 14.18 telephone may substitute for in-person reassessments.

14.19 (b) For services provided by the developmental disabilities waiver under section

 14.26 reassessment.

14.27 (d) A remote reassessment is permitted only if the person being reassessed, or the person's
 14.28 legal representative, and the lead agency case manager both agree that there is no change
 14.29 in the person's condition, there is no need for a change in service, and that a remote

 14.32 reassessment at any time.

15.1 (f) During a remote reassessment, if the certified assessor determines an in-person

 16.19 including notification of other local agencies when a person may require assistance from
 16.20 agencies located in another county; and

16.21 (5) relocation targeted case management as defined in section 256B.0621, subdivision
 16.22 2, clause (4), is authorized for an eligible medical assistance recipient.

17.9 (d) For individuals under 21 years of age, a screening interview that recommends nursing
17.10 facility admission must be in person and approved by the commissioner before the individual
17.11 is admitted to the nursing facility.

17.12 (e) An individual under 65 years of age residing in a nursing facility must receive an
17.13 in-person assessment at least every 12 months to review the person's service choices and
17.14 available alternatives unless the individual indicates in writing that annual visits are not
17.15 desired. In this case, the individual must receive an in-person assessment at least once every
17.16 36 months for the same purposes.

17.17 (f) Notwithstanding subdivision 33, the commissioner may pay county agencies directly

25.19 All individuals seeking admission to Medicaid-certified nursing facilities, including certified
25.20 boarding care facilities, must be screened prior to admission regardless of income, assets,
25.21 or funding sources for nursing facility care, except as described in subdivision 7b, paragraphs
25.22 (a) and (b). The purpose of the screening is to determine the need for nursing facility level
25.23 of care as described in section 256B.0911, subdivision ~~4e~~ 26, and to complete activities
25.24 required under federal law related to mental illness and developmental disability as outlined
25.25 in paragraph (b).

25.26 (b) A person who has a diagnosis or possible diagnosis of mental illness or developmental
25.27 disability must receive a preadmission screening before admission regardless of the
25.28 exemptions outlined in subdivision 7b, paragraphs (a) and (b), to identify the need for further
25.29 evaluation and specialized services, unless the admission prior to screening is authorized
25.30 by the local mental health authority or the local developmental disabilities case manager,
25.31 or unless authorized by the county agency according to Public Law 101-508.

26.15 (d) The local county mental health authority or the state developmental disability authority
26.16 under Public Laws 100-203 and 101-508 may prohibit admission to a nursing facility if the
26.17 individual does not meet the nursing facility level of care criteria or needs specialized
26.18 services as defined in Public Laws 100-203 and 101-508. For purposes of this section,

27.11 8, at the time of application to a nursing facility; and

27.21 care facility during Senior LinkAge Line nonworking hours;

27.24 health and safety;

27.25 (3) there is a recent precipitating event that precludes the client from living safely in the
27.26 community, such as sustaining an injury, sudden onset of acute illness, or a caregiver's
27.27 inability to continue to provide care;

27.28 (4) the attending physician or advanced practice registered nurse has authorized the
27.29 emergency placement and has documented the reason that the emergency placement is
27.30 recommended; and

27.31 (5) the Senior LinkAge Line is contacted on the first working day following the
27.32 emergency admission.

 28.2 an emergency except for a person who has received hospital services in the following
 28.3 situations: hospital admission for observation, care in an emergency room without hospital
 28.4 admission, or following hospital 24-hour bed care and from whom admission is being sought

 28.20 completed under section 256B.0911, ~~subdivision 3a, 3b, or 4d~~ subdivisions 17 to 21, 24,
 28.21 27, or 28, by a county, tribe, or managed care organization under contract with the

 28.23 complete activities required under subdivision 7a; or

28.24 (3) the person may be exempt from screening requirements as outlined in subdivision
 28.25 7b, but will need ~~transitional~~ transition assistance after admission or in-person follow-along

28.27 (b) The Senior LinkAge Line shall refer individuals under 65 years of age who are
 28.28 admitted to nursing facilities with only a telephone screening ~~must receive a face-to-face~~

 29.3 clause (12), and section 256B.0911, subdivision ~~3b~~ 27.

