2.6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

2.7 **ARTICLE 1**

2.8 **GENERAL EDUCATION**

2.9 Section 1. Minnesota Statutes 2018, section 120A.20, subdivision 2, is amended to read:

2.10 Subd. 2. **Education, residence, and transportation of homeless.** (a) Notwithstanding  
 2.11 subdivision 1, a district must not deny free admission to a homeless pupil solely because  
 2.12 the district cannot determine that the pupil is a resident of the district.

2.13 (b) The school district of residence for a homeless pupil shall be the school district in  
 2.14 which the parent or legal guardian resides, unless: (1) parental rights have been terminated  
 2.15 by court order; (2) the parent or guardian is not living within the state; or (3) the parent or  
 2.16 guardian having legal custody of the child is an inmate of a Minnesota correctional facility  
 2.17 or is a resident of a halfway house under the supervision of the commissioner of corrections.  
 2.18 If any of clauses (1) to (3) apply, the school district of residence shall be the school district  
 2.19 in which the pupil resided when the qualifying event occurred. If no other district of residence  
 2.20 can be established, the school district of residence shall be the school district in which the  
 2.21 pupil currently resides. If there is a dispute between school districts regarding residency,  
 2.22 the district of residence is the district designated by the commissioner of education.

2.23 (c) Except as provided in paragraph (d), the serving district is responsible for transporting  
 2.24 a homeless pupil to and from the pupil's district of residence. The district may transport  
 2.25 from a permanent home in another district but only through the end of the academic school  
 2.26 year. When a pupil is enrolled in a charter school, the district or school that provides  
 2.27 transportation for other pupils enrolled in the charter school is responsible for providing  
 2.28 transportation. When a homeless student with or without an individualized education program  
 2.29 attends a public school other than an independent or special school district or charter school,  
 2.30 the district of residence is responsible for transportation.

2.31 (d) For a homeless pupil with an individualized education plan enrolled in a program  
 2.32 authorized by an intermediate school district, special education cooperative, service  
 2.33 cooperative, or education district, the serving district at the time of the pupil's enrollment  
 2.34 in the program remains responsible for transporting that pupil for the remainder of the school

3.1 year, unless the initial serving district and the current serving district mutually agree that  
 3.2 the current serving district is responsible for transporting the homeless pupil.

3.3 **EFFECTIVE DATE.** This section is effective July 1, 2019.

 3.6 electronic books as well as other printed materials delivered electronically, which a pupil  
 3.7 uses as a text or text substitute in a particular class or program in the school regularly  
 3.8 attended and a copy of which is expected to be available for the individual use of each pupil  
 3.9 in this class or program. Textbook includes an online book with an annual subscription cost.  
 3.10 Textbook includes a teacher's edition, teacher's guide, or other materials that accompany a  
 3.11 textbook that a pupil uses when the teacher's edition, teacher's guide, or other teacher  
 3.12 materials are packaged physically or electronically with textbooks for student use.

3.13 (b) For purposes of calculating the annual nonpublic pupil aid entitlement for textbooks,  
 3.14 the term shall be limited to books, workbooks, or manuals, whether bound or in loose-leaf  
 3.15 form, as well as electronic books and other printed materials delivered electronically,  
 3.16 intended for use as a principal source of study material for a given class or a group of  
 3.17 students.

3.18 (c) For purposes of sections 123B.40 to 123B.48, the terms "textbook" and "software  
 3.19 or other educational technology" include only such secular, neutral, and nonideological

 7.27 under section 123B.445, and may request any necessary information from the alternative  
 7.28 pupil.

7.29 (b) A 10th grade student qualifies as an alternative pupil if the student: (1) is enrolled  
 7.30 in a career or technical education course offered by an eligible institution; and (2) received  
 7.31 a passing score on the 8th grade Minnesota Comprehensive Assessment, or another reading  
 7.32 assessment accepted by the enrolling postsecondary institution. A career or technical  
 7.33 education course must meet the requirements under subdivision 5a. If an alternative pupil  
 7.34 in 10th grade receives a grade of "C" or better in the career or technical education course

8.1 taken under this subdivision, the postsecondary institution must allow the student to take  
8.2 additional postsecondary courses for credit at that institution, not to exceed the limits in

8.7 Subd. 7. **Dissemination of information; notification of intent to enroll.** By the earlier  
8.8 of (1) three weeks prior to the date by which a student must register for district courses for  
8.9 the following school year, or (2) March 1 of each year, a district must provide up-to-date  
8.10 information on the district's website and in materials that are distributed to parents and  
8.11 students about the program, including information about enrollment requirements and the  
8.12 ability to earn postsecondary credit to all pupils in grades 8, 9, 10, and 11. To assist the  
8.13 district in planning, a pupil ~~shall~~ must inform the district by May 30 of each year of the  
8.14 pupil's intent to enroll in postsecondary courses during the following school year. A pupil  
8.15 is bound by notifying or not notifying the district by May 30.

8.16 **EFFECTIVE DATE.** This section is effective July 1, 2019.

