2.4 Section 1. Minnesota Statutes 2018, section 120A.20, subdivision 2, is amended to read:

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Subd. 2. Education, residence, and transportation of homeless. (a) Notwithstanding
subdivision 1, a district must not deny free admission to a homeless pupil solely because
the district cannot determine that the pupil is a resident of the district.

(b) The school district of residence for a homeless pupil shall be the school district in 2.8 which the parent or legal guardian resides, unless: (1) parental rights have been terminated 2.9 by court order; (2) the parent or guardian is not living within the state; or (3) the parent or 2.10 guardian having legal custody of the child is an inmate of a Minnesota correctional facility 2.11 or is a resident of a halfway house under the supervision of the commissioner of corrections. 2.12 If any of clauses (1) to (3) apply, the school district of residence shall be the school district 2.13 in which the pupil resided when the qualifying event occurred. If no other district of residence 2.14 can be established, the school district of residence shall be the school district in which the 2.15 pupil currently resides. If there is a dispute between school districts regarding residency, 2.16 2.17 the district of residence is the district designated by the commissioner of education.

(c) Except as provided in paragraph (d), the serving district is responsible for transporting 2.18 a homeless pupil to and from the pupil's district of residence. The district may transport 2.19 from a permanent home in another district but only through the end of the academic school 2.20 year. When a pupil is enrolled in a charter school, the district or school that provides 2.21 transportation for other pupils enrolled in the charter school is responsible for providing 2.22 transportation. When a homeless student pupil with or without an individualized education 2.23 program attends a public school other than an independent or special school district or 2.24 charter school, the district of residence is responsible for transportation. 2.25

(d) For a homeless pupil with an individualized education program enrolled in a program authorized by an intermediate school district, special education cooperative, service cooperative, or education district, the serving district at the time of the pupil's enrollment in the program remains responsible for transporting that pupil for the remainder of the school year, unless the initial serving district and the current serving district mutually agree that the current serving district is responsible for transporting the homeless pupil.

- 25.22 (3) For students under clause (1) or (2), a school district may substitute a score from an
 alternative, equivalent assessment to satisfy the requirements of this paragraph.
- (b) The state assessment system must be aligned to the most recent revision of academic
 standards as described in section 120B.023 in the following manner:
- 25.26 (1) mathematics;

(i) grades 3 through 8 beginning in the 2010-2011 school year; and

25.28 (ii) high school level beginning in the 2013-2014 school year;

25.29 (2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012
25.30 school year; and

(3) language arts and reading; grades 3 through 8 and high school level beginning in the
25.32 2012-2013 school year.

(c) For students enrolled in grade 8 in the 2012-2013 school year and later, students'
state graduation requirements, based on a longitudinal, systematic approach to student
education and career planning, assessment, instructional support, and evaluation, include
the following:

(1) achievement and career and college readiness in mathematics, reading, and writing, 26.5 consistent with paragraph (k) and to the extent available, to monitor students' continuous 26.6 development of and growth in requisite knowledge and skills; analyze students' progress 26.7 and performance levels, identifying students' academic strengths and diagnosing areas where 26.8 students require curriculum or instructional adjustments, targeted interventions, or 26.9 remediation; and, based on analysis of students' progress and performance data, determine 26.10 students' learning and instructional needs and the instructional tools and best practices that 26.11 support academic rigor for the student; and 26.12

(2) consistent with this paragraph and section 120B.125, age-appropriate exploration
and planning activities and career assessments to encourage students to identify personally
relevant career interests and aptitudes and help students and their families develop a regularly
reexamined transition plan for postsecondary education or employment without need for
postsecondary remediation.

Based on appropriate state guidelines, students with an individualized education program
may satisfy state graduation requirements by achieving an individual score on the
state-identified alternative assessments.

26.21 (d) Expectations of schools, districts, and the state for career or college readiness under
26.22 this subdivision must be comparable in rigor, clarity of purpose, and rates of student
26.23 completion.

A student under paragraph (c), clause (1), must receive targeted, relevant, academically 26.24 rigorous, and resourced instruction, which may include a targeted instruction and intervention 26.25 plan focused on improving the student's knowledge and skills in core subjects so that the 26.26 student has a reasonable chance to succeed in a career or college without need for 26.27 26.28 postsecondary remediation. Consistent with sections 120B.13, 124D.09, 124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in 26.29 grade 11 or 12 who is identified as academically ready for a career or college to participate 26.30 in courses and programs awarding college credit to high school students. Students are not 26.31 required to achieve a specified score or level of proficiency on an assessment under this 26.32 subdivision to graduate from high school. 26.33

(e) Though not a high school graduation requirement, students are encouraged to 27.1 participate in a nationally recognized college entrance exam. To the extent state funding 27.2 for college entrance exam fees is available, a district must pay the cost, one time, for an 27.3 interested student in grade 11 or 12 who is eligible for a free or reduced-price meal, to take 27.4 a nationally recognized college entrance exam before graduating. A student must be able 27.5 to take the exam under this paragraph at the student's high school during the school day and 27.6 at any one of the multiple exam administrations available to students in the district. A district 27.7 27.8 may administer the ACT or SAT or both the ACT and SAT to comply with this paragraph. If the district administers only one of these two tests and a free or reduced-price meal eligible 27.9 student opts not to take that test and chooses instead to take the other of the two tests, the 27.10 student may take the other test at a different time or location and remains eligible for the 27.11 examination fee reimbursement. Notwithstanding sections 123B.34 to 123B.39, a school 27.12 district may require a student that is not eligible for a free or reduced-price meal to pay the 27.13 cost of taking a nationally recognized college entrance exam. The district must waive the 27.14 27.15 cost for a student unable to pay.