29.4 Sec. 7. Minnesota Statutes 2020, section 256.975, subdivision 7d, is amended to read:

29.5 Subd. 7d. **Payment for preadmission screening.** ~~Funding~~ (a) The Department of Human
 29.6 Services shall provide funding for preadmission screening shall be provided to the Minnesota

 29.18 Disability Hub shall:

 29.22 subdivision 2, paragraph (aa).

29.23 Sec. 8. Minnesota Statutes 2020, section 256B.051, subdivision 4, is amended to read:

29.24 Subd. 4. **Assessment requirements.** (a) An individual's assessment of functional need
 29.25 must be conducted by one of the following methods:

29.26 (1) an assessor according to the criteria established in section 256B.0911, ~~subdivision~~

 29.28 commissioner;

29.29 (2) documented need for services as verified by a professional statement of need as
 29.30 defined in section 256I.03, subdivision 12; or

30.1 (3) according to the continuum of care coordinated assessment system established in
30.2 Code of Federal Regulations, title 24, section 578.3, using a format established by the
30.3 commissioner.

30.4 (b) An individual must be reassessed within one year of initial assessment, and annually
30.5 thereafter.

30.6 Sec. 9. Minnesota Statutes 2020, section 256B.0646, is amended to read:

30.7 **256B.0646 MINNESOTA RESTRICTED RECIPIENT PROGRAM; PERSONAL**
30.8 **CARE ASSISTANCE SERVICES.**

30.9 (a) When a recipient's use of personal care assistance services or community first services
30.10 and supports under section 256B.85 results in abusive or fraudulent billing, the commissioner
30.11 may place a recipient in the Minnesota restricted recipient program under Minnesota Rules,
30.12 part 9505.2165. A recipient placed in the Minnesota restricted recipient program under this
30.13 section must: (1) use a designated traditional personal care assistance provider agency; and
30.14 (2) obtain a new assessment under section 256B.0911, including consultation with a registered
30.15 or public health nurse on the long-term care consultation team pursuant to section 256B.0911,
30.16 subdivision ~~3~~ 15, paragraph (b), clause (2).

30.17 (b) A recipient must comply with additional conditions for the use of personal care
30.18 assistance services or community first services and supports if the commissioner determines
30.19 it is necessary to prevent future misuse of personal care assistance services or abusive or
30.20 fraudulent billing. Additional conditions may include but are not limited to restricting service
30.21 authorizations for a duration of no more than one month and requiring a qualified professional
30.22 to monitor and report services on a monthly basis.

30.23 (c) A recipient placed in the Minnesota restricted recipient program under this section
30.24 may appeal the placement according to section 256.045.

30.25 Sec. 10. Minnesota Statutes 2020, section 256B.0659, subdivision 3a, is amended to read:

30.26 Subd. 3a. **Assessment; defined.** (a) "Assessment" means a review and evaluation of a
30.27 recipient's need for personal care assistance services conducted in person. Assessments for
30.28 personal care assistance services shall be conducted by the county public health nurse or a
30.29 certified public health nurse under contract with the county except when a long-term care
30.30 consultation assessment is being conducted for the purposes of determining a person's
30.31 eligibility for home and community-based waiver services including personal care assistance
30.32 services according to section 256B.0911. During the transition to MnCHOICES, a certified