8.17 Sec. 11. Minnesota Statutes 2018, section 124D.09, subdivision 9, is amended to read:

8.18 Subd. 9. **Enrollment priority.** (a) A postsecondary institution ~~shall~~ must give priority  
8.19 to its postsecondary students when enrolling ~~10th, 11th, and 12th grade pupils~~ in grades 10,

8.25 or otherwise recruit or solicit a secondary pupil residing in a school district with 700 students  
8.26 or more in grades 10, 11, and 12, to enroll in its programs on educational, programmatic,  
8.27 or financial grounds.

8.28 (b) An institution must not enroll secondary pupils, for postsecondary enrollment options  
8.29 purposes, in remedial, developmental, or other courses that are not college level except  
8.30 when a student eligible to participate and enrolled in the graduation incentives program  
8.31 under section 124D.68 enrolls full time in a middle or early college program. A middle or  
8.32 early college program must be specifically designed to allow the student to earn dual high  
8.33 school and college credit with a well-defined pathway to allow the student to earn a

9.1 postsecondary degree or credential. In this case, the student ~~shall~~ must receive developmental  
 9.2 college credit and not college credit for completing remedial or developmental courses.

 9.9 established enrollment timelines were not practicable for that student.

9.10 (e) A postsecondary institution must allow secondary pupils to enroll in online courses  
 9.11 under this section consistent with the institution's policy regarding postsecondary pupil  
 9.12 enrollment in online courses.

 28.8 ~~administer the tests to students~~ a testing period as late as possible each school year; during  
 28.9 which schools must administer the Minnesota Comprehensive Assessments to students. The  
 28.10 commissioner must publish the testing schedule at least two years before the beginning of  
 28.11 the testing period.

28.12 ~~(1) Students enrolled in grade 8 through the 2009-2010 school year are eligible to be~~  
 28.13 ~~assessed under (i) the graduation required assessment for diploma in reading, mathematics,~~  
 28.14 ~~or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraphs (e),~~  
 28.15 ~~clauses (1) and (2), and (d), (ii) the WorkKeys job skills assessment, (iii) the Compass~~  
 28.16 ~~college placement test, (iv) the ACT assessment for college admission, (v) a nationally~~  
 28.17 ~~recognized armed services vocational aptitude test.~~

28.18 ~~(2) Students enrolled in grade 8 in the 2010-2011 or 2011-2012 school year are eligible~~  
 28.19 ~~to be assessed under (i) the graduation required assessment for diploma in reading,~~  
 28.20 ~~mathematics, or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1,~~  
 28.21 ~~paragraph (e), clauses (1) and (2), (ii) the WorkKeys job skills assessment, (iii) the Compass~~  
 28.22 ~~college placement test, (iv) the ACT assessment for college admission, (v) a nationally~~  
 28.23 ~~recognized armed services vocational aptitude test.~~

28.24 ~~(3) For students under clause (1) or (2), a school district may substitute a score from an~~  
 28.25 ~~alternative, equivalent assessment to satisfy the requirements of this paragraph.~~

28.26 (b) The state assessment system must be aligned to the most recent revision of academic  
 28.27 standards as described in section 120B.023 in the following manner:

28.28 (1) mathematics;

28.29 (i) grades 3 through 8 beginning in the 2010-2011 school year; and

28.30 (ii) high school level beginning in the 2013-2014 school year;

28.31 (2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012

28.32 school year; and

29.1 (3) language arts and reading; grades 3 through 8 and high school level beginning in the  
29.2 2012-2013 school year.

29.3 (c) For students enrolled in grade 8 in the 2012-2013 school year and later, students'  
29.4 state graduation requirements, based on a longitudinal, systematic approach to student  
29.5 education and career planning, assessment, instructional support, and evaluation, include  
29.6 the following:

29.7 (1) achievement and career and college readiness in mathematics, reading, and writing,  
29.8 consistent with paragraph (k) and to the extent available, to monitor students' continuous  
29.9 development of and growth in requisite knowledge and skills; analyze students' progress  
29.10 and performance levels, identifying students' academic strengths and diagnosing areas where  
29.11 students require curriculum or instructional adjustments, targeted interventions, or  
29.12 remediation; and, based on analysis of students' progress and performance data, determine  
29.13 students' learning and instructional needs and the instructional tools and best practices that  
29.14 support academic rigor for the student; and

29.15 (2) consistent with this paragraph and section 120B.125, age-appropriate exploration  
29.16 and planning activities and career assessments to encourage students to identify personally  
29.17 relevant career interests and aptitudes and help students and their families develop a regularly  
29.18 reexamined transition plan for postsecondary education or employment without need for  
29.19 postsecondary remediation.

29.20 Based on appropriate state guidelines, students with an individualized education program  
29.21 may satisfy state graduation requirements by achieving an individual score on the  
29.22 state-identified alternative assessments.

29.23 (d) Expectations of schools, districts, and the state for career or college readiness under  
29.24 this subdivision must be comparable in rigor, clarity of purpose, and rates of student  
29.25 completion.

