ARTICLE 1

AFFORDABLE CARE ACT CONFORMITY

1.26
1.27
1.28 Section 1. Minnesota Statutes 2012, section 43A.23, subdivision 1, is amended to read:

1.29 Subdivision 1. **General.** (a) The commissioner is authorized to request proposals
1.30 or to negotiate and to enter into contracts with parties which in the judgment of the
1.31 commissioner are best qualified to provide service to the benefit plans. Contracts entered

2.1 into are not subject to the requirements of sections 16C.16 to 16C.19. The commissioner
 2.2 may negotiate premium rates and coverage. The commissioner shall consider the cost of
 2.3 the plans, conversion options relating to the contracts, service capabilities, character,
 2.4 financial position, and reputation of the carriers, and any other factors which the
 2.5 commissioner deems appropriate. Each benefit contract must be for a uniform term of at
 2.6 least one year, but may be made automatically renewable from term to term in the absence
 2.7 of notice of termination by either party. A carrier licensed under chapter 62A is exempt
 2.8 from the taxes imposed by chapter 297I on premiums paid to it by the state.

2.9 (b) All self-insured hospital and medical service products must comply with coverage
 2.10 mandates, data reporting, and consumer protection requirements applicable to the licensed
 2.11 carrier administering the product, had the product been insured, including chapters 62J,
 2.12 62M, and 62Q. Any self-insured products that limit coverage to a network of providers
 2.13 or provide different levels of coverage between network and nonnetwork providers shall
 2.14 comply with section 62D.123 and geographic access standards for health maintenance
 2.15 organizations adopted by the commissioner of health in rule under chapter 62D.

2.16 (c) Notwithstanding paragraph (b), a self-insured hospital and medical product
 2.17 offered under sections 43A.22 to 43A.30 is ~~not~~ required to extend dependent coverage
 2.18 to an eligible employee's ~~unmarried child under the age of 25~~ to the full extent required
 2.19 under chapters 62A and 62L. Dependent child coverage must, at a minimum, extend to an
 2.20 eligible employee's ~~unmarried~~ dependent child ~~who is under the age of 19 or an unmarried~~
 2.21 ~~child under the age of 25 who is a full-time student. A person who is at least 19 years of~~
 2.22 ~~age but who is under the age of 25 and who is not a full-time student must be permitted~~
 2.23 ~~to be enrolled as a dependent of an eligible employee until age 25 if the person:~~ to the
 2.24 limiting age as defined in section 62Q.01, subdivision 11, disabled children to the extent
 2.25 required in sections 62A.14 and 62A.141, and dependent grandchildren to the extent
 2.26 required in sections 62A.042 and 62A.302.

2.27 ~~(1) was a full-time student immediately prior to being ordered into active military~~
 2.28 ~~service, as defined in section 190.05, subdivision 5b or 5c;~~

2.29 ~~(2) has been separated or discharged from active military service; and~~

2.30 ~~(3) would be eligible to enroll as a dependent of an eligible employee, except that~~
 2.31 ~~the person is not a full-time student.~~

2.32 ~~The definition of "full-time student" for purposes of this paragraph includes any student~~
 2.33 ~~who by reason of illness, injury, or physical or mental disability as documented by~~
 2.34 ~~a physician is unable to carry what the educational institution considers a full-time~~
 2.35 ~~course load so long as the student's course load is at least 60 percent of what otherwise~~
 2.36 ~~is considered by the institution to be a full-time course load. Any notice regarding~~

3.1 ~~termination of coverage due to attainment of the limiting age must include information~~
 3.2 ~~about this definition of "full-time student."~~

3.3 (d) Beginning January 1, 2010, the health insurance benefit plans offered in the
 3.4 commissioner's plan under section 43A.18, subdivision 2, and the managerial plan under
 3.5 section 43A.18, subdivision 3, must include an option for a health plan that is compatible
 3.6 with the definition of a high-deductible health plan in section 223 of the United States
 3.7 Internal Revenue Code.

3.8 **EFFECTIVE DATE.** This section is effective the day following final enactment.

 3.12 through the program.

 3.14 criteria its employees must meet to be eligible for coverage under its plan. An employer
 3.15 may subsequently change the criteria annually or at other times with approval of the
 3.16 commissioner. The criteria must provide that new employees become eligible for coverage
 3.17 after a probationary period of at least 30 days, but no more than 90 days.

3.18 (c) **Other individuals.** An employer may elect to cover under its plan:

3.19 (1) the spouse, dependent children to the limiting age as defined in section 62Q.01,
 3.20 subdivision 11, disabled children to the extent required in sections 62A.14 and 62A.141,
 3.21 and dependent grandchildren of a covered employee to the extent required in sections

 3.33 and 62A.148; or

3.34 (5) any other categories of individuals for whom group coverage is required by
 3.35 state or federal law.

4.1 An employer shall determine when it applies to the program the criteria individuals
 4.2 in these categories must meet to be eligible for coverage. An employer may subsequently
 4.3 change the criteria annually, or at other times with approval of the commissioner. The
 4.4 criteria for dependent children to the limiting age as defined in section 62Q.01, subdivision
 4.5 11, disabled children, and dependent grandchildren may be no more inclusive than the
 4.6 criteria under section 43A.18, subdivision 2. This paragraph shall not be interpreted
 4.7 as relieving the program from compliance with any federal and state continuation of
 4.8 coverage requirements.

4.9 (d) **Waiver and late entrance.** An eligible individual may waive coverage at the
 4.10 time the employer joins the program or when coverage first becomes available. The
 4.11 commissioner may establish a preexisting condition exclusion of not more than 18 months
 4.12 for late entrants as defined in section 62L.02, subdivision 19.

8.21 of a family deemed the policyholder, any two or more eligible members of that family,
8.22 including:

8.23 (a) husband,

8.29 no undue prominence to any portion of the text and every printed portion of the text of the
8.30 policy and of any endorsements or attached papers is plainly printed in light-face type
8.31 of a style in general use. The type size must be uniform and not less than ten point with

9.8 appropriate caption such as "EXCEPTIONS" or "EXCEPTIONS AND REDUCTIONS."
9.9 However, if an exception or reduction specifically applies only to a particular benefit of
9.10 the policy, a statement of the exception or reduction must be included with the benefit

9.20 the term "medical benefits" or similar terms as used therein includes treatments by all
9.21 licensed practitioners of the healing arts unless, subject to the qualifications contained in
9.22 clause (10), the policy specifically states the practitioners whose services are covered.

9.23 (10) **Osteopath, optometrist, chiropractor, or registered nurse services.** With
9.24 respect to any policy of individual accident and sickness insurance issued or entered
9.25 into subsequent to August 1, 1974, notwithstanding the provisions of the policy, if it

9.27 scope of practice of a duly licensed osteopath, optometrist, chiropractor, or registered
9.28 nurse meeting the requirements of section 62A.15, subdivision 3a, the person entitled to
9.29 benefits or person performing services under the policy is entitled to reimbursement on an
9.30 equal basis for the service, whether the service is performed by a physician, osteopath,
9.31 optometrist, chiropractor, or registered nurse meeting the requirements of section 62A.15,
9.32 subdivision 3a, licensed under the laws of this state.

9.33 **EFFECTIVE DATE.** This section is effective the day following final enactment.

9.34 Sec. 14. Minnesota Statutes 2012, section 62A.04, subdivision 2, is amended to read:

10.1 Subd. 2. **Required provisions.** Except as provided in subdivision 4 each such
10.2 policy delivered or issued for delivery to any person in this state shall contain the

10.4 section. The insurer may, at its option, substitute for one or more of such provisions
10.5 corresponding provisions of different wording approved by the commissioner which are
10.6 in each instance not less favorable in any respect to the insured or the beneficiary. Such
10.7 provisions shall be preceded individually by the caption appearing in this subdivision or, at

10.9 as the commissioner may approve.

10.10 (1) A provision as follows:

10.11 ENTIRE CONTRACT; CHANGES: This policy, including the endorsements and
10.12 the attached papers, if any, constitutes the entire contract of insurance. No change in this
10.13 policy shall be valid until approved by an executive officer of the insurer and unless such
10.14 approval be endorsed hereon or attached hereto. No agent has authority to change this
10.15 policy or to waive any of its provisions.

10.18 of this policy no misstatements, except fraudulent misstatements, made by the applicant
10.19 in the application for such policy shall be used to void the policy or to deny a claim for
10.20 loss incurred or disability (as defined in the policy) commencing after the expiration
10.21 of such two year period.

10.22 The foregoing policy provision shall not be so construed as to affect any legal
10.23 requirement for avoidance of a policy or denial of a claim during such initial two year
10.24 period, nor to limit the application of clauses (1), (2), (3), (4) and (5), in the event of
10.25 misstatement with respect to age or occupation or other insurance. A policy which the
10.26 insured has the right to continue in force subject to its terms by the timely payment of
10.27 premium (1) until at least age 50 or, (2) in the case of a policy issued after age 44, for at
10.28 least five years from its date of issue, may contain in lieu of the foregoing the following
10.29 provisions (from which the clause in parentheses may be omitted at the insurer's option)
10.30 under the caption "INCONTESTABLE":

10.31 After this policy has been in force for a period of two years during the lifetime of
10.32 the insured (excluding any period during which the insured is disabled), it shall become
10.33 incontestable as to the statements contained in the application.

10.34 (b) No claim for loss incurred or disability (as defined in the policy) commencing after
10.35 two years from the date of issue of this policy shall be reduced or denied on the ground that

11.1 a disease or physical condition not excluded from coverage by name or specific description
11.2 effective on the date of loss had existed prior to the effective date of coverage of this policy.

11.3 (3) (a) Except as required for health plans offered through the Minnesota Insurance
11.4 Marketplace, a provision as follows:

11.5 GRACE PERIOD: A grace period of (insert a number not less than "7" for
11.6 weekly premium policies, "10" for monthly premium policies and "31" for all other
11.7 policies) days will be granted for the payment of each premium falling due after the first
11.8 premium, during which grace period the policy shall continue in force.

11.9 A policy which contains a cancellation provision may add, at the end of the above
11.10 provision,

11.11 subject to the right of the insurer to cancel in accordance with the cancellation
11.12 provision hereof.

11.13 A policy in which the insurer reserves the right to refuse any renewal shall have,
11.14 at the beginning of the above provision,

11.15 Unless not less than five days prior to the premium due date the insurer has delivered
11.16 to the insured or has mailed to the insured's last address as shown by the records of the
11.17 insurer written notice of its intention not to renew this policy beyond the period for which
11.18 the premium has been accepted.

11.19 (b) All qualified health plans offered through the Minnesota Insurance Marketplace
11.20 must comply with the Affordable Care Act by including a grace period provision no less
11.21 restrictive than the grace period required by the Affordable Care Act.

11.22 (4) A provision as follows:

11.23 REINSTATEMENT: If any renewal premium be not paid within the time granted the
11.24 insured for payment, a subsequent acceptance of premium by the insurer or by any agent
11.25 duly authorized by the insurer to accept such premium, without requiring in connection
11.26 therewith an application for reinstatement, shall reinstate the policy. If the insurer or
11.27 such agent requires an application for reinstatement and issues a conditional receipt for
11.28 the premium tendered, the policy will be reinstated upon approval of such application
11.29 by the insurer or, lacking such approval, upon the forty-fifth day following the date of
11.30 such conditional receipt unless the insurer has previously notified the insured in writing
11.31 of its disapproval of such application. For health plans described in section 62A.011,
11.32 subdivision 3, clause (10), an insurer must accept payment of a renewal premium and
11.33 reinstate the policy, if the insured applies for reinstatement no later than 60 days after the
11.34 due date for the premium payment, unless:

11.35 (1) the insured has in the interim left the state or the insurer's service area; or

11.36 (2) the insured has applied for reinstatement on two or more prior occasions.

12.1 The reinstated policy shall cover only loss resulting from such accidental injury as
12.2 may be sustained after the date of reinstatement and loss due to such sickness as may
12.3 begin more than ten days after such date. In all other respects the insured and insurer shall
12.4 have the same rights thereunder as they had under the policy immediately before the due
12.5 date of the defaulted premium, subject to any provisions endorsed hereon or attached
12.6 hereto in connection with the reinstatement. Any premium accepted in connection with
12.7 a reinstatement shall be applied to a period for which premium has not been previously
12.8 paid, but not to any period more than 60 days prior to the date of reinstatement. The last
12.9 sentence of the above provision may be omitted from any policy which the insured has
12.10 the right to continue in force subject to its terms by the timely payment of premiums
12.11 (1) until at least age 50, or, (2) in the case of a policy issued after age 44, for at least
12.12 five years from its date of issue.

12.13 (5) A provision as follows:

12.14 NOTICE OF CLAIM: Written notice of claim must be given to the insurer within
12.15 20 days after the occurrence or commencement of any loss covered by the policy, or as
12.16 soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or
12.17 the beneficiary to the insurer at (insert the location of such office as the insurer may
12.18 designate for the purpose), or to any authorized agent of the insurer, with information
12.19 sufficient to identify the insured, shall be deemed notice to the insurer.

12.20 In a policy providing a loss-of-time benefit which may be payable for at least two
12.21 years, an insurer may at its option insert the following between the first and second
12.22 sentences of the above provision:

12.23 Subject to the qualifications set forth below, if the insured suffers loss of time on
12.24 account of disability for which indemnity may be payable for at least two years, the
12.25 insured shall, at least once in every six months after having given notice of claim, give to
12.26 the insurer notice of continuance of said disability, except in the event of legal incapacity.
12.27 The period of six months following any filing of proof by the insured or any payment by
12.28 the insurer on account of such claim or any denial of liability in whole or in part by the
12.29 insurer shall be excluded in applying this provision. Delay in the giving of such notice
12.30 shall not impair the insured's right to any indemnity which would otherwise have accrued
12.31 during the period of six months preceding the date on which such notice is actually given.

12.32 (6) A provision as follows:

12.33 CLAIM FORMS: The insurer, upon receipt of a notice of claim, will furnish to the
12.34 claimant such forms as are usually furnished by it for filing proofs of loss. If such forms
12.35 are not furnished within 15 days after the giving of such notice the claimant shall be
12.36 deemed to have complied with the requirements of this policy as to proof of loss upon

13.1 submitting, within the time fixed in the policy for filing proofs of loss, written proof
13.2 covering the occurrence, the character and the extent of the loss for which claim is made.

13.3 (7) A provision as follows:

13.4 PROOFS OF LOSS: Written proof of loss must be furnished to the insurer at its
13.5 said office in case of claim for loss for which this policy provides any periodic payment
13.6 contingent upon continuing loss within 90 days after the termination of the period for
13.7 which the insurer is liable and in case of claim for any other loss within 90 days after the
13.8 date of such loss. Failure to furnish such proof within the time required shall not invalidate
13.9 nor reduce any claim if it was not reasonably possible to give proof within such time,
13.10 provided such proof is furnished as soon as reasonably possible and in no event, except in
13.11 the absence of legal capacity, later than one year from the time proof is otherwise required.

13.12 (8) A provision as follows:

13.13 TIME OF PAYMENT OF CLAIMS: Indemnities payable under this policy for
13.14 any loss other than loss for which this policy provides periodic payment will be paid
13.15 immediately upon receipt of due written proof of such loss. Subject to due written proof
13.16 of loss, all accrued indemnities for loss for which this policy provides periodic payment
13.17 will be paid (insert period for payment which must not be less frequently than
13.18 monthly) and any balance remaining unpaid upon the termination of liability will be paid
13.19 immediately upon receipt of due written proof.

