28.28 purpose and would not be generated by the
28.29 recipient but for receipt of the appropriation.
28.30 No broad allocations for costs in either dollars
28.31 or percentages are allowed. Unless otherwise
28.32 provided, the amounts in this section are
28.33 available until June 30, 2019, when projects
28.34 must be completed and final products
28.35 delivered. For acquisition of real property, the
28.36 appropriations in this section are available for

29.1 an additional fiscal year if a binding contract
29.2 for acquisition of the real property is entered
29.3 into before the expiration date of the
29.4 appropriation. If a project receives a federal
29.5 grant, the time period of the appropriation is
29.6 extended to equal the federal grant period.

29.7 **Subd. 12. Data Availability Requirements**

29.8 Data collected by the projects funded under
29.9 this section must conform to guidelines and
29.10 standards adopted by MN.IT Services. Spatial
29.11 data must also conform to additional
29.12 guidelines and standards designed to support
29.13 data coordination and distribution that have
29.14 been published by the Minnesota Geospatial
29.15 Information Office. Descriptions of spatial
29.16 data must be prepared as specified in the state's
29.17 geographic metadata guideline and must be
29.18 submitted to the Minnesota Geospatial
29.19 Information Office. All data must be
29.20 accessible and free to the public unless made
29.21 private under the Data Practices Act,
29.22 Minnesota Statutes, chapter 13. To the extent
29.23 practicable, summary data and results of
29.24 projects funded under this section should be
29.25 readily accessible on the Internet and
29.26 identified as having received funding from the
29.27 environment and natural resources trust fund.

29.28 **Subd. 13. Project Requirements**

29.29 (a) As a condition of accepting an
29.30 appropriation under this section, an agency or
29.31 entity receiving an appropriation or a party to
29.32 an agreement from an appropriation must
29.33 comply with paragraphs (b) to (l) and
29.34 Minnesota Statutes, chapter 116P, and must
29.35 submit a work plan and annual or semiannual

30.1 progress reports in the form determined by the
30.2 Legislative-Citizen Commission on Minnesota
30.3 Resources for any project funded in whole or
30.4 in part with funds from the appropriation.
30.5 Modifications to the approved work plan and
30.6 budget expenditures must be made through
30.7 the amendment process established by the
30.8 Legislative-Citizen Commission on Minnesota
30.9 Resources.

30.10 (b) A recipient of money appropriated in this
30.11 section that conducts a restoration using funds
30.12 appropriated in this section must use native
30.13 plant species according to the Board of Water
30.14 and Soil Resources' native vegetation
30.15 establishment and enhancement guidelines
30.16 and include an appropriate diversity of native
30.17 species selected to provide habitat for
30.18 pollinators throughout the growing season as
30.19 required under Minnesota Statutes, section
30.20 84.973.

30.21 (c) For all restorations conducted with money
30.22 appropriated under this section, a recipient
30.23 must prepare an ecological restoration and
30.24 management plan that, to the degree
30.25 practicable, is consistent with the highest
30.26 quality conservation and ecological goals for
30.27 the restoration site. Consideration should be
30.28 given to soil, geology, topography, and other
30.29 relevant factors that would provide the best
30.30 chance for long-term success and durability
30.31 of the restoration project. The plan must
30.32 include the proposed timetable for
30.33 implementing the restoration, including site
30.34 preparation, establishment of diverse plant
30.35 species, maintenance, and additional

- 31.1 enhancement to establish the restoration;
31.2 identify long-term maintenance and
31.3 management needs of the restoration and how
31.4 the maintenance, management, and
31.5 enhancement will be financed; and take
31.6 advantage of the best available science and
31.7 include innovative techniques to achieve the
31.8 best restoration.
- 31.9 (d) An entity receiving an appropriation in this
31.10 section for restoration activities must provide
31.11 an initial restoration evaluation at the
31.12 completion of the appropriation and an
31.13 evaluation three years beyond the completion
31.14 of the expenditure. Restorations must be
31.15 evaluated relative to the stated goals and
31.16 standards in the restoration plan, current
31.17 science, and, when applicable, the Board of
31.18 Water and Soil Resources' native vegetation
31.19 establishment and enhancement guidelines.
31.20 The evaluation must determine whether the
31.21 restorations are meeting planned goals,
31.22 identify any problems with the implementation
31.23 of the restorations, and, if necessary, give
31.24 recommendations on improving restorations.
31.25 The evaluation must be focused on improving
31.26 future restorations.
- 31.27 (e) All restoration and enhancement projects
31.28 funded with money appropriated in this section
31.29 must be on land permanently protected by a
31.30 conservation easement or public ownership.
- 31.31 (f) A recipient of money from an appropriation
31.32 under this section must give consideration to
31.33 contracting with Conservation Corps
31.34 Minnesota for contract restoration and
31.35 enhancement services.

32.1 (g) All conservation easements acquired with
32.2 money appropriated under this section must:
32.3 (1) be permanent;
32.4 (2) specify the parties to an easement in the
32.5 easement;
32.6 (3) specify all of the provisions of an
32.7 agreement that are permanent;
32.8 (4) be sent to the Legislative-Citizen
32.9 Commission on Minnesota Resources in an
32.10 electronic format at least ten business days
32.11 before closing;
32.12 (5) include a long-term monitoring and
32.13 enforcement plan and funding for monitoring
32.14 and enforcing the easement agreement; and
32.15 (6) include requirements in the easement
32.16 document to address specific groundwater and
32.17 surface water quality protection activities such
32.18 as keeping water on the landscape, reducing
32.19 nutrient and contaminant loading, protecting
32.20 groundwater, and not permitting artificial
32.21 hydrological modifications.
32.22 (h) For any acquisition of lands or interest in
32.23 lands, a recipient of money appropriated under
32.24 this section must not agree to pay more than
32.25 100 percent of the appraised value for a parcel
32.26 of land using this money to complete the
32.27 purchase, in part or in whole, except that up
32.28 to ten percent above the appraised value may
32.29 be allowed to complete the purchase, in part
32.30 or in whole, using this money if permission is
32.31 received in advance of the purchase from the
32.32 Legislative-Citizen Commission on Minnesota
32.33 Resources.