29.26 A student under paragraph (c), clause (1), must receive targeted, relevant, academically  
29.27 rigorous, and resourced instruction, which may include a targeted instruction and intervention  
29.28 plan focused on improving the student's knowledge and skills in core subjects so that the  
29.29 student has a reasonable chance to succeed in a career or college without need for  
29.30 postsecondary remediation. Consistent with sections 120B.13, 124D.09, 124D.091, 124D.49,  
29.31 and related sections, an enrolling school or district must actively encourage a student in  
29.32 grade 11 or 12 who is identified as academically ready for a career or college to participate  
29.33 in courses and programs awarding college credit to high school students. Students are not

30.1 required to achieve a specified score or level of proficiency on an assessment under this  
30.2 subdivision to graduate from high school.

30.3 (e) Though not a high school graduation requirement, students are encouraged to  
30.4 participate in a nationally recognized college entrance exam. To the extent state funding  
30.5 for college entrance exam fees is available, a district must pay the cost, one time, for an  
30.6 interested student in grade 11 or 12 who is eligible for a free or reduced-price meal, to take  
30.7 a nationally recognized college entrance exam before graduating. A student must be able  
30.8 to take the exam under this paragraph at the student's high school during the school day and  
30.9 at any one of the multiple exam administrations available to students in the district. A district  
30.10 may administer the ACT or SAT or both the ACT and SAT to comply with this paragraph.  
30.11 If the district administers only one of these two tests and a free or reduced-price meal eligible  
30.12 student opts not to take that test and chooses instead to take the other of the two tests, the  
30.13 student may take the other test at a different time or location and remains eligible for the  
30.14 examination fee reimbursement. Notwithstanding sections 123B.34 to 123B.39, a school  
30.15 district may require a student that is not eligible for a free or reduced-price meal to pay the  
30.16 cost of taking a nationally recognized college entrance exam. The district must waive the  
30.17 cost for a student unable to pay.

30.18 (f) The commissioner and the chancellor of the Minnesota State Colleges and Universities  
30.19 must collaborate in aligning instruction and assessments for adult basic education students  
30.20 and English learners to provide the students with diagnostic information about any targeted  
30.21 interventions, accommodations, modifications, and supports they need so that assessments  
30.22 and other performance measures are accessible to them and they may seek postsecondary  
30.23 education or employment without need for postsecondary remediation. When administering  
30.24 formative or summative assessments used to measure the academic progress, including the  
30.25 oral academic development, of English learners and inform their instruction, schools must  
30.26 ensure that the assessments are accessible to the students and students have the modifications  
30.27 and supports they need to sufficiently understand the assessments.

30.28 (g) Districts and schools, on an annual basis, must use career exploration elements to  
30.29 help students, beginning no later than grade 9, and their families explore and plan for  
30.30 postsecondary education or careers based on the students' interests, aptitudes, and aspirations.  
30.31 Districts and schools must use timely regional labor market information and partnerships,  
30.32 among other resources, to help students and their families successfully develop, pursue,  
30.33 review, and revise an individualized plan for postsecondary education or a career. This  
30.34 process must help increase students' engagement in and connection to school, improve  
30.35 students' knowledge and skills, and deepen students' understanding of career pathways as

31.1 a sequence of academic and career courses that lead to an industry-recognized credential,  
31.2 an associate's degree, or a bachelor's degree and are available to all students, whatever their  
31.3 interests and career goals.

31.4 (h) A student who demonstrates attainment of required state academic standards, which  
31.5 include career and college readiness benchmarks, on high school assessments under  
31.6 subdivision 1a is academically ready for a career or college and is encouraged to participate  
31.7 in courses awarding college credit to high school students. Such courses and programs may  
31.8 include sequential courses of study within broad career areas and technical skill assessments  
31.9 that extend beyond course grades.

31.10 (i) As appropriate, students through grade 12 must continue to participate in targeted  
31.11 instruction, intervention, or remediation and be encouraged to participate in courses awarding  
31.12 college credit to high school students.

31.13 (j) In developing, supporting, and improving students' academic readiness for a career  
31.14 or college, schools, districts, and the state must have a continuum of empirically derived,  
31.15 clearly defined benchmarks focused on students' attainment of knowledge and skills so that  
31.16 students, their parents, and teachers know how well students must perform to have a  
31.17 reasonable chance to succeed in a career or college without need for postsecondary  
31.18 remediation. The commissioner, in consultation with local school officials and educators,  
31.19 and Minnesota's public postsecondary institutions must ensure that the foundational  
31.20 knowledge and skills for students' successful performance in postsecondary employment  
31.21 or education and an articulated series of possible targeted interventions are clearly identified  
31.22 and satisfy Minnesota's postsecondary admissions requirements.

31.23 (k) For students in grade 8 in the 2012-2013 school year and later, a school, district, or  
31.24 charter school must record on the high school transcript a student's progress toward career  
31.25 and college readiness, and for other students as soon as practicable.

31.26 (l) The school board granting students their diplomas may formally decide to include a  
31.27 notation of high achievement on the high school diplomas of those graduating seniors who,  
31.28 according to established school board criteria, demonstrate exemplary academic achievement  
31.29 during high school.