(f) The commissioner and the chancellor of the Minnesota State Colleges and Universities 27.16 must collaborate in aligning instruction and assessments for adult basic education students 27.17 and English learners to provide the students with diagnostic information about any targeted 27.18 interventions, accommodations, modifications, and supports they need so that assessments 27.19 and other performance measures are accessible to them and they may seek postsecondary 27.20 education or employment without need for postsecondary remediation. When administering 27.21 formative or summative assessments used to measure the academic progress, including the 27.22 oral academic development, of English learners and inform their instruction, schools must 27.23 ensure that the assessments are accessible to the students and students have the modifications 27.24 and supports they need to sufficiently understand the assessments. 27.25

(g) Districts and schools, on an annual basis, must use career exploration elements to 27.26 help students, beginning no later than grade 9, and their families explore and plan for 27.27 postsecondary education or careers based on the students' interests, aptitudes, and aspirations. 27.28 27.29 Districts and schools must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, 27.30 review, and revise an individualized plan for postsecondary education or a career. This 27.31 process must help increase students' engagement in and connection to school, improve 27.32 students' knowledge and skills, and deepen students' understanding of career pathways as 27.33 a sequence of academic and career courses that lead to an industry-recognized credential, 27.34

19-5220

an associate's degree, or a bachelor's degree and are available to all students, whatever their
interests and career goals.

(h) A student who demonstrates attainment of required state academic standards, which
include career and college readiness benchmarks, on high school assessments under
subdivision 1a is academically ready for a career or college and is encouraged to participate
in courses awarding college credit to high school students. Such courses and programs may
include sequential courses of study within broad career areas and technical skill assessments
that extend beyond course grades.

(i) As appropriate, students through grade 12 must continue to participate in targeted
instruction, intervention, or remediation and be encouraged to participate in courses awarding
college credit to high school students.

28.12 (j) In developing, supporting, and improving students' academic readiness for a career or college, schools, districts, and the state must have a continuum of empirically derived, 28.13 clearly defined benchmarks focused on students' attainment of knowledge and skills so that 28.14 students, their parents, and teachers know how well students must perform to have a 28.15 reasonable chance to succeed in a career or college without need for postsecondary 28.16 remediation. The commissioner, in consultation with local school officials and educators, 28.17 and Minnesota's public postsecondary institutions must ensure that the foundational 28.18 knowledge and skills for students' successful performance in postsecondary employment 28.19 or education and an articulated series of possible targeted interventions are clearly identified 28.20 and satisfy Minnesota's postsecondary admissions requirements. 28.21

(k) For students in grade 8 in the 2012-2013 school year and later, a school, district, or
charter school must record on the high school transcript a student's progress toward career
and college readiness, and for other students as soon as practicable.

(1) The school board granting students their diplomas may formally decide to include a
notation of high achievement on the high school diplomas of those graduating seniors who,
according to established school board criteria, demonstrate exemplary academic achievement
during high school.

(m) The 3rd through 8th grade computer-adaptive assessment results and high school
test results shall must be available to districts for diagnostic purposes affecting student
learning and district instruction and curriculum, and for establishing educational
accountability. The commissioner must establish empirically derived benchmarks on adaptive
assessments in grades 3 through 8. The commissioner, in consultation with the chancellor
of the Minnesota State Colleges and Universities, must establish empirically derived

29.1 benchmarks on the high school tests that reveal a trajectory toward career and college
29.2 readiness consistent with section 136F.302, subdivision 1a. The commissioner must
29.3 disseminate to the public the computer-adaptive assessments and high school test results
29.4 upon receiving those results.

(n) The grades 3 through 8 computer-adaptive assessments and high school tests must
be aligned with state academic standards. The commissioner shall must determine the testing
process and the order of administration. The statewide results shall must be aggregated at
the site and district level, consistent with subdivision 1a.

29.9 (o) The commissioner shall must include the following components in the statewide29.10 public reporting system:

(1) uniform statewide computer-adaptive assessments of all students in grades 3 through
8 and testing at the high school levels that provides appropriate, technically sound
accommodations or alternate assessments;

29.14 (2) educational indicators that can be aggregated and compared across school districts
29.15 and across time on a statewide basis, including average daily attendance, high school
29.16 graduation rates, and high school drop-out rates by age and grade level;

29.17 (3) state results on the American College Test; and

(4) state results from participation in the National Assessment of Educational Progress
so that the state can benchmark its performance against the nation and other states, and,
where possible, against other countries, and contribute to the national effort to monitor
achievement.

