1.22 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.23 Section 1. Minnesota Statutes 2012, section 84.027, subdivision 13, is amended to read:

1.24 Subd. 13. **Game and fish rules.** (a) The commissioner of natural resources may
 1.25 adopt rules under sections 97A.0451 to 97A.0459 and this subdivision that are authorized
 1.26 under:

1.27 (1) chapters 97A, 97B, and 97C to set open seasons and areas, to close seasons and
 1.28 areas, to select hunters for areas, to provide for tagging and registration of game and fish, to
 1.29 prohibit or allow taking of wild animals to protect a species, to prevent or control wildlife
 1.30 disease, to open or close bodies of water or portions of bodies of water for night bow
 1.31 fishing, and to prohibit or allow importation, transportation, or possession of a wild animal;

2.1 (2) sections 84.093, 84.15, and 84.152 to set seasons for harvesting wild ginseng
2.2 roots and wild rice and to restrict or prohibit harvesting in designated areas; and

2.3 (3) section 84D.12 to designate prohibited invasive species, regulated invasive
2.4 species, unregulated nonnative species, and infested waters.

2.5 (b) If conditions exist that do not allow the commissioner to comply with sections
2.6 97A.0451 to 97A.0459, including the need to adjust season variables on an annual basis
2.7 based upon current biological and harvest data, the commissioner may adopt a rule under
2.8 this subdivision by submitting the rule to the attorney general for review under section
2.9 97A.0455, publishing a notice in the State Register and filing the rule with the secretary
2.10 of state and the Legislative Coordinating Commission, and complying with section
2.11 97A.0459, and including a statement of the ~~emergency~~ conditions and a copy of the rule
2.12 in the notice. The ~~emergency~~ conditions for opening a water body or portion of a water
2.13 body for night bow fishing under this section may include the need to temporarily open
2.14 the area to evaluate compatibility of the activity on that body of water prior to permanent
2.15 rulemaking. The notice may be published after it is received from the attorney general or
2.16 five business days after it is submitted to the attorney general, whichever is earlier.

2.17 (c) Rules adopted under paragraph (b) are effective upon publishing in the State
2.18 Register and may be effective up to seven days before publishing and filing under
2.19 paragraph (b), if:

2.20 (1) the commissioner of natural resources determines that an emergency exists;

2.21 (2) the attorney general approves the rule; and

2.22 (3) for a rule that affects more than three counties the commissioner publishes the
2.23 rule once in a legal newspaper published in Minneapolis, St. Paul, and Duluth, or for a

2.25 newspaper in each of the affected counties.

2.26 (d) Except as provided in paragraph (e), a rule published under paragraph (c), clause
2.27 (3), may not be effective earlier than seven days after publication.

2.28 (e) A rule published under paragraph (c), clause (3), may be effective the day the
2.29 rule is published if the commissioner gives notice and holds a public hearing on the rule
2.30 within 15 days before publication.

2.31 (f) The commissioner shall attempt to notify persons or groups of persons affected
2.32 by rules adopted under paragraphs (b) and (c) by public announcements, posting, and
2.33 other appropriate means as determined by the commissioner.

2.34 (g) Notwithstanding section 97A.0458, a rule adopted under this subdivision is
2.35 effective for the period stated in the notice but not longer than 18 months after the rule is
2.36 adopted effective.

6.26 within their jurisdiction.

6.27 (b) Inspectors may visually and tactilely inspect watercraft and water-related
6.28 equipment to determine whether aquatic invasive species, aquatic macrophytes, or water

7.2 that aquatic invasive species, aquatic macrophytes, or water is present on the watercraft or
7.3 water-related equipment.

7.4 (d) Conservation officers or other licensed peace officers may utilize check stations
7.5 in locations, or in proximity to locations, where watercraft or other water-related
7.6 equipment is placed into or removed from waters of the state. Any check stations shall be
7.7 operated in a manner that minimizes delays to vehicles, equipment, and their occupants.

7.8 (e) Conservation officers or other licensed peace officers may order water-related
7.9 equipment to be removed from a water body if the commissioner determines such action is
7.10 needed to implement aquatic invasive species control measures.

7.11 (f) The commissioner may require mandatory inspections of water-related equipment
7.12 before a person places or removes water-related equipment into or out of a water body.
7.13 Inspection stations may be located at or near public water accesses or in locations that

7.32 approved by the commissioner;

7.33 (4) have decontamination equipment available at inspection stations or identify
7.34 alternative decontamination equipment locations within a reasonable distance of the

8.1 (5) provide for inspection station locations that do not create traffic delays or public
8.2 safety issues; and

8.3 (6) submit a plan approved by the commissioner according to paragraph (h).

8.4 (h) Plans required under paragraph (g) must address:

8.5 (1) no reduction in capacity or hours of operation of public accesses and fees that
8.6 do not discourage or limit use;

8.7 (2) reasonable travel times between public accesses and inspection stations;

8.8 (3) adequate staffing to minimize wait times and provide adequate hours of operation
8.9 at inspection stations and public accesses;

8.10 (4) adequate enforcement capacity;

8.11 (5) measures to address inspections of water-related equipment at public water
8.12 accesses for commercial entities and private riparian land owners; and

8.13 (6) other elements as required by the commissioner to ensure statewide consistency,
8.14 appropriate inspection and decontamination protocols, and protection of the state's
8.15 resources, public safety, and access to public waters.

8.16 (i) A government unit authorized to conduct inspections under this subdivision must
8.17 submit an annual report to the commissioner summarizing the results and issues related
8.18 to implementing the inspection program.

8.19 (j) The commissioner may waive the plan requirement in paragraph (g) for inspection
8.20 programs where authorized inspectors are placed directly at one or more water access
8.21 sites, with no requirement for a person to travel from the water access for inspection
8.22 or decontamination, and no local ordinance or other regulation requiring a mandatory
8.23 inspection before placing watercraft or water-related equipment into a water body or after
8.24 watercraft or water-related equipment are removed from a water body.

8.25 Sec. 10. Minnesota Statutes 2012, section 84D.11, is amended by adding a subdivision
