111.29 emergency medical care or transportation costs incurred by eligible persons in obtaining  
111.30 emergency or nonemergency medical care when paid directly to an ambulance company,  
111.31 nonemergency medical transportation company, or other recognized providers of  
111.32 transportation services. Medical transportation must be provided by:

112.1 (1) nonemergency medical transportation providers who meet the requirements of this  
112.2 subdivision;

112.3 (2) ambulances, as defined in section 144E.001, subdivision 2;

112.4 (3) taxicabs that meet the requirements of this subdivision;

112.5 (4) public transit, as defined in section 174.22, subdivision 7; or

112.6 (5) not-for-hire vehicles, including volunteer drivers, as defined in section 65B.472,  
112.7 subdivision 1, paragraph (h).

112.8 (c) Medical assistance covers nonemergency medical transportation provided by  
112.9 nonemergency medical transportation providers enrolled in the Minnesota health care  
112.10 programs. All nonemergency medical transportation providers must comply with the  
112.11 operating standards for special transportation service as defined in sections 174.29 to 174.30  
112.12 and Minnesota Rules, chapter 8840, and all drivers must be individually enrolled with the  
112.13 commissioner and reported on the claim as the individual who provided the service. All  
112.14 nonemergency medical transportation providers shall bill for nonemergency medical  
112.15 transportation services in accordance with Minnesota health care programs criteria. Publicly  
112.16 operated transit systems, volunteers, and not-for-hire vehicles are exempt from the  
112.17 requirements outlined in this paragraph.

112.18 (d) An organization may be terminated, denied, or suspended from enrollment if:

112.19 (1) the provider has not initiated background studies on the individuals specified in  
112.20 section 174.30, subdivision 10, paragraph (a), clauses (1) to (3); or

112.21 (2) the provider has initiated background studies on the individuals specified in section  
112.22 174.30, subdivision 10, paragraph (a), clauses (1) to (3), and:

112.23 (i) the commissioner has sent the provider a notice that the individual has been  
112.24 disqualified under section 245C.14; and

112.25 (ii) the individual has not received a disqualification set-aside specific to the special  
112.26 transportation services provider under sections 245C.22 and 245C.23.

112.27 (e) The administrative agency of nonemergency medical transportation must:

112.28 (1) adhere to the policies defined by the commissioner in consultation with the  
112.29 Nonemergency Medical Transportation Advisory Committee;

112.30 (2) pay nonemergency medical transportation providers for services provided to  
112.31 Minnesota health care programs beneficiaries to obtain covered medical services;

113.1 (3) provide data monthly to the commissioner on appeals, complaints, no-shows, canceled  
113.2 trips, and number of trips by mode; and

113.3 (4) by July 1, 2016, in accordance with subdivision 18e, utilize a web-based single  
113.4 administrative structure assessment tool that meets the technical requirements established  
113.5 by the commissioner, reconciles trip information with claims being submitted by providers,  
113.6 and ensures prompt payment for nonemergency medical transportation services.

113.7 (f) Until the commissioner implements the single administrative structure and delivery  
113.8 system under subdivision 18e, clients shall obtain their level-of-service certificate from the  
113.9 commissioner or an entity approved by the commissioner that does not dispatch rides for  
113.10 clients using modes of transportation under paragraph (i), clauses (4), (5), (6), and (7).

113.11 (g) The commissioner may use an order by the recipient's attending physician, advanced  
113.12 practice registered nurse, physician assistant, or a medical or mental health professional to  
113.13 certify that the recipient requires nonemergency medical transportation services.

113.14 Nonemergency medical transportation providers shall perform driver-assisted services for  
113.15 eligible individuals, when appropriate. Driver-assisted service includes passenger pickup  
113.16 at and return to the individual's residence or place of business, assistance with admittance  
113.17 of the individual to the medical facility, and assistance in passenger securement or in securing  
113.18 of wheelchairs, child seats, or stretchers in the vehicle.

113.19 Nonemergency medical transportation providers must take clients to the health care  
113.20 provider using the most direct route, and must not exceed 30 miles for a trip to a primary  
113.21 care provider or 60 miles for a trip to a specialty care provider, unless the client receives  
113.22 authorization from the local agency.

113.23 Nonemergency medical transportation providers may not bill for separate base rates for  
113.24 the continuation of a trip beyond the original destination. Nonemergency medical  
113.25 transportation providers must maintain trip logs, which include pickup and drop-off times,  
113.26 signed by the medical provider or client, whichever is deemed most appropriate, attesting  
113.27 to mileage traveled to obtain covered medical services. Clients requesting client mileage  
113.28 reimbursement must sign the trip log attesting mileage traveled to obtain covered medical  
113.29 services.

113.30 (h) The administrative agency shall use the level of service process established by the  
113.31 commissioner in consultation with the Nonemergency Medical Transportation Advisory  
113.32 Committee to determine the client's most appropriate mode of transportation. If public transit  
113.33 or a certified transportation provider is not available to provide the appropriate service mode  
113.34 for the client, the client may receive a onetime service upgrade.