31.1 assessor may complete the assessment defined in this subdivision. An in-person assessment
 31.2 must include: documentation of health status, determination of need, evaluation of service
 31.3 effectiveness, identification of appropriate services, service plan development or modification,
 31.4 coordination of services, referrals and follow-up to appropriate payers and community
 31.5 resources, completion of required reports, recommendation of service authorization, and
 31.6 consumer education. Once the need for personal care assistance services is determined under
 31.7 this section, the county public health nurse or certified public health nurse under contract
 31.8 with the county is responsible for communicating this recommendation to the commissioner
 31.9 and the recipient. An in-person assessment must occur at least annually or when there is a
 31.10 significant change in the recipient's condition or when there is a change in the need for
 31.11 personal care assistance services. A service update may substitute for the annual face-to-face
 31.12 assessment when there is not a significant change in recipient condition or a change in the
 31.13 need for personal care assistance service. A service update may be completed by telephone,
 31.14 used when there is no need for an increase in personal care assistance services, and used
 31.15 for two consecutive assessments if followed by a face-to-face assessment. A service update
 31.16 must be completed on a form approved by the commissioner. A service update or review
 31.17 for temporary increase includes a review of initial baseline data, evaluation of service
 31.18 effectiveness, redetermination of service need, modification of service plan and appropriate
 31.19 referrals, update of initial forms, obtaining service authorization, and ~~on-going~~ ongoing
 31.20 consumer education. Assessments or reassessments must be completed on forms provided
 31.21 by the commissioner within 30 days of a request for home care services by a recipient or
 31.22 responsible party.

31.23 (b) This subdivision expires when notification is given by the commissioner as described
 31.24 in section 256B.0911, subdivision ~~3a~~ 18.

31.25 Sec. 11. Minnesota Statutes 2020, section 256B.0913, subdivision 4, is amended to read:

31.26 Subd. 4. **Eligibility for funding for services for nonmedical assistance recipients.** (a)
 31.27 Funding for services under the alternative care program is available to persons who meet
 31.28 the following criteria:

31.29 (1) the person is a citizen of the United States or a United States national;

31.30 (2) the person has been determined by a community assessment under section 256B.0911
 31.31 to be a person who would require the level of care provided in a nursing facility, as
 31.32 determined under section 256B.0911, subdivision ~~4e~~ 26, but for the provision of services
 31.33 under the alternative care program;

31.34 (3) the person is age 65 or older;

32.1 (4) the person would be eligible for medical assistance within 135 days of admission to
32.2 a nursing facility;

32.3 (5) the person is not ineligible for the payment of long-term care services by the medical
32.4 assistance program due to an asset transfer penalty under section 256B.0595 or equity
32.5 interest in the home exceeding \$500,000 as stated in section 256B.056;

32.6 (6) the person needs long-term care services that are not funded through other state or
32.7 federal funding, or other health insurance or other third-party insurance such as long-term
32.8 care insurance;

32.9 (7) except for individuals described in clause (8), the monthly cost of the alternative
32.10 care services funded by the program for this person does not exceed 75 percent of the
32.11 monthly limit described under section 256S.18. This monthly limit does not prohibit the
32.12 alternative care client from payment for additional services, but in no case may the cost of
32.13 additional services purchased under this section exceed the difference between the client's
32.14 monthly service limit defined under section 256S.04, and the alternative care program
32.15 monthly service limit defined in this paragraph. If care-related supplies and equipment or
32.16 environmental modifications and adaptations are or will be purchased for an alternative
32.17 care services recipient, the costs may be prorated on a monthly basis for up to 12 consecutive
32.18 months beginning with the month of purchase. If the monthly cost of a recipient's other
32.19 alternative care services exceeds the monthly limit established in this paragraph, the annual
32.20 cost of the alternative care services shall be determined. In this event, the annual cost of
32.21 alternative care services shall not exceed 12 times the monthly limit described in this
32.22 paragraph;

32.23 (8) for individuals assigned a case mix classification A as described under section
32.24 256S.18, with (i) no dependencies in activities of daily living, or (ii) up to two dependencies
32.25 in bathing, dressing, grooming, walking, and eating when the dependency score in eating
32.26 is three or greater as determined by an assessment performed under section 256B.0911, the
32.27 monthly cost of alternative care services funded by the program cannot exceed \$593 per
32.28 month for all new participants enrolled in the program on or after July 1, 2011. This monthly
32.29 limit shall be applied to all other participants who meet this criteria at reassessment. This
32.30 monthly limit shall be increased annually as described in section 256S.18. This monthly
32.31 limit does not prohibit the alternative care client from payment for additional services, but
32.32 in no case may the cost of additional services purchased exceed the difference between the
32.33 client's monthly service limit defined in this clause and the limit described in clause (7) for
32.34 case mix classification A; and

