5.3 establishing the joint powers board to govern the cooperative facility. These representatives
5.4 shall have the same powers as representatives of any other school district under the joint
5.5 powers agreement.

5.7 subdivision 2 ~~or~~ a school board of a reorganized district, or the school board of an isolated
5.8 small school district that intends to apply for a grant must adopt a resolution stating the
5.9 proposed costs of the project, the purpose for which the costs are to be incurred, and an
5.10 estimate of the dates when the facilities for which the grant is requested will be contracted

5.23 application is received, the commissioner shall obtain from the commissioner of revenue,
5.24 and from the Public Utilities Commission when required, the information in their official

5.26 under section 475.53, subdivision 4.

5.27 Subd. 5. **Award of grants.** (a) By November 1 of the odd-numbered year, the
5.28 commissioner shall examine and consider all applications for grants, and if any district is
5.29 found not qualified, the commissioner shall promptly notify that board.

5.30 (b) A grant award is subject to verification by the district as specified in subdivision 8.
5.31 A grant award for a new facility must not be made until the site of the facility has been
5.32 determined. For a group of cooperating school districts, a grant award to remodel or improve
5.33 an existing facility must not be made until the cooperating districts have reorganized. If the
5.34 total amount of the approved applications exceeds the amount that is or can be made
5.35 available, the commissioner shall first award grants to cooperating or consolidating school

districts that will close at least one existing school building, and then, to the extent funds remain, allot the available amount equally between any other approved applicant districts. The commissioner shall promptly certify to each qualified district the amount, if any, of the grant awarded to it.

To receive the additional grant, the group of districts must develop a plan under subdivision 2, paragraph (d), that provides for the location of a significant number of noneducational student and community service programs within the cooperative facility.

Subd. 7. **Referendum; bond issue.** Within 180 days after being awarded a grant for a new facility under subdivision 5, the joint powers board or board of the isolated small school district must submit the question of authorizing the borrowing of funds for the facility to the voters of the joint powers district or isolated small school district at a special election, which may be held in conjunction with the general election of the school board members of the member districts. The question submitted must state the total amount of funding needed from all sources. A majority of those voting in the affirmative on the question is sufficient to authorize the joint powers board or school board to accept the grant and to issue the bonds on public sale according to chapter 475. The clerk of the joint powers board or school district must certify the vote of the bond election to the commissioner. If the question is approved by the voters, the commissioner shall notify the approved applicant districts that the grant amount certified under subdivision 5 is available and appropriated for payment under this subdivision. If a majority of those voting on the question do not vote in the affirmative, the grant must be canceled.

Subd. 8. **Contract.** Each grant must be evidenced by a contract between the board and the state acting through the commissioner. The contract obligates the state to pay to the board an amount computed according to subdivision 5, and according to a schedule, and terms and conditions acceptable to the commissioner of management and budget.

Subd. 9. **Consolidation.** A group of districts that operates a cooperative facility that was acquired, constructed, remodeled, or improved under this section and implements consolidation proceedings according to section 123A.48, may propose a temporary school board structure in the petition or resolution required under section 123A.48, subdivision 2. The districts may propose the number of existing school board members of each district to become members of the board of the consolidated district and a method to gradually reduce the membership to six or seven. The proposal must be approved, disapproved, or modified by the commissioner. The election requirements of section 123A.48, subdivision 20, do not

apply to a proposal approved by the state board. Elections conducted after the effective date of the consolidation are subject to the Minnesota Election Law.

To provide money for the grant program, the commissioner of management and budget shall deposit in the small schools and cooperating school district facilities account the proceeds of any bonds issued and sold by the state specifically designated for that purpose.

Subd. 4. Grants made; appropriation. On July 1 of each year, the balance in the small schools and cooperating facilities grant account in the special revenue fund is appropriated to the commissioner of education for small schools and cooperating school district facilities grants. On June 30 of each year, any money appropriated under this section but not yet distributed to a school district cancels to the small schools and cooperating facilities grant account in the special revenue fund.