(p) For purposes of statewide accountability, "career and college ready" means a high
school graduate has the knowledge, skills, and competencies to successfully pursue a career
pathway, including postsecondary credit leading to a degree, diploma, certificate, or
industry-recognized credential and employment. Students who are career and college ready
are able to successfully complete credit-bearing coursework at a two- or four-year college
or university or other credit-bearing postsecondary program without need for remediation.

(q) For purposes of statewide accountability, "cultural competence," "cultural
competency," or "culturally competent" means the ability of families and educators to
interact effectively with people of different cultures, native languages, and socioeconomic
backgrounds.

29.32 EFFECTIVE DATE. Paragraph (a) is effective for testing calendars in the 2021-2022 29.33 school year and later.

30.1

Sec. 4. Minnesota Statutes 2018, section 120B.35, subdivision 3, is amended to read:

30.2 Subd. 3. **State growth target; other state measures.** (a)(1) The state's educational 30.3 assessment system measuring individual students' educational growth is based on indicators 30.4 of achievement growth that show an individual student's prior achievement. Indicators of 30.5 achievement and prior achievement must be based on highly reliable statewide or districtwide 30.6 assessments.

(2) For purposes of paragraphs (b), (c), and (d), the commissioner must analyze and 30.7 report separate categories of information using the student categories identified under the 30.8 federal Elementary and Secondary Education Act, as most recently reauthorized, and, in 30.9 30.10 addition to "other" for each race and ethnicity, and the Karen community, seven of the most populous Asian and Pacific Islander groups, three of the most populous Native groups, 30.11 seven of the most populous Hispanic/Latino groups, and five of the most populous Black 30.12 and African Heritage groups as determined by the total Minnesota population based on the 30.13 most recent American Community Survey; English learners under section 124D.59; home 30.14 language; free or reduced-price lunch; and all students enrolled in a Minnesota public school 30.15 who are currently or were previously in foster care, except that such disaggregation and 30.16 cross tabulation is not required if the number of students in a category is insufficient to yield 30.17 statistically reliable information or the results would reveal personally identifiable information 30.18 about an individual student. 30.19

(b) The commissioner, in consultation with a stakeholder group that includes assessment 30.20 and evaluation directors, district staff, experts in culturally responsive teaching, and 30.21 researchers, must implement a growth model that uses a value-added growth indicator and 30.22 that compares the difference in students' achievement scores over time, and includes criteria 30.23 for identifying schools and school districts that demonstrate medium and high growth under 30.24 section 120B.299, subdivisions 8 and 9, and may recommend other value-added measures 30.25 under section 120B.299, subdivision 3 academic progress. The model may be used to advance 30.26 educators' professional development and replicate programs that succeed in meeting students' 30.27 diverse learning needs. Data on individual teachers generated under the model are personnel 30.28 data under section 13.43. The model must allow users to: 30.29

30.30 (1) report student growth consistent with this paragraph; and

30.31 (2) for all student categories, report and compare aggregated and disaggregated state
30.32 student growth and, under section 120B.11, subdivision 2, clause (2), student learning and
30.33 outcome data using the student categories identified under the federal Elementary and

31.1 Secondary Education Act, as most recently reauthorized, and other student categories under
31.2 paragraph (a), clause (2).

The commissioner must report measures of student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data, consistent with this paragraph, including the English language development, academic progress, and oral academic development of English learners and their native language development if the native language is used as a language of instruction, and include data on all pupils enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59.

(c) When reporting student performance under section 120B.36, subdivision 1, the
commissioner annually, beginning July 1, 2011, must report two core measures indicating
the extent to which current high school graduates are being prepared for postsecondary
academic and career opportunities:

(1) a preparation measure indicating the number and percentage of high school graduates
in the most recent school year who completed course work important to preparing them for
postsecondary academic and career opportunities, consistent with the core academic subjects
required for admission to Minnesota's public colleges and universities as determined by the
Office of Higher Education under chapter 136A; and

31.19 (2) a rigorous coursework measure indicating the number and percentage of high school
31.20 graduates in the most recent school year who successfully completed one or more
31.21 college-level advanced placement, international baccalaureate, postsecondary enrollment
31.22 options including concurrent enrollment, other rigorous courses of study under section
31.23 120B.021, subdivision 1a, or industry certification courses or programs.

When reporting the core measures under clauses (1) and (2), the commissioner must also analyze and report separate categories of information using the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized, and other student categories under paragraph (a), clause (2).

(d) When reporting student performance under section 120B.36, subdivision 1, the
commissioner annually, beginning July 1, 2014, must report summary data on school safety
and students' engagement and connection at school, consistent with the student categories
identified under paragraph (a), clause (2). The summary data under this paragraph are
separate from and must not be used for any purpose related to measuring or evaluating the
performance of classroom teachers. The commissioner, in consultation with qualified experts
on student engagement and connection and classroom teachers, must identify highly reliable

variables that generate summary data under this paragraph. The summary data may be used
at school, district, and state levels only. Any data on individuals received, collected, or
created that are used to generate the summary data under this paragraph are nonpublic data
under section 13.02, subdivision 9.