13.20 (9) A provision as follows:

13.21 PAYMENT OF CLAIMS: Indemnity for loss of life will be payable in accordance
13.22 with the beneficiary designation and the provisions respecting such payment which may
13.23 be prescribed herein and effective at the time of payment. If no such designation or
13.24 provision is then effective, such indemnity shall be payable to the estate of the insured.
13.25 Any other accrued indemnities unpaid at the insured's death may, at the option of the
13.26 insurer, be paid either to such beneficiary or to such estate. All other indemnities will
13.27 be payable to the insured.

13.28 The following provisions, or either of them, may be included with the foregoing
13.29 provision at the option of the insurer:

13.30 If any indemnity of this policy shall be payable to the estate of the insured, or to an
13.31 insured or beneficiary who is a minor or otherwise not competent to give a valid release,
13.32 the insurer may pay such indemnity, up to an amount not exceeding \$..... (insert an amount
13.33 which shall not exceed \$1,000), to any relative by blood or connection by marriage of the
13.34 insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any
13.35 payment made by the insurer in good faith pursuant to this provision shall fully discharge
13.36 the insurer to the extent of such payment.

14.1 Subject to any written direction of the insured in the application or otherwise all
 14.2 or a portion of any indemnities provided by this policy on account of hospital, nursing,
 14.3 medical, or surgical services may, at the insurer's option and unless the insured requests
 14.4 otherwise in writing not later than the time of filing proofs of such loss, be paid directly to
 14.5 the hospital or person rendering such services; but it is not required that the service be
 14.6 rendered by a particular hospital or person.

14.7 (10) A provision as follows:

14.8 PHYSICAL EXAMINATIONS AND AUTOPSY: The insurer at its own expense
 14.9 shall have the right and opportunity to examine the person of the insured when and as
 14.10 often as it may reasonably require during the pendency of a claim hereunder and to make
 14.11 an autopsy in case of death where it is not forbidden by law.

14.12 (11) A provision as follows:

14.13 LEGAL ACTIONS: No action at law or in equity shall be brought to recover on this
 14.14 policy prior to the expiration of 60 days after written proof of loss has been furnished in
 14.15 accordance with the requirements of this policy. No such action shall be brought after the
 14.16 expiration of three years after the time written proof of loss is required to be furnished.

14.17 (12) A provision as follows:

14.18 CHANGE OF BENEFICIARY: Unless the insured makes an irrevocable designation
 14.19 of beneficiary, the right to change of beneficiary is reserved to the insured and the consent
 14.20 of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of
 14.21 this policy or to any change of beneficiary or beneficiaries, or to any other changes in
 14.22 this policy. The first clause of this provision, relating to the irrevocable designation of
 14.23 beneficiary, may be omitted at the insurer's option.

14.24 **EFFECTIVE DATE.** This section is effective January 1, 2014.

14.25 Sec. 15. Minnesota Statutes 2012, section 62A.047, is amended to read:

14.26 **62A.047 CHILDREN'S HEALTH SUPERVISION SERVICES AND**
 14.27 **PRENATAL CARE SERVICES.**

14.28 A policy of individual or group health and accident insurance regulated under this
 14.29 chapter, or individual or group subscriber contract regulated under chapter 62C, health
 14.30 maintenance contract regulated under chapter 62D, or health benefit certificate regulated
 14.31 under chapter 64B, issued, renewed, or continued to provide coverage to a Minnesota
 14.32 resident, must provide coverage for child health supervision services and prenatal care
 14.33 services. The policy, contract, or certificate must specifically exempt reasonable and
 14.34 customary charges for child health supervision services and prenatal care services from a

15.1 deductible, co-payment, or other coinsurance or dollar limitation requirement. Nothing
 15.2 in this section prohibits a health carrier that has a network of providers from imposing
 15.3 a deductible, co-payment, or other coinsurance or dollar limitation requirement for
 15.4 child health supervision services and prenatal care services that are delivered by an
 15.5 out-of-network provider. This section does not prohibit the use of policy waiting periods
 15.6 ~~or preexisting condition limitations~~ for these services. Minimum benefits may be limited
 15.7 to one visit payable to one provider for all of the services provided at each visit cited in
 15.8 this section subject to the schedule set forth in this section. Nothing in this section applies
 15.9 to a policy designed primarily to provide coverage payable on a per diem, fixed indemnity,
 15.10 or non-expense-incurred basis, or a policy that provides only accident coverage. A policy,
 15.11 contract, or certificate described under this section may not apply preexisting condition
 15.12 limitations to individuals under 19 years of age. This section does not apply to individual
 15.13 coverage under a grandfathered plan.

15.14 "Child health supervision services" means pediatric preventive services, appropriate
 15.15 immunizations, developmental assessments, and laboratory services appropriate to the age
 15.16 of a child from birth to age six, and appropriate immunizations from ages six to 18, as
 15.17 defined by Standards of Child Health Care issued by the American Academy of Pediatrics.
 15.18 Reimbursement must be made for at least five child health supervision visits from birth
 15.19 to 12 months, three child health supervision visits from 12 months to 24 months, once a
 15.20 year from 24 months to 72 months.

15.21 "Prenatal care services" means the comprehensive package of medical and
 15.22 psychosocial support provided throughout the pregnancy, including risk assessment,
 15.23 serial surveillance, prenatal education, and use of specialized skills and technology,
 15.24 when needed, as defined by Standards for Obstetric-Gynecologic Services issued by the
 15.25 American College of Obstetricians and Gynecologists.

15.26 **EFFECTIVE DATE.** This section is effective the day following final enactment.

15.27 Sec. 16. Minnesota Statutes 2012, section 62A.049, is amended to read:

15.28 **62A.049 LIMITATION ON PREAUTHORIZATIONS; EMERGENCIES.**

15.29 No policy of accident and sickness insurance or group subscriber contract regulated
 15.30 under chapter 62C issued or renewed in this state may contain a provision that makes an
 15.31 insured person ineligible to receive full benefits because of the insured's failure to obtain
 15.32 preauthorization, if that failure occurs because of the need for emergency confinement
 15.33 or emergency treatment. The insured or an authorized representative of the insured shall
 15.34 notify the insurer as soon after the beginning of emergency confinement or emergency

16.1 treatment as reasonably possible. However, to the extent that the insurer suffers actual
 16.2 prejudice caused by the failure to obtain preauthorization, the insured may be denied all or
 16.3 part of the insured's benefits. ~~This provision does not apply to admissions for treatment of~~
 16.4 ~~chemical dependency and nervous and mental disorders.~~

16.5 **EFFECTIVE DATE.** This section is effective January 1, 2014.

16.6 Sec. 17. Minnesota Statutes 2012, section 62A.136, is amended to read:

16.7 **62A.136 HEARING, DENTAL, AND VISION PLAN COVERAGE.**

16.8 The following provisions do not apply to health plans as defined in section 62A.011,
 16.9 subdivision 3, clause (6), providing hearing, dental, or vision coverage only: sections
 16.10 62A.041; 62A.0411; 62A.047; 62A.149; 62A.151; 62A.152; 62A.154; 62A.155; 62A.17,
 16.11 subdivision 6; 62A.21, subdivision 2b; 62A.26; 62A.28; 62A.285; 62A.30; 62A.304; and
 16.12 62A.3093; ~~and 62E.16.~~

16.13 **EFFECTIVE DATE.** This section is effective January 1, 2014.

16.14 Sec. 18. Minnesota Statutes 2012, section 62A.149, subdivision 1, is amended to read:

16.15 Subdivision 1. **Application.** The provisions of this section apply to all group
 16.16 policies of accident and health insurance and group subscriber contracts offered by
 16.17 nonprofit health service plan corporations regulated under chapter 62C, and to a plan or
 16.18 policy that is individually underwritten or provided for a specific individual and family
 16.19 members as a nongroup policy ~~unless the individual elects in writing to refuse benefits~~
 16.20 ~~under this subdivision in exchange for an appropriate reduction in premiums or subscriber~~
 16.21 ~~charges under the policy or plan~~, when the policies or subscriber contracts are issued or
 16.22 delivered in Minnesota or provide benefits to Minnesota residents enrolled thereunder.

16.23 This section does not apply to policies designed primarily to provide coverage
 16.24 payable on a per diem, fixed indemnity or nonexpense incurred basis or policies that
 16.25 provide accident only coverage.

16.26 Every insurance policy or subscriber contract included within the provisions of this
 16.27 subdivision, upon issuance or renewal, shall provide coverage that complies with the
 16.28 requirements of section 62Q.47, paragraphs (b) and (c), for the treatment of alcoholism,
 16.29 chemical dependency or drug addiction to any Minnesota resident entitled to coverage.

16.30 **EFFECTIVE DATE.** This section is effective January 1, 2014.

16.31 Sec. 19. Minnesota Statutes 2012, section 62A.17, subdivision 2, is amended to read:

17.1 Subd. 2. **Responsibility of employee.** Every covered employee electing to continue
 17.2 coverage shall pay the former employer, on a monthly basis, the cost of the continued
 17.3 coverage. The policy, contract, or plan must require the group policyholder or contract
 17.4 holder to, upon request, provide the employee with written verification from the insurer
 17.5 of the cost of this coverage promptly at the time of eligibility for this coverage and at
 17.6 any time during the continuation period. If the policy, contract, or health care plan is
 17.7 administered by a trust, every covered employee electing to continue coverage shall pay
 17.8 the trust the cost of continued coverage according to the eligibility rules established by the
 17.9 trust. In no event shall the amount of premium charged exceed 102 percent of the cost
 17.10 to the plan for such period of coverage for similarly situated employees with respect to
 17.11 whom neither termination nor layoff has occurred, without regard to whether such cost
 17.12 is paid by the employer or employee. The employee shall be eligible to continue the
 17.13 coverage until the employee becomes covered under another group health plan, or for a
 17.14 period of 18 months after the termination of or lay off from employment, whichever is
 17.15 shorter. For an individual age 19 or older, if the employee becomes covered under another
 17.16 group policy, contract, or health plan and the new group policy, contract, or health plan
 17.17 contains any preexisting condition limitations, the employee may, subject to the 18-month
 17.18 maximum continuation limit, continue coverage with the former employer until the
 17.19 preexisting condition limitations have been satisfied. The new policy, contract, or health
 17.20 plan is primary except as to the preexisting condition. In the case of a newborn child who
 17.21 is a dependent of the employee, the new policy, contract, or health plan is primary upon
 17.22 the date of birth of the child, regardless of which policy, contract, or health plan coverage
 17.23 is deemed primary for the mother of the child.

17.24 **EFFECTIVE DATE.** This section is effective the day following final enactment.

17.25 Sec. 20. Minnesota Statutes 2012, section 62A.17, subdivision 6, is amended to read:

 18.8 ~~in subdivision 2 to obtain from the health maintenance organization, at the former~~
 18.9 ~~employee's, spouse's, or dependent's option and expense, without further evidence of~~

 18.16 ~~insurability and without interruption of coverage.~~

18.17 ~~A policy providing reduced benefits at a reduced premium rate may be accepted~~

 18.19 ~~required by this subdivision.~~

18.20 ~~The An individual policy or contract issued as a conversion policy prior to January~~
 18.21 ~~1, 2014, shall be renewable at the option of the individual as long as the individual is not~~

 19.4 covered person is not covered under another qualified plan as defined in section 62E.02,
 19.5 subdivision 4. Any revisions in the table of rate for the individual policy shall apply to the
 19.6 covered person's original age at entry and shall apply equally to all similar conversion
 19.7 policies issued by the insurer.

19.8 ~~A policy providing reduced benefits at a reduced premium rate may be accepted by~~
 19.9 ~~the covered person in lieu of the optional coverage otherwise required by this subdivision.~~

19.10 **EFFECTIVE DATE.** This section is effective January 1, 2014.

 19.13 in subdivision 1 issued or renewed after August 1, 1987, must provide coverage for scalp
 19.14 hair prostheses worn for hair loss suffered as a result of alopecia areata.

19.15 The coverage required by this section is subject to the co-payment, coinsurance,
 19.16 deductible, and other enrollee cost-sharing requirements that apply to similar types of
 19.17 items under the policy, plan, certificate, or contract, ~~and is limited to a maximum of \$350~~

 19.32 subdivision 1 that provides dependent coverage of children shall make that coverage

20.1 available to children until the child attains 26 years of age. A health carrier must not place
20.2 restrictions on this coverage and must comply with the following requirements:

20.3 (1) with respect to a child who has not attained 26 years of age, a health carrier shall
20.4 not define dependent for purposes of eligibility for dependent coverage of children other
20.5 than the terms of a relationship between a child and the enrollee or spouse of the enrollee;

20.6 (2) a health carrier must not deny or restrict coverage for a child who has not attained
20.7 26 years of age based on (i) the presence or absence of the child's financial dependency upon
20.8 the participant, primary subscriber, or any other person; (ii) residency with the participant
20.9 and in the individual market the primary subscriber, or with any other person; (iii) marital
20.10 status; (iv) student status; (v) employment; or (vi) any combination of those factors; and

20.11 (3) a health carrier must not deny or restrict coverage of a child based on eligibility
20.12 for other coverage, except as provided in subdivision 5.

20.13 Subd. 4. **Grandchildren.** Nothing in this section requires a health carrier to make
20.14 coverage available for a grandchild, unless the grandparent becomes the legal guardian
20.15 or adoptive parent of that grandchild or unless the grandchild meets the requirements
20.16 of section 62A.042. For grandchildren included under a grandparent's policy pursuant
20.17 to section 62A.042, coverage for the grandchild may terminate if the grandchild does
20.18 not continue to reside with the covered grandparent continuously from birth, if the
20.19 grandchild does not remain financially dependent upon the covered grandparent, or when
20.20 the grandchild reaches age 25, except as provided in section 62A.14 or if coverage is
20.21 continued under section 62A.20.

20.22 Subd. 5. **Terms of coverage of dependents.** The terms of coverage in a health plan
20.23 offered by a health carrier providing dependent coverage of children cannot vary based on
20.24 age except for children who are 26 years of age or older.

20.25 Subd. 6. **Opportunity to enroll.** A health carrier must comply with all provisions
20.26 of the Affordable Care Act in regards to providing an opportunity to enroll in coverage to
20.27 any child whose coverage ended, or was not eligible for coverage under a group health
20.28 plan or individual health plan because, under the terms of the coverage, the availability
20.29 of dependent coverage of a child ended before age 26. This section does not require
20.30 compliance with any provision of the Affordable Care Act before the effective date
20.31 provided for that provision in the Affordable Care Act. The commissioner shall enforce
20.32 this section.

20.33 Subd. 7. **Grandfathered plan coverage.** (a) For plan years beginning before
20.34 January 1, 2014, a group health plan that is a grandfathered plan and makes available
20.35 dependent coverage of children may exclude an adult child who has not attained 26
20.36 years of age from coverage only if the adult child is eligible to enroll in an eligible

21.1 employer-sponsored health benefit plan, as defined in section 5000A(f)(2) of the Internal
 21.2 Revenue Code, other than the group health plan of a parent.

21.3 (b) For plan years beginning on or after January 1, 2014, a group health plan that is
 21.4 grandfathered plan coverage shall comply with all requirements of this section.

21.5 **EFFECTIVE DATE.** This section is effective the day following final enactment.

21.6 Sec. 24. **[62A.3021] COVERAGE OF DEPENDENTS BY PLANS OTHER THAN**
 21.7 **HEALTH PLANS.**

21.8 Subdivision 1. **Scope of coverage.** This section applies to coverage described in
 21.9 section 62A.011, subdivision 3, clauses (4), (6), (7), (8), (9), and (10).