31.30 (m) The 3rd through 8th grade computer-adaptive assessment results and high school  
31.31 test results ~~shall~~ must be available to districts for diagnostic purposes affecting student  
31.32 learning and district instruction and curriculum, and for establishing educational  
31.33 accountability. ~~The commissioner must establish empirically derived benchmarks on adaptive~~  
31.34 ~~assessments in grades 3 through 8.~~ The commissioner, in consultation with the chancellor

32.1 of the Minnesota State Colleges and Universities, must establish empirically derived  
32.2 benchmarks on the high school tests that reveal a trajectory toward career and college  
32.3 readiness consistent with section 136F.302, subdivision 1a. The commissioner must  
32.4 disseminate to the public the ~~computer-adaptive assessments~~ and high school test results  
32.5 upon receiving those results.

32.6 (n) The grades 3 through 8 computer-adaptive assessments and high school tests must  
32.7 be aligned with state academic standards. The commissioner ~~shall~~ must determine the testing  
32.8 process and the order of administration. The statewide results ~~shall~~ must be aggregated at  
32.9 the site and district level, consistent with subdivision 1a.

32.10 (o) The commissioner ~~shall~~ must include the following components in the statewide  
32.11 public reporting system:

32.12 (1) uniform statewide computer-adaptive assessments of all students in grades 3 through  
32.13 8 and testing at the high school levels that provides appropriate, technically sound  
32.14 accommodations or alternate assessments;

32.15 (2) educational indicators that can be aggregated and compared across school districts  
32.16 and across time on a statewide basis, including average daily attendance, high school  
32.17 graduation rates, and high school drop-out rates by age and grade level;

32.18 (3) state results on the American College Test; and

32.19 (4) state results from participation in the National Assessment of Educational Progress  
32.20 so that the state can benchmark its performance against the nation and other states, and,  
32.21 where possible, against other countries, and contribute to the national effort to monitor  
32.22 achievement.

32.23 (p) For purposes of statewide accountability, "career and college ready" means a high  
32.24 school graduate has the knowledge, skills, and competencies to successfully pursue a career  
32.25 pathway, including postsecondary credit leading to a degree, diploma, certificate, or  
32.26 industry-recognized credential and employment. Students who are career and college ready  
32.27 are able to successfully complete credit-bearing coursework at a two- or four-year college  
32.28 or university or other credit-bearing postsecondary program without need for remediation.

32.29 (q) For purposes of statewide accountability, "cultural competence," "cultural  
32.30 competency," or "culturally competent" means the ability of families and educators to  
32.31 interact effectively with people of different cultures, native languages, and socioeconomic  
32.32 backgrounds.

33.1 **EFFECTIVE DATE.** Paragraph (a) is effective for testing calendars in the 2021-2022  
33.2 school year and later.

33.3 Sec. 7. Minnesota Statutes 2018, section 120B.30, subdivision 3, is amended to read:

33.4 Subd. 3. **Reporting.** (a) The commissioner ~~shall~~ must report test results publicly and to  
33.5 stakeholders, including the performance achievement levels developed from students'  
33.6 unweighted test scores in each tested subject and a listing of demographic factors that  
33.7 strongly correlate with student performance, including student homelessness, as data are  
33.8 available, among other factors. The test results must not include personally identifiable  
33.9 information as defined in Code of Federal Regulations, title 34, section 99.3. The  
33.10 commissioner ~~shall~~ must also report data that compares performance results among school  
33.11 sites, school districts, Minnesota and other states, and Minnesota and other nations.

33.12 (b) The commissioner ~~shall~~ must disseminate to schools and school districts a more  
33.13 comprehensive report containing testing information that meets local needs for evaluating  
33.14 instruction and curriculum. The commissioner ~~shall~~ must disseminate to charter school  
33.15 authorizers a more comprehensive report containing testing information that contains  
33.16 anonymized data where cell count data are sufficient to protect student identity and that  
33.17 meets the authorizer's needs in fulfilling its obligations under chapter 124E.

33.18 (c) A school district must disseminate the individual student performance data and  
33.19 achievement report required under section 120B.30, subdivision 1a, paragraph (d), clause  
33.20 (1), to the parent and teacher of each student no more than 30 days after the district has  
33.21 administered the test to a student. The district must notify the parent and teacher that the  
33.22 data and report are preliminary and subject to validation.

33.23 (d) A school district must disseminate a testing report to the teacher and to the parent  
33.24 of each student before the beginning of the following school year. The testing report must:

33.25 (1) identify the student's achievement level in each content area; and

33.26 (2) track the student's performance history.

33.27 **EFFECTIVE DATE.** Paragraphs (a), (b), and (c) are effective for the 2019-2020 school  
33.28 year and later. Paragraph (d) is effective for the 2020-2021 school year and later.

33.29 Sec. 8. Minnesota Statutes 2018, section 120B.35, subdivision 3, is amended to read:

33.30 Subd. 3. **State growth target; other state measures.** (a)(1) The state's educational  
33.31 assessment system measuring individual students' educational growth is based on indicators  
33.32 of achievement growth that show an individual student's prior achievement. Indicators of

34.1 achievement and prior achievement must be based on highly reliable statewide or districtwide  
34.2 assessments.