33.1 (9) the person is making timely payments of the assessed monthly fee. A person is
 33.2 ineligible if payment of the fee is over 60 days past due, unless the person agrees to:

33.3 (i) the appointment of a representative payee;

33.4 (ii) automatic payment from a financial account;

33.5 (iii) the establishment of greater family involvement in the financial management of
 33.6 payments; or

33.7 (iv) another method acceptable to the lead agency to ensure prompt fee payments.

33.8 (b) The lead agency may extend the client's eligibility as necessary while making
 33.9 arrangements to facilitate payment of past-due amounts and future premium payments.

33.10 Following disenrollment due to nonpayment of a monthly fee, eligibility shall not be
 33.11 reinstated for a period of 30 days.

33.12 ~~(b)~~ (c) Alternative care funding under this subdivision is not available for a person who
 33.13 is a medical assistance recipient or who would be eligible for medical assistance without a
 33.14 spenddown or waiver obligation. A person whose initial application for medical assistance
 33.15 and the elderly waiver program is being processed may be served under the alternative care
 33.16 program for a period up to 60 days. If the individual is found to be eligible for medical
 33.17 assistance, medical assistance must be billed for services payable under the federally
 33.18 approved elderly waiver plan and delivered from the date the individual was found eligible
 33.19 for the federally approved elderly waiver plan. Notwithstanding this provision, alternative
 33.20 care funds may not be used to pay for any service the cost of which: (i) is payable by medical
 33.21 assistance; (ii) is used by a recipient to meet a waiver obligation; or (iii) is used to pay a
 33.22 medical assistance income spenddown for a person who is eligible to participate in the
 33.23 federally approved elderly waiver program under the special income standard provision.

33.24 ~~(c)~~ (d) Alternative care funding is not available for a person who resides in a licensed
 33.25 nursing home, certified boarding care home, hospital, or intermediate care facility, except
 33.26 for case management services which are provided in support of the discharge planning
 33.27 process for a nursing home resident or certified boarding care home resident to assist with
 33.28 a relocation process to a community-based setting.

33.29 ~~(d)~~ (e) Alternative care funding is not available for a person whose income is greater
 33.30 than the maintenance needs allowance under section 256S.05, but equal to or less than 120
 33.31 percent of the federal poverty guideline effective July 1 in the fiscal year for which alternative
 33.32 care eligibility is determined, who would be eligible for the elderly waiver with a waiver
 33.33 obligation.

34.1 Sec. 12. Minnesota Statutes 2020, section 256B.092, subdivision 1a, is amended to read:

34.2 Subd. 1a. **Case management services.** (a) Each recipient of a home and community-based
34.3 waiver shall be provided case management services by qualified vendors as described in
34.4 the federally approved waiver application.

A lead agency may choose, according to departmental policies, to contract with a qualified, certified assessor to conduct assessments and reassessments on behalf of the lead agency. Certified assessors must use person-centered planning principles to conduct an interview that identifies what is important to the person, the person's needs for supports, health and safety concerns, and the person's abilities, interests, and goals.

Certified assessors are responsible for:

Certified assessors are required to be recertified every three years.

The team of certified assessors must include, at a minimum:

- (1) a social worker; and
- (2) a public health nurse or registered nurse.

(c) The commissioner shall allow arrangements and make recommendations that encourage counties and tribes to collaborate to establish joint local long-term care consultation teams to ensure that long-term care consultations are done within the timelines and parameters of the service. The assessment must include the health, psychological, functional, environmental, and social needs of the individual necessary to develop a person-centered community support plan that meets the individual's needs and preferences.