21.10 Subd. 2. **Dependent.** "Dependent" means an eligible employee's spouse, unmarried
 21.11 child who is under the age of 25 years, dependent child of any age who is disabled and
 21.12 who meets the eligibility criteria in section 62A.14, subdivision 2, or any other person
 21.13 whom state or federal law requires to be treated as a dependent for purposes of health
 21.14 plans. For the purpose of this definition, a child includes a child for whom the employee or
 21.15 the employee's spouse has been appointed legal guardian and an adoptive child as provided
 21.16 in section 62A.27. A child also includes grandchildren as provided in section 62A.042
 21.17 with continued eligibility of grandchildren as provided in section 62A.302, subdivision 4.

21.18 **EFFECTIVE DATE.** This section is effective the day following final enactment.

21.19 Sec. 25. Minnesota Statutes 2012, section 62A.615, is amended to read:

21.20 **62A.615 PREEXISTING CONDITIONS DISCLOSED AT TIME OF**
 21.21 **APPLICATION.**

21.22 No insurer may cancel or rescind a health insurance policy for a preexisting condition
 21.23 of which the application or other information provided by the insured reasonably gave
 21.24 the insurer notice. No insurer may restrict coverage for a preexisting condition of which
 21.25 the application or other information provided by the insured reasonably gave the insurer
 21.26 notice unless the coverage is restricted at the time the policy is issued and the restriction is
 21.27 disclosed in writing to the insured at the time the policy is issued. In addition, no health plan
 21.28 may restrict coverage for a preexisting condition for an individual who is under 19 years
 21.29 of age. This section does not apply to individual health plans that are grandfathered plans.

21.30 **EFFECTIVE DATE.** This section is effective the day following final enactment.

21.31 Sec. 26. Minnesota Statutes 2012, section 62A.65, subdivision 3, is amended to read:

22.1 Subd. 3. **Premium rate restrictions.** No individual health plan may be offered,
22.2 sold, issued, or renewed to a Minnesota resident unless the premium rate charged is
22.3 determined in accordance with the following requirements:

22.4 ~~(a) Premium rates must be no more than 25 percent above and no more than 25~~
22.5 ~~percent below the index rate charged to individuals for the same or similar coverage,~~
22.6 ~~adjusted pro-rata for rating periods of less than one year. The premium variations~~
22.7 ~~permitted by this paragraph must be based only upon health status, claims experience,~~
22.8 ~~and occupation. For purposes of this paragraph, health status includes refraining from~~
22.9 ~~tobacco use or other actuarially valid lifestyle factors associated with good health,~~
22.10 ~~provided that the lifestyle factor and its effect upon premium rates have been determined~~
22.11 ~~by the commissioner to be actuarially valid and have been approved by the commissioner.~~
22.12 ~~Variations permitted under this paragraph must not be based upon age or applied~~
22.13 ~~differently at different ages. This paragraph does not prohibit use of a constant percentage~~
22.14 ~~adjustment for factors permitted to be used under this paragraph.~~

22.15 ~~(b) (a) Premium rates may vary based upon the ages of covered persons only as~~
22.16 ~~provided in this paragraph. In addition to the variation permitted under paragraph (a), each~~
22.17 ~~health carrier may use an additional premium variation based upon age of up to plus or~~
22.18 ~~minus 50 percent of the index rate in accordance with the provisions of the Affordable~~
22.19 ~~Care Act.~~

22.20 ~~(c) A health carrier may request approval by the commissioner to establish separate~~
22.21 ~~geographic regions determined by the health carrier and to establish separate index rates~~
22.22 ~~for each such region.~~

22.23 ~~(b) Premium rates may vary based upon geographic rating area. The commissioner~~
22.24 ~~shall grant approval if the following conditions are met:~~

22.25 ~~(1) the geographic regions must be applied uniformly by the health carrier the areas~~
22.26 ~~are established in accordance with the Affordable Care Act;~~

22.27 ~~(2) each geographic region must be composed of no fewer than seven counties that~~
22.28 ~~create a contiguous region; and~~

22.29 ~~(3) the health carrier provides actuarial justification acceptable to the commissioner~~
22.30 ~~for the proposed geographic variations in index rates premium rates for each area,~~
22.31 ~~establishing that the variations are based upon differences in the cost to the health carrier~~
22.32 ~~of providing coverage.~~

22.33 ~~(d) Health carriers may use rate cells and must file with the commissioner the rate~~
22.34 ~~cells they use. Rate cells must be based upon the number of adults or children covered~~
22.35 ~~under the policy and may reflect the availability of Medicare coverage. The rates for~~

23.1 ~~different rate cells must not in any way reflect generalized differences in expected costs~~
 23.2 ~~between principal insureds and their spouses.~~

23.3 (c) Premium rates may vary based upon tobacco use, in accordance with the
 23.4 provisions of the Affordable Care Act.

23.5 ~~(e) (d)~~ In developing its ~~index rates and~~ premiums for a health plan, a health carrier
 23.6 shall take into account only the following factors:

23.7 (1) actuarially valid differences in rating factors permitted under paragraphs (a)
 23.8 and ~~(b)~~ (c); and

23.9 (2) actuarially valid geographic variations if approved by the commissioner as
 23.10 provided in paragraph ~~(e)~~ (b).

23.11 (e) The premium charged with respect to any particular individual health plan shall
 23.12 not be adjusted more frequently than annually or January 1 of the year following initial
 23.13 enrollment, except that the premium rates may be changed to reflect:

23.14 (1) changes to the family composition of the policyholder;

23.15 (2) changes in geographic rating area of the policyholder, as provided in paragraph
 23.16 (b);

23.17 (3) changes in age, as provided in paragraph (a);

23.18 (4) changes in tobacco use, as provided in paragraph (c);

23.19 (5) transfer to a new health plan requested by the policyholder; or

23.20 (6) other changes required by or otherwise expressly permitted by state or federal
 23.21 law or regulations.

23.22 (f) A health carrier shall consider all enrollees in all health plans, other than
 23.23 short-term and grandfathered plan coverage, offered by the health carrier in the individual
 23.24 market, including those enrollees who enroll in qualified health plans offered through the
 23.25 Minnesota Insurance Marketplace to be members of a single risk pool.

23.26 (g) The commissioner may establish regulations to implement the provisions of
 23.27 this section.

23.28 (h) In connection with the offering for sale of a health plan in the individual market,
 23.29 a health carrier shall make a reasonable disclosure, as part of its solicitation and sales
 23.30 materials, of all of the following:

23.31 (1) the provisions of the coverage concerning the health carrier's right to change
 23.32 premium rates and the factors that may affect changes in premium rates; and

23.33 (2) a listing of and descriptive information, including benefits and premiums,
 23.34 about all individual health plans offered by the health carrier and the availability of the
 23.35 individual health plans for which the individual is qualified.

24.1 (i) All premium variations must be justified in initial rate filings and upon request of
 24.2 the commissioner in rate revision filings. All rate variations are subject to approval by
 24.3 the commissioner.

24.4 ~~(g)~~ (j) The loss ratio must comply with the section 62A.021 requirements for
 24.5 individual health plans.

24.6 ~~(h)~~ (k) The rates must not be approved, unless the commissioner has determined that
 24.7 the rates are reasonable. In determining reasonableness, the commissioner shall consider
 24.8 the growth rates applied under section 62J.04, subdivision 1, paragraph (b), to the calendar
 24.9 year or years that the proposed premium rate would be in effect; and actuarially valid
 24.10 changes in risks associated with the enrollee populations, ~~and actuarially valid changes as~~
 24.11 ~~a result of statutory changes in Laws 1992, chapter 549.~~

24.12 ~~(i)~~ (l) An insurer may, as part of a minimum lifetime loss ratio guarantee filing under
 24.13 section 62A.02, subdivision 3a, include a rating practices guarantee as provided in this
 24.14 paragraph. The rating practices guarantee must be in writing and must guarantee that
 24.15 the policy form will be offered, sold, issued, and renewed only with premium rates and
 24.16 premium rating practices that comply with subdivisions 2, 3, 4, and 5. The rating practices
 24.17 guarantee must be accompanied by an actuarial memorandum that demonstrates that the
 24.18 premium rates and premium rating system used in connection with the policy form will
 24.19 satisfy the guarantee. The guarantee must guarantee refunds of any excess premiums to
 24.20 policyholders charged premiums that exceed those permitted under subdivision 2, 3, 4,
 24.21 or 5. An insurer that complies with this paragraph in connection with a policy form is
 24.22 exempt from the requirement of prior approval by the commissioner under paragraphs
 24.23 (c), (f), and (h).

24.24 **EFFECTIVE DATE.** This section is effective January 1, 2014.

24.25 Sec. 27. Minnesota Statutes 2012, section 62A.65, subdivision 5, is amended to read:

24.26 Subd. 5. **Portability and conversion of coverage.** (a) For plan years beginning
 24.27 on or after January 1, 2014, no individual health plan may be offered, sold, issued, or
 24.28 ~~with respect to children age 18 or under~~ renewed, to a Minnesota resident that contains a
 24.29 preexisting condition limitation, preexisting condition exclusion, or exclusionary rider;
 24.30 ~~unless the limitation or exclusion is permitted under this subdivision and under chapter~~
 24.31 ~~62L, provided that, except for children age 18 or under, underwriting restrictions may~~
 24.32 ~~be retained on individual contracts that are issued without evidence of insurability as a~~
 24.33 ~~replacement for prior individual coverage that was sold before May 17, 1993. The An~~
 24.34 individual age 19 or older may be subjected to an 18-month preexisting condition limitation
 24.35 during plan years beginning prior to January 1, 2014, unless the individual has maintained

25.1 continuous coverage as defined in section 62L.02. The individual must not be subjected to
25.2 an exclusionary rider. During plan years beginning prior to January 1, 2014, an individual
25.3 who is age 19 or older and who has maintained continuous coverage may be subjected to a
25.4 onetime preexisting condition limitation of up to 12 months, with credit for time covered
25.5 under qualifying coverage as defined in section 62L.02, at the time that the individual first
25.6 is covered under an individual health plan by any health carrier. Credit must be given for
25.7 all qualifying coverage with respect to all preexisting conditions, regardless of whether
25.8 the conditions were preexisting with respect to any previous qualifying coverage. The
25.9 individual must not be subjected to an exclusionary rider. Thereafter, the individual who is
25.10 age 19 or older must not be subject to any preexisting condition limitation, preexisting
25.11 condition exclusion, or exclusionary rider under an individual health plan by any health
25.12 carrier, except an unexpired portion of a limitation under prior coverage, so long as the
25.13 individual maintains continuous coverage as defined in section 62L.02. The prohibition on
25.14 preexisting condition limitations for children age 18 or under does not apply to individual
25.15 health plans that are grandfathered plans. The prohibition on preexisting condition
25.16 limitations for adults age 19 and over beginning for plan years on or after January 1, 2014
25.17 does not apply to individual health plans that are grandfathered plans.

25.18 (b) A health carrier must offer an individual health plan to any individual previously
25.19 covered under a group health plan issued by that health carrier, regardless of the size of
25.20 the group, so long as the individual maintained continuous coverage as defined in section
25.21 62L.02. If the individual has available any continuation coverage provided under sections
25.22 62A.146; 62A.148; 62A.17, subdivisions 1 and 2; 62A.20; 62A.21; 62C.142; 62D.101; or
25.23 62D.105, or continuation coverage provided under federal law, the health carrier need not
25.24 offer coverage under this paragraph until the individual has exhausted the continuation
25.25 coverage. The offer must not be subject to underwriting, except as permitted under this
25.26 paragraph. A health plan issued under this paragraph must be a qualified plan as defined
25.27 in section 62E.02 and must not contain any preexisting condition limitation, preexisting
25.28 condition exclusion, or exclusionary rider, except for any unexpired limitation or
25.29 exclusion under the previous coverage. The individual health plan must cover pregnancy
25.30 on the same basis as any other covered illness under the individual health plan. The offer
25.31 of coverage by the health carrier must inform the individual that the coverage, including
25.32 what is covered and the health care providers from whom covered care may be obtained,
25.33 may not be the same as the individual's coverage under the group health plan. The offer
25.34 of coverage by the health carrier must also inform the individual that the individual, if
25.35 a Minnesota resident, may be eligible to obtain coverage from (i) other private sources
25.36 of health coverage, or (ii) the Minnesota Comprehensive Health Association, without a

26.1 preexisting condition limitation, and must provide the telephone number used by that
 26.2 association for enrollment purposes. The initial premium rate for the individual health
 26.3 plan must comply with subdivision 3. The premium rate upon renewal must comply with
 26.4 subdivision 2. In no event shall the premium rate exceed 100 percent of the premium
 26.5 charged for comparable individual coverage by the Minnesota Comprehensive Health
 26.6 Association, and the premium rate must be less than that amount if necessary to otherwise
 26.7 comply with this section. ~~An individual health plan offered under this paragraph to a~~
 26.8 ~~person satisfies the health carrier's obligation to offer conversion coverage under section~~
 26.9 ~~62E.16, with respect to that person.~~ Coverage issued under this paragraph must provide
 26.10 that it cannot be canceled or nonrenewed as a result of the health carrier's subsequent
 26.11 decision to leave the individual, small employer, or other group market. Section 72A.20,
 26.12 subdivision 28, applies to this paragraph.

26.13 **EFFECTIVE DATE.** This section is effective the day following final enactment,
 26.14 except that the amendment made to paragraph (b) is effective January 1, 2014.

26.15 Sec. 28. Minnesota Statutes 2012, section 62A.65, subdivision 6, is amended to read:

26.16 Subd. 6. **Guaranteed issue not required.** (a) Nothing in this section requires a
 26.17 health carrier to initially issue a health plan to a Minnesota resident who is age 19 or older
 26.18 on the date the health plan becomes effective if the effective date is prior to January 1,
 26.19 2014, except as otherwise expressly provided in subdivision 4 or 5.

26.20 (b) Guaranteed issue is required for all health plans, except grandfathered plans,
 26.21 beginning January 1, 2014.

26.22 **EFFECTIVE DATE.** This section is effective the day following final enactment.

26.23 Sec. 29. Minnesota Statutes 2012, section 62A.65, subdivision 7, is amended to read:

26.24 Subd. 7. **Short-term coverage.** (a) For purposes of this section, "short-term
 26.25 coverage" means an individual health plan that:

26.26 (1) is issued to provide coverage for a period of 185 days or less, except that the
 26.27 health plan may permit coverage to continue until the end of a period of hospitalization
 26.28 for a condition for which the covered person was hospitalized on the day that coverage
 26.29 would otherwise have ended;

26.30 (2) is nonrenewable, provided that the health carrier may provide coverage for one or
 26.31 more subsequent periods that satisfy clause (1), if the total of the periods of coverage do not
 26.32 exceed a total of 365 days out of any 555-day period, plus any additional days covered as a
 26.33 result of hospitalization on the day that a period of coverage would otherwise have ended;

27.1 (3) does not cover any preexisting conditions, including ones that originated during
27.2 a previous identical policy or contract with the same health carrier where coverage was
27.3 continuous between the previous and the current policy or contract; and

27.4 (4) is available with an immediate effective date without underwriting upon receipt
27.5 of a completed application indicating eligibility under the health carrier's eligibility
27.6 requirements, provided that coverage that includes optional benefits may be offered on a
27.7 basis that does not meet this requirement.

27.8 (b) Short-term coverage is not subject to subdivisions 2 and 5. Short-term coverage
27.9 may exclude as a preexisting condition any injury, illness, or condition for which the
27.10 covered person had medical treatment, symptoms, or any manifestations before the
27.11 effective date of the coverage, but dependent children born or placed for adoption during
27.12 the policy period must not be subject to this provision.

27.13 (c) Notwithstanding subdivision 3, and section 62A.021, a health carrier may
27.14 combine short-term coverage with its most commonly sold individual qualified plan, as
27.15 defined in section 62E.02, other than short-term coverage, for purposes of complying
27.16 with the loss ratio requirement.