34.3 (2) For purposes of paragraphs (b), (c), and (d), the commissioner must analyze and  
34.4 report separate categories of information using the student categories identified under the  
34.5 federal Elementary and Secondary Education Act, as most recently reauthorized, and, in  
34.6 addition to "other" for each race and ethnicity, and the Karen community, seven of the most  
34.7 populous Asian and Pacific Islander groups, three of the most populous Native groups,  
34.8 seven of the most populous Hispanic/Latino groups, and five of the most populous Black  
34.9 and African Heritage groups as determined by the total Minnesota population based on the  
34.10 most recent American Community Survey; English learners under section 124D.59; home  
34.11 language; free or reduced-price lunch; and all students enrolled in a Minnesota public school  
34.12 who are currently or were previously in foster care, except that such disaggregation and  
34.13 cross tabulation is not required if the number of students in a category is insufficient to yield  
34.14 statistically reliable information or the results would reveal personally identifiable information  
34.15 about an individual student.

34.16 (b) The commissioner, in consultation with a stakeholder group that includes assessment  
34.17 and evaluation directors, district staff, experts in culturally responsive teaching, and  
34.18 researchers, must implement a growth model that uses a value-added growth indicator and  
34.19 that compares the difference in students' achievement scores over time, and includes criteria  
34.20 for identifying schools and school districts that demonstrate medium and high growth under  
34.21 section 120B.299, subdivisions 8 and 9, and may recommend other value-added measures  
34.22 under section 120B.299, subdivision 3 academic progress. The model may be used to advance  
34.23 educators' professional development and replicate programs that succeed in meeting students'  
34.24 diverse learning needs. Data on individual teachers generated under the model are personnel  
34.25 data under section 13.43. The model must allow users to:

34.26 (1) report student growth consistent with this paragraph; and

34.27 (2) for all student categories, report and compare aggregated and disaggregated state  
34.28 student growth and, under section 120B.11, subdivision 2, clause (2), student learning and  
34.29 outcome data using the student categories identified under the federal Elementary and  
34.30 Secondary Education Act, as most recently reauthorized, and other student categories under  
34.31 paragraph (a), clause (2).

34.32 The commissioner must report measures of student growth and, under section 120B.11,  
34.33 subdivision 2, clause (2), student learning and outcome data, consistent with this paragraph,  
34.34 including the English language development, academic progress, and oral academic

35.1 development of English learners and their native language development if the native language  
35.2 is used as a language of instruction, and include data on all pupils enrolled in a Minnesota  
35.3 public school course or program who are currently or were previously counted as an English  
35.4 learner under section 124D.59.

35.5 (c) When reporting student performance under section 120B.36, subdivision 1, the  
35.6 commissioner annually, beginning July 1, 2011, must report two core measures indicating  
35.7 the extent to which current high school graduates are being prepared for postsecondary  
35.8 academic and career opportunities:

35.9 (1) a preparation measure indicating the number and percentage of high school graduates  
35.10 in the most recent school year who completed course work important to preparing them for  
35.11 postsecondary academic and career opportunities, consistent with the core academic subjects  
35.12 required for admission to Minnesota's public colleges and universities as determined by the  
35.13 Office of Higher Education under chapter 136A; and

35.14 (2) a rigorous coursework measure indicating the number and percentage of high school  
35.15 graduates in the most recent school year who successfully completed one or more  
35.16 college-level advanced placement, international baccalaureate, postsecondary enrollment  
35.17 options including concurrent enrollment, other rigorous courses of study under section  
35.18 120B.021, subdivision 1a, or industry certification courses or programs.

35.19 When reporting the core measures under clauses (1) and (2), the commissioner must also  
35.20 analyze and report separate categories of information using the student categories identified  
35.21 under the federal Elementary and Secondary Education Act, as most recently reauthorized,  
35.22 and other student categories under paragraph (a), clause (2).

35.23 (d) When reporting student performance under section 120B.36, subdivision 1, the  
35.24 commissioner annually, beginning July 1, 2014, must report summary data on school safety  
35.25 and students' engagement and connection at school, consistent with the student categories  
35.26 identified under paragraph (a), clause (2). The summary data under this paragraph are  
35.27 separate from and must not be used for any purpose related to measuring or evaluating the  
35.28 performance of classroom teachers. The commissioner, in consultation with qualified experts  
35.29 on student engagement and connection and classroom teachers, must identify highly reliable  
35.30 variables that generate summary data under this paragraph. The summary data may be used  
35.31 at school, district, and state levels only. Any data on individuals received, collected, or  
35.32 created that are used to generate the summary data under this paragraph are nonpublic data  
35.33 under section 13.02, subdivision 9.