(e) For purposes of statewide educational accountability, the commissioner must identify
and report measures that demonstrate the success of learning year program providers under
sections 123A.05 and 124D.68, among other such providers, in improving students'
graduation outcomes. The commissioner, beginning July 1, 2015, must annually report
summary data on:

32.10 (1) the four- and six-year graduation rates of students under this paragraph;

32.11 (2) the percent of students under this paragraph whose progress and performance levels
32.12 are meeting career and college readiness benchmarks under section 120B.30, subdivision
32.13 1; and

32.14 (3) the success that learning year program providers experience in:

32.15 (i) identifying at-risk and off-track student populations by grade;

32.16 (ii) providing successful prevention and intervention strategies for at-risk students;

32.17 (iii) providing successful recuperative and recovery or reenrollment strategies for off-track
32.18 students; and

32.19 (iv) improving the graduation outcomes of at-risk and off-track students.

The commissioner may include in the annual report summary data on other education providers serving a majority of students eligible to participate in a learning year program.

(f) The commissioner, in consultation with recognized experts with knowledge and
experience in assessing the language proficiency and academic performance of all English
learners enrolled in a Minnesota public school course or program who are currently or were
previously counted as an English learner under section 124D.59, must identify and report
appropriate and effective measures to improve current categories of language difficulty and
assessments, and monitor and report data on students' English proficiency levels, program
placement, and academic language development, including oral academic language.

32.29 (g) When reporting four- and six-year graduation rates, the commissioner or school
32.30 district must disaggregate the data by student categories according to paragraph (a), clause
32.31 (2).

(h) A school district must inform parents and guardians that volunteering information
on student categories not required by the most recent reauthorization of the Elementary and
Secondary Education Act is optional and will not violate the privacy of students or their
families, parents, or guardians. The notice must state the purpose for collecting the student
data.

33.6 Sec. 5. Minnesota Statutes 2018, section 120B.36, subdivision 1, is amended to read:

33.8 shall report:

33.9 (1) student academic performance data under section 120B.35, subdivisions 2 and 3;

33.10 the percentages of students showing low, medium, and high growth under section

33.11 120B.35, subdivision 3, paragraph (b) (2) academic progress consistent with federal
33.12 expectations;

33.13 (3) school safety and student engagement and connection under section 120B.35,
 33.14 subdivision 3, paragraph (d);

33.15 (4) rigorous coursework under section 120B.35, subdivision 3, paragraph (c);

(5) the percentage of students under section 120B.35, subdivision 3, paragraph (b), clause
(2), whose progress and performance levels are meeting career and college readiness
benchmarks under sections 120B.30, subdivision 1, and 120B.35, subdivision 3, paragraph
(e);

 33.21 academic achievement and realizing racial and economic integration under section 124D.861;

33.22 (7) the acquisition of English, and where practicable, native language academic literacy, 33.23 including oral academic language, and the academic progress of all English learners enrolled 33.24 in a Minnesota public school course or program who are currently or were previously counted 33.25 as English learners under section 124D.59;

33.26 (8) two separate student-to-teacher ratios that clearly indicate the definition of teacher
 33.27 consistent with sections 122A.06 and 122A.15 for purposes of determining these ratios;

33.28 (9) staff characteristics excluding salaries;

33.29 (10) student enrollment demographics;

34.1 (11) foster care status, including all students enrolled in a Minnesota public school course
 34.2 or program who are currently or were previously in foster care, student homelessness, and
 34.3 district mobility; and

CM/EP

34.4 (12) extracurricular activities.

34.5 (b) The school performance report for a school site and a school district must include
34.6 school performance reporting information and calculate proficiency rates as required by the
34.7 most recently reauthorized Elementary and Secondary Education Act.

34.8 (c) The commissioner shall develop, annually update, and post on the department website
34.9 school performance reports consistent with paragraph (a) and section 120B.11.

34.10 (d) The commissioner must make available performance reports by the beginning of34.11 each school year.

(e) A school or district may appeal its results in a form and manner determined by the
commissioner and consistent with federal law. The commissioner's decision to uphold or
deny an appeal is final.

(f) School performance data are nonpublic data under section 13.02, subdivision 9, until
the commissioner publicly releases the data. The commissioner shall annually post school
performance reports to the department's public website no later than September 1, except
that in years when the reports reflect new performance standards, the commissioner shall
post the school performance reports no later than October 1.

 $\frac{of(1)}{1}$ three weeks prior to the date by which a student must register for district courses for

35.8 <u>the following school year, or (2)</u> March 1 of each year, a district must provide up-to-date

information on the district's website and in materials that are distributed to parents and students about the program, including information about enrollment requirements and the ability to earn postsecondary credit to all pupils in grades 8, 9, 10, and 11. To assist the district in planning, a pupil shall must inform the district by May 30 of each year of the pupil's intent to enroll in postsecondary courses during the following school year. A pupil is bound by notifying or not notifying the district by May 30.

child maltreatment. The local welfare agency:

(1) shall conduct an investigation on reports involving sexual abuse or substantial childendangerment;

substantial child endangerment. In determining that a family assessment is appropriate, the
local welfare agency may consider issues of child safety, parental cooperation, and the need
for an immediate response;

(4) may conduct a family assessment on a report that was initially screened and assigned
for an investigation. In determining that a complete investigation is not required, the local
welfare agency must document the reason for terminating the investigation and notify the

^{73.1} local law enforcement agency if the local law enforcement agency is conducting a joint^{73.2} investigation; and

(5) shall provide immediate notice, according to section 260.761, subdivision 2, to an
Indian child's tribe when the agency has reason to believe the family assessment or

means notice provided within 24 hours.