27.17 (d) The 365-day coverage limitation provided in paragraph (a) applies to the total
27.18 number of days of short-term coverage that covers a person, regardless of the number of
27.19 policies, contracts, or health carriers that provide the coverage. A written application for
27.20 short-term coverage must ask the applicant whether the applicant has been covered by
27.21 short-term coverage by any health carrier within the 555 days immediately preceding the
27.22 effective date of the coverage being applied for. Short-term coverage issued in violation
27.23 of the 365-day limitation is valid until the end of its term and does not lose its status as
27.24 short-term coverage, in spite of the violation. A health carrier that knowingly issues
27.25 short-term coverage in violation of the 365-day limitation is subject to the administrative
27.26 penalties otherwise available to the commissioner of commerce or the commissioner
27.27 of health, as appropriate.

27.28 ~~(e) Time spent under short-term coverage counts as time spent under a preexisting~~
27.29 ~~condition limitation for purposes of group or individual health plans, other than short-term~~
27.30 ~~coverage, subsequently issued to that person, or to cover that person, by any health carrier,~~
27.31 ~~if the person maintains continuous coverage as defined in section 62L.02. Short-term~~
27.32 ~~coverage is a health plan and is qualifying coverage as defined in section 62L.02.~~
27.33 ~~Notwithstanding any other law to the contrary, a health carrier is not required under any~~
27.34 ~~circumstances to provide a person covered by short-term coverage the right to obtain~~
27.35 ~~coverage on a guaranteed issue basis under another health plan offered by the health~~
27.36 ~~carrier, as a result of the person's enrollment in short-term coverage.~~

28.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

28.2 Sec. 30. **[62A.67] ESSENTIAL HEALTH BENEFIT PACKAGE**
28.3 **REQUIREMENTS.**

28.4 Subdivision 1. **Essential health benefits package.** (a) Health carriers offering an
28.5 individual health plan must include the essential health benefits package as required under
28.6 the Affordable Care Act, and as described in this subdivision.

28.7 (b) The essential health benefits package means coverage that:

28.8 (1) provides essential health benefits as outlined in the Affordable Care Act;

28.9 (2) limits cost-sharing for such coverage in accordance with the Affordable Care
28.10 Act; and

28.11 (3) subject to subdivision 3, provides bronze, silver, gold, or platinum level of
28.12 coverage described in the Affordable Care Act.

28.13 Subd. 2. **Coverage for enrollees under the age of 21.** If a health carrier offers
28.14 health coverage in any level specified under section 1302(d) of the Affordable Care Act, as
28.15 described in subdivision 1, clause (3), the carrier shall also offer coverage in that level in a
28.16 health plan in which the only enrollees are children who, as of the beginning of a policy
28.17 year, have not attained the age of 21 years.

28.18 Subd. 3. **Alternative compliance for catastrophic plans.** A health carrier not
28.19 providing a bronze, silver, gold, or platinum level of coverage, as described in subdivision
28.20 1, paragraph (b), clause (3), shall be treated as meeting the requirements of the Affordable
28.21 Care Act with respect to any policy year if the health carrier provides a catastrophic plan
28.22 that meets the requirements of the Affordable Care Act.

28.23 Subd. 4. **Essential health benefits; definition.** For purposes of this section,
28.24 "essential health benefits" has the meaning given under the Affordable Care Act, and
28.25 include:

28.26 (1) ambulatory patient services;

28.27 (2) emergency services;

28.28 (3) hospitalization;

28.29 (4) laboratory services;

28.30 (5) maternity and newborn care;

28.31 (6) mental health and substance abuse disorder services, including behavioral health
28.32 treatment;

28.33 (7) pediatric services, including oral and vision care;

28.34 (8) prescription drugs;

28.35 (9) preventative and wellness services and chronic disease management;

29.1 (10) rehabilitative and habilitative services and devices; and
 29.2 (11) other services defined as essential health benefits under the Affordable Care Act.
 29.3 Subd. 5. **Exception.** This section does not apply to a dental plan as described in
 29.4 the Affordable Care Act.

29.5 **EFFECTIVE DATE.** This section is effective January 1, 2014.

29.6 Sec. 31. Minnesota Statutes 2012, section 62C.14, subdivision 5, is amended to read:

29.7 Subd. 5. **Disabled dependents.** A subscriber's individual contract or any group
 29.8 contract delivered or issued for delivery in this state and providing that coverage of
 29.9 a dependent child of the subscriber or a dependent child of a covered group member
 29.10 shall terminate upon attainment of a specified limiting age as defined in section 62Q.01,
 29.11 subdivision 11, shall also provide in substance that attainment of that age shall not terminate
 29.12 coverage while the child is (a) incapable of self-sustaining employment by reason of
 29.13 developmental disability, mental illness or disorder, or physical disability, and (b) chiefly
 29.14 dependent upon the subscriber or employee for support and maintenance, provided proof
 29.15 of incapacity and dependency is furnished by the subscriber within 31 days of attainment
 29.16 of the limiting age as defined in section 62Q.01, subdivision 11, and subsequently as
 29.17 required by the corporation, but not more frequently than annually after a two-year period
 29.18 following attainment of the age. Any notice regarding termination of coverage due to
 29.19 attainment of the limiting age must include information about this provision.

29.20 **EFFECTIVE DATE.** This section is effective the day following final enactment.

29.21 Sec. 32. Minnesota Statutes 2012, section 62C.142, subdivision 2, is amended to read:

29.22 Subd. 2. **Conversion privilege.** ~~Every subscriber contract, other than a contract~~
 29.23 ~~whose continuance is contingent upon continued employment or membership, which~~
 29.24 ~~contains a provision for termination of coverage of the spouse upon dissolution of~~
 29.25 ~~marriage shall contain a provision allowing a former spouse and dependent children of a~~
 29.26 ~~subscriber, without providing evidence of insurability, to obtain from the corporation at~~
 29.27 ~~the expiration of any continuation of coverage required under subdivision 2a or section~~

31.8 procedures you must follow to obtain coverage.

31.9 (2) PROVIDERS: Enrolling in (name of health maintenance organization) does not
31.10 guarantee services by a particular provider on the list of providers. When a provider is
31.11 no longer part of (name of health maintenance organization), you must choose among
31.12 remaining (name of the health maintenance organization) providers.

31.13 (3) REFERRALS: Certain services are covered only upon referral. See section
31.14 (section number) of your contract for referral requirements. All referrals to non-(name of

 39.30 joint self-insurance plan must pay assessments made by the Minnesota Comprehensive
 39.31 Health Association, as required under section 62E.11.

39.32 (b) A joint self-insurance plan is exempt from providing the mandated health
 39.33 benefits described in chapters 62A, 62E, 62L, and 62Q if it otherwise provides the benefits
 39.34 required under the Employee Retirement Income Security Act of 1974, United States

40.1 Code, title 29, sections 1001, et seq., for all employers and not just for the employers with
 40.2 50 or more employees who are covered by that federal law.

40.3 (c) A joint self-insurance plan is exempt from section 62L.03, subdivision 1, if the
 40.4 plan offers an annual open enrollment period of no less than 15 days during which all
 40.5 employers that qualify for membership may enter the plan without preexisting condition
 40.6 limitations or exclusions except those permitted under chapter 62L.

40.7 (d) A joint self-insurance plan is exempt from sections 62A.146, 62A.16, 62A.17,
 40.8 62A.20, 62A.21, and 62A.65, subdivision 5, paragraph (b), ~~and 62E.16~~ if the joint
 40.9 self-insurance plan complies with the continuation requirements under the Employee
 40.10 Retirement Income Security Act of 1974, United States Code, title 29, sections 1001, et
 40.11 seq., for all employers and not just for the employers with 20 or more employees who
 40.12 are covered by that federal law.

40.13 (e) A joint self-insurance plan must provide to all employers the maternity coverage
 40.14 required by federal law for employers with 15 or more employees.

40.15 (f) A joint self-insurance plan must comply with all the provisions and requirements
 40.16 of the Affordable Care Act as defined under section 62A.011, subdivision 1a, to the extent
 40.17 that they apply to such plans.

40.18 **EFFECTIVE DATE.** This section is effective the day following final enactment,
 40.19 except that the amendment made to paragraph (d) is effective January 1, 2014.

40.20 Sec. 42. Minnesota Statutes 2012, section 62L.02, subdivision 11, is amended to read:

40.21 Subd. 11. **Dependent.** "Dependent" means an eligible employee's spouse,
 40.22 ~~unmarried child who is under the age of 25 years~~ dependent child to the limiting age as
 40.23 defined in section 62Q.01, subdivision 11, dependent child of any age who is disabled and
 40.24 who meets the eligibility criteria in section 62A.14, subdivision 2, or any other person
 40.25 whom state or federal law requires to be treated as a dependent for purposes of health
 40.26 plans. For the purpose of this definition, a dependent child to the limiting age as defined in
 40.27 section 62Q.01, subdivision 11, includes a child for whom the employee or the employee's
 40.28 spouse has been appointed legal guardian and an adoptive child as provided in section
 40.29 62A.27. A child also means a grandchild as provided in section 62A.042 with continued
 40.30 eligibility of grandchildren as provided in section 62A.302, subdivision 4.

40.31 **EFFECTIVE DATE.** This section is effective the day following final enactment.

40.32 Sec. 43. Minnesota Statutes 2012, section 62L.02, subdivision 14a, is amended to read:

41.1 Subd. 14a. **Guaranteed issue.** "Guaranteed issue" means that a health carrier shall
 41.2 not decline an application by a small employer for any health benefit plan offered by
 41.3 that health carrier and shall not decline to cover under a health benefit plan any eligible
 41.4 employee or eligible dependent, including persons who become eligible employees or
 41.5 eligible dependents after initial issuance of the health benefit plan, ~~subject to the health~~
 41.6 ~~carrier's right to impose preexisting condition limitations permitted under this chapter.~~

41.7 **EFFECTIVE DATE.** This section is effective January 1, 2014.

41.8 Sec. 44. Minnesota Statutes 2012, section 62L.02, is amended by adding a subdivision
 41.9 to read:

41.10 Subd. 17a. **Individual health plan.** "Individual health plan" means a health plan
 41.11 as defined under section 62A.011, subdivision 3, that is offered to individuals in the
 41.12 individual market, other than conversion policies or short-term coverage. Small group
 41.13 market health plans offered through the Minnesota Insurance Marketplace to employees of
 41.14 a small employer are not considered individual health plans, regardless of whether the
 41.15 health plan is purchased using a defined contribution from the employer.

41.16 **EFFECTIVE DATE.** This section is effective January 1, 2014.

41.17 Sec. 45. Minnesota Statutes 2012, section 62L.02, subdivision 26, is amended to read:

41.18 Subd. 26. **Small employer.** (a) "Small employer" means, with respect to a calendar
 41.19 year and a plan year, a person, firm, corporation, partnership, association, or other entity
 41.20 actively engaged in business in Minnesota, including a political subdivision of the state, that
 41.21 employed an average of ~~no fewer than two nor~~ at least one, ~~not including a sole proprietor,~~
 41.22 but not more than 50 current employees on business days during the preceding calendar
 41.23 year and that employs at least ~~two~~ one current employees ~~employee, not including a sole~~
 41.24 proprietor, on the first day of the plan year. ~~If an employer has only one eligible employee~~
 41.25 ~~who has not waived coverage, the sale of a health plan to or for that eligible employee~~
 41.26 ~~is not a sale to a small employer and is not subject to this chapter and may be treated as~~
 41.27 ~~the sale of an individual health plan.~~ A small employer plan may be offered through a
 41.28 domiciled association to self-employed individuals and small employers who are members
 41.29 of the association, even if the self-employed individual or small employer has fewer than
 41.30 two current employees. Entities that are treated as a single employer under subsection (b),
 41.31 (c), (m), or (o) of section 414 of the federal Internal Revenue Code are considered a single
 41.32 employer for purposes of determining the number of current employees. Small employer
 41.33 status must be determined on an annual basis as of the renewal date of the health benefit

42.1 plan. The provisions of this chapter continue to apply to an employer who no longer meets
 42.2 the requirements of this definition until the annual renewal date of the employer's health
 42.3 benefit plan. If an employer was not in existence throughout the preceding calendar year,
 42.4 the determination of whether the employer is a small employer is based upon the average
 42.5 number of current employees that it is reasonably expected that the employer will employ
 42.6 on business days in the current calendar year. For purposes of this definition, the term
 42.7 employer includes any predecessor of the employer. An employer that has more than 50
 42.8 current employees but has 50 or fewer employees, as "employee" is defined under United
 42.9 States Code, title 29, section 1002(6), is a small employer under this subdivision.

42.10 (b) Where an association, as defined in section 62L.045, comprised of employers
 42.11 contracts with a health carrier to provide coverage to its members who are small employers,
 42.12 the association and health benefit plans it provides to small employers, are subject to
 42.13 section 62L.045, with respect to small employers in the association, even though the
 42.14 association also provides coverage to its members that do not qualify as small employers.

42.15 (c) If an employer has employees covered under a trust specified in a collective
 42.16 bargaining agreement under the federal Labor-Management Relations Act of 1947,
 42.17 United States Code, title 29, section 141, et seq., as amended, or employees whose health
 42.18 coverage is determined by a collective bargaining agreement and, as a result of the
 42.19 collective bargaining agreement, is purchased separately from the health plan provided
 42.20 to other employees, those employees are excluded in determining whether the employer
 42.21 qualifies as a small employer. Those employees are considered to be a separate small
 42.22 employer if they constitute a group that would qualify as a small employer in the absence
 42.23 of the employees who are not subject to the collective bargaining agreement.

42.24 **EFFECTIVE DATE.** This section is effective January 1, 2014.

42.25 Sec. 46. Minnesota Statutes 2012, section 62L.03, subdivision 1, is amended to read:

42.26 Subdivision 1. **Guaranteed issue and reissue.** (a) Every health carrier shall, as a
 42.27 condition of authority to transact business in this state in the small employer market,
 42.28 affirmatively market, offer, sell, issue, and renew any of its health benefit plans, on a
 42.29 guaranteed issue basis, to any small employer, including a small employer covered by
 42.30 paragraph (b), that meets the participation and contribution requirements of subdivision 3,
 42.31 as provided in this chapter.

42.32 (b) A small employer that ~~has its no longer meets the definition of small employer~~
 42.33 because of a reduction in workforce reduced to one employee may continue coverage as a
 42.34 small employer for 12 months from the date the group is reduced to one employee.

43.1 (c) Notwithstanding paragraph (a), a health carrier may, at the time of coverage
 43.2 renewal, modify the health coverage for a product offered in the small employer market if
 43.3 the modification is consistent with state law, approved by the commissioner, and effective
 43.4 on a uniform basis for all small employers purchasing that product other than through a
 43.5 qualified association in compliance with section 62L.045, subdivision 2.

43.6 ~~Paragraph (a) does not apply to a health benefit plan designed for a small employer~~
 43.7 ~~to comply with a collective bargaining agreement, provided that the health benefit plan~~
 43.8 ~~otherwise complies with this chapter and is not offered to other small employers, except~~
 43.9 ~~for other small employers that need it for the same reason. This paragraph applies only~~
 43.10 ~~with respect to collective bargaining agreements entered into prior to August 21, 1996,~~
 43.11 ~~and only with respect to plan years beginning before the later of July 1, 1997, or the date~~
 43.12 ~~upon which the last of the collective bargaining agreements relating to the plan terminates~~
 43.13 ~~determined without regard to any extension agreed to after August 21, 1996.~~

43.14 ~~(d) Every health carrier participating in the small employer market shall make~~
 43.15 ~~available both of the plans described in section 62L.05 to small employers and shall fully~~
 43.16 ~~comply with the underwriting and the rate restrictions specified in this chapter for all~~
 43.17 ~~health benefit plans issued to small employers.~~

43.18 ~~(e) (d)~~ A health carrier may cease to transact business in the small employer market
 43.19 as provided under section 62L.09.