36.1 (e) For purposes of statewide educational accountability, the commissioner must identify  
36.2 and report measures that demonstrate the success of learning year program providers under  
36.3 sections 123A.05 and 124D.68, among other such providers, in improving students'  
36.4 graduation outcomes. The commissioner, beginning July 1, 2015, must annually report  
36.5 summary data on:

36.6 (1) the four- and six-year graduation rates of students under this paragraph;

36.7 (2) the percent of students under this paragraph whose progress and performance levels  
36.8 are meeting career and college readiness benchmarks under section 120B.30, subdivision  
36.9 1; and

36.10 (3) the success that learning year program providers experience in:

36.11 (i) identifying at-risk and off-track student populations by grade;

36.12 (ii) providing successful prevention and intervention strategies for at-risk students;

36.13 (iii) providing successful recuperative and recovery or reenrollment strategies for off-track  
36.14 students; and

36.15 (iv) improving the graduation outcomes of at-risk and off-track students.

36.16 The commissioner may include in the annual report summary data on other education  
36.17 providers serving a majority of students eligible to participate in a learning year program.

36.18 (f) The commissioner, in consultation with recognized experts with knowledge and  
36.19 experience in assessing the language proficiency and academic performance of all English  
36.20 learners enrolled in a Minnesota public school course or program who are currently or were  
36.21 previously counted as an English learner under section 124D.59, must identify and report  
36.22 appropriate and effective measures to improve current categories of language difficulty and  
36.23 assessments, and monitor and report data on students' English proficiency levels, program  
36.24 placement, and academic language development, including oral academic language.

36.25 (g) When reporting four- and six-year graduation rates, the commissioner or school  
36.26 district must disaggregate the data by student categories according to paragraph (a), clause  
36.27 (2).

36.28 (h) A school district must inform parents and guardians that volunteering information  
36.29 on student categories not required by the most recent reauthorization of the Elementary and  
36.30 Secondary Education Act is optional and will not violate the privacy of students or their  
36.31 families, parents, or guardians. The notice must state the purpose for collecting the student  
36.32 data.

37.1 Sec. 9. Minnesota Statutes 2018, section 120B.36, subdivision 1, is amended to read:

37.2 Subdivision 1. **School performance reports and public reporting.** (a) The commissioner  
37.3 shall report:

37.4 (1) student academic performance data under section 120B.35, subdivisions 2 and 3;

37.5 ~~the percentages of students showing low, medium, and high growth under section~~  
37.6 ~~120B.35, subdivision 3, paragraph (b)~~ (2) academic progress consistent with federal  
37.7 expectations;

37.8 (3) school safety and student engagement and connection under section 120B.35,  
37.9 subdivision 3, paragraph (d);

37.10 (4) rigorous coursework under section 120B.35, subdivision 3, paragraph (c);

37.11 (5) the percentage of students under section 120B.35, subdivision 3, paragraph (b), clause  
37.12 (2), whose progress and performance levels are meeting career and college readiness  
37.13 benchmarks under sections 120B.30, subdivision 1, and 120B.35, subdivision 3, paragraph  
37.14 (e);

37.15 (6) longitudinal data on the progress of eligible districts in reducing disparities in students'  
37.16 academic achievement and realizing racial and economic integration under section 124D.861;

37.17 (7) the acquisition of English, and where practicable, native language academic literacy,  
37.18 including oral academic language, and the academic progress of all English learners enrolled  
37.19 in a Minnesota public school course or program who are currently or were previously counted  
37.20 as English learners under section 124D.59;

37.21 (8) the percentage of students who graduated in the previous school year who correctly  
37.22 answered at least 30 of 50 civics test questions in accordance with section 120B.02,  
37.23 subdivision 3;

37.24 (9) two separate student-to-teacher ratios that clearly indicate the definition of teacher  
37.25 consistent with sections 122A.06 and 122A.15 for purposes of determining these ratios;

37.26 (10) staff characteristics excluding salaries;

37.27 (11) student enrollment demographics;

37.28 (12) foster care status, including all students enrolled in a Minnesota public school course  
37.29 or program who are currently or were previously in foster care, student homelessness, and  
37.30 district mobility; and

37.31 (13) extracurricular activities.

38.1 (b) The school performance report for a school site and a school district must include  
 38.2 school performance reporting information and calculate proficiency rates as required by the  
 38.3 most recently reauthorized Elementary and Secondary Education Act.

38.4 (c) The commissioner shall develop, annually update, and post on the department website  
 38.5 school performance reports consistent with paragraph (a) and section 120B.11.

38.6 (d) The commissioner must make available performance reports by the beginning of  
 38.7 each school year.

38.8 (e) A school or district may appeal its results in a form and manner determined by the  
 38.9 commissioner and consistent with federal law. The commissioner's decision to uphold or  
 38.10 deny an appeal is final.

97.7 charter school finds the presence of lead at a level where action should be taken as set by  
97.8 the guidance in any water source that can provide cooking or drinking water, immediately  
97.9 shutting off the water source or making it unavailable until the hazard has been minimized.

97.11 Subd. 5. **Reporting.** A school district or charter school that has tested its buildings for

97.17 or charter must, within 30 days of receiving the test result, either remediate the presence of  
97.18 lead to below the level set in guidance, verified by retest, or directly notify parents of the  
97.19 test result. The school district or charter school must make the water source unavailable  
97.20 until the hazard has been minimized.