114.1 (i) The covered modes of transportation are:

114.2 (1) client reimbursement, which includes client mileage reimbursement provided to  
114.3 clients who have their own transportation, or to family or an acquaintance who provides  
114.4 transportation to the client;

114.5 (2) volunteer transport, which includes transportation by volunteers using their own  
114.6 vehicle;

114.7 (3) unassisted transport, which includes transportation provided to a client by a taxicab  
114.8 or public transit. If a taxicab or public transit is not available, the client can receive  
114.9 transportation from another nonemergency medical transportation provider;

114.10 (4) assisted transport, which includes transport provided to clients who require assistance  
114.11 by a nonemergency medical transportation provider;

114.12 (5) lift-equipped/ramp transport, which includes transport provided to a client who is  
114.13 dependent on a device and requires a nonemergency medical transportation provider with  
114.14 a vehicle containing a lift or ramp;

114.15 (6) protected transport, which includes transport provided to a client who has received  
114.16 a prescreening that has deemed other forms of transportation inappropriate and who requires  
114.17 a provider: (i) with a protected vehicle that is not an ambulance or police car and has safety  
114.18 locks, a video recorder, and a transparent thermoplastic partition between the passenger and  
114.19 the vehicle driver; and (ii) who is certified as a protected transport provider; and

114.20 (7) stretcher transport, which includes transport for a client in a prone or supine position  
114.21 and requires a nonemergency medical transportation provider with a vehicle that can transport  
114.22 a client in a prone or supine position.

115.4 recovery actions in section 256B.064, and Minnesota Rules, parts 9505.2160 to 9505.2245.

115.5 (m) Payments for nonemergency medical transportation must be paid based on the client's  
115.6 assessed mode under paragraph (h), not the type of vehicle used to provide the service. The  
115.7 medical assistance reimbursement rates for nonemergency medical transportation services  
115.8 that are payable by or on behalf of the commissioner for nonemergency medical  
115.9 transportation services are:

115.10 (1) \$0.22 per mile for client reimbursement;

115.11 (2) up to 100 percent of the Internal Revenue Service business deduction rate for volunteer

115.21 (n) The base rate for nonemergency medical transportation services in areas defined  
115.22 under RUCA to be super rural is equal to 111.3 percent of the respective base rate in  
115.23 paragraph (m), clauses (1) to (7). The mileage rate for nonemergency medical transportation  
115.24 services in areas defined under RUCA to be rural or super rural areas is:

115.25 (1) for a trip equal to 17 miles or less, equal to 125 percent of the respective mileage  
115.26 rate in paragraph (m), clauses (1) to (7); and

115.27 (2) for a trip between 18 and 50 miles, equal to 112.5 percent of the respective mileage  
115.28 rate in paragraph (m), clauses (1) to (7).

115.29 (o) For purposes of reimbursement rates for nonemergency medical transportation  
115.30 services under paragraphs (m) and (n), the zip code of the recipient's place of residence  
115.31 shall determine whether the urban, rural, or super rural reimbursement rate applies.

116.1 (p) For purposes of this subdivision, "rural urban commuting area" or "RUCA" means  
116.2 a census-tract based classification system under which a geographical area is determined  
116.3 to be urban, rural, or super rural.

116.4 (q) The commissioner, when determining reimbursement rates for nonemergency medical  
116.5 transportation under paragraphs (m) and (n), shall exempt all modes of transportation listed  
116.6 under paragraph (i) from Minnesota Rules, part 9505.0445, item R, subitem (2).

116.7 Sec. 141. Minnesota Statutes 2020, section 256B.0625, subdivision 26, is amended to  
116.8 read:

116.9 Subd. 26. **Special education services.** (a) Medical assistance covers evaluations necessary  
116.10 in making a determination for eligibility for individualized education program and  
116.11 individualized family service plan services and for medical services identified in a recipient's  
116.12 individualized education program and individualized family service plan and covered under  
116.13 the medical assistance state plan. Covered services include occupational therapy, physical  
116.14 therapy, speech-language therapy, clinical psychological services, nursing services, school  
116.15 psychological services, school social work services, personal care assistants serving as  
116.16 management aides, assistive technology devices, transportation services, health assessments,  
116.17 and other services covered under the medical assistance state plan. Mental health services  
116.18 eligible for medical assistance reimbursement must be provided or coordinated through a  
116.19 children's mental health collaborative where a collaborative exists if the child is included  
116.20 in the collaborative operational target population. The provision or coordination of services  
116.21 does not require that the individualized education program be developed by the collaborative.

116.22 The services may be provided by a Minnesota school district that is enrolled as a medical  
116.23 assistance provider or its subcontractor, and only if the services meet all the requirements  
116.24 otherwise applicable if the service had been provided by a provider other than a school  
116.25 district, in the following areas: medical necessity; physician's or advanced practice registered  
116.26 nurse's, or physician assistant's orders; documentation; personnel qualifications; and prior  
116.27 authorization requirements. The nonfederal share of costs for services provided under this  
116.28 subdivision is the responsibility of the local school district as provided in section 125A.74.  
116.29 Services listed in a child's individualized education program are eligible for medical  
116.30 assistance reimbursement only if those services meet criteria for federal financial participation  
116.31 under the Medicaid program.