43.20 **EFFECTIVE DATE.** This section is effective January 1, 2014.

43.21 Sec. 47. Minnesota Statutes 2012, section 62L.03, subdivision 3, is amended to read:

43.22 Subd. 3. **Minimum participation and contribution.** (a) A small employer that has
 43.23 at least 75 percent of its eligible employees who have not waived coverage participating in
 43.24 a health benefit plan and that contributes at least 50 percent toward the cost of coverage of
 43.25 each eligible employee must be guaranteed coverage on a guaranteed issue basis from
 43.26 any health carrier participating in the small employer market. The participation level
 43.27 of eligible employees must be determined at the initial offering of coverage and at the
 43.28 renewal date of coverage. A health carrier must not increase the participation requirements
 43.29 applicable to a small employer at any time after the small employer has been accepted for
 43.30 coverage. For the purposes of this subdivision, waiver of coverage includes only waivers
 43.31 due to: (1) coverage under another group health plan; (2) unaffordability as specified by
 43.32 the Affordable Care Act as defined under section 62A.011, subdivision 1a; (3) coverage
 43.33 under Medicare Parts A and B; or ~~(3)~~ (4) coverage under medical assistance under chapter
 43.34 256B or general assistance medical care under chapter 256D.

44.1 (b) If a small employer does not satisfy the contribution or participation requirements
 44.2 under this subdivision, a health carrier may voluntarily issue or renew individual health
 44.3 plans, or a health benefit plan which must fully comply with this chapter. A health carrier
 44.4 that provides a health benefit plan to a small employer that does not meet the contribution
 44.5 or participation requirements of this subdivision must maintain this information in its files
 44.6 for audit by the commissioner. A health carrier may not offer an individual health plan,
 44.7 purchased through an arrangement between the employer and the health carrier, to any
 44.8 employee unless the health carrier also offers the individual health plan, on a guaranteed
 44.9 issue basis, to all other employees of the same employer. An arrangement permitted under
 44.10 section 62L.12, subdivision 2, paragraph (k), is not an arrangement between the employer
 44.11 and the health carrier for purposes of this paragraph.

44.12 (c) Nothing in this section obligates a health carrier to issue coverage to a small
 44.13 employer that currently offers coverage through a health benefit plan from another health
 44.14 carrier, unless the new coverage will replace the existing coverage and not serve as one
 44.15 of two or more health benefit plans offered by the employer. This paragraph does not
 44.16 apply if the small employer will meet the required participation level with respect to
 44.17 the new coverage.

44.18 (d) This section does not apply to health plans offered through the Minnesota
 44.19 Insurance Marketplace under chapter 62V.

44.20 **EFFECTIVE DATE.** This section is effective January 1, 2014.

44.21 Sec. 48. Minnesota Statutes 2012, section 62L.03, subdivision 4, is amended to read:

44.22 Subd. 4. **Underwriting restrictions.** ~~(a) Health carriers may apply underwriting~~
 44.23 ~~restrictions to coverage for health benefit plans for small employers, including any~~
 44.24 ~~preexisting condition limitations, only as expressly permitted under this chapter. For~~
 44.25 ~~purposes of this section, "underwriting restrictions" means any refusal of the health carrier~~
 44.26 ~~to issue or renew coverage, any premium rate higher than the lowest rate charged by the~~
 44.27 ~~health carrier for the same coverage, any preexisting condition limitation, preexisting~~
 44.28 ~~condition exclusion, or any exclusionary rider.~~

44.29 (b) Health carriers may collect information relating to the case characteristics and
 44.30 demographic composition of small employers, as well as health status and health history
 44.31 information about employees, and dependents of employees, of small employers.

44.32 (c) ~~Except as otherwise authorized for late entrants, preexisting conditions may be~~
 44.33 ~~excluded by a health carrier for a period not to exceed 12 months from the enrollment~~
 44.34 ~~date of an eligible employee or dependent, but exclusionary riders must not be used. Late~~
 44.35 ~~entrants may be subject to a preexisting condition limitation not to exceed 18 months from~~

45.1 ~~the enrollment date of the late entrant, but must not be subject to any exclusionary rider or~~
 45.2 ~~preexisting condition exclusion. When calculating any length of preexisting condition~~
 45.3 ~~limitation, a health carrier shall credit the time period an eligible employee or dependent~~
 45.4 ~~was previously covered by qualifying coverage, provided that the individual maintains~~
 45.5 ~~continuous coverage. The credit must be given for all qualifying coverage with respect~~
 45.6 ~~to all preexisting conditions, regardless of whether the conditions were preexisting with~~
 45.7 ~~respect to any previous qualifying coverage. Section 60A.082, relating to replacement of~~
 45.8 ~~group coverage, and the rules adopted under that section apply to this chapter, and this~~
 45.9 ~~chapter's requirements are in addition to the requirements of that section and the rules~~
 45.10 ~~adopted under it. A health carrier shall, at the time of first issuance or renewal of a health~~
 45.11 ~~benefit plan on or after July 1, 1993, credit against any preexisting condition limitation~~
 45.12 ~~or exclusion permitted under this section, the time period prior to July 1, 1993, during~~
 45.13 ~~which an eligible employee or dependent was covered by qualifying coverage, if the~~
 45.14 ~~person has maintained continuous coverage.~~

45.15 ~~(d) Health carriers shall not use pregnancy as a preexisting condition under this~~
 45.16 ~~chapter.~~

45.17 **EFFECTIVE DATE.** This section is effective January 1, 2014.

45.18 Sec. 49. Minnesota Statutes 2012, section 62L.03, subdivision 6, is amended to read:

45.19 Subd. 6. **MCHA enrollees.** Health carriers shall offer coverage to any eligible
 45.20 employee or dependent enrolled in MCHA at the time of the health carrier's issuance or
 45.21 renewal of a health benefit plan to a small employer. The health benefit plan must require
 45.22 that the employer permit MCHA enrollees to enroll in the small employer's health benefit
 45.23 plan as of the first date of renewal of a health benefit plan occurring on or after July
 45.24 1, 1993, and as of each date of renewal after that, or, in the case of a new group, as of
 45.25 the initial effective date of the health benefit plan and as of each date of renewal after
 45.26 that. ~~Unless otherwise permitted by this chapter,~~ Health carriers must not impose any
 45.27 underwriting restrictions, including any preexisting condition limitations or exclusions, on
 45.28 any eligible employee or dependent previously enrolled in MCHA and transferred to a
 45.29 health benefit plan ~~so long as continuous coverage is maintained, provided that the health~~
 45.30 ~~carrier may impose any unexpired portion of a preexisting condition limitation under the~~
 45.31 ~~person's MCHA coverage. An MCHA enrollee is not a late entrant, so long as the enrollee~~
 45.32 ~~has maintained continuous coverage.~~

45.33 **EFFECTIVE DATE.** This section is effective January 1, 2014.

46.1 Sec. 50. Minnesota Statutes 2012, section 62L.045, subdivision 2, is amended to read:

46.2 Subd. 2. **Qualified associations.** (a) A qualified association, as defined in this
46.3 section, and health coverage offered by it, to it, or through it, to a small employer in
46.4 this state must comply with the requirements of this chapter regarding guaranteed issue,
46.5 guaranteed renewal, preexisting condition limitations, ~~credit against preexisting condition~~
46.6 ~~limitations for continuous coverage~~, treatment of MCHA enrollees, and the definition of
46.7 dependent, and with section 62A.65, subdivision 5, paragraph (b). They must also comply
46.8 with all other requirements of this chapter not specifically exempted in paragraph (b) or (c).

46.9 (b) A qualified association and a health carrier offering, selling, issuing, or renewing
46.10 health coverage to, or to cover, a small employer in this state through the qualified
46.11 association, may, but are not, in connection with that health coverage, required to:

46.12 (1) offer the two small employer plans described in section 62L.05; and

46.13 (2) offer to small employers that are not members of the association, health coverage
46.14 offered to, by, or through the qualified association.

46.15 ~~(c) A qualified association, and a health carrier offering, selling, issuing, and~~
46.16 ~~renewing health coverage to, or to cover, a small employer in this state must comply~~
46.17 ~~with section 62L.08, except that:~~

46.18 ~~(1) a separate index rate may be applied by a health carrier to each qualified~~
46.19 ~~association, provided that:~~

46.20 ~~(i) the premium rate applied to participating small employer members of the~~
46.21 ~~qualified association is no more than 25 percent above and no more than 25 percent below~~
46.22 ~~the index rate applied to the qualified association, irrespective of when members applied~~
46.23 ~~for health coverage; and~~

46.24 ~~(ii) the index rate applied by a health carrier to a qualified association is no more~~
46.25 ~~than 20 percent above and no more than 20 percent below the index rate applied by the~~
46.26 ~~health carrier to any other qualified association or to any small employer. In comparing~~
46.27 ~~index rates for purposes of this clause, the 20 percent shall be calculated as a percent of~~
46.28 ~~the larger index rate; and~~

46.29 ~~(2) a qualified association described in subdivision 1, paragraph (a), clauses (2)~~
46.30 ~~to (4), providing health coverage through a health carrier, or on a self-insured basis in~~
46.31 ~~compliance with section 471.617 and the rules adopted under that section, may cover~~
46.32 ~~small employers and other employers within the same pool and may charge premiums~~
46.33 ~~to small employer members on the same basis as it charges premiums to members that~~
46.34 ~~are not small employers, if the premium rates charged to small employers do not have~~
46.35 ~~greater variation than permitted under section 62L.08. A qualified association operating~~
46.36 ~~under this clause shall annually prove to the commissioner of commerce that it complies~~

47.1 ~~with this clause through a sampling procedure acceptable to the commissioner. If the~~
 47.2 ~~qualified association fails to prove compliance to the satisfaction of the commissioner,~~
 47.3 ~~the association shall agree to a written plan of correction acceptable to the commissioner.~~
 47.4 ~~The qualified association is considered to be in compliance under this clause if there is~~
 47.5 ~~a premium rate that would, if used as an index rate, result in all premium rates in the~~
 47.6 ~~sample being in compliance with section 62L.08. This clause does not exempt a qualified~~
 47.7 ~~association or a health carrier providing coverage through the qualified association from~~
 47.8 ~~the loss ratio requirement of section 62L.08, subdivision 11.~~

47.9 **EFFECTIVE DATE.** This section is effective January 1, 2014.

47.10 Sec. 51. Minnesota Statutes 2012, section 62L.045, subdivision 4, is amended to read:

47.11 Subd. 4. **Principles; association coverage.** (a) This subdivision applies to
 47.12 associations as defined in this section, whether qualified associations or not, and is
 47.13 intended to clarify subdivisions 1 to 3.

47.14 (b) This section applies only to associations that provide health coverage to small
 47.15 employers.

47.16 (c) ~~A health carrier is not required under this chapter to comply with guaranteed~~
 47.17 ~~issue and guaranteed renewal with respect to its relationship with the association itself.~~

47.18 An arrangement between the health carrier and the association, once entered into, must
 47.19 comply with guaranteed issue and guaranteed renewal with respect to members of the
 47.20 association that are small employers and persons covered through them.

47.21 (d) When an arrangement between a health carrier and an association has validly
 47.22 terminated, the health carrier has no continuing obligation to small employers and persons
 47.23 covered through them, except as otherwise provided in:

47.24 (1) section 62A.65, subdivision 5, paragraph (b);

47.25 (2) any other continuation or conversion rights applicable under state or federal
 47.26 law; and

47.27 (3) section 60A.082, relating to group replacement coverage, and rules adopted
 47.28 under that section.

47.29 (e) When an association's arrangement with a health carrier has terminated and the
 47.30 association has entered into a new arrangement with that health carrier or a different
 47.31 health carrier, the new arrangement is subject to section 60A.082 and rules adopted under
 47.32 it, with respect to members of the association that are small employers and persons
 47.33 covered through them.

48.1 (f) An association that offers its members more than one plan of health coverage
 48.2 may have uniform rules restricting movement between the plans of health coverage, if the
 48.3 rules do not discriminate against small employers.

48.4 (g) This chapter does not require or prohibit separation of an association's members
 48.5 into one group consisting only of small employers and another group or other groups
 48.6 consisting of all other members. The association must comply with this section with
 48.7 respect to the small employer group.

48.8 (h) For purposes of this section, "member" of an association includes an employer
 48.9 participant in the association.

48.10 (i) For purposes of this section, health coverage issued to, or to cover, a small
 48.11 employer includes a certificate of coverage issued directly to the employer's employees
 48.12 and dependents, rather than to the small employer.

48.13 **EFFECTIVE DATE.** This section is effective January 1, 2014.

48.14 Sec. 52. Minnesota Statutes 2012, section 62L.05, subdivision 10, is amended to read:

48.15 Subd. 10. **Medical expense reimbursement.** Health carriers may reimburse
 48.16 or pay for medical services, supplies, or articles provided under a small employer plan
 48.17 in accordance with the health carrier's provider contract requirements including, but
 48.18 not limited to, salaried arrangements, capitation, the payment of usual and customary
 48.19 charges, fee schedules, discounts from fee-for-service, per diems, diagnosis-related
 48.20 groups (DRGs), and other payment arrangements. Nothing in this chapter requires a
 48.21 health carrier to develop, implement, or change its provider contract requirements for
 48.22 a small employer plan. Coinsurance, deductibles, and out-of-pocket maximums, ~~and~~
 48.23 ~~maximum lifetime benefits~~ must be calculated and determined in accordance with each
 48.24 health carrier's standard business practices.

48.25 **EFFECTIVE DATE.** This section is effective the day following final enactment.

48.26 Sec. 53. Minnesota Statutes 2012, section 62L.06, is amended to read:

48.27 **62L.06 DISCLOSURE OF UNDERWRITING RATING PRACTICES.**

48.28 When offering or renewing a health benefit plan, health carriers shall disclose in all
 48.29 solicitation and sales materials:

48.30 ~~(1) the case characteristics and other rating factors used to determine initial and~~
 48.31 ~~renewal rates;~~

48.32 ~~(2) the extent to which premium rates for a small employer are established or~~
 48.33 ~~adjusted based upon actual or expected variation in claim experience;~~

- 49.1 ~~(3)~~ provisions concerning the health carrier's right to change premium rates and the
 49.2 ~~factors other than claim experience that affect changes in premium rates;~~
 49.3 ~~(4)~~ (2) provisions relating to renewability of coverage;
 49.4 ~~(5) the use and effect of any preexisting condition provisions, if permitted;~~
 49.5 ~~(6)~~ (3) the application of any provider network limitations and their effect on
 49.6 eligibility for benefits; and
 49.7 ~~(7)~~ (4) the ability of small employers to insure eligible employees and dependents
 49.8 currently receiving coverage from the Comprehensive Health Association through health
 49.9 benefit plans.

49.10 **EFFECTIVE DATE.** This section is effective January 1, 2014.

49.11 Sec. 54. Minnesota Statutes 2012, section 62L.08, is amended to read:

49.12 **62L.08 RESTRICTIONS RELATING TO PREMIUM RATES.**

49.13 Subdivision 1. **Rate restrictions.** Premium rates for all health benefit plans sold or
 49.14 issued to small employers are subject to the restrictions specified in this section.