(d) Except as provided in paragraph (r), the assessment must be conducted by a certified assessor in a face-to-face conversational interview with the person being assessed. The person's legal representative must provide input during the assessment process and may do so remotely if requested. At the request of the person, other individuals may participate in the assessment to provide information on the needs, strengths, and preferences of the person necessary to develop a community support plan that ensures the person's health and safety. The person conducting the assessment must notify the provider of the date by which this information is to be submitted. This information shall be provided to the person conducting the assessment prior to the assessment. For a person who is to be assessed for waiver services under section 256B.092 or 256B.49, with the permission of the person being assessed or the person's designated legal representative, the person's current provider of services may submit a written report outlining recommendations regarding the person's care needs the person completed in consultation with someone who is known to the person and has interaction with the person on a regular basis. The provider must submit the report at least 60 days before the end of the person's current service agreement. The certified assessor must consider the content of the submitted report prior to finalizing the person's assessment or reassessment.

(f) For a person being assessed for elderly waiver services under chapter 256S, a provider who submitted information under paragraph (d) shall receive the final written community support plan when available and the Residential Services Workbook.

(g) The written community support plan must include:

For a person determined eligible for state plan home care under subdivision 1a, paragraph (b), clause (1), the person or person's representative must also receive a copy of the home care service plan developed by the certified assessor.

(h) A person may request assistance in identifying community supports without participating in a complete assessment. Upon a request for assistance identifying community support, the person must be transferred or referred to long-term care options counseling services available under sections 256.975, subdivision 7, and 256.01, subdivision 24, for telephone assistance and follow up.

(i) The person has the right to make the final decision:

(1) between institutional placement and community placement after the recommendations have been provided, except as provided in section 256.975, subdivision 7a, paragraph (d);

(2) between community placement in a setting controlled by a provider and living independently in a setting not controlled by a provider;

(3) between day services and employment services; and

(4) regarding available options for self-directed services and supports, including self-directed funding options.

disability and mental illness collected during the assessment to the long-term care options counselor using forms provided by the commissioner;

(9) the person's right to appeal the certified assessor's decision regarding eligibility for all services and programs as defined in subdivision 1a, paragraphs (a), clauses (6), (7), and (8), and (b), and incorporating the decision regarding the need for institutional level of care or the lead agency's final decisions regarding public programs eligibility according to section 256.045, subdivision 3. The certified assessor must verbally communicate this appeal right to the person and must visually point out where in the document the right to appeal is stated; and

(10) documentation that available options for employment services, independent living, and self-directed services and supports were described to the individual.

(k) An assessment that is completed as part of an eligibility determination for multiple programs for the alternative care, elderly waiver, developmental disabilities, community access for disability inclusion, community alternative care, and brain injury waiver programs under chapter 256S and sections 256B.0913, 256B.092, and 256B.49 is valid to establish service eligibility for no more than 60 calendar days after the date of the assessment.

(l) The effective eligibility start date for programs in paragraph (k) can never be prior to the date of assessment. If an assessment was completed more than 60 days before the effective waiver or alternative care program eligibility start date, assessment and support plan information must be updated and documented in the department's Medicaid Management Information System (MMIS). Notwithstanding retroactive medical assistance coverage of state plan services, the effective date of eligibility for programs included in paragraph (k) cannot be prior to the date the most recent updated assessment is completed.

(m) If an eligibility update is completed within 90 days of the previous assessment and documented in the department's Medicaid Management Information System (MMIS), the effective date of eligibility for programs included in paragraph (k) is the date of the previous face-to-face assessment when all other eligibility requirements are met.

(n) If a person who receives home and community-based waiver services under section 256B.0913, 256B.092, or 256B.49 or chapter 256S temporarily enters for 121 days or fewer a hospital, institution of mental disease, nursing facility, intensive residential treatment services program, transitional care unit, or inpatient substance use disorder treatment setting, the person may return to the community with home and community-based waiver services under the same waiver, without requiring an assessment or reassessment under this section, unless the person's annual reassessment is otherwise due. Nothing in this paragraph shall change annual long-term care consultation reassessment requirements, payment for institutional or treatment services, medical assistance financial eligibility, or any other law.