If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or 73.7 individual functioning within the family unit as a person responsible for the child's care, or 73.8 sexual abuse by a person with a significant relationship to the child when that person resides 73.9 73.10 in the child's household or by a sibling, the local welfare agency shall immediately conduct a family assessment or investigation as identified in clauses (1) to (4). In performing any of these duties, the local welfare agency shall maintain appropriate 73.25 records. 73.26

welfare agency shall conduct a chemical use assessment pursuant to Minnesota Rules, part
9530.6615.

(c) When a local agency receives a report or otherwise has information indicating that
a child who is a client, as defined in section 245.91, has been the subject of physical abuse,
sexual abuse, or neglect at an agency, facility, or program as defined in section 245.91, it
shall, in addition to its other duties under this section, immediately inform the ombudsman
established under sections 245.91 to 245.97. The commissioner of education shall inform

the ombudsman established under sections 245.91 to 245.97 of reports regarding a child

The interview may take place outside the 74.12 presence of the alleged offender or parent, legal custodian, guardian, or school official. For 74.13 family assessments, it is the preferred practice to request a parent or guardian's permission 74.14 to interview the child prior to conducting the child interview, unless doing so would 74.15 compromise the safety assessment. Except as provided in this paragraph, the parent, legal 74.16 custodian, or guardian shall be notified by the responsible local welfare or law enforcement 74.17 agency no later than the conclusion of the investigation or assessment that this interview 74.18 has occurred. Notwithstanding rule 32 of the Minnesota Rules of Procedure for Juvenile 74.19 Courts, the juvenile court may, after hearing on an exparte motion by the local welfare 74.20 agency, order that, where reasonable cause exists, the agency withhold notification of this 74.21 interview from the parent, legal custodian, or guardian. If the interview took place or is to 74.22 take place on school property, the order shall specify that school officials may not disclose 74.23 to the parent, legal custodian, or guardian the contents of the notification of intent to interview 74.24 the child on school property, as provided under this paragraph, and any other related 74.25 information regarding the interview that may be a part of the child's school record. A copy 74.26 74.27 of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official. 74.28

(e) When the local welfare, local law enforcement agency, or the agency responsible
for assessing or investigating a report of maltreatment determines that an interview should
take place on school property, written notification of intent to interview the child on school
property must be received by school officials prior to the interview. The notification shall
include the name of the child to be interviewed, the purpose of the interview, and a reference
to the statutory authority to conduct an interview on school property. For interviews
conducted by the local welfare agency, the notification shall be signed by the chair of the

local social services agency or the chair's designee. The notification shall be private data 75.1 on individuals subject to the provisions of this paragraph. School officials may not disclose 75.2 to the parent, legal custodian, or guardian the contents of the notification or any other related 75.3 information regarding the interview until notified in writing by the local welfare or law 75.4 enforcement agency that the investigation or assessment has been concluded, unless a school 75.5 employee or agent is alleged to have maltreated the child. CM/EP

Except where the alleged offender is believed to be a school official or employee, the 75.10 time and place, and manner of the interview on school premises shall be within the discretion 75.11 of school officials, but the local welfare or law enforcement agency shall have the exclusive 75.12 authority to determine who may attend the interview. The conditions as to time, place, and 75.13 manner of the interview set by the school officials shall be reasonable and the interview 75.14 shall be conducted not more than 24 hours after the receipt of the notification unless another 75.15 time is considered necessary by agreement between the school officials and the local welfare 75.16 or law enforcement agency. Where the school fails to comply with the provisions of this 75.17 paragraph, the juvenile court may order the school to comply. Every effort must be made 75.18 to reduce the disruption of the educational program of the child, other students, or school 75.19 staff when an interview is conducted on school premises. 75.20

(f) Where the alleged offender or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the alleged offender or any person responsible for the child's care at reasonable places and times as specified by court order.

(g) Before making an order under paragraph (f), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

(h) The commissioner of human services, the ombudsman for mental health and
developmental disabilities, the local welfare agencies responsible for investigating reports,

the commissioner of education, and the local law enforcement agencies have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's records, including medical records, as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or neglecting a child, and to provide the facility with a copy of the report and the investigative findings.