49.15 ~~Subd. 2. **General premium variations.** Beginning July 1, 1993, each health carrier~~
 49.16 ~~must offer premium rates to small employers that are no more than 25 percent above~~
 49.17 ~~and no more than 25 percent below the index rate charged to small employers for the~~
 49.18 ~~same or similar coverage, adjusted pro rata for rating periods of less than one year. The~~
 49.19 ~~premium variations permitted by this subdivision must be based only on health status,~~
 49.20 ~~claims experience, industry of the employer, and duration of coverage from the date of~~
 49.21 ~~issue. For purposes of this subdivision, health status includes refraining from tobacco use~~
 49.22 ~~or other actuarially valid lifestyle factors associated with good health, provided that the~~
 49.23 ~~lifestyle factor and its effect upon premium rates have been determined to be actuarially~~
 49.24 ~~valid and approved by the commissioner. Variations permitted under this subdivision must~~
 49.25 ~~not be based upon age or applied differently at different ages. This subdivision does not~~
 49.26 ~~prohibit use of a constant percentage adjustment for factors permitted to be used under~~
 49.27 ~~this subdivision.~~

49.28 ~~Subd. 2a. **Renewal premium increases limited.** (a) Beginning January 1, 2003,~~
 49.29 ~~the percentage increase in the premium rate charged to a small employer for a new rating~~
 49.30 ~~period must not exceed the sum of the following:~~

- 49.31 ~~(1) the percentage change in the index rate measured from the first day of the prior~~
 49.32 ~~rating period to the first day of the new rating period;~~

50.1 ~~(2) an adjustment, not to exceed 15 percent annually and adjusted pro-rata for rating~~
 50.2 ~~periods of less than one year, due to the claims experience, health status, or duration of~~
 50.3 ~~coverage of the employees or dependents of the employer; and~~

50.4 ~~(3) any adjustment due to change in coverage or in the case characteristics of the~~
 50.5 ~~employer.~~

50.6 ~~(b) This subdivision does not apply if the employer, employee, or any applicant~~
 50.7 ~~provides the health carrier with false, incomplete, or misleading information.~~

50.8 Subd. 3. **Age-based premium variations.** ~~Beginning July 1, 1993,~~ Each health
 50.9 carrier may offer premium rates to small employers that vary based upon the ages of
 50.10 the eligible employees and dependents of the small employer only as provided in this
 50.11 subdivision. ~~In addition to the variation permitted by subdivision 2, each health carrier~~
 50.12 ~~may use an additional premium variation based upon age of up to plus or minus 50 percent~~
 50.13 ~~of the index rate.~~ Premium rates may vary based upon the ages of the eligible employees
 50.14 and dependents of the small employer in accordance with the provisions of the Affordable
 50.15 Care Act as defined in section 62A.011, subdivision 1a.

50.16 Subd. 4. **Geographic premium variations.** ~~A health carrier may request approval~~
 50.17 ~~by the commissioner to establish separate geographic regions determined by the health~~
 50.18 ~~carrier and to establish separate index rates for each such region~~ Premium rates may vary
 50.19 based on geographic rating areas set by the commissioner. The commissioner shall grant
 50.20 approval if the following conditions are met:

50.21 ~~(1) the geographic regions must be applied uniformly by the health carrier;~~

50.22 ~~(2) each geographic region must be composed of no fewer than seven counties that~~
 50.23 ~~create a contiguous region; and~~

50.24 ~~(3) the health carrier provides actuarial justification acceptable to the commissioner~~
 50.25 ~~for the proposed geographic variations in index rates, establishing that the variations are~~
 50.26 ~~based upon differences in the cost to the health carrier of providing coverage.~~

50.27 Subd. 5. **Gender-based rates prohibited.** ~~Beginning July 1, 1993,~~ No health carrier
 50.28 may determine premium rates through a method that is in any way based upon the gender
 50.29 of eligible employees or dependents. Rates must not in any way reflect marital status or
 50.30 generalized differences in expected costs between employees and spouses.

50.31 Subd. 6. **Rate cells permitted Tobacco rating.** ~~Health carriers may use rate cells~~
 50.32 ~~and must file with the commissioner the rate cells they use. Rate cells must be based on~~
 50.33 ~~the number of adults and children covered under the policy and may reflect the availability~~
 50.34 ~~of Medicare coverage. The rates for different rate cells must not in any way reflect marital~~
 50.35 ~~status or differences in expected costs between employees and spouses~~ Premium rates

51.1 may vary based upon tobacco use in accordance with the provisions of the Affordable
51.2 Care Act as defined in section 62A.011, subdivision 1a.

51.3 Subd. 7. **Index and Premium rate development.** (a) In developing its index rates
51.4 and premiums, a health carrier may take into account only the following factors:

51.5 (1) actuarially valid differences in benefit designs of health benefit plans; and
51.6 ~~(2) actuarially valid differences in the rating factors permitted in subdivisions 2 and 3;~~
51.7 ~~(3) (2) actuarially valid geographic variations if approved by the commissioner as~~
51.8 ~~provided in subdivision 4.~~

51.9 (b) All premium variations permitted under this section must be based upon
51.10 actuarially valid differences in expected cost to the health carrier of providing coverage.
51.11 The variation must be justified in initial rate filings and upon request of the commissioner in
51.12 rate revision filings. All premium variations are subject to approval by the commissioner.

51.13 Subd. 8. **Filing requirement.** A health carrier that offers, sells, issues, or renews a
51.14 health benefit plan for small employers shall file with the commissioner the index rates and
51.15 must demonstrate that all rates shall be within the rating restrictions defined in this chapter.
51.16 Such demonstration must include ~~the allowable range of rates from the index rates and a~~
51.17 ~~description of how the health carrier intends to use demographic factors including case~~
51.18 ~~characteristics in calculating the premium rates. The rates shall not be approved, unless the~~
51.19 ~~commissioner has determined that the rates are reasonable. In determining reasonableness,~~
51.20 ~~the commissioner shall consider the growth rates applied under section 62J.04, subdivision~~
51.21 ~~1, paragraph (b), to the calendar year or years that the proposed premium rate would be in~~
51.22 ~~effect, and actuarially valid changes in risk associated with the enrollee population, and~~
51.23 ~~actuarially valid changes as a result of statutory changes in Laws 1992, chapter 549.~~

51.24 Subd. 9. **Effect of assessments.** Premium rates must comply with the rating
51.25 requirements of this section, notwithstanding the imposition of any assessments or
51.26 premiums paid by health carriers as provided under sections 62L.13 to 62L.22.

51.27 ~~Subd. 10. **Rating report.** Beginning January 1, 1995, and annually thereafter, the~~
51.28 ~~commissioners of health and commerce shall provide a joint report to the legislature~~
51.29 ~~on the effect of the rating restrictions required by this section and the appropriateness~~
51.30 ~~of proceeding with additional rate reform. Each report must include an analysis of the~~
51.31 ~~availability of health care coverage due to the rating reform, the equitable and appropriate~~
51.32 ~~distribution of risk and associated costs, the effect on the self-insurance market, and any~~
51.33 ~~resulting or anticipated change in health plan design and market share and availability of~~
51.34 ~~health carriers.~~

51.35 Subd. 11. **Loss ratio standards.** Notwithstanding section 62A.02, subdivision 3,
51.36 relating to loss ratios, each policy or contract form used with respect to a health benefit

52.1 plan offered, or issued in the small employer market, is subject, beginning July 1, 1993,
 52.2 to section 62A.021. The commissioner of health has, with respect to carriers under that
 52.3 commissioner's jurisdiction, all of the powers of the commissioner of commerce under
 52.4 that section.

52.5 **EFFECTIVE DATE.** This section is effective January 1, 2014.

52.6 Sec. 55. Minnesota Statutes 2012, section 62L.12, subdivision 2, is amended to read:

52.7 Subd. 2. **Exceptions.** (a) A health carrier may sell, issue, or renew individual
 52.8 conversion policies to eligible employees otherwise eligible for conversion coverage under
 52.9 section 62D.104 as a result of leaving a health maintenance organization's service area.

52.10 (b) A health carrier may sell, issue, or renew individual conversion policies to
 52.11 eligible employees otherwise eligible for conversion coverage as a result of the expiration
 52.12 of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21,
 52.13 62C.142, 62D.101, and 62D.105.

52.14 (c) A health carrier may sell, issue, or renew conversion policies ~~under section~~
 52.15 ~~62E.16~~ to eligible employees.

52.16 (d) A health carrier may sell, issue, or renew individual continuation policies to
 52.17 eligible employees as required.

52.18 (e) A health carrier may sell, issue, or renew individual health plans if the coverage
 52.19 is appropriate due to an unexpired preexisting condition limitation or exclusion applicable
 52.20 to the person under the employer's group health plan or due to the person's need for health
 52.21 care services not covered under the employer's group health plan.

52.22 (f) A health carrier may sell, issue, or renew an individual health plan, if the
 52.23 individual has elected to buy the individual health plan not as part of a general plan to
 52.24 substitute individual health plans for a group health plan nor as a result of any violation of
 52.25 subdivision 3 or 4.

52.26 (g) A health carrier may sell, issue, or renew an individual health plan if coverage
 52.27 provided by the employer is determined to be unaffordable under the provisions of the
 52.28 Affordable Care Act as defined in section 62A.011, subdivision 1a.

52.29 (h) Nothing in this subdivision relieves a health carrier of any obligation to provide
 52.30 continuation or conversion coverage otherwise required under federal or state law.

52.31 ~~(h)~~ (i) Nothing in this chapter restricts the offer, sale, issuance, or renewal of
 52.32 coverage issued as a supplement to Medicare under sections 62A.3099 to 62A.44, or
 52.33 policies or contracts that supplement Medicare issued by health maintenance organizations,
 52.34 or those contracts governed by sections 1833, 1851 to 1859, 1860D, or 1876 of the federal
 52.35 Social Security Act, United States Code, title 42, section 1395 et seq., as amended.

53.1 ~~(j)~~ (j) Nothing in this chapter restricts the offer, sale, issuance, or renewal of
53.2 individual health plans necessary to comply with a court order.

53.3 ~~(k)~~ (k) A health carrier may offer, issue, sell, or renew an individual health plan to
53.4 persons eligible for an employer group health plan, if the individual health plan is a high
53.5 deductible health plan for use in connection with an existing health savings account, in
53.6 compliance with the Internal Revenue Code, section 223. In that situation, the same or
53.7 a different health carrier may offer, issue, sell, or renew a group health plan to cover
53.8 the other eligible employees in the group.

53.9 ~~(l)~~ (l) A health carrier may offer, sell, issue, or renew an individual health plan to
53.10 one or more employees of a small employer if the individual health plan is marketed
53.11 directly to all employees of the small employer and the small employer does not contribute
53.12 directly or indirectly to the premiums or facilitate the administration of the individual
53.13 health plan. The requirement to market an individual health plan to all employees does not
53.14 require the health carrier to offer or issue an individual health plan to any employee. For
53.15 purposes of this paragraph, an employer is not contributing to the premiums or facilitating
53.16 the administration of the individual health plan if the employer does not contribute to the
53.17 premium and merely collects the premiums from an employee's wages or salary through
53.18 payroll deductions and submits payment for the premiums of one or more employees in a
53.19 lump sum to the health carrier. Except for coverage under section 62A.65, subdivision 5,
53.20 paragraph (b), ~~or 62E.16~~, at the request of an employee, the health carrier may bill the
53.21 employer for the premiums payable by the employee, provided that the employer is not
53.22 liable for payment except from payroll deductions for that purpose. If an employer is
53.23 submitting payments under this paragraph, the health carrier shall provide a cancellation
53.24 notice directly to the primary insured at least ten days prior to termination of coverage for
53.25 nonpayment of premium. Individual coverage under this paragraph may be offered only
53.26 if the small employer has not provided coverage under section 62L.03 to the employees
53.27 within the past 12 months.

53.28 ~~The employer must provide a written and signed statement to the health carrier that~~
53.29 ~~the employer is not contributing directly or indirectly to the employee's premiums. The~~
53.30 ~~health carrier may rely on the employer's statement and is not required to guarantee issue~~
53.31 ~~individual health plans to the employer's other current or future employees.~~

53.32 **EFFECTIVE DATE.** This section is effective January 1, 2014.

53.33 Sec. 56. Minnesota Statutes 2012, section 62M.05, subdivision 3a, is amended to read:

53.34 Subd. 3a. **Standard review determination.** (a) Notwithstanding subdivision 3b, an
53.35 initial determination on all requests for utilization review must be communicated to the

54.1 provider and enrollee in accordance with this subdivision within ten business days of the
54.2 request, provided that all information reasonably necessary to make a determination on the
54.3 request has been made available to the utilization review organization.

54.4 (b) When an initial determination is made to certify, notification must be provided
54.5 promptly by telephone to the provider. The utilization review organization shall send
54.6 written notification to the provider or shall maintain an audit trail of the determination
54.7 and telephone notification. For purposes of this subdivision, "audit trail" includes
54.8 documentation of the telephone notification, including the date; the name of the person
54.9 spoken to; the enrollee; the service, procedure, or admission certified; and the date of
54.10 the service, procedure, or admission. If the utilization review organization indicates
54.11 certification by use of a number, the number must be called the "certification number."
54.12 For purposes of this subdivision, notification may also be made by facsimile to a verified
54.13 number or by electronic mail to a secure electronic mailbox. These electronic forms of
54.14 notification satisfy the "audit trail" requirement of this paragraph.

54.15 (c) When an initial determination is made not to certify, notification must be
54.16 provided by telephone, by facsimile to a verified number, or by electronic mail to a secure
54.17 electronic mailbox within one working day after making the determination to the attending
54.18 health care professional and hospital as applicable. Written notification must also be sent
54.19 to the hospital as applicable and attending health care professional if notification occurred
54.20 by telephone. For purposes of this subdivision, notification may be made by facsimile to a
54.21 verified number or by electronic mail to a secure electronic mailbox. Written notification
54.22 must be sent to the enrollee and may be sent by United States mail, facsimile to a verified
54.23 number, or by electronic mail to a secure mailbox. The written notification must include
54.24 the principal reason or reasons for the determination and the process for initiating an appeal
54.25 of the determination. Upon request, the utilization review organization shall provide the
54.26 provider or enrollee with the criteria used to determine the necessity, appropriateness,
54.27 and efficacy of the health care service and identify the database, professional treatment
54.28 parameter, or other basis for the criteria. Reasons for a determination not to certify may
54.29 include, among other things, the lack of adequate information to certify after a reasonable
54.30 attempt has been made to contact the provider or enrollee.

54.31 (d) When an initial determination is made not to certify, the written notification must
54.32 inform the enrollee and the attending health care professional of the right to submit an
54.33 appeal to the internal appeal process described in section 62M.06 and the procedure for
54.34 initiating the internal appeal. The written notice shall be provided in a culturally and
54.35 linguistically appropriate manner consistent with the provisions of the Affordable Care
54.36 Act as defined under section 62A.011, subdivision 1a.

55.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

55.2 Sec. 57. Minnesota Statutes 2012, section 62M.06, subdivision 1, is amended to read:

55.3 Subdivision 1. **Procedures for appeal.** A utilization review organization must have
 55.4 written procedures for appeals of determinations not to certify. The right to appeal must
 55.5 be available to the enrollee and to the attending health care professional. The enrollee
 55.6 shall be allowed to review the information relied upon in the course of the appeal, present
 55.7 evidence and testimony as part of the appeals process, and receive continued coverage
 55.8 pending the outcome of the appeals process.