(o) At the time of reassessment, the certified assessor shall assess each person receiving waiver residential supports and services currently residing in a community residential setting, licensed adult foster care home that is either not the primary residence of the license holder or in which the license holder is not the primary caregiver, family adult foster care residence, customized living setting, or supervised living facility to determine if that person would prefer to be served in a community-living setting as defined in section 256B.49, subdivision 23, in a setting not controlled by a provider, or to receive integrated community supports as described in section 245D.03, subdivision 1, paragraph (c), clause (8). The certified assessor shall offer the person, through a person-centered planning process, the option to receive alternative housing and service options.

APPENDIX
Repealed Minnesota Statutes: S3816-1

(p) At the time of reassessment, the certified assessor shall assess each person receiving waiver day services to determine if that person would prefer to receive employment services as described in section 245D.03, subdivision 1, paragraph (c), clauses (5) to (7). The certified assessor shall describe to the person through a person-centered planning process the option to receive employment services.

(q) At the time of reassessment, the certified assessor shall assess each person receiving non-self-directed waiver services to determine if that person would prefer an available service and setting option that would permit self-directed services and supports. The certified assessor shall describe to the person through a person-centered planning process the option to receive self-directed services and supports.

(r) All assessments performed according to this subdivision must be face-to-face unless the assessment is a reassessment meeting the requirements of this paragraph. Remote reassessments conducted by interactive video or telephone may substitute for face-to-face reassessments. For services provided by the developmental disabilities waiver under section 256B.092, and the community access for disability inclusion, community alternative care, and brain injury waiver programs under section 256B.49, remote reassessments may be substituted for two consecutive reassessments if followed by a face-to-face reassessment. For services provided by alternative care under section 256B.0913, essential community supports under section 256B.0922, and the elderly waiver under chapter 256S, remote reassessments may be substituted for one reassessment if followed by a face-to-face reassessment. A remote reassessment is permitted only if the person being reassessed, or the person's legal representative, and the lead agency case manager both agree that there is no change in the person's condition, there is no need for a change in service, and that a remote reassessment is appropriate. The person being reassessed, or the person's legal representative, has the right to refuse a remote reassessment at any time. During a remote reassessment, if the certified assessor determines a face-to-face reassessment is necessary in order to complete the assessment, the lead agency shall schedule a face-to-face reassessment. All other requirements of a face-to-face reassessment shall apply to a remote reassessment, including updates to a person's support plan.

Subd. 3b. **Transition assistance.** (a) Lead agency certified assessors shall provide assistance to persons residing in a nursing facility, hospital, regional treatment center, or intermediate care facility for persons with developmental disabilities who request or are referred for assistance. Transition assistance must include assessment, community support plan development, referrals to long-term care options counseling under section 256.975, subdivision 7, for community support plan implementation and to Minnesota health care programs, including home and community-based waiver services and consumer-directed options through the waivers, and referrals to programs that provide assistance with housing. Transition assistance must also include information about the Centers for Independent Living, Disability Hub, and about other organizations that can provide assistance with relocation efforts, and information about contacting these organizations to obtain their assistance and support.

(b) The lead agency shall ensure that:

(1) referrals for in-person assessments are taken from long-term care options counselors as provided for in section 256.975, subdivision 7, paragraph (b), clause (11);

(2) persons assessed in institutions receive information about transition assistance that is available;

(3) the assessment is completed for persons within 20 calendar days of the date of request or recommendation for assessment;

(4) there is a plan for transition and follow-up for the individual's return to the community, including notification of other local agencies when a person may require assistance from agencies located in another county; and

(5) relocation targeted case management as defined in section 256B.0621, subdivision 2, clause (4), is authorized for an eligible medical assistance recipient.