104.8 participant in the national school lunch program must adopt and post to its website, or the  
104.9 website of the organization where the meal is served, a school meals policy.

104.10 (b) The policy must be in writing and clearly communicate student meal charges when  
104.11 payment cannot be collected at the point of service. The policy must be reasonable and  
104.12 well-defined and maintain the dignity of students by prohibiting lunch shaming.

104.14 in the national school lunch program the amount of 12.5 cents for each full paid and free

104.24 organizations about:

104.25 (1) the criteria the commissioner uses to approve or disapprove an application, including  
104.26 how an applicant demonstrates financial viability for the Minnesota program, among other  
104.27 criteria;

104.28 (2) the commissioner's process and time line for notifying an applicant when its  
104.29 application is approved or disapproved and, if the application is disapproved, the explanation  
104.30 the commissioner provides to the applicant; and

104.31 (3) any appeal or other recourse available to a disapproved applicant.

105.1 Subd. 3. **School food service fund.** (a) The expenses described in this subdivision must  
105.2 be recorded as provided in this subdivision.

105.3 (b) In each district, the expenses for a school food service program for pupils must be  
105.4 attributed to a school food service fund. Under a food service program, the school food  
105.5 service may prepare or serve milk, meals, or snacks in connection with school or community  
105.6 service activities.

105.7 (c) Revenues and expenditures for food service activities must be recorded in the food  
105.8 service fund. The costs of processing applications, accounting for meals, preparing and

105.15 attributable to the food service program may be charged to the food service fund provided  
105.16 that the school district does not employ or contract with a food service director or other

105.23 service fund at the end of the last fiscal year is greater than the cost of the equipment to be  
105.24 purchased.

105.26 from the food service fund.

105.28 is not eliminated by revenues from food service operations in the next fiscal year, then the  
105.29 deficit must be eliminated by a permanent fund transfer from the general fund at the end of  
105.30 that second fiscal year. However, if a district contracts with a food service management  
105.31 company during the period in which the deficit has accrued, the deficit must be eliminated  
105.32 by a payment from the food service management company.

105.33 (g) Notwithstanding paragraph (f), a district may incur a deficit in the food service fund  
105.34 for up to three years without making the permanent transfer if the district submits to the

106.1 commissioner by January 1 of the second fiscal year a plan for eliminating that deficit at  
106.2 the end of the third fiscal year.

106.3 (h) If a surplus in the food service fund exists at the end of a fiscal year for three  
106.4 successive years, a district may recode for that fiscal year the costs of lunchroom supervision,  
106.5 lunchroom custodial services, lunchroom utilities, and other administrative costs of the food  
106.6 service program charged to the general fund according to paragraph (c) and charge those  
106.7 costs to the food service fund in a total amount not to exceed the amount of surplus in the  
106.8 food service fund.

106.9 Subd. 4. **No fees.** A participant that receives school lunch aid under this section must  
106.10 make lunch available without charge to all participating students who qualify for free or  
106.11 reduced-price meals. The participant must also ensure that any reminders for payment of  
106.12 outstanding student meal balances do not demean or stigmatize any child participating in  
106.13 the school lunch program.

## 120B.299 DEFINITIONS.

Subdivision 1. **Definitions.** The definitions in this section apply to this chapter.

Subd. 2. **Growth.** "Growth" compares the difference in a student's achievement score at two or more distinct points in time.

Subd. 3. **Value added.** "Value added" is the amount of achievement a student demonstrates above an established baseline. The difference between the student's score and the baseline defines value added.

Subd. 4. **Value-added growth.** "Value-added growth" is based on a student's growth score. In a value-added growth system, the student's first test is the baseline, and the difference between the student's first and next test scores within a defined period is the measure of value added. Value-added growth models use student-level data to measure what portion of a student's growth can be explained by inputs related to the educational environment.

Subd. 5. **Adequate yearly progress.** A school or district makes "adequate yearly progress" if, for every student subgroup under the federal 2001 No Child Left Behind Act in the school or district, its proficiency index or other approved adjustments for performance, based on statewide assessment scores, meets or exceeds federal expectations. To make adequate yearly progress, the school or district also must satisfy applicable federal requirements related to student attendance, graduation, and test participation rates.

Subd. 6. **State growth target.** (a) "State growth target" is the average year-two assessment scores for students with similar year-one assessment scores.

(b) The state growth targets for each grade and subject are benchmarked as follows until the assessment scale changes:

(1) beginning in the 2008-2009 school year, the state growth target for grades 3 through 8 is benchmarked to 2006-2007 and 2007-2008 school year data;

(2) beginning in the 2008-2009 school year the state growth target for grade 10 is benchmarked to 2005-2006 and 2006-2007 school year data;

(3) for the 2008-2009 school year, the state growth target for grade 11 is benchmarked to 2005-2006 school year data; and

(4) beginning in the 2009-2010 school year, the state growth target for grade 11 is benchmarked to 2005-2006 and 2006-2007 school year data.

(c) Each time before the assessment scale changes, a stakeholder group that includes assessment and evaluation directors and staff and researchers must recommend a new state growth target that the commissioner must consider when revising standards under section 120B.021, subdivision 4.