76.8 (i) The local welfare agency responsible for conducting a family assessment or investigation shall collect available and relevant information to determine child safety, risk 76.9 of subsequent child maltreatment, and family strengths and needs and share not public 76.10 information with an Indian's tribal social services agency without violating any law of the 76.11 state that may otherwise impose duties of confidentiality on the local welfare agency in 76.12 order to implement the tribal state agreement. The local welfare agency or the agency 76.13 responsible for investigating the report shall collect available and relevant information to 76.14 ascertain whether maltreatment occurred and whether protective services are needed. 76.15 Information collected includes, when relevant, information with regard to the person reporting 76.16 the alleged maltreatment, including the nature of the reporter's relationship to the child and 76.17 to the alleged offender, and the basis of the reporter's knowledge for the report; the child 76.18 allegedly being maltreated; the alleged offender; the child's caretaker; and other collateral 76.19 sources having relevant information related to the alleged maltreatment. The local welfare 76.20 agency or the agency responsible for investigating the report may make a determination of 76.21 no maltreatment early in an investigation, and close the case and retain immunity, if the 76.22 collected information shows no basis for a full investigation. 76.23

Information relevant to the assessment or investigation must be asked for, and mayinclude:

(1) the child's sex and age; prior reports of maltreatment, including any maltreatment
reports that were screened out and not accepted for assessment or investigation; information
relating to developmental functioning; credibility of the child's statement; and whether the
information provided under this clause is consistent with other information collected during
the course of the assessment or investigation;

(2) the alleged offender's age, a record check for prior reports of maltreatment, and
criminal charges and convictions. The local welfare agency or the agency responsible for
assessing or investigating the report must provide the alleged offender with an opportunity
to make a statement. The alleged offender may submit supporting documentation relevant
to the assessment or investigation;

(4) information on the existence of domestic abuse and violence in the home of the child,and substance abuse.

77.11 Nothing in this paragraph precludes the local welfare agency, the local law enforcement agency, or the agency responsible for assessing or investigating the report from collecting 77.12 other relevant information necessary to conduct the assessment or investigation. 77.13 Notwithstanding sections 13.384 or 144.291 to 144.298, the local welfare agency has access 77.14 to medical data and records for purposes of clause (3). Notwithstanding the data's 77.15 classification in the possession of any other agency, data acquired by the local welfare 77.16 77.17 agency or the agency responsible for assessing or investigating the report during the course of the assessment or investigation are private data on individuals and must be maintained 77.18 in accordance with subdivision 11. Data of the commissioner of education collected or 77.19 maintained during and for the purpose of an investigation of alleged maltreatment in a school 77.20 are governed by this section, notwithstanding the data's classification as educational, 77.21 licensing, or personnel data under chapter 13. 77.22

subdivision 2, paragraph (c), the commissioner of education shall collect investigative
reports and data that are relevant to a report of maltreatment and are from local law
enforcement and the school facility.

(j) Upon receipt of a report, the local welfare agency shall conduct a face-to-face contact 77.27 with the child reported to be maltreated and with the child's primary caregiver sufficient to 77.28 complete a safety assessment and ensure the immediate safety of the child. The face-to-face 77.29 contact with the child and primary caregiver shall occur immediately if sexual abuse or 77.30 substantial child endangerment is alleged and within five calendar days for all other reports. 77.31 If the alleged offender was not already interviewed as the primary caregiver, the local welfare 77.32 agency shall also conduct a face-to-face interview with the alleged offender in the early 77.33 stages of the assessment or investigation. At the initial contact, the local child welfare agency 77.34 or the agency responsible for assessing or investigating the report must inform the alleged 77.35

offender of the complaints or allegations made against the individual in a manner consistent
with laws protecting the rights of the person who made the report. The interview with the
alleged offender may be postponed if it would jeopardize an active law enforcement
investigation.

(k) When conducting an investigation, the local welfare agency shall use a question and
answer interviewing format with questioning as nondirective as possible to elicit spontaneous
responses. For investigations only, the following interviewing methods and procedures must
be used whenever possible when collecting information:

(1) audio recordings of all interviews with witnesses and collateral sources; and

(2) in cases of alleged sexual abuse, audio-video recordings of each interview with thealleged victim and child witnesses.

(1) In conducting an assessment or investigation involving a school facility as defined 78.12 in subdivision 2, paragraph (c), the commissioner of education shall collect available and 78.13 relevant information and use the procedures in paragraphs (j) and (k), and subdivision 3d, 78.14 except that the requirement for face-to-face observation of the child and face-to-face interview 78.15 of the alleged offender is to occur in the initial stages of the assessment or investigation 78.16 provided that the commissioner may also base the assessment or investigation on investigative 78.17 reports and data received from the school facility and local law enforcement, to the extent 78.18 those investigations satisfy the requirements of paragraphs (j) and (k), and subdivision 3d. 78.19

must be made according to this subdivision.

(b) For purposes of this subdivision, the "unreimbursed cost of providing special 92.23 education and services" means the difference between: (1) the actual cost of providing 92.24 special instruction and services, including special transportation and unreimbursed building 92.25 lease and debt service costs for facilities used primarily for special education, for a pupil 92.26 with a disability, as defined in section 125A.02, or a pupil, as defined in section 125A.51, 92.27 who is enrolled in a program listed in this subdivision, minus (2) if the pupil receives special 92.28 instruction and services outside the regular classroom for more than 60 percent of the school 92.29 day, the amount of general education revenue, excluding local optional revenue, plus local 92.30 optional aid and referendum equalization aid as defined in section 125A.11, subdivision 1, 92.31 paragraph (d), attributable to that pupil for the portion of time the pupil receives special 92.32

instruction and services outside of the regular classroom, excluding portions attributable to

district and school administration, district support services, operations and maintenance,
capital expenditures, and pupil transportation, minus (3) special education aid under section
125A.76, excluding cross subsidy reduction aid under section 125A.76, subdivision 2e,
attributable to that pupil, that is received by the district providing special instruction and
services. For purposes of this paragraph, general education revenue and referendum
equalization aid attributable to a pupil must be calculated using the serving district's average
general education revenue and referendum equalization aid per adjusted pupil unit.