 55.26 plan company;

55.27 (6) does not condition membership in the association on any health status related
 55.28 factor;

55.29 (7) has at least 1,000 members if it is a national association, 500 members if it is a
 55.30 state association, or 200 members if it is a local association;

 55.32 any health status related factor;

56.1 (9) does not make health plans offered through the association available other than
56.2 in connection with a member of the association;

56.3 (10) is governed by a board of directors and sponsors annual meeting of its
56.4 members; and

 57.3 continuing care to the enrollee, and who may be required by the health plan company
 57.4 to initiate a referral for specialty care and maintain supervision of health care services
 57.5 rendered to the enrollee.

57.6 **EFFECTIVE DATE.** This section is effective the day following final enactment.

57.7 Sec. 65. Minnesota Statutes 2012, section 62Q.01, is amended by adding a subdivision

 57.14 marital status, or student status. For coverage under plans offered by the Minnesota
 57.15 Comprehensive Health Association, dependent to the limiting age means dependent

58.20 Sec. 69. **[62Q.186] PROHIBITION ON RESCISSIONS OF HEALTH PLANS.**

58.21 Subdivision 1. **Definitions.** (a) "Rescission" means a cancellation or discontinuance
 58.22 of coverage under a health plan that has a retroactive effect.

58.23 (b) "Rescission" does not include:

58.24 (1) a cancellation or discontinuance of coverage under a health plan if:

58.25 (i) the cancellation or discontinuance of coverage has only a prospective effect; or

58.26 (ii) the cancellation or discontinuance of coverage is effective retroactively to the
 58.27 extent it is attributable to a failure to timely pay required premiums or contributions
 58.28 toward the cost of coverage; or

58.29 (2) when the health plan covers only active employees and, if applicable,
 58.30 dependents and those covered under continuation coverage provisions, the employee
 58.31 pays no premiums for coverage after termination of employment and the cancellation or

59.1 discontinuance of coverage is effective retroactively back to the date of termination of
 59.2 employment due to a delay in administrative record-keeping.

59.3 Subd. 2. **Prohibition on rescissions.** (a) A health plan company shall not rescind
 59.4 coverage under a health plan with respect to an individual, including a group to which
 59.5 the individual belongs or family coverage in which the individual is included, after the
 59.6 individual is covered under the health plan, unless:

59.7 (1) the individual or a person seeking coverage on behalf of the individual, performs
 59.8 an act, practice, or omission that constitutes fraud; or

59.9 (2) the individual makes an intentional misrepresentation or omission of material
 59.10 fact, as prohibited by the terms of the health plan.

59.11 For purposes of this section, a person seeking coverage on behalf of an individual
 59.12 does not include an insurance producer or employee or authorized representative of the
 59.13 health carrier.

 59.15 United States Code, title 42, section 300gg-91(c), or regulations enacted thereunder
 59.16 from time to time.

 68.12 by a nonparticipating provider, with or without prior authorization, the health plan
 68.13 company shall not impose coverage restrictions or limitations that are more restrictive
 68.14 than apply to emergency services received from a participating provider. Cost-sharing

70.1 In determining whether an individual has received benefits that meet or exceed the
70.2 allowable limits, a health plan company shall take into account only essential health
70.3 benefits.

70.4 Subd. 7. **Waivers.** For plan or policy years beginning before January 1, 2014, a
70.5 health plan is exempt from the annual limit requirements if the health plan is approved for
70.6 a waiver from the requirements by the United States Department of Health and Human
70.7 Services, but the exemption only applies for the specified period of time that the waiver
70.8 from the United States Department of Health and Human Services is applicable.

70.9 Subd. 8. **Notices.** (a) At the time a health plan company receives a waiver from the
70.10 United States Department of Health and Human Services, the health plan company shall
70.11 notify prospective applicants and affected policyholders and the commissioner in each
70.12 state where prospective applicants and any affected insured are known to reside.

70.13 (b) At the time the waiver expires or is otherwise no longer in effect, the health plan
70.14 company shall notify affected policyholders and the commissioner in each state where
70.15 any affected insured is known to reside.

70.16 Subd. 9. **Reinstatement.** A health plan company shall comply with all provisions of
70.17 the Affordable Care Act with regard to reinstatement of coverage for individuals whose

70.19 on the dollar value of all benefits for the individual.

70.20 Subd. 10. **Compliance.** This section does not require compliance with any
70.21 provision of the Affordable Care Act before the effective date provided for that provision

70.24 Sec. 80. Minnesota Statutes 2012, section 62Q.68, subdivision 1, is amended to read:

70.25 Subdivision 1. **Application.** For purposes of sections 62Q.68 to 62Q.72, the terms
70.26 defined in this section have the meanings given them. For purposes of sections 62Q.69
70.27 and 62Q.70, the term "health plan company" does not include an insurance company
70.28 licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness
70.29 insurance as defined in section 62A.01 or a nonprofit health service plan corporation
70.30 regulated under chapter 62C that only provides dental coverage or vision coverage. For
70.31 purposes of sections 62Q.69 through 62Q.73, the term "health plan company" does
70.32 not include the Comprehensive Health Association created under chapter 62E. Section
70.33 62Q.70 does not apply to individual coverage. However, a health plan company offering
70.34 individual coverage may, pursuant to section 62Q.69, subdivision 3, paragraph (c), follow
70.35 the process outlined in section 62Q.70.

71.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

71.2 Sec. 81. Minnesota Statutes 2012, section 62Q.69, subdivision 3, is amended to read:

71.3 Subd. 3. **Notification of complaint decisions.** (a) The health plan company must
 71.4 notify the complainant in writing of its decision and the reasons for it as soon as practical
 71.5 but in no case later than 30 days after receipt of a written complaint. If the health plan
 71.6 company cannot make a decision within 30 days due to circumstances outside the control
 71.7 of the health plan company, the health plan company may take up to 14 additional days to
 71.8 notify the complainant of its decision. If the health plan company takes any additional
 71.9 days beyond the initial 30-day period to make its decision, it must inform the complainant,
 71.10 in advance, of the extension and the reasons for the extension.

71.11 (b) For group health plans, if the decision is partially or wholly adverse to the
 71.12 complainant, the notification must inform the complainant of the right to appeal the
 71.13 decision to the health plan company's internal appeal process described in section 62Q.70
 71.14 and the procedure for initiating an appeal.

71.15 (c) For individual health plans, if the decision is partially or wholly adverse to
 71.16 the complainant, the notification must inform the complainant of the right to submit the
 71.17 complaint decision to the external review process described in section 62Q.73 and the
 71.18 procedure for initiating the external process. Notwithstanding the provisions in this
 71.19 subdivision, a health plan company offering individual coverage may instead follow the
 71.20 process for group health plans outlined in paragraph (b).

71.21 ~~(e)~~ (d) The notification must also inform the complainant of the right to submit the
 71.22 complaint at any time to either the commissioner of health or commerce for investigation
 71.23 and the toll-free telephone number of the appropriate commissioner.

71.24 **EFFECTIVE DATE.** This section is effective the day following final enactment.

71.25 Sec. 82. Minnesota Statutes 2012, section 62Q.70, subdivision 1, is amended to read:

71.26 Subdivision 1. **Establishment.** (a) Each health plan company shall establish an
 71.27 internal appeal process for reviewing a health plan company's decision regarding a
 71.28 complaint filed in accordance with section 62Q.69. The appeal process must meet the
 71.29 requirements of this section. This section applies only to group health plans. However,
 71.30 a health plan company offering individual coverage may, pursuant to section 62Q.69,
 71.31 subdivision 3, paragraph (c), follow the process outlined in this section.

71.32 (b) The person or persons with authority to resolve or recommend the resolution of
 71.33 the internal appeal must not be solely the same person or persons who made the complaint
 71.34 decision under section 62Q.69.

72.1 (c) The internal appeal process must permit the enrollee to review the information
 72.2 relied upon in the course of the appeal and the receipt of testimony, correspondence,
 72.3 explanations, or other information from the complainant, staff persons, administrators,
 72.4 providers, or other persons as deemed necessary by the person or persons investigating or
 72.5 presiding over the appeal.

72.6 (d) The enrollee must be allowed to receive continued coverage pending the
 72.7 outcome of the appeals process.

72.8 **EFFECTIVE DATE.** This section is effective the day following final enactment.

72.9 Sec. 83. Minnesota Statutes 2012, section 62Q.70, subdivision 2, is amended to read:

72.10 Subd. 2. **Procedures for filing an appeal.** The health plan company must provide
 72.11 notice to enrollees of its internal appeals process, in a culturally and linguistically
 72.12 appropriate manner consistent with the provisions of the Affordable Care Act. If a
 72.13 complainant notifies the health plan company of the complainant's desire to appeal the
 72.14 health plan company's decision regarding the complaint through the internal appeal
 72.15 process, the health plan company must provide the complainant the option for the appeal
 72.16 to occur either in writing or by hearing.

72.17 **EFFECTIVE DATE.** This section is effective the day following final enactment.

72.18 Sec. 84. Minnesota Statutes 2012, section 62Q.71, is amended to read:

72.19 **62Q.71 NOTICE TO ENROLLEES.**

72.20 Each health plan company shall provide to enrollees a clear and concise description
 72.21 of its complaint resolution procedure, if applicable under section 62Q.68, subdivision 1,
 72.22 and the procedure used for utilization review as defined under chapter 62M as part of
 72.23 the member handbook, subscriber contract, or certificate of coverage. If the health plan
 72.24 company does not issue a member handbook, the health plan company may provide
 72.25 the description in another written document. The description must specifically inform
 72.26 enrollees:

72.27 (1) how to submit a complaint to the health plan company;

72.28 (2) if the health plan includes utilization review requirements, how to notify the
 72.29 utilization review organization in a timely manner and how to obtain certification for

73.1 (4) of the right to file a complaint with either the commissioner of health or
73.2 commerce at any time during the complaint and appeal process;

73.3 (5) of the toll-free telephone number of the appropriate commissioner; and

73.4 (6) of the right, for individual and group coverage, to obtain an external review
73.5 under section 62Q.73 and a description of when and how that right may be exercised,
73.6 including that under most circumstances an enrollee must exhaust the internal complaint
73.7 or appeal process prior to external review. However, an enrollee may proceed to external
73.8 review without exhausting the internal complaint or appeal process under the following
73.9 circumstances:

73.10 (i) the health plan company waives the exhaustion requirement;

73.11 (ii) the health plan company is considered to have waived the exhaustion requirement
73.12 by failing to substantially comply with any requirements including, but not limited to,
73.13 time limits for internal complaints or appeals; or

73.14 (iii) the enrollee has applied for an expedited external review at the same time the
73.15 enrollee qualifies for and has applied for an expedited internal review under chapter 62M.

73.16 **EFFECTIVE DATE.** This section is effective the day following final enactment.

73.17 Sec. 85. Minnesota Statutes 2012, section 62Q.73, is amended to read:

73.29 with section 62M.06 and the appeal did not reverse the initial determination not to certify; or

73.30 ~~(3) (5)~~ (5) a decision relating to a health care service made by a health plan company
73.31 licensed under chapter 60A that denies the service on the basis that the service was not
73.32 medically necessary; or

73.33 (6) the enrollee has met the requirements of subdivision 6, paragraph (e).

74.1 An adverse determination does not include complaints relating to fraudulent marketing
74.2 practices or agent misrepresentation.

74.3 Subd. 2. **Exception.** (a) This section does not apply to governmental programs
74.4 except as permitted under paragraph (b). For purposes of this subdivision, "governmental

74.9 commissioner of human services under section 256.045, the recipient may request an
74.10 expert medical opinion be arranged by the external review entity under contract to provide
74.11 independent external reviews under this section. If such a request is made, the cost of the
74.12 review shall be paid by the commissioner of human services. Any medical opinion obtained
74.13 under this paragraph shall only be used by a state human services referee as evidence in
74.14 the recipient's appeal to the commissioner of human services under section 256.045.

74.15 (c) Nothing in this subdivision shall be construed to limit or restrict the appeal rights
74.16 provided in section 256.045 for governmental program recipients.

74.17 Subd. 3. **Right to external review.** (a) Any enrollee or anyone acting on behalf
74.18 of an enrollee who has received an adverse determination may submit a written request
74.19 for an external review of the adverse determination, if applicable under section 62Q.68,
74.20 subdivision 1, or 62M.06, to the commissioner of health if the request involves a health
74.21 plan company regulated by that commissioner or to the commissioner of commerce if the

74.23 the enrollee's right to external review must accompany the denial issued by the insurer.
74.24 The written request must be accompanied by a filing fee of \$25. The fee may be waived
74.25 by the commissioner of health or commerce in cases of financial hardship and must be
74.26 refunded if the adverse determination is completely reversed. No enrollee may be subject
74.27 to filing fees totaling more than \$75 during a plan year for group coverage or policy year
74.28 for individual coverage.

74.29 (b) Nothing in this section requires the commissioner of health or commerce to
74.30 independently investigate an adverse determination referred for independent external
74.31 review.

74.32 (c) If an enrollee requests an external review, the health plan company must
74.33 participate in the external review. The cost of the external review in excess of the filing
74.34 fee described in paragraph (a) shall be borne by the health plan company.

74.35 (d) The enrollee must request external review within six months from the date of
74.36 the adverse determination.

75.1 Subd. 4. **Contract.** Pursuant to a request for proposal, the commissioner of

 75.3 contract with ~~an organization~~ at least three organizations or business ~~entity~~ entities to
 75.4 provide independent external reviews of all adverse determinations submitted for external

 75.8 demonstrate:

75.23 ~~(b) The commissioner of administration shall take into consideration, in awarding~~
 75.24 ~~the contract according to subdivision 4, any national accreditation standards that pertain to~~
 75.25 ~~an external review entity.~~

75.26 Subd. 6. **Process.** (a) Upon receiving a request for an external review, the
 75.27 commissioner shall assign an external review entity on a random basis. The assigned
 75.28 external review entity must provide immediate notice of the review to the enrollee and to
 75.29 the health plan company. Within ten business days of receiving notice of the review, the
 75.30 health plan company and the enrollee must provide the assigned external review entity
 75.31 with any information that they wish to be considered. Each party shall be provided an
 75.32 opportunity to present its version of the facts and arguments. The assigned external review
 75.33 entity must furnish to the health plan company any additional information submitted by
 75.34 the enrollee within one business day of receipt. An enrollee may be assisted or represented
 75.35 by a person of the enrollee's choice.

76.1 (b) As part of the external review process, any aspect of an external review involving

76.18 (7) the developer or manufacturer of the principle drug, device, procedure, or other
76.19 therapy being recommended.

76.20 (e)(1) An expedited external review must be provided if the enrollee requests it
76.21 after receiving:

76.22 (i) an adverse determination that involves a medical condition for which the time
76.23 frame for completion of an expedited internal appeal would seriously jeopardize the life
76.24 or health of the enrollee or would jeopardize the enrollee's ability to regain maximum
76.25 function and the enrollee has simultaneously requested an expedited internal appeal;

76.26 (ii) an adverse determination that concerns an admission, availability of care,
76.27 continued stay, or health care service for which the enrollee received emergency services
76.28 but has not been discharged from a facility; or

76.29 (iii) an adverse determination that involves a medical condition for which the
76.30 standard external review time would seriously jeopardize the life or health of the enrollee
76.31 or jeopardize the enrollee's ability to regain maximum function.

76.32 (2) The external review entity must make its expedited determination to uphold or
76.33 reverse the adverse determination as expeditiously as possible but within no more than 72
76.34 hours after the receipt of the request for expedited review and notify the enrollee and the
76.35 health plan company of the determination.

77.1 (3) If the external review entity's notification is not in writing, the external review
77.2 entity must provide written confirmation of the determination within 48 hours of the
77.3 notification.

77.4 Subd. 7. **Standards of review.** (a) For an external review of any issue in an adverse
77.5 determination that does not require a medical necessity determination, the external review
77.6 must be based on whether the adverse determination was in compliance with the enrollee's
77.7 health benefit plan.