Subd. 3f. **Long-term care reassessments and community support plan updates.** (a) Prior to a reassessment, the certified assessor must review the person's most recent assessment. Reassessments must be tailored using the professional judgment of the assessor to the person's known needs, strengths, preferences, and circumstances. Reassessments provide information to support the person's informed choice and opportunities to express choice regarding activities that contribute to quality of life, as well as information and opportunity to identify goals related to desired employment,

community activities, and preferred living environment. Reassessments require a review of the most recent assessment, review of the current coordinated service and support plan's effectiveness, monitoring of services, and the development of an updated person-centered community support plan. Reassessments must verify continued eligibility, offer alternatives as warranted, and provide an opportunity for quality assurance of service delivery. Reassessments must be conducted annually or as required by federal and state laws and rules. For reassessments, the certified assessor and the individual responsible for developing the coordinated service and support plan must ensure the continuity of care for the person receiving services and complete the updated community support plan and the updated coordinated service and support plan no more than 60 days from the reassessment visit.

(b) The commissioner shall develop mechanisms for providers and case managers to share information with the assessor to facilitate a reassessment and support planning process tailored to the person's current needs and preferences.

Subd. 3g. **Assessments for Rule 185 case management.** Unless otherwise required by federal law, the county agency is not required to conduct or arrange for an annual needs reassessment by a certified assessor. The case manager who works on behalf of the person to identify the person's needs and to minimize the impact of the disability on the person's life must instead develop a person-centered service plan based on the person's assessed needs and preferences. The person-centered service plan must be reviewed annually for persons with developmental disabilities who are receiving only case management services under Minnesota Rules, part 9525.0016, and who make an informed choice to decline an assessment under this section.

Subd. 4d. **Preadmission screening of individuals under 65 years of age.** (a) It is the policy of the state of Minnesota to ensure that individuals with disabilities or chronic illness are served in the most integrated setting appropriate to their needs and have the necessary information to make informed choices about home and community-based service options.

(b) Individuals under 65 years of age who are admitted to a Medicaid-certified nursing facility must be screened prior to admission according to the requirements outlined in section 256.975, subdivisions 7a to 7c. This shall be provided by the Senior LinkAge Line as required under section 256.975, subdivision 7.

(c) Individuals under 65 years of age who are admitted to nursing facilities with only a telephone screening must receive a face-to-face assessment from the long-term care consultation team member of the county in which the facility is located or from the recipient's county case manager within the timeline established by the commissioner, based on review of data.

(d) At the face-to-face assessment, the long-term care consultation team member or county case manager must perform the activities required under subdivision 3b.

(e) For individuals under 21 years of age, a screening interview which recommends nursing facility admission must be face-to-face and approved by the commissioner before the individual is admitted to the nursing facility.

(f) In the event that an individual under 65 years of age is admitted to a nursing facility on an emergency basis, the Senior LinkAge Line must be notified of the admission on the next working day, and a face-to-face assessment as described in paragraph (c) must be conducted within the timeline established by the commissioner, based on review of data.

(g) At the face-to-face assessment, the long-term care consultation team member or the case manager must present information about home and community-based options, including consumer-directed options, so the individual can make informed choices. If the individual chooses home and community-based services, the long-term care consultation team member or case manager must complete a written relocation plan within 20 working days of the visit. The plan shall describe the services needed to move out of the facility and a time line for the move which is designed to ensure a smooth transition to the individual's home and community.

(h) An individual under 65 years of age residing in a nursing facility shall receive a face-to-face assessment at least every 12 months to review the person's service choices and available alternatives unless the individual indicates, in writing, that annual visits are not desired. In this case, the individual must receive a face-to-face assessment at least once every 36 months for the same purposes.

(i) Notwithstanding the provisions of subdivision 6, the commissioner may pay county agencies directly for face-to-face assessments for individuals under 65 years of age who are being considered for placement or residing in a nursing facility.

(j) Funding for preadmission screening follow-up shall be provided to the Disability Hub for the under-60 population by the Department of Human Services to cover options counseling salaries and expenses to provide the services described in subdivisions 7a to 7c. The Disability Hub shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide preadmission screening follow-up services and shall seek to maximize federal funding for the service as provided under section 256.01, subdivision 2, paragraph (aa).