Subd. 7. **Low growth.** "Low growth" is an assessment score one-half standard deviation below the state growth target.

Subd. 8. **Medium growth.** "Medium growth" is an assessment score within one-half standard deviation above or below the state growth target.

Subd. 9. **High growth.** "High growth" is an assessment score one-half standard deviation or more above the state growth target.

Subd. 10. **Proficiency.** "Proficiency" for purposes of reporting growth on school performance report cards under section 120B.36, subdivision 1, means those students who, in the previous school year, scored at or above "meets standards" on the statewide assessments under section 120B.30. Each year, school performance report cards must separately display: (1) the numbers and percentages of students who achieved low growth, medium growth, and high growth and achieved proficiency in the previous school year; and (2) the numbers and percentages of students who achieved low growth, medium growth, and high growth and did not achieve proficiency in the previous school year.

Subd. 11. **Growth and progress toward proficiency.** The categories of low growth, medium growth, and high growth shall be used to indicate both (1) growth and (2) progress toward grade-level proficiency that is consistent with subdivision 10.

**122A.09 DUTIES.**

Subdivision 1. **Code of ethics.** The Professional Educator Licensing and Standards Board must develop by rule a code of ethics covering standards of professional teaching practices, including areas of ethical conduct and professional performance and methods of enforcement.

**122A.175 SPECIAL REVENUE FUND ACCOUNTS; EDUCATOR LICENSURE AND BACKGROUND CHECKS.**

Subdivision 1. **Educator licensure account.** An educator licensure account is created in the special revenue fund. Applicant licensure fees received by the Department of Education, the Professional Educator Licensing and Standards Board, or the Board of School Administrators must be deposited in the educator licensure account. Any funds appropriated from this account that remain unexpended at the end of the biennium cancel to the educator licensure account in the special revenue fund.

Subd. 2. **Background check account.** An educator licensure background check account is created in the special revenue fund. The Department of Education, the Professional Educator Licensing and Standards Board, and the Board of School Administrators must deposit all payments submitted by license applicants for criminal background checks conducted by the Bureau of Criminal Apprehension in the educator licensure background check account. Amounts in the account are annually appropriated to the commissioner of education for payment to the superintendent of the Bureau of Criminal Apprehension for the costs of background checks on applicants for licensure.

**122A.63 GRANTS TO PREPARE INDIAN TEACHERS.**

Subd. 7. **Loan forgiveness.** The loan may be forgiven if the recipient is employed as a teacher, as defined in section 122A.40 or 122A.41, in an eligible school or program in Minnesota. One-fourth of the principal of the outstanding loan amount shall be forgiven for each year of eligible employment, or a pro rata amount for eligible employment during part of a school year, part-time employment as a substitute teacher, or other eligible part-time teaching. Loans for \$2,500 or less may be forgiven at the rate of up to \$1,250 per year. The following schools and programs are eligible for the purposes of loan forgiveness:

- (1) a school or program operated by a school district;
- (2) a tribal contract school eligible to receive aid according to section 124D.83;
- (3) a Head Start program;
- (4) an early childhood family education program;
- (5) a program providing educational services to children who have not entered kindergarten;

or

(6) a program providing educational enrichment services to American Indian students in grades kindergarten through 12.

If a person has an outstanding loan obtained through this program, the duty to make payments of principal and interest may be deferred during any time period the person is enrolled at least one-half time in an advanced degree program in a field that leads to employment by a school district. To defer loan obligations, the person shall provide written notification to the commissioner of education and the recipients of the joint grant that originally authorized the loan. Upon approval by the commissioner and the joint grant recipients, payments shall be deferred.

The Minnesota Office of Higher Education shall approve the loan forgiveness program, loan deferral, and procedures to administer the program.

Subd. 8. **Revolving fund.** The Indian teacher preparation loan repayment revolving account is established in the state treasury. Any amounts repaid or contributed by a teacher who received a scholarship or loan under this program shall be deposited in the account. All money in the account is annually appropriated to the commissioner of education and shall be used to enable Indian students to participate in the program.

(b) By February 1 of each year, the commissioner shall report school district special education litigation costs to the house of representatives and the senate committees having jurisdiction over kindergarten through grade 12 education finance.

**126C.16 REFERENDUM AND DESEGREGATION REVENUE CONVERSION.**

Subdivision 1. **Revenue conversion.** Except as provided under subdivision 3, the referendum authority under section 126C.17 of a district must be converted by the department according to this section.

Subd. 3. **Per pupil revenue conversion.** (a) The department must convert each district's referendum revenue authority for fiscal year 2002 and later years to an allowance per pupil unit as follows: the revenue allowance equals the amount determined by dividing the district's maximum revenue under section 126C.17, for fiscal year 2001 by the district's 2000-2001 resident marginal cost pupil units. A district's maximum revenue for all later years for which the revenue is authorized equals the revenue allowance times the district's resident marginal cost pupil units for that year.

The board may authorize this levy for up to five years and may subsequently reauthorize that authority in increments of up to five years.