33.1 (i) For any acquisition of land or interest in
33.2 land, a recipient of money appropriated under
33.3 this section must give priority to high-quality
33.4 natural resources or conservation lands that
33.5 provide natural buffers to water resources.

33.6 (j) For new lands acquired with money
33.7 appropriated under this section, a recipient
33.8 must prepare an ecological restoration and
33.9 management plan in compliance with
33.10 paragraph (c), including sufficient funding for
33.11 implementation unless the work plan addresses
33.12 why a portion of the money is not necessary
33.13 to achieve a high-quality restoration.

33.14 (k) To ensure public accountability for the use
33.15 of public funds, within 60 days of the
33.16 transaction, a recipient of money appropriated
33.17 under this section must provide to the
33.18 Legislative-Citizen Commission on Minnesota
33.19 Resources documentation of the selection
33.20 process used to identify parcels acquired and
33.21 provide documentation of all related
33.22 transaction costs, including but not limited to
33.23 appraisals, legal fees, recording fees,
33.24 commissions, other similar costs, and
33.25 donations. This information must be provided
33.26 for all parties involved in the transaction. The
33.27 recipient must also report to the
33.28 Legislative-Citizen Commission on Minnesota
33.29 Resources any difference between the
33.30 acquisition amount paid to the seller and the
33.31 state-certified or state-reviewed appraisal, if
33.32 a state-certified or state-reviewed appraisal
33.33 was conducted.

33.34 (l) A recipient of an appropriation from the
33.35 trust fund under this section must acknowledge

34.1 financial support from the environment and
34.2 natural resources trust fund in project
34.3 publications, signage, and other public
34.4 communications and outreach related to work
34.5 completed using the appropriation.
34.6 Acknowledgment may occur, as appropriate,
34.7 through use of the trust fund logo or inclusion
34.8 of language attributing support from the trust
34.9 fund. Each direct recipient of money
34.10 appropriated in this section, as well as each
34.11 recipient of a grant awarded pursuant to this
34.12 section, must satisfy all reporting and other
34.13 requirements incumbent upon constitutionally
34.14 dedicated funding recipients as provided in
34.15 Minnesota Statutes, section 3.303, subdivision
34.16 10, and chapter 116P.

34.17 **Subd. 14. Payment Conditions and Capital**
34.18 **Equipment Expenditures**

34.19 (a) All agreements, grants, or contracts
34.20 referred to in this section must be administered
34.21 on a reimbursement basis unless otherwise
34.22 provided in this section. Notwithstanding
34.23 Minnesota Statutes, section 16A.41,
34.24 expenditures made on or after July 1, 2017,
34.25 or the date the work plan is approved,
34.26 whichever is later, are eligible for
34.27 reimbursement unless otherwise provided in
34.28 this section. Periodic payments must be made
34.29 upon receiving documentation that the
34.30 deliverable items articulated in the approved
34.31 work plan have been achieved, including
34.32 partial achievements as evidenced by approved
34.33 progress reports. Reasonable amounts may be
34.34 advanced to projects to accommodate cash
34.35 flow needs or match federal money. The
34.36 advances must be approved as part of the work

35.1 plan. No expenditures for capital equipment
35.2 are allowed unless expressly authorized in the
35.3 project work plan.

35.4 (b) Single-source contracts as specified in the
35.5 approved work plan are allowed.

35.6 **Subd. 15. Purchase of Recycled and Recyclable**
35.7 **Materials**

35.8 A political subdivision, public or private
35.9 corporation, or other entity that receives an
35.10 appropriation under this section must use the
35.11 appropriation in compliance with Minnesota
35.12 Statutes, section 16C.0725, regarding purchase
35.13 of recycled, repairable, and durable materials
35.14 and Minnesota Statutes, section 16C.073,
35.15 regarding purchase and use of paper stock and
35.16 printing.

35.17 **Subd. 16. Energy Conservation and Sustainable**
35.18 **Building Guidelines**

35.19 A recipient to whom an appropriation is made
35.20 under this section for a capital improvement
35.21 project must ensure that the project complies
35.22 with the applicable energy conservation and
35.23 sustainable building guidelines and standards
35.24 contained in law, including Minnesota
35.25 Statutes, sections 16B.325, 216C.19, and
35.26 216C.20, and rules adopted under those
35.27 sections. The recipient may use the energy
35.28 planning, advocacy, and State Energy Office
35.29 units of the Department of Commerce to
35.30 obtain information and technical assistance
35.31 on energy conservation and alternative energy
35.32 development relating to planning and
35.33 constructing the capital improvement project.

35.34 **Subd. 17. Accessibility**

35.35 Structural and nonstructural facilities must
35.36 meet the design standards in the Americans

36.1 with Disabilities Act (ADA) accessibility
 36.2 guidelines.

36.3 **Subd. 18. Carryforward; Extension**

37.31 or in part with the appropriation. A recipient must request the commissioner's approval at
37.32 least ten business days before the proposed acquisition. When a recipient requests approval

38.1 under this subdivision, the recipient must simultaneously submit the same information to