Subd. 4e. **Determination of institutional level of care.** The determination of the need for nursing facility, hospital, and intermediate care facility levels of care must be made according to criteria developed by the commissioner, and in section 256B.092, using forms developed by the commissioner. Effective January 1, 2014, for individuals age 21 and older, the determination of need for nursing facility level of care shall be based on criteria in section 144.0724, subdivision 11. For individuals under age 21, the determination of the need for nursing facility level of care must be made according to criteria developed by the commissioner until criteria in section 144.0724, subdivision 11, becomes effective on or after October 1, 2019.

Subd. 5. **Administrative activity.** (a) The commissioner shall streamline the processes, including timelines for when assessments need to be completed, required to provide the services in this section and shall implement integrated solutions to automate the business processes to the extent necessary for community support plan approval, reimbursement, program planning, evaluation, and policy development.

(b) The commissioner of human services shall work with lead agencies responsible for conducting long-term consultation services to modify the MnCHOICES application and assessment policies to create efficiencies while ensuring federal compliance with medical assistance and long-term services and supports eligibility criteria.

(c) The commissioner shall work with lead agencies responsible for conducting long-term consultation services to develop a set of measurable benchmarks sufficient to demonstrate quarterly improvement in the average time per assessment and other mutually agreed upon measures of increasing efficiency. The commissioner shall collect data on these benchmarks and provide to the lead agencies and the chairs and ranking minority members of the legislative committees with jurisdiction over human services an annual trend analysis of the data in order to demonstrate the commissioner's compliance with the requirements of this subdivision.

Subd. 6. **Payment for long-term care consultation services.** (a) Until September 30, 2013, payment for long-term care consultation face-to-face assessment shall be made as described in this subdivision.

(b) The total payment for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's annual allocation for long-term care consultation services by 12 to determine the monthly payment and allocating the monthly payment to each nursing facility based on the number of licensed beds in the nursing facility. Payments to counties in which there is no certified nursing facility must be made by increasing the payment rate of the two facilities located nearest to the county seat.

(c) The commissioner shall include the total annual payment determined under paragraph (b) for each nursing facility reimbursed under section 256B.431 or 256B.434 or chapter 256R.

(d) In the event of the layaway, delicensure and decertification, or removal from layaway of 25 percent or more of the beds in a facility, the commissioner may adjust the per diem payment amount in paragraph (c) and may adjust the monthly payment amount in paragraph (b). The effective date of an adjustment made under this paragraph shall be on or after the first day of the month following the effective date of the layaway, delicensure and decertification, or removal from layaway.

(e) Payments for long-term care consultation services are available to the county or counties to cover staff salaries and expenses to provide the services described in subdivision 1a. The county shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide long-term care consultation services while meeting the state's long-term care outcomes and objectives as defined in subdivision 1. The county shall be accountable for meeting local objectives as approved by the commissioner in the biennial home and community-based services quality assurance plan on a form provided by the commissioner.

(f) Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

(g) The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local consultation teams.

(h) Until the alternative payment methodology in paragraph (i) is implemented, the county may bill, as case management services, assessments, support planning, and follow-along provided to persons determined to be eligible for case management under Minnesota health care programs. No individual or family member shall be charged for an initial assessment or initial support plan development provided under subdivision 3a or 3b.

(i) The commissioner shall develop an alternative payment methodology, effective on October 1, 2013, for long-term care consultation services that includes the funding available under this subdivision, and for assessments authorized under sections 256B.092 and 256B.0659. In developing the new payment methodology, the commissioner shall consider the maximization of other funding sources, including federal administrative reimbursement through federal financial participation funding, for all long-term care consultation activity. The alternative payment methodology shall include the use of the appropriate time studies and the state financing of nonfederal share as part of the state's medical assistance program. Between July 1, 2017, and June 30, 2019, the state shall pay 84.3 percent of the nonfederal share as reimbursement to the counties. Beginning July 1, 2019, the state shall pay 81.9 percent of the nonfederal share as reimbursement to the counties.