93.9 (c) For fiscal year 2015 and later 2020, special education aid paid to a resident district

(d) Notwithstanding paragraph (c), special education aid paid to a resident district must
be reduced by an amount equal to 100 percent of the unreimbursed cost of special education
and services provided to students at an intermediate district, cooperative, or charter school
where the percent of students eligible for special education services is at least 70 percent
of the charter school's total enrollment.

(e) Notwithstanding paragraph (c), special education aid paid to a resident district must
be reduced under paragraph (d) for students at a charter school receiving special education

education aid under section 124E.21, subdivision 1.

(f) Special education aid paid to the district or cooperative providing special instruction
and services for the pupil, or to the fiscal agent district for a cooperative, must be increased
by the amount of the reduction in the aid paid to the resident district under paragraphs (c)
and (d). If the resident district's special education aid is insufficient to make the full
adjustment under paragraphs (c), (d), and (e), the remaining adjustment shall be made to
other state aids due to the district.

(g) Notwithstanding paragraph (a), general education aid paid to the resident district of
a nonspecial education student for whom an eligible special education charter school receives
general education aid under section 124E.20, subdivision 1, paragraph (c), must be reduced
by an amount equal to the difference between the general education aid attributable to the
student under section 124E.20, subdivision 1, paragraph (c), and the general education aid
that the student would have generated for the charter school under section 124E.20,

94.1 subdivision 1, paragraph (a). For purposes of this paragraph, "nonspecial education student"
94.2 means a student who does not meet the definition of pupil with a disability as defined in

120B.299 DEFINITIONS.

Subdivision 1. Definitions. The definitions in this section apply to this chapter.

Subd. 2. **Growth.** "Growth" compares the difference in a student's achievement score at two or more distinct points in time.

Subd. 3. **Value added.** "Value added" is the amount of achievement a student demonstrates above an established baseline. The difference between the student's score and the baseline defines value added.

Subd. 4. **Value-added growth.** "Value-added growth" is based on a student's growth score. In a value-added growth system, the student's first test is the baseline, and the difference between the student's first and next test scores within a defined period is the measure of value added. Value-added growth models use student-level data to measure what portion of a student's growth can be explained by inputs related to the educational environment.

Subd. 5. Adequate yearly progress. A school or district makes "adequate yearly progress" if, for every student subgroup under the federal 2001 No Child Left Behind Act in the school or district, its proficiency index or other approved adjustments for performance, based on statewide assessment scores, meets or exceeds federal expectations. To make adequate yearly progress, the school or district also must satisfy applicable federal requirements related to student attendance, graduation, and test participation rates.

Subd. 6. **State growth target.** (a) "State growth target" is the average year-two assessment scores for students with similar year-one assessment scores.

(b) The state growth targets for each grade and subject are benchmarked as follows until the assessment scale changes:

(1) beginning in the 2008-2009 school year, the state growth target for grades 3 through 8 is benchmarked to 2006-2007 and 2007-2008 school year data;

(2) beginning in the 2008-2009 school year the state growth target for grade 10 is benchmarked to 2005-2006 and 2006-2007 school year data;

(3) for the 2008-2009 school year, the state growth target for grade 11 is benchmarked to 2005-2006 school year data; and

(4) beginning in the 2009-2010 school year, the state growth target for grade 11 is benchmarked to 2005-2006 and 2006-2007 school year data.

(c) Each time before the assessment scale changes, a stakeholder group that includes assessment and evaluation directors and staff and researchers must recommend a new state growth target that the commissioner must consider when revising standards under section 120B.021, subdivision 4.

Subd. 7. Low growth. "Low growth" is an assessment score one-half standard deviation below the state growth target.

Subd. 8. **Medium growth.** "Medium growth" is an assessment score within one-half standard deviation above or below the state growth target.

Subd. 9. **High growth.** "High growth" is an assessment score one-half standard deviation or more above the state growth target.

Subd. 10. **Proficiency.** "Proficiency" for purposes of reporting growth on school performance report cards under section 120B.36, subdivision 1, means those students who, in the previous school year, scored at or above "meets standards" on the statewide assessments under section 120B.30. Each year, school performance report cards must separately display: (1) the numbers and percentages of students who achieved low growth, medium growth, and high growth and achieved proficiency in the previous school year; and (2) the numbers and percentages of students who achieved low growth, and high growth and did not achieve proficiency in the previous school year.

Subd. 11. **Growth and progress toward proficiency.** The categories of low growth, medium growth, and high growth shall be used to indicate both (1) growth and (2) progress toward grade-level proficiency that is consistent with subdivision 10.

APPENDIX Repealed Minnesota Statutes: 19-5220

122A.175 SPECIAL REVENUE FUND ACCOUNTS; EDUCATOR LICENSURE AND BACKGROUND CHECKS.