77.8 (b) For an external review of any issue in an adverse determination by a health plan
77.9 company licensed under chapter 62D that requires a medical necessity determination, the
77.10 external review must determine whether the adverse determination was consistent with the
77.11 definition of medically necessary care in Minnesota Rules, part 4685.0100, subpart 9b.

77.12 (c) For an external review of any issue in an adverse determination by a health plan
77.13 company, other than a health plan company licensed under chapter 62D, that requires a
77.14 medical necessity determination, the external review must determine whether the adverse
77.15 determination was consistent with the definition of medically necessary care in section
77.16 62Q.53, subdivision 2.

77.17 (d) For an external review of an adverse determination involving experimental
77.18 or investigational treatment, the external review entity must base its decision on all
77.19 documents submitted by the health plan company and enrollee, including medical

77.23 Subd. 8. **Effects of external review.** A decision rendered under this section shall
77.24 be nonbinding on the enrollee and binding on the health plan company. The health plan
77.25 company may seek judicial review of the decision on the grounds that the decision was
77.26 arbitrary and capricious or involved an abuse of discretion.

77.27 Subd. 9. **Immunity from civil liability.** A person who participates in an external
77.28 review by investigating, reviewing materials, providing technical expertise, or rendering a
77.29 decision shall not be civilly liable for any action that is taken in good faith, that is within
77.30 the scope of the person's duties, and that does not constitute willful or reckless misconduct.

77.31 Subd. 10. **Data reporting.** The commissioners shall make available to the public,
77.32 upon request, summary data on the decisions rendered under this section, including the
77.33 number of reviews heard and decided and the final outcomes. Any data released to the
77.34 public must not individually identify the enrollee initiating the request for external review.

77.35 **EFFECTIVE DATE.** This section is effective the day following final enactment.

62A.65 INDIVIDUAL MARKET REGULATION.

Subd. 6. **Guaranteed issue not required.** Nothing in this section requires a health carrier to initially issue a health plan to a Minnesota resident, except as otherwise expressly provided in subdivision 4 or 5.

62E.02 DEFINITIONS.

Subd. 7. **Dependent.** "Dependent" means a spouse or unmarried child under the age of 25, or a dependent child of any age who is disabled.

62E.16 POLICY CONVERSION RIGHTS.

Every program of self-insurance, policy of group accident and health insurance or contract of coverage by a health maintenance organization written or renewed in this state, shall include, in addition to the provisions required by section 62A.17, the right to convert to an individual coverage qualified plan without the addition of underwriting restrictions after the individual insured has exhausted any continuation coverage provided under section 62A.146; 62A.148; 62A.17, subdivisions 1 and 2; 62A.20; 62A.21; 62C.142; 62D.101; or 62D.105, or continuation coverage provided under federal law, if any continuation coverage is available to the individual, and then leaves the group regardless of the reason for leaving the group or if an employer member of a group ceases to remit payment so as to terminate coverage for its employees, or upon cancellation or termination of the coverage for the group except where uninterrupted and continuous group coverage is otherwise provided to the group. If the health maintenance organization has canceled coverage for the group because of a loss of providers in a service area, the health maintenance organization shall arrange for other health maintenance or indemnity conversion options that shall be offered to enrollees without the addition of underwriting restrictions. The required conversion contract must treat pregnancy the same as any other covered illness under the conversion contract. The person may exercise this right to conversion within 30 days of exhausting any continuation coverage provided under section 62A.146; 62A.148; 62A.17, subdivisions 1 and 2; 62A.20; or 62A.21, or continuation coverage provided under federal law, and then leaving the group or within 30 days following receipt of due notice of cancellation or termination of coverage of the group or of the employer member of the group and upon payment of premiums from the date of termination or cancellation. Due notice of cancellation or termination of coverage for a group or of the employer member of the group shall be provided to each employee having coverage in the group by the insurer, self-insurer or health maintenance organization canceling or terminating the coverage except where reasonable evidence indicates that uninterrupted and continuous group coverage is otherwise provided to the group. Every employer having a policy of group accident and health insurance, group subscriber or contract of coverage by a health maintenance organization shall, upon request, provide the insurer or health maintenance organization a list of the names and addresses of covered employees. Plans of health coverage shall also include a provision which, upon the death of the individual in whose name the contract was issued, permits every other individual then covered under the contract to elect, within the period specified in the contract, to continue coverage under the same or a different contract without the addition of underwriting restrictions until the individual would have ceased to have been entitled to coverage had the individual in whose name the contract was issued lived. An individual conversion contract issued by a health maintenance organization shall not be deemed to be an individual enrollment contract for the purposes of section 62D.10. An individual health plan offered under section 62A.65, subdivision 5, paragraph (b), to a person satisfies the health carrier's obligation to offer conversion coverage under this section with respect to that person.

Subd. 3. **Maintenance of effort.** The assessments made by the comprehensive health association on its member insurers must comply with the maintenance of effort requirement contained in paragraph (b), clause (3), of the federal law, to the extent that the requirement applies to assessments made by the association.

The commissioner of human services shall ensure that applicants for coverage under medical assistance or MinnesotaCare who are determined not to be eligible for those programs are provided information about coverage through the federal qualified high-risk pool and the Minnesota Comprehensive Health Association.

For purposes of this clause, loss of eligibility includes loss of eligibility as a result of legal separation, divorce, death, termination of employment, or reduction in the number of hours of employment. For purposes of this clause, an individual is not a late entrant if the individual elects coverage under the health benefit plan rather than accepting continuation coverage for which the individual is eligible under state or federal law with respect to the individual's previous qualifying coverage;

(2) the individual has lost coverage under another group health plan due to the expiration of benefits available under the Consolidated Omnibus Budget Reconciliation Act of 1985, Public Law 99-272, as amended, and any state continuation laws applicable to the employer or health carrier, provided that the individual maintains continuous coverage and requests enrollment within 30 days of the loss of coverage;

(3) the individual is a new spouse of an eligible employee, provided that enrollment is requested within 30 days of becoming legally married;

(4) the individual is a new dependent child of an eligible employee, provided that enrollment is requested within 30 days of becoming a dependent;

(5) the individual is employed by an employer that offers multiple health benefit plans and the individual elects a different plan during an open enrollment period; or

(6) a court has ordered that coverage be provided for a former spouse or dependent child under a covered employee's health benefit plan and request for enrollment is made within 30 days after issuance of the court order.

Subd. 24. **Qualifying coverage.** "Qualifying coverage" means health benefits or health coverage provided under:

- (1) a health benefit plan, as defined in this section, but without regard to whether it is issued to a small employer and including blanket accident and sickness insurance, other than accident-only coverage, as defined in section 62A.11;

62L.05 SMALL EMPLOYER PLAN BENEFITS.

Subdivision 1. **Two small employer plans.** Each health carrier in the small employer market must make available, on a guaranteed issue basis, to any small employer that satisfies the contribution and participation requirements of section 62L.03, subdivision 3, both of the small employer plans described in subdivisions 2 and 3. Under subdivisions 2 and 3, coinsurance and deductibles do not apply to child health supervision services and prenatal services, as defined by section 62A.047. The maximum out-of-pocket costs for covered services must be \$3,000 per individual and \$6,000 per family per year. The maximum lifetime benefit must be not less than \$1,000,000.

Subd. 2. **Deductible-type small employer plan.** The benefits of the deductible-type small employer plan offered by a health carrier must be equal to 80 percent of the charges, as specified in subdivision 10, for health care services, supplies, or other articles covered under the small employer plan, in excess of an annual deductible which must be \$2,250 per individual and \$4,500 per family.

Subd. 3. **Co-payment-type small employer plan.** The benefits of the co-payment-type small employer plan offered by a health carrier must be equal to 80 percent of the charges, as specified in subdivision 10, for health care services, supplies, or other articles covered under the small employer plan, in excess of the following co-payments:

- (1) \$15 per outpatient visit, including visits to an urgent care center but not including visits to a hospital outpatient department or emergency room, or similar facility;
- (2) \$15 per visit for the services of a home health agency or private duty registered nurse;
- (3) \$50 per outpatient visit to a hospital outpatient department or emergency room, or similar facility; and
- (4) \$300 per inpatient admission to a hospital.

Subd. 4. **Benefits.** The medical services and supplies listed in this subdivision are the benefits that must be covered by the small employer plans described in subdivisions 2 and 3. Benefits under this subdivision may be provided through the managed care procedures practiced by health carriers:

- (1) inpatient and outpatient hospital services, excluding services provided for the diagnosis, care, or treatment of chemical dependency or a mental illness or condition, other than those conditions specified in clauses (10) and (11). The health care services required to be

APPENDIX

Repealed Minnesota Statutes: S0662-1

covered under this clause must also be covered if rendered in a nonhospital environment, on the same basis as coverage provided for those same treatments or services if rendered in a hospital, provided, however, that this sentence must not be interpreted as expanding the types or extent of services covered;

(2) physician, chiropractor, and nurse practitioner services for the diagnosis or treatment of illnesses, injuries, or conditions;

(3) diagnostic x-rays and laboratory tests;

(4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition, or as otherwise required by the health carrier;

(5) services of a home health agency if the services qualify as reimbursable services under Medicare;

(6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;

(7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids, unless coverage is required under section 62Q.675;

(8) child health supervision services up to age 18, as defined in section 62A.047;

(9) maternity and prenatal care services, as defined in sections 62A.041 and 62A.047;

(10) inpatient hospital and outpatient services for the diagnosis and treatment of certain mental illnesses or conditions, as defined by the International Classification of Diseases-Clinical Modification (ICD-9-CM), seventh edition (1990) and as classified as ICD-9 codes 295 to 299; and

(11) 50 percent of eligible charges for prescription drugs, up to a separate annual maximum out-of-pocket expense of \$1,000 per individual for prescription drugs, and 100 percent of eligible charges thereafter.

Subd. 4a. **Alternative benefit plan.** In addition to the small employer benefit plans described in subdivisions 1 to 4, a health carrier may offer to a small employer a benefit plan that differs from those plans in the following respects:

(1) the plan may include different co-payments and deductibles; and

(2) the plan may offer coverage on a per diem, fixed indemnity, or nonexpense incurred basis.

Subd. 5. **Plan variations.** (a) No health carrier shall offer to a small employer a health benefit plan that differs from the small employer plans described in subdivisions 1 to 4a, unless the health benefit plan complies with all provisions of chapters 62A, 62C, 62D, 62E, 62H, 62N, 62Q, and 64B that otherwise apply to the health carrier, except as expressly permitted by paragraph (b).

(b) As an exception to paragraph (a), a health benefit plan is deemed to be a small employer plan and to be in compliance with paragraph (a) if it differs from one of the two small employer plans described in subdivisions 1 to 4 only by providing benefits in addition to those described in subdivision 4, provided that the health benefit plan has an actuarial value that exceeds the actuarial value of the benefits described in subdivision 4 by no more than two percent. "Benefits in addition" means additional units of a benefit listed in subdivision 4 or one or more benefits not listed in subdivision 4.

Subd. 6. **Choice products exception.** Nothing in subdivision 1 prohibits a health carrier from offering a small employer plan which provides for different benefit coverages based on whether the benefit is provided through a primary network of providers or through a secondary network of providers so long as the benefits provided in the primary network equal the benefit requirements of the small employer plan as described in this section. For purposes of products issued under this subdivision, out-of-pocket costs in the secondary network may exceed the out-of-pocket limits described in subdivision 1. A secondary network must not be used to provide "benefits in addition" as defined in subdivision 5, except in compliance with that subdivision.

Subd. 7. **Benefit exclusions.** No medical, hospital, or other health care benefits, services, supplies, or articles not expressly specified in subdivision 4 are required to be included in a small employer plan. Nothing in subdivision 4 restricts the right of a health carrier to restrict coverage to those services, supplies, or articles which are medically necessary. Health carriers may exclude a benefit, service, supply, or article not expressly specified in subdivision 4 from a small employer plan.

Subd. 11. **Plan design.** Notwithstanding any other law, regulation, or administrative interpretation to the contrary, health carriers may offer small employer plans through any provider arrangement, including, but not limited to, the use of open, closed, or limited provider networks. A health carrier may only use product and network designs currently allowed under existing statutory requirements. The provider networks offered by any health carrier may be specifically designed for the small employer market and may be modified at the carrier's election so long as all otherwise applicable regulatory requirements are met. Health carriers may use professionally recognized provider standards of practice when they are available, and may use utilization

APPENDIX

Repealed Minnesota Statutes: S0662-1

management practices otherwise permitted by law, including, but not limited to, second surgical opinions, prior authorization, concurrent and retrospective review, referral authorizations, case management, and discharge planning. A health carrier may contract with groups of providers with respect to health care services or benefits, and may negotiate with providers regarding the level or method of reimbursement provided for services rendered under a small employer plan.

Subd. 12. **Demonstration projects.** Nothing in this chapter prohibits a health maintenance organization from offering a demonstration project authorized under section 62D.30. The commissioner of health may approve a demonstration project which offers benefits that do not meet the requirements of a small employer plan if the commissioner finds that the requirements of section 62D.30 are otherwise met.

Subd. 13. **Notice of plan availability.** Each health carrier in the small employer market must provide information to small employers regarding the availability of the plans described in subdivisions 2 and 3, and in section 62Q.188. At a minimum, each health carrier must provide information describing the plans and their availability:

(1) displayed with other small employer product information on the health carrier's public Web site; and

(2) delivered to each small employer currently insured by the health carrier at the time of the small employer's renewal, at the same time and in the same manner as the small employer's renewal information.

62L.081 PHASE-IN.

Subdivision 1. **Compliance.** No health carrier, as defined in section 62L.02, shall renew any health benefit plan, as defined in section 62L.02, except in compliance with this section.

Subd. 2. **Premium adjustments.** (a) Any increase or decrease in premiums by a health carrier that is caused by section 62L.08, and that is greater than 30 percent, is subject to this subdivision. A health carrier shall determine renewal premiums only as follows:

(1) one-half of that premium increase or decrease may be charged upon the first renewal of the coverage on or after July 1, 1993; and

(2) the remaining one-half of that premium increase or decrease may be charged upon the renewal of the coverage one year after the date of the renewal under clause (1).

(b) For purposes of this subdivision, the premium increase or decrease is the total premium increase or decrease caused by section 62L.08 and not just the portion that exceeds 30 percent. This subdivision does not apply to any portion of a premium increase or decrease that is not caused by section 62L.08.

62L.10 SUPERVISION BY COMMISSIONER.

Subd. 5. **Transitional practices.** The commissioner shall disapprove index rates, premium variations, or other practices of a health carrier if they violate the spirit of this chapter and are the result of practices engaged in by the health carrier between April 23, 1992, and July 1, 1993, where the practices engaged in were carried out for the purpose of evading the spirit of this chapter. Each health carrier shall report to the commissioner, within 30 days and on a form prescribed by the commissioner, each cancellation, nonrenewal, or other termination of coverage of a small employer between April 23, 1992, and June 30, 1993. The health carrier shall provide any related information requested by the commissioner within the time specified in the request. Any health carrier that engages in a practice of terminating or inducing termination of coverage of small employers in order to evade the effects of Laws 1992, chapter 549, is guilty of an unfair method of competition and an unfair or deceptive act or practice in the business of insurance and is subject to the remedies provided in sections 72A.17 to 72A.32.

62Q.37 AUDITS CONDUCTED BY INDEPENDENT ORGANIZATION.

Subd. 5. **Accreditation not required.** Nothing in this section requires a health plan company to seek an acceptable accreditation status from a nationally recognized independent organization.