116.32 (b) Approval of health-related services for inclusion in the individualized education  
116.33 program does not require prior authorization for purposes of reimbursement under this  
116.34 chapter. The commissioner may require physician or advanced practice registered nurse,

117.1 or physician assistant review and approval of the plan not more than once annually or upon  
117.2 any modification of the individualized education program that reflects a change in  
117.3 health-related services.

117.4 (c) Services of a speech-language pathologist provided under this section are covered  
117.5 notwithstanding Minnesota Rules, part 9505.0390, subpart 1, item L, if the person:

117.6 (1) holds a masters degree in speech-language pathology;

117.7 (2) is licensed by the Professional Educator Licensing and Standards Board as an  
117.8 educational speech-language pathologist; and

117.9 (3) either has a certificate of clinical competence from the American Speech and Hearing  
117.10 Association, has completed the equivalent educational requirements and work experience  
117.11 necessary for the certificate or has completed the academic program and is acquiring  
117.12 supervised work experience to qualify for the certificate.

117.13 (d) Medical assistance coverage for medically necessary services provided under other  
117.14 subdivisions in this section may not be denied solely on the basis that the same or similar  
117.15 services are covered under this subdivision.

117.16 (e) The commissioner shall develop and implement package rates, bundled rates, or per  
117.17 diem rates for special education services under which separately covered services are grouped  
117.18 together and billed as a unit in order to reduce administrative complexity.

117.19 (f) The commissioner shall develop a cost-based payment structure for payment of these  
117.20 services. Only costs reported through the designated Minnesota Department of Education  
117.21 data systems in distinct service categories qualify for inclusion in the cost-based payment  
117.22 structure. The commissioner shall reimburse claims submitted based on an interim rate, and  
117.23 shall settle at a final rate once the department has determined it. The commissioner shall  
117.24 notify the school district of the final rate. The school district has 60 days to appeal the final  
117.25 rate. To appeal the final rate, the school district shall file a written appeal request to the  
117.26 commissioner within 60 days of the date the final rate determination was mailed. The appeal  
117.27 request shall specify (1) the disputed items and (2) the name and address of the person to  
117.28 contact regarding the appeal.

117.29 (g) Effective July 1, 2000, medical assistance services provided under an individualized  
117.30 education program or an individual family service plan by local school districts shall not  
117.31 count against medical assistance authorization thresholds for that child.

117.32 (h) Nursing services as defined in section 148.171, subdivision 15, and provided as an  
117.33 individualized education program health-related service, are eligible for medical assistance

118.1 payment if they are otherwise a covered service under the medical assistance program.  
118.2 Medical assistance covers the administration of prescription medications by a licensed nurse  
118.3 who is employed by or under contract with a school district when the administration of  
118.4 medications is identified in the child's individualized education program. The simple  
118.5 administration of medications alone is not covered under medical assistance when  
118.6 administered by a provider other than a school district or when it is not identified in the  
118.7 child's individualized education program.

118.8 Sec. 142. Minnesota Statutes 2021 Supplement, section 256B.0625, subdivision 28a, is  
118.9 amended to read:

118.10 Subd. 28a. **Licensed physician assistant services.** (a) Medical assistance covers services  
118.11 performed by a licensed physician assistant if the service is otherwise covered under this  
118.12 chapter as a physician service and if the service is within the scope of practice of a licensed  
118.13 physician assistant as defined in section 147A.09.

118.14 (b) Licensed physician assistants, ~~who are supervised by a physician certified by the~~  
118.15 ~~American Board of Psychiatry and Neurology or eligible for board certification in psychiatry,~~  
118.16 may bill for medication management and evaluation and management services provided to

118.18 the licensed physician assistant completes 2,000 hours of clinical experience in the evaluation  
118.19 and treatment of mental health, consistent with their ~~authorized scope of practice, as defined~~  
118.20 ~~in section 147A.09, with the exception of performing psychotherapy or diagnostic~~  
118.21 ~~assessments or providing treatment supervision~~ education, training, and experience.

118.22 Sec. 143. Minnesota Statutes 2021 Supplement, section 256B.0625, subdivision 49, is

132.33 appropriate to the medical condition of the recipient, the therapist must provide a statement  
132.34 to that effect in writing to the nursing facility for inclusion in the recipient's medical record.

133.13 ~~or~~ advanced practice registered nurse, or physician assistant is acting on the attending  
133.14 physician's ~~or~~ advanced practice registered nurse's, or physician assistant's behalf; or no  
133.15 physician ~~or~~ advanced practice registered nurse, or physician assistant has primary

134.14 to give such consent, the consent may be given by the commissioner. The agency overseeing  
134.15 the adoption proceedings shall ensure that the minor parent is offered the opportunity to  
134.16 consult with an attorney, a member of the clergy, a physician, ~~or~~ an advanced practice