Subdivision 1. Educator licensure account. An educator licensure account is created in the special revenue fund. Applicant licensure fees received by the Department of Education, the Professional Educator Licensing and Standards Board, or the Board of School Administrators must be deposited in the educator licensure account. Any funds appropriated from this account that remain unexpended at the end of the biennium cancel to the educator licensure account in the special revenue fund.

Subd. 2. **Background check account.** An educator licensure background check account is created in the special revenue fund. The Department of Education, the Professional Educator Licensing and Standards Board, and the Board of School Administrators must deposit all payments submitted by license applicants for criminal background checks conducted by the Bureau of Criminal Apprehension in the educator licensure background check account. Amounts in the account are annually appropriated to the commissioner of education for payment to the superintendent of the Bureau of Criminal Apprehension for the costs of background checks on applicants for licensure.

122A.63 GRANTS TO PREPARE INDIAN TEACHERS.

Subd. 7. **Loan forgiveness.** The loan may be forgiven if the recipient is employed as a teacher, as defined in section 122A.40 or 122A.41, in an eligible school or program in Minnesota. One-fourth of the principal of the outstanding loan amount shall be forgiven for each year of eligible employment, or a pro rata amount for eligible employment during part of a school year, part-time employment as a substitute teacher, or other eligible part-time teaching. Loans for \$2,500 or less may be forgiven at the rate of up to \$1,250 per year. The following schools and programs are eligible for the purposes of loan forgiveness:

(1) a school or program operated by a school district;

(2) a tribal contract school eligible to receive aid according to section 124D.83;

- (3) a Head Start program;
- (4) an early childhood family education program;
- (5) a program providing educational services to children who have not entered kindergarten; or

(6) a program providing educational enrichment services to American Indian students in grades kindergarten through 12.

If a person has an outstanding loan obtained through this program, the duty to make payments of principal and interest may be deferred during any time period the person is enrolled at least one-half time in an advanced degree program in a field that leads to employment by a school district. To defer loan obligations, the person shall provide written notification to the commissioner of education and the recipients of the joint grant that originally authorized the loan. Upon approval by the commissioner and the joint grant recipients, payments shall be deferred.

The Minnesota Office of Higher Education shall approve the loan forgiveness program, loan deferral, and procedures to administer the program.

Subd. 8. **Revolving fund.** The Indian teacher preparation loan repayment revolving account is established in the state treasury. Any amounts repaid or contributed by a teacher who received a scholarship or loan under this program shall be deposited in the account. All money in the account is annually appropriated to the commissioner of education and shall be used to enable Indian students to participate in the program.

123A.26 COOPERATIVE UNITS; PROHIBITED AID AND LEVIES.

Subd. 3. Allocation from members. By July 15 of each year, a school district may, by board resolution, request the department to make a payment to a third party. 126C.16 REFERENDUM AND DESEGREGATION REVENUE CONVERSION.

Subdivision 1. **Revenue conversion.** Except as provided under subdivision 3, the referendum authority under section 126C.17 of a district must be converted by the department according to this section.

Subd. 3. **Per pupil revenue conversion.** (a) The department must convert each district's referendum revenue authority for fiscal year 2002 and later years to an allowance per pupil unit as follows: the revenue allowance equals the amount determined by dividing the district's maximum revenue under section 126C.17, for fiscal year 2001 by the district's 2000-2001 resident marginal cost pupil units. A district's maximum revenue for all later years for which the revenue is authorized equals the revenue allowance times the district's resident marginal cost pupil units for that year.

(b) The referendum allowance reduction must be applied first to the authority with the earliest expiration date.

126C.17 REFERENDUM REVENUE.

Subd. 9a. **Board-approved referendum allowance.** Notwithstanding subdivision 9, a school district may convert up to \$300 per adjusted pupil unit of referendum authority from voter approved to board approved by a board vote. A district with less than \$300 per adjusted pupil unit of referendum authority after the local optional revenue subtraction under subdivision 1 may authorize new referendum authority up to the difference between \$300 per adjusted pupil unit and the district's referendum authority. The board may authorize this levy for up to five years and may subsequently reauthorize that authority in increments of up to five years.

Subdivision 1. **Purchase of annuity contract; allocation of portion of employee compensation.** At the request of an employee, the commissioner of education may negotiate and purchase an individual annuity contract from a company licensed to do business in the state of Minnesota for an employee for retirement or other purposes and may allocate a portion of the compensation otherwise payable to the employee as salary for the purpose of paying the entire premium due or to become due under such contract. The allocation shall be made in a manner which will qualify the annuity premiums, or a portion thereof, for the benefit afforded under section 403(b) of the current federal Internal Revenue Code or any equivalent provision of subsequent federal income tax law. The employee shall own such contract and the employee's rights thereunder shall be nonforfeitable except for failure to pay premiums.

There is annually appropriated from the annuity account in the state treasury to the commissioner of education all moneys deposited therein for the payment of annuity premiums when due or for other application in accordance with the salary agreement entered into between the employee and the commissioner of education. The moneys in the annuity account in the state treasury are not subject to the budget, allotment, and incumbrance system provided for in chapter 16A and any act amendatory thereof.
