Subd. 4. **Critical access dental providers.** (a) Effective for dental services
rendered on or after January 1, 2002, the commissioner shall increase reimbursements
to dentists and dental clinics deemed by the commissioner to be critical access dental
providers. For dental services rendered on or after July 1, 2007, the commissioner shall
increase reimbursement by 30 percent above the reimbursement rate that would otherwise
be paid to the critical access dental provider. The commissioner shall pay the managed
care plans and county-based purchasing plans in amounts sufficient to reflect increased
reimbursements to critical access dental providers as approved by the commissioner.

(b) The commissioner shall designate the following dentists and dental clinics as
critical access dental providers:

- (1) nonprofit community clinics that:

 - (iii) are established to provide oral health services to patients who are low income, uninsured, have special needs, and are underserved;
 - (iv) have professional staff familiar with the cultural background of the clinic's patients;

(v) charge for services on a sliding fee scale designed to provide assistance to low-income patients based on current poverty income guidelines and family size;

(vi) do not restrict access or services because of a patient's financial limitations or public assistance status; and

(vii) have free care available as needed;

(2) federally qualified health centers, rural health clinics, and public health clinics;

(3) city or county owned and operated hospital-based dental clinics;

(4) a dental clinic or dental group owned and operated by a nonprofit corporation in accordance with chapter 317A with more than 10,000 patient encounters per year with patients who are uninsured or covered by medical assistance, general assistance medical care, or MinnesotaCare; and

(5) a dental clinic owned and operated by the University of Minnesota or the Minnesota State Colleges and Universities system.

(c) The commissioner may designate a dentist or dental clinic as a critical access dental provider if the dentist or dental clinic is willing to provide care to patients covered by medical assistance, general assistance medical care, or MinnesotaCare at a level which significantly increases access to dental care in the service area.

(d) A designated critical access clinic shall receive the reimbursement rate specified in paragraph (a) for dental services provided off site at a private dental office if the following requirements are met:

(1) the designated critical access dental clinic is located within a health professional shortage area as defined under Code of Federal Regulations, title 42, part 5, and United States Code, title 42, section 254E, and is located outside the seven-county metropolitan area;

(2) the designated critical access dental clinic is not able to provide the service and refers the patient to the off-site dentist;

(3) the service, if provided at the critical access dental clinic, would be reimbursed at the critical access reimbursement rate;

(4) the dentist and allied dental professionals providing the services off site are licensed and in good standing under chapter 150A;

(5) the dentist providing the services is enrolled as a medical assistance provider;

(6) the critical access dental clinic submits the claim for services provided off site and receives the payment for the services; and
